Eastland County Still In Running For Aldersgate Enrichment Center

Eastland County is still among the top contenders for the location of the Aldersgate Enrichment Center which would be home to some 150 residents with some 100 employees.

Local officials have been notified that this site is a top contender among the 13 visited, and representatives from the Central Texas Conference of the United Methodist Church who are sponsoring the facility will be back in the area soon to conduct further surveys and examinations, it is reported.

At this time, officials from the chambers of commerce, colleges, the cities and all interested parties from every city in the county are gearing up to present a solid front of invitation for the establishment of this important facility.

It is felt that a united effort on behalf of the entire county to those who will make the final selection is important and that the entire county has an excellent opportunity of securing this facility which will undoubtedly evolve into a long-term, major economic stimulator.

A survey team visited earlier, and was most impressed with what they found, and want to return to give further study. This county has many attributes which are being sought, and the best presentation possible will help secure this important addition to the county's economy.

The purpose of the center is to have an independent community for persons who are trainable and socially

adaptable to a lovingly disciplined atmosphere, with the objective to give those persons an opportunity to grow in self-esteem and self-sufficiency, to increase spiritually and religiously, improve their physical condition, and develop vocational skills so that ultimately they may be more comfortable in a world often unkind and not understanding of their handicaps—either within the established community or in outside society. The center will not be able to help persons who are primarily mentally ill.

Some of the criteria in searching for a location include:

200 acres, more or less, (outside a corporate city, but

not far) a portion of which must lie so that it can be developed into a residential sub-division, with paved, curbed and guttered streets, utilities, etc., ultimately to provide housing for approximately 120 residents, in homes of 6 to 9 persons—about 18 to 20 residences of approximately 1800 to 2000 square feet. In addition, there would be homes for the Administrator and some staff. (Some staff would live in the local community away from the center.) Space must be available for warehouses, working buildings, administration building, chapel, service structures, and recreational activities.

A community receptive to

such a center; supportive, compassionate, and understanding.

Adequate supply of treated water (city or co-op), gas and electricity, possibly sewerage to the property, or easily available.

Fronting, or immediate access to a major traffic artery, in order that raw materials and finished products may be easily shipped.

Easily accessible health care (ie: solid medical community with a hospital of a minimum of 60 beds within a 10 mile radius of site.)

An airport with paved runway (approximately 4700') within a 45 minute drive.

The center ultimately will have approximately 100 paid staff members, who depend

on their responsibilities, will have varying degrees of professional training, including graduate degrees, to work with the mildly to moderately retarded adults.

The center is being financed with volunteer contributions, solicited from individuals contacted by Methodist Men. It is anticipated that the investment will be approximately \$12 million dollars to be raised in the next 5 years. The goal is to raise \$4 million in order to break ground by June 1, 1988, and that occupancy would begin by June 1, 1989. State and federal funds are not anticipated, nor are being actively sought. Of course, full cooperation with

applicable licensing agencies for such centers is being solicited. As the residents are adults, no noticeable increase in the load on local school districts is anticipated. Availability of vocational training for post-high school graduates at community colleges would augment the planned program. Local community assistance in literacy training, GED tutoring, etc. would be welcome as needs arise.

CJC Wranglers Win Annual Lion's Club Benefit Bowl

The Wranglers of Cisco Junior College, 3-0 for the new season, will play the Howard Payne University Junior Varsity in a football game at old Lion Stadium in Brownwood at 7:30 p.m. Thursday.

Coach Rick Frazier

reported that "we're pretty well pleased with our defense but hope for improvement in the offense" in the game this week. The Wranglers have scrimmaged the Howard Payne team this year and held their own. The Howard Payne JV lost

34-0 to Ranger two weeks ago.

The Wranglers came through the Lions Benefit Bowl without disabling injuries. Defensive Tackle Chris Cooper left the Ranger game early with a sprained knee. Tests showed that the

injury was a sprain and Cooper was expected to play this week. Seaborn Phillip, Galveston, has a broken bone in a hand and is wearing a cast.

Coach Frazier said the Wranglers were concentrating in practice this week on running and passing games. "Our stats have looked pretty good," he added, "but we feel like we're below top speed."

BY SUSIE ENDSLEY

At this year's annual Lion's Benefit Bowl game in Breckenridge, the CJC Wranglers stepped out front to defeat the RJC Rangers. The first half left both teams scoreless, but there were a number of field goal attempts. Ranger tried three times but all were short. Cisco's Eric Edwards missed

two kicks on the 42 and 47 yard lines.

Ranger's first half threat came after a 29-yard pass that carried the ball to Cisco's three-yard line.

Cisco's Chris Cooper, defensive tackle, threw Ranger's Troy Simpson for a two-yard loss on the second down. Ranger passed the ball, bobbled it and Brent Lloyd recovered for Cisco at the six-yard line.

Cisco's first half threat came after Charles Taylor recovered a fumbled punt on Ranger's 25-yard line. Pike Martin's pass in the end zone was dropped by Joe Hough, two others were incomplete and Edwards field goal was short.

Wanda's Corner

by Wanda Hallmark

The Cisco High School Student Council made quite an impression last Friday night at the Cisco Lobo varsity football game.

Jill Reynolds and Christy Purvis of the Cisco Student Council, presented a potted plant to some of the Early Student Council members before the game started, in a gesture of friendliness.

Dr. Kenneth Breeze, pastor of the First Christian Church, brought in a copy of The Cisco Daily Press, dated Tuesday, October 27, 1983.

The paper had been chewed up some by rodents, but some of the stories can still be read. Some of the stories were about top professional wrestlers who came to Cisco from an invitation by the Cisco Lions Club.

The top wrestlers that were featured were Leopard Boy of South Africa and Mexican Joe of Mexico City. Wrestling over the championship belt was Darling Dagnar of California and Slave Girl Moolah of South

Africa.

The story read, "The final bout was the most exciting event of the program and had the fans on their feet most of the time. The fast and furious match saw the girls giving the referee a working over as they fought for the belt."

Other stories in the paper told about Dr. E.L. Graham receiving a pin from the Rotary Club for 32 years perfect attendance.

Movies showing in Cisco and Eastland were "Stalag 17" with William Holden, "A Millionaire For Christy" with Fred McMurry and Eleanor Parker, "Bird of Paradise" with Louis Jordan and Debra Paget and "Blowing Wild" with Gary Cooper and Barbara Stanwick.

Publishers for the paper were J.W. Sitton and Ted Read. It was published daily except for Saturday and Monday in Cisco. The cost was \$3.00 a year for in-town mail delivery and 15 cents a week by carrier.

Cisco High School Loboes Are Defeated By Early 28-to-6 Fri.

The Cisco High School Lobo varsity football team defense did real good this time according to Coach Buddy Sharp, but they were unable to keep Early from running their score up and winning last Friday night. The final score was Cisco 6 and Early 28.

The Loboes were the first to score when quarterback Jarrod Jeffcoat ran past the

goal line from the one yard line to make a touchdown with 4:26 left in the first quarter. The PAT was no good.

Early then made their first touchdown with 2:20 left in the first quarter and after that they made a touchdown in the other three quarters and kicked a 30-yard field goal in the second quarter to bring the final score to 28-to-6.

The Loboes are scheduled to play in Cisco again this week, when they go against Roscoe at Chesley Field this Friday night. Coach Sharp said Roscoe has been a real strong team for the past few years and Cisco will have to work hard for their victory.

Coach Sharp said the Loboes will do a lot better this time. The Loboes won their first game of the season and they are hungry to win again.

Coach Sharp listed the probable lineup for the Roscoe game as follows:

OFFENSE
Quarterback—Jarrod Jeffcoat; running backs—Brian Wagnon, David Zell, Mike Dominguez, Joe Flores, Davin Hohertz and Kody Wallace; center—Brady Brock; guards—Teddy Patton, Shannon Berry and Tim Rains; tackles—Bobby

Webb; tight end—Mark McGinness.

DEFENSE
Monsterman—Matt Goosen; cornerback—Doug Witt and Davin Hohertz; linebacker—David Zell and

In the second half, the Wranglers lowered the boom on Ranger. With 9:30 on the clock, Paul Jones ran 55 yards to Ranger's 41. Eric Edwards kicked a successful 28-yard field goal. This put Cisco ahead 3-0.

Ranger drove to the Cisco 37, but Cisco's Brent Lloyd and Dean Brandenburg stopped Ranger for no gain on fourth and two.

On Ranger's next possession, Simpson fumbled on his 30-yard line and Cedric Showels recovered for the

Wranglers. The next play, Martin threw to Kevin Evans in the end zone for the touchdown.

That made the score 10-0 with 5:36 left in the third quarter. This gave the Wranglers the lead.

Ranger drove 75 yards in eight plays. With 13 second left in third quarter, Billy Hutchinson went the last seven yards for a touchdown. This now made the score 10-7.

Cisco's defense limited Ranger to only one first down in the fourth quarter - that on a face mask penalty.

Ranger no longer threatened the Wranglers, and the Wranglers held on to win 10-7.

Paul Jones was the leader in rushing for the Wranglers. He rushed 110 yards in 17 carries.

Cisco FFA Members Show Animals In Abilene Fair

Cisco FFA members were busy last week with the West Texas Fair. Members showed heifers, breeding sheep and market lambs. Members also participated in the calf scramble.

Philip Shackelford showed his angus heifer in the calf scramble show and placed 5th in his class.

In the breeding sheep show Kelli Whatley placed 4th with a Southdown yearling ram. She also placed 4th with a pair of Southdown yearling ewes.

In the market lamb show two students, Ronnie Ingram and Shannon Berry, showed.

In the calf scramble, the Cisco FFA had four members who scrambled.

On Wednesday Scott Stuart scrambled; on Thursday night Leslie Allen and Roy Powledge scrambled and caught a calf. They will receive ewe lambs for next year's show. On Friday night Sean Schaefer scrambled and was a winner. He will receive a gilt for next year's show.

Insect Technical Services Can Control Rat Invasion

Jim Whitehead, the general manager for Insect Technical Services pest control, stated that numerous calls were received after the article appeared in the Abilene Reporter News about rats invading area cities.

Since rats and mice normally infest home, during the winter months, he is puzzled at these major infestations this early in the year.

He asks that all area residents be alert; check through out their homes, garages, and store rooms, for possible signs of rodents. He states that area businesses are no exception, rats will intrude there also.

Jim wants to re-emphasize the fact that rats and mice are a hazard to humans and can create fire hazards in their homes and businesses, by eating the insulation off electrical wiring.

He uses a rodent bait, which is certified by the state of Texas, to effectively control rats and mice.

He states that the Norway rat is the biggest of the rodent species and can be very dangerous.

If you have any questions what so ever, or would like a free estimate on your home, give him a call at 442-3657 or 442-4603.

He states, that there is no obligation for calling, and this situation can be prevented in this area, before the winter months arrive. Rat bait stations are already being placed in area residents and businesses throughout the Big Country.

Proper treatment and prevention measures is the best way to combat this serious situation.

She will, also, discuss facilitating circulation and encouraging self help.

These programs are designed to teach how to help family members or others who are dependant on care from someone else.

Additional information concerning "The Family Caregiver" program is available by contacting Mrs. Janet Thomas, County Extension Agent, 629-2222 in Eastland.

SENIOR CITIZEN'S BAZAAR:

All senior citizens are invited to show and sale their handmade articles. Booth space is free.

This will be the 20th Annual Senior Citizen Bazaar to be sponsored by the Eastland County Extension Service to recognize the talents of our senior citizens.

STATE T.E.H.A. CONVENTION:

Eastland County T.E.H.A. delegates Mrs. Ardythe Caldwell, Lake Cisco E.H. Club; Mrs. Lois Hodges, Olden E.H. Club; and Mrs. Dorothy Underwood, Morton Valley E.H. Club; are in Fort Worth this week for the Annual Texas Extension Homemakers Association Annual convention. An estimated 1,000 members will be present. The state association has a membership of 23,000.

The three day convention will include workshops on Citizenship and Legislation; Cultural Arts and International Understanding; Family Life; Family Resources; Membership and Leadership; Health and Safety; and Family Community Leadership.

Mrs. Underwood serves as

a member of the state membership and Leadership Committee, and will be sponsoring the state workshop session.

RECIPE FOR THE WEEK:

This past week, I assisted with the Texas Agricultural Extension Service Research Center field day in Stephenville on Thursday. The extension Home Economists in the district sponsored commodity booths. I was in charge of the peanut and pecan display. Of course, food samples are very popular. You might like to try this peanut stick recipe. They are delicious, high nutrition and low cost to prepare.

PEANUT STICKS

Cut crusts from thin-sliced white bread. Cut remaining bread slices each into five fingers. Put fingers in one large flat pan and crusts in another. Place both in oven at 200° F. and leave about 50 minutes, or until crisp. Roll crusts into even fine crumbs. Dip bread fingers gently into a mixture of equal parts peanut butter and peanut oil which has been seasoned to taste with salt. For best effect it should be just noticeably salty. Roll the dipped fingers in the fine crumbs to coat them evenly all over. Shake off any excess. Store in a box with wax paper between layers. These will keep for a week at least - if they are not all eaten immediately.

Bob Schults (R), President of the Eastland County Farm Bureau, presents Fireman Jim Hughes of Eastland a Certificate of Participation in the Fireman's School at Texas A&M University last July.

Each year the Farm Bureau sponsors a Fireman at the University for this one-week of

training on the latest techniques in firefighting. Hughes took a Pumper Operations Course, in which he learned more about operating a pumper truck.

"I really enjoyed this training, and I feel it will help me in my work," Hughes says.

Eastland Manor News

Sixty-seven residents and family members joined us for an old-fashioned sack lunch and watermelon dinner to celebrate Granparent's Day, Sunday, September 13. The weather cooperated beautifully and many ate out on the patio. Everyone seemed to enjoy good old bologna and pimento cheese sandwiches, chips,

cookies and topped off with slices of watermelon. That afternoon Nimrod Baptist Church had services with seven of their members here as volunteers.

Tuesday, Sept. 22 is another busy day around here. LaRue Broussard will be here at 11:00 for Sing-A-Long. At 12:30 the Daughtery Street Church of Christ ladies will host our monthly birthday party. At 7:30 in the evening, Al Anderson will be here for the monthly musical.

Eastland Manor wants to say thank-you to Dr. Bulgerin and his wife Loretta for the many years of service in the community and in the nursing homes. Mrs. Bulgerin is here every week to conduct Bible Study for our residents and we appreciate her a great deal. Hope they have time to enjoy themselves now!

See you next week, Marilyn Thomas, Activity Coordinator

According to a Harris poll of 227 world class researchers: Two-thirds of cancer cases should be curable by the year 2000. And there will be a vaccination against certain types of cancer.

Mammograms can detect cancer up to four years earlier than can self-examination. Yet only 5% of high risk women (those over 50) have ever had a mammogram.

Did you know that Tootsie Rolls are the perfect mousetrap bait? They're as attractive to mice as peanut butter, but their harder consistency prevents mice from nibbling without springing the trap.

From research at the University of Oregon: Exercise helps prevent glaucoma and other vision damage. Former non-exercisers who jog, cycle of lift weights for 45 minutes three times a

A study at Clemson University shows that young adults (average age 22) don't really think better than older adults (average age 71) - they just believe they do. They are actually no more skillful in reading comprehension than older adults. Also, the older adults were better able to predict their performance.

Mrs. Wade Roberts is visiting her parents in Oklahoma this week.

RAIN

Moran and community are receiving some much needed rain today (Friday). It is a slow rain and will be very much welcomed, good for the grass, the grain that has been sowed and fall gardens, and make the grass in the yards grow so people can start the lawn mowers.

Do not forget the Deep Creek Picnic to be held on Saturday, Oct. 3, at the picnic grounds on the R. W. Brooks place, northeast of Moran. If the weather is bad, the picnic will be held at the American Legion Hall. The briskets and chicken will be furnished, but vegetables, salads and dessert will be furnished by those who attend. Eating time is 12:30. Bring your silverware and a chair. Plates, napkins, cups

will be furnished. Remember the date and come. All residents, ex-residents, relatives and friends are invited.

SCHOOL HOMECOMING

All ex-students, ex-teachers, relatives and friends of Moran are invited to join the Moran School for the School Homecoming. There will be a football game with the Moran Bulldogs hosting the Gordon High School on Friday, Oct. 9, starting at 8 p.m.

Open house will be at the Moran Community Center beginning at 10 a.m. The Moran Historical Museum will be open. Starting at 11 a.m. lunch will be available at the Legion Hall.

Registration will begin at 1 p.m. in the Gym and the program will start at 2 p.m. The program, under the direction of Katherine Freeman Ricks, class of 1937, will have a special program on "The Way We Were."

A barbecue dinner will start at 5 p.m. in the school cafeteria at \$5 for adults and \$3 for children under 12. A street dance will follow beginning at 8 p.m. at \$2 per person.

Caps, t-shirts, polo shirts, sweatshirts and jackets are being sold by the ex-student association, with the insignia MHS Homecoming 1987 with the picture of a Bulldog on the front, along with "A Tradition, Moran, Texas." Come and enjoy a day of fun and fellowship.

Mrs. Wayne Brown of Land-O-Lakes, Florida, visited her parents, Mr. and Mrs. Paul Harper, last week.

Mr. and Mrs. J. W. Bennett spent last weekend in Oklahoma with their children.

Mrs. Bobby Padgett and Sue of Athens and Mr. and Mrs. Edo Saltarelli and son of Bryan spent last weekend

with their parents and grandparents, Mr. and Mrs. Jim Howard.

Mrs. Dallas Johnston of Austin is visiting her father, Will Englis, this week.

Moran and community are enjoying the nice weather, hot days and cool nights. More rain would be welcomed.

Be on the lookout for rattlesnakes. A large one was killed in the west part of town last Sunday morning on the highway. Skunks are on the move, also, so watch out for them.

Remember the Moran Country Musical will be held on Saturday, Sept. 26, at the Moran Community Center. Admission is free. If you can play any kind of musical instrument come and take part. If you can not play, come and listen to the others play, starting at 7 p.m. A concession stand will open at 6 p.m. with sandwiches, homemade pies, coffee, tea and soft drinks.

EDITOR:

In response to article printed June 20, 1987, in the Abilene Reporter-News entitled "Area Doctor Among Those Sanctioned For Providing Poor Medical Care." This article concerned Dr. Ervin Addy of Cisco, Texas. We would like to voice our opinion on the credibility and character of this fine man.

He was our friend and family doctor for over 30 years.

Gone are the days when you could find as dedicated a doctor as he.

Unlike modern doctors he

day or night to make house calls regardless of who it was.

During office visits he would actually listen to and be concerned about what his patients had to say. To put it another way, he treated each patient as a person not an account number.

In all our years of experience with Dr. Addy, his kindness and quality medical care have prevailed.

police blotter . .

A 14-year old boy who had been missing for some four hours was found by Cisco firemen after a 30-minute

search of the Lake Road area on the south shore of Lake Cisco last Saturday night, according to a report by Fireman Bill Webb.

The youth, who accompanied his father here for a fishing trip, had gone to sleep and the father was fishing off The Point. Around 10:30 p.m., the boy was found to be missing and Cisco police were called to help search for him.

Police later called firemen and Chief Richard Connell took a team of six firemen to the lake around 2 a.m. and located the boy within 30 minutes. He had wandered south of the Lake Road and was 100 yards or so off the road when firemen found him. He was in good condition.

The boy's father assisted in the search, firemen said.

EDITOR:
Being a native Texan, I recently returned to my beloved state, being here only a few months, I am unaccustomed to the biting remarks and exceptionally extreme views over the Cowboy's failure to perform or rather win, more to the point. I myself love a winner, but in everything we do someone has to win and someone has to lose. Personally I am a die hard, I never give up on what I believe in and I believe in the Cowboys and their ability, to make a come back.

As we all know we lost that famous quarterback, he not only had the ability to play ball, but he had the leadership ability to re-group the team and bring those boogers back to a victory, in those last few moments when it counted. Roger walked out a winner, because he had the common sense to know when to quit.

We can not live in the past, but I for one believe, that history can repeat itself, what we need is not only ball players, but someone with leadership ability, and yes someone to set the standard of good clean living, that the rest of the team can follow.

"Don't Mess With Texas."

what a perfectly shallow egotistical statement. The state of Texas in all of it's grandeur and wonders, where has your loyalty gone? When times get tough, typically Texans have been known for the I won't give up, no matter what attitude, I will remain loyal to this state and yes!!!, the Dallas Cowboys!!

For several years I lived outside this great state where I was born and raised, in New York State! Never was I dis-loyal to my home state or our beloved Cowboys. Oh yes, we were on a roll then winning, winning and nobody could say a word about our hero, Mr. Tom Landry.

I managed a small Radio Shack on Long Island, in a basically Jewish Community. In my store, when it came time for the Cowboys to play, (there was a local Cowboy Fan Club), we all stood around to see who was going to win! I remember I had recently acquired a new "manager trainee," his name Peter, he loved M&M's, Jimmy Hendricks, and the New York Giants!

We all stood there shouting, screaming, savoring every minute of this while the Cowboys, stomped the Giants, Peter the only

one rooting for the Giants.

Last year my telephone rang, guess who was on the line? Peter got to rub it in on me this time, because did you hear the Giant's won the "Super Bowl?"

The moral of the story, never give up on our Cowboys, where is your loyalty fellow Texans? If you want to use that slogan, how about re-phrasing, "Don't Mess With Our Cowboys?"

Give Mr. Landry a rest, he has led a wonderfully dynamic life, not only as "the Cowboy Coach," but as a war hero, during World War II. He deserves much respect, as he has led the Cowboys, to many victories and won many Super Bowls, it is I believe time for him to be taken off his pedestal, put in the Hall of Fame (no doubt he earned this) and new young blood brought into a young man's field. To grow old with dignity is one of the hardest things a person ever has to endure.

If you dare to print this I feel like I have proved my point and maybe a few irate Cowboy fans can go back to being loyal during the hard times as well as the good.

Sincerely,
C. J. Balzen

The PEOPLE'S FORUM

I've Been Wrong Before

By Gordon S. Clark

Each time I start to sort out the chaos of my desk I run across some long forgotten bit that I read and debate with myself about keeping.

There was a page from the old Mineral Wells Reporter. That was before environmentalism was so popular and someone wanted to establish a dump for toxic waste near there. They would have been receiving waste from out of state as well as much Texas waste. It seems someone was determined to shove the stuff down their throats, like it or not. But the old M.W. Reporter was leading the fight against it and quite a fight it was until the waste went elsewhere. The man who intended to get rich selling the land for the dump

naturally intended to go elsewhere to live and spend the profit while leaving his former friends and neighbors with any potential problems.

You wouldn't think anyone deserved to be treated that way. Neither did I at that time. However, it was not long after that someone came in to establish a new paper. The new people threw their paper on every lawn FREE and naturally advertisers wanting to reach so many potential customers jumped at the low rates the new folks offered. Soon the old Reporter was on the ropes and decided to refund unused subscriptions and close up.

I have since wondered why those people did not support the paper which had been the vanguard in their recent desperate battle of private business vs public safety. But business is business and maybe loyalty is too much to expect these days. Still, I wonder how long after the Reporter was out of business

it was before newspaper rates and free papers changed.

I missed the old paper which I first saw when I taught a veterans ag. class in Weatherford with some students as far away as the outskirts of Mineral Wells. Those were the days. Maybe it is as well those days are gone. That was in the early 50s and I used to shoot dice at the veterans club with such people as Jim Wright who eventually became a congressman and now Speaker of the House. Sometimes the checks Jim wrote to cover his losses didn't cash until his daddy made them good. Now the tax payers make his losses good. He hasn't changed much but I decided that Mother was right when she said, "Gamblers eat chicken today and feathers tomorrow." So I quit those "African dominos."

They say that politicians are the only people slick enough to create problems and then get voters to elect them again to solve those

A local man asked me why there was not a national sales tax. I was shocked for an instant until he said "Instead of income tax." Now that makes a difference. My income is mostly a tax exempt disability compensation but when I worked, I did pay income taxes and it irked me. It wouldn't have been half so bad if I had believed it was equally applied. The rub came when we read that then Vice President Nelson Rockefeller paid NOTHING while our pay checks were clipped regularly. Nobody in his right mind could believe we made more than Rockefeller.

Now a graduated income tax as proposed by Karl Marx is called a "progressive" tax as it is supposed to fall heaviest on those who can best afford it. A sales tax is called "regressive" since it supposedly falls heavier on the poor. Naturally it isn't exactly that way as the wealthy spend more since they have it and being able to buy Congressmen and senators they have the loopholes built into income tax law. The result is the grinding down of the middle class. So, if we could

have a sales tax, loopholes the rich might just pay more than they now do, income tax "reform" bill recently passed notwithstanding.

The cry during the American Revolution was, "NO taxation without representation." Frankly, with the kind of "representation" we now have taxation still isn't worth much either. The reason so many of us think so is that the old saying about nothing being certain except death and taxes is a lie when we know that so many escape taxes.

Equal protection under the law? Don't make us laugh. That is another one of those who believe that must be unable to read or hear. You couldn't even get equality under law if it were by computer because some wise guy would feed the computer a crooked program.

So what should we do? Simply the best we can at any given time.

Letter To The Editor

Letter To The Editor,

To my amazement the county commissioners of Eastland County have held their ground on new raises.

My hat is off to them in this stand on this matter in a time when all of us are trying to bite the bullet and bring our economy out of the doldrums.

In the first place I was always taught to honor any contracts, oral or written, and to me the employees that asked for a raise in the middle of their term did a

moral sin. They each one knew what his or her salary would be when they ran for their respective offices, so let's see that they honor their commitment and then if they do not want the job at the rate it pays, all they have to do is not enter the race again.

I can assure you that I will vote for my commissioner again and hope that he shows that much grit again.

Respectfully,
Jack Elliott

Many New Services To Become Taxable Oct. 1

State Comptroller Bob Bullock said many new services will become taxable on October 1, when the state's sales tax rate increases from 5 1/4 percent to 6 percent.

"The tax change will not only hit items which are now currently taxed, but a number of newly taxable items and services," Bullock said.

The expanded sales tax base was a major element of a \$5.7 billion tax bill approved by the Legislature this past summer.

October 1 is also the effective date of an increase in taxes on cigarettes, going up from 20.5 cents a pack to 26 cents a pack.

The Legislature extended the sales tax to several broad categories of services such as real property services, including landscaping, janitorial, garbage collection and pest control; security services, including

private investigators and armored car services; information furnished by credit bureaus; and debt services, such as adjustments and repossessions.

It will also include information services like financial research, specialized information and insurance services including damage appraisals, investigations and claims adjustments, but not premiums paid for insurance.

The expanded tax base is expected to add more than 64,000 Texas businesses to the state's tax rolls, joining the more than 420,000 merchants and businesses already collecting sales taxes.

Newly taxable items include custom computer programs, labor on installations to tangible property, some transportation charges on the sale of goods, telephone service and membership and dues to private clubs.

"Business need to

reprogram cash registers and alert workers and staff of the new rate taking effect October 1," Bullock said.

There is no increase in the one-percent local option tax collected in some areas of Texas.

A fee for getting a sales tax permit and an increase in the state's motor vehicle sales and hotel/motel room taxes went into effect on September 1.

A rollback in the state's motor fuels tax from 15 cents to 10 cents a gallon was also cancelled on September 1.

Starting January 1, 1988, the sales tax will be further extended to data processing services, including word processing, data entry, retrieval and search as well as payroll and business accounting, data production, time sharing and computer management.

Taxes will also be due on repair and remodeling services, except on new construction and owner-occupied residences starting January 1, 1988.

Plans For Larger County-Wide Pantry

By Viola Payne
A Community-Interest Resource meeting was held last Thursday, Sept. 17 at the First Baptist Church in Eastland. This was the second meeting of its type, with the first one on Aug. 13 at the Church. Plans were made to assist needy people in the county.

It was voted to help the Multipurpose Center set up a large County Food Pantry in a convenient location in Eastland. Mary Dunn, Vista Worker, will manage the Pantry. When her term as Vista Worker ends next year, management of the project will be turned over to leaders of the county who set it up.

The group also voted to meet once per month and continue sharing information, and to work on plans. Arrangements for a building

for the Food Pantry are expected to be finalized by the next meeting.

Present at last Thursday's meeting were Nanette Keith, Texas Department of Human Services, Maria Duncan, TDHS, Sue Pennyton, also from the Department of Human Services, Peggy Roberts, Director of the Multipurpose Center, Mary Dunn, Vista Worker at the Center, Susie Thomas, State Dept. of Health, and Charles Maulden, area manager of Thrift Mart Stores.

Also present was: Cay Collins, Administrator of Funds for Job-Training Program of C.O.G., Jean White, Secretary to County Judge Scott Bailey, O.L. Rodgers, Pastor of the Nimrod Baptist Mission, Nancy Pryor, EISD and Community, Ed Stumm,

Carbon School Superintendent, Dr. Robert Jefferies, pastor of the First Baptist Church, and Viola Payne from the Eastland County Newspapers.

When the group first met in August they learned that the Multipurpose Center, 204 N. Lamar, was in critical need of food and clothing to assist persons referred to them by the Department of Human Services. The Department of Human Services was also in need of volunteers.

Peggy Roberts, Director of the Multipurpose Center and her Assistant Mary Dunn reported Thursday that - thanks to the generous people of this county - a lot of food was brought to the pantry. Money was contributed, too, as soon as the situation was known. A number of families were taken care of

by these donations.

Mrs. Roberts expressed appreciation for this help, but reminded everyone that the need is continuous. If a larger building can be secured, there will be more storage places for the food.

Mrs. Roberts also brought up the current need for a volunteer worker to take care of the Multipurpose Center on Friday.

Nanette Keith of the Department of Human Services stressed that the work to be done with the Food Pantry is not to replace what is being done by Churches, organizations, and individuals. The Pantry would enlarge and enhance the other work in the county.

Many ideas were put forth on how to do this, as various people mentioned resources available.

Cay Collins, who ad-

ministers Job-training funds for the Central Texas Council of Governments, said that on-the-job training is available for eligible persons. She called on employers who had need of workers to look into this plan. Collins is in an office in the Courthouse basement each Thursday morning, and will discuss training or employment with interested persons.

Susie Thomas of the State Health Department told of the assistance available from her Clinic. This includes programs for women and children, immunizations, and much more.

Sue Pennyton from the Department of Human Services told of the assistance to the elderly in their homes. She also discussed the work of the Goodfellows, a community organization.

Charles Maulden of Thrift-Mart Groceries offered suggestions on collecting food for the needy. Thrift Mart has been a generous contributor to the Multipurpose Center, donating canned goods and various other items.

Nanette Keith spoke of Food Stamps and other assistance available at the Dept. of Human Services. She said that supplemental help was always welcome and needed, however.

O.L. Rodgers, Pastor of the Nimrod Baptist Church, said that his church always had a tremendous burden for those in need. He mentioned that sometimes in the rural areas people have surplus garden produce, and he wondered if a county Food Bank could store these perishable items. He was assured that garden produce would be gratefully received.

Ed Stumm, Carbon School Superintendent, said there were quite a few elderly peo-

ple living on farms and ranches around Carbon - some of them living alone. He was concerned about what might happen to individuals in case of injury or illness. He thought people should check on isolated neighbors as often as possible.

Jean White, Secretary to County Judge Scott Bailey, told of the indigent Health Care program, which pays for medical care for people who qualify, and who live outside the Hospital Districts.

At the end of the discussion the next meeting was set for mid-October, on a date to be announced. Church leaders, community leaders, other interested persons will all be urged to join in this effort to set up a place where adequate help for the needy people of this county will be available.

Mangum Baptist Singing

Mangum Baptist Church will have a singing at 7 p.m., Thursday, September 24. All singers and visitors are invited to attend.

Area Football Scores

Eastland County won four and lost two this week in high school football.

In the closest county games Carbon started district play by edging Sidney 14 to 13, while Eastland's speed barely got

them past a big Wylie Team 9-7.

A Gorman team that has risen above expectations provided tough competition for a building Ranger team as Gorman won 36-0. Cisco lost to a former coach as

Early came from behind to outscore the Lobos 28-6, and Tolar fell victim to Rising Star 46-6.

In other scores it was: Breckenridge 27, Graham 6; Comanche 0, Hamilton 0; Clyde 31, Bangs 14; Cross Plains 28, Baird 6; Albany 50, Aspermont 8; DeLeon 28, San Saba 0; Dublin 40, Lometa 0; Gustine 58, Gordon 26; Strawn 34, Novice 26; Zephyr 85, Moran 37; and Panther Creek 34, May 0.

Eastland Music Club To Have Booth At Fair

The Eastland Music Study Club will have a special booth during the Eastland County Fair, October 3. It will be located on the south side of Courthouse Square, in front of the building where the Eastland Telegram used to be located. This year two things will be featured - face

painting for children, and the sale of prints of some beautiful water colors by Millie Sayre. There will be two different styles of prints, and each will have mats. So bring the children by for some painting, and consider these prints for home decorating.

Parker Appointed To Committee

AUSTIN--Texas House Speaker Gib Lewis, D-Fort Worth, has appointed State Representative Jim Parker to the Joint Special Committee on Security for Judgements.

The committee was established as a result of the passage of SCR-122 during the regular session of the 70th Legislature. It is charged with studying Texas law and procedure relating to security for judgements, including clarification of the

courts' discretion in determining the amount of bond, the relation of the right to post bond to the right to obtain abstracts of judgements and full judgement liens, and the advisability of establishing a maximum level of bond.

Parker, a democrat from Comanche, was first elected to the Legislature in 1982. He currently serves as vice-chairman of the House Criminal Jurisprudence committee, and is a member

of the House Judicial Affairs and General Investigating committees.

The committee will report its finding and make recommendations of legislation it considers necessary to the 71st Legislature when it convenes in January of 1989.

In making the announcement, Lewis stated, "Representative Parker has the experience and knowledge needed to effectively participate in such a complex and important study."

Lewis continued, "I look forward to their report to the 71st Legislature."

The Next Best Thing -

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

EASTLAND
First State Bank, a new bank for Eastland, is scheduled to open Nov. 1. The 3,000-square ft. building, which formerly housed a bank in Arlington, will arrive on three trucks. It will be situated on a 90x200-ft. site on East Main Street, just east of the Goodyear Service Center. Kent Pirkle will be in charge of the bank, and he, Mrs. Pirkle and their two children have moved to Eastland from Brownwood. Pirkle has announced that the bank will probably open with four employees, and will feature two drive-through lanes as well as in-door offices.

Tuesday of this week was declared "Dr. H.J. Bulgerin Day" in Eastland by an official City Commission Proclamation. Dr. Bulgerin is retiring from medical practice after 32 years as a physician in Eastland. He opened his first office in 1955, and has been in partnership with Dr. B.B. Alexander since 1958. The Doctors opened B&W Clinic on West Plummer in 1972. Dr. Bulgerin and his wife, Loretta, were honored with a Retirement Dinner at The Crossin' Restaurant last Saturday night, and were guests of honor at a reception in the Chamber of Commerce Conference Room on Sept. 22. The Bulgerins will continue to live in their home here.

Sallie Kinnaird, owner of D.L. Kinnaird General Insurance, has announced her partnership with Mike Perry of Eastland. Together they have announced the relocation of their offices to 104 N. Lamar. Mike Perry, former Vice President of Eastland National Bank, has a degree in both insurance and finance. Mrs. Kinnaird states that she feels the new partnership will allow for more expanded and more efficient service for both old and new customers.

The sixteenth annual Jan Herring Art Show is being held this week in the Community Room of Eastland National Bank. On Friday, Sept. 25 the paintings will be transferred from the bank to the upstairs mezzanine of the Majestic Theatre, where they will be on view during the grand opening festivities Saturday, Sept. 26. The showing features oil and watercolor paintings by this celebrated artist, teacher, and author. All are invited to view these outstanding pictures.

BAIRD
The Callahan County Commissioners have agreed to enter a 13-county Crime Task Force. This agreement will be in cooperation with Brown, Coleman, Eastland, Fisher, Jones, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens and Taylor counties. This Task Force, which will be headed by four officers and a team leader, will be funded by the state and federal government. Hopefully this Force, with cooperation from local officers, can combat the ever increasing narcotic and criminal activities in the West Central Texas area.

The city council has approved a bid for a fire truck, equipment and radio for a total of \$78,571. This is a 1988 model truck, the lowest of several bid, and was recommended by Gary Franke and Pat McKennon. This new equipment is expected to give a real boost to fire protection in Baird.

A salad supper on Tuesday night, Sept. 22 celebrated the ninth year of the Meals on Wheels Program. Ferne Lee, Director, and others of the Meals on Wheels group invited Baird and Clyde civic leaders to the event, as well as County Judge Mack Kniffen and the County Commissioners. The county has given strong support to this program financially and in other ways. Meals on Wheels volunteers carry out a number of meals weekly to the sick, disabled and elderly in the area.

Baird Mayor Frank Payne has received a letter from Senator Ray Farabee, Dist. 30, Chairman of State Affairs

in Austin, stating that he noticed in the Callahan County Star that Payne would not be running for another term as Mayor. "I commend you for the hard work and dedication you have put into the office over the past five years," Farabee said. "Please keep contributing to your community after your term expires. Your talents should not be wasted..."

County Agent Greg Gerngross announces a Field Day and Ranch Management Tour of the 10,500 acre Link Ranch on Oct. 7. Registration opens at 8 a.m., with a brief program at 9 a.m. before the ranch tour departs. The morning trip features chemical and mechanical brush control

areas, prescribed burning sites, beef cattle and wildlife operations and sunflower production plots. A barbecue lunch will be provided, followed by an optional tour that concludes at 3:30 p.m. The afternoon stops include a tasajillo control plot and more of the commercial cattle operation. This is going to be a very educational tour, and interested persons may contact the County Agents office for more details.

RANGER
Roaring Ranger Day - Sept. 26 - is nearing, and many festivities are planned. A big parade, games, swamp surfing, and music will highlight the event. As Ranger returns to these Boom Days of 1917, the Chamber of Commerce urges all merchants and other citizens to dress up in

the styles of the times. Prizes will be awarded for "Best Dressed Man" and "Best Dressed Woman". Also, the business with the employees decked out the finest will receive the "Most Authentic Merchant" prize and a check for \$25. Judging for the contest will be held Thursday, Sept. 24 in the business district downtown.

The Senior Citizens Center will hold a Bazaar in the Joseph Building, Main Street, all day Friday, Sept. 25 and Saturday, Roaring Ranger Day. On Friday the Center will serve stew and cornbread, pie or cake, tea or coffee for \$2.50. The public is invited to come by for this good lunch and browse through the many displays set up by Seniors for the community. All items will be hand made.

The City of Ranger is making application for a Texas Dept. of Community Affairs grant, and the first public hearing will be held at City Hall on Sept. 30 at 6 p.m. Eligible projects will be

discussed as well as state and federal requirements for funding. Citizens may submit written comments on priority needs, in addition to those already collected. These projects must contribute to low and moderate-income citizens' needs.

CISCO
The Cisco High School Student Council invites everyone to participate in

this year's Homecoming Parade, which will be held at 4 p.m. Friday, Oct. 23. All entries will line up at 3 p.m. and judging will begin shortly after. Trophies will be presented to the first place winner in each age division before the parade begins. In addition, a \$25 prize will be awarded to the best overall entry. Anyone wishing to enter a float, decorated car, etc. is asked to call the High School at 442-3051.

RISING STAR
Rising Star's long awaited paving for North Anderson Street is now being finished. Rain and threats of rain have delayed the roadwork periodically, but it should be completed this week. The project is funded by Revenue Sharing money, and the paving will serve a large portion of the community. The local bank is on one of the project, and the grade school and

cafeteria is on the other end. In addition to the automobile traffic on the street, many children walk to and from school there. The City Council has voted to set the speed limit to 20 mph on N. Anderson, and signs will soon be posted to that effect.

THE ANNUAL Book Fair of the Graham Hospital Auxiliary was held last Friday and Saturday at the Corral Room of the Laguna. And it was a good success, reports Chairman Thelma Smith. Profits from the sale of books plus baked goods donated by Auxiliary members amounted to more than \$500.00, reports Auxiliary Treasurer Kitty McCracken.

As usual, profits from such things as the Book Fair go into the Auxiliary's fund that benefits the hospital. When you consider that paperback books sold for 25 cents and hard-backs for 50 cents, you know that a lot of books were purchased. Janelle Schrader is president of the Auxiliary.

VISITING IN Cisco at the home of his parents, the Jammie Frays, was Phil Fry of Wichita Falls on Tuesday. He came down to spend a day off dove hunting. We recently reported that Phil, who has been working for a restaurant chain in San Marcos while studying at Southwestern State University, has been promoted and transferred to Wichita Falls. He told friends and relatives he likes his new setup in North Texas. And bird hunting was pretty good, thank you.

A GOOD CROWD turned out for the first Lobo home football game last Friday night, and the Early football team proved to be a bit strong for our Lobos. Cisco won the band contest, however, as ours put on a fine half-time performance and sounded super. Two familiar faces were on the sidelines with the Early team - Mr. Clyde Evetts and Mr. Danny Kent, both formerly of the CHS coaching staff. The Rev. Cecil Deadman, pastor of East Cisco Baptist Church, gave the pre-game invocation. Bill Austin of the furniture store was the game public address system announcer. The Lobos are at home again this week with Roscoe.

PRINCIPAL Jim Puryear of Cisco Junior High School doesn't think it's too early to start bragging about the JH Football team this year. The 7th and 8th grades both played Early teams at Early last Thursday night. And both Cisco teams won by identical scores of 22-0.

Mr. Jim said he'll see about fixing some write-ups about the junior teams. Their coach is Mr. Hershell Jones, new to the Lobo staff this year. The Juniors have an open schedule this week as Roscoe doesn't have junior high teams.

MR. PURYEAR also reports that members of the Cisco Country Club and their guests will have a last go-around in scramble golf play this coming Thursday, Sept. 24.

Players were asked to sign up at the club office by 5:45 p.m. Thursday for the 6 p.m. tee off. They'll play nine holes. Local golfers are urged to participate.

FOUR COUPLES of Cisco folks took part in the Guys and Dolls tournament at Lakeside Country Club, Pioneer, last Saturday and Sunday. And four couples had a good time but didn't get home with any bacon.

Entering from Cisco were Ralph Glenn and Dorothy Farnsworth, Robby and Flo Robinson, George and Pat Owens and B. J. and Maryann Perry. They did enjoy a real nice fish dinner Saturday after the first day's

18 holes. **A GOOD MANY** of us didn't realize that serving on the board of trustees of the public school entails a lot more of your time than it used to. For example, the House Bill 72 that reorganized the school rules and regulations required board members to receive 20 hours of special instructions.

Six members of the Cisco board - Bruce Stovall, Dr. Allen McGinness, Dr. Tim Boersma, Sue Covert, Rick Roark and Yolanda Anderson - and Supt. Ray Saunders went to San Antonio last Saturday and Sunday to attend a school held by the Texas Association of School Boards for members. The law requires the schools to publish a legal notice to inform the public that their trustees attended school.

THE YEAR'S largest crowd - 184 persons - turned out last Sunday morning for the First United Methodist Church's note-burning ceremonies that celebrated the completion of pay off bank notes that financed improvements there over the past five years. The notes burned had a face value of \$184,000.

The Rev. David Adkins of Fort Worth, former pastor, was in the pulpit. He and the Rev. Ken Diehm stood together at the church altar and Douglas Fry and Carl Gorr of the finance committee took the notes on a special plate to the front. The ministers lighted the fire that consumed the notes.

Mrs. Charlotte Griffin Freeman of Knox City, a former member, was a special guest and she sang "The Holy City" as a solo. Rev. Adkins noted that the only two children born to pastors of Cisco churches while they were serving here were in the audience - Misses Alicia Adkins, 5, daughter of David and Brenda Adkins, and Kalla Dawn Diehm, daughter of the present minister and wife. The congregation enjoyed a covered dish luncheon in Fellowship Hall following the service.

MRS. JUNE HICKS of the Pleasant Hill Baptist Church reports that they enjoyed a fine homecoming on Sunday, Sept. 13, at their church. The Rev. Joe Philpott, pastor, served as master of ceremonies, and the Rev. Johnny Day of Longview, a former pastor, was the speaker. Some 135 persons enjoyed dinner on the grounds after the service. Three CHS students - Miss Ingrid Valek, Miss Teresa Maxwell and Mr. Gordon Davis - have joined the U. S. Marine Corps Reserve and attend occasional meetings. They'll spend some time on active duty next summer.

THE CROWD at the annual Lions Benefit Bowl in Breckenridge last Saturday night was pretty good - larger than the year before. And the Cisco victory was appreciated by local fans.

Chairman Ivan Webb of the committee that handled a food concession reports that they sold 300 hot dogs, 100 chili packs and used 20 pounds of popcorn to turn out enough to meet the demand. It was a good night for football. The CJC Band and Belles put on a fine half-time show that folks applauded.

Accompanist will compete for 1st - \$35.00; 2nd - \$20.00; and 3rd - \$15.00.

This event will take place at 7:00 p.m. in the Majestic Theatre, and there will be a \$2.00 charge for adults and \$1.00 for children.

We feel this will be a very fitting end to a day chock full of fun and entertainment. The day starts with the traditional Chamber of Commerce Parade at 10:00 a.m., the Eastland County Fair exhibits, displays, and booths; as well as live entertainment which will last until they roll up the side walks.

We are planning something for everyone!! So dust off your lawn chairs, mark your calendar, and plan to make a full day of it. We promise you won't be disappointed.

Judge Scott Bailey Speaks To Cisco AARP

The Cisco Chapter No. 2447 of the American Association of Retired Persons held its regular monthly meeting Thursday evening, Sept. 17, 1987, at the Corral Room. In the absence of President Louise Allison, President-elect Jack Roberson presided.

Gil Copeland, program chairperson, introduced Judge Scott Bailey, the guest for the evening. In remembrance of the day on which our Constitution was signed, September 17, 1787, Judge Bailey presented a brief review of its ratification and the rights given "We, the People."

When the 13 original colonies gathered in Philadelphia there were many obstacles to overcome, the rights of states over centralized government, the rivalry between the industrialized north and the agricultural south. After very bitter debates, compromises were worked out. It was only after a long and hard won fight that the "Bill of Rights" was added. The drafting of the constitution left room for expansion and through its amendments many of our privileges have been granted. It has withstood the test of time, through wars, both foreign

and domestic, and is looked upon in the world as a lasting document granting its citizens a freedom for democracy. President George Washington said of this document if it were not the best that could be imagined at that time, he thought it was the best that could be obtained.

Judge Bailey proceeded to explain the three branches of government under which we live - the executive, the legislative and the judicial, and the privileges which it grants, asking us not to forget that for every right there is a responsibility. It is for each of us to teach our

children our heritage to be passed from one generation to another so that these United States may endure.
