## Cisco High School Lobos To Have Baseball Team In Spring Of 1988

Addition of baseball to the competitive sports program and employment of a new girls basketball coach were among items considered and approved by the board of trustees of the Cisco Independent School District at their regular monthly meeting Monday night.

The baseball program will begin in the spring of 1988 and the Lobos will compete in UIL District 13-AA. Supt. Ray Saunders said a baseball coach would be named at a later date, probably from among the staff of regular high school mentors.

Davis Summers, 38, of Rock Springs, was employed to coach the Lady Lobo basketball team. He will replace Mrs. Lori Whitley, who was moved to junior high to direct basketball and other athletics at her request.

Mr. Summers, a native of Denver City, holds a bachelor's degree from ACU, Abilene, and a master's degree from Sul Ross University. His 1984-85 and 1986-87 girls teams at Rock Springs won the bi-district championship, and he has had other teams in top finishing places during some 16 years as a coach.

Mr. Summers and his wife Shirley have three sons, Steve 13, Gary 10, and James 7. They are members of the Church of Christ.

The board also approved the reemployment of Mrs. Susan Riggs as a member of the high school faculty for the coming year. Mrs. Shirley Sharp, wife of coach Buddy Sharp, was employed as a special education teacher to take the place from which Mrs. June Hicks retired recently.

Eleven Maner Scholarship applications were approved by the board for the coming year at the University of Texas in Austin. Funds for these scholarships were provided by earnings of money left in trust by the late Leon Maner, local business man.

Scholarships were approved for Kendall Anderson, Angela Bradford, Rhonda Bradford, Louis (Chuck) Bradley, Danny Boyd, James (Rusty) Hughes, Tracey Couch Hughes, DD McGrew, Leslie Dwaine Scott, Anita Trammell and Wesley Dean Wynn.

Plans for summer repair and remodeling work were approved. This will include adding a dressing room at the high school gym for use by junior high girls and for visiting teams. Curb and gutter and cleanup work at the elementary school was also placed on the program.

The public school career ladder was approved. Principals Jack Martin, Jim Puryear and Bob Lindsey submitted annual TEAMS reports that were approved and accepted. A revised disciplinary plan as prescribed by law was approved.

Bruce Stovall, board president, was named as a voting delegate to the September meeting of the Texas Association of School Boards. The regular July 13th meeting date was changed to July 2nd at 7:30 p.m. at the high school library.

Richard Connell, fire chief, said Monday, "Every penny that is raised goes toward either rescue or fire department equipment. Lives and property can be saved and have been saved because of this equipment."

He said that a Stokes Basket was needed a few weeks ago and that is on their list of items of equipment to buy.

Tickets can be bought at the Fire Station at 109 West 6th or purchased from any volunteer fireman. Richard said that the Fire Department will be out selling tickets this Saturday to people on the streets of Cisco.

Two churches, the Redeemer Lutheran and the First Evangelical Methodist, have reserved spaces to sell food at the 4th of July celebration to be held at Cisco City Park on Royal Lane. Ivan said he would like to encourage more church groups and civic organizations or individuals, to reserve a spot for this 4th of July.

He said that the committee decided to create a monopoly for specialized food items to be sold at the park, except for bake sales. Ivan said that everyone who would like to sell food items at the park, need to get in touch with him at 442-2661 or Don Shepard at the Cisco Chamber of Commerce 442-2537, as soon as possible. He said that the committee decided that

and at Thrift Mart, Bills and Mundens and other places of business in Cisco.

The Fire Department will have their rescue unit, fire trucks and their monitoring nozzle and will demonstrate their jaws of life equipment at the Chili and Stew Supper.

Everyone is urged to buy a ticket and attend this worthwhile supper.

## Cisco Farmers Market To Open

The Cisco Farmer's Market will be in a new and larger location this summer. The new location is in the 300 block of East 8th Street, one block east of the Eastwood Village Shopping Center.

The Farmer's Market will open at 9:00 a.m., Saturday, June 13, and will stay open until all produce is sold. The Market will be open every Saturday during the summer months. The Market will also be open every Wednesday from 2 p.m., until dark for their customers' convenience.

Several types of fruits and vegetables will be offered to the public at the Market. Items that will be available this Saturday are squash, new potatoes, green beans,

onions, garlic and other early produce. There will also be house plants and other garden plants for sale at the Market.

Any producer or gardener within a 50-mile radius of Cisco is invited to become a member of the Farmers Market. Membership fees are \$10 per year and stall fees are \$3.00 per sale date for gardeners with less than 1/2 acre and \$6.00 for those with more than 1/2 acre. The fees are necessary to buy the required liability insurance, according to Ronnie Steen, Marketing Specialist, Texas Department of Agriculture.

Any prospective seller can buy a membership on the Market grounds on Saturday or call Harold Reich at

442-1460 or De Gordon, Agent in Eastland before Saturday.

## Jacksons Will Be Honored Sunday At Hilton Center

Mr. and Mrs. E. L. Jackson, residents of Cisco for half a century, will be honored on the occasion of their 65th wedding anniversary at a reception Sunday, June 14, at the Hilton Community Center.

Hosts and hostesses for the event will be the four children of the Jacksons - Mrs. Eugenia Arrington of Flippin, Ark., Mrs. Dorothy Ryan of Marfa, Eddie Jackson of Garland and Robert Jackson of Fort Worth. The reception will be held from 2 to 4 p.m. Sunday and all friends of the families have been invited to attend.

An article in the Mena, Ark., newspaper on May 25, 1922, recorded the wedding as follows:

"Miss Elsie Payne of Poteau, Okla., and Mr. Eugene L. Jackson of Mena, Ark., were married Thursday at 6 p.m. at the home of the bride's sister, Mrs. Guy L. Cross, Rev. Eller of Kiefer officiating.

"Miss Payne was a teacher in the Keifer school last year and was a teacher in the Poteau school the past year. Mr. Jackson is superintendent of the light and power plant of Mena, Ark.

"The bride wore a traveling suit of grey satin crepe with accessories to match. Only relatives of the immediate family were present: the mother, Mrs. Jenkins and brother, Earnest Payne of Cotter, Ark. The house was beautifully decorated with roses and honeysuckle.

"The bridal party was

served a delicious three course dinner. Mr. and Mrs. Jackson left Thursday night for Galveston, Texas, and other southern cities, on a short honeymoon. They will be at home in Mena after June 5th."

The Jacksons lived in Arkansas until they moved to Albany in West Texas. From there, they came to Cisco in 1937, being transferred here by West Texas Utilities Company. Their four children are all graduates of Cisco High School and Dorothy and Robert attended Cisco Junior College. All have college degrees.

Mr. Jackson started work for the electric company in Batesville, Ark., in 1917, and devoted his life to working for companies in Oklahoma, Arkansas and West Texas Utilities Company in Texas. He retired in the mid-1960s as district manager for WTUC in this area.

A Navy veteran of WWII, Mr. Jackson has long been active in the American Legion and is a past local, district and division commander and a former commander of the Legion's Department of Texas. He served two terms as a governor's appointee on the Texas Veterans Affairs Commission. He is a past president of the Chamber of Commerce and the Lions Club and has served as a school trustee and college board member.

A retired teacher, Mrs. Jackson has been active in club and community affairs. The Jacksons as long-time members of the First Baptist Church. They enjoy good

### Wanda's Corner

by Wanda Hallmark

Randy Donahoe, 21, of Cisco is in Hendrick Hospital after a motorcycle accident last Saturday. (See the story in today's paper.) His mother is Cindy Donahoe, who helps to keep things running at the White Elephant Restaurant.

Randy will be in the hospital for quite a while, according to reports, and I know that Cindy will appreciate your prayers for her son's recovery.

I called and talked to her Tuesday morning at the hospital (where she has been staying constantly since the accident) and she said that Randy was looking a little better. He still hasn't awakened since the accident. She said that she knows it will take a long time, but she knows that he will be all right.

So please don't forget to pray for Randy every day.

Sherry Kimbrough called and said she found a watch in front of Kimbrough's Funeral Home and the owner can stop by there and identify and claim the watch.

Did you know that the first dishwasher was patented in 1850? It was a hand-cranked wooden contraption that splashed water onto dishes. It was invented by Joel Houghton in 1850, but it took a woman, Josephine Cochrane, to provide the significant refinements. Her 1880 dishwasher was such a hit at the 1893 World's Fair that she founded a company to manufacture it.

In 1911, several competitors introduced gas motor-driving models. Unfortunately, the still-primitive machines had to be filled by hand with water heated in pails on the kitchen stove.

The first electric

dishwasher, introduced around 1913, and the first models with permanent plumbing, introduced in the 1920s, are reminders that indoor plumbing and electrical wiring were still new-fangled inventions until well after the turn of the century.

And those are called "Good Ole Days."

Be sure and look at the WTU ad in today's paper. It reads, "WTU people are good neighbors!" It has a picture of Cisco's Freddy Anderson, who is a serviceman for WTU. And the young man pictured with Freddy is Rick Chambers, son of Van and Patsy Chambers. Rick is a 1987 graduate of Cisco High School.

We received a call here last week from Muri Stroebel of Cisco. She said there was a movie on KTVT on Wednesday, June 10 at 8 p.m. entitled "Life and Music Of Ludwig Van Beethoven." The movie was funded by the AAL (Aide Association of Lutherans).

She thought that anyone who loves music would enjoy the movie. She said that Peter Utisnov portrayed Beethoven in the show.

When asked about the AAL, Muri said that she is the secretary of the local chapter and Herman Glueck is the president. She said there are 66 members of the AAL including 17 children here.

She said the AAL encourages Lutheran members to love one another and to help others. Muri said the AAL is a very worthwhile association.

The new hours for the Eastland County Food Bank are 8-10 a.m. on Monday and Friday.

## VBS To Be Held At Lutheran Church

Redeemer Lutheran Church at 1711 Conrad Hilton Avenue will be holding their 1987 Vacation Bible School June 15-19 from 8:30 to 11 a.m.

Theme this year is "God's Promises For You." This invitation is extended to all children 4 years through 6th grade.

On Monday, May 25, Country Kids 4-H Club held their last regular monthly meeting for this school year.

Officers for the new year were elected and are as follows: Jason Hunt, president; Tessie Ingram, vice president; Kerstin Gerhardt, secretary and reporter; Marty Sublett, treasurer; Dana Casey, refreshment chairman; and Amanda Cearley, telephone chairman.

Kerstin Gerhardt Reporter

health and continue to participate in community activities.

## Alan D. Myers Elected Chairman Of Olney Savings Association

Alan D. Myers, Jr., chairman and chief executive officer of Olney Savings Association was elected Chairman of the Texas Savings and Loan League on Tuesday, June 9, 1987 at the annual convention held in Boston, Massachusetts.

Myers' election marks the first time the Texas Savings and Loan League has had an official office of chairman. Previously, the highest elected office was president. This is a result of the changing trends in the financial industry.

A prominent leader in the thrift industry, Myers serves as a director of the Federal Home Loan Bank of Dallas, a director of the United States League of Savings Associations and a director of the Savings and Loan Political Action Committee. In 1980, Myers was the recipient of the prestigious John T. Mahone Award, an award presented annually by the Texas Savings and Loan League for outstanding

WADING— Lorrie Gann of Lueders is shown having herself a good time last Monday after a heavy rainfall. Lorrie was walking in the water that were running next to the curb on West 9th and Conrad Hilton Ave. She is the daughter of Kay Gann of Lueders and the granddaughter of Margaret Webb of Cisco. Lorrie and Kay are in Cisco visiting with relatives. (Staff Photo, courtesy of Cotton's Studio.)

## Lake Cisco Extension Club Host Fun Day

The Lake Cisco Extension Club hosted the annual Fun Day Tour for 34 members and guests of the Eastland County Extension Clubs Wednesday, June 3, in Cisco. Women from Morton Valley, Olden, Kokomo, Pleasant Hill and Lake Cisco clubs braved the early morning showers to meet at the Hilton-Mobley Hotel at 10 a.m. for a busy day.

Betty McGinness highlighted the purposes, activities and the "real good-time" atmosphere of the annual Folklife Festival. Bill Austin visited with the women with an informative and very interesting outline of the Cisco Junior College Dinner Theater. He stressed the training received, from the "bottom to the top," by students and others helping produce the theater each summer. Those attending were delighted with the personalities and the friendliness with which these two young people presented these activities available in Cisco.

Wesley Valek, chairman of the Social Science Department, instructor and historian, of Cisco Junior College, highlighted the early days of the coming of the railroads to Cisco (Red Gap) and events that led to the purchase of the Mobley Hotel by Conrad Hilton. He also outlined plans to develop the historical park where the railroads crossed east of the hotel, and other in-

teresting happenings. After a tour of the museum in the hotel, Mr. Valek led the way to the CJC Agriculture Center (the armory) to enjoy the well organized display of of historical artifacts where an extensive museum is being put together.

A delightful salad luncheon was enjoyed at The Ritz and a short business session ended the day. Lake Cisco Club enjoyed hosting the day and appreciated the response expressed by those who came.

## Eddy Arnold To Perform At WTRC

The efforts of two Oklahoma University alumni have made it possible for legendary Eddy Arnold to perform for the West Texas Rehabilitation Centers Joint Venture Program on June 26 at the Abilene Civic Center.

Reception will begin at 6:30 pm, and Arnold's performance will begin at 8pm. Myrtle Greathouse, board chairman of WTRC and John Chalmers, chairman of the WTRC Joint Venture, have combined their efforts and time to make this Southern Evening with Eddy Arnold possible for the benefit of the center.

## Sing Unto Him

By SANDRA PRICKETT  
Sing unto him, sing psalms unto him: talk ye of all his wondrous works. Psalms 105:2 (KJV)

I have an uncle I've never been very close to. We live some distance from each other, and over the years I've seen very little of my mother's brother.

Yet my mother has continued over the years to speak of his fine family, his good deeds, dedication to church, his sweet spirit, and her love for him. And I was always indifferent to her love for her brother, my uncle.

But suddenly one spring morning, after my mother had spoken of a kind deed my uncle had done for another, my resentment

began to melt. And I wanted to know a little more about my uncle and his family. Little by little I began to feel love and appreciation for his life. And after all those years I had the desire to know him better.

Suddenly like a bolt of lightning a thought struck my heart. Shouldn't I be telling others more about my love for Jesus, speaking of his good works and what he has done for me? Might my continuing words of love for Jesus eventually melt resentments, indifference?

...Talk ye of all his wondrous works. I vowed to do just that!

Dear God, Show me how to speak to others about you and all your wondrous works.

## Social Security Number

A worker's Social Security number is the key to his or her lifetime earnings record, and the worker keeps the same number throughout his or her working lifetime. Glyn Hammons, Social Security Manager in Abilene, said recently.

Anyone who finds that his or her Social Security number has been listed incorrectly, as, for example, on a W-2 form, should report this immediately to the employer, Hammons said. The Social Security office should also be notified so that the worker's Social Security records can be corrected.

All workers, especially those who change jobs fairly often, would do well to check

their Social Security earnings record periodically, every 3 or so years. A free form for this purpose can be obtained from any Social Security office.

The Abilene Social Security office is located at 142 S. Pioneer. The telephone number is 698-1360.

## Notice

Are there any new birth announcements in your family? Call Wanda and have the announcement put in The Cisco Press, 442-2244.

## Camp Sweeney For Diabetic Children

The 38th year of Camp Sweeney for Diabetic Children opened Sunday, June 7, with a blast of hot air. A huge hot air balloon greeted the campers as they arrived for the first three-week session, and the campers, ages six through 18, were given a ride in the tethered balloon.

Transported from Dallas for the opening session, the balloon was an exciting beginning to an activity-packed three weeks, said Camp Director James V. Campbell, who has headed the camp every summer since its beginning in 1950.

During the camper's stay, they will be treated to exhibitions by skydivers, an airplane dropping packs of sugarless gum over the camp, a carnival, swimming, fishing, crafts, archery, riflery, horseback riding and numerous other activities. In between the fun, the campers learn how to take care of their diabetes, becoming self-sufficient and more self-assured. A camp doctor and his assistants conduct regular classes, emphasizing the importance of balancing the diabetic's diet, insulin and exercise.

The hot air balloon also

will greet campers at the beginning of the remaining two sessions, which are scheduled for June 28 and July 15.

If a diabetic child's family is unable to pay the full tuition costs for the three weeks, financial help is available by writing to the

Southwestern Diabetic Foundation, P. O. Box 918, Gainesville, Texas 76240 for details.

No child is ever turned away because of financial reasons. The only requirement is that he or she has diabetes. Registration now is underway for either of the next two sessions.

## Investigations Still Continuing At Possum Kingdom Dam

Structural investigations are continuing on the dam at Possum Kingdom Lake, owned and operated by Brazos River Authority. A general contractor, Central Plains Contracting Company of Shawnee Mission, Kansas, is on the site, and is working 24 hours a day.

The lake level has been drawn down 13 feet from the normal maximum operating level of 1,000 feet as a safety precaution while investigations leading to possible structural modifications are being made at the dam. The temporary maximum operating level of 987 feet was reached on April 24 and is expected to be in effect for at least six months and maybe as long as a year. Lowering of the lake level to 987 feet was ordered by the Federal Energy Regulatory Commission, which licenses the hydroelectric generating facilities at the project.

Two contractors are working around the clock to provide access to the interior of the dam between the massive concrete buttresses that support the spillway section of the dam. This access is necessary to allow

drilling equipment to be brought in to the bays between the buttresses for the drilling of relief wells in the dam's foundation to relieve high water pressure which has been discovered under the dam. In addition, highly sensitive and sophisticated monitoring equipment is being installed to detect any movement of the dam or any changes in the water pressure occurring beneath the dam. Water pressures have already been reduced in areas available to access, and there has been no detectable movement in the structure since intense monitoring began on March 9, 1987.

The lower lake level has required modifications at several of the Brazos River Authority's public access areas around the lake to keep facilities useable by the public. At present the auxiliary boat ramp on the north side of FM 2951 on the peninsula, the ramp at South D & D public access area and the Scenic Point ramp are available for use by the public. Additional temporary boat ramps will be installed by the Authority as they are completed.

# Northview's Blue Streaks Win At State Meet

Climaxing the year for Special Olympics Events, is the State Track and Field finals in Austin. Northview Development Center qualified and sent 10 athletes to the State Meet. The three-day event was highlighted by a Torch Run and Lighting Ceremony that took place on the Capitol Steps sponsored by State-wide law enforcement personnel, opening ceremonies, and a celebration dance. Participants stayed on the University of Texas campus where the games were held. Northview's results were as follows:

- 2nd and 4th in the Race Walk
- 2nd, 3rd, 4th, 5th and 6th in the 50 Meter Dash
- 6th in the Long Jump
- 3rd, 4th, 5th, 6th in the Softball Throw
- 6th in the Relay Team
- Medals were as follows:
  - 2nd place - Race Walk, 50 Meter Dash
  - 3rd place - Softball Throw, 50 Meter Dash
  - 4th and 8th place were awarded ribbons.

The final events scheduled on Friday were cancelled due to bad weather, but the majority of the events had been held. We congratulate all of the Special Olympic Athletes and wish to express our appreciation to the community for their support.

# Area News Briefs

**CISCO**  
Dale Stewart, Cisco sculptor, presented his bronze bust of Willie Nelson to the famous singer last Sunday, June 7. The presentation was made just before Nelson's performance at a benefit concert on a ranch west of San Angelo. Stewart worked on the bronze for about a year before its completion in March, 1987. The likeness of Nelson will be one of four busts cast from the same model, with one due to be raffled for the benefit of a Farm Aid Concert in Nebraska next September.

There will be an Autograph Party for Mary Ann Ziehr on Tuesday, June 16, 7 p.m. at the Community Room at First National Bank, Cisco. Mrs. Ziehr's new book "Up The German Road", will be presented. This is a historical account of the early German and Wendish settlement south of Cisco, and the first Lutheran churches there. The public is invited to come and meet Mrs. Ziehr and see her attractive book.

The Rev. Ken Diehm of the First United Methodist Church was ordained at the annual Conference of Central Texas Methodist Churches in Waco recently. Those from Cisco who attended were Dickie Seider, Lillian Bradshaw, Polly Wright, Sutton and Mary Croft, Pat Isabell, Trixie Whitley, Bernice Gorr and Sherry Wright.

If you're in the market for some building materials, you'll be interested in knowing that the old intermediate building in the new elementary school area is being torn down. School officials expect to have everything they want out of the building by now. You can sign a form that says you won't sue the schools if you fall or step on a nail or something, and go after anything you want. All they want, Supt. Ray Saunders, says, is for you to "leave it neat".

The Museum at the Hilton Community Center will soon receive an interesting book. It's the bound files of copies of the Cisco High School newspaper, "The Gusher," published by students for the school year 1927-28. The bound file belongs to Dr. Chief Brown, who will place it in the museum. The lead story on the front page has this headline: "Lobos Defeat El Paso Tigers". The local team won a 13 to 6 victory at El Paso on Oct. 1, 1927.

**RANGER**  
Hale Dunson, master printer, is back on the job at *The Ranger Times*. He was out for several months due to illness, but is now able to turn out his quality printing jobs again. Old-fashioned craftsmanship are the wat-

chords when Hale runs his presses.

The Ranger City Commissioners have named Charles R. Edwards as the new Chief of Police for the City. Chief Edwards is a native of Reagan County, but came to this area recently. Mayor David Rogers said that he felt the Council made an excellent choice in the appointment of Edwards. The Mayor swore the Chief into office, with the appointment taking place immediately.

The Gholson Beauty Shop has opened in the Gholson residential hotel, with Chris Gosnell and Mary Clark as owners and operators. They invite everyone to come by and get in on some of their "opening" specials. Walk-ins are welcome, and the operators also specialize in men's hair styling. This will be a particularly convenient place for those residing in the hotel and the area.

The Ranger Boys and Girls Club opened for the summer on Monday, with registration continuing through Friday, June 12. The annual registration fee will be \$2. This will include use of all the club facilities and one day per week of free swimming. The hours will be Monday through Friday from 1-5 p.m. The club will be open to all boys and girls age 6-18.

The 9th annual Little League Old Timers Softball Tournament will be held Saturday, June 13, at 6 p.m. Once again old ball players from the past will be at the old park for soft-ball games and to reunite with old friends. Everyone 25 and older who played in Ranger Little League is eligible to play. Others may come and watch and enjoy it.

**EASTLAND**  
Bryan Neaves, formerly of Brownwood, has been named as Resident Manager at the Texas Department of Highways and Public Transportation following the retirement of R.P. (Buddy) Haun in late May. Neaves, 25, has been working under the direction of Haun for the past six months, and will remain in the Eastland office. This office is responsible for the preparation of all plans and paper work along with construction decisions and inspection required by the Highway Department for Eastland, Stephens and Comanche counties. Neaves stated that his office will be involved in the rehabilitation of the I-20 ramps from the Callahan County line to Eastland.

Tuesday morning was Send-Off Day for 14 Eastland County 4-H State Con-

testants. These accomplished young people and their sponsors met at the County Extension Service office at 8 a.m., and then went to the Chamber of Commerce office for a reception. Best wishes go with these fine contestants, and we will hear a lot more from them.

The Thursday Afternoon Club will hold a thrift and bake sale on Thursday and Friday, June 11 and 12, at 1006 West Main. The hours will be 8:30 a.m. to 6 p.m. each day. A large assortment of clothing, misc. articles and home baked goods will be on hand. All funds raised will benefit worthy projects of the club. These projects include Eastland Memorial Library.

Thursday,

## TAIRELL AND JOE CROCKETT Walking Across America For Jobs Across America

Politicians give speeches and unions stage demonstrations to publicize the need for

more jobs in America. But Joe Adams Crockett walks. He has spent the past year walking from coast to coast to raise money for an academy to help teens get jobs and job training in

Flint, Michigan, his home town.

"I say if you can walk, carry a flag, and speak to people on the road, you're doing a beneficial thing," he said.

He left Washington, D.C., April 14, 1986, to start his campaign. At every town he sought donations from businesspeople, churches and politicians for a national youth academy for jobs and careers.

"Our young people have nothing to do, no guidance, no role models, so they turn to drugs," Crockett said. "Somebody has to motivate people to create jobs for our young people."

Joe began working with young people in Flint by founding a neighborhood Girls and Boys Club to give young people something to do. He said that he gets a lot of frustration and little support from adults on his walk.

Crockett, 45, arrived in Cisco last Thursday and spent the night at the Cisco Steak House and Inn. Owners Kenneth and Delores Way put him and his son up for the night. He left early Friday morning to start his long and lonely journey back to the nation's capital. His son Tairell joined him in Abilene on the 27th of May and will walk with him for a while.

Crockett, a carpenter from Flint has collected only enough money to barely pay his expenses. He has a goal of \$100,000.

But he doesn't let the

financial blues wear away at his enthusiasm. He hopes a national shoe company will hear of his campaign and will sponsor his walk, he said. He has worn out six pairs of shoes on his walk.

Crockett spends his resting days passing out fliers proclaiming his cause, collecting letters from officials documenting that he visited their cities and getting news interviews.

He plans on arriving in Washington D.C., on October 21 and will try to talk with the President. This will make the third time that Mr. Crockett will try to speak to the President on the necessity of a national academy.

He and his wife Ann have six children. Donations may be made to "Jobs Across America", 3525 Mason Street, Flint, Michigan, 48505.

A girl gave her boyfriend her picture. On the back she wrote, "Dearest, I love you more every day. I always will. I know you feel the same way about me. All my love forever and ever." But she added, "P.S. When we break up, return this picture." There's more fickleness in our lives than faithfulness, isn't there? That's especially true when it comes to religion. But that one is faithful who puts God above gold, loyalty above license, principle above popularity, self-control above self-indulgence, the Word above the world. Are you faithful?

**"YES, THERE IS LIFE AFTER BREAST CANCER. AND THAT'S THE WHOLE POINT."**

A lot of women are so afraid of breast cancer they don't want to hear about it. And that's what frightens me. Because those women won't practice breast self-examination regularly. Those women, particularly those over 35, won't ask their doctor about a mammogram. Yet that's what's required for breast cancer to be detected early. When the cure rate is 90%. And when there's a good chance it won't involve the loss of a breast. But no matter what it involves, take it from someone who's been through it all. Life is just too wonderful to give up on. And, as I found out, you don't have to give up on any of it. Not work, not play, not even romance. Oh, there is one thing, though. You do have to give up being afraid to take care of yourself.

## What's Ahead For School Finances ?

We Texans who have seen any number of Senate Bills and House Bills over the years dealing with public school financing may think we've "seen it all" as far as what can be mandated to provide public school education.

A recent Texas Research League statement indicates that Texans are in for "a lot more" and "things we've never imagined before."

The League report: SCHOOL FINANCE SYSTEM DECLARED UNCONSTITUTIONAL.

On June 1st, district judge Harley Clark issued his final judgement in the case of Edgewood Independent School District, et al vs. William N. Kirby, et al (No. 362,516, 250th Judicial District) finding "that the Texas School Financing System...implemented in conjunction with local school district boundaries that contain unequal taxable property wealth for the financing of public education is impermissible, unlawful, violative of, and prohibited by the Constitution and the laws of Texas."

In the court's judgement the school finance system is "UNCONSTITUTIONAL AND UNENFORCEABLE IN LAW because it fails to insure other district to obtain, by state legislative ap-

propriation or by local taxation, or both, funds for educational expenditures, including facilities and equipment, such that each student...would have the same opportunity to education funds as every other student in the state, limited only by discretion given local districts to set local tax rates..."

There are several items of note in Judge Clark's judgement:

(1) Clearly, there are large interdistrict differences in taxable wealth. Judge Clark's judgement implies that a substantial redrawing of district boundaries may be required as part of a constitutional solution.

(2) Consideration of total expenditures would be required in a constitutional school finance system. Facilities and equipment are paid for by local taxes since they are not considered in the Foundation School Program. It is that program that the state presently attempts to equalize by providing disproportionate amounts of state aid to property-poor districts, but state-aid formulas cannot compensate for the extreme variations in local taxable values in different districts and still remain within fiscal reality.

(3) Equal spending among districts would not be required, so long as each district had approximately equal resources available. The fact that a district exercises local discretion to tax less, and thus to spend less, is not a constitutional impediment.

The state is encouraged to continue to take "into consideration the legitimate district and student needs and district and student cost differences associated with providing a public education." "Legitimate" needs and cost differences are not spelled out in the judgement, but it seems clear that the state could continue to provide, for example, extra funding to sparse-area districts where school costs obviously run higher, or to recognize the higher expenditures required to provide an education to handicapped students.

**INJUNCTIVE RELIEF**  
The Commissioner of Education, the Texas State Board of Education and the Comptroller are enjoined from giving any force and effect to the financing provisions of current state law, and from distributing any money under the current finance system. However, the injunction is stayed until September 1, 1989, then the injunction is further stayed until September 1, 1990, "in recognition that any modified funding system may require a period of time for implementation."

It is stated "intent of this Court that this Judgement should be construed and applied in such manner as will permit an orderly transition from an unconstitutional to a constitutional system of school financing without the impairing of any obligation or contract incurred prior to September 1, 1990."

Edgewood v. Kirby has completed but the first stage

in the judicial process, and the case will now wend its way through the appellate process no doubt ending at the Texas Supreme Court. But, Judge Clark's judgement may give some significant clues as to what may be required in revamping the public school finance system. Huge amounts of dollars - both at the state and at the local level - are involved, and this may be the most critical fiscal problem ever faced in Texas.

The House approved a concurrent resolution creating a special committee to study "the public school finance system, school district boundaries, and other issues deemed appropriate" as a direct response to the district court ruling. However, the resolution died in a Senate committee in the waning hours of the regular legislative session just adjourned.

## Drilling Bits

### NEW TESTS

Ed White Enterprises Inc., Abilene, will drill a wildcat, No. 1 W.L. Curtis to 1,500 in the Regular 3 miles southwest of Romney on a 120-acre lease. Spots 300 FNL and 1,520 FEL, Section 1, John F. Sapp, A-435.

Beeson Energy Inc., Fort Worth, will drill No. 1 Bielinski to 3,700 in the Regular (Gas) in Mingo on a 12.5 acre lease. Spots 168 FNL and 889 FWL, A. Ferguson, A-179.

North Ridge Corp., Duncanville, will drill a wildcat, No. 4 Tindall III, to 4,000 feet in the REB (Marble Falls) and King-Tindall (Miss.) 1.5 miles northwest of Olden. It spots 3,051 feet north and 3,286 feet west, Section 1,

Block 4, H&TC, A-295.

Piranna Production Inc., Graham, will drill a wildcat, No. 11 Fannie Young "A" to 4,999 feet in the Rickels (Congl.) 4 miles southeast of Eliasville on a 320-acre lease. It spots 660 feet northwest and 330 feet southwest, Section 1121, TE&L, A-385.

Thomas Hydrocarbons Inc., Weatherford, will drill a wildcat, No. 5 Birdwell, to 3,300 feet and test the Mooney (Strawn) 1 mile northwest of Posidian on a 590-acre lease. It spots 660 feet north and 2,008 feet east, Section 33, Block 2, T&P, A-1078.

American Fossil Energy Inc., Weatherford, will drill No. 1A Popp to 1,300 feet in the Regular 8 miles southwest of Palo Pinto on a 200-acre lease. It spots 2,100

feet south and 400 feet east, Block 54, T&P, A-1562.

### GAS COMPLETIONS

Horn Energy Co., Eastland, completed No. 1 Melva Love, in the Burt & Cody 7 miles southeast of Ranger. It spots 3,945 feet north and 3,955 feet east, D.S. Richardson, A-414.

Absolute open flow was 335,000 cubic feet of dry gas from perforations at 3,056-68. Total depth, 3,566 feet; plug back, 3,257; top of pay, 3,056; 4 1/2-inch casing was set at 3,277. Acidized with 600 gallons 7 1/2 percent MMR; fraced with 26,000 pounds sand, 105 barrels KCL water and 275,000 SCF nitrogen.

Tops reported: Caddo, 2,943 feet; Marble Falls, 3,044; Ranger Lime, 3,158; Duffer, 3,280; Barnett Shale, 3,414; Mississippi, 3,533.

Snow Operating Co. Inc., Fort Worth, completed two

wells in the Burt & Cody (Bend Congl.) 5 miles northwest of Desdemona in David S. Richardson, A-414. They were:

\*No. 1 Snow-Rogers spots 3,285 FNL and 3,496.

Absolute open flow was 300,000 cubic feet of dry gas daily from perfs at 3,072-82. Total depth 3,326; 3,233; top of pay 3,072; 4 1/2-inch casing set at 3,248. Acidized with 550 gallons 7 1/2 percent; fraced with 30,000 pounds sand and nitrogen.

Tops: Marble Falls 3,059; Ranger 3,170; Duffer 3,292. \*No. 1 Snow-Yancey spots 2,240 FNL and 5,886 FWL.

Absolute open flow was 35,000 cubic feet of dry gas daily from perfs at 3,009-13. Total depth 3,591; plug back 3,100; top of pay 3,009; 4 1/2-inch casing set at bottom. Acidized with 500 gallons 7 1/2 percent; fraced with 24,000 pounds sand and nitrogen.

Tops: Marble Falls 3,080; Ranger 3,185; Duffer 3,298.

## Cemetery Workday Is Considered A Success

The annual Dothan Cemetery workday was well attended Saturday, May 3, as more than 20 brave people slid down the muddy lane to gather to work, visit and to share a picnic lunch. Families and friends came from West Texas, Austin, Abilene, Pottsboro, Clyde and local communities.

The heavy rains this year had made tending the cemetery extremely hard because of the dense grass and weed cover. The grounds were mowed in December and in early April. The main area of the cemetery had been mowed again just before the meeting.

The day was well used to do heavy work that had not been attempted before. Debris was piled and burned, and big piles of rocks were hauled away, stumps were dug, some bothersome yucca or "bear grass" was dug, water-damaged sunken areas were filled, and other needed work was done.

A great big thanks is due

## Rising Star Woman Is Found Murdered Sunday

An 87 year old Rising Star woman was found dead at her home Sunday after officials believe her home was broken into during the night. The body of Era Witt was found in her bedroom about 3 p.m. Sunday by a neighbor and a sister-in-law after their suspicions arose when Witt was not seen that morning.

Eastland County Sheriff's officials and Texas Ranger Gene Kea spent most of Sunday afternoon and Monday in Rising Star looking for more evidence.

Officials found a back window missing from the home and later discovered glass that had been swept from the floor in a field about 100 feet away. There were no signs of a struggle and nothing in the home was found disturbed except for the window. A dish towel stained with blood was found on the floor next to the bed and more on the floor were also discovered.

Harold White for three truckloads of fill dirt donated and delivered to County Commissioner Billy Bacon and his crew for a load of sand, donated and delivered, and to Brad Kimbrough for providing the tent.

The plan for a memorial savings fund that will support the upkeep in the future is progressing but is far from adequate. No money has been used from this fund, and will not be until interest will help, at least in part, for some of the upkeep. The dream is for a savings fund that will pay for the work by interest earned, but up to this time all work has been donated at the regular yearly meeting and by individuals during the year.

Donations and memorials can be sent to the Dothan Cemetery Fund at Olney Savings in Cisco.

The annual meeting date was changed from Memorial Day to the Saturday before to avoid conflict with Cisco Cemetery Memorial Day observance.

The motorcycle Randy was riding is shown in the above photo at the site of the accident.

## Man Is Seriously Injured In Accident

Randall (Donahoe) Hamilton was listed in critical condition Tuesday morning, at Abilene Hendrick Hospital after a motorcycle accident last Saturday. He was first taken to E.L.

Katha McDaniel Graduates From CJC

Katha Lynn McDaniel of Carbon was one of three outstanding students to graduate with Highest Honors from Cisco Junior College on May 9, 1987. Lynn received an Associate of Arts Degree with a 4.0 gpa. While at CJC she served as secretary of the Honor Society Phi Theta Kappa, as Vice

Graham Memorial Hospital in Cisco and was transferred to Hendrick after undergoing treatment there.

Randy was injured about 4:45 p.m. Saturday when he lost control of the motorcycle he was riding on Farm-to-Market Road 2807 about four miles north of Cisco.

Department of Public Safety Trooper Robert Ralls said Randy and 21-year old Doug Seabourn of Cisco were

President of the Blue Jackets, and was a member of the History Club.

She was named to Who's Who Among American Junior College Student, and voted Class Favorite Runner-Up for the 1986-87 school year. She was also named to the President's list and chosen as the most outstanding student in Speech.

Lynn is a pre-law major, and plans to continue her education at Tarleton State University this fall. She is the daughter of Mr. and Mrs. J.L. McDaniel of Carbon.

## Delia Lopez Graduates From SWT In May

Delia Lopez of Cisco was among the 1,573 Southwest Texas State University students who were candidates for degrees awarded in spring commencement ceremonies May 15-16 on the SWT campus in San Marcos. Daughter of Mr. and Mrs. Seferino Lopez of 901 Harris,

traveling side by side and when Hamilton accelerated to pull in front of Seabourn, his cycle ran off the right side of the roadway. It struck gravel, and Hamilton lost control.

Ralls said the cycle slid 90 feet before striking a guard rail. The cycle lodged in the guardrail, but Hamilton slid under it. He was not wearing a helmet.

Lopez received a bachelor of science in criminal justice degree with a major in corrections.

Hillary Doran, chief of staff for Texas Gov. Bill Clements, delivered the keynote address at the undergraduate ceremony May 16 in Straham Coliseum. The student speaker was graduating physics major Donald Willig of The Woodlands. Willig also received the 1987 LBJ Outstanding Senior Student Award. There were 1,422 candidates for bachelor's degrees and three candidates for associate degrees.

SWT mathematics professor Dr. Robert A. Northcutt delivered the keynote address at the Graduate School ceremony May 15. A total of 148 students were candidates for master's degrees conferred in Evans Auditorium.

## Court Of Inquiry On Attorney's Fees Is Underway

An items not discussed at Monday's County Commissioner's meeting was any final bill from Court-appointed defense attorneys in the recently-concluded Organized Crime Trial.

Reports from generally reliable sources indicate that the reason was that the Commissioners have not received all the bills - nor has the County Auditor.

Although lingering gag orders prevent comment by some officials, it appears that a Court Inquiry headed by Judge Herman Fitts is underway concerning these bills.

An Inquiry meeting set for last Friday morning was postponed, however, with no future meeting date available to the Press at this time.

Reports are that Judge Herman Fitts is holding these Attorney's bills at present.

## Dairy Queen Raise Money For Telethon

James B. Manale, owner of the Dairy Queen at 2101 Conrad Hilton Ave., raised \$205.83 in support of the Children's Miracle Network Telethon held May 30-31.

The CMNT aired live for 21 hours from Disneyland in Anaheim, Ca. in over 160 television markets to benefit more than 140 participating hospitals for children in the U.S. and Canada.

The CMNT is unique in that 100 per cent of the funds raised in each participating hospital market stay in that market to benefit the local hospital for children. Its primary mission is to help children receive comprehensive, efficient health care of the highest standards.

Mr. Manale says he is pleased to be a part of a national effort where the "Dairy Queen" system raised more than \$1.6 million.

National telethon co-chairpersons Marie Osmond and John Schneider were joined by co-hosts Merlin Olson and Marilyn McCoo and the Telethon featured performances by many of the major artists in the entertainment industry.

The Cisco store is one of over 4,900 "Dairy Queen" stores in the United States, Canada, and 12 other countries. International Dairy Queen, Inc. is one of the world's largest distributors of frozen desserts and hot food items.

## Judge Bailey Is Moved To New Office

Visitors to County Judge Scott Bailey's office on the second floor of the Courthouse will find a note on the door stating that the Judge has moved down the hall to the north-east corner office beside the Commissioners Courtroom.

This was the office he formerly occupied before the County Tax Appraisal Office was set up in these quarters. The Tax Appraisal Office moved to the west side of the second floor several months ago.

The Judge's quarters give him more room for the expanded County Court, which is reported to be quite active.

There are 105 cases on the docket at present, with a Court date of June 19. A trial date is set in July.

## local news in brief

### COMBINE DAMAGED

A grain combine was damaged considerably last Saturday when it caught fire in a field near Dothan, west of Cisco, according to a report by Bill Webb of the Cisco Volunteer Fire Department. Firemen took equipment there to put out the blaze. The combine is owned by Buster Pharr.

## MORAN NEWS

By Mrs. Luke Huskey

## Funeral

Mrs. Mae Delle Jones, Mrs. C.L. Miller and Mrs. Elma May Huskey attended the installation of officers for Albany Chapter, No. 733, in Albany last Monday night. Mrs. Jones was the Installing Marshal.

Mr. and Mrs. Leo Wiloth visited their daughter, Mrs. Bob Wilhoit, and family in Perrin Wednesday.

Mrs. C. W. Harper entered the Angelo Community Hospital in San Angelo Monday for treatment. Her address will be 3555 Knickerbacker Rd., San Angelo, Tx. 76904, if her friends want to send her a card.

Sarah Bridges of Abilene is visiting her grandparents, Mr. and Mrs. Wade Roberts.

Funeral for Mrs. Essie Pool of Breckenridge was held at 10 a.m. Saturday in the Lawn First Baptist Church. Burial was in the Ross Cemetery at Baird.

Mrs. Pool was born and reared in Moran and lived in Tuscola before moving to Breckenridge. She is survived by one brother, Homer Bell of Breckenridge, a sister, Mrs. Mellie McCray of Freeport and several nieces and nephews.

Mrs. Pat Gross and children of Dallas spent last weekend with her parents, Mr. and Mrs. Kenneth McKinney.

Guests of Margaret Schooler and John last weekend were Mrs. Marie Courbell of Bedford, Ken Egger of Pontiac, Michigan, and Mr. and Mrs. Sammy Elliott of Fort Worth.

Mrs. Loree Kays and grandson, Rayn, of Las Cruces visited Mr. and Mrs. L. C. Kays and Mr. and Mrs. James Garrett and family this week.

### VACATION BIBLE SCHOOL

A vacation Bible school will be held at the Baptist church in Moran starting Monday, June 22, through June 26. The school will be held from 9 until 11:30 a.m. All children of the community are invited to attend.

Moran and community received some more rain last Wednesday. No more rain is needed at this time, but it is not good to quarrel as it will get dry and we will be wanting some rain.

The grain harvest is getting in full swing, and it is hoped that the yield will be

real good and people can get the grain all cut before too much rain will be coming.

Mary King attended the Ninney Family Reunion in Haskell Sunday.

Larry Hallmark and children of Austin spent the weekend with his parents, Mr. and Mrs. Ronald Hallmark.

Elma May Huskey attended the annual Lipan Homecoming over the weekend.

Word has been received in Moran of the death of Mary Nell Brooks Clinton. She is a sister of Frances Crews of Moran. At this time, the funeral is pending. Mrs. Clinton passed away Sunday afternoon at 2 p.m. in a Houston hospital.

There were no jackpot winners for the Bingo games at the American Legion Hall in Moran Friday night. There were 43 players. A total of \$557.00 was given away. Juanita Boyett was the winner of the winner-take-all game for a total of \$164.00. This week the main jackpot will be \$235.00 and the mini jackpot will be \$100.00.

## Ciscoans Attend Graduation In Zephyr

Billie Clark, Mr. and Mrs. Allen Senterfitt, Mandi, Misti, and Marci, Mr. and Mrs. Larry Campbell, Kerry, Medi and Joe, Sandy Lankford and Louise Pryor of Cisco, Mary Clark of Gorman, Erica and Barbara Redman of Breckenridge attended the graduation of their grandson, nephew and cousin Craig Clark, Friday evening at 8 p.m. in the high school auditorium of Zephyr.

Craig is the son of Truly Clark of Carthage and Mrs. Harold Smith of Zephyr.

Tanya Smith, daughter of Mrs. Truly Clark of Carthage and Harold Smith of Zephyr, also graduate Friday evening at 8 p.m. in the high school auditorium at Carthage.

Truly Clark, who has been maintenance supervisor of the Carthage school system for the past four years, has accepted the maintenance supervisor position of the Grand Prairie school system. The Clark family will be moving to Grand Prairie during the first week of June.

## police blotter..

A bomb threat at Town and Country Convenience Store at Hilton and I-20 was investigated by the Cisco Police Department early Monday, June 1, Chief Billy Rains reported Tuesday. The store had received a telephone call that a bomb would go off there and police were notified.

Chief Rains, Officer Kenneth Preston and Officer Donald Wiley searched the store with no sign of a bomb being found.

Best Western Motel reported to police at 1:50 p.m. Wednesday, June 2, that a man had left without paying his two-day bill of \$60.48. Police were investigating.

A 25-year old black male was arrested by Officers Preston and Larry Weikel on June 2nd after he was stopped for a traffic law violation. His driver's license had been suspended. He was

placed in the county jail, Chief Rains reported.

Two bicycles were reported stolen between June 6 and 8. Jason Thomas, 311 East 21st Street, reported the theft of a Western Auto bike worth \$130. It is green and yellow with black mag wheels.

Ann Boyett, 1101 Avenue F, told police that her BMX bike worth \$130 was stolen.

A money bag containing \$15 was missing after burglars entered the office of Cisco Pump Co. Monday night. Officer Dale Smith was investigating the theft.

A 20-year old Cisco man was arrested for non-payment of outstanding traffic warrants Monday. He made partial payment and was released. A Scranton man was arrested Monday and charged with public intoxication. He was placed in the county jail, Chief Rains said.

## Lights From The Christian World

By Josephine Cleveland

One summer I visited Venice, a port city in Italy. Each time I passed in the vicinity of Saint Mark's Square, I'd stop and watch the pigeons in the square. Hundreds of them collected there enjoying the peanuts, grain and bread the visitors threw out to them. These medium-sized birds with shiny-sleek feathers strutted about proudly as they picked up food. They are always hungry in spite of their large crops which stores up great amounts of food.

There are 650 species of pigeons. One of the most useful species, the homing pigeon, is famous for his ability to carry messages hundreds of miles back to his home. Messages are rolled and put into a little capsule which may be attached to the pigeon's leg or back.

When the homing pigeon is young he is given short flights. Gradually he learns where home is. No one knows how they can find their way over hundreds of miles. The only explanation that can be given is that it is a God-given instinct.

Tom Barnard, a minister, Callahan County

Riding Club To Host Barbecue & Playday

The Callahan County Riding Club will have a barbecue and first playday of the season Saturday, June 13, at the riding club arena located at Eula.

Barbecue will be served beginning at noon and lasting through the playday, which will start at 2 p.m. Menu will be barbecue brisket, beans, potato salad and drink. Tickets are \$4.00 for adults and \$2.00 for children age 12 and under. Chopped barbecue buns will be \$1.50. A concession stand will be open serving drinks, chips, candy, and other items.

Trophies for high point in each age group will be presented, and ribbons through 6th place will be given. Age groups are eight and under, 9-12, 13-17, and 18 and over.

Those attending have been asked to bring chairs as there are no bleachers.

Entry fee for Little Miss contest is \$10.00. Send your name, address, phone, age, sponsor, parents name, and a recent photo to: Ranger Jaycee Little Miss Rt. 3 Box 19

Ranger, Texas 76470

Entry fee for Ranger Jaycee Rodeo Queen is \$25.00. Send your name, address, phone, age, sponsor, parents name, recent photo, and name of horse to: Rodeo Queen Contest Rt. 3 Box 19

Ranger, Texas 76470

Or you may pick up entry blanks at Greer's Western Store, 205 Main St. Ranger.

For more information call Shirley Gentry at 64-1566 in Ranger.

Deadline to enter is July 3, 1987.

him his pigeons. One pigeon had flown 500 miles in order to return home. He had "come in clean", the man told his friend.

"What do you mean by 'come in clean'?" the friend inquired.

"She had no mud, no dirt on her. She landed with clean feet," the man replied.

The homing pigeon has one main goal when away from home— that is to make it home. Nothing deters him. He takes no side trips, no

detours, no resting on the way, no letting up, no layovers.

Philippines 3:14,15 tells us, "I press toward the mark for the prize of the high calling of God in Christ Jesus. Let us therefore as many be

perfect, be thus minded..."

Friend, a person who has singleness of heart and a controlling spiritual purpose will pay whatever is necessary to be the best he can be. "Home is often some distance out ahead and it

takes perseverance, determination, single-mindedness to continually press on in spite of the earthly distractions along the way and the weariness of body and soul that is often the result of one's purpose.

Vince Lombardi, once coach of the Green Bay Packers, on an occasion said, "Man's finest hour is when he has poured out his life for a good cause and is exhausted on the field of battle— victorious."

**"Learning By Doing" Is 4-H Youth Program**

A nationwide study has shown that 4-H, the "learning-by-doing" program for youth between the ages of nine and 19, has made a positive influence on the life skills needed by adults to become self-directing, productive members of society.

The study was conducted by the Texas Agricultural Extension Service on cooperation with the Department of Rural Sociology at Texas A&M University and was funded by a grant from the Extension Service, U.S. Department of Agriculture.

A total of 1,761 individuals were part of the randomly selected sample of individuals. Of these, 710 indicated they were former 4-H members, 743 were former members of other youth organizations and the remainder had not participated in any youth group, said Dr. Howard Ladewig, Extension program evaluation specialist and leader of the study.

"Essentially, former 4-H members rated their experiences higher overall than did alumni of other youth organizations," said Ladewig.

Study results also showed that former 4-H members were more involved in community activities and 4-H leadership positions as adults than were members of other youth groups, with a particularly sizeable difference when compared to non-participants of youth programs.

4-H alumni were found to be more involved in Extension Service programs and activities and more often read or listened to Extension news.

"Compared to participants in other youth groups, 4-H alumni were more satisfied with the program's contribution to their personal development (development of self-worth, responsibility development and goal setting)," Ladewig said. "In addition, former 4-H members gave higher ratings to experiences in gaining knowledge and skills."

"On the other hand," Ladewig said, "members of other youth organizations perceived more opportunities for practicing leadership skills and receiving responsibilities."

The study also showed that the most useful experiences for both 4-H alumni and other youth group participants came from contact with other people in the organization. In addition, opportunities to develop skills and make a contribution to the organization were most highly rated by both groups.

"Learning to work with others and developing a sense of responsibility were traits that contributed highly to the personal development of members of all youth groups," Ladewig said. "However, 4-H members seemed more satisfied with their organization's contributions to personal development than did participants of other groups."

According to Ladewig, former 4-H members as well as past participants in other youth programs were more alike than nonparticipants in terms of race, years of age, level of family income and number of children taking part in youth programs. Nonparticipants also had lower levels of educational attainment, employment status and family income, he said.

The study also found that more than half of the former 4-H members belonged to other organizations as youths, mainly church groups and scouts. 4-H alumni also were more active in Future Farmers of America and Future Homemakers of America while other youth alumni groups were more active in all other organizations studied.

"Essentially, the study found that 4-H and other youth development programs can make a difference," Ladewig noted. "The 4-H program could enhance its status by a more effective public relations effort directed at nontraditional audiences, by designing programs for older teens and broadening leadership opportunities, and by more adequately challenging the personal development skills of all youths."

**Singles Encounter Group To Meet** Thursday

The Singles Encounter Group will meet at 7:30 p.m. Thursday, June 11, in the dining room of Traditions, Interstate 20 East, Cisco. Duke Dixon will conduct the group. All singles, 18 years of age or older, are invited to attend.

**Weather Rules For Safe Boating**

It's summer. For millions of Americans, and thousands of Texans, this means boating.

Many who go out on the water in small craft do so for the first time, and inexperienced skippers suddenly learn that responsibility for safe operations goes along with the fun of running a boat.

So before setting out: Obtain the latest available weather forecasts for the boating area. Where they can be received, the NOAA Weather Radio/NWR/continuous broadcasts (VHF-FM) are the best way to keep informed of expected weather and sea conditions.

If you hear on the radio that warnings are in effect, or see flags or lights at warning display stations, don't venture out on the water unless you are confident your boat can be navigated safely under forecast conditions of wind and sea.

While afloat: 1. Keep a weather eye out for: the approach of dark, threatening clouds which may foretell a squall or thunderstorm; a steady increase in wind or sea; any increase in wind velocity opposite in direction to a strong tidal current; a dangerous rip tide condition may form steep waves capable of broaching or capsizing a boat.

2. Check radio weather broadcasts for latest forecasts and warnings. 3. Heavy static on your AM radio may be an indication of nearby thunderstorm activity.

4. If a thunderstorm catches you while afloat, you should remember that not only gusty winds but also lightning poses a threat to safety. —Keep below deck if possible.

—Keep away from metal objects that are not grounded

To obtain one or more of these safety brochures, along with a listing of NOAA Weather Radio Stations and frequencies in Texas and around the Gulf of Mexico, contact the National Weather Service office or Marine Advisory Service Extension Agency nearest you. Additional information may be obtained from the Texas Safety Association and U. S. Coast Guard, or write or call the Marine Special Programs Meteorologist, National Weather Service Forecast Office, 830 NE Loop 410, Suite 300, San Antonio, Texas 78209, 512-822-1132.

Safe boating is no accident, it is a habit. Make this week, and every week, Safe Boating Week.

#### I've Been Wrong

by Gordon S. Clark

You sure can't rely on what people say. Like the time my wife asked me to clean the black off of an aluminum frying pan. I told her that was so tough I might not be able to get half of it off. So she said she would be satisfied if I just got half of it off.

Well, I took it out back and began scouring it with one of those little wire brushes on a hand drill. I started on one side and in a bit I was at the center line with the first half so bright you could see yourself in it. When I handed it to her that way she wasn't satisfied no how. Ain't that just like a woman? So before she let up I had to go out and shine the other half. I honestly did.

Foolishness aside, I hear that Taylor county commissioners voted a law requiring building permits to satisfy insurance companies about flood insurance. At least that is the reason they gave.

Let me explain how permits and inspections worked in San Diego, Calif. and decide whether Abilene is headed the same direction.

When Mother and Dad built their first house in San Diego, Co. the permits cost \$25. Within ten years permits and inspections had gone into hundreds. Last year our niece built a new house. Now the non-material-non-labor costs were into the thousands.

Now consider what you get for all those good things the bureaucracy provides. A lot near there I was digging a hole for a pool. The dirt was wheeled to a gully where we piled up rock to hold the dirt. But, I was instructed not to build over three feet high or the wall would require a permit, inspection etc. As we worked an inspector checking on the house a neighbor was building came by uninvited to check on the wall.

The neighbor had a kitchen where the ceiling joists measure ten ft. two in. They had to be torn out and replaced by two by six. No two by four over ten ft. they said YET on a tract of houses where I was a laborer they used two by four on fourteen ft. spans. How come? I was informed that the big contractor engineer had specified that they would not sag and supposedly staked his reputation on it. Never mind if the corporation might be dissolved and their loot spent before the joists had time to sag and the sucker who owned the house would be advised to hire a lawyer he could ill afford for an exercise in futility. Certainly you could do your own plumbing and wiring if it could pass a nit-picking inspection. But if you want no hassle, then hire the right union plumber or electrician and the inspector simply looks at the name and signs it as passed. Naturally those contractors are incapable of error so why look. Yes, that "inspection" would cost you exactly the same as going over it with the fine tooth comb you or your brother's work would have received.

Ah, yes, flood insurance. As police and firemen worked with boats and ropes rescuing people from flooded homes a policeman asked, "Why the devil let contractors build houses in the

canyons which are prone to flash flooding?" No mystery at all. The bureaucrats held cushy jobs protecting the public and as long as the permit and inspection money came in that seemed to be the whole point.

A word of warning however to any considering Californizing their community. I read a book titled "YOU CAN FIGHT CITY HALL AND WIN". Therein the author, a former City Attorney for NYC, told of a dozen ways to hook a city or other governmental unit into responsibility if you suffered injury or loss and the primary individual responsible had nothing to be sued for. Inspection was one of those strongest hooks.

Let me elaborate. In Abilene a year or so ago the city fire marshal put out the order that all dry cleaners would cease to use naphtha in cleaning and use a substance he designated. Unfortunately, the equipment used with the designated fluid was different and expensive. Only one company could supply and install it. Regardless of potential for bribery in such situations the cleaners would be forced to go out of business if they couldn't afford to be "taken to the cleaners" for new equipment.

Some thought they should hire a lawyer to plead their case, others thought they should hire a consulting engineer to testify for them. With only \$2,400. in their treasury either idea was a joke. I suggested they inform the city fathers that as the designated material was a chlorinated hydrocarbon

proven to be carcinogenic (cancer causing) that if an employee or client should charge that they had contracted cancer from long exposure to fumes or residues of it then the city would be targeted by any smart shyster. The tax payers would have their tax burden increased to pay off. Should a fire cause a poisonous cloud from a ruptured container to injure people in the neighborhood, as it certainly could, then the injured could look to the city, not the cleaner. For, when a government entity ORDERS anything they assume a responsibility.

On this you can bet your bottom dollar and it is that each time someone proposes another device for chipping away another bit of the peoples freedom and expects them to pay for that tyranny, it will be proposed as for some noble cause and sold as promoting the general welfare.

At the same time I believe it was Jefferson who said he had no lamp with which to guide his feet into the future but by the light of history. If I quote one wrongly there are few who know differently and few in doubt who will take time to look it up.

Did they take my advice and what did the City of Abilene decide?

Frankly, I never even checked to see. I thanked the cleaner who invited me to the meeting when I phoned him my suggestion, thanked him for the free dinner and the ride home.

Remembering that the Bible tells of Lot's wife turning to a pillar of salt, I try not to look back very often.

### Lake Leon Mission To Begin Worship Services Sunday

The Lake Leon Mission will begin worship services this Sunday morning, June 14, at 9:30 a.m., with Sunday School to follow at 10:30 a.m. Evening worship will be held at 5:30.

The Lake Leon Mission is located in a trailer house on Highway 2214, on the left

side of the road, before the Y, which goes to Desdemona.

These services are being sponsored by Mangum Baptist Church, with Dwaine Clower bringing the message.

Everyone is invited to attend these services.

These are State Qualifiers who will compete in the State Meet in Andrews on June 5th and 6th. Wende Beggs, Kalli Arther, Tisha Sharp, Amber Harrison, Tish Arther, Casseye Bailey, Shelley Turner, Tiffany Purdom and Kelly Green. Not Pictured: Tiffany Martinez, Lauren Erwin, Paige Hamrick, Joshua Fambro, Shana Miller, Tifni Arther, Kendra Harbour, Dustin Williamson, Bryson Kanady, Jarrod Kanady, Traci Crocker and Lance Curry. Dana Squiers, Misty Keith and Matt Hughes qualified, but will not compete at State.

### Local Artist - Sculptor Presents Willie Nelson With Bronze Bust

By Viola Payne  
Dale Stewart of Cisco, artist and sculptor, presented Singer Willie Nelson his bronze bust on Sunday, June 7.

The presentation was made about 7 p.m., just before Nelson's outdoor concert on the Bud Pavlichek ranch west of San Angelo. Nelson had his first view of the sculptured portrait when Stewart carried it to the singer's private bus, which was parked near the large outdoor stage. He had previously approved a model of the bronze piece from a photo sent by Stewart.

The event Sunday was called "Thank You Willie Nelson Day," and was also a benefit concert for an individual waiting for a liver transplant. About 5,000 people from all around the area

attended, including some from Eastland County.

Dale Stewart was among the Guests of Honor listed on the program.

Stewart first knew Willie Nelson about 25 years ago, when he sang in the San Angelo-Coleman area before he became famous.

Nelson's reaction to the bust of himself was "fantastic", Stewart says. "He really brightened up when he saw me with the bronze."

Stewart presented the piece to Willie with "love and appreciation for what you have done for the nation and Farm Aid."

He visited with Willie before the singer went on stage. After the hour-long concert, Willie called him back on the bus, and discuss-

ed old times and the bronze piece again.

Nelson approved the casting of three more of these bronze sculptures: one for his friend Jalapeno (Sam) Lewis, one to be raffled in a Farm Aid Concert in Nebraska in September, and one for Dale Stewart to keep.

Stewart began his work on the bust of Willie Nelson in Feb., 1986, and completed it in March, 1987. The bronze was cast at Hoka Hey Art Foundry, near Dublin. Stewart says he considered it a "challenge to capture Willie Nelson's personality." Those who see the striking piece know that he succeeded.

The bronze was exhibited at Eastland National Bank in early April, and at Cisco High School shortly afterward.

### County Commissioners: Money Requirements Expected To Be Higher Next Year

Eastland County Commissioners held a regular meeting on Monday, June 8, with all four Commissioners present. County Judge Scott Bailey presided.

The Judge opened a pre-budget discussion, with some of the 1987-88 requests from various officials in for consideration. It appears that the new budget will be higher than that of the last fiscal year, which ran over 2.8 million.

There was a discussion of the tax valuation it would take to meet the increased demands on the county. An added value to sales taxes is also a possibility.

Emma Morris, county auditor, showed the Commissioners a bill for ambulance and other medical services for a prospective juror who became ill in the

Courtroom during jury selection for the organized crime case.

It was reported that the man "said he didn't want an ambulance," but one was called anyway.

The ambulance bill for carrying him to Eastland Memorial Hospital was \$159, with the hospital bill \$80 and doctors services from a clinic \$40.

Commissioners voted to pay to hospital and clinic bill, but to question the full price for the ambulance service - since the county is carrying two memberships in this service.

Another item under discussion was a request from Sheriff Don Underwood for funds to pay for keeping prisoners in other counties. The Sheriff was unable to be present, due to his investigation of a murder in Rising Star.

Billy Bacon, commissioner of Pct. 1, reported that there were 21 inmates presently in the County Jail, and he thought there were five still being housed in Stephens County.

Dale Hawkins of Sun Production Co. requested permission to cross County Road 497 in Pct. 2 with an oil and water pipeline. The request was granted.

This subject led to a discussion of trouble with some other companies on pipelines. L.T. Owen, commissioner of Pct. 3, said he was having trouble right now with an unauthorized line laid across a road.

The worst offenders, he said, were companies who sell out to others. The new owners of the oil properties sometimes don't want to be responsible for promises previously made to the county.

The Commissioners said that representatives of companies who sign contracts with the county should be held individually responsible.

Judge Bailey suggested that he try to draft all future contracts in a way so that obligations shall be assumed by all future purchasers of companies.

On a happier note, the Commissioners reported that the auction of county equipment in Cisco on May 30 was very successful. More than \$24,000 was brought in from the sale of used items.

#### Cisco Softball Association

#### Tournament

Cisco Softball Association is hosting a girls' teenage softball tournament this week.

Play is set to begin Thursday, June 11, at 6 p.m. with three games that night. There will also be three games Friday, June 12, beginning at 6 p.m. The girls will play all day Saturday, June 13, beginning at 10 a.m. The championship game is scheduled for 8 p.m. Saturday.

This will be a seven team double elimination tournament including two teams from Cisco, two from Eastland, and one each from Gorman, DeLeon and Ranger.

The concession stand will be open each night. Barbecue brisket with all the trimmings will be served Saturday.

Everyone is invited to Whitley Field, located on North Front Street near the football field in Cisco to support these girls and watch exciting softball games.

### History Sampler.....

Z.H. BEEN

Mr. and Mrs. Z.H. BEEN's country home about 1909 showing from left to right Rufus Been, Z.H. Been, Mrs. Been, Mrs. Ownby, Mrs. Been's Mother, Raines Been's nephew, Raines Been, Elzo Been, and Virgil Been.

Zachariah Houston Been, born August 30, 1857 in Sebastian county, Arkansas and died March 12, 1941. He married January 9, 1881 to Julia Ann Ownby, born December 2, 1862 in Walker county, Georgia, and died December 17, 1950. They are both buried in the Long Branch cemetery in Eastland, County, Texas. They had four children, Julia Etta, Elzo Francis, Jesse Virgil, and Rufus Oscar.

The family moved from Sebastian county, Arkansas in 1891 to the Simpson community, later known as Kokomo, in Eastland county. They traveled by covered wagon. They farmed in this location, raising cotton, corn and longhorn cattle. Houston sold out in 1893, and returned to Arkansas where they still owned a farm. They spend the next seven years there, during which time Julia Etta died and was buried in the Liberty cemetery at Greenwood, Arkansas.

In 1900 Houston and Julia sold their Arkansas farm and returned to Eastland county, buying 160 acres in the Long Branch community. There was a one room log cabin and a small box house, using the log cabin for a kitchen, and they lived in the small house.

When the family completed a spacious farm home, the cabin and small house were incorporated in the building of a large barn. The house was ranch style and was kept painted and good condition at all times. They had a lawn and Julia had lots of flowers in the yard.

Houston bought 320 acres more land in a short time, and he raised cotton, corn, maize, and Hereford cattle. He never sold his grain or cotton seed at the end of a crop year, and sold them for seed at the beginning of the next year at a higher price.

Houston and Julia became known as Uncle Hous and Aunt Julie. Aunt Julie was a marvelous cook. As was the custom of the early days the long dining table was covered with a cloth at the end of the meal, leaving much food for the next meal. When the grandchildren visited they knew where the fried chicken, fried pies, and other goodies were located, and many times when the cloth was removed there were several empty dishes. Aunt Julie was happy to be living in Eastland county because she had two sisters living here, Mrs. Matt McAllister of the Long Branch community, and Mrs. Mary Hearn of Carbon.

Uncle Hous bought a Buick automobile about 1915. He had it delivered and took it to a small clearing in front of his house. He started the car and was driving it in circles. Aunt Julie heard him hollering "Whoa-damn-it!". He finally drove the car into a large oak tree and never tried to drive again. He always had two or three men working for him, and one of them always had to drive for him.

During the oil boom of the 20s Uncle Hous sold 40 acres across from the Long Branch church and school. There was a refinery built on this land and for a time furnished heat and light for the church and school. The Beens were active members of the church until Uncle Hous's hearing got so bad that he could not hear the preacher. They were still supportive of the church and the community in a monetary way as long as they lived.

The Beens were good citizens, and all who knew and remember them loved them.

# Obituaries

## Myra Ripley

GORMAN - Myra Sue Ripley, 50, died Saturday at a Dublin hospital. Services were at 2:30 p.m. Monday at the First Baptist Church with the Rev. Ron Carroll officiating. Burial was in the De Leon Cemetery, directed by Higginbotham Funeral Home.

Born in Gorman, she was a lifelong Gorman resident. She was a receptionist for Birdsong Peanut Company and a member of the First Baptist Church.

Survivors include two sons, Tony Ripley of Brownwood and Jeff Ripley of Stephenville; a daughter, Kathy Hunt of Dallas; her parents, Mr. & Mrs. Lowell Pittman of De Leon; a sister, Greta Gardner of De Leon; and three grandchildren.

## Jesse Sims

JOSHUA - Jesse Sims of Joshua, a self-employed pipeline welder, died Wednesday at his home. He was 45.

Funeral were at 11:00 a.m. Saturday at Croser-Pearson Funeral Home in Cleburne. Graveside service were with Masonic rites at Caddo Cemetery in Joshua.

Mr. Sims was born in Carbon. He was a member of Calvary Baptist Church in Odessa. He was a member of the Haltom City Masonic Lodge 1331 and was a 32nd-degree Scottish Rite Mason.

Survivors include his wife, Zara Sims of Joshua; three sons, Ted Sims and Tim Sims of Joshua, and Terry Sims of Albuquerque, N.M.; one daughter, Jo Anna Pearson of Burleson; his parents, Mr. & Mrs. Winifred Sims of Joshua; and one grand-daughter.

## Beulah Robertson

ODESSA - Beulah Lee Robertson, 82, sister of Oran Crowner of Rising Star, died Saturday at a local nur-

sing home. Services were at 2:00 p.m. Monday at the Higginbotham Funeral Home Chapel in Rising Star. Burial was in Amity Community Cemetery.

Local arrangements were made by Hubbard Kelly Funeral Home.

Born in Pioneer, she was a longtime Odessa resident. She was a homemaker and a member of the Immanuel Baptist Church in Talpa. She was the widow of H.W. Robertson.

In addition to her brother, she is survived by a son, Bill Robertson of Arlington; two daughters, Bobbie Martin of Midland and Peggy Ellen of Odessa; five grandchildren; and four great-grandchildren.

## Colin Carey

ANSON - Colin P. Carey, 88, died Saturday at a Lubbock hospital. Services were at 3:00 p.m. Tuesday at the Lawrence Funeral Home Chapel with the Rev. Robert Evans officiating. Burial was in Mount Hope Cemetery.

Born in Stephens County, he lived in Mitchell, Scurry and Floyd Counties before moving to Jones County in 1961. He was a farmer and a Baptist. He was a member of the Texas Cowboy Reunion Old Timers Association, Lions Club and the Red Cross.

Survivors include three sons, Jim Carey of Anson, David Carey of Odessa and Colin Carey Jr. of Hillsboro; three daughters, Sarah Vaughan of Lubbock, Evelyn Thompson of Houston and Frances Bryant of Hillsboro; two sisters, Lois Harris of Ranger and Ada Dulin of Colorado City; 11 grandchildren; and seven great-grandchildren.

## James Notgrass

CISCO - Funeral services for James G. Notgrass of Midland were held at 3 p.m. Friday, June 5, in Ellis

Chapel in Midland with Elder J. E. Barrington and Elder J. S. Kirkpatrick officiating. Interment followed in Resthaven Memorial Park under the direction of Ellis Funeral Home.

He died in Midland Memorial Hospital Tuesday, June 2, 1987.

Born August 4, 1899, in Nimrod. He was raised and attended school in Nimrod, and married Rosa Williams March 2, 1927, in Cisco. Mr. Notgrass farmed in Martin and Midland counties until 1953. At that time he began work as a dirt contractor, retiring in 1982. He had lived in Midland since 1957.

He was a member and deacon of the Primitive Baptist Church.

Survivors include his wife, Rosa Notgrass of Midland; five sons, Buri Notgrass of Odessa, Troy Notgrass of Round Rock, Buddy Notgrass of Midkiff, Dale Notgrass of El Paso, and Randal Notgrass of McMahan; three daughters, Nita Howard of Stanton, Orita Smith and Lynn Dell Ramsey, both of Wingate; one brother, W. B. Notgrass of Cisco; one sister, Mrs. Auta Lee Reed of Austin; 28 grandchildren and 23 great-grandchildren.

## B. J. Miller

CISCO - Funeral services for Bobby Jarrell Miller Sr., 51, of Grandview were held

Wednesday, June 3, with Rev. Stephen Hatfield officiating. Burial was in Grandview Cemetery.

Mr. Miller, a former Cisco resident, died at Washington Regional Medical Center in Fayetteville, Ark.

Born November 2, 1935, in Stephenville, he attended school at Stephenville and Cisco, graduating from Cisco High School in 1954. He also attended Cisco Junior College.

He married Rosie Walton in 1963. He served in U.S. Army during the Korean Conflict.

He was supervisor for Bell Petroleum Rubber Co. and worked part time for Grandview Insurance and Real Estate. He was a member of the Baptist church.

He is survived by his wife, Rosie Miller of Grandview; two sons, Anthony Miller of Angleton and Bobby Miller Jr. of Arlington; two daughters, Georgia Miller of Austin and Lucille Longley of Winslow, Ark.; ten grandchildren; his mother, Opal Broughton of Stephenville; six brothers, Harwood Miller of Hot Springs, Bun Miller of West Virginia, Kenneth Miller of Proctor, Gene Miller of Granbury, R.D. Miller of Fate, Orville Miller of Stephenville; two sisters, Alta Brown of Stephenville and Ann Evans of Houston.

## Horace Pogue

EASTLAND - Horace G.

Pogue, 63, of Eastland, died at 8:10 a.m. Sunday at Eastland Memorial Hospital.

Graveside services were held at 2:30 p.m. Tuesday at Eastland Cemetery, directed by Edwards Funeral Home.

He was born September 4, 1923, in Merkel. He married Vera Bennett. He was a Methodist and a veteran of World War II. He worked for the Santa Fe Railroad, retiring several years ago. Mr. Pogue was a member of the VFW.

Survivors include his wife, Vera Pogue of Eastland; and a brother, Jack Pogue of Pass Christain, Mississippi. Memorials may be made to the West Texas Rehabilitation Center in Abilene.

## Richard Turknett

CISCO - Richard A. Turknett, 78, died Monday at a local hospital. Graveside services were at 2 p.m. Tuesday at the Oakwood Cemetery, directed by Cisco Funeral Home.

He was born September 16, 1908. He was a lifelong Cisco resident. He was a retired general contractor and was the widower of Hazel Agnew Turknett.

Survivors include a brother, Ray Turknett of Stephenville; four sisters, Oleta Noble of Andrews, Cordie McClelland of San Angelo, Odessa Garrett of

Lubbock and Grace Grozier of San Saba; and three grandchildren.

## Mrs. Ara Meyer

CISCO - Mrs. Ara Stewart Meyer, 71, died Sunday, May 31, 1987, in Athens. She was born Dec. 1, 1915, in Cottonwood.

Funeral services were held Monday, June 2, at the First Baptist Church of Eustace with Rev. James Kinman officiating. Burial was in Moorehead Cemetery.

She married James H. Meyer, and had lived in Eustace the past 19 years, moving there from Dallas. She was a retired billing clerk for Sears.

Survivors include her husband, James H. Meyer, of Eustace; one daughter, Miss Jana Meyer of Eustace; three sisters, Mrs. Ruby Hendley and Mrs. Myrtle Davis of Eustace, and Mrs. Marie Davis of San Leandro, Ca.; and several nieces and nephews.

Pallbearers were Laddie Davis, Weldon Davis, Joe Hendley, Lloyd McCarley, Gene Foster, Marvin Thompson, and Gordon Folmar.

Thursday,  
June 11, 1987

## Charles Eudy

CISCO - Charles R. Eudy, 62, died Thursday, June 4, at a local hospital. Services were at 3 p.m. Sunday at the Kimbrough Funeral Home Chapel with the Rev. Ken Diehm officiating. Burial was in Pisgah Cemetery near Cisco.

Born August 14, 1924, in Cisco, he had been a lifetime resident. He served in the Navy during World War II and the Korean War. He worked for Reynolds Manufacturing and was a Baptist.

He was preceded in death by two sons, Charles Richard Eudy Jr. and Leslie Eugene Eudy.

Survivors include a daughter, Candace Scoggins of Jacksonville Beach, Fla.; a son, Jerry Maurice Eudy of Winoski, Vt.; his mother, Sopha Eudy of Cisco; a brother, Bill Eudy of Cisco; four sisters, Maurine Thompson and Mary Knott, both of Cisco, Virginia Dayton of Norman, Okla. and Martha Emerich of Pensacola, Fla.; and three grandchildren; and his close friend, Maggie Thompson.

Pallbearers were Lin Marta, Gerald Bint, Joe Clack, M.Y. Hallmark, Tracy Adams and Ted Fields. Honorary pallbearers were Jerry Anderson, Freddie Anderson, Virg Stillwell, Daryl McCrary, J.W. Stephens and Richard Gish.

# Fishing Outdoors

By Terry Wilson

Lynda Wende of Cisco winner of 2-person bass boat.

Sunday at 5:00 p.m. Wal-Mart employee Christy Renteria drew the winning number of Lynda Wende of Cisco, Texas. Lynda was awarded a 2 man water Buster boat equipped with a 28 pound Minn Kota trolling motor and 105 amp Voyager battery.

Money raised by this event will enable the Eastland County Bass Club to expand and improve the youth's division in their 1987 tournament Sept. 13, 1987 at Lake Leon. The E.C.B.C. would like to thank everyone for their donations. And a special thanks to Outdoors Unlimited, Fullen Motor Co., and Wal-Mart for their extra efforts to help ensure education of our youth in the preservation of "The Great Outdoors."

Saturday, June 13 the E.C.B.C. will be holding its in-club tournament at Lake Graham. Headquarters will be at the City Park. For more information contact Eddie Green 629-2184.

Congratulations to Butch Willingham who won the Lake Coleman tournament. Full details were unavailable.

Don't forget the Wal-Mart fishing contest will run thru June 21st. So take that crappie, bass or catfish by and get entered.

From time to time our lake reports may seem somewhat incorrect on our local lake like, Proctor, Hubbard Creek, P.K., Brownwood etc. What happens is I am unable to gather reports sometimes on these impoundments and will use reports compiled by the Texas Parks and Wildlife. These reports are accurate, but unfortunately they normally run about one week behind. To avoid possible problems for you, I will begin dating reports I use from the Parks and Wildlife. All other reports will be as current as 1 day and not older than 3. I do apologize for any problems this may have caused.

The swift water below dams supports many large fish. However, fishermen often consider heavy current too difficult to fish, even if they realize large fish call this area home. Huge catfish thrive in this fast water...and they can be caught, according to the Mariner Outboards fishing experts.

Hydroelectric dams span many rivers, and when power is being generated, the increased flow creates even swifter conditions.

Bait fish drawn through the turbines are injured and flushed down to waiting catfish. Below most dams, rocks and boulders provide ideal resting and ambush points for catfish to attack the hapless victims that drift or swim by.

Bait fish also inhabit these areas because water temperatures remains cooler and the oxygen content is higher. This concentrates bait fish and all species of fish.

Fishing methods must be modified from other river techniques. Boat control is the most critical skill required; without it, you'll drift over the prime fish-holding spots before your bait even reaches the bottom.

To take good numbers of catfish, utilize the boat control method called "slipping." When "slipping," fishermen con-

trol their drifts by holding their boats against the current. Face the boat into the current, and keep the outboard in great, idling fast enough to maintain a slow downstream drift, so the lure and bait can be fished vertically (under the boat). A slow bait presentation allow catfish a chance to see and take your offering.

The most successful bait and tackle are also different than normal catfish gear. The rocks that harbor these fish will eat your tackle unless you perfect boat "slipping" and rig like the experts.

A single or double hook rig can be easily created using a three-way swivel and a sinker about 12 inches from the other end. To keep from re-tying after every drift, use a rubber band (3/4 by 1/16 inches) to attach your weight to the line on the rig.

The rubber band allows the weight to bump the bottom, keeping bait in the fish zone. If it doesn't become hung, pull hard on the line and then snap it back. The weight should pop out of the toughest snag. The worst case is the loss of an inexpensive weight and not the entire rig. This method saves you money, and also saves fishing time.

Bait used on these catfish rigs varies from area to area, but live minnows, shad strips, chicken and turkey livers are the favored bait. Many fishermen use scents, also.

This simple but effective method will take good numbers of catfish which live in the swift water below dams.

## Allison - Lowrie Wed May 30

Miss Alice Ann Allison, daughter of Mr. and Mrs. Euell E. Allison of Gorman became the bride of Marvin Shane Lowrie, son of Mr. and Mrs. David Lowrie of Ropesville, in ceremonies performed Saturday, May 30, 1987.

The First Baptist Church of Eastland was the scene of the 7:00 p.m. wedding with brother of the bride, Alvie Edwin Allison, Minister of Music of Tate Springs Baptist Church, Arlington, Texas, officiating. Decorations featured candelabra which consisted of three fifteen-candle arches and four seven-candle adjacents, accented with cascading corsages in the colors of rose and wedgewood blue. The candles were lighted by Adrienne and Stacia Allison of Arlington, nieces of the bride. The unity candle was at the left of the altar in large brass candle holder, flanked by parents' candles in matching brass holders on each side.

Beautiful nuptial music was provided on organ by Jerry Dodge of Azle. Wedding songs included a duet, "Together," by Mr. and Mrs. Alvie Allison with organ accompaniment; another duet "To Me," by Kathy Tutt and Darrell Thrash who accompanied on his guitar; and "The Lord's Prayer," by Linda Allison with organ accompaniment.

The couple was given in marriage by their parents. The bride wore a gown of

ivory satin, taffeta, crystalline organza, Venise and Schiffl lace. The wedding ring collar and deep V bodice was of silk floss Venise lace appliques over an illusion yoke. Appliques on the bodice and front skirt panel were edged with bugle beads, seed pearls, and iridescents. The soft basque waistline held a full gathered A line skirt of organza over taffeta which was edged with Schiffl lace and organza ruffles. The applique and jewel laden illusion back was closed with tiny satin covered bridal buttons beginning at the neck and trailing to below the waist. A burst of organza ruffles formed a cathedral train. Her hat of seed pearls and re-embroidered alencon lace held a beekeeper's blusher, pearl studded pouf, and a split fingertip veil of illusion. Her cascade of silk Magnolia, rose and white butterfly orchids, Stephanotis, Lilly of the Valley, Baby's Breath entwined with English Ivy and ivory and rose streamers was atop a white Bible carried by her cousin in her wedding. The bride wore a lavalier belonging to her grandmother Lovell.

The bride was escorted to

the altar by her father who was wearing a pin-stripe grey suit. Matron of Honor was Linda Allison of Arlington, sister-in-law of the bride. Maid of Honor was Kathy Tutt of Lubbock; bridesmaids were D'aun Brown of Carbon, cousin of the bride; Carolyn Foster, cousin of the bride from Eastland; and Amy O'Brien of Eastland. The bridal attendants wore tea length dresses of rose taffeta with fitted bodice and scooped necklines. The dresses featured puffed sleeves and V back. The shoulders were accented with self bows. Each attendant carried a cascade of silk rose magnolias, blue poppies, Baby's Breath and English Ivy enhanced with rose ribbons. They also wore a pearl necklace - a gift from the bride.

The groom wore a Bill Blass pearl grey tuxedo coat with cummerbund and tie to match. The trousers were black with pin-stripe of charcoal grey. His boutonniere was a blue bachelor's button. The groom's Best Man was his brother, Randy Lowrie of Huntsville.

Other Groomsmen were Darrell Thrash, Lubbock; Ricky Putman, Post; Chris Mayo, Brownwood; David Hodge, Corsicana. They wore pearl tuxedos with matching cummerbunds and ties. Ushers were Curtis Newman, Victoria; Kenneth Betik, Ennis; Larry Collom, Coleman; Kris Brown, Carbon, cousin of the bride; and Jim Cole Brown, May. Each wore a single blue bachelor's button boutonniere.

Kristal Brown of Carbon, cousin of the bride, served as flower girl. She wore a floor-length dress of rose polyester with a fitted bodice. The dress featured puffed sleeves and V back. Ruffles enhanced the yoke and skirt. Her ivory satin and lace covered basket was adorned with rose and ivory silk pedals.

Ring bearers were David Allison of Arlington, nephew of the bride, and Tate Martin of Amarillo, nephew of the groom. They wore pearl tuxedos and blue boutonnieres.

The registration table was attended by Lisa Lowrie of Ropesville, sister of the groom. She and the candle lighters were identical wedgewood blue taffeta dresses fashioned like the bridesmaids.

For her daughter's wedding, Mrs. Allison chose a mauve colored tea length dress of polyester, accented with pearls and crystal beads. She wore a silk triple

orchid corsage with white lace and rose taffeta ribbon. The groom's mother chose a grey silk dress. She wore identical corsage with blue taffeta ribbon.

A 1983 graduate of Carbon High School the bride was graduated from Tarleton State University May 17, 1987. Her maternal grandmother is Mrs. Henry Lovell of Carbon and the late Henry Lovell. Paternal grandparents are the late Mr. and Mrs. Edwin Allison. The groom, a 1981 graduate of Ropesville High School, was a 1985 graduate of Texas A&M. He is employed as Assistant County Agent in Midland. His maternal grandparents are Mr. and Mrs. A.H. Lamm of Seminole. Mr. Hudsey Crossland of Seminole is his maternal great grandfather. His paternal grandparents are Mr. and Mrs. Leon Lowrie of Ropesville.

The bride and groom left the sanctuary of the church as the Aggie War Hymn was played.

After the wedding a reception was held in Carlton Hall of the church hosted by Mr. and Mrs. Fred Brown of Eastland. The brides table was laid in ivory miramist with rose pink satin overlay. Appointments of silver graced the table flanked by two silk exotic airy flower arrangements in rose and blue accented with dark blue. The five tier white cake was centered with a lighted flowing fountain. Decorations were rose-pink bows and white sugar bells topped with a crystal ornament. The super imposed bridal portrait was displayed in a hand fashioned padded frame of pink rose taffeta adorned with hand made ivory roses. Attending the bride's table were Kathy Tutt, D'aun Brown, Carolyn Foster, Amy O'Brien and Beverly Brown of May.

The groom's table was covered in maroon double knit with silver appointments. Decorations consisted of a floral arrangement in a western boot and Texas A&M mascot emblem. The chocolate cake featured a large design of a hand with a large inscription of GIG 'EM. Molded boot mints were also served. Presiding at the groom's table were Mr. and Mrs. Randy Lowrie and Lisa Lowrie.

A brass easel displayed a collage of adolescent pictures of the bridal couple and families. A gift table featured a full length portrait of the bride.

Photographers for the wedding and rehearsal were

Kenneth Halford of Carbon, and cousins of the bride Jerry Barton of Levelland and Scott Barton of San Antonio.

Mrs. Jerry Barton of Levelland cousin of the bride, decorated the church and constructed the silk floral arrangements.

Other members of the house party were Mr. and Mrs. Bill Brown, aunt and uncle of the bride, of Gorman, Mrs. Bobby Tucker of Carbon, Mrs. Scott Mauney and Mrs. Charles Little of Eastland, Miss Karen Brown of Stephenville.

The rose and blue roses filled with bird seed were distributed by Adrienne and Stacia Allison. A bird bath topped by love birds also held bird seed outside the church.

For going away, the bride chose an aqua dress hat, and ivory accessories. After a wedding trip to Stephenville and Ft. Worth the couple is living in Midland.

The rehearsal dinner was hosted by the groom's parents in Carlton Hall of the church.

A bridesmaids' luncheon was hosted by Mrs. Alvie Allison and Mrs. Bill Brown in the community room of Eastland National Bank.

Pre-nuptial parties included a miscellaneous shower in the home of Tina Walker in Carbon, hosted by Tina Walker, Faye Tucker, Elizabeth Sandlin, Oma Mae Hughes, Lavene Stubblefield, Gladys Hale, Doris Joiner, Martha Schooler, Rosetta Carlton, Wanda

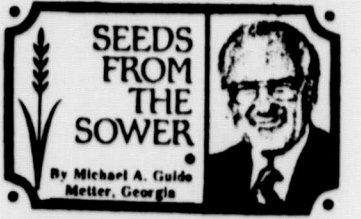

Bryant, Carolyn Little, Caye Mauney, Wanda Pack, Janice Novak and Jo Nell Jackson.

A lingerie shower was given for the bride by Amy O'Brien in Stephenville.

Out of county guests were from Bolivar, Tn., San Antonio, Levelland, Midland, Red Oak, Arlington, Lubbock, Azle, Huntsville, Post, Brownwood, Corsicana, Victoria, Ennis, Coleman, May, Abilene, Mineral Wells, Weatherford, Cross Plains, Stephenville, Granbury and San Angelo.

Thursday,

June 11, 1987

One day, when I was a boy, I did something bad. It grieved my mother, and lovingly she asked me not to do it again.

Angrily, I replied, "I'll do what I like. I can do what I want to with my own life."

But I was wrong. When a person sins, he doesn't do what he likes; he does what sin likes.

You can let a habit get such a grip on you that you can't break it. You can allow a pleasure to master you so completely that you can't do without it. Yes, every one who practices sin is a slave of sin.

Want freedom? Try the Lord. He breaks the power of canceled sin. He sets the prisoner free.

## 4th Of July Celebration

From page 1...

be the ones allowed to sell it. Mr. Webb also said that they are getting quite a bit of participation in the other events. As in years past there will be an egg toss, sack races, and other activities to fill the day.

The Little Miss Cisco Pageants will also highlight the day. The pageant will begin at 7:00 p.m., at the Pavillion in City Park.

And to top off the day, the Cisco Chamber of Commerce is working hard to provide the fireworks display that will end the days activities.

The next meeting of the 4th of July committee will be Monday, June 15, at 4:30 p.m. at the Cisco Chamber of Commerce office. Anyone who is interested in participating in the activities are urged to attend this meeting.

## Alan D. Myers Elected

From page 1...

leadership and active involvement in community affairs.

In response to the election, Myers commented, "I owe much to the savings and loan business and it is truly an honor to have the opportunity to serve the thrift industry and the state of Texas in this capacity."

Myers began his career in the S&L business 28 years ago. He joined Olney Savings in 1959. Currently, a billion-plus dollar institution, Olney Savings has 39 offices throughout northwest Texas and is one of the top S&Ls in the state.

An active citizen in his community, and a native of Olney, Myers currently serves as president of the Board of Industry and Commerce, and vice chairman of the Hamilton Hospital Board of Directors. He is also past president of the Olney Board of Education, Olney Library Board, Olney Rotary Club, Community Chest, Little League and the Olney Volunteer Fire Departments.

Serving two terms as mayor of Olney, Myers was

honored with a special award from his city. He was named "Outstanding Citizen" for his efforts during a Pipeline project. A critical shortage of drinking water for the citizens of Olney called for emergency installation of more than 13 miles of waterline by volunteers from almost every walk-of-life.

A 1958 graduate of Baylor University, Myers is now a member of the Baylor University Development Council and is a past director of the Alumni Association. He and his wife, Jan, have five children and are members of the First Baptist Church of Olney.

The Texas Savings and Loan League is an organization comprising of member savings and loan associations and industry associates throughout the state. Its purpose is to promote the growth and development of savings and loan associations in the state of Texas and to support the thrift industry through active political involvement regarding issues having direct impact on financial institutions and the people they serve.

## news in brief..

With the number of registered boats in Texas recently hitting an all-time high, Governor Bill Clements has signed a proclamation designating June 7-13 as Texas Safe Boating Week.

Texas Safe Boating Week coincides with National Safe Boating Week, sponsored by the U. S. Coast Guard and the National Safe Boating Council. This year's nationwide theme, "Be Smart - Take a Boating Course," is aimed at encouraging young and experienced boaters alike to take advantage of the many safe boating courses that are available.

The Texas Parks & Wildlife Department reports there are currently 607,655 registered boats in Texas, the greatest number ever recorded. In addition, Texans own thousands of sailboats, which require no registration.

"Boating is one of the most economical and popular forms of family outdoor recreation, and we want to make sure it remains enjoyable for everyone," said Louis Raven, District Director of the Boating Trades Association of Texas (BTAT). "Taking a boating course and becoming more familiar with the rules of the road, required safety equipment and maneuvering guidelines greatly increases the odds that all your boating trips will be pleasurable ones."

In the ceremony at the State Capitol, Clements joined with representatives of the boating industry, service

and safety organizations to make the proclamation. Groups represented were BTAT, the Marina Association of Texas, the U.S. Coast Guard Auxiliary, the U.S. Power Squadrons, the National Weather Service, the American Red Cross, the Texas Parks & Wildlife Department and the Texas Safety Association.

The Boating Trades Association of Texas is a statewide organization of boat dealers, manufacturers, distributors and other involved in the marine industry. BTAT strongly supports educational programs which enhance the pleasures and safety of recreational boating.

### WORD OF GOD

#### Old Testament

And the Lord said, I will destroy man whom I have created from the face of the earth; both man, and beast, and the creeping thing, and the fowls of the air; for it repenteth me that I have made them.

But Noah found grace in the eyes of the Lord.

Genesis 6:7,8

The Cisco Press

## New Program Will Boost Rural Income

The Texas Department of Agriculture is beginning a new program to boost income in rural areas. This program is designed to link up rural artisans with urban markets through Country Crafted Texas.

This new program is open to rural artisans from areas outside the city limits of town of 25,000 or more. They must be Texas residents working in their own homes or studios. Their hand-crafted material must be original (no kits or commercial patterns). They need to be able to reproduce their crafted items for sale (retail, wholesale or commission). Due to state health regulations, food items cannot be accepted.

The Department, in conjunction with the Texas Farm Crisis Hotline, will print an attractive promotional directory listing the rural artisans and the type of things they make. The Country Crafted directory will be widely distributed to press outlets, marketers, and likely consumers.

In addition, TDA will offer Texas rural artisans various opportunities to exhibit their crafts in high-traffic shows. For example, TDA will feature Country Crafted participants at the State Fair in Dallas in October. Also, in November, Austin's Sami Show has agreed to "adopt" selected country artisans

and to show and sell their wares, for a small commission on sales.

Texas Department of Agriculture needs help in compiling a list of rural artisans who may be interested in participating in Country Crafted Texas.

Forms are available at the Cisco Chamber of Commerce or The Cisco Press offices for those interested in this program. The forms are postage prepaid.

## Crazy Water 10K Run To Be Held

For the fourth straight year, the Crazy Water 10K Run will highlight the Crazy Water Festival to be held June 20th at Mineral Wells.

Once again this year's 10K Run is expected to draw several hundred runners from throughout North Texas. Trophies will be presented to the top three finishers, as well as medals to the top three runners in each of the 16 divisions. Runners will compete in the 14-under, 15-20, 21-25, 26-30, 31-35, 36-40, 41-45, and 46-over divisions for both male and female competitors.

For the less serious runner, a two mile Crazy Run will also be held. Both runs will begin at the City Park and wind through the streets of Mineral Wells. The 10K Run is scheduled to start at 9 a.m. with the 2 mile run set at 9:05 a.m. Pre-race registration fee is \$7.00. On race day registration fee will be \$10.00. T-shirts will be given to each entry.

Entries may be sent to Crazy Water Festival, PO Box 393, Mineral Wells, Tx. 76067. For more information call 817 325-4495.

## When Jesus Returns . . .

By IVAN PAGE

If you want a home in Heaven above, you have to turn your malice and hate to love. You have to quit sinning too, and ask the Lord to forgive you. But don't take the word of just any man, unless you are sure it is God's plan. So, take your Bible off the shelf and read God's word for yourself.

The salvation plan is all the same. But there are lots of groups with a different name. Although you will find some that will say you can't get there except my way. Like traveling here near or afar, you can't get there except in my car. We have

Fords and Chevys and other makes too. But it is not the name that will carry you through. We have black and white and other colors too, but it is not the color that will get you through.

So, let us work hand in hand and live a life just like God's plan. There is plenty of work for each to do. If we are going to help some others through. So let us pray and pray some more, let us pray as we never prayed before, and ask the Lord to lead the way as we go about from day to day, that we might hear hundreds say, "I have accepted the Lord today."

# People n Things

MR. CARL Ziehr's wife Mary Ann has published a book entitled "Up the German Road." And the Cisco Writers Club plans to hold an autograph party to introduce her book to the public here from 7:30 to 9 p.m. Tuesday, June 16, at the First National Bank's community room.

The book concerns the German families who settled south of Cisco in the late 1800s and of the first German church and German school in the community. The cover was designed by Mrs. Voy Wilks, local artist.

There'll be more about the party and the book prior to the party.

IS MR. RICK Frazier, coach of the Cisco Junior College Wranglers, doing any thinking about football this summer? You bet, he is. The coach is devoting half days to helping with a special course for young folks out at the college. And he spends his afternoons and nights thinking football, he reports.

Mr. Frazier reported that they have the names of 148 football boys on their roster for the coming year, and he expects 125 to 130 of them to report when training commences in August.

THE CONGREGATION of First Baptist Church honored Mr. Doug Brunley and his new bride with an old fashioned pounding and home-made ice cream party last Sunday night following the worship service. As you know, this young couple was married last month after he took over as music director at the FBC.

The Brumleys are living on Bliss Street and a good many church members have contributed to furniture and furnishings for their first home. They received a good many gifts of assorted things, including money, at the Sunday night party.

OVER AT FIRST United Methodist Church, they're getting set to hold a "Welcome Back, Ken and Kenda" luncheon following the morning service next Sunday. As you know, the pastor, the Rev. Ken Diehm, has been reassigned to the Cisco church for another year.

Following the annual district conference in Waco last week, Rev. Diehm was among a group to be ordained as an elder. In the Methodist church a person seeking ordination first becomes a deacon, which is like serving an internship. After two to five years as a deacon, the person becomes an elder or leaves the ordained ministry.

Rev. Diehm has completed a year in Cisco and is in his 4th year as a minister. He was an assistant minister for two years. He is 29 years of age and is the son of a Christian Church minister who lives in California.

GLAD TO HEAR that Mrs. Bobby (Beverly) Smith, Cisco, is progressing after undergoing surgery last Friday at Parkland Hospital in Dallas ... Principal Jack Martin of Cisco High School, who does a good job as a baritone soloist, played the violin as special music at the Methodist Church last Sunday morning ... You'll be pleased to know that Mrs. Sterling Drumwright, who underwent surgery in Big D last week, is doing nicely ... As so is Mrs. Bill Clinton, who underwent surgery last week in a Dallas hospital ... Mrs. Azalee Henderson of Cisco was due home Monday after undergoing surgery at Hendricks Hospital, Abilene, last week ... And Mrs. Sophia Eudy of Cisco was in North Richland Hills Hospital, Fort Worth, for another operation - her 8th since suffering a hip fracture and knee problem sometime ago. Surgery was scheduled there Monday.

THE HILTON Community Theater's dandy musical, "I Do, I Do," ended last Saturday night after three "sold out" audiences last week. Mr. Jack Boyd, movie and play critic for KRBC TV, Abilene, gave the show an excellent review, like everyone else did who saw it ... Mmes. Ruby Lee Pirtle, June Hicks and Lela Lloyd will be going to Big D June 18th to attend the three-day state convention of Delta

Kappa Gamma. And the program will include presentation to Mrs. Lloyd of an award by DKG for her book on Conrad Hilton.

LELA LLOYD'S Hilton book, by the way, continues to sell well at the Hilton Center and at area book stores. And she received an order for a case of 40 books from an Alaskan wholesaler last week ... Mary Carey, former Ciscoan who now lives in Alaska, has advised her sister (Mrs. Lloyd) that the new Carey book, "Belle of Texas Freedom - Jane Long," is now off the press. The cover for this was designed by Gene Kinser, former CHS teacher who is now area representative for the Texas Teachers Association. Mrs. Carey added that some Houston folks recently visited her in Alaska and purchased a dozen copies of the Jane Long book ... Have you noticed the mosquitoes? The recent rains have caused them to thrive. Let's all eliminate breeding places in our neighborhoods.

THE SUNDAY Abilene newspaper carried a nice story about Mr. Dan Wester and his Puttin' on the Ritz Restaurant. The item was accompanied by a four-column color photo showing the interior of the restaurant and Mr. Wester.

The story, a by-line piece by Kim M. Aho, tells the story of the Ritz and the history of the building, which was once the Huey Hotel.

THE JAMES Cottons were in Abilene several days this week making pictures of campers at Southwest's camp for band folks and cheer leaders at H-SU ... Cotton's Studio works with Mr. Eris Ritchie's camps each year ... A local couple was

swimming in Lake Cisco near the John McGuire cabin last weekend and saw a big snake swimming toward them from the opposite shore. And it was a rattlesnake with eight rattles. They got a shotgun and killed it ... Lake Cisco gained something like four feet of new water during the rainy weather the past two or three weeks.

THERE'S A couple of new farmers in town these days. They are Chad and Dan Hastings, sons of Ronnie J. and Sylvia (Hart) Hastings of Waxahachie. And they're visiting their grandparents, the Buster Hastings and Mrs. Vina Hart in Cisco. The Buster Hastings went over to Waxahachie last weekend and the two youths came home with them. They're helping Granddad Buster at his farm southeast of town ... Dan Hastings, one of the grandsons, suffered a serious injury last year when an auto struck him and his bicycle. Glad to hear that he has recovered.

THE FIRST National Bank has a repeat "Artist of the Month" for June - Mrs. Betty Armstrong. There are a number of her oil paintings on display at the bank and they're very good, indeed. She lives with her husband, Billy R. Armstrong, at 708 Avenue I in Cisco. You'll want to go by the bank and see the pictures ... Vance and Sherry Hennington and children Lee and Lisa are back home after a vacation trip down south to the Texas coast ... Mr. Boyce Donaway, who is employed by Comanche County REA, is back home and doing nicely after undergoing arm surgery last week at Hendricks Hospital in Abilene. His missus, Pam, works at First National Bank and was with him at Abilene ... Reading the advice of assorted speakers to spring graduating students, Neighbor Jones decided, with tongue in cheek, to issue this bit of counsel: It's a

hard, cold world out there - don't go!

## Births .....

ANDREW J. SPEEGLE Gary and Kim Speegle of Stephenville are proud to announce the birth of their son, Andrew Jordan. He was born at 2:55 p.m. Friday, June 5, 1987, at Harris Methodist Hospital in Stephenville. He weighed eight pounds and eight and a half ounces, and was 23 inches long.

Maternal grandparents are Van and Patsy Chambers of Cisco. Paternal grandparents are Betty Speegle of Cisco and the late Doug Speegle. Maternal great-grandparents are Mr. and Mrs. Alton Barnett of Odessa and Fay Chambers of Cross Plains.

## club news .....

ROTARY PROGRAM Dr. Tim Boersma will serve as program chairman at the weekly luncheon of the Cisco Rotary Club at their meeting Thursday at Henson's Restaurant, President Joe Cooper has announced. Last week's program, a musical presentation arranged by Susan Wester, was introduced by Rotarian Allen Masters.

## USE THE Classifieds

THE CISCO PRESS

Michael McGough and John Exline were having fun riding their bikes through rain water last Monday on Beech Ave., after a heavy downpour. Michael is the son of Johnny and Belinda McGough of Cisco and John is the son of James and Dixie Parten of Cisco. (Staff Photo, courtesy of Cotton's studio.)

## Cisco Gun Club To Hold Annual Cookout Saturday

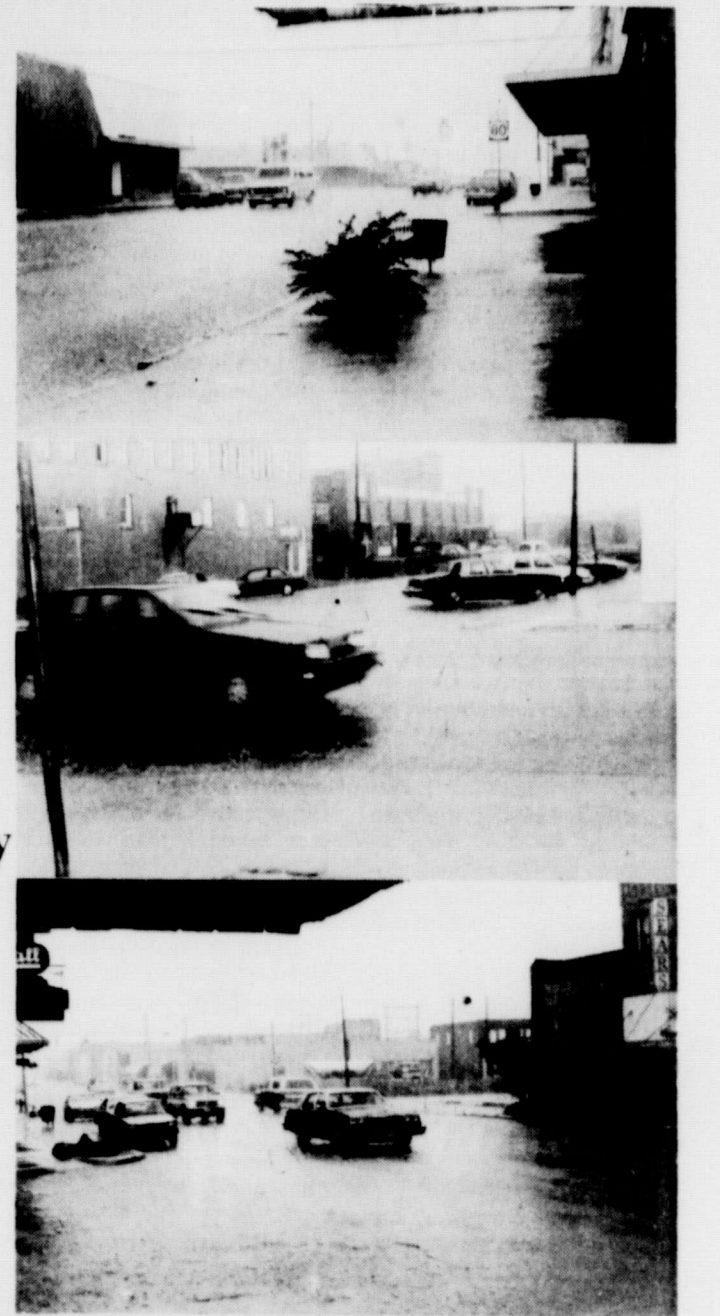

The Cisco Gun Club will hold its annual cookout for members and their families Saturday, June 13, at the local range.

There will be a "fun-shoot" beginning at 10 a.m. with lunch following. Hamburgers, hot dogs and all the trimmings will be provided by the club.

## the weather ...

Approximately an inch of rain was registered in area gauges Monday and Monday night, according to a survey Tuesday morning. Threatening weather was forecast for the next several days.

## Scenes On Conrad Hilton Of Mon. Afternoon Rain

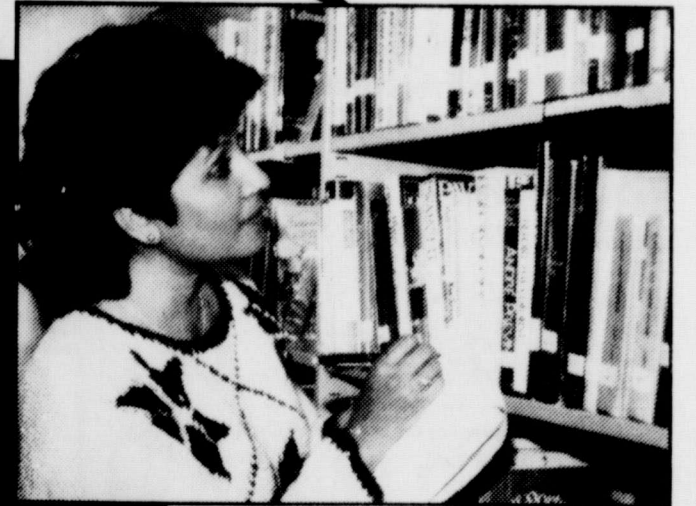

# From the Red River to the Rio Grande: WTU people are good neighbors!

West Texas Utilities is proud of its employees and their community involvement. WTU people are working to help their neighbors, and to better their communities throughout the WTU service area. ■ Where there's a need, there's a WTU employee willing and able to help. They're involved in youth athletic activities, school programs, community improvement projects, church and civic affairs, as well as in volunteer work with senior citizens, ambulance services, fire departments and much more. ■ WTU people are truly good neighbors, from the Red River to the Rio Grande.

**Ruby Smith,** Bookkeeper-Cashier, Childress, is involved with the Sheltered Workshop which offers the handicapped the opportunity to be self-sufficient.

**Leticia Hartnett,** Bookkeeper-Cashier, Ft. Davis, serves as a volunteer helping out on fund raising and cataloging for the Jeff Davis County Library.

**Randy Brooks,** Librarian, McCombs, takes the time to lend a hand as a little league coach for boys and girls.

**Freddy Anderson,** Serviceman, Cisco, believes that as a FFL leader he can help develop the community leaders of tomorrow.
