### Wranglers Beat Hill 85-74; Play At Grayson

Four players scored in double figures as the CJC Wranglers ended a threegame conference losing streak with an 85-74 victory over the Hill College Rebels at Wrangler Gym Saturday night. With the win, the Wranglers improved their NTJCAC record to 2-4, keeping alive their dim hopes of a Region V playoff spot.

Forward Ronald Ateman led the scoring with 21, while Lewis Hicks, Eric Brown, and Mark Chambers chipped in with 19, 17, and 15 respectively. Chambers was once again the rebound leader and Hicks led the team in assists with five.

Cisco had a hard time getting on the scoreboard at the outset, allowing the Rebels to jump out to a quick 11-0 lead. But the Wranglers then scored seven unanswered

points to get back into the game. Hill led by four at halftime, 37-33. The second half was nip-and-tuck most of the way until a three point basket by Brown gave the Wranglers a 69-60 lead with seven minutes remaining. Hill was able to cut the margain to two with three minutes left, but excellent free throw shooting by the Wranglers held off the rally, and CJC pulled away in the final minute. CJC connected on 28 of 32 free throw at-

The Wranglers continue conference play tonight (Wednesday) as they travel to Grayson to take on the Vikings, who are tied for second in the conference with a 4-2 record. Next home game is Saturday at 8:00 p.m. against TSTI.

Connell and Cisco firemen, Larry Weikel, Phillip Cockrell and Joe Jarvis gave a demonstration of the Jaws of Life. The Jaws of Life is a hydraulic power tool that

can free victims trapped in a wrecked car. Connell said they have had to use the tool in four emergencies.

The firemen cut the doors of an old wrecked car off that was parked in the bank's parking lot, and then cut the top of the vehicle off.

Some of the firemen were wearing CPR patches on the sleeves of their clothing. Joe Jarvin said they have had to use the emergency method

of CPR more than once. The Cisco Volunteer Fire Department vehicles were parked in the Bank's parking lot, Sunday. Connell said the

The celebration was planned by a committee made up of volunteer firemen, Billy Bacon, C.W. Guthrie, Gerald Jackson and W.T. Eaton.

The Al Anderson and Friends Band played several songs much to the enjoyment of the crowd and firemen. Everyone especially enjoyed the music of Brandi and Robert Weeks, 9 and 11-year old fiddler players.

With the exception of Eastland, our local cities are losing their populations at a rapid rate and property values are dropping right along with the loss. The County ies the most desirable in the economy is hurting and if our cities are to survive, we must some of our tax money back do something to turn the trend by getting a state facility to around, even if what we are locate in the county and that able to do is not our first. is what Project Hoos-Gow is choice. We need more money and jobs in the county unless Barnes told the Eastland we want to see towns like Rotary Club, a civic minded Cisco, Eastland, Ranger, organization of business Gorman and Rising Star deother towns in the county which once had large populations. As methods of travel improve, the smaller towns are dying out, and Eastland County could lose its cities unless we come up with something to keep them here.

age our young people.

Project Hoos-Gow is a unified effort of Eastland County's cities and communities working together to bring money and jobs to the county. The money and jobs would be a benefit to every city in the county, and even to those in a forty mile radius, and it takes all of the county cities efforts if the project is to be successful.

Governor Clements says that the state needs 13,000 additional prison beds, and subject to funding by the Legislature, that means that from six to ten prisons will probably be built in the near

In the past, Texas prisons have always been built in East Texas, where the state still has available land. But the prisoners come from all over the state and it is often a great hardship for the relatives of these prisoners, which the before they are returned to Huntsville for release, to travel to East Texas to visit them. And besides, why should East Texas get more than its share of the state's tax

The new idea is to spread the prisons out over the state, with the prisoner closer to their relatives, and some of the state tax money returning to its source. New prison units are under

construction near Amarillo but we are told that planners say that ideally a new prison unit should be located in North Central Texas about 100 miles west of Dallas-Ft. Worth one-fourth of the state's prison population.

One hundred and fifty of the state's counties want one of the new prison units. Breckenridge has advertised their desire for a state facility and Comanche has shown some

Project Hoos-Gow is seek-

ing a 2,250 prisoner unit for Eastland County. Why? Because it would be the largest industry in Eastland County, employing 826 people with a monthly payroll of \$1.6 million and a yearly payroll of \$19.2 million. That is money and jobs, and it is steady, to keep the local cities from drying up and blowing away. Having a prison in the county may not be your first choice, says Dr. Barnes, but it is better than for us to lose our towns and our sources of income. And after all, the new prisons are not bad at all.

The new \$63 million prison units are attractive facilities, and escape is not really a problem. The escapes in

state hopes to rehabilitate Texas have been few, averaging one per prison, and they are usually trustees, who were not convicted of a dangerous crime, and who are allowed to leave the prison for a limited time. If they are late returning, it is called an escape.

Some prisons, mostly in other states, once hired poorly paid "brutes," who were very physical with prisoners, and weren'talways desirable citizens in the community.

Guards in the Texas Dept. of Corrections are paid from and Snyder in West Texas, \$11,000 to \$46,800 per year with wardens and professional employees sometimes paid much better. And a check with cities which have prison units reveals that prison Metroplex, which produces employees often become local civic leaders and much of the "backbone" of the community. Hundreds of these state employees are certified police officers who will live in local cities, and who can help local law enforcement officers in a time of need or disaster.

> Prison units are surrounded by two 12 ft. high fences, six guard towers, and about 300 acres of open land. If a prisoner should escape, his first concern is to get as far away from those hundreds of armed and certified officers, who might recognize him, as quickly as possible. And when you consider that only 25 per cent of the criminals in our communities are ever caught, and only two percent are ever sent to prison, and parolees regularly walk our streets, we should be more concerned about those on the "outside."

The quality of the new prisons, including their educational facilities, probably Continued On Next

exceeds what we can afford in our public schools. Dangerous prisoners are mechanically and electronically controlled so that there is less danger and about one-third of the guards and employees are usually young ladies. And prisoners are said to watch their language and show more respect in the presence of these often attractive ladies.

If you have questions about one of these prison units, learn the facts. Groups are being taken monthly to visit one. It is 203 miles one way and lunch is furnished.

Where might a prison be located in the county? Twenty-two possible sites are being studied with purchase price and the cost of getting water to the location of prime importance. Some of the land must be flat, and a central location in the county would be preferable. The organization should be able to select a site in a couple of weeks, says Dr. Barnes.

Eastland County has much

to offer that others in the area can't match. It has I-20 running through it, which is important if supplies must be trucked from and to Huntsville, and adequate water is available from local lakes and ground sources, though additional treatment facilities must be constructed whether a prison locates here or not. Peanuts, pecans, and fruit trees do well here and might be produced and processed by a unit for state prison

And now is the time to SAVE MONEY and keep up with what's going on in Your Home Town.

In an effort to attract new subscribers and broaden the circulation of this HomeTown Newspaper, a special New Subscriber rate is being announced.

Half-Price for New Subscribers!

That's right: New Subscribers can receive the Local Newspaper delivered to their mailbox for one year at half price; or two years for the price of one; or a year for the new subscriber and a year for another non-subscriber for the price of one. It's a super value any way you split it.

Those who now buy the paper at the newsstands are paying \$25.75 a year. Through January, a new subscriber can get a year's subscription for \$8.50. (A \$1.00 rate increase has been announced for Feb. 1, at which the half-price rate will be \$9.00 for new subscribers.)

This offer to New Subscribers will extend only through March, so non-subscribers should act quickly to take advantage of this special savings.

Regular subscribers know that advertised specials and printed coupons resulting in shopping savings, usually amount to more than the price of a subscription in a year's time.

If you are a non-subscriber, you are especially invited and urged to join our long list of regular subscribers at this special Half-Price Rate.

P.S.: Be assured that your Local Home Town Newspaper appreciates its current subscribers and will announce a special especially for them beginning March 1st.

#### Robin!

By JEDADIAH YORK

I was swinging in our yard when I saw a robin on the ground. I started sneaking up on her real quiet like an Indian scout. I chased her some and almost caught her and when she was fluttering on the ground I chased her into this overgrown part of the yard where she hid. Me and Mama and Leighton had to go catch her. She had a broken wing.

Then we made a cage for her out of wire and a box and we kept her in our room and fed her worms each day. We hoped her wing would heal.

Mr. Jackson gave me the worms free. I went to the bait shop behind his house. He handed me the worms and I was about to pay him and he said, "You can just have them for your bird.'

So I hope you'll all go buy your minnows and worms at Mr. Jackson's Bait Shop in Cisco.

men ages 18 through 25 are kept on file by Selective Service for use in a national emergency. If Congress reinstates the draft, men most likely to be called into military service would be those who turn 20 during that calendar year. Selective Service would first conduct a birthdate lottery to determine the order of call within that age group and then, depending upon the manpower requirements of the crisis, those men whose birthdays draw low lottery numbers would be more likely to be

called.

There has not been a draft since 1973 when the U.S. switched to an allvolunteer military force. In 1975, the Selective Service System was placed in "deep standby" status and the requirement for men to register was suspended. But it wasn't long before several studies and commission reports noted that a draft would be needed again if the country ever became involved in a major conflict. They predicted it would take too long to get men registered, classified, inducted, and trained. In 1980, after the Soviet invasion of Afghanistan, President Carter revitalized the Selective Service System and reinstated the registration requirement for men. On Jan. 5, 1981, registration of 18-year-old men began again and has continued. Today, using computer technology, the System can begin issuing thousands of induction orders via Western Union "Mailgrams" in three days or less, once Congress and the president give the goahead.

With few exceptions, iederal law requires every man to register with Selective Service within 30 days of his 18th birthday.

The Eastland County Sheriff's Dept. is receiving the greatest of cooperation from city and local law enforcement officers in the county, said a deputy, who praised the work of the Cisco Police Dept. in recovering some items taken in a burglary.

In another case the Cisco police and a deputy worked together to apprehend two young men, ages 17 and 18, who reportedly confessed to removing and taking electrical lines in a rural area, and to entering a house. The stolen wire was recovered and victims were to decide if restitution is to be made or charges are to be filed.

The Sheriff's Dept. also expected to arrest two young men by press time for the theft of steel fence posts from rural property near Ranger. Posts were stolen from two ranches or farms.

Scrap metal which was taken from Missouri Pacific property between Putnam and Cisco was recovered. Rail-

### Jim Hightower's "Special Beef" Proposal

WACO-Texas Commissioner of Agriculture Jim Hightower's proposal to sell "specialty beef" to Europe is nothing but a publicity stunt, the president of the Texas Farm Bureau charged Friday.

"It's his way of trying to soothe the wrath of cattlemen," S.M. True, cotton, grain and cattle raiser, said in response to Hightower's announcement at a news conference Thursday in

"Hightower's support for the European Community's ban on imports of U.S. beef is based on fraud," True said. "As Commissioner of Agriculture, Hightower should be the first to know that there is absolutely no evidence of a health hazard in hormone

"merely a smokescreen."

"They have a surplus of beef and are using this as a trade barrier," he said. "They, too, know there is no health hazard."

The Texas farm leader said the U.S. position opposing the RC's ban on U.S. beef is

"It's correct on the basis of domestic law, it's correct on the basis of international trade, and it is correct on the basis of scientific evidence," he said.

described True Hightower's plan for his agency to sell hormone-free beef to Europe as a "pipe

"Only the federal government can issue meat export certificates," he said. "Beyond technicalities, for beef to be so certified, a government inspector would literally have to stay with a herd full-time."

True said inspections of animals cannot determine whether any hormones detected were administered by man, or manufactured by the animal itself.

"There is simply no way to distinguish meat from animals that were administered U.S .approved hormones, from meat from animals that were not," he said.

"The tragedy of the present centroversy - which was engineered by Hightower is that the Texas Commissioner of Agriculture, by law, is supposed to be an advocate of agriculture, not an enemy. While pretending to be a friend, he is, in fact, causing terrible damage to the beef cattle industry."

entertainment.

Mayor C.W. Hoffmann has proclaimed February as American Music Month. This proclamation was made for the Eastland Music Study Club, which works for good music. The Music Club will have a special program in Eastland High School Band Hall of Feb. 22, and a Scholarship Award will be made to a deserving music student at that time. The Texas President of the Texas Music Study

ngle

Club is expected to be present for the program.

A full-dress Opera, "The Marriage of Figaro," will be presented at the Majestic Theatre on Tuesday, Feb. 7, at 7 p.m. Musicians filling the roles will be from the Abilene Collegiate Opera group, composed of students from Hardin Simmons, Abilene Christian, and McMurry. The Abilene Collegiate Symphony will furnish the instrumental music, and this group is also composed of top music students from the three colleges. Tickets are for sale now at Olney Savings in Cisco, Eastland, Ranger, Albany and Breckenridge at \$5 for adults, \$4 for Senior Citizens, and \$3 for students and children.

#### CISCO

A half-day Economic Workshop is being proposed for Eastland County. The City of Cisco, in cooperation with the Cisco Chamber of Commerce and the West Central Texas Council of Governments (WCTCOG) will be the sponsors of the program. A letter was sent out last week to all businesses in Eastland County to see if they would be interested in attending the Workshop, which would probably be held in early March. Representatives from WCTCOG will give presentations regarding their employment assistance and obtaining government contract

programs, and the Texas Department of Commerce and Small Business Administration will emphasize their small business retention pro-

The City of Cisco is beginning to make headway in stopping the breaking of city code ordinances, according to Mike Moore, City Manager. Moore says the City has sent out 17 letters to homes with junk autos on their property, and 27 autos have been removed since then. Thirtyfive letters have also been sent to property owners to get their property cleaned up. He says 10 letters have been sent to persons in violation of the city's health ordinance, and five property owners have complied. In the animal control, 35 warning letters have been sent to pet owners, and 22 animals have been captured.

The Scranton Country/ Western Musical will be held on Saturday, Feb. 4 in the Scranton Community Center. The concession stand will open at 5 p.m., and the music begin at 6 p.m. Everyone is invited, especially area musi-

The Redeemer Lutheran Youth will have a Grand Hog Pancake Supper on Sat., Feb. 4 at the Parish Hall. Serving will be from 5-8 p.m., and cost of the meal will be a freewill offering. The money raised will go toward purchasing new video equipment.

Caryon Garrett, teller at First National Bank, has been promoted to Assistant Cashier. She will still work as a teller, but will also help in bookkeeping and work in operations. Her supervisor will be Brenda Lane, who says she is looking forward to working with Mrs. Garrett. Caryon has worked at the First National Bank for 11 years. The daughter of Mr. and Mrs. Neal Moore, she grew up in Cisco. Caryon and her husband, Bobby, have three children and three grandchildren.

The Cisco Chamber of Commerce Banquet is this Thursday night, Feb. 2 at the Cisco Junior College Corral Room. The program will begin at 7 p.m., with Ken Deihm as Master of Ceremonies. Jim McCurdy of Abilene will be the Guest Speaker, and Cisco people who have made special accomplishments will also be recognized. The Banquet will set the stage for the work of the Chamber during the coming year. A large crowd is expected.

#### BAIRD

There will be a delay in the scheduled completion date of the Baird High School track field, due to the State Railroad Commission having to arrange for the capping of wells on the field. It is thought that this will cause a onemonth delay in construction, meaning that the track may not be completed until sometime in May. The original date was around April 1, 1989. When this track is complete it will be one of the finest in this

The Baird Chamber of Commerce is having good results with the current Membership Drive, which will continue until March 17. There will also be a big Fish Fry on that date - something to look forward to. Some of the newest members of the

local Chamber are White Auto Store, Robertson's Hams, Brad Harris, Attorney, Pizza Garden, Bob McCool Law Office, Russell-Surles Title Inc. Shorty's U Bar U and Kelton Flower Shop. Several families have also joined. Baird is growing - a recent Abilene Reporter listed it as 6th in the top ten towns in

The Baird City Council held a Public Hearing on a Park Grant for the City, and passed a Resolution approving it. The Grant will be for \$110,000 to finish the Meadow Park and to create a new Park that will connect with The Meadow. The Grant will be a 50-50 grant with the city responsible for \$55,000, but this can be in in-kind volunteer: labor, work and supplies. There is already quite a bit on in-kind that can be counted, so the city should not be out much actual cash. The Council reserved the right to pull out of the project if the cost is too great.

There will be a St. Valentine's Dinner on Sunday, Feb. 12 from 12 noon - 2 p.m. at St. Rita's Catholic Church Parish Hall on Blackwell Rd. The Ladies Auxiliary of Ranger Fire Department will be sponsoring the meal, which will consist of chicken fried steak and all the trimmings, including dessert and drink. The cost will be \$5 for adults and \$3 for students. All proceeds will be used to purchase air tanks and masks to be carried on fire trucks. The law requires masks for 90 percent of the firemen by 1990. All people in this area are invited to have a delicious

### **CJC Presents**

Cisco Junior College is giving all area children a Valentine's Day present February 14 & 15. On both these days, the CJC Drama Department will present The Red Shoes, a children's fable featuring members of the drama club.

The Red Shoes is the story of a gypsy and a young girl who both discover the dark side of greed. Scott Bradshaw. is Reymardo Snogg, the gypsy and Lana McConnaughy plays Karen, the young dancing girl. Both students are from Eastland.

Jim Graham, from Merkel, plays Jemmo, Snogg's mute clown. Dan Huff, from Hamburg, Iowa, plays Karen's friend, Nels. Danetta Bible, from Rising Star, appears as Karen's grandmother, Mrs. Ostergaard. All are students at CJC. Bradshaw, McConnaughy, Graham and Bible attend on drama scholarships. Huff is a music scholarship recipient. Also appearing as the town mayor is Lloyd Parrish of Cisco. Parrish is an instructor of computer at CJC.

Performances still open to the public are February 14 at 9:00 and 11:00 a.m. and 1:00 p.m. Also February 15 at 9:00 a.m. has seats available. There will be a public performance at 7:00 p.m. February 15. FOR RESERVATIONS, CALL 442-2567. Tickets are 50

program and Arbor Day.

A statewide Tree Aware-

### Towns Can Be Recognized For Trees

COLLEGE STATION-By caring for its trees, a city can be recognized by the National Arbor Day Foundation as a "Tree City USA."

To be recognized, a community must have a legally constituted municipal tree body, adopt a city tree ordinance, have a comprehensive community forestry program, and hold an annual Arbor Day observance. This year, National Arbor Day is Jan. 20.

"Most communities can meet these criteria by existing activities," said Dr. Mike Walterscheidt, forestry specialist with the Texas Agricultural Extension Service.

"The municipal tree body can be a department, board, commission or other authority which has legal status and is responsible for tree care. This can be a parks board or other similar group," Walterscheidt said.

The tree ordinance should designate the department or board responsible for managing the city's trees. It should include the duties of the tree board or other legal group and provide details on operations of the tree program, said Walterschedit, who is based at Texas A&M University.

The comprehensive community forestry program may include a tree inventory and other plans for planting, maintenance and removal of trees. The program must be financed at a minimum of \$2 per capita. Many programs the community already finances, such as utility line clearance, may qualify for this required \$2 per resident. Funds from organizations within the community qualify for this requirement.

"Each year the city's mayor should proclaim an Arbor Day, to include the planting of a commemorative tree,' said Walterscheidt.

Cities designated as a Tree City USA will receive a special flag, a walnut mounted plaque, and signs for city entrances.

"With just a little effort from the citizenry, a community may qualify as a Tree City USA and, in the process, improve the aesthetics,"

### The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

### **Easier To Plan Retirement Now**

Now that the Social Security Administration has made available a new "Personal Earnings and Benefit Estimate Statement" for young workers, too, it is easier for them to make plans for their future financial security. But, it is important for the workers to understand the Social Security program before they start planning their retirement. For instance, you should know what you get from Social Security, how the program works, how your benefits will be affected by other income and earnings, the rate of reduction you will have in your benefits based on your age at retirement, etc.

Knowing these facts will

#### **Putnam Musical** To Be Feb. 3

The monthly Putnam musical will be held at the schoolhouse on Friday, Feb. 3, with Robert D. Weeks in charge. The concession stand will open at 5 p.m., and the music begin at 6 p.m.

A meal of spaghetti, salad, garlic bread, coffee or tea, etc. will be served at the concession stand.

Robert Weeks says he expects to have a good musical again, with some new musicians. Players are coming from Abilene and different other places to be on the program.

Among the star attractions are the Weeks sons, Robert Jr. and Brandy, who will be playing their fiddles at the Feb. 3 musical.

By Terry L. Wilson

#### "The 1989 Hawg Hunt Has Started"

One of the early signs I look for each year to indicate its time to start hawg hunting, is the pairing of the "Red Tail Hawks." During my short time of bass fishing this one item has been a regular indicator. And as of Monday, January 30, 1989, I have seen 3 seperate pairs in flight. So lets all sharpen those hooks and hit the water after those Lone Star Lunkers.

And to really get into the spirit of the hunt, why not make plans now to attend the February 2 meeting of the Eastland County Bass Club. Thursday at 7:30 p.m. anglers from around the area will be meeting at the Eastland National Bank Bldg. Anyone who is interested in learning more about this organization are invited to attend. The E.C.B.C. Board of Directors are asked to arrive at 7:00 p.m. to discuss some very important matters which have been brought before the board for review. And members remember to suggest what lakes and date you would like to fish in the February tournament prior to Thursday night.

Anticipation of the South Bend Reservoir project had built up an down over the years, and now as the project has been indefinitely postponed we can only imagine what benefits another midsized lake could have done for the big country. Spokesman for the project stated a recount of proposed water usage made the lake impoundment impractical. The lake would have been near the size of Hubbard Creek and was to be located near South Bend, Hot Wells, and points north of Breckenridge.

Largemouth bass populations at Lake Whitney apparently are holding up well in the face of increased fishing pressure, according to the Texas Parks and Wildlife Department.

The popular central Texas reservoir is one of the state's most varied fisheries, producing largemouth, smallmouth and spotted bass as well as striped bass.

#### Sipe Springs Musical Feb. 4

A musical will be held Saturday, February 4 at 6:30 p.m. in the Sipe Springs

Community Center. Everyone is invited to attend and all musicians have a special invitation.

Biologist Ken Sellers said fall cove retonone surveys collected 21 pounds of largemouths per acre, or about the same as the 1987 survey. Electrofishing samples showed a decline in bass numbers from 1987 to 1988 but the population was favorable in both years.

"Even though habitat and cover were reduced in 1988 by lower than normal water levels, reproduction and recruitment to legal sizes was found to be good in both types of sampling. The most common size bass collected was 10 to 13 inches long, indicating anglers should have good success in the coming year."

Sellers reminds fishermen that the daily limit of five black bass per day and minimum length limits of 14 inches applies to largemouth, smallmouth and spotted bass. This is an aggregate limit, which means that only five bass may be retained in any combination of the species.

Lake Whitney is located about 15 miles west of Hillsboro off State Highway 22. Lake Whitney State Recreation area is located on the lake's eastern shoreline, offering full camping facilities and boat ramps. For campsite reservations or other information call the park superintendent at (817) 694-3793.

The bass fishing this past weekend was running right with our weather. If you fished Saturday you probably had a pretty good day. Anglers on Oak Creek had some good catches to 7 pounds on jigs

### **Nursing Students Receives Stripes**

By Ruth Stewart On January 21, 1989, three students from Cisco were

honored in a capping ceremony at Tarleton State University. Cisco students of the Nursing Class of 1990 receiving the black stripe were Brenda Black, Ron Pipkin and Karen Davis. (Women received a stripe on their caps and men received a stripe for the collars of their uniforms.)

The impressive ceremony was held in the Fine Arts Building at Tarleton. Special speakers for the event were Mrs. Judy Baker and Connie Carpenter. Ron Pipkin composed a class poem entitled 'Our Little SOAPIE", which appeared on the program. Brenda Black played the piano for the processional

and accompanied the special song "He Touched Me" sung by Linda Feist. Ruth Stewart played background music during the capping of the thirty five students and the lighting of the candles. The Florence Nightingale Pledge was repeated by all the students. Ruth Stewart

BUKAL "HOW DO I GIVE COMFORT TO THE TERMINALLY ILL?"

It is usually best to maintain the same closeness you have shared in the past. Your contracts with the person should be of the same type as they were in the past -phone call, short visit over coffee, a personal note whichever was your manner of contact before you heard of the illness.

If making a personal call seems too difficult, perhaps a short note indicating "Word has come to me that you are ill. Please be comforted that you are in my thoughts and

Silence can often be interpreted to mean indifference to one who is ill. A simple note of concern and love makes an opening for a personal call at a time convenient to the sick person. That personal visit will surely prove a comfort to both parties!

And finally, that personal visit should be made just as you ordinarily might make. Don't change your personality or behavior -- rather "Be yourself." Bring news or items of interest into the conversation, all in a way to show you care.
