Charles Leflore Testifies In Crime Trial In 91st District Court

Testimony continued in the Garcia Crime Trial in the 91st District Courtroom Tuesday, visiting Judge Herman Fitts said he hoped to complete the trial this week.

was neat - no sign of anything." He checked for a pulse, found none, and called authorities.

A jury of eight men and four women were sworn in late Monday after five days of questioning. They were selected from a group of 48 prospective jurors who were told to return to the courtroom Monday.

After the jury was seated Monday witnesses Dwight Hamilton and Roy Dennis took the stand. Hamilton said that on Nov. 29, 1981 he and his wife delivered the Abilene Reporter News about 5:30 a.m. to the Quickway Grocery, where Debra Garcia worked. Mrs. Garcia waited on them for some purchases.

Then Charles Allen LeFlore took the stand. He said he pled guilty in 1981-82 to the death of Debra Garcia, and is serving a long term in prison. He agreed that on March 15, 1985 he told the Special Prosecutor "Others were involved."

On Monday Joe Perry and Barbara Williams heard Special Prosecutor Bill Hart read the indictments against them. Williams is charged with organized crime, murder and conspiracy, and Perry is charged with the same counts plus robbery and rape.

Roy Dennis, the owner of Quickway Grocery at that time, told of a telephone call a little before six a.m. reporting Debra Garcia missing. He helped search for her at the store. Her body was found about three days later west of Cisco, with a bullet hole in her head.

He told his story of the abduction and murder to the Courtroom, continuing in a halting voice at times and apparently pausing to weep.

Court appointed attorneys Leslie Vance and Steve Davis are representing the defendants. Perry and Williams are the seventh people to be tried on the 1981 abduction-murder of Debra Jo Garcia of Cisco.

Court resumed Tuesday with more witnesses called by the Prosecution.

He said he was present at

1:00-1:50 p.m.- 5th Period.
1:55-2:45 p.m.- 6th Period.
2:50-3:40 p.m.- 7th Period.

Students will attend school Thursday and Friday, September 1 and 2. Students will have a three day weekend since Monday, September 3, Labor Day, is a holiday and there will be no school.

Keith Wells, of Abilene, will speak to the Cisco High School students during an assembly hour on Thursday. Mr. Wells is a retired major

in the U.S. Marines. He was one of the Marines in the famous Iwo Jima pictures taking during World War II.

Madison's Western Store Damaged In Fire

On August 26, at 10:20 p.m., Cisco firemen responded to a call about smoke coming out of Madisons Western Store on East 8th. The back end of the store received fire damage. The rest of the store had heavy smoke damage.

fanned into a flame from the wind and caused grass fires when they started falling off the truck.

The fire is under investigation, according to reports. Cisco firemen have answered 30 fires during the month of August.

On August 25, Cisco firemen responded to a small grass fire on Highway 183, just off the railroad tracks.

Some of the calls included a call about a leaking propane tank on August 23. A filler hose had blown off the tank that left the tank open. Cisco firemen corrected the leak.

Cisco firemen put out a grass fire 15 miles south of Cisco on Highway 183, on the Shultz property at 6:00 a.m., August 27. Firemen were called back again later that day to put out the fire when it rekindled.

Later that same day Cisco firemen extinguished a large grass fire on the Putnam Highway. Five separate piles of brush had to be put out by the firemen.

Several members of the Cisco Volunteer Fire Department have been attending a fire fighters school in Abilene this week, according to David Gill, fireman. Fire fighters are learning techniques for fighting transport, gas meter, house, and several other kinds of fires at the school. The men were expected to attend the school on Wednesday and Thursday nights.

On August 24, Cisco Firemen answered a request for assistance from the Rising Star and Sipe Springs fire departments. There were multiple grass fires caused when a truck was hauling wood blocks used in oil field work. The blocks were flammable and were

ORDINANCE NO. 0-88-10
 AN ORDINANCE OF THE CITY OF CISCO ESTABLISHING THE TAX LEVY FOR THE 1988-1989 BUDGET YEAR OF CISCO, TEXAS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS:
 SECTION 1. That for the budget year 1988-1989 there is hereby levied on all of the

Dale Stewarts Make Trip To Oklahoma City

(Continued From Last Issue)
 The next day the Stewarts took scenic loop through Capitol Reef, Bryce Canyon and Zion National Park. Each one was quite different. Capitol Reef has grand views of valleys, distant mountains, high lakes and at one point the highway is atop Hell's Backbone, a long narrow ridge, little wider than the road. Bryce is noted for its varied colored voodooos (free standing forms projecting from the floor of the canyon). It is viewed from the rim above. It is a panoramic view of the formations. Zion National Park races by as one travels down curves and through a very long tunnel in the side of a mountain. Massive rocks sweep across the vision until the bottom is reached, where camp grounds nestle.
 The Stewarts went on to see the north rim of the Grand Canyon. The grandeur of the canyon is as awesome as it had been reported. There seemed to be reverence as the early morning visitors watched the sun fill the crevices, exposing ancient layers of colors. The ecological community contains rare species of plants and animals. (A cedar-like plant had roses and a grey squirrel sported a fluffly white plume for a tail.)
 The drive through the forest was quite enjoyable. Those visitors wishing to go the south rim would have a five hour drive from the north rim.
 The Stewarts passed by the Vermillion Cliffs and classic scenes of Arizona en route to Mesa Verde, site of the ancient cliff dwellers. It is amazing to think how the Anasazi Indians carried large pots on their heads while climbing the cliffs with precise hand and toe holds. It is thought that they moved south to become the Pueblo Indians in later years.
 The Stewarts then went to Taos and Santa Fe, then on the Big Bend National Park for a couple of days of hiking short trails. They stopped at Del Rio and Junction and then arrived at Cisco after the two and a half week trip.

An Open Letter to:

THE CITIZENS OF EASTLAND, CISCO AND SURROUNDING AREAS

Dear Supporters,

First of all, we would like to express our sincere appreciation to those who have signed up as members of the Patterson Ambulance Emergency Service. Right now, we have approximately 900 members to start our next year, for which we are most grateful.

We learn that many others are planning to join but just haven't gotten around to it, and we would encourage one and all to act now to become members because our membership support is what makes it possible for us to offer this service.

In telephone conversations and in person, we have also learned that many might be waiting to see "if we make our goal" before they join because they don't want to join if the service is not going to be here in the future. This is understandable, but unfortunately it won't help us to reach our goal or provide the ambulance service.

After careful analysis of our expanding operating expenses, it has been determined that the minimum of 1,700 members must be met for us to offer the current service and/or advance the service to a higher skilled level of care for our patients.

We are taking a positive attitude because we want to continue to live in this county and provide this service. We believe we can reach the minimum and we would encourage citizens to share our positive attitude by signing up and joining fellow citizens in helping to provide this important service.

In the unlikely event that the minimum is not reached, members will be refunded a pro-rata amount of the membership fee, so there's nothing to lose by joining, and everything to lose if the ambulance service is lost in our area.

Applications are available through the county. If you need an application call 629-2882, we will mail you an application or we will sent someone to your home to pick up your membership. You may visit our office at 201 S. Ostrom, Eastland, Texas. We look forward to Serving Eastland County for a long time.

CISCO

The City Council reminds all residents and city water users that Voluntary Water Conservation is still very much in effect. City Manager Mike Moore states that since June 15 Lake Cisco's water level has dropped five feet. A lot of this loss is from evaporation, but water consumption is also up 35 percent. If it continues at this rate, with no relief from the weather, the City Council will consider mandatory curtailment at their Sept. 13th meeting. This action would result in very restricted outside irrigation and strict enforcement on the part of the city. The current voluntary program means that irrigation is restricted to two days a week - Tuesday and Saturday - 1 a.m. to noon.

Twenty-three bicyclists and six crew members with the Pacific Atlantic Crossing Tour stopped for a brief rest in Cisco last Monday. They had started from Snyder, Texas early Monday morning, and planned to spend the night in the Classic Inn Motel in Eastland that night. Group members are riding their bicycles from San Diego, California to Jacksonville, Florida. They started Aug. 14, and expected to be in Florida this Tuesday, Aug. 30. The average speed on the bike is 40-50 miles per hour, and the riders range in age from 19-61. A crew member said Texas people have been the friendliest of all they have met.

Charlie's Pets, Fish and Supplies is a new business in Cisco. The pet store was opened for Business last week by owners Charlie Tatum and Star Reese. The location is 711 Conrad Hilton Ave., and the business will be open from 9 a.m. - 6 p.m. Monday through Saturday. Charlie and Starr invite all to stop by and see their beautiful birds, as well as animals and fish. They have several aquariums filled

with tropical and salt water fish - a most interesting display.

Sears is not going to shut their doors completely, according to Don Shepard, Cisco Chamber of Commerce Manager. They are changing locations and will be relocated in Cisco. The local outlet will become an agent store, where all the services that are available now, except receiving payments, will be in effect. One of the local merchants will become the agent. There will not be in floor merchandise in the store, however.

EASTLAND

Plans are underway for Old Rip Day, which will be Saturday, Oct. 1. According to custom, Old Rip Day will start with a large parade. Among the expected entries this year are the HSU Band with the Six White Horses, Junior College Bands and Drill Teams, the Marine Color Guard, and more than ten High School Bands. Following the Parade, a fair is expected to again fill the streets to the south and west of the Courthouse. A number of exhibits are expected to be inside the Courthouse, as insurance rates for the use of other buildings has become excessive. Two big events will be held outside of the fair area - a Statewide Fiddler's Contest in the Majestic Theatre, and a band contest at Maverick Stadium.

The County is being informed that the West Central Texas Interlocal Drug Task Force needs more funding to continue. In the last eight months The Force has solved 133 drug cases involving 92 defendants. Some \$800,000 in cash has been seized, as well as five vehicles, 12 weapons and 100 pieces of jewelry. Several of the successful drug-busts have been in Eastland County. Emergency funding for the Task Force is set up on a population basis, and

Eastland County's share of the needed \$75,000 is reportedly \$5,325. This needs to be raised by October to be eligible for Federal funding of \$175,000.

Soon-to-be-Announced - details of the Eastland Rotary Club Follies, which will be held on the stage of the Majestic Theatre. This event will feature the talents of Club members, plus some real bonus surprises. Outstanding entertainment will be live, in one spectacular performance. Watch for the date and time.

A meeting to consider the Emergency Ambulance Service membership drive is being held at 10 a.m. Tuesday, Aug. 30 at the Eastland National Bank Conference Room. Citizens are assisting the ambulance service in its current membership drive in an effort to secure at least 1,700 members for the Cisco and Eastland area. The ambulance company has stated that they will not be able to continue service unless they enroll that many members. The drive is presently at the 900 member level.

RANGER

Ranger is going all-out for the 1988 Jerry Lewis Labor Day Telethon. Joe Williams, pledge center co-ordinator, announces that the Ranger Center will be located at the new Fire Station on Hwy. 80 E. The telephone number to call in pledges is 647-1505. Also there will be a fishbowl at the Center if you wish to come by. There will also be coffee and refreshments during the 22 hr. Telethon - so come out and visit and watch it there. The Volunteer Firement will also assist with a "Fill the Boot" Campaign. This will be located at the

red light on Highway 80 on Saturday, Sept. 3.

The RVFD Ladies Auxiliary is also raising funds to benefit the Labor Day Telethon. They will have a Bake Sale on Sept. 2 in front of Food Fare. The sale will begin at 11:00 a.m. Anyone wishing to make donations on baked goods can leave them at the Fire Station on Thursday, Sept. 1 or Friday, Sept. 2. Or you can bring contributions to the sale if you wish. Come out and buy some good desserts and support Jerry's Kids and MDA.

The resignation of Policeman David Jackson was accepted by the City Council on Saturday, Aug. 27 in a special meeting. The announcement was made to a large crowd of citizens. Jackson was employed by the city last April.

The Ranger Independent School District has made application to the Governor's Office, Criminal Justice Division, for funding under the 1989 Criminal Justice Plan. Senator Bob Glasgow has announced support of this application, stating that "the funding, if approved, would be to fund an Alt Classroom for At Risk students in the amount of \$6,492." The Senator said that we are all concerned about the crime in our cities and communities, and this funding would certainly be of assistance to Ranger ISD.

Lion's Club President Arthur Camacho has presented a \$1,000 donation to Ranger General Hospital on behalf of the Club. Some other gifts have also come in. Citizens are meeting this Tuesday night, 7:30 p.m. at the Gholson Hotel to discuss the

needs and future of their hospital.

BAIRD

The Baird Bears have shown good form in their two scrimmages so far - the first against Cisco, and one against Rising Star. Head Coach Quinn Conley describes the team as "overall pretty good". The Bears will open their season on the road against Hawley Bearcats.

The Callahan County Child Welfare Board has presented Mickie and Shorty

Tennison and the staff of the U Bar U Restaurant with certificates of appreciation for their support of the Board's efforts to help abused children in the county. They have contributed from the morning coffee money for the last two years to the Child Welfare Board's Christmas Fund. The United Methodist Men's Association has matched the amount given each year.

Saturday, Sept. 17 is the date for the Baird High School Homecoming. Make plans now to attend and visit

with classmates. More details about the meeting will be announced.

"Guido Hibdon Champion of Champions"

The 1988 B.A.S.S. Classic is history which will be quietly set aside in most anglers' minds. But for 42 year old Guido Hibdon of Grovis Mills, Mo. the event will live forever. With a 3 day total of 28 lbs. 8 ounces worth \$50,000 plus lots of extras in publicity.

Hibdon's string of fish were taken on a 3/16 ounce Stanley jig with an imitation crawfish trailer he (Hibdon) makes.

The top ten winners were: Guido Hibdon, Grovis Mills, Mo. 28-8 \$50,000.00

Woo Daves, Chester, VA. 28-2 \$12,000.00

Ken Cook, Meers, Ok. 27-4 \$8,000.00

Paul Elias, Laurel, Miss. 26-1 \$4,000.00

Tommy Martin, Hemphill, Tx 25-7 \$2,500.00

George Cockran, Little Rock, Ark. 23-3 \$2,000.00

Jack Haines, Zurlotte, Louisiana, 23-9 \$2,000.00

Mark Davis, Mount Ida, Ark. 22-14 \$2,000.00

Jimmy Houston, Cookson, Ok. 22-4 \$2,000.00

Greg Hines, Gilbert, Ariz. 21-4 \$2,000.00

All 42 of the Classic contenders are champions by having qualified for this Super Bowl of Bassin. Who knows next year you could make the grade on the B.A.S.S. tournament trail.

Pork rind baits have long been a favorite of anglers nationwide. Its versatility makes it a must for everyone's arsenal.

Taking this into consideration the folks at Berkley have made this natural bait the ultimate lure. Berkley Strike Rind, fortified with Berkley Strike fish attractant, promises to pack the most powerful punch of any natural bait introduced in the past ten years.

Pork has a natural look and an irresistible life-like action to begin with. Add the appeal of Berkley Strike impregnated to each bait, and hold on.

Tests conducted in Berkley's Fish Biology Lab confirm that fish pick up and swallow Berkley Strike Rind up to three times more often than ordinary pork rind.

The new Berkley Strike Rind is available in Craw Rind, Twin Eel Rind, Super Eel Rind, Swimmin Rind, Action Rind, Frog Rind and

Mini Frog Rind. And a variety of fish catching colors.

The Berkley Strike Rind is only one of a host of new and exciting items being introduced by Berkley for 1989. We shall be bringing more of these fine products in coming articles.

And don't forget Berkley Trilene will once again be sponsoring this year's Eastland County Bass Club Open Invitational at Lake Leon in September. Saturday, September 10, 1988 between 6:00 p.m. until 10:00 p.m. all paid contestants may have free Berkley Trilene line spooled on their reels by Trilene Ambassador James Fullen. Come early and stay late and learn more about those exciting Berkley products.

Manufacturers of outboard motors, who rarely agree on anything, are of one mind when it comes to using the proper, approved oil in their products: using cheap oil in a two-cycle engine is the most expensive thing you can do.

Recently the National Marine Manufacturers Association announced a new testing procedure for lubricants that will guide boaters when they are shopping for oil for their outboards.

The new test evaluates the following qualities: lubricity (how slippery it is), general

performance, pre-ignition tendencies, rust prevention, miscibility (capable of being mixed), fluidity and filterability.

Industry spokesman say that the new designation for NMMA oil is TC-WII. The designation currently in use, TC-W, will be phased out by 1991.

Most manufacturers of outboard engines and personal watercraft require the use of NMMA-certified oil as a condition of warranty so it's important to make sure that the oil you buy is approved.

Quicksilver 2-cycle outboard, which is manufactured by Mercury Mariner Outboards, has met or surpassed the new NMMA TC-WII standards for almost a decade, according to a company spokesman.

Lake Leon's black bass fishermen are reported to be biting well. Area anglers are jumping on any report of a bass being caught in an area.

If a story leaks of a nice fish from Cat-Claw Slough, you can bet that spot is fished twice by everyone for a few days. The anticipation of the upcoming Sept. 11, 1988 E.C.B.C. tournament has once again turned the bass and bass anglers on. Hope to see you all there.

Vegetable farming like crap shoot

Sem-Tex winning with perishables

By REYES ABILA
Avalanche-Journal Staff

Like a craps shooter in Las Vegas, vegetable farmers are gamblers of the soil who flip their money across the land hoping that in the end a healthy crop will make them winners.

At least that is how vegetable farmers Dwight Crawford and Ted Higginbottom describe themselves and six other farmers who comprise Sem-Tex Produce Co., a multi-million-dollar vegetable produce company operating 18 miles west of Seminole.

Sem-Tex itself netted about \$2 million last year from sales to retail grocery stores, restaurants and food distributors, according to Crawford, the corporation's vice president.

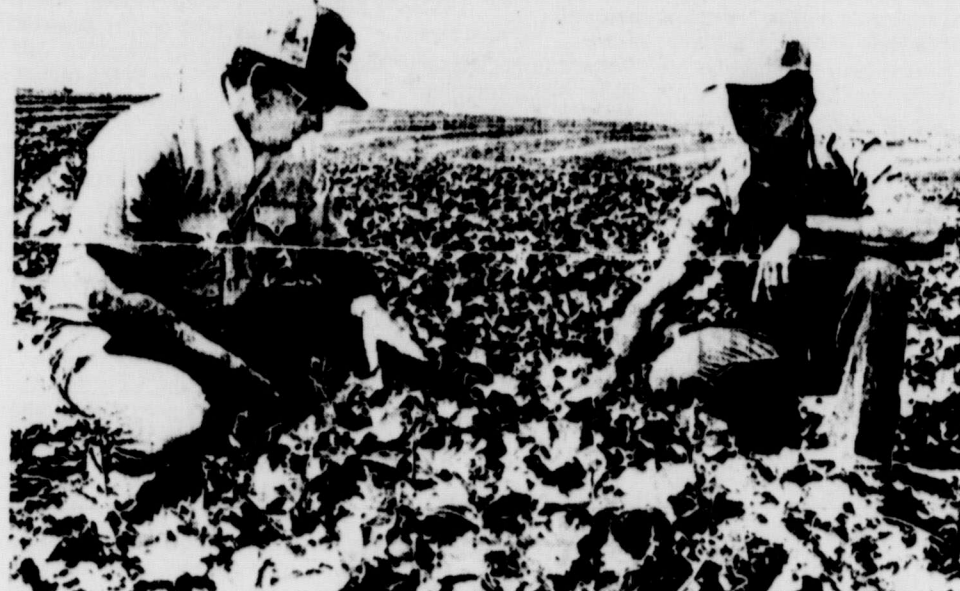

The retail organizations who sold the vegetables to the public profited about \$9 million from the produce purchased from Sem-Tex, said the farmers, who take pride in knowing that they are one of the few West Texas groups who grow vegetables commercially.

Originally, the corporation was formed as a cooperative between eight farmers in 1985, Crawford said.

Today the corporation's farmers manage six farms located within a 30-mile radius of the company's processing plant. This season they are growing watermelons and cantaloupes for distribution across the United States and Canada.

Farming is inherently risky, but growing produce is riskier since vegetable growers do not have the insurance of government subsidies some other farmers enjoy, said Higginbottom, company president.

"The vegetable crops have no price supports," he said. "With perishable foods, the government is saying 'We're willing to take what you supply us.'" And Higginbottom does not see any offerings of government subsidization unless there is a severe shortage of produce which he sees as

Checking the crop

Ted Higginbottom, left, and Dwight Crawford, president and vice president of Sem-Tex Produce Co. of Seminole, inspect young cantaloupe in one of the company's more than 1,000 acres of vegetable which will be shipped around the nation.

highly unlikely. "Once you get a hungry stomach, then I think the government should come in and say, 'Hey, we'll help you out.'"

But while disaster could be looming in the future for Sem-Tex farmers, they are highly optimistic about harvesting another crop this year that should bring in about \$2 million to the farmers, Higginbottom said.

That is cautious optimism, however, as described by the two Sem-Tex farmers who live day-to-day hoping that the risks do not become reality.

"The risks are pretty high with produce," Crawford said. "This is a high dollar crop to produce."

Weather, a reality which can encompass anything from the most tranquil to the most torrential settings, is the biggest risk which can destroy — in a matter of seconds — the \$300,000 already invested in this year's 1,000 acres of vegetable fields, Crawford and Higginbottom conceded.

Among the other risks the vegetable growers have to contend with are diseases, a volatile produce market which fluctuates several times daily, insects and bruising of the produce which scratches it off the market, Higginbottom said.

"Everything that we raise is very labor intensive and susceptible to disease," Higginbottom said.

While investment in each acre of crops is more than \$300, labor to harvest the produce adds more than \$100,000 to production costs, he said. The company is almost stagnant while the crops are in the field and employs only a full-time secretary year round.

"We employ about 250 people at harvest time," Crawford said. "Harvest begins about mid-August and lasts until Nov. 1."

But while the area farmers worry about adverse weather and other disasters damaging their crops, farmers in the Midwest are experiencing drought conditions which could drive the price of the local crop up, Higginbottom said.

Those high dollar figures, however, do not necessarily mean an increased return.

Ted Higginbottom is the son of Edgar and Ruth Higginbottom of Gorman.

Dr. Carandang To Close Practice In Ranger

V.C. Carandang, M.D. will be closing his practice of medicine at Ranger Family Clinic, 211 N. Austin Street, Ranger, on September 15, 1988. He will no longer be able to attend to you professionally after this date. He suggests that you select a doctor of your choice from the many competent practitioners in this area.

With your written approval, he will make available to this doctor your case history and information regarding your diagnosis

and treatment. There will be a five dollar (\$5) charge for copying and handling of these records.

Dr. Carandang is sorry that he cannot continue as your physician. At this time he would like his patients to know how much he appreciated the opportunity of taking part in your healthcare needs. Thank you for your support and trust and most of all, your friendship. My family and I extend to all of you our best wishes for your future health and happiness.

Letter To The Editor

Dear Editor,
I want to join the prisoners of war in the story on the Sunday, August 28, 1988, issue of The Cisco Press, in favor of the U.S. government not paying \$20,000 each to the Japanese men, women and children who were relocated during World War II. There were 19,963 men and

4,783 admitted disloyalty to the United States. That left 15,080 who were a big risk to our country.

Out of 19,963 prisoners 1,181, served loyally which left 18,782, that made it an enemy camp. They were given free bed and free meals.

During this time Mrs. Ray and I had 5 nephews in World War II. One lost his life early

at Salerno, Italy; one lost his life at the Battle of the Bulge, late in the war; three have died since then.

Ex-P.O.W. Arlee Wetsel, of Eastland, said he was paid \$1,260 for 1,260 days of war treatment.

To pay 18,782 disloyal people (this doesn't include women and children) \$20,000 each for taking care of them, while the men of loyalty were stopping bullets and bombs is enough to cause a preacher to quit preaching

and go splitting cord wood. Thank you, Ples Ray Veteran

In 1937 Sammy Baugh, All American quarterback at TCU, was gone. But the magic of the forward pass was not.

TCU unveiled a little quarterback only 5'7" and 150 pounds. He stepped out onto the practice field with huge I.B. Hale. And someone wrote, "That big guy may become the All American tackle people predict, but the little fellow will never get off the bench."

As another wrote later, "He forgot to weigh Davey O'Brien's heart."

All Davey did in 1938 was earn All American honors, lead TCU to a 10-0 record and the mythical National Championship, beat Georgia Tech in the Sugar Bowl, win the Heisman, Walter Camp and Maxwell Trophies, and the Washington Touchdown Club Award among many others.

TEXAS AND THE LEGISLATURE

by: SENATOR
BOB GLASGOW

The Texas Silver Haired Legislature
Being aware that older Texans are the fastest growing segment of the population, with the number of persons over age 60 in Texas having increased 32 percent between 1970 and 1980, SCR 37 was passed by the 69th Texas Legislature in 1985. This established the Texas Silver Haired Legislature.

The Silver Haired Legislature is an elected, representative, nonpartisan body of citizens 60-plus years of age, elected by persons 60-plus years of age. With the continuing growth of the number of senior citizens in Texas, some approximately 2.5 million at the current time, we wanted to give them a forum to voice their concerns for the needs of older Texans.

The objective of the Silver Haired Legislature is to serve the needs of both present and future older Texans. More specifically, this

forum provides older Texans an opportunity to become knowledgeable about the legislative process through involvement; to develop a forum for older Texans for discussion of senior citizens' issues, debating these issues and establishing legislative priorities for the Texas Legislature to consider; providing advocacy training enabling delegates to continue their role within the community and offer informed assistance to policy makers; and providing an avenue through which older citizens may serve as a resource to public and private sectors, boards and commissions.

The Silver Haired Legislature first met in September of 1986, and is scheduled to convene again in Austin on September 19, 1988, for a four day session. The new legislators were elected May 24, 1988. I am very pleased that two of the officers, selected during a

meeting of the Silver Haired Legislature earlier this month, are from my Senatorial District. Millard Guess of Millsap was elected Speaker, and James Earl VonTungeln of Cleburne was elected Deputy Speaker. Both representing the North Central Texas area.

Other elected members who represent counties in Senate District 22 are NORTH TEXAS AREA: Louis A. Allison of Seymour, Maggaie Gaines of Childress, Genevieve Harrell of Graham, Deno Tufares of Wichita Falls; CENTRAL TEXAS AREA: Dr. Joe Weldon Bailey of Milano, Dorothy G. Harper of Lampasas, C. Richard Porter of Killeen, Alicianne Wallace of Belton; TARRANT COUNTY AREA: Rachel M. Beall of Ft. Worth, May Della Everett of Haltom City, Charles W. Parker of Ft. Worth, Willie Pigg of Mansfield, Dorothy L. Truelove of Fort Worth;

HEART OF TEXAS AREA: James D. Burdette of Waco, Mary E. Cleveland of Waco, Dewell W. Thomas of Thornton, Harold E. Vandiver, Jr. of Morgan; WEST CENTRAL TEXAS AREA: Delbert D. Downing of Snyder, Mina L. Green of Brownwood, Fred Sandlin of Abilene; NORTH CENTRAL TEXAS AREA: Elizabeth Taylor Logan of Corsicana, Elbert A. Randles of McKinney.

A composite picture of the first Silver Haired Legislature will soon hang on the third floor of the State Capitol. They, and the future members, are to be commended for their involvement and participation in the Texas Legislative process. I would urge eligible Texans to become active in the Texas Silver Haired Legislature. The Texas Silver Haired Legislature is a tremendous success, and receives assistance from the Texas Department of Aging.

Candidacy petitions are available during January and February of even numbered years, with the election being the following May and the Session being usually in September of that year. For more information, contact the Texas Department of Aging, 210 Barton Springs Rd., 5th floor, Austin, TX 78704; telephone no. 1-800-252-9240 (toll free number) or your local area agency on aging.

Hochheim Prarie Insurance Company Opens Local Office

A branch office of the Hochheim Prarie Insurance Company was opened in Eastland Wednesday. Bob Freeman and Nancy Little from the Hochheim home office in Yokum, Texas, and Director Wynn Pair from Stephenville were in Eastland to open the office of Branch 125 in Eastland

and to conduct a meeting to name local officers. Hochheim Prarie is a farm mutual insurance company which insures unprotected rural property, and it is owned by its members. It is a Texas company with about 300 agents statewide. Barbara Love, Russell Walker, Rayneal Little, Barbara Rossander and Dorothy McKinnerney were named as branch Directors and Richard Rossander was named the office Secretary/Manager. The office is located in the Town and Country Real Estate building on East Main in Eastland.

Charlie And Cindy Stenholm Invites You To Annual FUNDay Sept. 10

Charlie and Cindy Stenholm want you to attend their annual FUNDay get together at the Ericsdahl picnic grounds east of Stamford on Saturday, September 10. The food line will begin at 4:30 p.m.

"Our friends here in the community put in many long hours to make this event a success every year," Stenholm said. "We want to share the hospitality of our home with everyone in the 17th Congressional District".

This is the tenth year of Charlie's service in the U.S. Congress. Old and new friends gather each September to visit with the Stenholm family and share an old fashioned picnic complete with good food and watermelons produced in the 17th Congressional District.

Each year, colleagues of Charlie are invited from Washington. Congressman Jake Pickle, who was born in Roscoe and now represents the Austin area, will attend this year. J.J. Pickle is the

third ranking Democrat member of the Ways & Means Committee. Social Security legislation and all tax matters are in the realm of this committee.

Congressman W.J. "Billy" Tauzin, who serves on the Energy & Commerce Committee will also be with Charlie this year. His district in Louisiana has extensive oil & gas production and Billy concentrates on these matters.

The only general practitioner of medicine in the U.S. Congress, Roy Rowland of Georgia, will also be here. Dr. Rowland represents a largely rural area surrounding Macon. He is a member of the Select Committee on Children, Youth and Families.

The price for a ticket to this event remains at \$10.00 per adult, as it has been from the beginning. More details may be obtained from the campaign office in Stamford, 915/773-5521.

In the Mall of Abilene, the site of the local telecast, the group will perform in the demonstration area in front of Dillard's.

The 1988 dance team consists of 34 young ladies from all parts of Texas in addition to members from New Mexico and Oklahoma. Each member of the Wrangler Belles receives an activity scholarship and college credits for their participation. The team also plays a major role in promoting Cisco Junior College by making appearances in many events throughout the Big Country.

Applications of this separation process are also being examined.

Either-Sex Deer Harvest

The Texas Parks and Wildlife Department would like to remind landowners and sportsmen in Eastland County that no antlerless deer permits will be required for the 1988-1989 deer season. Antlerless deer taken during the season need only to be tagged with the appropriate tag from the required hunting license.

Annual deer population surveys are being conducted at the present time in order to monitor deer numbers and ratios and to develop recommended harvest rates. These harvest recommendations will be made available to the general public by mid-October.

Landowners are reminded that these recommendations are very general and are intended only as guidelines.

Landowners should carefully decide on the number of deer to be harvested from their individual ranches, depending upon their particular knowledge of the ranch.

Hunters and sportsmen are also reminded that, although no antlerless deer permits will be required, the landowner makes the ultimate decision as to how many deer may be harvested on his land.

The general deer season in Eastland County will open on November 5, 1988 and run through January 1, 1989. Please refer to the 1988-1989 Texas Hunting Guide for information concerning seasons, bag limits, and means and methods for taking wildlife in various counties.

Peanut Belt Separator Demonstrated Sept. 6

A new peanut belt separator aimed at enhancing peanut quality will be demonstrated September 6, at 1:30 p.m. at the Birdsong Peanuts buying point in Gorman.

Peanut producers throughout the state are invited to attend the demonstration, which is being conducted by the Texas Agricultural Extension Service in cooperation with Birdsong Peanuts.

The belt separator is a key ingredient of the Peanut Quality Enhancement Project, an industry-wide research project being conducted by USDA scientists, said DeMarquis Gordon, Eastland County Extension

Putnam Musical

To Be Friday

The monthly Putnam Musical will be at the schoolhouse on Friday, Sept. 2. The concession stand will open at 5 p.m. with a good meal, and the music will begin at 6 p.m.

Al Anderson will be in charge again this month, filling in until R.D. Weeks can be Master of Ceremonies again. Al is going to raffle off a pair of cowboy boots, with the proceeds to go to the Weeks Hospital Fund.

Al also reports that he has a lot of good music lined up, and of course the food is always great at Putnam. So come out, enjoy the food, and listen to some of the top area musicians.

Bythel Burl Spink

CISCO-- Graveside services for Bythel Burl Spink, 82, were held at 10 a.m. Monday, August 29, 1988, in Nimrod Cemetery. Rev. John Hood officiated with Kimbrough Funeral Home in charge of arrangements.

Mr. Spink died Friday, August 26, 1988, at Hendrick Medical Center in Abilene. Born Nov. 16, 1906, in Coryell County, he was a member of Calvary Baptist Church and was a retired produce clerk.

He married May 7, 1932 in Breckenridge.

Survivors include his wife, Dicy Spink of Cisco; and daughter and son-in-law, Bobbie June and Royce Taylor of Cisco; and three sisters-in-law, Katie Fonville of Crystal Falls, Thelma Thurman of Breckenridge, and Verva Thurman of Alamogordo, N.M.

Pallbearers were Wayne Webb, John Nevill, Roy Rogers, Larry Bryant, Raiford Taylor and Bobby Boyd. Honorary pallbearers were Lynn Echols, Royce Harris, Paul Marshall, Slim Ballinger, Earl Harris, Sonny Thompson, Willie Willingham, Buford Cozart, Ivan Page and John Nelms.

Virgie May Fulcher

Mrs. Virgie May Fulcher, age 86, died at Shuffield Nursing Home #1 in Brady, Texas on Friday.

Services were held at 2:00 p.m. Sunday at the 2nd Baptist Church, Ranger. Burial was in the Evergreen Cemetery under the direction of Edwards Funeral Home.

Mrs. Fulcher was born July 16, 1902, in Comanche County. She resided in Ranger and Eastland for many years. When her health declined, she moved

to Brady to live with her daughter, Mrs. Ruby Swartz. Virgie was a member of the Baptist Church for most of her life and was a member of the Royal Neighbors.

She was preceded in death by her husband, W.D. "Bill" Fulcher, on March 3, 1969, and a son, Roy C. Fulcher, on September 9, 1983.

Survivors include a daughter, Ruby Swartz; a son-in-law, Thurston Swartz; a great-granddaughter, Heather Pimm; and a great-grandson, David Pimm all of Brady. She is also survived by a number of nieces and nephews.

William Franklin Simmons

CISCO--William Franklin (Jake) Simmons, 76, of Olden, died Monday night at Eastland Memorial Hospital. Services are pending at Kimbrough Funeral Home.

Study Shows Advertising Works Even More Effectively Than Many Imagined

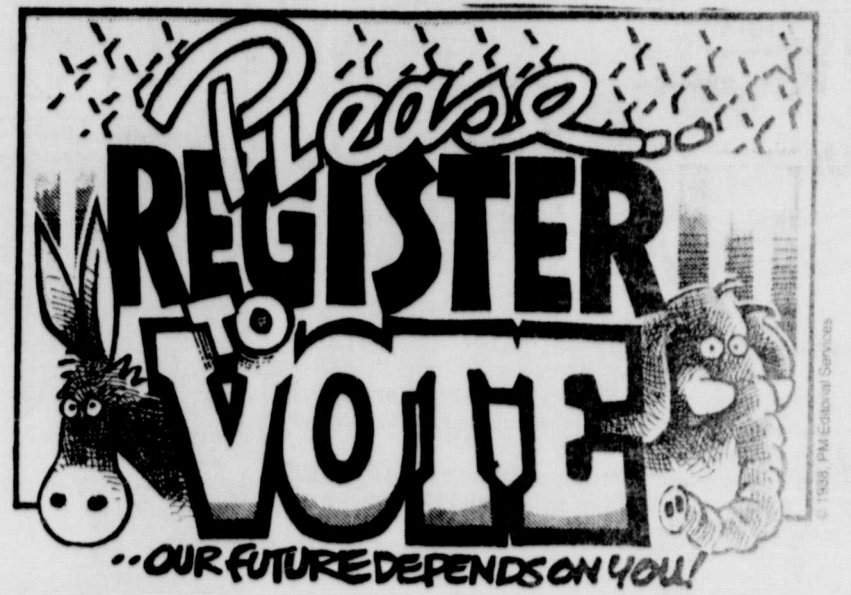

A study conducted jointly by the Advertising Research Foundation and the Association of Publishers sought to measure definitively how trade advertising affects sales and profits. Many of the nation's leading manufacturers, advertising agencies and publishers helped sponsor the study.

Potential buyers were divided into three groups of equal size. Each group was exposed to a different ad schedule and then examined for reader response. Manufacturers' and distributors' records of sales and inquiries were identified both when ads were appearing and after.

Conclusion - the more a company advertises, the more it benefits from increased sales and profits. Here are the highlights:

- 1. More Advertising Means More Sales.** Advertising produces more sales than would occur without advertising. Increasing an advertising schedule results in even more product sales.
- 2. More Advertising Results in Higher Profits.** In every single study example, advertising increased profits. And the more advertising, the higher the profits.
- 3. More Advertising Increases Sales Leads.** Increasing the ad schedule increases qualified sales leads (per thousand recipients) dramatically. Not only do you get more sales leads because of more insertions, but you get more sales leads per insertion.
- 4. Results Begin Almost Immediately.** Publication advertising begins paying dividends very quickly.
- 5. Color Advertising Dramatically Increases Sales.**
- 6. An Advertising Campaign Keeps Working for a Full Year...and More.**
- 7. More Advertising Helps Build a Dealer Network.**
- 8. It Pays to Advertise to Both Dealers and End-Users.**

PARENTS ARE CHILDREN'S MOST IMPORTANT TEACHERS

Research has proven that children's chances for success in school are much better when their parents get involved in their education.

So important is parental involvement to education, that the State Board of Education made improved parental and community involvement a major goal of its Long-Range Plan for Texas Public School Education.

"There is some evidence that shows that it doesn't matter what level of involvement a parent takes as long as he or she supports what the school is doing," Lopez says.

Much of the assistance parents can give their children at home is developmental, says Lopez, and includes such tasks as teaching a child to count by using pots and pans or helping a child learn to read by selecting books at the library and reading them aloud together.

Lopez says that even parents who may be undereducated themselves can still find many things they can do to help their children.

"These parents make a difference when they encourage their children to finish their homework, make sure they have a good breakfast and that they get to school on time and attend regularly," Lopez says.

In addition, the staff of the Texas Education Agency has prepared a list of some simple, everyday things parents can do to help their children succeed in school. These include:

- ★ Speak to your child about the importance of a good education. Children should learn to respect school.
- ★ Get to know your child's teacher and the school principal. It's important to meet your child's teachers at the beginning of the school year and let them know you care.
- ★ Help your child's teacher by reinforcing the importance of following school rules to your child. Talk about discipline, especially self-discipline.
- ★ See that homework is done every day. Check to see that homework is done correctly and provide a quiet place for your child to study. Be sure your child remembers to take homework to school each morning.
- ★ Provide your child with breakfast each day and make sure your child is at school on time.
- ★ Parents can also help their children become better readers. Become an example for your child by reading newspapers, magazines or books from time to time.
- ★ Take your children to the library. Schedule trips regularly to get books for your child to read.
- ★ Talk to your child often. Make your child a partner in all your conversations and encourage and praise your child often.
- ★ Ask teachers to help choose books that are on your child's reading level. Read to your child and encourage your child to read aloud.
- ★ Encourage your child to write. Writing is important to reading. Have pens, pencils, crayons and paper available.
- ★ Play learning games with your child. Ask your child's teacher to recommend sight word cards, puzzles and other learning materials that make learning fun.
- ★ If you feel your child has trouble learning at school, contact your child's teacher and school officials.
- ★ Investigate whether your child needs special education classes. Through conferences it can be determined whether your child should participate in special classes.
- ★ Finally, parents should always remember that they are their children's most important and influential teachers.

Ross - Matthews

Kristina Grace Ross and Ricky Lynn Matthews exchanged wedding vows in a double ring ceremony on August 13, 1988 at eight o'clock in the evening in the sanctuary of the First Baptist Church in Eastland.

The bride's parents are Mr. and Mrs. Charles Hutto of Eastland. The groom's parents are Mrs. Joseph Matthews of Azle, Texas and the late Joseph Matthews.

Guests were registered in the foyer of the church by Holly Dunlap of Jacksboro, Texas. The table was decorated in a white cloth with peach ribbon and a variation of blue silk flowers in an arrangement centered around a peach candle.

Pre-nuptial organ selections just prior to the ceremony was played by

Mrs. Bob Mayberry of Fort Worth and "Home is Where The Heart Is" (Sandi Patti) was played after the seating of the families.

The Reverend Bob Mayberry of Baptist Temple of Fort Worth officiated as the couple pledged their vows before a brass arch entwined with garlands of English ivy. The Brass unity candle, entwined with English ivy and peach satin ribbon was centered under the arch. The bridal pair stood between brass candlebras bearing white tapers. The scrolling of the candlebras were entwined with English ivy and large

peach satin bows.

The attendants entered the sanctuary to the "Bridal March" prelude. Staci Dunlap of Denton, Texas served as maid of honor. She wore a tea-length gown of peach lace over peach satin. Ramona Ross of Eastland served as her sister's bridesmaid. She wore a tea-length gown of blue satin accented with matching blue satin bows. They both carried blue and peach silk flower bouquets tied with peach satin ribbon. Bob Beard of Fort Worth served as Best Man and groomsmen was Dale Sherman of San Antonio. John Ross, the bride's brother was the couple's ring bearer. They were all attired in navy striped suits. The ushers were Scott Carter of Fort Worth and the bride's brother, Dempsey Ross of Olden, Texas.

All of the floral arrangements, decorations, and bouquets were designed and special made for the bride and the bridal party by the bride's sister-in-law, Ronda Ross of Olden.

The bride was escorted down the aisle by her dad, Charles Hutto, after she presented her mother a rose, they paused for vocalist, Gina Sherman of San Antonio to sing, "You Light Up My Life". As the couple ascended to the altar, the bride was given in marriage by her parents.

The bride wore a formal gown of elegant lace, sheer illusion, and re-embroidered

lace, trimmed with scalloped re-embroidered lace and mock seed pearls. The dress had a Queen Anne neckline, lantern sleeves of sheer illusion and re-embroidered lace. Satin ribbons and lace applique highlighted the waistline, the all lace skirt and sweeping chapel train were trimmed with scalloped re-embroidered lace. The scalloped lace trimmed fingertip veil was attached to a re-embroidered lace cap embellished with mock seed pearls. The bride wore a pearl necklace and an opal necklace given to her by her mother. She carried a bouquet of blue and peach accented with peach satin ribbons.

The groom was attired in a navy tuxedo with a navy bow and sash.

After the exchange of vows, Mrs. Sherman sang, "We Only Just Begun". The couple then lit the unity candle, after giving the groom's mother a rose, the couple then led the recessional.

A reception, hosted by the bride's parents, was held in the fellowship hall of the church. The table was covered in a blue cloth with a white lace covering accented with peach satin ribbon and the bride's bouquet. The three-tiered cakes was made by Mrs. Sherman of San Antonio. Serving was Katrin Bisbee, Janie Sancillo, Melody Calhoun, and Vicki Grifface.

After a short trip the newlyweds will make their home in Fort Worth.

10th Annual FUNDAY
Charlie & Cindy Stenholm
What is Funday?
It's a down home, old-fashioned political picnic sponsored by The Friends for Charlie. It's the Stenholm for Congress Committee's largest fundraising event.
It's a special time set aside for Charlie and Cindy and their children to visit old friends.
Funday is a picnic with all the fixin's and field-fresh sliced watermelon too. It's live entertainment. It's a chance for Stenholm supporters to meet and greet. Charlie likes to bring colleagues to see the 17th District that he's so proud to represent.

The Cisco Service Club is putting together a Microwave Cookbook. They are in the process of selling business ads in the cookbook, and if you would like to have your ad in the book call Sue Lacy, president, at 442-2346.

Joel Prickett said he is looking forward to this year's football season. Joel will be playing for the Lobo Junior Varsity team. His jersey number will be 67.

The following poem was written by Guy Abbott. It is entitled "Thanks Mom."

Mom-you brought me into this world,

You took care of me though I wasn't a girl.

Thank you Mom for all the hugs and kisses,

And all the hits and all the misses.

Thank you Mom for peanut butter and ritz,

And other candy, cookies and other bits.

They have meant so much to me, son and big boy.

You have seen me more than just a toy.

Thank you for the days to come up,

If the Lord stands by us, we will stand up,

After He is our Maker, And also He will be our undertaker.

There is a new sign up just east of town off of Highway 80 to show where the Eastland County Rural Road 101 is located.

David Gill, with the Cisco Volunteer Fire Department said they have more signs, but they need help in putting the signs up.

If anyone would like more information about the signs or if they would like to help or would like to donate the materials to put the signs up, contact David at the Fire Department, 442-3078.

City Council Approves Well Drilling Permit

The Cisco City Council approved an oil well drilling permit for the Tex-Am Petroleum, at a special called meeting held Monday at the council chambers. Council also passed a motion for the City of Cisco to sign a lease with Tex-Am stating that the city will receive 15 percent royalty from the well. City Manager Mike Moore and Gene Bilbrey, president of Tex-Am will work together on the details of the lease agreement.

The drilling will begin within two weeks, at the Burgess-Manning Well No. 1 site. The location will be between east 9th and 10th streets.

Tex-Am Petroleum leased 20.3 acres from the City of Cisco for the site. Tex-Am Petroleum Corp., is out of Eastland, with Gene Bilby, president. Mr. Bilby was at the meeting.

Mr. Bilby said there would not be any operation at the personal property except for the pipe line. The company said they will lay a pipe line so the tank batteries will not be on any property.

Tex-Am will have the right of way from 14th street to between 5th and 6th streets on the east side of town.

How Does One Adjust To Widowhood?
There are many excellent texts and reference books relating to the adjustments which surviving widows and widowers must make. Most are not overly technical and may help you understand better the transitional stages of widowhood. These books help explain how to facilitate healthy mental and physical adjustments after the loss of a loved one.

Here are just a few of them:

- "Parents Without Partners"-- J. Egleson.
- "Explaining Death to Children"-- E. Grollman.
- "For the Living"-- Edgar Jackson.
- "When Death Takes a Father"-- G. Koolman.
- "On Death and Dying"-- E. Kubler-Ross.
- "The Widow-to-Widow Program"-- Mental Hygiene Magazine, Volume 53, No. 3, 1969.
- "When Your Wife is a Widow"-- Changing Times Magazine, June, 1971.
