USPS No. 113780

Joe Wheatley, Mayor of Cisco, Mike Siebert, a representative of P.A.D.D., Eastland County Judge Scott Bailey, and Dub Hoffmann, Mayor of Eastland, received a letter of appreciation from the West Central Texas Interlocal Crime Task Force on behalf of Cisco, P.A.D.D., Eastland County and Eastland, which raised the funding to make Eastland County first in the support of the Task Force and its war against illegal drugs.

Eastland County First To Support Crime Task Force

Many of the drug busts which have been made in our area have been possible due to the co-operation between local officers and the West Central Texas Interlocal Crime Task Force.

The Task Force works in a thirteen county area coordinating efforts and information between local law enforcement agencies, using undercover agents to gain evidence, and prosecuting cases.

Short term funding for the day to day operations of the Task Force, including money to make the drug purchases which are used as evidence to gain convictions, have been a serious problem.

Could Save Your Life

Free County Health Fair Thurs.

Would you like to know your blood sugar level, learn if you have high blood pressure, have your hearing checked, learn your pulmonary function level, and much more? Then you should come to the Countywide Health Fair on October 27th, from 10:00 a.m. to 4:00 p.m. at the Cisco Senior Citizen Center. The Senior Citizen Center is located at 400 Conrad Hilton Avenue.

The Health Fair is being co-sponsored by the Eastland County Texas Agricultural Extension Service Home Economics Committee and the Cisco-Eastland AARP Chapters. Along with these sponsors, the Cisco E.L. Graham Memorial Hospital and the Extension Home-maker Clubs will be volunteers.

The Health Fair is available to everyone from small infants to senior citizens. For children, the Child Development Center from Brownwood will provide developmental skill screenings for children ages newborn to 6 years of age. The Sheriff's Department will sponsor a Child Identification booth and parents can have their children fingerprinted.

West Texas Rehab, of Abilene, will provide free hearing exams by their audiologists. The hearing exams will be done at the Cisco Bank Community Room where a quiet facility is required for this test. Anyone wishing to have a hearing exam may stop by between 10 - 4 p.m. on Thursday, October 27th. West Texas Rehab will also provide free hearing exams by their audiologists. The hearing exams will be done at the Cisco Bank Community Room where a quiet facility is required for this test. Anyone wishing to have a hearing exam may stop by between 10 - 4 p.m. on Thursday, October 27th. West

And this funding must be supplied by the counties and cities, or by donations, if the Task Force is to be effective.

Much of the Task Force's funding comes from the federal government, but in the form of matching funds. Local funding must be received in order to apply for federal funding.

And when the call for funds to keep the Task Force operating for another year went out to the thirteen counties, Eastland County was first to respond with its share of the funding, which was \$5,325.

Eastland County and Sheriff Don Underwood's

Department came up with the biggest chunk of funds, the cities of Cisco and Eastland contributed heavily, and Parents Against Drunk Drivers, under the leadership of Joe Cooper of Cisco and Mike Siebert of Eastland, also contributed.

This support has enabled the Task Force to continue to combat the illegal drug activity in our area.

Frank Cleveland is the Commander of Task Force which is based in Abilene, and former Eastland James Eidson is the Project Director and Special Prosecutor.

Texas Rehab will also provide free screening for the hand strength test.

The E.L. Graham Memorial Hospital will do free pulmonary function screenings. A registered dietitian will also be available to provide dietary consultations on special diets such as diabetic, low sodium, low-fat, food allergies, etc. to diets for infants and early childhood nutritional requirements. This will also provide an opportunity to receive weight reduction guidance through caloric controlled diets.

Take the cholesterol test that could save your life! Wal-Mart Pharmacy will be sponsoring cholesterol testing for \$5.00. Heart disease is the number one cause of death in the U.S. By reducing elevated cholesterol levels 25%, we reduce the risk of having heart disease by 50%.

Eastland Memorial Hospital will be promoting their physical therapy department. Their theme is "Living With Arthritis". Ranger General Hospital will do the glucometer and urinalysis screening.

High blood pressure is known as the "silent killer". Health Fair participants can have their blood pressure checked at booths sponsored by Girling Home Health and Outreach Health Service.

Other exhibitors will be Dura Med Equip, March of Dimes, Social Security, Woods Psychiatric Institute, all from Abilene. Summer Sky, Inc. of Stephenville, will have a booth, AARP will also have a booth along with the AARP Pharmacy display.

The Texas Agricultural Extension Service will sponsor nutrition for good health information. Dr. Cone Rice, an Eastland dentist that is opening a new practice, will be at the Health Fair. Dr. Rice will provide oral cancer screening.

During the Health Fair, various medical personnel including registered nurses, physical therapist, pharmacists, audiologists, registered dietitians, and other representatives from health care organizations will be available for free health information and consultation.

Door prizes will be drawn throughout the day. Free apples will be provided for everyone who attends.

The Health Fair is intended to provide information—not complete services of a physician. This is meant to be educational. Any results you get from the screenings that might be suspicious go to your doctor. This is for information and education and does not constitute a doctor - patient relationship.

Some of the tests that will be available at the Health Fair can save lives. Admission to the Health Fair is free, and all screenings are free except for the \$5.00 cholesterol test.

Historical Society To Meet Tuesday

The Cisco Historical Society will have a meeting at 7:30 a.m., Tuesday, October 25, 1988, in the First National Bank Community Room. All members are urged to attend.

Ideas Heard On Ways To Save Hospitals

Health care providers from Eastland County's three hospitals met with state and area officials in Cisco Wednesday night to discuss how to save the local hospitals. Also addressed during the meeting was the role that government should play in health care.

With the theme of "Survivability Through Cooperation," various leaders gave information about the current status of medical care delivery. They also heard suggestions on how the Cisco, Ranger and Eastland Hospitals could merge services and be more competitive than urban medical centers.

Roy V. Cartee of Cisco, Associate State Health Coordinator for the AARP, was Master of Ceremonies for the event. He greeted the more than 130 people filling the Corral Room, and recognized various dignitaries in the crowd.

Also welcoming people to the meeting was Eastland County Judge Scott Bailey and Cisco Junior College President Roger Schustereit.

Roy Cartee said that 52 hospitals had closed in the State of Texas during the past three years, and most of them came from the territory his

Hospital Auxiliary To Hold Blood Drive October 31

The E.L. Graham Memorial Hospital Auxiliary will hold a Blood Drive on Monday, October 31, 1988, in the lobby of the Cisco Junior College Student Union Building, (SUB) between the hours of 9:00 a.m.-1:00 p.m.

Technicians from Meek Blood Bank, Abilene, will be working the drive.

Ginny Page, president of the hospital auxiliary, said anyone between the ages of 17 and 66-years of age and in good health can donate blood. She said a 17-year old donor must have written parental permission to donate. Anyone over 66-years old must have their doctors permission to donate blood.

Another requirement for persons donating blood is that they must weigh at least 110 pounds. A person who is on medication needs to be sure and tell the Meek Blood Bank technician the name and dosage of the prescription. Certain medications will not prevent a person from donating. If a person is on medication, they can still donate blood.

Goodfellows To Begin Accepting Donations For Christmas

The board of directors for the Cisco Goodfellows met Thursday night to make plans for this year's Christmas dinners and children's gifts.

The board said with the economy the way it is now in this area, they are expecting a larger number of applications to be turned in.

And this will mean the Cisco Goodfellows will need more money to help all these

AARP work covers. "Turfism is over tonight in Eastland County," he declared. "We're going to try to salvage and sustain these three Hospitals we have."

Marvin Cole, administrator of E.L. Graham Hospital in Cisco, listed some of the reasons behind financial difficulties facing the Eastland County Hospitals. He said these were typical problems all over the state, and also across the nation.

Problems he mentioned included the tendency of Eastland County people to go to big cities for their medical care - especially the more affluent people. He stated that around 70 percent of local people do not use local Hospitals.

He said that inadequate Medicare reimbursement to rural Hospitals was another big factor. Eastland County Hospitals receive less on Medicare patients than do big city Hospital.

Inadequate insurance by patients, high malpractice insurance that has to be carried by Doctors and lack of available education for medical personnel was also named as part of the problems. Erosion of tax support, lack of

adequate funding for outpatient health care, lack of medical specialists and big advertising campaigns by city hospitals contributed to loss of patients and lack of revenue here.

"All of us are beginning to realize the urgency of the situation," Cole said. "When a Hospital closes the community dies. I do not believe we can continue to be in a competitive situation in health care here in Eastland County."

Dr. W.A. Hunt of Fisher County, State Legislative Committee member of the AARP, said that "Every human being ought to have an opportunity of medical attention." He said he was glad to see so many in the county interested - this public involvement was necessary to turn the thing around.

Ron Stovall of Abilene, Regional Manager of the State Board of Health, said the Health Department will work in any way they can here. He brought a laugh when he mentioned something about "Delivering babies at Medicare prices," when he meant "Medicaid" of course. This has been mentioned as a difficulty in Eastland County.

Dale King, a Representative from the office of Congressman Charles Stenholm, said the Congressman was working right now to get the law changed in the disparity of Medicare payments to rural hospitals. He said the Stamford, Texas Hospital was in trouble right now - there at Stenholm's place of residence.

"It's going to be a big battle," he said. "Other Congressmen (besides Stenholm) are the ones who need the message. Write to them! More than 30 percent of older people are in rural areas - a high percentage needs health care. Few of them can afford to drive 50 miles to get it."

He said one real and practical solution was to provide more outreach Veteran's Administration Hospital Service here. "People in the V.A. wanting to guard their turf is one of the major problems we face in trying to set up such a program," he remarked.

This must be set aside on every level to bring health care to people, he added.

Charles Bailey from the State Hospital Association told the crowd that his group was concentrating on Rural Health Care. He challenged all to become more knowledgeable and to get involved politically.

"There are things that can be done about Medicaid," he said. "Be an advocate for your Hospital."

Jerry Sconce, Regional Administrator with the U.S. Health Care Financing Administration, characterized himself as a "Country boy from Missouri."

He passed out copies of data from Ranger General, Cisco's E.L. Graham Memorial, and Eastland Memorial Hospitals. He stated that the three Hospitals lost about \$1 million last year.

"Your big problem is that you don't have any patients," he said. He noted that the three hospitals are licensed

for 151 beds, but only an average of 22 beds are used each day. His figures showed that 58 percent of the residents left the county for health care.

He agreed that another problem is unequal reimbursement from Medicare, whose payments are much more to urban medical centers. Sconce maintained, however, that even if the County's hospitals were paid the same rates as city hospitals there would be little gain by the rural hospitals.

He said from 1966-83 Medicare paid the Hospitals the entire share of operating costs for those patients. Those costs were increasing 17-19 percent annually. Congress said: "We can't do that anymore," and a cost-containment policy was set up.

"The Government is spending 137 billion on Medicare and Medicaid now," he said. "The debate is raging. Congress set up a dual system - what we pay city hospitals and what we pay rural hospitals. I don't know how it will come out."

Eastland Hospital Administrator Marcia Carr spoke in general terms of Medicare Services before 1983.

"We abused it," she said. "The more services we provided, the more people wanted and we gave. There had to be some cost containment. We can't go backward - we have to go from this point forward. More people is not the total answer."

As the meeting concluded Marvin Cole said there was a solution to the financial difficulties of the local hospitals. He urged each hospital board to adopt a cooperative mission statement.

Included in the statement is a pledge to consolidate some operations such as purchasing and billing, which could cut costs by 15 percent, Cole said. All medical records could be kept in one place.

"We might also have just one administrator - I could lose my job over this," he remarked. The hospitals should also work together to attract specialists, and allocate special care centers in the various locations.

"Failure to do that dooms your hospital," Cole said.

Cartee concluded that the County's residents will have to use their hospitals or lose them. "Do you want to keep your hospital open?" he asked.

Survivability Through Cooperation

An Editorial
Saving the hospitals in Cisco, Eastland and Ranger is a two-way street.

Those who manage and run them are now fully aware that they're going to have to work together to provide the best services possible, and after the public meeting of this week, there is every indication that they are pledged to do just that. It's been vividly shown that there's much more to be gained by working together than working against each other. While there's no apparent thought to consolidation, there is the general understanding that a lot of savings can be achieved through many avenues.

And as the boards, administrators and staffs work hand in hand to work out the problems, and problems there are a plenty, there's every reason to believe that nothing but good will come from all this. The three share many things: high operating costs, low censuses and resulting revenue and a multitude of other common maladies. They are different in some respects: two are tax supported entities. One isn't, yet.

All are to be commended for sitting down together and discussing the problems and jointly looking for solutions.

The other side of the street is low utilization and that's where you and I must shoulder our responsibilities.

We saw a sign in front of a church recently: "Faith, if you don't use it, you lose it." That could be true of a lot of things.

At the public meeting it was brought out that form 60 to 70 percent of the people in Eastland County do not use the services of the local hospitals.

That's serious, but it's not entirely unique. Being downright honest, you can see the same thing in many areas.

Lack of support for the local store, the local school, the local newspaper for the local church. And there's no need for finger-pointing, 'cause we're all guilty.

When we of free choice, choose to spend our dollars at the malls and metroplexes instead of with the local merchant, go into out-of-county hospitals, and put our advertising and printing dollars in out-of-town projects, and in any number of other examples of non-local support, we're cooking our own geese. It'll come back to haunt us in the eventual loss of these conveniences and institutions we so often take for granted.

The 151-bed capacity of our hospitals didn't come easy. And when our utilization runs to as low as 22 a day, that's not much of a sign of support, is it?

The erosion of an area's economy is a progressive thing, just as top soil rolls down to the sea when not maintained, the economy we know, may slowly fade as bits are chipped away. And we're all linked together - the loss of one often portends the demise of others. So neither of us can consider ourselves immune.

And hospitals, by their nature, are often matters of life and death. Their immediate availability could, quicker than we might like to think, mean the difference of whether we're around for another day or not.

The hospital folks are accepting their challenge. They're going to fight — not each other, but the common problems they each face — and offer the best services possible. They're going to expand the specialties they can, they're going to cut expenses, and they're going to join us in lobbying for help and relief.

Isn't it time for those of us who care to forget about the past, and concentrate on what we're going to do from this day forward to COOPERATE AND SURVIVE?

Tyler Defeats Cisco 37-To-14

By MARLOW McSHAN
The Tyler Junior College Apaches defeated the Cisco Wranglers 37-to-14 in a conference game Saturday night in Cisco. The win lifts the Apaches to 4-3 and the Wranglers fall to 4-2.

Despite the Wrangler loss, they were able to score first and end the first half with a tie of 7-7.

Cisco's first score came on a one yard run by tailback Jeff Broaders. The Wranglers amassed a total of 443 yards offensively but were held to only 14 total points.

In the second quarter the Apaches scored their first and only touchdown of the half on a nine yard run by Ivory Lee Brown.

Although the first half of the game ended in a tie, the

second half was totally controlled by the Apaches and they demonstrated that by outscoring the Wranglers 30-7. Their first score of the half came on a 38 yard field goal. After this score the Apaches scored four unanswered touchdowns beginning with a six yard run by Ivory Lee Brown. This touchdown made the score 17-7. At this point, the Wranglers were still in the game but what broke their backbone was a 89-yard run by Ivory Lee Brown. The extra point failed and the score was now 23-7. The Apaches moved the ball down the field extremely well on their next possession and tailback Darryl Schenk scored on a nine yard run.

Tyler's final score can be attributed to Bobby Henderson who scored on a 28 yard pass from Kirt Griffin.

Although the Wrangler secondary allowed one pass touchdown they should be commended on their pass defense. The Apaches only completed three of 14 passes for 61 yards and two interceptions. One interception was by free safety Todd Hayes and the other was by cornerback Perry Kyles.

Cisco's final score came on a one yard run by quarterback Jeff Cheatam. The score was set up by an 82-yard pass from Cheatam to flanker Gabe Smith. The Wranglers amassed a total of 320 passing yards which can be attributed to Gabe Smith (five for 174 yards) and Rolanda Reese (four for 82 yards).

Next Saturday the Wranglers will battle the Navarro Bulldogs at 3 p.m. in the annual Wrangler Homecoming game.

Jr. High Teams Destroy Doggies

Both Cisco Junior High football teams soundly defeated their arch rivals, the Eastland Doggies Thursday night in Eastland.

The seventh grade team played their finest game of the year by completely dominating the game, both on offense and defense. All 37 players contributed in the victory. Several runners, benefited by some crisp blocking by the linemen, brought the crowd to their feet with some great runs. Those runners were Reagan Pence, Doug Jones, Matt Schaefer, Brody Honea, and Quarterback Jeff McCoy.

The defense was led by outstanding tackles by Doug Jones, John Gaeta, Mike Harrison, and Wilkerson.

Dusty Ferguson, Brody Honea, Jason Strobel, and Elias Sanchez. Final score was Cisco 28, Eastland 6.

The undefeated eighth grade team faced one of their toughest tests, but when the dust settled, it was no contest -- Cisco 21, Eastland 8.

Cisco moved out to a 15-0 lead only to have the Doggies cut the lead to 15-8 but a nice touchdown run by Jay Nixon late in the game put the game away for the Little Lobos.

Once again, the offensive line, composed of Randy Boles, Jeremy Rhodes, Tommy Thompson, Bradlee Raine, Tony Elizalda, B.J.

Burrus, and Jason Hoffman continued to punish the Eastland defense while runners Jay Nixon, Brent Shepard, Hoot Beckett, and Robert Smith proved too powerful to hold in check.

The sound of popping leather was provided by defensive players, Powell, Bilbrey, Beckett, Burrus, Boles and many others.

The junior high teams will play their last home game against the Dublin Lions next Thursday, October 27th. Action begins at 5 p.m. Come out and show your appreciation to these young players for a fine season that many have enjoyed watching. Help us trick not treat Dublin.

Appraisal District Accepts Perry Building

The Eastland County Appraisal District Wednesday official accepted the contribution of a major facility for future use.

The building which formally housed the Perry's Store on the west side of the square in Eastland was donated to the district by the Campbell Estate, owner.

District Board Chairman Mike Siebert said in announcing the acceptance, "While we don't have any immediate plans for use of the building beyond badly needed extra storage space, it is believed that the district would be remiss in not accepting the generous donation in view of the uncertainty of future needs."

The Appraisal District presently collects for a number of taxing entities and it's conceivable, he said, that this could be expanded in the future, should needs and/or legislation dictate.

Further is has been suggested that the county could in the future conceivable need the space now being used by the appraisal district in the courthouse.

Appraiser Steve Thomas plans to be storing old records in the building immediately but the office is not moving from the second floor, west end of the courthouse at this time, Mr. Siebert said.

Future utilization of the building will depend on a number of factors, he said.

and it is conceivable that it could be leased for retail business, and/or traded for another facility as needs dictate.

At the present time the Appraisal District offices continue to operate in its present locations.

Her fiancé is a 1983 graduate of Eastland High School and a 1987 graduate of Texas Tech University.

Health Fair Offers Cholesterol Testing

Heart disease is the number one cause of death in the United States.

Every minute an American suffers a heart attack, and for half, the first heart attack results in death.

According to the National Institute of Health, 50% of those tested have elevated cholesterol, a leading cause of heart disease. Heart dis-

ease kills one out of three Americans. By reducing elevated cholesterol levels 25%, we reduce the risk of having heart disease by 50%...a very good return!

Come to the Countywide Health Fair on Thursday, October 27th, from 10:00 a.m. to 4:00 p.m. in the Cisco Senior Center, where you can have your cholesterol level

tested.

4-H News

4-H Teen Leader Retreat:

The annual State Teen Leader Retreat for junior high school age 4-H'ers ages 11-13, will be at the State 4-H Center on November 18-20.

The leadership retreat theme is "It's Up to Me" which promotes self-esteem, positive self image, coping with peer pressures, and much more.

The cost is \$39, from Friday evening until Sunday noon, or \$30 if you arrive on Saturday morning.

Pre-registration is a MUST and it's on the "first come-first serve" basis. 4-H'ers from all over the state will be attending.

For registration forms, contact the Extension Service office, Janet Thomas, or Crystal Wilbanks, County Extension Agents, at 629-2222 or 629-1093.

Photography Project Organized:

The 4-H Photography Project is off to a great start! The next meeting is Sunday, November 6th, 2-4 p.m. in the TU Electric Reddy Room.

Interested 4-H'ers are reminded to attend. Project leaders are Mrs. Barbara McDonald or Ranger, and Jr. Leader is Eric McDonald.

Cisco Junior College To Present "The Odd Couple"

When Cisco Junior College presents THE ODD COUPLE in November, they will be presenting one of the most widely produced comedy hits Neil Simon ever wrote. It is one of the numerous successes he enjoyed during a relatively short period of time. Ever since his first Broadway hit in 1961, COME BLOW YOUR HORN, Simon has provided thousands of hours of enjoyment for theatregoers. He has written such hits as BAREFOOT IN THE PARK, SWEET CHARITY, PLAZA SUITE, THE GINGERBREAD LADY, THE SUNSHINE BOYS, THE GOOD DOCTOR, GOD'S FAVORITE and CALIFORNIA SUITE.

THE ODD COUPLE became the smash hit of the

4-H Food Show Entries:

4-H Food Show entries are due Monday, November 7th, in the Extension Service Office. Forms to be turned in are: recipe, day's menu analysis, and project record form.

The County 4-H Food Show will be on November 12th, at Siebert Elementary School Cafetorium in Eastland.

4-H'ers needing assistance or more information, should contact Mrs. Janet Thomas, County Extension Agent-Home Economics.

County 4-H Recreation & Leadership Team Application Due:

The 4-H Junior Leader's Associations is promoting a Recreation Team and Leadership Team for 1989. These two teams will be composed to 4-H Junior Leaders who will provide training to younger 4-H'ers and other 4-H Club groups on both leadership skills and recreation skills.

To be on a team, interested 4-H Junior Leaders must make application. The application forms are due in the Extension office NOW. Any 4-H Jr. Leader who needs forms or additional information should contact Mrs. Janet Thomas, County Extension Agent, 629-2222, IMMEDIATELY.

ATELY.

4-H County Food Show Committee:

The 4-H Food Show will be hosted in Eastland on November 12th, at the Siebert Elementary School Cafetorium. The Senior 4-H Club is hosting this event.

The committee members are: 4-H'ers Diane Butler, Pam Kea, Natalie Stevens, Barbie Butler, Cathi Thomas, Amy Logan, Jennifer Jarrell, Jeremy Keith, Mark Chaney, Mrs. Sharon Arther, Mrs. Kathy Stevens.

There will be a committee meeting Monday, October 31st, at 4:00 p.m. in the Extension Service Office.

A big 4-H Food Show is anticipated!

4-H Horse Club Organizing:

Don't forget! If you would like to join a 4-H Horse Club then plan to attend the first meeting.

Date: Monday, October 31st
Time: 7-8 p.m.
Place: Olney Savings, Cisco

All parents are urged to attend with their children.

Club Manager will be Debby Ingram.

Officers will be elected and upcoming activities will be discussed.

4-H Sock Hop:

The 4-H Jr. Leader Association is sponsoring a "Sock Hop" on Saturday night, November 19th, at Lost in the Fifties, 8:00 p.m. until Midnight.

Two female friends could also live together and learn to hate each other just as their male counterparts did. So, in 1985, Broadway saw yet another Madison and Unger only this time it was Olive Madison (Rita Moreno) and Florence Unger (Sally Struthers). It was met with rave reviews and enjoyed a long run before being offered to the public.

Since this is an interesting prospect - the gender tables being turned - reservations had best be made now for Cisco Junior College's production. Running November 7-12 at the Hilton Community Center, three performances are show only for \$1 and the remaining three are offered with dinner for \$10. Call 442-2589 for information or to make your reservations.

Comanche Man Get 99 Years

A Comanche man received a 99-year prison term from a district jury Tuesday after he was found guilty of taking \$70 from an elderly Eastland man.

The 91st district jury deliberated seven minutes before finding Donald Gene Turner, 56, guilty of robbing an 83-year-old gas station owner last November.

The jury then deliberated two hours before setting his punishment.

Testimony revealed Turner gave the elderly man \$7 to pay off a bad check.

When the station attendant added the money to a larger roll of bills and placed the money in his pocket, Turner bumped into the man and put his arm around him.

After he left, the owner discovered the roll of bills containing about \$70 had been stolen, testimony showed.

All Jr. High and High School age students are invited.

The admission fee is \$5 per couple or \$3 single admission.

Proceeds will go to the 4-H Junior Leader Association.

State Fair 4-H Honor Awards Banquet:

Toby Long, State 4-H Council Secretary from Rising Star, attended the State Fair of Texas Honor Awards Banquet in Dallas and represented 4-H. As an officer Toby was presented the official State 4-H Blazer dress coat which he will be wearing during the coming year as he represents 4-H youth. These officer coats are make available by the State 4-H Foundation.

Congratulations, Toby!!

Brazos River Authority Awarded Certificate Of Achievement

The Certificate of Achievement for Excellence in Financial Reporting has been awarded to Brazos River Authority by the Government Finance Officers Association of the United States and Canada for its comprehensive annual financial report. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment.

When a Certificate of Achievement is awarded to a government, an Award of Financial Reporting Achievement also is given to the individual designated as primarily responsible for its having earned the certificate. This Award of Financial Reporting Achievement has been presented to Bill Trussell, Comptroller. Mr. Trussell received a Bachelor of Business Administration degree in Accounting from Baylor University in 1970. He has worked for the Authority since 1972 and has served as it Comptroller since 1981.

The Authority's annual financial report has been judged by an impartial panel to meet the high standards of the program including demonstrating a constructive "spirit of full disclosure" effort to clearly communicate its financial story and motivate potential persons and user groups to read the CAFR.

The Government Finance Officers Association is a non-profit professional association serving 11,500 govern-

"The Odd Couple" To Be Presented November 7-12

Anyone driving by the Hilton Community Center on any given evening will see lights and cars and if they peek through the window, they will see much activity upon the stage. This is where Cisco Junior College presents its plays and this is where CJC Drama Department will present THE ODD COUPLE November 7-12, 1988. This time director Carol Brown is bringing us Neil Simon with a twist - this version of THE ODD COUPLE is about the female gender. One of the cast members, Lana McConaughy, describes the play best. "I was in the Marines. And we had to be tough and strong and disciplined but always on our best behavior

because we were female. We were always being compared to the guys. Well, that's like this play. People always will compare us to the male version so we have to work harder to be believed."

Veteran actress Jana Spangler, who plays Olive Madison (not Oscar), agrees. "Although a lot of the dialogue is the same and the situation is similar, changes have had to be made. I can't play this part like Walter Matthau or Jack Klugman - or even Rita Moreno, who played it on Broadway." Theatre goes will remember Mrs. Spangler from PICNIC, GOING TO SEE THE ELEPHANT and this summer's rendition of PLAZA SUITE. Mrs. Spangler is a sophomore history and theatre major and is also responsible for the set design for this production.

Danetta Bible, a freshman theatre major from Rising Star, doesn't remember the movie itself but is familiar

with the television series. "I am certainly not Tony Randall. I have to find a way to portray Florence without making the audience come out of their seats and strangle me. She has many irritating habits but does things with good intentions. My roommate feels I should have no problem with this role."

Her roommate, Tara Fuller of Abilene, makes her acting debut with this production. "I always wanted to act but don't ever let anyone tell you it's easy. It's work - fun work, but work."

Kim Graham, a freshman drama major from Merkel, plays Mickey, the cop, and her roommate, Stacey Norton, also from Merkel, plays Sylvie, one of the gang. They have read the original version of THE ODD COUPLE and agree that the female version gives the actresses a lot more to do. Their relationship with Olive and with Florence is crucial to telling the story and to how it turns out.

Anthony Annan of Lakeland, Florida, and Scott Bradshaw, of Eastland, have even more difficulty since their female counterparts, the Pigeon sisters, are English. "We have nothing

to copy - which is good. But our characters are Spanish so the dialogue is different and how we react with Florence and Olive is different just because of where the play says we're from."

Overall, the female version of THE ODD COUPLE promises to bring an old favorite to the CJC stage with new faces and a whole new look. Why this play? The director responds to this question: "We could have chosen a classic if we were looking for standard difficulty. But consider this: Comedy is very hard to do in the first place and we've made it more difficult by taking an old standard and making it fit our needs. I really think the challenge is great."

See Spangler, Bible, Graham, Norton, McConaughy, Fuller, Annan and Bradshaw onstage November 7-12, 1988. MAKE RESERVATIONS BY CALLING 442-2589.

"I am committed to the social and economic security of our families."

-Bob Glasgow

AN OPEN LETTER FROM OUR TEXAS SENATOR

A Texas Senators' job is never an easy one. It involves complex choices for scarce budgetary dollars, new tougher laws against criminals and holding out for the people against powerful special interests. In public office I am guided by some important principles - what is best for the families of Texas? Which choices promote traditional family values like hard work, the right to an education or health and safety in the home and neighborhood? These abiding principles underscore our common commitments to the economic and social security of our families.

Bob Glasgow
FOR SENATOR DISTRICT 22

Let's keep a good man - A great Senator working for us.

FmHA Activates Farm Loans For Socially Disadvantaged Person

The Farmers Home Administration (FmHA) is preparing to activate a loan program designed to help members of socially disadvantaged groups, including minorities, acquire land for farming. J. Lynn Futch, FmHA State Director, said today.

Under the new program, FmHA will try to find persons in those categories who are interested in farming and can qualify for an FmHA farm ownership loan. The agency would also be prepared to sell or lease to them a farm held in its inventory if any are available in that county, Futch said.

FmHA can also provide other loan and technical assistance, if needed, to help the borrower get started.

The new program was included in the agricultural credit act signed earlier this year, Futch said, and funds have been reserved for farm purchases based on the population of socially disadvantaged persons.

The population of such persons range from as low as 1 percent in some New England and midwestern states to highs of 68 percent in Hawaii, 57 percent in New Mexico, and somewhat lower percentages in southeastern states. Population groups involved are Hispanics, Native Americans, Blacks, Asians and Pacific Islanders.

Persons who think they might be eligible and who are

farming or who would like to become farmers are urged to contact the Farmers Home Administration county office serving their area, Futch said.

Bill Bryan on Quantum 381 Crankin' Reel

The following comments are quotes from Bill Bryan, lure designer from Bagley Baits, after testing the Quantum 381 Crankin' Reel. Bryan is one of the nation's leading authorities on crankbait fishing and lure design.

"A lure dives for several reasons. The most important is that it compresses the water in front of the lip. What it all boils down to is force. The greater the force that pushes the lure down, the greater the force that is transmitted to your cranking hand and to the wrist and forearm of the arm you use to hold the rod. Of course, if you can relax as you crank neither one gets this force applied to it."

The Quantum 381 allows you to fish deep-diving crankbaits in a manner that is very relaxed. When I use Quantum's new Crankin' Reel, I'm not under any strain or stress in my retrieving hand. I'm not even under any stress in the hand holding the rod. With this reel, I might even go back to a pistol grip rod."

"I'm impressed with two other things about the Quantum Crankin' Reel, the smoothness of the retrieve and quietness. If you live in an area where people are fishing deep crankbaits a lot, the demand for the 381 Crankin' Reel will be great."

"Last year, when one of the reel manufacturers came out with a 6.1 to 1 reel, my first thought was, 'How crazy can you be?' About 99% of the people in the world crank a bait too fast anyway. In almost all cases, a lure is not as productive run with speed as it is with finesse."

"Bagley Bait Company has done no formal research on retrieving speed for lures. The main reason is that we are at the mercy of the fisherman. We must make new lures perform at great speeds like

in "ripping" and fast trolling."

"Though we have done little formal research with speed, we know some things from many years of experience: 1. Over 90% of fishermen fish a lure too fast. 2. Only seldom, and at certain times of the year, does the "ripping" of a lure and fast-speed trolling produce fish. 3. Constant speed, slow or fast, is probably the worst way to use a crankbait. 4. Ultra speed is not necessary to get a lure to run deep or stay deep. 5. The gear ratio is very important in fishing lures like the DB3 and the DB3-Magnum."

"I fish a lot. I fish all year round. Three years ago, I purchased two reels that were supposed to be as good as any on the market."

"Those two reels lasted for six weeks. The pinion gears wore down until they were nothing but little spikes. Finally, those little spikes gave way, and the reel wouldn't engage. If it did engage, it would move a little and rattle like a coffee grinder."

"I sent the reels back to the manufacturer. They put in new pinion gears and sent them back. The reels lasted no longer the second time than they had the first time."

"I say that to give you an idea of the force that is exerted on the reel when you're using a DB3."

"I had a fish speed 6.1 to 1 reel given to me last year. Let me tell you this. My son's birthday was last month, and I was real nice. I gave him that brand new reel. I just can't use it."

"I never retrieve a crankbait at a steady pace. Moving a crankbait in an irregular rhythm is what catches fish. "Burning" a crankbait through the water doesn't work either. Ninety percent of the fish you catch on that type of retrieve will be caught when the lure is setting dead

still or when you just start it up. It's the flash of movement that does it."

"When you start fishing a DB3, there's a mental block: I will not be able to use this lure long. But the DB3 has won more money for more professional fishermen than any lure on the market. When a pro goes into a big tournament and he is not ranked in the top three after the first day, the next two days he fished will be entirely with the DB3. He knows that what he catches will be heavy, and his chances of catching more than one will be good."

"The factor limiting the fish caught with a DB3 is the physical aspect of fishing it. Most fishermen are not willing to put forth the effort needed to fish deep-diving crankbaits. Right now, we're having more women going into fishing every year. But, most women are not physically able to crank a DB3. If they are, it is only for a short period of time. The Quantum 381 changes all that."

I would like to thank Mr. Bryan for these interesting statements on crankbaits and the super 381 Crankin' Reel from Quantum and John Scott for making this material available. The Quantum line is taking the industry by storm folks, building equipment for the fishermen in mind.

I have only been able to borrow a 381 Crankin' Reel thus far, but believe me it will be next purchase. Especially with the prime crankbait time on hand now. It will soon become among every anglers arsenal.

Lake reports:
Lake Leon: Water clear, blacks fair to 5 pounds on crankbaits and spinner baits; crappie very good in num-

bers and fair in size on minnows; catfish fair to 7 pounds on trotlines.

Brownwood: Water clear, 2 foot, 9 inches below spillway level; black bass slow to 6 pounds; striper slow; crappie good to 2 pounds with full strings on minnows; white bass good to 25 fish per string early and late while fish schooling, some white bass surfacing at night around lights; catfish slow.

Gibbons Creek: Water slightly off color, 74 degrees, 18 inches low; black bass fair to 9 pounds, 13 ounces with 4 keepers over 21 inches all week on Bagley DB3 in 9 feet of water; crappie slow, some near spillway and in Sulphur Creek on minnows; catfish fairly good to 4 pounds on chicken liver, minnows and stinkbait.

Granbury: Water clear, 2 feet low, 74 degrees, 2 feet low; black bass very good to 6 pounds, 2 ounces with several limits on topwaters and spinners; striper slow; crappie very good with several limits in 28 feet of water on minnows; white bass slow; catfish good to 4 pounds with about half of trotline stagings catching fish on shrimp.

Hubbard Creek: Water clear, 80 degrees, 8 feet low; black bass fairly good to 5 pounds on chautreuse worms and spinners; hybrid good to 1 pound each to 8 fish per string on minnows; white bass fairly good to 15 fish per string; catfish good to 36 pounds on live bait.

Oak Creek: Water clear, 70 degrees, normal level; black bass good to 5 1/4 pounds on topwaters early, spinners and worms good later in the day; crappie good off the docks to 15 fish per string on minnows; white bass fair trolling; catfish good on trotline

to 6 pounds on big minnows.

Possum Kingdom: Water clear, 10 feet low; black bass good in number, few keepers on plastic worms and topwaters; striper good in the 18-20 inch range on slabs along with white bass; crappie slow; white bass slow, with strings to 10 fish per string on slabs; catfish good to 4 pounds, many just above keeper size, on live perch and chicken livers.

Proctor: Water clear, 70 degrees; black bass fair to 7 pounds on artificials; striper fair with some caught trolling with white jigs; crappie slow; catfish fair.

Twin Buttes: Water clear, 76 degrees, 6 feet low; black bass fairly good to 4 pounds in shallow and deep water; striper slow; crappie fairly good to 16 fish per string to 1 1/2 pounds on minnows; white bass slow; catfish slow to fair.

Rev. Bill Davis To Minister At Church In Cisco

The Rev. Bill Davis of Florida will be ministering at 7:30 p.m. Tuesday and Wednesday, Oct. 25-26, at Mountain Top Church.

Rev. Davis evangelized with the United Pentecostal Church for many years, and also pastored a church in Waco where a beautiful church facility was built under his leadership. He now co-pastors with his son-in-law in Florida and has a growing progressive congregation. The pastor, Rev. John C. Jones, has invited all of the area to attend the services and enjoy the ministry of Bill Davis. The church is located 10 miles south of Cisco on Highway 183.

Eastland County Senior Citizen's Fall Bazaar To Be November 3-4

The annual Eastland County Senior Citizen's Fall Bazaar is coming up Thursday and Friday, November 3 & 4, at the Rebekah Lodge in Eastland.

The Bazaar began in 1968 and has been an annual event for 20 years, states Janet Thomas, County Extension Agent. The purpose of the Bazaar is to provide an opportunity for our county's senior citizens to sale and exhibit their beautiful handmade articles. Mrs. Thomas states, that all the money from the sales goes to the owner with no commission or booth fees charged to the participants.

This annual Bazaar is sponsored by the Eastland County Extension Homemaker Clubs, and the Eastland National Bank.

The Bazaar agenda is:

A Day Of Fun

At The State Fair

Saturday the Cisco FFA Chapter enjoyed a day of fun and excitement at the Dallas State Fair.
 They spent six hours at the Fair, which, most of the time was consumed by rides, games, exhibits, and food. Everyone seemed to enjoy the day. They all appeared to have a good time.
 I hope that we continue to do this each year. I have really enjoyed spending time and getting to know other FFA members from around the state, and the day of nothing but fun and relaxation.

 She does not plan on teaching until next year in Milwaukee. Her replacement here at Cisco High will be Gene Kinser. She said she will eventually come back to Cisco to visit her children and friends in the surrounding area. Until then I'm sure we'll all miss Louise Chambers and her contributions to the education of our high school students.

Cisco Senior Class To Sponsor Halloween Dance October 29

The Senior Class of Cisco High School, in coordination with Senior Class parents, is sponsoring an Eastland County and area high school dance on Saturday, Oct. 29.
 The dance will be held at the Corral Room from 9 p.m. until 1 a.m.
 Jason Phillips will provide the music for the dance. Admission will be \$3. Soft drinks will be available. There will be dance contests and costume judging with prizes given.
 Cisco has an active group

of parents, Parents for Teens, who has sponsored monthly parties for Cisco High School students for the last five years. Senior Class parents who work with Parents for Teens will serve as chaperones in addition to other interested Senior parents, or parents from all surrounding towns are invited to also help chaperone.
 Definite rules have been established for high school students as follows:
 1. Only high school students will be allowed to attend the dance.
 2. Students may leave the dance at any time, however, once a student leaves they may not return.
 3. No drugs, alcohol, or dipping will be allowed.
 Says a "spokesparent" for the Senior Class, "High School parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can."
 For further information, please call 442-3113, 442-4627, or 442-2537.

letters to the editor . . .

Dear Editor:
 On Thursday evening, October 13, Mr. David Ibbotson fell outside of his lake house and broke his leg.
 In behalf of Mr. Ibbotson, myself, and all of the property owners on the north shore of Lake Cisco I would like to commend the ambulance service, the police department, and the many volunteers who responded so quickly to our request for help. I didn't get the names of any of these people as Mr. Ibbotson's well being was our first concern.
 I do know that we on the lake feel much better in knowing that such excellent help is available when needed. I hope that you can print this as our way of saying thanks to all those people who came out that night.
 Sincerely,
 Jerry Cannon

Dear Editor:
 For the last few days anytime I have had the TV or radio on or looked at the papers, I have seen and heard about the all-out effort to rescue the California whales. I must commend these people for their concern and hard work to save the lives of these mammals.
 Just prior to this rescue operation there was another rescue attempt of a group of Christians trying to save the lives of human babies. These people did not get near the news coverage or the backing for their effort as the whales are getting. In fact they were stopped by the laws of our society and some of them were beaten and clubbed. (They were breaking the law.)
 Anyone in Hitler's Germany that tried to save a Jew's life was "breaking the law." It was not a crime to kill Jews, the murder of 6 million Jews was backed by the government.
 It is not a crime to murder babies in the USA as long as it is backed by the government. We have murdered 25 million since 1975.
 We've come a long way Baby.
 Dave Lorraine

Dear Editor:
 I am writing in response to the article concerning Halloween which appeared in your paper in the October 16 issue of The Press.
 I understand the frustration of people who feel that the observation of Halloween has been unjustly attacked. Years ago, as social committee chairperson of our church, I planned a Halloween party for the children. I made my small son a devil costume, then dressed myself as a wicked witch. Much to my amazement, however, a few people in our church were against the whole thing and, quietly but unmistakably, made their views known to me. I was hurt, disappointed and angry. What could possibly be wrong with Halloween? Why, that's almost un-American!
 But, what those people did wrong was not to oppose me, but to fail to tell me the reason behind their opposition. Now, although I am not part of any organized effort to do away with it, I too am personally against the

Stennett Cousins Hold Reunion

celebration of Halloween. Why have I changed my mind? I believe the key to the whole thing lies not in knowing man's opinion, but God's. As I've learned more about the Bible over the years, I have come to believe some things which may help others to understand such a radical position.
 1. Witches, ghosts and goblins (demons) have always been associated with evil. God condemns witchcraft, sorcery, divination, etc. (Leviticus 19:31, 20:6,27; Deuteronomy 18:10-12)
 2. The article stated that Halloween no longer has pagan connotations. Although some other holidays could also be traced back to pagan times, Halloween is the only one which still glorifies the supernatural and thrives by frightening people. (Consider the movies: "Halloween," "II," "III," and on and on.)
 3. Satan would have us doubt his very existence by making light of evil and downplaying his power. But, there are only two sources of power available to us and one of those is Satan. Jesus warned us he is a liar and a deceiver. (John 8:44, I Timothy 4:1)
 4. With the rise of Satan worship and involvement in the occult has come a rise in substance abuse and suicide, especially among teenagers. Halloween thrives on occultism.
 No one I know opposes the celebration of harvest or allowing children to dress up as "cowboys" or "princesses," but, when so much in our world today is helping to destroy our youth, it is no wonder concerned parents such as those referred to in the article are trying to de-emphasize "the dark side." Consider the reasons and give it some serious thought.

Surprise Party Held For H.D. Ballinger

Slim and Nora Bell Ballinger gave a surprise birthday party for their son, H. D. Ballinger, from Mineral Wells.
 Guests were Sharon Ballinger of Mineral Wells, Nell Hassell of Waco, Howard and Ella Thompson of Eastland, Turner and Ellen Simpson of Cottonwood, Bessie Hill, Velma Jones, Geneva and Roscoe Laird, Jerry, Kristy, Jason and Jessica Ballinger, Don, LaVerne Ballinger, all of Cisco.
 The guest of honor, H.D. Ballinger, said, "Ya'll shouldn't have, but I'm glad you did."
 Cisco Service Club will sponsor a Fall Festival Saturday, Oct. 29, at the Elementary School Gym. This night of fun will feature carnival games, food and prizes.
 Some of the popular games returning will be bean-bag toss, lollipop pull, washer-pitch, football and basketball throws, go-fish, bombs away, potty throw, and ring toss. New features are the cake walk and dart game.
 Come celebrate the fall with us! Costumes are welcome.

Traditional Bazaar To Be Held Nov. 4-5

The traditional annual bazaar will be held Friday and Saturday, Nov. 4-5, at the First Christian Church, 301 W. 8th Street.
 Many beautiful hand made items will be ready for Christmas shopping. There will be baby quilts, decorative pillows, household items, and lots of other items, too numerous to list.
 A bake sale will be held, and breakfast and lunch will be served each day at reasonable prices. Everyone is invited to keep these dates in mind and plan to shop at the First Christian Church Bazaar.

CISCO
Health care personnel from Cisco, Eastland and Ranger met in the Corral Room Wednesday night to discuss ways to save their respective hospitals. They were joined by State and Medicare officials, some of whom spoke to the crowd. Roy Cartee, Associate State Health Care Coordinator for the AARP, led out with the meeting. County Judge Scott Bailey and CJC President Roger Schustereit also welcomed the crowd. The financial plight of the hospitals was discussed, along with suggestions on how to improve the situation. "Survival through Cooperation" was the theme of most talks, and each hospital board was urged to adopt a cooperative mission statement. This includes a plan to consolidate some operations, working together to attract specialists, and other collaboration. A number of people said the county's residents are going to have to use the local hospitals more or risk losing them.

Schustereit during the game with Tyler last Saturday. During this week of Homecoming activities the sale of calendars will be a major project for the Belles. Last year was the first time the calendars were offered, and it became a successful project for fund raising and recruiting. The 1989 calendars will be available at \$5 from any Belle or from the Chamber of Commerce office in the Hilton.

The Cisco Junior College Board of Regents has awarded the bid on the clearing of 80 acres of land on the B.B. Owen Demonstration Farm to Wagley Dozers and Welders, the low bidder. The B.B. Owen Foundation of Richardson recently gave CJC a grant of \$16,500 for Phase 1 of the land development project. The land clearing is a part of this first project.

The Hilton Community Center is open again on weekend, and visitors are invited. The hours will be 2 to 5 p.m. each Saturday and Sunday. There are a lot of interesting things to see in the Museum, along with the old hotel. If you wish to volunteer to keep the Hilton open some weekend, please contact Jo Ann Cermín at 442-2534 or 442-3200.

The bid for the travel arrangement for the Cisco Junior College Band and Belles trip to Washington has been awarded to National Events of Salt Lake City, Utah, the low bidder. The CJC performers have been asked to appear in the Shenandoah Apple Blossom Festival in Winchester, Virginia, on May 6. This will make the third time CJC has been awarded this appearance honor.

The Cisco Junior College Wrangler Belles launched their 1989 calendar sales by selling the first two calendars to CJC President Roger

RISING STAR
Rising Star had been without a barber for almost two years when Leon Sproles opened his shop last month. Many of the local residents breathed a sigh of relief that they would not have to drive out of town anymore for a haircut. Leon's Barber Shop is on Highway 36 East, at the

city limit sign. Sproles worked on the building during the summer, getting the shop ready for operation. He and his wife, Mariana, moved here from Lubbock to "get away from the fast pace there", and because they liked the looks of this part of the state. At his shop Leon does styling as well as haircuts, and invites all to stop by and get acquainted.

The school is having a Carnival in the gym on Oct. 29. This event is sponsored by the Senior Class, and many activities are planned. The school is urging those participants in trick or treat activity to do this the 29th instead of waiting until Oct. 31. Hopefully all will decide to attend the Carnival, which will be open between 6-9 p.m.

The "fighting Wildcats" are still on the prowl, with a win over Lometa 30-0 on Oct. 14. This weekend (Friday night), Oct. 21 will be Parent's Appreciation Night, with a presentation at 7 p.m. about the Wildcats and Hico Tigers game at 7:30 p.m. Each boy will escort his parents to the field, and coaches and their wives, cheerleaders, their parents and sponsor will be presented to the crowd.

RANGER
Ron Butler, formerly of Ranger, has been named division manager of the Olney Savings offices in Abilene, Clyde, Cisco, Eastland and Ranger. Butler's appointment was part of the \$1.3 billion rescue plan announced last Friday by the Federal Home Loan Bank Board. Under the plan, 11 thrift firms in Texas were merged under the Olney Savings name, acquired by the Adam Corp. of Bryan. Butler was head of Olney Savings in Ranger until about three years ago, and was serving as an Olney Vice President in Abilene prior to

the merger. The Ranger native has a bachelor's degree from Texas Tech University and a Masters from Tarleton State University. He joined Olney Savings after graduation.

E.B. Kelley hosted a luncheon at Lone Cedar Country Club on Sunday, Oct. 16 for a group of colleagues employed by the Corp of Engineers at Camp Barkley Abilene, during World War II. Members of the group came from Dallas, Abilene and Grand Prairie. It was a great occasion for all.

The Catholic Community of St. Rita, Ranger, St. Francis, Eastland and Holy Rosary, Cisco will present a series of RCIA classes beginning Sunday, Oct. 23m 4 p.m. at the Rectory in Ranger. They will be conducted by the Pastor, Fr. Jim Hanlon, and the public is invited. If you are interested in learning about the Catholic faith, a former Catholic wanting to return, one of the faithful wanting to up-date, or a non-Catholic who is curious - now is your time. Come out and discover what this faith is all about.

EASTLAND
The Eastland County Historical Society now has a permanent home for a Museum, as the result of action by the Eastland City Commissioners. The City of Eastland recently purchased a residence on S. Seaman Street, just north of the Fire Station. Monday evening they turned it over to the Historical Society for use. Society President Roy Lee Smith expressed appreciation to the city for its

cooperation, and announced that work will begin immediately in refurbishing the residence into a usable and tourist-attracting Museum. Plans call for designing the building into an antique-looking facility that will house and protect artifacts and material which will reflect the history of this area.

In an effort to stem Halloween vandalism, the City of Eastland is increasing police patrols to enforce the laws. City officials announced that all Eastland Police personnel will be on duty Saturday, Oct. 29, and Monday, Oct. 31. The Municipal Judge and his assistant will be on duty, and all offenders will be brought before the Judge and their parents called. Anyone who has waded through the broken eggs, glass, tomatoes and other debris around the Square after previous Halloweenes will understand why the City decided on stricter measures.

Parents are reminded that Eastland Memorial Hospital will be offering free X-raying of trick or treat materials between the hours of 6:30 and 11 p.m. on Saturday, Oct. 29. Administrator Marcia Carr says there will also be additional treats for the youngsters, and they might meet a ghost or goblin to entertain them.

Eastland City Commissioners will hold a regular meeting on Monday, Oct. 24 in the Commissioners Courtroom at the Courthouse. The meeting will begin at 10 a.m., and will be open to the public. Vital county business will be discussed.

Nutrition Program

During the past few days you have been receiving explanation in regard to the benefits of the new Medicare plan, plus the amount that will be deducted from your social security for medicare premium.

There are a lot of questions! We will be conducting classes of explanation of the new program. You will find in many ways it is more expensive than in the past, but some of the benefits are greater also.

So when the announcement is made in regard to the classes all of those receiving medicare should attend the sessions.

In the meantime, be sure to call the Cisco Senior Center, 442-1557 or Eastland Senior Center, 629-1382, for luncheon reservations. Events that have occurred during the past week at the

Cisco Senior Center are: dinner music was provided by Lois Holder, Mildred Johnston, Senior Center Choir and Band. Blood pressure screening was conducted by Mable Thefford, the Eastland County Hospital was conducted, and AARP held its regular meeting with a covered dish supper.

Eastland Senior Center had dinner music played by

La Rue Broussard and Ruth Kendrick. The menus of the coming week will be: Monday- Chicken fried steak, cream gravy, mashed potatoes, mixed vegetables, cran-apple tapioca with peaches, bread, butter and milk. Wednesday- Pepper steaks, diced potatoes, buttered squash, creamy cabbage with carrots, banana cake, bread, butter and milk. Friday- Beef cheese macaroni, green peas, cabbage and green pepper, pickles, brownie with icing, bread, butter and milk.

TEXAS STUDENTS LEARN COMPUTER SKILLS

As the 21st century looms closer and closer, computers are becoming commonly accepted pieces of equipment in many businesses, homes and schools.

Computer training is now mandatory in Texas for junior high-age students, and many elementary schools across the state already use computers in a variety of ways. Children as young as five years old are learning how to read and write on computers.

Beginning in September 1989, all school districts in Texas must offer keyboarding skills to students in the elementary grades.

The goal of the new State Board of Education rule requiring elementary computer instruction is to ensure that students have learned the computer keyboard by the time they reach the seventh grade. At the same time, the state does not want to add another subject to the already crowded school day. State educators say both goals can be accomplished by integrating computers into the overall curriculum and using them as classroom tool to teach other subjects.

The state already requires that one semester of computer literacy be taught in the seventh or eighth grade. At the high school level, one year of computing (which includes such courses as computer science and computer math) is required for the advanced high school program, and computer courses are offered for vocational classes as well.

With computers becoming a big part of the school day, how can a computer at home help? Tom Boudrot with the Texas Education Agency says it is never too early to start a child on a computer. He says parents might wish to consider investing in a home computer before their child begins kindergarten.

"Computers are so multi-sensory. They're a great learning device for young children," Boudrot says.

He suggests that parents who may be interested in buying a home computer first inquire as to what type of computers are being used in their child's class and why they're being used. For example, if the child is using a specific computer and word processing software package at school to learn composition, then that would be a good reason to invest in the same equipment at home.

Also, Boudrot recommends that parents find out if their local schools have software library. This can save money.

"Over the long haul software becomes more expensive than the initial investment of just the computer. It's just like buying books. Many schools have software libraries where students can check out the software."

Parents can save money by buying a used computer, too. Many people outgrow their use for their home computer, but such a computer may be ideal for a child.

Before making the costly investment a computer requires, Boudrot says parents must ask themselves: "Why am I buying this computer?"

"Some people buy computers purely for the kids, others for themselves and some buy them for the whole family. But parents must remember that a child's computer may not have enough power to run the needs of a household or a small business."

Senator Glasgow Has Announced Steering Committee For Re-Election

Senator Bob Glasgow has announced the names of citizens who will serve as a steering committee for his reelection campaign in Eastland County.

They are: Tom Dunn, Mike Siebert, Mary Bailey, Jerry Edwards, Olin Odom III, Betty Brasher, Saul Pullman, G.W. Maxfield, Ross Wilson, Tom Brasher, L.D. Woolley, Ann Murray, Jerry Jackson and Felton Brasher.

Glasgow states, "This steering committee represents a cross section of community leaders and I am honored to have their support. I invite all those interested to participate in my campaign."

Mike Siebert commented, "I have known Bob for many years and he has provided the leadership we need to represent us in Austin. His important committee assignments have been attained through his legislative skills and ability to understand complex issues."

Senator Bob Glasgow is seeking reelection to the Texas Senate where he is recognized for his outstanding legislative abilities. In

C.J.C. Belles And Band Have Been Invited To Shenandoah Festival

The Cisco Junior College Wrangler Belles and Band have formally been invited to participate in the Shenandoah Appleblossom Festival in Winchester, Virginia on May 6, 1989. The Board of Regents for CJC has accepted the invitation and awarded National Events, a performing troupe travel agent out of Salt Lake City, Utah, the duties of making travel arrangements. This will be the third appearance the Band and Belles will make at the renowned festival.

The trip will include a 4-day tour of the Washington,

1987 he was selected as one of the "Ten Best" Legislators by Texas Monthly magazine. He is one of the main legislators chosen to serve on legislative conference committees which work out differences in bill being considered by the legislature.

He is recognized by teachers, administrators, faculties and educators as "a friend of public and higher education," having continually supported efforts and funding for a better education system. He is also considered a friend to law enforcement and recognized as a leader in anti-crime efforts.

Senator Glasgow has worked closely with the Silver Haired Legislators, retired teachers, retired government employees and senior citizen organizations. He has pledged his support of the senior citizen issue for the constitutional protected homestead.

To help an ailing Texas economy, Senator Glasgow carried an economic development package to enhance business opportunities, which in turn provide additional jobs and infuses more money into the Texas economy.

The tour dates are May 4-7, the most beautiful time of year to visit the Nation's Capitol.

Because of their stress-reducing qualities, naps help protect against coronary heart disease, say researchers at the Medical School of Athens in Greece.

Natal Bone Marrow Donor Registry matches up those willing to donate a small amount of marrow with seriously ill persons who need it. For information, call 800-654-1247.

Along the same line, some cancer patients are having their own marrow-forming cells "harvested" for freezing and later re-implantation after chemotherapy or radiation, which may kill off healthy cells. Work is being done at the University of Nebraska Medical Center in Omaha.

Harvard Study confirmed that women who smoke have a higher risk of heart attack. Surprise result was the discovery that even one to four cigarettes a day can double the risk.

Zinc supplement seems to cut the risk of vision loss caused by macular degeneration in older people, a Louisiana State University Eye Center study found. High-dose supplementation should be done under a doctor's supervision.

When your doctor recommends nutritional supplements, you can depend on the wide selection available at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Sunday Is Roscoe Seay Day At Mountain Top

Sunday is Roscoe Seay Day at the Mountain Top Church. All of the public is invited to attend this day honoring a local missionary home "on leave." Rev. Seay will be ministering in the morning service telling of his imprisonment, and ministering again in the evening service. Lunch will be served Sunday to all who come to honor Roscoe and Mary Seay.

Roscoe and Mary Seay first became involved in missions work when they felt a call to foreign soil and went to Australia in 1970 and stayed until 1976. Rev. and Mrs. Seay pastored, evangelized, and taught in the Australian Bible College of the United Pentecostal Church, and were also elected as executive presbyter over one half of Australia.

Returning to the United States in 1976 he pastored and evangelized for 10 years in Texas. In March 1986 they returned to Australia and evangelized throughout Australia in all but one state, and also taught in the Bible College. They also worked with the Aboriginals and the Thursday Islanders.

January of this year Rev. Seay was appointed as superintendent of Paupa, New Guinea. Opposition from a group there involved a six hour siege of the missions compound, and once Rev. Seay was beaten and kicked by nine men as well as having all the windows stoned out of their vehicle. Rev. Seay was put into prison there and also in two different jails for the gospel's sake.

"As a response to the opposition, the country has seen revival in the United Pentecostal Churches with 29 newly licensed ministers, six new churches, and approximately 400 people being Spirit-filled, and baptized in the name of Jesus Christ this year," Rev. Seay said. The organization has 69 licensed ministers and 50 churches and outposts. Roscoe is from the Cisco area, and Mary from Moran. They have five children and eight grandchildren, all living in Texas.

The Seay family has known Rev. John Jones, pastor of the Mountain Top Church, for some 30 years, having at one time been members of the same church in Abilene. Mountain Top is one of the most involved churches in this area in missions world-wide with the pastor traveling to preach this year already to Switzerland, Italy, Germany, England in January, in March to preach in Brazil

in the East Coastal area, as well as the Amazon area. He is now making final plans for the November trip into the Amazon jungle as he has done for the past six years. His own invitations by missionaries to minister in their areas are booked two years ahead. He presently has plans for ministry into Zimbabwe, Africa, where he has previously ministered, New Guinea, Australia, and other areas of the world. Rev. Jones is in his 20th year of pastoring the Mountain Top Church. The church is strong financial supporter of the Seay family as well as many missionaries the world over. It is with honor that the pastor and church proclaim Sunday 20th as "Roscoe and Mary Seay Day" with lunch for those who attend, and a great time of hearing a story from the "Book of Acts." Rev. Seay will be in the states for some period as he seeks financial support for another four years of labor on foreign soil. The Mountain Top Church is located 10 miles south of Cisco on Highway 183.

Fall Fair At Eula School To Be Held October 29

A large Fall Fair will be held on the Eula School Campus on Saturday, Oct. 29. The Fair will showcase artists, craftsmen, flea markets, antique car owners, 5K runners, fiddlers, blue grass bands, gymnastic teams, karate experts, quilters, square dancers — you name it and Eula will have it!

The Blue Grass Sound will be provided by R.D. Weeks and sons, Bluegrass Kinfolk, Saddle Creek, and Crossfire. You will not want to miss one minute of this. There will also be a Fiddlers Contest, and all fiddlers are encouraged to enter.

Pleasant Hill Extension Homemakers Club Met Oct. 13

The Pleasant Hill Home Extension Club met Oct. 13 in the home of Vergie Hale. The business meeting was called to order by President Twila Lee. The club creed, motto and prayer were led by Vergie Hale.

Club members talked about the County Health Fair, which will be held at the Cisco Senior Citizen Center building on October 27. Everyone is invited to drop by. The fair could use some extra help so anyone who doesn't have anything to do that day, even if for a little while, please help with the fair. All screenings are free except for a small fee

Awards for the event will total \$300.

There will be a Fowl Cook-off with another \$300 in prizes. All cooks in the Big Country are invited to enter. Contest rules and description are available upon request at (915)529-3186/3666, or Eula ISD. Celebrity judges will make this event more fun.

Runners are invited to enter the Cross-Country 5K race. Details are available from Eula ISD. T-shirts will be awarded the first 50 runners, and trophies will also be awarded.

Good old fashioned electioneering will also be on the

day's schedule. National and local politicians will entertain the crowd at different times throughout the day.

For the youngsters, a Halloween costume contest with ribbons for the winners will be held in the afternoon. Then from 5 until 8 p.m. there will

be an old fashioned Halloween Carnival in the gym nearby.

And don't think anyone will go hungry! Visitors will be provided a wide choice of food and beverages from some of the finest cooks in the area.

It all adds up to a lot of fun for everyone in the family. All are invited to Eula for a big day on Oct. 29.

Hands of Time

Experience teaches the value of saving. We have learned throughout the years that by offering quality Money Markets, CD's, and IRA's to our customers, that they too realize the value of saving. It's an important responsibility that we as a financial institution share with you.

If it has been a while since you have thought about retirement, your child's college or a savings account for your grandchild, now is the time for action. Our savings accounts offer highly competitive, excellent rates. And you get the added value of keeping your money here, at home, building our economy, helping our schools, supporting our community.

Don't let time slip away. Remember the value of saving and pass the wisdom of your experience on. Ensure that you and future generations have the financial security to be the best they can be.

the best we can be.

Absentee Voting Has Begun: Election To Be November 8

The candidates are having their say - and on Tuesday, Nov. 8th, the voters will have theirs.

For months (years?) citizens have been barraged with campaigning, and this General Election is seen, as usual, as an enigma.

Some are guessing that voters may stay away from the polls in droves because they're less than enchanted with either party's offerings.

But that shouldn't be true in Eastland County where many important decisions

are to be made.

Certainly the top of the ballots with the presidential and vice presidential choices, are attracting the most attention-but there are other races further down the ballot that deserve careful consideration too.

The 17 by 19-inch ballots will be virtually the same in all of the nine voting boxes in this county, and even though there are few contests in the local races, the endorsements by the voters is important. And too, there

are three proposed constitutional amendments which deserve voter's concern.

At the top of course, there's the choice between Bush-Quayle and Dukakis-Bentsen. A lot of locals are heard to say that they wished the choice could be Bush-Bentsen-or vice versa.

There is another Bentsen choice too, in that he's also seeking re-election to his Senate seat, opposed by Republican Beau Boulter.

Cong. Charles Stenholm is unopposed for re-election, but there are Republican-Democratic choices for two railroad commissioners, six supreme court choices, three for state court of criminal appeals posts and race for state school board member.

Closer to home, State Sen. Bob Glasgow is opposed by Republican Jesse Coffey for the District 22 Senatorial seat.

State Rept. Jim Parker is unopposed for re-election as are Judges Austin McCloud and Bud Arnot of the Appeals Court, Jim Wright of the 91st District Court, Dee Hogan for sheriff and Nancy Trout for county tax assessor-collector.

Voters in Olden, Ranger, Desdemona and Lake Leon will see Commission L.T. Owen and Constable Gene Hicks on their ballots.

On Gorman and Carbon ballots, Commissioner Owen's and Constable

Dewey Keese's name appears.

Commissioner Owen's name and Constable Gene Hicks' names are on the Rising Star ballots.

In Cisco, Constable Ted Parrish's name will be on the ballot.

Letter To The Editor:

To Our Friends and Neighbors,

During the recent loss of my mother, Ina Berry, I was overwhelmed by the kindness so many people showed to Sandra, Kelli and I. The Lord has blessed us with so many friends in Eastland that it's hard to imagine life without them. We knew we would love living here and I'm glad that God chose to take my mother while she lived among so many good new friends.

Loving kindness was shown by so many people but I especially want to publicly thank Patterson Ambulance for the car and concern in transporting mother to the hospital.

The closeness of the town was exhibited when Phillip Arther heard the ambulance call on his scanner and hurried over to assist my wife before the ambulance arrived. He was a great help and comfort to Sandra.

I just can't say enough about Marcia Carr and all the people at Eastland Memorial Hospital. They went way beyond what you would expect. Marcia was always there asking if everything was okay and if we needed anything. She is a special lady.

Dr. Bob Mathews is such a rare person I know I will never be able to tell him how we feel about him. His car and

Sunday, October 23, 1988

concern for mother and each of us was shown time after time. Knowing that she was being looked after by such a Godly man on earth and her Father in Heaven gave us comfort that we can't explain. Dr. Bob is indeed one of the finest things to happen to Eastland, Texas.

Thanks to all who spoke kind words, it made a day of darkness a little brighter.

John, Sandra and Kelli Berry

Mr. and Mrs. John Lightfoot To Reaffirm Wedding Vows

Mr. and Mrs. John Lightfoot of Cisco would like to invite all their friends to help them celebrate the reaffirmation of their wedding vows on Saturday, October 29th, at two o'clock in the afternoon, at Calvary Baptist Church in Cisco. Rev. Ronnie Shackelford, pastor, will perform the ceremony.

Mr. and Mrs. Lightfoot have three children, Gail Lewis, Bonnie Rakes, and

Yvonne McFadin.

They were married in Liberty County in 1947. They have lived in Cisco 16 years and reside at 202 Avenue L.

Mr. and Mrs. Lightfoot hope that all who are able will join them in this special time in their lives.

The Next Best Thing -

....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Wanda's Corner

by Wanda Hallmark

My precious mother passed away last Sunday morning. We are all going to miss her sweet smiling personality so much, but I will see her again.

I'm really very envious of her right now. She has met our Lord face to face and she is getting to talk to my Dad, sister, and all her other family members again who went on home ahead of her. And she does not have to worry about taking her heart medicine anymore. But, I sure am going to miss her.

I had taken her grocery shopping Saturday night, and Sunday she woke up with her legs hurting with leg cramps, according to my daughter, who spent the night with her. She got up and sat in her chair and put her afghan over her. Apparently her heart just stopped. That is the way she always said she wanted to die. I guess that is the way everyone would like to go.

Several of our family members who came to the funeral from larger towns were amazed at the outpouring of love we received from people in Cisco. There was so much food brought to the house and the women from the First Evangelical Methodist Church and Calvary Baptist Church fixed the most delicious meal for our family.

I guess in a larger town, there isn't enough time to care for others like it is done here in Cisco. But, there is such a pride in my heart to be able to say, that the people in Cisco are like this.

It is also greatly appreciated the way that Brad and Sherry Kimbrough took such good care of the arrangements and helped us with the small details of the funeral. And thank goodness for Terri Madison at Philpott for having to rush and get in a last minute, and I mean a last minute, flower arrangement.

Everyone just kind of took care of us and we are very grateful for all their kindness.

The Cisco Junior College Wrangler Belle souvenir calendars are out now. We bought a copy of the calendar and they are really impressive. Each month features two or three Wrangler Belles with a picture in their uniform and another individual larger picture.

The calendars are \$5.00 each and be bought from any Wrangler Belle or at the college.

While driving by the Cisco Baptist Association house on West 9th and Ave. F, couldn't help but notice how beautiful the old home looks now. If you get a chance drive by and see. It looks really pretty.

The Cisco High School Lobo Band were scheduled to compete in a contest Saturday in Abilene at Shotwell Stadium. We wish them the best of luck and know they will do as great as they have always have done in the past. We will have a story with the results in the next issue of The Press.

Heard over the Abilene news about a big drug bust this week. Recently there was a lot of arrests made in Eastland County, south of Cisco, that were drug related. Just north of us in Stephens County there was a big drug arrest earlier this month and it is all from the efforts of the newly formed Drug Task Force we have working for us.

This group of law officials are going to help our local police officers to help take a bite out of the drug crime here and they need our help. They are on a small budget and I hear they are in need of more equipment. Their hard work is showing with all these arrests and I hope that we can help to keep them in this area.

For more information or to give to the Drug Task Force, contact Cisco Chief of Police Billy Rains at 442-1770.

Cisco Junior High School principal Jim Puryear is clean shaven as of Thursday night. He said if the Cisco Lobo 7th, 8th and Junior Varsity team team would beat

the Eastland teams in all three games Thursday he would shave off his beard. And the boys obliged him (see the stories in this issue) so he went to school Friday morning clean shaven.

The Daylight savings time change will become effective next weekend. We will turn our clocks back one hour, but not until October 30.

The children in Cisco will be treat or treating on Monday, October 31, Halloween Day. Usually the day for treat or treating is set up with some other special function here. But, this year the kids will go on the regular Halloween day.

With Halloween approaching, the National Confectioners Association of the United States and Chocolate Manufacturers Association of the United States have sent a list of Halloween Safety Recommendations.

They include:
--Wear light-colored clothing short enough to prevent tripping, and add reflectors.

--Make sure your children can see well through face masks.

--Accompany young children.
--Go out in daylight and carry a flashlight in case of delay.

--Stay within the neighborhood and only visit homes you know.

--Watch for traffic.
--Only give or accept wrapped or packaged candy.
--Examine candy before allowing children to eat it.
--Advice well worth following!

DON'T FORGET TO attend the County-Wide Health Fair to be held in Cisco Thursday, October 24. The fair will be held from 10 a.m. to 4 p.m. at the Senior Citizens Center.

Cisco Elementary School Update

The new gym is ready for occupancy. Miss Watts is very proud to have the gym for P.E. - the children and parents are happy too. It is a very nice facility.

The 100 percent attendance club has lost from 6 members to 3: Mrs. Reynolds, Mrs. Webb and Mrs. Sumners. Overall average attendance for the 2nd week of school is 97.73 percent. Each child that attends all week is given a treat on Friday. At the end of the month, those with perfect attendance will get to put their name in a special drawing. There will be 3 winners from each grade level. First will be \$10, then \$5, then \$1.

The teachers enjoyed the special treats the kindergarten mothers brought on Wed., Oct. 19 as an appreciation gift. They put their treat in the teachers' lounge for all to enjoy.

The recent PTO general meeting was well attended. Mr. Jim Puryear, principal of Cisco Junior High, gave an informative program on the Campus Plan for Improvement being implemented in our school system. We must all keep striving for the best school possible for our children. The next general meeting will be Dec. 13. As a reminder, the executive board of PTO meets the first Monday of each month at 3:45 in the cafeteria.

The third grade is studying plants in science. Some children have brought actual peanut and cotton plants for demonstration.

I recently heard the 6th grade band play "Twinkle, Twinkle, Little Star" and they sounded very good. They have a balanced instrumentation and Mr.

White is doing a fine job teaching them.

Mrs. Jobe is busy getting the 6th grade choir ready to perform. They are singing some pretty songs and the parents will soon be making and buying their special outfits. I heard they are already planning a special Christmas program.

Although it started out foggy and cold, Indian Day was a success. By 9:30 the sun was out and all the Indian-dressed fifth graders, teachers and parents were outside having fun. They learned sign language, painted faces, ground corn, ate stew and cornbread, made a clay pot, and other fun activities. They were divided into tribes and each selected an Indian name for the day. They ended their fun with Indian songs and dances. I saw the Indian houses in display and they were so well done - I was impressed.

Remember the PTO fundraiser is a Mexican Food Supper from 5:30 until 7:30 p.m. on Saturday, Oct. 29, in the cafeteria. It is in conjunction with the Service Club's Fall Festival being held in the new elementary gym. The children are selling tickets for \$4 a plate. Extra plates will be given to you to share food for your little ones since no child plate is available. The children's competition ends on Tuesday, Oct. 25. The food will also be available for take-out orders.

Mr. Lindsey said school pictures should be here any day. Retakes for pictures will be Nov. 3.

The school nurse, Mrs. Johnnie McLaughlin, is very busy checking eyes and ears.
