Parents Ask For Toys For Children

By Wanda Hallmark
Shirley Hargrave was nominated as president for the board of directors of the Cisco Goodfellows at a meeting held last Thursday in the Chamber of Commerce building. Roger Schusterreit was nominated as vice president, Celia Shackelford was nominated secretary and Allen Masters was nominated as treasurer.

The board of directors also voted on the deadline for the Cisco Goodfellows to accept applications. The final date will be Friday, December 9, at 5:00 p.m. These applications will come from families who need help with food and toys with the Christmas holidays this year.

Applications can be picked up at the Cisco Chamber of Commerce, in the Mobley-Hilton Community Center. Their regular office hours are from 9 a.m. to 5 p.m., Monday thru Friday.

Three applications came back to the Cisco Goodfellows over the weekend. All three were from single parents who said they want their children to have toys for Christmas. One applicant is a student at Cisco Junior College and asked the Cisco Goodfellows to help provide toys for her son. She said she doesn't

have the money to buy her son's presents this year. She is unemployed and going to college.

More applications will come into the Cisco Goodfellows from people asking for help from the Cisco Goodfellows so their children and other family members will have a Christmas to give them happy memories. These people do not want their families, especially their children, to remember the Christmas of 1988, as the time when there were no toys for them.

The Cisco Goodfellows need your donation to help make this Christmas a happy time for the needy children in Cisco. These families are having a hard time financially, (who can say this won't be our case some day) and they need our help to ease the burden they are having to carry. Please send your donation to the Cisco Goodfellows, c/o First National Bank, 418 Conrad Hilton Ave., Cisco, Texas 76437.

Donations given to the Cisco Goodfellows this week are as follows:

Faye Gardenhire—\$25.00
Mr. and Mrs. Marshall Jones—\$10.00
First Baptist Church Joy Class—\$25.00

Mayor Declares Thursday As

Cisco Great American Smokeout

Mayor of Cisco, Joe Wheatley, signed a proclamation Monday, declaring Thursday, November 17, as Great American Smokeout day in Cisco. In making the proclamation, Mayor Wheatley urged all cigarette smokers in the community to demonstrate to themselves and their friends that they can quit smoking during Thursday and possibly forever, by joining the American Cancer Society's 12th annual Great American Smokeout.

The Great American Smokeout is a light hearted effort to encourage cigarette smokers to give up their habit for 24 hours on Thurs-

day, November 17. For 11 consecutive years millions of smokers, including many in Cisco have participated in this event.

The health benefits of not smoking are substantiated and well-known. But, there are also additional civic benefits from not smoking such as a reduction to the risks of accidental fire and illnesses related to second-hand smoking.

For more information about the American Cancer Society's Great American Smokeout, FreshStart program, or other tips on quitting, contact the local office of the Society at 629-8626.

Lions Club Is Accepting Donations For Afghan

The Cisco Lions Club is accepting donations of \$1.00, and a drawing will be held at the Christmas Parade, December 3, for a beautiful black and gold Spirit Afghan. All donations received by the Cisco Club will be given to the Texas Lions Camp for Crippled Children in Kerrville.

Donations have been coming in pretty good, according to Lions Club president, John McGuire. He said the donations will give a chance for more children to attend the camp in Kerrville. The Lions Club are well known in this area for helping children to

attend this camp. They also help people to have glasses with their eyeglasses bank.

The afghan is on display in the lobby of the Cisco First National Bank. There is a box by the afghan to fill out a donation card and drop it in. The Spirit Afghan was crocheted by Cisco Lions Club secretary, Jerry McBeth. Mr. McBeth said it took about 45 hours to crochet the afghan.

Donations can be given to any Lions Club member. Or they can be given to Ivan Webb at his office, 902 West 6th, or to Jerry McBeth at his home, 1607 Liggett.

be displayed in the store or in a window of participating merchants.

Tickets will be given at the Chamber, one for each member of the family. Tickets will be available Nov. 28 through Dec. 2.

Don Shepard, manager of the Chamber of Commerce, has reminded all local businesses to have gifts in mind when the chamber contacts them.

FFA Students To Begin Selling Fruit Boxes Along With Sausage

Students in the Cisco chapter of the National FFA Organization began taking orders for Christmas fruit Tuesday, according to Jimmie Cearley, FFA instructor at Cisco High School. Orders will be taken until Friday, December 2. The ordered fruit will arrive around mid-December.

Fruit orders will include small or large boxes of oranges, small or large grapefruit, mixed fruit, or boxes of apples.

Anyone wanting to order fruit may contact any FFA member or call the Cisco High School Agriculture Science Department at 442-3061.

Cearley said the FFA students are still selling

Corn Gold sausage. He said they have enough for anyone who wants to order the delicious sausage.

Cearley said there will be a FFA district leaders contest held this week at Cisco Junior College. He said 22 schools will participate in this event, including Cisco.

He added the National FFA Organization is such a broad organization now and the students are taught such a broad range of subjects. He said FFA classes are now called Agriculture Science and Technology, and not Vocational Agriculture. He said there are 42 senators and congressmen from Texas alone that were in FFA as students.

"Say No" Program Gains Momentum

By Earl Ray
Our "Say No" program is gaining momentum in Cisco. Our free video tapes are catching on. These free tapes will be at the Dollar Video store, 813 Conrad Hilton Ave. Store owner, Charles Stephenson, said he is really behind our program.

These tapes tell some good stories and make some good

points on our drug problems. To borrow a copy of these video tapes call Earl Verson Ray or Jane Ray, at 442-3433 or after 5 p.m., at 442-1317. Ivan Webb also has these tapes and can be reached at 442-3647.

If you watch these videos we need your comments on them so we can report to the

Department of Education.

We also have a long list of things to do in our community to fight the drug problem here, such as:

- *Start a children's organization and get parents to help entertain them- this will reverse peer pressure;
 - *Work in cooperation with school officials;
 - *Catalog individuals who are willing to work and write letters and make phone calls;
 - *Individuals to help contact organizations nationwide;
 - *Individuals to help organize a filing system;
 - *Individuals to start quietly organizing information to report to the federal government and local authorities;
 - *Individuals to get volunteers to contact local organizations and to get people involved in the program;
 - *We need kids to make a video movie as a project;
 - *Individuals to organize parents- they need to know how to talk to a child about drugs and know the symptoms of drug abuse.
- Parents should always be welcome to attend any meeting- Parents can meet separately if they want to; Parents can discuss literature available and get new sources to get more

Gary was born in DeQueen, Arkansas, but spent his youth from the 5th grade until he went into the U.S. Navy in the west Texas town of Kermit.

Trude was born and raised in the coastal city of Texas City, Texas, and lived there until her marriage.

They were married August 3, 1971, and both were saved in May, 1974, during revival services held by Nazarene evangelist T.E. Holcomb.

Since the call into God's ministry, they have pastored two other churches. The first was in Sweeny, Texas, 18 miles from Freeport, and the second was in Vidor, Texas, six miles east of Beaumont.

County Commissioners Approve Transportation

Eastland County Commissioners Monday endorsed a program by Central Texas Opportunities to furnish transportation for the elderly, handicapped and poor of the County.

Under this plan a vehicle will be provided for the County - hopefully a van with a lift for the handicapped. This will be available to transport eligible people to the grocery store, doctor, courthouse, and bus connections.

People on Medicare or Medicaid will be eligible for the service for a small cost or nothing - with charges based on income. The program will be supervised by Central Texas Opportunities Inc., and based on a similar program operated by People for Progress in Sweetwater.

This state-funded service will cost the County nothing, with the only local obligation being to provide a place to park the van. There will be a coordinator set up for Eastland County, and this person will make appointments for the transportation. Lois Robinson of Central

Texas Opportunities and Peggy Roberts of the Eastland County Multipurpose Center explained the program to the Commissioners. Both told of elderly people - especially in outlying towns - who were having great difficulty getting supplies they needed and medical services.

"The need for this transportation is definitely there," County Judge Scott Bailey agreed. It was noted that no taxi service is available in the county.

The Commissioners also said that the transportation service was badly needed in Eastland County, and would help make the elderly and handicapped more independent. Billy Bacon, Commissioner of Pct. 4, made the motion for approval, and L.T. Owen, Comm. of Pct. 3, seconded the motion. Norman Christian, Comm. of Pct. 2 and Richard Robinson of Pct. 1, added their endorsement - making the approval unanimous.

The Commissioners said they expected the program would be in operation by Dec. 1.

Lady Wranglers Crush Clarendon 66-To-48

The Cisco Junior College Lady Wranglers won over Clarendon Junior College 66-to-48 Monday night to record their first win of the season. The Lady Wranglers fell behind midway during the second period by 10 points, but came back to take a 34-to-30 halftime advantage. After halftime they were in control the last 20 minutes.

Nikki Tate, Claudette Ford, Cynthia Wilson, and Stacy McPherson came off the bench to spark the team. Claudette Ford and Stacy McPherson were outstanding on the defense end of the floor. Five players scored 9 or more points in the contest. Elayne Caruthers and Wilson each scored 9. Michelle Wilkinson scored 11. Ford scored 13 and Kayla Cooley was high point with 14 points.

McPherson and Tate were able to make good passes inside to the post players for high percentage shots. From the free throw line the Lady Wranglers were outstanding, scoring 24 of 33 shots for 73 percent. Caruthers, Ford and Cooley controlled the rebounds which ignited the Lady Wrangler fastbreaks.

This weekend the Cisco women will be in a classic at South Plains College in Levelland, Monday, Nov. 21. They will return for their home opener against Howard County College. Game time will be 6 p.m. in the CJC Gym.

Fishing Outdoors

By Terry Wilson

Bud Wood Wins Hubbard

The E.C.B.C. held its November tournament on Hubbard Creek Lake. Bud Wood took top honors with 3 fishing weighing 8.58. Bud also won big bass with a long 5.00 pound lunker. Second Jay Clark 3.93, and third Tommy Maynard 3.80. Most of the anglers who caught fish reported shallow water being the key. Worms and jigs seemed to be the preferred baits, with some smaller fish coming on spinners.

With only one tournament remaining the race for angler of the year and the T.A.B.C. top six team are tighter than ever.

The current standings are:
1. Terry Wilson 40.68
2. Tommy Maynard 40.48
3. Jerry King 39.43
4. Ron McCullough 35.91
5. Don Flowers 34.19
6. Chuck Burgess 31.85
7. Steve Pennington 31.46
8. Eddie Green 24.34
9. Rick Browder 20.73
10. Jimmy Johnson 19.40

As you can see with the 5 fish tournaments even anglers below could move into the front of the pack in the final event which is scheduled for Dec. 11, 1988. The lake will be chosen at the December 1, 1988 meeting.

The B.B.C. held its November 13 tourney on Brady Lake. There were 31 members on hand and 2 ladies and two junior entrants. The final results were: 1st Wesley Fletcher 3 fish 10.85 and B.B. 5.1; 2. Kenneth Meador 3 fish 7.5 and second big bass of 4.2; 3. Lupe Cisneros 3 fish 6.14; 4. Kendall Davis 3 fish 6.5 1/2; 5. Charles Porter 3 fish; 6. Ben Vallengado 3 fish 5.10; 7. Terry Wilson 3 fish 4.15; 8. Tully Hair 2 fish 4.7 1/2; 9. David Markham 2 fish 3.10; 10. Donald Hamlett 2 fish 3.05.

The current standings in the Brownwood T.A.B.C. Top Six Race are:

1. Kendall Davis 73 pounds 4 ounce
2. Greg Denison 62 lbs. 5 oz.
3. Jack York 56 lbs. 1/2 oz.
4. Terry Wilson 41 lbs. 10 1/2 oz.
5. Herschell Duncan 40 lbs. 5 oz.
6. Tully Hair 40 lb. 2 1/2 oz.
7. Andy Campbell 37 lb. 2 oz.
8. Robert Brown 36 lb. 9 oz.
9. Buddy Reynolds 34 lbs. 4 1/2 oz.
10. Dalton Cooley 34 lbs. 6 1/2 oz.

Choke Canyon, a bassers dream lake was just that for Thurston Rutherford of Austin. Setting a new lake record with a 13 pound 14 oz. largemouth. This fish bested the previous record of 12-4. The lunker fell prey to a 1 ounce jiggling spoon.

LOWRANCE ENTERS WIDE SCREEN MARKET WITH LMS-200
Some things in life are worth waiting for.

Take, for example, the Lowrance Marine System (LMS) 200. With this new unit, America's premier manufacturer of sportfishing sonar brings new standards of performance, quality and reliability to the realm of wide screen liquid crystal graphs (LCG's).

The LMS-200 boasts a "supertwist" CLEARVISION™ display measuring 4.3 inches wide by 3.5 inches tall. With 128 vertical pixels, it provides the

As you might expect, it is backed by the finest electronics in the industry.

A wide screen brings big water to many anglers' minds, and this LCG is ready for it. With 3000 watts of power, the LMS-200 can transmit at 192 kHz to depths of more than 1000 feet.

Options include a full-featured Loran-C module that even permits "X" and "Y" plotting on the LCG screen; a triple-wide BROAD-BEAM™ transducer for 60 degrees of underwater coverage and directional scanning; and sensors which provide digital readouts of boat speed, miles traveled and surface temperature.

level of display detail demanded by serious fishermen. It also insures excellent visibility under all light conditions, even with extended exposure to direct sunlight.

backlighted display AND keyboard for night use, and Fastrak for operation at high boat speeds.

Even with its impressive list of features and options, the LMS-200 is simple to use, thanks to the unit's advanced microprocessor and "soft

The 4-H and Youth Council of the Texas Agricultural Extension Service is sponsoring an Eastland County Youth Leadership conference at Camp Inspiration on Sat., Nov. 19. Called "Celebrate Texas," the Conference will use education in an attempt to fight the drug problem through prevention. Registration will be at the Camp Inspiration Cafeteria between 4:30-5 p.m. on Saturday. The Conference is for parents as well as youth, with sessions for each. Supper will be at 7:30 p.m., and afterward there will be a sock hop at the Lost In the 50's diner.

The Eastland Civic League and Garden Club, in an effort to beautify the city during Christmas, is sponsoring an Adopt A Tree Program. The goal is to decorate the trees around the downtown square with white twinkle lights. Civic League members are willing to obtain and place the lights on the trees, and also to take them down afterward and store them. A tree may be adopted by donating \$30 to buy a string of the outdoor twinkle lights. Any amount of contributions are also welcome. Donations may be left at Ann Folsom Interiors at Shady Oaks Shopping Center, or at the Eastland Chamber of Commerce office on the east side of the Square. The downtown lights will be turned on Thursday, Dec. 8 - the night of Eastland's Treasure Hunt.

On Wednesday, Nov. 23 at 7 p.m. the Eastland Ministerial Alliance will sponsor the Community Thanksgiving Service at the First Baptist Church. A Community Choir will rehearse at 6:30 p.m. and present special music. All are invited to be present at this

special time of Thanksgiving. A nursery will be provided for the care of small children.

The Eastland Music Study Club is meeting at the Eastland High Band Hall this Wednesday, Nov. 16. The program will begin at 4 p.m., with a review from several chapters of "The World of Musical Comedy." After the review there will be a showing of the movie "Gigi," by Lerner and Lowe. All members, guests and "Friends of Music" are invited to come out and enjoy this presentation.

Eastland is being represented this week at the prestigious World Quarter Horse Show in Oklahoma City. Only forty horses worldwide qualified, and one of these is Ima Lil Cheerleader, a mare from B&B Quarterhorses, owned by Clay and Idoma Bush of Eastland. This mare will compete in Senior Western Pleasure. Owner Clay Bush is manager of the Eastland Thrift Mart store.

CISCO

Local singer Cindi Barr is in Nashville, Tenn., where she has landed a spot on "You Can Be A Star," a television program on TNN. By winning a local version of the contest she qualified to compete on a national level. The Contest was taped on Monday, Nov. 14 for rebroadcast in the spring on Cable Channel 14 (TNN). In preparation for the contest Cindi has been performing on various Opry Shows in the area. She is the only Eastland County resident to ever compete on the "You Can Be A Star" program, and hopes are for her to win a recording contract and various prizes.

The Cisco Crime Stoppers are offering a \$1,000 reward for information leading to the arrest and conviction of the

person(s) responsible for the crimes of burglary of a building and arson. The building was the Traditions Restaurant, and the crime was on July 17, 1988 at approx. 12:15 a.m. The business was burglarized and then apparently set on fire to conceal the burglary. The estimated loss on fire damage to the building was \$100,000. Please direct all inquiries of information to Fire and Arson Investigator Billy Rains and Cisco Police Investigator Adrian Huddleston at the Cisco Police Department, 116 West 7th in Cisco, or call 442-1770.

The Cisco Goodfellows are receiving applications for help this year at Christmas - and all the requests are from people asking for help for their children. The Goodfellows will help as many people as they can, but their work will depend on the amount of contributions they receive from those who will give. Don't forget the needy this Christmas - share your blessings by giving the Goodfellows a hand. Contributions may be sent to the Goodfellows at the First National Bank, 418 Conrad Hilton, Cisco, Texas, 76437.

"Christmas Kitchen Crafts and Decorating Ideas" will be presented by West Texas Utilities and the Cisco High School Homemaking Dept. Monday, Nov. 14 at 7 p.m. in the High School Homemaking Department. There will be no admission charge, and free cookbooks will be given to those attending. The public is invited.

The Youth committee of Calvary Baptist Church will have a bake sale from 9 a.m. until 6 p.m. on Friday, Nov. 18 in front of First National Bank. All proceeds from the sale will go toward helping the youth of Calvary attend their Youth Retreat. Everyone is invited to stop and buy a delicious homemade dessert.

RANGER

Christmas is in the air, and Ranger merchants are preparing for the Holiday Shoppers. Starting last year, the merchants rolled out red carpets and welcomed citizens to Open House. This was a great success, so a Calendar of Open Houses has already been started for this year. Merchants are asked to call or come by the newspaper office to place their business on the list. The Open House Schedule at present is: Saturday, Nov. 26 - Adams Grocery, 114 N. Austin, 10 p.m.-2 p.m. Friday, Dec. 9 - Flowers By Jones, 459 W. Main, 10 a.m.-7 p.m. There will be 10% off all merchandise that day, and gift certificates. Monday, Dec. 19 will be Open House at Bob's K&M, Hwy. 80 West, 10 a.m.-6 p.m. Come out to these places for visiting, refreshments, specials.

Sherry Sharp, 18, a Senior at Ranger High School, was selected to be an Election official for Nov. 8 by her Government teacher, Mrs. Henderson - at the request of Bill Walton, Election Judge. Sherry's responsibilities in-

cluded typing names, counting notes, calling votes, and stamping voter cards. This was also Sherry's first time to vote, and she stated that she studied each candidate's platform before making her choices. Bill Walton said that he selected a first time voter to work the election in hopes of gaining interest in the voting process. He was motivated to do this by the Mock Election the student held in school.

The Ranger Hospital Ladies Auxiliary is making plans for the Annual Coffee and Sweets sale at the First State Bank of Ranger on Friday, Nov. 18 at 9 a.m. Any donations of cakes and pies is appreciated, and all money will go to the Ranger General Hospital. The public is invited to come by and sample this delicious food - or buy some to take home.

Nine members of the Spirit of Ranger Band participated in the All-District Band Concert at Stephenville High School last Saturday night. They were: Heather Parks, Saxophone, Jennifer Koerner, Trombone, Archie Stone, Trumpet, Melissa Copeland, Bass Clarinet, Chris Cockburn, Trumpet, Brandy Sharp, Clarinet, Joseph Hollbrook, Baritone French Horn, and Sheri Thomas, Clarinet. Congratulations to these students for being selected for All-District!

Myrtle Wilks Art Club Treated To Demonstration

The Myrtle Wilks Art Club met at 7 p.m. Saturday, Nov. 12, at the Myrtle Wilks Studio south of Cisco.

It would not cost the city a penny to blow the whistle - or for the main part of the city to fly flags and I hope the two officials remember - if it were not for the Veterans - they would not be free to be officials. I would love to take these people to a Veterans Hospital and let them spend a day and see first hand our real heroes, people without legs, arms, eyes and yes, minds. If they think "I missed the point" of their excuse, they'd see the point they have missed - patriotism!

They would be glad to hear the whistle, see flags flying, church bells ringing - and as we used to do, a big parade in Cisco - as one official said

Christmas At The Hilton Set This Weekend

Approximately thirty vendors of Christmas type arts and crafts will be participating in the first CHRISTMAS MARKET AT THE HILTON, to be held Saturday, November 19, 9 a.m. - 9 p.m. and Sunday, November 20, 1 p.m. - 5 p.m. at the Conrad N. Hilton Memorial Park and Community Center in Cisco, Texas. There will be exhibitors in the downstairs auditorium, upstairs lobby, an at the immediate front of the building.

Nearly thirty door prizes have been donated by exhibitors to be given to lucky registrants at various times of each day. Winners do not have to be present to win, but will be responsible for claiming their prizes.

A snack bar, featuring homemade food, will be open during the MARKET, and a seated dining area will be available.

There will be no admission charge.

"we have not done that the last few years." Let me say here that was nothing to brag about.

Let's get our act together and remember the 29th day of May - Memorial Day - the program at the cemetery should have all of Cisco there to honor and remember! Help post flags!

Then - Nov. 11th - flags flyin', bells ringing, and a parade. Once again let's be "old fashion proud!"

American remembering and honoring our very best - The Veterans. I hope we never forget. It could happen to our land! That's what a veteran is - one that kept it from coming home to us -

To each citizen that placed a flag at your home and those businesses we do "Thank you."

Hoping 1989 will be better on Memorial Day and Nov. 11th. Taps now blow for Nov. 11, 1988.

Reye's Syndrome Alert Awareness

The flu and most flu-like illnesses are viral infections, and as such, warrant special attention because a swift and deadly disease is associated with them. The disease, Reye's Syndrome, usually affects people from infancy through late adolescence; however, no age group is immune. It can develop 3 to 5 days after the onset of chicken pox, an upper respiratory infection like flu, or other fever causing illnesses. It affects the liver and brain, is non-contagious and is often misdiagnosed as encephalitis, meningitis, diabetes, poisoning, drug overdose, or sudden infant death.

After a viral infection has seemingly run its course and the person is beginning to feel better, the following symptoms should be treated as serious and as possibly the first indication of Reye's Syndrome. Watch for these symptoms usually occurring in this order: relentless or continuous vomiting; listlessness, loss of pep and energy with little interest in their environment; drowsiness, personality change, such as irritability, slurred speech, sensitivity to touch; disorientation or confusion, unable to identify whereabouts, family members, or answer ques-

tions; combativeness, striking out at those trying to help; and delirium, convulsions, or loss of consciousness.

The National Reye's Syndrome Foundation, the U.S. Surgeon General, the Food and Drug Administration, and the Center for Disease Control recommend that aspirin and combination products containing aspirin not be taken by anyone under 19 years of age during fever causing illnesses. Aspirin is another name for acetylsalicylate; some drug labels may use the words acetylsalicylate, acetylsalicylic acid, salicylic acid, or salicylate instead of the word aspirin. Ask your doctor or pharmacist before taking any medication.

Other non-prescription products to avoid are Alka-Seltzer, Alka-Seltzer Plus, Aspergum, Bayer Children's Children's Cold Tablets, Midol Caplets, Pepto Bismol tablets and suspension, St. Joseph Cold tablets for children, and many others.

For a free brochure write: National Reye's Syndrome Foundation, P.O. Box 829, Bryan, Ohio, 43306, or call 1-800-233-7393.

Memorial Service Set For December 1 In Abilene

The Big Country AIDS Support Group, along with the NAMES Project Abilene Chapter, have scheduled an interfaith memorial service for those who have died of AIDS. The memorial will be held on Thursday, Dec. 1, at 7:30 p.m. at Aldersgate United Methodist Church located at 1741 Sayles, Abilene. The memorial service is being held on "World AIDS Day," which is being

sponsored by the World Health Organization. December 1, 1988, will focus attention on the worldwide efforts concerning AIDS by encouraging governments and communities, groups and individuals to talk about AIDS. The World Health Organization is sponsoring World AIDS Day to highlight the global range and scope of the fight already underway against AIDS, to strengthen

AIDS prevention programs and to open new channels of communication about AIDS, both within and between countries. World AIDS Day is the day to forage a spirit of compassion, understanding and tolerance by talking about AIDS, and a time to encourage those who have not yet done so to join the worldwide effort against AIDS.

Plans Underway For Cisco College Band And Belles Tour To Washington

Plans for the Cisco Junior College Wrangler Band and Belles Washington D.C. tour are well underway. Brochures detailing the trip are being mailed this week. The 4-day, 3-night tour is set for May 4-7, the most beautiful time of the year to visit the Nation's Capitol. The tour includes a side excursion to Winchester, Virginia for

the Shenandoah Appleblossom Festival. The tour package being offered includes airfare, ground transportation, hotel and four meals. Sightseeing will include Mt. Vernon, the White House and Capitol, Supreme Court Building, Smithsonian Museums, National Archives, Washington Monument and several other

well-known monuments and locations in Washington. A breakfast with Congressman Charles Stenholm is also being planned. This itinerary is subject to change. The tour package cost is determined by room occupancy. Double occupancy will be \$540 per person. Single rooms are \$650, triple occupancy will be \$510 and quadruple \$490. For further information on the tour, contact Nicki Harle at CJC, 817/442-2567.

Developmental Screening To Be In Cisco Nov. 30

On November 30, 1988 a developmental screening will be held for young children ages zero to six (0-6). This screening will be conducted at the Cisco Child Care Center, 804 Ave. H, Cisco, Texas from 9:00 a.m. to 10:30 a.m. The screening, which takes about 20 minutes to complete, tests a young child in four areas: personal/social skills (playing, eating, dressing, etc.), fine motor skills (ability to manipulate small objects), gross motor skills (running, jumping, etc.), and language development

(speech, following instructions, etc.). If a child is found to have two or more delays in one area, there is further testing available or referral to the appropriate agency. The purpose of Early Childhood Intervention is to identify and correct as many problems as possible for young children. Early detection of young children's delays have proven beneficial to the child, parents, and teachers.

For further information, please feel free to call (915) 646-9574 ext. 159 or 158 in Brownwood, or come to the screening site.

Prepare Holiday Turkey Properly

Improper thawing of a turkey, and mishandling of leftovers, are the two most common mistakes holiday cooks make during Thanksgiving and Christmas. That is the opinion of Lenwood Scholtz, Assistant Director of the Texas Department of Health's Food and Drug Division.

"A turkey should be thawed in the refrigerator, or under cold, running water (at 70 degrees or below)," Scholtz said. "Many people make the mistake of thawing the turkey at room temperature, allowing the surface to stay warm before the rest of the turkey can thaw. That creates conditions where bacteria can reproduce and cause food poisoning."

Scholtz said thawing in a microwave is only safe when the food will be immediately cooked. When thawed, the turkey should be thoroughly rinsed and dried, inside and out. If you plan to keep leftovers, cut the meat off the bone and refrigerate it. A safe rule of thumb is to freeze any portions you want beyond two days of refrigeration, Scholtz advised.

The following suggestions in preparing and serving holiday turkey can help ensure against salmonella poisoning, perhaps the most common form of food poisoning in the home.

* Prepare the stuffing immediately before cooking. You may wish to mix the dry ingredients in advance, but eggs, oysters, butter, and other moist ingredients should be added at cooking time.

* Cook the stuffing separately. Cooking the stuffing in the turkey cavity may result in it not being fully cooked in the center.

* When fully cooked, the dense portions of the meat, such as the thighs, should have reached at least 180 degrees Fahrenheit, measured with a meat thermometer.

* Never leave a turkey, the stuffing, or gravy unrefrigerated for more than two hours.

* If you are using a microwave oven, rotate the turkey to ensure uniform cooking.

* Be certain to wash your hands, cooking surfaces, utensils, and all foods thoroughly.

Holiday Parcels Tips

Aerobics instructors regularly remind their students to keep their tummies "tight" and "tucked".

The same advice applies to preparing holiday parcels for mailing.

All that's necessary is choosing sturdy cartons or boxes, and sealing them smoothly and tightly with the proper tape. Padded mailing bags work well for small items.

Don't wrap cartons in bulky brown paper or tie them which string or twine. The paper can tear and the twine can get tangled in our mail processing equipment.

Using paper and string isn't necessary if you're using proper boxes or cartons. If you feel a need to wrap and tie a box, that may be a signal that you don't think the box is sturdy enough to begin with. Get another one instead.

Parcels should be sealed with a type of tape designed for sealing packages: pressure sensitive, nylon-reinforced kraft paper or glass-fiber-reinforced pressure sensitive. Don't use cellophane or masking tapes because they're not strong enough.

Correct addressing is as important for parcels as for letters. If the box has been used before, be sure first to remove all old labels and addresses.

The top of the package should show the name of the person to whom you're sending it, their house number and street, and the apartment number, if there is one. The last address line should contain the city, state and ZIP Code—and be sure to use the ZIP Code!

Your own return address and Zip Code should be in the upper left corner. Please use smudge-proof ink.

Preparing the inside of a package or box is as important as preparing the outside. The contents should be cushioned carefully with crumpled paper, with foam shell or air-pocket padding that is commercially available. Don't leave any

empty space in the box.

Before you seal the package, it's also a good idea to enclose a slip of paper showing the name and address of the person to whom you're sending it. Although it doesn't happen very often, parcels can get damaged so the outside address can't be read.

Finally, if a package contains irreplaceable valuables, send it by Registered Mail.

DID YOU KNOW?

While everyone knows that diamonds are beautiful to look at and special to wear, many people are unaware of American diamonds facts.

• The largest rough diamond found in the United States, to date, the "Uncle Sam," weighing 40.32 carats, was discovered in Arkansas in 1924.

• U.S. cut diamonds have become increasingly more in demand. During the first six months of 1988, exports of loose, polished diamonds were up 45% over the same period in 1987.

• Japan and Hong Kong have become the largest foreign customers for American cut diamonds.

• American consumers buy more diamond jewelry than anyone else. Last year, Americans purchased an estimated 19.8 million pieces with an estimated value of \$11.23 billion.

• The largest diamond cut in the last 80 years and the second largest ever cut—407.43 carats—was cut in the United States.

• In terms of dollar value, almost nine times as many loose, polished diamonds were imported by the U.S. during the first six months of 1988, as compared to the combined total of all precious and semi-precious stones including rubies, emeralds and sapphires.

Continental Singers To Present Concert At First Baptist Church In Eastland Monday, November 21

The internationally recognized Christian musical group, the Continentals, will present a free concert at the First Baptist Church of Eastland, 405 S. Seaman, Monday, November 21, at 7:00 p.m.

This group presented a concert in Eastland in the summer of 1987 to a packed house at the First Baptist Church, and they were well received. The group is made up of 24 singers and a 10-piece orchestra. There will be no admission charge.

Cam Floria, Continental's President and producer of the program, promises that it is a concert that will appeal to audiences of all ages "in both music and content."

"We've divided the program into two parts," he explains. "The first follows the theme 'Run to Win' and our songs are arranged to encourage people to persevere. We want to encourage adults to stay in the race, hang in there, see it to the finish. While to young people, we want to say 'run for Jesus and run to win.'"

The second part of the Continentals' program will concentrate on the worship of God. "We need, as individuals and as churches, a renewed sense of worship," Floria

believes. To that end, Floria has compiled a selection of hymns and contemporary inspirational songs that explore the majesty of God, His provision of forgiveness and grace for believers, and His ever-present power in times of need.

Now in their 21st year existence, Continental Singers and Orchestra will send 11 tours to perform in all 50 states and approximately 32 foreign countries. Each tour is made of young people from all over the United States. They also oversee international

groups located in Eastern Europe, Holland, England, Singapore, Latin America and Australia.

For those interested in touring with the Continentals as vocalists, instrumentalists, or technicians, auditions will be held after the concert. When

the group was in Eastland 1987, several young people auditioned, and David Luna was selected to become a member of the orchestra.

Eastland County Pecan Show To Be Held November 29

The Eastland County pecan crop is better than was expected says DeMarquis Gordon, Eastland County Extension Agent. The supply of native pecans will be small, but local growers of improved varieties report a good crop with excellent quality.

The best of the pecans will compete in the 36th Annual Eastland County Pecan Show in the courthouse lobby Tuesday, November 29th. Pecan entries are DUE TO BE ENTERED BY 4:00 P.M., NOVEMBER 28th. Pecan entries will be weighed and shelled on Tuesday morning. They will be judged Tuesday afternoon and will be on display until 3:00 p.m. on Wednesday.

The show is sponsored by the Eastland County Pecan Growers Association and the Eastland Chamber of Commerce. Chamber of Commerce members will help shell pecan entries for the judging.

The pecan show will include a bake show featuring delicious pecan pies, cakes, candy, nutbreads, and cookies on Tuesday, November 29th. There will also be a pecan centerpiece class. James Wright, Chamber of Commerce manager, invites everyone to come and see the best quality pecans in Texas, as well as prize winning baked goods.

The first county pecan show in the United States was held here in Eastland County in 1952, according to Gordon. This educational program has grown in interest over the years. There are approxi-

mately 70 county pecan shows with over 100 counties participating.

Four regional pecan shows are now held for the nearly 1,500 winning entries from the county shows. These regional shows are the "Show Window" of the Texas Pecan Industry. They demonstrate the superior quality of Texas pecans and play a major role in the evaluation of new varieties. Many other states from New Mexico to Alabama have pecan shows patterned after the original one that began here 36 years ago.

Anyone who grows pecans are invited to enter pecans in

the county show says, Charles Walker, President of the Eastland County Pecan Growers Association. A minimum of 43 pecans is necessary for each entry. This sample of 43 should represent the variety or individual seedling tree and be uniform in size and shell color. There will also be a class for the smallest pecans.

Plaques will be given for the three champion entries - Inshell, shelling, and native. Rosettes will go to the exhibitors of reserve champions and ribbons will be awarded to the first three entries of each variety.

The 1988 Senior Citizen Bazaar honorees included (left to right): Oldest Woman in Attendance - Mrs. Willie Hines; Oldest Man in Attendance, Mr. Clyde Campbell; and Oldest Woman Exhibitor Mrs. Bessie Reynolds. The Bazaar is an annual event sponsored by the Eastland County Agricultural Extension Service, and The Eastland National Bank provides corsages and rental fees for the building. The Bazaar committee appreciates all who participated.

Eastland County 4-H Show Results

Thoughts On A Trip To America

By Margaret Herting

ED. NOTE: Mrs. Herting is the daughter of Eastland County Newspaper Writer Mrs. Travis (Viola) Payne and visited here with her daughter this summer from their home in Germany.)

The Boeing was dropping in altitude. The engines began to roar. The ground was coming up fast. Underneath us — Dallas. This was my first glimpse of Texas, my home-state, for many years. Despite my fear of landings, I couldn't stop looking out the window.

"There are trees! This is green! I thought Dallas was in the desert," exclaimed a German woman sitting next to me.

I had to laugh. "No, you're not in the desert yet, but you soon will be." They were flying on to Phoenix.

The runways! Wasn't the jet approaching too fast? My hands turned clammy. My stomach was queasy. I closed my eyes. The roar of the engines pounded in our ears. An impact!

"You can open your eyes now, Mother. We're on the ground. We've made it." My eleven year old daughter gave me a slightly superior glance.

I didn't really feel we had "made-it", though, until we felt the Texas heat in our faces, and my brother was loading out suitcases in the jeep pick-up, slightly caked with red Eastland County mud.

We'd put this trip off several times, and it had been quite a few years since I'd been back in the USA. My daughter, Cynthia, who was growing up in Germany, was just at the right age to really enjoy a new experience. She was very curious and I had to explain a lot of things to her, - things I'd always taken for granted. Children playing baseball, water fountains in the airports, drive-in restaurants, ... it was all new to her.

"Don't forget to write about the snake," she reminded me a few days ago. Yes, I suppose finding a Copperhead in her Grandmother's yard was one of her unforgettable adventures!

A journey "back home" is always a search for the past ... a search for the past which may not exist anymore. It is a

confrontation with fragments of the childhood ... a childhood which one can never really grasp again. I had grown up in the fifties and early sixties. I wasn't feeling middle-aged or out of touch with the modern world, I became aware on this trip to America that the era of my generation was fading away.

Sure, there were nostalgia Cafes in fifties decor, and some radio stations still played the music of the sixties, but they were only superficial reminders. America was heading toward the year two-thousand. I wondered what was new, what had changed, and what remained of the past.

The fifties... the men were out furthering their careers, and wanted their wives to dedicate their lives to home-making. We girls growing up then were a little bored with phrases such as "Remember, behind every successful man, there's a good woman" and wondered why we were learning algebra when the young men preferred a pretty face and good meals.

Now, at the end of the eighties, I found the American woman represented in all walks of life. Had she finally achieved equal rights and opportunities? Those speaking at the Democratic convention didn't seem satisfied. Working mothers, usually carrying a double load with job and household, probably wouldn't have the time to consider this question.

As I read the feature article - "How to make the most of your weekends" - in a magazine written for the business woman, I had to conclude that the career girl without family might have a few problems balancing her time, too. Yes, the eighties offer many opportunities for the young American women.

They can choose the direction of their future, but they will also have to take on extra pressures and responsibilities to reach their goals. I don't doubt that they are capable of meeting the challenge.

Remembering the social upheaval of the sixties, I was impressed by the progress made in racial intergration into the American society. Of course I realize the ghettos still exist, that prejudice has

not been entirely wiped out, and new problems have arisen with recent immigration influxes. Those individuals who had been able to break out of these circles, however, were self-confidence, and had a "Let's move ahead" attitude which will certainly help them to make their way in a changing society.

I noticed that the eighties had brought more recognition to the many cultures and races which make up our nation.

One problem had escalated during my absence, - that of the homeless. Their plight differs depending on the part of the country. Those enduring the cold of the Eastern cities, the drifters along the vast American highways, or the man sleeping on the beaches of California, - can their problems be solved with the same solution? The problem is complex, but I was glad that the population was not indifferent, and that initiatives were started to offer basic help.

There's nothing more American than a picnic, but one picnic held on the Santa Barbara, California beach was unusual in a way. It was given for a group of Soviet and American citizens who were ending a march for peace first made in the Soviet Union, and then across the United States. The Santa Barbara Newspaper had given a lot of coverage to the advent, in-

cluding tips on how to make the encounter with Soviet citizens meaningful. They would be staying as guests in American homes. The public was invited to come to the picnic, and there was a large turn out on the beach. The tables were filled with home-made food, music was being played, and the atmosphere was relaxed. I, who well remembered the Cuban Crisis and the Cold War, realized that this event also indicated a change, perhaps a new era for the American society.

A large part of my childhood was spent on a farm in West Texas. On our weekend walks with my Mother or my Grandfather, we often col-

lected the relics of a people who had lived there before us - the American Indians. We knew where they had ground their corn, hunted game along the salt flats of the Colorado River, or had left pictographs in the stillness of a hidden canyon. This summer, while driving a lonely New Mexican highway, my daughter remarked to me that she was pretending to be an Indian chief.

Truly one could almost see the smoke signals rising from the distant mesas, or the hunters shadowing the buffalo herds.

After the Indians lost their battles on the frontiers, they were faced with a new chal-

lenge, - the fight to exist in a changing world, without losing their identity. Today we are all facing a similar situation, for our world becomes more and more computerized and impersonal. The last lap of this century is being run. Will the heritage of the past generations be left behind? Our identity as Americans? He sat across from us on an

airport bus taking us from Santa Barbara, California to LA International Airport. A slender and dignified man dressed in well-made western clothes, his face was tanned and lined from an outdoor life. Had we lived in the century before this, we might have met him in a stage-coach crossing the vast American frontiers, or on a

wealthy Spanish Hacienda in New Mexico.

It was curious, would have liked to converse with him, but he spoke to no one. A man of the eighties, but yet a part of many generations past. I smiled as I later saw him join the passenger line boarding a jet for El Paso, Texas.

Our destination was the same.

National Appeal For Food

The largest appeal for food in the history of the nation will be undertaken by the Boy Scouts of America on November 12 and 19 as it seeks to help alleviate hunger in a massive national Good Turn.

Several million Cub Scouts, Boy Scouts, and Explorers have distributed collection bags door-to-door on Saturday, November 12 with an appeal that they be filled with non-perishable food most needed for nutrition. The following Saturday, November 19, youths will collect the bags.

Scouting officials said they hoped at least 100 million canned goods will be donated Nation wide.

Foodstuffs will be sorted and boxed at collection centers throughout the country and then distributed to, or picked up by, existing food banks and other distribution agencies cooperating with the Scouts. These agencies will subsequently provide the food to the needy in their home communities at no cost.

"Hunger is a problem we can do something about by

working together," observed Chief Scout Executive Ben H. Love, of Irving, Texas. "Scouting for Food is a starting point. It is an example of Scouting's long-standing commitment to community service."

According to the BSA, 20 million Americans, including 4 million children, "go hungry" at some time every month. The organization also quotes studies which claim there is more hunger in America today than at any time in the past 25 years.

"By sheer numbers, as well as health risks posed, hunger is a problem of staggering proportions," asserts Brown. "Its existence is all the more disturbing since hunger was virtually eliminated in the United States during the 1970's."

The Scouting organization traces the Good Turn back to its founding. The first recognized national Good Turn was promotion of a safe and sane Fourth of July in 1912; its last, distribution two years ago of 14 million informational brochures regarding human organ and tissue donation.

Varied County Business At Commissioners Court

The approval of transportation services for Eastland County was an important story from the County Commissioners Court Monday - but a number of other items were also on the agenda. The Commissioners spent much of the morning canvassing the Nov. 8 General Election. They looked over records and mentioned various voting trends, then made a motion to declare the 1988 Election ballots valid.

The election here was well-run, they agreed, with a good turnout. The total vote county-wide was 7,201, with just over 10,000 registered to vote.

The Commissioners also approved an extra \$100 for the County Clerk's budget to pay postage for the unusually large absentee-ballot turnout.

There was some discussing of the up-coming liquor option election in Ranger Saturday, with some of the Commissioners wondering how many people actually lived in the annexed area covered in the election.

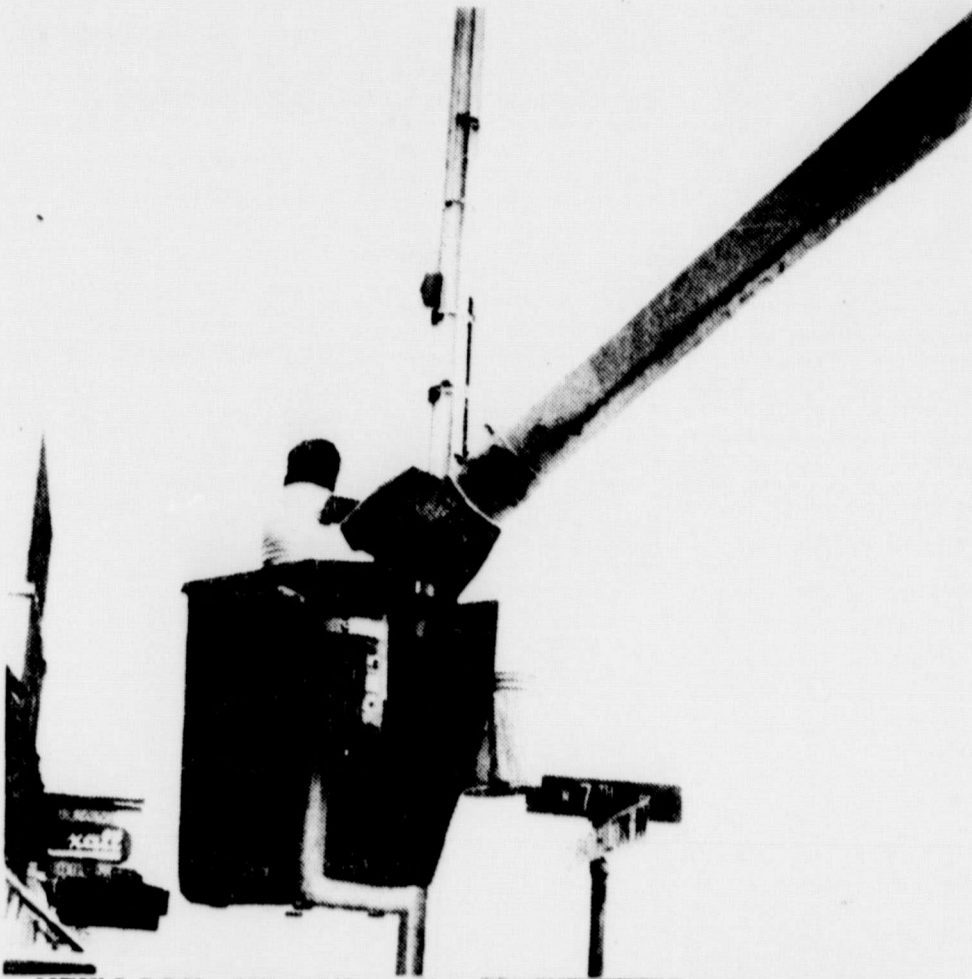

On another item, seventeen prisoners were reported as being in jail Monday morning. The clean-up was in progress on the lot north of the jail, and Commissioners made plans to visit it in the afternoon.

During the day another jail-related topic came up - a bill for \$588 for damage to the cable connection on a computer in the Sheriff's office. A representative from the

County Auditors office told Commissioners that a repairman - who came out from Dallas - said the damage to the computer was caused by negligence and the County Service policy would not cover the bill. After discussion the Commissioners agreed to pay the amount.

Bryan Neaves, State Highway Supervising Engineer for Eastland County, gave the Commissioners a progress report on measuring county roads and other roads maintained by the county. The preliminary reported showed 683 miles as a total. When this report is officially complete, the figures will be used to allocate road and bridge funds in the various Precincts.

In other matters, Judge Scott Bailey reported that the County had received \$466 from the tax on Bingo games during the last fiscal year. This is 5% after all expenses. Several places in the County conduct this type of activity, which is permitted by law under the Bingo Enabling Act.

Wranglers Lose To Western Texas 100-To-97; Play Howard College Here Monday Night

The Cisco Junior College Wrangler Men fell behind early in the first half and lost to the Western Texas Westerners 100-to-97 in non-conference action in Snyder Monday night. The Westerners avenged an

earlier 138-to-114 whipping at the hands of the Wranglers last week with a balanced scoring attack, led by 6-9 post man Kenneth Critton and 6-5 forward Bobby Spear. Critton had 26 points and Spear added 21. With the loss, the Wranglers' season record fell to 2-4.

The Westerners, using a half-court trap, sprinted out to an early 18 point lead. However, the Wranglers came back strong and cut the lead to seven at 47-to-40 at intermission. The Wranglers

regained the lead midway through the second half, but were unable to pull it out at the end. They had a chance to tie at the buzzer with a three point shot, but the inbounds pass was intercepted, and Western escaped with a hard-earned victory.

Cisco placed six players in double figures with Lewis Hicks and Ronald Ateman leading the way with 19 each. Eric Brown and Mark Chambers had 16 each, while Adrian Hill and Tyrone

Williams added 11 and 10 respectively. Chambers was the leading rebounder with 13, and Lewis Hicks led in assists with eight.

This weekend, the Wranglers travel to Levelland for three games in the South Plains Classic. They open with Clarendon at noon on Thursday, play Binn at 4 p.m. on Friday, and close with South Plains at 8 p.m. Saturday.

Next home game is next Monday night against the Howard College Hawks.

LAURA HUTCHENS

Laura Hutchens Inducted In Alpha Chi

Laura Hutchens, 1985 graduate of Cisco High School, was one of fifty-nine students invited to membership in the Tarleton State University chapter of Alpha Chi, a national honor scholarship society, according to Dr. Robert C. Fain, vice-president for Academic Affairs, and chapter sponsors Dr. Jim Kirby, Dr. Ruby Barker and Ms. Velea Boyd.

Membership to Alpha Chi is limited to no more than 10-percent of the junior and senior classes. At Tarleton this fall, students who have completed 90 hours and have a 3.68 or better G.P.A. were invited to join Alpha Chi. At least 30 hours must be taken at Tarleton State University.

The objectives of Alpha Chi are to promote and to recognize superior scholarship and those elements of character that make for effective service. The society, founded in 1922, has more than 270 chapters nationwide and represents the highest honor on any member campus.

Laura is the daughter of Joyce and Lewis Hutchens of Cisco.

Other area students who were honored at the Alpha Chi Induction Ceremony were Lynn McDaniel, daughter of Mr. and Mrs. J.L. McDaniel and Matt Hawkins, son of June Hawkins. Both are graduates of Carbon High School.

POEM

(Editor's Note: Kenneth J. Kinney, who is a graduate of Cisco High School and the husband of Marilyn (Johnson) Kinney, who is the granddaughter of Sophy Eudy, of Cisco, wrote the following poem. He is now a preacher in Georgia.)

What can be told of the tale we have told

Of days long gone when the water was cold.

Days of the grass and the flower that bloomed, Days of the things that pertained man's doom.

The waterslides, falls and fountains so fair,

The rain laden clouds that roamed through the air,

To hot desert winds that are parched by the sun,

To devils of dust that we sadly watch run.

What of the times when waters were free,

And abundance thereof for my garden and me.

But now the old hose lies rotted and dry.

As I sadly remember the old days gone by.

The days that we splashed in the old swimming hole,

Of days long gone when the water was cold.

As sadly I look at that hole in the ground.

Where once there was water now none can be found.

The rivers all dry, the water slides too,

The fountains all stopped, no water for you.

What have we done to sing this refrain.

When once on this earth an abundance of rain.

Goodfellows

The Cisco Kiwanis Club met for their regular meeting Tuesday morning.

Bill Kendall, president, presided over the meeting.

The club members voted to give \$100.00 to the Cisco Goodfellows for this year's Christmas season.

The club members meet each Tuesday morning at 7:30 a.m.

Well, friend, search your heart and your mind and your soul.

And remember the days when the water was cold

And ask yourself "Is it something I've done?"

Could I be the reason, could I be the one?

That caused the hand of God's judgement to fall,

On this land and others, Lord, answer my call.

Oh, Lord, if it's me, forgive I do pray.

And send again rain to brighten our day.

That Lord, we don't tell the tale, that's been told

As fairy tales told to the young from the old

Of trees and of crops and flowers called roses,

Of droughts and death when all life loses.

Instead let us thrill at the gift of thy hand.

And let the cool rain, renourish our land.

And let us remember the story never told

And God, thank you Lord, for the water that's cold.

Chambers Family Serving Your Family

CLIFFORD | BURAL
WE PERFORM AT LEAST 85 SERVICES FOR A FUNERAL!

We handle a myriad of details for each funeral to meet the special wishes and needs of the family. As funeral directors, we often help out for several months after the funeral to make sure ALL details are completed.

It is important for funeral directors to consult at length with the family of literally DOZENS of details. Here are just a few of them:

FUNERAL: setting its time and who is to officiate; choice of casket and clothing, music, Scriptures, etc.

CEMETERY: purchase of lot or opening of family plot; getting permits.

NOTICES: arranging death certificates, obituaries, notifying fraternal (or other) groups.

FUNERAL DAY: organizing service details; helping conduct service; providing family cars and organizing procession.

CLAIMS: helping family file for Social Security, military, union or insurance benefits.

Any of the 85 service details can cause grief when not handled right. We have to give EVERY funeral 110 percent of our time and attention to perform a service which comforts and fulfills the family's needs.

A committee, made up of men and women who have a love for Cisco High School met Monday morning and voted unanimously for Dale Stewart, of Cisco, and a sculpture, construct a life size Lobo for the High School.

Gene Kinser was named as president of the committee.

The statue will be unveiled at the 1990 All-School Reunion.

Members of the committee want to stress this is not a school function. Instead the Lobo statue will be given to the school as a gift by private individuals who are for the school.

We will have more information in later issues of The Press.

Heard over an Alhale radio station while driving into work Tuesday, that all mothers of small children need to be sure and put plenty of rocks in their children's pockets so the wind won't blow them away.

The following article was brought in Monday by a local supermarket checker. The person asked that their name not be given. The article said:

During the 1992 Presidential election campaign, Richard Nixon was accused of political naughtiness. Straightway, he went on national television and delivered what has come to be known as "The Checkers Speech," which saved for a time his life as a public servant.

I am a houseperson, not a public servant. I have children. I am a private servant. But this is America. And I have just as much right as the next guy to write and deliver a Checkers Speech. He is my Checkers Speech.

Friends, housefolk and food shoppers: I come to praise checkers, not to bury them. Most of us never stop to give the poor clerk at our

supermarket checkout counter a second thought. The checker must rise each morning, put on a happy face, and trudge off to spend a day punching a cash register and dealing with us shoppers. And are we a happy lot to deal with? Of course not. We are grumpy. The prices are too high, the lines too long, and they never seem to stock the brand of garbanzo beans I prefer.

Supermarket checkers become the focal point for all our shopping frustrations. Illogically, we blame them for every little annoyance. We are surly and frown when the bill comes to just under half a million dollars for a week's groceries. And what do they do? In the main, they are unflinchingly friendly, pleasant, courteous, swift and skillful at their job. They manage a smile whether you do or not. And though the two of you pass as ships in the night, they invariably end the brief encounter with a vocal wish that you do nothing more than...have a nice day.

Now, ain't you shamed? Better say something nice to a supermarket checker soon, because within a decade (I predict) they'll be members of an extinct species. A year ago, one of the large grocery store chains began experimenting with a "scan-it yourself" checkout system. It eliminates the checker altogether; you see no one except the bagger at the end of a conveyor belt.

Tests made in Georgia supermarkets proved positive. By and large, customers were in favor of the new systems and it should spread rapidly once the mechanical parts begin to be mass-produced.

Are the machines taking over our lives? Or are we simply delegating more and more of our humdrum tasks to their semi-capable hands? Hey, let's not sit and stew about it. We'll save that for tonight's side dish: stewed tomatoes! Just remember

letters to the editor . . .

Dear Editor:

SAD VETERANS DAY!

Nov. 11, 1988-Cisco, Texas
It's dark now, the day is gone! The day is Veterans Day - a day to honor the greatest people on earth - the American Veteran. Those that served and those that gave all there was to give - their lives.

Sad - I am a life member of the Disabled American Veterans Auxiliary and Ladies Auxiliary of the Military Order of the Purple Heart because my husband is a Disabled Veteran - wounded twice in Germany - and have a right to be sad for all the Veterans of Cisco. I called the Cisco Fire Dept. and asked if they were going to blow the whistle at 11 a.m. I was told it was only used in an emergency and did not have the authority to do so. I would have to talk to a city official.

I talked to that city official and was told "they could not as it was only used for emergency and if they did people would not know what it was for anyhow!" Too, to blow it could abuse it - How "bout that?"

Is it an emergency to blow it on the first of a month? How could showing a little patriotism abuse our fire whistle? Why do we have to have the authority from a city official to be patriotic? Has patriotism gone out of style? It may be for some people but I'm glad it hasn't for millions of Veterans, their families and friends!

I called another city official and asked the same question, was told "because it was not put in the paper a couple of weeks ahead of time we would have a lot of upset people" - Big Deal! Well, I'm just a "little nut" that fell off the tree before I got ripe but neither answer

that whenever you walk out of a supermarket feeling just a little bit better than when you walked in, it's probably because your friendly neighborhood checker took the time to treat you like a human.

made any sense? How dumb do they think people in Cisco are? Everyone would have known it was Veterans Day.

Unless they drove down Hilton Avenue - we got insult to injury - Where were the Flags? The only flags out were at Thornton Feed, Motts, Kimbrough Funeral, Sitton's Printing, Cisco Fire Station and the Cisco Post Office!!

I hope to tell you I hope a lot of people will be upset - upset enough that they will make it a point never to let this happen again!

It would not cost the city a penny to blow the whistle - or for the main part of the city to fly flags and I hope the two officials remember - if it were not for the Veterans - they would not be free to be officials. I would love to take these people to a Veterans Hospital and let them spend a day and see first hand our real heroes, people without legs, arms, eyes and yes, minds. If they think "I missed the point" of their excuse,

they'd see the point they have missed - patriotism!

They would be glad to hear the whistle, see flags flying, church bells ringing - and as we used to do, a big parade in Cisco - as one official said "we have not done that the last few years." Let me say here that was nothing to brag about.

Let's get our act together and remember the 29th day of May - Memorial Day - the program at the cemetery should have all of Cisco there to honor and remember!

Help post flags!
Then - Nov. 11th - flags flyin', bells ringing, and a parade. Once again let's be "old fashion proud" American remembering and honoring our very best - The Veterans. I hope we never forget. It could happen to our land! That's what a veteran is - one that kept it from coming home to us -

To each citizen that placed a flag at your home and those businesses we do "Thank you."

Hoping 1989 will be better on Memorial Day and Nov. 11th. Taps now blow for Nov. 11, 1988.
