## Wanda's Corner

by Wanda Hallmark

Special bank accounts for the family of Courtney Lynn Clayton, have been set up at the First National Bank, and at Olney Savings in Cisco. Courtney, 8-years old, was abducted last September 2, when she walked to a store less than a block from her home in Stamford. Her parents are Mr. and Mrs. Stan Clayton.

Penny Fields, of Cisco, said Courtney's grandmother, Ruth Conger, and several aunts, uncles and cousins, live in Cisco. Penny said the Citizens of Cisco have always showed their support for anyone in trouble. She said this money will be used to help with the investigation of the kidnapping.

Cindy Foster, produce manager at Thrift Mart Grocery Store, said she pulled the grapes off the shelves last Tuesday, after she heard the report from another state, of cyanide that was found on two grapes from Chile. She said she orders their grapes from Chile, but they have been pulled off the shelf. Cindy said a few people have returned grapes that they bought from Thrift Mart.

Cindy said there have not been any decrease in their apple sales from the recent apple scare. She said they buy all their apples from Washington and the problem apples were mainly from California.

Hubert Kennedy found an old license plate on Conrad Hilton last Wednesday. He said if anyone lost one to get in touch with him at 442-2108.

Scott Anderson was given a gift subscription to The Press last week. Scott graduated from Cisco High School in 1983 and Sam Houston State University in 1987. He is presently working for the Anderson County Agricultural Extension Service in Palestine.

A little blue tennis shoe was found at the Cisco High School after their band concert last Tuesday. If you lost one, go by the school office, after Spring Break to pick it up.

There is going to be a series of humorous articles concerning the Folklife Festival, intended to increase readership of planned news about Festival events. The articles sanctioned by the Cisco Folklife Festival publicity committee members, Jo Ann Cermin & Johnnie McLaughlin, have been written with the intent of good-natured humor, and with the consent of persons who are involved in jest. They are not intended to offend anyone, and we hope that no one interprets them in that manner.

Bill Huffman, of Conroe, sent in the following letter to Project Lobo. It read:  
Dear Committee:

Mary and I are not waiting for you to find us. Here is our current address and a check for \$375.00. So be sure to reserve us a miniature, numbered bronze Lobo statue.

The last time I got involved with having the Lobo emblazoned on CHS, I got in trouble! In the spring of 1941, I was one of many Seniors who made student contributions to have a nice Lobo head painted on the top front of the old CHS building on 7th street. The paint was barely dry before pranksters from CJC painted it black! Sooo- next, I was one of a handful of Seniors (filled with the Lobo spirit) who retaliated by "liberating" CJC's new flag from atop its main building a few nights later. We took my brother, Kenneth (then a sophomore) along to climb the flagpole atop the building. He did- and very well, too- but was spotted by a roving school official. We Seniors who participated in the prank got Kenneth in with a reprimand by returning to the flag with apologies. But our punishment was to sit in the library all day when the rest of the the class of 1941 made its Senior Trip by bus to Fort Worth!

Nevertheless, I'm going to risk another contribution for the ole Lobo! We think your project is great. Keep up the good work!

A tentative date for the All-School reunion has been set for June 9, 1990. This is when the life-size bronze Lobo statue will be unveiled at Cisco High School.

If you would like to receive a miniature bronze statue of the Lobo, send in a donation of \$375.00 or more, to Project Lobo, c/o First National Bank, P.O. Box, 1220, Cisco, Texas, 76437.

The cost of the statue will  
**Continued On Next Page...**

## Cisco Livestock Winners Named

The following winners in the Cisco Livestock Raisers Association Stock Show, held last weekend, were inadvertently omitted from the story in the last issue of The Press. They are as follows:

Medium wool & other muton breeds- Ram Lambs- 1. Tommy Thompson; 2. Billy Crozier.

Medium wool & other muton breeds- Ewe Lambs- 1. Kari Schuyler; 2. Sam Curtis; 3. Danna Casey.

Medium wool & other muton breeds- Aged Ewes- 1. Ricky Agnew; 2. Tim Thompson.

Champion was Ricky Agnew.

**CISCO SIZZLERS TUMBLING & TRAMPOLINE team competed in the Baird Invitation March 11. Shown in the above picture are: top row, left to right, Jennifer Johnson, Jana Pence, Heath Starr, Alissa Winnett, and Dusty Harris; bottom row, left to right, Lee Hennington, Cassye Bailey, Cherjalyn Noble and Lucinda Starr.**

## Cisco Sizzlers Compete In Contest

The Cisco Sizzlers Tumbling and Trampoline team competed Saturday, March 11, at the Baird Invitational. Teams from Albany, Baird, Cisco, Eastland, Breckenridge and Ranger participated in the meet. The Sizzlers are coached by Sara Wilson, Darrell Williams and Leslie Pittman.

Winners at the Baird tournament were as follows:

- TUMBLING  
1st Place Medal Winners- Heath Starr and Cassye Bailey.  
2nd Place- Alissa Winnett, Jana Pence, Lee Hennington, Jennifer Johnson and Dana Manning.  
3rd Place- Lucinda Starr.

## Save Paper & Aluminum For Boy Scout Troop

Boy Scout Troop 287 is conducting a paper and aluminum beverage can fund raiser. There will be a trailer sitting at 301 E. 21st Street during the month of March so that the people of Cisco and surrounding area can drop off their paper or can contribution at their convenience. Paper items which can be dropped off are newspapers, telephone books, catalogs, magazines, cardboard boxes, brown paper grocery bags, paper file sacks that do not have plastic linings, office paper without carbonpaper, old office files, just like they come out of the file drawer (NO MEDICAL FILES PLEASE). The recycling company guarantees destruction of files. Computer printout paper, continuous-feed printout paper, green-bar and others. NO CARBON PAPER PLEASE. There is a low-grade paper made into CPO that is not acceptable. Printer's scrap paper and trimmings along with paper left on the rolls from print shops, forms and papers printed but not picked up. NO INK BAGS, INK CONTAINERS, CARBON PAPER or WET GARBAGE, please.

Troop 287 would like to take this opportunity to thank their sponsor, The American Legion Post No. 123 and those who came out and gave their support to the chili and soup fund raiser held recently, even though it was not chili or soup weather. Some families came from Abilene to give their support. The American Legion furnished the chili, crackers and dishes used for the day. The parents and leaders furnished ingredients for the soup of the day. Oscar's Barbecue donated the ice for the day. Twenty-one awards were awarded to members of Troop 287 at a recent family night. Scouts receiving awards were: Robert Franklin, David Ingram, Alan Kitchens, Bryan Kitchens received the Paul Bunyan Woodsman award. Alan Kitchens, Bryan Kitchens the Mile Swim; Chad York, First Aid skill award; Alan Kitchens, Bryan Kitchens, and Daniel Kitchens, Home Repair Merit Badge; Ronald Hoffman, Recruiting Strip, Boy Scout, and Tenderfoot ranks. John Exline, Hiking, Camping and Swimming Merit Badges. Oscar Weeks, the Citizenship skill award. Scouts receiving the FIRE 'N CHIT cards were Robert Franklin, David Ingram, Alan Kitchens, and Bryan Kitchens. A special award was awarded to Robert Franklin, for the special help he has given to the troop. He presently hold the office of Junior Assistant Scoutmaster. He is presently working on his Eagle rank. For his Eagle service project he has selected to prepare the outside of the water tank truck which the Cisco Fire Department is refurbishing for a water hauler for use in fighting grass fires in the county where fire plugs are not available. The troop will go camping during the spring break, at a farm south of Cisco.

## Clean Up Campaign Set For Week Of March 27th

At their meeting on Tuesday, March 14, the City Council designated the week of March 27th through March 31st as the Spring Clean-Up Week for the City of Cisco. During this week the City will be running trucks throughout the city collecting limbs, brush and other large debris set out by city residents. The landfill will be open all day, every day during the clean-up week.

As normal, residents are requested by City Hall to stack their trash and brush on the curb by the street and to have limbs cut to a size which can be handled by one man. City personnel will not go on private property to haul off trash or limbs. Also, residents are asked to please have their trash and brush out for pick-up by Tuesday, March 28th, so the collection of the debris can be completed by the end of the week.

City Hall will be maintaining a special "work order list" for this trash and brush pick-up effort, so any resident who has large items of trash, limbs or brush to be picked up during the clean-up campaign can call City Hall at 442-2111. Please remember in order for the work crews to complete all

the collections during the clean-up week, these special "work orders" should be called in as soon as possible. City Hall cannot accept the special pick-up requests after 5 p.m. Thursday, March 30th.

"The City Council also wanted to thank all citizens for their participation in this special and important clean-up effort," said City Manager Michael Moore.

Moore went on to remind the residents of Cisco that the "growing season" is almost upon us and everyone will need to be especially mindful to keep their yards mowed and their property maintained. Moore stated, "When it comes to caring for our property and being responsible property owners, we need to remember that we all live in Cisco together and we must be considerate of our neighbors and our community. I believe everyone can and should show pride in their neighborhood and town by simply maintaining their individual properties."

Questions regarding the Spring Clean-Up Week may be directed to City Hall at 442-2111, during normal working hours.

## Candidates Have Until March 22 To File For Seats On Three Boards

Less than a week remains for candidates to file for the eight seats available in the May 6 elections of the Cisco City Council, Mayor, Cisco Independent School District Board of Directors, and the Cisco Hospital District Board of Directors. No new candidates had filed by presstime Friday, according to city, hospital and school district officials.

The sign-up period for candidates will continue for each election until Wednesday, March 22.

The only persons who have filed for the two places on the city ballot include incumbents, Arlie Whitley, Allen Masters and Joe Wheatley. Whitley has refiled for Place II, while Masters has filed for Cisco City Council Place III. Joe Wheatley has re-filed for the position of Mayor of Cisco. In the school board elec-

tion incumbents Rick Roark and Bruce Stovall have refiled for their places on the board. There are three open places on the election.

Kitty McCracken has signed up for one of the two places on the City Hospital Board of Directors. Incumbents DeAlva Chambers and Vergil Patrick have also re-filed for the two open seats on the Hospital Board.

Candidates may file at the City Hall, 116 West 7th, for the Cisco City Council places and for the Mayor of Cisco. Candidates may file at the E.L. Memorial Hospital for the Hospital District Board election. Cisco Public schools are closed for Spring Break this week, but candidates wanting to sign up for the CISD board of directors may call Ray Saunders at 442-4897, Martha Davis, 442-3624, or Yvonne Anderson, 442-1744.

## Folklife Festival News--Ice Cream Judging

In response to vigorous protests and threats, 1988 Ice Cream champion cranks, er... crankers, McMillan and Kimbrough have decided to act as judges of the 1989 Cisco Folklife Festival Ice Cream contest, and not as entrants.

When approached by the Bleu Belley Ice Cream Com-

pany about a franchise endorsement of their secret recipe, Kimbrough and McMillan declined to respond. When asked why they failed to accept such a lucrative offer, Kimbrough stated it was McMillan who was approached first about accepting the filthy lucre offer, and he thought they had said, "Filthy Luther's offer." (He never could stand local Bleu Belley distributor Luther Sourmilch).

This year's contest promises to be another outstanding entertainment event, in addition to offering taste treats. There will be two con-

test divisions, to allow youngsters to have a sporting chance if they would like to enter.

Division I will be grades kindergarten through Junior High. These younger children will be judged on speed and taste. This contest will be held Saturday, April 22 at 3 p.m. Prizes for this group will be Folklife Festival tokens.

Division II will be held on April 23 at 3 p.m. Contestants may be of High School age and older. The entrants will be judges on  
**Continued On Next Page**

## Absentee Voters Can Begin Voting April 17

Wednesday, March 22, 1989, by 5 p.m. will be the last time that any candidate may file for a place on the ballot for the May 6, 1989, City General election.

Any voter desiring to vote absentee by mail may notify the Absentee Voting Clerk at City Hall, and they will be forwarded the necessary information to make application to receive an absentee ballot.

If there are any questions concerning absentee voting by personal appearance, which begins on April 17, 1989, or the voting at the polls on May 6th, please contact Ginger Johnson, Absentee Voting Clerk, at City Hall.

## Tax Rate Increase On Ballot

Voters in Cisco will decide whether to raise hospital taxes or not, in the May 6, general election. A referendum will be on the ballot for the hospital district to have an increase from the current 12.724 cents per \$100 property valuation to 28.409 cents for the next three years with the option to decrease the tax levy if Congress passes bills increasing Medicare payments to rural hospitals. If a home is appraised at \$18,000, the owners are now paying \$22.90 a year for the hospital taxes. With the new

tax rate taxes will be \$51.13 a year for the next three years. Voters will have to decide on May 6, if they are willing to help the hospital with this new tax rate.

Marvin Cole, administrator said the hospital needs \$250,000 tax money per year to remain open. With the current rate, this year's taxes amount to \$144,000, of which \$115,000 has been collected.

Cole said if the tax referendum doesn't pass, the board should set a closing date for the hospital.

## Several Attend Economic Workshop Held Wed. In Cisco At Hilton Center

A good cross representation of Eastland County attended the Economic Development Workshop, held last Wednesday at the Conrad Hilton Community Center in Cisco. The workshop, "Programs and Resources for Existing Businesses" was presented by the City of Cisco and the Cisco Chamber of Commerce. Mike Moore, city manager and Don Shepard, CoC manager, put the program together.

Joe Wheatley, mayor of Cisco, said all the cities in Eastland County are working together for the same cause, a better economy. There were participants from Cisco, Eastland, Ranger, Carbon, Clyde, Rising Star, Abilene and Weatherford at the workshop.

Tom Smith, with the West Central Texas Council of Governments, said their agency serves 19 counties. There are 17 people who serve a 2-year term on the board. They have programs that help disadvantaged individuals. They target on keeping students in school.

Some programs are held after school, but in other programs, jobs are found for students who do stay in school. They have on the job training, and undercut one half of the salary for the training period of a business.

Cisco Junior College is involved in the YES program. Students work on college campuses or in town. Before the program, 80 percent of low income students were drop outs, but now after the program has been in effect, only 20 percent of the students are drop-outs.

The WCTCOG even have a program for people who are 55-years of age and older, so they can go back to school and learn a trade. This is a cost effective way of taxpayer's money and then these people are able to

repay society.

Employers can participate in a service delivery program. (SDA). Applicants who are economic disadvantaged, or disadvantaged employees, one who was laid off thru no fault of their own, can be trained at the business at the cost of West Central Texas Council of Governments. Employers pay \$8.00 and get reimbursed \$4.00. Business owners are in control of hiring and firing.

The unemployment rate got high enough in this area, for Eastland County to qualify for special programs. An Economic District was set up for this area and businesses can seek funds geared toward economic development. This includes revolving loans for small businesses.

Kathy Hawkins, economic development specialist, with the WCTCOG, said they are there to help businesses already set up. They try to help businesses sell to the government and give clues as to what the government needs. She said businesses have to show the government what they have.

She said there is a lot of paperwork and it is complicated, but there is work for businesses if they want it.

She said their major objective is to let businesses know who wants what services and goods. They have very reasonable fees and have over 60 companies who utilize the center. They have been in business for over two years.

Some of the Air Force Bases in Texas said their biggest problem is finding the right people to do the work for them. The government is a shrewd buyer, but they do use small businesses.

She said the WCTCOG have the SBZ-504 loan program. It is a source of loan  
**Continued On Next Page**

## Eastland County Towns Now Working Together

The towns in Eastland County, historically rivalry, are now coming together to work with the HOOS-GOW project, according to Dr. Charles Barnes, project coordinator with the Eastland County Economic Development Council. HOOS-GOW is a project to get a state prison in Eastland County. Dr. Barnes was the guest speaker at the Cisco Chamber of Commerce quarterly breakfast held last Wednesday morning at Traditions Restaurant.

Dr. Barnes said 99 1/2 percent of the population in Eastland County are in favor of the prison being built here. If the prison is built in Eastland County, 10 percent of the employees will be brought in, but the other 90 percent of the employees will be hired from this area. The payroll will be \$1.6 million per month. This will be bigger than any other in-

dustry, in this area, including the oil and agriculture industry.

Dr. Barnes said the reason there are prisons is because people are bad, and will continue to be bad. He said he would rather see these people on the other side of bars, and not on the streets.

Barnes said not all prisoners are the kind that people need to be afraid of. He said at the present time there are 467 citizens in Eastland County who are parolees or are on probation. He said half of them were charged with felony crimes (killing, robbing, raping) and half of them were misdemeanor crimes (hot check writing, delinquent child support).

There are 22 sites in Eastland County where the prison could be built. Two good points in favor of Eastland County is that 1-20  
**Continued On Next Page**

## Bridge On Williamson Dam Is Major Concern Of TWC

There are only five concrete dams in the state of Texas, with the Williamson dam in Cisco, being the smallest of them all. The Texas Water Commission is requesting the City of Cisco to do a safety study on the dam, according to Mike Moore, city manager.

The Commission told city manager Moore, that the bridge that goes across the top of the dam is made up of a different type of concrete than what the dam is made of.

Moore said the concern of the Commission is that the concrete on the bridge, has begun to deteriorate and some concrete blocks have fallen off. He said the dam does not have any structure damage, just the bridge.

The Texas Water Commission has become interested in concrete dams since the trouble with the Possum Kingdom dam began. The Williamson Dam in Cisco is similar to the Possum Kingdom dam.

Moore told council members Tuesday that he is

checking with the Texas Department of Highways to see if they will help with the problem of the dam. He said the bridge going across the dam was once the main highway to Moran.

Moore told council members if the bridge is removed from the dam, the weight loss will damage the dam. He said the Commission's major concern is the bridge. They have no problem with the dam.

Ken Martin, city engineer, said he will prepare a step program setting up monitors on the dam. He said the Texas Water Commission can see there is no problem with the Williamson dam.

Moore said the City of Cisco is more interested in the water study at the present time. He said the water study will address the issue of Battle Creek, and how to get water from that area.

Moore said the boat ramp is out of the water again at Lake Cisco and it will take quite a bit of cement to have  
**Continued On Next Page**

**Economic Workshop Held Wednesday**

(From Page One)

term fixed assets program. Uses are for existing businesses, expansion, moving from one location to another in the same area, purchase of facilities, lands buildings, extensive renovation. The loan cannot be used for inventory renovation.

Minimum loans are \$50,000, maximum loans can be up to \$750,000 or possibly over \$1 million. The SBA takes a very bank view of loans, not a bail out view. If any business has any plans of renovation, relocating in the area, or enlarging, give them a call.

Price Arredondo, deputy director with the Department of Commerce, small business division, said the small businesses are the backbone of the economy.

He said a business without good information can't make good decisions. They must have a good plan for their business. Most of the problems with businesses is that they have no long term plan. He suggested that business owners should not wait for the economy to bounce back, but to keep going forward. Owners need to attend workshops to find out what is out there for them.

He suggested two books for business owners, a point of contact for state licenses or businesses and the Texas Road Map to Starting a Business. He said there are lots of resources for small businesses. He said there is limited resources on financing, banks are upside down right now.

Businesses need to get involved in the state legislature. He said small businesses do not have the flexibility for mistakes. It's up to businesses to call the SBA or state programs for more information. It's not just the large businesses that make a difference in the economy, it's the small businesses.

Grady Box, with the WCTCOG, said it is up to the owners to utilize information learned at workshops. He talked about the kind of loans a small business could make. He said the average small business loan is \$175,000 with payback in 5-6 years. He said they specialize in loans.

He gave an example of some of the small businesses that started out with a SBA loan, Apple Computer, Nikki Shoes, Pizza Hut, Jimmy Dean Sausage. He said there are resources out there to be used.

He said there are export assistance, veterans assistance, youth enterprise programs and small business development programs. There are all kinds of agriculture programs. He said it is easier to get a million dollar loan than to get a small loan, but there are overseas lenders.

He said business owners need to attend workshops and study materials that are given out. And communities need to work together and utilize resources. He said after hearing information on workshops don't just sit around and talk about it, work on the information and don't give up. He said he knew of one individual who went to 57 banks until he found one that would go on a loan for him.

Rusty Freed, assistant director with the Small Business Development Center, said they have been in operation for 18 months. He said their basic operation is "one on one" counseling in businesses with certain problems. He said they also work with Chamber of Commerce in the area to help develop businesses.

In the last 12 months they have held 20 workshops in the area. He said next month they will have two workshops on campus at Tarleton State University in Stephenville. He said they have a listing of workshops in his office.

Some of the addresses and phone numbers of the centers are:

Small Development Center, P.O. Box T-158, Stephenville, Texas 76402, phone, 817-968-9330.

West Central Texas Council Of Governments, P.O. Box 3195, Abilene, Texas 79604, phone, 915-672-8582.

Department of Commerce, P.O. Box 12728, Austin, Texas 78711, phone, 800-888-0511.

Phone number to get paper work for loan application, 214-767-0605, Grady Box.

be \$8,000. This does not include the base. If you would like to donate any money to help defray the cost of the statue, send your checks to the bank.

The First National Bank has the first one of the numbered miniature bronze statues on display in the bank's lobby.

The Project Lobo, is also in need of addresses of

former CHS graduates, especially those from the classes of 1980 and up. These names will be placed on a master computer list, so more information can be sent to these graduates about the reunion.

Send addresses to Project Lobo, c/o The Cisco Press, P.O. Box 1072, Cisco, Texas 76437.

This is going to be one fantastic time for all!

**Ice Cream Judging At Festival**

(From Page One)

showmanship and taste. Prizes for this event will be \$50 for first place, \$25 for second place, and \$10 for third. Ice cream cones will be sold for 25 cents or one food token, following each contest.

If you are interested in entering either contest, please contact Lori Whatley at 442-2703 for more details. There will be a limited number of entries, so please make your plans early.

**Chamber of Commerce Breakfast**

(From Page One)

runs thru the middle of the county, and the entire county is in favor of the prison locating here. HOOS-GOW project should know by September of this year if Eastland County has been chosen, and if not by then it will be this time next year before anything will be known.

During the program at the breakfast, Dr. Barnes showed a VCR tape about a prison near Palestine. It will be the same type of prison that will be built in Eastland County.

Dr. Barnes, said one of the most important men who will choose a new prison site,

Jerry Hodge, was in Eastland County last week. He was the guest speaker at the Ranger Chamber of Commerce Banquet. Mr. Hodge said he will do everything he can for Eastland County.

Barnes said if Eastland County is chosen for the site of a new prison, there would be new families moving in this area. He said wouldn't it be nice if churches were able to fill up and the school classes increase with these new families.

For more information on the HOOS-GOW project, call Dr. Charles Barnes at 442-3413.

**City Council Meeting Held**

(From Page One)

it repaired. He said letters have been sent to the Texas Parks and Wildlife Department asking them for assistance with this problem. He said when the ramp was extended in 1984, it cost the City of Cisco, \$18,875.

In other matters, the council approved a motion to designate the week of March 27-31, as Spring Clean-Up Week in Cisco. This will give people time to clean up their property before the Folklife Festival week, April 22-23.

Bruce Stovall, with West Texas Disposal, asked the City of Cisco to reduce his rental agreement with them from the amount of \$500 per month to \$250.00 per month.

Stovall said the oil production in this area has dropped dramatically since 1986. Council members agreed to lower the rental contract to \$250.00, for a six month period.

Council members also approved a motion for the city to submit a vendor direct deposit application with the State of Texas. Moore said this will save 2 or 3 days on the city receiving the tax rebate check.

**Julie White Named To OHSSOA**

JULIE WHITE Julie Dennis White, a

junior student at Cisco High School, has been selected as a member of the Outstanding High School Students of America. Members are chosen through outstanding merit and accomplishment as an American High School student.

Julie is the wife of Bill White and the daughter of Roy and Sandy Dennis of Cisco. Her grandmother is Alva Ingram, and great-grandfather is B.C. (Dick) Ingram, all of Cisco.

**Men In Service**

Navy Seaman Recruit Ronnie L. Parker, son of Ruby A. Symmonds of 810 W. 13th Street, Cisco, Texas, has completed recruit training at Recruit Training Command, Great Lakes, Ill.

During Parker's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

Parker's studies included seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

A 1985 graduate of Midland High School, Midland, he joined the Navy Reserves in November 1988.

**Northview Benefit Walk-A-Thon**

Northview Development Center in Eastland is sponsoring a St. Patrick's Day Benefit Walk-A-Thon next Saturday, March 18. The Walk will begin at Wal-Mart at 9 a.m., and last until around noon. Participants will take pledges for canned or staple food for the Eastland County Food Pantry. Refreshments will also be sold in front of Wal-Mart to benefit the Special Olympics program.

This Community Service Walk is part of Northview's way of celebrating National Mental Retardation Month. About 30 out of the 54

Northview residents are planning to take part. The general public is urged to come out and participate in the event - either by walking or giving pledges.

A safe off-street route is planned for the Walk-A-Thon. Joyce Hewett, Northview Staff member, and Jackie Kincheloe, Administrator, are directing the event. This is the cooperation of Wal-Mart and the Assistance of local Churches and the Eastland Fire Department. Come out and join the fun and help the County Food Pantry.

## Furman F. Terrell

EASTLAND-Furman F. Terrell, 81, died Thursday at a local nursing home.

Services were held at 2 p.m. Monday at Bakker Funeral Home Chapel with the Rev. Jasper Masseege officiating. Burial was in Eastland Cemetery.

Born in Graford, he grew up in Mineral Wells. He was a former resident of Palo Pinto, moving to Lake Leon in 1971. He was a retired truck driver for Humble Oil Company and was employed by Boat-Tel in Lake Leon since 1971. He was a Baptist and the widower of Opal Hunt Terrell.

Survivors include a daughter, Marjorie Hopper of Kansas City, Mo.; a niece, Jerry Terrell of Midland; a nephew, Curtis Terrell of Mill Valley, Calif.; four granddaughters; and six great-grandchildren.

## Irven Hershell Phippen

CISCO-- Irven Hershell Phippen, 91, died Tuesday, March 14, 1989, at an Abilene hospital.

Services were held at 2 p.m., Thursday, March 16, at the First Baptist Church with the Rev. Jim Manning officiating. Burial was in the Dennis Cemetery, directed by Kimbrough Funeral Home.

Born November 22, 1907, in the Dathan Community, he was the son of Neal and Ellison Phippen, early day settlers along Battle Creek, near Cisco.

He was a rancher and a farmer and a member of the First Baptist Church. He married Ouida Richardson, September 19, 1930, in Norman, Oklahoma.

Survivors include his wife, Quida of Cisco; three daughters, Pat Phippen of San Angelo, Pansy Phippen Hill of Abilene, and Lynne Phippen Sander of Lubbock; two brothers, Jeff Phippen and Clarence Phippen both of Cisco; a sister, Avo Moore of Desert Hot Springs, Calif.; four grandchildren, Perry Hill, Jody Hill, Jennifer Hill Campbell and Julie Sander; three great-grandchildren, Jeremy Campbell, Daniel Hill, and Ross Hill.

Named as pallbearers were Freddy Anderson, Harold Phippen, Bennie Phippen, Harold White, N.M. Coats, and Bill Yeager.

Named as honorary pallbearers were Jimmie Lee, Arlin Bint, Clifford Phippen, J.V. Heysler and Major Farnsworth.

## Brush Control Field Day Tuesday

Chemical Brush Control for Small Acreages will be the topic of a three county program and field day in Rising Star on Tuesday, March 28th. Agricultural Committees in Brown, Comanche, and Eastland Counties' planned

the program for all landowners interested in chemical control of small acreages.

Texas Agricultural Extension Service Specialist, Drs. Tommy Welch and Barron Rector will discuss individual plant treatment of oak,

mesquite, greenbriar, prickly pear and other important species. They will also discuss grass management following brush control.

The announcement of the planned program was made by Extension Agents Chuck

Threest-Brownwood, David Tumire-Comanche and DeMarquis Gordon-Eastland.

They said the program would begin at 9:30 a.m. at the First Baptist Church Fellowship building in Rising Star. The indoor program will continue until 12:00 noon. At that time, a free barbecue lunch will be served courtesy of four chemical companies. The Upper Leon Soil and Water Conservation District will also be a sponsor of the program.

After lunch, there will be a tour of brush control demonstrations in Southern Brown County near Rising Star. Three will discuss the demonstration and results. Specialists and chemical company representatives will demonstrate methods of individual plant treatment and will identify plant species.

Chemical companies sponsoring the noon meal includes Sandoz Crop Protection, DuPont Agricultural Products, Elanco, and Dow Chemical Company.

The Agents encourage everyone interest in brush control to attend the program and field day.

## Sheriff's Dept. News

Crime seemed to slow down some this week for the Eastland County Sheriff's Dept. and at a good time. Sheriff Dee Hogan and Deputy Don Griffith spent part of the week in a school in Fort Worth learning about the laws and the Fourth Amendment.

## WORD of GOD

### PARABLE OF JESUS Parable of the Prodigal Son - (continued)

Now his elder son was in the field; and as he came and drew nigh to the house, he heard music and dancing.

And he called one of the servants, and asked what these things meant.

And he said unto him, Thy brother is come and thy father hath killed the fatted calf, because he hath received him safe and sound.

And he was angry, and would not go in: therefore came his father out, and entreated him.

And he answering said to his father, Lo, these many years do I serve thee, neither transgressed I at any time thy commandment: and

They now know how to write search warrants.

The only crime reported to the Dept. in the last few days was the burglary of the Hernandez residence on Hwy. 571 just south of Ranger around 3:30 Thursday afternoon. A Sears Quasar VCR was taken. Entry was by

breaking a window and exit was through a door.

Two men are to be transported back to Eastland for trial this week.

Felony charges are to be filed against a Cisco man who was formerly convicted of burglary and released on 7 years probation. He is out of the county at present. An gun in his possession was found to have been taken in another burglary between Carbon and Okra.

Sheriff's Dept. officers have been working some long hours, but maybe they will have some relief. Morris Hardin, a Cisco policeman who is experienced, qualified and highly recommended by Cisco officers, has been hired as a new deputy.

## Pharmacy Topics

By Bob Mueller

Research at Memorial Sloan-Kettering Cancer Center in New York indicates that a synthetic blood-cell growth hormone helps cancer patients maintain a normal blood count in chemotherapy. Without it, a dangerously low blood count could force suspension of treatment.

Vitamin and mineral supplements seems to boost the IQ in youngsters, a British study found. Similar reports come from California State University.

Because diuretics may in some cases increase blood cholesterol and set off abnormal heart rhythms, some doctors order salt restriction for hypertensives, says the Journal of American Medical Association.

To avoid travelers' diarrhea, tourists of the future may take an "immunizing" tonic. Researchers at the University of Maryland School of Medicine are using pregnant cows to produce protective antibodies.

First-time mothers in their early 30s have babies as healthy as the firstborn of women in their 20s, according to the National Infant Mortality Survey. Risks are higher when new mothers are over 40.

You'll find everything you need to take care of your little one at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

## ENGAGEMENT

## Cross - Abrego

Mr. and Mrs. Ronald G. Davis of Cisco announce the engagement of their daughter, Amy Colette Cross of Arlington, to Russell Martin Abrego of Arlington, son of Mr. and Mrs. Richard R. Grant, also of Arlington.

They will be married Sunday, March 19, at 3 p.m. at Arlington Christian Center.

Miss Cross is a 1988 graduate of Cisco High School and is currently employed as a private nurse in the Arlington area.

Mr. Abrego is a 1988 graduate of Evangel Temple High School and is in the Army National Guard, pursuing a bachelor's degree in military science.

## Welfare Checks Top \$6 Million

The state spent a total of \$6,009,266 last year for major welfare programs in Eastland County, according to Ray L. Dunavant, regional administrator for the Texas Department of Human Services.

"Medical assistance had the biggest impact, with \$4,430,982 spent for aged and disabled residents of the county and \$391,844 for families and children in the county," Dunavant said.

Food stamps worth \$999,120 were issued for the fiscal year which ended Aug. 31, while Aid to Families with

Dependent Children (AFDC) totaled \$187,320. Food stamps are funded entirely by the federal government, while the department determines eligibility of applicants and issues the food coupons.

The state and federal governments share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability of one

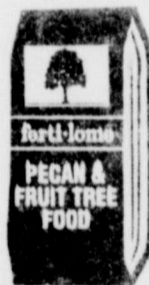

or both parents. In addition to services and assistance to low-income residents of the county, the department extended protective services to 33 abused and neglected children and their parents or caretakers. These services, furnished without regard to family income, were designed to reduce or eliminate danger to children.

## News Briefs

### CISCO

The Cisco Hospital Board of Directors voted Wednesday to put a referendum on the May 6 ballot to increase taxes for E.L. Graham Memorial Hospital. The referendum asks for an increase from 12.724 cents per \$100 property valuation to 28.409 cents. This levy would be for the next three years, with an option to decrease it if Congress increases Medicare payments to rural hospitals. Hospital Administrator Marvin Cole recommended the tax referendum to the Board, saying that if the tax increase didn't pass the Board should set a closing date for the hospital. Cole stated the average monthly income from patients is \$57,000, with monthly operating expenses averaging \$75,000. The deficit is using up the reserves, he said. The hospital currently has \$96,000 left in reserves from tax money investments, it was reported.

Plans are in the making for a big Memorial Day program to be held in the Cisco Cemetery on May 29. At the present time the Program Committee is looking for any Gold Star mother in Cisco. This would be a mother who has lost a son or daughter in WWII or the Korean or Viet Nam War. The Committee would also like to hear from any family of a P.O.W. who is living in the area, or from any Medal of Honor winners. If you have information on any of these people, please call Louis Nelms at 442-1907.

The Cisco Junior College Board of Regents has approved a study for a Fitness Center on the campus. James H. Wheeler Architects of Abilene was chosen to conduct the study. Dr. Roger C.

Schustereit, CJC President, said, "The proposed fitness center will be a fine addition to the campus and the community. As soon as we get a better picture of cost, a decision whether to proceed or not can be made." Tentative plans for the center would include a weight and exercise area and racquetball courts.

An enchilada dinner will be held Friday, April 7 at the Fellowship Hall of First Christian Church. This event is sponsored by the Church and the Christian Women's Fellowship. Enchiladas, drinks and dessert will be served, with cost per plate \$4.50 for adults and \$2.25 for children. Tickets may be purchased at the Church office or Hargrove Insurance office.

### RISING STAR

Candace Davis, just two years old, will undergo open heart surgery at Cook's Children's Hospital in Fort Worth on March 22. Candy, daughter of Dottie and Russell Davis of Rising Star, was born with a hole in her heart. Because she was born with this defect, her parents have been unable to get insurance coverage for the needed repair surgery. Friends of the family are making a public appeal for aid. A special account has been set up at First State Bank of Rising Star, and jars have been put in grocery stores. If you would like to help, you may make a deposit to the Candace Davis Fund, #17-316-9, First State Bank, Drawer 67, Rising Star, Tx. 76471. All contributions will be deeply appreciated.

### RANGER

The Ranger Ministerial Alliance announces that every third Sunday of the month

there will be a Gospel Hymn Sing at one of the local Churches. These will be from 2-4 p.m., and the first one will be Sunday, March 19 at the First Baptist Church. If you would like to sing a special song you are asked to contact Jim Duncan, Music Director of the First Baptist Church, 647-3261. All persons interested in Gospel Singing are invited to come to these monthly events. Next month the Singing will be on Sunday, April 16 at the First Christian Church.

St. Jude's Children's Research Hospital has announced that Bob Johnson will coordinate the Research Hospital's "Wheels For Life" Bike-A-Thon in Ranger on May 13. St. Jude's Children's Research Hospital is the largest childhood cancer research-treatment-education center in America. The citizens of Ranger and around the area are encouraged to help support the Bike-A-Thon and the worthy work of St. Jude Children's Research Hospital.

Donations are still needed for the Premium Sale on Saturday, March 18, starting at 7 p.m. in the Show Barn. Please give what you can, and show the 4-H and FFA members that their hard work and effort have not been forgotten. Take your donations to H&R Feed Store or call Tom Peeble at 647-3027 or Mike Fisher at 647-3042.

### EASTLAND

The Eastland County Stock Show is winding down this weekend, after activities since Wednesday. Six Hundred and twenty six animals, not including entries in the dog show, were registered to be shown. Animals will be removed from the grounds after noon on Saturday. An Ag Boosters Barbeque will be at 4:30 p.m., with a drawing at 5:30 p.m. Then at 7 p.m. qualifying animals will be auctioned and special awards presented. This looks like an excellent Stock Show this year, with a number of people participating.

James Wortman, Eastland Band Booster President, announces that the Community Birthday Calendar sales have been extended through the month of March. The Community Calendar will have a lot of information about community events, the EHS and EJHS Football games and many other activities through Sept. 1989 - August 1990. Funds raised by the Calendar will help defray the cost of Florida Bound '89, a festival of events which the Eastland Maverick Band has been invited to attend at Walt Disney World next June 8-14. The Calendars are \$3 each and each listing is 50¢.

The Knights of Pythias may recognize a Lodge in Eastland. A local Lodge which listed many businessmen and civic leaders met from the 1920's until the Lodge closed in 1975. Local businessman Cecil Hollifield, a member of Mineral Wells Lodge, is trying to reorganize the local group. His phone number is 629-8243.

## Life Of Christ Pageant To Beign 25th Year Easter Sunday

The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1980 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, will begin its 25th year of productions with the annual Easter Sunrise Pageant at 3:30 a.m. on Easter Sunday, March 26, 1989 ending at sun up.

This production is the complete LIFE OF CHRIST from the birth through the resurrection portrayed by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATION, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from. Included with the cast is a donkey for the Mother Mary,

a white donkey for the Triumphant Entry of Jesus and a camel for the wisemen.

Live religious and gospel music will be performed in the huge amphitheater starting at 1 a.m. through 3 a.m. by professional singing groups. Thousands have enjoyed this 2 hours of live entertainment during the past years. So, plan to come early, take a tour of the Religious Diorama, then enjoy the live musical groups that have been booked for your enjoyment preceding the pageant production. No admission will be charged other than the donation as you enter the grounds.

Admission is a FREEWILL OFFERING, FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hookups are

available for a minimal fee. A concession stand and clean restrooms are available on the grounds for the convenience of those attending.

Summer production of the pageant will begin June 15, 1989 and will be presented each Thursday and Friday night at 9 o'clock DST through August 11, 1989.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. til 4 p.m. During Easter weekend this Diorama and Museum will open continuous from 7 p.m. Saturday through 1 a.m. Sunday with the tour beginning each hour on the hour. The Diorama will reopen at 10 a.m. Easter Sunday and remain open until 4 p.m.

The Diorama is scenes from both Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as possible with NARRATION, also from the King James Bible, and SOFT ORGAN MUSIC for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you a feeling of being right there with the biblical characters. Admission to the Diorama is children 6 through 11 \$2.00 and Adults \$2.50. Each tour last 1 1/2 hours.

So now, plan a spirit filled trip and come to the LIFE OF CHRIST PAGEANT halfway between Cisco and Eastland, Texas on U.S. Highway 80.

For further information, contact the LIFE OF CHRIST PAGEANT Route No. 2 Box 46, Cisco, Texas 76437 or Phone 817-629-8672.

# Prison Facts

The Texas Department of Corrections operates 28 prison units throughout the state. The units vary in size and industrial and agriculture programs. They also vary in the type of inmate housed (young offenders, or recidivists; male or female; inmates with special needs). Several units have special purposes: Diagnostic is the receiving center for males; Gatesville is the receiving center for females; Jester I is the Pre-Release Center and Goree is where sociological interviews for newly received inmates are conducted; the Mental Retardation Offender Program is located at Beto I and Gatesville; the Psychiatric Center is located at Mountain View and Ellis II; and the TDC Hospital provides special treatment, acute care and major surgery. There are 10 Trusty Camps located on Beto I, Clemens, Darrington, Ellis I, Ellis II, Eastham, Ferguson, Gatesville, Ramsey III, and Wynne. These camps have a total capacity of 1,981 inmates.

UNIT	POPULATION (as of August 31, 1987)	WARDEN
Beto I	3,336	Terry L. Terrell
Beto II	1,059	Michael Countz
Central	916	Lepher Jenkins

**— AUTHORITY —**  
It shall be the policy of this State, in the operation and management of the Department of Corrections, to so manage and conduct the same in that manner as will be consistent with the operation of a modern prison system, and with the view of making the Department self-sustaining and that those convicted of violating the law and sentenced to a term in the Department of Corrections shall have humane treatment, and be given opportunity, encouragement, and training in the matter of reformation.

## VERNON'S CIVIL STATUTES OF THE STATE OF TEXAS

### BOARD OF CORRECTIONS

The Board of Corrections is composed of nine non-salaried citizens appointed by the Governor of Texas for overlapping six-year terms. It is the function of the Board to guide the administration and operation of the Department in the areas of policy, planning and budgetary matters.

### DEPARTMENT MANAGEMENT

The Board of Corrections appoints the Executive Director of the Texas Department of Corrections, who, in turn, is responsible for the day-to-day operation and management of the Department.

All departmental operations are accomplished through four separate divisions. The responsibility for the day-to-day operation and management of each division is delegated by the Executive Director.

### DIVISIONS

The EXECUTIVE DIVISION is responsible for the general management of TDC and for implementing the policies established by the Board of Corrections. This division is composed of: Public Information, Legal Affairs, Staff Counsel for inmates, Internal Audit, and Internal Affairs.

The FINANCE DIVISION is responsible for the accountability of all funds available to TDC, and for providing support to all departments and units. This division is composed of Financial Operations, Budget and Management Services, Data Processing, Purchasing, Inmate Work Programs, and Personnel and Training.

The HEALTH SERVICES DIVISION is responsible for providing comprehensive health care to all inmates. This division is composed of Psychiatric Services, Clinical Services, Medical Chief of Staff, Health Administration and Dental Services.

The OPERATIONS DIVISION is responsible for the coordination of security at TDC units, and for providing inmates with programs designed to facilitate rehabilitation. This division is composed of Institutional Support, Northern Region, Central Region, Southern Region, Classification and Treatment, and the Windham School System.

### WINDHAM SCHOOL SYSTEM

1986-87 School Year

Average academic monthly enrollment	7,146
Inmates receiving high school or equivalency diplomas	2,519
Average vocational monthly enrollment*	1,626
Inmates receiving vocational certificates**	1,344

\* This figure is based upon attendance rosters, per WSS.

\*\* This figure is for those inmates receiving Certificates of Achievement, per WSS.

## PRIOR CONFINEMENTS IN TDC

(Based on August 31, 1987 population)

No. of Prior Confinements	Total male	Percent	Total Female	Percent

### DAILY COST PER INMATE AND THE INMATE TO EMPLOYEE RATIO

Fiscal Year	Daily Cost Per Inmate	Inmate to Employee Ratio
1976	5.99	6.8/1
1983	14.57	5.3/1
1984	17.70	4.1/1
1985	21.00	3.1/1
1986	25.07	3.0/1
1987	26.94	2.6/1

For the purposes of calculating the inmate to Employee Ratio, the total number of inmates is divided by the total number of employees.

### INMATE SEGREGATION CLASSES

(Based on August 31, 1987 population)

Segregative Classification	Total Inmates	Percent
First Offender 17-21	2,935	7.46
First Offender 22-25	3,824	9.72
First Offender 26-over	9,450	24.02
Recidivist 17-21	1,862	4.23
Recidivist 22-25	3,751	9.54
Recidivist 26-over	14,302	36.36
Habitual 26-over	3,410	8.67
Total	39,336	100.00
Data not Available	318	

### INTELLIGENCE QUOTIENT

(Based on August 31, 1987)

I.Q. Score	Total Inmates	Percent
Below 80	10,400	26.78
80-89	9,857	27.25
90-99	7,617	21.06
100-109	5,478	15.14
110-119	2,348	6.49
Above 119	463	1.28

## Gail Lambert Beaton Honored As 'Woman Of Excellence'

Cisco native Gail Lambert Beaton was recently honored in Kokomo, Indiana, as one of four "Women of Excellence." This honor includes induction into the Academy of Women, an organization developed to recognize the services of women to the community.

Winners were selected by judges from outside Kokomo from a list of 20 nominations. Criteria for the award included making contributions that will have continuing impact, demonstrating excellence in performance, opening opportunities for other women and manifesting leadership through motivating others.

"The caliber of nominees was outstanding and we are very proud to honor all of the women and their contributions to this community," said Chairwoman Mary Drury. "Kokomo is better because of them."

Beaton, daughter of Cisco resident Jessie Stuard Richards, and granddaughter of Jake and Ila Stuard, was named as

"Woman of Excellence" in the area of Human and Community Services and was particularly recognized for her work in developing and maintaining services for battered women in the north central Indiana area. She has been responsible for program development and has served as chairwoman of Peer Review program for the Indiana Coalition Against Domestic Violence. Beaton has been active in a number of community services and organizations as well as serving as adjunct instructor of sociology at Indiana University in Kokomo.

Each winner received a gold and diamond pin, an original design by Jeff Watson in which an open circle represents the community with diamonds representing the women's involvement.

Beaton, assistance director of the YWCA of Kokomo, resides in Kokomo with her husband, Donald. She is a graduate of Sam Houston State University, Wayne State University, and Indiana University.

## Red Measles Outbreak In Houston Is Still A Threat

When an outbreak of rubella (red measles) began in Houston last November officials at the Texas Department of Health (TDH) predicted that susceptible travelers might contract the disease and transport it to other cities. That prediction became fact, with several cases on college campuses traced to Christmas break in Houston.

Now, with the unusually large outbreak continuing in Houston, health officials have issued a new warning. TDH is concerned that many of the more than 50,000 people expected at Houston's livestock show and rodeo (Feb. 16-26) also could contract and transport the disease statewide.

While the new cases are occurring in all age groups, most patients are toddlers and infants less than 15 months old, and young adults, often high school and college students. Health clinics on several campuses have reported a growing number of students with measles, most of whom were exposed to the virus during trips to Houston.

Robert D. Crider, director of TDH's Immunization Division, said that the Houston outbreak began late last year with about 50 infants and children. Until that outbreak began, only 17 cases of measles had been reported throughout the state for the first 10 months of 1988. But by the end of December, the year's total reached about 250. New cases continue to be reported at an alarming rate.

Crider said that the Houston area still is the source of most reports. "Between November, when the first of the Houston outbreak began, and early February, more than 900 cases of measles have been reported in Harris County alone," Crider said. "In all of 1987, there were only about 45 measles cases in the whole state."

Crider attributed the sharp rise in the number of

cases to several factors. He explained, "Many people seem to have forgotten how contagious the measles virus is. It can infect any susceptible person who is exposed to it. By susceptible, I mean anyone who has not had the disease, or whose immunization was not successful - about 3-5 percent of those vaccinated. Measles is so contagious that until the advent of vaccines, few people reached adulthood without being infected - hence the misconception that measles is a 'childhood' disease."

He added that persons born before 1957 are likely to have been infected earlier with red measles and are generally not considered susceptible to the disease.

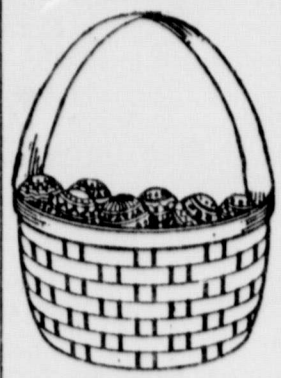

Since 1981 state law has required that all children entering public or private school must show proof of immunization for measles, or furnish a physician-validated history of measles illness. On physicians' advice to parents, most children are routinely immunized at 15 months with measles-mumps-rubella vaccine. The result is that for some years, measles among young children dramatically declined. In 1983, for example, Texas reported only 37 cases.

The symptoms of red measles are fever, runny nose, cough, watery eyes, and a rash which first appears on the head and face, eventually spreading over the body. Crider stressed that red measles, rubella, should not be confused with rubella, German measles, which can cause serious birth defects in the babies of infected mothers.

## News Briefs

### CISCO

The Cisco Hospital Board of Directors voted Wednesday to put a referendum on the May 6 ballot to increase taxes for E.L. Graham Memorial Hospital. The referendum asks for an increase from 12.724 cents per \$100 property valuation to 28.409 cents. This levy would be for the next three years, with an option to decrease it if Congress increases Medicare payments to rural hospitals. Hospital Administrator Marvin Cole recommended the tax referendum to the Board, saying that if the tax increase didn't pass the Board should set a closing date for the hospital. Cole stated the average monthly income from patients is \$57,000, with monthly operating expenses averaging \$75,000. The deficit is using up the reserves, he said. The hospital currently has \$96,000 left in reserves from tax money investments, it was reported.

Plans are in the making for a big Memorial Day program to be held in the Cisco Cemetery on May 29. At the present time the Program Committee is looking for any Gold Star mother in Cisco. This would be a mother who has lost a son or daughter in WWII or the Korean or Viet Nam War. The Committee would also like to hear from any family of a P.O.W. who is living in the area, or from any Medal of Honor winners. If you have information on any of these people, please call Louis Nelms at 442-1907.

The Cisco Junior College Board of Regents has approved a study for a Fitness Center on the campus. James H. Wheeler Architects of Abilene was chosen to conduct the study. Dr. Roger C.

Schustereit, CJC President, said, "The proposed fitness center will be a fine addition to the campus and the community. As soon as we get a better picture of cost, a decision whether to proceed or not can be made." Tentative plans for the center would include a weight and exercise area and racquetball courts.

An enchilada dinner will be held Friday, April 7 at the Fellowship Hall of First Christian Church. This event is sponsored by the Church and the Christian Women's Fellowship. Enchiladas, drinks and dessert will be served, with cost per plate \$4.50 for adults and \$2.25 for children. Tickets may be purchased at the Church office or Hargrave Insurance office.

### RISING STAR

Candace Davis, just two years old, will undergo open heart surgery at Cook's Children's Hospital in Fort Worth on March 22. Candy, daughter of Dottie and Russell Davis of Rising Star, was born with a hole in her heart. Because she was born with this defect, her parents have been unable to get insurance coverage for the needed repair surgery. Friends of the family are making a public appeal for aid. A special account has been set up at First State Bank of Rising Star, and jars have been put in grocery stores. If you would like to help, you may make a deposit to the Candace Davis Fund, #17-316-9, First State Bank, Drawer 67, Rising Star, Tx. 76471. All contributions will be deeply appreciated.

### RANGER

The Ranger Ministerial Alliance announces that every third Sunday of the month

there will be a Gospel Hymn Sing at one of the local Churches. These will be from 2-4 p.m., and the first one will be Sunday, March 19 at the First Baptist Church. If you would like to sing a special song you are asked to contact Jim Duncan, Music Director of the First Baptist Church, 647-3261. All persons interested in Gospel Singing are invited to come to these monthly events. Next month the Singing will be on Sunday, April 16 at the First Christian Church.

St. Jude's Children's Research Hospital has announced that Bob Johnson will coordinate the Research Hospital's "Wheels For Life" Bike-A-Thon in Ranger on May 13. St. Jude's Children's Research Hospital is the largest childhood cancer research-treatment-education center in America. The citizens of Ranger and around the area are encouraged to help support the Bike-A-Thon and the worthy work of St. Jude Children's Research Hospital.

Donations are still needed for the Premium Sale on Saturday, March 18, starting at 7 p.m. in the Show Barn. Please give what you can, and show the 4-H and FFA members that their hard work and effort have not been forgotten. Take your donations to H&R Feed Store or call Tom Peeble at 647-3027 or Mike Fisher at 647-3042.

### EASTLAND

The Eastland County Stock Show is winding down this weekend, after activities since Wednesday. Six Hundred and twenty six animals, not including entries in the dog show, were registered to be shown. Animals will be removed from the grounds after

noon on Saturday. An Ag Boosters Barbeque will be at 4:30 p.m., with a drawing at 5:30 p.m. Then at 7 p.m. qualifying animals will be auctioned and special awards presented. This looks like an excellent Stock Show this year, with a number of people participating.

James Wortman, Eastland Band Booster President, announces that the Community Birthday Calendar sales have been extended through the month of March. The Community Calendar will have a lot of information about community events, the EHS and EJHS Football games and many other activities through Sept. 1989 - August 1990. Funds raised by the Calendar will help defray the cost of Florida Bound '89, a festival of events which the Eastland Maverick Band has been invited to attend at Walt Disney World next June 8-14. The Calendars are \$3 each and each listing is 50¢.

The Knights of Pythias may recognize a Lodge in Eastland. A local Lodge which listed many businessmen and civic leaders met from the 1920's until the Lodge closed in 1975. Local businessman Cecil Hollifield, a member of Mineral Wells Lodge, is trying to reorganize the local group. His phone number is 629-8243.

## Life Of Christ Pageant To Beign 25th Year Easter Sunday

The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1980 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, will begin its 25th year of productions with the annual Easter Sunrise Pageant at 3:30 a.m. on Easter Sunday, March 26, 1989 ending at sun up.

This production is the complete LIFE OF CHRIST from the birth through the resurrection portrayed by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATION, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from. Included with the cast is a donkey for the Mother Mary,

a white donkey for the Triumphant Entry of Jesus and a camel for the wisemen.

Live religious and gospel music will be performed in the huge amphitheater starting at 1 a.m. through 3 a.m. by professional singing groups. Thousands have enjoyed this 2 hours of live entertainment during the past years. So, plan to come early, take a tour of the Religious Diorama, then enjoy the live musical groups that have been booked for your enjoyment preceding the pageant production. No admission will be charged other than the donation as you enter the grounds.

Admission is a FREEWILL OFFERING, FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hookups are

available for a minimal fee. A concession stand and clean restrooms are available on the grounds for the convenience of those attending.

Summer production of the pageant will begin June 15, 1989 and will be presented each Thursday and Friday night at 9 o'clock DST through August 11, 1989.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. til 4 p.m. During Easter weekend this Diorama and Museum will open continuous from 7 p.m. Saturday through 1 a.m. Sunday with the tour beginning each hour on the hour. The Diorama will reopen at 10 a.m. Easter Sunday and remain open until 4 p.m. The Diorama is scenes from

both Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as possible with NARRATION, also from the King James Bible, and SOFT ORGAN MUSIC for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you a feeling of being right there with the biblical characters. Admission to the Diorama is children 6 through 11 \$2.00 and Adults \$2.50. Each tour last 1 1/2 hours.

So now, plan a spirit filled trip and come to the LIFE OF CHRIST PAGEANT halfway between Cisco and Eastland, Texas on U.S. Highway 80.

For further information, contact the LIFE OF CHRIST PAGEANT Route No. 2 Box 46, Cisco, Texas 76437 or Phone 817-629-8672.

# Commodity Distribution For Eastland County

Central Texas Opportunities, Inc. will distribute USDA Commodities in Eastland County:

3-21-89 Tues., Cisco-Gaslight Apts. 8:00 - 10:00 a.m.  
 3-21-89 Tues., Rising Star - Sr. Citz. Ctr. 1:00 - 2:30 p.m.  
 3-22-89 Wed., Eastland - Sr. Citz. Ctr. 8:00 - 10:00 a.m.

3-22-89 Wed., Carbon-Downtown 11:30-12:00 p.m.  
 3-22-89 Wed., Gorman - Sr. Citz. Ctr. 1:00 - 2:00 p.m.  
 3-22-89 Wed., Desdemona - School 2:30 - 3:00 p.m.  
 3-23-89 Thurs., Ranger - Sr. Citz. Ctr. 8:00 - 10:00 a.m.

Items available this month are: Butter, flour, honey, egg mix and beans.

CTO has no control over what items are available or the quantity of the items. Allocation of all commodities depends on the availability of food items from the USDA.

All eligible persons will receive emergency food assistance without regard to race, sex, political beliefs, age, national origin, or handicap. Shelters are encouraged to designate an authorized representative to pick up for them. Commodities will be distributed on a first come/first serve basis. Volunteers are greatly needed and appreciated to help with this much needed program.

of course, the two suspects leave with the victim's money. If you are approached by someone who suggests "getting something for nothing," or "beating someone out of something," or they want you to put up some money, contact the police or the County Sheriff's Dept.

# Beware Of Con Game

A three card monte con game has been in operation in the San Angelo area, according to law enforcement officers there, and it could move into the Eastland County area.

Suspects are a 5'5", 200 pound white male aged 55, and a 5', 130 pound black male aged 30-35.

After going to the bank with the victim, but not going inside, the white suspect will hold the money to present to the black suspect. The two will then make an excuse to leave.

The con game may be played in a motel room, and

# Renditions Due March 31

The State Property Tax Code requires that all tangible personal property used for the production of income be rendered each year. The Eastland County Appraisal District offers this reminder to all business owners who have not yet returned or filed their 1989 business renditions. Renditions filed after March 31 cannot be considered as timely filed under the provisions of the Tax Code.

ond floor of the Eastland County Courthouse.

If you own a business and have not yet filed your rendition, you are urged to do so before the deadline. For information concerning the rendition or for additional rendition forms; you should contact the Eastland County Appraisal District at 629-8597. The Appraisal District office is located on the sec-

# Family Planning Clinic

**National Ag Day Observances To Honor Food, Fiber Providers**

COLLEGE STATION—One might say that urban dwellers, farmers and ranchers are "partners."

Their partnership involves their dependency on each other for the products and services essential to their busy lifestyles and businesses, according to Dr. Carl Anderson.

Anderson said that's a major reason why business and consumer groups will have an opportunity to join in a special observance honoring good and fiber providers of the nation in March.

The occasion will be National Agriculture Day on March 20, said Anderson, a Texas Agricultural Extension Service economist.

Anderson said dates for National Agriculture Week, planned in conjunction with Ag Day, have been set for March 19-25.

National Agriculture Day is timed to coincide with the arrival of spring, the season of growth and development, and is tied to the March equinox, Anderson said.

He said the two observances are intended to give state and national recognition to the people, organizations and businesses responsible for producing the "most abundance, highest quality and most reasonably priced food and fiber supply in history."

Anderson said that all groups work together in processing and marketing food and fiber products. In addition, they are all consumers of these products.

He said movement of food and fiber from its place of origin to supermarkets and family tables provides jobs and income for about one-fifth of the work force.

**FREE TICKETS TO THE MAJESTIC THEATRE**  
Find your name in **CAPITAL LETTERS** in the **CLASSIFIED ADS** of this issue at your local newspaper and claim **FREE** tickets.

"One of every 40 Texans is a farmer or rancher. In addition, about 20 percent of the state's retail trade business is closely associated with agricultural production and marketing of food and fiber products," Anderson said.

he said that nationally, one of every five jobs in private enterprises is tied to agriculture.

With roughly \$11.5 billion in cash receipts from farm and ranch products in 1988, Texas continues to rank second behind California nationally, Anderson said.

"These farm and ranch receipts have a total economic impact of more than \$35 billion," Anderson said.

The economist said that Texas traditionally is number one in the sales of cattle and calves, cotton, sheep and wool, goats and mohair, cabbage and spinach.

With production of an abundance of high quality food and fiber an inherent mark of American agriculture, consumers spend farm less of their take-home pay on food than people elsewhere

in the world, he said. "Today, that averages about 15 cents of every dollar or disposable income, with five cents of that spent on food eaten outside the home," Anderson said.

He said that farm and urban residents together make the best food and fiber combination team anywhere in the world.

"This gives the U.S. the capacity to feed its own people and to export for economic gain and humanitarian purposes as well," Anderson said.

**Photo Exhibit Shows Role Of Rural Women**

COLLEGE STATION—Rural Women played a significant part in shaping Texas agriculture, said speakers at a symposium at Texas A&M University Feb. 24 commemorating the opening of a photography exhibit, "Rural Texas Women at Work 1930-1960."

Mrs. Florence Low, assistant director emeritus for the Texas Agricultural Extension Service, gave an overview of Extension programs for women from 1930-1960.

"Extension agents had a hard time because book learn-

ing was not as popular during this time," she said. "Women had many responsibilities, and mothers taught daughters housekeeping. Most of the early teaching was done by 'show and tell'."

Mrs. Lenora Speir Poole of Manchaca was a member of the Extension Homemakers Club for 55 years. Serving in many leadership positions, Poole said the friends she made in the organization provide the fondest memories of her work.

"The Homemakers Club taught women how to cope with problems and time management practices," she said. "There will always be a place for this program."

"A Farm Woman's Work: The Life of Sally DeLoach" was presented by Janet Neugebauer, assistant archivist of the Southwest Collection at Texas Tech University.

By reading excerpts from the diary of DeLoach's husband, Neugebauer portrayed the day-to-day lifestyle of women in a rural society.

Dr. Evelyn King, assistant director for Collection Inter-

pretation at Texas A&M's Sterling C. Evans Library, presented "Ruffles and Frills: Women on the Ranching Frontier."

Rural women liked to be ladies but know how to dress and act appropriately for the agricultural sector of their lives, King said. She presented an entertaining account of rural women and their lifestyle.

Dr. Sara Alpern, Texas A&M associate professor of history, chaired the symposium.

The 20-foot-by-20-foot exhibit is currently on display at the Evans Library. Organizations interested in displaying the exhibit may contact Dr. Charles Schultz, Evans Library, Texas A&M University, College Station, Tex. 77843; telephone: (409) 845-1815.

**CLEANING**  
Here's an appetizing thought for you: while you're reading this, little snake-like creatures are multiplying, growing and spreading all over your teeth.  
The little creatures are bacteria. Along with saliva and food particles, they form a substance called plaque. And plaque is to your teeth what termites are to your house. Luckily, two very effective and powerful weapons have been developed to combat plaque. Respectively, they are the toothbrush and dental floss. Regular brushing and flossing keeps plaque formation to a minimum. Be sure, however, to include another vital tactic in your regimen of dental hygiene, regular visits to a Dental Hygienist. Preferably ours. A Dental Hygienist has the ability to recognize, monitor and often prevent dental hazards.  
Brushing, flossing and periodic cleaning and inspection is a simple program and one guaranteed to keep plaque from playing dirty tricks on your teeth.  
For more information about hygiene and other aspects of today's dentistry, phone for a consultation.

## Fishing Outdoors

By Terry L. Wilson

The snow drifts are gone and shortly after their melting, Eastland appeared to have a boat on every corner. And most of the anglers I spoke with since are having excellent success. Lake Cisco, as low as it has been producing some excellent crank-bait fishing as well as jigs in 2-6 feet of water. There were only two smallmouths reported being caught but both of these were near four pounds. Lake Leon's black bass have been typical pre-spawn angling, hit and miss. Anglers fishing on the same day, one boats lots of nice bass up to 6 pounds. While the angler has a dry run fishing the same section of the lake, Leon's crappie run in the river section fell short of the previous years, but the baited boat house angling has been fair. Lake Daniels, for anglers who can manage to load and unload has been good with blacks to 5 pounds or jigs. The crappie were re-

ported to be good prior to the snow, but haven't been located since.

A Denison angler recently came close to breaking Oklahoma and Texas records with one fish.

Carl Gayle was fishing from the bank at Lake Texoma when he landed a big smallmouth bass in late January.

Suspecting it might be a new lake record, Gayle weighed the fish shortly after it was caught. It registered six pounds six ounces, which beats the lake record for the Oklahoma side. However, the fish apparently regurgitated several bait fish, and by the time it was weighed on a certified scale that afternoon its weight had slipped to six pounds 1 1/2 ounces.

The Oklahoma lake record smallmouth weighed six pounds, five ounces, while the largest from the Texas side of the border reservoir

weighed in at six pounds, 8 1/2 ounces, according to Texas Parks and Wildlife Department fishery biologist Bruce Hysmith of Denison.

With spring so comes other things. Mainly rain and wind. And to the tournament angler a good quality rain suit can help in landing those lunkers. As we all know comfort or the lack of such can be an important factor. Well fret no more, thanks to the good folks at Berkley, of Spirit Lake Iowa, the Berkley Angler Classic Tournament Rain Suit is here.

The Angler's Classic Suits is designed for comfort and style while keeping fishermen snug and dry. It's a durable, high quality rain suit, designed in the Berkley Angler's classic tradition.

The suit is waterproof, breathable 200 denim nylon twill fabric with K-Kote Plus underlayer making it absolutely waterproof even in bass boats sunning at high speed through a driving rain. The Angler's Classic Rain Suit is designed to last. It features a reinforced double layer seat.

bib-style pants and a heavy duty construction that resists wearing out. The suit consists of a tan/beige jacket and bib-style pants with red trim and highlights.

March 19, area teams will be meeting at Twin Buttes Reservoir near San Angelo for the second of 7 tournaments in the Angler Choice Team Circuit.

March 19, Lake Whitney, the 10th annual Bass Club of the West Open 1st place \$2,000.00, 2nd \$1,000.00, 3rd \$500.00. At least 50 places will be paid. Entry fee will be \$35.00 and an optional \$2.00 big bass pot.

March 25th will be the date for the Eastland County Bass Clubs inter club event. The lake chosen was Lake Leon with headquarters at Chock-O-Block. Fishing hours will be 7:00 a.m. until 4:00 p.m. You must be in line prior to 4:00 p.m.

Next week we will announce other upcoming events for Lake Leon and the surrounding area. Till next time keep only what you can use and release the rest.

Terry L. Wilson

## Fishing Texas An Angler's Guide By Russell Tinsley

Some people know that the large mouth black bass, the most popular of all Texas sport fish, is really a sunfish. Others don't. Everybody who has a copy of FISHING TEXAS, AN ANGLER'S GUIDE will know this and much more. Where to catch them. And how. And with what.

The book is available at your local newspaper office. Bass are only one of the 120 fish species covered in this new guide to Texas fishing written by Russell Tinsley and published by Shearer Publishing of Fredericksburg, Texas. The book presents beautiful color illustrations of the freshwater and saltwater species most often found in Texas waters. Opposite each full page illustration is a description of the species, its habitat, spawning season, and migratory patterns. Most valuable is a detailed explanation of how fish feed. Knowing this can take much of the mystery out of catching fish.

FISHING TEXAS also includes hundreds of useful fishing tips and interesting bits of fishing lore. Russell Tinsley shares his forty-five years of experience as a dedicated amateur fisherman. He also throws in some angling tricks from the many friends he has made in his thirty five year career as a professional outdoor writer and broadcaster.

While the book is written for the layman, both expert and novice, it has called upon the vast scientific resources of the Texas Parks and Wildlife Department for scientific information and illustration.

Both Nancy McGowan, the chief illustrator, and Henry Compton have been associated with this department. The world of competitive fishing has a presence as well. The book includes state and world record catches for each species, plus advice on how to get your prize catch into the record books.

Alan Warren, host of the popular FISHING TEXAS SHOW which airs over seventeen TV stations all across Texas adopted the book as a perfect tie-in to his own efforts to make fishing in Texas more successful and more enjoyable. The thousands in Texas who fish its abundant lakes, rivers, and shores will be hearing about the book on his TV and radio shows. As a sponsor of the book, he will be available to talk about

FISHING TEXAS to anyone willing to listen. As with most avid sportsmen, Alan's favorite thing, next to fishing, is talking about it.

Whether you fish for speckled trout on the gulf coast, cast for large mouth bass on Toledo Bend, or troll for stripers on Lake Texoma, FISHING TEXAS can be your definitive guide, the ultimate how, when, where and what of fishing in Texas. All of us who fish know the why.

## To Speak At Bethel Baptist Church Sunday, March 19

**Dr. Guy Greenfield**

Dr. Guy Greenfield, Professor of Christian Ethics at the Southwestern Baptist Theological Seminary, Fort

Worth, Texas will be speaking at Bethel Baptist Church this Sunday, March 19th. Morning worship service will begin at 11:00 a.m. and evening service will begin at 6:00 p.m.

Dr. Greenfield has 20 years experience as a pastor in Oklahoma, Texas, New Mexico and Florida. He has also taught for 13 years including tenures at Hardin Simmons University and the seminar.

Dr. Greenfield is the author of several books and other articles on Christian ethics.

He has been active in denominational services at associations, State, and Southern Baptist Convention levels. He is married and has 3 children.

All members are urged to attend and visitors are cordially invited.

## DPS Trooper Sandra Kay Adams Assigned To Eastland County

Things have definitely changed at the Department of Public Safety office in Eastland. An attractive young woman, 23 yr. old Sandra Kay Adams, has been assigned to the Highway Patrol Service here. Adams is the first woman ever assigned as a DPS Trooper in Eastland County. Sandra Kay Adams was one of over a hundred cadets recently commissioned as State Troopers in graduation ceremonies in Austin. The men and women completed an 18-week course in law enforcement which required a lot of mental stamina as well as hard work physi-

cally. Twenty women began the course when Adams did, and eight finished.

It will be three or four weeks before she'll be writing tickets, though. For Adams will be on a regular training probation period for one year, and mostly observing.

She will ride with a fellow officer for about six months, working closely under his supervision. Among other things she will be learning the location of the Eastland County roads - including the many rural roads.

The Texas Department of Public Safety first accepted women as trainees about 15-

20 years ago, Adams says. Now there are around 15 women serving statewide as Troopers, with around 1500 men. There are approx. 55 women serving in other Departments of the DPS.

The daughter of Mr. and Mrs. Thurman Adams of Eula, Sandra Kay graduated from High School in Boulder, Colorado. She enlisted in the Marines right out of High School, and attained the rank of Corporal in the Military Police.

Adams spent four years in the Marines before enrolling in training for the Department of Public Safety. She found

the physical training as a Cadet in Austin some of the most vigorous she had seen.

In addition there was instruction on Defense, how to handle street fighting, traffic law enforcement, narcotics arrests, felony cases, as well as manhunts and disaster situations. There was what she calls a "terrific Driver's Course", in which cadets learn how to operate a vehicle at high speeds if necessary. There was marksmanship, in which you must be highly skilled.

The academic part of her training was also very exacting. It included learning penal codes and all basic law enforcement procedures.

Sandra Kay Adams says she is very impressed with Eastland, for the people are friendly and she "likes smaller communities." She will be working different shifts here, but will probably spend some off-duty time on favorite hobbies. Among these are bike riding and working with dogs in obedience classes. She also likes to write, and can play the piano and guitar.

"I'm looking forward to working here this year," she says. "The Law Enforcement officers, County Officials and other people have been so nice and helpful. I don't think I could have found a better place to train."

Trooper Sandra Kay Adams

## Gordon Spot

By DeMarquis Gordon, County Agent—

The fruit trees are beginning to bloom and that means it will soon be time to apply insecticides and fungicides. Peach, plum and apricot trees should be sprayed when 75% of the petals have fallen.

The spray should contain an insecticide to control insects and a fungicide to control diseases such as Brown Rot and Scab. The recommended fungicides include Benomyl, Chlorothalonil, (Bravo), Captan, Sulphur or Thiophanatemethyl.

The number one insect of fruit is the plum curculio. This is the little white worms we find in the fruit. Other insects that cause damage are cat-facing insects such as, thrip, stink bugs, lygus bugs. Recommended insecticides are Malathion, Sevin or Zolone. Some fruit tree sprays have a mixture of insecticide and fungicide.

Repeat this spray at 10 to 14 days after petal fall and again 10 to 14 days after the second spray. It will be necessary to apply as many as 5 or 6 applications at 10 to 14 days intervals except on early maturing varieties. Do not apply insecticides within

three days of harvesting plums or within seven days of harvesting peaches. Be sure to read and follow directions on the labels.

We have new, recently revised, Homeowners Fruit and Nut Spray schedules as well as spray guides for commercial growers in the Extension office to give you more complete information on fruit tree spraying.

Some people have asked when various vegetables should be planted. Soil temperature is probably the best guide.

The realistic or best soil temperature at which carrots, parsley, lettuce, radishes and spinach should be planted is 45 degrees F. Other vegetables and their realistic soil temperature are: beans (72), beets (45), cabbage (54), chard (54), eggplant (75), pepper (64), tomatoes (55), turnips (50), Corn (70), and watermelon (72).

The soil temperature should be taken about 8:00 a.m. and at the depth the seed are to be planted.

## Special Program On Archer City And Larry McMurtry Presented By Dr. Monte Lewis

By Viola Payne

Dr. Monte Lewis shared insight on the life and times of Texas author Larry McMurtry at the Cisco Writer's Club meeting March 7.

Club members and visitors filled the Community Room at Cisco National Bank to hear Lewis's paper, titled "Growing Up In Archer City: Roots of McMurtry's Fictional Thalia."

This was the same paper that Dr. Lewis, a Cisco Junior College History Professor, gave in Bern, Switzerland last November. As he did for the international historians, Lewis accompanied his program in Cisco with slides of Archer City. These scenes included a picture of McMurtry in the new Library he is giving to his home town and county.

Although Larry McMurtry has written a number of essays, short stories, and several others books, "Lonesome Dove" is probably his most famous work. McMurtry has drawn much of his writing

material - both setting and characters - from the Archer City area of North-Central Texas.

What made Lewis's talk especially interesting was his personal recollections about McMurtry and his background. He and the southwestern writer grew up on nearby ranches and in Archer City. They attended the same High School in the 1950's, with McMurtry one grade ahead of Lewis.

"Actually I was not a close personal friend of McMurtry's, although I admired him," Lewis said. "He was something of a loner - a different type."

"He was from the old, early-day ranching aristocracy - one of the landed gentry. His grandfather had a big house out on a ranch - his folks also had a big house in town. My Dad was a cowboy on a ranch, then became a carpenter in town. You could say we were in different circles."

"Larry McMurtry was brilliant in school, but definitely not one of the Good ol' boys."

Lewis said that after High School graduation Larry McMurtry went away for a University education. He, Lewis, went to work in the oil fields.

Later Monte Lewis decided to continue his own academic education. Since that time he has encountered McMurtry more through his writing than in person.

McMurtry, Lewis said, is now living on the old family ranch near Archer City - when not traveling in connection with his successful literary career.

Lewis remarked that some people in the Archer City area are not wild about what McMurtry has written about them. He indicated that McMurtry is more a spectator than a participant in the local life-style.

other." Lewis said that McMurtry used a formula of the ugly, bad and good in his writing - and the good has pulled the writer back. His interest in projects like the county-wide library demonstrates his deep-down love for the place.

During his discussion of McMurtry's writing, Lewis occasionally mentioned superficial things he and his subject once did not have in common. He used words like "socio-economic" to describe these differences. But he concluded his talk the audience began to understand there were a number of much more important things that McMurtry and Dr. Lewis now shared.

This included a feel for history, a sense of time and place, vivid memories of the ranch country, and love of the land.

These were universal themes - no wonder they had appealed to Bern, Switzerland just as they did to Cisco, Texas.

Eastland Telegram - Ranger Times-Cisco Press  
Sunday, March 19, 1989

The Legacy or Planned Giving such as interests from CDs etc.

Memorial gifts this month was \$173.00.

Following the business meeting the group put the crusade packets together working and visiting together were Dale and Sandra Squiers, Michael Parrott, Robert Steed and 2 children, Roy Gevara with Phyllis and Ryan Gevara, Helen Lund and Letty Craddock and soon the packets were ready.

Next meeting is April 3, 6:30 at K-Bob's.

Letty Craddock

## Nutrition Program

The Senior Citizen programs in Cisco, Eastland and Rising Star are sponsored by Cisco Junior College. Eastland is co-sponsored by the City of Eastland.

Meals are served in Cisco and Eastland Monday, Wednesday and Friday. Rising Star has meals on Monday.

Participants in the programs must be at least 60 years of age or the spouse of one that age.

Call the center and make an appointment to have your income tax forms filled out.

AARP has trained tax counselors to assist you. Call Cisco 442-2263 or Eastland 629-1382 for appointment.

Cisco programs for the week were: St. Patrick's program, dinner music by Richard Parker, Lois Holder, Anna Dytzel, Senior Center Band and Choir.

AARP held their regular monthly meeting and covered dish dinner.

Eastland programs were: nutrition program by Janet Thomas, County Extension Agent, St. Patrick's Day program, dinner music by La Rue Broussard and Ruth Kendrick.

Menus for the coming week:

Monday-- Swiss steak, glazed carrots, mashed potatoes, green beans, lettuce tomato salad, brownie with chocolate frosting, bread, butter and milk.

Wednesday-- Pork chop suey, Chinese noodles, green peas, beets in orange sauce, fruit cocktail, bread, butter and milk.

Friday-- Oven fried fish, cole slaw, baked beans, krinkle French fries, tartar sauce, apricot cobbler, corn bread, butter and milk.

## New Arrival

Hope Nicole Ziehr

Joshua Ziehr of Eastland is proud to announce the birth of his new baby sister.

Hope Nicole Ziehr. She was born at 1:17 p.m. Sunday, February 5, 1989. She weighed 4 pounds and 14 ounces and 18 inches long.

Her parents are Karl and Tammie Ziehr of Eastland. Her grandparents are Carl and Mary Ann Ziehr of Cisco and Alton and Ann Maples of Eastland.

Great grandparents are Lillie Handrick of Albany and Vercie Simmons of Abilene.

Malcolm Graham Cooper

Harold and Betty Pippin of Olden would like to join their grandson, Aharon, in welcoming the newest addition to their family. Aharon's brother, Malcolm Graham Cooper. Malcolm was born Jan. 12, 1989 and weighed 8 lbs. 2 1/2 oz. and was 20 inches long. Proud parents are Joe and Julie Cooper of Tucson, Az. Maternal grandparents also include Larry and Glenda Erzen and paternal grandparents are Mr. and Mrs. Jim Cooper, all of Tucson. Mr. and Mrs. C.C. Pippin of Cisco are the delighted maternal great-grandparents and Lindsey Pippin of Olden is only one of his adoring aunts.

## Cole Parson Competes In Pageant

Cole Parson's age 10 mos. of Eastland recently competed in the Kids of America pageant held locally. We are proud to say Cole wore the title most Beautiful Baby home from his age group of 0-11 mos. He now has the opportunity to advance to the national finals to be held in July in Dallas. Cole and his parents Andy and Deborah would like to thank his sponsor Rocket Video of Eastland for their support in this local event.

## Ashley Parsons Competes In Pageant

Ashley Parsons age 3 of Eastland recently competed in the Kids of America pageant held locally. She competed in the age group of 3 to 6 yrs. in which she did not place, but however proudly did receive a consolation trophy. Ashley and her parents Andy and Deborah would like to extend their thank yous to Comet Cleaners of Eastland for having sponsored Ashley in the pageant. Also for having taken part in and helping to support a locally held event.

## Cancer Group Meets

Eastland Unit of American Cancer Society met in the home of Dale and Sandra Squiers, District 16 new representative.

Michael Parrott was introduced. Dale opened business meeting, Roy Gevara led in prayer, Letty Craddock read January report, Feb. meeting was canceled.

Helen Lund, Eastland Residential Chairman had a good report, how the city is divided into areas. The leaders of areas are: Jenni Bradley, Barbara Anderson, Wanda Hull, Joan Hill, Donna Robertson, Pam White, Linda Davidson, Ethel Sparks, Judy Underwood, Janice Williams, Rosalie

Bradshaw, Sue Alexander, and Rosemary Ferguson Ch. of Olden.

They are getting block workers. If you will walk your block, call your area leader please. Everyone working gets the job done quickly.

Roy Gevara announced Lake Leon chairmen are Dorothy Pyke and Janice Ray; Cheaney Community, Letty Craddock. Chairmen and volunteers are needed. The residential crusade is April 1-8.

Call Roy Gevara 629-1575 if you can help, please.

Robert Steed explained a way of sharing with A.C.S.

Safe Driving Tips from Rhonda

Be a "Pro" driver. Drive safely in spite of hazardous driving by others or adverse driving conditions. One deceptively dangerous condition is rainfall especially when it first begins as a light mist. This first amount of moisture affects the oil soaked pavement and makes it slick. If visibility is good, people have a tendency to continue travelling at normal speeds, forgetting the adverse effects of rain on the road surface. Slow down and turn on the headlights when you turn on the windshield wipers. "See and be seen."

## CHURCH SERVICES

### Redeemer Lutheran Church

Our Easter Worship begins with a Sunrise Service at 7 a.m., followed by a breakfast. Our 10:30 worship service is entitled, "The Missions of Easter." Sunday School at 9:30 a.m. will view a video.

Wednesday, Nursing Home worships at 10 a.m. Confirmation Class is at 3:30 p.m.

Thursday, Jesus' Friends meets at 9:30 a.m. Adult

class is at 7 p.m. Easter -- is it merely another festival of the year, or is it really special? Don't miss the first Lutheran Hour Broadcast by the new speaker, Dr. Dale A. Meyer, called, "Bring Easter Home," based on Luke 24:13-35. Hear it next Sunday at 7:04 a.m. on radio station KSTB (1430) and at 8 a.m. on KBWT (1380) and at 8:30 a.m. on KFQX (1470).

## Rotary Club Donates \$100 To Project Lobo

The Cisco Rotary Club voted to donate \$100.00 to the Project Lobo committee at their last meeting held last Thursday at Tradition's Restaurant.

Gene Kinser, president of the Project Lobo Committee, spoke to the club. The committee will give a life size bronze Lobo to the Cisco High School during the 1990 all-class reunion. Jerry Moran, was in charge of the

program and introduced Mr. Kinser.

Mr. Kinser said the committee originated when Jack Moore, principal of Cisco High School, called a meeting together made up of people who have a love for Cisco High School. These people are former and present teachers, ex-students, parents of CHS students and school retirees, who want to present Cisco High School with a life size bronze Lobo. This statue will show some of the pride and loyalty of CHS.

Dale Stewart, sculptor with Hoka Hey Foundry, where the statue will be cast, brought a clay model of a Lobo to the first meeting, for the committee to see, and the idea was enthusiastically agreed upon. Officers were elected, with Mr. Kinser named as president.

Kinser said the Project Lobo Committee is offering a miniature bronze statue of the Lobo, to anyone who donates \$375.00 or more toward the cost of the life size statue. The cost of the life size statue will be \$8,000. He said this miniature piece would normally cost from \$450-\$500.00. He said the miniature statue will be an exact replica of the life size statue.

The First National Bank in Cisco, donated \$375.00 and received the first miniature statue. It is now on display in the bank's lobby.

Jerry Jeffcoat and Danny Schaefer are working together to prepare a computer major list of addresses of former CHS graduates. Kinser said they have a fairly good list of graduates from 1930 until 1980, but they need more of a list of names and addresses from 1980 un-

til now. Addresses can be sent to Project Lobo Committee, c/o Cisco Press, P.O. Box 1072, Cisco, Texas 76437.

Mr. Kinser brought the statue from First National Bank to the club meeting.

Ken Diehms gave the invocation. Attendance was 90 percent. Father Carter of Breckenridge, was a guest at the meeting. Mike Moore will be in charge of next's week meeting, the club assembly will be held on March 30.

Roger Schusterer said the Cisco Folklife Festival's Style Show will be centered around uniforms. He said if any Rotarian had a military, or some sports uniform to please get in touch with his wife, Mary.

## Mary Martha Sunday School Class Held February Meeting In Hagan Home

Lucy Hagan and Lela Britain entertained the Mary Martha Sunday School Class of East Cisco Baptist Church February 14th in the home of Lucy Hagan at 6 p.m.

The group first gathered around the table covered with a beautiful red cloth. After the opening prayer they enjoyed refreshments of sandwiches, sausages, salads, pickles, olives and a valentine heart shaped cake with coffee and tea to drink.

After the meal there was a short business meeting. Louise Pryor then brought a devotional. She read a poem, "What is Valentines Day," author unknown, and played a tape, "The Bible," by the Staller Brothers. The theme for the devotional was God's love based on the scripture 1st John 4:7-21.

## New Arrival

### Bonuses Given

**JAMES ROWDY STONE**  
Sam and Terri Stone of Cisco are the proud parents of a new baby boy, James Rowdy. He weighed seven pounds and three ounces, and was 21 inches long. He was born March 8, 1989, in Eastland Memorial Hospital.

Welcoming him home were his older brother and sister, Rocky and Krystal. Maternal grandparents are Pearl Agnew and the late James Agnew of Cisco.

Paternal grandparents are Mr. and Mrs. M.R. Stone of Haskell. Paternal great-grandmother is Mrs. Wilma Barley, also of Haskell.

**KOLEN M. WHITE**  
Julie and Bill White of Cisco are proud to announce the birth of their son, Kolen

Matthew White, on Tuesday, March 7, 1988, at 6:47 a.m. at Hendrick Medical Center in Abilene. He weighed seven pounds and 12 ounces, and was 20 1/2 inches long.

Grandparents are Roy and Sandy Dennis of Cisco, and Louis and Alison White of Farmington, New Mexico, formerly of Cisco.

Great-grandparents are Alva Ingram and the late Howard Ingram of Cisco, Aubrey Dennis of San Angelo, Lois Jenkins of Worden, Ill., and June White of Edwardsville, Ill. His great-great-grandfather is B.C. Dick Ingram of Cisco.

**SIERRA RENE' WILLIAMS**

Walter and Elvie Williams are proud to announce the birth of their daughter, Sierra Renee', who was born Friday, February 3, 1989, at Hendrick Medical in Abilene. She weighed seven pounds, six and a half ounces, and was 20 1/2 inches long. She was welcomed home by her sister, Alesha Shea.

Maternal grandparents are Mr. and Mrs. W.A. Graham of Cisco. Paternal grandparents are Mr. and Mrs. Walter J. Williams of New Castle, and paternal grandmother is Mattie Williams of Cisco.

Victor Cornelius once again surprised his employees with an unexpected bonus Tuesday. The total amount given was \$18,150 with fifty-six people participating.

The company, which is celebrating its 53rd year, began in 1936 with three employees. Several of those present Tuesday have been with the firm for over 40 years. They have watched its growth from the printing of theatrical advertising and menus to become a diversified company which produces plastic products with its own extruder. These products are menu Redi-Clips and Rail Clips for grocery store shelving. Both are inventions of Cornelius.

Another of the company's plastic products is the self-laminating nursing home diet card sold to thousands of customers throughout the nation.

Since the beginning of the company, Cornelius has delighted in surprising his employees from time to time with an unexpected bonus presented often in unique ways. Tuesday the recipients appeared to be as delighted as he was.

## Lions Club To Sell Brooms & Mops Soon

The Cisco Lions Club will be selling brooms and mops in the near future to help raise money for the Blind and Crippled Children's Camp in Kerrville. The date will be announced soon and everyone is urged to buy more than one broom and mop to help a worthy cause. Lions Club members will be walking from door to door selling the merchandise.

A film about the 1979 Wichita Falls tornado entitled, "Terrible Tuesday" was shown to the Cisco Lions Club during their regular meeting held last Wednesday, at Tradition's Restaurant.

The film showed actual films of the tornado as it approached the city. Forty-six people lost their lives, most of them needlessly, and over 1,700 were injured.

John Dyer was in charge of the program. He said there have been 35 confirmed tornadoes in Eastland County since 1950. He said chances of seeing a tornado

within 20 miles of Cisco will be very high during the next 90 days.

Since 1950 tornadoes have hit every state in the nation.

One of the worst things to do in a tornado is to try to escape it in a car or truck. He said if anyone is in a vehicle and they see a tornado approaching, they need to get out of the car and lay down in a ditch or culvert and cover their head with their hands and arms.

Tornado watches across the nation are issued from the National Weather Association in Kansas. They have access to satellites and have infrared radar to watch the clouds at night.

The National Severe Storm Center has the NAPA radar that shows what type of rain is falling. If a tornado is sighted nearby everyone needs to get into a central room away from windows, and cover their head. No one should ignore the tornado warnings. Other precautions to take are: Don't open win-

dows, don't stay in a mobile home (get out and find a ditch to lay down in), don't light candles (there may be escaping gas), don't enter a disaster area right after a tornado.

Wichita Falls had just participated in a disaster drill for the entire town just a few days before the tornado. With all the damage from the tornado, there could have been thousands killed in the tornado. But people were informed.

The Cisco Public Schools have a warning system set up so they are in contact with the Cisco Fire Department who can warn them of an approaching tornado. This will give them time to take cover.

## CISCO IS A-OK

### Five Whirlpool Undercounter Dishwasher Models Require Modification to Prevent Fires

Do you have a Whirlpool undercounter dishwasher installed in your kitchen? If so, check it immediately. Open the door and compare this list of model numbers to those on the model and serial plate located along the right front edge of the tub: DU7400XS-0; DU7600XS-0; DU7800XS-0; DU9000XR-0; and DU9000XR-1.

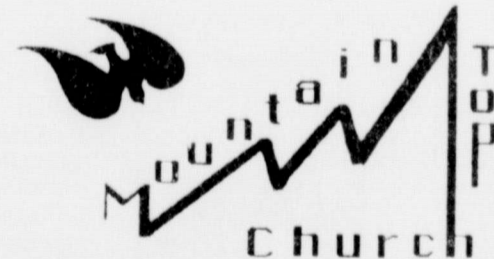

If you find one of those model numbers on the plate, and if it has the original selector switch, stop using the dishwasher and

call 1/800/541-5746 toll free to arrange for free service needed to modify the unit to prevent a fire. A pushbutton selector switch on these models can, under some conditions, catch fire.

On August 2, 1988, in cooperation with the U.S. Consumer Product Safety Commission, Whirlpool announced a modification program for approximately 75,000 dishwashers of the five models listed. The modification involves replacing the selector switch on each unit.

Although Whirlpool field sales and service personnel are continuing with attempts to contact all owners of the affected dishwasher models, those who have not yet been notified should call the above toll-free number for immediate free service. In the meantime, don't use the dishwasher. In fact, to be on the safe side, the company recommends leaving the door ajar, in the unlatched position.

## Student Council Attends Spring Convention

The CHS Student Council went to McMurry for the Oilbelt District II Spring Convention on Tuesday, March 14.

Our Student Council S.M.I.L.E. projects tied for second place with Abilene and the work of the Safety Committee received fourth place in the district. These winning places assure that our Student Council will be recognized at the State Convention for its outstanding work.

Students attending the convention were: president, Marty Powledge; vice-president, Tammy Glover;

treasurer, Alicia Lambeth; secretary, Allison Williams; parliamentarian, Lori Ann Speegle; reporter, Celia Walters; senior representative, Ginny Pope; junior representative, Amy Hawkins; freshmen representatives Tracy Deadman and Brandi McCulloch; Kim Rhodes and Deanna Parrigan. The sponsors for the Student Council are Mrs. Stephenson and Mrs. Justice.

The elections for the 89-90 officers are planned for April.

By: Celia Walters

## POEM

WINTER MORNING

The feeling of that fresh winter morning  
 When I step into it and see the beauties

of the lightly frozen meadows of grass,

And smell the fresh flowers with

Petals so sensitive to my touch.

These things I've seen every day,

But can't resist to look and smell

The winter morning. The sun brings

its lighting glow and begins to

Slowly and softly melt the lightly

Frozen dew, walking through this

Land of wonder, I began to see

Some more of nature's children,

Smelling of the daisies and grazing

At the honeysuckles. The blue

Sky adding more color to this

wonderland.

## SHOULD I EVER DIP INTO MY CAPITAL?

In her book, "Life is for Living," Theresa Morse maintains that a widow's capital is not always an untouchable commodity, nor need it be sacred. It is intended to be used sensibly for the sake of security but also to help make a better, happier life for yourself.

Ms. Morse points out that, if for all the years before you were widowed, you and your husband managed your finances without your children's advice, there's little reason to begin now.

Feel free to do what is important to YOU, without endangering the bulk of your capital. A trip or a special gift to yourself or others may seem extravagant to your children, but extremely meaningful to YOU.

Project the use of your capital wisely, reserving funds for emergencies, as Ms. Morse indicates, your welfare and happiness comes first and "your life is for living."

Advice regarding major finances can be sought from a banker or accountant, both professionals on whose skill you may rely.

## Cisco Elementary School Update

This past six weeks theme for Cisco Elementary was "Friendship."

Mrs. Kirk's fourth grade class wrote about "What A Friend Is." Their description of a friend included the following:

Someone who - you can depend on; likes the games you do; doesn't say bad things about you; takes up for you; shares with you; laughs at your jokes; will keep your secrets; tries to help with your problems; will choose you first; will invite you to parties; is fun to spend the night with; will forgive you; doesn't say gross things; doesn't lie to you or steal things; keeps you from being alone; usually says yes to you instead of no; listens to you; goes places with you; likes you as you are; doesn't want to change you; would be sad if you moved away; you would remember always; like you better than your brothers and sisters do; doesn't think you are stupid; likes how you look; understands you; is always there for you.

These are some of the traits fourth graders look for in a friend. How many of us would qualify?

The Texas Bluebonnet Book Series have announced the 1989 winners. "Wait Till Helen Comes" won 1st place with 38,138 votes. Second place was "Rumpelstiltskin" with 17,540 votes. "The Not-Just-Anybody Family" won 3rd place with 13,683 votes. Fourth place was "The Whipping Boy" with 12,417 votes. There were a total of

174,451 votes with 1603 Texas schools participating. Our school's majority vote was for the 3rd place winner. To vote, a student had to read (or be read to) five Texas Bluebonnet Series books and then cast a ballot for his/her favorite. PTO has given our library the money to buy the new series for next year's contest.

Open House was held on Thursday, March 9, 1989. I was very impressed with every room I saw. Our students really put out the work for us to see. The teachers are very creative to display our children's work. In Kindergarten, I saw pocketfuls of friendship, kites, robots made of foil covered boxes, buttons, yarn, etc., pasta patterns on purple paper, flowers, paper quilts, baby pictures, colored rice design, American eagle made from torn paper. First graders have been busy studying the Presidents, the Texas flag and blue bonnets, kites, the state of Texas outlined with pinto beans, flowers, birds, and pictures that the children drew about themselves. In the 1st grade hall, there was a 4'x6' Texas flag made of paper chains. Rockets, planets, and astronauts were the main attraction in all 4 2nd grade rooms. They also made cute lambs and lions for March.

You'll hear about 3rd-6th grades open house next week.

## CANTERBURY VILLA NEWS

By MAE GREEN

Sunday mornings the residents are led in a Bible study by the Church of Christ. Sunday afternoon church services were held as follows: Ken Diehm, United Methodist Church; Allen Gray, First Christian; Cecil Deadman, East Cisco; and Jim Manning, First Baptist Church.

Along with the daily activities, the residents were treated to several special happenings during the month. Brian Evans, a freshman at Cisco Junior College, visited the nursing home and sang for the residents. With Valentine's Day in mind the residents were treated to a Sweetheart picnic in the dining room. The residents enjoyed hamburgers and all the trimmings. It was one enjoyable and festive occasion.

Members of the volunteer council hosted the Valentine's Day party Monday 13th, at 2:30 p.m. The residents were served delicious cake and punch. Valentine Sweethearts were chosen. Donna Clark and Herman Barron wore the Sweetheart Crowns for the day.

The Pleasant Hill Club hosted the monthly birthday party, February 16, at 2:30 p.m. in the dining room. Everyone was served cake and punch. Birthday honorees were Sylvia Howard, Edith Curry, Mary Cooper, Edna Hightower and Alma Berger. It was a lovely party.

I am happy to announce that the volunteer council had a meeting Monday,

March 6, at 7 p.m. in the dining room at the nursing home. The president of the council is Ann Goodman and Eva Humphreys is secretary treasurer. Volunteer are always welcome.

If you have not met our new administrator, Mel Serratt, come by and visit with us. He would love to see you and get acquainted.

Thursday, March 16, was family night at Canterbury Villa at 5:30 p.m. All family members were invited to attend and bring a covered dish. The nursing home furnished the meat, bread and beverage. Family night has always been an enjoyable time for our residents. We are planning to make family night a monthly event.

A new project that's going on at the nursing home is

that family members are coming into the nursing home checking the residents clothing to see what they can use and discarding or taking home the ones the residents might be able to use next winter, since spring is just around the corner. If you have a family member at the home you might like to join us in this project. Their closets get cluttered up like ours at home and remember how good it feels to have it cleaned out. The Administrator, Mel Serratt, was very pleased to see this happening and offered a special thanks to you for your consideration.

Thanks to all of you for taking time to share.

Bible Verse of the Month: ...the Lord shall be a light unto me. Micah 7:8.

PLEASANT HILL CLUB Hosts Birthday Party at Canterbury Villa.

CHOSEN AS VALENTINE DAY SWEETHEARTS at Canterbury Villa were Donna Clark and Herman Barron.

## Area Dance To Benefit Project Graduation Set March 25

March 25, 1989, is the date of the area high school dance for Project Graduation. The dance will be held in the Corral Room in Cisco from 8 p.m. until midnight. Disc jockey will be Jason Phillips. Soft drinks will be available, and admission will be \$3. Parents for Teens rules will be enforced.

Project Graduation is a drug and alcohol-free party for Seniors and their guests.

Last year, over 150 Seniors from Cisco, Eastland, Ranger, Gorman, DeLeon and Cross Plains participated. There were drawings and scholarships awarded. Food, movies, bowling, games and music were available all evening.

All proceeds from this dance will go to benefit the Project Graduation program for 1989. Area parents are welcome to chaperone.

## Ed Pugliese Participates In Fort Worth Cowtown Marathon

A former Cisco man living in Brownwood participated in the Ft. Worth Cowtown Marathon. Ed Pugliese, who has been on a weight reducing program for six months, decided to join some 900 others on Feb. 25 for the twenty six plus run. He had thought about the marathon after he had lost 29 pounds and his desire was fanned by some friends who said he could never accomplish this feat. He began training and gradually increased his distance. Because of his weight, Ed and his doctor decided he would not run but walk the marathon.

"The more I walked, the more confident I became and when I passed the 13 mile sign, I knew I was going to make it. I had been walking about three hours," he said. Ed finished in seven hours and fifty minute. Many who

started, dropped out along the way for one reason or another. He had pictures taken at various spots along the way for his doubting "friends".

Ed said that at the next Ft. Worth marathon he will be running instead of walking. He has lost 139 pounds and has 40 more to lose to reach his goal of 170.

## USE THE CLASSIFIEDS

## Cisco Folklife Festival Street Dance Is Set For April 22

Roy Strange and the Texas Thrillers have been engaged to play for the Saturday night Cisco Folklife Festival Street Dance on April 22, 1989. This popular group has performed at the West Texas Fair in Abilene, and plays regularly at Butterfield Junction.

Festival activities will cease at 8 p.m. when the grounds will be closed. The Street dance, which will require a separate admission of \$3 per person, will begin at 9 p.m. and last until 1 a.m.

Attendance by young persons under Junior High School age will be discouraged.
