Council Votes To Place Stop Signs On West 17th

City of Cisco Council members were in agreement on the approval of installing a new four way stop sign to be placed at the intersection of Avenue G and West 17th street, at their regular meeting held Tuesday, September 8, in the council chambers.

An ordinance of the City of Cisco will have to be amended designating the location of the new stop sign. City council members and Mayor Joe Wheatley will hear the second reading at the next city council meeting.

In other action, the city council passed a resolution of the City of Cisco authorizing Mayor Wheatley to amend the fire fighting contract with Eastland County by extending the term of the contract to September 30, 1988. City Manager Mike Moore said this resolution doesn't change anything for the city of Cisco.

Council members approved the proposal of the Hilton Community Center proposed income and expenditures for motel tax purposes for the year of 1987-88. The tax budget for the Hilton Community Center includes \$5,000 in motel tax revenue with \$3,900 to be used for building maintenance and \$1,100 to be used for grounds maintenance.

The mayor and council members listened to the first

reading of an ordinance consenting to the assignment of the cablevision franchise from TCI Growth, Inc. to TCI Cablevision of Texas, Inc. Mike Moore said there will be no change in the cable service for the citizens of Cisco with this assignment.

The council members all agreed to cooperate in the formation and participation in the West Central Texas Interlocal Crime Task Force. Manager Mike Moore said this task force will be for the purpose of combating the ever increasing narcotic and criminal activity within the city of Cisco. Eastland County will be one of 13 counties that will be participating in this task force.

An ordinance that was added to the agenda was to consider the approval of an ordinance approving rate schedules to be charged by West Texas Utilities Company in the City of Cisco.

WTU filed with the City of Cisco a request for an increase in electric utility rates to be charged within the city of Cisco in the amount of approximately \$53.8 million per annum on a total company basis.

The ordinance was declared an emergency so that the second reading was dispensed with.

Council members in attendance were John Muller, Rural Chambers, Vernetta Pierce, Roy Dennis, Arlie

Whitley and Allen Masters along with Mayor Joe Wheatley, and city manager Mike Moore and city secretary Ginger Johnson.

Commodities Will Be Given Out Sept. 24

Central Texas Opportunities, Inc. will distribute USDA Commodities at Cisco from 8:00 a.m. to 11:00 a.m. on Tuesday, Sept. 22, 1987. Items available this month are butter and cheese. All eligible persons will receive emergency food assistance without regard to race, sex, political beliefs, age, national origin, or handicap. Shut-ins are encouraged to designate an authorized representative to pick up for them. Commodities will be distributed on a first come-first serve basis. Volunteers are greatly needed and appreciated to help with this much-needed program.

Community Resource Meeting To Be Held

A Community Resources Meeting will be held at the First Baptist Church, 405 S. Seaman in Eastland, on Thursday, Sept. 17 at 12 noon. Community and Church leaders and others of the general public are invited. A discussion will be held about the food, clothing and job needs of the needy people of Eastland County, and hopefully some solutions can be found. Bring a brown-bag lunch if you wish and participate in this meeting.

Lady Lobo Track Team To Run Sat.

Coach David Summers and members of the Lady Lobo track team will participate in a "get acquainted and fun meet" at 8 a.m. Saturday at Abilene Christian University in Abilene.

Each girl will run 800 meters in a two mile cross country relay. Coach Summers reported.

Expected to make the trip were Shoshoni Clark, Shannon Buck, Cheryl Dowdy, Christi Shepard, Leigh Callarman, Ginny Pope, Robin Musser, Jana Muller, Amy Hounshell, Cindy Choate, Angie Mitchell, Kay Ingram, Melanie Maples, and Marlena Trice.

Methodist Church To Hold Note Burning Service Sunday

The congregation of First United Methodist Church will hold a special note burning service Sunday morning to mark the completion of paying for improvements of some \$190,000 at the church during the past few years.

The Rev. David Adkins of Fort Worth, former pastor of the local church, will be the speaker for the special morning service, it was announced by the Rev. Ken Diehm, pastor. Mr. Adkins was pastor here when the im-

Cisco Lobos Lose Merkel Game Friday Night

The Cisco High School Lobo football team lost last Friday night when the Merkel Badgers defeated them 38-to-14 in a game played there.

The Lobos will have a chance to get back on their winning streak when they play Early here Friday night at 8 p.m. Head Coach Buddy Sharp said the Lobos will

have their work cut out for them. Early is a big strong 3-A team.

When asked about the Merkel game, he said the Lobos were on kind of a high after their two winning scrimmages and their win against Anson. He said they weren't mentally prepared for Merkel.

Coach Sharp said there

were some mistakes made especially on defense but they have been working on that this week. The Lobos will be a little tougher when they play Early.

Brian Wagnon will be playing in the Early game, but it is doubtful about Curtis Taylor playing this week. William Pevey, who sprained his ankle at the Merkel

game, will not be playing this week.

The Lobos made their first score Friday night when quarterback Jarrod Jeffcoat threw a 26-yard pass to Kody Wallace with 6:18 left in the second quarter. The PAT was no good.

David Zell ran in to make a touchdown for the Lobos

from the 1-yard line with 10:10 left in the third quarter. The Lobos passed for the extra points making the final score Cisco 14 and Merkel 38.

Stats were unavailable at press time, but they will be in the weekend issue of The Press.

CJC Wranglers Beat Blinn JC With 17-to-10 Win

Trailing by a score of 3-0 with ten minutes left on the clock, the Wranglers of Cisco Junior College got their grid machine into high gear to score two touchdowns and earn a 17-to-10 victory over Blinn JC in non-conference football at Brenham last Friday afternoon.

The game had been scheduled Thursday night but was postponed due to a severe electrical storm that struck Brenham just before game time. Heavy rain fell during the storm.

The contest was the

Wranglers' final outing before their annual Lions Benefit Bowl meeting with Ranger JC at Breckenridge at 7:30 p.m. Saturday, Sept. 19. Tickets for the game are on sale by Cisco Lions Club members at \$3 and \$1 (or one dollar more at the gate in Breckenridge).

The Ranger team opened their 1987 season with a 43-to-0 victory over the Howard Payne JV in Brownwood last weekend.

At Brenham, the Wranglers had moved the ball fairly well but seemed to

bog down before they could mount a serious threat last Friday. In the 4th period, Cisco drove to the Blinn 20-yard line in a sustained drive. Paul Jones circled for on sale by Cisco Lions Club members at \$3 and \$1 (or one dollar more at the gate in Breckenridge).

The lead didn't stand up long as Blinn took the kickoff and sustained an 80-yard drive to score with six minutes left. They kicked

goal to make the score, 10-7.

On their next possession, Cisco was held for downs and punted. The Blinn back dropped the ball and Chris Cooper recovered the fumble. After bogging down on the 30-yard line, Edwards was called on and split the uprights to give CJC a 10-10 tie.

Late in the game, Dean Brandenburg tipped a Blinn pass that was intercepted by Darrell Robertson who ran for a touchdown. Edwards added the extra point to give Cisco a 17-10 lead that stood up.

The game was injury free except for QB Pike Martin being knocked out in the third quarter. He recovered and was reported to be ready to play.

The coaches named Chris Cooper, 6-1, 265-pound tackle from Houston, as the Wranglers' top defensive player. He had six unassisted tackles, one sack and recovered a fumble.

Coach Rick Frazier and his staff held a practice session for freshmen members of the squad Sunday afternoon to make preparations for a game they had scheduled with McMurry College freshman Tuesday afternoon in Abilene.

In the last issue of The Press, we had Patricia Ray's address at Texas Tech. The name of her dorm should have read Stancel Hall, instead of Stanzel Hall.

In Monday's issue of the Fort Worth Star Telegram there was a story on the people going to San Antonio to see Pope John Paul II. The story told of one man who said he didn't meet many Catholics during his childhood in Cisco. His name was Nugent Myrick, who is 52-years old and lives in Houston.

Most of everyone we have talked to can't recall the name, but maybe someone else does. If you do, please let us know at The Press.

Mr. and Mrs. R.I. Greer returned to Cisco last Wednesday from Flagstaff Arizona. They said the weather sure does seem hot in this area. When they left Flagstaff it was 39 degrees.

I received the following information from Maureen Wells, the assistant director of Creative Ministries.

This being proclaimed "Constitution Week," I found it very interesting.

performed as special guests at the Waylon Jennings Con- cert sponsored by KTAB-TV in Abilene.

The first halftime show was Sept. 3 when the Wranglers played Panhan- dle State. Last Saturday the Wrangler Band and Belles

Fax Rate For Over 65 Frozen

Tax Rate Adopted By Board

A tax rate of 92 cents per \$100 valuation was adopted by the board of trustees of the Cisco Independent School District for the 1987-88 school year at their monthly meeting Monday night at the administration building.

The new tax rate represents .849 cents for maintenance and operations and .071 cents for bonded debt service. This represents an increase of some 11 cents per \$100 over the rate for

1986-87, which called for .7583 cents for maintenance and operations and .0517 cents for bonds.

Supt. Ray Saunders noted that the tax rate for people over age 65 remains frozen and will not be affected by the new rate.

In other action, the board voted to reject all bids for a contract to build a new dressing room for girls at the high school gym. Bids opened last Thursday night were all too high, the board decid-

ed. The board decided that the school will act as contractor for the dressing room and sub-contracts will be called for. A contract for use of a "sniffer dog" to locate dope was approved. The dog was used last year with good results, officials said.

Early class dismissal dates were approved as follows: Oct. 23 (homecoming), Nov. 3 (faculty meeting), Nov. 25 (Thanksgiving), Dec. 23 (Christmas), March 11, Eastland County Stock Show, and May 26 (last day of school).

Career ladder recom- mendations were approved, and the board voted to hold future meetings in the new board room at the executive offices. It was decided to sponsor an open house at the new Elementary School on Oct. 19 from 6:30 to 9 p.m. Details will be announced soon.

President Bruce Stovall presided and all members of the board were present.

CJC Board Of Regents Agree To Buy Equipment

Purchase of an electronic organ for Harrell Fine Arts Building at the Cisco campus and 15 computers for the Abilene center were approved by the board of regents of Cisco Junior College at their regular monthly meeting Monday night at the college.

Les White Music Company of Abilene was the low bidder for the organ sale. The new organ will replace an old one that has been declared beyond repair and in use at the college for several years.

The new computers will be used in class work at Abilene. The Compuadd Corporation of Austin was the low bidder in the amount of \$15,795.

Dr. Henry E. McCullough, college president, reported that enrollment for the fall semester totalled 1,690 as of Monday. This represented an increase of some nine percent over last year and was believed to be the largest enrollment ever for a fall semester at the college, Dr. McCullough said.

The board voted to increase tuition for cosmetology to \$400 for students and \$500 for instructors and to increase the tuition for the vocational nursing program to \$400.

A statement of purpose of the college as required by the Southern Association of Schools was approved, and changes in the open meeting act that became effective

Sept. 1 were discussed. The board approved the employ- ment of 44 part-time instruc- tors for Cisco, Clyde and Abilene centers and the employment of Mrs. Gail Fischer as a library clerk in

Cisco. Business Manager Ralph Glenn made a monthly finan- cial report, and other routine matters were handled. L. D. Woolley, board president, presided.

Two From Cisco Help In Saragosa Rebuilding

The Labor Day weekend became a weekend labor of love for more than 670 volunteers who helped a tornado-ravaged West Texas town experience physical and spiritual rebirth.

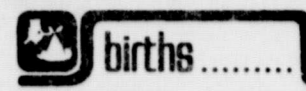

James "Bud" Coats, and Vernon "Mutt" Orr, of the First Baptist Church in Cisco were among the volunteers helping in Saragosa.

In an around-the-clock ef- fort Sept. 5-7, the volunteers— most of whom were Texas Baptists — sought to rebuild Saragosa, an Hispanic community of 350 that was leveled by a tornado on May 22.

About 80 retired couples, ages 57 to 81, and at least 150 Hispanic Baptist Men joined more than 300 other builders in the project. By sundown Sept. 7, Baptist Menonite and other volunteers had repaired 30 homes, completely built two new homes and brought 19 other new homes to within 80 percent of completion.

"The volunteers are leav-

ing behind more than just nails and boards and a little sweat," according to Bob Dixon, executive director of Texas Baptist Men. "The hammering away that they are hearing now will continue hammering away in their hearts."

WHITNEY HARRIS

Christopher and Nicole Harris proudly announce the arrival of their sister, Whitney Shellea, on Tues- day, Sept. 8, 1987, at 8:38 a.m. at Eastland Memorial Hospital. Whitney weighed eight pounds and 14 ounces, and was 22 inches long. The proud parents are Dr. and Mrs. Gary Harris. Paternal grandparents are Mr. and Mrs. Weidon Harris of Cisco. Maternal grandfather is John White of Cisco. Pater- nal great-grandfather is Vennie A. Harris of Brownwood.

County Joins Drug Task Force Plan

Eastland County Commis- sioners approved a program Monday where this county will join 12 other area coun- ties in forming a task force against illegal drugs.

County Sheriff Don Under- wood presented the plan to the Commissioners, explain- ing how four officers and a "team leader" would spend a year working on drug cases. The program is ex- pected to cost around \$200,000, which would come from state or federal grants.

The counties involved in- clude Eastland, Brown, Callahan, Coleman, Taylor, Fisher, Jones, Mitchell, Nolan, Runnels, Scurry, Shackelford and Stephens. The Task Force would begin work in November if it gets the grants.

The funds would be used to support programs which im- prove the apprehension, prosecution, adjudication, deten- tion and identification of drug offenders. Specific goals would be the location and seizure of metham- phetamine and other labs, and the arresting of violators of all drug laws.

Don Underwood said the 5-man Task Force would work from County to County. The approval of the Commis- sioners gives them authority to come here. The Force would also have authority to

arrest drug traffickers driving from county to county. The Sheriff stated he felt this program would be considered help in the apprehen- sion of all persons connected with illegal drugs.

Eastland County Bass Club Invitational Draws A Crowd

By Terry L. Wilson
Sunday, September 13 at Lake Leon the Eastland County Bass Club hosted its largest Invitational to date. 233 Anglers from across the state were on hand for what proved to be an excellent day of fishing. 202 black bass 14 inches or longer were brought to the scales. Most of the anglers who weighed in did have two or more fish. And three anglers were able to obtain full creel limit of 5 fish.

The top 5 results were 1st Butch Willingham, 5 fish, 12.36 pounds; 2nd Scott Pierce, 5 fish, 11.36 pounds; 3rd Bud Wood, 2 fish, 9.37, 4th Ted Hale, 4 fish, 7.37 pounds and 5th Lloyd Waddington, 3 fish, 7.28 pounds. Unfortunately one angler's polygraph was deemed inconclusive by the polygrapher. J.L. Stracner of Abilene was disallowed due to body movement during the exam. The polygraph was given 2 1/2 times with the same results. This event was unfortunate. I'm sure most of you recognize J.L. from previous reports we have carried. This gentleman is recognized as the angler to beat at most of the

tournaments he enters. But for what ever the reason, if a contestant can not pass the polygraph, tournament officials are required to either disqualify the contestant or disallow his catch.

Thirty-seven Junior Division entrants were on hand this year, and caught some excellent fish. First place was won by Jason Hart, 3 fish, 6.94 pounds, Second place Justin Lawrence, 1 fish 3.79 pounds, Third Sandy Gilly 1 fish 2.12 pounds, and 4th Chance Reid, 1 fish 1.91 pounds.

For Jason's first place finish he received \$250.00. Also a special presentation was awarded from Mepps, a Bass spinner bait kit. Second received \$125.00 along with a LR 9 lightening rod compliments of Berkley Trilene and their Ambassador James Fullen. Third place received \$75.00. Fourth place \$50.00. Each youth who did not place in the tournament was eligible for a cash drawing compliments of American Legion Post 553 Eastland County. The winners received \$60.00 and \$40.00. Also the juniors were treated to prizes simply for signing up, and again at

weigh-in for the non winners. These kids names were drawn from the hat for an excellent variety of prizes. These prizes were sponsored in part by Berkley Trilene, Mepps, Outdoors Unlimited and Fishing Outdoors.

Many of you are probably wondering what was done with all these largemouth lunkers which were caught. A mere 16 fish were dead. The remainder were chemically treated and released back into the lake. Live release is a requirement in all Eastland County Bass Club tournaments. Thank you gentlemen for your efforts to preserve our fisheries for future generations.

Big Bass honors were won by First place Bud Wood, 6.78, Second Marlyn Moore 3.92, Third J.G. Moore, 3.86. These gentlemen had a 50, 30, and 20 percent split respectively.

Congratulations to all this years winners and for the rest, there's always next year the second weekend of September on Lake Leon.

Don't forget Brown County Opend Lake Brownwood September 20, 1987. Hope to see you all there.

Winners in the Senior Division of the 12th Annual Eastland County Bass Club Tournament were: (r to l) First Place, Butch Willingham, Second Place, Scott Pierce, Third Place, Bud Wood, Fifth Place, Lloyd Waddington, and Fourth Place, Ted Hale.

Junior Division winners in the 12th Annual Eastland County Bass Club Tournament were: (l to r) Second Place, Justin Lawrence; Third Place, Sandy Gilly; First Place, Jason Hart; and Fourth Place, Chance Reid.

Woman Returns From Mary Kay Seminar

DALLAS—Dessie Hooks of Olden, an independent Beauty Consultant for Mary Kay Cosmetics, has just returned home from three days of intensive sales and product training in Dallas as a participant in Mary Kay's 1987 National Seminar.

More than 25,000 independent beauty consultants and sales directors flocked to Dallas between July 16 and July 29 to attend one of four consecutive three-day meetings. In keeping with the company's commitment to recognize outstanding business women, this year's multi-million dollar seminar was appropriately entitled "Success Express!"

To enable Dessie, who joined Mary Kay in Sept. 1983, to build her Mary Kay business in the months ahead, dozens of specialized classes were held each day in product knowledge, Color Awareness, sales training, business management, goal setting and other valuable tools for business success.

Besides intensive training, company founder and Chairman of the Board Mary Kay Ash also uses the annual meeting to personally

reward and recognize the outstanding achievers of the past year. During four identical Awards Night extravaganzas, the company distributed more than a million dollars in fur coats and jackets, luxury vacations, shopping sprees and gold and diamond jewelry.

Mary Kay Cosmetics, Inc. is an international manufacturer and distributor of premium skin, hair and body care products, cosmetics, toiletries and fragrances.

Registration Continues For Guys And Dolls Golf Tournament

Early registrations indicate that the annual Guys and Dolls golf tournament scheduled Saturday and Sunday, Sept. 19 and 20, at Lakewood Recreation Center between Cross Plains and Rising Star, may enjoy its largest field in history.

Teams are already assured from: Baird, Clyde, Cisco, Abilene, Houston, Brownwood, Coleman, Cross Plains and Rising Star.

Lakewood committeemen are considering accepting no more than 36 teams. A decision on this matter had not been reached yesterday but some felt that a greater number might overcrowd the nine-hole course.

L.E. Allen, Lakewood president, reports the local facility is in probably its finest condition ever. Recent rains filled the club lake to capacity. Water hazards now come into play on three

of the nine holes. Fairways were being manicured yesterday in preparation for first round play Saturday morning.

A fish fry for golfers will be held in the clubhouse Saturday night. Arrangements are being made to accommodate others who may wish to attend. Plates will be available at \$4 each.

Cash prizes will be awarded winners and runners-up in all flights. Golf merchandise will be given winner of a closest-to-the-pin contest and also for the longest drive in the fairway.

Entry fee is \$70 per couple. There will be no admission charge to spectators who may wish to watch the play.

Fiddler's Contest To Be Held At Roaring Ranger

The Roaring Ranger Day Fiddler's Contest will be held at 4 p.m. on Saturday, Sept. 26.

There will be 3 age groups: 0-15; 16-59; 60 and over. Cash prizes will be awarded in each category.

Registration begins at 3:30 p.m. in front of the Gholson Hotel, downtown Ranger.

For more information, call

Phylecia School at 647-3750 in Ranger.

The Fiddler's Contest is sponsored by Ranger Rexall,

First State Bank, Brown's Pharmacy, King Insurance Agency, General Electric, Quality Railcar Service, and Western Manor.

The Next Best Thing -

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Time To Plan
For Retirement

People in the Big country area who plan to retire at the end of the year should take some time soon to think about Social Security retirement benefits. Glyn Hammons, Social Security manager in Abilene, said recently, "A person should apply for Social Security benefits 2 or 3 months before he or she plans to retire. This way, benefits can shortly after income from work stops. Before applying, a person should get the necessary evidence together, Hammons said. This will save time when you are ready to file your application. The first item a person needs is his or her Social Security card or a record of the number. Next, proof of age is re-

quired. Preferred proof is an official record of birth or baptism recorded before age 5. If this does not exist, other proofs can be submitted. The people at the Abilene Social Security office can tell what kinds of other evidence can be used.

Records that might be used include; school, church, State or Federal census, insurance policies, marriage, passport, employment, military service, children's birth certificates, union immigration or naturalization. This is not an exclusive list and other records may be acceptable.

For W-2 or self-employment tax return for the previous year should be provided. These are needed because recent earnings reports may not be in Social Security records.

A husband or wife who also plans to apply should have about the same documents. A marriage certificate may be required, but is not always needed. Information about any previous marriages is also needed.

Birth certificates of any young, unmarried children for whom you are applying should be available.

Additional documentation may be required, depending on the particulars of certain cases. The people at the Social Security office will be glad to answer questions about retirement applications.

County Commissioners Defer Budget Work-Rule On Other Matters

The Eastland County Commissioners did not make much progress Monday on finalizing their 1988 budget, which must be in place by Oct. 1. But they did approve a motion made by Billy Bacon, Comm. of Pct. 4, to meet each morning hereafter at 9 a.m. until the budget is approved.

All four Commissioners were present at the meeting, with County Judge Scott Bailey presiding. Various County officials, Law Enforcement officers and other citizens were in the Courtroom during the day-long sessions. The meetings were opened with a Resolution commemorating the 200th Anniversary of the United States Constitution.

One budget-related item surfaced when Chief Appraiser Steve Thomas of the Eastland County Tax Appraisal District spoke to the Court about the reported 22 per cent tax raise voted by the Commissioners several weeks ago. The Commissioners said they had received a lot of calls about this, with people wondering how anything like that could be passed without leaving it open to a roll-back.

Thomas explained the tax laws related to this situation. Last year's County tax rate of 22.9 per \$100 valuation was not used as the base from which the raises are calculated, he said.

Instead, the Tax Office used the taxing rate it takes this year to generate what the County spent last year. That rate was set by the Appraisal District as 27.25 per \$100 valuation. The Commissioners Court raised this to 28.06, which was counted legally as around a one per cent raise.

By law they are allowed to exceed the effective tax rate by 3 percent before a roll-back can be started, the Chief Appraiser said. Thomas also said the drop in valuation of oil and other property in the County was

one of the causes of the raise in rates.

Other discussions centered around the county jail and law enforcement activities. The Commissioners approved an Intergovernmental Agreement presented by Sheriff Don Underwood. This brought Eastland County into a 13-County area forming a task force to fight against illegal drug trafficking. This special force will have authority to apprehend violators in all these counties. The program will cost about \$200,000, which will come from state or Federal grants.

On another matter, Sheriff Underwood said he had both pro and con feelings about the redistricting of Eastland County from Wichita Falls to the Austin State Hospital for the treatment of mental patients.

"We aren't allowed to hold mental patients any longer than it takes to process them," he said. "Austin is quite a bit farther to take them than Wichita Falls, and there will be more expense to the county."

On the plus side, he said that the facility at Austin seemed more "professional" and that it took less time to admit a patient there than at Wichita Falls.

Judge Scott Bailey stated that he had received a call from Senator Glasgow's office about the cost of transporting patients, and there was a good possibility the County would get some financial help on this.

In other jail matters, the Commissioners heard a recommendation from James Wheeler, Abilene architect employed by the County, that a jail inter-Com System be purchased from Kay-Gee Systems of San Angelo for \$12,785. This set would accommodate 60 units, and was guaranteed to meet state Jail Standards requirements.

Reports were that the Eastland County Jail would be an item of discussion at the October Jail Standards Commission meeting in Austin, but that Eastland County officials - for the first time in more than a year - would not be required to be present.

The Commissioners, on a split vote, decided to rescind a 1983 County Policy on employee hiring. It was also decided to meet with someone from the labor board and work up an enforceable policy which would take into account state laws on nepotism.

There was another split vote on a Rural Firefighting Contract with the City of Cisco. Mike Moore, Cisco City manager, had submitted the contract, which was basically the same as one approved last year. The effective date will be changed to Oct. 1, and the County pay the Department \$200 per month. Commissioners Robinson and Bacon voted "yes" on this matter, with Owen "no" and Christian abstaining. County Judge Bailey declared the Contract approved, and cited a special need for firefighting along the railroad tracks. The Commissioners indicated that the Railroad "never" helped on this fires, and the expense always fell back on local people.

During the meetings the Commissioners approved a Radiological Protection plan put forward by the State Health Department. Radiosentry equipment will be placed around the County to detect when it would be safe to come out of shelters in case of nuclear attack. Training will be available with these sensing devices.

Judge Bailey said that Eastland County would be a receiving area in case of nuclear attack, with the Ft. Worth area considered a prime target. Some of the survivors from Fort Worth would come into Eastland County - about three people for every one here.

The sensors would also be useful in case of an accident involving hazardous radioactive material from railroads, planes, trucks, etc.

On a happier note, the Commissioners and Judge Bailey made plans to attend a Subregional meeting of COG Tuesday in Comanche - after their morning session on the budget.

The PEOPLE'S FORUM

I've Been Wrong Before

A man was sure short handed to have to use me when a cataract on my only eye had me down to shadow vision but so it happened. He, on the other hand was just getting over a heart attack.

Until one experiences something of the sort or age really shapes him, it is hard to understand the frustration of not being able to do what once was easy. That is all the more so when that man was always the wheel-horse on any job and so proud of both strength and ability.

I took hold of the load in a way that had me holding a bit more than half. It was no back breaker anyhow and I was in no strain. Still he seemed to resent being favored. About the third time he belted that he could handle "his share" of the load I asked if he thought each man should do his half of everything.

When he said, "Your blame right I do," I told him I expected to do my half of the driving into town. To his

reply that I was blind I only informed him that he had heart trouble and if we shared the work equally that should include driving. After a long pause while I wondered if he would fold or fight he said, "Well, you have to accept your limitations and I guess I will have to learn to accept mine. "Pride is sure a hard thing to swallow. Thus we learn that we may have to stand by even feel a bit useless because we can neither know nor do anything.

It is hard to persuade a young man that though strong he should have better judgement that to try to win a kicking contest against a mule. But, Lord, how we miss the robust days of youth. The wisdom not to waste our remaining strength is small compensation and the determination to stay past when the first fatigue places middle age ahead of inexperienced youth but why do some old men refuse to accept that wisdom should replace physical vigor?

Maybe it is because the youths they encounter show less respect for age in this day. Maybe too many try to kid themselves with, "I'm as good a man as I ever was," and being doubted, loose that

due respect. How does that card read about praying for strength to change what can be changed and brains enough to let be that which can't be changed?

Area Football Scores

Eastland County football teams didn't fare as well this week. Eastland remained undefeated and unscored on with a 16-0 win over Anson, but Cisco lost to Class AAA Merkel 38-14 and

Ranger was embarrassed by Springtown 49-0. Rising Star lost to Class AA Cross Plains, a team which appears much stronger this year, 30-21, and Carbon was edged out by

Jonesboro 8-6. In some area games Breckenridge beat Coleman 28-20, Albany beat Baird 29-6, Point Creek beat Moran 53-6 and Cherokee beat Strawn 55-18. DeLeon defeated Comanche 28-0, Stamford downed Clyde 12-0, Hico lost to Valley Mills 20-0, and Dublin defeated Bangs. Early rolled over Goldthwaite 25-7 and Wylie won over Seymour 21-6.

Signature Cards Determine Where Funds Go In Event Of Death

COLLEGE STATION—The signature cards you sign on joint bank and checking accounts will determine if those funds go directly to your spouse in the event of your death.

In Texas, establishing an "and/or" joint account does not automatically create the right of survivorship," says Nancy Granovsky, a family economics specialist.

The right of survivorship is important because it means that the surviving spouse receives the property outright, without having to go through probate," she explains. "Without the right of survivorship the spouse's share of the accounts will go to his or her heirs, usually the children."

Granovsky, who is a specialist with Texas A&M University Agricultural Extension Service home economics program, says that the right of survivorship can be created through a cotenancy, which is one form of joint ownership.

Three types of cotenancy are recognized in Texas: tenancy in common, community property, and joint tenancy with the right of survivorship. The main difference between tenancy in common and community property is that community property exists only between husband and wife.

But with either cotenancy or community property, property passes to the heirs and does not go automatically to the surviving cotenant," Granovsky observes. She emphasizes that only a joint tenancy with right of survivorship allows the funds to go automatically to your spouse.

To create a bank or checking account that allows for joint tenancy with right of survivorship, there must be a written agreement that has been signed by the per-

son who dies and starting the intention that his or her share should pass to the surviving spouse."

A written partition agreement must also be signed by the couple separately, before opening the joint savings or bank account, she says.

"The signature cards you sign at the bank when setting up accounts can create the right of survivorship if they meet these requirements," the specialist says. "However, not all signature cards meet the requirements, and not all people pay attention to what they are signing in setting up accounts."

"Without joint survivorship you may have to function with half the money in joint accounts in case of your spouse's death," notes Granovsky. "Even if you are designated as your spouse's heir, you will not have access to those funds while the estate is probated."

"When opening a joint account, consider whether it will meet the rules for joint survivorship," advises the specialist. "One side of the signature card should contain the partition agreement and the other, the language you need to set up a joint tenancy with right of survivorship."

CISCO

Cisco Junior College's 1987-88 fall semester enrollment is up by some 127 students over the same time last year, reports Dr. Henry E. McCullough, college president. The present enrollment total for Cisco, Clyde and Abilene was 1,661, up from 1,534 a year ago. Dr. McCullough said the Cisco campus has enrolled 629 students of the total, up 50 from last year. "We are real pleased with our gain and are looking forward to a good year," Dr. McCullough said.

The quarterly Chamber of Commerce Breakfast will be held at 7 a.m. Wednesday, Sept. 30, at the White Elephant Restaurant. This was decided at a recent monthly meeting in the Mobley-Hilton Community Center. Other items at the meeting included a decision by the Board of Directors to accept sealed bids for the sale of the old Cisco Chamber of Commerce Building located at

619 Conrad Hixon Ave. The bids will be accepted until 5 p.m. Friday, Sept. 25. The Board also discussed a "Brown Bag Project" for the business people in Cisco, which would be a day for local business people to meet together with sack lunches. This would give everyone a chance to visit and relax.

Plans to conduct a drive for new members and for the reinstatement of former members were made at a meeting of the John William Butts Post 123 of the American Legion at the Legion Hall last Thursday night. Post Commander Willard Johnson said the drive would be directed by Vice Commander Eddie McMillan and Leonard Tipton. Veterans interested in joining are asked to contact one of the Vice Commanders, Mr. Johnson or Adjutant Bobby Ingram.

Frankie Letney of the Nimrod community, who had several surgeries earlier

in the year, stopped by the Cisco Press last week. Mrs. Letney is walking upright now. She has to wear a brace, but says it feels so good to be walking upright again. Frankie says everyone has been so good to her, and she received many flowers and cards while she was in the hospital. She said she had to move from room to room, and the nurses did not keep a lot of the cards or flowers - so she does not know all the names of persons who sent her things. But she is very grateful for the concern she received from the people of this area.

Five bids for a new contract to erect a girl's dressing room and other quarters at the high school gym were rejected at a School Board meeting Monday night. Supt. Ray Saunders said the bidders, including four from Abilene, submitted bids from \$71,000 to \$96,000. He indicated that the bids were considerably higher than the

Board had expected. Architect Tom Huckabee will meet with the Board this week, and is expected to be asked to revise plans and specifications.

RANGER

The RJC Rangers will go against the Cisco Junior College Wranglers next Saturday, Sept. 19, 7:30 p.m. at Buckaroo Stadium in Breckenridge. This is the 10th annual Benefit Bowl sponsored by the Lions Clubs. The proceeds from this annual event go toward the Crippled Children's Camp in Kerrville. The Benefit Bowl game is expected to be a hard-fought, fast-paced one, and should draw a large crowd.

A Community Chorus is being organized to give local singers a chance to take part in a musical group. The chorus will meet on Mondays at 7 p.m. in the music building on the Ranger Junior College campus. Organizer and Director Bob Johnson is hoping for a large number of singers who want to do some public performing. The music will consist of popular, serious, sacred and seasonal. Contact Bob Johnson at 647-3533 for more information.

There will be a picnic for Master Masons and their families at the Featherlite picnic grounds north of Ranger at 6 p.m. Sept. 22. On this evening the Masons will also celebrate the Past Masters, and will be giving 25-year awards to the brethren who have not previously received theirs.

The Clothing Closet sponsored by the Eastside Baptist Church will be open on Saturday, Sept. 19 and Monday, Sept. 21 from 8 a.m. until 11:30 a.m. This will be at the new location 112 Rusk St. The Clothing Closet is in need of clothes hangers. If you have extra ones, they can really be put to good use. If you are in need of free good used clothing, come by and look over the selection at the Clothing Closet.

EASTLAND

The Eastland County Fair is scheduled for Oct. 3, and there will be plenty of entertainment all day long. The fair will open with the Eastland Chamber of Commerce Parade downtown at 10 a.m. The Hardin Simmons Band and famous white horses will be a featured part of this event. Among the entertainers afterward will

be the Jamie Dee Dancers, Davene Jeffcoat Folkdancers, The Eastland County Popovers, Tim Morgan's Karate exhibit and much more. This year the Fiddlers Contest will be held in the restored Majestic Theatre, beginning at 7 p.m. This contest is sanctioned by the Texas State Fiddlers Association, and should draw a large group of contestants.

Lloyd Coan and Mrs. Austin McCloud of Eastland and Sid Waynick of Carbon have been appointed area chairmen for the Cattleman's Roundup for Crippled Children, according to Jim Alexander of Abilene, CRCC general chairman. About 250 Chairmen statewide are assisting the Cattleman's Roundup, which benefits the West Texas Rehabilitation Center in Abilene and San Angelo. The livestock donated by ranchers will be collected at a designated spot in the community and sold at a special auction. Persons wishing to make a donation of stock or cash should contact the local chairmen.

Mangum Baptist Church will hold its annual

Homecoming on Sept. 20. John Taylor from Plainview Baptist Church in Colorado City is to be the guest speaker. There will be dinner on the grounds, with singing and testimonies following. Mangum Baptist Church is located five miles south of Eastland. Everyone is invited to the Homecoming.

The Eastland Chapter of Friends of the Library will have a concession at the County Fair on Oct. 3 to sell used books. Please clean out those boxes in the garage and attic and bring any books you no longer need to the Library. If more convenient, call 629-8760 and the books will be picked up at your home. Both paper backs and hard backs in reasonably good condition are solicited. Funds raised will help support the Library.

Would you like to show off your beard in a beard contest on Roaring Ranger Day? Call Phylecia Schooling, Chamber of Commerce President, at 647-3750 in Ranger.

'Rural Revitalization Church Conference

COLLEGE STATION--Rural revitalization of Texas will be the major thrust for discussion at the 42nd Annual Town and Country Church Conference at Texas A&M University, Oct. 5-6.

Clergy and church lay leaders from across Texas will participate in the educational conference conducted by the Texas Agricultural Extension Service in cooperation with the Texas Agricultural Experiment Station. Also assisting will be Texas A&M's departments of agricultural economics and rural sociology.

Dr. Dave Ruesink, Extension sociologist and conference chairman, says the conference will focus on helping communities that have been experiencing economic difficulties.

"Many Texas communities have been hard hit by the downturn in the oil and agricultural industries, and often the church can play a key role in helping such communities through

Lights From The Christian World

Josephine Cleveland

We are told that the word "blessed" appears in various forms in the Scriptures 55 times. The Greek word "blessed" is difficult to translate into English because there is no exact English equivalent. Some use the word "happy" but this is a weak word because the work "hap" means chance or good luck. The word "blessed" conveys far more than this. It conveys happiness identified with pure character.

Matthew, one of the twelve disciples, placed the Sermon on the Mount at the beginning of his book. He felt it worthy of note for everyone to understand that Christ's kingdom was not something we do or something that is done for us, but it is something we are or what we can become through God's life-changing and enabling power.

In Matthew's account Jesus went up on a mountainside and set down. A crowd listened as He taught them saying, "Blessed are the poor in spirit for theirs is the kingdom of heaven."

What does He mean by "poor?" The word "poor" has nothing to do with financial poverty... it deals with spiritual poverty. D. Martin Lloyd-Jones says, "It is just a tremendous awareness of our utter nothingness as we come face to face with God."

The poor in spirit are aware that they can rely on nothing but God's helpfulness for their salvation. They cannot rely on their family, their national origin, their wealth, or their fame. The "poor" in spirit are blessed because they have come to loathe sin and know they are nothing outside Jesus Christ. They are aware of their need of Jesus.

Jesus often told of rewards a person would receive as the result of their attitude and behavior. Those who are poor in spirit are promised the glories of heaven. What a priceless reward!

Revitalization' To Be Conference Theme

difficult times," Ruesink says.

The conference, Ruesink says, is designed to provide information to help clergy and church lay leaders be more effective in dealing with community concerns.

"Revitalization of rural communities is one of 12 key issues that were identified by a broad sector of Texas citizens last year, and those issues are currently being addressed by the Extension Service, notes Ruesink.

Registration will begin at 10 a.m. Oct. 5 at the Rudder Conference Center and the program will get under way there at 1 p.m. Discussions will deal with basic strategies and lessons in rural revitalization, models of churches and communities involved in rural revitalization, and implications of rural revitalization for the church.

Ministers will moderate the sessions which will feature key resource people from a broad range of subject matter disciplines.

Special workshops will

deal with increasing economic competitiveness and economic development, income diversification possibilities, adjusting to family and community needs, and involving volunteers in community leadership.

A special feature of the conference will be the presentation of the Texas Rural Minister of the Year at a banquet on Oct. 5. This project is in cooperation with Progressive Farmer magazine.

A new program, Rural Social Science by Extension, also will be introduced, notes Ruesink. The program will be launched on a pilot basis this fall and is designed to provide in-depth community dynamics training for clergy serving in rural and small town churches.

September, National Child Safety Month, Markers A Victory For Children

September is National Child Safety Month and what better time to announce that some 20 million American children are better off this year due to a national effort to promote the use of seat belts. Seat belts for use in automobiles? No, seat belts for use in shopping carts in supermarkets and department stores.

Since the Consumer Product Safety Commission first reported that more than 9,000 children under the age of 5 are injured from falling out of shopping carts annual-

ly, the amount of "safe supermarkets" has doubled. This is due to a commendable display of cooperation between consumers and private industry working together toward the common goal of bringing down that alarming number of accidents. But, unlike the mandatory use of automobile seat belts and child car seats in many states, shopping cart seat belts are being installed voluntarily. It is the overwhelming acceptance and appreciation of the seat belts by people that shop with small children that has

prompted a growing number of supermarkets to install the straps.

This rapidly expanding movement has not stopped or rested with supermarkets. When hearing about these efforts to ensure child safety, LUVS Diapers, a division of Proctor & Gamble, sponsored 1,000,000 Safe-Straps for use in shopping carts throughout the United States. This sponsorship program is the first of a new trend in child safety and pro-

motion, whereby sponsors with their names or product logos on the belt will offset the cost to the retailer and ultimately provide a safer environment to children. The straps which are custom printed and made from durable woven textiles with high impact buckles and permanent fasteners, are manufactured by the Safe-Strap Company of Dover, New Hampshire.

Safe-Strap pioneered shopping cart seat belts and reports that some 4,000,000 are currently in use throughout the U.S. and that the reaction from consumers and supermarkets has been overwhelmingly positive. Safe-Strap, a relatively new venture started by two

young men in their 20s, has combined good business with community service. Now, with LUVS Diapers lending a helping hand, this concept has really made an impact across the country in child safety and has set a new course for marketing of shopping cart seat belts as an in-store promotional vehicle.

During the month of September, the National Supermarket Child Safety Committee (NSCSC) and concerned retailers are making parents aware that

using seat belts in supermarket shopping carts makes good sense. The NSCSC will be presenting awards and commending supermarkets all over the U.S. who have taken a voluntary step to improve safety for small children in the supermarket. The praise is well deserved because in addition to making the shopping environment safer, the supermarkets are also fostering an overall appreciation of safer living among our nation's children.

**PROPOSITION NO. 2

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

**PROPOSITION NO. 3

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows:

**PROPOSITION NO. 4
ON THE BALLOT**

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

**PROPOSITION NO. 6

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The legislator could not, however, receive the increased compensation approved during his legislative term.

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

Cisco Gun Club Holds Final 1987 Tournament

Despite less than ideal weather conditions, the Cisco Gun Club held its final shooting tournament for this year. The matches were held last Saturday, Sept. 12th, and even though the morning rains made a quagmire of the range, a few undaunted members showed up to compete. The weather failed to dampen the spirits or enthusiasm of the members who participated, and the small group of competitors enjoyed a very relaxed tournament.

Six different events were shot by the participants, with scoring points being awarded to the first, second and third place winners of each event. The three highest total point winners at the end of all six events were then awarded trophies. Overall high point scorer and winner of the First Place Trophy was Bruce Ferguson, who won with a total of 43 points in this tournament, has proven to be a formidable opponent in all of the gun club's shooting matches this year. The Second Place Trophy was won by Michael Moore, with Gordon Strawn winning Third Place. The point winners for the six different events are:

Rebekah Sunday School Class Holds Social Tuesday

The Rebekah Sunday School Class of East Cisco Baptist Church held its quarterly social and business meeting Tuesday, Sept. 8, 1987, at 7 p.m. in the Educational Building of the church.

The hostesses of the salad supper were Bonnie Ervin, Ramona Oakley and Delores Sharpe.

The class formed a "Circle of Love" and repeated the watchword (Philippians 4:13) after which Billie Boothe, president, voiced the opening prayer. Then the meal was served.

Later, the business meeting began with Leona Morton giving the secretary's report. It was approved as read.

Since approximately half of the class will be leaving in October, this was the last social that the Rebekah Class, with most of its charter members, would be having together. A proposal was made, voted on, and approved that money left in the "kitty" (after all bills, presents, etc. were paid for) would be given to State Missions.

Among the salads served were: four different pasta salads, corn, tuna, raw broccoli, spinach, rice, deviled

egg salad; also deviled eggs. In addition, chocolate cake, pineapple cake, tea, coffee, mints and mixed nuts were served.

Those present in addition to the hostesses were Marie Brock, Billie Boothe, Clara Hallmark, Jean Posey, Doris Crutchfield, Omalee Holdridge, Leona Morton, and Jewel Kinard.

Since this is the last time this reporter will be writing up a report on the Rebekah Class, she would like to express (if she had words good enough) how much being in this class and knowing the love of the members through illness, death, heartache and joy has meant to her. But since she can't, she would like to say to those leaving the class and those remaining, "May God richly bless each of you and your families."

How to Obtain Services-- All Texans 60 or older are eligible for services from the Texas Department on Aging. Where resources are limited, priority is given to those in greatest economic need, but no income test is required to participate in Department on Aging programs.

Those who wish to make voluntary contributions to help defray program costs are permitted to do so.

The Texas Department on Aging maintains an Information and Referral office with a toll-free number, 1-800-252-9240, which provides older Texans with information about services in their area. Often, the I&R office will refer seniors to their nearest area agency on aging, which maintains a current listing of available community services.

Q. Is it safe to carry a sandwich made with mayonnaise in a bag lunch?

A. Actually, commercial mayonnaise itself doesn't increase risk of food poisoning. Most commercially prepared mayonnaise has lemon juice or another acid flavoring that slows bacteria growth. The salt limits bacteria growth, too.

The greater risk is food that mayonnaise is mixed with, such as ground meats, poultry, fish or eggs. These are the foods most susceptible to bacteria growth. Sandwiches with these ingredients should be refrigerated.

Q. What can I do so my cookies don't bake together?

A. Almost all cookies spread some. Chilling dough before baking and letting the cookie sheet cool between bakings also helps.

Q. Why are muffins moister when I don't use paper baking cups?

A. Without paper baking cups, heat reflects back onto the muffin. That may cause them to brown faster and they remain moister inside. Watch bake time carefully with either variation.

Hobby/Glasgow Named To Joint Select Committee

On September 9, 1987, Lt. Governor Bill Hobby named State Senator Bob Glasgow (D-Stephenville) as a member of the Joint Select Committee on Worker's Compensation. The Committee was created by House Concurrent Resolution 27 during the 70th Legislature, 2nd Called Session.

The ten-member Committee will conduct a detailed study of the worker's compensation system in Texas, the impact of the system on employers and how other states have addressed the problems that Texas now

faces. It will also include an evaluation of the system as to economic development and job creation, a study of job safety in general, a review of the assigned risk pool and any other matters calculated to yield useful data that could make the Texas workers' compensation system more efficient and more responsive to the needs of the workers and employers.

There will also be a six member advisory committee appointed by the co-chairs of the committee to assist the select committee

in its study. A report is to be made to the 71st Legislature when it convenes in January, 1989.

"This is the most important study," Senator Glasgow stated, "as the workers' compensation system in Texas is in need of revision. I am very pleased that I will have the opportunity to assist in this needed reform."

U.S. Constitution Week

County Judge Scott Bailey has designated September 17-23 as U.S. CONSTITUTION WEEK in Eastland County and urged all citizens to celebrate the 200th birthday of the document, which was signed on Sept. 17, 1787, by its authors, delegates from the American colonies.

The proclamation points out that the Constitution was developed because the people of the 13 colonies saw the need for a national government which could secure the people's right of life, liberty and the pursuit of happiness.

"The final manuscript guaranteed that power was derived from the people," the proclamation reads. Scott Bailey, COUNTY JUDGE

Eastland, TEXAS

Whereas the Americans are celebrating the 200th anniversary of the creation of our Constitution. It was signed by its authors, delegates from the American colonies, on September 17, 1787.

The Constitution was developed because the people in the colonies saw the need for a national government which could secure the people's right to life, liberty and the pursuit of happiness.

The final manuscript guaranteed that power was derived from the people. It provided checks and balances on that power through three separate branches of government -- the Legislative, Judicial and Executive. This was a novel idea for the time. That the document has survived is a credit to the wisdom and integrity of its authors.

Our constitution and the amendments that have been added through the years have served us well. Because all of our citizens should participate in commemorating the anniversary of this event, I, Scott Bailey, County Judge of Eastland County, do hereby designate September 17-23, 1987, as U. S. CONSTITUTION WEEK in Eastland County, and urge our citizens to give due recognition to this worthy document.

In official recognition thereof, I hereby affix my signature this 17th day of September, 1987.

IF YOU HEAR bells and chimes ringing at 3 p.m. Thursday, Sept. 17, don't be surprised. It will be "Bells Across America," a national event that SWBellTeleCo. is sponsoring in observance of the Bicentennial of the U. S. Constitution.

According to the telephone company, Former Chief Justice Warren E. Berger will lead the "ringing tribute" from Philadelphia where the Constitution was written 200 years ago this month. You're asked to participate by ringing a bell or chimes for 200 seconds (three and a third minutes). Principal Bob Lindsey of the Elementary School reported that ringing bells there Thursday wouldn't be easy. Their clock and bell system is undergoing repairs.

AT LEAST two Ciscoans saw the Catholic Church's Pope John Paul II in San Antonio last weekend. Ronnie and Peggy Ledbetter had been to San Antonio to attend a meeting of the Brangus cattle folks and to buy a few head. They loaded up and started out for home when they were caught in a traffic jam.

Pretty soon, the Pope's party passed and regular traffic began moving again soon thereafter.

Ronnie has been in the Brangus business for five years or so and has a herd of 50 mother cows. He's well pleased with Brangus and enjoys looking after them at their place near Scranton.

SCRANTON WAS the place where a party was enjoyed by a goodly number of relatives and neighbors of the Paul Brashears last Saturday night. The occasion was to usher Paul into his 70s and a happy birthday event it was.

The 40 or 50 guests, including the Brashear children and grandchildren, enjoyed supper of barbecued brisket with all the trimmings plus a delicious birthday cake. Paul's wife and children gave him a VCR for his birthday and there was a cameraman on duty to make a film of the party for his new machine to show.

The Brashears moved to the old Ray home place at Scranton a few years ago after retiring from jobs in Austin. And they've done a fine job of improving the home and yard.

VISITING HOURS for the new daughter of the Ken Diehm's is from 12 midnight to 6 a.m., that is if you want to hold her. That's what the Rev. Diehm reported to his congregation at First United Methodist Church last Sunday. With tongue in cheek, of course.

Rev. Diehm went to Fort Worth early Monday to bring wife Kenda and new daughter home to Cisco if all was well with them. And he expected it to be well. The little lady was born last Wednesday in a Fort Worth hospital.

TWO FORMER members of the Cisco High School faculty passed away last weekend. Mr. David Williams, who served as high school principal here for several years, died Friday in a Fort Worth hospital.

Funeral services were planned Monday at Laureland Cemetery there.

Mr. Jerry Reeve, member of the coaching staff at Cisco High School for several years, died unexpectedly of a heart attack at Maybank at 9:30 p.m. Saturday. He was 45 years of age and went to Maybank from Cisco a few years ago. He was buried in final rites there at 2 p.m. Monday.

THE FIRST HOME football game for the Lobos will be held Friday night at Chesley Field. Principal Jack Martin of the high school reports that Mr. Bill Austin of the furniture store will be the game announcer on the public address system.

The Lobo band will be out in full uniform to entertain at half-time. They performed at both Anson and Merkel and did a fine job.

In the photography booth atop the press box will be Lloyd McGrew and Al Anderson, two familiar figures hereabouts. Lloyd has been filming the games since 1960 - 27 years. And Al has been helping with the photography work since 1963 - 24 years. Both were on the job at Anson and at Merkel.

VISITING HIS mother, Mrs. R. A. Glenn, and his big brother, Ralph Glenn, in Cisco this week is Mr. B. R. (Breezer) Glenn of Boise, Idaho ... Mr. Bill Eudy, retired mail man, has been a pretty busy fellow since hanging up his post office uniform, reports his wife. Bill is building a porch at their home out on the Rising Star Highway ... Steve Bailey of Austin was a guest in the home of his grandparents, the W. E. (Dizzy) Deans, last weekend ... The N. T. Emanuels are back home from Ruidoso after a travel trailer vacation of ten days or so out there.

MR. JOE SITTON of Commercial Printing Co. was back in business this week after spending last week on vacation. And a highlight of his week was visiting Fort Hill, Okla., where he was nurse-maid to a U. S. Army Cavalry horse named Elmo, back before WWII. Didn't see any horses this trip, he reports ... Scott Anderson, son of the Freddie Andersons who received a college degree from Sam Houston State last spring, is supervising some 3,500 mother cows in a big ranch down near College Station ... Lightning knocked out the air conditioning system and the electric organ at First Baptist Church last Saturday night ... And we received some three quarters of an inch of rain over the weekend. What is more, the weather man is calling for more rain this week.

FOUR GENERATIONS of men named Richard Thames met in Cisco to celebrate first birthday of the youngest on August 16. They are Richard B. Thames of Cisco, Richard C. Thames of Odessa, Richard K. Thames of Arlington, and Richard P. Thames of Arlington, the birthday honoree.

5th Annual Lord's Acre To Be Fun Festival Oct. 3

It is festival time again at the First United Methodist Church in Cisco. This is our Fifth Annual Lord's Acre and we are planning some great things.

We, the members, would like to invite you to come join us for this event.

The day will be Saturday, October 3, 1987 at the church on West 8th Street. The booths will open at 9 a.m. and will consist of a Bake Shop and Country Store. We will have many homemade baked items, such as breads, cakes, pies, candies, cookies and other items. The Country Store will have homemade crafts,

Christmas items, ceramics, quilts, afghans, baby things, wreaths, and much more for sale.

An auction will be held at the church beginning at 10:30 a.m. with many nice things to bid on.

Turkey and dressing with all the trimmings will be served beginning at 11:30 a.m. with take out orders available. Cost will be \$4 for adults and \$2.50 for children under 12.

We would like to thank all of you who have attended and supported us in the past. Your participation is greatly appreciated.

Cisco P.T.O. Membership Drive To Begin Monday

The 1987-88 Cisco P.T.O. Membership Drive will begin Monday, September 21, according to Ana Walker, chairman of the drive.

The Cisco PTO raised enough money to donate \$3,000 worth of computers to the public schools and they have given more than \$3,000 for playground equipment at the Cisco Elementary

School. Ana said that even though this is a hard time financially in this area, the businesses in Cisco have always been so good in becoming members to the PTO. And the PTO is asking for their support again this year, Ana said.

The charge for a PTO membership is \$5.00.

Don't you dare miss the E. L. Graham Hospital Auxiliary Book Fair this Friday and Saturday!
You'll be sorry if you do!
You will miss the opportunity to purchase some delectable goodies at the bake sale in addition to picking from a very nice selection of all kinds of books at a great price. You also will be helping this hard-working group of women make Cisco's hospital an even better facility. The auxiliary's goal is to raise enough money to purchase a vital and potentially life-saving piece of communications equipment, and Janelle Schrader, auxiliary president.
Mrs. Schrader invites everyone to drop by the air conditioned Corral Room on Friday from 5 to 9 p.m. and Saturday from 9 a.m. to 3 p.m. and see what the Book Fair has to offer.
You won't regret it!
