# Cisco Junior High Teams Win-- Remain Undefeated

Both of the Cisco Junior High football teams scored victories over the Dublin Lions Thursday night in

The seventh grade team won by a score of 18-0. The defensive team has yet to give up a touchdown to the opposing team. They have allowed only one safety during a punting situation for a total of only two points allowed this season. Standouts on the defensive team were Hoot Beckett, David Powell, Randy Boles, and Ray McDaniels. On offense, Jay Nixon scored two touchdowns while Brent Shepard added one TD. Other offensive standouts were Jason Hoffman, Tommy Thompson, Bradlee

Rains, and Cullen Rabel.

### Over 500 Attend Enterprise Reunion

Carroll Barnhill, native Ciscoan, was elected president of the USS Enterprise CV-6 Association during its national reunion September 22-27 in Arlington, Texas.

The reunion was the first national ever held in Texas and the southwest since its inception in 1954. Carroll and his wife, Jean, also a Cisco native, hosted the event. The reunion drew 500 guests from around the nation, was the largest, by far, national reunion ever held by the former Enterprise shipmates. Past reunions have averaged about 300-325 attendees.

Metroplex newspapers and NBC, Channel 5, Fort Worth, gave the men and their ladies of the Enterprise an excellent coverage. Channel 5 spent approximately one hour taping and interviewing for the feature

Carroll served aboard the Enterprise almost four years during World War II. The Enterprise is the most decorated warship in naval history and was on the mostwanted list by the Japanese during the war. Her battle record was never remotely approached by any ship.

Carroll said, "I am certainly honored to have been elected president of our 1700-member association. I'll give 100 percent plus to keep the name and the memory of the gallant Enterprise flying high."

His mother, Mary, and his sister, Idella Taylor, still reside in Cisco.

George Washington said, 'It is impossible to rightly govern the world without God and the Bible.'

Abraham Lincoln put it this way: "I am profitably engaged in reading the Bible. Take all of this Book upon reason that you can. and the balance of faith, and you will live and die a better man."

The divinely inspired, revealed, written Word of God is power. It fills our greatest spiritual void, strengthens and revitalizes our homes and family relationships, and keeps evil away from us. The power of the Word transforms and changes who we are and what we do.

An airline attendant was asking each of the passengers if he, or she desired an alcoholic drink. She came to a young man reading the Word of God. "Would you like a glass of

tomatoe juice?" she asked. "The power of this Word." replied the young man, "has turned an alcoholic drink into tomatoe juice.'

The Psalmist wrote, "Ah, how I love thy Law! It is my meditation of the day. Thy commandments make me wiser than my enemies, for they are ever mine. I have more insight than all my teachers, for testimonies are my meditation. I understand more than the aged, because I have observed Thy precepts." (Psalm 119: 97-100)

The hope of this country and the world is in the transforming power of the Word of God. It is still true, "Righteousness exalts a nation, but sin is a disgrace to any people.'

### Spanish Club **Officers**

The 1987-88 Spanish Club held their first meeting in Mrs. McCullough's room during activity period last week. Our first order of business was the election of officers. Alicia Lambeth was elected president; Amy Hawking vice-president; Deanna Parrigan sec/treasurer; and Amy Hounshell reporter.

Next we talked about our turkey sales, which will begin Nov. 6th.

**Favorites** This year Cisco High School elected their first class favorites differently this year. Each class had a precinct in which they registered to vote, such as that in a real live election. Each person went to his or her own precinct to receive their voter registration card that will enable them to vote in any election held

throughout the year. Each class elected their own two favorites. The Freshmen elected as their favorites Lela Beckett and Bobby Shelton, the Sophomore class elected Shannon Anderson and Brandon Honea, the Juniors elected Ginny Pope and Philip Shackleford, and the Seniors elected Keri Campbell and Shannon Berry.

#### **Spirit Days**

Last week three days were designated as spirit color days. Students were encouraged to show support for our team by wearing blue on Wednesday, red on Thursday, and black and gold on Friday. A surprisingly large number of students participated on each of the three days, eagerly showing their Lobo Pride as well as receiving extra points on those days from some of the Cisco High School's most spirited teaching staff.

### Don't fool around! (WITH CRACK!)

If you're thinking that crack is something to try, then you're really not thinking at all. It's an inexpensive form of cocaine that's unpredictable, highly addictive and very deadly. In fact, you could die from just one time's use. and if you do live through the experience. you'll more than likely be addicted. That's the nature of it. Make the mistake of trying crack just once, and you'd be making the mistake of your life. Maybe it's time to realize that drugs are not what they're cracked up to be. Only a clown would fall for crack.

to grow in future years. Seven bands were enrolled in the contest, but six competed as Eden was a noshow.

Marching in the parade before the contest, the bands added to Saturday's festivities twice, and they brought a crowd of out of county people to the fair. And attracting out of county people is essential for a really successful fair.

The bands are judged against an ideal standard rather than against each other so there can be numerous winners.

Four bands were placed at the highest level, Division I and two bands were placed at the next level, Division II. Ranger and Hico, the two smallest schools in the local class AA district were judg-

ed to be Division II. Ranger has 45 members under the direction of Bill Swinney and Hico has 30 members directed by Mike

Division I winners included: Anson, 50 members under Tim Nix: Bangs, 70 members under Don Baldwin; Goldthwaite, 67 members under Anna Gene Moreland; and Eastland, 56 members directed by Phillip

Hewett. The Division I winners received huge, beautiful trophies and all received nice plaques and the applause of the nice crowd that viewed the band appearances in Maverick

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Pecular to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

### County Family Histories Still Needed

What business and neighbor

There's still a great number of family histories not turned in and the deadline for the Eastland County History Book isn't far off. It won't be complete unless your family is included. Over 700 are already in; will yours be left out?

ITEMS TO CONSIDER IN WRITING YOUR FAMILY STORY

- When and why your family came to the county. 1. How old were you?
- 2. Include all generations important to your story. 3. Where they learned of
- the County. Where located in County. 4. Related events and cir-
- cumstances. 5. Your childhood, health, accidents, playmates, trips, brothers and sisters, unusual

happenings, visitors, relatives you remember, finances that influenced your lifestyle. 6. School days: Schools attended, teachers, special ac-

#### tivities, achievements, humorous situations, who or what influenced you? County Extension Homemakers

Attend Meeting

Extension Homemakers Ardythe Caldwell, Doris Hodges and Dorothy Underwood from Eastland County attended the 1987 State Texas Extension Homemakers Association Meeting in Fort Worth. Educational workshops, business meetings, a luncheon for area legislators, entertainment and fun were all a part of the activities Sept. 22-24.

Participants acquired knowledge about AIDS and Parliamentary law. Club members also studied about our water resources, communication skills, coping with stress, home and personal safety, immigration laws, and how to work within the State and Local Government system.

Of special interest was the announcement of the new Family and Community Development project. In the next several years, Extension Homemaker leaders will receive in-depth training to prepare them for involvement in public policy decision-making. The special project, funded jointly by the Cooperative Extension Service, Extension Homemakers, and the W. K. Kellogg Foundation, is open to anyone who will commit to working in the program 12-24 days in one year.

Participants in FCL will receive 30 hours of instruction in Leadership Communication, Working with Groups, Issue Analysis and Resolution, Community Affairs and Public Policy, Volunteerism, and Teaching Methods.

If you are interested in the FCL project and in becoming a member of the local Extension Homemaker Clubs, call Janet Thomas at 629-2222. The Extension Homemaker Clubs are a part of the Texas Agricultural Extension Service of the Texas A&M University System. Clubs are open to people of all ages regardless of socio-economic level, race, color, sex, religion, handicap or national origin. Come join us for learning, community leadership and good fellowship.

State Representative Jim Parker will be in Ranger on Tuesday, Oct. 27 to discuss the proposed Amendments in the November election. Parker will be at the Ranger School Cafeteria at 7 p.m. Make plans to attend and learn more of these Amendments. There are some important matters up for consideration in this election, including legalized betting on horse races.

The Ranger 4-H Club is hosting a County-wide 4-H Awards Banquet at Ranger School Cafeteria this Saturday at 6:30 p.m. All 4-H'ers are asked to bring a main dish, and the Ranger Club will furnish dessert and drinks. The guest speaker will be Brad Reynolds, District 8 4-H Council Chair-

In a report mailed to all Texas schools this week, the Ranger Schools were ranked 234 out of 1052 schools statewide. This places RISD in the top 22 percent of all schools in the state. This report was based on the 1987 Texas Education Assessment of Minimum Skills (TEAMS) test. Ranger ISD is reported to have 40 percent low income students and 12 percent minority students. Ranger students tested 18 points higher than the predicted score. The school also scored well in regional and other rankings.

Christian Church on Sunday, Oct. 11 will be Dick and Linda West, missionaries from Africa. The West family established and presently maintain an orphanage in Nairobi, Kenya for homeless African children. Along with them will be two African orphans and the West little son Joshua. At the 11 a.m. Church service the West will give highlights of their Orphanage. At 6:30 p.m. they will show slides of Africa and their work there. Caprice Scott of Ranger worked closely with the West family while she was a missionary in Africa 21/2 years. She is now a missionary in the ghettos of New York City.

EASTLAND

Another historic Eastland building is in the process of getting its face lifted. The Petroleum Building, at the corner of S. Seaman and Commerce Sts. (on the Square) has been purchased by the EBAA Iron Inc. Employee Profit-Sharing Plan Trust as an investment. It is presently being weather-proofed, with plans toward one once again making the building a viable downtown entity. The employee organization is restoring the building, with roof and window repairs the first order of business. Hopefully the third and first floor will not require too much renovation, and will soon be ready to use.

#### Pve Been Wrong Before

by Gordon S. Clark It seems to me that the recent government decision against regulating the production of fluronated hydrocarbons which seem to be destroying the ozone layer which filters out much of the harmful ultraviolet ays of the sun is wrong.

First, it is the U.S. where so much of that gas is manufacturered and used. Even though some is producd in other countries it would seem that if we consider America as a world leader the, is leading in the wrong direction again.

The suggestion that skin cancer should be guarded by Lits, sun glasses, umbrellas, skin lotions, etc. makes less

people in the ruture existing in every day suits resembling chemical warfare dress. But wouldn't it be lovely for Dupont, the chief manufacturer of fluorinated hydrocarbons to continue until the situation passes critical? Just look also at the boost the economy would receive in sales of those protective items. If that sounds bitterly sarcastic, it was intended to. I will not join the ecological nuts who try to prevent needed progress in order to preserve something we could live as well without but given a choice of their company and those who

dollars then I must reluctantly join the nuts in the street in preference to surporting the nuts in air condi-

tioned offices. I believe that the measure

### **Alcohol And Drug Deliverance Rally**

Fred Hyde, ex-Bourbon Street entertainer and Country and Western personality from New Orleans will speak at the Majestic Theater of Downtown Eastland on Monday and Tuesday nights, October 26 and 27, 1987 in a special alcohol/drug

deliverance rally. Hyde's subject will be 'Raised From the Ruins" He will give his life's story of how his career was ravaged by alcoholism and how he found deliverance through a dynamic miracle and has walked in complete freedom from alcoholism for over 28

years.

Hyde will speak on the progressive symptoms of alcoholism and drug use and give some shocking statistics.

Should you know an alcoholic or if you are having alcohol or drug related problems in your own life or family, this program should

be of great interest to you. The rally is Monday and Tuesday nights, October 26

and 27, 1987 at the Majestic Theater of Downtown Eastland. Services will begin each night at 7:30.

The public is invited and there is no charge.

of a person's auc words to not in how much he or she

gaths of preasure and self but rather what is left after he departs.

Will knowledge be increased or at least passed to the next generation equal to what was received? Will a dwelling equal or land improved over its original condition and fertility be left behind or will his passing leave decay, trash, and emp-'iness for the future'

Exploitation, over kill. consumption and other forms of greed have reduced the quality of life and plunged future generations into endless debt. Will the cutzens of temorrow also be left a legacy of polution,

depletion and misery On the chance that there is a pereafter, will we be found wrige or owed.

# **Absentee Voting To Start**

County Clerk Joann Johnson announced that her office on the east wing of the main floor at the county courthouse will be accepting absentee votes after October

14 until October 30. If you want to vote absentee, and that is reason enough as you no longer have to state that you will be out of the county at election time, just come in person to the county clerk's office between 8:30 a.m. and 5:00 p.m.

The absentee voting will be for the Constitutional Amendment Election to be held Tuesday, November 3. There will be 25 constitutional amendments and two referendum propositions.

State income tax. The term leaves a pretty bad taste in your mouth, doesn't

This state is being pushed, sometimes subtly and sometimes not so subtly, in the direction of a state income tax both by the federal government and by economic factors currently at work in the state. From the standpoint of the federal government, Texas is one of only four states which does not currently have a state income tax. Those states which do have a state income tax can and are exporting a significant amount of state financing to the federal government simply by virtue of the fact that any state income tax paid is deductible on federal income tax. Stated more simply, if you pay it to the state, you don't have to pay it to the Feds.

Sales tax is, of course, not deductible on your IRS return, regardless of how much you might pay. If I have assessed the situation correctly, the federal government has done this in an attempt to force all states into a state income tax position so there will be continuity among and between the states on their taxing methods.

A strong argument being used against the imposition of a state income tax is that the federal government is likely to eliminate the state income tax deduction in the not too distant future and you would be left paying double taxes on your income.

Local economic forces at work are probably best demonstrated by the high rate of sales tax our state has. Only two states have a higher sales tax rate than the state of Texas. There is no question that sales tax has been good to our state and has been fairly widely accepted by the citizens of the state; however, at some point the question must arise as to what is the saturation point on sales tax. Likely we

are approaching that point. Analysts who are far smarter than I have ever claimed to be advise me that Texas will ultimately have to go to the state income tax simply because no other vehicle is or will be available to generate the sort of money it is going to take to run the state in the 1990's. I don't think income tax is imminent but those analysts may be correct in their conclusion that it will be utlimately in

evitable. My hope would be that if we have to go to a state income tax some point in the next 10 or 20 years, that we would use income tax to finance all of state government except education and would use sales tax to finance education and eliminate ad valorem taxation for educational funding. That is the only chance that see for any significant relief

from ad valorem taxation. As unpleasant as it may sound, I think a state income tax is something that we all need to at least start thinking about so when that issue becomes a matter of immediate concern we will have a sufficient amount of information to make a deci-

### **Eastland County Man Wins For Highway Beautification**

An innovative device designed to preserve wildflower seeds has blossomed into a state award for Eastland County's state highway maintenance super-

Ted Kirby received the 1987 Lady Bird Johnson Award for highway beautification Tuesday as a reward for his commitment to see wildflowers bloom along the 40 miles of Interstate Highway 20 across

In a ceremony at Lyndon B. Johnson State Park, Kirby was presented with a plaque and \$1,000 in cash by Lady Bird Johnson. Kirby, a 19-year employee with the Texas Department of Highways and Public Transportation, lives in Eastland.

Kirby's device, a bin built from discarded highway signs, is filled with whole bluebonnet plants harvested

from areas where the plants are in abundance. The bin is placed in the sun, and eventually the seeds pop for their pods and drop to a tarp spread under the bin.

Each season, the "Bonnet Bin" yields about 15 pounds of seed, which Kirby stores in a tow sack hung from the ceiling of a maintenance shed until the fall planting.

### National 4-H Week

In Eastland County some 400 4-H members are planning special activities and events in observance of National 4-H Week, October 4-10, according to Crystal Akers Wilbanks, County Extension Agent. Some of the planned activities for Eastland county include poster exhibits in the local stores and schools, with the highlight of the week to be the annual County Awards Banquet on Saturday. The 4-H'ers are among more than 4.3 million young people across the country who will participate in the week-long celebration using the theme, "4-H For Youth, For America"

"In celebrating National 4-H Week, we recognize that 4-H is truly a people development program," said Wilbanks. "4-H helps young people develop skills that will be useful in the real world. It helps them discover their strength and weaknesses. It exposes them to activities in a variety of career fields. And, most importantly, 4-Hers learn and have fun doing it. And families can add to the fun by learning and growing together," Wilbanks added.

"Learning doesn't stop with the 4-H member and family. Volunteer leaders learn new skills while sharing their expertise with young people," she said. Through a network of volunteer leaders, state land-grant universities, state and local government and the U.S. Department of Agriculture, 4-H has been able to stimulate youth to develop life skills.

In Eastland County some 100 adult volunteer leaders work with 400 boys and girls 3rd to 19 years old in 8 4-H clubs through the County Extension Service. Programs are conducted in 3,150 counties nation-wide. In addition, some 82 countries around the world reach approximately five million young people in programs similar to 4-H.

### Membership Over 400 **In Eastland County**

Eastland County 4-H program in the 1986-87 year was 405 members. Approximately 100 adults served as leaders for the 4-H members and their projects.

4-H is a fantastic experience for youth, adults and individuals interested in helping our young people of today. For more information about the 4-H program in Eastland county, contact

### Volunteer Role Is Rewarding In 4-H

One of the most rewarding things you can do for tomorrows leaders is to serve as a 4-H volunteer leader today. "Volunteers not only give leadership to 4-H experiences for youth, they keep the program relevant to local community needs and interests," according to Crystal Akers Wilbanks, County Extension Agent. Today, approximately 100 4-H adult volunteers in Eastland County work with 400 members from 3rd grade to 19 years old. These volunteers share their skills and experiences by assisting young people in a variety of 4-H projects and activities.

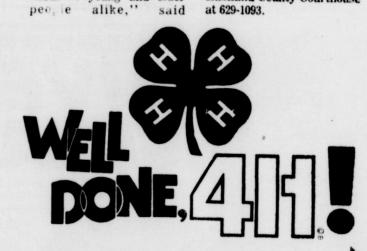

Volunteers don't have to be experts in specialized subject matter areas, according to Wilbanks. They can rely on the Eastland County Extension Service to provide them with training, educational materials and resources to use in the 4-H program. "The Extension Service makes 4-H uniquely qualified to meet both the constant and ever-changing needs of young and older

Wilbanks.

The 4-H volunteer corps is 600,000 strong nationwide Volunteers are the backbone of a basic and cost effective system which delivers practical educational experiences to some 4.3 million 4-H members in the United States, according to Wilbanks. The time, travel and support volunteers contribute is valued at \$1 billion annually.

"The 4-H program provides many opportunities for growth and stimulation for adults and helps them attain enjoyment and self-fulfillment," Wilbanks said. Eastland county volunteers are needed to serve as leaders for 4-H projects such as photography, electricity, sheep, swine, rabbits, clothing, foods & nutrition, just to name a few.

Help prepare the young people in your community for tomorrow by joining the ranks of 4-H volunteers. For more information about how to become involved, contact Crystal Akers Wilbanks, **Eastland County Courthouse** at 629-1093.

### 4-H Awards Banquet To Be Held Sat. Oct. 10

The Ranger 4-H Club would like to invite you to attend the County 4-H Awards Banquet to be held on October 10, Ranger High School Cafeteria, 6:30 p.m. Each family is asked to bring a covered dish, but you do not have to be in 4-H to attend.

The Banquet will be honoring the 4-H members who have completed project areas. There are many 4-H members who are involved in many different project areas, but fail to do the paper work necessary to complete the project. This does not mean that they have not done a good job and learned many new skills. It just means that because of lack of time that the records were not completed, the paper work is very detailed and takes much time to complete. They have gained many new skills even if the paper work is not completed, of which they can be proud.

All 4-H members who turned in a record book will receive medals!!!! Turning in a record book takes many hours of preparation. It involves completing project record forms, the national report form (which is twelve pages) a five page story about yourself and your projects and three pages of pictures which tell a story about your project. We will have some state winning record books displayed for you to see. Last year Amy McDonald, Ranger 4-H, won a seven hundred and fifty dollar scholarship and an expense paid trip to Chicago.

This year Stephanie Long, Rising Star 4-H, won the same award. We are very fortunated to have such outstanding 4-H members in Eastland County. Several other record books placed on the state level.

Members with perfect attendance will also be awarded medals. To receive a medal you must attend all meetings and participate in 4-H project areas.

Each 4-H club in the county will choose outstanding 4-H members from their club. This will be a surprise to these 4-H members. The number of outstanding 4-H'ers depends on your enrollment. Ranger will have four because we have the largest enrollment in the county.

Senior members who are winners for Gold Star Award will be announced. They will also have a display for the banquet. These displays are very outstanding and will give you insight into the indepth work they have done in 4-H. This is not an easy award to win and has taken many hours of work in project areas, leadership and community involvment.

There will also be an outstanding Jr. Leader for Eastland County, this award takes many hours of helping others. The award ;ast year was won by LaDawn Little of Ranger. Come find out who will be the next winner of this Presigeous Award?

The Junior Leaders Association also chooses outstanding adult leaders

and awards them with a plaque. There will be two outstanding leaders chosen from the county. This is usually one man and one woman. Adult leaders are a very important part of 4-H. You do not have to have a child in 4-H to be an adult leader, just volunteer to help teach a project area.

The adult leaders association will honor outstanding individuals or companies who have really helped 4-H. Come and find out who will be honored, these people have really worked hard to improve 4-H in Eastland

County. There will be a dance following the banquet for those who wish to dance. There will be a movie for those who wish to watch the movie, so there should be entertainment for everyone.

Eastland County is very fortunate to have Outstanding County Extension Agents: Dee Gordan, Agriculature Agent; Janet Thomas, Home Economics Agent; and Crystal Wilbanks, Agriculture with Major Emphasis on 4-H activities. These agents are doing an excellent job and need the help of all the community to make our 4-H programs the best in the state.

"Another Record Deer

Harvest Possible' Texas Parks and Wildlife Department officials predict the white-tailed deer season opening November 14 will be a good one; with the potential to be a fourth straight record harvest year.

During the 1986-87 hunting season, Texas hunters harvested an estimated 445,000 deer while setting records for hunter participation and success as well as harvest.

Similar conditions will greet the state's half-million deer hunters when they take to the field this fall, according to Horace Gore, whitetailed deer program leader.

The statewide whitetail season is November 14 -January 3. The mule deer season in the Panhandle is November 21-29, and in the Trans-Pecos it is November 28 - December 6. The statewide archery deer season is October 3 -November 1. To determine information on the seasons and bag limits, hunters should obtain the department's 1986-87 Texas Hunting Guide and Supplement, available at department offices and hunting license outlets across the state.

Area hunting falls under the Cross Timbers and Prairies and Rolling Plains region. These ecological regions are roughly bounded by Fort Worth westward to the eastern Panhandle. southward to San Angelo and eastward back to Interstate Highway 35. Normally the

EASTLAND COUNTY is now one of seven, and hopefully after Wednesday, it'll be one of three sites still under consideration for the establishment of the major Aldersgate Enrichment Center which is being developed by the Men of the Methodist Church, which will house some 100 residents and as many employees in a virtual stand-alone community within our communi-

Representatives from the organization were back in the county Friday, meeting at 2 p.m. with representatives from the various towns to determine the amount of active support that can be anticipated here, and at 3 p.m. with representatives of the various service and women's clubs to make the same type of evaluations. They've got to know that they are wanted and will be accepted here.

In a planning session Thursday representatives from the county met at the Chamber office to best determine the means of convincing the visitors that they will be welcome and that they will be supported.

Ty Herring, who is the development director for the long-established and solid Methodist Home in Waco was the visitor Friday, and it would seem appropriate that an out-pouring of letters of welcome and pledges of support, both moral and financial, would be in order.

Wouldn't it be something if 1,000 people in Eastland County were to take pen to paper telling him how much we want this important facility. Consider the payrolls. Consider the impact of such an establishment here. It's not often that the general population gets an opportunity to "put it into writing" and help the various chambers and leaders sell our area, but this is indeed such an opportuni-

#### 1st Industrial **Arts Club** Meet Thursday

International Affairs' was the program when the First Industrial Arts Club members met Thursday, Oct. 1, for the first meeting of their new year.

Guests for the program were Fay Stephenson, RN, and Betty Haight, RN. The two registered nurses told of their experiences as clinical instructors while serving as missionaries in the Gaza Strip in Israel.

Several artifacts were shown including rocks from the Nigev Desert and pieces of pottery from the Byzatine period, as well as various articles from the market places of Gaza and Jeruselem.

Conditions in Gaza are quite primitive in some areas, especially in sewage disposal and certain areas of health care. Cats roam freely throughout the wards in the Ahli Arab Hospital where the Americans worked.

The nurses worked in Gaza as volunteers under the auspices of the Southern Baptist Church. The Baptists have a nursing school in Gaza where Arab students are introduced to the Bible and Christianity

Mrs. Stephenson and Miss Haight have spent six months in Gaza having gone for two years of three months service.

We members enjoyed this informative program and expressed appreciation for the mission work done in this

The next meeting will be Oct. 15th at the club building.

Use The Classifieds ly to Ty Herring, in care of the Methodist Home, 1111 Herring Ave. in Waco, or to the Cisco or Eastland Chamber of Commerce, and they will be forwarded to

Don't say you never have an opportunity to do something good for your area...this is a golden opportunity to tell the people why this is the IDEAL location for the MAJOR facility. Those who have heard about the ambitious plans know that it is a really humanitarian project, and would be an asset whereever its located.

Eastland County's chances are GOOD, but you can help. Please don't put it off. Do it this weekend. You could see POSITIVE results of your efforts.

Gathered Thursday were Roy Dennis, Don Sheppard and Ronny Ledbetter, all of Cisco; Grover Hallmark, **James** Wright, Paul Catoe, Mrs. John Betty, Emmett Lasater, Steve Haines, H.V. O'Brien, Bill Culpepper, Phillip Arther, Charles Escue, Gordon Woolum, and Methodist Minister Wesley Howard, all of Eastland.

It was a solid front of cooperation, and indications were that the Friday afternoon meetings would produce the same kind of wholehearted support for this important facility.

If Eastland County is selected, it could be a boon to this area for years to come, and would help broaden the economic base for this area. It's the type of permanent, solid entry that any town would welcome, and you can know that larger towns are going to be using every means possible to land the Aldersgate Enrichment Center - but the folks have already indicated that they LIKE THIS COUNTY, so we all now have a real opportunity to cement that feeling with our personal cards and letters re-stating our support, our encouragement, our deep-felt wish to be a part of this undertaking. Right now there is only one

other such, and it's in Mississippi so this part of Texas is right for another humanitarian project of this nature.

In more ways than one it would put Eastland County on the map. Needless to say, neither the residents nor the employees would all be Methodists, so we ALL need to be a part of the invitation

### Nutrition Program

Where are all those people going, someone said. They are going to the Senior Center where the activity is located! The attendance at the Senior Center continues to grow and it is for a reason. The members want to meet their friends. Some want to play games. Some want to see the Social Security representatives. Others know that a nutritious meal will be provided.

Each of us should evaluate our meals and see if we are getting adequate in the area of nutrition.

Why not call the registrar, 442-1557, on Monday, Wednesday and Friday and make a reservation.

Programs for the week were: The Senior Center Choir and Band entertained, Billie Wood, Lois Holder and Gerald Parks played the piano. Jasper Cook played the guitar, sang and honored Walt Knowlden on his birthday. Some 180 senior citizens were served ice cream and cake by Mrs. Rose Knowlden. It was a great day for all attending the Senior Center.

Menus for the coming week: Monday - Luncheon steak,

macaroni and cheese, green beans, orange slices, bread, butter and milk.

Wednesday - Beef stew with mixed vegetables, vegetable salad, tapioca pudding, cornbread, butter and milk

Friday - Beef in barbecue sauce, potatoes au gratin, collard greens, chocolate bread budding, bread, butter and milk.

WALTER KNOWLDEN

### Walter Knowlden Is **Surprised With Party**

Walter Knowlden of 1212 W. 9th Street was surprised at the Cisco Senior Center Monday when 180 senior citizens sang "Happy Birthday." Cake and ice cream were furnished by Walt's wife, Rose.

Jasper Cook, in his usual inimitable style, entertained with patter, songs, jokes and guitar. Walt is a member of the First United Methodist Church. An eight year resident of Cisco, he is a past president of the Cisco AARP Chapter, a member of the noon Lion's Club and is presently over-all coordinator of the AARP's taxaide program in this area. He also serves as part of the AARP counseling program

on Medicare/Medicaid.

Coach Frazier said the starters will be the same except for center Fernando Gonzales. Gonzales suffered a knee injury in last Saturday's game. He underwent knee surgery this week and will be out for the rest of the season. Ken Reischling will replace Gonzales at starting center.

The coaches expect Chris Cooper, defensive tackle, to be well and ready to play against Tyler. Cooper was injured with a sprained knee in the Cisco/Ranger game.

This past week was an open week for the Wranglers. They have worked hard to improve and keep themselves in shape to be prepared for Tyler.

These reunions have been held every few years since WWII days. If you remember, the squadron's reunion was in Cisco a few years ago

The Hathaways enjoyed a visit at Littleton, Colo., with daughter Sandra and her husband Ray Cowan. Then, they headed to Lubbock and spent a week or so of babysitting while daughter Marilyn and husband Mike Wragg went on a Caribbean Cruise

And the Hathaways are enjoying being at home and relaxing. Both are retired CHS faculty members.

CISCO AND THE Hilton (Mobley) Center continue to attract people from over the state. Members of the Parker County Heritage Committee came to town last weekend and they toured the Mobley Museum and Hotel, went to see the Kitty McCracken home and the Mary Austin home, and then ate at the Ritz Restaurant.

Needless to say, the group was impressed everywhere they went. They group included Mr. and Mrs. E. M. Mince of Weatherford, formerly a member of the faculty out at CJC.

GLAD TO HEAR that Dr. and Mrs. E. E. Addy got out of California ahead of the recent earthquake. They went out to San Francisco in their travel trailer to attend a medical meeting and made a leisurely trip home, stopping here and there to see interesting sights ... Mrs. Catherine Abbott, well known local bridge player, is the teacher for a class in bridge playing out at CJC's night school these nights. There were 12 students enrolled last we heard.

FRIENDS WERE a little surprised to see Eddie McMillan driving along the other afternoon and eating watermelon. They could understand after learning the circumstances. Eddie had purchased a nice yellowmeat melon and placed it in the pickup seat beside him. Something happened that called for a sudden stop.

The watermelon flew out of the seat and, of course, burst open on the floor of the pickup. So ... Eddie drove with one hand and ate watermelon with the other.

Eddie ran into a surprise of sorts the other day. He had heard that people often feed bread to fish in their stock tanks. Eddie has a nice tank of fish at the family farm so, visiting in Abilene, he stopped at a bakery and inquired about stale bread. They had it and it was \$5 per barrel, he thought they said. So he told them to give him \$10 worth.

Eddie got home with a whole pickup bed full of stale bread. And he has been doling it out to his fish a dozen or so loaves at the time.

CISCO HAS A new and unique look from the air. That's the report of Mr. Eris Ritchie of Southwest Enterprises. He flew to El Paso for a convention of the International Festivals Association last week. And to fly from Abilene to El Paso, first you go east to DFW and then back west on a different airline.

Mr. Ritchie says the new Cisco Wastewater Treatment Plant is quite a sight from the air and easy identification for our town. It is, get a pretty good view of it from College Hill.

Mr. Ritchie does a lot of business with the assorted festivals that are held over the nation and world and had an exhibit of his products at the convention.

PLANS FOR AN auction sale of surplus things will be made by the boards of Cisco Public Schools and Cisco Junior College at their respective regular meetings Monday night. The school board meets at 1100 Avenue I (their new headquarters at the new building) at 7:30 p.m. And the college board meets at 7 p.m. at the CJC board room.

Other routine business will be handled by both boards. Details of the auction will be announced soon.

MEMBERS OF the Cisco Lions Club were given a "stress test" by County Home Demonstration Agent

Janet Thomas during the "Picnic Cast program at their weekly luncheon last Wednesday noon. She passed out miniature pieces of a special paper and To Rotary instructed Lions to place it on a hand. The color of the

#### Partyline To Perform

The Eastland Fine Arts Association has secured the services of Partyline, a locally known and popular musical group; and will present a varied concert Saturday night October 24 on the stage of the Majestic at 8:00 p.m.

Tickets at \$4.00 each may be purchased at the Chamber of Commerce office on the East side of the Square in advance.

This concert will feature music unlike that heard at the opening gala by the Woody Herman Band September 26, as well as that music of Saturday evening when the fiddlers gathered here.

The E.F.A.A. Production Committee - devoted to the principles of quality and variety - will endeavor to present entertainment for every taste.

And now it's time for Partyline.

Partyline - composed of Larry Mathis, lead vocals; Lee Hatch, bass guitar; Jeff Bradley, lead guitar, and Bucky Moreno, drums - plays popular rock 'n' roll, as well as rhythm and blues from the '70's and '80's.

The band is pleased to play on the Majestic Stage this benefit performance and looks forward to seeing their friends and neighbors out front.

#### Cisco Country Club Have Luncheon

Some 40 members and guests enjoyed the monthly luncheon at the Cisco Country Club last Wednesday noon. The event was catered by Mrs. Susan Hanlon.

Games of bridge and dominoes began at 10 a.m. There were four tables and high score was won by Helen Surles. Eulah McBrayer of Abilene won low score. Jessie Pippen won the top prize in dominoes.

The attendance door prize was won by Suzanne Jones. Arlene Fry presided over a short business session. It was announced that a family night supper will be held

Nov. 19th. New members introduced were Cindy Webb and Dixie Crosby. Guests included Rosa Lee Broyles, Edna Rothwell and Eulah McBrayer of Abilene.

Hostesses for the event were Catherine Abbott, Lucy Collier, Kay Sitton, Effie Kamon, Ruby Pirtle, Lillian Bradshaw, Madrine Glenn and Polly Wright.
