

Cisco Frontier Parade Is Termed As Successful

The 16th annual edition of the Cisco Frontier Parade, that was held last Saturday, was more outstanding than ever, according to many of the parade observers. The parade opened the weekend for the annual Cisco Civic League Folklife Festival held Saturday and Sunday in the Rockwell Lumber Yard.

Don Shepard, Cisco Chamber of Commerce manager, said this was the best parade ever. He said Olin Odom, chairman of the parade committee, deserves to be congratulated for a job well done. Members of the committee who helped to align the parade are Linda Foster, Martha Davis, Roger Schuster, Emma Watts, Fred Wheeler, Bural Chambers and Gerald Winnett. Shepard said he would like to thank each one of the committee members, for their hard work, in planning the parade.

A trailride breakfast was held early Saturday morning at the Cisco Lake Park. Several who attended the breakfast rode their horses back into Cisco and rode in the parade. Shepard said Ronnie Ledbetter, who was the organizer of the trail ride, did a good job, and the trailride was considered a success.

Other individuals who deserve a big thank you for their work in the parade are as follows:

Rex Fields, who chauffeured Mr. and Mrs. E.L.

Jackson, parade grand marshalls, in the parade; Gerald Winnett, who chauffeured the Folklife Festival King and Queen, Walter Knowlden and Lois Holder, in the parade; Larry Bryant, driver of the Chamber of Commerce float; Shirley Hargrave, and Aki Kleiner, who painted signs for the floats and vehicles in the parade.

The parade judges were Wendy Erwin, director of the Ranger Chamber of Commerce; Don Nicholas, Texas Electric distributor of Eastland; Mark Harris, Olney Savings manager of Cisco.

A special thank you to Helen Gaeta who sent out invitations and received the applications for entries among other things to make the parade a success. Thanks to everyone who had a part in handling the parade activities.

Winners of the Folklife Festival Parade were:

Floats--1. Boy Scouts, 2. Senior Citizen Float.

Antique Cars--1. Roy Barnhill, 2. Harold Basham.

Classic Cars--1. Red '57 Belaire Chev., 2. bluegreen and white '56-57 Ford.

Riding Clubs--1. Callahan County, 2. Ranger Riding Club.

Kids Costume--1. Serenity Wheat, 2. Blake Pence, 3. Tyler Pence.

Bicycle--1. Laura and Debra Langrill, 2. Jason Harrell, 3. Amanda McGee.

Rachel Lynn Bentley, 16 months old daughter of James and Kathy Bentley, is shown above enjoying the Cisco Frontier Jubilee Parade last Saturday morning. (Staff Photo)

Calvary Baptist Youth Car Wash Sat., April 29

The Calvary Baptist Youth group will have a car wash on Saturday, April 29, in the church parking lot, 18th and Conrad Hilton at 9:30 a.m.

The cost is only \$5.00 for a car wash, and \$7.50 to wash the vehicle and clean the inside.

To have a car picked up and delivered, call the church at 442-2183 or call John Gonzales, youth director, at 442-4229.

All proceeds will go to help raise money for this year's "Super Summer Camp."

Three CHS Tracksters To Compete In Regional Meet

Three Cisco High school track students will compete in the Regional Track Meet, to be held Saturday, April 29, in Stephenville. The three qualified for the regional meet during try-outs held last Saturday in the Breckenridge track meet.

Those who will travel to Stephenville are David Hammond, who will compete in the long jump event, Jana Yowell, will compete in the one and two mile run, and Stephani Carlile will compete in the 800 meter run.

Robert Conner Announces Candidacy For E.L. Graham Hospital Board

I am a candidate for election to the Board of Directors of the E.L. Graham Memorial Hospital. I have been in the health care field since 1950 and I feel that I am familiar with the number of problems that affect the operation of the hospital. The years of my being in the health care field were in the laboratory and x-ray departments of hospitals which had bed capacities of 28 to 46 beds.

I have a Bachelor of Science Degree from Kansas State University and completed an internship in Medical Technology training at Kansas City General Hospital.

I have been a resident of Cisco since 1970 and am married to the former Carlene Pence Powelson. We are

members of the First Baptist Church in Cisco. I am a member of the Cisco Lions Club and have served in several offices one of which was president of the organization.

I believe the people of Cisco need and deserve the availability of hospital facilities to provide health care for their families, and I feel that a hospital is an integral part of the community and that if a city is to grow and attract new industry, the hospital that is functioning will be necessary for the future growth of Cisco.

I will work to keep the hospital open and will appreciate your support and vote on May 6, 1989.

Rep. Parker Responds To Article Asking For Prison Commitment

Editor,
I was deeply disappointed as well as amazed at your recent article concerning Eastland County's desire to be the site for the location of a prison facility.

Apparently, you know someone, although I cannot imagine who it would be, who is more knowledgeable on prison plans than the Legislature. Your comment that Senator Glasgow and I were "less than fully informed" is ludicrous at best. Other than speculation, we would have

to be clairvoyant to know what is going to be built, much less where. If you are interested in facts, the fact is that the House Corrections Committee began work on the proposed prison package at 2:00 p.m., April 19, 1989. Until they complete their work, there is no way to be "informed" regarding prison prospects.

250 communities in the State of Texas are in vigorous competition for whatever prison facilities may be constructed, and there is no doubt

in my mind that the "winners" in the competition are going to be those areas that offer the best inducements.

Each time I have been contacted concerning the Eastland County proposal, I have advised the interested parties to put together the best firm package of inducements they can muster, and I will

then be happy to give my opinion as to what can reasonably be expected.

Although I have asked several times, I have yet to see any package and have only heard of an inducement package in very general terms.

My address has been the same for the last six years, and as of yet, I have received

nothing from anyone in Eastland County that I can take to any entity involved to demonstrate why Eastland County should have a prison facility as opposed to one of the other two hundred or so "contestants."

Articles such as the one complained of, by an author unnamed, are helpful to no

one and counterproductive to all.

Thank you.
Sincerely,
Jim Parker

Lone Star Gas Office To Close On May 31

As part of our continuing efforts to provide quality service at a reasonable cost to our customers, we at Lone Star Gas continually examine ways of conducting our business more efficiently. Recent actions enable us to better utilize existing technology for the ultimate benefit of those we serve by allowing us to avoid unnecessary duplication of facilities and to more effectively distribute work load among our employees.

Examination of our organization structure reveals that we can operate more efficiently by consolidating office functions.

Lone Star Gas Company's office in Cisco will be consolidated with the Company Office in Eastland on May 31, 1989. The local office will be closed on that date. Local service will continue to be provided by a Service Representative who will reside in Cisco and be available to perform work for gas customers on a daily basis. Customers who wish to request service, report emergencies or discuss their bill may do so by calling the same local number as in the past 442-1588.

A local bill payment station will be announced prior to the office closing. Customers may also pay bills by using the return envelope currently provided with each bill or by using the after-hours (night box) facility that will be maintained.

Lone Star Manager Randy Roper said, "Although it is necessary to close our office in Cisco, we are committing to our customers that our alternate service arrangements will ensure that service to our customers will not suffer."

Senior Class To Have Bake Sale

Members of "Operation '89", the Senior Class of Cisco High School, will have a casserole and bake sale on Friday, April 28, at the First National Bank. The sale will begin at 9 a.m.

Everyone is invited to stop by and purchase a casserole for their evening dinner and a dessert to top the meal.

Registration For Baseball Continues

Registrations are still being accepted for summer baseball. All boys attaining the age of 13 by August 1st are eligible. Anyone interested in playing baseball should call Dana Goosen at 442-3958 or Jackie Williams at 442-2329 for further information.

CHS Class Of 1966 To Hold Reunion May 13

The Cisco High School Class of 1966 is going to have their 23rd class reunion. It is going to be Saturday, May 13, 1989, in the meeting room at the Best Western Motel in Cisco. Registration will begin at 10:00 a.m. with coffee and doughnuts. Lunch will be catered by Oscar's Barbecue at 12:30 p.m. A dance will be held at Red's Steakhouse from 9:00 p.m. to 1:00 a.m.

If you have not sent your reservations for the luncheon you need to do so by May 2 in order to finalize the plans.

Addresses are needed for the following classmates: Jean Campbell, Mark Gerard, Ronnie Willis and Benjie Whitehead. If you know of their whereabouts, please get in touch with them and tell them about the reunion.

For more information contact Ross Honea, 817-442-3068 or Weezie Ferguson, Box 129, Olden, Texas 76466 (days) 442-3348 (evenings) 817-653-2277.

Scranton Business Meeting To Be Held On May 2

The Scranton community business meeting will be held at 8 p.m. Tuesday, May 2, at the Scranton Community Center. All voting members are urged to attend.

Ambulance Service Discussed At Public Hearing Of County Commissioners

A public hearing to discuss Emergency Medical Ambulance Service in Precincts 1 and 4 was held at the Eastland County Commissioners Court meeting Monday.

County Judge Scott Bailey presided over the hearing, which was attended by Cisco and Eastland City officials, Hospital officials, Patterson Ambulance Service, and other citizens.

Judge Bailey explained that Commissioners Richard Robinson of Pct. 1 and Billy Bacon of Pct. 4 had been meeting with interested officials since January, discussing plans on how the Ambulance Service in their precincts might be best handled. They were concerned that Patterson Ambulance Service might have to discontinue service to the cities, due to lack of financial support.

Richard Robinson said he felt the group had come up with a permanent plan, possibly one of some benefit to the Cisco and Eastland Hospitals. He said they had discussed the Hospitals handling the ambulance service, with one ambulance based at E.L. Graham Memorial Hospital in Cisco and the other at Eastland Memorial Hospital. Paul Catoe, Eastland City Manager, gave more details of the plan. The county, Cisco and Eastland would each pay a third of the costs, and any profit would go to the Hospitals.

"We are trying to find a solution to the ambulance crisis we have had in the past," he said. "The people deserve a commitment of some kind that there will be ambulance service."

When asked about the cost of the service, Catoe estimated that \$10,000 would fund the service until Oct. 1,

with the annual cost to each participant running from \$25,000 to \$27,000.

Mike Moore, Cisco City manager, said that he saw definite advantages to the Ambulance proposal. He said a service out of the Hospitals might keep them more vital. John Mueller of Cisco said that Health Care is a problem, and "if we don't work together we won't solve it."

Marvin Cole, Administrator for the Cisco Hospital, asked for unity between the cities. "If we don't hang together we are going to hang separately," he said.

Marcia Carr, Administrator of Eastland Memorial Hospital, said there were health care problems in all the county. She encouraged Norman Christian of Pct. 2 and L.T. Owen of pct. 3 to join in the discussion. Both replied that they were not informed about any of these proposals - they had not been invited to any of the meetings.

"What bothers me is that these meetings have been going on since January, and people in my part of the county don't know anything about it," Owen said.

"How many hospitals can the county support?" Christian asked.

He and Owen were told that they weren't invited to the meetings because their Precincts had their own Ambulance service and they were apparently working well. Gorman, also in Pct. 3, has no ambulance service.

This brought up a discussion of whether any tax money for Ambulance Service would be required from all Precincts, with Judge Bailey saying that the plan under consideration would have to be budgeted from Pct. 1 and 4.

Billy Bacon suggested that the people of Pct. 2 and 3 be given all information on the plan, so they could participate if they wished.

Tom Patterson of Patterson Ambulance Service told the Court that he was supportive of the decisions he had heard discussed. He said this problem (of support) should have been taken care of long ago. He said that he basically served only Cisco and Eastland, but that he had also provided backup service for Ranger and Rising Star.

"I could take half of what you estimate is the cost of ambulance service and cover the whole county," Patterson said.

Cisco City Manager Mike Moore asked for a "straw vote" from the Commissioners to see if they were willing to participate in the concept of a hospital-based Ambulance service. "We need to know this," he said.

WINNER of the mini-car given away in a drawing at Tiny's Grocery recently was Carla Cozart. Shown in the gas powered, 3 hp car are Chris Cozart, 4 1/2, and Brandon, 11, sons of Carla and David Cozart. The drawing was sponsored by Citgo. Shown standing behind the youngsters are Cleo Smith, owner of Tiny's, and Jessie Escobedo, manager of the store. (Staff Photo)

Referendum Questions Answered

Many questions have arisen since the announcement that the taxpayers for Precinct 4 will vote on a referendum permitting the Cisco Hospital District Board of Directors to raise taxes from \$.12 per \$100.00 property valuation to \$.28.

Marvin Cole, E.L. Graham Hospital administrator, and Roy V. Cartee, associate state health director for AARP jointly discussed some of those questions and presented their answers.

QUESTION: Who can vote in the hospital district election?
Any registered voter who resides in Precinct 4, Cisco Hospital District. Simply if you vote for the county commissioner Precinct 4 of Eastland County you can

vote in the hospital district election. If you are unsure please check with the Eastland County Courthouse.

QUESTION: What is the referendum, and what does it do?
COLE: The referendum simply is your opportunity to tell the board of directors what you, the voter and taxpayer, want them to do concerning the financial situation of the hospital. It is the hospital board that sets the tax rate, however in this instance that have requested you provide them with assistance, the election provided the means to gather the information. The referendum is not binding, but will heavily influence the board's decision concerning

the tax levy.
The referendum calls for you to vote either FOR or AGAINST the following:

Permitting the board of directors of the Cisco Hospital District to raise the levy of annual taxes to a level not to exceed thirty cents (\$.30) on the one hundred dollar (\$100) valuation of all taxable property within the hospital district during the fiscal years beginning October 1, 1989, 1990, and 1991. Tax levy shall be readjusted to a rate equal to a 3 percent increase per year for the same fiscal years prior to fiscal year beginning October 1, 1992.

While no one can tell you exactly what will happen the following is an example of the result of the referendum

passing.

If the hospital district property valuation remains the same for the next four years. Suppose that that valuation is \$110,000.00. Here is how your taxes would look for the next four years assuming the tax rate is set at \$.28.

October 1, 1989: \$.28
October 1, 1990: \$.28
October 1, 1991: \$.28
October 1, 1992: \$.13903 which assumes a 3 percent increase in 1989, 1990, 1991, and 1992 based upon a property assessment of \$110,000.00.

These numbers are variable and subject to change based upon economic changes in the county. While that may sound like double talk, decisions are made today with the best information available.

QUESTION: What if the referendum is voted down?

CARTEE: The referendum is not binding upon the board of directors. The election is more of a "poll" for the board. The board may elect to use the available funds to prepare for closing the hospital. Or on the other hand the board has the option to continue exploring for alternatives to keep it open.

COLE: An AGAINST vote will create some very difficult decisions for the board. The alternatives have been explored and at some point the reserves we now have will be used. We hope to get into the next fiscal year before that happens, our cen-

(Continued On Next Page)

Referendum Questions

...From Page 1

sus levels will determine this. The current tax level will not enable us to survive the next three years. The short term can be managed with available reserve funds, with a little luck. The availability of hospital and emergency care is dependent upon having the funds to operate the hospital. Without those funds, like 19 Texas hospitals last year, we will be forced to close the doors.

QUESTION: What if the referendum passes?

CARTEE: Once again the board has the authority to accept the wishes of the voters. I feel the problem that exists is "What happens—say—June 1 and when the tax money begins to come in, in the fall? The board must seek ways to pay for the period of time even to borrowing the money if it becomes necessary.

QUESTION: A FOR vote on the referendum indicates the support of the voters. It is anticipated that the board would then set the levy as soon as possible. Should the levy be set at a rate in excess of 8 percent of the current levy, then hearings will be conducted, proper notifications made, and whatever discussions and actions deemed necessary will be taken.

We feel that we can get to September without too much of a problem. This is dependent upon census levels. Borrowing money to get into the next fiscal year is an option, not a pleasant one, and would be considered. Hopefully, we can avoid this.

QUESTION: How did we get in this predicament?

CARTEE: This has not come "upon" the hospital board overnight. We saw the handwriting on the wall in July of 1988. You simply cannot operate a hospital (or any organization for that matter) with a low census. The problems are external and internal and I am asking Mr. Cole to address this part of the problem.

QUESTION: Probably the most complex question of all. In truth, the problem began in

1983, with the medicare implementation of the current payment system. During the lease with Hendricks, 1983 to 1988, the hospital lost approximately \$500,000.00 which Hendricks absorbed. The hospital district was able to save the tax receipts, which they invested, and now have been used all but approximately \$100,000.00. We have been using district funds at an average rate of \$15,000.00 per month.

The most important question, however, is how do we get out of this predicament? The easiest way is to close the hospital, it's also the most expensive way. Closing the hospital means you will still pay off the mortgage bonds, which is \$450,000.00. You will still need to maintain the building, until such time as some use is found for it. You will not have immediate access to emergency care, because the closest emergency care will be in Eastland. The closing of E.L. Graham Memorial Hospital will have a negative effect on your property values, most likely causing them to decrease. I do not consider that to be a good alternative.

The only reason the increase in the tax levy was suggested is to buy time. The additional time will allow the hospital to change the focus of what we do. We need to restructure. We need to add certain services. Those services include skilled nursing, home health care, swing beds for short stays, possible ambulance services. These services will provide the financial support for a smaller hospital (reduction in beds from 30 to 10), while keeping the traditional ancillary services, and emergency services available that the hospital traditionally provides. These changes will ultimately prove to be cost effective.

QUESTION: What assurance do we have that the hospital will survive even if the referendum is approved by the voters?

CARTEE: None. I have instances where hospitals in west Texas who have reacted as we and they close

ed their doors. On the other hand, some are still open. The hospital will not stay open if the daily census is low. The state and federal programs simply do not support a hospital to the degree of giving it survivability. The community must do that!

QUESTION: Mr. Cartee is right when he answers "none." The rural health care situation is getting a lot of press and news coverage. With the closing of rural hospitals all over this country, we are beginning to see the important role they play in the overall system of health care delivery. We are important. We failed ourselves when we did not make our voices heard. I cannot offer you any assurance of surviving, without your help. I know this, that the system will change, there is a rescue coming. (We might not like it in it's entirety.) If we are here when it comes, then we have a chance, but if we roll over and quit today, we have no chance. We are the ones best able to control our future, and your involvement is the answer.

QUESTION: How long would the tax be in effect?

CARTEE: The board must address this. And I would say there are a lot of "ifs" that must be built into the formula. There is some pressure on Congress to order payment for rural hospitals care and rural doctors to be paid on the same basis as large urban hospitals and doctors. They are not the same today and it is not fair.

QUESTION: The referendum calls for a three year period in which the levy would be raised to the .30 level. Yes there are a lot of ifs, but the best way to control those is to be involved. The board of directors wants you to be involved with this decision. Help them out.

QUESTION: Finally, what recommendation do you have to the citizens of the precinct?

CARTEE: First, don't complain about the board's actions if you did not vote. If 200 to 300 people vote it should tell the board "We don't care what you do." But if 800 to 900 express themselves (pro or con) the board is getting a more favorable direction which the community wants to go.

QUESTION: First, vote for the referendum. You won't regret the decision. The old saying that we don't know what we've got until it's gone is especially true in this case. Second, let's all quit pointing fingers to find the fault. That's history. Let's work together and build a future. The cornerstone of that future is your hospital. Together, WE can make a difference.

Commissioners Court: State To Be Billed For County Prisoners

Along with discussions Monday about ambulance service, the County Commissioners also dealt with matters relating to the county jail and law enforcement.

A contract was signed with the City of Rising Star to house City prisoners in the county jail for \$15 per day.

Commissioner Billy Bacon reported that 13 prisoners were currently in the jail, with 8 of these TDC prisoners. He

said that the jail was "spotlessly clean," but that the washer and dryer for the facility was "worn out." The Commissioners suggested getting prices on heavy duty equipment.

Sheriff Dee Hogan requested that the Commissioners approve a plan for the County Treasurer's office to submit a bill to the appropriate State agency each month setting forth the monthly cost

to the county of keeping TDC inmates. This would be based on \$45 per day for each prisoner.

The Sheriff explained that a recent court case was decided by ordering the State to reimburse a county their cost of maintenance of these inmates. He said that in the future the State may have to reimburse all counties their cost - and of course only those

who have itemized billings would have basis for payment.

He estimated that Eastland County might save as much as \$200,000 per year if the state began this type of payment.

The Commissioners approve his request for the billings.

Also approve was a request from the Sheriff to keep a 1982 Chevrolet which was

offered as a trade-in on a new car recently purchased from Hood-King Motor Company. Estimated value of the car is \$200. The vehicle will be repaired and used for back-up runs around the cities.

The Court session ended with a discussion of the 911 Emergency System. A public meeting on this matter is scheduled for Friday morning, April 28 in the Commissioners Courtroom. The time will be announced.

MORAN NEWS

By Mrs. Luke Huskey

Mrs. Marie Clary of Cisco and Robert L. Balliew of Denver, Colorado, visited with friends in Moran last Monday.

Mrs. Joe Moore had eye surgery in St. Joseph Hospital, Fort Worth, one day last week. She is recuperating at home and doing fine.

The members of the American Legion Auxiliary will sell Buddy Poppies on Friday, May 26, in Moran. Buy a poppy and help the disabled Veterans. The poppies are made by the disabled Veterans who are in the Veterans' hospitals.

Mrs. Frankie Evans of Farmersville spent some time with her sister, Mrs. Eldon Waters, and Mr. Waters.

Walter Hunsinger of Midland spent a few days this week with his daughter, Mrs. Warren Fincher, and Mr. Fincher.

Mrs. Ola Gaskins is receiving treatment in the Albany hospital.

Ezra Weir has returned home after receiving treatment in the Albany hospital.

Moran and community are having some beautiful spring weather, windy and cool nights. A much needed rain would be the most enjoyable thing. The grass is growing and the lawn mowers are being used. Gardens are not too good due to the dry conditions.

Can you imagine that school will be out soon for the summer! The Baccalaureate service will be on Sunday night, May 28. The high school graduation will be on Thursday, June 1. The kindergarten and 8th graduation will be on May 31. Make plans now to attend the Moran school closing activities.

FUNERAL
Funeral for Mrs. O.K. (Margaret) Schooler, 71, was held Monday at 2 p.m. at the First Baptist Church in Moran with Rev. Jack Clack, pastor of the church, officiating, assisted by Randy White, youth director.

Mrs. Schooler, widow of the late O.K. Schooler, was the daughter of the late Mr. and Mrs. John Gardner. She was raised in Moran and was a member of the Church of Christ. Burial was in the Moran Cemetery under the direction of Godfrey Funeral Home. She passed away Thursday night after suffering a heart attack.

Survivors include two daughters, Mrs. Marie Courville of Bedford and Mary Frazier of Knox City; one son, John Schooler of Moran; two brothers, Harold Gardner of Albany and Charles Gardner of San Antonio; three grandchildren and seven great-grandchildren.

Don Louder of Dallas visited with his mother, Mrs. Carroll Louder, Sunday.

NEWS BRIEFS

Visiting over the weekend with Roscoe and Geneva Leard and attending the Cisco Folklife Festival were Mrs. Gracie Brown of Archer City; Mr. and Mrs. Barney Clark of Houston; Mr. and Mrs. Dolug Giltner and sons, Austin and Derrick, and Mr. and Mrs. Bobby Haigood, all of Wynnewood, Okla. All reported an enjoyable visit to Cisco and the Folklife Festival.

Letters to the editor

Dear Editor:
I am deeply concerned about our hospital situation. I cannot believe our good citizens will sit by and refuse to do all they can to save its closing. We desperately need that hospital. If a few tax dollars will keep it in service, then everyone of us should go to the polls on May 6 and let his/her wishes be known. Cisco needs that fine hospital. Let's do everything possible to keep it.
Sincerely,
Bernice Carter

Project Graduation Expresses Thanks

The Project Graduation committee would like to thank the Cisco Civic League, Thrift Mart, Sonic Drive In, Frito-Lay, Gandies, and Dr. Pepper-Pepsi Cola for their help with the fund raiser for the Project Graduation during the Folklife Festival.

Eastland County American Cancer Society's Door-To-Door Drive

The Eastland County American Cancer Society's 1989 door-to-door drive is in the final stages. Sixty volunteers in Eastland are finalizing their work; Ranger and Olden will be canvassed this Society is the memorial program. Volunteers calling at residences have supplied

Primitive Baptist To Host Three Day Meetings

The Cisco Primitive Baptist Church will host a three day meeting Friday through Sunday, April 28-30.

Services will begin at 7:30 p.m. Friday. There will be three services Saturday, a morning service at 10 a.m., afternoon service at 2 p.m., and evening service at 7:30 p.m. Sunday services will begin at 10 a.m. and the meeting will conclude at noon.

The church is located on the corner of Avenue A and East 11th Street. The congregation has issued an invitation to everyone who wishes to worship with them.

Ladies Game Day May 5

Ladies club of Lone Cedar extends an invitation to all area ladies to meet at Lone Cedar Country Club, Lake Leon on Friday, May 5, 10:00 a.m. for a day to relax, meet friends and enjoy games of your choice. Lunch will be served at noon. See you then.

week. If you have been missed and wish to contribute, you can call Dale Squiers, President of the Eastland County Chapter, Mrs. Fehman Lund, Eastland Residential Drive Chairman, or any of the following Area Chairmen: Jennie Bradley, Barbara Anderson, Wanda Hull, Joan Hill, Donna Robertson, Rosalie Bradshaw, or Sue Alexander.

The Businessmen's Drive will be spearheaded by Robert Steed and will be getting underway this week also. Robert and his workers will be calling on businesses to ask their continued support of the Cancer Society's work.

One important source of contributions to the Cancer

memorial envelopes and hope that Eastland County citizens will use these envelopes throughout the year. As well as a remembrance to the family of a deceased loved one, memorial gifts to the Cancer Society work for the good of all of us by supporting on-going research, public and professional education, and patient services. The chart below shows how your dollars fight cancer in Texas. The 1988, \$35,000 was spent for cancer patients in Eastland County. One-third of that amount was collected in the county from various fund-raising events.

In these last few weeks of the Society's fund-raising campaign, the Eastland County Chapter urges you to remember the vital work the American Cancer Society is doing to conquer cancer and contribute generously.

Cisco Parents For Teens To Sponsor Teenage Dance Friday, May 5 In Cisco

The Cisco Parents for Teens is sponsoring an Eastland County and Area High School Dance on Friday, May 5. The dance will follow the Cisco AG Banquet and honor the Cisco FFA and AG students.

The dance will be held at the Cisco Corral Room from 9 p.m. to 1:00 a.m. Local D.J. Jason Phillips will provide the music for the dance. Admission will be \$3.00. Soft drinks will be available.

Cisco has an active group of Parents for Teens who have sponsored monthly parties for Cisco High School students for the last five years. High School parents will serve as chaperones. Parents from all surround-

ing towns are invited to also help chaperone. Definite rules have been established for high school students as follows:

1. Only high school students will be allowed to attend the dance.
2. Students may leave the dance at any time, however, once a student leaves they may not return.
3. No drugs, alcohol, or dipping will be allowed.

Says a "spokes parent" for Parents for Teens, High School parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can.

For further information, please call 442-3113, 442-4627 or 442-2537.

The Oakdale Plunge

Spring has sprung, days are warming, birds are singing, square dance costumes and bathing suits are the fashion, beans are boilin' and everybody's happy. Why? Because Oakdale Park's SPLASH DAYS are at hand!

Programs and planned events for May 5, 6, & 7, the 1989 dates of Oakdale Park's annual Splash Days, are now finalized, with emphasis on Fun-for-Everyone.

Friday's (May 5) activities include Free Swimming in the park's Olympic-size swimming pool, Square Dancing with Glenn Vowell, caller, and a Campfire Get-to-Gether

and Marshmallow Toast for kids, young and old.

Saturday, May 6, marks the 1989 official opening of the swimming pool, THE OAKDALE PLUNGE. Also, visitors and guests are invited to take part in the afternoon Clown Parade in the park. Other activities are the annual FREE BEAN FEED, courtesy of Oakdale Park, Square Dancing and Traditional Country and Bluegrass Music and Talent Show. The day's events will conclude with an after-hours swimming party for Adult Camping

Guests. Sunday's (May 7) program

Obituaries

James H. Vail Horn

SEYMOUR— Services for James H. Vail Horn, 77, were held at 2 p.m., Monday, April 24, 1989, at the Assembly of God Church with the Rev. Lloyd McIntosh officiating. Burial was in the Vera Cemetery in Vera, directed by Archer Funeral Home.

Born in Vera, he moved to Seymour in 1981. He worked in Morenci, Ariz., and retired from the Mississippi Baptist Children's Home in Jackson, Miss.

He was a member of the First Assembly of God Church in Camden, Ark.

Survivors include his wife, Sarah Roberds Horn of Seymour; four daughters, Barbara Friday of Slaton and Bonnie Powers, Bobbie Reasoner and Gail Stewart, all of Lubbock; two sons, James Ray Horn and Gary Dan Horn, both of Phoenix, Ariz.; a stepdaughter, Elsie Bustin of Monroe, La.; a stepson, Bill Nash of Little Rock, Ark.; two sisters, Naomi Shipman of Seymour and Rea Dunlap of Cisco; a brother, Claude Dell Horn of Duncan, Okla.; 14 grandchildren and 12 great-grandchildren.

Margaret Schooler

MORAN— Margaret Schooler, 71, of Moran died Thursday, April 20, 1989, at her home.

Services were held at 2 p.m. Monday, April 24, 1989, at First Baptist Church of Moran with the Rev. Jack Clack officiating. Burial was in the Moran Cemetery, directed by Godfrey Funeral Home of Albany.

She was a lifelong resident of Moran. She was a homemaker and a member of the Church of Christ. She was the widow of O.L. "Mickey" Schooler.

Survivors include two daughters, Mary Frazier of Knox City and Marie Courville of Bedford; a son, John Schooler of Warren; two brothers, Charles J. Gardner of San Antonio and Harold Gardner of Albany; three grandchildren and seven great-grandchildren.

Johnnie Gale Fowler

BRECKENRIDGE— Services for Johnnie Gale Fowler, 44, were held at 2 p.m. Monday at the Morehart Mortuary with the Rev. Rex Boggs officiating. Burial was in the Necessity Cemetery.

She died Saturday at an Abilene hospital.

Born in Breckenridge, she graduated from Breckenridge High School in 1963.

She was a homemaker and a Baptist.

Survivors include her husband, Paul Fowler of Breckenridge; a son, Tony Douglas Fowler of Breckenridge; her father, John Wesley Browning of Breckenridge; three sisters, Ginger Haigwood of Breckenridge, Texa Russell of Stephenville and Jackie Weatherly of Quinlan; and two brothers, Charles W. Browning and Kenneth P. Browning, both of Breckenridge.

Vee Bomar

CISCO— Vee Bomar, 83, of Abilene, formerly of Cisco, died Thursday, April 20, 1989, in an Abilene Hospital.

Services were held at 4 p.m. Saturday, April 22, 1989, at Kimbrough Funeral Home Chapel with the Rev. Dewey Lamb officiating. Burial was in Oakwood Cemetery.

She was a retired cook and a Baptist. She was the widow of Henry Bomar.

Survivors include a sister, Susie Gilmer of Brownwood; two grandchildren, Darwin Bomar of Ovaio and Michael McCorkle of Brownwood; and several nieces and nephews.

Roy Chestnut

RANGER— Roy Chestnut, 78, died Saturday at a local nursing home.

Services were held at 1:30 p.m. Monday at the Edwards Funeral Home Chapel with the Revs. Jerry Speer and T.L.

Rexroat officiating. Burial was in the Blue Flat Cemetery, south of Gordon.

Born in Santo, he moved from Gordon to Ranger in 1947.

A heavy equipment operator for the Texas and Pacific Railroad, he was a construction worker and a Baptist.

Survivors include his wife, Lena Belle Rexroat Chestnut of Ranger; a son, Johnny Chestnut of Crowley; two brothers, Eueal Chestnut of Stephenville and C.F. Chestnut of Ranger; a sister, Jewel White of Eastland.

Ruby S. Dillard

DE LEON— Ruby S. Dillard, 83, died Thursday in a local nursing home.

Services were held at 10:30 a.m. Saturday at the Nowlin Funeral Home Chapel with Payne Hattox officiating.

Burial was in the Desdemona Cemetery.

She was born in Eastland County, and moved to De Leon from Desdemona 12 years ago. She was a homemaker and a member of the Rucker Church of Christ.

Survivors include a daughter, Arvilla Christian of Stephenville; a sister, Sadie Reese of Lake Leon; eight grandchildren and several great-grandchildren.

Robert E. Rowlett

EASTLAND— Robert E. Rowlett, 60, died Tuesday morning at a local hospital.

Services are pending at Bakker Funeral Home.

Richard Hulén Pope

CROSS PLAINS— Richard Hulén Pope, 37, of Burkett, died Sunday, April 23, 1989, from injuries sustained in a one-car accident 11.4 miles north of Bangs on Highway 585.

Services were at 2:30 p.m. Tuesday, April 25, 1989, at Higginbotham Funeral Home Chapel with Baylis Pope and John Swift officiating. Burial was in the Burkett Cemetery.

Born in Coleman, he was a

warehouse man for 3M Co. in Brownwood and a member of the Corner Stone Methodist Church.

Survivors include his wife, Jan Stickland Pope of Burkett; two sons, Richard Cory Pope and Landon Keith Pope, both of Burkett; his parents, Walter "Bill" and Virginia Pope of Cross Plains; five brothers, Walter W. Pope II of Abilene, Baylis C. Pope of Cisco, Joe N. Pope of Stephenville, Dr. Donald D. Pope of Coleman and Ronald E. Pope, Ph.D. of Cross Plains; and several nieces and nephews.

Sylvia Howard
Laura Hightower

State Program To Rehabilitate Roads

About \$6 million will be pumped into District 23 area highways as part of a statewide program to rehabilitate Texas roads. At its March meeting, the highway commission approved the \$400 million statewide program.

"Fifty miles of roadway will be improved in our area," said Brownwood District Engineer Wes Heald. "There are ten separate projects, including plans to rehabilitate 1.3 miles of US 80 in Eastland, from near the Leon River to Interstate 20. This section will be widened with curb, gutter, and storm sewers, and will cost approximately \$1,150,000.

Two other projects in Eastland County will strengthen the roadway of IH-20 from 0.5 miles west of SH 206, east to SH 6 in Cisco, a distance of 10.2 miles at an estimated cost of \$885,000, and from 0.3 miles east of FM 570, east to 0.5 miles east of Colony Creek near Olden, a distance of 5.4 miles, to cost approximately \$450,000.

A 2.4 mile section of FM 570 from IH-20, east to FM 2214, will also be reconstructed at an estimated cost of \$825,000.

On a statewide level, Heald said, 497 projects involving about 2,500 miles of roadway in Texas would be restored in the next few years.

Summer Lawn Watering Guide

Watering Guide

The type and slope of the soil, the fertilizer that is used, the amount of water needed by plants and grass, and the efficiency of the sprinklers affect when to water.

Soil Type

Lawns on sandy soil require more frequent watering than lawns on loam or clay soils. Water can be applied less often to clay and loam soils, but it should be applied more slowly to prevent runoff.

Slope

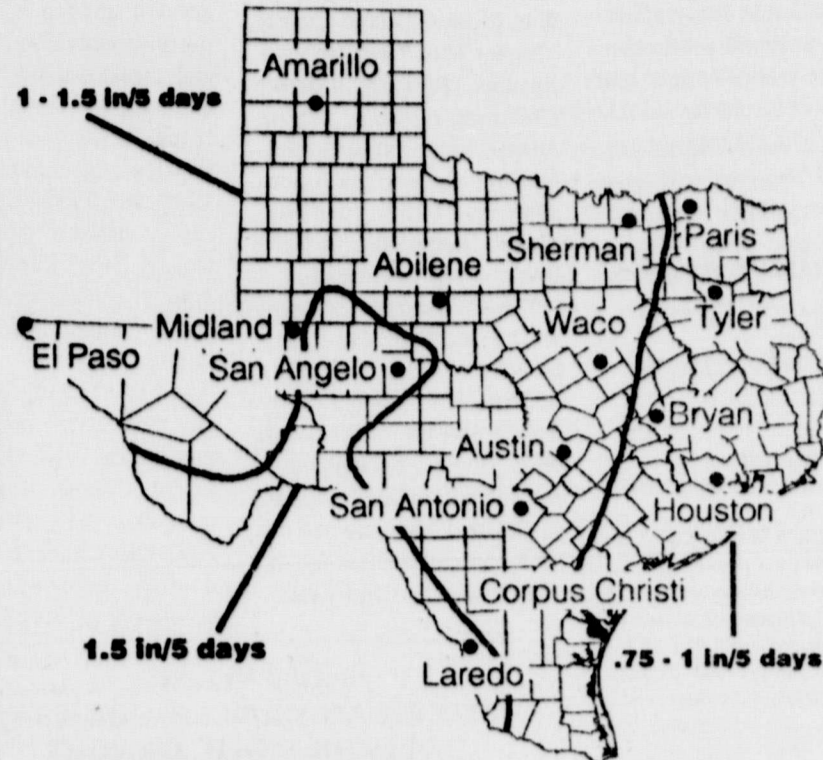

To avoid runoff on sloping areas, place sprinklers near the top of the slope. Apply water slowly for 5-15 minutes, off 15 minutes, on 5-15 minutes, etc., until the correct amount of water has been applied.

Fertilizer

A slow release nitrogen fertilizer helps plants use less water, and a lawn fertilizer with a 3-1-2 ratio of nitrogen (N) -phosphorus (P) -potassium (K), such as 15-5-10, is recommended to help grass withstand stress. Remember, each 100 lbs. of 15-5-10 fertilizer contains 15 lbs. of N, 5 lbs. of P, and 10 lbs. of K. Fertilize lightly in the spring and again in early fall.

Trees, Shrubs, Groundcover

Established plantings do well in the summer when watered about once a week, especially if mulch and soil are placed around plants. Apply enough water to wet the soil to a depth of at least 12 inches. Flooding diked areas and using low output sprinkler heads, bubblers, or drip irrigation systems help prevent runoff.

New plantings require more frequent watering the first two years. Consider Texas-grown, drought-tolerant varieties when purchasing new or replacement plants.

When to Water Grass

Most grasses take on a dull, dark appearance and leaves begin to roll when they need water. The best time to water is early morning.

How Much to Water

Apply enough to wet the soil to a depth of 4-6 inches. One to 1.5 inches of water is usually adequate. Use a soil probe or screwdriver to determine the depth the water actually reaches.

How to Water

1. Use a sprinkler that emits large drops of water that remain close to the ground, not one that sprays fine mist into the air.

2. Determine how much water your sprinkler applies:

- Set 3 to 5 empty cans at different distances from the sprinkler with the last can near the edge of sprinkler coverage.
 - Run the sprinkler for 30 minutes.
 - Add the inches of water in all cans and divide the total inches by the number of cans to obtain an average.
 - Multiply the average by 2 to determine how many inches of water are applied in 1 hour.
3. Locate your area on the map to find out how many inches of water to apply every fifth day to bermudagrass during June, July, and August. Buffalograss needs about 25% less water, and St. Augustine needs about 15% more.
4. Subtract any rainfall from the amounts given on the map to determine how much water to apply.

Pharmacy Topics

By Bob Mueller

Old diseases like measles and mumps -- even cholera and plague -- are coming back, doctors report. Inadequate immunization and some new strains of bacteria and viruses are to blame, according to the Centers for Disease Control.

A link between coffee consumption (two cups or more a day) and higher blood cholesterol was reported in the American Journal of Epidemiology. But caffeine isn't the culprit, because tea, cola and other sources of caffeine don't have the same effect.

Computers are helping doctors analyze the results of magnetic resonance imaging scans. New method, developed at Massachusetts General Hospital in Boston, enables them to determine with more speed and accuracy whether a scan shows a change in tumor size.

First aid for sprained ankles and other foot injuries might be an inflatable compression cuff with a built-in cooling system. It's said to reduce swelling.

Ouch! For the first-aid supplies that every home needs, and the latest in health helps, see Wal-Mart Pharmacy, Hwy. 80, East, Eastland, 629-3347. cer104

Warmer Temperatures Means More Water Usage

As the warmer temperatures of spring and summer approaches, residential water use will increase significantly as people begin to water lawns.

In fact, over half of the water used by homeowners in the summer is for lawn watering.

This causes significant peak demands that utility systems must meet by building reserve excess capacity into water supply, treatment, and distribution systems.

Unfortunately, it is estimated that as much as 60 percent of the average municipal water system is idle 75 percent of the time; that is, the idle capacity is just in reserve to meet summer peak demand.

This represents a substantial capital investment that must be paid for year round by rate payers even though it is not used for long periods of time. High water demand during summer for lawn watering is also often a major culprit, along with droughts,

that stresses water utilities to the point that they must limit use or ration water.

While this situation is certainly regrettable, it is made even worse because half of the water used for landscape watering is wasted, according to the Texas Agricultural Extension Service.

In other words, both the rate payers dollars and the state's precious water resources are literally going down the drain.

The Texas Water Development Board, the state agency statutorily responsible for administering Texas' water conservation program, has joined with other state agencies and water organizations to try to reduce water waste by educating the public on the need to conserve water.

As the high water demand days of summer approach, it is would be extremely helpful to remind Texans that the best ways to reduce waste and needless water use are often the simplest.

Fishing Outdoors

By Terry Wilson

Area Anglers Still Producing Well

Area anglers placed well in bass tournaments at Leon and Brownwood. The Open Jackpot event held at Lake Leon April 23 drew 32 entrants. High winds were reported to have hampered fishing. The winners were: First Bob Freeman 3 fish 9.06 Eastland County Bass Club, Second Monty McJimsey 3 fish 6.86 Breckenridge Bass Club; third Rick Glenn 3 fish 6.56 E.C.B.C. and B.B.C. Big Bass honors were won by Jim Williamson 1 fish 5.16 E.C.B.C. and second big bass went to Jimmy Johnson 1 fish 4.80 E.C.B.C.

Also hosting its inter club tournament at Lake Leon was the Breckenridge Bass Club. Results of this event were not available at this time.

At Lake Brownwood the Brown County Bass Anglers hosted their Open event April 23 also. A very low turnout prompted a payback of ten money places. Steve Snyder of Abilene placed first, Butch Willingham from Cisco

placed second, Al Senterfite also from Cisco placed third and Terry Wilson of Eastland fell in at eleventh place.

A very angry angler phoned me Sunday night asking me to bring to light an old problem. That problem being trotlines being cut by other anglers. As I said this isn't a new problem at Leon or any other impoundment. Fishermen of all walks realize that this is an ongoing affair for a few individuals who call themselves fishermen. Whether you fish for bass, crappie, carp, or catfish, each of us must respect the right of the other to fish our states water ways.

The actual cutting of trotlines today is automatically blamed on those so and so bass fishermen. When in reality many lines are cut by other trotlines, crappie fishermen, trollers, etc. Not to say many aren't being cut by bass fishermen. But is unjust to lay full blame on bass anglers. As I stated above true fishermen must and do respect other peoples pleasures

in the outdoors.

Fellow catfishermen could do much to change many of the line cutters outlook towards trotlines. Visibly marked lines are less likely to be tampered with due to lure hangups. And I know nothing more irritating than snagging a trotline or drop hook that appears to have been placed by Noah during the flood. And how about those good old boys who place lines out with no intent of fishing them, but just don't want anyone else fishing there. The above mentioned practice and others are not those of trotline fishermen, but so called fishermen.

All anglers can help with both sides of these problems if you know or see someone who practices these habits. Speak out, we can make a difference. The joy of fishing is the relaxation we all need after a hard day. And nothing spoils it quicker than finding your trotline cut or while tube fishing getting tangled up and a hook in you and a \$100.00 pair of waders and possible drowning from an unmarked trotline. Team work and respect are these keys here folks the outdoors belongs to no

one man but each and every one of us own a small piece.

I would like to invite you all out to Lake Leon April 30, 1989 for the 1st annual Eastland Volunteer Fire Dept. Open Bass Tournament. Weigh-in will be held at Chock-o-Block and will begin at 3:00 p.m. \$1,000.00 will be awarded to the paid contestant with the heaviest 3 fish or less stringer weight. See ya at the lake.

Terry L. Wilson

Callahan County Riding Club To Hold Playday

Callahan County Riding Club, Inc., will have a playday to benefit the Ben Richey Boys' Ranch and the West Texas Rehabilitation Center on Saturday, April 29, beginning at 2 p.m.

The arena is located three miles west of Clyde on FM 18.

Events will include western pleasure, barrels, poles and flags, and cost will be \$1 per event. Age groups will be 8 and under, 9-12, 13-17, and 18 and over.

A concession stand will be open, and those attending are asked to bring chairs as there are no bleachers.

Public Hearing To Be Held To Assess Needs Of Older Persons

A Public Hearing to assess the needs of older persons in the 19-county West Central Texas Council of Governments region and on the proposed Area Agency on Aging Three-Year Plan for Aging Services will be conducted in Abilene at 10:00 a.m. on Thursday, May 4, 1989, at Duffy Auditorium in Richardson Library at Hardin-Simmons University, 2200 Hickory, Abilene, Texas.

The plan, developed by the West Central Texas Council of Governments for the period October 1, 1989 through September 30, 1992, reflects the Area Agency on Aging's intent to support and maintain a comprehensive, coordinated serve delivery system for older persons in the region as mandated by the Older Americans Act Amendments of 1987 and as funded by Congress, the Texas Department of Aging, and local contributions.

The public is invited to attend. Summary copies of the proposed Three-Year Aging Services Plan will be available at the Public Hearing. Opportunities for questions will be provided, and input from the public is welcomed.

Romney Cemetery To Hold Annual Meeting Monday

The Annual meeting of the Romney Cemetery Association will be held Monday, May 1, at 7:30 p.m. in the Christadelphian Church at Romney.

Financial reports and a progress report of cemetery work performed during the past year will be made. Election of officers for the years 1989-90 will be held.

All association members and persons interested in the operation and up keep of the Romney Cemetery are urged to attend.

INTRODUCING: John Wayne McDermott, Administrator and inviting you to visit Valley View anytime!

We're committed to the good health and well being of this community by providing compassionate, competent services

that are prompt, professional and affordable. You can rely on the excellent care you'll receive.

Your loved ones deserve no less!

John Wayne McDermott-Administrator

BEVERLY ENTERPRISES

People who care about People

OUR CARING STAFF MAKES THE DIFFERENCE

You'll find many nursing homes that, like ours, are clean and comfortable. What sets us apart is the caring and dedication of every single member of our staff.

You're invited to stop in anytime to observe these exceptional people at work, ask questions of them and our residents, and discover for yourself the very best in nursing home care.

Valley View Lodge is located at 700 S. Ostrom, phone 817-629-1779. Here we offer complete care of the aged, sick, and convalescent.

This nursing home is well located, has plenty of sunshine, never enough noise to bother the sick, yet near enough to town so friends and relatives of guests can call without inconvenience.

Heating, ventilation and sanitary arrangements are most completely planned for the comfort of each guest and all methods are approved by the supervising medical authorities.

All rooms are light and cheerfully decorated, and have that home atmosphere which has a good psychological effect.

Their food is prepared by a specialist under the most sanitary conditions, giving the guests well balanced meals, nourishing and appetizing for rebuilding the health and strength so necessary for the inactive person.

This and the surrounding area is very fortunate in having a nursing home, "so like a home."

Sheriff's Department News

The Eastland County Sheriff's Dept. was notified that something of value was about 500 yards inside a pasture and in a clump of trees near the county road running west from Hwy. 3101 near the Eastland Lake.

A number of items were found, covered by a tarp, on the Massingill lease and other items were found scattered in the pasture, after deputies received permission to search the pasture. Some of the items, such as a microwave oven with a serial number, were immediately identified as items stolen from the Sneed-Amis Ranch.

Deputies Don Griffith and Morris Hardin were investigating, and these is a suspect.

Among items reported stolen from the Sneed-Amis Ranch last week were: a .22 caliber Winchester semi-automatic rifle, a 20 ga. Remington 820 Wingmaster pump shotgun, a Honda ATC 200 three wheeler (JH3TB053XFK407897), a Honda 125 cc. trail bike, a RCA 19 inch color TV with remote control, a Litton microwave oven (103424), a metal detector G.E.B./TR Discriminator model 321 (596410), a TI calculator (T15040), a Realistic 40 channel CB radio (TRC-420), a grey snake catcher, a Black & Decker model 9360 rechargeable spotlight, an air compressor, a telescope, a Con-Air Kwik Sweep portable vacuum, a 20 qt. red ice chest, two tool boxes of tools, two stocked fishing tackle boxes, and a radio battery, and other items taken from a Ford pickup. The guns were removed from a locked cabinet after the keys were found.

A burglary of the Wheeler home in Olden on April 21 between 4:30 and 8 a.m. was reported. Entry was through the unlocked front door, and a 14 ct. yellow gold thin band ring was missing. It had a central diamond surrounded by six diamonds, which were surrounded by eight more diamonds for a total of 15 diamonds.

On April 22 at 10:30 p.m., Cisco officer Shipman and DPS officer Tone arrested a man for DWI. When he was being placed in the county jail, a deputy found what was believed to be marijuana and drug paraphernalia in his socks. He was also given a breathalyzer test. He was also charged with having a concealed weapon, and no liability insurance. He was released on \$2,400 bond.

Deputy Ben Sancillo assisted Eastland officer Wilbanks in arresting two men who had a .357 magnum pistol in the car seat. The arrest was made on Olden's Main street at 11:30 p.m. on April 20. What was believed to be controlled substances were found in a ladies purse and a sock in the car.

Four prisoners in the Eastland County jail are scheduled to go to TDC this week. They are Rene F. Rodriguez (burglary), Roy Adrian Swindle (possession), James Arther Ravenstahl (revocation), and Roy Stewart Warren (habitual criminal).

A man aged 28 was released with time served for traffic warrants.

A man aged 29 was released with time served for theft of a

A man aged 29 held for drug possession with intent to deliver, theft, and prohibited weapon was released on bond.

A man aged 31 held for drug possession with intent to deliver was released on bond.

A woman aged 22 was released after paying fines for traffic warrants.

A man aged 29 held for DWLS and possession of drug paraphernalia was released on bond.

A man aged 20 was released after paying fines for P.I.

A man aged 59 held for DWI, possession of drugs, no liability insurance, possession of drug paraphernalia and a concealed weapon was released on bond.

The county was able to buy back the old patrol car which was traded-in for \$200. Deputies have used the old car while repairs are being made to other patrol cars. It also will be used by the jailer. Transmissions in the patrol cars are being replaced with overdrive transmissions, which should cut fuel costs by \$1000 per year, according to Sheriff Dee Hogan.

Tarleton State Results Announced For State University Interscholastic League Contest

STEPHENVILLE-Many area students will compete in the state University Interscholastic League contest May 6 in Austin after placing among the top finishers in a regional contest here Saturday.

Golthwaite High School's one-act play, "Scenes from 'I Remember Momma'" won second place in the competition.

The top three finishers from the Region II Class 2A UIL Meet at Tarleton State University qualify for the state contest.

Jeff Roark of Cisco was high scorer in the physics portion of the science competition, but did not qualify for the state contest. He finished as first alternate, should one

of the qualifiers not be able to participate.

Results from the Region II Class 2A meet follow:

- Team Debate - The Cisco High School team of Lori Ann Speegle and Stacey Saunders placed third.

- Lincoln-Douglas debate - Shilo Denison of Cisco was first alternate.

- Number sense - Harlan

McMorris of Seymour placed first.

- Science - Harlan McMorris of Seymour placed third, and Jeff Roark of Cisco was first alternate.

- Shorthand - Lacy Wright of De Leon placed third, Darla Files of De Leon was first alternate, and Stephanie Polvado, also of De Leon, was second alternate.

- News writing - Kim Vaughn of Goldthwaite was first alternate.

- Feature writing - Holli Barnett of Goldthwaite placed third.

- Headline writing - Danielle Mitchell of Eastland placed second.

- Calculator applications - Amy Howell of Seymour placed third, and Harlan McMorris was first alternate.

- Calculator applications - Seymour's team of Harlan McMorris, Amy Howell and Wade Brooks placed first.

- Literary criticism - Jana Muller of Cisco placed first and Raiford Rattan of Eastland placed second.

87th Infantry Division of WWI & WWII Reunion In Chicago

The 45th anniversary of their participation in the "Battle of the Bulge" will be remembered at the 40th annual reunion of the 87th (Golden Acorn) Infantry Division of World Wars I and II to be held at the Woodfield Hilton and Towers in Arlington Heights, Ill., on Sept. 20-24, 1989.

The 87th Infantry Division was activated and trained as a combat Infantry Division in both World Wars. In 1917,

the Division joined General Pershing's A.E.F. in France and as it was being assigned to the Western Front, the Armistice was signed. In World War II, the Division went into action at Metz, France. During 154 days of almost continuous combat, the "Golden Acorn" fought in France, Belgium, Luxembourg, and Germany. It advanced more than 345 miles in the European Theater, taking 63,338 prisoners and

liberating hundreds of towns. Veterans of the famous "Battle of the Bulge," crossing of the Moselle and Rhine rivers, and the "lightening streak" in pursuit of the Nazis across the heart of Germany, fighting many bitter battles from the once impregnable Sigfried Line to the Czechoslovakia border.

The combat ability of the 87th Division was held in high regard by General George S. Patton, Commander of the Third Army, and this Unit received three Bronze Combat Battle Stars for its most valiant efforts in the battles of the Ardennes, Rhineland, and Central Europe.

For additional information on the 87th Division reunion, contact: Gladwin Pascuzzo, 2374 N. Dundee Ct., Highland, Michigan 48031. Telephone: (313) 887-9005.

Anniversary

Thursday, April 27, 1989

Mr. & Mrs W.E. "Buster" Fowler

Mr. and Mrs. W.E. "Buster" Fowler of Cisco will be honored by their children with a Fiftieth Wedding anniversary reception from 2 until 4 p.m. Sunday, April 30, 1989, at the Senior Citizens Center in Putnam.

They were married April 29, 1939, in Haskell. The Fowlers have five children, six grandchildren, and five great-grandchildren. The family has requested no gifts.

The Lord will welcome you home.

Bob Harbin

Help Your Child's Prom or Graduation be Fun, Not Fatal

For high school students, spring-time means prom and graduation celebrations. It can be an important part of your child's high school experience—full of wonderful memories.

Unfortunately, proms and graduations are often associated with alcohol. Drinking and driving continues to be the number one killer of American teenagers. Approximately 3,000 young people between the ages of 15 - 20 are killed every year because of teenage drinking and driving accidents.

In addition, over 200,000 young people suffer traumatic head injuries every year, most from car accidents. Many of these teenagers are left with severe disabilities.

"It's a national tragedy," said Dr. Jim Wasco, New Mexico Head Injury System Medical Director, who works with head-injured children and adults at New Mexico, a national system of rehabilitation facilities. "Our kids simply don't realize the risks they're taking once they get behind the wheel. A severe head injury changes a youngster's life permanently."

Discuss the matter with your children. Let them know you want them to enjoy the festivities, but you also care deeply for their safety. Focus the conversation on solutions, not problems.

An ideal solution is to help your

community organize an all-night, alcohol-free party for the students. "Project Prom/Graduation", supported by the National Highway Traffic Safety Administration in Washington, DC, as well as state highway safety offices, has worked successfully in hundreds of schools across the country. Ideas for an exciting celebration are endless, but in order to have a truly successful event, make sure the students do the planning themselves.

If you live in a state where students may be of legal drinking age, you can use one of the following driving suggestions:

- Help your child team up with friends to rent a limousine.
- Solicit the driving assistance of an older brother or sister or a responsible older neighbor.
- Draw up a "contract" with your children whereby they will call you for transportation if they have been drinking. You, in turn, agree to pick them up at whatever hour, no questions asked.

If head injury has touched your life and you need further information on head injury or head injury rehabilitation, call the New Mexico Head Injury System at 1-800-CARE TBI.

"Work with your kids," Dr. Wasco said. "A little extra planning can make for a much safer prom and graduation season."

We see His works in the stars in heaven
Or the leaf of a newly planted tree
For we feel His presence near us
And truly answers our needs.

When you are lonely and blue
And have no one to turn to
There is always a door that is open
And someone that cares for you.

For He gave His all for you
The one that loves you so
With both arms open wide

POEM

Believing

Some people say that my Lord is dead
But they don't know Him like I do
The blessing that we receive
Is meant especially for you and me.

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Maranatha Baptist To Conduct Eighth Anniversary Service

On Sunday, April 30, 1989, the Maranatha Baptist Church will conduct services honoring their eighth anniversary.

As a mission in March, 1981, a plot of ground was leveled on US 80 two miles west of Eastland for the church to come. Of the 25 charter members, two are pastoring another church, one is preaching elsewhere, one is in a rest home, one moved membership to an area church, one is away in college, two moved out of town, six are deceased, and 11 remain active. Many other members have come

and some have gone but Maranatha's goal remains "To be a church home for those wanting to work while waiting for our Lord's return."

Sunday services will begin at 10 a.m. and recess for a noon meal, which will be spread together in the Sunday School building. Afternoon services will begin about 2 p.m. and will continue until all singers and preachers are ready to adjourn. There will be no night service. Everyone is invited to attend the day of celebrating and remembering.

Shown in the above photos are the Maranatha Baptist Church as the ground was cleared for the building eight years ago, and the building today. The church, located two miles west of Eastland on US 80, will celebrate its eighth anniversary with an all day service Sunday, April 30, 1989. The public is invited to attend.

Workday Set For Alameda Cemetery

The Alameda Cemetery Association will hold a workday on Saturday, May 6th. This cemetery is one of the older cemeteries in Eastland County, and has been meeting on this date for more than one hundred

years. After dinner, a short business meeting will be held and good gospel singing in the afternoon. Everyone is invited to come and be with us on this day, May 6th.

WORD OF GOD

What Shall Be The Sign?
Mark 13:4
And as he sat upon the mount of Olives, the disciples came unto him privately, saying, Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world?

And Jesus answered and said unto them, Take heed that no man deceive you.

For many shall come in my name, saying, I am Christ; and shall deceive many.

And ye shall hear of wars and rumors of wars; see that ye be not troubled: for all these things must come to pass, but the end is not yet.

"Tornadoes" A Texas Whirlwind

EACH YEAR IN TEXAS, 119 TWISTERS LEAVE 11 DEAD, BUT THE STORMS CAN BE ESCAPED.

Since 1916, 1,103 people have been killed in tornadoes in Texas annually, more than in any other state. When figures are averaged per 10,000 square miles, Oklahoma moves into first place.

The three worst spots in the United States for tornadoes per 10,000 square miles are Fort Worth-Dallas and counties north to the Red River, a section in the Panhandle between Amarillo and Lubbock, and the very center of Oklahoma including Oklahoma City. All three areas show an annual average of nine tornadoes.

Statistics put Tarrant, Johnson and Dallas counties into the hot spot in North Texas with 55, 56 and 52 tornadoes respectively re-

ported between 1950 and 1988 - the highest rates in North Texas.

Meteorologists say the figures are high because the three counties are so densely populated. Tornadoes that touch down without being seen can't be counted.

Tornadoes already have stirred Texas soil this year, causing minor damage in Central Texas. And the outlook for the rest of the spring is not promising.

Fort Worth-Dallas has not had a killer tornado since April 2, 1957, when a twister swept through Dallas, killing 10 people and injuring 200.

If a similar tornado were to hit the same area today, the death toll would be worse because of the increase in population.

One of the biggest hurdles meteorologists face - aside from daily forecasts is edu-

ating the public. Members of the public normally fall into two classifications: either overly frightened of storms or totally blasé. Meteorologists hope people will become educated about weather so they can recognize a potentially dangerous situation and respond accordingly.

The most vulnerable people during a tornado are those in cars and mobile homes. When one of the largest tornadoes tore through Wichita Falls in 1979, more than half of the 46 people who died were killed in automobiles.

A large number of those were in a safe place to begin with in their home or malls. They heard the sirens and went to their cars to drive away. That is the wrong thing to do.

People in buildings should move to the bottom floor or basement, away from windows and outer walls and reinforced buildings. If no shelter is available, they should move to the nearest ditch or depression and cover their head with their hands.

Texas lies at the southern tip of Tornado Alley, a strip of Plains area where tornadoes are most frequent.

Tornadoes are most prolific in Texas in April, May and June. All of the major killer tornadoes in Texas since 1900 have occurred in April and May. But it's not unusual for tornadoes to occur in the fall when cold and warm air collide or when hurricane pass onto land, stirring up the atmosphere.

Between 60 and 70 percent of all tornadoes are consid-

ered weak, with rotating winds up to 110 mph. Although they are narrow and stay on the ground only a few minutes, they are still capable of damaging roofs and windows.

About 30 percent are strong tornadoes, which contain winds of 110 to 200 mph. Strong tornadoes are a couple of hundred yards wide and can remain on the ground 10 to 15 minutes. They can destroy a home but probably won't level all walls.

Only 1 percent to 2 percent are violent tornadoes, often a quarter of a mile wide with winds exceeding 200 mph.

New technology in radar and computers being integrated into National Weather Service forecasting in the next five to six years is expected to improve forecasting accuracy. The new equipment called Doppler radar will tell meteorologists where moisture is and in what direction winds are moving within a cloud.

More research on weather and more training is needed to put that equipment to best use.

Obey posted speed limits. Be extremely cautious in a school zone. A child may never be seen crossing a certain street during the posted hours of a school zone, but the speed limit safeguards the one moment he may decide to cross. The purpose of speed limits is to warn of potential hazards on the roadway and allow you to respond to them. "The hazard may not always be present, but the potential is always present."

Cisco Writer's Club To Meet Tuesday, May 2

The Cisco Writer's Club will meet at 7 p.m. on Tuesday, May 2 in the Community Room at First National Bank, Cisco.

Mangum Baptist To Hold Singing

Mangum Baptist Church will hold their regular monthly singing Thursday, April 27 at 7:00 p.m.

All singers and visitors are invited.

Pleasant Hill Cemetery To Meet

Pleasant Hill Cemetery Association will hold their annual meeting Monday, May 1 at 7:30 p.m. in the church.

All interested persons are invited to attend.

Final plans will be made for the Club's participation in the Texas Circuit Literary Festival, which will be held May 5-6 at the Hilton Center in Cisco.

Club members who have material to read during the Festival are invited to bring their manuscripts Tuesday for a preview reading.

Fax Machines May Be Taxable

State Comptroller Bob Bullock said recently that businesses should be aware that sales tax is due on some fax machine charges, since the popular electronic devices provide a telecommunications service.

"If you fax it, we may have to tax it," Bullock said. Most fax machines are privately operated, but Bullock said more and more businesses are offering fax machine services to the general public for a fee. State and local sales tax is due on that transmission fee, he said.

Fax machines are electronic transmission devices that can "read" letters, memos, forms, and even photographs by changing the information into electronic impulses.

These impulses are sent by telephone to another fax machine that translates the signals back into the original format and prints a copy of the information.

"If you pay someone to fax something for you from one place in Texas to another in-state location, then tax is due on that service," Bullock said.

Bullock said businesses that charge for sending information by fax machine should collect state and local sales tax on the price of the transmission. The tax rate is determined at the location of transmission.

However, if the information is being sent to an out-of-state address, then only state sales tax is due on the transmission fee, Bullock said.

Businesses that rent or sell fax machines should collect sales tax on the sales or rental fee, Bullock said.

Large Crowd Enjoys Annual Cisco Folklife Festival Over The Weekend

The Cisco Civic League Folklife Festival was successful this year, according to all reports. The Folklife Festival began immediately following the Cisco Frontier Jubilee Parade last Saturday.

Several contests were held on both Saturday and Sunday, along with pioneer demonstrations given by Civic League members. Entertainment including stickhorse races, birds of prey program, gymnastics, trained dog show, ice cream crank-off, folk dancing, fowl flying contest, country musical, along with the style show ("Uniforms and Time") were also part of the weekend activities.

There were plenty of food booths available for everyone to keep them from being hungry. Visitors to the Festival were able to enjoy baked potatoes, barbecue, hot dogs, hamburgers, fresh baked strawberry shortcake, fresh baked bread, cinnamon rolls, cotton candy, fijas, burritos, and pizza.

Everyone enjoyed all of the contests held at the Festival. Winners in the contest were:

ICE CREAM CONTEST
Elementary and Junior High--1. Brandon Carlile, Chris Maples, peach ice cream; 2. Amy Whitley and Stacy Alvarado, banana; 3. Josie Flores and Kamtha Rogers, chocolate.

High School and adult--1. "The Baileys", John and Mom, strawberry delight; 2. Don Wallace and Sam Justice, coffee shop vanilla; 3. Matt Johnson and Ken Diehm, chocolate almond.

FOWL FLYING CONTEST
First place showmanship--Dr. Ervin Addy and Dr. Ayres Cermin, with Medi-Cluck.

Distance--1. Eddie McMillan and Matt Johnson, 2. Wesley Valek and Carl Bray.

Rick Whatley and John Larrison with B-IRD were disqualified because their fowl did not land. Reports were that the fowl left the Folklife Festival grounds, took a left and head toward

view.

Judges for the contest were the Honorable Jammie Fry and Howard Turner.

The students of Elementary School held a pioneer costume contest Friday in conjunction with the Folklife Festival. Winners in the contest were:

Early Childhood--Rachel Byrd and Frederick Morton.
Kindergarten--Vanessa Brandon and Charlie Randolph.

First Grade--Julie Glueck and Danny Arnold.
Second Grade--Tracie Ingram and Micha Jarrett.
Third Grade--Kristi McCulloch and Zack Thomas.
Fourth Grade--Kassi Schustereit and Drew Wallen.
Fifth Grade--Rebecca Williamson and Jimmy Escovedo.
Sixth Grade--Lesley Williamson and John Exline.

Trecia Rich Receives Degree

Trecia Kay Rich, Cisco, Master of Education, adult education, is among 1,736 graduates who will receive degrees May 12, at Central State University in Edmond, Okla.

The university, third largest in Oklahoma, was the first university to offer classes in the state, beginning in November, 1891.

The spring graduates include 1,432 being granted bachelor's degrees and 304 master's degrees.
