Wanda's Corner

by Wanda Hallmark

There have been plenty of smiles lately, since this area has been blessed with the wonderful rain. This beneficial rain, slow and steady, is what this area was in need of. Water tanks on the local farms will have water, the lawns in town will be soaked and water will go into Lake Cisco.

Heard one report that it has been several years since this area has had this kind of rain.

South of town, Cisco received 3-8/10" by 9:30 a.m. Friday. Another report southwest of Cisco said 4" of rain had fallen. The report at Lake Cisco was 3 1/2" of rainfall, by Thursday afternoon.

Several people have complained about the cold, but there have not been too many complaints about the rain.

Heard that one person said they wished the rain would stop and somebody told them to be quiet, too many people have been praying for this rain.

before and she is so proud to have this type of college in Cisco.

Mozelle Phillips, with Thornton Feed Mill, reported that while watching the television show, "Press Your Luck" last Monday, a poem was read at the end of the show, that was sent in by the Taylor's of Cisco, Texas. The Taylor's also made a stuffed whammy and sent it to the show.

She was wanting to know who these Taylor's of Cisco are. If anyone knows, please call The Press, at 442-2244.

Janelle Schrader reported that the Holy Rosary Catholic Church, 12th and Ave. F. will have their Taco Dinner on Saturday, March 4, from 5-7:30 p.m. Everyone needs to mark their calendar.

The following was in the First Christian Church newsletter last week. Pastor Allen Gray said he thought this was appropriate at this time of year. It read:

"Death and Taxes."
Tax his cow, tax his goat,
Tax his pants, tax his coat,
Tax his crops, tax his work,
Tax his tie, tax his shirt,
Tax his chews, tax his smoke,
Tax his taxes are no joke,
Tax his tractor, tax his mule,
Tax his taxes area rule,
Tax his oil, tax his gas,
Tax his notes, tax his cash;
Tax him good, and let him know--
After taxes he has no dough.
If he hollers, tax him more;
Tax him 'til he's good and sore.
Tax his coffin, tax his grave,
Tax the sod in which he lays.
Put these words upon his tomb:
"Taxes drove me to my doom."
And after he's gone he can't relax.
They'll still be after INHERITANCE TAX!

There will be a practice high school boys basketball game, at the Cisco Junior College gym at 7:30 p.m., Tuesday, February 21. Aspermont will play Hico. This will be Aspermont's practice game before their bi-district game.

Aspermont won district, and they are coached by former Cisco Lobo coach, Bryan McCullough.

The Press received the following letter last week. It said:

As a former Cisco resident, I have an avid interest in happenings in Cisco and surrounding area. A good neighbor has been passing her paper on to me. I have enjoyed my little visits home via her paper each week. I am taking advantage of your half price offer and am enclosing my check. Keep up the good work.

CJC To Present Sixteenth Annual "Nostalgia Night"

The Cisco Junior College Stage Band, under the direction of Tim Jones, will present the sixteenth annual Nostalgia Night performances on Friday, February 24, and Saturday, February 25, 1989. The programs will take place in the "Corral Room" of the old Victor Hotel, and will begin with dinner at 7:00 p.m.

"NOSTALGIA NIGHT" music by the stage band will consist of 40's and 50's listening and show tunes. The 7:00 dinner will be followed by 30-40 minutes of listening/dancing music, which will then be followed by dessert and coffee. After a short intermission, the band will return to the stage to present a floor show featuring vocal and instrumental solos, familiar medleys, and three select

routines by the CJC Wrangler Belles. The belles are directed by Nicki Harle.

The menu will consist of pineapple glazed ham, candied yams, winter blend vegetables, fresh fruit salad, homemade dinner rolls, cherry pie, ice tea and coffee.

Group and individual table seating is available on a first come, first serve basis, and those planning to attend either night should make their reservations as early as possible.

Tickets are still only \$9 per person, and seating preference is by date of reservations. Reservations for each night may be made by calling Pat Dill at the Cisco Junior College switchboard. The telephone number 817/442-2567.

Nimrod 4-H Club Meets

Monday, Feb. 6, the Nimrod 4-H Willing Workers held their monthly meeting.

This month's meeting was just a little different than usual. This meeting was a surprise birthday party for Nimrod's 4-H President, Leslie Allen. There were food and games to accom-

pany the party.

The Cisco Lobo annual staff took pictures of the club's members to be entered into the annual. This will be the first time that the club's picture will be a part of the annual.

Cisco Civic League Donates \$1,000.00 To Public Library

The Cisco Civic League presented a check for \$1,000 to the Cisco Public Library Monday afternoon. The Cisco Civic Club has donated money each year for some worthy cause in Cisco. They

gave the money to build the handicap ramps in downtown Cisco one year. Arlene Fry, club president said the money is made each year from the Cisco Folklife Festival. She said they

always spend the money made from the festival here in Cisco. Mary Bob Leveridge, librarian, said they will use the money to buy educational materials for the library.

Chamber Directors Meet Wed.

The Cisco Chamber of Commerce met at its regular monthly meeting, Wednesday at Tradition's Restaurant. All members of the board were present. Emma Watts, president, presided over the meeting.

The 1989 budget was the topic of discussion for the day. It was decided that the chamber would host a membership drive to meet

the budget requirements of 1989. The date of the drive will be set later.

The Chamber is dedicated to supporting the efforts to bring a state prison to Eastland County which will provide the biggest economic boom to the county since the oil boom days and to support the local industrial and business development efforts.

The Chamber is busy with their usual activities that they provide for the community such as the annual banquet, quarterly breakfasts, fireworks and Little Miss Cisco contest, Folklife Festival parade, Christmas in May, Treasure Hunt, Craze Daze, sidewalk sales and Christmas parade.

The Cisco Chamber of Commerce would like to thank everyone for their past support which made all of the above activities possible and request that everyone get behind the Chamber so they have a banner year in 1989.

CJC Has Record Enrollment

The Board of Regents learned at their regular board meeting on February 13 that CJC had an all time high enrollment of 2015. This is a 14% increase over the Spring of 1988. Olin Odom, CJC Dean of Admissions and Registrar, noted that this was the first time the 2000 students barrier had been broken.

Ken Hammes, Chairman of the Self Study Steering Committee, reported on Planning for Institutional Effectiveness at CJC. This report was given in preparation for the Southern Association of Colleges and Schools reaffirmation committee visit on March 13-16. Roger C. Schustereit, CJC President, praised the work on the self-study by the steering committee and all of those who worked so hard to prepare for the visit.

John Alden Life Insurance Company and National Western Life Insurance Company were approved as tax sheltered annuity and ORP carriers at CJC.

The Board also heard a report on the Band & Belle trip to Washington, D.C. in May; a TASP Test report; a report on pipeline right-of-way; a report on transportation and the college duplex; and other routine business.

The next meeting of the board will be March 9.

Scout Troop To Have Supper

Cisco Boy Scout Troop 287 will have a Chili and Soup Supper on Saturday, February 25. The supper will be held in the American Legion Hall, located at 5th Street and Avenue E. They will serve some of the best tasting chili and soup between the hours of 11 a.m. till 6 p.m.

Donations will be accepted in place of an admission price. Bruce Watson, scout master, said all proceeds will be used to help buy camping equipment and to help defray the expense of camping out. Assistant scout leaders for the troop are Royce Ingram, Robert McCurry and Amanda Hoffman. The American Legion members are the sponsors for the scout troop.

The food will be served by the boy scout members of troop 287. Everyone is encouraged to attend the dinner and help support the Cisco Boy Scouts.

Administrative contracts were renewed for Schustereit, President; John Muller, Dean of Students; Olin Odom, Dean of Admissions and Registrar; Clois Purvis, Dean of Instruction; Carroll Scott, Vice President of Student Services; Bobby Smith, Dean of Fiscal Services; and Emma Watts, Executive Assistant.

The Leave of Absence for Marvin Payne was extended for one year. Payne is a chemistry instructor who is working to complete his doctorate degree.

Approval was given to apply for Federal funds under the Title III program and to hire a consultant to help with the application preparation.

Cisco Little League To Meet Monday To Choose Coaches

The Cisco Little League will meet at 7 p.m., Monday, February 20, in the Olney Savings meeting room.

Everyone is invited, especially those interested in coaching a little league team, managing a team, or who would like to sponsor a team.

Senior Class To Present Play

The Cisco High School senior class of 1989, will present their play, "Squad Room," at 7:00 p.m., Friday, February 24, in the high school auditorium.

There are 29 seniors in the cast of the play, which is a comedy about police work. The play is similar to TV shows, Hill Street Blues, Miami Vice, and Barney Miller, according to Lou Jane Davis, senior play sponsor. She said there is a mad bomber, a lunatic, and a person who loves to confess to every crime, even though she did not do them.

Candidates May File Names For Places On Ballot

Monday, February 20, 1989, will be the first day candidates may file to have their name placed on the ballot for the May 6, 1989, City General Election for the positions of Mayor, Council Place I, or Council Place II. Anyone wishing to file may do so at the office of the City Secretary at City Hall during normal working hours. Candidates may file through May 22, 1989.

Mobile Cancer Detection Unit To Be At Graham Feb. 28

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a Mobile Breast Cancer Detection Unit will be made available to local women on February 28, 1989.

The mobile unit will be parked at E.L. Graham Memorial Hospital. Appointments may be made by calling (817)442-3951. For more information you may call the Regional Breast Care Center at Women's & Children's Hospital at (915)334-8888 or (915)561-9999.

According to the American Cancer Society, one out of every 10 women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa "the death rate from breast cancer can be drastically reduced if women would have mammograms done before a problem exists". By using modern state of the art X-ray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

Election To Be Held For Mayor-Two Council Seats

The Cisco City Council met for their regular meeting on Tuesday, at the city hall and approved a resolution for a general election to be held for the election of Mayor, a three year term, which is presently being held by Joe Wheatley, and council seats, I and II, three year terms, which are held by Allen Masters and Arlie Whitley. The city election will be held on Saturday, May 6, 1989.

M.L. Bailey will be the election judge and Margaret Torres will be the alternate election judge. Ginger Johnson was approved as the absentee voting clerk and Maryann Perry as the deputy absentee voting clerk for the election.

and will soon have litigations against some of these businesses. Wheatley suggested that Mr. Knight keep watching for future lists and he will see some of these businesses on them.

Mike Moore, city manager said the main reason for these lists is to make Cisco more beautiful. He said these homes that are on the lists make an eyesore for the rest of the community who are trying to keep their property clean.

Ken Martin, city engineer with Jacob and Martin, Inc., spoke to the city council Tuesday. He said the city had received a letter in August from the Texas Water Commission asking the city of Cisco to re-evaluate the structure of Williamson Dam. But Martin said the cost of the study would be from \$69,000 to \$200,000.

Martin suggested that the city meet with the water commission and see if there could be other alternatives. He said Cisco would probably want to spend that money on their search for more water.

He suggested setting up a monitoring program on the dam and bridge to see if there is any movement in a 6 month, one year or two year period.

Martin said the water commission wants the city to realize there might be trouble with the dam, if there is a large amount of water coming in. He the dam could be lifting up, as in the case with the Possum Kingdom dam. He said Possum Kingdom has had to spend \$13 million and they are not through with the repairs yet.

City Manager Moore told council members that the city has put up barricades on the dam to prevent any traffic going across the dam bridge.

Council members approved an easement for Rex Fields for a water line to be located along the eastern boundary of Lake Cisco Park. Mr. Fields is building a new home in that location.

Council members attending the meeting were John Muller, Rural Chambers, Verneeta Pierce, Olin Odom, III, Arlie Whitley and Allen Masters. City Secretary Ginger Johnson, City manager Mike Moore, and Mayor Joe Wheatley were also in attendance.

It was brought out in the meeting that Mr. Bailey told Mayor Wheatley that Ginger Johnson made the job very easy, by having all the paper work ready and that's why he would agree to be the election judge again this year.

Candidates for the three offices may file applications to be placed on the ballot on Monday, February 20, March 22, will be the last day for the candidates to file.

During a public hearing held during the meeting, council members approved a motion to condemn all properties that were listed in a recent resolution, except for one that belongs to Jim Webb of Cisco. That structure is located at 1211 West 10th.

Mayor Joe Wheatley said Mr. Webb had been in touch with him and with city hall, indicating that he will work on the property until it meets city's ordinances.

Mayor Wheatley said out of the 10 structures that were listed in the resolution, the city has not heard from eight of the owners.

Jim Knight, who has also had property listed on the resolution, on the North West corner of West 20th and Ave. F, attended the meeting. Knight told council members that he has been working on the property, and Mayor Wheatley said he has noticed the work being done on the home.

Mr. Knight said he agrees with the city passing the resolution declaring certain homes as being dangerous, but he suggested that the council work just as heavily on commercial properties.

Mayor Wheatley said the city is aware of this problem

and will soon have litigations against some of these businesses. Wheatley suggested that Mr. Knight keep watching for future lists and he will see some of these businesses on them.

Mike Moore, city manager said the main reason for these lists is to make Cisco more beautiful. He said these homes that are on the lists make an eyesore for the rest of the community who are trying to keep their property clean.

Wranglers Beat Weatherford; Play Here Saturday And Monday

Freshman guard Eric Brown scored 29 points, 15 on three point shots, to lead the CJC Wranglers to a 97-95 upset over the league leading Weatherford College Coyotes in Weatherford Wednesday. With the win, the Wranglers keep alive their slim playoff hopes. With wins in all their remaining four conference games, they can finish conference play with a 7-7 record and possibly win the fourth play-off spot. Weatherford dropped to 8-3 in conference play with the loss.

Cisco jumped out to an early lead and, despite 17 turnovers, held a 52-42 lead at halftime. The

Coyotes cut gradually into the lead, and led for the first time, 84-83, with just over five minutes remaining. Brown immediately hit one of his three pointers, however, to regain the lead, and the Wranglers were able to hold on. Three other Cisco players scored in double figures. Ronald Ateman had 19, while Mark Chambers and Lewis Hicks added 15 and 10 respectively. Chambers was the rebound leader with 10.

The Wranglers are at home tonight (Saturday) against Southwest Christian, and will also play at home Monday night against TSTI in a makeup game. Game time is 8 p.m.

Little Hoopsters To Have Free Admission To CJC Games Feb. 18

The Cisco Junior College Wranglers and Lady Wranglers basketball teams will have a "Cisco Little Hoopster Night" on Saturday, February 18, when they play against Southwest Christian.

Any Cisco Little Hoopster basketball player who wears their team shirt to the CJC

games Saturday will be admitted free!

The Lady Wranglers are scheduled to begin at 6 p.m., and the men's game will begin at 8 p.m.

Ronnie Hearne, head coach of the Lady Wranglers, invited everyone to watch the CJC Wranglers and Lady Wranglers play Saturday, in the CJC gym.

Sunday morning the residents were led in Bible study by the Church of Christ. Afternoon church services were held as follows: Cecil Deadman, East Cisco Baptist Church; Jim Manning, First Baptist Church; Al Gary Pettigrew, First Nazarene; Ronnie Shackelford, Calvary Baptist; and Dean Williams, Assembly of God.

The monthly birthday party was hosted by the Pleasant Hill Club. The residents enjoyed cake and ice cream. Birthday honorees were Lola Schaefer, Gracie Hamilton, Henry Rice and Clyde Custer.

Along with daily activities the residents were privileged to listen to special singing by Brian Evans of Abilene. Brian is a freshman at Cisco Junior College, studying voice and music. I'm sure Brian will go far.

We welcome our new residents Lee and Lula Lieske, Mabel House, Effie Lee, Sylvia Howard, Nora Hubbard, Albert Cline and Lena Dobbins. We will do our best to make them feel at home as much as possible.

Monday, Jan. 30th, was Western Day at the nursing

home. Many of the staff came dressed in their western outfits. Thanks to the staff for your participation.

Thanks to all of you, taking time to care. Bible Verse of the Month ... God saw the light, that it was good; and God divided

Folklife Festival Is Not Far Away

Members of the Cisco Civic League met on Thursday, February 9, in the Community Room of the First National Bank, with the main topic of discussion for the meeting centered on the Folklife Festival.

Arlene Fry, told the group the Festival time is going to be here sooner that what they think and it was the feeling of all that they want it to be bigger than ever.

The hostess for the meeting carried out the Valentine theme in decorations and refreshments, making a very festive atmosphere for the group.

During the business meeting a motion was made that the Cisco Civic League donate \$1,000.00 to the Cisco Public Library. The motion carried as all members are interested in Cisco and what the library means to the town.

It was reported that reservations for booths in the Folklife Festival are coming in and this gave a shot in the arm to all the club member.

The club wants all the town people to start thinking about April 22-23 for their plans to have a big weekend for Cisco.

CAN WE TOUR YOUR FUNERAL HOME?
As professionals dealing with death and bereavement, we funeral directors feel a close kinship with the clergy. We work closely with them before, during and after the funeral service.

It is for this reason we extend an invitation to members of the clergy in the area to visit with us, view our facilities, and become better acquainted with our funeral home, our staff and directors. It also becomes an opportunity to discuss how we can serve more appropriately your congregations from a religious viewpoint.

This invitation is also extended without reservation to all others whose professional or personal interests would be served or benefitted by our "open house" visit. Please phone in advance so we can personally spend this time with you.

Rains Top Three Inches

Everything in Eastland County was pretty soggy at the weekend after some four days of drizzle that left more than three inches of rain for most areas.

Official Weather Observer Ron Bailey reports from a weather station on the west side of Eastland and he had recorded 3.12 inches through

Friday morning.

Everything appeared to be thoroughly soaked but it'll undoubtedly take some hard rain to amount to good run off into the lakes.

to make the list?

The County Resources Association voted to meet on a quarterly rather than monthly basis in the future. Meetings will continue to be held at Eastland Centennial Memorial Library, and the public is encouraged to attend. The next meeting will be on Wednesday, May 17 at 12 noon at the Library. Memberships are open with members contributing \$10 monthly to the organization. Critical needs for food, clothing, shelter, etc. are addressed.

Lake Leon Water Plant Supt. Jesse White reported that Leon is some four feet, ten inches down, and hasn't received any run-in yet. Predicted continued rain could change that situation.

Temperatures so far have remained above the freezing point (getting to 34° early Friday morning), but continued fronts are anticipated, so there still could be icing in the future.

Most points in the county reported the same type of general drizzle for the four days.

No one was heard complaining of the damp, cool, seasonal February weather.

Nutrition Program

The Senior Centers in Cisco, Eastland, and Rising Star are sponsored by the Cisco Junior College. Eastland is co-sponsored by the City of Eastland. Participants in the program must be at least 60 years of age or the spouse of one that age. In addition to the regular activities in the center, a hot nutritious meal is served Monday, Wednesday and Friday in Cisco and Eastland and Mondays only in Rising Star. Call the center and make reservations for the noon meal; Cisco, 442-2263; Eastland, 629-1382; Rising Star, 643-5141.

The AARP Tax Aid Volunteer counselors are at the Center Monday and Wednesday from 10 a.m. to 2 p.m. Call the Cisco Center and make appointments for your tax assistance.

Cisco programs for the week were: birthday celebration for Dolly Cooper, Valentine party, dinner

music by Bryan Evans, Richard Parker, Lois Holder, Senior Center Band and Choir. AARP held their regular meeting and covered dish dinner. Program by Jasper Cook.

Eastland programs for the week were: dinner music by LaRue Broussard, Nutrition program by Janet Thomas, Extension Agent.

Menus for the coming week:

Monday- Luncheon steak, rice, spinach, sliced pears, cinnamon crispies, bread,

butter and milk.
Wednesday- Oven fried chicken, macaroni and cheese, carrot coleslaw, green beans, pineapple tid-

bits, bread, butter and milk.
Friday- Beef pattie, pinto beans, apple, carrot, celery salad, banana pudding, bread and milk.

Resources Association Booklet Is Complete

The Eastland County Resources Association has a good meeting Wednesday, Feb. 15. President David Bondurant showed the group the new booklet listing Churches and various agencies which assist people in the county.

Information from this booklet will be published in the Eastland County Newspapers, so that persons with special problems will know where to find assistance.

Anyone who has a group or agency which offers help to the community but was not listed in the booklet is encouraged to call Pastor David Bondurant at the First Christian Church in Eastland. Your agency can be added to the list.

At the meeting reports were heard from various individuals and organizations. Peggy Roberts, Director of the Multipurpose Center, said that shoes and clothing is needed in the clothes closet at this time. The Food Pantry could use nearly anything except green beans and corn - of which they have a plentiful supply. Staples such as dry beans, rice, crackers etc. are always useful.

For Classified Ads Call 629-1707.

If you have any time to spare, the Literary Program could use some more tutors. Please contact Corrie Cowley at 629-1813 if you wish to take part in this rewarding project.

Margaret Corbell reported to the Resources Association group that around 1,000 packets of vegetables and flower seed had arrived from the "America The Beautiful" organization in Washington, D.C. This group is promoting a grass-roots program to raise more food, and - especially this year - beautify the towns of America with flowers.

The free seed are now at Eastland Centennial Memorial Library for distribution. Mrs. Corbell said. This year the group giving the seed is not specifying that they only be used to feed people with low or fixed incomes. Anyone who wants to plant the vegetables and share some of them is invited to come and pick up seed. The flower seed are available to Churches, Clubs and homes for beautification.

Mrs. Corbell said letter from "America The Beautiful" stated that the group will recognize 100 towns in the United States this year for their work with food growing and beautification. Wouldn't it be great for Eastland County

THANK YOU

We would like to extend our thanks to all our friends and neighbors for all kindness. Prayers, food, flowers, cards and memorials sent to us during the time of the death of our loved one Alice Boggs Courtney. May God richly bless each of you.

The children of Jake Courtney

On Friday, February 10, 1989, the coastal field in front of our houses caught on fire. Without the Olden, Ranger and Eastland Fire Departments and all the volunteers we could have lost everything if their response hadn't been so prompt. We would like to thank these departments and all the people that helped put the fire out as quickly as they did.

Fishing Outdoors

By Terry L. Wilson

The Fisherman's Friend "Fish Formula"

Fish scents today can be found in every color, solids, liquids, concentrates, and fancy bottle. But one product that remains at the fingertip of the anglers who fish on the competitive level, is "Fish Formula". Developed by David Bethshears, a Tennessee Pharmacist this bottle of wonder potion has turned countless fishing trips into fish catching trips.

During my short 10 yrs. of fishing the addition of "Fish Formula" as part of my necessary arsenal has probably added more than any one piece of equipment. Easily applied in seconds to any type lure and really quite inexpensive when compared to the results.

There are two main reasons I feel for the use of "Fish Formula". First as humans we tend to allow many things to come in contact with our hands: Gasoline, oils, tobacco, or clothes (laundry detergent) etc. Then we handle our baits thus passing the substances to the direct link to the fish.

Regular squirts from your Fish Formula will override these negative odors with an added bonus of attractant according to scent (Crayfish, Shad, Game Fish). One area of negative scents often overlooked is your line, especially the first foot. Tying your knots anglers do leave a residue in this area. Simply apply your favorite scent here and hold on.

As I mentioned earlier, I had two main reasons for applying "Fish Formula." The attractant ability is probably what most anglers are looking for when spraying. Well they can certainly see it now days in "Sparkle Scale" attractant now being added to "Fish Formula" scents. Imitating the natural scale loss of forage due to injury and attempted escape.

There is probably no other phase of angling that can be improved on by the use of "Fish Formula" than "the spawn". Actually I prefer to break the actual spawn down into two phases of "dry runs" when the fish move in and out a number of times. And the actual spawn when the fish

are on the beds, whether it be the male or females. During these two times the extra edge given by scents are invaluable to the edgeners of the fish in anticipation of the spawning ritual.

And call it fate, but while writing this piece, a saltwater angler friend called in to say thanks for the "shrimp" scent of Fish Formula I sent to him to try. An outing last weekend in search of Specks resulted in 9 fish in the 6 to 7 1/2 pound range. But only after taking their live shrimp and applying "Fish Formula". This fast action was taking place near Pelican Island.

The Eastland County Bass Club recently held its February tournament on Lake Stamford. 19 members competed in some less than comfortable weather conditions. Anglers reported fishing to be tough with only 3 fish being caught. And only two of these were tournament legal length of 14 1/2 inches. The final results were, first place Butch Willingham of Cisco 1 fish 3.62 pounds. Second place Rick Glenn of Albany 1 fish 1.67 pounds. First place and big bass combined paid a hefty \$195.00. Not bad days wages for having some fun. And speaking of fun why not make plans now to attend the March 2, 1989 E.C.B.C. meeting at the Eastland National Bank Bldg. Entertainment chairpersons Tommy Maynard and Ron McCull-

ough have promised some educational material for your viewing pleasure. You say you're not a member, why put it off any longer. Who knows you might be next months tournament winner and take home a bundle. Second and third place winners are also awarded cash awards.

Unofficial but soon to be confirmed, the first Ranger Jaycees Open Bass Tournament. Location Lake Leon, entry \$25.00, 5 money prizes, 1st \$1,000.00, 30 more prizes to be awarded, all based on 200 paid entrants. All unofficial for now, but it looks promising. Till next east, remember the say "Don't Drink and Drive" applies to your boat too.

POEM

Leaving

If you should go and I remain
For trials and troubles to be won
One thing stands out very clear
The two of us are as one.

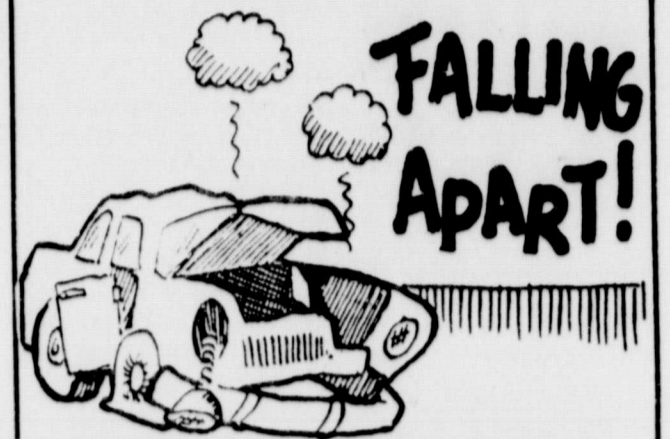

As down life's lone high-ways
Each of us wounding have trod.
The one we have helped today
Will seem to ease the weary miles.

And if I should go and you remain
I'll stop and rest a little while
And we'll soon meet again
Just beyond the evening star.

And if you should go and I remain
For victory to be won
The great victory we can hear
Is the Lord to say well done.

Senior Citizens Hear About Hoos-Gow

Dr. Charles Barnes, project HOOS-GOW coordinator for the Eastland County Economic Development Council spoke to Rising Star Senior citizens on Thursday the 16th and to Cisco Seniors on Friday the 17th. Both addresses were given during the noon luncheons on those days.

HOOS-GOW is the project to have a permanent state prison located in Eastland County. The location will be of major economic benefit to the area with the largest monthly payroll in the county and would be one of about eight prisons to be built somewhere in the state this year.

Barnes discussed the security of the prison and any misunderstandings that may have developed about escapes or anything that the people would like to talk about. A TV film was shown of a modern model prison.

Alter meeting with the commissioners Monday, February 13, 1989, Mr. Norman Christian agreed that the Staff Road was in need of his attention - in fact he has already done some work on the causeway, and stated his intentions for further work, which includes installing guard rails and raising the level of the road in that area.

We do understand that money is always a problem, however it is hard to understand way it wouldn't be more economical to complete one job before pulling all equipment and men off of one location and going to another and then having to come back. However we do hope they return to the Staff Road and complete the causeway soon. We promise you the rest of the story with pictures before and after as soon as our commissioner finishes what he has agreed.

WORD of GOD

Either what woman having ten pieces of silver, if she lose one piece, doth not light a candle, and sweep the house, and seek diligently till she find it?

And when she hath found it, she calleth her friends and her neighbors together, saying, Rejoice with me; for I have found the piece which I had lost.

Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.

BIG "S" ROOFING CO.

501 S. Ostrom
Eastland, TX 76448
Phone: 629-2851

Friends,

We'd like to take this opportunity to say THANK YOU for a great year, and we look forward to servicing your roofing needs in the coming months. BIG "S" ROOFING specializes in commercial roofing applications, including Standing-seam metal roofs, Single-ply rubber and modified bitumen materials, and Built-up asphalt recovery systems (tar & gravel).

Sam Williams (owner Big "S" Roofing) attended elementary and high school in Eastland and has worked in this area for at least 10 years. We have completed such jobs as the 96th Strategic Hospital on base at Dyess Air Force Base, Southwest Savings in Abilene, 4 Taco Bell Restaurants in Abilene, Jack Hubbs Cisco Junior College, Higginbothams in Eastland, and Greers Dept. store in Eastland.

We have acquired some of the most modern equipment available to the roofing industry. Among this equipment are included, a pumping kettle with pumps hot asphalt directly to the roof top, minimizing risk of personal injury or damage to buildings as a result of spilled asphalt, open-chain moppers which insure uniform asphalt application between roof membranes, gravel spreaders which insure proper adhesion of roofing aggregates, gasoline powered roof sweeper, and gasoline powered spudding machine (for removing old gravel). All these items make for a safer, more efficient work place for our employees, and above all, they insure good uniform application of all roofing components.

Big "S" Roofing issues a written warranty on every job, and we are specific about what our warranty does and does not cover.

If you're tired of second guessing about which roofing company to call when you're roof needs service, if you're frustrated with trying to get another roofing company to make good on their warranty, why not call Big "S" Roofing the next time you have roofing needs. We offer free estimates, no obligation roof inspections, and prompt dependable service.

At Big "S" Roofing we have a commitment to honesty in business and quality in workmanship. We want your business and we'll go that extra mile to earn it.

Sincerely,
Sam D. Williams

Overcrowding Continues

COLLEGE STATION—Despite the construction of new jails throughout Texas, overcrowding continues to be a major problem, said the executive director of the Texas Commission on Jail Standards.

Jack Crump, speaking at the annual County Judges and Commissioners' Conference here Jan. 26, said that cur-

rently 32 new jails are under construction and another 50 are being planned.

"Counties have spent a billion dollars on jail construction during the past 10 to 12 years," he said. "And another \$254 million will be spent on jails currently being planned."

"The total bunk capacity in our jails today stands at

30,000 while our daily inmate population is 31,500," Crump said. "That's 106 percent of capacity."

With the new construction, bunk capacity should be at about 36,250 by 1990, 43,000 by 1991 and 45,000 by 1992, Crump said.

Texas' jail population has grown consistently since 1983, he said. "Today we are

locking up 1.8 individuals per 1,000 population. Five years ago, that number was less than one per 1,000. In 1983 we had a bunk capacity of 19,000 and a jail population of 14,500—or 76 percent of capacity."

Why is the jail population continuing to increase?

Crump said that changes in laws, such as jail sentences for DWI convictions, have added to the jail load along with a more fluid population and better law enforcement.

The official said that certification of jails as complying to state standards continues to be a problem along with

overcrowding.

Crump said that privatization—jails operated by private firms—is here and will continue to increase. "A private firm is already operating in Reeves County, and jails in Bexar and Zavala counties will be operated by private concerns. Privatization is permissible by the civil statutes and we are going to see more of it," he said.

The annual conference hosted by the Texas Agricultural Extension Service attracted more than 750 county judges and commissioners from across the state.

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Railroad Commission Levies

\$14,000 in Well Plugging Penalties

The Railroad Commission assessed a total of \$14,000 in well plugging penalties Monday to seven oil and gas operators for problems under Commission well plugging rules.

The penalties included \$6,000 to Laird Oil Co. of

Sour Lake for one inactive and unplugged well each on the Dornak, Lula Hebert Heirs, and Waters S. Davis leases, Hardin County; \$3,000 to Malone Oil and Gas Corp. of League City for a well on the Pollard lease, Brazoria County; \$3,000 to Edd Wittie Enterprises, Inc. of Abilene

for a well on the Homer Sims lease, Eastland County; and \$400 to Austex Energy Co. Inc. of Fort Worth for one well each on the W.M. Stemmmons and Curtis Stemmmons leases, Palo Pinto County.

Argyle Energy Co. of Houston was penalized \$1,000 for an unplugged well on the Kincaid lease, Frio County. However, the Commission order indicated the penalty would be reduced to zero if the well was plugged within 30 days.

One operator agreed to pay a penalty without admitting any violation of Commission rules. Dallas Operating Co. of Dallas agreed to pay a \$500 penalty for an unplugged well on the Brady lease on Wood County.

To date in 1989, the Commission has levied more than \$187,000 in pollution and well plugging penalties. Last year, the Commission assessed some \$951,000 in such penalties.

★ RJC "A Winning Tradition" ★

RANGER
Ranger, Texas derived its name from just what is implied, the Texas Rangers. It grew from a Ranger camp and was referred to by the early settlers as Ranger Valley. In the years following the Civil War, Ranger Valley was the gateway to the continued western expansion and after the railroad came in the 1860's, the cattle town known as Ranger, Texas, was established. Ranger remained a small cattle town until 1917 when the oil boom exploded, and it was suddenly a very important center of the oil industry with a population of about 30,000 people. The oil boom days have long passed, and Ranger has settled down to become a small unspoiled community where the air is clean and nature is not far away.

Ranger Junior College was established in 1926 and is one of the oldest continuously operated junior colleges in the state of Texas. Ranger Junior College occupies a 50-acre campus within the city limits of Ranger in Eastland County and located just north of Interstate 20 between Fort Worth and Abilene. RJC offers you a personal educational experience. Most classes are small and are taught in an informal atmosphere which provides for a special relationship between you and our faculty. Fully accredited by state and national agencies, Ranger Junior College has established itself as an institution of the highest standards. You will find excellence in both academic and vocational-technical departments.

The most important thing on the Ranger Junior College campus is the people you find there. As you walk across the grounds, students and faculty alike always have a wave and a hello handy, and it seems that everybody knows everybody's name. Endowed with this friendly atmosphere, RJC not only prepares you with a rewarding educational experience, but gives you an enriched experience through personal contact with people who will remain in fond memories for life.

RANGER JUNIOR COLLEGE
Ranger Junior College offers vocational programs in Automotive Technology, Computer Systems Technology, Cosmetology, Vocational Nursing, Office Occupations, and Welding Technology.

Admission to these programs is based on High School Graduation, College Transfer, General Education Development Test, or Individual Approval.

Ranger Junior College is an equal opportunity/affirmative action educational institution and employer.

Students, faculty and staff members are selected without regard to their race, color, age, handicap, sex, or national origin, consistent with the Assurance of Compliance with Title VI of the Civil Rights Act of 1964, Executive Order 11246 as issued and amended, and Title IX of the Education Amendment of 1972, as amended. Inquiries concerning application of Title IX may be referred to the president.

Ranger Junior College was chartered in 1925 as a small liberal arts college. Since that time RJC has maintained an excellent liberal arts program and has expanded into the Vocational-Technical area. Knowing the value of learning, practical usable skills, training is available in the following Vocational-Technical areas: Automotive Technology; Computer Systems Technology; Cosmetology; Nursing; Office Occupations; and Welding Technology. Successful completion of one of these programs will aid the student in seeking employment.

But why choose Ranger Junior College?

1. It is fully accredited and approved by:
- Association of Texas Colleges and Universities.
- Texas Higher Education Coordinating Board
- Southern Association of Colleges and Schools
- Texas Education Agency.
- Small classes
- Individualized instruction
- Modern equipment
- Instructors qualified by education and experience
- Staff and faculty interested in helping you reach your highest potential
- Cost of attending is among the lowest of any college

ADMISSION REQUIREMENTS
Applications for admission must be addressed to the office of the Registrar. Students may be admitted to RJC by any one of the following methods:

1. High School Graduation
2. College Transfer
3. General Educational Development Test
4. Individual Approval

FINANCIAL AID
Ranger Junior College has an extensive assistance program to offer students who qualify. Financial aid is awarded on the basis of need in the form of scholarships, loans, grants-in-aid, and work opportunities. To substantiate a student's request for assistance, the parents of that student are required to file a Financial Aid Application. These forms are available from the Financial Aid Office.

If you are considering an academic degree, then

Ranger Junior College is a good place to start. Through the Academic Division, you will be able to enroll in a wide range of courses that you might take during the first two years at a four-year college or university.

In accordance with the standards of the Association of Texas Colleges, senior colleges and universities will accept sixty-six academic hours from junior/community colleges.

An Associate in Arts, Science, or Applied Science degree will be conferred by RJC after a student has met the requirements:

ASSOCIATE IN ARTS DEGREE

- English- 12 semester hours
- American History- 6 semester hours
- Federal and State Government- 6 semester hours
- Laboratory Science- 8 semester hours

Ranger Junior College Does Not Discriminate On The Basis Of Race, Color, National Origin, Sex, Age, Or Handicap In Its Educational Programs, Activities, Or Employment.

AUTOMOTIVE TECHNOLOGY

The Automotive Technology program at Ranger Junior College is unique in many ways. The curriculum of study has been designed to meet the needs of any student who wants to enter the field of automotive repair or for students who are interested in updating skills already acquired. There is a one year program for the student who wants to enter the automotive repair field quickly. Upon graduation from the one-year program the student will receive a Certificate of Completion and will be qualified to perform many repair functions on a wide variety of automobiles makes and models.

The two-year program provides the student with an in-depth study of the mechanical, electrical, and hydraulic systems of the automobile. A student who has successfully completed this program will be qualified to diagnose malfunctions and perform necessary repairs to these systems and related components.

COMPUTER SYSTEM TECHNOLOGY

Do you want to be a part of one of the fastest growing technological fields in the United States today? Consider Computers!

Ranger Junior College offers a two year program in Micro/Mini Computer System Technology. Upon successful completion of the program, an Associate of Applied Science Degree is awarded. This program prepares an individual to seek employment in such career areas as a system programmer, computer operator, data entry operator, or a keypunch operator.

COSMETOLOGY

"Hair has been a center of attention since people first began to care about their appearance. Throughout history, a great deal of effort has gone into acquiring a fashionable hairstyle or a perfectly trimmed beard. Although styles change from year to year, the cosmetologist's task remains the same--to help people look attractive." This statement from the Occupational Outlook Handbook sums up the reason for cosmetology training.

Ranger Junior College offers programs of various lengths for the training of operators, instructors, manicurists, facial specialists, and shampoo and conditioning specialists. Graduates who successfully complete the program may take the examinations administered by the Texas Cosmetology Commission. Those passing these examinations are licensed to

perform their specialty in the state of Texas.

The outlook for employment opportunities remains excellent and trends indicate that this pattern will remain through the mid-1990's. Population growth, the rising number of working women, and the increasing number of men who go to unisex shops or beauty salons for hairstyling are some of the reasons for this outlook. About one-half of all cosmetologists own their own businesses but opportunities to work in large salons in shopping centers and malls is also growing. Many cosmetologists work part-time to combine their job with family, school, and other responsibilities.

Persons desiring to enroll in the program may apply for admission by contacting the Dean of Instruction, Ranger Junior College, or the Director of the School of Cosmetology in Brownwood.

SECRETARIAL PROGRAM

Where will you be twelve months from now? How would you like to join an occupation that has three and a half million employees?

Now is the time to make one of the most important decisions of your life. Do you want to spend the rest of your life in a dull, low-paying job? would you rather train for an exciting career in the business world?

If business is your interest, plan to enter Ranger Junior College. Take a look at what we have to offer.

A special one year general clerical course or a secretarial program designed for those who want to go to work as soon as possible but want to provide themselves with basic preparation for entry into the accounting, general business, clerical, or secretarial fields. Upon successfully satisfying the requirements of this program, the student is awarded a Certificate of Completion.

A two-year Secretarial program is designed to enable graduates to assume more responsible positions in business or maybe even transfer to a four-year college for a major in Office Administration. Students satisfactorily completing this curriculum will receive the Associate of Applied Science Degree.

With the electives available on any of these programs, a student can prepare for a wide range of possibilities for employment. Join the business world. Start at RJC.

VOCATIONAL NURSING

Ranger Junior College offers a program for the training of vocational nurses in cooperation with the Texas Higher Education Coordinating Board and the Texas State Board of Vocational Nurse Examiners.

The program is available in Brownwood or Graham.

The total cost of the program is approximately \$975, including tuition, books, uniforms, shoes, watch, stethoscope, insurance, and miscellaneous supplies. Financial aid is available to qualified applicants.

Upon satisfactory completion of the program, the student will be awarded a Certification of Completion which entitles the student to take the licensing examination given by the State Board of Vocational Nurse Examiners. Those passing this examination will be qualified to practice as a Licensed Vocational Nurse (LVN) in the state of Texas. Graduates are privileged to wear the school cap and pin.

Requirements: (1) High School graduate or G.E.D. (2) Minimum age: 17. (3) Physical examination within the last six months prior to enrollment. (4) Pre-entrance examination (date to be announced). (5) Application, including references.

Persons desiring to enroll in the program may apply for admission by contacting the Dean of Instruction, Ranger Junior College, or the Director of the LVN Nursing Program in Brownwood or Graham.

WELDING TECHNOLOGY

The Welding Program at Ranger Junior College involves a curriculum of study designed to provide students with a thorough working knowledge in all phases of welding.

In the welding lab, students have modern welding equipment available to work with that will allow them to translate classroom theory into practical, applicable welding skills. Individualized instruction is the basis of the welding program with professionally trained instructors available for assistance at all times.

The department has a one-year course that is designed for the student who wants to enter the field of welding as soon as possible. After completion of the two semester program, the student will receive a Certificate of Completion and have a sound foundation in the basic skills of oxy-acetylene and arc-welding.

The full two-year program is designed for the student who wants to enter the trade with the skills necessary for a more responsible position. After the completion of the two-year program of study the student will receive an Associate of Applied Science degree.

There are a number of industries in the Ranger Junior College area that have metal fabrication as an integral part of their production activities and many others require welding skills as a part of the service they perform.

Community/Junior Colleges Play A Vital Role In Texas' Economic Development

Cisco Junior College is an excellent choice for the beginning of a college and career education. Since 1940, CJC has offered quality academic and vocational programs in a small college setting at a very low cost. With a total enrollment of approximately 2,000, the Cisco campus enrollment of 900 allows personal attention to be given to the needs of the individual student. The smaller classes provided can make easier the transition from high school to college. Interested, well-qualified faculty are available for individual help.

Students find the friendly, relaxed atmosphere on campus conducive to forming long-lasting friendships with student, faculty, and staff.

Five dormitories house approximately 300 students and the cafeteria serves three meals a day, seven days a week.

Cisco Junior College Students have opportunities to fully participate in many areas of campus life. The athletic program includes intercollegiate

football, male and female basketball, golf, and rodeo. Students can participate in year-round intramural sports program which includes two Tri-College Sports Days each year.

Activities include student government, special interest clubs, band, choir, Wrangler Belle dance-drill team, student publications, annual Ranch Day activities, and Phi Theta Kappa (national honor fraternity for junior colleges).

The college also operates off-campus educational centers in nearby Clyde and Abilene.

Cisco Junior College is accredited by the Southern Association of Colleges and Schools, the Association of Texas Colleges, the Texas Education Agency, and the Coordinating Board of the Texas College and University System.

Cisco Junior College is proud to be the college at which its students take their first step towards achieving the goals of educational success, career development, personal growth, and responsible citizenship.

Cisco Junior College Celebrates Community College Month

More than five million students took credit classes at America's community colleges last year, representing 41 percent of all undergraduate students and 55 percent of all first-time freshmen in the U.S. Of these students 2015 were enrolled at Cisco Junior College in the Spring Semester.

This February, Cisco Junior College will join with more than 1200 other community, technical and junior colleges in the U.S. to celebrate National Community Month. With a theme of "Community Goes to College," the month is a celebration of past success and future achievements of community, technical and junior colleges and their students.

"More and more Americans are choosing community colleges for their educational needs," said Roger Schustereit, president of Cisco Junior College. "Our ability to provide diverse programs and specialized services makes community colleges an affordable option for

everyone. Schustereit said the role of community college has expanded in the past 50 years to keep up with the nation's changing needs. In this time, the number of community, technical and junior colleges has grown from 553 in 1937 to 1,222 in 1987.

Because we are community-based, we are responsible to meet the needs of our specific district," explained Schustereit. "Through educational partnerships with local business and industry, and elementary and high schools, we are able to keep up with the changing educational and technical demands of our residents and provide them with the education they need to succeed."

The community college's ability to respond to change and initiate programs to meet the needs of business and individuals has given the institution the opportunity to broaden its educational scope.

"We literally have something for everyone at Cisco Junior College," said

Dr. Roger Schustereit. "We offer quality programs, including associate in arts and science degrees or the first two years of a bachelor's degree, plus career education and personal enrichment classes."

Cisco Junior College programs attract a cross-section of the community. Men and women, young and old, attend classes during day and evening hours. They offer electronics technology, licensed vocational nurse and certified medical assistant, office occupations, maintenance engineering, auto mechanics, computer science, cosmetology, criminal justice, human services and child care and development. Cisco Junior College students include women returning to school after raising their families, recent high school graduates, industrial employees interested in upgrading their job skills, retired adults, and persons preparing for a second career.

For more information about Cisco Junior College call 442-2567.

COMMUNITY COLLEGES: WHERE AMERICA GOES TO COLLEGE.

- 55% of all first time freshmen choose Community Colleges.
- Over 5 million students attend Community Colleges across the country.
- Community Colleges eliminate the high cost of living away from home.
- Tuition for Community Colleges averages about half the cost of public four-year colleges and universities.

News Briefs

EASTLAND

Work is going forward on the large new truck stop which Roy Tiner is having constructed at the I-20 and Hwy. 6 intersection south of Eastland. Tiner, a retired Sun Oil employee, expects the first-class truck stop to be completed by mid-April - weather permitting. Along with the service station, a 24-hour restaurant is to be built. Posts to support canopies, 18 ft. high for the trucks and 15 ft. high in front, have been set. Five 10,000 gallon fuel tanks, 3 for gasoline and 2 for diesel, have been placed in the ground. Forms have been set with plumbing, and an electrical conduit placed. A fluted concrete block produced by Featherlite will be laid to form the exterior building walls after they are delivered around the first of April. The business is expected to provide some additional jobs, but applicants are asked to wait until Mr. Tiner runs an ad in the local paper.

Texas Federal of Music Clubs President Mrs. W. Lavoy Whitworth will visit Eastland on Wednesday, Feb. 22. The Eastland Music Club will be the host for the State President at an American Music Program at Eastland High School Band Hall, 4 p.m. on that date. Mrs. Whitworth will be greeted by Joyce Hewett, local Music Club President. The Maverick Jazz Band, directed by Philip Hewett, will play several numbers. Another highlight of the program will be the awarding of the Anna Barbara Kinniard Scholarship to an outstanding music student. The public is invited to this special event.

The Inspiration Church is presently using "The Phones For You" program to call six thousand homes in the Cisco, Ranger and Eastland area. Scott Dennis is directing this program, with several helping him. The response has been favorable, and the Church anticipates a large follow-up on this. This will be a nine-week program of outreach ministry, with a goal to contact people who do not attend Church and invite them to worship at Camp Inspiration. The initial program will be climaxed with a "Friend Day" celebration on Palm Sunday, March 19.

Dr. Charles Barnes has announced another trip to a Palestine Prison Unit on Feb. 23. Anyone who wishes to go may contact him or either the Chambers of Commerce. "Assuming legislative funding," Barnes said, "We should know by mid-September whether or not we're going to get a unit." All interested persons are invited to go on the prison Unit trip on Feb. 23, in order to observe the type of facility that would be placed in Eastland County.

CISCO

The Cisco Songwriters plan a field trip for their next Club date on March 2. The group will go to Longhorn Recording Studio in Clyde, which has state-of-the-art 24 track recording. This will afford members a look at an important part of the music industry. Anyone wanting information about the March meeting and trip may call 442-3530 for details.

A 55 Alive/Mature Driving Course will be taught by Bob Bevers on Tuesday, Feb. 21, and Thursday, Feb. 23 at 1 p.m. each day in the Corral Room. Cost for the Course will be \$7. Most insurance companies give discounts to those who have completed this Course. There are eight

hours of classroom instruction, teaching preventive measures that save lives when driving. The program is sponsored by the AARP, and anyone over 50 yrs. of age may take the Course.

Cisco Junior High School students will have an "After-Valentine Dance" on Sat., Feb. 18 at the Cisco Country Club. The dance will be held from 7 to 11 p.m. The cost will be \$2 per student, and Jason Phillips will be the disc jockey. Color photographs will be taken by Nancy Hammes from 7 to 8 p.m. All seventh and eighth grade students of Cisco Junior High are invited to attend.

BAIRD

The Callahan County Commissioners have contributed \$15,000 toward the purchase of a new ambulance by the Citizens Emergency Medical Service. Ron Young, Administrator for the Citizens E.M.S., met with the Commissioners and requested a donation. The cost of a new ambulance is expected to be around \$42,000.

The Baird Elementary School is planning its ninth annual recreational volleyball tournament for the week of Feb. 27-March 4. Teams will be formed to represent all the classes, with hopefully a men's and women's team for each of the grades. All adults who live or work in the Baird ISD are eligible to participate. Proceeds from the tournament will be used for playground improvements and for the purchase of audio-visual equipment.

The Baird City Council has signed another 25 yr. Gas Franchise with Lone Star Gas Company. The existing fran-

chise with the city will run out soon. Maurice Newton made the motion to sign a new franchise, which was seconded by Lee Roy Brooker and approved by the Council.

A number of people in Callahan County are participating in the Junior Livestock Show in Cross Plains this weekend. Entries are expected to number over 450, according to Scott Mitchell, Association President. Judging started on Thursday, and will end on Saturday. Announcers during the show will be O.B. Edmondson of Cross Plains and Jack Corn of Baird. A Barbeque dinner will be held on the showgrounds at noon on Saturday, Feb. 18. The auction of prize animals will begin at 2:30 p.m.

RISING STAR

An area-wide meeting will be held March 2, 6 p.m., at the First Baptist Church Activity Center. Julia Moke with the Department of Commerce in Austin will speak on the subject "A Blueprint For Tomorrow." The object is to work out detailed goals so citizens can work for a bright future for Rising Star and the area. All interested persons are urged to attend this meeting.

The annual Awards Banquet of the Rising Star Chamber of Commerce and Agriculture will be held Thursday, March 16 at 7 p.m. at the Activity Center of First Baptist Church. Tickets are \$8.50 each and the meal will be catered by Cook's Fish Barn. Public speaker for the Dallas Cowboys, Ray Stone, will entertain with a humorous talk about the Cowboys. Tickets are available at businesses in Rising Star.

RANGER

Ranger Junior College has expanded to Graham, Texas, and is offering basic College courses in English, Math, History and Computers during regular week-night ses-

sions at the Graham High School facility. Bob Foley, Graham's Chamber of Commerce Education Committee Chairman, announced last week that an agreement has been reached with Ranger Junior College on developing and promoting the College program in Graham.

The Junior Class of Ranger High School is seeking catering service for the Junior-Senior Banquet of 1989. This will be held on April 15. If you are interested or know

someone in the business please contact Mrs. Butler or Bobby Jo Chatham at Ranger High School, Ph. 647-3216.

The Willing Workers Sunday School Class of the First United Methodist Church will serve a Bean & Ham Dinner on Feb. 28. The hours will be from 11 a.m. until 1:30 p.m., and there will be all you can eat for \$4. The public is invited.

Wedding Bells

PRICE-VOIGT

Mr. and Mrs. Harold L. Price of Eastland announce the engagement and approaching marriage of their daughter, Jana Lee Price, to Lloyd Keith Voigt, son of Mr. and Mrs. Max Voigt of Boerne. The double-ring ceremony will be performed by Rev. Fred Banda on Saturday, May 6, 1989, at seven o'clock in the evening at Butt-Holdsworth Memorial Library, Garden Gazebo, in Kerrville, Texas.

Super Consumer To Meet February 22

The 4-H Consumer Life Skills Project called SUPER CONSUMER will be meeting this coming Wednesday, February 22, 1989, at 4:00 p.m. until 5:00 p.m. The meeting will be at Jim Caldwell's Motor Company in Eastland. The program will include tips for helping buy a used or new car. Cost and responsibilities

of owning and operating a car will be discussed.

This series of consumer programs for teens is being sponsored by the Eastland County Extension Service. All 4-H'ers and other interested youth are invited to

participate in this free county-wide project which will be meeting each Wednesday afternoon from 4-5 p.m.

For additional information contact Mrs. Janet Thomas, County Extension Agent-Home Economics.

**Eastland Kids Of America
Pageant Is Scheduled For March**

The national headquarters for the Kids of America has announced the date of Saturday, March 11, 1989 for the Eastland Kids of America pageant.

The pageant will be held at Eastland High School Auditorium, 900 W. Plummer, Eastland, Tx.

Competition is being offered for beautiful babies ages 0-35 months for both boys and girls.

Each child will be presented on stage by a chaperone of their parents choosing and will be presented in Sunday best in front of a panel of judges.

A top five finalists will be selected from each of the three age categories: 0-11 mos., 12-23 mos., 24-35 mos., based on personality, grooming and alertness.

Each winner will advance to national competition to be held in Dallas, Tx. in July '89

where they will re-compete with children from all over the country.

Also offered is playwear competition where they are dressed in a playtime garment of their choice.

Also offered is baby glamour or baby handsome where the boys and girls are judged on their facial features only and there will be winner for each age division.

For the ages of 3-17 years we offer talent competition for boys and girls. Each talent presentation must not be more than 3 minutes.

A top five finalist will be selected from each age division and the winners advance to Natl. competition. A beauty competition will be offered for girls only. Beauty is judged on interview (group), casual wear and formal wear (short dress ages 3-12 yrs. and evening gown 13-17 yrs.).

A top five finalist will be

selected from each age division and the winners advance to national competition. Glamour/handsome is also for the young ladies and men and is judged strictly on facial appearance and overall appeal. Clothing and modeling is not scored in glamour competition. Ages divisions for talent, beauty and glamour are divided as follows: 3-6 yrs., 7-9 yrs., 10-12 yrs., 13-17 yrs.

The photogenic competition is for the individual boys and girls, ages 0-17 yrs. that would like to submit a photograph of your choosing to be judged by major agencies in the Dallas/Ft. Worth metroplex that work with children in the print and media field. Photographs may be B/W or color, up to a 8x10, and will be returned to you after competition.

Pre-registration is required. For more information and to receive an entry form and schedule, please call (214) 328-KIDS or 1-800-872-4562.

Some of the national prizes includes \$1,000.00, all expense paid trip to Hawaii and Disneyland, fur jacket, wardrobe accessories, etc.

Obituaries

Doris Barnes Busby

RANGER - Doris Barnes Busby, 78, died Thursday at a Lake Charles, La. hospital. Services are pending at Edwards Funeral Home of Ranger.

Wesley I. Lane, Jr.

Wesley I. Lane Jr., retired aeronautics teacher, aircraft mechanic and history buff, died Sunday, Feb. 5th, at a Fort Worth hospital after a short illness. He was 70.

Funeral was Tuesday, Feb. 7th in Greenwood Memorial Park.

Mr. Lane was a Cherokee Indian by birth and later was adopted by the Comanche and Apache tribes. Both groups will be represented at the service. "It will be a Cowboy and Indian funeral," a son, Jim Lane said.

One will be a world famous Comanche flute player, Doc Tate, who will play, as will a group of Comanche drummers, Don Edwards, the western singer, and a friend of Mr. Lane, will sing two of his favorite songs.

Mr. Lane and his entire family were adopted by the two tribes and he had two adopted sons, one an Apache and one a Comanche who is the great-great-grandson of Chief Quanah Parker. They, too, will be present.

Mr. Lane was born in Rogers, Ark., and grew up in Eastland. He was a student at Texas A&M University until 1943, when he entered the Army Air Corps. He was a warrant officer pilot and also possessed several aviation mechanic's ratings.

When the war ended, he came to Fort Worth, where he taught aeronautics at Technical High School, now Trimble Technical, and attended Christian University at night. He graduated in 1955 and went to work at General Dynamics. In 1956, he opened a business at Russell Field on the southern edge of Fort Worth near the present site of Miller's Brewery. His firm was a fixed-base operation doing major and minor work on aircraft.

Mr. Lane was the dean of aviation mechanics in the area. He was an inspector for the Federal Aviation Administration, and, until he entered the hospital recently, was working at this Meacham Field operation, Lane Aerotex Inc.

He was a member of Ridgley United Methodist Church, where he was a lay preacher. He was a former Boy Scouts leader and could do anything and be anything,

his son said.

"We like to remember him as a great husband, a great father and a great grandfather," he said.

Mr. Lane also was an avid follower of history and was always collecting information, his son said. "History was his compulsion," he said. "He was always reading about the American Indian and the Texas Rangers, probably the best expert I've seen."

Mr. Lane had been reading a couple of books when he entered the hospital, one on Crazy Horse and one on the Plains Indian.

Survivors are his wife, Glyn Lane of Fort Worth; two sons, Jim Lane of Fort Worth and Bill Lane of Azle; one sister, Frances Haynes of Virginia; and two grandchildren.

Maude M. Lyon

MASON—Maude M. Lyon, 96, formerly of Rising Star, died Tuesday at a local nursing home.

Services were held at 10:30 a.m. Thursday at Mason Funeral Home Chapel with H.L. Bingham officiating. Graveside services were held at 3 p.m. at Heritage Cemetery in Rising Star.

Born in Eastland County, she moved to Mason in 1972 from Rising Star. A homemaker and a Baptist, she was the widow of Will P. Lyon.

Survivors include three sons, Lee Roy Lyon of Devine, Herman Lyon of Gradvew and Jerry Lyon of Mason; four daughters, Jeanette James of Irving, Virginia Harvey of Stephenville, Carrie Woods and Frances Kent, both of Mason; a sister, Thadida Jo Awalt of Eastland; 17 grandchildren; 31 great-grandchildren; and a great-great-grandchild.

Anna E. Patterson

EASTLAND—Anna E. Patterson, 86, died Wednesday at a local hospital.

Services were held at 2 p.m. Friday at the Bakker Funeral Home Chapel with the Rev. Wesley Howard officiating. Burial was in the Eastland Cemetery.

Born in Comanche, she was a longtime Eastland resident. She was a teacher in Desdemona, Eastland and Monahans and retired in 1963.

A member of the First United Methodist Church, she was a member of the Suzannah Wesley Sunday School Class, the Wednesday Study Club and was an active participant in the Eastland Memorial Centennial Library.

She was the widow of Guy Patterson.

Survivors include a son, Thomas Patterson of Tulsa,

Okl.; a daughter, Barbara Ann Cox of Breckenridge; a sister, Ruth Jones of Jonesboro, La.; five grandchildren; and nine great-grandchildren.

Man Said He Drank Beer After Car Accident

A 38-year-old seventh-grade teacher from Artesia, N.M., was found guilty of involuntary manslaughter Wednesday in the May 27 traffic accident on nearby Ranger Hill that left two persons dead.

The seven-woman, five-man jury sentenced Robert Truett to 10 years of probation and fined \$5,000.

Occurring shortly before midnight, the accident resulted in the death of Shirley Hensley, 47, and her husband Charles, 52, both of Alamogordo, N.M. Truett,

however, was tried only for Mrs. Hensley's death.

Department of Public Safety troopers, who said Truett appeared to have been drinking, testified Truett's eastbound Pontiac rear-ended the Hensleys' small pickup on Interstate 20 while both vehicles were heading down Ranger Hill.

In the trial, Truett testified he had consumed two beers from two six-packs he purchased shortly before leaving Artesia at 2 p.m. He said he drank two more beers in Hobbs, N.M., after stopping to work on his car.

He said the speedometer had stopped working.

Truett said he was given two more beers during a stop at the American Legion Hall in Roscoe.

Following the accident, Truett said, he was in shock upon seeing Mrs. Hensley's body. He said he did not remember drinking the other beers, and that he could not remember what he did with the aluminum cans.

DPS Trooper Steve Foster said that when he administered a test to Truett, it measured .19.

In Texas, .10 of alcohol in one's blood is regarded as legally drunk.

DPS Trooper Richard Treece, who investigated the accident, said Truett's car,

moving at a high rate of speed, was straddling the highway's dividing line when it crashed into the Ford pickup.

Mrs. Hensley, who was thrown from the pickup as it

overturned, was pronounced dead at the scene by Justice of the Peace Alford Bush. Her husband, trapped beneath the pickup, died later at Ranger General Hospital.

Regular exercise seems to stop bone loss and may even increase bone density, a study at Tufts University found. Postmenopausal women who walked briskly 45 minutes a day, four times a week, had a 3 percent increase in density in a year; sedentary control group lost 10 percent.

Some orthodontists are getting an early start on straightening teeth and jaw. Researchers at the University of Pennsylvania say early care may ward off later problems and shorten teen time in braces.

Reminder: adults should have tetanus boosters every seven to ten years.

Activated charcoal first aid is more effective than syrup of ipecac in removing toxic substances from the body. Another advantage, says the Western Journal of Medicine, is that the black material can indicate to doctors when stomach pumping is completed.

Barr To Perform In Branson, Mo.

CINDI BARR

Cindi Barr is making a career move for the better! The former Cisco Elementary School Music teacher is moving to Branson, Mo., a home of Silver Dollar City, to work on a country music show. "I've always wanted to be a performer", Ms. Barr said, "ever since I was a young girl. That's why I ma-

jored in vocal performance in college. But with a performance major, if something happens where you can't sing, you're out of a job. So I decided to get the education major to go with it. I've enjoyed teaching, but now I'm finally going to get to do what's in my heart, sing!"

And sing she will, because Cindi will be working in one of Branson's 26 optry theaters as an entertainer. By winning a major talent competition, she secured a job with a theatre.

"I've been to Nashville and I've seen what it's like there. I don't want any part of that. But I think Branson is the place to be. It's a great atmosphere in which to raise my daughter. I can be proud of what I'm doing, and so can she."

Gunsight Baptist Church To Hold Special Services

Gunsight Baptist Church, a mission church off Mangum Baptist in Eastland which started its work 2 years ago this month will be having special services this Sunday.

Sunday School and Church services will be at their normal time. After church services there will be dinner on the grounds followed by special music and preaching by Dwayne Clower Pastor of Mangum Baptist Church.

Everyone is invited to come and join in this special occasion with them. Gunsight Baptist Church is located approx. 15 mi. from Eastland towards Breckenridge right off Hwy. 183.

The Mission started 2 years ago with no members and at the present time has 60

members. The church they are meeting in at the present belongs to the Gunsight Cemetery Assoc. At this time a new church is being built thru the help of many volunteers and donations and a loan thru the Southern Baptist Assoc. Hopefully the church will be completed by April 1st.

Duncan Elected To Membership In Angus

D. Paul Duncan, Eastland, has been elected to membership in the American Angus Association, reports Dick Spader, Executive vice-president of the national organization with headquarters in St. Joseph, Missouri.

The American Angus Association, with over 30,000 active adults and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed in-

formation on nearly 11 million registered Angus.

The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by

the U.S. farmers and ranchers who raise high quality beef for U.S. consumption.

Tickets for the 1989 Senior Play, "Squad Room" went on sale Friday, February 10. Admission for adults will be \$2 and student admission will be \$1.50. Tickets will continue to be sold until the day of the play. The play will be presented on February 24, at 7 p.m. in Cisco High School Auditorium. The performance promises to be very enjoyable. All should plan to come out and enjoy the play.

Last week the CHS Student Council had its picture made for the purpose of use in being sent as a valentine to Veterans in various Veteran Hospitals. On Valentine's Day the Student Council sold cupcakes and decorated lockers. The proceeds will help fund the council members to their state convention.

On Friday, February 10, the CHS Basketball team played the Dublin Lions at Dublin. The JV boys won their game by a score of 50-48. The game was a close one. The half-time score was Cisco 34; Dublin 34. The Varsity boys lost their game by a final score of 40-44. However, the CHS Varsity was leading well into the fourth quarter.

Students enrolled in Theatre Arts at CHS have been involved in some exciting activities. They have been preparing and presenting monologues and dialogues. These scenes are approximately 3 to 7 minutes in length. The skits are presented without props or scenery.

Last Tuesday, Wednesday and Thursday the Freshmen at CHS were busy taking the TEAMS test. The students had to remain in testing at least two hours each morning with the option of remaining until lunch each day if needed. The test covered

essential learning objectives such as writing, reading, and math.

Saturday, February 18, several CHS students traveled to Early High School to compete in yet another UIL practice meet. Those students attending the meet are as follows: Sean Schaefer, persuasive speaking; Janecka Stroebel, Tricia Hutchens, and Maribeth Fish, informative speaking; Steve Couch, prose interpretation; Celia Walters and Frances Gonzales, newswriting, feature writing, editorial writing; Amy Hawkins, ready writing; Leonor Soto, David Longoria, and Steve Couch, spelling; Janecka Stroebel, typewriting; Julie White, Jayna Willingham, and Deanna Lane, accounting; Ginny Pope, Jeff Roark and Henry Ingram, number sense; Martin Powledge, calculator; Donnielle Rabel, Amy Hawkins and Jeff Roark, Ginny Pope, Martin Powledge, science.

Fort Worth Stock Show

During the week of January 31 through February 3, five FFA members from the Cisco Chapter showed their swine at the Fort Worth Stockshow.

These young men were Ken Roark, sophomore; Dusty Schaefer, junior; Roy Powledge, senior; Ryan Duncan, sophomore and Chad Rogers, senior.

Ken Roark placed 17th in the Chester light weight

The Great American Dream

America holds many different dreams and hopes for everyone who lives here. To some, there is the dream of becoming rich and powerful. Others just wish for a house, a family, a car, or a dog.

There shouldn't be one uniform "American Dream" for everyone to follow. Every American—young or old—has a different vision of things that are to come.

One American dream that is in fact a reality, is our freedom. This freedom gives us the right to do anything with our lives. That freedom, in turn, gives us the right to dream.

Attending school is another "American Dream" come true. Although many of the children and teens of today would describe this as more of a nightmare, it has numerous benefits. Meeting people, talking to friends, and getting an education so we can have the skills and

class that had 96 participants. Dusty Schaefer showed a Hamp in a class of 92; Roy Powledge showed a light weight Cross in a class of 106; showing a light weight York in a class of 76 was Ryan Duncan; and showing a light weight cross Hamp was Chad Rogers.

Congratulations to all who went to Fort Worth and placed. We hope that you do just as well at Eastland as you did there.

Sheriff's Dept. News

Early Friday morning, just after midnight, Eastland County Sheriff's Deputy Frank Saylor, with help from the Crime Task Force, the Cisco Police Dept., and the Ranger Police Dept., conducted a narcotics raid at 421 Mesquite in Ranger. Some crank, pot, seeds, and drug

paraphernalia were seized along with a rifle and homemade silencer. An arrest was also made for possession of dangerous drugs.

After being sentenced to seven years in prison earlier in a drug related case, the probation of Francis Scott Rush and Deanna Walton Rush, who just got married, was revoked by the 91st District Court. When Deputy Cathy Kanady searched Mrs. Rush before placing her in the jail, four joints and two partial joints of marijuana were found in her left sock, according to Deputy Kanady. As a result Mrs. Rush has also been charged with the 2nd degree felony of attempting to take drugs into the jail. If convicted, she could serve additional time.

Sheriff Dee Hogan reported that all but one of the guns stolen from the Ronnie Pack home have been recovered, and a suspect is in jail.

Deputy Don Griffith is conducting some out of town searches in an effort to recover items stolen in the Union Center and Carbon areas. Some antique furniture taken from a Cisco owner has been located, and it is believed that the burglaries were all committed by the same individual. A suspect, who was arrested by Cisco Police officers for public intoxication, is being held in jail for theft and failure to pay some checks as well, under bonds totaling \$1100.

Other crimes reported include the burglary of the Hagan home at Carbon Monday morning. A Sears cassette recorder-player, a 7.65mm Mauser custom bolt action rifle, a 12 ga. J.C. Higgins pump shotgun, jewelry, and other items were taken.

The Campbell home near Eastland was burglarized with

jewelry and silverware taken. There is a suspect.

Also on Monday, a military style High Standard .22 semi-auto pistol was taken in the burglary of the Jim Hollis home near Carbon. The pistol has been recovered.

It was reported that several guns and etc. were taken in the December burglary of the Higgins home north of Eastland. Included were a Canon T-80 zoom camera lens no. 236753, a 300 Magnum semi-auto with 4 power scope, a R.G. model 66m .22 cal. revolver no. 1B364539, a Remington 1100 model 12 ga. shotgun, a Winchester model 190 .22 cal. rifle with 4 power scope no. B2072785, and a Glenfield .33 cal. 30-A with 4 power scope no. 24120525.

Call collect only pay phones were being installed this week in the jail for prisoner

usage. They can save up to 60 trips a week for the jailer, who was having to escort each prisoner out of the jail to a telephone twice a week, and they may prevent an escape.

Also this week, a man was jailed for violation of a court order and held under \$3,000.

A man was jailed for failure to pay a fine after he was sentenced earlier to four days in jail and a fine for unlawful carrying of a deadly weapon.

A man was being held for third offense D.W.I. with his trial scheduled Thursday.

A woman was jailed one day and fined \$107.50 for theft.

A man was jailed four days and fined \$92.50 for theft.

A man was released to the Tarrant County Sheriff. He faces charges of two counts of criminal mischief, theft, and criminal trespass.

Dolly Cooper Celebrates 85th

Birthday At Cisco Senior Center

DOLLY COOPER

Dolly Cooper was honored at the Senior Center on her 85th birthday. Her daughters, Mildred Speegle and Dolly McCune, served ice cream and cake to 158 of her Senior Citizen friends.

Dolly has taken an active part in the Senior Citizen activities for several years. She helped with the covered dish dinners and game days prior to the opening of the center in 1978.

Mrs. Cooper has two daughters, Mildred Speegle and Dorothy McCune, both of Cisco; and one son, Charlie Cooper of Denton; nine grandchildren and 14 great-grandchildren.

Dolly was born in New Mexico. She moved to Cisco 53 years ago. She is a

member of the Evangelical Methodist Church.

If you like to hear about ...

Jesus

... and want your children to learn of Him

Pastor John C. Jones presents the living Christ through the message of "faith" weekly. A "faith oriented Spirit-filled church of signs & miracles."

"Your Special Invitation To Come And Worship"

Our new sanctuary is being built on the three acres joining our "family center" at 600 E. 8th (Hwy 80) where we temporarily meet for Wednesday night Bible study. On Sunday we are temporarily meeting at the Best Western Convention Center to accommodate the crowds. Join us "where going to church is fun."

Introducing An Account That Starts Where IRAs Retire

The IDS Preferred Retirement Account
Can Work For You Whether
Or Not Your IRA Is Deductible.

Because it's flexible and easy to maintain, the IDS Preferred Retirement Account, funded through the IDS Life Flexible Annuity, is the perfect alternative to a non-deductible IRA or supplement to any plan. For as little as \$50 a month or as much as \$50,000 yearly, you can contribute to your choice of five accounts and build earnings tax-deferred. To start your retirement fund, call or write today.
