Jeannia Nix Signs National Letter Of Intent With SMU Lady Mustangs

Jeannia Nix, a 5-7 guard from Cisco Junior College, has signed a national letter of intent to play basketball for the SMU Lady Mustangs, according to an announce-

ment by Coach Welton Brown.

Nix, who led her team to a combined 47-11 record in two years at Cisco, averaged 17.0 points and 8 assists per

game. She hit 80 percent from the free throw line and 53 percent from the field.

"Jeannia is one of the finest shooters we have recruited," said Brown, "and she will bring stability and leadership to our backcourt."

A pre-med major with a 3.8 overall grade point average, Jeannia was an all-regional pick in junior college, was MVP of her conference and was an honorable mention All-America.

Coached by Ronnie Hearne, the Lady Wranglers were conference champions by 1986 and 1987 and made it to the junior college championship regionals both years.

The Lady Mustangs had only one basketball scholarship to offer this year.

Wanda's Corner by Wanda Hallmark

A bus driver for the Cisco Independent School district stopped by the Press last week and was talking about the trouble that bus drivers here in Cisco have with cars that do not pay any attention to the flashing lights on a school bus that is stopped to let the passengers off. Cars will pass a bus and won't even slow down at times when the lights are flashing. This bus driver said that there is really a lot of trouble with younger drivers who apparently don't know that flashing lights on a bus means DON'T PASS! The driver said that it doesn't matter whether cars are meeting the bus or coming in from behind the bus, they ignore the lights and keep on going.

So, maybe someone at the high school and at the junior college will put a notice up on a bulletin board to let students know how dangerous this practice is for the students on the bus and that it is against the law to pass a bus that is stopped and has the flashing lights on.

Erin Ritchie and Don Shepard were talking Monday about having a slogan contest for Cisco. Everyone needs to start thinking of a slogan to let your Cisco pride show with a good slogan as Don Shepard said.

Have you made plans to attend the Cisco Folklife Festival on May 2 and 3? It will start out with our Cisco Frontier Jubilee Parade that begins at 10:00 a.m. Saturday, May 2. It's going to be a really good one this year. Each year it seems to get a little better.

If you want to enter the parade call the Chamber of Commerce at 442-2537. En-

tries must be made no later than Friday, April 24, 1987.

Leading the parade this year will be the famous Albany Fandangle Calliope. I've never seen the calliope so I'm looking forward to it. And remember there will be trophies awarded for the winner in the divisions of band, auto, marching group, performing group, riding group, children's division, (costumes), and floats.

I know one person who is looking forward to the festival for the funnel cakes. This person said they are worth waiting a year for.

The City of Cisco has designated the week of April 20th as Spring Clean-up Week.

The Microwave Cooking School held at the Hilton Center last Thursday night was a big success. There were over 100 people in attendance at the school and everyone was able to sample the delicious foods that were cooked in the microwaves during the meeting.

Carolyn Ingram, Marie Swindle, Kay Sittin and another lady won microwave dishes that were given away as door prizes.

A good time was enjoyed by all at the meeting.

The Townhall meeting that was to be held Tuesday has been cancelled. There will be another one set for the first week in May.

I hope everyone will make plans to attend it. A lot of things will be discussed about the Hilton at the meeting.

Have you walked up to the door at City Hall and noticed how pretty the Bluebonnets are in front of the building? The flowers have a nice fragrance also.

LOU JANE DAVIS

Lou Jane Davis came to the library at Cisco Junior-Senior High in the fall of 1982, after having taught sixth grade language arts at Intermediate School for two years. She arrived at this point in her career through a rather varied route, including work as a telephone operator, about two years as an employee of The Cisco Press, five years as Ex-Students' Association secretary and print shop operator at Cisco Junior College. Immediately prior to coming to work for Cisco ISD

in 1976, she was employed as secretary for First United Methodist Church of which she is a member.

Daughter of the late Gill and Violet Walker, she was born in Gorman and reared in the Romney Community, south of Cisco. Mrs. Davis spent most of her school years in Cisco, except two at Colorado City Junior High. She is a graduate of CHS and CJC; and in 1977, while working as a teachers' aide

RUTH STEWART

Ruth Stewart teaches Resource (K-2) at Cisco Elementary School and is assisted by Hattie Weathers. Students who qualify for the program receive individualized help in language arts and math. Listening and eye-hand coordination exercises are important to the program. Many students have remediated their skills within a year or two and are returned to the regular education program. Mrs. Stewart says that early in-

tervention is the key to academic success for these children.

This is Mrs. Stewart's seventeenth year to teach. Ten years have been in the resource program which she finds very challenging and rewarding. Six of those years have been in Cisco.

Seven years were spent in teaching regular classrooms including first grade, fifth and sixth grade science, and fifth grade language arts.

Her other son Don had gone to the house to get more string so missed being in the picture which was taken on the corner lot at West 14th and Ave. F. The picture appeared in The Cisco Press on March 6, 1933. Bruce now lives at 301 E. 21st Street, Cisco, and Don is with the police department in Graham. Mrs. Jarmuth wonders if anyone knows the whereabouts of the others in the picture, Harry Watkins (he lived with his grandmother, Mrs. Mayhew), or Reese or Laves Huddleston, (they lived with their parents on West 14th St. and had a little sister, Fairy Lynn).

Pioneer Preacher Brought Bible In Saddlebag

Sunday, April 19, 1987

By Viola Payne

FOREWORD TO THE NOAH T. BYARS STORY:

During this Resurrection season our thoughts turn from evil and selfish deeds to accounts which uplift and inspire.

Such is the story of Noah T. Byars, pioneer Baptist missionary to the Brazos country and west-central Texas.

This early-day preacher is buried in Greenleaf Cemetery in Brownwood, where a headstone and tall blue marble spire marks his grave. A Sesquicentennial Ceremony in his honor was held there on March 2, 1986.

A number of civic and Baptist leaders spoke, telling that Byars furnished the house where the Texas Declaration of Independence was signed, and that he was an armorer in Sam Houston's Army. They also told that he established five Baptist Associations in Texas, over 60 churches, colleges and other schools. An Association he began founded Howard Payne University a year after his death.

Among the honored guests at the Sesquicentennial Ceremony were some of the Byars descendants, Great-granddaughter Mrs. Laura Lou Trammell of Eastland, Great-grandson Richard Byars of Breckenridge and his daughter Kara.

I am indebted to Laura Lou Trammell of Eastland and Dolly J. Byars of Hurst for much of the material in this article. I thank them for sharing this legacy with us.

On an April day in 1876 Noah T. Byars, Texas patriot and Baptist missionary, wrote the "Texas Baptist" from Hamilton County to tell of his needs on the frontier.

As Byars bent over the page, his face reflected his years in the sun and wind. But his eyes still held the keen gaze of a man who has searched vast horizons.

"In the past three months," he wrote, "I have traveled 1,027 miles, preached 32 sermons, constituted 4 churches, baptized 3 and visited 144 families. My horse has been stolen, and I am now riding an old slug that would wear out a much younger man, much less one of 68 years old."

The preacher did not remind the Baptist leaders that this horse was one of the few things he had asked for during more than 30 years in the Texas wilderness. But a good horse was a matter of life and death, even now. There were no bridges on the Bosque, Leon or Sabanno rivers on Pecan Bayou. His horse had to swim them when the water was high.

Then there were times when he needed a good horse to cover a lot of territory fast. There were funerals and weddings and brush-arbor revivals, and times when it was best to outdistance strangers on the trail. He had noticed that outlaws seemed to ride some of the best horses around.

Earlier in the year he had established a Baptist Church at the village of Brownwood - he needed to keep in close touch with the brothers there.

It has been the same thing back in Parker and Palo Pinto Counties - he had crossed the Brazos and Trinity and scores of creeks while establishing churches. Since 1849 he had been in charge of 30 North Texas counties - making long rides day and night.

One Baptist leader had asked him: "Where is your home?"

"In the saddle," Byars had answered him.

Most of the time his wife and five children had stayed in little outpost towns while he had gone on beyond - out to win that breed of people who had outdistanced churches.

But now Byars wife was ill, and he needed to settle her in Hamilton County closer to his work. His salary of \$37 per month would hardly take care of her and buy him a good horse. He had disposed of his own ranch some years ago, using the money for his family and the church work.

The preacher put down his letter, thinking of the strange turn of events that had brought him to this land

Houston's Army, and fought in the battle of San Jacinto."

At least they had part of his history right. He had been in charge of the guns for Houston's army, right there at San Jacinto. For he was a gunsmith rather than a blacksmith - he just did blacksmithing on the side.

And the house where the Texas Declaration of Independence was signed on March 2, 1836 - that was a building that he and his partner Mercer had loaned. He was real proud he had furnished that building on that long-ago, freezing day. None of the people who put their names on that paper knew whether they would get out of this adventure alive. Much less establish a Republic with a Bill of Rights which included freedom of worship.

Byars remembered that after the war was over

All this, sounded like enough to make anyone happy. But Byars smiled now and shook his head, remembering how restless he became.

He felt that he has lost his vision - betrayed his calling. He began reading the Bible far into the night, trying to drill it into his brain. As he fell asleep he would start mumbling, trying to preach. If he didn't take the gospel out into the frontier, who would? Surely not some city person, who didn't even know how to shoe a horse.

In October, 1841 Byars decided to give his life fully to the ministry, no matter what happened. His wife Sophia apparently supported his decision, although they both knew that all of north and west Texas was controlled by Indians.

A sense of peace came over Byars. After his decision he rode from his home

How fast time had vanished since then - how many long miles had he traveled. Some people, when they grew old, liked to count their money. But Byars liked to count the churches he had established - all woven together like a beautiful tapestry.

After Waco there was Belton, Corsicana, and others in that vicinity. Around Fort Worth there was Concord (the oldest Baptist Church in North Texas), Birdville and Liberty. After he went to Palo Pinto County in 1856 he established four churches. During that time he also rode over to Erath and Comanche counties to preach to the settlers of those remote regions.

Around that time he established the First Baptist Church of Weatherford, and Baker and Clear Fork in nearby areas. His boys liked

Undoubtedly someone did, for Preacher Byars went right on with his evangelizing.

His wife died soon after her move to Hamilton County, but Byars' sorrow did not stop his work. He still covered the lonely miles, trying to reach as many people as he could.

In January, 1877 the Reverend Byars established the First Baptist Church of Coleman. When spring came he took up his work again in Brown County, and from May to September organized seven churches.

Sipe Springs was established in September, 1877, Logan Valley in February, 1878, and the First Baptist Church of Stephenville at about this time.

Noah Byars returned to Brownwood in 1881, and served as pastor of First Baptist Church for 14 months. His last full charge was

J.D. Robnett, who visited him regularly.

The text was the Twenty-third Psalm, one of Byars' favorite Bible chapters. No wonder that it appealed to him, for it described his own life.

"The Lord is my Shepherd, I shall not

want...He leadeth me in green pastures...Although I walk in the valley of the shadow of death...I will fear no evil..."

This Psalm was Byars' last effort for the people of Texas. But the work he started continued to go on.

of post oaks, hills and rivers. He had never really planned to be a missionary, in spite of the powerful impressions when he was a boy in South Carolina.

Born on a farm there in 1808, Byars had learned to ride, endure hardships, and make a living with gunsmith and blacksmith work. He had learned about Christianity too, and once described his experiences in a letter:

"All at once there seemed to loom up in my mind a people way in the southwest, even beyond the United States, that would hear the story of Jesus, and that I must go there.

"At that time I knew nothing of Texas. I remained in South Carolina some six or seven years, and all that time my mind was with that people. I knew not where..."

"I came out of the state of Georgia, and the brethren there tried to get me into the work of the ministry...but my little bark had run onto a sawyer from which I could not extricate myself.

"I looked upon God as being infinite in wisdom, and I could not reconcile it with Divine omniscience to call such a creature as myself, so limited in education and means, to fill the highest station ever filled by man. I could not yield..."

"About this time there was talk about Texas as a great game country, and I thought that was my chance to wear out my impressions in the chase in the wilds..."

"I came, never dreaming that I should find here the people that had been on my mind all these years..."

Byars shook his head, recalling that when he arrived in Texas in 1835 he landed right in the middle of a revolution. Things were heating up fast, and there was plenty of work for a gunsmith.

If you asked most people in Texas about him right now, Byars reflected, they would probably say: "Oh, old Noah Byars? Isn't he the blacksmith who furnished the place for the Texas Constitution to be signed at Washington-On-The-Brazos?"

"Seems like he was an armorer for General Sam

everything seemed to go fine for him. He was awarded 3,000 acres of land in Navarro county for his assistance to the Army of the Republic. Just as importantly, he had made a lot of friends in high places, and could have about any political job he wanted in the new Nation of Texas.

During all this stir he hadn't forgotten the church. In 1837 he became a charter member of the first Baptist Church organized in Texas, there at Washington-On-The-Brazos. And when Congress assembled during the same year they elected him Sergeant-At-Arms.

In 1838, during this time of financial security, Byars married Sophia Lowden, a widow who had moved to Texas with her small daughter.

In 1839 he was re-elected as Sergeant-At-Arms of the Senate, and held a similar position for five years after the Capitol was moved to Austin. About this time Byars was licensed to preach, but not ordained, by the Baptist Church.

in Austin to Bastrop for the ordination ceremony, and was joined there by President Lamar and his entire cabinet.

Byars began his work in Limestone and Navarro counties, and soon had congregations across those areas. During those years he also started his own ranch near Dresden. (Navarro County) registering a large B as his brand. This was not a bad life at all - living at home and riding out to preach. But was this really the life he had dreamed about?

Then he was called upon to make quite a change. In 1849 he was appointed the first missionary of the Baptist Convention of Texas, and give a field from the Brazos to the Trinity Rivers and about 150 miles long. This reached northwest to Tarrant, Palo Pinto, Jack and Young counties. His destiny was now unfolding. By 1851 Byars had moved into Waco Village and established the first Baptist Church there.

these communities so much that some of them stayed there after Byars moved on. They became farmers and ranchers, and had families of their own.

As Byars thought of the past he realized that the schools he had helped establish meant almost as much to him as the churches.

There was Mary Hardin Baylor at Belton, Baylor at Waco, an academy at Golconda (Palo Pinto), an academy in Houston and several smaller schools. But here - he'd better quit daydreaming about the past and get this letter off in the mail hack. For there was plenty more work to be done, and not many workers out in the field.

When the Editor of the "Texas Baptist" received the letter from Byars, he apparently sensed the preacher's difficulties. In the next journal he asked, "Could not some one furnish this old road blazer, tent invader with a good, easy saddle horse?"

at Clear Creek Baptist in Brown County in 1884.

In the same year he was appointed missionary to the Texas Baptist Convention without definite charge - probably a means of giving him a living without his having to get out and ride. For the word was out - keep that dear old preacher from going off and dying along the trail somewhere!

Byars moved into a house across from Coggin Academy. He seemed content with Brownwood, as if this was the long-ago destination he had sent out to reach. But staying in the house was no way to live, he decided, even if he was growing feeble.

In April, 1888 Byars petitioned the Conference for permission to preach at least on sermon a month in the Coggin Academy. This was granted, and he preached there regularly until his death on July 18, 1888.

Even on the morning of his death Byars preached a short sermon to the pastor of the First Baptist Church, Dr.

The first building erected by the First Baptist Church was completed in 1885. The line drawing by Bob Greer was copied from a painting by Mrs. D. S. Camp.

The second building erected by the First Baptist Church was dedicated, debt free, January 15, 1899.

The third building constructed by the First Baptist Church was completed January 3, 1926.

I've Been Wrong Before

by Gordon S. Clark
A man once told me of another whom he knew I didn't particularly care for going broke and out of business. When I expressed regret at the news he was surprised. Didn't I really dislike him? To be sure we were not friends but there were a lot of others involved. Hired hands would be unemployed, customers would be inconvenienced, even I might desire an item handled there and not easily found elsewhere. So why should I cheer about a busted business? For that matter, what would I derive therefrom? An ill wind indeed if it could not be blowing a bit of benefit in the direction of anyone.

I can neither envy the honest man the rewards of his labor for he deserves it nor the dishonest man what he seems to gain because he has and will pay a price I am not willing to pay.

Maybe that is the result of what my cousins would call my "fetchin' up". Then too I have been the victim of jealousies in school and on a young mind that can make a lasting impression for better or worse.

Mother worked very hard most of her life. Could that be why at 88 yrs. old this Mar. 1987 she is not in very good health?

She too was a victim of that green eyed dragon jealousy. Other women were unhappy because she was the first in the neighborhood to get an electric washer, an electric iron, sweeper, and even a mangle for ironing flat laundry. Spoiled? Those who never saw the red nuckles from rubbing clothes belonging to those who could afford to have their wash done out might think so but the old rub board paid for those laundry conveniences and there was no such thing as "easy credit" in those days.

She always wanted her four sons to grow up as gentlemen. In that she was maybe 50% successful but those dress clothes and neck ties she hanged wall paper to pay for didn't make me popular with the boys. The wealthy didn't much associate with us since we weren't country club set and the rougher boys resented us because their clothes were not as good. I grew up with a passionate hate for neck ties because the tough liked to yank them into a hard knot byswinging one about by them. Then I caught it at home for not avoiding such and taking better care of the clothing provided by such hard labors.

How did she find all that work in times of the Great Depression? Maybe luck plays a part but it was a small part indeed. Her mother died before my mother was ten and in those days before child labor laws she was working in a pottery before she was twelve. She had to quit high school before graduation but would sacrifice to get her sons all the education they could absorb. None of that, "If it was good enough for me it is good enough for you." She had a lot of what some would call pride but I prefer to consider it a secure knowledge of ones own worth. That is a far different thing from self pride though the difference is not easily recognized. Maybe it can be explained thus: In whose image were you made and with what price are you bought? What in that should you be ashamed of? True we fall short and that is shame but in our potential, our origin, our hope, we should recognize that we have worth. And in a world of imperfect people should we let any debase us?

The pitful exists only when infested of remembering in whose image you were made you start worshipping the image instead of the original. That is the worst kind of idolatry.

But Mothers Day and Fathers Day should not be one or two days a year and Memorial Day is too late in any season.

So I Have Been Told

By Roy Smith
More research uncovers more things to do. The list is getting longer with less and less time to do the things that must be done.

At Eastland County history book meeting I found my obligation to help is getting much larger. The book project is moving along very well. The information to follow up on is enormous.

I have several people to say they will help. An opportunity to prepare a book and record our history may never in our lifetime come again.

The information we can gather today may be gone tomorrow. Almost daily someone says "only if you could talk to— but they died a short time ago."

How much could I have known if only I had started this 5-10-20 years ago.

Today list what is available. Everyone seems to agree it must be done but now someone else is not here to tell or help do it.

I have some information from Aylene Elliott that is "great". She is donating some of her information to the library along with some valuable old pictures.

Just a small portion of one item told to me. "George Washington Castleberry came to the area we know as Staff. He built a store there. There was a need for a post office. The community did not have a name. The postmaster general ask Mr. Castleberry to submit a name. He submitted the name of Staff, which was chosen. He got it from the Bible verse in Psalm "Thy rod and thy staff comfort me."

Mr. G.W. Castleberry was appointed postmaster. A copy of this commission will be in the material for the library. I copied a picture,

hope it turns out good in this paper for it is a little dim, of Mr. and Mrs. Castleberry. This is history. This kind of information must be recorded.

I dare say only a very few people know this story of Mr. and Mrs. Castleberry. And why Staff is named Staff. But soon in the history book it will be available to all.

Do you have a story that needs to be recorded? A small thing to you, something almost forgotten, can be important information to others.

My phone bill is getting larger daily for I had rather call and get the information than write and wait for the response. Today a phone call possibly uncovered a "gold mine" of information. I must wait approx. 30 days to receive this information. What I was told about it leads me to believe it may be one of the best and most informative material I have yet to find. When I receive this information I will share it with you.

Darrell Basham and I have gone over 2 more old pictures and record them on video. They are around the

square. Also I have black and white copies with my camera. The information is unreal that can be gotten from a picture.

I have shown a video several times of the first picture people seem to enjoy it. A picture can bring back many memories. If you club would like to see it call me.

I have talked to Grandchildren of the businessmen I knew to find that they do not know all they need to know about them. Why is it?

People seem to not place importance on this knowledge until it is not available.

They wish "If only I had gotten all the history then."

Our county has a very unusual history where some counties was formed for only one reason or major event. Our country is composed of several different towns - each special to them.

What caused the population to locate at Cisco, Ranger, Desdemona, Gorman, Rising Star and Eastland? Why did not the other communities grow instead?

Can the committees of the Eastland County History Book depend on you and your support. Yes I feel they can.

After talking to most people I have found they are willing to help. Most only feel their story is not of importance. Let me assure you it is important.

You are needed! You are important!

We need you to attend the next history book meeting. At this meeting we need a county wide committee to be formed. All towns and communities need to be represented. There are some

very important decisions to be made and it MUST be county wide effort to accomplish our goal of a complete History Book.

I have volunteered to help edit and put together this book. Only a few cannot do it and it be done as it should. I sure know my limitations. I need help! Each community needs help from the other.

Together "we can and we will" make this the best history book of any county in the state.

The history book committees are depending on you.

Each community paper will give the time, date and place of our next meeting. Please attend.

CLAY DISHES

The dishes, Net, Iva, Cuebell Pittman and I made were really bonafide earthenware. We made our masterpieces of red clay from the big, high, bank of clay we found down in the pasture. There were other nice colors in finer clay - blue, pink and yellow - but this gold mine of fancy clay was 'way down in Grandpa's pasture, too far from home for us to go very often.

We baked our creations in the hot sun and always though they turned out beautifully. Usually we made the kinds of dishes we needed in our play-

housekeeping. It was "made to order" pottery.

Here's the way we did it. We rolled a wad of mud into a ball, then shaped it into a cup or plate, or whatever we needed. Sometimes we used a small smooth stick to make scallops and designs of flowers, birds and other decorations. Our wares were durable enough to use every day in our play cookstove and dispans.

We always expected everyone to approve these pieces of art, for we never failed to admire each other's work!

247 From County Join "Trash Off"

More than 247 people in Eastland County will join 15,000 Texans in cleaning up the state's highways on Saturday, April 25, in the largest one-day clean-up effort in the U.S.

Called "The Great Texas Trash Off," the program involves volunteers across the Lone Star State who will clean approximately 2,000 miles of roadways as part of the highway department's aggressive war against litter.

"By Saturday night, Texas should be as clean as it's been in the last 50 years," said Jean Sparks, public affairs officer of the Brownwood district.

The clean-up effort combines two of the most successful anti-litter programs in the nation, Adopt-a-Highway and DON'T MESS WITH TEXAS. Both innovative programs were developed by the State Department of Highways and Public Transportation.

"Our goal is not just to clean up after people who use our roadways as their personal garbage dump. Instead, we want to demonstrate how much trash there is and convince

Texans to put it where it belongs," Sparks said.

In 1985, Texas taxpayers spent \$24 million removing trash from the state's highways, and the cost had been increasing 17-20% every year since 1970.

In 1986, the highways department introduced the tough-talking DON'T MESS WITH TEXAS program. Unlike other anti-litter messages, DON'T MESS WITH TEXAS is the first program in the country to talk directly to "habitual litterers." In its first year, this program is credited with a 29% reduction in litter.

"We're pleased with the reduction so far, but it is going to take the program several years to significantly and permanently change litterers' behavior."

That's when we'll realize the greatest cost saving for taxpayers," Sparks said.

The Adopt-a-Highway program, the first of its kind in the nation, involves volunteer groups who regularly clean up their "adopted" stretch of highway. More than 1,300 groups throughout Texas have joined the program

since it was first introduced 12 months ago.

Civic, community and business groups that have adopted more than 28 miles in Eastland County are Future Homemakers of America, Eastland County Girl Scouts, Eastland F.F.A., Kiwanis Club of Eastland,

Eastland Happy Go Getters 4-H, Northview Development Center, Ranger 4-H Club, Cisco 4-H Country Kids, Eastland Cub Scouts Pack 23, Mangum Baptist Youth Group, George Fee Foundation, Gorman 4-H Club, and Rising Star Boy Scouts.

Cisco Senior Class To Sponsor Project Graduation Dance

The Senior Class of Cisco High School in cooperation with Senior Class parents, is sponsoring a special Eastland County and Area High School Dance on Saturday, April 25. The dance will be held at the Cisco Jr. College Ag Building (the old armory) just below College Hill from 8:00-11:30 p.m. The dance is for high school student only and all proceeds will go to the big Project Graduation celebration to be held on graduation night, May 29th. Disc jockey-L&L Light and Sound will provide the music for the dance. Admission will be \$3.00 per person. Soft drinks will be available. Senior Class parents will serve as chaperones and regular par-

ty rules will be followed. Project Graduation is a nation-wide project developed to provide a safe alcohol-free alternative to the drinking parties held on graduation night. A giant Project Graduation celebration will be held on Friday, May 29, from 11:00 p.m. - 5:00 a.m. at the CJC Student Union Building in Cisco. This party is open to all AREA Seniors in surrounding towns and each senior may invite one guest. Use of all facilities at the student union building will be available including a bowling alley, big screen TV room, separate music area with D.J. L&L Sound providing the music, video games, pool tables, table games, planned

movies, food, and special door prizes including color TV's, VCR's, disc players, and college scholarships will be given away during the night. Plans are also being made to have transportation available to bring out of town Seniors to and from the party so they will not have to travel on the highways after being up all night. Area parent representatives are still needed to help get the information to their own local seniors. If you feel this is a worthwhile project and would like to be a part in making your son/daughter's graduation night something to remember, please contact Joe or Jan Cooper at 442-3994 or 442-2255 before 5:00 p.m.

CJC Receives Meadows Foundation Grant

Cisco Junior College has received a grant of \$9,000 from the Meadows Foundation, of Dallas, for the operation of its summer theatre program. The summer program was started by the Fine Arts Department of the college in 1979, and has operated it since then as a semi-professional enterprise. It was the first dinner theatre in the Big Country, and it has earned a reputation for producing first rate drama.

In announcing the grant, Wyley Peebles, chairman of the Fine Arts Department, stated, "Now we will be able to continue the same high quality summer drama we have done for the past eight years." Carroll Brown, the college drama instructor, will supervise the 1987 summer season. She has announced three major productions: "I Do, I Do," by Tom Jones and Harvey Schmidt; "Foxfire," by Hume Cronyn; and "The Fantastics," also by Jones and Schmidt.

Algur H. Meadows, with his wife Virginia, created the Meadows Foundation in 1948 to benefit the people of Texas. Meadows was born in Georgia, but he built the

General American Oil Company of Texas into one of the nation's largest independent oil and gas production companies. He often said that his own life was greatly enriched by sharing. The Meadows Foundation gives to programs in health, education, social services, the civic and cultural sector, and the arts. Over 950 different organizations, programs, and projects have received grants from the Foundation since its organization.

For areas to support, the Meadows Foundation looks for imaginative, innovative ways to solve community problems; for projects leading to organization self-sufficiency; for capital plans which will enable programs to flourish; and for ways to alleviate pain, to ameliorate social ills, and to promote better human relationships. President Henry McCullough stated, "Summer theatre at Cisco Junior College is very fortunate to have been selected as a grantee of the Meadows Foundation". The 1987 theatre has been moved from the old Roof Garden facility to the new theatre in the Hilton Community Center.

Fandangle Association Membership Picnic April 24

The annual Fort Griffin Fandangle Association Membership Picnic and Sampler will be held Friday, April 24, at Reynolds Bend, located approximately 25 miles north of Albany on the historic Matthews Ranch.

The Fandangle is a community-wide effort committed to preserving the story of the settling of this area of Texas through song, dance and narration. A number of large sets, along with horses, Longhorn cattle, buffaloes, wagons and a stagecoach are used in the summer show to recreate the town of Fort Griffin, where a frontier was located to protect the settlers from Indian attacks.

Members of the Association will be treated to preview of the 1987 production of the Fandangle, which is set for six performances beginning June 18-20 and June 25-27.

"We invite all members of the Association and their families to join us at Reynolds Bend each year for the Sampler and to bring a picnic basket or enjoy a barbecue supper that will be available," said Fandangle secretary Louann George.

The barbecue meal is being catered by Perini Catering of Buffalo Gap, and will cost \$6 for adults and \$4 for children under 12 years of age.

"The gates will open at 6:00 p.m. so everyone will have plenty of time to eat and look around the ranch," continued Miss George.

Longhorn cattle will be penned nearby, and a restored ranch house is located next to the picnic grounds. The sampler will begin at dusk.

Members who have already paid their dues this year are asked to bring their membership cards to be shown at the game. Memberships may also be purchased at the gate.

Three types of memberships are available. Patrons, whose names are published in the summer show program, are those who donate \$100 or more. Regular memberships can be purchased for \$25, while Associate memberships are \$10. All donations are tax deductible.

School-age children of members are welcome to attend, and single members are allowed to bring one guest.

Memberships to the Association are welcomed all during the year, but the real benefits of being a member are attending the sampler and picnic, as well as being able to choose seats for the summer show before they go on sale to the general public.

Checks may be mailed to the Fort Griffin Fandangle at P.O. Box 155, Albany, Texas 76430, or brought by the Fandangle's new office location in the Musselman Building on Main Street, directly west of the Shackelford County Courthouse.

"We rely on our memberships to be able to make im-

provements in our facilities and to buy new equipment," said Miss George. "You can see that our members are very important to us."

The production was created in 1938 by Robert Nail, an Albany playwright, and has been continued almost yearly for the past 49 years.

Fishing Outdoors

By Terry Wilson

"Roland Martin Up Close"

All time leading money winner on the B.A.S.S. tournament trail, Roland Martin was recently in Comanche, Texas. And fishing wasn't the No. 1 thing on his mind with the spring turkey season going on. But we were able to speak with Mr. Martin shortly about these little green fish we all spend so much time chasing.

We caught up with Roland at H&H Sporting Goods in Comanche, Texas last week. And by the way these folks have an excellent line of fishing and camping equipment, not to mention skiing, tennis, outdoor clothing, and firearms.

Our first question for Roland was "What bait do you consider the No. 1 tournament bait?" And I think everyone will be surprised with this answer. "The jig & pig would be my choice due to the quality of fish that you catch. And the amount of water you can cover and cover it well. Question No. 2: "What tip would you give the weekend angler?" Answer: The weekend angler is restricted to the amount of time on the water. Therefore I would recommend they develop skills in pattern fishing. Establishing a pattern early in the day's outing can mean a lot of hard work sometimes. And there are times when you may not recognize the pattern. It can be something as trivial as a willow tree with a water snake in it or obvious patterns such as big standing timber versus little standing.

Make note of each fish caught, type of cover, location in cover, water temperature, color of water, etc. Watch every detail and compile similarities but be aware patterns can and will change during the day. Twenty-four anglers from the Eastland County Bass Club met on Lake Proctor Saturday 11th for windy but rewarding angling. Water levels were above full pool, with acres of cover to fish. First place was taken by Tommy Maynard with 3 fish weighing 14.04 pounds. And Tommy also won big bass honors with 1 fish weighing almost six pounds. 2nd James Johnson 3 fish 6.77, 3rd Bob Moore 3 fish 5.94, 4th Chuck Burgess 2 fish 4.91, and 5th Herman Dunlap 2 fish 3.65 pounds.

A total of 28 fish were weighed in, and many more small fish were reported caught. The 28 fish weighed a total of 60.73 pounds. Anglers who returned to the water after the tournament weigh-in reported turning some nice 4 pound fish that evening. Plus some excellent crappie.

Most of our winners reported worms dabbled in the flooded willows resulted in most of their success. Fort Worth area bass fishermen who travel to distant lakes may be leaving some outstanding fishing back home. Texas Parks and Wildlife

Dep. biologists have found that 3,700 acre Lake Benbrook northwest of Fort Worth apparently has good numbers of healthy largemouths.

Biologist Bobby Farquhar said a crew recently took an electroshocking boat to Benbrook to collect bass for the department's traveling display tank. A brief trip near the boat ramp at Rocky Creek produced two 6 1/2 pound bass and 25 other bass weighing between one and three pounds.

Farquhar noted that Benbrook was stocked with Florida-strain largemouths in 1974 and 1975, and the effects of those stockings are now being seen in angler catches.

Kokomo News

Zelda Jordan

I hope each family who lives in Eastland County, or have ever lived in Eastland County, is writing their family stories to be included in the Eastland County History Book. Each story is needed to make the book complete.

I've seen copies of the history books from other counties and they are so very interesting. We want Eastland County's book to be the best one ever, and it will be if YOU include your story and pictures. A story of 500 words and one picture will be allowed for each generation. The family history deadline has been set for May 31, 1987. They should be taken to, or mailed to, the Chamber of Commerce in Gorman, Eastland, Cisco, Ranger or Rising Star.

If you aren't sure just what you should include in your story, there are printed guidelines to go by, and if you will contact me I will see that you receive a copy. Perhaps they will be printed in the paper soon too.

Earl Morrow of Stephenville was a visitor at the Kokomo Baptist Church on Sunday. Jimmy Little was the speaker on Sunday night.

Those from Kokomo Baptist Church going to the Canterbury Villa in Gorman for services on Sunday afternoon were Bro. and Mrs. Clarence Wilson and Cynthia, Woodrow and Helen Browning, Jimmy and Verna Lee Little, Mamie Little, Hope Joiner, Nancy Hendricks, Ava Rodgers, Anna Laura Clearman. There are two visitors, Lisa Rich of DeLeon and Junior Fairbetter.

Campus Revival To Be Held April 23 & 24 At Baptist Center

PAUL MINTS

RANDY ROGERS

The Baptist Student Union of Cisco Junior College will be sponsoring a Campus Revival April 23-24 at the Baptist Student Center located at the southwest corner of the CJC Campus. Services will begin each evening at 7 p.m.

The theme for this campus revival will be "Giving Our Lives" based on Romans 12:1-2. Preparation work for the campus revival has been under the direction of the BSU Council.

Preacher for the revival services will be Paul Mints, a Junior student at Hardin

Simmons University. Paul is from Sweetwater and is currently serving as a College Intern on the staff at Pioneer Drive Baptist Church in Abilene. He has preached in several area churches and has been involved in mission trips to Montana and Colorado.

The music will be under the direction of Randy Rogers, a Freshman at HSU. Randy is from Dallas and has been actively involved in ministry for the past several years. He has been involved in Choir Tours and served with a team on a Mission

Trip to Africa. He is an accomplished pianist and is also currently serving as a College Intern on the staff at Pioneer Drive Baptist Church in Abilene.

The BSU Council invites everyone to the Cisco area to join them for these special revival services.

Securing the rope at ground level, I went up on the roof, swung the barrel out, and loaded the bricks into it. When I went back to the ground and untied the rope, holding it tightly to insure a slow descent of the 500 pounds of bricks. You will note on block number 11 of the accident reporting form that I weigh 135 pounds.

Due to my surprise at being jerked off the ground so suddenly, I LOST MY PRESENCE OF MIND and forgot to let go of the rope. Needless to say, I proceeded at a rather rapid rate up the side of the building.

In the vicinity of the third floor, I met the barrel coming down. This explains the fractured skull and broken collarbone. Slowed only slightly, I continued my rapid ascent, not stopping until the fingers of my right hand were two knuckles deep into the pulley. This explains the lacerations on my right hand.

Fortunately, by this time I had regained my presence of mind and was able to hold tightly to the rope in spite of my pain.

At approximately the same time, however, the barrel of bricks hit the ground and the bottom fell out of the barrel. Devoid of the weight of the bricks, the barrel now weighed approximately 55 pounds.

I refer you again to my weight of 135 pounds, in block number 11. As you might imagine, I began a

Violin Music Presented At Rotary Club Meeting

A program of violin music was presented at the regular meeting of the Cisco Rotary Club Thursday at their regular meeting at Henson's Restaurant.

R. D. Weeks and his children, Robert 9, Brandi 7, and Rebecca 4, played violins, accompanied by Al Anderson on the guitar. The

rather rapid descent down the side of the building. In the vicinity of the third floor, I met the barrel coming up. This accounts for the two fractured ankles and the lacerations of my legs and lower body.

The encounter with the barrel slowed me enough to lessen my injuries when I fell into the pile of bricks, and fortunately, only three vertebrae were cracked.

I am sorry to report, however, that as I lay there on the bricks - in pain, unable to stand, and watching the empty barrel six stories above me - I again lost my present of mind - I let go of the rope.

Cavanaugh Garza To Present One Act Play April 24 & 25

Cavanaugh Garza as Clarence Darrow

Breckenridge actor Cavanaugh Garza will perform the one-man play "Clarence Darrow" at the Conrad N. Hilton Memorial Park and Community Center in Cisco, on Friday, April 24, and Saturday, April 25. The performance for both nights will begin at 8:00 p.m.

The play was written by David W. Rintels. It is based on Irving Stone's biography

"Clarence Darrow For The Defense." The play takes place in the office of the famous attorney, Clarence Darrow, as he reminisces over his long and renowned career. Touching on many of his famous trials, including the significant Monkey Trial and the sensational Leopold/Loeb Trial, Darrow reviews much of America's legal history with salty

humor, courtroom gusto and human relish. His own private life and many contemporary events, including labor conditions, are woven into this story of a man who accepted unpopular cases and defended unpopular causes. But this champion of dissenters and underdogs was also a writer and lecturer and in his tale he conjures up many famous people of his life and times.

The actor, Cavanaugh Garza, is a 1967 graduate of Fremont High School. He attended Cisco Junior College in Cisco. In 1972, he graduated with a Bachelor of Arts Degree from East Texas State University in Commerce. As a student of theatre at East Texas State, he received the most promising actor award and as a senior he was honored with the theatre department's most prestigious acting award, "The Golden Masque."

While studying for his master's degree, Garza received the American College Theatre Award of Excellence for the play "The Time Of Your Life," which was performed in association with the John F. Kennedy Center for the Performing Arts at the historical Ford's Theatre in Washington, D.C. He has performed Clarence Darrow in several theatres in Texas, including the Abilene Repertory Theatre in Abilene and the Harbor Playhouse in Corpus Christi.

An optional buffet dinner will be available at 6:45 p.m., Friday and Saturday, at the "Puttin' On The Ritz" Restaurant. Ticket prices for the show are \$2.50 for adults and \$1.00 for children, so that the entire family may attend the production at a reasonable cost. Tickets may be purchased at Southwest Enterprises, Cisco Chamber of Commerce, The Lemon Tree Boutique, the First National Bank, and Cisco Junior College Executive Office in the Fine Arts Building.

"Puttin' On The Ritz," located just south of the Conrad Hilton Community Center will offer a buffet on the evenings of the play at 6:45 p.m., before the play begins. The price is \$7.00 per person. Everyone will need a reservation. The numbers to call for a reservation is 442-4099, or 442-9996, or 442-3647.

Presence Of Mind

I am writing in response to your request for additional information. In block number 3 of the accident reporting form, I put, quote - "lost presence of mind" unquote, as the cause of my accident. You said in your letter that I should explain more fully, and I trust that the following details will be sufficient.

I am a bricklayer by trade. On the day of the accident, I was working alone on the roof of a new six-story building. When I completed my work, I discovered that I had about 500 pounds of brick left over. Rather than carry the bricks down by hand, I decided to lower them in a barrel by using a pulley which fortunately was

Annual Easter Egg Hunt Held Wednesday

The annual Easter Egg Hunt for the Cisco Child Care Center was held Wednesday, April 15, at 2:30 p.m. on the front lawn of Canterbury Villa Nursing Home.

There were 25 to 30 youngsters that shared in the hunt. The eggs were decorated and hidden by some of the residents, assisted by Arts and Crafts

volunteer Betty Cook.

The eggs for the hunt were donated by volunteers, family members and staff. The residents look forward to this occasion. They are reminded of their childhood when they hunted eggs. The children were

transported to the nursing home by Bro. Ronnie Shackelford on the Calvary Baptist Church bus.

We hope that the children enjoyed the egg hunt as much as the residents enjoyed getting ready for it. Happy Easter!
