

## Wanda's Corner

by Wanda Hallmark

Susan Addy, daughter of Dr. and Mrs. E.E. Addy, of Cisco, took her Lewisville High School girl's basketball team to the state play-offs again this year. According to a recent report Susan and her team made it to the semi-finals.

Susan graduated from Cisco High School.

Have heard several reports that this is the biggest snowfall in this area (1) ever, (2) since the 1950's or (3) since five years ago.

This area received 7 inches, but some of the drifts were over 5 feet deep.

Local police officers and DPS troopers had to help with several accidents that were a result of the ice and snow. On Monday morning a couple from Abilene were coming thru Cisco on the Interstate and decided to pass an 18-wheel truck on the right side. The driver of the car lost control when it hit some ice and the car spun around and stopped when it was facing the truck they had just passed. The truck hit it head on and knocked the car over onto the access road. No one was hurt in the accident.

Local DPS officers did not have a total number of reports of accidents in this area, at press time, but it was reported there were

quite a few. Shirley Hargrave, with Hargrave Insurance, said she had heard that in Dallas, there were over 17,000 accidents over the week-end. She said she had a few claims come in to her office from accidents.

There are still plenty of the Citizens' Emergency Planers that were printed last year by the City of Cisco.

This is a guide for emergency preparation for tornados, flash floods, lightning, and hazardous material accidents. There is also a list of phone numbers to call in case of an emergency.

Be sure to stop by City Hall, 106 West 7th, or The Press, 700 Conrad Hilton and pick up a copy to keep around the home.

Ingrid Valek, who graduated from Cisco High School in 1988, is now stationed in California with the U.S. Marines. Her mother, who gave Ingrid a gift subscription to The Press, said Ingrid really enjoys what she is doing now.

Be sure and call The Press, 442-2244, to have something placed in Wanda's corner or another part of the Press, so Ingrid can read about what is going on in her home town.

## Cisco Police Report

Cisco Police Officers spent most of Saturday, Sunday and Monday, pushing and pulling cars out of snowbanks, and investigating accidents on I-20, according to a report on Monday. The Cisco area received a record snowfall Sunday, with temperatures staying below the freezing level over the weekend.

Cisco Detective Adrian Huddleston investigated a report by Thrift Mart of a third degree felony by forgery. A subject filed a stolen check with the supermarket on January 20. Police have a suspect in connection with the incident.

Officer Kenneth Preston investigated a Class B Misdemeanor-making a false report to police officers. DPS Robert Tone and Chief Billy Rains investigated a hit and run accident report, but later discovered the report was false. A 19-year old white male was arrested and placed on \$500 bond.

Thrift Mart Grocery Store reported a theft of under \$20.00 by a 26-year old Hispanic male on March 2. Officer Donald Wiley arrested the man. The man paid his fine when taken before Judge Fry.

Officer Morris Hardin, arrested a 22-year old white male in the 300 block of Ave. L, for reckless conduct. He

was taken to Eastland County Jail in lieu of \$1,000 bail.

Chief of Police Billy Rains, investigated an accident at 8th street and Conrad Hilton last Friday. Involved in the accident were Larry Self of Weatherford, who was driving a 1986 tan Chevy pickup and Mr. Truex of Cleburn, who was driving a 1989 white 18-wheeler.

Officer Hardin investigated an accident on Saturday, when a 19-year old white male, struck a pole in the 1400 block of Avenue A. The man was driving a 1988 Ford pickup, and lost control on the ice.

Town and Country convenience store reported that a red Chevette with California license, drove off from the store without paying for \$9.39 worth of gasoline. The incident happened on Sunday. Officer Kenneth Preston investigated the report.

Later that same day, officer Preston investigated a report from Charles C. Boston, of Mener, Arkansas. He said that a 1988 gray Peterbuilt 18-wheeler truck, that he was driving, had been stolen from the parking lot at the White Elephant Restaurant. The truck was later recovered. It was discovered the owners of the truck had driven the truck off of the parking lot.

## Winter Storm Blankets County

March turned to a "lion" as it unleashed its fury in a winter storm this past weekend. After some spring weather, it turned bitter cold Saturday with blowing sleet forming a layer of ice on streets and the ground in some areas of

Eastland County as the chill factor dropped well below zero.

Then late Saturday night and Sunday morning, a second storm moved in from the west, dropping inches of snow which the strong northerly winds whipped into drifts around buildings and other objects. The drifts were the largest that many local residents had seen in the county, with two to three foot drifts common and some in low areas reported to be as much as eight feet deep. The blowing snow was also quite unusual here.

The ice on Saturday seemed to be heaviest in the northern part of Cisco and northward,

with accidents resulting. One car was seen overturned at the east edge of Cisco.

Most people were exercising caution while driving on and in the snow and ice, and officers in Eastland and Ranger didn't report any weather related accidents in their cities as of Monday morning.

The situation on I-20 and the highways seemed to be much worse, with accidents occurring and reports of people stranded in snowbanks. With accidents occurring at Ranger Hill, trucks were reported to be backed up for twenty miles at that point. Truck stops were filled to capacity with trucks which sought spots to parks. With snow obscuring roadways, there were reports of trucks parking in traffic lanes at times.

Under the Lone Star emergency gas curtailment program to prevent the overloading of distribution lines, many

area schools, including Cisco and Eastland, closed on Monday. Ranger, which uses electric heat, is not affected by this program. The Rising Star schools opened late on Monday.

Another problem resulting from the cold was a break in the main water line from Lake Cisco which supplies water to Cisco. Cisco's available water was limited to the contents of the standpipe water tower as city employees made a long trip to Abilene in the bad weather early Monday morning to secure items to make the necessary repairs, and then spent the day repairing the line.

The Highway Dept. maintenance crew from Eastland kept up a 24 hour a day road sanding effort and two blades were being used to clear snowdrifts from the highways. The crew, along with law enforcement officers, was also assisting stranded motorists.

There was scattered patches of ice on I-20 from Ranger west as the brightly shining sun melted some snow on Sunday, which refroze into ice as the temperature dropped into the teens that night. On the secondary roads there was ice in the ruts and heavy drifts in some low areas. The strong winds blew the snow from some patches of highway, but city streets were more evenly covered.

Highway crews and the sunshine were clearing the roads Monday, but the drifts were taking time to melt.

Unpaved rural roads were still muddy and icy, but generally passable. The county roads running east and west had the largest snowdrifts.

Some activities were canceled and some are being rescheduled due to the weather.

The snow and ice will provide some needed moisture.

## Annual Livestock Show To Be Held Fri. & Sat.

The annual Cisco Livestock Show will be held Friday and Saturday, March 10 and 11, at the County Precinct Barn in Cisco. The show is open to young people in the Cisco Public Schools.

This year a rabbit show will be held again on Friday, at 7 p.m., so that some of the younger students and others can be involved in the Stock Show.

This year's show is expected to be a large one. There will be approximately 60 hogs, 50 sheep, 20 goats and ten cattle.

The show is put on by the Cisco Livestock Association and prize money is given to every exhibitor. Everyone is encouraged to come out on the two days of the Stock Show and show their support for the young people of Cisco.

The time schedule of events are as follows:

Friday, March 10  
6:00 p.m. - Sift animals.  
7:00 p.m. - Judge rabbits; breeding swine; market barrows and gilts; Swine showmanship. Swine judge

will be Ray Conner, Cross Plains ag teacher.

Saturday, March 11  
9:30 a.m. - Judge Angora goats.

10:00 a.m. - Judge Breeding sheep.

10:45 p.m. - Judge Market lambs.

11:30 a.m. - Judge Breeding beef.

11:40 a.m. - Judge Market steers.

12:00 a.m. - Dairy Cattle.

Judges for the show will be Carol McKee, dairy goat judge. Sheep and cattle judge will be Roy Richey, Cross Plains ag teacher.

Cisco Ag teacher Jimmie Cearley said all animals need to be in place by 6:00 p.m., Friday and remain until 2 p.m. Saturday, or until they are released by show superintendent.

The next show that the Cisco students will show their animals in will be the Eastland County Livestock Show to be held March 15 thru March 18, at the Eastland County Show Barn in Eastland.

## Three Lady Wranglers Make All Conference

By NIKKI TATE

Three Lady Wranglers were recently named to All-Conference teams.

Elayne Caruthers and Claudette Ford were both named to the First Team, and Stacy McPherson was Honorable Mention.

Last Tuesday the Lady Wranglers lost to New Mexico Junior College 88-to-66 in first round action of the Regional Tournament held at McClennan Community College in Waco.

Cisco started off strong and took an early lead. New Mexico, however, went on to outscore the Lady Wranglers in the last part of the first half to go ahead 41-to-29 at the half. In the second half, the Lady Wranglers could never get closer than 13 and were finally outscored by five, 42-47.

Claudette Ford led the Lady Wranglers in scoring with 16, followed by Nikki Tate with 14, and Alicia

Rawlings with 12. LeeAnn Moore added nine, Stacy McPherson seven, Kayla Cooley four, and Kamie Windham and Tracy Seabourn each finished with two. Leading rebounder for Cisco was Cooley with seven, while Tate added 11 assists.

## CJC Dinner Theatre Auditions Set For Fri. & Sat.

The Cisco Junior College Summer Dinner Theater productions have rescheduled auditions for "The Sound of Music" and "Oliver." The auditions will be held on Friday, March 10, from 4-9 p.m., and from 10 a.m. till 2 p.m., on Saturday, March 11, at the Hilton Community Center.

There will be parts for adults and children in both plays.

## City Crews Work Thru Night To Repair Leak

Some homes in Cisco were without water, Sunday evening and Monday morning, when the 16" water line split. The line brings water into the city water tower from Lake Cisco. City Manager Mike Moore said there is no certain reason as to why the line split. It is very rare for something like this to happen.

Water Department Superintendent, Leon Poles, discovered the leak around 6 p.m., Sunday. He said the line had a 6 foot split. The City employees worked all through the night and had the new piece of line bolted on by 12 noon on Monday.

City manager Moore said Cisco does not have the man power and equipment for this kind of break. He said city employees had to drive to Abilene three times during the night for equipment. Moore said they called Abilene at 1 a.m., and they opened up their warehouse for the city employees. Moore said the city of Abilene employees were extremely gracious. Moore said the Abilene employees understood what this kind of

break could mean.

Moore said at one time, an Abilene employee brought in a 20 foot section of the 16 inch line. He said the city of Abilene and the city of Cisco are very good friends, and if there is ever a need in Abilene, Cisco will be more than willing to help them.

Moore said the water tower is full again, and the city will be working on cleaning up at the site of the leak, which is located about 1 mile north of town, on highway 6.

Moore said he would like to give special recognition to the following City of Cisco employees. He said they stayed out at the work site all night long. They are, Leon Boles, Royce Darr, Bill Laird, Burl Petree, Randy Johnson and Kelly Darr. He said C.W. Guthrie, helped the city tremendously by assisting the work crew with setting up lights. Moore said Ronnie Weiser and Clay Keller, two employees with Sneed Company in Eastland, worked with a track backhoe and "worked with a smile." Moore said the city of Cisco is very appreciative to these men.

## Canterbury Villa To Host Family Night Thursday

All family members and all volunteers are invited to a covered dish supper at Canterbury Villa Thursday, March 16, beginning at 5:30 p.m.

Everyone is asked to bring a favorite covered dish. The

nursing home will furnish meat, bread and beverage.

Let Canterbury Villa know if you can attend so they will know how many to prepare for. Call Mae Green at 442-4202.

## Social Security Earnings Base To Increase In 1989

The annual earnings base - the maximum amount of earnings that counts for Social Security - will increase to \$48,000 for 1989, up from \$45,000, the 1988 base, Glyn Hammons, Social Security manager in Abilene said recently.

The increase is based on the change in average earnings levels from 1987 to 1988.

Other Social Security figures are scheduled to increase in 1989 as well. Hammons said. The annual exempt amount used to determine whether a person who works will receive benefits during the year.

The 1989 annual exempt for people 65 or over will be \$8,880 up from the 1988 amount of \$8,400. The 1989 exempt amount for people under 65 all of 1989 will be \$6,480, up from the 1988 amount of \$6,120.

A person whose earnings do not exceed the annual exempt amount will receive all

benefits due for the year. A person's benefit is reduced \$1 for each \$2 of earnings above the exempt amount. The annual earnings test does not apply once a person reaches 70.

The amount of annual earnings needed to earn a quarter of coverage - the measure of Social Security work credit - will be \$500 for 1989, up from \$470 for 1988. In 1989, a worker will earn 4 quarters of coverage of his or her annual earnings are \$2,000 or more.

More information about Social Security taxes and benefits can be obtained at the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is 698-1360. Free publications can be obtained by calling 1-800-234-5772, toll-free.

## Civic League To Meet Thursday At Bank

The Cisco Civic League will meet on Thursday, March 9, at 7:30 p.m., in the Community Room of the First National Bank.

The FFL Board will meet from 6-7 p.m., and the CCL Board will meet from 7-7:30 p.m.

Hostesses will be Carolyn Page, Doris Humphries, Betty Jones and Yukiko Kleiner.

Arlene Fry, club president, would like to urge all members to be present for the meeting, as there will only be two more meetings before Folk Life Festival time.

## Junior High And High School To Hold Open House March 14

The Cisco Junior and Senior High School will have their Open House on Tuesday, March 14, beginning at 7 p.m. The Open House was rescheduled from last Monday due to icy conditions.

High School principal Jack Martin said everyone is invited to stop by the school on

Tuesday to visit with teachers and see some of their children's school work.

Band Director Wayne White said the junior and senior high school bands will present their Open House concert beginning at 8:00 p.m. on Tuesday.

## CofC Breakfast To Be Held Wed. At Traditions

Have you made your reservations for the Cisco Chamber of Commerce Quarterly Breakfast to be held at 7 a.m., Wednesday, March 15, at Tradition's Restaurant?

Dr. Charles Barnes, project manager with the Eastland County Economic Development Committee will be

speaking on the HOOS-GOW Program.

Carolyn Hull, chairman of the breakfast reported that the Chamber of Commerce is expecting an outstanding crowd, so everyone needs to call 442-2537, and make their reservation today.

## Little League Registration To Be Held Thursday, March 9 At Flores Ball Field

Registration to sign up for this year's Little League teams will be held on Thursday, March 9, at 5:30 p.m., at Flores Ball Field, on Avenue B.

Registration cost is \$10.00 per child, and \$5.00 for each additional child in a family. Each player must bring a birth certificate to register. Minor League and Major

League try-outs will be held on Friday, March 10, beginning at 5:30 p.m.

There will be a work day at Flores Field on Saturday, March 4. Everyone is urged to bring their lawn mowers, plumbing equipment, hoses, rakes and shovels on Saturday and come out and help to get the area ready for the 1989 Spring baseball season.

## Workshop To Be Held At Hilton

A "Programs and Resources for Existing Businesses" workshop will be held from 8:30 a.m. to 12 noon, Wednesday, March 15, 1989, at the Conrad Hilton Community Center, 309 Conrad Hilton Avenue, Cisco. The workshop will be presented by the City of Cisco, the Cisco Chamber of Commerce and the West Central Texas Council of Governments.

businesses responded to a recent survey, stating that they would be interested in attending this type of workshop.

There will be no fee charged for the workshop and everyone is invited to attend and participate.

Registration will be from 8:30-9 a.m. Local and regional programs will be held from 9:15-10 a.m. There will also be programs concerning job

training, partnership act, government contract procurement, economic development district and Big Country Development. West Central Texas Council of Governments personnel Jim Compton, Tom Smith and Kathy Hawkins will work this part of the workshop.

Price Arredondo, with the Texas Department of Commerce will teach methods of state programs. Ken Jennings, with the Small Business Administration, Carruth Small Business Center, will have a workshop on federal and small business administration programs. A time will be set aside at the end of the workshop for questions and answers. A 15-minute coffee and donut break will be held at 10 a.m.

Anyone who is definitely going to attend the Economic Development Workshop is asked to notify City Hall in Cisco prior to Tuesday, March 14. Please call 442-2111 during normal working hours, Monday through Friday, or mail your response to P.O. Box 110, Cisco, Texas 76437.

KRISTI D. CAMPBELL

### Kristi Campbell Chosen As Member OF OHSSOA

Kristi D. Campbell of Baytown has been selected as a new member of Outstanding High School Students of America. She was chosen because of outstanding merit and accomplishment as an American high school student.

Miss Campbell is a junior student at Baytown High School. She is the daughter of Charlene and Kenneth Campbell of Baytown, and the granddaughter of Mrs. Thelma Watson of Cisco.

### In Memorium

Contributions have been made to the Conrad N. Hilton Memorial Park and Community Center in memory of Elmer Kratochvil by Winston and Ruth Heidenheimer and by Lucy Collier.

## Legal Notice

RESOLUTION NO. R-1989-2-28.

A RESOLUTION OF THE CITY OF CISCO, TEXAS DECLARING CERTAIN IMPROVEMENTS DESCRIBED HEREIN AS DANGEROUS AND AS PUBLIC NUISANCES, AND REQUIRING THEIR DEMOLITION AND REMOVAL.

WHEREAS, the City Building Inspector has determined that the improvements described below are unsafe and dangerous structures and should be abated through demolition and clearance from the premises; and,

WHEREAS, the owners of the property whose names appear below in regards to the descriptions of the various improvements have failed, neglected or refused to remove the improvements

by demolition or to bring them into compliance with approved Building Codes;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS:

SECTION 1. That the improvements and structures described below are hereby declared a public nuisance, dangerous, and a definite hazard to the health and safety of the general public; and they are hereby condemned for removal by demolition in compliance with local code requirements and under the direction of the City Building Inspector.

SECTION 2. That the property owners indicated below shall have sixty (60) days from the date of notification to remove such condemned improvements. After such a period of time, if the improvements are not

cleared, the City hall have the right to enter onto such property and remove said condemned improvements either by City labor or by private contract. The owner shall be responsible for all actual demolition and administrative costs and shall be billed appropriately upon completion of demolition. Failure to remit for such costs shall result in a lien being placed on the property.

SECTION 3. That a copy of this condemnation resolution shall be mailed to all property owners indicated below no later than ten (10) days after approval; and the resolution shall be published at least one (1) time in a newspaper of general circulation in the City of Cisco, Texas.

NATURE OF IMPROVEMENTS AND STREET ADDRESS; LEGAL DESCRIPTION; OWNER AND ADDRESS:

1. Frame Residence, S.E. Corner of Short and Ramsey; Lot 10, Block 5, Harris Addition; Robert Mims (Estate) C/O Mrs. C.W. Caster, 2895 Dexter Street, Denver, Colorado, 80207.

2. Rock School Building, Tourist Addition; Lots 15 & 1, Block A, Tourist Addition; Jesse Escovedo, P.O. Box 1104, Cisco, Texas 76437.

3. Frame Residence, 102 Tourist; Sec. 84, Tr. 10C, Block 4, W.A. Rhodes; Rev. J.R. Westbrook, 2727 Forman, Dallas, Texas 75210.

4. Brick Hospital, S.W. Corner of East 23rd and Humble Avenue; Lot 45, 46 & E38' of 47, Block 141, O.T.; W.E. & Joan Ivers, 16302 Green Manor, Humble, Texas 77396.

5. Frame Residence, S.W. Corner Park and Ash Street; Lots 12 & 13, Block A, Bedford Addition; Ada Huff, 301 Willow Street, Abilene, Texas 79602.

ATTEST: Ginger Johnson, City Secretary APPROVED AS TO FORM: W.B. Wright, Jr., City Attorney (3-9-89)

## Niece Of Lela Lloyd To Have Book Due In April

"Your book, 'Tag Along Timothy Tours Alaska,' is slated to be off our presses in April," Ed Eakin, owner of Eakin Publishers in Austin, told author Jean Richardson in Houston last week.

The Eakin catalog says the child's book will be an 8 1/2 x 11 with a hardback, 48 pages, 34 illustrations, and a price of \$12.95. The catalog description reads:

"Timothy's brothers and sisters had given him the nickname of 'Tag-Along' for obvious reasons. He was always ready to go at the slightest provocation. This forgivable habit launched Timothy on his greatest adventure - a trip from his home in S. Texas to far-away Alaska. He rode in a big produce truck, then an airplane, and finally watched snow-capped mountains pass by under the round window of a ship. But the strangest of all was riding under a tarp on a big truck and learning to eat a new type of green vegetable - fiddlehead fern.

The idea of the story was conceived when the author visited her mother - author Mary Carey - who has a fiddlehead farm between Anchorage and Fairbanks, Alaska. It is beautifully illustrated by Jo Ann Edington. Both the author and the illustrator live in Houston."

The author, Jean Richardson, was born in Cisco in 1933 and lived in the home with her grandparents, the late Mr. and Mrs. W.Z. Latch, and her aunt, Lela Latch, until she was seven. Longtime Ciscoans will remember the little girl with the nickname of "Midget," and the last name of King.

Mrs. Richardson graduated from the University of Texas in Austin, Magna Cum Laude. She married Geologist Frank M. Richardson of Sweeny,

Texas, and they are the parents of three children. Two of them are in college and one is teaching.

Mrs. Richardson's mother and aunt, Mary Carey of Willow, Alaska, and Lela Latch Lloyd, Cisco, plan to join her in some autograph parties and reviews that the publisher already has scheduled for the new writer. The trio of family authors hope to make it a "Threesome" in Houston, and perchance Cisco too.

## Hilton Center Quilt Show Needs Quilts To Display

The exciting Hilton Community Center Quilt Show date is rapidly approaching, and if you are one of those people who have a favorite quilt that you would like to display, you need to contact one of the Show's organizers in order to have it previewed.

Why have a preview? Primarily, to be sure there is not a duplication of quilt patterns, to choose the most interesting quilts available, and to be able to make plans to protect quilts that might be fragile, and harmed by public display.

The main previewing session will be held on Friday, March 17, between 10 a.m. and 12 noon, and from 2 until 4 p.m. at the Hilton Community Center. Mrs. Sandra Woolley and Marjorie Lacy will be present to help you with your quilts.

If you have an interesting quilt, but do not have transportation or free time to come to the Hilton Center on that date please contact Mrs. Woolley at 442-3559, or Mrs. Lacy at 442-3545 for other arrangements.

All quilts to be exhibited should be cotton, and hand-quilted. The Quilt How is

scheduled to be held in conjunction with the Folklife Festival on April 22-23, 1989. Show hours will be 10:30 a.m. to 8 p.m. Saturday, April 22, and 1 to 5 p.m. Sunday, April 23.

There will be a limited number of spaces for Quilt vendors. The quilts to be sold may be machine-stitched, and there are no fabric restrictions. If you are interested in selling quilts, please contact Mrs. Woolley for more information.

Where ever you live in WTU's service area...

enjoy the advantages of an Energy Saving Plan home.

**EARN CASH**  
As a WTU customer, you can receive up to \$500 when your home meets Energy Saving Plan requirements.

**SAVE, SAVE, SAVE**  
First you'll save money on your electric bill with adequate insulation, caulking and weatherstripping. Also, installation of energy efficient equipment, like the electric heat pump that both heats and cools your home, can help lower energy use.

**YOUR GUIDE TO SAVINGS AND COMFORT**  
Whether you're planning to build, buy or remodel, pick-up a copy of the Energy Saving Plan at your local WTU office.

Serving you with dependable electrical energy from the Red River to the Rio Grande.

# "A Sixth Grade Education"

(EDITOR'S NOTE: The following article was written by Harold Strahan of Cottonwood, and appeared in the Cross Plains Review on Nov. 23, 1988, entitled "A Sixth Grade Education.")

Once when times were very good to me, I had a large house built by a somewhat uneducated carpenter - at least, that is what he told me. Perhaps this carpenter had kissed the Blarney Stone because he had the greatest gift of gab of anyone that I have ever known. Though he was only 55-years-old, he had worked everywhere as a carpenter for the military, and his expertise covered the complete spectrum of carpentry.

This effluent carpenter was very diligent in his work for some three full years. He was ever so quick with a square or rule that he used to calculate any angle or length with the greatest of ease. He made forms for the foundation and did the finish work - he assured me that this foundation would last for centuries. He always talked about the emphasis that another carpenter had put on having a foundation on solid ground.

How this man did all of this work by himself was just unbelievable. But to him, this was the greatest work in his life for he had never built a house completely by himself during his thirty-odd years as a carpenter.

While he was working on this house, my home to be, he continually referred to it as his "little creation." At first, this "little creation" statement was rather annoying to me because my pockets had paid for the plans, lumber, nails, brick, sheetrock, paneling, and accessories - not to mention his wages. And then, I realized that he was true blue in his belief that this was his creation for he indeed had taken the base materials and had made something exquisite with his special touch.

About one week after my family and I moved into this beautiful home, this carpenter called me on a Sunday morning asking that he might bring some friends

over after church to see his "little creation." I naturally agreed because I, too, loved to show off my new home. Shortly after church, a troop of 12 strangers were at my door with the carpenter. He introduced each and every person, telling a few short words what each person was doing with his life.

And lastly, he introduced me to his somewhat comely six-year-old grandson, who had eyes that twinkled like huge diamonds. He stood out like a fly in a bowl of green pea soup, for around his waist he had a nail apron and in one hand he had a plastic hammer while in the other he had a plastic skill saw. He sat the little skill saw down at the front door, and held his grandfather's hand during the whole tour.

The carpenter showed off each nook and cranny that had a certain beveled angle here or a picture-framed bay window there, and he told how he had built bridge trusses in the attic to make the ceiling in a huge living room almost perfectly level. He took about an hour to show off his workmanship; and when he finished his chatter, his grandson blurted out, "Well, how do you like Papa's 'little creation'?" Without waiting for an answer, he said, "Papa only has a sixth grade education, but he is the best carpenter in the whole world." Everyone laughed so much that it just made me glad to be alive and witness the love between this carpenter and his grandson.

To my delight, this parade went on every Sunday for about four months, and each time the grandson came wearing the nail apron and carrying the saw and hammer. Each tour ended like the first, with the grandson bragging on his Papa's "little creation," and sixth grade education, I swear, I have never seen a man with so many friends and "relatives" that he did not name directly.

Several days after his last visit, the carpenter's wife called me on the telephone, and her request seemed to hit me right between the

eyes. She wanted me to be a pallbearer at her husband's funeral. He had died from a heart attack.

The funeral services were held at a very small church that could not seat more than 60 people. As I sat in the packed church that did not have air conditioning and had little heating on that cold January day, I wondered where this man had found so many friends who had visited my home and his "little creation."

As the church doors opened so we could take the casket to the cemetery about two hundred feet away, I could not believe my eyes. It seemed impossible, but there were about three to four hundred people standing outside the church in the shivering cold winter air. Each and every person went to the cemetery and gathered for a final view of this man's body that had brought so much joy into everyone's life when the carpenter, himself, still had the spirit of life.

Finally, the pallbearers all placed their roses on the casket, and it was lowered to the depths of the grave. Not one soul had left this cemetery, and it was so quiet until the carpenter's grandson suddenly rushed up to the edge of the grave and literally screamed: "Oh, Papa! Oh, Papa! You only had a sixth grade education, but you are the best Papa in the whole world!" Then, the child unbuttoned his coat, and I could not believe my eyes. He had on his grandfather's nail apron which he removed and dropped into the grave, and from his coat pockets he removed the little plastic saw and hammer and got down on his knees and let these fall onto the casket.

Then, with both hands held in the form of a megaphone, he yelled into the grave, "I love you - I love you, Papa!" For some reason this caused an eerie echo, and it was just as though God Himself had said: "I love you!" If tears and sobbing are my kind of measure of love, I have never witnessed so much love. This man - this carpenter with a sixth grade education - surely knew another carpenter personally.

Lord, God, Almighty, what some men can do with a sixth grade education."

**NEWSPAPER DEADLINES:**  
Monday, 5:00 p.m. (For Thursday Paper)  
And  
Thursday, 5:00 p.m. (For Sunday Paper)

# Snow Scenes In Cisco On Sunday, March 5, 1989

## March 17 Is Deadline For CofC Christmas In May Applications

The annual "Christmas in May" has officially begun for 1989 with applications now being accepted at the Chamber of Commerce office in Cisco.

The project is sponsored by the Cisco Chamber of Commerce and works with many of the churches in the area and much volunteer labor. The program calls for housing repair for the elderly and the handicapped. Money contributed to the project by citizens, organizations and businesses in Cisco is spent only for materials to make the repairs. The labor is strictly volunteer.

The procedure for selection begins with people who would like to have their houses considered for the project to obtain an ap-

plication at the Chamber of Commerce and have it filled out and returned. To be qualified for consideration, applicants must be 60 years old or older or handicapped (if not elderly); must own the home (or in the process of buying it); and have a low income (financially unable to afford repairs, receiving Social Security or Veteran Benefits).

Each application will be reviewed and each home will be visited by the selection committee. A survey will be made to determine what repairs are needed. If selected, the home will then be included for repair by the volunteer labor force in May.

Anyone interested in donating time or money to

the project may call the Chamber of Commerce office in Cisco.

The "Christmas in May" has been recognized as an important program to improve the homes of those in the community who cannot do it themselves. If you can pledge time or money please call 442-2537 or come by the Chamber office in the Hilton Community Center.

The deadline for applications has been set as March 17.

## NEW FEATURES NOW AVAILABLE TO CARBON TELEPHONE SUBSCRIBERS;

- \* Call Forwarding
- \* 3-Way Calling
- \* plus FREE installation of any of the above features (and/or touch-tone dialing) for the next 90 days
- \* Call Waiting
- \* Speed Dialing

Monday night, March 6, Carbon will join the exciting new world of digital telephone communications! Now all of Comanche County Telephone Company's Carbon subscribers will have available many new custom calling features typically available only to telephone customers in larger Texas cities.

Features Like:

- \* CALL FORWARDING (Make sure you get the important phone call-- even if you're visiting a friend in Dallas at the time!)
- \* CALL WAITING (Let your talkative teenager know he needs to get off the phone so you can talk to his mother!)
- \* 3-WAY CALLING (Talk to Aunt Martha in Seattle and Cousin Cal in Philadelphia-- at the same time!)
- \* SPEED DIALING (Call your neighbor--or the White House, if you wish-- by dialing just a single digit!)

And it doesn't matter whether your telephone has a push-button dial or is just a good ol' black telephone with a rotary dial. All these services can still be available on YOUR phone!

What's more, if you request any of these features during the next 90 days, there's no installation charge. (Sort of a "Welcome to Digital Communications" gift from Comanche County Telephone Company.) And that also holds true if you've been wanting to trade in that old black phone for a touch-tone model. Just ask for touch-tone service within the next 90 days, and you get it with no initial charge for installation. Just Call 639-2300 and we at Comanche County Telephone Company will be glad to tell you more about these features, or to install them on YOUR phone.!

Call COMANCHE COUNTY TELEPHONE COMPANY INC. at: 639-2300

We're glad to welcome our Carbon subscribers to the exciting new world of digital telephone communications!

## Fishing Outdoors

By Terry L. Wilson

### Where Are Your Monies Going?

As I told you last east our Wallop Breaux tax dollars, which are paid in by fisherman and hunters looks to be heading away from intended use. Past President Reagan's 1990 budget, which now is George Bush's, caps expenditures of Wallop-Breaux, Dingell-Johnson and Pittman Roberts programs at \$100 million annually. The remainder of these monies would go to underwrite programs of the Department of the Interior. Texas would lose about \$2.8 million for fisheries programs and about \$1.5 million for wildlife programs per year if the cap is allowed. To oppose this raid on your money, and to help Texas fisheries and hunting write: George Bush, C/O The White House, 1600 Pennsylvania Avenue, NW, Washington, D.C. 20500. These are our monies out of our pockets.

And if this is not enough set the hook on this: Bass fishermen should immediately call Governor Bill Clements' office (512) 463-1830, to let him know what they think about a raid on TP&WD's Fund 9 monies.

Fund 9, made up mostly of sportsmen's dollars spent on fishing and hunting licenses and motorboat fuel - which is supposed to be used for fish and wildlife restoration pro-

grams - was raided during the last special legislative session to the tune of \$1.477 million. The money was put into the general revenue account and sportsmen, fish, and wildlife were the losers.

Comptroller Bob Bullock recently proposed a plan to free up \$1 billion from 219 "designated funds" to ease the state's financial situation. Fund 9 is one of the targeted funds. If sportsmen don't make their wishes known now to the governor - before other special interests do - their chances of saving Fund 9 will be diminished.

Although the Governor can veto any bill, it would be difficult for him to veto the entire budget bill, after it passes, just to save Fund 9 - that's why Fund 9 needs to be kept safe NOW.

House Speaker Gibson "Gib" Lewis usually is a strong supporter of sportsmen. To let Lewis know how you feel about Fund 9, write him at Texas House of Representatives, P.O. Box 2910, Austin, Tx. 78769, or call (512) 463-1000. Lewis already has applauded Bullock's proposal as "fine work," but that doesn't mean he won't help protect our fund 9 money - especially if he hears from plenty of outraged sportsmen.

The above information was furnished by SCOT (Sports-

men Conservation of Texas). And I would like to urge everyone to take not only the time to express your thoughts to these gentlemen, but tell your neighbor about it, we can make a difference.

Bass Printing of Fort Worth, Texas is proud to announce their first annual "Get Kids Hooked on Fishing Not Drugs" Fishing Tournament. A totally free tournament open to all kids 16 yrs. and under. There will be 4 age groups and trophies plus many prizes for each group will be awarded. The date shall be Saturday, April 29, 1989, 8 a.m. until noon at Possum Kingdom Lake at South D&D. Each contestant must have adult supervision and a signed registration form. All fishing must be from the bank at the South D&D Park. No fishing from boats will be allowed. Any type of pole or rod may be used. For more information you may contact me at 629-3255 or by writing: Bass Printing, 3034 S.E. Loop 820, Fort Worth, TX, 76140-1022. So you kids mark your calendars, and load mom and dad up and head to Possum Kingdom for some excellent fun.

With our recent heavy snows, area lake water temperatures will fall back. And with this so too will Mr. and Mrs. Bass. But this should be only a short term problem and those lunkers will be back with a couple of days of sunshine. Till next time, why not sharpen those hooks on these shut in snowy days.

Two fishing buddies may have set a record of sorts on

Feb. 16 when each caught a largemouth bass weighing more than 13 pounds on the same excursion to Lake Fork.

Texas Parks and Wildlife Department officials said Freddy J. Casados of Fort Worth caught a 13-pound, nine-ounce bass at 11 a.m., and his brother-in-law Hunter Chisum of Pampa hauled in a 13-1 at about 6:10 p.m. Both fish were caught on jigs with plastic crawfish trailers, the anglers reported.

The anglers kept the two big fish alive and loaned them to the department's "Operation Share A Lone Star Lunker" program. The two fish, plus a 13 1/2-pounder brought in from Lake Fork Saturday, are the first entries in the lunker program this year. The third bass was caught by Bobby Scott of nearby Yantis. He said he caught the fish on a jig and pork rind combo.

The big bass are used for spawning at the Tyler State Fish Hatchery. The anglers receive fiberglass replicas of their catch, and the fish often are returned to their lake of origin after the spring lunker spawning program is completed.

The program is supported by the Lone Star Lunker Foundation, made up of sponsoring firms Lone Star Brewery, Skeeter Boats, Honey Hole Magazine and Jungle Labs, Inc.

## Christa Edwards Winner Of Wal-Mart Scholarship

Mike Scott, Store Manager of the Eastland Wal-Mart, recently announced the selection of Christa Edwards of Ranger as the 1989 recipient of the \$1,000 Wal-Mart Foundation Community Scholarship. The scholarship is awarded each spring by Wal-Mart to an area college or university bound high school senior and is payable over one year period.

Christa Edwards a senior at Ranger High School in Ranger plans to attend University of Dallas in Dallas this fall.

In making the announcement, Mike Scott said, "It is with great pleasure that we announce Christa Edwards as the winner of this year's scholarship. It was a difficult decision for our team of well-qualified, local judges that had to select from many outstanding students."

Mike Scott went on to say scholarships criteria is based primarily on academic performance, involvement in the school and community, and financial need.

Christa has been active in the FHA, National Honor Society, Student Council,

Band, Spanish Club, and the Annual Staff.

In addition, scholarship alternates selected are first alternate, Stacey Saunders of Cisco attending Cisco High School and second alternate Jeffery Roark attending Cisco High School.

Recognized for their efforts as judges in scholarship selection are Jim Wright, Linda Morren and Susan Watts.

The Eastland Wal-Mart Foundation Community Scholarship is one of over 1,200 scholarships totalling \$1.2 million being given throughout the Betonville, Arkansas-based retail chain's 26-state, 1,237 store territory.

## Extension Homemaker's Council

### E.H. COUNCIL NEWS

Fourteen members of Extension Homemaker's Council met recently for a regular business meeting. Wynelle Brown, Council Chairman, presided.

The 1989 Recommendations of Work were adopted. An important project is coming up for E.H. members to support. On April 28th, there will be a "4-H Jam" Workshop with young 4-H'ers learning to sew jam shorts. The Extension Homemakers are needed to assist as clothing leaders for this workshop which will be open to 4-H members. The 4-H Jam Workshop will be held at the Olden Community Center. If you are willing to help let your club president know.

The annual spring tour will be Thursday, May 11, to the State 4-H Center. Mark your calendars and plan on attending.

All members planning to attend the district convention on April 6th, in Granbury are reminded that pre-registration and \$14.00 registration fee is due in Granbury on March 24th. For more information on attending contact Arieta Shirey, County TEHA Chairman, at 629-8157.

Voting delegates for the district convention are Arieta Shirey, Pleasant Hill E.H. Club; Wynelle Brown, Kokomo Club; and Edith Wilson, Morton Valley Club. First alternate is Rena Kirk, of Olden Club.

### Myrtle Wilks Art Club To Continue Study March 11

The Myrtle Wilks Art Club will hold a regular meeting Saturday evening, March 11, at the Myrtle Wilks Studio, south of Cisco. The meeting will begin at 7:30 p.m.

Myrtle Wilks will continue her series on composing still lifes that are vital, engaging, believable, and then capturing that arrangement in a skillful and competent manner.

This young club is dedicated to propagating art skills and encouraging appreciation for art in our community. Dues are low. Beginning as well as advanced painters are welcomed, as are visitors.

Contact an officer at 442-3962 or 442-3530 for more information.

# ANNIVERSARY

## Claud And Glenda Jessup To Celebrate Anniversary

The children of Claud and Glenda Jessup will be honoring them with a 25th Wedding Anniversary from 6-8 p.m., on Saturday, March 11, 1989, with a renewal of vows

and a reception at the Bible Baptist Church in Cisco.

All friends and relatives are invited to attend. Claud and Glenda were married March 7, 1964, in the Bible Baptist Church.

## Northview Development Center To Sponsor Walk-a-Thon

Northview Development Center, assisted by local Churches, will sponsor a St. Patrick's Day Walk-a-Thon for the Multipurpose Food Bank on Saturday, March 18.

This community service is being planned by Northview in recognition of National Mental Retardation Month in March. Joyce Hewett will coordinate the Walk-a-Thon, along with Jackie Kincheloe, Director at Northview Center.

Wal-Mart Stores will be assisting with the event. Those who walk will take pledges in canned goods and staple foods for the distance they cover.

The Walk-a-Thon will begin at Wal Mart at 9 a.m. on March 18, and participants will return to Wal Mart at the conclusion of the walk. Refreshments will be served to those walking, with hot dogs and other food for sale to the general public. Proceeds for these sales will go to the Special Olympics fund at Northview.

Churches and individuals are encouraged to take pledges and join with Northview in the Walk-a-Thon. Come sign up before 9 a.m. on March 18 and be a part of this community service. For more information call Joyce Hewett at 629-2624, 6 a.m. to 5 p.m. or leave a message.

# Sheriff's Dept. News

Sheriff Dee Hogan wasn't in his best mood Monday. After being notified by T.D.C. last week that if ten men prisoners and one woman prisoner were brought to their receiving facilities Monday morning, they would be accepted. And since taking the prisoners to T.D.C. would save Eastland County a large amount of money, Sheriff Hogan was determined to have them there early Monday morning.

Sheriff and Mrs. Hogan left Eastland early Monday morning on hazardous ice and snow covered roadways in the freezing cold in order to have the woman prisoner at Gatesville when the unit opened. And a little later, Deputy Frank Saylor left Eastland with the ten male prisoners, heading for the men's facility.

After arriving at the Gatesville unit at opening time, the Hogans and their prisoner stood out in the cold for 40 minutes, waiting for the prisoner to be processed. Sheriff Hogan even loaned his coat to the woman

prisoner, who didn't have one. They weren't invited in out of the cold and wind, but finally they were told that the units would not open to accept prisoners that day and that they should come back the following Monday. Hogan then called back and Deputy Saylor was radioed to turn around. The frustration at having to wait in the cold and waste most of a day when they might have been solving a local crime must have been as discouraging as the weather.

Back in the county, the Dept. officers then cleared up an antique furniture burglary with two suspects arrested, charged and arraigned. The furniture was located in storage where the owner was to reclaim it.

Notice was received that Melvin Wilcoxon Sr. is to be released from the mental hospital in Vernon, and that officers will need to transport him to Eastland for a hearing.

Early Tuesday morning it was reported to Ranger Police and the Sheriff that the Food Fare Grocery had

been burglarized. The front door had been broken in and 250 cartons of Winston and Marlboro cigarettes were missing.

Convicted and sentenced to seven years on revocation of probation for auto theft in Taylor County, Berry Seabourn is to be transported to Eastland for a hearing on several charges.

Officers have been serving papers and getting the jail ready for the inspection set for last Tuesday. The trustees have been working hard and taking a lot of pride, reports Sheriff Hogan, in getting the jail spotless and shining for the inspection. He praised their willingness to work and their interest.

Deputy Frank Saylor, and possibly another deputy, are to attend a Civil Processing School in Denton for a couple of days to learn more about writs, judgements and etc.

Another emergency mental commitment on Tuesday required a trip to Austin.

Officers are yet to learn from Lake Cisco cabin owners what may have been taken in several break-ins on the north side.

## Chairman Named For 1989-90 Breckenridge Community Concert Association Membership Drive

Eastland, Cisco and Moran chairman for the 1989-90 Breckenridge Community Concert Association membership campaign have been named by Vic Johnson president.

Eastland representatives are Ann Folsom and Mindy Stephens. Stephen Zell will be selling memberships in Cisco and Eva Moore is the representative in Moran.

Memberships are \$10 for students, \$20 for adults and \$50 for families. Only members may attend the four concerts sponsored by the association. Association members may also attend four concerts sponsored by Graham Community Concert Association at no charge.

This year's membership drive begins next Tuesday and continues through March 2.

Concerts booked for the 1989-90 season include:

October, 1989 (Day to be announced)—*Stecher and Horowitz*, duo pianists. One of the leading duo-piano teams is the world today, Melvin Stecher and Norman Horowitz appear in more than 70 concerts annually. The internationally acclaimed duo-pianists have been responsible for creating a major revival of interest in the two-piano concert.

Nov. 13, 1989—*The Johnny Mann Singers and Dancers*. Joey Bishop describes this group as a "towering mass of energy." Mann has won two Grammy awards. His

group first performed at the White House. Mann's "Stand Up and Cheer" television series ran for three seasons.

January, 1990 (Day to be announced)—*Linda Maxey*, concert marimba virtuosa. In fulfilling her goal of establishing the marimba as an effective concert instrument, Linda Maxey has taken her artistry to major cities throughout the United States and Europe. Now she is coming to Breckenridge.

April 26, 1990—*Alexandria Quintet*. This ensemble brings together a wealth of repertoire ranging from the evocative orientalism of the French Impressionist masters to the serene beauty of Mozart to the electrifying drama of Andre Copland.

## Our Texas

### Old cemeteries: cultural time capsules

Almost every community in Texas has an old graveyard near the center of town. Seldom visited, except perhaps by local youths on a Halloween rampage, it may be overgrown with the tangle of unchecked weeds and bushes. Its neglected limestone or marble headstones and sculpted monuments are stained black by mildew and lichens. It has become the community eyesore that most people, at least those who notice, wish would go away.

An old cemetery, however, is a cultural time capsule; it is a vital and tangible link to a community's past, and it should be protected, according to Cindee Langdon, historic cemetery expert with the Texas Historical Commission. An old cemetery can be an open record about pioneers and community leaders, lawmakers and lawbreakers, war veterans, and other local residents. It also can provide a wealth of information about religions, historical events, life-styles, epidemics, burial customs, and settlement patterns.

"All this data is a valuable cultural, historical, and artistic resource that should be prized by each community," Langdon said. "It all helps make up the identity of a community."

Although Texas laws exist to protect these valuable resources, many historic cemeteries are in danger of being destroyed. The danger comes from neglect, vandalism, and land development. Once a cemetery is destroyed or its historical integrity is damaged, valuable information is lost forever. Simply passing laws is not enough to save them.

Langdon offers several suggestions for preserving our historic cemeteries. Simple maintenance, such as trimming the grass and shrubs from around gravestones and cutting dead tree limbs, can effectively help preserve eroding

gravestones. Leveling tilted gravestones before they fall over will prevent cracking and breaking. Perpetual maintenance plans should be considered to insure continuous care.

Vandalism is a difficult crime to deter. Fencing and lighting, however, can discourage potential misdeeds. Contacting home and business owners located nearby and asking them to report suspicious activities to the police or sheriff also is effective. Police often are willing to assist in creating a crime prevention plan, and upon request, they may increase patrols of cemetery grounds. When vandals realize that people care about a cemetery, they leave it alone.

During the past 10 years, Texas has experienced a tremendous real estate boom. Developers have purchased large rural tracts of land with the hope of building large residential subdivisions, shopping centers, or industrial parks. Sometimes these tracts of land contain neglected family or pioneer cemeteries hidden within their boundaries.

Some unscrupulous developers have destroyed tombstones in order to avoid the red tape and expense of dealing with a historic site. Others have followed legal channels and have had remains and tombstones moved to modern perpetual care cemeteries.

In one North Texas town, the community rallied to support the preservation of a pioneer cemetery that was threatened by a residential subdivision. Through a media campaign and petition drives, the cemetery was saved. It is now an integrated part of the subdivision as a reminder of the rich heritage of the area, and as an example of what a community can do to preserve that heritage.

(A message from the Texas Historical Commission.)

## Emalea H. Poynor

BIG SPRING - Emalea H. Poynor, 67, died Friday at a local hospital.

Services were at 1 p.m. at Edwards Funeral Home Chapel in Ranger with the Rev. Weems Dykes officiating. Burial was in the Evergreen Cemetery with Eastern Star Rites. Local arrangements were made by Nalley-Pickle & Welch Funeral Home.

Born in Mertzon, she was a longtime resident of Midkiff before moving to Kingsland eight years ago. She was a past worthy matron of Clara Mills Chapter No. 1032 of the Eastern Star at Midkiff. She was a member of the First Christian Church of McCamey.

Survivors include two sons, Richard D. Poynor of Richmond and Michael H. Poynor of Forsan; a brother, Mabry J. Hanning of Monohans; two sisters, O'Quilla Holmes of Temple and Imalea Middleton of San Antonio; a brother-in-law, Wesley Poynor of Ranger; a sister-in-law, Ruth Franklin of Ranger; four grandchildren; and several nieces and nephews.

## Garr Lee Bridgewater

GORMAN - Garr Lee Bridgewater, 47, of Caldwell, died Thursday, March 2, at his home.

Graveside services were at 1 p.m. Sunday, March 5, at Simpson Cemetery with Cora Brown and Karen Smith officiating, directed by Higginbotham Funeral Home.

He was born in Kingman, Arizona. He was an oilfield driller and served in the U.S. Army from 1958 to 1962.

Survivors include his wife, Sylvia Bridgewater of Luling; three daughters, Karen Smith of Luling, Andrea Smith of Monohans and Kimberia Neskern of Clovis, N.M.; two brothers, Richard Bridgewater and Russell A. Bridgewater, both of Bakersfield, Calif.; three sisters, Janie Brown, Shwena Gonzales and Pauline Cooper, all of Bakersfield, Calif.; his parents, Joe and Nora Bridgewater of Bakersfield, Calif.

## S.L. Snider

GORMAN - S.L. Snider, 70, died Friday, March 3, at a DeLeon hospital.

Services were at 3 p.m. Sunday, March 5, at the Higginbotham Funeral Home Chapel with the Rev. Norman Bruner officiating. Burial was in Simpson Cemetery.

He lived in Eastland County most of his life before moving to DeLeon. He was a

Baptist and a U.S. Navy veteran of World War II. He was a retired pumpjack.

Survivors include his wife, Opal Snider of DeLeon; two daughters, Margaret Lucille Wullger of Astoria, Ore., and Stella Fay Scott of Sundown; his mother, Alice M. Snider of DeLeon; two sisters, Carrie Frazier of Gorman and Bertha Fay Henry of Ozona; nine grandchildren and four great-grandchildren.

## Melvin L. Lobaugh

LONGVIEW - Funeral services for Melvin L. Lobaugh, 78, of Longview, will be at 1 p.m. Thursday at Rader Funeral Home in Longview with Paul Allen officiating. Burial will be in Lakeview Cemetery.

Mr. Lobaugh died Monday at the Longview hospital after a lengthy illness.

He moved to Longview in 1959 from Venezuela. He was a retired material supervisor for Creole Petroleum Corp. He was a life member of Masonic Lodge in Longview, member of Longview York Rite Bodies, charter member of Sharon Temple Shrine in Tyler, life member of the Waco Scottish Rite Bodies.

He was a 1928 graduate of Eastland High School. He was very active in the Eastland Ex-Students Association and is well known here.

Survivors include his wife, Pauline of Longview; a sister, Ann Kelm of Houston and a brother, R.J. Lobaugh of Taft.

## Bess Thurman

Bess Thurman, a member of a pioneer Eastland County family, died Friday morning at the Valley View Nursing Home in Eastland. Services were held at 3:00 p.m. Saturday at the Edwards Funeral Home in Eastland with burial in the Murray Memorial Cemetery in Carbon, with Rev. Wesley Howard officiating, assisted by Rev. Cecil Huff.

Bess Thurman was born on

Friday, December 13, 1907 in Carbon, Texas. She attended Eastland Schools and graduated from Carbon High School. She was a graduate of the University of Texas, Austin, Texas.

Ms. Thurman started her career in Carbon during the depression days and earned \$90.00 per month. Often this pay was in the form of script, and two years the school could only pay for seven months. In her long years of teaching, she taught in five different school districts. The last 24 years were spent teaching in the Midland Schools system where she taught in Midland High and in Alamo Junior High schools.

She was a member of the American Association of University of Women for 32 years. She was a working member of the Midland Historical Society. She did research and obtained the records for 11 Civil War Veterans who were buried in the Midland Cemetery. A dedication service was held in 1967 after markers had been put on their graves.

She was a member of the Great Books Foundation for ten years, which has since dissolved because so many of the charter members moved away.

Upon retiring, she moved to Eastland where she became active in the Methodist Church and the Civic League.

Survivors include a sister, Mrs. Billie Hamner of Ft. Worth, one niece, Mrs. Ed (Beth) Berry of Palos Verdes, California, and three nephews, Dick Garrison of Ft. Worth, G. Ray Thurman of Houston, and Jan Thurman of Victoria. A brother and sister preceded her in death.

## Vadus Emmett Plumlee

CISCO - Funeral services for Vadus Emmett Plumlee, 82, of Cisco will be held at 2 p.m. Thursday, March 9, 1989, at Cisco Funeral Home Chapel with the Rev. Ken Diehm, pastor of First United Methodist Church, of-

ficiating. Burial will be in the Pisgah Cemetery.

Mr. Plumlee died Monday, March 6, 1989, at Hendrick Medical Center in Abilene.

Born Feb. 8, 1907, in Hefner, he moved to Cisco 50 years ago. He married Brunie Dillon Dec. 21, 1940, in Scranton. He was a farmer and a Methodist.

Survivors include his wife, Brunie Plumlee of Cisco; two daughters, Vada Plumlee of Cisco and Lois Beaver of St. Louis; a son, J.V. Plumlee of Houston; a sister, Oleta Shirley of Cisco; and two grandsons.

Pallbearers will be Jake Morgan, Harold Reich, Owen King, Bud McClannahan and Tom Hart.

## Lee Lieske

CISCO - Leopold "Lee" Lieske, 101, longtime Cisco area resident, died Monday, March 6, 1989, at Canterbury Villa Nursing Home in Cisco.

Funeral services were at 2 p.m. Wednesday, March 8, 1989, at the Cisco Funeral Home Chapel with Rev. Otto Urban, pastor of Redeemer Lutheran Church, officiating. Burial was in the Redeemer Lutheran Cemetery.

Born Oct. 19, 1887, in Gruezhbe, U.S.S.R., he was a farmer and a member of Redeemer Lutheran Church. Mr. Lieske grafted and budded pecan trees, and was known as the "State of Texas

LEE LIESKE

Pecan Grower." He was instrumental in getting the State Historical Marker placed on the Burkett pecan tree on I-20 near Putnam.

Mr. Lieske married Lula Jane McSpadden on April 28, 1914, in Baird.

Survivors include his wife, Lula Jane McSpadden Lieske of Cisco; four daughters, Pat Metcalf of Fort Worth, Adaline Speir of Eastland, and Erna Carroll and Dorothy Stephens, both of Cisco; seven grandchildren, China Long of Big Spring, Dwayne Lee Lieske of Fort Worth, Ann Reece of San Antonio, Sarah Metcalf of Mexico, Victor Aldridge of Cisco, Miles Metcalf of Fort Worth, and Gwynett Greenwood of Haden, Ariz.; 10 great-grandchildren; and three great-great-grandchildren.

Pallbearers were Fred Ziehr, Harold Reich, Norman Weiser, Ray Prange and Clarence Stroebel.

## Cisco Junior College Spring Schedule Of Community Service Courses

The Cisco Junior College spring schedule of Community Service courses includes a wide variety of classes.

**SATURDAY COMPUTERS FOR KIDS** (grades 3-5) is a basic course that includes "hands-on" experience. Class enrollment is limited to 16 students. Cost, \$17. (Registration deadline March 28.)

**TUESDAY CAKE DECORATING**

teaches techniques for frosting, scroll work, lettering and flowers. Cost \$10. (Registration deadline March 17.)

**WELDING** is designed to teach the basics of oxy-acetylene and electric welding. Students must furnish their helmets, goggles and gloves. Cost \$50. (Registration deadline March 17.)

**SMALL ENGINE REPAIR** covers the repair of small engines - lawn

mowers, tillers, etc. Cost \$40. (Registration deadline March 17.)

**WEDNESDAY INTRODUCTION TO COMPUTERS** will include the use of the software package WORDSTAR 4. Class enrollment is limited to 16 students. Cost \$25. (Registration deadline March 17.)

**THURSDAY QUILTING** teaches quilting skills for making templates, cutting, hand-piecing, applique, machine piecing and quilting. A kit is included in the cost of the course. A more detailed information sheet may be obtained by calling the college. Students will need to bring the following to class: 12" ruler, fabric scissors, paper scissors, 4 (1 gal.) zip-lock bags, off-white (100 percent) cotton thread, thimble, straight pins. Class enrollment is limited to 10 students. Cost \$45 (includes kit). (Registration deadline March 17.)

**OIL PAINTING** includes the fundamentals of oil painting techniques, color theory, composition and materials. Students will be allowed to paint at their own pace with as much individual instruction as possible. Students must furnish their own supplies. Cost \$38. (Registration deadline March 17.)

**FLORAL DESIGN** is a basic course in making spring arrangements. Cost \$10. (Registration deadline March 17.)

Students must register in advance. A class must have 10 students in order to be held. For more information contact Charlotte Speegle at 442-2567.

## Cisco Junior College Announces Cast For Spring Dinner Theatre

Carroll Brown, director of theatre for Cisco Junior College, has announced the cast for the spring dinner theatre production. The 1989 production, entitled **MY THREE ANGELS**, by Sam and Bella Spewack, will open April 10 and run through April 15 in the Hilton Community Center.

If a play entitled **MY THREE ANGELS** sounds familiar perhaps you have seen **WE'RE NO ANGELS**, the 1955 film version starring Humphrey Bogart, Peter Ustinov and Aldo Ray.

Although there are noticeable differences between the stage and film versions, the plot remains basically the same: escaped convicts take refuge with a French shopkeeper's family in the penal colony of French Guiana in 1910. The results

are both intriguing and hilarious.

Playing the parts of the convict/angels are Dan Huff, Scott Bradshaw and Frank Spangler. The shopkeeper and his wife will be played by Fred Mullinax and Lou Jane Davis. The surprise (and unwelcome) guests are played by Lana Tiner McConaughy and Ross Lewis. Danetta Bible will play the young heroine and Kim Graham will play Madame Parole, a nosy customer.

Reservations are now being taken for this production which has Jana Spangler as the assistant director and Danetta Bible as the student designer. Ross Lewis will assist Mrs. Spangler and Kim Graham will assist Ms. Bible.

For more information call 442-2567.

# Homemaking Hints

From Janet Thomas, County Agent

## FREELITERSERIES OFFERED:

A free letter series entitled "Adult Children and Aging Parents" is being sponsored by the Eastland County Extension office of the Texas Agricultural Extension Service.

The letters include: Building Positive Relationships; Brothers, Sisters and Aging Parents; and Helping When Health Fails.

The decline of a parent's health, death of one parent or financial pressures often mean an aging parent will need increased emotional support or services from family.

This free letter series will provide some guidelines to effectively approach dilemmas and make decisions regarding their parents.

To receive the letter packet, contact Mrs. Janet Thomas, County Extension Agent-Home Economics at 817/629-2222 or write P.O. Box 189, Eastland, Texas 76448.

## CHILD CARE PROVIDERS STUDY COURSE:

The Texas Agricultural Extension Service has developed a self-instructional home study course for child care providers to help them upgrade their skills in child development and guidance, nutrition, health and safety and management of a day care business.

This course was developed by the Texas Agricultural Extension Service for family day home care providers, but the program is also being recognized by the Texas Department of Human Services for professional improvement use by individuals working in child care centers.

The program is being offered in Eastland County during April. You will purchase your study manual for \$20.00 and use video tapes. The video tapes will be available on loan to providers through the Eastland County Extension office, states Mrs. Janet Thomas, County Extension Agent-Home Economics.

The complete program represents 30 hours of independent study. Texas Department of Human Services recognizes it for 20 hours for licensed providers.

If you are interested in this program, please pre-register prior to April 1. Registration forms are available in the Eastland County Extension Service office or contact Mrs. Thomas at 629-2222 for additional information.

## RECIPE FOR THE WEEK:

Quick and good — is a real family pleaser!!

**MICROWAVE CORN CASSEROLE**  
2 cans white corn, drained

# 4-H NEWS

By Crystal Wilbanks, County Agent

The Eastland County 4-H Showmanship and Grooming Clinic and Contest was a tremendous success with roughly 125 people attending and taking part in each session. Special thanks goes to Diane Butler and Christy Arther for their assistance with the demonstrations and to Alton Mitchell and the Eastland FFA members for helping set-up the facilities. A big thank you to Jim Moylan and his crew for

moving and spreading sand in the show arena.

The sessions on showmanship and grooming were excellent and everyone benefited from their attendance. Thank you to the following for teaching and coordinating each session: Carol McKee of Breckenridge - Dairy Goats, Brian Bailey of Rising Star - Beef and Dairy Cattle, Johnny Riggins of Olney - Sheep, Tommy Claborn of Cisco - Swine and

Clay, Idoma and Chance Bush of Eastland - Horses.

Tommy Claborn judged all the showmanship classes, with exception of the horses and his knowledge and expertise is certainly appreciated.

The following is a list of showmanship winners in each category:

- Dairy Goats — Stephen Reich, Nimrod 4-H Club
- Rabbit — Joanna Wallace, Ranger 4-H Club
- Beef Cattle — Jimmy Williams, Cisco FFA
- Sheep — Barbie Butler, Eastland Sr. 4-H Club
- Swine — Barbie Butler, Eastland Sr. 4-H Club
- Horse — Tessie Ingram, Cisco 4-H Club

Many thanks to the Rough Riders 4-H Horse Club for providing the concession stand.

Eastland County Livestock Show entries were due

MARCH 3, 1989! Entries have been divided into divisions and will be given to show superintendents on TUESDAY, MARCH 7th.

The Eastland County Livestock Association is sponsoring the show. Following is a list of superintendents:

- General Show Superintendent — Tommy Seay
- Asst. General Show Superintendent — Gary Butler
- Dairy and Beef Cattle — Truet Hart
- Swine — Gene Kea
- Sheep and Goats — Ricky Whalley
- Rabbits — Gary Butler
- Broilers — Carolyn Little
- Horse — Delbert Grace

A workday to make preparations for the county livestock show is scheduled for SATURDAY, MARCH 4th.

to begin at 10:00 a.m. at the county showbarn. All 4-H members and parents are encouraged to attend and help get things ready for the livestock show.

4-H Youth Leadership Task Force will meet Monday, March 6th, from 7:00-8:00 p.m. at the TU Electric Reddy Room in Eastland. All members are encouraged to attend.

SUPER CONSUMER project meetings are being sponsored weekly by the Texas Agricultural Extension Service for Eastland County teenagers. "Be a Super Clothing Shopper" was the session sponsored recently at Greer's Department Store. Pictured left to right are: Leslie Greer, Keisha Poellnitz, Joanna Wallace, Melissa Vasquez, and Kathy Jameson as they learn to buy clothes. The next SUPER CONSUMER meeting will be Wednesday, March 8th, at the Eastland Post Office. "Be a Good Postal Consumer" will be highlighted with learning how the postal system works; regulations and laws; and a tour of the post office. All interested youth are invited to come states, Mrs. Janet Thomas, Eastland County Extension Agent.

4-H is lots of fun for all youth 3rd grade to 19 years of age! This group of 4-H'ers are making "4-H Clovers" by pretty punch. A special thanks to Carolyn Arnold for teaching us this new skill so we will all have 4-H sweatshirts. If you would like to join 4-H which is sponsored by the Texas Agricultural Extension Service contact Janet Thomas or Crystal Wilbanks, County Extension Agents, at 629-2222.

### Texas Agriculture Commissioner Jim Hightower Plans To Sell Beef To European Community

WACO—With the U.S. Department of Agriculture waffling on rejection or acceptance of Texas Agriculture Commissioner Jim Hightower's plan to sell "hormone-free" beef to the European Community, Texas farmers and ranchers still lose in the end, according to the president of the Texas Farm Bureau.

"The situation has become extremely confused," said S.M. True, a cotton, grain, and cattle producer from Plainview, and president of the state's largest farm organization. "It appears the folks in Washington, D.C., both at the U.S. Department of Agriculture and the U.S.

Trade Representative's office, can't seem to get their act together."

Regardless of how federal officials resolve the issue, True believes producers will fail to profit from the situation, for several reasons.

First, he said, if the EEC can make demands on the specifics of the types of commodities it will accept, then that raises the opportunity for any country to the same.

"To start erecting certain types of trade barriers that either we will or will not be able to comply with, that means the whole format on our trading posture has changed," True said. "And that's a very significant prob-

lem as we seek to increase our export markets for farm commodities."

Second, even if an agreement is worked out with the EEC, it's unlikely farmers and ranchers will have a true market, he said.

"If we lose the opportunity to use these natural growth promotants, then we'll lose from \$20 to \$80 a head in lost efficiency," he said. "Again, another tool is being challenged here in agriculture."

True said producers are worried that consumer activists in this country will follow the EEC's lead and make the same type of demands for American beef even though research does not support their claims. The result could spill the issue over into the general population, when based on scientific evidence, there is really no issue at all.

"Thanks to deliberate misinformation and confusion consumers are obviously concerned, and they should not be," True said. "They should not be afraid because our food and food supply is safe."

"Commissioner Hightower has sworn to serve as an advocate for Texas farmers and ranchers. If what he's doing is serving as an advocate for farmers and ranchers, I'd certainly hate to see what he would do if he were opposing us."

### WORD OF GOD

Awake, O sword, against my shepherd, and against the man that is my fellow, saith the Lord of hosts: smite the shepherd, and the sheep shall be scattered: and I will mine hand upon the little ones.

Zechariah 13:7

### CLEANING

Here's an appetizing thought for you: while you're reading this, little snake-like creatures are multiplying, growing and spreading all over your teeth.

The little creatures are bacteria. Along with saliva and food particles, they form a substance called plaque. And plaque is to your teeth what termites are to your house.

Luckily, two very effective and powerful weapons have been developed to combat plaque. Respectively, they are the toothbrush and dental floss. Regular brushing and flossing keeps plaque formation to a minimum. Be sure, however, to include another vital fact in your regimen of dental hygiene, regular visits to a Dental Hygienist. Preferably ours. A Dental Hygienist has the ability to recognize, monitor and often prevent dental hazards.

Brushing, flossing and periodic cleaning and inspection is a simple program and one guaranteed to keep plaque from playing dirty tricks on your teeth.

For more information about hygiene and other aspects of today's dentistry, phone for a consultation.

### Charles Crawford Chapter of Daughters Of The American Revolution Met

The Charles Crawford Chapter of the Daughters of the American Revolution met Monday, Feb. 27, in the home of Mrs. Cecil Alford in Eastland.

The members were led in prayer by Ruby Lee Pirtle. The pledge of allegiance to the American flag and the recitation of the American's Creed were led by Regent Flora McCanlies, who also read the current message of Ann D. Fleck, president general of the NSDAR, from the February DAR Magazine.

The first part of the National Defense Report was given by Helen McAnelly. She gave a report on the alarming conditions in our country since the Kennedy and Johnson presidential terms of office, when restrictions concerning immigration quotas were relaxed or lifted. Since the time of our earliest presidents, immigrations were strict; only

people who might strengthen our country were acceptable. Now they can be diseased, mentally defective, illiterate, or even criminal.

The second part was given by Flora McCanlies. In it, many policies of the American Civil Liberties Union (ACLU) were listed; all on the list were detrimental to the best interests of the citizens of the United States.

The minutes of the previous meeting were read by Secretary Ruby Lee Pirtle.

February was American History month. The program was a round table discussion of events from American History that were remembered, and why they made a lasting impression in our memories.

Refreshments were served to Mmes. Emily Perkins, Bernice Durham, Helen McAnelly, Ruby Lee Pirtle, Jeanne Pruett, Flora McCanlies, and the hostess, Sarah Alford.

sale will go to the Arthritis Foundation. Sale is open to the public.

Thank you for your support.  
Joyce McAuley, Ac/SSD

## Gordon Spot

By DeMarquis Gordon, County Agent—

Now that March is here many vegetable gardeners in Eastland County are preparing for spring planting. The first step should be to control soil insects if they are present.

Soil insects can reduce vegetable quality and yields if left uncontrolled.

For effective control, mix insecticides into the soil at a depth of 4-6 inches at least two weeks before the garden is planted.

Among destructive soil insects are wireworms, white grubs, seed corn maggots, cabbage maggots, mole crickets, sowbugs, slugs, snails and cutworms. Some destroy plant seeds, roots, tubers and underground stem parts while others cut off young plants at or near the soil surface.

Most soil insects can be controlled with Diazinon 25 percent liquid concentration or 5 percent Diazinon granules or Spectracide 6000 applied as a 5 percent granule. Granules usually give the best control and are easier to apply. If cutworms or sowbugs become a problem after the garden has been planted, broadcast 5 percent Seven bait over the soil surface.

Garden sites planted for the first time or those previously in grass or weeds are more likely to harbor damaging numbers of soil pests. Before treating with an insecticide, inspect the garden site by taking soil samples at several locations to a depth of 5 to 6 inches. Remove one square foot section of soil from each location and record the number of soil insect pests present. As a general rule, an average of one or more soil insects per sample suggests the need for insecticide treatment.

Before applying any pesticide always read and follow the label instructions.

Some forage and livestock

producers are making plans for establishing new pasture grasses in the spring. There are a few pointers that might need consideration before establishing grasses.

First, decide what you want the grass to do. There isn't a single grass that stays green 365 days a year, grows well during drought and cold weather, produces good forage all year long, and provides a high yield.

Be realistic in selecting the grass for your new pasture. Consider if you want the grass strictly for grazing or if hay will be harvested during times of lush growth. Also, consider root growth and its effect on conserving soil and water resources. Response to fertilizer and drought tolerance are important factors, too.

While costs are important consider long-term benefits of production and persistence before opting for the least expensive pasture to establish.

Some of the popular grasses being planted are bermudagrasses such as Coastal and Brazos. Kleingrasses such as Verde and Kleingrass 75 are still popular. Lovegrasses such as Ermelio, Renner, Morpa, and Wilman are well adapted to Eastland County.

For establishing stands, growers should prepare the seedbed well in advance of planting. This permits soil to settle and become firm before planting. Weeds can be controlled and fertilizer should be applied before seedbeds settle. Early soil testing is important for determine what nutrients are needed.

Most failures of new plantings results are short term plants and last minute decisions to prepare seedbeds. Remember that grass seeds are small and seedlings are weak, so conditions must be favorable for germination and establishment.

## Yacht Club Colors Merle Norman's New Resort Look

Ahoy, mates! Merle Norman sails into 1989 with a breezy resort color collection for Spring-Yacht Club Colors. Clear, crisp confident shades of navy, coral, pink and pure white predominate this season.

"our Yacht Club Colors evoke images of a resort weekend or a posh yachting adventure," says Allene Smith of Merle Norman in Eastland. "these new, eye-catching shades for eyes, cheeks, lips and nails add a bold color statement to any Spring wardrobe."

There are two resort looks: Palm Beach and Newport.

For the Palm Beach look, blend these shades from the Palm Beach Dual Performing Eyeshadow Trio: Frosted Turquoise, Rosepetal and Cloud Pink. Form the eyes with Triline Eye Pencil in forest Green. Smooth on a few strokes of Powdery Creme Cheek Color in Beautiful Pink to enhance the cheeks and finish by using Lip Pencil Plus in new Beautiful Pink. Lip Pencil Plus is

a convenient, all purpose lip enhancer with an extra-long-lasting formula. "With Lip Pencil Plus you get a creamy lipstick on one end and a coordinating lip liner on the other," notes Allene Smith.

Complete the Palm Beach look with two exciting new shades of Nail Glaze. Choose either blush or Flamingo Pink to tie the whole look together.

For the ultra-fashionable Newport look, combine colors from the Newport Dual Performing Eyeshadow Trio of Navy, Peach Lily and Pure White. All Dual Performing Eyeshadows can be applied wet or dry. When used wet, each shadow provides a non-fading, long-lasting, crease-proof, lustrous and vibrant finish. "Wet or dry, these eyeshadows are great!" Says Mrs. Smith. Triline Eye Pencil in Navy is used to accent and open the eyes. Add just a bit of Powdery Creme Cheek Color in a new blush shade of Soft Coral to the cheeks and new Lip Pencil Plus in Coral Creme to the lips. For the finishing touch,

polish the nails with your choice of two more new shades of Nail Glaze in Coral Creme and Buff.

"With Yacht Club colors, you're ready to sail the seas or cruise the continents! These colors will make the transition from Spring to Summer so easy," added Allene Smith.

Yacht Club Colors are now available at Merle Norman Studios throughout the United States and Canada. For a free makeup consultation and lesson, come into the Merle Norman Studio located in Shady Oaks Shopping Center in Eastland. To be assured of the personalized service for which Merle Norman is famous Allene Smith recommends you make an appointment by calling 629-3533.

## Quilting Club To Organize

Are you interested in learning to quilt or in joining a quilting club? If the answer is yes, you are encouraged to meet with a group planning to organize a quilting club. The meeting is to be on Thursday, March 16, at 7:30 p.m. in the Eastland National Bank Community Room.

Rhonda Pipkin  
Defensive Driving Instructor

### Safe Driving Tips from Rhonda

What is Defensive Driving? It is the concept of driver improvement designed to reduce traffic violations, reduce traffic collisions, and save money on repairs and insurance premiums. Safe driving is not just a necessity for professional drivers. Every driver must improve their safety. The high number of annual fatalities on our highways demands the attention of every driver. We all need to become "Pro" drivers. This is the first article in a series of safe driving tips to help improve our driving attitudes and skills.

### The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

## Sam Albus Named Manager Of Pepsi And Dr. Pepper Of Eastland County

Pepsi and Dr. Pepper of Eastland County is proud to announce the appointment of a new manager, Sam Albus.

Sam has 17 years of soft drink experience. He is married to Pat Albus of Eastland. They are members of the Methodist

Church in Eastland and Lone Cedar Country Club.

He moved to Eastland in 1985 from Lubbock.

Gordon Roberts of Ranger has been appointed assistant manager.

Mr. Albus and Mr. Roberts would be pleased to help with your soft drink business.

SAM ALBUS

## Bullock Reminds Businesses That Items Bought With Food Stamps Are Non-Taxable

AUSTIN—State Comptroller Bob Bullock on Monday reminded Texas businesses that items bought with food stamps are not taxable.

"We're not going to take advantage of folks who are already having a difficult time financially by making them pay sales tax on groceries they buy with food stamps," Bullock said.

According to Bullock, the Texas Legislature exempted food stamp purchases from state and local sales taxes in 1987. The exemption went into effect in October of that year.

Only items that can be legally bought with food stamps are exempted from the sales tax, Bullock said.

For example, federal law prohibits applying food stamps towards alcohol or tobacco products, Bullock said.

However, items that would normally be taxable, such as gum, candy and soda, aren't taxable when they're paid for with food stamps.

Bullock said his agency has mailed more than 24,000 notices to grocery stores, specialty food stores, bakeries, and convenience stores statewide to remind owners and managers of the exemption.

Taxpayers who want to know more about the tax exemption on food stamp sales or about any other state tax may call the Comptroller's

office toll-free at 1-800-252-5555 for assistance.

## First Methodist To Sponsor Bake Sale March 10

The First United Methodist Church will sponsor a bake sale on Friday, March 10, beginning at 9:00 a.m., in the lobby of the First National Bank.

Everyone is invited to stop by and buy their weekly desserts, from the FUM ladies.

## Easter Egg Hunt Sat., March 18

The Ladies Auxiliary and VFW, Karl and Boyd Tanner, Post 4136 will have its annual Easter Egg Hunt on March 18, 1989, at 2 p.m. All children welcome.

## News Briefs

### RANGER

Ranger Chamber of Commerce members will host their annual Banquet on Thursday, March 9, 7 p.m. at Lone Cedar Country Club. Tickets at \$10 each should be reserved before the Banquet. Call 647-3091 for reservations. A steak dinner will be served by the National Honor Society, and there will be no waiting in line. Master of Ceremonies will be Ron Butler, Sr., and the Guest Speaker will be Jerry H. Hodge, Vice Chairman of the Texas Dept. of Corrections. Outgoing Chamber President Ike Ratliff will introduce incoming President Shawn Wells. A number of awards will be presented, including Woman of the Year, Agriculture Family of the Year, Outstanding Students, Educator of the Year, Golden Deeds and Outstanding Citizen. Music will be provided by Joann Greenwood. A large crowd from around the county is expected for this event.

Mary Bott, a representative of the Citizens for Good Government, has presented Police Chief Vernon Caughron with a check for \$1232 to purchase bullet-proof vests for the Ranger Police Department. This check was presented in honor of Margaret Ramsey, president for the CFGG group, who was the first to realize the need for the vests and begin working on the project. Then Mrs. Ramsey became seriously ill, and was unable to continue with her work on the purchase of the vests. The Citizens for Good Government feel that the bullet-proof vests will add to the safety of the officers.

Travis Lee Rogers, 28, became the first person to sign for Mayor in the City of Ranger election on May 6. Rogers has lived in Texas most of his life, and resided in Ranger for six years. He is employed with the Texas Highway Department. Anyone interested in running for Mayor or City Commissioner should appear in person at City Hall during business hours Monday through Friday.

### BAIRD

The Putnam Homecoming will be held at the Putnam High School on Saturday, March 25. Registration will begin at 9:30 a.m. and the morning will be spent visiting. At 2 p.m. there will be a business meeting and program in the auditorium with Hubert Donaway of Odessa, Texas as Master of Ceremonies. The meal at noon will be \$5 per plate, catered by Oscar's of Cisco. For reservations please send a check or money order and a self-addressed envelope to Mary King, Box 908, Putnam, Texas 76469 by Friday, March 24. A special recognition will be made this year of classes 1937-38 and 1938-39.

The Callahan County Commissioners Court considered a number of items recently. A motion was made to pass a Resolution banning smoking during the Commissioner's Court meetings. Another motion was that any employee who receives a car allowance and goes a whole month without working will not receive the car

allowance for that month.

The Commissioners met with Wauneta Estes, Callahan County Tax Collector, Jeff Brown, a representative of the county's collection firm, and Brad Harris, County Attorney, concerning the legal position on waiving penalties and interest on delinquent taxes. The Court decided that although they could hear a dispute, they would not do so until after legal litigation had been instigated.

Three City Council members places are up for election this year - Tom Windham, LeRoy Brooker, and Penny Bogard. Only Tom Windham has filed for re-election at this time. The election is set for Saturday, May 6, and deadline for filing is March 22.

### EASTLAND

An organizational meeting concerning the forming of a Classic Film Series will be held at the Majestic Theatre on Sunday, March 12 at 3 p.m. People from throughout the area who are interested in classic films are encouraged to attend. After the meeting a short film entitled "The Movie Palaces" will be shown. This documentary will show the heyday, decline and rebirth of the grand old movie theatres, including San Antonio's Majestic. For more information: about the March 12 meeting please call Gary Ford at the Majestic Office - 629-2102.

Northview Development Center, with the help of area churches, will sponsor a St.

Patrick's Day Walk-a-Thon on Saturday, March 18. This project will collect pledges for food for the Eastland County Food Bank at the Multipurpose Center in Eastland. The Walk-a-Thon will begin at Wal Mart at 9 a.m. on March 18, and end back at Wal Mart. Around 30 persons from Northview are expected to participate in this community service. The public is invited to come out and help them. For more information call Joyce Hewett at 629-2624 daytimes or leave a message.

The Eastland County 4-H Recreation Team has been accepted to attend a statewide Recreation Training Workshop on March 17-19 at State 4-H Center on Lake Brownwood. Team members will learn how to plan parties and special events, and many other leadership skills. Team members are Pamela Kea, Robbi Daskevich, Cathy Thomas, Amy Logan, John Seaberry and Stephen Mauldin. The Leader accompanying the group is Patti Cozart.

The American Red Cross will offer free blood pressure checks Friday, March 10 from 8 a.m. to 5 p.m. in Room B-10 of the County Courthouse. Cholesterol screening will also be done, with a \$5 charge for the screening.

A new business in Eastland is Maverick Welding and Manufacturing on West Main St. located between Coan Salvage and the Kwik-Stop/Hillcrest Trailer Park, the new shop makes headache racks, brush guards and step down hitches for pickups and light trucks. Lee Gary, the owner, also repairs trailers, builds

barbecue grills and custom truck beds, and does general welding. The public is invited to stop by and discuss welding needs with Gary.

### CISCO

A grant for a water study has been approved for the City of Cisco, City Manager Mike Moore told the City Council. The Grant is with the West Central Texas Council of Governments, and engineers have until March 13 to get their request in to the Water Development Board. Moore said 3-5 firms will be chosen on April 1 to give an oral presentation on the study to the Water Development Board of

Directors. A joint effort of 2-3 engineering companies is expected to work on the study. During the City Manager's Report Moore also told the Council that a meeting is set up with the Texas Water Commission Dam Safety Board for Tuesday, March 14 at 1:30 p.m. City engineers will also be at the meeting to talk about alternate routes that the City can take on the Williamson Dam Safety Study that was requested.

# Hance, 'Changes Aren't Windfall'

Railroad Commission Chairman Kent Hance said today that "since passage of the 1986 Tax Reform Act, the Railroad Commission has reviewed more than 300 utility rate cases, and in every case we considered the companies' tax situation along with all the other operating costs. While on the one hand the act lowered rates on the other it eliminated many deductions. Therefore, the Tax Reform Act impact varies by company based on their particular tax situation."

The result has been a relatively stable gas rate picture for Texas consumers, he said.

Hance said data examined by the Commission shows federal income tax generally represents between two and five percent of the operating expenses for gas utilities under Commission regulation. "Therefore, a 12 percent cut in the tax rate would reduce operating expenses by well under one percent. And loss of deductions can quickly eliminate that gain. The result is hardly a windfall for gas companies, or reason for a hasty regulatory, 'quick fix,'" he stated.

Hance said that the Commission doesn't engage in piecemeal ratemaking. "In gas rate cases, we don't look at one expense at a time. We must consider all of the revenues and expenses of a company," he said. "We examine all the company's expenses and how they interrelate. And we look at tax implications along with everything else. Tax reductions can offset increases in other costs, reducing the need for an overall rate increase."

## Popcorn Can Be Good For Diet... Also, Can Be Bad

Popcorn, loaded with saturated fats, salts, flavorings and preservatives for microwave ease, is far from the nutritional, low calorie snack many Americans think they are eating.

"Unlike the traditional Indian health food with about 25 calories and loads of fiber per cup, microwave popcorn can be a nutritionally questionable snack," said Dr. Mary Kinney Sweeten, a registered dietitian.

More than 70 brands of microwave popcorn lined grocery shelves to meet the 11.9 billion quart demand for popcorn that Americans ate last year.

"Taste-teasing flavors contain between 4.5 and 7.9 teaspoons of fat in a typical two-to-three serving pouch," Sweeten said. "Fat is used for cooking ease, not flavor."

A few companies are offering microwave popcorn for the health conscious, providing salt free and artificial butter varieties.

If you must have microwave popcorn, read the label and buy the brand with the lowest fat content per serving.

## NEWSPAPER DEADLINES:

(For Thursday Paper)  
And  
Thursday, 5:00 p.m.  
(For Sunday Paper)

## Volunteers Participate In Cancer Prevention Study

In 1982, 77,000 American Cancer Society volunteers enrolled 1.2 million persons in the Cancer Prevention Study II (CPS-II), an epidemiological study of lifestyles and environment. Those volunteers completed two follow-up surveys in 1984 and 1986. 98.5% of the people enrolled were traced and 50,000 deaths were reported.

The last follow-up was completed in 1988 and many findings have come out of CPS-II including a dramatic rise in lung cancer mortality in women.

A comparison of lung cancer mortality among women in CPS-II compared to CPS-I illustrates the dramatic changes during the past quarter century. The age-standardized lung cancer rate in non-smokers remained the same for the 26 year period. The rate among smokers, however, rose from 23.86 per 100,000 in 1960-64 to 130.9 per 100,000 in 1982-86, a more than five-fold increase! And the relative risk of smokers dying from lung cancer rose from 2-fold in the 1960's to 11-fold in the 1980's.

Dramatic differences in women's smoking habits between CPS-I and CPS-II were also shown: the percent of women who smoked 20 or more cigarettes a day was 20% higher in CPS-II than I. The age at which women began smoking decreased considerably in the later study, and the index of depth of inhalation was also higher at each age for women in CPS-II.

An encouraging parallel between men and women is the decrease in standard mortality ratios that is being seen in ex-smokers. So many more have quit or never started that already a drop in rates in women under 45, and a leveling off of rates in women 45-54, is being observed in the U.S. This phenomenon has already been seen in men and should presage a day in the next 5-10 years when there will be a reversal in the overall lung cancer rates in men. If trends continue, this should be followed, in the years to come, by a downturn in lung cancer rates in women.

Data from CPS-I and II were recently used for an analysis of cigarette smoking and estrogen-related

sites of cancer. Data confirms the pattern found in other studies of smoking and cervical cancer. The risk for cervical cancer was found to be higher in both current and ex-smokers, compared to non-smokers.

For endometrial cancer, the finding paralleled other studies: related risks were found to be under 1.00 generally, and in CPS-II data, the decreases in related risks were statistically significant.

The findings for breast cancer showed no clear-cut pattern: relative risks for current smokers were a little lower than 1.00 but slightly higher than 1.00 for non-smokers.

Two hundred eighty-two subjects enrolled in CPS-II died from multiple myeloma during the first four years of follow-up. Upon analysis in the current study, only two risk factors were consistently suggested: previous history of diabetes and employment as a farmer. The association between multiple myeloma and diabetes has not been reported before and has to be more thoroughly explored.

As to farming, two hypotheses have been proposed but not proven as a specific etiologic agent: exposure to chemicals, such as pesticides, insecticides and herbicides, and exposure to some virus.

## House Bill One-Workers' Comp

More jobs for Texas workers will be the immediate result of the passage of House Bill One, reforming the Texas Workers' Compensation System, according to Larry S. Milner, President and Chief Executive Officer of the Texas Chamber of Commerce.

"We are hearing strong support of this bill from local chambers of commerce and business interests in all parts of the state", Milner said.

The reform legislation was introduced in the Texas House of Representatives this week by Representative Richard Smith of Bryan and a number of co-sponsors.

Milner said that Dr. William Abbott of Tyson Foods in Carthage told him that the reforms in HBI could mean 600 to 800 new jobs at his plant.

"We are delighted with this bill," Abbott said, "if we can get this nightmare solved we could double our operations and expand markets for struggling farmers in our area."

Jack Hodson of the Fort Bend Chamber of Commerce told Milner that his chamber is strongly supporting HBI. "It is very important to industries like Imperial-Holly Sugar and Nalco Chemicals," Hodson said.

The Texas Chamber has adopted Workers' Compensation reform as one of its major priorities in the current legislative session. One of the key points the chamber wants reformed is "trial de novo", the procedure of starting over with new evidence when a finding of the Industrial Accident Board on an injury to a worker is appealed to the courts.

Abbott said that this practice has resulted in a rash of awards of \$80,000 or more, largely because the evidence presented to the Industrial Accident Board cannot be transferred to the courts.

"This has given our plant the worst record by far of the Tyson Food Operations," Abbott said. "All of our plants in other states have been expanded," he added.

Tom Purdum of New Braunfels Chamber of Commerce said that his chamber is strongly supporting HBI for the same reasons.

"Glastron Boats has made a small expansion of their local operations in anticipation of Workers' Compensation reform," Purdum said, "and the parent company is considering major consolidations to New Braunfels from out of state if this bill passes."

Milner said that the Texas Chamber and its members plan to present testimony in favor of HBI when the committee hearing is held.

## Let us show you a Texas you've never seen before.

- All 172 pages in full color
- Each page measures a large 15 x 11 inches
- Presents the entire state in stunning detail
- Appendices and specialty maps of many different features

THE ROADS OF TEXAS is the culmination of a mammoth project that has involved many individuals for over two years. When you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it.

The 172 page atlas contains maps that show the complete Texas road system (all 284,000 miles) plus just about every city and community in Texas. A.M. University Cartographic Laboratory staff members produced the maps, based on county maps from the State Department of Highways and Public Transportation. The details shown are amazing—county and local roads, lakes, reservoirs, streams, dams, historic sites, pumping stations, golf courses, cemeteries, mines and much other features too numerous to list.

Become one of the first in our community to own a copy of this magnificent atlas.

**What they're saying about "The Roads of Texas"**

44 "How you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it." *Texas Highways Magazine* October 1986

44 "Few details of Texas terrain, old compares maps and the State's Official Highway Map can't match THE ROADS OF TEXAS." *Avon Bulletin* Dallas Morning News

National Weather Service  
Forecast Office  
819 Taylor Street, Room 10A44  
Fort Worth, Texas 76102

**TEXAS**  
SEVERE WEATHER AWARENESS WEEK

To North Texas Broadcasters, Editors, and Emergency Management Officials:

The week of February 27th through March 3rd will be designated Texas Severe Weather Awareness Week by Governor Clements. The National Weather Service and Texas Division of Emergency Management are again asking for your help in spreading information to the public about the threat of severe weather and life-saving measures to be taken when severe weather occurs.

Severe weather warnings are ineffective if the public does not receive the warning or is not knowledgeable on the safety procedures to follow. The purpose of Texas Severe Weather Awareness Week is to provide people with the knowledge necessary to protect their lives when severe weather threatens.

A tornado drill is scheduled for North Texas on Wednesday, March 1st. At 10:00 AM that day, there will be a special test of the North Texas NOAA Weather Radio alarm system. The drill will give those in homes, schools, hospitals and businesses the opportunity to see if they can receive a warning in a timely manner and then take the same precautionary actions which would be taken during an actual tornado event. In some areas, emergency management officials will test local sirens when the practice tornado warning is issued. Should the weather be threatening at that time, the drill will be postponed until the following day (Thursday, March 2nd) at 10:00 AM.

Enclosed are materials which hopefully will be useful to you during the Severe Weather Awareness Week campaign. You are also invited to call the National Weather Service Fort Worth Forecast Office for interviews, information or answers to your questions.

We thank you for your past cooperation and hope that we can continue to work together to protect the residents of Texas from severe weather. If we can be of assistance, please contact us at 817-429-2631 or 817-334-2631 (unlisted).

Sincerely,  
*Buddy McIntyre*

Warning and Preparedness Meteorologist

**TORNADO!**

Tornadoes occur in the central United States more often than anywhere else on earth. The so-called "tornado alley" extends roughly from Texas northward into the eastern Dakotas. This dubious distinction for the area is due to its unique geographical features.

"Tornado alley" is on the lee side of the north-south oriented Rocky Mountains, which is a preferred area for the development of low pressure systems as westerly upper level winds blow across the mountain range. The Rocky Mountains also wring out much of the moisture from the upper level westerly winds. The counter-clockwise motion of air around the low pressure systems pulls warm, moist air at the surface northward from the nearby Gulf of Mexico. The air to the north can move southward with no geographical restrictions, creating strong temperature contrasts with the warm air to the south. These factors all create a favorable environment for severe thunderstorms to develop.

Strong to violent tornadoes usually occur with what are called supercell thunderstorms. Tornadoes in supercell storms are commonly associated with a wall cloud, a lowering of the cloud base usually found on the southwest side of a supercell.

Recent data from Doppler radars indicates that these tornadoes often develop aloft in the storm, about 15,000 to 30,000 feet above the ground. The tornado then develops both downward and upward.

Most researchers agree that the absolute maximum wind speed in tornadoes is about 300 miles per hour. Most tornado damage can be explained with wind speeds of 100 to 150 miles per hour. To understand this, keep in mind that a 100 mile per hour wind has four times the energy of a 50 mile per hour wind, and a 150 mile per hour wind has nine times the energy of a 50 mile per hour wind.

**Texas**  
Severe Weather  
Awareness Week

**DISASTROUS TEXAS**  
TORNADOES  
SINCE 1900

Goliad - May 18, 1902 - 114 killed

Rocksprings - April 12, 1927 - 72 killed

Hill, Ellis, Navarro Counties - May 6, 1930 - 41 killed

Karnes, Dewitt Counties - May 6, 1930 - 36 killed

White Deer, Glazier, Higgins - April 9, 1947 - 68 killed

Waco - May 11, 1953 - 114 killed, 597 injured

Lubbock - May 11, 1970 - 26 killed, 500 injured

Wichita Falls - April 10, 1979 - 46 killed, 1700 injured

Saragosa - May 22, 1987 - 30 killed, 121 injured

**LIGHTNING SAFETY RULES**

- ❑ When a thunderstorm threatens, move inside a substantial building or a vehicle.
- ❑ Inside a building, avoid using the telephone or electrical appliances. Lightning can strike near a building and travel through telephone or electrical lines into the building.
- ❑ Get out of and away from open water.
- ❑ If outside with no time to reach a safe building or vehicle, follow these rules:
  - Do not stand underneath natural lightning rods such as tall, isolated trees in open areas.
  - Avoid projecting above the surrounding landscape as you would do if you were standing on a hilltop, in an open field, on the beach, or fishing from a small boat.
- ❑ If you are isolated in a level, open field and you begin to feel your hair stand on end, indicating that lightning may be about to strike, drop to your knees and bend forward putting your hands on your knees. Make as low and as small a target of yourself as possible, but do not lie flat on the ground.

**FLASH FLOOD**

**FLASH FLOOD SAFETY RULES**

- ❑ Know where high ground is and how to get there quickly.
- ❑ Watch for rising water levels.
- ❑ Do not try to drive through flooded areas.
- ❑ Abandon your vehicle if water begins rising over the road and head for high ground immediately.
- ❑ Be cautious at night. It is harder to recognize the danger of flash flooding then.

**Did You Know?**  
**TORNADO FACTS**

- ❑ The average number of tornadoes in Texas each year is 119 with an average of 11 Texans killed each year.
- ❑ Tornadoes can occur anytime during the year, but are most frequent in Texas during the months of April, May and June.
- ❑ Tornadoes can occur at anytime of the day, but are most frequent in Texas between 3 PM and 6 PM CST.
- ❑ Sometimes tornado outbreaks occur where tornadoes cause widespread damage over an extensive area. During the afternoon and evening of April 3rd and the early morning of April 4th, 1974, a "super outbreak" of 148 tornadoes across 13 states killed more than 300 people, injured more than 6,000, and caused \$600 million in damage.
- ❑ On March 18, 1925, the "Tri-State" tornado traveled some 219 miles across Missouri, Illinois, and Indiana. It lasted for over 3 1/2 hours and killed 689 people.
- ❑ Codell, Kansas was hit by tornadoes in 1916, 1917, and 1918. They all occurred on the same day - May 20th.
- ❑ Most tornadoes (about 7 out of every 10) are weak with wind speeds no greater than about 110 mph, and a path length which averages 3 miles.
- ❑ Nearly 3 out of every 10 tornadoes are strong, with wind speeds between 110 and 200 mph, and a path length which averages 9 miles.
- ❑ Less than 2 percent of all tornadoes are violent with wind speeds over 200 mph and a path length which averages 26 miles.
- ❑ Since 1950, there have been more than 4700 tornadoes in Texas.
- ❑ Since 1916, 1103 people have been killed by tornadoes in Texas.
- ❑ It has been rumored that rivers, hills, and valleys protect an area from tornadoes. This is not true. Tornadoes have been observed to cross rivers and valleys and to climb over mountains with little change in intensity.

**TORNADO SAFETY RULES**

**A TORNADO WATCH** means that tornado development is possible. Keep a watchful eye on the sky for threatening weather, and stay tuned to radio, television, or NOAA Weather Radio for the latest weather information.

**A TORNADO WARNING** means a tornado has been sighted or indicated by weather radar. Persons in the path of the storm should seek shelter immediately, preferably on the lowest floor of a substantial building.

**IN HOMES:** A basement offers the greatest safety. In homes without a basement, take cover in the center part of the house, on the lowest floor, and in a small room such as a closet or bathroom, or under sturdy furniture. Stay away from windows. Do not attempt to open windows.

**IN SCHOOLS, HOSPITALS, AND SHOPPING CENTERS:** Move to predesignated shelter areas. Interior hallways on the lowest floor are best. If the building is not of reinforced construction, go to a nearby one that is. Stay out of auditoriums, gyms, and other structures with long, wide free-span roofs.

**IN YOUR CAR:** Do not try to outrun a tornado. If available, leave your car and get into the nearest ditch or depression until the tornado passes. Cover your head with your hands.

**IN MOBILE HOMES:** Mobile homes and trailers are particularly vulnerable to overturning during strong winds and should be evacuated when strong winds or tornadoes are possible. Mobile home communities and trailer parks should have a community storm shelter. If there is no shelter nearby, leave the trailer and take cover in a ditch or depression.

letters to the editor...

Dear Editor:

I want to take this opportunity through a "Letter to the Editor" to publically express my sincere appreciation and gratitude to the many employees and individuals who worked so hard and diligently under extremely adverse weather conditions last Sunday night and Monday morning in repairing the city's 16-inch water main from the water treatment plant.

First and foremost, I want to recognize and thank the employees of the city's Water Department, who under Leon Boles' supervision never fail to do whatever is necessary, whenever it is necessary, for as long as necessary. The employees who worked all night and through the next day on the problem included Leon Boles, Royce Darr, Bill Laird, Burl Petree, Randy Johnson and Kelly Darr. I know these employees already know how much the city and I appreciate the hard, thorough work they do for the City, not just on this latest problem, but always. A sincere thank you also

goes out to the families of these men.

I want to give special recognition and thanks to the City of Abilene who went out of their way to provide us with the necessary equipment and parts which allowed us to repair the line as quickly as we did. Also, we appreciate R.M. Sneed Co. and his employees, Ronnie Weiser and Clay Keller, for responding so quickly to our request for needed equipment and for staying with us all night until the repairs were completed. Finally, I want to especially thank C.W. Guthrie for his invaluable assistance. C.W.'s help saved us a great deal of time when it was most critical, and brought comfort when it was most needed.

The citizens of Cisco should be very proud of these diligent, dedicated employees and individuals. I know I am. Again, thank you.

Sincerely,  
Michael D. Moore  
City Manager,  
City of Cisco

Snow Scenes In Cisco On Sunday, March 5, 1989

Majestic Theatre Classic Film Meeting To Be Held

On Sunday, March 12th at 3 p.m. there will be an organizational meeting at the Majestic Theatre concerning the formation of a classic film series.

Anyone interested in classic films is urged to attend.

This series will not happen without support. A short film produced by the Smithsonian titled "The Movie Palaces" and hosted by Gene Kelly will be shown after the meeting. This documentary portrays the heyday, decline and re-birth of our nation's grand old movie theatres, including San Antonio's Majestic. Most people in this country rarely have the chance to visit, much

Cisco Lodge To Have Ballot At Meeting

Cisco Lodge No. 556, AF&AM, will have a special ballot of very specific importance to be brought up at their next regular meeting, which will be held March 23. All members of the lodge are requested to be present to vote on this important issue, according to Jay Maples, W.M.

less patronize one of these marvelous old buildings.

Be supportive of the Majestic and come hear about our possible classic film series.

Remember, we can not do it without you!

For more information please contact Gary Ford at the Majestic office - 629-2102.

CLIFFORD BUKAL  
WHAT ARE THE RULES FOR FUNERAL TRAFFIC?

Traffic rules governing funeral processions differ sometimes from those governing other traffic. These tips may help if you are in a funeral procession (or to be remembered if you encounter one):

1. Use the windshield sticker or flag provided.
2. Keep your headlights on. It identifies your vehicle as part of the procession.
3. If the procession is crossing an intersection while the traffic light changes to red, continue through. Do not stop. The funeral procession has the right-of-way.
4. A policeman, if available, may direct funeral traffic through busy intersections. We, as funeral directors, appreciate the escort service which our police department provides. The mourners consider this civic safety service both thoughtful and welcome.
5. Obtain and read the state traffic regulations regarding funeral processions.
6. If you are NOT part of the procession, remember it has right-of-way. Do not cross it or join it.
