YARD OF THE WEEK-- The Cisco Garden Club has chosen the yard of Stanlee and Durene McCracken, 711 West 7th Street, as the Yard of the Week. The Cisco Garden Club will have a picture printed in The Cisco Press each

week as their choice of Yard of Week. If anyone knows of a beautiful yard that can be picked for this honor, please call 442-2134. (Staff Photo)

Property To Be Seized For Taxes

City of Cisco council members discussed the policy regarding tax warrants and seizures for delinquent property taxes at their last meeting held last Tuesday at City Hall.

Mike Moore, city manager, told the mayor and council members that personal tax accounts owing the larger amounts of delinquent taxes, or accounts that are delinquent for multiple years will receive priority in the seizure proceedings.

Moore gave each council member a policy list for initiating and pursuing the issuing tax warrants. He said any personal property tax account that is delinquent for a minimum of two years are subject to seizure of personal property. He added that if any personal property tax account, current or delinquent, is in danger of the owner moving, impending bankruptcy, or foreclosure, then they are subject to seizure within the provisions of the Texas Property Tax Code and the City of Cisco policy.

Moore said the owners of the delinquent accounts who will have their property seized, will also have to pay an added 15 per cent of their delinquent taxes total for lawyer fees. Moore said he is very serious about this action. He said the City of Cisco will get 100 per cent of the past due taxes.

The tax warrant policy states that if the property is seized and the owner still refuses to pay taxes and costs owed, then appropriate notices will be provided and the seized property sold to recover delinquent taxes.

Moore said property owners will not be surprised about having their property

seized. He said they have been notified about their past due taxes several times and they have ignored the notices.

Moore said the city will mail out this year's tax statements to citizens by October 15. He said this way citizens can take an opportunity to pay early and not have to pay for a late charge.

In other matters city manager Moore told the council members that the street seal coating is still going strong. He said the city has seal coated 75-76 blocks this season. Moore said this is the biggest number of streets the city has ever done in this amount of time in years. And, he added, the city has had to work with a smaller amount of employees.

Moore told the council during the city manager's report that he has called Bob Bullock, tax comptroller, at Austin and talked to him about the garage sale problem in Cisco. He said Bullock told him that most towns will only let a commercial home have 2 garage sales a year. But, Moore said, in Cisco sometimes these garage sales last for 3 or 4 days and they have them several times a year.

Bullock said if someone wants to have several garage sales, then they need to get a tax permit like a business has to.

Moore told the council that Patterson Ambulance will be staying in this area for at least one year. He said they are a private business and if

their outgo is more than their ingo then they won't be able to stay.

Moore said \$36.00 a year is a good deal and he hopes more people will become a member of the ambulance service. Moore said this is the best way to go to help keep an ambulance in this area without having taxes.

Moore said ambulance dues are a part of life in Eastland County, just like taxes and everyone should pay their part. He said if the citizens want to have a private ambulance service then the city council will listen to what they say. But, Moore said, he believes this is the best way.

Patterson Ambulance will accept memberships until June 30, Moore said.

Council members also agreed to approve the financial audit for Eastland County Cooperative Dispatch for Fiscal Year 1987-88. Moore said the city of Eastland, the city of Cisco, the county of Eastland and Patterson Ambulance each paid \$50.00 to pay for the audit forms. Moore said Cisco used the money out of the surplus account. The council also ap-

proved the budget for the Eastland County Cooperative Dispatch Budget.

They also approved the contract with Texas Municipal League Worker's Compensation Joint Insurance Fund for the fiscal year of 1988-89. Moore said this insurance is required by law.

Moore said the City of Cisco paid every bill that was due for the past fiscal year. He said the city also had to pay back \$30,000 they borrowed last year from the fund. Moore said the city is doing good to be able to pay the money back and not to have to borrow from next year's fund.

Mayor Joe Wheatley told city manager Moore that this shows that he has good abilities when shown the figures given to him at the meeting.

Attending the meeting were council members, Vernetta Pierce, Olin Odum, Arlie Whitley and Allen Masters and Mayor Joe Wheatley, city secretary, Ginger Johnson and city manager, Mike Moore.

Patterson Ambulance To Stay: Members Needed

Patterson Ambulance Service will continue to serve in this area even though it did not achieve its announced goal for membership, according to an announcement by Owners/Operators Tommy and Carol Patterson.

"We regret that we didn't reach our goal of 1,700 by the end of September," Mr. Patterson said, "but because of the support and encouragement that we have had, we feel a moral obligation to continue to provide the serv-

ice for as long as we possibly can."

A total of 1,131 members had been signed up by mid-week, and with the announcement of the firm's intention to remain in service, it is hoped that the additional members will join at the low support price of \$36.00 per year.

Mr. and Mrs. Patterson, in making the announcement especially expressed their appreciation to M.H. Perry and to all who had worked so hard and unselfishly in securing support for the emergency ambulance service.

The Cisco and Eastland areas have shown us that there definitely is support for an emergency ambulance service and we want to work hard to continue to merit that support, they said.

Membership application forms are available at many locations, including the city halls, chambers of commerce, and at the Patterson office.

Details may be secured through their business telephone number at 629-2882. The company had earlier announced that they would not be able to continue the service because of lack of support and increased regulations resulting in increased costs to operate the service,

but the public has generally turned out to support and encourage the company. If the firm were to be lost through lack of support, citizens probably would be saddled with increased taxes to help underwrite an emergency ambulance service. It was generally agreed that support for the existing high professional service would be better than attempting to set up volunteer programs to serve the needs of this area. The company receives no subsidies from any of the local cities or from the county, and operates from funds received from memberships and third-party participants.

It is believed that there are a great number of citizens who had not signed up as members because it wasn't known whether the firm could stay or not, so now that the Pattersons have announced their intention to remain in business, that these will come forward, support the service, and join their fellow citizens in helping provide this important public service to this entire area.

"We feel a great obligation to our members,"

Mr. Patterson said, "and we love this area, and want to remain in business here."

Schustereit To Be Grand Marshal Of Parade

Grand Marshall for the Cisco Homecoming Parade will be Dr. Roger Schustereit, president of Cisco Junior College. Dr. Schustereit began his duties as the president of the college this summer. The parade will be held at 3:30 p.m., Friday, October 7. The parade will proceed south on Conrad Hilton Avenue, turn right at West Tenth Street, and continue to the Thrift Mart parking lot.

Entries for the Cisco Homecoming Parade need to report to their starting assigned positions by 3:00 p.m., for the judging, according to reports. Entries will be given line-up instructions and parade deputies will be available to offer assistance and information.

First place winners in each division will receive trophies. A \$25 prize will be awarded to the best overall entry, and a \$5 prize will be awarded to the best decorated bicycle.

This year judges for the parade will be Joe Wheatley, Emma Watts and Chief Brown. Mr. Wheatley is the Mayor of Cisco and owns Cisco Lumber and Supply. Ms. Watts is the president of the Chamber of Commerce and works at Cisco Junior College and Chief Brown is a chiropractor and a member of the Cisco Chamber of Commerce.

The line of parade entries will be as follows:

1. Group equestrian.
2. Individual equestrian.
3. Antique cars.
4. Decorated bicycles.
5. Commercial.
6. Queen nominees.
7. Returning queen.
8. Grand marshal.
9. Honor guard.

Register And Vote

If you are not registered to vote, you must register before October 8, which is a week from Saturday, to be able to vote in the Presidential Election in November.

10. Classes of CHS.
11. Civic organizations.
12. Student organizations.
13. Cisco Junior High.
14. CJC Band and Belles.
15. CHS band.
16. Individual entries.
17. Varsity and JV Lobos.

(See the map of parade route inside).

A pep rally will be held at Thrift Mart's parking lot following the parade. The game between the Cisco Lobos and Ranger Bulldogs will be held that night at 7:30 p.m. The traditional bonfire will be held Thursday.

The Student Council of Cisco High School is in charge of the parade this year and would like to invite everyone or any organization, who would like to be in the Homecoming Parade to call the high school at 442-3051.

Wrangler Basketball Scrimmages To Start Oct. 6

The Cisco Junior College Lady Wrangler Basketball team started practice September 6 with 16 young ladies trying out for positions on the team. The first scrimmage this year will be Thursday, Oct. 6, with McMurry. The starting time will be 6 p.m. in the Cisco Junior College Gym.

Coach Ronnie Hearne has been directing the team through two hour work-outs in the gym each day. After practicing in the gym the team goes through a weight lifting program and runs cross country. Players who get out of classes in time are working on their shooting by 1 p.m. each day and after the weight lifting or running is over it is about 4:30 p.m. each day when they finish.

Other scrimmages for the team are as follows:
October 11 with Ranger Junior College at Eastland High School.
October 17 with Tarleton State University at Stephenville.

October 20 with Howard Payne University at Cisco.

October 24 with Tarleton State University at Cisco.

October 27 with Howard Payne University at Brownwood.

Each of these contest starts at 6 p.m. and the public is invited to attend with no admission charge.

This year's team will be inexperienced and lacking in overall height. These disadvantages will be offset by defense, quickness, and outstanding outside shooting. Elayne Caruthers, 5'6" point guard from Plainview High School is the only starter from last year's team. Elayne is a very exciting player to watch and will be giving the team the leadership it needs early in the season. Michelle Wilkinson, 5'9" guard, from Panhandle High School, is the other sophomore on the team. Michelle will also be counted on for her leadership. Michelle has a lot of talent and is an excellent

outside shooter. The remainder of the team is made up of 14 freshmen. It is too early to determine which ones will contribute the most this early in the season.

After scrimmaging other colleges in the month of October, the Lady Wranglers will open the season on November 3 in a tournament at Temple Junior College.

Area Songwriters Are Solid Gold

It would come as no surprise, if it were learned that a soft glow radiated from the Majestic Theatre last Tuesday night during the "Heart of Texas Songwriter's Showcase." It was certainly luminous inside, as the old grand piano, along with masterfully rendered string notes and top caliber vocalists blended with an ease and strength that beautifully showcased the rich, heartfelt lyrics of our best area songwriters.

All told, there were fourteen songwriters, representing nine cities and four counties, from Ranger to as far west as Abilene; northward to Albany, and south to De Leon, including most points in between.

Early on, David J. Price of Carbon set a mood of reverence as he and Donna Parrigan of Cisco opened the show with a pair of religious

News From Canterbury Villa

By MAE GREEN

This past June 1, I had a problem finding time to provide nail care for the residents of Canterbury Villa.

I called Christine Reich, past president of the Nursing Home Volunteer Council. She found a few pre-teen girls who began nail care for the residents on Tuesday mornings.

The residents were delighted with the attention of these young ladies! The girls found a double joy in caring for nails and sharing Scripture passages at the same time.

That summer project is being carried over into the fall under the supervision of Cheryl Gonzales and Ruby Watson of Calvary Baptist Church. The girls will come to Canterbury Villa on Tuesday afternoons following school to care for nails and share the love of Jesus.

Those formerly involved and those currently involved include Lori and Stacy Boersma, Stacey Watson, Carrie Kearney, Lucinda Harris, Carrie Roark, Sherry Marshall, Kerstin Gerhardt, April and Sunshine Duncan, Shala Hitt and Rebecca Steddum. Also shown in the above picture

are Lou Dial and Jennie Collins, two residents of Canterbury Villa who enjoy having their nails done.

Others interested in sharing in this project are invited to call Calvary Baptist Church office at 442-2183.

Songwriters Contest Held

FROM PAGE ONE.....

numbers. As the words flowed together, one was immediately aware of the strength of his conviction.

Jeff Gandet of Abilene followed in the same spiritual vein as he performed two beautiful songs which were inspired by his rise

from personal crisis.

Kevin Reed, rich baritone voice intact, combined with Ruth York's stylish touch on the piano to offer a strong religious piece and an uplifting love song that would make the old men feel young again.

To change the pace, Ruth York treated the audience with two songs she wrote for the Historical Society's "First Wedding" play. Vicki Robinett of De Leon, Cindi Barr of Eastland, Kevin Reed of Cisco, Sherra Cates, and Sherrie Phillips of Eastland executed the vocal for "Treasure Those Memories" as Donna Parigan of Cisco, Gave Wright of Gorman, Raymond Hart and Bennie Moseley of Ranger supplied the instrumentals to transport everyone back to that day of frontier love.

The second of these two songs "All My Days" was superbly performed by Keith Henson.

Although she was a last-minute addition to the show, everyone was quite pleased that Oleta Gwynn of Ranger showed up with her guitar, ready to sing. As she began her song, "A New Star", her unique voice and stirring lyrics instantly tugged at the heart.

Julia Worthy and Ruth York furnished us with two songs, "Walkin' Doll" and "Problems, Problems" to quicken the pace and lighten the mood. This picking up of the tempo was even further enhanced by the ever-vibrant Cindi Barr of Eastland as she knocked these two songs out with unsurpassed professional ease.

Vicki Robinett was next as she presented two songs by her mother, Ann Keith of Desdemona; while Ruth York again proved an asset on the piano. "Branded by the Ring" and "Amen Corner" emphasized matrimonial conviction and religious conviction.

Kevin Rhodes of Eastland, along with his guitar, sparkled

as he presented us with his two songs, "My Heart Belongs To Texas" and "You Are".

Kevin Reed appeared on stage once more to please everyone with a beautiful creation by himself and Julia Worthy entitled "My Melinda".

The next selection was written by Bettie Sue Townsend of Albany and Ruth York. "He Sang Me a Song" was begun by Bettie as she recalled her father singing her a song from his youth, as he lay in his hospital bed, where he died a short time later. Ruth York did justice to the lyrics with a great deal of piano and vocal style.

Pat Owens of Cisco was next to do a song by Clois Webb, also of Cisco, entitled "When Jesus Comes". This was a touching song that Mr. Webb wrote after the death of his wife.

Pat remained on stage to perform two very classy songs that she wrote while at a very young age. "My Joe's No Shmoe" was written when she was about twelve years old, and "Simple Christmas" when she first went away to college.

Following this, there was another last minute addition, as Raymond Hart pleased the audience with his song, "Run Along".

Cindy Barr presented these final selections as she glided gracefully through "Where Is Your Promise Now", by Steve Zachar of Abilene.

In case you weren't already aware, Cindi has just returned from Nashville, where she recorded a duet with Steve Zachar for the West Texas Rehab Center.

Also, she sang backup on the soon to be released recording of "Brother's Now", by Steve Zachar and Steven Pride (brother of Charley Pride). As if that weren't enough, Cindi will be appearing on "You Can Be a Star" on the Nashville Network in November.

The night came to an end as the performers all came back out to sing "Amazing Grace", and capped off with Ruth York's special "Thank You Song".

Grand Jury Set To Meet

A 91st District Court grand jury will convene Tuesday and among the many cases to be considered will be the recent major drug bust in which some \$3 million in product and enough equipment to fill three labs were confiscated.

Misdemeanor trails are set for County Court beginning Monday.

Girl Scouts Take The Lead

Girls Scouts of Cisco are preparing for another year of fun and challenges in learning to "take the lead" as future leaders of their local community, state and nation. During the past year, over 75 girls and adults have been active in Girl Scouting in Cisco, with two troops and many individual members participating. Their activities included: field trips, troop campouts, attending council-wide events and playdays, participating in the annual cookie sale, learning new skills, attending summer camp and having lots of fun.

The women and men who volunteer to lead Girl Scout troops are making substantial investments in our community. They are stepping in to see that our girls do not become part of the growing group of young people abusing alcohol and drugs, dropping out of school, facing unemployment and giving up on life by committing suicide. Girl Scout leaders form key partnerships with girls. They help girls realize their worth, develop sound values and decision-making skills, and turn potentially destructive behavior into

positive action. These leaders invest time and support. Girls gain self-confidence and begin exploring their future roles as women. With their personal lives in focus, girls move on to become responsible citizens and make valuable contributions to society.

A good investment pays out dividends for many years. The investment of a Girl Scout leader helps ensure a positive future for girls and for our community and it gives volunteers the benefit of knowing that they have helped mold tomorrow's leaders.

Sound investment promise high returns with a minimum of risk. Girl Scouting is one sure investment that yields excellent benefits for girls and their communities, requiring only an enthusiastic commitment of time and talent.

The Girl Scout program is open to all girls ages five through seventeen. As troops begin their fall activities in Cisco, girls and adults who might be interested in joining the fun of Girl Scouting are encouraged to contact Sarah Hounshell, 442-4616, for more information.

County Resource Association Meets

The Eastland County Resource Association held its first meeting of the fall on Sept. 21 at Eastland Centennial Memorial Library.

Good reports were heard from David Bondurant, President, Helen Osburn, Treasurer, and various other members.

David Bondurant reported that the group now has around 30 members, with each of these individuals or organizations helping support the county-wide work for the needy.

He said that letters with invitations for others to join would go out soon. The Resources Association deals with critical needs of people in this county. Memberships are \$10 monthly, with all the funds going for charitable purposes.

Bondurant also said that the Booklet listing County Resources was near completion. This has been compiled by the County Extension Homemaker's Clubs.

Mary Dunn, Director of the County Food Pantry at the Multipurpose Center, reported that she presently has enough food at the Center. She told of Churches and individuals which had contributed to the supply.

Last month she assisted 28 needy families with 93 members in their households,

she said. This year through August she has helped 206 families with 694 household members.

Mrs. Dunn said she would be leaving the Food Pantry in October, because the Vista funds which pay for her work will end. The Pantry will continue in the trailer housing the Multipurpose Center, however. Eventually the Center might have to move to another location, since the county may clear the lot north of the Jail where it stands.

Mrs. Dunn reminded the Resources Association that it was volunteer contributions from citizens which kept the Food Pantry going.

"We receive no assistance for food from the City, County, State or Federal Government," she said.

Peggy Roberts, Director of the Multipurpose Center, said that departments of her work at the Center were funded by Central Texas Opportunities. The Center was on a limited budget, however, and donations were always welcome. The Multipurpose Center has a clothing room, a transportation program, a Family Planning Clinic, and a Commodities distribution, and assists with utilities for the needy.

Volunteers are needed to work at the Center on Fridays, Mrs. Roberts said.

8th Annual Vassarette Reunion Nov. 6

Gordon Spot

By DeMarquis Gordon, County Agent—

The dryland peanuts in Eastland County are not expected to yield a very good crop this fall. The irrigated peanuts will be better, but still below standard. That was the report from producers who attended the county peanut demonstration tour last Tuesday. The rains in September were too little, too late. The peanut maturity is slowing down now with the beginning of cooler weather. The dryland peanuts just did not have enough rainfall when the other growing conditions were good. Our irrigated crops need help from rainfall to have real good conditions.

Most wells are low due to the drought and cannot produce enough water for maximum production.

The development of computers and computer programs have come a long way in recent years. The computer can be a very useful tool to help manage your farm, home, or business. Many have been using them for some time.

The computer workshop planned for Friday, October 7th, at TU Electric in Eastland is designed for those who are considering the purchase of a microcomputer or those who have purchased one and want to know how it can help make

management decisions. This will include discussions, exhibits, demonstrations, and hands-on experience. Please call the Extension office if you would like to attend so that we may know how to prepare for those attending.

The Texas Agricultural Extension Service is cooperating with the Internal Revenue Service in offering many Tax Practitioner Workshops across the state. Twenty-eight General Workshops will be held in Texas. The two workshops nearest Eastland County are in Stephenville at the TAMU Research and Extension Center at U.S. 281 and FM 8 on November 14 and 15, and in Abilene at Kiva Hotel, 5483 S. First Street, on December 5 and 6. There will also be fifteen Advanced Workshops offered in major cities. The General Tax Workshops will concentrate mostly on personal taxes...the Advanced Workshops' emphasis will be on business tax problems.

In addition to the General and Advanced Tax Workshops, there will be four Partnership Workshops, four Estate Planning and Tax Form Preparation Workshops, three Income Taxation of Trusts and Estate Workshops, and four Problem Resolution Workshops.

VASSARETTE REUNION—The 8th Annual Reunion for all former employees of the Vassarette of Munsingwear, and the old Hollywood-Maxwell Companies will be held Saturday, November 6th, from 10:30 to 2:30 in

the afternoon, at Camp Inspiration. A covered dish luncheon will be served at noon. The plant closed in the summer of 1980 after being in Eastland 34 years. (Photo made in June, 1975)

October 7 Musical

The regular monthly Musical will be held at Putnam in the schoolhouse on Friday, Oct. 7. The concession stand will open at 5 p.m. and the music begin at 6 p.m.

Al Anderson of Cisco will be in charge of the music again this month, filling in for R.D. Weeks. As says a lot of good musicians are already lined up for the program.

So come out, enjoy a good meal, and listen to some favorite tunes.

Pharmacy Topics
By Bob Mueller

Researchers at Johns Hopkins in Maryland have come up with a thermometer that patients swallow. It measures "core" temperature, emitting signals that are picked up by a receiver.

Experimental treatment is being used to help women who've had multiple miscarriages carry their babies to term, by blocking their rejection response. Research is being done at Methodist Center for Reproduction and Transplantation Immunology in Indianapolis and at Jefferson Medical College in Philadelphia.

New device -- a burn depth indicator -- can measure the severity of burns and help determine if grafts are advisable. Video-imaging camera was developed for the Army at the University of Washington in Seattle.

New ointment, mupirocin, clears up impetigo without concurrent antibiotic pills. In clinical trials, the drug was shown to be as effective as erythromycin.

What's new in medicine? We keep up with the latest developments, the better to serve you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Railroad Commission Well Plugging Penalties Top \$39,000

AUSTIN--The Railroad Commission assessed a total of \$39,500 in administrative penalties this week to eight oil and gas operators for problems under Commission well plugging rules. The largest penalty total, \$15,000, went to H.E. Austin of Cisco for a total of six inactive and unplugged wells on the Clements, Baker,

KOKOMO NEWS
Sunday, October 2, will be the start of the new church year at the Kokomo Baptist Church, and there will be a covered dish lunch in the fellowship hall following the morning service. All members are urged to be there, and visitors are welcome to come and enjoy the good food and christian fellowship.

Members of the Kokomo Baptist Church went to the Canterbury Villa home in Gorman on Sunday afternoon for the church service in place of the Carbon Baptist Church as they were celebrating a special day at their church. The Carbon church will have services at the nursing home on second and fourth Sundays next month. Those from Kokomo attending the service at Canterbury Villa were Bro. Clarence and Leona Wilson, Jimmy Little, Mammie Little, J.L. Morrow, Bernice Rodgers, Nancy Hendricks, Hope Joiner and Wynelle

Brown. Friday visitors with J.C. and Anna Laura Clearman were her nephew, Mark Mounts and O'Dessa Baylor of Tye. Hugh and Dorothy Clearman of Lawn and Blanton and Ella Clearman of Lamesa were also visiting with the J.C. Clearmans. Mr. and Mrs. Cullen Rodgers were in Midlothian for a family reunion with their children, Gene and Lou Rodgers, Jim and Wilda Rodgers and their families and Ruth and Rodney Spencer of San Antonio and Deanna and Benny Chupp of Houston. They all attended the Birthday party honoring Gene Rodgers on his 55th birthday on Saturday night, Sept. 24th, in the community room of the First National Bank in Midlothian.

Jeff and Sarah Fields of Big Spring were recent visitors with Vernon and Deon Fields and Lindell. Mrs. Lillie Mae Brandon of Eden visited from Saturday until Monday with Glenn and Zeldia Jordan and with her

George Olson, and Olson "A" leases in Eastland County. All the wells have been inactive for at least two years. Other well plugging penalties included five unplugged wells in Zavala County.

Also one well, Jasper County; one well and four wells in Young County; and for one well, Coke County. Three other companies agreed to pay penalties without admitting any violation of Commission rules.

To date in 1988, the Commission has levied more than \$787,000 in pollution and well plugging penalties. Last year, the Commission assessed some \$794,000 in such penalties.

Glasgow Concerned With Actions Of Texas Department Of Human Services Board Members

State Senator Bob Glasgow today announced his concerns as to actions by the Board Members of the Texas Department of Human Services in not approving the proposal of the Commissioner for an increase in Inpatient Hospital Reimbursement to rural hospitals.

The Legislative Budget Board on which Senator Glasgow serves had instructed the Texas Department of Human Services to give very close consideration to increasing the lowest hospital payment division from \$1,200 to \$1,500 so that rural hospitals would receive the same reimbursement rate as urban hospitals.

"There is a rural health care crisis in Texas," Glasgow said, "and rural hospitals in my Senatorial District as well as other rural areas are closing one right after the other. It does not matter whether a person receives medical treatment in a rural area or in a large metropolitan area, it is just as important and just as urgent. It does not matter whether a person has an operation in a small town or in a large city, it is just as serious and just as necessary. I believe the reimbursement rates should also be the same," Glasgow continued. "At least the State would be being fair in treating hospitals the same."

and, hopefully, this increase would help prevent additional rural hospitals from closing."

"If the Department of Human Services Board does not take action in this regard before the next Session of the Texas Legislature, I can assure you that we will address this matter when the Appropriations Bill is considered," Glasgow stated. "I cannot understand why the Department of Human Services Board would ignore the plight of rural Texans and their critical need for adequate health care."

Senator Glasgow is Vice-

Chairman of the Senate Finance Committee as well as being a member of the Legislative Budget Board.

Consideration was being given by DHS to reimbursement increases in certain areas because of the unexpected identification of \$140 million being available in the 1988/89 DHS appropriation brought about by a smaller than expected increase in the usage and costs of medical care for Medicaid patients. "The DHS Board did approve increased rates for, among others, physician, dental and children's hospital reimbursement at its September 12 Board meeting in Brownsville, but passed on the rural hospital issue, requesting additional information for its next meeting."

4H

FOR YOUTH
FOR AMERICA

Eastland County is fortunate to have a large support group of excellent leaders — both youth and adult.

Representatives from 8 4-H clubs in the county unite in bi-monthly meetings of the 4-H Council and the 4-H Parent/Adult Leader Association organizations to plan and exchange ideas to expand the 4-H program throughout the county.

1988 Officers of these association are as follows:

1988-89 4-H COUNCIL OFFICERS

Chairman: Brian Bailey, Rising Star
1st Vice Chairman: Tammy Lyerla, Eastland
2nd Vice Chairman: Howard Lawrence, Rising Star
Secretary: Pam Kea, Eastland
Treasurer: Robbi Daskovich, Carbon
Reporter: Kari Schuyler, Cisco
Parliamentarian: LaDawn Little, Ranger
Recreation Chairmen: Toby Long, Rising Star; Michelle Hampton, Gorman.

1988-89 4-H PARENT/LEADER ASSOCIATION OFFICERS

Chairman: Bobby Little, Ranger
1st Vice Chairman: Shelly Bailey, Rising Star
2nd Vice Chairman: Jean Harbin, Eastland
Secretary: Patti Cozart, Ranger
Treasurer: Kathy Stevens, Eastland

DISTRICT 8 4-H COUNCIL

The District 8 4-H Council is composed of youth from 18 central Texas counties. Eastland County is well represented. Toby Long, Rising Star 4-Her, is Chairman of the District 8 4-H Council. Natalie Stevens, Eastland Sr. 4-H Club members, is District 8 Recreation Chairman.

Other representatives are Brian Bailey, of Rising Star 4-H; and Tammy Lyerla, Eastland Sr. 4-H Club member.

STATE 4-H COUNCIL

Toby Long is a member of the State 4-H Council and represents youth from District 8. As a member of the State 4-H Council, Toby was elected secretary of the State Council.

Toby will represent 4-Hers throughout the State at the upcoming State Fair of Texas. He will be recognized at the State Fair Honor Awards Banquet during October.

Toby is the son of Mr. and Mrs. Tony Long, of Rising Star.

1988-89 EASTLAND COUNTY JUNIOR LEADERS

1988-1989 officers of the Eastland County 4-H Junior Leader's Association are (left to right) first row: Natalie Stevens, President; Diane Butler, 3rd Vice-President; Jennifer Jarrell, Secretary. Back Row (left to right): Cathi Thomas, Reporter; LaDawn Little, 2nd Vice-President; Howard Lawrence, Parliamentarian; Pam Kea, 1st Vice-President; Robbie Daskovich, Treasurer; and Brian Bailey, Co-Parliamentarian.

The membership of the Eastland County 4-H Jr. Leader's Association is open to all 4-Hers who are 13 years of age and older; and have been a member of 4-H Club for 2 years.

Through the development of leadership skills and self-esteem, these older youth take action to promote and encourage 4-H work by working with younger 4-H members. 4-H Junior Leader actively promote and expand the 4-H image as they represent 4-H at community and countywide activities.

4-H -- THE PEOPLE OF TOMORROW, PROJECTS FOR TODAY

Youths of today should be preparing themselves to become leaders for tomorrow, and that's where 4-H can play an important part.

4-H projects allow 4-Hers to investigate areas that might be career opportunities for tomorrow, points out Crystal Wilbanks, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System.

Project opportunities are unlimited; they are limited only by a youngster's imagination. Projects allow 4-Hers to develop skills, ideas and knowledge to the fullest potential.

4-H clubs provide leadership, organizational, educational and recreational experiences. Through these clubs 4-Hers learn the democratic process, self-expression, self-esteem and group cooperation. Mrs. Wilbanks points out.

Through meetings, programs, recreation and achievement events, 4-Hers learn to share, to be good sports and to accept recognition graciously. They learn to share, to be good sports and

to accept recognition graciously. They learn each time they perform at a club, county and district event that regardless of whether they place first or last, they are winners because they have worked and achieved.

From the first project in home economics and agriculture, youth develop as they progress to bigger and larger projects.

As 4-Hers round out their years in 4-H, they become mature, self-sufficient, self-confident, self-supporting young adults ready to take their place in society to become worthwhile citizens.

4-Hers are and will be found in every career field available.

As 4-H continues into the next decade and the next century, members will be outstanding and easily recognized because of their vast experience in this worthwhile organization.

4-H today and in the future will continue "to make the best better."

More information on the 4-H program is available at the county Extension office, says Crystal Wilbanks.

4-Hers who accomplish an outstanding 4-H career are recognized in many ways. 4-H Scholarships are awarded by the Texas 4-H Foundation.

Ninety-eight (98) scholarships with a total value of over \$500,000.00 are awarded annually to deserving 4-Hers.

To qualify for a 4-H scholarship, an outstanding 4-H career is a must. Other considerations are: (1) Have good project records. Records should emphasize profit or loss and knowledge gained (2) Have project records in appropriate 4-H award programs. (3) Have strong leadership records indicating that you have taught and helped someone else to learn through 4-H project work. (4) Have evidence of demonstrations, illustrated talks and public speaking related to projects and activities. (5) Have strong community service projects which provide evidence of contributions made to your community. (6) Have records of recognition received for your 4-H work.

High School academic achievement is vital with

special emphasis on grades in math, science, and English. A minimum score on S.A.T. test is required.

4-H scholarships are not given as awards, but as investments in young lives states Mrs. Janet Thomas, County Extension Agent. Each scholarship recipient is responsible to the donor, the club, county, state and national 4-H programs. An investment has been made -- and the challenge to the scholar is to respond and make something happen that will have a lasting impact on the lives of others.

Past 4-H members from Eastland County that have received 4-H scholarships have been Ken Hounsel, Carter Hounsel, Theresa Scott, Frank Claborn, Tommy Lee, and Amy McDonald.

Preparation for any goal often begins five to six years in advance and a goal to receive a 4-H scholarship is no exception. For information and application forms, contact the Eastland County office of the Texas Agricultural Extension Service states Janet Thomas, County Extension Agent.

The mission of 4-H, a major program of the Texas Agricultural Extension Service of the Texas A&M University System and cooperating counties, is to help 4-H members and leaders acquire knowledge, develop life skills and form attitudes which will enable them to become self-directing, productive and contributing members of society.

The goals of 4-H are to encourage 4-H youth to:

- * Acquire knowledge in certain areas of agriculture, natural resources Home economics and community development.
- * Acquire a positive self concept.
- * Learn to respect and get along with people.
- * Learn and practice leadership skills and fulfill leadership roles.
- * Learn about and practice good citizenship.
- * Learn and use accepted practices for mental, physical, emotional and social health.
- * Explore and evaluate career and job opportunities.
- * Establish positive attitudes toward productive use of leisure time.

The 4-H shooting sports project stresses safety at all times, and with hunting season coming up, now is a good time for youth to take part in the project.

It is the policy of the Texas Agricultural Extension Service to extend equal opportunities for membership and participation in 4-H activities to all Texas youth.

Any youth may become a member of 4-H when he or she has reached nine years of age or has entered the third grade. A youth's last year in 4-H shall be the calendar year in which the 19th birthday occurs.

Providing leadership to the 4-H program of work in Eastland County are:

- DeMarquis Gordon, County Extension Agent - Agriculture
- Mrs. Janet E. Thomas, County Extension Agent - Home Economics
- Mrs. Crystal Wilbanks, County Extension Agent - Agriculture.

For more information on joining 4-H, contact the office at 629-2222 or 629-1093 states Janet Thomas, County Extension Agent.

The 4-H shooting sports project stresses safety at all times, and with hunting season coming up, now is a good time for youth to take part in the project.

Shooting safety training for all new shooters and the continued promotion of safe gun handling habits for experienced shooters is the key part of the 4-H shooting sports project, said Crystal Wilbanks, county 4-H program coordinator with the Texas Agricultural Extension Service.

Safety first, safety always is the most important lesson taught in the program.

Safe gun handling involves both common sense and the development of safe habits. All shooters should practice these 10 rules of shooting safety:

1. Treat every gun with the respect due a loaded gun.
2. Be sure of your target before you pull the trigger.
3. Always be sure the barrel and action are clear of obstructions.
4. Never point your gun at anything you do not intend to shoot.

5. Never leave your gun unattended unless you unload it first.

6. Never consume alcoholic beverages either before or during shooting.

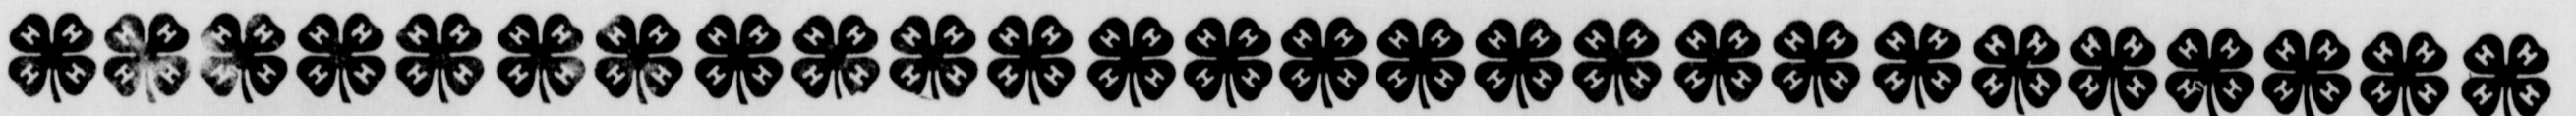

7. Never climb a tree or cross a fence carrying a loaded gun.

8. Never shoot at a hard, flat surface or the surface of water. Always make sure you have a safe backstop.

9. Carry only empty guns -- taken down or with the action open -- into your camp, car or home.

10. Store guns and ammunition separately, under lock and key.

Remember, carelessness is the largest single contributing factor in firearms accidents. Safety rules and proper instruction, in themselves, do not prevent accidents. It's up to every individual shooter to make the rules work, said Mrs. Wilbanks.

The 4-H Dog Project provides many opportunities for members who live in town and don't have facilities for a large animal project. Dog project members show in obedience and showmanship classes during the county livestock show. Other small animal projects include rabbits, breeding and market, and poultry. Left to right: Bradley Turner of the Eastland Sr. 4-H Club and Kristi Rogers of the Cisco 4-H Club.

4-H HERITAGE

The 4-H program began in Texas in 1908 in Jack County with the "Boy's Corn Club" organized to teach corn production practices to adults by teaching their children. The 4-H heritage continued with "Tomato Clubs" for girls organized in Milam County in 1912 and the first "Beef Calf Club" organized in Coleman County in 1910. These rural clubs for boys and girls were the forerunner of 4-H in Texas. Today's Texas 4-H programs is both rural and urban and emphasizes using projects and learning experiences to teach boys and girls not only subject-matter knowledge and skills, but also important lessons in relating to others, leadership and citizenship.

4-H projects are fun! The Natural Resource project members enjoyed touring Fossil Rim Wildlife ranch in Glen Rose. Pictured left to right: David Walton, Michelle Turner, and Natalie Stevens.

There are over 70 different project areas for 4-Hers to expand their knowledge and skills in. Through these educational opportunities, 4-Hers also develop knowledge in career opportunities.

4H HEAD... HEART... HEALTH... HANDS...

NATIONAL 4-H WEEK

OCTOBER 2 - 8

Eastland County 4-H members are gearing up for a lot of special programs and activities the week of October 2 - 8, NATIONAL 4-H WEEK.

Theme of this year's observance is "4-H for Youth for America".

To climax the week, 4-Hers and their families will have their annual countywide 4-H Awards Banquet in Rising Star on Saturday evening, October 8 with the Stars of the Future 4-H Club in Rising Star hosting the event at the First Baptist Church fellowship hall.

Eastland County boasts some 405 4-H members who are among more than 388,000 in Texas and 4.5 million across the country who will participate in the week-long celebration.

In celebrating National 4-H Week, we recognize that 4-H is truly a people development program state local County Extension Agents Janet Thomas and Crystal Wilbanks with the Texas Agricultural Extension Service, the parent organization of 4-H.

4-H helps young people develop skills that will be useful in the real world. It helps them discover their strengths and weaknesses. It exposes them to activities in

the variety of career fields and helps them to build positive self-concepts for directing their lives. And, most importantly, 4-Hers learn and have fun doing it. And families can add to the fun by learning and growing together. 4-H is a family oriented organization with youth working to make the "Best Better" which is the club motto.

Learning doesn't stop with the 4-H members and family. Volunteer leaders learn new skills while sharing their expertise with young people. Through a network of volunteer leaders, state landgrant universities, state and local governments and the U.S. Department of Agriculture, 4-H has been able to stimulate youth to develop life skills.

Some 105 adult volunteer leaders in Eastland County work with 4-H boys and girls through 8 different 4-H Clubs.

4-Hers can choose from some 70 different project and program areas designed to help them prepare for the future.

More information about the 4-H program is available at the County Extension Service office which is located in the Eastland County Courthouse.

District 4-H contests recognize 4-Hers on their accomplishments in 4-H projects. Participants at the District 8 4-H Fashion Show from Eastland County were: LaDawn Little, Jennifer Jarrell, Stephanie Long, Kimberly Reich, Christy Arther, Holly Greenwood, Amy Logan, Kristy Hubbard, Natalie Stevens, Toby Long, and Cathi Thomas.

Representing Eastland County at the District 8 4-H Food Show were: Joanna Wallace, Sabrina O'Neill, Stachia Sharp, Natalie Stevens, Holly Greenwood, LaDawn Little, Kimberly Reich, Kari Schuyler, Christy Arther, and Cathi Thomas.

To participate in a 4-H Food Show, 4-Hers completed a 4-H Foods and Nutrition project with a minimum of six learning experiences.

Community service projects are promoted by 4-H Clubs. 4-H sponsors "Dog Dips" during the summer months to assist pet owners. Eastland County 4-Hers "work together to make the best better". Pictured left to right: Pam Kea, Mandy Crow, Christian Howell, Brian Bailey, Howard Lawrence, and Blair Bailey.

Livestock projects for 4-Hers teach 4-Hers scientific livestock production management and marketing practices, and to acquire the skill in executing these practices through experiences in record keeping, owning, caring for, and marketing livestock.

Kerstin and Garrett Gerhardt, children of Mr. and Mrs. John Gerhardt, are two of many Eastland County 4-H youth that participate in the beef project and enjoy showing in county and major livestock shows.

Other animal projects offered in 4-H include dairy goats, swine, sheep, poultry, and rabbits. The annual Eastland County Livestock Show for 4-Hers and FFA is the third week in March.

4-H members work together to plan their activities and develop leadership skills in organizational work. Natalie Stevens and Diane Butler, 4-H Junior Leaders, are leading a planning session with younger 4-H members.

4-H Camp is only one of the many opportunities for 4-Hers to attend camps, leadership retreats, special interest camps, etc. Over 60 Eastland County 4-H members and parents were present at the State 4-H Center for our Countywide 4-H Camp. Outstanding campers were recognized as follows: Front row (left to right): Leanne Rabb, Niki Cozart, Kristie Collins, Kimberly Reich. Back row (left to right): Amy Collins, Kristy Hubbard, Robin Griffin, Traci Clark, Tommie O'Neill, and Hanna Nicks.

Animal projects and Livestock Shows are for everyone's involvement. This group of 4-Hers and adult leaders are attending the 1988 4-H Rabbit Workshop at the Livestock Showgrounds.

Awards are given in all events with the 4-H Club program. Members have the opportunity to participate in many contests, among them the County 4-H Horse Show. These 4-Hers are shown receiving trophies for the high individual award in each age division of the horse show.

Participation in 4-H Club programs is made available through the Texas Agricultural Extension Service. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

4-H TODAY

Today's 4-H program is for all youth -- rural and urban -- from all racial, economic and social backgrounds.

4-H reaches girls and boys in a variety of ways as members of organized 4-H clubs, as participants in special interest groups, as enrollees in short-term projects. 4-H reaches youth through television, workshops and other educational methods, and programs are planned to meet specific needs of youth in communities where they live. Girls and boys "learn by doing" in 4-H.

4-H involves youth people everywhere -- in big cities and little towns, in the country and in the suburbs. Activities are typically conducted in the homes of members of their leaders, in schools or in other community buildings.

4-H involves youth people everywhere -- in big cities and little towns, in the country and in the suburbs. Activities are typically conducted in the homes of members of their leaders, in schools or in other community buildings.

Youth organizations in more than 80 countries around the world have adapted the 4-H idea. Opportunities for individual, club, community, state, national and international projects and activities are available through 4-H.

Today's 4-H gives youth people an opportunity to take an active part in learning about solving problems that face them and their communities. These include problems of environment, health and use of drugs.

4-H members participate in projects that give them

knowledge of science, agriculture, home economics, personal development, community service, leadership and citizenship. Often this knowledge helps open the door to a future career. But the main purpose of 4-H is to help youth become effective citizens.

Among 4-H projects popular youth are food-nutrition, clothing, home improvement, home grounds beautification, health, safety and leadership. New projects range from aerospace to theatrics and karate.

In rural areas, many 4-H members work with livestock, crops, poultry, forestry, marketing and farm machinery. Both girls and boys learn new farming methods, do experimental research, and have fun in the process.

Popular with city, suburban and rural young people alike are projects in community development, electricity, environmental protection and conservation, home gardening, photography, public speaking, woodworking, entomology, small engines, grooming and personal development. Older girls and boys find satisfaction and challenge in projects in automotive care and safety, career studies, money management, consumer education and leadership.

In 4-H, it's kids that count, and that's an investment in the future!

More information on this action-oriented youth program is available from the Eastland County office of the Texas Agricultural Extension Service, 629-2222 or 629-1093.

EASTLAND

A number of events are underway in Eastland during Old Rip Day this Saturday. During the evening the Fiddler's Contest will be going strong in the Majestic, with a Cruise Night going on around the area. The Eastland Sonic, East Highway 80, the Cisco Sonic, West 1-20, and Bryan's Auto Supply will sponsor the Cruise Night. A Car Show will be held on the Square in Eastland from 5 p.m. to 7 p.m. with Cruise Night beginning immediately afterward. Gene Conger, Cisco Sonic Manager, says anyone with a Model 1969 or older car can enter in the Contest. Some of the cars on the Cruise will park next to the Sonic in Cisco for everyone to look at. There will be free promotional items and other specials during the evening.

Mrs. Glenn Brown, President of the National Federation of Music Clubs, will speak to the Eastland Music Club at The Crossin' Restaurant next Wednesday, 12 noon. The organization Mrs. Brown heads has thousands of members all across the United States. The Eastland Club and the Texas Federation of Music Clubs are part of this Federation. Music Clubs are dedicated to presenting and encouraging good music in the community. Much of the program deals with music education. Mrs. Brown is expected to inform local Club members of the work of the National Federation.

On Tuesday, Oct. 11 McMurry College will bring the play "Summer In Smoke" to the Majestic Theatre. This is reported to be author Tennessee William's first play, and it should draw out all who love good Theatre.

A Computer Workshop for new and prospective computer owners will be held Friday, Oct. 7 at the TU Electric Reddy room in Eastland. The one-day Workshop has been planned by the Extension Program Council, and will be taught by Texas Agricultural Extension specialists and a local computer specialist. It will begin at 9 a.m. and conclude around 3:30 p.m. The Workshop will include discussion, exhibits, demonstrations and hands-on computer operation. No registra-

tion fee is required. Pre-registration by phone will help County agents prepare enough handout material, however. Register by calling the Texas Agricultural Service in Eastland at 629-1093 or 629-2222.

CISCO

The Hilton Community Center is Cisco will sponsor a "Christmas Market at the Hilton" on November 19-20. This event is intended to give persons an opportunity to have a local market at a reasonable fee. Each booth will be \$15, and a food concession will also be available for a community group interested in raising funds. Setup for the Market will begin Friday, Nov. 18 at 5 p.m. The facility will be open from 9 a.m. until 9 p.m. on Saturday, and from 1 p.m. until 5 p.m. on Sunday. There should be some beautiful crafts out for sale. For more information contact the Cisco Chamber of commerce at 442-2537.

Winning manuscripts will be read at the Cisco Writer's Club meeting on Tuesday, Oct. 4, 7 p.m. in the Community Room in the First National Bank, Conrad Hilton Ave. President Shirley Strawn will lead out, with Program Chairman Julia Worthy introducing the winners of the 1988 Writing Contest. All interested persons are encouraged to attend.

Eastland County Commissioners on Monday approved a request by City Manager Mike Moore for the City of Cisco to cross County Rd. 103 in Pct. 4 with a water line. This road is north of the city near the Fee property. Moore said the City would need to cut the road, but had the equipment to repave it immediately. The Commissioners said there would be no problem if the repair was made quickly.

The Cisco Primitive Baptist Church, Ave. A and East 11th St., is holding special worship services this weekend. Singing will begin at 6:30 p.m. Friday, with three services Saturday. On Sunday, Oct. 2 the services will begin at 10:30 a.m. The Pastor, Elder James E. Robertson, of Hamilton, and elder Dan Newman from Fort Worth will take part in the meetings. All interested persons are

invited to come and worship.

Scott Stuart, Philip Shackelford and James Ledbetter of the Cisco FFA received Lone Star Farmer Degrees at the Texas FFA convention in San Antonio. Recently, Scott Stuart also received the State Superior Chapter Safety Award at this Convention. Kelli Evans, Lincoln Nebraska, National FFA President, handed out the award. These young people are to be congratulated on their outstanding work.

The Alder Society of the Holy Rosary Catholic church in Cisco have made final plans for a Fajita Feed on Oct. 8. The hours are 5 to 8 p.m. at the Church. Members of the Church are also accepting donations from citizens to help give away a beautiful handmade quilt, and for four of the dinners to be given away. For more information contact Janelle Schrader at 442-3329.

RANGER

Weather and penalties played havoc on the Homecoming ballgame between Ranger and Hamilton last Friday night. The coronation of the 1988 Homecoming Queen highlighted the half-time festivities, with Sherry Nail, senior at RHS selected as the new Homecoming Queen. During the second half of the game the officials had to call time-out, as torrential rain fell on players and fans. The once-full stadium became deserted as fans retreated to shelter. The game got underway about 6-7 minutes later, with the stands almost cleared. The Ranger team fought back with determination, but were unable to penetrate Hamilton's strong defensive live. The fighting Bulldogs will travel to Hawley this weekend for another game. This will end their non-conference schedule.

Scouts Rally Night in Ranger will be Oct. 11, 7 p.m. at the First United Methodist Church. All Scouts will be registered at that time. It might be noted that Explorers, age 14-21, can be either boys or girls. At the Rally some awards will be given out, and refreshments will also be served. come out and help with the Scouting program in Ranger.

Ranger City Commissioners last Monday gave authority to Mayor David Rogers to execute a loan for \$20,000 for six months at First State

Band for operational purposes. They also gave authority to Mayor Rogers to exercise his judgment on the Eastland County dispatch proposal. cost of this proposal will be \$890 to be equally divided among six cities.

The Ranger PTO will sponsor an Open House Tuesday, Oct. 4 at 7 p.m. in the High School Gym. Elementary Principal Wilson will give a short talk, and introduce the Superintendent and School Board members. The public is invited to come and meet the new school officials and tour the new additions to the school. Elementary students' parents will have an opportunity to visit their child's classrooms. Refreshments will be served in the cafeteria.

This weekend will be a busy one for area Masons. Brother Gilbert Meredith of the "Dead Broke Ranch" will host a Benefit Breakfast on Saturday, Oct. 1 at 5:30 a.m. This will help raise donations for the Roof Repair Fund. Local members have received tickets to be sold for a minimum donation of \$5, and tickets will also be available at the Breakfast. The Eastern Star Chapter will have a

POEM

THE WILLOW TREE
I wept under a willow tree;
Its branches held and comforted me.
It was always there,
For its presence was forever to me.
One rainy day I came to visit my old tree,
To find it dead.
Alone.
No longer could it hold and comfort me.
No longer would it's leaves wipe away my tears.
I was alone.
Maybe I will one day be someone's willow tree.

SPIRIT! SPIRIT! SPIRIT!
The Cisco Lobo fans have been doing a great job cheering at the games. Now we would like TO SEE that spirit, not just hear it. It is a unique thing to see so much of our school color sitting in the stands.

The student council is selling sweatshirts. These would look very nice on fans sitting in the stands. It doesn't necessarily mean you must buy these sweatshirts, but it would be nice of we could fill the stands with our school colors -- BLACK and GOLD!

Homecoming Dance

This coming Friday the Junior Class will sponsor a dance after the Homecoming Game. It will be in the Corral Room until 1 a.m. Beverages will be provided. All area high school exes are invited.

Meet The Loboes

DUSTY WALTON

DAVID HAMMOND

DALE ESCOBEDO

This week we would like you to take a closer look at three hardworking Senior football players that always do a splendid job.

"The Edge Comes To CHS"

The students of CHS had the privilege of being entertained by the rock band "The Edge." "The Edge" is one of eight different bands working with the organization Youth America Showcase based out of St. Petersburg, Fla. The YAS program's main purpose is communicating positive message to the youth of America through their local high schools. The members of the band, whose average age is 19, are committed to making their audience more aware of the dangers of

drugs and alcohol abuse. These young men are also concerned with morals and what teenagers stand for today. YAS is interested in musicians who will dedicate a year of their life, working six days a week, with very little pay, and little recognition. The Student Body left the concert with an uplifting attitude and a better outlook on life. We would like to wish these young men the best of luck in their mission to help young adults.

Teacher Feature

JERRY STEPHENSON

This week featured teacher is Jerry Stephenson. Mrs. Stephenson is a

graduate of Carbon High School where she participated in FHA, Jr. and Sr. Play. She then attended Abilene University where she majored in Home Economics.

Mrs. Stephenson has been teaching at CHS for eight years. She is currently teaching Comprehensive Home Economics, Parenting and Child Development, Food Science and Nutrition. In her spare time Mrs. Stephenson enjoys needlepoint and gardening.

GINNY POPE

CINDY CHOATE

STACEY SAUNDERS

One of the most exciting but suspenseful parts of Homecoming is the crowning of the Homecoming Queen.

Homecoming '88-89 will be held next Friday and we would like to introduce you to all of our Homecoming Queen Nominees.

Cindy Choate: Cindy is 17 years old and is the daughter of Mr. and Mrs. Jim Choate. Cindy has participated in Band, Athletics, Cheerleading, Spanish Club, and has been the FFA Sweetheart.

Tina Crozier: Tina is also 17 years old and she is the daughter of Mr. and Mrs. Terry Crozier. Tina has taken part in the Band, Show Choir, Key Club, Annual Staff, All District Band, Coronation Program, One Act Play, Class Officer, National Honor Society, and the French Club.

Amy Hounshell is the 17 year old daughter of Mr. and Mrs. Bill Hounshell. She has been involved with Band, Athletics, Spanish Club, Coronation Program and the National Honor Society.

Alicia Lambeth: Alicia

also is 17, and she is the daughter of Mr. and Mrs. Jerry Lambeth. Alicia's high school activities include Band, Athletics, Student Council, Spanish Club, the National Honor Society and the Coronation Program.

Ginny Pope is the 17 year old daughter of Mr. and Mrs. Baylis Pope. She has participated in such activities as Athletics, Student Council, UIL Academics, Spanish Club, Class Favorite, Key Club, Lobo Howl Staff, and the National Honor Society.

Stacey Saunders is the daughter of Mr. and Mrs. Ray Saunders and is 17 years old. Stacey has taken part in Band, Student Council, Spanish Club, National Honor Society, Key Club, Athletics, Class Officer, Twirler, UIL Academics, One Act Play, Coronation Program, French Club, and Lobo Howl Staff.

The Homecoming Queen will be crowned during the halftime in the game against the Ranger Bulldogs on October 7.

Good luck and congratulations to all of the Homecoming Queen Nominees!

Meet The Flag Corps

This week I want to introduce you to our tremendous flag corps. They are Senior Lori Ann Speegle, who is the daughter of Mr. and Mrs. Randy Speegle. Lori Ann has been in band for four years and in the flag corps for three.

Kim Rhodes is the Flag Captain. She is also a Senior at CHS. Kim has been in band for four years and she is the daughter of Ron and Nancy Rhodes.

Another Senior is Theresa Gaeta. She is the daughter of Al and Helen Gaeta. She has played the saxophone for the high school band for four

years. Jana Muller is a Junior at CHS. She has been in the flag corps for three years. Jana's parents are John and Katherine Muller. Jana plays the oboe for band contests.

Our last flag corps member is Christine Deadman. Christine's proud parents are Rev. and Mrs. Cecil Deadman. When Christine is not practicing with her flag, she's working at being a top flute player. Christine is a Junior this year and it is also her third year on the corps.

Planning For College

Scholarships and SAT/ACT test dates were discussed by the counselor at a meeting held with the Seniors during homeroom on Monday.

Mrs. Johnson, the new CHS counselor, emphasized the importance of having these test results for college. Many colleges require at least the SAT scores upon college entrance.

Also mentioned at the meeting were upcoming college days at a few Texas colleges. This is an opportunity for next year's freshmen to get a preview of the college of their choice.

Those dated given were: Texas A&M-- Oct. 1, 1988. Baylor University-- Oct. 29, 1988.

Texas Lutheran College-- Oct. 29, 1988.

SPECIAL EVENT

Notes On Northview...

Jackie Kincheloe, Administrator
The City of Eastland is the home for two Intermediate Care Facilities for the mentally retarded (ICF-MR). Northview Development Center is classified as an ICF-MR 5 and serves clients in the moderate to severe range of mental retardation. Rock House Springs is an ICF-MR 1 and provides services for clients who are mildly and high-moderately retarded. The third type of facility serving the mentally retarded is an ICF-MR 6 - whose clients test in the profound range.

The legal definition of mental retardation is any individual who possesses significant deficits in adaptive behavior and an IQ below 70. Each of these factors must have occurred during the developmental years between birth and 18. Therefore, an IQ or adaptive behavior level occurring beyond the 18th year would not qualify that individual for ICF-MR services by definition.

The level of retardation assigned an individual is determined from their IQ and adaptive behavior level. IQ is

calculated from administration of standardized tests such as the Peabody Vocabulary Test, the Stanford-Binet, and the Wechsler Intelligence Scale for Children. There are also specialized tests for those individuals who are sensory impaired. Once an IQ score is computed, it is ranked using the following scale:

Profound 0-19
Severe 20-35
Moderate 36-55
Mild 56-69

To gain the most accurate IQ, several tests are usually administered and then a full-scale IQ figured from the various test results. This is necessary since some test result in higher scores than others based upon the degree of test difficulty.

Adaptive behavior is the degree to which an individual meets age appropriate criteria in personal and social skills. Personal skills involve those activities of daily living that a person is able to carry out independently. Infantile, immature, and adult are the laymen's terms for adaptive behavior. Adaptive behavior levels are also derived from

standardized tests. Once an IQ and adaptive behavior level are established, a rank is assigned based upon the aforementioned scale.

Adaptive behavior level and IQ are not fixed statistics. They can increase or decrease depending upon environmental stimuli and/or physiological influences. Therefore, a mentally retarded person may qualify for a lesser or more restrictive environment in the course of a lifetime.

Hay Buyers Beware!

Fraudulently represented hay deliveries plaguing nearby states has caused some concern in north Texas. Because of drought conditions, hay is being hauled to this area in large quantities. There have been reports of hay dealers using false weight tickets when charging for the hay.

Terry Harman, State Executive Director of Texas ASCS, said, "Some hay dealers have weight tickets showing as much as twice the amount of hay as they actually have for delivery. We're not accusing anybody, but we sure want everyone to be aware of the situation and take

needed precautions." The precautions referred to by Mr. Harman would include weighing hay as it is bought, using certified scales and buying from reputable hay dealers.

The Next Best Thing -

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Early Families In Cisco Area

By Oda Hale

In 1918 the German flu was a real killer. Ruth Lane and Ava Beavers were two young girl graduates of the Scranton school and were teaching their first school-both died, along with a lot of other folks that winter.

In 1919, Mr. J.T. Morgan was teaching school in the number two Cozart school house, his first school term. He was boarding with Mr. Willie Leveridge family, north of the school in the white house on the west side of the road. Mr. Morgan's parents come to take him home for Christmas holiday, and come in to meet his students and brought the flu into the school and all students had the flu.

Mr. Willie Leveridge's first wife was Dora Grant. They had four girls. Ura Leveridge was a small person, she was a missionary and never married.

Eva Leveridge worked for Mrs. Eula Howell who was the Eastland County school superintendent for a long time. She married Felix Boland of Scranton, after his first wife Rosie Roleford, and had one son R.D. Boland.

Ina Leveridge married O.L. Stamey and had one son Joe. Both were teachers in Cisco for many years.

Willie De Leveridge was staying with their grandmother Grant, going to Cisco schools. All four girls stayed for a while.

Then Mr. Willie Leveridge married a Mrs. Whiteside. She lived south of Nimrod after the death of Mr. Whiteside. She had one girl Bessie Whiteside- she and Willie had a girl, Ethel Leveridge and a son John- he married Mary Bob Snoddy of Scranton. She is at present the Cisco librarian.

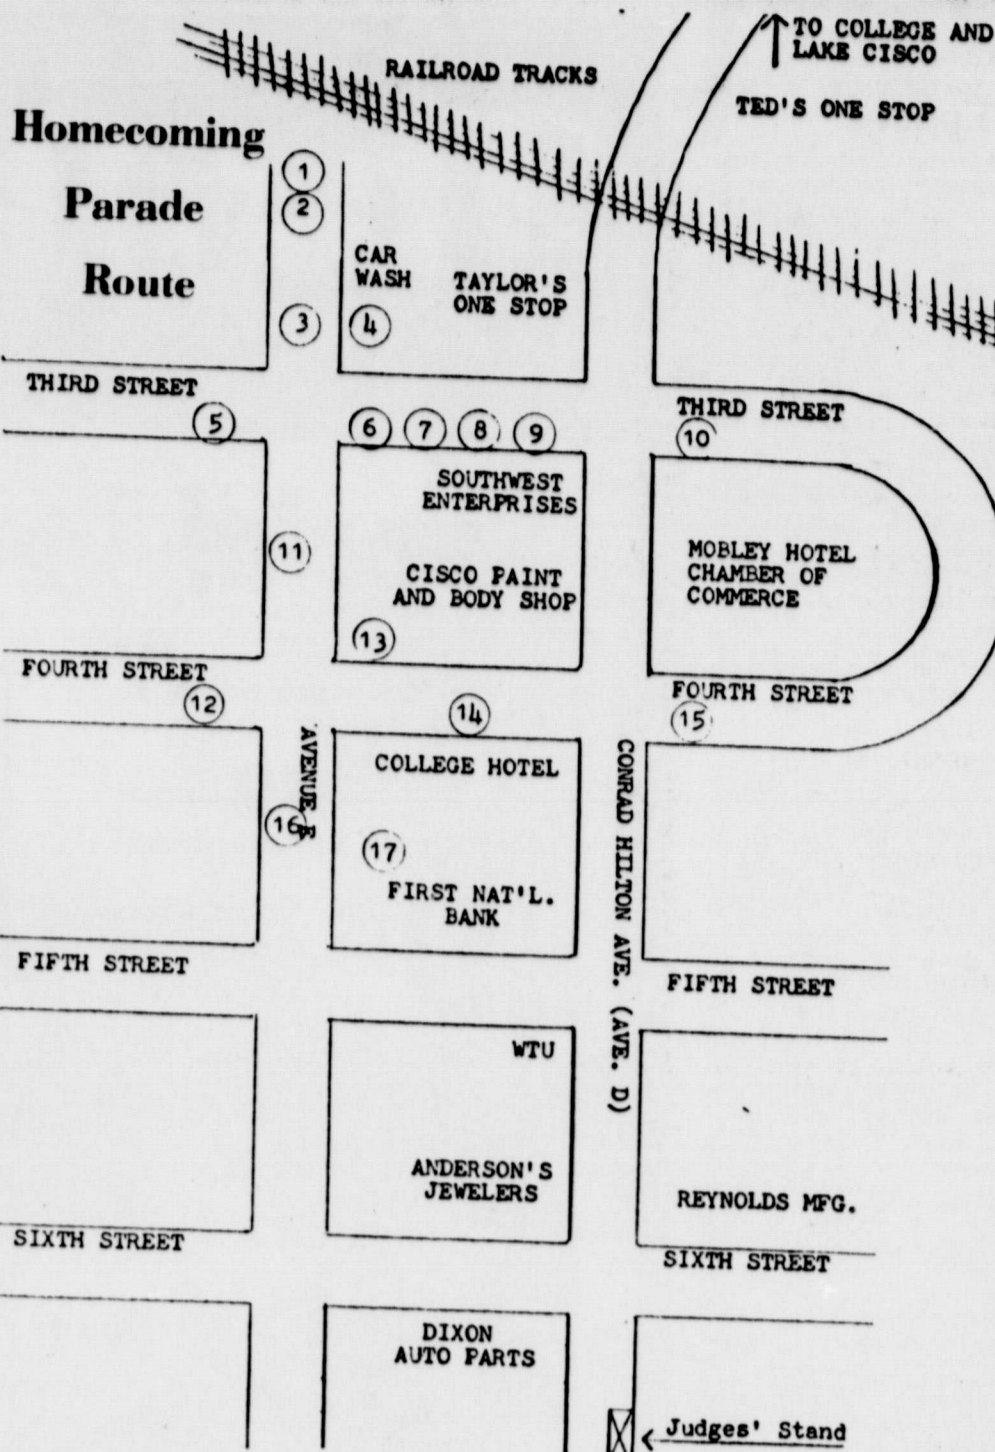

Ethel Leveridge is the only living child of Mr. Willie's family. She lives in

Fajita Feed To Be Held Oct. 8

The Alder Society of the Holy Rosary Catholic Church, 12th and Ave. F, Cisco, have the final plans for the Fajita Feed to be held on Saturday, October 8, from 5:00 to 8:00 p.m., at the church.

Members of the Holy Rosary Church are also accepting \$1.00 donations from citizens to help give away a beautiful handmade quilt and for four of the fajita dinners to be given away on the night of the Fajita Feed.

For more information contact Janelle Schrader at 442-3329.

Jr. High Teams Score Shutouts

Both Cisco Junior High football teams held the Albany Cubs scoreless in two hard fought victories.

The seventh grade Loboes got back on the winning track with a 6-0 decision. The game was scoreless until the closing seconds when Quarterback Matt Schaefer tossed a game winning scoring pass to glue-fingered End Dusty Ferguson. The Loboes had several nice runs by Backs Jeff McCoy, Doug Jones and Schaefer. Coach Kent was especially proud of all of his defensive players for their shutout. Defensive Back Brody Honea and Lineman Simon Soto were two of the leaders.

The Eighth Grade Loboes continued their two year undefeated string of victories by a score of 22-0 in a game which was highlighted by exciting blocking and running mixed in with some vicious tackles. Scoring for the Loboes was as follows: Hoot Beckett scooted in for the first touchdown and the try for points was unsuccessful. Jay Nixon quickly added another touchdown with a nifty run and Quarterback Robert Smith played magician and faked the kick and passed to Nixon all alone for the two points after touchdown. In the second half Nixon added one more touchdown and this time

smith took the pass and ran for the points to close out the scoring for the night. Outstanding plays were provided by Randy Boles, B.J. Burrus, Tony Elizalda, Bradlee Rains, and many others. Defensive Back David Powell provided several bone crushing tackles.

The Junior High Loboes travel to Ranger next Thursday to take on the Ranger Bulldogs in their first District Game. Seventh grade will play at 5 p.m., with the eighth grade game to follow.

Cisco J.V. Team Beat Albany Lions 14-To-0

The Cisco Junior Varsity Lobo football team shut-out the Albany JV team 14-to-0, in a game played Thursday at Albany.

Coach David Gunter said he is proud of the whole team. He said the defense played a great game Thurs-

day. The JV will play the Ranger Bulldogs in Ranger next week. The game will begin at 5:00 p.m.

Gunter said Daryl Morrison scored for the Loboes on a 18-yard run in the first quarter. He said Jerry Marshall made a 20-yard run in

the fourth quarter to make the second touchdown for the Loboes.

Quarterback Frank Powell threw a pass to Kelly Cozart for the extra two points after the last touchdown to make the final score 14-to-0.

National Music Club President To Visit Eastland

Chalk up another big event for Eastland! The visit of Mrs. Glenn L. Brown (Mary Prudie Brown) to the town next Wednesday, Oct. 5 is said to be the first visit ever by a National Federation of Music Clubs President to the local Music Study Club.

Mrs. Brown will speak to Club members Wednesday at a Luncheon at 12 noon at The Crossin' Restaurant. She will be introduced by Joyce Hewett, President of the Eastland Club.

This meeting is listed as Federation Day, and Mrs. Brown is expected to give information about the network of Music Clubs across the

country. The National Federation of Music Clubs is the largest arts organization in the world, with its promotion of music reaching across America and even into foreign countries.

The Eastland Club is a well-known part of this organization, having won honors on both state and national level.

Mrs. Glenn L. Brown lives in Stanton, Texas, where she has been an effective civic leader, musician, educator, business woman and homemaker. She has served on the local, district and state levels of the Texas Federation of Music Clubs, and served in many roles of the national organization before becoming President this year.

She serves on the Board of Trustees for Abilene Christian University. She is a member of Mu Phi Epsilon

and holds an M.A. Degree from the University of Colorado.

Active in church and community affairs, Mrs. Brown has received an array of outstanding awards in many areas--and was recently selected "Woman of the Year" by American Business Women's Association. She is listed in several "Who's Who" publications both here and abroad.

She is married to Glenn L. Brown, Stanton druggist, with whom she received a citation from the Texas Senate for their untiring service to their city, county and state. Activities of the family have centered in many parts of the world. Of her office in the National Federation of Music Clubs she says, "I love what I'm doing and I sincerely believe in NFMC." Eastland Club members and the city welcomes her here.

Primitive Baptist Church To Hold Special Worship

The Cisco Primitive Baptist Church, located at the

corner of Avenue A and East 11th Street, will be holding special worship this weekend. Elder James E. (Archie) Robertson from Hamilton is the pastor. Elder Dan Newman from Fort Worth will also take part in the services. Services will begin Friday,

Sept. 30, at 7 p.m. with singing starting at 6:30 p.m. There will be three services held Saturday, Oct. 1, beginning at 10:30 a.m., 2 p.m. and 7 p.m., with a song service before each sermon. Sunday, Oct. 2, services will begin at 10:30 a.m.

A church spokesperson said, "We would like to take this opportunity to invite everyone interested to come and worship with us."

An Open Letter to:

THE CITIZENS OF EASTLAND, CISCO AND SURROUNDING AREAS

TO ANNOUNCE:
1. WE WILL SERVE AND
2. THANK YOU

Dear Supporters,

Unfortunately we did not reach our anticipated goal of 1,700 members in our drive which ends with the end of September, but because of the tremendous response that we have received and the encouragement that so many have given us, we are announcing:

We will continue to serve with emergency ambulance services for as long as we can,

and,

We want to thank all who have helped in so many ways. We thank the 1,131 who have placed their faith in us by securing memberships, and we thank the many volunteers who have worked so hard to help achieve the goal.

Especially do we thank M.H. Perry for his untiring efforts.

In fact, so many have placed their trust in us, that we feel duty bound to announce that we will stay as long as we can, as an expression of our faith in our area.

However, we do appeal to those 569 others who have not joined, and urge them to secure memberships so that we all can in fact report that the goal has been reached.

Because of the support and encouragement, we recognize that we have an obligation to our members,

We appreciate the support shown Patterson Ambulance Service and we will work to continue to merit that support.

Wanda's Corner by Wanda Hallmark

The Press received a letter from Esther Jane Crowder, formerly of Cisco, and now of Bloomfield, N.M.

She wrote that she enjoys the Cisco Press so much since she was born and raised in Cisco.

Jane worked at Motts for quite awhile until she moved to New Mexico.

It was good to hear from her again.

Call The Press at 442-2244 and tell us some of the local news to put in this column or a story to let Mrs. Crowder keep up with the doings of this town.

Cisco received 8/10 of an inch of rain at the Lake last Wednesday night. And it rained 7/10 of an inch south of town. It was reported that even with all that rain, the ground soaked it up so fast that it wasn't muddy.

There was no damage reported from the storm, but there was a big show from the lightning with the storm that came through here.

It has really cooled off in this area too with the cool front going through here. Everyone is enjoying the change in the weather.

There was a small amount of rain Thursday night too.

Rusty Tabor of Cisco, said he found a large dog last Thursday. He said the dog is either a wolfhound or hound dog. He said it is a female and a reddish or a sorrel color. The dog has a collar and tags on with a name and phone number, but when he called the number, the person was not known. If you are the owner or if you know of the owner, call Rusty at 442-3444.

Coach Herschell Jones, with Cisco High School, and his wife Tammy are the proud parents of a son. The birth announcement will be in the next issue of The Press.

They have one son, Danny who will be 7-years old on Sunday, October 2. He almost had a baby brother for a birthday present.

The Cisco Scrabble Players Club met Thursday

55 Alive/Mature Driving Course To Be Presented By AARP Tues

A "55 Alive/Mature Driving" course will be conducted by the AARP Tuesday, Oct. 4, and Thursday, Oct. 6, in the Senior Citizen Center, according to an announcement.

Bob Bevers will be instructor, and cost will be \$7. Sessions will be from 8 a.m. until 12 noon both days.

55 Alive/Mature Driving consists of eight hours of classroom instructions that refine existing skills and develop safe, defensive driving techniques. Produced by the American Association of Retired Persons (AARP) and conducted throughout the country in two half-day sessions, 55 Alive teaches preventive measures to use when driving that save lives.

The course is conducted by a nationwide network of trained volunteer instructors, numbering in the thousands, who are concerned about safety on the road.

at 6:30 p.m. at Olney Savings for their regular meeting. Jay Carroll was high point player for the night.

The Scrabble Club is open to all who like to play, and there are two groups, competitive and recreational. No fee is charged for playing.

Ladies Luncheon To Be Held Wednesday

Cisco Country Club Ladies Luncheon will be held Wednesday, Oct. 5. Bridge will begin at 10 a.m. and the meal will be served at 12 noon.

This is the first meeting of the season: Reservations must be made by noon Monday, Oct. 3 by calling 442-3369. Everyone is invited to attend. Cost will be \$5 for members and non-members.

Dobbins Family Reunion Held

The family of L.J. and Lena Dobbins gathered for a reunion Sept. 24-25 in the Community Room of the Best Western Motel in Cisco.

Three of their four children and their mates were present; also eight grandchildren and 19 great-grandchildren and friends.

Texas was well represented as those attending were from Abilene, Snyder, Midland, Lubbock, Jacksboro, Fort Worth, Arlington, McGregor, Madisonville, Baytown, Highlands, and Cisco.

A good time was had by all with plans to meet in 1989, same date and same place.

Scranton Musical To Be Held Saturday

The regular monthly country and western musical will be held Saturday, Oct. 1, at the Scranton Community Center. Concession stand will open at 6 p.m., and the musical will begin at 7 p.m. Everyone is invited to attend.

Cisco Elementary School Update

In honor of Homecoming and the parade, the elementary school will dismiss early on Friday, Oct. 7, 1988. Kindergarten and first grade will release at 1:50 p.m., second and third grade at 2 p.m., and fourth, fifth and sixth grade at 2:15 p.m. Buses will run at this time. The Homecoming parade will begin at 3:30 downtown followed by a pep rally in Thrift Mart parking lot. The game will begin at 7:30 p.m. at the football field.

In the library, I noticed a poster in the window that lists many GOLD MEDAL attitudes. To emphasize this 6 week's theme of "Go for the Gold," the poster encourages the children to be friendly, cheerful, honest, kind, dependable, thoughtful, forgiving, creative, helpful, grateful, optimistic, brave, considerate and respectful. Mrs. Zarate, librarian, told me the 3rd through 6th grades are reading the Texas Blue Bonnet Award books. Last year PTO spent about \$200 for the 19 book series. Each child that reads (or is read to) 5 books of the series can vote on his/her favorite book and those votes will be compiled from children all over Texas. There is a new series every year and is a wonderful reading program for children. The 4th, 5th, and 6th graders are also concentrating on resource materials, like looking up words in French, Spanish, German, and English dictionaries. Part of their library study is to learn to use the card catalog and understand the Dewey Decimal System.

Our teachers keep educating themselves, as well as our children. Mrs. Hunt and Mrs. Bassham recently attended a workshop to learn to identify students with dyslexia, a

learning disability. Mrs. Schaefer attended one on self-esteem and learning. Mrs. Denison went to San Antonio to a KTOT meeting (Kindergarten Teachers of Texas). The well-planned event offered 1300 teachers an opportunity to choose from 20 workshops. Mrs. Denison chose puppetry, bean bags, making your own PE equipment, and a math workshop. She also received material from many of the workshops she couldn't attend. Part of the program was hearing the Texas Commissioner of Education speak.

Thanks goes to Mrs. Cearley's sixth grade class for safety patrol and flag duty for September. Those participating are John Exline, Kevin Prickett, Dusty Christmas, Michael McGough, Bridget McCulloch, Elizabeth Ingram, Wes Hogue, Steven Ingram, April Galyean, and Tammie Clement. All 6th grade classes get a newspaper daily and discuss current events as part of their Social Studies work. The 6th grade teachers are Mrs. Cearley, Mrs. Choate, and Mr. Denison. Recently in Mrs. Choate's class, the study of current events led to a simulation of the Yellowstone National Park forest fire. Four groups were formed for discussion: congressmen, Environmental Protection Agency, homeowners, and forest rangers. They tried to stick to the facts they had learned from reading recent newspapers. Overall, it was a good learning experience.

There is so much going on in our school and it is fun sharing with you.
