JASON PHILLIPS

JILL REYNOLDS

Two CHS Seniors Are Award Recipients

Jason Phillips and Jill Reynolds have been named recipients of the Cisco Rotary Club Citizenship Awards for 1988, according to an announcement by Eris Ritchie, Chairman of the annual awards program.

The two Cisco High School graduating seniors were chosen by a selected committee from the Cisco High School faculty. The award is based on meritorious conduct in some dozen traits of good citizenship as demonstrated by the two during their four years at CHS.

Jason and Jill will be honored at the Rotary Club's annual Citizenship Awards Luncheon on Thursday, March 31, at 12 noon at Traditions Restaurant. Speaker for the occasion will be the Honorable State Senator Bob Glasgow.

Jason is the son of Jack

and Peggy Phillips of 700 West 6th Street in Cisco. He has spent four years participating in many high school activities. He has been a member of the Cisco Lobo Band, the Annual Staff, the Key Club, the Library Staff, the Stage Band, the Jazz Band, the Spanish Club, and he was named Senior Who's Who. He has also been an active participant in football, basketball, track, golf, tennis, and baseball. He was in the Coronation program, the senior play, the Trig Club, and Fellowship of Christian Athletes.

Jill, the daughter of Billy and Patsy Reynolds of 1605 Conrad Hilton Avenue in Cisco, has been involved in numerous high school activities during her four-year tenure at CHS. She has been a member of the Lobo Band, the Key Club, the Student Council, the National Honor

Society, Show Choir, Drama Club, Lobo Howl Staff, and the Spanish Club, serving as an officer in most of those organizations. She also participated in the senior play, Coronation program, the Library Staff. She was a Homecoming Queen Nominee, Senior Who's Who, and manager for basketball and track. She was in UIL One-Act Play, and has received honors as the Scholastic All-American Scholar. She was also Student Council District Vice President.

The Citizenship Awards Program is an annual activity of the Cisco Rotary Club, began in 1966. Mr. Ritchie was president of the club at that time, and he has been chairman of the program each year since then. Quite a number of well known speakers have been featured at the annual luncheon, including two congressmen, a lieutenant governor, the Texas Attorney General, state senators and representatives, state and county judges, several university presidents, and well-known television newsmen. Last year's address was given by Bob Bartlett, News Director for KTAB Television in Abilene.

Friends of the Phillips and Reynolds family, or any others who would like to attend the luncheon, are invited to do so. Mr. Ritchie stated. Reservations are not necessary. "Just come out to the meeting room of Traditions Restaurant and you'll be welcome," he said. The current price of the noon luncheon will be in effect. Parents of the two young people, as well as CHS administrative officials, will be special guests of the club for the occasion.

Annual Clean-Up Campaign Is Set For Week Of March 28 - April 1st

At their meeting on Tuesday, March 8th, the City Council designated the week of March 28th through April 1st as the Spring Clean-Up Week for the City of Cisco. During this week the City will be running trucks throughout the city collecting limbs, brush and other large debris set out by city residents. The landfill will be open all day, every day during the clean-up week.

As normal, residents are requested by City Hall to stack their trash and brush on the curb by the street and to have limbs cut to a size which can be handled by one man. City personnel will not

go on private property to haul off trash or limbs. Also, residents are asked to please have their trash and brush out for pick-up by Tuesday, March 29th, so the collection of the debris can be completed by the end of the week.

City Hall will be maintaining a special "work order list" for this trash and brush pick-up effort, so any resident who has large items of trash, limbs or brush to be picked during the clean-up campaign can call City Hall at 442-2111. Please remember in order for the work crews to complete all the collections during the

clean-up week, these special "work orders" should be called in as soon as possible. City Hall cannot accept the special pick-up requests after 5 p.m. Thursday, March 31st.

"The City Council also wanted to take this opportunity to thank all citizens for their participation in this special and important clean-up effort," said City Manager Michael Moore.

Moore went on to remind the residents of Cisco that the "growing season" is now upon us and everyone will need to be especially mindful to keep their yards mowed and their property maintain-

ed. Moore stated "When it comes to caring for our property and being responsible property owners, we need to remember that we all live in Cisco together and we must

be considerate of our neighbors and our community. I believe everyone can and should show pride in their neighborhood and town by simply maintaining their individual properties."

Questions regarding the Spring Clean-Up Week may be directed to City Hall at 442-2111, during normal working hours.

Jim Hatcher Gives Inspiring Speech At Chamber Of Commerce Breakfast Wed.

"Cisco is not dead! The hard times that Cisco is facing now will not be fatalistic. It is not the end. Cisco will come back," is what Jim Hatcher told the crowd at the Quarterly Chamber of Commerce Breakfast last Wednesday. The breakfast was held at the White Elephant restaurant. "Cisco is a wonderful town. I lived here for three years and I have never met any better people than the ones who live in Cisco."

Hatcher was the pastor at the I-20 Church of Christ for three years, before moving to Cottonwood. He is a part time pastor for the Church of Christ there and a salesman for James Reville Corporation.

Hatcher said everyone needs to re-program their way of thinking. He asked the crowd, "When you first wake up in the morning, do you say, 'Good Morning, Lord,' or do you say, 'Good Lord, it's morning!'"

He said everyone is always in the process of communicating. He said people can't communicate positive ideas if they have negative thoughts. He said there is a

great verse in the Bible that says, "As a man thinks in his mind so he is in his heart." He said another saying, garbage in-garbage out is also true. He said everyone should begin thinking positive thoughts.

After a person's thinking has changed, then their belief begins to change. Hatcher said it doesn't make any difference whether what a person believes is true, it just matters that they believe it. He said a good example is Adolph Hitler. He believed that blue eyed, blond hair people were a superior race, and since his belief was so strong he tried to destroy the Jewish race.

The most important thing in a person's life is their attitude or feelings. He said an attitude can make or break a person. Hatcher said if a person with a rotten attitude says that is the just way they are, then they need to change. Attitudes are perspectives of how a person views the world.

Hatcher said all in all, with a series of right actions a person can produce the right products.

Hatcher recommended

two books that will help create a positive attitude. He said he has read both books. One, "What To Say When You Talk To Yourself," by Shad Helmstetter and "See You At The Top" by Zig Zigler are both fantastic books.

Harold Reich, president of the Cisco Historical Society gave brochures to everyone at the breakfast, that told about the 65th annual meeting of the West Texas Historical Association. It will be held on April 8 and 9 at the Mobley Hotel. Reich

said that Cisco is very fortunate to have the meeting here. He said they had to compete against San Angelo for the meeting to be held here.

Reich said Duane Hale, former Cisco resident, will be the guest speaker. A play at the Mobley, on April 8, relating to history in the 1920's should be very interesting, he said.

Emma Watts, president of the Chamber of Commerce presided over the meeting. Brad Kimbrough gave the invocation.

Drastic Measures Will Be Taken On Dog Problem

City Manager Mike Moore said they are going to have to take drastic measures in the city to help take care of the dog problem in Cisco. Moore said the Cisco dog catcher only works a minimum of 14 hours a week. He said the city will have to spend more money for the dog catcher to have more hours to do a more effective job.

Moore said the dog catcher only works from 9 a.m. to 12 noon on Monday, Tuesday, Thursday and Friday and from 2 to 4 p.m. on Wednesday. He said the dog catcher's work is acceptable but the dog problem is too much for just those few hours.

Moore said usually the problem dogs are harder to catch. Moore said the city has an ordinance that if a problem dog is uncatchable it can be killed by the dog catcher or other official on the street. It was decided to identify the problem dogs and work on this.

Everyone who has a dog is urged to keep their dog fenced up or tied up, according to the pet ordinance of the City of Cisco.

Moore said usually the problem dogs are harder to catch. Moore said the city has an ordinance that if a problem dog is uncatchable it can be killed by the dog catcher or other official on the street. It was decided to identify the problem dogs and work on this.

Everyone who has a dog is urged to keep their dog fenced up or tied up, according to the pet ordinance of the City of Cisco.

Graham Hospital To Sponsor Breast Cancer Detection Unit

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern state of the art x-ray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman

who is diagnosed with breast cancer at this early stage has a 90-97 percent survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50 percent survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Tuesday, April 5.

The mobile unit will be parked at E. L. Graham Memorial Hospital. Appointments may be made by calling (817) 442-3951.

For more information you call the Regional Breast Care Center at Women's & Children's Hospital at (915) 334-8888 or 561-9999.

Senior Class To Have Important Meeting

The Cisco High School Senior class will meet at 2 p.m. on Sunday, April 10. It is imperative that parents of seniors and senior students attend this meeting.

Information will be given out about the senior trip including how much money a student has accumulated for the senior trip. The information on the two remaining work days for the senior class will also be given at the

meeting. The seniors will have a hamburger and ice tea booth at the Folklife Festival and the seniors will also make money cleaning up at the Folklife Festival. Seniors and parents will need to attend the meeting to see when they are scheduled to work.

For more information call Janice Shepard 442-3709, or Bettye McGinness at 442-1080

Delinquent Taxpayers Will Receive Stiff Penalty

City of Cisco Manager Mike Moore told the city council the city has a serious problem with delinquent taxes. He said the problem has become steadily worse from 1980 to 1987.

Moore said at the present time 55 of the city's delinquent tax accounts are in suit at the Eastland County Courthouse. He said he will be sending a letter and ask to have 64 more suits filed. Moore said hopefully people will then pay their taxes.

Moore said the city of Cisco could run for months on the money due the city

from delinquent taxes. Moore said, "The city needs the money to operate. These people owe the tax money to the city and they should pay."

Moore said he has a list of delinquent tax accounts that the city has had on file since 1939. He said a lot of the delinquent taxes that have been owed for several years are from the descendants of the original owners and the descendants don't even know they have the property. He said the total of delinquent base taxes owed to the city of Cisco since 1939 is

\$105,729.00. He added to show how bad the problem has become in Cisco, the base tax total of delinquent taxes that is owed to the city of Cisco from 1980 to 1987 is \$99,442.46.

Moore said that sometime in the next 60 days he will come back before the council with some concrete proposals on ways to help collect the taxes. Some of the suggestions he offered the council were to publish the names of the delinquent taxpayers in the newspaper. He said this will be a very legitimate and worthwhile effort of the city.

Another method to collect the past due taxes will be for the delinquent taxpayer and the city to agree on a distinct and written tax payment agreement. Moore said in this way, the citizen could pay the taxes off over a period of time. He added that if the taxpayer does not uphold the tax paying agreement, charges can be filed on them.

Moore said if the city wanted to get drastic they could pass a resolution to prohibit the city from doing any business with a person or business that has not paid their taxes. He said the city could even go so far as to issue a seizure warrant of personal property that is adequate to pay for the past due taxes.

Moore said he wanted to introduce these proposals to the council. He said in the larger cities these methods are used quite often. He added the city of Cisco has a lot of money that is owed to it and the city needs to have a method that will be taken to collect the money.

Moore said the first delinquent taxpayer to be filed on will be the one that owes the most. Moore said he will monitor the tax revenue and report the findings back to the city council. He said he will see what method the council will choose to institute the collection of the

past due taxes.

Moore said these methods have been established to help people pay their taxes. He added that if people will come in and work with the city, payment plans can be made that will help them pay off their past due taxes.

Chief Of Police Asks Council About Narcotic Patrol Canine

Cisco Chief of Police Billy Rains spoke to the City Council at their regular meeting held last Tuesday night, asking for their approval of a full time Narcotic Patrol Canine for the City of Cisco Police Force.

Rains said the dog would be bought with financial support of various civic groups and private donations. Rains said the dog will be very beneficial to the city of Cisco.

Rains said the dog would only be a tool. He said the drug problem will not disappear in the city, but the dog will be a deterrent to the

drug problem here. He said when a police officer stops a car for a driving violation, the dog will get out with the officer. Rains said if the dog reacts to the smell of drugs the officer will ask the driver to sign a release for the officer to search the car. If the driver refuses the officer has the right to detain the driver and call for a search warrant. If drugs are found in the car, the driver will be arrested. Rains said this will stop a lot of the drug traffic in Cisco.

Rains said the canine unit has to be marked more extensively than the regular

patrol cars. He said the back seat will have to be removed for the dog, but if a suspect has to be taken in, they can ride in the front seat with the police officer. Rains said it will be rare for any suspect to try anything with a police canine in the car.

The dogs will only bite under command from the police officer or to protect the police officer. Rains said they are not vicious dogs. He said the dogs cannot be petted during working hours, but they can at all other

City To Seek Information On 911 Emergency Number

The Cisco City Council told City Manager Mike Moore to pursue all information in the 911 emergency number for the County of Eastland. Moore asked the council what they thought about the idea at the regular city council meeting held last Tuesday. Moore said a new law has been passed and it will be mandatory for the state of Texas to have the 911 emergency number by the year of 1995.

Moore said the 911 emergency number will be very beneficial for the citizens of Cisco and all of Eastland County. Moore said there is trouble and confusion with all the separate

numbers to dial in an emergency. He said everyone has to dial a separate number for the fire department, for the police, and for an ambulance. Moore said with the 911 emergency number there are only three numbers to remember in case of an emergency. The 911 emergency number will eliminate the need of looking up a number when there is a crisis, he said.

Moore said the computer terminal with the 911 emergency number will automatically identify the phone number from where the call is coming from. He said the county must ac-

count the money before the phone company will start working on the 911 emergency number.

Moore said there are three phone companies in Eastland County. Southwestern Bell, Continnel Telephone and Comanche Telephone companies are willing to work together to have the 911 emergency number come into Eastland County.

Moore said each person with a telephone will be billed an extra 50 cents each month to pay for the installation, line and equipment. He

TIME!

Cisco Softball
Assoc. Will
Meet Monday

Cisco Softball Association will meet Monday, March 28, at 7 p.m. at First National Bank Community Room. Parents of any child interested in softball should attend this important meeting. Any person interested in helping with this program is invited and welcome to attend.

Places Drawn
On School
Board Ballot

Places on the ballot for the May 7th Cisco Independent School Board election were drawn by the candidates at Superintendent Ray Saunder's office. Names will appear on the ballot as follows:
Place 6- Ron Rhodes, Randy Taylor.
Place 7- Gwynn Tharp, David Callarman, Ron Patton, Danny Schaefer.

Gwynn Tharp
Files For Place
On School Board

Gwynn Tharp, local businessman, has filed for Place 7 on the Cisco Independent School Board in the May 7 election.

Mr. Tharp, owner of Tharp Auctioneers and a salesman at Pierce Ford Motor Co., has announced he will issue a formal statement at a later date.

Ed McGough
Files For Place
On City Council

Ed McGough has filed for Place 4 on the Cisco City Council in the election which will be held May 7.

His opponent will be Vernetta Pierce, incumbent, who has filed for re-election. Mr. McGough owns Furniture Plus.

Commodities
Will Be Given
On March 29

Commodities will be distributed in Cisco on Tuesday, March 29, from 8 to 11 a.m. at the Gaslight Apartments. Butter, rice and cheese will be available.

Ministerial Alliance To Sponsor Five Services

The Cisco Ministerial Alliance will sponsor five Holy Week Services beginning Monday, March 28, and going thru Friday, April 1. The services will be held each day at the Mobley Conrad Hilton Community Center from 12:15 to 12:45 p.m.

To climax the week, a Community Easter service will be held on Sunday, April 3, at 7:00 p.m. at the First Baptist Church. Jack Redford, with the Cisco Baptist Missionary Association, will be the guest speaker.

There will also be a community choir at the Sunday night service. If anyone would like to sing in the choir, they should meet at the church before 6:00 p.m., to practice.

Pastors scheduled to speak during the Holy Week Services are, Monday, John Clinton of the First Evangelical Methodist Church; Tuesday, Jackie Stone of the First Assembly

of God Church; Wednesday, Otto Urban, of the Redeemer Lutheran Church; Thursday, Bill Weeks of the First Presbyterian Church; and Friday, Father James Miller of the Holy Rosary Catholic Church.

CJC Music Students To Present Concert

Music students of Cisco Junior College will present a giant-sized concert at Cisco High School Wednesday, March 30, at 10 a.m.

The program will feature all types of music performed by the college band and choir. Also featured in the program will be an appearance of the Wrangler Belles and a classical piano piece by Instructor Steven Zell.

The CJC Singers will present a medley of songs from the Broadway musical, "Man of La Mancha," and other concert pieces. A special ensemble will sing a current popular tune. The Stage Band will present a few numbers, and the Concert Band will play some show tunes as well as some standard marches. Wyley Peebles, head of the Fine Arts Department, says there ought to be something in it for everyone. The program will last about an hour and fifteen minutes.

Name Reported Incorrect

CORRECTION

The name of Mrs. Alma Dunning was incorrectly reported to The Cisco Press in the list of donations for the Cisco Volunteer Fire Department. Mrs. Dunning donated \$100 and her name was reported as Mrs. Ruth Dunning.

"GOING TO SEE THE ELEPHANT" will be presented by Cisco Junior College April 11-16. In the above photo, Maw (Jana Spangler) shows her daughter-in-law (Sandy Mazel) her letter from Mrs. Custer. (Staff Photo Courtesy Cotton's Studio)

Reservations Are Being Taken For CJC Spring Dinner Theatre Production

Reservations are now being taken for Cisco Junior College's spring dinner theatre production, GOING TO SEE THE ELEPHANT. Written by Karen Hensel, this production was CJC's entry in the Texas Junior College Speech and Theatre Association Festival in early March. Actresses Cecelia Aragon and Sandra Mazel won awards for their performances and David Luna won a special Directors' award for his original music composition.

The story takes place on the prairie in Kansas in the years following the Civil War. Belle Wheeler, played by Jana Sittton Spangler, comes to the sod house of her son and daughter-in-law, Sara Wheeler, played by Miss Mazel, to aid in the

birth of her third child. There is animosity between the mother and son since his decision to fight for the North and they no longer speak.

Into the scene comes Frederick and Helene Nichols, members of the gentry from Maryland, played by Lonnie Betts and Stefanie Tankersley. They had come west in order to find a new life but instead lost everything and have come to Belle for medical attention for Mr. Nichols.

Involved in the turning of events is Etta Bailey, played by Miss Aragon, a young woman about to marry her sweetheart but with many reservations about her decisions.

The story of the women's co-existence on the Wheeler homestead is told with wit

and humor. There are many dramatic encounters with the elements and with unseen dangers but the charm of the play is in the no nonsense approach to life on the prairie in the late nineteenth century. Viewers are reminded of the hardiness every pioneer man and woman had to possess.

The production runs April 11-13 in show only performance. Tickets are \$1.00 and school groups are encouraged to make reservations. Curtain time is 7:30.

The dinner theatre performances are April 14-16 at the Hilton and tickets are \$10.00. Dinner will be served from 7:00 - 7:45 with curtain at 8:00.

For reservations, call 442-2567. Seating is limited for this production.

Police Want Narcotic Canine

From page 1...

Rains said the life working span of a trained dog is 10 to 12 years. He said there will only be one officer to work with the dog and if by chance the officer should resign then the dog and another officer can go to the training center where both will learn to work together.

The cost of the canine will be \$5,000. This cost includes handlers training costs, and annual recertification. Dual purpose training encompasses building search, tracking, scouting, on and off leash apprehensions, evidence search and protection, and all handler protection procedures, along with narcotic detection of four dif-

ferent narcotics of department choice. Rains said for this area the dog will be trained to search for marijuana, metamphetamines, heroin and cocaine. The handler will have to undergo 21 days of canine handlers training at the training center to be certified.

Owen King, Doug Fry and Associates have offered to raise the needed money to fund this canine unit project, Rains said. They have already started a bank account at Olney Savings in Cisco, under the name of Narcotics Dog Fund and have collected approximately \$500.00.

Cisco Police officer Chris Key said he has spoken to several clubs in Cisco about

the Narcotic Canine and they all expressed a desire to help with the purchase of the dog.

Rains said if the project goes through and the dog fails to perform effectively in the first year after purchase, the dog may be sold back to the company of purchase or another agency with price ranging from \$3500 to \$4500. He said with this money the city could be reimbursed for expenses on the dog and the rest of the money will be divided back among the contributors.

Owen King, who attended the city council meeting with Rains said, "It won't be too difficult to raise the funds. If one life has been saved by cutting back on the drug problem then the cost of the dog is worth it."

County 911 Emergency Number

From Page One ...

said there are 7,141 phones in Eastland County. Moore said this will not pay for the maintaining of the 911 emergency number. Moore said it will take about 14 months to accumulate the \$50,000 for the 911 emergency number. Moore said this

method has been set up so it won't cost the government anything.

Moore said the 911 emergency number will not be long distance for Rising Star and Gorman. He said at the present time when either town needs to call the Eastland County Dispatch they have to pay a toll charge. Moore said this is

why the 911 emergency number will be a real benefit to everyone.

Moore said in a crisis period it will be good to know that 911 is the only number that has to be dialed to get help.

Two CHS Students Speak At Rotary Club Thursday On Project Graduation

Christy Purvis and Kevin Kirk, seniors at Cisco High School spoke to the Cisco Rotary Club at their regular meeting held last Thursday at Tradition's Restaurant.

Purvis and Kirk told the Rotarians about Project Graduation, to be held on graduation night at Cisco Junior College.

Kirk said Project Graduation started in Maine several years ago after 11 students were killed after a graduation party. He said the adults realized that students want to celebrate their graduation

and they formed a party that would be alcohol and drug free. Kirk said the idea has spread across the nation including Texas.

Kirk said 260 kids attended the first Project Graduation held in Cisco last year. Kirk said this proved that kids want to celebrate in a clean and healthy, happy way.

He said he attended last year's Project Graduation as a guest. Kirk said, "Last year there was always something to do. The party was from 11 p.m. to 5 a.m. I enjoyed it last year as a junior and I know I will this year too as a senior."

Kirk said he and Christy have travelled to DeLeon and Cross Plains and talked to the students over there about Project Graduation. He said the students expressed an interest. He told the other schools about the prizes that were given away that night. He said all the seniors received a gift or memento.

Christy Purvis said she was in charge of the fund raising of Project Graduation. She said a group of students will go to businesses and ask for donations to help with Project Graduation.

Purvis said, "Last year the door prizes drew the kids in off the streets. If we can

save one life with Project Graduation, then that is all that matters."

Purvis said Cisco has been in the forefront of Project Graduation. She said last year Albany students attended, but this year they will have their own.

Kirk said students can leave the Project Graduation party anytime they want to, but their parents will be notified. He said also, if a student leaves early, they cannot take their prize with them.

Kirk thanked the Rotary Club for the TV set they gave last year and said, "It is good to know there are men in Cisco who care for the youth, and will help them to have a good graduation night." A young man from Ranger won the TV last year.

Rotary members voted to let the Board of Directors decide what to give to Project Graduation at their next meeting.

Father Steven Carter, a Rotary Club member from Breckenridge, was a guest at the meeting. Mike Moore became a new Rotarian. Ken Diehm gave the invocation.

Eris Ritchie will be in charge of next week's program when Senator Bob Glasgow will be the guest speaker at the Citizenship Award.

Chambers Family Serving Your Family

Second Generation Funeral Directors

SHOULD I BRING MY CHILD TO THE FUNERAL?

Just as with adults, children need to express their feelings of grief. To deny your child this emotional outlet is to handicap his natural, maturing development. Children can cope with death better than you may expect.

A child's emotional resiliency is truly remarkable and often under-rated. With adequate preparation, a child may attend the funeral and will be all the better for it. But the child must be told WHAT TO EXPECT at the funeral. If he or she understands what is happening, there's a better feeling during and after the ceremonies. DO NOT FORCE the child to attend, though. If the youngster often tends to be hysterical, keep him home and have him join the family later. Each child may react differently, but if you anticipate any problems, feel free to discuss this with us fully at your convenience.

Your questions and comments on this and other subjects are welcome -- in private or publicly through this column.

Range Fires Continue To Plague County

By Richard Kurkln

The smoke rising on the horizon or even closer in most directions this past week wasn't Indian smoke signals, but it signaled danger just as smoke signals may have to our ancestors.

Firemen, and yes some women too, have been fighting at least one fire in the county every day and night since last Sunday it seems, and several at times.

Range fires started flaming up along the railroad tracks all across Eastland County. First there was a big fire between Olden and Ranger. Then there was another on the Morton Ranch northeast of Cisco and west of Eastland which threatened the Sunshine Valley mobile home park.

The fires started on the downwind side of the tracks, and seemed to start at several spots along the tracks and build up into what was considered as one large fire.

It was difficult for fire fighting units to gain access to some of these rural fire locations. Trees and heavy brush along with rough land sometimes denied access to anything less than a bulldozer. And there were gates which had to be unlocked or fences which had to be cut before fire fighting equipment could enter ranches or farms to try to contain the flames. Sometimes they could only try to halt the fires progress at roads while fighting it away from the homes which were threatened.

There have been no reports of a home burning, thanks to the firemen. But efforts to stop the blazes with their intense heat and heavy clouds of smoke which choke away the firemen's air and often obscure the brightly painted trucks have sometimes met with less success. Ditches along roads often have the tallest dead grass or weeds, and with a breeze pushing a fire, it just explodes across a road when the flames reach the tall growth.

Bulldozers were sometimes brought in by landowners or maybe their use was volunteered. The local volunteer fire depts. have no budgets for the expensive machines. In some areas it was impossible to effectively fight the fires advance without dozers.

Rural and some city trucks from Cisco, Eastland, Olden, Ranger, Gorman and possibly some other area cities such as DeLeon were in the battles at numerous times. In fact many of the firemen have probably had very little sleep this past week and many businesses must have been operating with only skeleton crews or staffs.

The civic pride and loyalty that the volunteer firemen hold for their community and neighbors is evident when they fade into the choking smoke with only a dim flashing of red lights on the trucks creeping through the haze. The importance of radio communications is very evident as men and trucks from the area cities work in an organized effort and try to keep danger from catching up with any of them. Sometimes the trucks, some of which may already be worn out, break down in front of advancing danger and have to be towed away. And sometimes equipment doesn't work when you need it.

With multiple fires in progress, communications and recon people are necessary to get men and equipment directed to the critical spots, and to the next fire when one is contained.

But even after containment, personnel have to stand by for long hours as an increase or change in the wind can quickly whip smoldering ashes into a raging, racing fire. Trees and logs often burn and smolder for days even after liberal amounts of water have been applied.

Some said that trains set some of the fires they may have, but as the number of fires rose to unbelievable proportions on Thursday afternoon, evidence started to pile up that many of the fires were being set by so-

meone. It looked like arson rather than accident, some say.

A train passed through the county, then people checked for any fire along the tracks in places without finding any. However, a return trip to the same spots some minutes later would reveal a grass fire which had been started near the tracks.

One early fire on Thursday evening which burned out of control until the late hours of the night was southeast of Ranger and far from the tracks as was the case with fires between Cisco and Moran.

Reports continued to come in through the night as some fought fires, some hunted for reported fires and others stood by prepared to respond to the next request for help.

The Eastland County Sheriff's Dept. was investigating the situation even as law enforcement personnel provided communications and lookout points to help direct efforts. D.P.S. officers were also often found where needed.

Two thoughts which seemed to be on firemen's minds were: When is all of this going to end? and we need more and better equipment.

After fighting fire on Wednesday evening, Eastland firemen must have worked feverishly into the late hours to finish and badly needed rural truck by Thursday morning. The new truck, though not completely finished, was almost immediately pressed into service day and night without a break but to refill the water tank. Comments could be heard that each city needed two rural trucks rather than one, but sometimes there has been a shortage of funds to maintain even one.

There were also reports that people had witnessed some fires being set and that officers were looking for someone in particular, but officers hadn't confirmed these rumors.

With such danger and economic loss facing our area, and it stretches from Strawn to Baird and maybe beyond, surely each of us as citizens is going to have to ask himself, or herself: What must I do to help remedy the situation.

First of all you might shake the hand or hug the neck of a fireman. Next you might consider if you can give a donation to your local fire dept. In some cases the donation of a good used truck, or maybe a pump or tank, could be just as helpful as money, and it might also help to lower your tax bill.

Until officers find and stop

the cause of the maybe dozens of fire that are sweeping the area, you might keep a lookout for fires or anyone setting them.

And be especially careful with fire yourself.

It is so dry that large fence posts and dead trees explode into flames just as the dead grass and weeds do when a

fire gets close enough to radiate heat.

If you see an arsonist, try to get a good description, with license plate number if possible, and call officers. Don't do anything dangerous.

Besides burning south and east of Ranger and north and west of Cisco, Thursday fires

also burned northwest and northeast of Eastland and between Olden and Ranger.

Finally, the fires have been controlled, but the lingering smell of burning wood in the air makes one wonder about future days and nights, and there are prayers being said for a good rain.

Large billow of smoke cloud the sky as flames race across pasturelands.

A wall of flames explodes across a county road, hiding fire trucks along the road and going out of control.

Firefighters evaluate the safety of a home before attacking the flames.

On the Morton Ranch a stock trailer is destroyed as wooden floor and rubber tires burn. Fence posts in front are also quickly consumed.

TA MEMBER 1988
TEXAS PRESS ASSOCIATION

letters to the editor ...

Dear Editor:

Public schools and their control have always been of great importance to most Texans. The public lost control of the State Board of Education when the Legislature did away with the elected board and appointed members of their choosing to help carry out provisions of House Bill 72. It is assumed that the reasons for replacing the old elected board were that members were non-progressive, complacent, and unqualified to set policies to comply with House Bill 72.

Given a choice, the voters of Texas voted back into law their right of electing, by districts their own state board members. We are now in the process of carrying out

this important right.

Board members presently being elected to the state board should be individuals of the highest character with time to devote to the task, possess a background of business and educational success, and a true unbiased desire to make education in Texas the best in the nation. I feel that it is imperative that qualified individuals be elected so that never again will the Board be criticized and dropped from office. The task of electing qualified members now falls into the hands of the voters.

The office is about education and the financial needs to fund the program. For too many years boards of all kinds have been made up of individuals with ambition, an ego to fill, or some other selfish reason and not really knowing much about the organization over which they control. This is an education board, so why not have some career educators at the helm?

Being a retired educator and having been through the entire gamut, I feel that I know a little about what Texas students, teachers and tax payers need in the area of education. To meet these needs, the best qualified candidate from the 14th District for the State Board of Education is William L. "Bill" Hudson of Wichita Falls.

I have observed Bill Hudson's performance for over 25 years. First of all, Bill Hudson is an excellent and knowledgeable career school man. He has served in every capacity of the public schools of Texas. He has an excellent and sound business background to go with the instructional needs of a truly good school administrator. Bill understands the purpose of House Bill 72. He knows the strengths and weaknesses of House Bill 72. Bill is the man who can help the school districts of Texas return to an era of unity, harmony, and understanding that will lead to a desirable learning situation for all.

Bill Hudson is the man who can and will represent District 14 in bringing new heights to education in Texas.

Sincerely,
Bill Casselberry
Supt. of Schools, Retired
Coleman ISD, 1966-84

The More Excellent Way

By O. R. WILLIAMS

In first Corinthians the 12th chapter the Apostle Paul describes the various gifts of the Spirit, (1 Cor. 12:8-10) "For to one is given by the Spirit the word of wisdom; to another the word of knowledge by the same Spirit; to another faith by the same Spirit; to another the gifts of healing by the same Spirit; to another the working of miracles; to another prophecy; to another discerning of spirits; to another diverse kinds of tongues; to another the interpretation of tongues. In verses 29 and 30 he indicates that some gifts are more important than others, and concludes by saying, "But covet the best gifts and yet I show unto you a more excellent way."

Now the more excellent way is love, and love is described in chapter 13. Love is the greatest thing in the whole world. I like that old song, "Old Time Religion." It makes me love everybody.

Christians may not agree on points of doctrine, but Christians are exhorted to keep the unity of the Spirit until they come into the unity of faith, or doctrine. (Eph. 4:1-6) "I therefore the prisoner of the Lord, beseech you that ye walk worthy of the vocation wherewith ye are called. With all lowliness

and meekness, with low suffering, forbearing one another in love; endeavoring to keep the unity of the Spirit in the bond of peace. There is one body, and one Spirit, even as ye are called in one hope of your calling; one Lord, one faith, one baptism, one God and Father of all, who is above all, and through all, and in you all." Verse 13 speaks of a time of unity of faith, or doctrine. (Eph. 4:13) "Till we all come in the unity of faith or doctrine." (Eph. 1-10) "In the dispensation of the fullness of times He might gather together in one all things in Christ, both which are in heaven, and which are on earth, even in Him."

The Cisco Press

HEY DUMMY!

It's not funny!

If you're bent on giving yourself to drink, take a lesson from statistics... don't become one! Statistics will show you that there are too many people drinking and driving. As a result, people are getting hurt... getting killed. Now, the laws are getting stricter and the courts are getting tougher, but they can't do it all. There's still one person who can do his or her part... to try to put a stop to these horrifying statistics... and that's you. It's easy to remember and easy to do... don't mix automobiles and alcohol. Only a dummy would drink and drive!

A message from

The Cisco Press

Area Burglaries Solved

A number of area burglaries were cleared up this past week when Cisco Police officers, responding to an alarm, caught a man on top of the Olney Savings building in downtown Cisco. Responding to the alarm, officers Larry Jernigan, Larry Weikel and Billy

Rains checked the interior of the building after it was unlocked by the manager, and found the phones to be dead.

A check outside found cut phone lines, and when officers climbed to the roof, a man was on the roof and a grate on the roof had been removed to allow entry to the building.

A 21-year-old white male from Stephenville was arrested and taken to the Eastland County jail.

Under questioning by Sheriff's Dept. officers, he allegedly confessed to about twenty burglaries in Cisco, mostly safe jobs, five in the county in places like Rising Star and Pioneer, and another ten in Erath County.

Sheriff's officers also reported that he led them to some of the stolen property, which was in Stephenville, and that they recovered the property.

Some of the burglaries occurred as long ago as July of last year.

JACQUELYNN SCHUMAN

Jacquelynn Schuman Is Winner In Eastland Beauty Pageant

Jacquelynn Schuman, daughter of Mr. and Mrs. James Schuman of Eastland, is shown with the two trophies which she won at the Texas International Beauty Pageant held at Friendship Inn in Eastland on Saturday.

Jacquelynn was chosen Most Photogenic in the event and received a Crown, trophy and ribbon. She was also chosen as the First

Runner-Up in the Beauty competition of the event and received a trophy.

She is the granddaughter of Mr. and Mrs. Franklin Schuman of Jonesboro and Mr. and Mrs. Joe Bennett of Gorman and the great granddaughter of Matilda Schuman of Hamilton.

She was sponsored by Golden Triangle Royalty & Oil Inc. of Cisco, Texas.

County Resources Association Elects Officers

Officers for the Eastland County Resources Association were elected at a meeting on Wednesday, March 23 at Eastland Centennial Memorial Library.

Named as Chairman of the county-wide Association was David Bondurant, Minister of the First Christian Church in Eastland. Viola Payne was designated Secretary and Helen Osburn as Treasurer.

Also present at the meeting were DeMarquis Gordon, Eastland County Agent, Mr. and Mrs. Guy Owens, Mary Dunn, Peggy Roberts, Mrs. John Rose, Margaret Corbell, and Corrie Cowley.

David Bondurant stated that the purpose of the County Resource Association is to help the needy people of Eastland County by leading out in cooperative action. It will be listed as a non-profit, tax-exempt organization with charitable purposes.

Presently this help includes (but is not limited to) assistance to the County Food Pantry, help for the Ministerial Alliance Travel Fund, and help to a local shelter housing transient people.

Plans are for the Association to compile a list of all resources in the county available to the needy.

Wednesday's meeting marked the beginning of a membership drive for the Association. Each membership will be \$10 per month. The initial goals are to have 25 members by the May meeting, 50 by the end of August, and 100 by next December. An individual or an organization may hold a membership. Chairman Bondurant will lead out in this drive, assisted by all charter members and other interested persons.

Peggy Roberts, Director of the Eastland County Multipurpose Center, and Mary Dunn, Vista Volunteer in charge of the Food Pantry, gave reports to the meeting. Both told of increased needs for emergency services.

Mrs. Roberts said that one of her greatest needs right now was funds to assist people who are unable to pay gas and electric bills. Government funds appropriated to last until August are exhausted.

She also said that all donations to the Multipurpose Center, whether money,

clothing, food, or volunteer work, is matched by funds mostly from the state. The more money raised locally, the more the Center gets.

On clothing, the Center needs summer clothing at this time, the Director said.

She mentioned that a job placement service is provided at the Multipurpose Center, and anyone who needs an employee should contact her.

Mary Dunn reported that last month the Food Pantry furnished emergency food for 30 families, some of them with a number of children. At the present time she has corn and peas and green beans in the Pantry, but everything else used in a home is needed. Always in short supply are canned meats, canned fruit, shortening, crackers, and sugar. She is not allowed by law to give out home canned foods, so canned goods need to be a commercial product.

After this report all present were reminded that the next meeting of the County Resources Association will be in the Library on Wednesday, April 20. A report on the membership drive will be heard, at that time. The public, as always, is encouraged to come out to this meeting.

Bill Chaney Will Be Parade Marshall For Folklife Festival Parade

Once again it's Folklife Festival time in Cisco. Lots of activities have been planned for the weekend of April 23-24. Mark your calendar and plan to join in the fun.

Saturday's activities begin at 7 a.m. with an old-fashioned chuck wagon breakfast at the Lake Cisco Park, compliments of Olney Savings. At 9 a.m. there will be the annual trail ride led by Ronnie Ledbetter for the two mile ride into town where they will join in the Cisco Frontier Jubilee Parade. It is not imperative that you take part in the breakfast so don't miss out on the fun. Make reservations for the breakfast by calling the Cisco Chamber of Commerce office.

At 10 a.m. Cisco Frontier Jubilee Parade, featuring the theme "Cisco Looking Great for 88," will begin. Leading the parade will be Parade Marshall Bill

Chaney of KTAB-TV, Abilene. There are several divisions to the parade and trophies will be awarded during the parade.

Immediately following the parade the Cisco Folklife Festival officially opens. There will be food booths, in-

formative demonstrations, arts, crafts and lots of entertainment. The Festival continues Sunday.

Reservations for the breakfast and to enter the parade can be made by calling the Chamber no later than Friday, April 15.

"The Ten Commandments" To Be Shown At Majestic Theatre

Area residents will be privileged to see Cecil B. De Mille's classic film, "The Ten Commandments" on Tuesday, April 5, 7 p.m. at the Majestic Theatre in Eastland.

For sheer pageantry and spectacle, few films can equal this 1956 remake of "The Ten Commandments". It was

filmed in Egypt, with one of the most authentic movie sets ever constructed.

The 3 hr. 40-minute movie tells the story of Moses, who turned his back on a life of privilege to lead his people to freedom.

From Moses's confrontation with God in the burning bush, through the

devastating plagues, to the awesome parting of the Red Sea, this epic paints a massive saga. The film is educational, and spiritually profound, with much to interest all members of the family.

Tickets for the film will be \$2.50 at the box office.

Days Of Long Ago Are Retold

(EDITOR'S NOTE: The following article appeared in the February 18, 1988, edition of "The Albany News." It was in a column entitled "baling wire & memories" written by Audrey Brooks. We reprint the column follows:

By Audrey Brooks

(This is a rerun of a column I wrote seven years ago - a sort of Lake Cisco revisited. Last fall I did a program for the Amity Club titled "Our American Heritage - A Look at Early Day Cisco, Texas." Within a short time I will present the same program for another group. Three weeks ago I went back to Lake Cisco armed with a camera. After looking at the slides I recalled this article about a town I became acquainted with in 1935. Only two things have changed since I wrote the column for the April 2, 1981, edition of "The Albany News.")

The obscene word painted in bold black letters on the bridge railing high above the base of the dam, emphasize the total decadence of a spot once hailed as "the show place of West Central Texas."

Across an adjoining washed-out road, rock-bordered hiking paths, overgrown with cactus and weeds, wind around a small hill. At the bottom of the hill a rock and concrete bench, with the initials "DAR" sits and waits for hikers who never came.

Guarding a huge, empty swimming pool is a burned-out tree, its charred branches seeming to beckon to the nearby flock of roosting vultures.

Lake Cisco, Texas - 1981. Nearly a half century after its heyday ended. And what a heyday it was! But the once beautiful site has not aged gracefully. Its demise has not been pretty.

The pool, once acclaimed as the world's largest made by man, now is nothing more than a concrete-lined hole in the ground. It has no more glamour than an abandoned trench silo. Stems of dry grass protrude at awkward angles through cracks in the aging concrete. A stagnating puddle from a recent rain is the only water in the pool.

The high slide, part of the 1930s pool decor, is long since gone. The low slide re-

mains in the deserted pool, rusting into obscurity. The remaining two chains on the swing dangle listlessly on the chilly breeze.

The lifeguard's chair provides a resting place for an occasional bird. Nothing more.

The pool, actually two pools, 700 feet long and 300 feet wide, is located directly below the Lake Cisco Dam. The first pool was the standard depth. In the southwest corner was a small wading pool for children. There should be quite a few senior citizens around who had their very first "swim" in that little wading pool.

The second, much deeper pool, had concrete sides with an earthen bottom. It boasted two diving platforms - a high one and an extra high one. The boards of both are rotting and crumbling. The earthen bottom of the pool is waist high in dry grass.

Gone is the bath house that stood on the pool's edge. Burned to the ground many months ago, only the charred tree and faint outline of a foundation was left to remind one of the halcyon years of the past.

Not long ago I stood at the edge of the old swimming pool and remembered the way it was. Once again I heard the gleeful chatter of bathers as they splashed in the big pool. On the second floor of the bath house roller skaters careened around the gigantic hardwood-floored room. A room that had been built to accommodate the big bands of the 1920's and 30's and the dancers they attracted.

I looked across the gullied road to the hill with its weed-grown paths. I remembered how beautifully landscaped it once had been. I have a snapshot of Lucion and me standing in one of the well-kept paths. Beside me is an elephant ear plant taller than I. At my feet are beds of flowers - phlox if memory serves me correctly.

There was a zoo among the rocks on the hillside. Not a big one true, but an interesting one. In one of my snaps a sleek, alert lioness gazes through the bars. The day is sunny and the zoo pens are spick and span.

Each year there was a special Fourth of July show at the lake. Occasionally a carnival would compete with the swimming pool and

roller rink. Everybody for miles around attended. Cars were parked from the highway to the park area.

One year Duncan Renaldo, who played the title role in movie's "The Cisco Kid" was the headliner. That was the year the late Mel Sandler directed a miniature water extravaganza. And always there were fireworks.

There was a bandstand in the park. A miniature golf course. Shaded picnic tables. The Cisco Fish Hatchery, with its twenty pools, was located directly east of the swimming pool. Water drained in a constant stream from the lake through the swimming pool into the fish hatchery.

Very little of that scene remains. The fish hatchery has been closed for at least a quarter of a century. When State Highway 6 was rerouted, most of the picnic area went into the new travel route. The little golf course endures in lonely abandonment.

The beautiful spot that once attracted scores of family reunions and high school classes from all over the area, no longer exists. The landscaped hillside and small zoo are only memories. When the time of water shortages developed, the big swimming pool was doomed. Without that super pool, the park where so many of us spent warm Sunday afternoons, has languished into weedy obscurity.

(So it was in 1981; so it is seven years later in 1988. The two changes? Cisco's new water treatment plant now occupies the spot where the big bath house and roller rink once stood. And mercifully that obscene word "in bold black letters" has been removed.)

Engagement

Knox - Mitchell

TIFFANI RENE KNOX
TO WED MARK EVAN MITCHELL

Mr. and Mrs. Russell Don Knox, of Eastland, announce the engagement of their daughter, Tiffani Rene to Mr. Mark Evan Mitchell, son of Mrs. Bill B. Hart, also of Eastland, and Mr. Roy R. Mitchell, of Weatherford. The wedding will be May 21.

Eastland Manor News

Family Nite
WELCOME to all the family members, friends and staff of our residents here at Eastland Manor. We will be having Family Nite Supper Tuesday night, March 29th, at 6:00 p.m. Looking forward to seeing you and your family. Please join us.

Employee of the Month
Mary Ann Grumbles was chosen as the "Employee of the Month" for March. Mary Ann is an LVN who has been with the Beverly Enterprises for three years. Mary Ann is shown being presented a "Certificate of Recognition" from her Administrator, Peggy Pryor.

She also received \$10 and the privilege to park in the "Employee of the Month" parking space.

Thank you, Mr. Jessie Price, for plowing the garden space for us. The Staff and all the Residents appreciate you. Thanks again!

Congratulations...
...to Louise Bratton, LVN, who had a poem dedicated to her, "A Special Nurse". And also to Patricia Flippen N.A., who was the writer of the poem. We here at Eastland Manor are proud to have Louise and Patricia on our staff.

Award Presented To Outstanding Farm And Ranch Family

Bob Brown, District 7 Director of Texas Farm Bureau, was in Eastland for the monthly board meeting to present an award to the Outstanding Young Farm and Ranch Family for District 7. Chris and D'Aun Brown of Carbon participated in the contest sponsored by Eastland County

Farm Bureau. They were selected as winners on the basis of their interest and involvement in agriculture. The Young Farmer and Rancher Contest is an annual event at Eastland County Farm Bureau. To qualify, participants must be members of Farm Bureau and primarily occupied in

agriculture or agriculturally related fields for the basis of their income. The Browns were chosen by Texas Farm Bureau over a number of other applicants in the district. Each district winner is eligible for a statewide contest. The State winners for 1987 were Dan and Reeda Smith of Lockney.

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Austin-Local property tax rates in Texas have increased by one-third over the past five years according to the Texas Research League, an Austin-based public policy research group. Combined with a 28% growth of the tax base, the higher tax rates produced a 68% increase in tax revenue for local governments.

Property tax burdens varied substantially throughout the state. In 1986-87 the average tax on all types of property was 2.75% of market value (selling price) in Crystal City but only 0.85 of 1% in Highland Park (Dallas).

For a single-family house that would sell for \$80,000 the highest tax was \$2,083 in Crystal City and the lowest was a \$659 tax bill in Crane.

If the house were eligible for various homestead exemptions, the tax would have been \$581 in White Oak compared to \$2,014 in Crystal City.

Additional exemptions were granted to homeowners aged 65 or over which reduced the property tax bill to \$1,418 in Crystal City and to \$222 in that part of the City of Irving located in the Coppell school district.

In Eastland the tax bill on an \$80,000 house in 1986-87 averaged \$1,048.00 or \$1,006.00 if a homestead or \$835.00 if owned by a senior citizen.

The report points out that school tax bills for the elderly are frozen at the level when the homeowner turned 65 and such persons may pay less.

Inequitable appraisals among different types of property are significant in attracting new industry to a community. The 1986-87 property tax on industrial equip-

ment and inventories ranged from \$417 in Fort Worth (Lake Worth ISD) to \$1,844 in Crystal City.

For property worth \$80,000 in Eastland the report shows a tax of \$1,134.00 for an average of all types of property, \$1,049.00 for industrial equipment and inventories and \$1,146.00 for commercial inventories and fixtures.

The report cites two reasons for the wide range of

taxes: First, local officials adopt budgets, set tax rates, and homestead exemptions.

Second, unless all property is appraised uniformly, tax burdens will vary. Average ratios of tax appraisals to market value (selling price) ranged from 60.8% in Schertz-Cibolo ISD in Guadalupe County to 192% in Santa Gertrudis ISD.

Reliance on the property tax for general revenue of local governments in Texas has declined from one-half in 1957 to one-third by 1980, but increased to 33% in 1986.

During the past decade double-digit increases in local Texas government spending were recorded in 7 of the 10 years. The rate of growth of local spending, the report concludes, has continued in recent years despite the substantial drop in the rate of inflation.

Eastland Wal-Mart Announces Scholarship Recipient

Chip Weaver, store manager of the Eastland Wal-Mart announced the selection of Misty Barrett of Ranger as the 1988 recipient of the \$1,000 Wal-Mart Foundation Community Scholarship. The scholarship is awarded each spring by Wal-Mart to an area college or university bound high school senior and is payable over a two-year period.

Misty, a senior at Ranger High School in Ranger plans to attend Texas A&M in College Station, Texas. In making the announcement, Chip said, "It is with great pleasure that we announce Misty as the winner of this year's scholarship. It was a difficult decision for our team of well-qualified, local judges that had to select from many outstanding students."

Chip went on to say scholarship criteria is based primarily an academic performance, involvement in the school and community and financial need.

In addition, scholarship alternates are first alternate, Scott Gressett of Gorman attending Texas A&M and second alternate Tammy Rogers of Ranger attending Cisco Jr. College.

Recognized for their efforts as judges in scholarship selection are: James Wright, Charlotte Speegle and Jim Cockburn. The Eastland Wal-Mart

Foundation Community Scholarship is one of over 1200 scholarships totaling \$1.1 million being given throughout the Bentonville, Arkansas-based retail chain's 23-state, 1114 store trade territory.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

WEDNESDAY, APRIL 6, 1988

RANGER, TEXAS

A Service of

RANGER GENERAL HOSPITAL

CALL 647-1156 FOR APPOINTMENT

\$50.00

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 647-1156.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment call 647-1156.

Musical At Putnam April 1

A musical will be held in Putnam on Friday, April 1 at the schoolhouse. A number of good musicians are reported to be lined up on the program, with Robert Weeks Sr. of Eastland as Master of Ceremonies.

The Concession stand will open at 5 p.m., with a good meal available. The music will start at 6 p.m. The public is invited to come out and enjoy this fine food and entertainment.

Cisco City Council Passes New Amendment For County Dispatch

The Cisco City Council approved Amendment No. 2 to the Charter of the Eastland County Cooperative Dispatch at their regular meeting held last Tuesday at City Hall. City Manager Mike Moore told council members that the amendment doesn't change the method of operation at the Dispatch.

The Amendment states that the Executive Board shall be comprised of one representative from each of the member cities and county. Their duties will include general management of the Dispatch, development of planning and formulation of policies for the Dispatch.

preparation and approval of an annual operating budget, approval of the receipts and disbursements of the Dispatch, appointment of a member of a Law Enforcement Agency Department Head of a member city or county as the Law Enforcement Manager, and elect from its members a chairman, vice chairman and secretary for a term of one year from date of election.

City Council members officially accepted the 9 H.P. Ditch Witch Trencher from the Cisco Cemetery Association. The Association donated the trencher to the city, since it is no longer needed at the cemetery. The

Cemetery Association installed an underground water system throughout the cemetery with the trencher. Moore said the trencher will be very beneficial to the city.

City Mayor Joe Wheatley said, "We certainly do appreciate the thoughtfulness of the Cisco Cemetery Association to the City of Cisco. The trencher can be necessary in certain work orders and will be very useful to us."

In other matters, Moore discussed the leak on the 16-inch Water Main and proposal for repair. Moore said the original leak started 13 to 15 years ago. He said further on up north on the same line there was a bad leak in 1983. He said the line has been begun leaking steady for the last 30 days. Moore said when the line goes, the city of Cisco will be without water for two to three days.

Moore said there was enough cash in the utility fund to pay for the repair. He suggested to the council that the city will buy the inventory and a construction company from Breckenridge will fix the line.

Council members called a special meeting scheduled to be held last Wednesday to inspect the line. The matter was tabled until after the inspection.

Council members approved the second reading of the ordinance of the City of Cisco

to vacate and abandon the street right of way, except for existing easements in the 2200 and 2300 blocks of Avenue B.

Council members approved City Manager Mike Moore's financial statement during the meeting.

During the city manager's report Moore told the council the lighting on I-20 contract was awarded to James Davidson Construction Company for over \$250,000. The state of Texas will pay the amount to Davidson. Moore said this has been quite a lengthy process, but the fixtures should be in place by late summer.

Moore said recently the state passed new laws on the safety of drinking water throughout all of Texas. He said the city has to publish the laws in the paper even though Cisco does not have a problem with lead in the drinking water. He said Cisco is well below the danger level. Moore warned the council that water is going to get more expensive to treat, according to the new Texas EPA standards.

Moore told the council he is real pleased with the first reaction to the city clean up ordinances. He said right now the city does not have a way to handle the removal of junk cars. He told the council he will check on someone coming into Cisco to buy old cars for the metal. He said

the man will crush the cars if they have a clear title.

Moore told the council members there is a problem in the sewage pond. He said about 30 to 60 days ago the pond went anti-aerobic. Moore said they are working with engineers to bring the pond back. He said they are getting a zero reading of oxygen in the pond and they should be getting a six to eight reading. He said they

have tried everything, but they may need to get outside expertise help.

Moore said he is working with Texas A&M college now, but there has not been a report from them. Moore said the project should be completely finished by June 1, but if the problem is still present, then the work will be extended. He said the State of Texas is aware the city is trying to find out what

happened.

Moore said he hopes it is something natural and not something that has been dumped into the sewage, by mistake or on purpose.

Attending the meeting were council members, John Muller, Bural Chambers, Vernetta Pierce, Arlie Whitley, Allen Masters, and Mayor Joe Wheatley. Also at the meeting were city attorney Billy Wright, city

secretary Ginger Johnson, city manager Mike Moore, Chief of Police, Billy Rains, Adrian Huddleston, and officer Chris Key, and Owen King.

He said the city has to publish the laws in the paper even though Cisco does not have a problem with lead in the drinking water. He said Cisco is well below the danger level. Moore warned the council that water is going to get more expensive to treat, according to the new Texas EPA standards.

Moore told the council he is real pleased with the first reaction to the city clean up ordinances. He said right now the city does not have a way to handle the removal of junk cars. He told the council he will check on someone coming into Cisco to buy old cars for the metal. He said

the man will crush the cars if they have a clear title.

Moore told the council members there is a problem in the sewage pond. He said about 30 to 60 days ago the pond went anti-aerobic. Moore said they are working with engineers to bring the pond back. He said they are getting a zero reading of oxygen in the pond and they should be getting a six to eight reading. He said they

have tried everything, but they may need to get outside expertise help.

Moore said he is working with Texas A&M college now, but there has not been a report from them. Moore said the project should be completely finished by June 1, but if the problem is still present, then the work will be extended. He said the State of Texas is aware the city is trying to find out what

happened.

Moore said he hopes it is something natural and not something that has been dumped into the sewage, by mistake or on purpose.

Attending the meeting were council members, John Muller, Bural Chambers, Vernetta Pierce, Arlie Whitley, Allen Masters, and Mayor Joe Wheatley. Also at the meeting were city attorney Billy Wright, city

secretary Ginger Johnson, city manager Mike Moore, Chief of Police, Billy Rains, Adrian Huddleston, and officer Chris Key, and Owen King.

SERVING AS Student Government Association officers for the 1988-89 school year at Cisco Junior College will be, left to right, Donna Duran, treasurer, Abilene; Goldie Abshire, secretary, Hico; Renee Dillard, vice president, Cisco; and Shelly Smothers, president, Cisco.

Cisco Lions Club Will Donate Over 100 Pairs Of Eye Glasses To Needy

The Cisco Lions Club will send in over 100 pair of glasses to be given to the Lions Club Eye Bank at the District 2-E Lions Club Convention to be held in Abilene according to Roy Dennis, Cisco Lions Club president. Dennis told members of the club at their regular meeting held last Wednesday at Tradition's Restaurant, that doctors take the lenses from the donated glasses and match them to eye prescriptions for the needy. He said they will regrind the lens if necessary.

Walter Knowlden, a member of the Cisco Lions Club, brought a sack of eye glasses that were donated by the AARP. Dr. Cleveland, local optometrist and also a Cisco Lions Club member, has been supplying glasses to the needy for years.

Roy Dennis said the Breckenridge Lions Club will be having a golf tournament at the Lakeside Golf Course in Eastland. They were wanting to know if any member of the Cisco club would want to play in the tournament. All money made will go to the Crippled Children's Camp in Kerrville.

Dennis said the Mineral Wells Lions Club are selling tickets for a donation on a drawing for a free vest and several pens to be given away. Dennis said the proceeds will also go the Crippled Children's Camp.

Dennis reminded all the members to send in their donation to the West Texas Rehabilitation Center in Abilene. Dennis said the Cisco Lions Club members have all been faithful in help-

Cisco Country Club Will Host Game Day

The ladies of Cisco Country Club will be hosting their spring luncheon and game day for members and non-members on Wednesday, April 6, starting at 10 a.m.

Reservations must be made by Monday, April 4, by calling Margie Mitcham at 442-3434 or Janelle Schrader at 442-3329. Luncheon for members and non-members will be \$5.00.

Six Reasons Why an IRA from IDS is Still One of the Most Effective Retirement Planning Tools.

An Individual Retirement Account offers you three key advantages that many other investments don't. Plus, an IRA from IDS Financial Services Inc. offers three additional advantages. . . adding up to six powerful reasons for having an IRA with IDS.

- 1. Retirement income.** Social Security and pension funds don't provide enough money for most people. An IRA can help give you the extra money you need to maintain your current lifestyle during retirement.
- 2. Tax-deferral.** All earnings in your IRA are tax-deferred until the money is withdrawn. This could add thousands of dollars to your retirement income.
- 3. Tax-deduction.** Surprisingly, an estimated 70-80% of IRA owners can still deduct all or part of their annual contributions from federal income taxes.
- 4. Choice.** Choose from over 30 investment options including a variety of annuities, certificates, mutual funds, limited partnerships, unit investment trusts and even individual securities.
- 5. Flexibility.** You can transfer your IRA dollars between IDS investments as frequently as you want, often with no charge.
- 6. Professional guidance.** An IDS personal financial planner will help you make the right decision for your retirement needs, now and in the future. And, every IDS planner is backed by the resources and experience of IDS Financial Services Inc., part of the American Express family of companies. The IDS companies have been helping people reach their financial goals since 1894.

Discover what an IRA from IDS can do for you. Please ask for our informative booklet, "Today's IRA." This booklet is yours absolutely free of charge. Simply call 442-4370, or write:

Team Is Headed For Regionals

Last Tuesday, Lori Ann Speegle and Stacey Saunders, the Cisco Debate Team, placed first in the UIL district meet. The team debated against the Eastland team Dylan Schloppe and John Morris first. They did very well and walked off with a nice victory. Second, the Speegle/Saunders team defeated the Joe Williamson and Connie Chaney team of Eastland. They walked off with one more victory under their belt. This let the Saunders and Speegle team advance into the Debate Finals. The two competed against their first opponents Schloppe/Morris and once again defeated them. The Debate team will advance to the Regional Meet to be held April 23.

The Lobo Howl Staff would like to congratulate the team and wishes them the best of luck at regionals.
 By: Deanna Parrigan

Great Minds At Work

Last Monday, March 21, the Cisco UIL literary team went to the district contest in Eastland. A large number of people attended the contest and Cisco is doing very well. The contest will be continued Friday of this week. Monday the following people placed and will continue on to Regional Meet April 23.

Debate- Lori Ann Speegle and Stacey Saunders, 1st place.
 Calculator- Jana Muller 1st, and Christy Smith, 3rd place.

Newspaper Contest Article

This is the second article written by the Journalism students for this year's contest.

By LESLIE ALLEN
 WHY I LIKE MY
 HOMETOWN OF SCRANTON

I like my hometown of Scranton, Texas, because you can do what you want to without getting in trouble with people in the neighborhood. Scranton is a place that you can raise a

family and farm the land that once was farmed by many other people that you might have know. The thing about Scranton is that there are many land marks such as the old Scranton Academy which is still standing today or at least the walls of the gym and the cafeteria are. It is now used as a place for people to go see the musical every first Saturday of the month. The gym was burned by a man who kept birds inside it. He said that he

thought it was arson, but the fire department thinks a cigarette started the fire. The gym still has many marks of the past years because it was the structure itself that held up.

At Scranton the thing is fishing in the summer, hunting in the winter, and trapping in late winter. Most people in Scranton don't care if you go on their land as long as you have asked in recent times, yet they tend to warn you of the troubles you may have. The people in Scranton are caring and tend to try to help people if it is possible for them to help one who is visiting and is in need of some service. They believe in letting you live and learn as much as possible when learning is available. Scranton has some things to hide, such as the tales of the Calvary and Indians passing through and traces of these that just seem to be an old tale. There are two things in Scranton you think of last and those are: one, the snakes two, the coyotes that roam around in the night which you may find still out trying to find something to eat before going to the woods for the hot day. Some folk think that since we all live out in Scranton that we do not want other people to bother us because we just want to be left alone, but we really think it is nice when people come to visit us because we treat them no different to the way we treat ourselves in Scranton.

ROBERT YOUNG BILLY BOLES

Students Paint CHS Library

Two of our High School Library Assistants have been working hard to make our library more attractive and pleasant to the eyes. They are painting the inside of the book shelves a pretty blue and the outside a beige.

It was Billy Boles' idea

and leadership that got the project started. Robert Young is his assistant. Mrs. Davis thinks it is wonderful for our students to think of ways to beautify Cisco High School and then to follow through with their plans. Keep up the good work fellows!

Calendar

Monday, March 28- Mid-day with Kay TV Program - Krista Shepard, Debbie Endsley, Chris Griffith and Kevin Kirk - regard Project Graduation.
 Tuesday- Judging contest at ACU.
 Wednesday- CJC Band Concert in auditorium. Public is invited. 10 a.m.
 Thursday- Boys Golf Meet at De Leon.
 Friday, April 1- No School.

B.Y.O.B. Day At CHS

On Thursday March 10, the Student Council held a B.Y.O.B. Day for the students at Cisco High School. B.Y.O.B. stands for Bring Your Own Banana. Many students brought their own bananas; others purchased a banana from the FHA. The students then enjoyed the sweet sensation of ice cream and bananas with all the toppings of their choice.

Kindergarten Registration To Be Held March 29-30 At Elementary

Kindergarten registration for the 1988-89 school year will be held Tuesday and Wednesday, March 29-30, from 9 to 11 a.m. and from 1 to 2 p.m. in the library of Cisco Elementary School. In order to enter kindergarten a child must be five years old by September 1, 1988. Please bring birth certificate and immunization records. Immunizations required for entry into public schools are: DTP/TD regular series and one dose after the child's fourth birthday; polio regular series and last dose after the child's fourth birthday; MMR after the child's first birthday. Pre-kindergarten registration will be held at the same time. To be eligible for enrollment in pre-kindergarten a child must be at least four years old and must be unable to speak and comprehend the English language or from a family whose income, according to standards set by the State Board of Education, is below subsistence level.

school lunch menu

The menu for Cisco Elementary School for the week of March 28-31 has been announced as follows:
MONDAY
 Breakfast- Cereal, apple juice and milk.
 Lunch- Hamburgers, French fries, catsup, lettuce, pickles, mixed fruit and milk.
TUESDAY
 Breakfast- Pancake, syrup, orange juice and milk.
 Lunch- Pizza, buttered corn, peaches, iced cupcakes and milk.
WEDNESDAY
 Breakfast- Toast, jelly, fruit juice and milk.
 Lunch- Hamburger steak, whipped potatoes, brown gravy, green beans, roll, K-cereal and milk.
THURSDAY
 Breakfast- Hashbrowns, apple juice and milk.
 Lunch- Burritos with cheese stick, Mexican salad, ranch style beans, jello, roll and milk.
FRIDAY
 NO SCHOOL!

 Friday, Good Friday service is at 7:30 p.m.

Men In Service

Army National Guard Private John D. Brady, son of Harold Q. and Ina M. Brady of Route 2, Cisco, has completed the basic field artillery cannoneer course under the one station unit training (OSUT) program at Fort Sill, Okla.

During the course, students were taught the duties of a howitzer or gun section crewman. They also received instruction in communications, maintenance and the handling of ammunition and explosives.
 OSUT is a program that combines basic training with advanced individual training.
 He is a 1987 graduate of Cisco High School.

Wanda's Corner by Wanda Hallmark

The Cisco Lions Club Pancake Supper was held last Thursday night at the Cisco Elementary School Cafeteria. There was a large turnout of people who came out to enjoy the delicious pancakes. There will be a story and pictures in the next issue of The Press.

The money raised in the Pancake Supper will be given to the Cisco Christmas in May project.

Helping the Cisco Lions Club have a bigger donation was Rust Country Meats. They are located on Hwy. 80 between Cisco and Eastland. They donated the sausage and bacon for the supper. Preston Dairy donated all of the milk and Quickway Grocery on West 8th donated the pancake batter.

Jim and Janelle Schrader of Cisco have had visitors from out of town for several weeks now. Visitors were Mr. and Mrs. Willard Napestek, Janelle's sister from Plainsview, Nebraska; Mr. and Mrs. David Schrader, Jim's brother from North Platte, Nebraska; and Mr. and Mrs. Duane Grone, friends from Lincoln, Nebraska.

Janelle said their company certainly have enjoyed our warm weather.

At the Cisco Rotary Club last week, Jack Martin said he saw a commercial on television where Bob Hope talked about the Rotary sponsored "Polio Project". Jack said Mr. Hope must be a Rotarian. With this project, it is hoped to have polio wiped off the face of the earth by the year 2000.

The Rotarians listened to Kevin Kirk and Christy Purvis, seniors at Cisco High School, talk about Project Graduation. This will be an all night party for the seniors on graduation night.

Joe Cooper, Rotarian, said that last year, kids from Cisco, Eastland, Ranger, DeLeon, Albany, Dublin and Colorado City came to the Project Graduation. There are prizes given away during the night, and last year the first prize was given to a graduating student who went to school at home.

Joe said Mr. Henry McCullough, president at Cisco Junior College is to be commended for letting the students use CJC. Joe said this drug and alcohol free party is great for the kids.

Jantee Casey, bus driver for the Cisco Independent

School District, and her husband, Thomas and daughter, Danna, went to San Marcos last week while school was out for Spring Break.

Janice said they went to San Marcos to see their daughter, Cheryl, who is attending Southwest Texas State college out there. Cheryl graduated from Cisco High School in 1985.

Janice said they met a man in San Marcos, whose grandparents use to live in Cisco about 30-years ago. He said their last name was Witner and they use to own a grocery store on West 8th.

We received a call last week from a member of the Cisco Civic League. They are in need of an old crank type ice cream freezer to be used in the Folklife Festival.

If you have one and you are willing to loan it out to the club, call Arlene Fry at 442-3330 or Yvonne McMillan at 442-1671.

The Cisco Fire Department has really been putting in the overtime again with all the grass fires. On Wednesday and Thursday, they were called out to two different grass rural fires. And they have only one rural fire truck. They need more than one.

They are still taking donations to get a second rural

fire truck built. They have an account for the rural fire truck at the First National Bank.

On Monday, March 28, four Cisco High School seniors will be on the television show, Mid-Day With Kay on KRBC-TV. The show begins at 12:15 p.m.

Krista Shepard, Debbie Endsley, Chris Griffin and Kevin Kirk will talk about Project Graduation.

Be sure and tune in and watch them.

Jack Martin, Cisco High School principal, said he is so thankful that the citizens of Cisco help support Project Graduation.

He said when he was the principal of a high school in Houston, he was called out to identify the bodies of three students who graduated from his school. The three were killed on graduation night in an alcohol related car crash. He said that was the hardest job he has ever had to do.

I want to thank the men who helped push my car out of the way last Wednesday when it died. Mr. Dean Toler, Gerald Winnett, Dan Dixon and Reggie Pittman were kind enough to push the car back to the curb after it died at the red light.

Billy Reynolds, the expert of Purple Martin birds in the Cisco area, said if you don't have your Purple Martin house up yet, you're late.

He said they flew into Cisco around Valentine's

Day. They usually come in around February 13, 14 or 15. They stay in this area until about the middle of July after they have their young raised.

They fly in from the Amazon River in South America. Billy said no one knows why they don't build a nest at the Amazon. But every year the birds fly back here. They will always come back to the same place if the nest is still there he said.

Billy said he has three houses up now. He would recommend that people buy metal houses for the Purple Martins. The houses need to be on a pole so you can get them down, if you need to. He said the birds around his house have become so use to him, that when he goes outside to mow, they just sit on their houses and watch him.

The reason Billy and his family like the Purple Martins is that they eat flying insects, including mosquitoes.

Madison's Western Store said they were called about being on the Eastland County Stock Show page that was in the Cisco Press recently and they agreed to being placed on it. But they were left off the list of names. They said they have always supported the youth in our town in this way and they don't want them to think they feel any different since they were not on the page.

If any other business was contacted and wanted to be on the page and were left off, we apologize for this mistake.

CISCO FFA AWARD-- The Cisco High School Future Farmers of America received an award from the Building Of America Committee recently. The award was given to the organization for all the work they have done on the school farm last year that will help build up Cisco. This is a National Award that has been recognized on the state level too, according to Jimmie Cearley, ag teacher. Cearley is shown in the above photo with student Leslie Allen standing by the sign at the Cisco FFA Feeding Center, located on Highway 6, just north of the railroad tracks. The students cleaned up the area and built metal pens to keep animals in during the school year. (Staff Photo, courtesy of Cotton's Studios)

Quit smoking.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Call 442-3951 For Appointment

Tuesday April 5, 1988

Cisco, Texas

A Service of

E.L. Graham Memorial Hospital

According to the American Cancer Society, one out of eleven women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 442-3951.

The Mobile Breast Cancer Detection Unit will be in Cisco on Tuesday, April 5th.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment call 442-3951.

Mr. & Mrs. J.W. Sitton To Celebrate 50th Wedding Anniversary Sunday

Mr. and Mrs. Jerry W. Sitton will be honored at a reception in celebration of their fiftieth wedding anniversary on Sunday, March 27.

To be held at the Conrad Hilton Community Center in Cisco from 2 until 4 p.m., the occasion will be hosted by their children, Jim Sitton and Judy Callarman. Although no formal invitations have been sent locally, all friends and family of the Sittons are invited to attend the event. They have asked that no gifts be brought.

Jerry Sitton and Mary Dorcas Green was born only 20 miles from each other - he in Marlowe, Oklahoma, in 1911, and she in Hastings, Oklahoma, in 1916. They met in 1937 in Kilgore, Texas, where he worked as a newspaper reporter and she was a secretary/bookkeeper for a gas company. A mutual friend, thinking they would make a nice couple, arranged for them to go on a "blind date." It was not long before he popped the suggestion, "Miss Green, let's I and you get married."

They were married on March 26, 1938, in the pastor's study of the First Baptist Church of Hallsville, Texas. The Sittons continued to live in Kilgore until he

went into the U. S. Navy in 1942.

During World War II, Sitton was a navy flier. He was stationed in Livermore, California, where their daughter was born in 1943; in Olathe, Kansas, where in 1944 their son was born; and in the Philippine Islands. While he was overseas, his wife and children lived in Walters, Oklahoma, to be near family members.

Lieutenant Commander

Sitton served as a flight instructor for a time and flew transport planes between the Admiralty Islands and the Philippines.

After the war, the Sittons moved to Henrietta, Texas, where he was editor and publisher of the Clay County Leader for two years.

In 1947, Sitton purchased the Cisco Daily Press and moved his family to Cisco in 1948. Under his ownership, the newspaper became the

Cisco Press. For many years, he wrote a popular column called "The Gay Philosopher," which eventually was renamed "People and Things."

After moving to Cisco, Sitton joined the naval reserve, in which he was active for 25 years.

Sitton's holdings grew to include the RangerTimes, the Eastland Telegram, and the Rising Star under the collective title Eastland County Newspapers, Inc. Mrs. Sitton worked with her husband as sometime-manager, reporter, bookkeeper, paperboy, and "girl Friday."

In 1950, Sitton established the Longhorn Press, a mail-order small book publishing company. He sold the Eastland County Newspapers to H. V. O'Brien in the early 1970's and claimed to retire. Although he continued to write "People and Things" regularly until last November. The couple still operate the Longhorn Press.

Since retiring, Sitton has worked in six foreign countries with newspapers having production problems under the auspices of the International Executive Service Corps.

Sitton is a long-time member of the Masons, the Shriners, and the Lions Club, of which he is a past president. He has served on the Cisco city commission, the

public school board, and the college board of regents. Mrs. Sitton was for years active in Girls Scouts and P-T-A. She has been a member of the Hospital Auxiliary since its organization. They have been members of the First Baptist Church and the Cisco Country Club since moving to Cisco.

The couple's children grew up in Cisco, attending local schools and Texas colleges. Their son Jim now lives in Longview, Texas, where he works as an executive pilot. He and his wife Linda have three children: Kent, 18; Kathy, 14; and Melanie, 9.

Their daughter Judy is married to David Callarman. They and their three children, Leigh, 17; Brian, 15; and Mark, 13; live in Cisco. He owns and operates David Callarman Insurance, and she teaches English at Cisco Junior College.

The Sittons' children added this statement: "Jerry and Dorcas Sitton have always been steadfast, giving, and loving as parents and grandparents. We are thankful for their long lives and for this opportunity we have to honor them. We sincerely hope all our friends and family will come to help us celebrate this milestone anniversary."

Mr. and Mrs. J.W. Sitton

25th Wedding Anniversary

Alonzo and Margaret Stevens will be celebrating their 25th anniversary on Sunday, March 27th, from 2:00 - 4:00 p.m. in the Community Room at First State Bank of Ranger.

The couple was married March 25, 1963 in Ranger.

Relatives and friends are cordially invited to attend the reception. No gifts, please.

Breckenridge Country Club To Hold Golf Scramble

A four person golf scramble will be held Saturday and Sunday, April 9-10, at the Breckenridge Country Club. The two-day event is sponsored by the Breckenridge Kiwanis Club.

Entry fee will be \$40 per person. First 60 persons to enter will have choice of tee times. The scramble will be limited to 120 players and entry deadline is 6 p.m. Thursday, April 7.

Tea times will be 8 a.m. and 12:30 p.m. Saturday, and times will be flipped Sunday.

Prizes will be: first, Wilson staff irons; second, Wilson staff woods; third, bags and head covers; and fourth, golf balls.

Long drive contest will be for A, B, C, D and women; and closest to pin will be No. 1 or No. 7.

A free barbecue for players at guests will be held at Smoak's Party Room at 7 p.m. Saturday. Free refreshments will be on the course both days.

To enter call (817) 559-3466 days, or (817) 559-6257 after 6 p.m.

Word Of Life To Hear Scott Stimson

Scott Stimson will be a guest minister at special services March 30 - April 17 p.m. nightly at Word of Life Church, 501 S. Lamar.

Bro. Stimson is currently pastor at Rejoicing Life Fellowship in Durant, Okla.

He pastored in the Tulsa, Okla. area for 7 years then pastored for 1 year in Beckley, W.V.

He travels extensively in the east coast region, from Canada to Florida.

He has ministered in the country of Haiti also.

He is a prophet of God to the Body of Christ in this hour and day. Not in the form of doom and gloom, but declaring the glory and might of God in our present day. As Charles Finney once said, "Don't tell me of the rising floods of evil, rather let me tell you of the

rising floods of the grace of God."

"We want to invite each and everyone to come to this time of rejoicing and celebration of Jesus, the

King. If you need a fresh working of God's spirit in you please join us. Only expect God to be God, in all of His abilities and nature," says Pastor Derrel Harris.

Obituaries

Thelma Scott O'Neal

Thelma Scott O'Neal, 78, went to be with the Lord at 8:50 p.m. Friday, March 18, 1988, at the Canterbury Villa in Gorman. Services were at 2:00 p.m. Sunday, March 20, in the Higginbotham Chapel with Rev. Roy and Jimalee George officiating, assisted by Rev. R. Kenneth George. The music was rendered by Woodrow and Helen Browning, Sharon Mearse and Juanita Fuller. Interment was in the Simpson Cemetery in the Kokomo Community directed by Higginbotham Funeral Home of Gorman.

She was born December 13, 1909 in Faulk, Ark. to the late John and Frances Scott. The family moved to Collin County, Texas when she was three weeks old. She spent her childhood years in Collin County, moving to West Texas in 1926 to the Flat Top Community, near Hamlin.

She was married to Rev. J.W. O'Neal on June 14, 1931 at the Flat Top Baptist Church. She was a devoted Christian from age 17, a wonderful wife and mother.

She received a B.S. Degree from Howard Payne University at Brownwood and a Masters Degree in Education and Children's Literature from West Texas State University at Canyon, Texas. She taught school a number of years, several of those years were in the Gorman Schools. She had lived in the Kokomo Community since 1964, and was a member of the Kokomo Baptist Church.

She is survived by her husband, Rev. J.W. O'Neal of Kokomo; one son, Joseph W. O'Neal, Jr. of Austin; two daughters, Sharon (Mrs. Nathan) Mearse of Odessa, and Johnny Beth (Mrs. Freddie) Shackelford of Liberal, Kansas; two sisters, Katie Lois Schrader of Boerne, Texas, and Jimalee (Mrs. Roy F.) George of Haskell; two brothers, Major General Willie L. Scott, and Mickey Scott, both of Austin; six grandchildren; nine great-grandchildren; and a number of nieces, nephews and cousins.

She was preceded in death by two brothers, Kelly T. Scott in 1986, and John Walter Scott in 1983.

Pallbearers were Glenn Jordan, J.L. Morrow, Rev. C.M. Wilson, Jimmy Little, Claude Fuller and J.A. Carter. Honorary Pallbearers were Rev. Ron Carroll, David Davis, Fred Smally, Cullen Rodgers, John Scitern, Alvis Scitern, Paul Taylor and Rev. Dwaine Clower.

WORD of GOD

Those Who Are Backsliders

Thine own wickedness shall correct thee, and thy backslidings shall reprove thee: know therefore and see that it is an evil thing and bitter, that thou hast forsaken the Lord thy God, and that my fear is not in thee, saith the Lord God of hosts.

Jeremiah 2:19

Judy Prickett

CISCO--Funeral services for Judy Prickett, 41, of Abilene, former Cisco resident, were held at 2 p.m. Thursday, March 24, 1988, at Pioneer Baptist Church in Abilene with Bob Evans and Randy Cotten officiating. Burial was in the Pleasant Hill Cemetery south of Cisco, directed by Elliott-Hamil Funeral Home.

She died Monday, March 22, 1988, in a Houston hospital.

Born in Hollis, Oklahoma, she was married to Bobby Prickett, formerly of Cisco.

She attended school in Hollis. She worked for First State Bank of Abilene as personal banking consultant and was a member of the Northside Baptist Church in Anson. Survivors include her husband, Bobby Prickett of Abilene; two daughters, Barbie Robbins of Allen and Sheri Prickett of Dallas; a son, Larry Prickett of Abilene; two brothers, Loren Thomas and Roland Thomas, both of Weatherford; six sisters, Kat Casler of Axle, Aileen Stephenson of Carrollton, Nanetta Williams of Haltom City, Doris Denham of Quanah, Jane Burns of Dale City, Okla., and Peggy Boyd of Oklahoma City; and two grandchildren.

Mary Elizabeth Wallace

CISCO--Mary Elizabeth (Mrs. W. W.) Wallace, 95, died Tuesday, March 22, 1988, in E. L. Graham Memorial Hospital.

Funeral services were at 3 p.m. Thursday, March 24, 1988, at Cisco Funeral Home Chapel with Rev. Bill Weeks, pastor of First

Presbyterian Church, officiating. Burial was in Oakwood Cemetery.

Born Aug. 27, 1892, in Oakdale, Pa., she had been a longtime Cisco resident. She was a homemaker, a Presbyterian and a member of the Daughters of the American Revolution and the Industrial Arts Club.

Survivors include two daughters-in-law, Mrs. Forbes Lee Wallace of Cisco and Mrs. William W. Wallace of Midland; five grandchildren; and 14 great-grandchildren.

Pallbearers were Carl Kleiner, Kenneth Deitiker, Robert Kamon, Charlie Graham, Jerry Morgan and Clifford Smith.

Tillie E. Hicks

EASTLAND - Tillie E. Hicks, 79, died Monday at a Hico nursing home.

Graveside services were held at 10 a.m. Friday at Eastland Cemetery with the Rev. Jasper Massagee officiating, directed by Edwards Funeral Home.

Born in Oklahoma, she had been a longtime resident of Eastland. She was a homemaker and member of First Baptist Church of Ranger. She was the widow of John Randall Hicks.

Survivors include a son, John R. Hicks, Jr. of Ranger; and a grandson, Bryan Hicks of Fort Worth.

James R. Jackson

RISING STAR - James R. Jackson, 58, died Tuesday at an Abilene hospital.

Services were held at 3 p.m. Friday at Higginbotham Funeral Home Chapel with the Rev. Paul Doerschuk officiating, assisted by Rev. Bill Campell. Burial was in Loving Family Cemetery in May.

A lifetime resident of Rising Star, he was a retired construction worker. He was a U.S. Army veteran of the Korean conflict. He was a Baptist.

Survivors include his wife, Joyce Jackson of

Brownwood; a son, James Lynn Jackson of Brady; his mother, Viola Jackson of Rising Star; two brothers, Gene Jackson of Atlanta, Ga., and Jerry Jackson of Rising Star.

Wayne Ewell McCoy

STEPHENVILLE-Wayne Ewell McCoy, 56, died Thursday at an Eastland hospital.

Services were held at 2 p.m. Saturday at Lacy Funeral Home Chapel with the Rev. Frank Saylor officiating. Burial was in East Memorial Cemetery.

He was born in Stephenville. He was a member of the Pentecostal church and had worked for the Eastland County newspaper.

Survivors include his wife, Ilean Faye McCoy of Olden; five sons, Elton J. McCoy, Andrew J. McCoy, Wayne R. McCoy, William S. McCoy, and Don W. McCoy, all of Olden; his mother, Louella McCoy of Olden; and six grandchildren.

Annie M. Selman

RISING STAR-Annie M. Selman, 89, died Thursday at a local nursing home.

Services were at 2 p.m. Saturday at Higginbotham Funeral Home Chapel with the Revs. Dick Williams and Dale Jackson officiating. Burial was in Rising Star cemetery.

Born in Alabama, she had lived in Rising Star for most

of her life. She was a homemaker and a Baptist. She was the widow of Albert Selman.

Survivors include three sons, J.D. Selman of Rising Star, A. Verrill Selman of Lubbock, and E.F. Selman of San Antonio; a sister, Luna Smith of Brownfield; four grandchildren; and eight great-grandchildren.

Gladys Norma Herring

MERKEL-Gladys Norma Herring, 78, sister of Olea Leamon of Abilene, died Thursday at an Abilene hospital.

Services were held at 10:30 a.m. Saturday at Starbuck Funeral Home Chapel with the Rev. John Wagoner officiating. Graveside services were at 2:30 p.m. at Eastland Cemetery.

Born in Eastland County, she had been a longtime resident of Merkel. She attended John Tarleton Agriculture College. She taught school in Bear Springs. She was a Methodist and a homemaker.

Survivors include two brothers, Truman Robertson of Breckenridge and B.W. Robertson of Eastland; and several nieces and nephews.

WORD of GOD

Old Testament

Now the Lord had prepared a great fish to swallow up Jonah. And Jonah was in the belly of the fish three day and three nights.

Jonah 1:17

Poem

Traveling On
As we travel down life's highways
The joy and beauty we miss each day
May be in the face of a stranger
As we hurry on our way.

So lets not forget our brother
In all the work that we do
The Lord gave us a commandment
To love one another as I have loved you.

So as we go on down life's roads
Let's stop and rest for a while
And see the flowers blooming brightly
As if brought on by the Master's smile.

And when this life is over
And the dead in Christ shall rise
Can we say we helped our brother
Or did we just pass him by?
Robert Harbin

Singers To Appear Before 24th Easter Pageant

Pictured is THE HOLCOMB SISTERS singing group of the NO DEFEAT MINISTRIES, INC., Prosper, Texas, to appear along with the HOOPER FAMILY SINGERS of the Dallas area preceding the 24th annual Kendrick Religious Pageant THE LIFE OF CHRIST on Easter Sunday.

The groups will begin singing at 1 a.m. Sunday April 3, 1988 and will present their

ministry through music for two hours.

The Holcomb Sisters joined by three talented musicians, promises to touch your life and show you the majesty of a strong and loving God through the close, smooth harmony as only sisters can have.

The Hooper Family Singers are returning by popular demand of those attending last year's pageant production. This group consists of five members of the

Hooper family and two talented musician friends that blend the voices of the family along with rhythm guitar, steel guitar, piano, bass and drum to magnify the Lord through their music.

Both of these groups have ministered in various denominational churches, conventions and youth camps throughout Texas, Oklahoma and Missouri.

So plan now to attend this year's production of the Life of Christ Pageant, come early and hear these groups minister to the needs of a helpless generation through the gift God has given them.

You are assured a great experience of God through their lives, witnessing and songs.

★ Great Skate ★

The Eastland Ministerial Alliance and the ESCAPE are proud to announce the third GREAT SKATE! On Sunday March 27, 1988 from 7:00 until 9:00 Junior and Senior High School students from the area are invited to come skate, play raquetball, basketball, pingpong. The cost for this event is once again \$1.25 per person at the door.

For more information you can call David Bondurant at 629-1436, or Wes Howard at 629-1022.

Inspiration Church Of God To Hold Gospel Concert Tuesday

The public is invited to a Gospel Concert Tuesday, March 29th at 7:00 p.m. at the Inspiration Church of God Camp Inspiration Highway 80 West in Eastland.

Pastor Larry Smith invites you to hear Kent and Cathy Shoop.

• If concerts seem like "soap bubble" experiences, pretty, but of very little substance

• If you do not feel well

• If your situation makes it particularly difficult to come, or on the other hand

• If you like new original music, and fresh spiritual insights

PLEASE!! DO NOT MISS THIS CONCERT

We think you will find it to be different in a way that is exciting and positive. Almost in-

Gunsight Community Baptist Spring Revival

The Gunsight Community Baptist Church will hold a Spring Revival beginning Saturday, March 26 thru Wednesday, March 30 at 7:00 p.m.

Rev. Doyle Roberts of Cisco will be speaking.

Dinner will be served on the grounds following the Sunday Service.

Everyone is invited to attend.

variably someone, who for the above listed reasons, or others, tells us they very nearly did not come, then shares comments like these. "World Class!!!"; "Just exactly what I needed!"; "Spiritually meaty!"; "I'm less tired than when I came!"; "A beautiful Spirit!"; "Simply gorgeous!"; "I am so glad I didn't miss this!"

May their experience and more be yours.

Please consider this your personal invitation.

Yours In Faith, Hope, and Love,

Kent and Cathy

Dr. Hazlip To Present Program

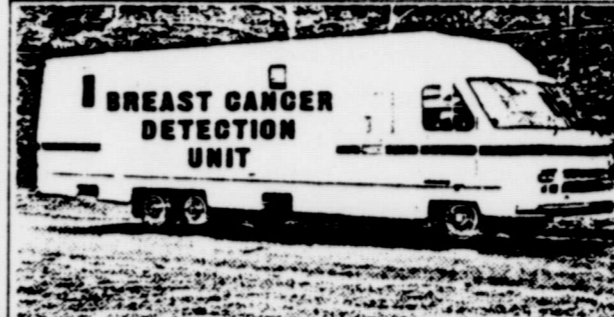

The Eastland County Extension Homemakers Clubs are sponsoring a program on AIDS and Healthy Lifestyles for Women this coming Thursday, March 31, in the TU Electric Reddy Room in Eastland. The program will begin at 2 p.m.

Guest speaker will be Dr. Sandy Hazlip. Dr. Hazlip is a medical doctor in Eastland.

The public is invited to attend this free program.

THANK YOU

We would like to express our appreciation and gratitude for the food, cards, flowers, prayers and kindness shown to us during the long illness and passing of our wife and mother, Mrs. Vergie Edwards. A very special thanks to Dr. Gohlke and our sitters during her illness.

H. C. (Shorty) Edwards
Novilla Templeton

1-800-346-3243 (IN TEXAS)

THANK YOU

We wish to express our sincere appreciation to the many friends who helped us with their presence and other acts of kindness during the time of our grief at the loss of our loved one.

May God Bless each of you.
The Family of
Don Ervin

We want to express our special thanks to the Cisco, Eastland and Ranger firemen and all the volunteers who fought the range fire Thursday afternoon at Sunshine Valley Mobile Home Park. The fire, which was started by a passing train, came to within four feet of our home. The firemen saved Sunshine Mobile Home Park with their hard work. We are deeply grateful.

Ralph T. & Leona Morton

We wish to thank each and everyone for all the love and sympathy shown us in the passing of our beloved Tammy Green. Thank you for all the food, flowers, cards, visits, phone calls, prayers and every act of kindness shown us. Special thanks to Carol and Frank of Patterson Ambulance service for their help and concern and to Dr. Treadwell and Dr. DeLuca and the emergency ward staff of Eastland Hospital. May God Bless each of you.

Bill, Colleen and Kelly Green
Becky and Jay Benson and
Holly
Pat and Martin Cleveland

Cancer Society Work Party

The Eastland County Unit of the American Cancer Society will have a volunteers work party on Tuesday, March 29 at 7:00 at the home of its President, Dale Squiers at 407 Briarwood, Eastland. The purpose of the meeting will be to assemble packets for the Crusade which will begin April 4. Also, the group will designate areas to be worked and train workers. This years Crusade goal is \$8,000. Workers are needed from all over the county. Please make plans to attend this meeting if you can help in any way. If you cannot attend please call Dale Squiers at 629-1791 or Danelida Gevara at 629-1575.

1988 Business Renditions Required

Business owners within Eastland County should be aware that the deadline for filing 1988 business personal property renditions is April 1.

The State Property Tax Code requires that business personal property be rendered each year on or before April 1 by the business owner or authorized agent.

Rendition forms can be returned to the address shown below:

Eastland County Appraisal District
P.O. Box 914
Eastland, Texas 76448

For information regarding the renditions, please call the Eastland County Appraisal District at 629-8597.

RISING STAR

Awards were given and Miss Rising Star crowned at the Chamber of Commerce Banquet on March 15. The current Miss Rising, Jennifer Linney, crowned Stephanie Long as the new Miss Rising Star. She will begin her duties at the end of this year's school term. The Community Service Award was given to the Rising Star Volunteer Fire Department, and was accepted by Fire Chief Kyle Williams. The Outstanding Business Person Award was presented to Jerry Winfrey of Winfrey Feed and Peanut Company, and the Outstanding Farmer Award was presented to Jay Ware. The Awards were made by Mark Cooksey, who was MC for the Banquet. A number of Certificates of Excellence were presented by School Superintendent Dr. Donald E. Bryan to outstanding students.

Kyle Williams, Chief of the Volunteer Fire Department, thanks all who came out to the successful fund-raising supper. The money raised will help the Fire Department "get back on its feet." The RS Volunteer Fire Department had a truck burn up recently, and is having to deal with other equipment that has seen a lot of use.

CISCO

Mr. and Mrs. Jerry W. Sitton will be honored at a Reception in celebration of their 50th Wedding Anniversary on Sunday, March 27 at the Hilton Community Center. The time will be from 2 p.m. - 4 p.m., and the event will be hosted by the Sitton children, Jim Sitton and Judy Callerman. No formal invitations have been sent locally, but all family and friends of the Sittons are invited to attend the event. The Sittons were married March 26, 1938 in the Pastor's Study of the First Baptist Church in Hallsville, Texas. During World War II, Sitton served as a Flight Instructor and flew transport planes between the Admiralty Islands and the Philippines. He held the rank of Lieutenant Commander. After the war he went into

the newspaper business, and purchased The Cisco Daily Press in 1947. Later his holdings grew to include all the Eastland County Newspapers. He also established the Longhorn Press, a mail-order small book publishing company. He sold the Eastland County Newspapers to H.V. O'Brien a number of years ago, but continued to write for the publications.

Furniture Plus, located at 611 Eighth St., is having their Grand Opening this Saturday, March 26. They are serving cake and coffee to their customers, and have specials on merchandise. Plans are to sell new and used furniture, and be open from 9 a.m. - 5 p.m., Monday through Saturday. Beverly Harrel and Ed McGough are owners of the store.

The annual Cisco Folklife Festival will be held Saturday and Sunday, April 23-24, in the city's historical district. The Festival begins immediately after the 10 a.m. downtown Parade Saturday, and will close at 10 p.m. that day. The Sunday hours are from noon to 5 p.m. The Festival will have demonstrations of pioneer skills, live entertainment, and a special children's area. Artists and craftsmen will display and sell their wares in the Rockwell Lumber Yard, the site of most of the activities. The Mobley-Hilton Hotel will be open next door, with a display of books by local authors.

RANGER

A grass fire near Olden burned approx. 3,000 acres last Monday night. More fires were in the area Thursday, some reportedly starting along the railroad right-of-way. At one time last Monday night the fire was moving across the Morton Valley Highway toward the town of Ranger. The Ladies Auxiliary of Ranger came with cold drinks and food for the exhausted firemen. Low humidity and high winds have added to the danger of the fire situation in the county, making citizens very concerned.

The Ranger Volunteer Fire Department will hold their annual spring Car Wash on Saturday, April 2 at Ogden's Car Wash, Highway 80 and Blackwell Rd. They invite all of you to let them wash and clean your car. Funds raised will go to benefit the Fire Department, which has used much of its resources in fighting the recent fires.

Girls under 18 as well as boys are invited to join the Ranger Boy's Club, which is planning some great summer activities. You may sign up by calling Mary Wells or Arthur Camache, and paying an annual fee of \$2. The Boy's Club is located at the City Park, and has a large enrollment of young people.

EASTLAND

The State Highway Departments of Engineering and Maintenance operations in Eastland, Stephens and Comanche counties have been consolidated here. Walter Bryan Neaves, Highway Dept. Engineer at Eastland, has been named to head both of these Departments. This is a major change and reorganization initiated by Brownwood District Engineer Wes Heald, who recently assumed office there. Involved in the new management team in Eastland will be Larry G. Smith, an Engineer from Houston, and Clyde Bradlock, acting maintenance foreman in Eastland.

Eastland City Commissioners discussed a number of items at their meeting this week. They heard a report of Larry Armstrong of the City Parks Board which recommended that grant funds be sought. The Commissioners also agreed to enter into an audio alert system with the

City of Cisco on a 50-50 basis, with attorneys to work out details. A cable television system will be installed in which Police Chiefs can give public service messages regarding weather and disaster, etc. These would be heard in three cities. Ranger may join later, it was pointed out. Other business included the approval of a new two-hour downtown parking ordinance, with no exemption (except appeal) including jurors. This will cover one block every direction from the courthouse.

The Ladies Auxiliary to VFW Karl and Boyd Tanner 4136 will have its annual Easter Egg Hunt on Sunday, March 27 from 2-4 p.m. at the

Post home.

The musical at the Desdemona Community Center this Sat. night March 26 will be dedicated to L.E. (Compound) Clark, a highly esteemed citizen of the community. The Concession stand will open at 6:30 p.m., and music will begin shortly afterward. The public is invited to come out and enjoy the good music and express appreciation to Mr. Clark.

Mindy Cunningham, Little Miss Texas Preliminary Winner

Mindy Cunningham, daughter of Mr. & Mrs. Weldon Cunningham of Ranger, competed in the Little Miss Texas Preliminary Pageant held in Sweetwater, Texas in February. Mindy won Talent with her routine to "What Has He Done For You Lately". She received recognition for Best Sportswear and Best Partywear. Cunningham, came home with the title "Little Miss Texas Preliminary". Mindy is now eligible for National competition with her entry fees paid. CONGRATULATIONS MINDY!

34 Popovers Compete In Snyder Meet

34 Eastland County Popovers competed in the District Qualifier meet in Snyder on February 13th. They brought home a beautiful 2nd Place trophy. They were only 4 points away from 1st place.

Pharmacy Topics

By Bob Mueller

TENS - transcutaneous electric nerve stimulation, the tiny electric "shock" that eases pain - has now been adapted by dentists. They use it to relieve post-surgical pain and to ease the pain of TMJ, temporomandibular joint syndrome.

A large dose of Vitamin E before bypass surgery limits the development of destructive particles known as free radicals, according to researchers at the Mayo Clinic. Without the supplement, Vitamin E levels fall fast after surgery.

Plastic surgeon in New York has developed a non-allergenic "clay" that can be molded for more natural-looking results. It's placed under the skin and then shaped.

Two antibiotics are better than one in cases of pelvic inflammatory disease (PID), according to the Centers for Disease Control, because no one antibiotic is effective against all the organisms that cause PID.

French researchers report some success against Type I, or "juvenile" diabetes. The disease results when the beta cells of the pancreas don't create insulin as they should. In the French test, niacinamide, a B vitamin, seemed to slow down destruction of the beta cells; a number of diabetics are in remission.

Until the disease is licked for good, diabetics can depend on our test kits, syringes, and supplies for fresh insulin at Wal-Mart Pharmacy, Hwy 80 East, Eastland, 629-3347.

WAL-MART'S ADVERTISED MERCHANDISE POLICY—It is our intention to have every advertised item in stock. However, if due to any unforeseen reason, an advertised item is not available for purchase, Wal-Mart will issue a Rain Check on request, for the merchandise to be purchased at the sale price whenever available, or will sell you a similar item at a comparable reduction in price. We reserve the right to limit quantities. Limitations void in New Mexico.

Gordon Spot

By DeMarquis Gordon, County Agent—

We do not have a record of Eastland County producers who donated hay to the "burned out" victims of Shackelford County, but there must have been several. We received a message from Shackelford County last week. The caller said to tell all those Eastland County people who donated hay, "THANK YOU!"

We had one landowner who called us to say he would provide free pasture for some cattle from the burned out area. In times of disaster, there are always generous people who extend a helping hand.

A big "THANK YOU" is also in order for the many people who helped with the Eastland County Livestock Show. This includes many volunteers and many finan-

cial supporters. Some of our stockshow officials set aside their own jobs and volunteer long hours of hard work and still give an ear to unpleasant complaints.

We have outstanding youth in Eastland County. We know they will want to take time to thank the people who bought their animals or those who provided trophies they may have received.

Women in agriculture across Texas will have a unique opportunity on April 13-14.

A specially prepared 2-day marketing seminar for Texas women in agriculture is scheduled at the San Antonio Marriott Hotel North, near the airport. The seminar is designed for women who want to

learn the basics of commodity marketing. Topics covered will be how to develop a marketing plan, understanding marketing alternatives and how to utilize the government programs along with marketing tools. Marketing has been identified as a critical issue by Texas Agricultural producers.

Some questions that will be answered include: What are futures? What is hedging? What is basis? Seminar speakers will include women in agriculture that are helping make marketing decisions. Specialists from the Chicago Board of Trade and the Texas Agricultural Extension Service will conduct parts of the seminar.

Pre-registration for the seminar is required. A fee of \$35 covers three meals and cost of materials. For registration details and a brochure, please contact our county Extension office at 629-1093.

Several people have told me their peach trees continued to have blooms open after the last freeze. If we do not have another hard freeze these blooms could possibly set fruit. Watch for this and if you see these late blooms, continue your spray schedule. There will be a shortage of fruit for insects too and they will certainly coverage on any fruit that made. Those few peaches or plums will be worth a big price.

The annual pecan grafting and budding is scheduled for April 8. This is always a well attended event. It will begin at the Cisco Junior College Agriculture building at 9:30 a.m. During the afternoon we will go to a pecan grove and practice on young native pecan trees.

Catholic Holy Week Services

Called the "Easter Triduum", because of the three days, the main Holy Week Services consist of Holy Thursday, when we celebrate the day that Jesus instituted the "Lord's Supper" and washed the feet of his disciples. Good Friday, when we celebrate the Passion of Jesus and venerate the Cross. And the Easter Vigil when we celebrate the Lord's Resurrection including the "Service of Light" since Jesus, the "Light of the World", rose from the dead.

The Holy Thursday and Good Friday services will be held at St. Rita's Catholic Church in Ranger, beginning at 7:30 p.m. The Easter Vigil Service on Saturday evening will be held at 8:30 p.m.

Anyone is welcome to attend any or all of these services during this, the holiest of Christian Seasons.

4-H Parents/Leaders Thank Public For Support

The Eastland County 4-H Parents/Adult Leaders Association say, "THANK YOU" for supporting 4-H at the Eastland County Livestock Show concessions.

Ranger Meat Company - for furnishing all the hamburger meat free for our concessions.

Charles Hill - Eastland. Chaney Gas Company - Eastland.

TU Electric - Eastland. City of Eastland.

Texas Peanut Producer's Board - Gorman.

Crystal Ice Company - Eastland.

Coca-Coca Bottling Company - Eastland.

Dr. Pepper Bottling Company - Ranger.

Also, a special thanks to the public for eating hundreds of hamburgers, barbecue and Mexican plate dinners, plus all the other food items.

The concessions were a great success and all proceeds go to finance 4-H activities and awards in Eastland County during the coming year.

"Fashion Update" Program

Announced In Rising Star

Interested in learning some quick, sewing techniques for a totally professional look? Now is your chance!

The Eastland County Extension Service is sponsoring a free program for the public on Thursday, March 31, at 10:30 a.m. in the Rising Star Senior Citizen Center.

The program will feature

how to sew modular unit knits for today's fashion. Sewing on knits, construction techniques, along with care requirements will be demonstrated.

The program will be presented by Mrs. Janet Thomas, County Extension Agent. For additional information concerning the program, contact Mrs. Thomas at 629-2222.

Pleasant Hill Extension Homemakers Club Met

The Pleasant Hill Extension Homemakers Club met March 10 in the home of Diane Carlisle. Club members worked on decorations for the nursing home and enjoyed a salad luncheon. Special guest for the luncheon was Mae Green, activities director at the Cisco Nursing Home.

The business meeting was called to order by President Twila Lee. Devotional was given by Vergie Hale. The main order of business began with the last details of the concession stand the club had at the Cisco Livestock Show. This is an annual money making project for Pleasant Hill Club. Club members brought homemade pies, cookies, and brownies to sale in addition to the regular menu of foods.

Club members discussed some new revisions in the by-laws. These changes

were made and approved.

These reminders were made to club members. The District TEHA meeting will be April 7 at Horseshoe Bay. Make your reservation now. The Morning Extension Homemakers Club will meet March 28. Everyone is encouraged to support this club.

Pleasant Hill Club will host the birthday party at the nursing home this month.

The program was given by Vonda Urban from the Child Protection office in Eastland. She brought information on the local conditions here in Eastland County. It was both an interesting and saddening report.

There were 13 members, 3 visitors and one new member present at this meeting. Our new member is Rita Parker from Cisco.

The next meeting will be April 14th in the home of Vergie Hale.

Eastland County Farm Bureau Brings "Agriculture In The Classroom" To Area Schools

Eastland County Farm Bureau has become a leader in Texas by bringing to area schools a new educational program developed by Texas Farm Bureau (TFB). "Agriculture in the Classroom" was developed to teach children where their food and fiber come from. Farm Bureau members have made education a priority because every person in Texas is affected by agriculture.

Fourth Grade teachers in Eastland, Cisco, Ranger, Gorman, Carbon and Rising Star school districts will be using materials provided by the Eastland County Farm

Bureau. In addition, a committee comprised of County Farm Bureau members Truman Fambrough, John Kidd, and Morris Underwood will offer support to the teachers in arranging special activities.

The Eastland County Farm Bureau hopes that Texans will learn from the Agriculture in the Classroom program some of the processes of the food chain, and how the farmer fits into the economy of Texas.

For more information about Agriculture in the Classroom, contact Eastland County Farm Bureau at (817) 629-1704.

My deepest appreciation to the voters of Eastland County for your support and confidence during the Democratic Primary for the office of Sheriff.

I am dedicated to achieving the goals I discussed with you during the course of my campaign.

Thank You!

Leon Soil And Water Awards Presented

Ron Patton (left), Vice-President of the First National Bank, Cisco, presents the Outstanding Conservation Farmer award for Zone 4 of the Upper Leon Soil and Water Conservation District to Victor and Park Plambeck. Zone 4 covers the western one-half of Eastland County. The Plambeck brothers farm in the Pleasant Hill Community. They were recently honored at the District's Annual Awards Banquet at Lake Proctor. The Awards Banquet is sponsored by the 13 banks within the District.

Grover Hallmark, President, Eastland National Bank, presents a plaque to Mrs. Mary Clark Holt of Carbon for winning the Upper Leon Soil and Water Conservation District's Conservation Homemaker award this year. She was recently honored at the District's Annual Awards Banquet at Lake Proctor. The District covers all of Eastland and Comanche counties and the western one-third of Erath county. The Awards Banquet is sponsored by the 13 banks within the District.

Bobby Dempsey, Vice-President, First State Bank, Ranger, presented a plaque to Mandy Cunningham of Ranger for winning the Upper Leon Soil and Water Conservation District's Coloring Contest this year. She was recently honored at the District's Annual Awards Banquet at Lake Proctor. The District covers all of Eastland and Comanche counties and the western one-third of Erath county. Mandy is the daughter of Mr. and Mrs. Rick Cunningham. Her school teacher is Bobbie Thompson. The Awards Banquet is sponsored by the 13 banks within the District.
