The tanker given to the Cisco Volunteer Fire Department is shown in the above phot. (Photo courtesy of Cotton's Studio)

Cisco Volunteer Fire Department Is Given Water Tanker Truck

The Cisco Volunteer Fire Department was recently given a water tanker to help with rural fires, according to Cisco Fire Chief Richard Connell. The water tanker was given to the Fire Department by Bill

Reynolds with Gardenhire Oil Co., in Cisco. Chief Connell said the tanker will be used to carry water when the fire department responds to rural, grass and house fires. Connell said rural homes

have been destroyed in the past because there was not enough water. He said with the tanker the Fire Department will have plenty of water right on the spot. Connell said the tanker should be in operation within

a month. Chief Connell said the entire Cisco Volunteer Fire Department would like to thank Mr. Reynolds and Gardenhire Oil for their generous donation.

"The Beams From That Little Candle"

By Lela Latch Lloyd
"How far that little candle throws its beams!"
Shakespeare doubtless had the Cisco Writers Club in mind when he penned those words some 400 years ago.

Those Writers Club beams have shined for twelve years as the Cisco club has gained MEMBERSHIP from six neighboring towns; two states of California and Alaska; and one European country, West Germany.

Those candle beams have shined on PUBLICATIONS. Nine members have a total of twenty-five different books on the market. One of them, Mary Carey's ALASKA, NOT FOR A WOMAN, has been on the list of Alaska's ten best sellers for the last ten years.

The candle beamed on COLLECTIVE PUBLISHING as the club produce an anthology, PIECEWORK, with each selection member-written.

The candle shined again in LOCAL HISTORY with the production of a sixteen page TABLOID for the dedication of Conrad Hilton's first hotel. The late Jerry Sitton, a life member, edited; the Cisco Press sold ads; the Eastland Telegram printed; and the writing club members wrote all the stories with by-line credits. Complimentary copies were given to thousands who came for the dedication day of October 13, 1986.

The candle lights anew when any member has a NEW BOOK PUBLISHED. The author is honored with a review and an autograph party to which visitors are always invited.

The candle shines on the CISCO WRITERS CLUB CONTEST which is sponsored yearly. During June and July everyone, member or not, is invited to send as many as two entries to one or all of the eleven categories. Cover sheets are removed before the entries are given to out-of-town judges. Cash awards are made at the September meeting for those named as winners of first, second, third and honorable

mention places. The candle lights again as MEMORIAL WINNERS are announced at the September session. The LOU PRANGE AWARD goes to the writer who wins first place in the inspirational articles. Lou was a loved charter member who lost her life to cancer in our club's infancy.

The candle relights as the DAVID AUTRY SWEEPSTAKES AWARD goes to the writer who tallies the most points in the overall contest provided he has at least one first place winner. David, a nephew of charter member Viola Payne lost his life on a mountain climb in New Mexico while studying for his master's degree. His friends, Julia and Walt Worthy, established the DAVID AUTRY SWEEPSTAKES MEMORIAL AWARD.

This year's contest director reports that she already has entries from some 25 different places in Texas plus one from Oklahoma and one from West Germany.

For two years, the candle has burned with a new wick in a SHOW CASE MUSICAL PROGRAM featuring vocal and instrumental music and song writing. Ruth York, director, screens entries before they are staged. Interest in participation and attendance doubled this year. Captain Steve Zachar, Dyess Air Base at Abilene, evaluated the Show Case with, "I was a member of a song writers' class in Nashville that did not have the quality shown here tonight."

Another candle sent beams via PUBLICATION IN ANOTHER LANGUAGE. Viola Payne's THREE ANGELS OVER RIO GRANDE has been translated into Spanish and sent to Central and South American countries.

The candle beamed on another facet last spring: co-sponsorship with Cisco Junior College of a WRITERS' FESTIVAL. More than 300 people registered to hear writers and publishers from all over Texas bring usable information. Englishman Peter Mortimer kept the audience

roaring with his quips and readings. In closing, he said, "We were sent to Cisco because of a cancellation. We had trouble finding you. Now, we know the way and hope you will find us next year. Our best interest has been here in Cisco at the Hilton Community Center."

C.I.S.D. Board Meeting To Be Held August 22, In Meeting Room

The regular board meeting of the Cisco Independent School District will be held on Monday, August 22, at

First Christian Church Car Wash To Be Held August 20

The youth groups of the First Christian Church of Cisco will have a car wash on Saturday, Aug. 20, from 9 a.m. until 4 p.m.

Everyone is invited to bring their cars by for a good exterior and interior clean-

Bake Sale To Be Held Friday, August 26 At First National Bank

Chocolate chip cookies, scrumptious pies and delicious cakes await your upcoming presence at the First Christian Church Youth groups bake sale to be held at the First National Bank on Friday, Aug. 26.

Cisco Athletic Booster Club To Meet Tuesday At CHS Library

The Cisco Athletic Booster Club will have a meeting at 7:00 p.m., Tuesday, August 24, at the High School Library.

Danny Schaefer, club president, said they are still looking for someone to

Judge Fry Resumes Daily Schedule At City Hall

Judge Douglas Fry of the Cisco Municipal Court, has resumed his daily schedule. Anyone wishing to speak with the Judge may contact

Re-programming that WRITERS FESTIVAL is one of the candles the club is working to light for next year.

Shakespeare and Cisco, BEWARE! The fuse for the candle of Cisco Writers Club is wired for high voltage.

7:30 p.m. in the school board meeting room, at the Cisco Elementary School on 11th and Ave. H.

ing. Proceeds for the car wash will be used for the youth activities of the church. If you don't need your car washed but would like to make a donation, come by the church anytime in the morning or afternoon on Aug. 20.

The Bake Sale begins at 9 a.m. and will go until all the goodies are gone. If you are interested in making a "bakeless" donation, you can drop by the church office in the morning hours and someone will assist you.

volunteer to film the in-town and out-of-town football games. He said they need at least two people to film the games.

If anyone would like to attend the Booster Club Meeting Monday evening,

him between the hours of 9:00 a.m. and 11:00 a.m. at his office at City Hall, Monday thru Friday, or call him at 442-2112.

City Of Cisco Property Tax Rate To Increase

Members of the Cisco City Council approved the first reading of an ordinance establishing the tax levy for the 1988-89 Budget year of Cisco, at their regular meeting held last week in the council chambers.

Last year's property tax rate was .55 cents per \$100 of property value. With this tax rate the city received \$309,228.48 in operating expenses.

After subtracting taxes on lost property and taxes to correct appraisal roll errors this year's tax operating revenue will be \$309,103.36. This is down \$125.12, from the year before.

But to raise this amount of money the city will have to adjust the tax base to .58 cents per \$100 of property value. City Manager Mike Moores said this will average out to a \$30,000 home paying \$9.00 a year more in taxes, than what they paid last year.

In other matters, City Manager Moore told council members about alternative water sources for Cisco. Moore attended a meeting on July 28, with the West Central Texas Water District. The district approved the idea of Cisco participating in a water study with them. Abilene and Sweetwater will also participate.

Moore said the group will be submitting an application to the Texas Water Commission for a 50 per cent grant to be used for the water study. Moore said he doesn't know what the cost will be.

Moore said he will make sure Cisco will get what is needed in the scope of services. Once the grant is approved the council will pass a resolution for funding to start the water study.

Moore said he expects the application to be submitted to the state in October and to be completed by late Spring in 1989. Moore said the main

goal of this study will be to make an educated determination of what is the best water source for the City of Cisco.

Moore said, "No matter what the study shows, the alternate water source for Cisco is going to be expensive." He added, "There is no cheap water anywhere."

Council members also approved the ordinances of updated service credits for the Texas Municipal Retirement System. The council also approved the ordinance for the city employees to participate in the retirement system.

Council members voted to sell the house located at the landfill. The City will accept bids for the building that will have to be moved. Moore said bid envelopes, should be marked "Landfill House" and mailed to City of Cisco, P.O. Box 110, Cisco, 76437, or brought by City Hall at 116 West 7th.

Council members approved a resolution adopting the acquisition of the old Perry's building in Eastland, by the Eastland County Appraisal District. Cisco is one of 13 entities that voted on acceptance of this gift.

Mr. T.C. Campbell, representing the Campbell Foundation donated the building to the Appraisal District.

Council members approved the request from the 1989 Cisco High School Senior Class to close off the 400 Block of West 5th on August 27. The Senior Class will have a dance on that night from 6:00 p.m., until midnight.

Council members attending the meeting were John Muller, Bural Chambers, Vermetta Pierce, Olin Odom, III, and Arlie Whitley. Also attending were Mayor Joe Wheatley, City Manager Mike Moore and City Secretary Ginger Johnson.

CJC Tax Rate To Remain Same

The Cisco Junior College Board of Regents met on August 8, at 7 p.m. The tax rate was discussed. Despite the lower tax base the CJC Board chose not to raise the tax rate even though it will mean a loss of \$20,000. Dick Woolley, board president, stated that the board did not know how much longer they

could continue not to raise taxes.

The board approved the Band and Belle trip to Washington to perform in the Apple Blossom Festival in the Spring of 1989.

A lease between CJC and the MBank of Abilene for the buildings where the Abilene campus is located was ap-

proved. An additional 1910 sq. feet was approved with no additional cost.

A called meeting to open bids on health insurance will be held on August 25. Taking bids was necessary because of the increase in rates with the current carrier of 110 percent.

The Summer II enrollment

report showed an increase of 16.2 percent over Summer II of 1987.

Mr. Malcolm Parrish was employed as Computer Science instructor and Kevin Murray and Martin Robinette were employed as maintenance workers.

The next regular meeting of the board will be September 12.

Handicap Does Not Stop Life For Many

Ciscoan Is One Of Many Who Overcomes

Henry Schaefer, of Cisco, who is a staunch defender for the handicapped person, brought in a copy of "Worklife" magazine to the Press last week. "Worklife" is a publication on employment and people with disabilities.

Mr. Schaefer has been handicapped since he was 10-years old. He fell out of a tree and has not walked since.

Schaefer said he enjoys reading the magazine because it tells about other handicapped people who have become successful, even with their disabilities.

He said he was very impressed with a story in the magazine about Mary Pat Radabaugh. Mary is the lady who manages the IBM National Support Center for Persons with Disabilities in Atlanta.

Mary suffers from hidden disabilities of diabetes and kidney disease, problems that have hospitalized her a number of times during her 20-year career with IBM.

Mary said she fights back after each hospitalization to keep charging ahead and let people with disabilities know that technology really can make a difference in their lives.

It was Mary who developed the plan for the Atlanta center and won approval for it from IBM top management. The plant opened in November, 1985.

The story says, "Despite the advances in technology, however, there are still hundreds of thousands of people who are not yet enjoying the enhanced quality of life that technology can offer, she reports."

She said, "We've got to spread the word that technology can make an enormous impact on the lives of people with

disabilities."

She said, "I'm a living example of how technology keeps people going. My insulin pump is driven by two computer chips."

Henry Schaefer, who made a living, and supported his wife and raised two children, also worked in the technology field. He was the owner of a television repair and sales center.

Mr. Schaefer now works with 55 lawyers in a program, called "Barrier-Free", with advocacy, legislation, rehabilitation, awareness, independent living, access, employment, rehab, engineering, networking, mainstreaming, job training and civil rights.

Schaefer began the campaign to help buy an electric wheelchair for a young high school student in Cisco, who is handicapped. He works with other disabled persons to help them start living their life to the fullest, even with their disability.

Mr. Schaefer said some of the other stories in the magazine were also very interesting. One story told of three women who are disabled, who are part of television news shows. Bree Walker co-anchors for WCBS-TV in New York City. She has syndactylism, a rare hereditary disorder that left her hands and feet severely deformed.

Susan Aude-Fisher, co-anchors for WIS-TV in Columbia, SC. She was involved in an automobile accident, suffering a severed spinal cord that made her a paraplegic.

Donna Cline co-anchors on KSPR-TV in Springfield, MO. She wanted to be an actress, but her plans changed when she was involved in a car accident in her freshman year at Mesa College that resulted in paraplegia that

altered her career goals.

In the story Donna said, "My message to employers is this, don't be so concerned with people with disabilities. They have learned to deal with it and go beyond to

Charges Are Filed Against Baker And Marquez In Cortez Death

Grand Jury charges of murder have been filed against Anthony Lamont Baker of Cisco in connection with the death of Teofilo Vallejo Cortez of Eastland on July 7. Charges had previously been filed against Manuel Marquez Jr. of Cisco

master skills. Why don't you, as the employer say, 'they have accepted it, why can't I.' Too many people still put

Continued On Next Page...

in the same case.

Baker, age 16, was certified to stand trial as an adult after a hearing before 91st District Judge Jim Wright on August 8. Baker and Cortez are presently being held in the Eastland County Jail on a \$75,000 bond each.

The body of Teofilo Cortez was found in the Lake Cisco Park Swimming Pool about two days after the alleged murder. No trial date has been set for the defendants.

Vernon Orr Returns From Missions Crusades In Australia

Vernon E. Orr of First Baptist Church, Cisco, was among the 634 Southern Baptist missions volunteers who returned last week from eight-day evangelistic Partnership Missions crusades in Australia.

Orr worked as a partner with Yass Baptist Church in New South Wales.

Activities during the eight-day crusade included scripture distribution, home Bible studies, evangelistic outreach dinners and sharing personal Christian testimonies.

About 500 Texas Baptist volunteers, joined by

workers from at least eight other states, teamed up with churches in New South Wales, and more than 130 Texans served in Western Australia during the 1988 Texas-Australia Partnership Missions Bicentennial Crusades July 24-31.

Partnership Missions is a program of short-term, volunteer missions projects coordinated by the Baptist General Convention of Texas in cooperation with the Southern Baptist Foreign Mission Board, initiated at the invitation of Christians in other nations.

What Is Yellow And Black And Has 144 Feet?

Summer vacation is just about over and kids across the state will be returning to school, many of them aboard big yellow and black school buses. One of the most common sights on the state's roadways during the school year, these buses can carry from 71 to 83 seated students on any given trip each day, depending on bus style.

Texas Safety Association encourages parents to remind their children about school bus safety rules.

Last year in Texas, 1,685 accidents involving school buses were reported that resulted in 1,085 injuries. Although nine fatalities were attributed to these accidents, none were passengers on the buses.

In 1986, the 1,696 accidents involving school buses accounted for 1,022 injuries and five deaths.

Since many school bus accident victims are struck by vehicles while waiting for buses, children should be reminded to:

-Line up away from the road and wait for the approaching bus to come to a complete stop before entering the roadway to board.

-Avoid pushing and shoving.

-Use the grab handle when boarding and move directly to a seat.

While the bus is in motion, children should:

-Avoid horseplay.

-Refrain from shouting or making loud noises that could distract the driver.

-Remain seated for the entire trip, even when the bus is approaching its destination.

Upon arrival at the bus's destination, children should:

-Exit the bus in a quiet and orderly manner.

-Walk about 12 feet to the front of the bus so the driver can see them, and wait until the driver signals them before attempting to cross the street.

-Remember that although it is against the law for vehicles to pass a school bus that is loading or unloading passengers, some drivers

still do. Students should check both ways on any street before crossing.

One of the most often asked questions regarding school buses is, "Where is it legal or safe to pass a stopped school bus when its lights are flashing?" According to the Texas Motor Vehicle Laws Uniform Act (6701d, Sec. 104b): The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway, or when upon a controlled-access highway and the school bus is stopped in a loading zone which is part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway.

In other words: When approaching a stopped school bus from the opposite direction on a highway, a driver need not stop if: 1) the school bus is on a frontage road, 2)

the opposing lanes are separated by a median strip 10 feet in width (Turn lanes are not considered median strips), or, 3) the opposing lanes are separated by a permanent barrier. In either case, only vehicles traveling in the same direction as the school bus must stop. Vehicles may pass in the same direction if the bus is in a controlled loading zone adjacent to the traffic lanes, and where pedestrian crossing is prohibited. But it's still safer to stop.

Parents should review other basic pedestrian safety rules with their children in preparation of their daily trips to and from school.

Texas Safety Association is a non-profit, non-governmental organization whose members work in government, private industry, or as individuals to prevent accidents and needless loss of life and property.

Herman Schaefer Overcomes

(From Page 1...)

The person with a disability into a stereotype role. Not too long ago I was a contestant in the Miss USA Wheelchair contest. My peers in the show were attorneys, physicians and other highly qualified women who used wheelchairs.

Schaefer said there are about 200 severely handicapped people in Eastland County. Some of them are never seen for they are home bound. Others are in Nursing

Hospital Book Fair Planned

The annual E. L. Graham Memorial Hospital Auxiliary Book Fair will be held Sept. 23 and 24. As last year, the book fair will be held in the Corral Room.

There will be a variety of books, including children's, adult's, Biblical, history, cookbooks, and many more. Along with the selection of

Homes. A few are able to get out and work.

Schaefer speaks to civic groups and individuals, about his Barrier Free program. He said he would like to see Cisco take the lead in a program to become a place where handicapped people can work and shop freely, and that it be listed in one of the magazines or booklets he gets.

For more information on the Barrier Free program, Mr. Schaefer can be reached at 442-3070.

MUSICAL

Remember the Moran Country Musical will be held on Friday night, August 26. Sid Vick of Breckenridge will be master of ceremonies. A concession stand will be open at 6 p.m. with sandwiches, homemade pies, coffee, tea and soft drinks. A musical will start at 7 p.m. All area musicians are invited to come and take part in the musical. Admission is free.

Aaron Thomas received treatment in Hendrick Hospital, Abilene, last week. Aaron is the brother of Mrs. Julie Cottle and Marie Smith.

Word has been received in Moran of the death of Kent Brooks, the son of Mrs. Claude Brooks and the late Mr. Brooks of Midland and former residents of Moran. Kent, 55, passed away in a hospital in San Antonio Monday. Funeral was in his hometown, near San Antonio.

He is survived by his wife, children, grandchildren, his mother, Mrs. Claude Brooks of Midland, a brother, Don, and a sister, Virginia, and relatives in Moran and elsewhere.

Recently visiting in the home of Mr. and Mrs. San Chisolm were two of their granddaughters, Amanda King, age 6, and Misty King, 4, of Pflugerville, Texas. They also took the granddaughters to Fort Worth to Forest Park Zoo, where they saw the baby giraffe named "Gingersnap," and other animals, birds, fish and snakes. They also rode the small train. It was a fun day for all.

MORAN NEWS

By Mrs. Luke Huskey

ELAM-EUREKA REUNION

The Elam-Eureka Community reunion will be held on Saturday, August 27, at the Moran Community Center, with a covered dish dinner to be served at noon. All former residents of the two communities and friends are invited to attend. Bessie Thomason and Lenora Williams are co-secretaries for the reunion.

BIRTHDAY CLUB

The Moran Birthday Club met at the Ridge Cafe in Breckenridge on Tuesday evening, August 9.

Mrs. Ezra Weir and Mrs. Marvin Kays were the birthday honorees, each having birthdays in August. The "Happy Birthday" song was sung to each of them.

Each one present told about the most interesting trip that each had taken in their life.

Those present were Mr. and Mrs. James Garrett, Elma May Huskey, Mr. and Mrs. Lucion Brooks, Mae Delle Jones, Mr. and Mrs. Marvin Kays, Mildred Smith, Mr. and Mrs. Ezra Weir, Imo Hitt, Mr. and Mrs. Ray Spurgeon, and Frances Green.

Ticks Can Carry Arthritis Related Disease

Albany.

Mrs. John Adams and daughter, Judi, of Heidelberg, Germany, are visiting her mother, Mrs. Mildred Smith.

Mrs. Jack Sledge of De Soto visited with Mr. and Mrs. Ezar Weir Tuesday afternoon.

Mrs. Mattie Arnold received treatment in the Cisco hospital last week.

Mr. and Mrs. Don Louder of Dallas visited with his mother, Mrs. Carroll Louder, Sunday afternoon.

Elma May Huskey attended the annual Smith Family reunion in Mineral Wells Sunday.

Mr. and Mrs. Lynn Williams of Cisco were greeting friends in Moran Monday.

Mr. and Mrs. Stephen Bennett and children of Oklahoma spent the weekend with his parents, Mr. and Mrs. J. W. Bennett.

Mr. and Mrs. Charles Gardner of San Antonio spent the weekend with her mother, Mrs. J. W. Booth, and his sister, Mrs. O.K. Schooler, and John Key.

Joe Paul Nichols, Dale Lay and the Five Pennies will have a musical concert at the Moran Football Field Saturday night, August 20, starting at 8:30 p.m. All proceeds go to the Moran Volunteer Fire Department. Tickets are \$2 if bought before the musical, and will be \$2.50 at the gate. A concession stand will be open. Tickets may be purchased from any fireman, at the Peoples State Bank, the Moran Center, or Boyds Texaco.

Dave Bowne of Kilgore spent a few days recently with Mrs. Mae Delle Jones, and Mr. and Mrs. Bert Jones and Wade.

Cleo Pettit of Longworth and Rick Le Bleu of Sweetwater visited with Mr. and Mrs. Ezra Weir last week.

Summer is the season for ticks in Texas. Anyone working or playing outdoors in Eastland County should be alert that some ticks, and the corkscrew-shaped organism they carry, can inflict serious arthritic misery.

People can contract Lyme disease after being bitten by an infected tick carrying bacteria called spirochetes, according to the Texas Department of Health (TDH). Lyme disease is named for the Connecticut town where it was first recognized in the U.S. in 1975.

The first symptom is often a red circular rash that enlarges. The rash may look like a bulls-eye in the site of the bite.

Victims seem to have a flu-like illness with fever, headache, chills, a stiff neck, and extreme fatigue.

Later, other health problems may include arthritis, and disorders of the heart and nervous system lasting months or years. The disease can be passed from a pregnant woman to her unborn child.

Other symptoms are pain in the eyes and ears, double vision, neurological problems such as sleep disturbances, problems concentrating, irritability, heart palpitations or rapid or irregular heart beat and numbness in the face.

If the disease has not been caught by now, stage three takes over and involves the joints and muscles. This can take place months to years after a bite and involve severe neurological problems and chronic arthritis.

An attack may last for a few days, disappear and reappear several weeks later. Beside humans, dogs, cats, horses and cows may show symptoms including fever, arthritis, lameness, locomotion problems and swollen joints.

Since the only way to spread Lyme disease is from ticks and fleas, there are several ways to prevent the disease.

1. Keep ticks and fleas off your pets and check yourself and your children when you return from being in a grassy or wooded area.

2. Use an insect repellent effective against ticks.

3. Wear long-sleeve shirts, long pants and closed shoes when going to a woody or grassy area.

Lyme disease was detected in Texas by microbiologist Julie Rawlings at the TDH Bureau of Laboratories in Austin. Suspecting the presence of the disorder, she began looking for it while examining lab specimens submitted for rocky Mountain spotted fever. Today, health professionals at TDH's laboratories use a blood test to detect the disease.

"If a doctor begins treatment soon after infection, consequences such as long-term joint problems can often be prevented," Rawlings explained. "If you have Lyme disease symptoms and a known tick bite, you should go see your doctor."

She added that Lyme disease is not a life-threatening health hazard, but can cause long-lasting discomforts.

In 1987, a total of 33 cases of Lyme disease were confirmed in Texas, compared

to nine cases the previous year. Most of the cases occurred in the Dallas-Fort Worth area, but other cases also occurred in the Panhandle, and in Central, East and South Texas, including Stephens and Eastland County.

"We have found the spirochete in six kinds of ticks in Texas," Rawlings said. These are the Lone Star Tick, the American dog tick, the brown tick, two types of rabbit ticks, and the Ixodes tick.

"The disease is reported most during the summer months, and a good preventive measure is to check yourself and your pets for ticks after being outside," Rawlings said.

To remove a tick, she said, gently grasp it with tweezers close to the skin and slowly pull it loose. Avoid crushing the tick with your fingers.

Rawlings said that residents of Eastland County needing more information about the disease can contact the Southwest Division of the National Lyme Disease Foundation at 214-796-2806.

LIFE ON THE QUIET SIDE

By SANDRA PRICKETT

This is the day which the Lord hath made: we will rejoice and glad in it. Psalms 118:24.

"Look Na Na, at the pretty flowers," my granddaughter exclaimed as she skipped along the country lane near our home. But I barely noticed the beautiful picture nature had painted that day.

My mind was on all of the chores waiting for me when we returned from our short walk.

Katrina stopped and pulled a black-eyed susan and gave it to me with a big smile. I gave her a hug of thanks and wondered why my own flower garden

wasn't doing too well this year.

She skipped on down the lane and I strolled behind her thinking of past and present problems. And up ahead my little treasure was wading bare foot in a water puddle from last night's shower.

Katrina was really enjoying our little walk, I thought. She was just at the right age to enjoy every think in life and nature. Why, she even got excited about a sunset ...

And I remembered when I use to enjoy the little things in life. Life was more fun then, I remembered.

"Come on Na Na, pull your shoes off and feel the cool water. It's wonderful." I laughed at her enthusiasm and then I did exactly what she suggested. I pulled off my dirty sneakers and rested my tired feet in the cool puddle.

She was right! It did feel wonderful! We began to laugh and splash in delight. And the problems of yesterday were forgotten, as well as the chores and commitments of tomorrow.

Dear Lord: Teach me to be more of a child in rejoicing and delighting in all the pleasures of each day.

Fishing Outdoors

By Terry Wilson

Odell Taylor Jr. with a 7.6 Leon Lunker.

Lake Leon, Land of The Lunkers

Lake Leon is turning out some excellent size bass lately folks. Over the past two weeks we have had 4 fish over 7 pounds, 2 over 10 pounds and 5 over six pounds. And these are only what I heard about. Normally I do not get reports on half of the fish taken. Due to the number of out of town anglers Leon draws.

Above, Odell Taylor Jr. of Clyde is pictured with a 7 pound 6 ounce lunker taken Saturday, August 13, 1988. The lunker fell prey to a black and blue sensation in 3 feet of water. The fish measured 23 inches and was in fair condition.

Fishing over all has nearly been poor. Numbers of fish are low, but the size of fish being caught is excellent. Main lake points seem to be producing best early and late shallow. Mid-day some good mid depth fishing is taking place. Topwater, cranks, and worms and producing best.

Sunday, August 14, 1988, 17 members of the Eastland County Bass Club met at scenic Possum Kingdom Lake for a hot time of "chunk in and winding". And it's good that the scenery was nice, cause fishing was tough. Of the 17 anglers present only 5 were able to land a 14 1/4 inch or larger black bass.

At 3:00 p.m. weigh in the results were First Don Flowers 1 fish 2.61 pounds, second Jerry "Knock em

needed.

With Lake Leon producing so many lunker fish, what better time to announce the upcoming annual E.C.B.C. Open Invitational on Lake Leon. September 11, 1988 anglers from across the state, Oklahoma, New Mexico and Louisiana will be converging on Lake Leon.

Since this events first year it has been recognized as a primer tournament. Having a draw of around 50 contestants in its early years this tournament has grown to over 250 entrants. Most of these anglers from out of town this event is a definite boost to the areas economy. Lodging, good, dry goods, gas, vehicle maintenance and more.

This years event will once again have a Jr. Division, free to any youth 13 yrs. and younger who fishes with a paid adult. Prizes will be awarded to each youth who enters and is present at weigh-in.

The Senior Division will have a \$1,000.00 first place guarantee, with the remaining spots based on number of entries. I will be listing full details of this gala event in future columns. If you desire further details or need an entry blank please contact your neighborhood E.C.B.C. member.

A short tip for fishing moss beds (hydrilla, duck weed etc). Take a cream Scoundral worm, no

weight. Hook your worm near the egg sack. Do not rig your worm head first, place the point of the hook into the worm, but not exposed. This is the "itchy twitchy" worm rig. Slow rolled over moss pockets it can be deadly.

More and more anglers are finding Shakespeare's exclusive DB (double built) process construction an important factor in the strength and durability of certain Shakespeare rods.

Shakespeare's DB process incorporates the legendary Howald (TM) process construction. The patented Howald Process machines are unlike any rod building devices in the world.

Unlike rolled graphite cloth or fiberglass construction used by all other manufacturers, this process allows Shakespeare to build up extra spiral and longitudinal layers within a rod to create added strength, engineer specific power zones, eliminate excessive weight and carefully adjust rod tapers to produce a virtually indestructible blank.

DB designations relate to rod performance based on line and lure recommendations: lighter lines/lures require fewer glass filament layers to obtain maximum rod performance and eliminate excessive weight/angler fatigue. Heavy performance requires additional filament layers featuring triple (DB3) or quad (DB4). Construction for extra brutal fishing con-

ditions.

DB construction is featured on many big water Ugly Stick rods.

Area fishing reports are as follows:

Leon: Blacks fair to 10 pounds 2 ounces on topwater baits, worms and Rat-L-Traps; crappie slow and small on minnows; catfish fair on shrimp and cat shad to 32 pounds.

Daniels: Blacks good to 4 pounds on jigs in the river section's; catfish good to 31 pounds on live perch.

Brownwood: Water clear, lake full; black bass good to 5 1/2 pounds on black worms; striper good to 5 pounds on Tad's Roadrunner jigs and Southport Slammers in 18 feet of water; crappie good with limits on minnows in 20 feet of water; white bass good early and late on Little Cleo's, L'il Georges and Bomber slabs; catfish fair to 3 pounds on minnows and shrimp.

Whitney: Water clear, 72 degrees, 9 1/2 feet low; black bass poor; striper fairly good to 14 pounds on live bait and downriggers; crappie good to 2 pounds to 25 fish per string on minnows; white bass good to 80 fish per string on spoons; catfish good in the 2-6 pound range on shrimp, bloodbait and nightcrawlers with a trotline.

Houston County: Water clear, 90 degrees, 1 foot low; black bass good to 11 1/4 pounds on 8-inch black worms, some schooling with some limits, good numbers of undersized fish; crappie fairly good to 16 fish per string on minnows; white bass fairly slow to 22 pounds on trotline baited with live perch.

Livingston: Water clear, 3 feet low; black bass fairly good to 7 1/2 pounds on black worms in 2-4 feet of water; striper good to 8 pounds early and during the night on slabs or trolling Tony Accetta spoons during the day, striper prefer minnows at night; crappie fairly good in 25 feet of water or more; white bass good in the 2 pound range early and during mid afternoon, some at night; catfish good on rod and reel to 6 1/2 pounds.

Braunig: Water clear, 88 degrees, normal level; black bass slow; striper fair to 4 pounds on tilapia; crappie slow; catfish good to 3

pounds on shad; redbird fair to 16 pounds on shad and tilapia; corvina slow.

Calaveras: Water murky, 92 degrees, normal level; black bass slow to 4 pounds on dark plastic worms; striper excellent to 6 pounds on slab spoons in 15 feet of water at the power lines; crappie slow; catfish fair to 6 pounds on cutbait with trotlines and juglines; redbird slow; corvina excellent with a new lake record of 11 1/4 pounds caught downrigging Tony Accetta Pet spoon in 15 feet of water near the dam.

Granbury: Water clear, 87 degrees, 2 feet low; black bass slow to 4 1/4 pounds on black worms; striper fair to 9 pounds, 12 ounces on live bait; crappie fair to 10 fish per string on minnows in 15-18 feet of water; white bass slow; catfish fair to 6 pounds on trotline baited with chicken livers and shrimp.

Hubbard Creek: Water clear, 81 degrees, normal level; largemouth black bass good to 6 pounds on minnows; no smallmouth caught during the week; crappie good to 1 1/2 pounds to 15 fish per string in front of the dam; white bass good to

2 pounds to 20 fish per string; catfish good to 13 1/2 pounds on a large minnow.

Oak Creek: Water clear, 80 degrees, feet low; black bass good to 8 pounds on plastic worms in 4-8 feet of water; crappie slow; white bass fairly good at night; catfish good to 11 pounds, 6 ounces on trotlines baited with shrimp.

Possum Kingdom: Water clear, 84 degrees, 12 feet low; black bass fairly good on topwaters early and late and worms midday; striper slowing, a few small fish along with white bass; crappie spotty in 20 feet of water on minnows; white bass spotty, slabbing produces most fish; catfish slow.

Spence: Water clear, 78 degrees, 24 feet low; black bass fair to 4 pounds on dark worms; striper good to 17 pounds trolling Hellbenders and jigs; crappie good to 20 fish per string on minnows; blue catfish good to 7 pounds on a trotline baited with goldfish and frozen shrimp.

Till next week good fishing!

Terry L. Wilson

Patterson-Warren Reunion Held July 31

The Patterson-Warren Reunion was held Sunday, July 31 in the Clubhouse in Ranger.

About 80 people from Fort Worth, Vernon, Odessa, Midland, Cleburn, Tye, Abilene and many other places attended.

Those in attendance voted to hold the reunion on an annual basis with a time and place to be announced later.

Jessie and Jamie Price will be in charge of the 1989 reunion.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Wed., August 24, 1988
Cisco, Texas

CALL 442-3951 FOR APPOINTMENT

A Service of
E.L. Graham
Memorial Hospital

According to the American Cancer Society, one out of eleven women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, ● even before it can be felt.
APPOINTMENTS MAY BE MADE BY CALLING 442-3951.

THE MOBILE BREAST CANCER DETECTION UNIT WILL BE IN CISCO ON WEDNESDAY, AUGUST 24TH.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - Annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

FOR MORE INFORMATION OR TO MAKE AN APPOINTMENT CALL 442-3951.

Obituaries

Ola Willis

RANGER--Services for Ola Willis, 88, were at 2:00 p.m. Tuesday at the St. Paul Baptist Church with the Revs. Frank Robinson, Aubrey Wesley and Sam Edwards officiating. Burial was at the Evergreen Cemetery, directed by Edwards Funeral Home in Ranger.

She died Saturday at an Eastland nursing home. Born in Roberson County, she lived in Midland for 30 years, moving to Ranger a year ago.

She was a tailor for a dry cleaner, was a former member of St. Paul Baptist Church and was affiliated with Mount Rose Baptist Church in Midland.

She was the widow of Roger Hewing Willis and a member of the Eastern Star. Survivors include a daughter, Della Lewis of Ranger; a brother, Charlie Burnett of Sacramento, Calif.; a sister, Loretta Jones of Midland; eight grandchildren; and 14 great-grandchildren.

Alice Peevy

CISCO-- Alice Peevy, 84, died Saturday, August 13, 1988, in an Eastland nursing home.

Funeral services were held at 2 p.m. Tuesday, August 16, 1988, at the Kimbrough Funeral Home Chapel with Rev. John C. Jones officiating. Burial was in Oakwood Cemetery.

Born October 7, 1903, in Carbon, she was a longtime Cisco resident. She married William David "Bill" Peevy Dec. 23, 1924, in Cisco. He preceded her in death on March 2, 1979.

She was a homemaker, a babysitter, and a member of the Pentecostal church.

Survivors include two daughters, Billie Buford of Brownwood and Wilma Dill of Kingsland; five grandchildren, Randy Buford of Dallas, Sammy Buford of Austin, Jackie Buford of Odessa, Billie Helen Laycox of Marble Falls and Jerry Wayne Dill of Kingsland; and three great-grandchildren.

Jim Evatt

EASTLAND--Jim Evatt, 89, died Sunday at a local nursing home.

Services were held at 10 a.m. Tuesday at the Edwards Funeral Home Chapel with David Bondurant officiating. Burial was in the Eastland Cemetery.

Born in Jones County, he moved to Eastland in 1940.

He was a butcher and meat cutter for J.O. Earnest

for many years and a member of the First Christian Church.

A member of the Eastland Independent School District's Quarter Back Club, he was nicknamed "Parson" because he preached the alphabet in minstrel shows for the past 10 years.

Survivors include his wife, Myrtle Benham Evatt of Eastland; two sons, Richard Evatt of Knox City and Clyde Evatt of Richmond; eight grandchildren; five great-grandchildren; and three nieces.

Sharon Brown Miller

EASTLAND--Sharon Brown Miller, 28, died Saturday at a Fort Worth hospital.

Services were held at 2:30 p.m. Tuesday at the Edwards Funeral Home Chapel with the Rev. Gerald Magaha officiating. Burial was in Eastland Cemetery.

Born in Eastland, she attended school in Eastland and was a member of the Pentecostal Church.

Survivors include a daughter, Kimberly Brown of Eastland; a son, Cody Brown of Eastland; her father and stepmother, Rayford and Beverly Brown of Fort Worth; her mother, Alvarene Seay of Eastland; three brothers, Joe Ray Brown of Eastland, Clifford Ray Pittman of Ranger and Dakota Lee Brown of Fort Worth; five sisters, Stella Louise Marlow of Glen Rose, Elizabeth Ann Briley of Stephenville, Lavada Lynn Brown of Fort Worth, Rose Lecheminant of Belton and Linda Giles of Marlin; and her grandmother, Ava Fleming of Richardson.

Homecoming For Breckenridge Ex-Students

The 1988 Homecoming for the ex-students of Breckenridge High School will be held October 8. The Buckaroos will be playing at home on Friday night, so everyone is urged to get there early to root the team on.

The Homecoming program will be as follows. Registration in the high school building will be held from 11:00 a.m. to 1:00 p.m. An assembly will be held at 1:00 in the Bailey Auditorium. From 3:00-6:00 p.m., a Hospitality Hour will be held at the Elks Lodge, and the dance will begin at

7:30 p.m. at the Lodge. Classes who will celebrate their 50th, 40th, and 25th anniversary will be honored. Spouses are cordially invited, whether or not they are an ex-student.

There is a \$2.50 per person registration fee that will help to update names in the computer. Registration for each person attending is needed by September 15. Send check or money order with name, address and the year of the graduating class to Breckenridge Ex-Student Association, P.O. Box 442, Breckenridge, Texas 76024.

Man Killed, 1 Hurt Near Eastland

One California man was killed and another was injured about 11:40 p.m. Friday in a one-vehicle accident two miles west of Eastland on Interstate 20.

Istvan Biro, 59, of Los Angeles, driver of a westbound van, was pronounced dead at the scene by Justice of the Peace Alford Bush of Ranger.

His passenger, Andrew Bus, 57, of Encino, was admitted to the Eastland Memorial Hospital with fractures in the arm and shoulder, and other injuries.

Robert Ralls, a Department of Public Safety DPS trooper who investigated the accident, said the left rear wheel and tire

separated from the van, causing Biro to lose control of the vehicle.

The van slid into the median and overturned several times, before stopping on its side in the westbound lane, according to reports.

Ralls said police and volunteer firemen from Eastland and Eastland County sheriff's deputies, helped him enroute traffic onto the westbound service road until the wreckage was cleared.

Ralls said Bus told him that he and Biro had migrated from Hungary 30 years ago and the two had always been close friends.

Carbon News

By Dorothy Jackson

The revival began Sunday morning at the Baptist Church with good attendance. Bro. Tim Allread is doing the preaching and Ross Ellis is leading the music. The services each night will be at 8 p.m. through Friday night, the revival will close Friday night.

Once more the rain clouds passed by without letting anything fall from them in my area. The crops and all need moisture very bad. Some people were very fortunate to receive good rains over this past week. While in Odessa over the week end I saw more rain than I have at my farm all year.

Traffic was terrible on the highways over the week end. I think all people are trying to get one last trip in before the school bells ring. After viewing the scene of the tragedy near Sweetwater, it makes me want to stay home, but we have to get out on the roads some. We need to be extra careful, try not to drive too far in one day.

Well the other convention is going on new seems to be more guessing going on with the Republicans over the running mate choice. We will find out in time. Sunday night another house in Carbon was lost due to fire, no one was hurt but the home of Red Petree was a total loss. The house was earlier known as the Gene Hogan house. Thanks to the fire department, they kept other home's safe.

Marla paulk of Sierra Blanca has been visiting her parents, Mr. and Mrs. Charles Morgan, and other relatives, this past week.

John Rodges, Carbon Ag teacher, attended the voca-

tionai ag teachers convention in Ft. Worth this past week.

Dorothy Jackson spent the weekend in Midland with Mr. and Mrs. John Griffith and other Jackson relatives, all attended the wedding of Bobby Joe Jackson and Freddie Pugh at Odessa Saturday night August 13 at the First Baptist Church.

The Barnett family reunion was held Saturday in Carbon School Cafeteria with several friends and relatives in attendance. The oldest relative in attendance was Mr. Bertie Self of Gorman, she is 99 year "young".

West Central Texas Council Of Governments Meeting Sept. 13

The West Central Texas Council of Governments Sub-Region IV Meeting will be held at 12:00 noon on Tuesday, September 13, 1988, at the White Elephant Restaurant, Exit 330 off I-20, Cisco, Texas.

The meeting will consist of a noon luncheon followed by a business session.

Elected and appointed officials of all governmental entities in the three-county Sub-region and their guests are invited to attend and to

participate in the selection of representatives to the Council's Board of Directors and Executive Committee.

Fire Destroys Carbon House

A frame house in Carbon burned to the ground Sunday evening after the owner escaped by jumping from a window.

John "Red" Petree, who lived alone in the home, jumped out the window of the single-story dwelling to escape the flames said Colin Campbell, Carbon volunteer fire chief.

Campbell said Petree probably was asleep about 7:30 p.m. when the flames erupted. The chief said the fire probably started in an electrical short in the attic. The flames were extinguished about 10 p.m.

Gorman and Eastland firefighters assisted the Carbon Fire Department, Campbell said.

Offer good through 10/31/88 only to new subscribers in TCI cable areas and not available in additional outlets. Some premium services not available in all systems. Pay service pricing expires 3/31/89.

From Janet Thomas, County Extension Agent

The first Surgeon General's Report on Nutrition and Health declared war on fat in the national diet, but didn't give much specific advice to people who are waging the daily battle of the bulge.

Surgeon General C. Everett Koop's report, released July 27th calls on Americans to drastically reduce the amount of fat in their diets, citing its link to heart disease, stroke, cancer and diabetes.

The report supported recommendations already contained in the U.S. Department of Agriculture's Dietary Guidelines and those given by the American Heart Association and the American Cancer Society.

The major health organizations now advise Americans to reduce their fat consumption from about 37 percent of their total calories to 30 percent of their total calories.

The problem for most people is not know that they should cut back on fat, but actually doing it. Cutting down or eliminating fried foods from your diet will significantly reduce intake of vegetable fats, but not remove them completely.

Vegetable fats are also found in commercial baked goods, boxed and frozen prepared foods, salad dressings, chips and snacks. Some of these vegetable fats, like coconut and palm kernel oil are also highly saturated fats.

The easiest way to reduce intake of animal fats is to always select lean meat, trim the visible fat from meat, remove the fat and skin from poultry and eat only low-fat dairy products.

It's also important that the fat be trimmed before the meat is cooked, since research has shown that

some of the fat will migrate into the lean during the cooking process.

USDA research indicates that while Americans have reduced their intake of animal fats in the last several years, consumption of vegetable fats has increased.

A 1987 USDA study of middle-to upper-income women found they had cut back on eating red meat, for example, but were eating more croissants, ice cream and other high fat-foods. While the fat intake stayed about the same, the women were getting less iron, zinc and other minerals because they ate less meat.

Cutting back on red meat or any other food may not significantly reduce fat intake, unless you're careful about what foods are substituted.

With both more low-fat products and premium, high-fat foods available it's easy to fall into contradictory eating habits.

RECIPE FOR THE WEEK:

Tomatoes are plentiful. This is a new recipe I have for Blender Ketchup. This recipe is from the Texas Agricultural Extension Service nutrition specialist.

BLENDER KETCHUP

24 lb. ripe tomatoes

- 2 lb. onions
- 1 lb. sweet red peppers
- 1 lb. sweet green peppers
- 9 cups vinegar (5%)
- 9 cups sugar
- 1/2 cup canning or pickling salt
- 3 tbsp. dry mustard
- 1 1/2 tsp. ground red pepper
- 1 1/2 tsp. whole allspice
- 1 1/2 tsp. whole cloves
- 3 sticks cinnamon

Yield: About 9 pints

Wash tomatoes and dip in boiling water for 30-60 seconds or until skins split. Then dip in cold water, slip off skins, core, and quarter. Remove seeds from peppers and slice into strips. Peel and quarter onions. Blend tomatoes, peppers and onions at high speed for 5 seconds in electric blender. Pour into a 3 to 4 gallon stockpot or large kettle and heat. Boil gently 60 minutes, stirring frequently. Add vinegar, sugar, salt, and a spice bag containing dry mustard, red pepper, and other spices. Continue boiling and stirring until volume is reduced one-half and ketchup rounds up on a spoon with no separation of liquid and solids. Remove. Process in boiling water bath for 20 minutes.

4-H News

TOBY LONG ELECTED TO STATE 4-H OFFICE:

Congratulations to Toby Long, Rising Star 4-H member. Toby was recently elected the State 4-H Council secretary for 1988-89.

The State 4-H Council is composed of 30 outstanding 4-H members throughout Texas. Toby is also District 8 4-H Council chairman. His outstanding 4-H projects have included beef, leadership, recreation, and agriculture.

Toby will represent 4-H on the state level at various functions throughout the coming year including the State Fair of Texas Honor Awards Banquet in October.

Attend the first meeting! The 4-H Junior Leader's Association will meet on Saturday, August 20th from 7-9 p.m. at the home of Monty and P.J. Kea (parents Mr. and Mrs. Gene Kea). The Kea's log home is located on Hwy. 6 one mile south before you get to the Interstate.

We will enjoy a hot dog supper on the lawn along with a business meeting to organize for the 1988-89 year! Business will include election of new officers, establish goals and activities to sponsor this year, etc.

Who can join the Junior Leader's Association? All 4-Hers that are 13 years of age or older, and have completed 2 years of 4-H are eligible for membership.

The primary purpose of the 4-H Junior Leader's

Association is to build leadership skills.

UPCOMING 4-H EVENTS:

August 25--Deadline for entering Dallas State Fair Livestock Show.

August 26-4-H Officer Training, 1:30 p.m.-Camp Inspiration.

August 26-4-H Rally Day, registration 4-5 p.m. at Camp Inspiration in Eastland. Pre-register for 4-H club, free hot dog supper, swimming and games until 9 p.m.

September 1-4-H Scrapbooks and Secretary's Guides due in Extension Office.

April and Morgan Moylan, members of the Eastland 4-H Club, have been busy 4-Hers this summer. These girls, daughters of Mr. and Mrs. Jim Moylan have been traveling to numerous steer prospect.

April's winnings include: Reserve Maine Anjou Steer (Belt Buckle Bonanza), Grand Champion Prospect Steer (Silver Dollar Classic, Cleburn); Reserve Grand Champion Prospect and Grand Champion Market Steer (Lamb County Steer and Lamb Show); Reserve Champion Maine Anjou steer (Yamaha Summer National, Oklahoma City).

Morgan's winnings include: Reserve Champion Simmental (Yamaha Summer National, Oklahoma City) and Reserve Champion Simmental (Plainview).

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

NOTICES

LEGAL NOTICE
The Eastland County Commissioner's Court will take and consider sealed bids on surplus property in Commissioner's Precinct No. 2, the same being the county barn, a 36 ft. x 50 ft. tin building, and .22 acres of land located in Olden, Texas. The subject property may be seen by appointment with Commissioner Norman Christian, 817/647-1463 or 817/647-3639. Sealed bids are to be submitted to the County Judge's Office, 2nd Floor of Eastland County Courthouse, Eastland, Texas, prior to 10:00 o'clock a.m., August 22, 1988. The sealed bids will be opened and considered by the said Commissioner's Court on Monday, August 22, 1988, at 10:00 o'clock a.m. The Commissioner's Court will tender a special warranty deed to any successful bidder. The Commissioner's Court expressly reserves the right to reject any and all bids it deems not to be in the best interest of Eastland County. T65

Effective July 15, 1988 I will only be responsible for my own debts. William McCoy T66

We will not be responsible for any debts other than our own. Ricky and or Sarah Carter R66

Commodity Distribution

Central Texas Opportunities, Inc. will distribute USDA Commodities in Eastland County during the month of August, 1988 at the following sites:
Cisco - Gaslight Apts. - Tuesday, 8/23/88-8:00 to 11:00 a.m.
Rising Star-Senior Citz. Ctr. - Tuesday, 8/23/88 - 1:00 to 2:00 p.m.

Eastland-Senior Citz. Ctr. - Wednesday, 8/24/88 - 8:00 to 11:00 a.m.
Carbon-Downtown - Wednesday, 8/24/88 - Noon to 12:30 p.m.
Gorman-Senior Citz. Ctr. - Wednesday, 8/24/88 - 1:00 to 2:00 p.m.
Desdemona-Community Center - Wednesday, 8/24/88 - 2:30 to 3:00 p.m.

Ranger-Senior Citz. Ctr. - Thursday, 9/25/88 - 8:00 to 11:00 a.m.
Items available this month are Butter, Flour.
The four is in VERY SHORT SUPPLY. CTO has no control over what items are available or the quantity of the items. Allocation of all commodities depends on the availability of food items

from the USDA. All eligible persons will receive emergency food assistance without regard to race, sex, political beliefs, age, national origin, or handicap. Shutins are encouraged to designate an authorized representative to pick up for them. Commodities will be distributed on a first come/first serve basis. Paper sacks are needed at all sites.

News Briefs

BAIRD

Roger Corn, owner and operator of Roger's Food Store in Baird, has been elected to the Board of Directors of Independent Grocers Inc., based in Abilene. Roger had previously served nine years in this post, and returns to the Baird after a six year absence. As a Director, Roger will assist the Co-ops management of the 500-member association. The 800 stores served by the wholesaler contribute over \$225 million to the Central West Texas/Eastern New Mexico area. Roger and his wife, Barbara, have operated their store in Baird for almost 20 years. They have managed to be successful with their independent business by giving service, good products, low prices and contributing much to the community. Take time to drive off the I-20, past the Courthouse up "old Highway 80" and pick up some of Roger's good barbeque and other food items.

City of Abilene Representatives LeRoy George and David Lawrence came before the County Commissioners recently to tell them of the ETJ (Extra Territory Jurisdiction). This allows cities to regulate plats of land outside their city limits. If the city is over 100,000 it is allowed jurisdiction concerning proposed subdivision regulations over a five mile radius from the limits. Since Abilene's ETJ extends into Callahan County, George and Lawrence came to Commissioners Court to inform them of plans to regulate subdivision in that ETJ area.

Baird Meals on Wheels is nearing its 10th year of service to the Community. Fern Lee, Director, says the group is planning a big recognition dinner for all those who have helped out

for so many years. Plans will be announced in the paper when finalized. Some of the best cooks anywhere are involved with this organization. Each Thursday a covered-dish luncheon is held for the volunteers and other interested persons at the Center on Market Street.

RANGER

The Band Booster Club held its first meeting of the season, and a lot of plans are underway. Officers for the new year are Bobbie Thompson, President, Cheryl Swinney, Vice President, Patti Cozart, Secretary, and Jill and Tom Page, Treasurers. A work day was set up for Aug. 18, 7 p.m. in the concession stand at the stadium. All Booster Club members are asked to bring rags and cleaning supplies. The Bands are expected to give a lot of excellent performances during the year. Mr. Swinney, Band Director, reports that on Oct. 1 the group will be in the Marching Contest in Eastland. On Oct. 22 there will be four Bands participating in the Roaring Ranger Parade, and a Christmas Parade with several Bands performing.

On Wednesday, Aug. 10 someone reportedly took all the newspapers out of the Fort Worth Star Telegram racks. This is stealing and punishable by law. Second, the family that delivers the newspaper will have to pay for those papers out of their pockets. Third, if there was a particular article in the paper that offended you, there is a policy of Letters to the Editor where you can publish your complaint without breaking the law. Fourth - every newspaper prints several extra copies of the newspaper editions. Extra copies were made available to the public in the late afternoon.

The Bulldog Booster Club is having a hamburger supper and membership drive on Friday, Aug. 19 at 7 p.m. The supper will be at the city park, and anyone interested in children and working for the school is invited. The Booster Club especially encourages parents to attend the supper meetings. The Club works hard to support all activities in the school system.

EASTLAND

Businesses are moving back to the Courthouse Square in Eastland. Local people seem to be concerned about preserving the downtown Square as a quality shopping area, and more businesses are finding it practical to locate there. Eastland Office Supply and Radio Shack, owned by Gene and Clara White, will soon be moving to the former Town Square Fashion Building on the north side. Soups and Salads, operated by Loleeta Campbell and Maxine McMaines, is moving from the Thrift Mart to the east side of the Square. Soups and Salads will be open until 2 p.m. each day, with good cooking featured. Mr. and Mrs. James Wortman have moved their State Farm Insurance Agency to 214 S. Seaman, just a block south of the Square. And E.G. Rice, Oil Producer and Petroleum Engineer, has located his office in the former Kincaid Real Estate business east of the Square.

Several grass and brush fires were started along the railroad last week, and rural fire trucks from Cisco, Eastland and Ranger were busy Thursday fighting fires in the Ranger area and on the Mize Ranch between Cisco and Eastland. There was also a grass and brush fire near the Virginia Russell home in the east part of Eastland. The showers

Thursday night and Friday provided some relief from the heat and dry conditions. But heavy general rains are needed to really curtail the ever-present danger of fires.

The 4-H Junior Leader's Association will meet on Saturday, Aug. 20 from 7-9 p.m. at the Kea home, on Highway 6, one mile south of I-20. There will be a hot-dog supper on the lawn and a business meeting to organize for the 1988-89 year. Business will include the election of new officers and the establishment of goals and activities for the new year. All 4-Hers there are 13 years of age and older, and have completed two years of 4-H work are eligible for membership in the Junior Leaders Association. The main purpose of this group is to build leadership skills.

The first performance of "Eastland County's First Wedding" will be at the Majestic Theatre on Saturday, Aug. 20 at 2 p.m. The second will be on Sunday, Aug. 21 at 2 p.m. All seats for the pageant will be \$3, and tickets are now on sale at the Chamber of Commerce offices in Cisco, Eastland and Ranger. This event is sponsored by the County Historical Society, and all proceeds will benefit the Eastland County History Book. The stage settings, costumes and story are all authentic. Local actors, some of them descendants of the original members of the "First Wedding", will portray the story. The music is composed and arranged by Ruth York, with Kevin Reed and David Price.

CISCO

The Cisco Volunteer Fire Department has acquired a 1985 Chevrolet one-ton, four-wheel drive truck, purchased from the National Forestry Service. Fire Chief

Richard Connell says they will need to add a pump to the truck, build a water tank, and equip the vehicle to pass regulations. The Rural Fire Truck Fund was depleted when they bought the vehicle, so they will need more donations to get into operation. The Department has a rebuilt motor for a Jeep rural fire truck they are presently using, but can't put it in the shop until there is something to take its place. Connell says he and all the Volunteer Firemen deeply appreciate the help they received for the Rural Fire Truck Fund.

The Cisco Garden Club has chosen the yard of Carl and Muri Strobel as the Yard of the Week. The Strobel's live just south of the city limits in a tree shaded, well-kept place. Mrs. Strobel says she is very honored for her yard to be picked, and would like to thank the Garden Club. The Club recognizes a beautiful Cisco yard each week, and anyone who keeps a yard attractive in this hot, dry weather deserves to be recognized!

The United States Achievement Academy has announced that Chris Jobe of Cisco has been named a U.S. National Collegiate Award winner in Criminal Justice. Chris, who attends Cisco Junior College, was nominated for this National Award by Gary R. Hill, an Instructor at the school. Material about Chris will appear in the Achievement Academy Collegiate Yearbook, published nationally. The criteria for selection included academic performance, leadership qualities, responsibility, citizenship, attitude, dependability, and the recommendation from an Instructor.

TREAT AFTER TREAT: That's what's available to Eastland Countians and our visitors: just one good thing after another.

CLOSING LAST weekend was "The King and I", one of the most ambitious productions ever by the Cisco Junior College Summer Dinner Theatre, celebrating its tenth year. Not only was it a spectator's delight, it was

an absolutely golden opportunity for a great number of young people to have a real theater experience by participating.

Under the direction of the CJC Fine Arts Department, the Summer Theatre is a perfect wedding of local and imported talent, fine material, presented in superior facilities at the Hilton.

What a joy? -- and

FINANCIAL FOCUS

Medicare Health Bill Passes - New Tax Implications
Submitted by ROBERT L. STEED

Medicare health benefits will be substantially expanded in 1989 and subsequent years as a result of the Medicare Catastrophic Coverage Act recently signed by President Reagan. While the act is designed to protect older Americans and the disabled from the extensive costs of hospitalization and treatment for serious illnesses, it also has tax implications for certain individuals.

All individuals who are eligible for Medicare and pay federal income taxes will have to pay a "supplemental premium," or surtax, on their federal tax liability from tax year 1989 on. The amount of the premium increases each year from 1989 through 1993.

There is a ceiling on the premium to limit the amount that each individual must pay. The ceiling will increase from \$800 per person in 1989 to \$1,050 in 1993. For example, in 1989 the surtax is \$22.50 for each \$150 of income tax liability, with a maximum \$800 surtax per person. A married couple eligible for Medicare with \$51,910 in taxable income, after deductions and exemptions, would pay approximately \$10,667 in federal in-

come tax in 1989. Their supplemental premium would be about \$800 per person, or \$1,600 total, which is the maximum.

A single individual eligible for Medicare who received \$25,000 in net taxable income would pay about \$4,680 in federal income tax. His or her supplemental Medicare premium would be \$702 in 1989.

Because the surtax is linked to income tax liability, taxpayers affected by the Medicare act would be well-advised to review their tax status. Many tax professionals are recommending that their clients position some of their savings in safe, tax-free investments to avoid added tax liability.

The Medicare Catastrophic Coverage Act will cover unlimited hospitalization after an annual deductible has been met. The old law required individuals to share costs after 60 days in the hospital, and coverage ended after 150 days.

Covered medical services, such as physician and outpatient services, will also increase beginning in January 1990. Further, in 1991 Medicare will pay 50 percent of most outpatient prescription drug costs, and the percentage covered will increase in subsequent years.

VFW And Ladies Auxiliary Post 4136 Receive Awards

The VFW and Ladies Auxiliary Post 4136, together received over 31 awards for various projects, contributions, services, etc., they participated in to make 1987-88 a better year for the VFW. The VFW Post received the Honor Roll Post award. Other awards include the 1988 President of the Year in Division 2 that President Zoetta Struck received, and the Helper of the Year award presented to Dewey Struck by Membership Chairman Christene

Funderburg. The VFW and Auxiliary have already been working on more projects. Some of those projects are rehabilitation, Hospital, Cancer Aid and Research, and VFW National Home. More projects are being planned for the near future. One of the projects that President Struck feels strongly about is membership. These being new, old, and reinstated. Any potential members can contact President Struck and/or Commander Dewey Struck at (817) 629-2923.

everyone asks: "What in the world will you do next year?" It'll be a winner, whatever.

AND THEN this weekend:

The First Wedding in Eastland County at the Majestic Theatre, set for Saturday night, 8 p.m., and Sunday afternoon, at 2 p.m. Tickets at \$3 will be available at the door.

This is a home-grown production by the Eastland County Historical Society in its continuing effort to present the county's exciting history. The wedding follows by 20 years the firing squad death of Capt. Eastland, for whom the county is named, which was portrayed here in 1986 in an outdoor pageant. Preliminary plans are already in the making for next year's installment, to add more pages to the county's history.

Some 35 descendants of the original settlers who were at Fort Blair at the time of the wedding, are members of the cast of some 50... It's an event you won't want to miss.

Cisco Canterbury Villa

On Friday at Cisco Canterbury Villa the residents gathered in the dining room at 2:15 p.m. for "Happy Hour."

"Happy Hour" was a very special day. The residents were treated to home made ice cream with three flavors to choose from, strawberry, orange and vanilla.

Henry Rice, shown in the above photo, got a chance to use one of the crank freezers. He got a bang out of it. He stated that it reminded

him of when he was growing up and had to turn the freezers because there were not any electric freezers then.

"Happy Hour" is a very special gathering every Friday afternoon at the Villa. The residents get to visit as a group, laugh, talk and share old memories of years gone by. They are finding each time they're together that they all have the same needs, companionship and love.

Wedding

Eberle - Lowrance

Kimberla Gay Eberle and Randall Lee Lowrance were united in marriage Saturday, August 13 in a double ring ceremony held at the First Baptist Church in Breckenridge. Rev. Charles "Bubba" Stahl officiated the 7:00 p.m. wedding.

Mrs. Gwenda Eberle of Breckenridge and Mr. and Mrs. L.A. Lowrance of Eastland are the parents of the newlyweds.

Guests were registered in the foyers of the church by Mrs. Charlie Bottlinger of Hamilton and Kristi Niblett of Paradise. Each table was decorated with an ivory cloth and a single ivory rose with baby's breath and ivory picot ribbon.

Ushers Lane Lowrance, the groom's cousin of Stephenville, Max Smith of Breckenridge, Jeff Germany of Watuago, and Alex Jimenez of Ft. Worth passed out wedding programs and escorted guests to their seats. They were attired in black tuxedos and wore ivory bridal carnation boutonnieres.

Mary Cary and Dan Kenney, both of Breckenridge, provided prelude piano and organ selections including "Truly," "Evergreen," "You and I," "One Hand, One Heart," and "Twelfth of Never."

Family pews were designated by large ivory tulle and satin bustle bows.

Framing the altar area and banking the choir loft was a cathedral brass candleabra arrangement, centered with a 21-light tree, and flanked by four 7-arm candleabrum, two 15-arm candleabrum, two cathedrals, and two spiral candleabrum. Each was decorated with silk greenery.

The ceremony began with

the lighting of candles by John Lowrance, nephew of the groom, to "Up Where We Belong." He wore a black tuxedo with an ivory carnation boutonniere.

Mr. and Mrs. Lydia Moore, grandparents of the bride, were escorted to their seats as "The Rose" was played. The bride's grandmother wore a lavender dress with fortuna pleats and a triple tiered skirt and a corsage of miniature ivory roses.

Prior to the seating of the parents, vocalist Kevin Simmons sang "The Wedding Song." He was accompanied by Bobby Baber, the bride's brother.

As the parents were seated, "The Love Theme" was played. Escorted to her seat by the groom, Mrs. Eberle chose a chemise styled gown of striking purple that was accented with a silver, sequin-studded motif.

Mrs. Lowrance wore a two-piece ivory suit of silk brocade. Her ensemble consisted of a straight dress that was complemented with a long double-breasted jacket. Both mothers wore corsages of ivory roses.

As a tribute to the parents, vocalists Karen Walker and Bruce Shepherd sang "Sunrise, Sunset."

The wedding party took their places to the "Bridal March" prelude by Wagner. Mrs. Jon Langford of Breckenridge served as her sister's matron of honor. Martha Cleveland of Paradise, Laurie Lowrance, niece of the groom from Breckenridge, Stacy Robinson and Andee Weathersbee, both of Stephenville, were bridesmaids. They wore matching tea-length gowns of black taffeta that were accented with ivory cummerbunds and ivory back but-

tons at the exaggerated dropped waist. The 20's style dresses featured circular skirts and elbow-length sleeves. They wore black patent pumps, and their ensembles were completed with strands of ivory graduated pearls and long stemmed calla lilies arranged with ivory tulle and ribbon.

Tony Lowrance of Breckenridge served as his brother's best man. Larry Doss of Breckenridge, Ronnie Jack Hampton of Stephenville, Jerry Hill of Clifton, and Leslie Vance of Eastland were groomsmen. They wore black tuxedos with ivory pleated shirts, black bow ties and black cummerbunds. Each also wore ivory bridal carnation boutonnieres adorned with baby's breath.

Lacey Langford, the bride's niece, served as flowergirl. Her ensemble matched the bridesmaid's with a black taffeta dropped waist dress with ivory buttons and cummerbund and black headband. She carried an ivory wicker basket of potpourri.

Cash Langford, the bride's nephew, was ringbearer. Attired in a black tuxedo matching the groomsmen's, he carried an ivory satin ring pillow.

Awaiting the bride at the altar, the groom also wore a black tuxedo with an ivory pleated shirt and black accessories and a double rosebud boutonniere with baby's breath.

Given in marriage by her mother and escorted down the aisle by her brother, Bobby Baber, the bride wore a gown of ivory delustered satin and re-embroidered Alencon lace accented with seed pearls and iridescent sequins. The princess line bodice was fashioned with a sabrina neckline and was overlaid with beaded encrusted lace. The full ballroom sleeve was adorned with lace panels of re-embroidered Alencon lace. The full gathered skirt fell from a basque waistline. The cathedral train flowed a soft bustle centered by two cabbage roses accented with pearl antennae. Re-embroidered Alencon lace encircled the hem and train of the gown.

Her V shaped pearl encrusted headband was at-

tached to a three tiered fingertip illusion veil anchored by an explosion pouf. She carried a flowing bouquet of calla lilies, ivory sonia roses, stephanotis, and freesia with ivory tulle poufs, picot ribbons, and strings of pearls.

For something old, the bride wore in her shoe the same penny worn by the groom's mother on her wedding day. Something new was her wedding dress, something borrowed was her mother's pearls, and something blue was her pearl embellished garter.

After repeating the wedding vows, vocalists sang "Endless Love" to the couple. At the close of the ceremony, "The Lord's Prayer" was also sung.

Immediately following the ceremony, the bride's mother hosted a reception at Smock's Party Center in Breckenridge.

The bride's and groom's tables were covered with ivory cloths and were skirted with ivory lace cloths. The bride's table featured her bouquet on a pedestal as the centerpiece and her all-ivory five-tiered wedding cake.

The cake was lavishly decorated with roses and swags of icing and was topped with ivory wedding bells centered with ivory tulle and miniature ivory flowers. Punch was served from a crystal punch bowl, and mints and nuts were served

from brass serving pieces. Attending the bride's party were Mrs. Linda McKoy and Mrs. Carolyn Baxley, both of Breckenridge, and Mrs. Kathleen Carpenter of Clifton.

The groom's table featured a three-tiered chocolate cake decorated with grapes of icing. Coffee was served from a brass service, and hors d'oeuvres were served from brass trays. Attending the groom's table were Mrs. Myra Lowrance of Breckenridge, Mrs. Milta Vance of Eastland, and Mrs. Johnnie Terrell of Wichita Falls.

The champagne table was covered and skirted with ivory satin cloths and featured a gold and silver champagne fountain. Mrs. Betty Austin of George West attended the table.

Other members of the houseparty included Mrs. Colene Allen, Mrs. Sue Hibbert, Mrs. Jerry Odom, all aunts of the bride, and Mrs. Julie Fore, all of Breckenridge. Each wore miniature lace-backed corsages that were centered with a single rosebud.

The couple departed in their wedding attire for the wedding trip to Las Vegas, Nevada.

The bride is a graduate of Breckenridge High School and Tarleton State University. She is employed as an English teacher by the Hico Independent School District.

The groom is a graduate of Eastland High School and is employed as a stock broker for V.F. Minton Securities in Ft. Worth.

The couple will live in Hico.

The couple hosted the rehearsal dinner at K-Bob's on August 12.

The bridesmaid's brunch was held Saturday, August 13 at the home of Mrs. Linda McKoy.

A shower honoring the bride-elect was given July 24 at the Gold Room of Citizens National Bank. Hostesses were Linda McKoy, Julie Fore, Colene Allen, Sue Hibbert, Maretta Wulfjen, Nelda Morrison, Sherry Hibbert, Barbara Bailes, Stacy Robinson, Donna Morris, Rhonda Gandy, Dorothy Craddock, Jerry Odom, Terry Bandy, Mary Pack, and Myra Lowrance.

Pharmacy Topics

By Bob Mueller

New studies at the Department of Agriculture suggest that boron may be vital to the body's ability to use calcium to form bone, working like estrogen replacement therapy to stimulate hormones. Boron may be added to the list of essential nutrients.

Dentist in Salt Lake City is using flavored anesthetics to numb the skin and distract the patient before giving shots of novocaine. Topical anesthetic comes in licorice, cinnamon, creme de menthe, and other exotic flavors.

Women are particularly at risk for heart disease when triglyceride levels are high, more so than men, according to researchers at the Framingham heart study.

Self-hypnosis, biofeedback, and mental healing methods are especially effective for pediatric surgery patients, say researchers at the National Heart, Lung and Blood Institute. Kids seem to learn the techniques better than adults, and respond well to working for their own health.

Nearly 14 million Americans - one out of 15 - get hay fever, which isn't really a fever at all, but an allergic reaction to pollen that's in the air around now.

If you're that ONE, come to us for relief from that stuffed-up nose, sneezing, scratchy throat and irritated eyes. We're your health supplies headquarters at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347 cer104

Ruth Stewart Tells Of Art Adventures

By RUTH SCHAEFER

The Texas State Arts and Crafts Fair in Kerrville is held each year on the last weekend of May and the first weekend of June. Dale and Ruth Stewart decided to check it out for a possible art market in the future. Upon arrival in Kerrville Dale went to the Cowboy Artists of America Museum to take a glance at the exhibits and to ask for directions to the Arts and Crafts fair.

He was told that it is on the grounds of Shiner College. Sixteen acres contains the tents, pavillion and people associated with the arts and crafts. Over 200 artists and craftsmen were present.

Since 1988 is the international year of art in Texas, special honor was given to those artists who had exhibited or studied in foreign countries. A spokesman said, "The entire world needs to see the quality of Texan art." Commemorative certificates were displayed in those artists' booths.

The international theme was expanded in the demonstration area. Authentic costumes worn by the presenters added color to fascinating shows of skill. (If the skill was handed down in a presenter's family, it was to be documented, on film presumably.) This would preserve a fascinating artistic genealogy, "often far into time and distance."

There were some morning showers, so there was an abundance of yellow rain ponchos donned by the visitors. After paying the \$1 parking fee, a cardboard sun shield was given Dale to put inside the front windshield of the vehicle. The Stewarts thought it to be a very nice gift, and so unexpected.

The entry fee for the fair grounds was \$5 for each adult. Once past the gates, the Stewarts ventured toward the main pavillion. Much to their delight, the first artist they saw was Bill Bond, a sculptor from Kerrville. His art is fascinating to the Stewarts and they enjoyed seeing his latest works. He has several Biblical art bronzes, including work depicting Noah, Moses and the burning bush, Peter walking on water, and Paul on the road to Damascus. He also does Western art, Indians, and exotics.

It happened that Dr. Robert Taylor, a long time friend and artist associate of Dale's was there from Snyder. Dr. Taylor was a veterinarian who had a hobby of sculpting. A few years ago he went into sculpting full time. His work in wildlife is fast becoming known throughout the United States. His magnificent golden eagle is in a forceful attack position with powerful claws extended, ready to rapture its prey. The life-sized wing span is 7 1/2 feet. On the marble base it is almost nine feet tall.

Dr. Taylor is also noted for quails and large mammals. The Stewarts always enjoy seeing his very professional exhibit.

The Stewarts met several other talented artists. Admiring their work and sharing ideas spanned several hours.

In relation to the Kerrville trip the Stewarts spent time in nearby Fredericksburg. The main attraction there was the Nimitz Museum. It is a three-storied structure that once was the Nimitz Hotel. Dale said that six years ago all the museum articles were crowded into one room, but now they are attractively arranged throughout the three levels. Larger than life pictures are on some walls. Many articles from the war were encased.

Chester Nimitz was born in 1908 in Fredericksburg. He became an Admiral and served as Commander-in-Chief of the Pacific theatre of World War II.

The exhibits in the Admiral Nimitz Museum are very professional, no doubt requiring untold hours of preparation and assembly. In each room there are

boxes with buttons that can be pushed to hear a segment of history. One area is a large map of the islands of the Pacific Ocean painted on the wall. When the button is pushed, a recording recounts an overview of the war. Lights come on at appropriate times to designate the area of action as the story is told. Also, pictures flash on either side of the map. The account is very interesting, and can hold the attention of most everyone, even the non-historian type.

There is a heroic-sized bust of Admiral Nimitz. This was especially interesting to Dale Stewart. One of the exhibits gave information about the sculptor.

Dale says it takes a good two hours to go through the museum, just casually browsing. It would take much longer for a detailed study.

In the back yard of the museum is the rock bath house. A push-button recording relates the appreciation that early hotel guests had for the tin bath tubs behind curtained stalls. There were only two tubs available to hold the water heated in a corner cauldron over a wood fire. A large cistern was in another corner. Many famous people enjoyed the luxuries of a hot bath.

A short walk away is the Peace Garden. Inside is an exhibit of a Japanese house with sparse furnishings -- no chairs and very low tables. Dale says he can remember visiting houses such as this when he was in the Army occupying Japan for two years. The walkways and vegetation in the garden were refreshing. A babbling brook coursed its way through the restful scene.

About two blocks away is an enclosed area which is called the Admiral Nimitz State Historical Park. It has two airplane hangars and walkways. At the entry way of the first hangar, visitors may pick up a booklet which serves as a guide to the "History Walk of the Pacific War."

The park is dedicated to everyone who served with Admiral Chester Nimitz -- in the Navy, Army, Marines, Air Force, Coast Guard and civilians.

The Japanese "Val," a dive bomber, was the type of plane that dropped the first bombs on American soil at Pearl Harbor on December 7, 1941. The artifact had been shot down,

but enough remains to give a general idea about how it looked.

Along the pathway to the other hangar are engines, a 60-inch anti-aircraft searchlight, a Japanese Chi-ha tank, a Japanese 47-mm anti-tank gun and many other guns.

Inside the hangar is a Japanese float plane called a Kawanishi NIKI "Kyofu" Rex. It was the most effective fighter-seaplane to reach production. There is a cutaway aircraft engine, as well as other engines and guns.

The Admiral Nimitz State Historical Park is part of the Texas Parks and Wildlife Department and it became an official unit of the state park system in 1981. Additional support comes from the Admiral Nimitz Foundation. Relics and mementoes from the Pacific War are welcome for the collections of the museum.

While Dale and Ruth Stewart were at Fredericksburg they sampled some delicious Fredericksburg peaches and honey. They also considered going to see the LBJ Ranch near Stonewall, which was only about 15 miles away.

The Lyndon B. Johnson Museum is a rock building which houses memorabilia and a small theater. A documentary film about LBJ shows the President leaving the White House to board a plane to take him back to his home in Texas. Then the President is shown riding in his convertible and explaining how he enjoyed growing up in the beautiful area of Texas near the Perdenales River.

The house in which he was born no longer stands, but a replica has been built on the spot. The bedroom is separated from the kitchen/dining room area by a breezeway. The attractive tour guide asked Dale is he knew what that breezeway is called. He grinned and said, "It's a dog-trot." The young lady said, "I just felt like you would know that."

In the dining room there is a picture of baby LBJ on the mantle. His features were quite recognizable even at that young age. In the kitchen is a small wooden table that is said to have come from the original house. There is also a high chair with "Lady Bird" carved into it. The tour guide asked of anyone knew her real name. An older lady responded, "Claudia,"

which was correct, assured the guide.

Our attention was directed to a huge ancient oak tree in the front yard. It was there when LBJ was born in 1908, so every effort is made to preserve it. Lightning struck it and so it is hollow and has to be braced up with pins and bolts. It is monitored by Texas A&M specialists. They do not allow visitors to stand under the tree, because in the past the soil was compacted. They want all to respect the root system.

LBJ was allowed to go to school a year early, since he played up and down the river banks and his mother had several younger children to raise. The teacher agreed to accept him because of those special conditions. The bus tour guide stopped in front of LBJ's first school and played an excerpt from his speech when he signed an important educational bill on that location. LBJ made arrangements for his first teacher, who was in a retirement center in California, to be present that day. Only a short distance from that school is a building in which the first Head Start Program for disadvantaged preschool children was started.

Other tapes were played by the tour bus driver at specific sites, making the tour seem as if LBJ were there himself. His favorite song was "Raindrops (keep fallin' on my head)." That song was played and we were told that the President played it frequently as he drove around on his ranch.

The cattle on the ranch are branded on the horns, a more merciful way to effect identification. The fields of wild flowers that Lady Bird loves wave in colors of red, yellow and green. The flowers in front of the LBJ Presidential ranch house give an ever-changing panorama of natural beauty. The tour guide said that it is first covered with bluebonnets in the spring.

Then paintbrushes, Indian blankets and blackeyed Susans change the scene. Other plant successions throughout the year make it picturesque.

Cars that LBJ drove may be seen. The film shows LBJ giving visitors a tour. One of his favorite places to take them was the "under water" crossing. From upstream, it looks like the car plunges into the river and comes up on

the other side. A wall holds the water back in actuality. The day the Stewarts were at the location the river was up too much and was spilling over the dam and roadway.

Another thing LBJ liked to do was to take newlyweds for a tour in his amphibious car. Of course the guests didn't know that. LBJ would show them around the ranch and then led them to believe the car was going out of control as it plunged into the river. The confused groom thought he would have to decide whether to "rescue" his bride or himself by swimming to safety.

The ranch has a hangar and a landing strip as well as special meeting rooms in which conferences were held while he was the President of the United States.

Before his death LBJ willed the ranch and all the estate to the State of Texas. Lady Bird still lives at the ranch house about three months of the year. The other time is spent at the house in Austin or in traveling.

The fenced-in family courtyard is the grassy final resting place of LBJ and several relatives. The large oak trees shade part of it. An excerpt from Rev. Billy Graham's eulogy is engraved into the pink granite tombstone, that is a little taller than the others.

Whether or not one agrees with LBJ's politics, one may find the museum and bus tour of the working ranch interesting. The hills, trees, river, and wild flowers give the visitor a sense of tranquility much like what the President must have felt. He returned to this place many times to be refreshed in spirit by talking to his friends and by drinking in the serenity exuding from the land of the Perdenales River.

The Stewarts have found the Kerrville -- Fredericksburg area to be a very interesting and restful mini-vacation place. They like to go there as often as possible, since it is only about three and a half hours away.

(Ruth mentioned that Lady Bird's red shoes may be tried on for size at the Children's Museum in Fredericksburg.)

Juanita Watson Graduates From Trinity University

Juanita Lynn Watson of Cisco was graduated recently from Trinity University in San Antonio. Watson received a B.A. degree.

A total of 462 students were awarded degrees at the 1988 spring commencement.

Trinity University, founded in 1869, is an independent university dedicated to excellence in the liberal arts and sciences. Trinity annually enrolls approximately 3,000 students from throughout the United States and numerous foreign countries.

The University is primarily undergraduate with master's degrees offered in selected fields. Trinity is related by covenant to the Presbyterian Church, USA.

Do Not Post Signs On Poles

On September 9, 1986, the City Council passed an ordinance prohibiting the posting of signs on utility poles and public property. As stated in the ordinance, the posting of such signs, posters and other such placards on utility poles and public property throughout the city creates an unsightly nuisance, significantly contributes to the litter problem, generally detracts from the beauty of the community, and also creates a hazard to utility company employees who have to climb these poles.

The City of Cisco is again requesting that everyone voluntarily comply with this

important ordinance and please do not attach these unattractive garage/sale signs, for sale, etc. signs to utility poles or public property within the city limits. Regrettably, there will be no choice but to prosecute repeat violators of the ordinance, and a fine of up to \$200.00 could be assessed if found guilty.

Keeping our city clean and beautiful requires the community-wide effort of all our citizens. Your cooperation in this matter and show of community pride would be greatly appreciated.

Ginger Johnson
City Secretary

P.O. Box 912
Eastland, Texas 76448

Office: 817 629-2882
Ambulance: 817 629-1728

August 15, 1988

An Open Letter to:

THE CITIZENS OF
EASTLAND, CISCO AND
SURROUNDING AREAS

Dear Supporters,

First of all, we would like to express our sincere appreciation to those who have signed up as members of the Patterson Ambulance Emergency Service. Right now, we have approximately 900 members to start our next year, for which we are most grateful.

We learn that many others are planning to join but just haven't gotten around to it, and we would encourage one and all to act now to become members because our membership support is what makes it possible for us to offer this service.

In telephone conversations and in person, we have also learned that many might be waiting to see "if we make our goal" before they join because they don't want to join if the service is not going to be here in the future. This is understandable, but unfortunately it won't help us to reach our goal or provide the ambulance service.

After careful analysis of our expanding operating expenses, it has been determined that the minimum of 1,700 members must be met for us to offer the current service and/or advance the service to a higher skilled level of care for our patients.

We are taking a positive attitude because we want to continue to live in this county and provide this service. We believe we can reach the minimum and we would encourage citizens to share our positive attitude by signing up and joining fellow citizens in helping to provide this important service.

In the unlikely event that the minimum is not reached, members will be refunded a pro-rata amount of the membership fee, so there's nothing to lose by joining, and everything to lose if the ambulance service is lost in our-area.

Applications are available through the county. If you need an application call 629-2882, we will mail you an application or we will send someone to your home to pick up your membership. You may visit our office at 201 S. Ostrom, Eastland, Texas. We look forward to serving Eastland County for a long time.

Wanda's Corner

by Wanda Hallmark

Jo Ann Cermin, director of cultural affairs at the Hilton Community Center said they will have a "Christmas Market At The Hilton," on Nov. 19, thru Nov. 20.

Booths will be set up at the Hilton for everyone to stop by to look at the crafts and other things on display. There will be a nice selection of Christmas merchandise for visitors to look at and for shoppers to buy.

There will be no admission to the "Christmas Market At The Hilton." Booth fees are \$15.00 per space. There is limited rental, electricity, tables and chairs. The exhibitor provides the display equipment.

Jo Ann said the booth fee is very reasonable because the purpose of the Hilton Community Center is to serve the community, and by making booths available at affordable prices, more people will be able to participate profitably, while offering a nice selection of Christmas merchandise to visitors and shoppers.

We will have more information about the "Christmas Market At The Hilton" in later issues of The Press.

Texas's observation of National Grandparents Day will be held Sunday, September 11.

The Texas Department of Aging is offering again, as they have for the past two years, commemorative certificates inscribed "An Outstanding Grandparent" signed by Gov. William Clements and Texas Department on Aging Executive Director O.P. (Bob) Bobbitt.

A space is provided where those giving the certificates can inscribe the name of the honoree.

The story we received from the TDoA said requests of any reasonable quantity can be filled. In order to assure that your certificates arrive in time, send a written request before August 30 to: Grandparents Certificates, Texas Department on Aging, P.O. Box 12786, Capitol Station, Austin, TX. 78711. It will take about 2-3 weeks for delivery.

I think I will send off for one and give it to myself.

In the last issue of The Press, in my column, the name of the great granddaughter of the I.J. Dobbins.

of Cisco was wrong. The young lady's name is Dora Jean Rumpff, not Lora Ann. Sorry about that Dora.

James Bates, 11-year old son of Mary and Raymond Bates was expected to have surgery on his foot Tuesday, at E.L. Graham Hospital to remove a pin he stepped on. He has kind of had it rough lately. Seven weeks ago, he broke his other foot.

Charles and Becky Stephenson, owners of Twice Around Shop and Yesteryear Antiques of Cisco, recently had some very impressive visitors to their home in Eastland.

Arturo Ramero, his wife Trudy, and their children Laura, Vivien and Arthur, from El Salvador, stayed for a recent weekend with the Stephenson's. Arturo, is in economics, works for a government official in El Salvador.

Charles travelled to El Salvador last year to discuss agriculture and other points of business with Mr. Ramero and they became friends. When the Ramero's came to America, they stopped by to see Charles again.

Becky said they took the Ramero's to the DeLeon Peach and Melon Festival and they enjoyed that very much. She said they also enjoyed Becky's pet raccoon.

They went to the Crossing Restaurant in Eastland and Becky said the waitress Genny Gardner, really did a wonderful job waiting on them.

Becky said the Ramero's all spoke excellent English, so they did not have any trouble communicating. She said the family speaks several languages.

Becky and Charles have two children, Michael 13, and Kody 4. She said they had a lot of fun entertaining the foreign family.

Charles' mother, Faye Stephenson, who lives in Cisco, took the family to her ranch so they could see what it is like on a West Texas Ranch. Faye is also a nurse at the Ranger Hospital.

Becky said she and Charles were given an invitation to visit El Salvador by Mr. Ramero. She said they will definitely accept the invitation.

Cisco Senior Class To Sponsor Powder Puff Football Game

Members of the Cisco High School Senior Class are sponsoring a Powder Puff Football Game to be held at 7:30 p.m., Saturday, August 20, at Chesley Football Field.

Admission to the game is \$2.00 per person.

Money made from the game will go toward the senior trip for the Class of 1989. They are planning to go to Jamaica.

The teams are made up of Senior and Freshman girls on one team and Junior and

Sophomore girls on the other team. Both teams have been practicing for several days so the game will be an exciting one.

There will be concessions sold at the game also. Everyone is encouraged to attend this exciting event and help support the senior class of 1989.

Cisco Lobo Varsity Season Tickets To Go On Sale

Season tickets for the Cisco High School Lobo Varsity Football Home Games will be on sale, beginning Monday, August 15. The first game for the Lobos will be held Friday, September 2, at 8:00 p.m.

There will be six home games this year, according to a report from the CISD superintendent's office. The price for the season tickets will be \$18.00.

Tickets can be bought in the Cisco High School

business office located in the high school. Mary Bailey, secretary will be in charge of the tickets.

Fans who had reserved seats last year will have first choice for the seats again this year. These seats will be held until Wednesday, August 31, at which time they will be placed on the selling list.

The school office is open Monday thru Friday, from 8:00 a.m. to 3:30 p.m.

JARED LAWSON WEBB

Joshua and Nathan Webb are proud to announce the arrival of their baby brother, Jared Lawson, born August 11, 1988, in Eastland Memorial Hospital. He weighed nine pounds and was 19 inches long. Parents are Ronnie and Rae Jean Webb of Cisco.

Grandparents are Wayne and Anita Webb of Cisco and Gene and Bess Swinson of Baird.

Great-grandparents are Geneva King and Ivan and Gladys Page of Cisco, and Lucille Voights of Napa,

Idaho.

CLIFFORD

BURIAL

Second Generation Funeral Directors

WHAT TO DO WHEN DEATH OCCURS OUT-OF-TOWN

If you're ever involved in arranging for a funeral for someone who dies out of town, you should contact us or another local funeral director who will then make arrangements with a highly qualified mortician wherever the death occurred. (We have many, many personal contacts all over the country through our membership in funeral service organizations.)

We'll take the necessary steps to prepare the body for immediate transportation back home. We will confer at long distance with you or other family members locally to plan for local funeral services. It is important, though, for you to remember to call us or another local funeral home FIRST. Especially under these circumstances, you need to avoid duplication of effort and fees.

If you wish further details on out-of-town arrangements, please contact us.

MODELING in the style show held at Walmart Saturday were Tricia Brooks, 7, (left) and Michael Brooks, 10, (right) of Andrews. They have been visiting their grandparents, Mr. and Mrs. T. R. Brooks in Cisco. Tricia won the ensemble she modeled in the style show. They are the children of Marshall Brooks of Odessa and Sheri Walls of Andrews.

Dr. Ralph Schustereit Speaks To Lions Club

Dr. Ralph Schustereit, president of Cisco Junior College, spoke to Lions Club members at their regular club meeting held last Wednesday at White Elephant, and told them that he is happy to be in Cisco and he already feels at home.

He said his children are just wild about Cisco and he is looking forward to living here.

Schustereit, who came to Cisco from Beville, said two of his former bosses are from Cisco, Grady Hogue and Norman Wallace. Schustereit was at Beville for 11 years.

He served in the U.S. Army and he is also a former teacher at Ranger Junior College. His main hobby is community activities and another one of his hobbies is fishing.

Cisco has an institution they can be proud of with Cisco Junior College he said. He said one thing about the

college that impressed him was CJC's community oriented programs.

Guests at the meeting were Kathy Dyer and Wendy Wester, Cisco Lions Club Sweetheart. Wendy also served as tail twister. Eddie McMillan led the Lions roar. Wyley Peebles led the singing and the Pledge of Allegiance. Dr. Cleveland gave the invocation. Ronnie Ledbetter presided over the meeting. Ralph Glenn was in charge of the program and introduced Dr. Schustereit.

Attendance was 85.71 percent. Ken Diehm will be in charge of next week's meeting. The club assembly will be held on August 25.

Guest at the meeting were Darryl Harris of Eastland and Morris Hardin of Cisco. President Urban gave the invocation and led the group in the Pledge of Allegiance.

Members Of "The King And I" Perform At Rotary Club

Dr. Roger Schustereit, president of Cisco Junior College, became a new member of the Cisco Rotary Club at their regular meeting held last Thursday at White Elephant. Secretary Billy Reynolds, presented a Rotarian Club pin to Dr. Schustereit.

James Cotton was in charge of the program and introduced Scott Taylor, Dr. Thomas Soare and Donna DeLuca, with the Cisco Junior College Summer Dinner Theatre Production of "The King And I."

Dr. Soare portrays the King of Siam in the play and Mrs. DeLuca is the King's wife, Lady Thiang. They each sang a song to club members. Mr. Taylor is Lun Tha in the play. He gave an introduction to the club for Dr. Soare and Mrs. DeLuca.

Rotary President Otto Urban, told club members the club received an American Flag from Woodmen of the World representative, Bural Chambers. Urban said after the flag pole has been cleaned, a ceremony will be held to dedicate the flag.

Attendance was 85.71 percent. Ken Diehm will be in charge of next week's meeting. The club assembly will be held on August 25.

Guest at the meeting were Darryl Harris of Eastland and Morris Hardin of Cisco. President Urban gave the invocation and led the group in the Pledge of Allegiance.

Remember - Safety First Around Electricity!

Enjoy a safe summer while working in your yard by following these safety tips.

- Use only properly grounded electrical equipment and replace all worn and damaged cords.
- Never use electric tools in rain or on any wet surface.
- Keep electric cords clear of your working area.
- Keep ladders or long-handled tools clear of power lines. Even wooden ladders can conduct electricity.
- Be careful when digging. Call your Local WTU Office to locate underground power lines in your area.

WEST TEXAS UTILITIES COMPANY

Remember REDDY supplies the energy — but only YOU can use it safely!
