Heard a complaint about the number of American flags displayed downtown on the July 4th, holdiday. There were four flags flying on Conrad Hilton from the Interstate to the college.

In the past, civic clubs have taken on the responsibility of putting the flags out, since most of the businesses are closed on holidays. Businesses paid a small charge for this service. It did make the downtown area look very patriotic.

County Officers Seize 3 Drug Labs In 24 Hours

By Richard Kurklin In what may have been the

most successful 24 hour operation against illegal drugs in this area ever, the Eastland County Sheriff's Dept. seized three illegal drug labs. Used for the illegal manu-

facture of methamphetamines, the three labs have a street value of \$2 million dollars, according to Eastland County Sheriff Dee Hogan. Some individual glass items in the labs are said to sell for \$2,500 each, and are intricately made. And just one jar of the chemicals used may sell for \$175.

Atanearlier"war on drugs" meeting at the Courthouse, Sheriff Hogan has made it public that he was aware of large scale illegal drug production in the area. According to Hogan, some of the illegal drugs were being sold locally while the bulk of the local production was going to Ft. Worth.

Initially the drug labs were spotted and their purpose detected by deputies who were patrolling the area, watching for illegal hunting. They were located in mobile homes with the windows usually boarded up or blacked out to hide what was inside. The mobile homes were located on ranch land west of Ranger and the land is heav-

ily wooded with cedar trees, which limit visibility and make activities there hard to spot or observe. While oil production personnel drive roads on the ranch land to check and service wells, ranch owners often live away from the area and are unaware of trespassing on their property.

Sheriff Hogan says that the labs move frequently in an attempt to avoid detection, and that two of the labs were believed to have been cooking off hundreds of thousands of dollars of illegal drugs and that they had just recently relocated there. The third lab was brand new and had yet to be unpacked.

The three labs together would be capable of cooking off weekly batches of illegal methamphetamines with a street value of a half-million dollars each, according to Sheriff Hogan.

After the proper legal procedures were followed, allowing the Sheriff's Dept. to search and seize the illegal labs, a call went out to area law enforcement agencies, asking for any officers they could spare at the time. With \$2 million in equipment staked out, officers wanted to guard against any possible effort by organized crime personnel to take the labs away from officers, possibly

with automatic weapons. Plenty of armed officers at the scene tends to discourage any acts of desperation by drug people which could result in someone being killed. Many people involved in

the production and distribution of illegal drugs are addicts themselves, officers report, and some express a belief that if they can be admitted to a drug treatment facility and are able to "get off" drugs, they can be rehabilitated into useful, law-abiding citizens. They point out that methamphetamines are extremely addictive and that addicts will do most anything to get the drugs.

On the other hand it seems that only stiff and sure punishment is enough to offset the huge profits that can be made by those who insist on continuing to sell illegal drugs to the children and business people of Eastland County and America, making addicts

of them. Three officers from the Ranger Police Dept. and three officers from the Cisco Police Dept. responded to the Sheriff's call for help, helping to guard the scene until officers were able to transport the drug labs to the county

Teen Dance

July 21

The Cisco High School Senior Class in co-operation with Parents For Teens will sponsor an area teen dance to be held from 9 p.m., till 12 midnight, Friday, July 21, at the Corral Room, 404 Conrad Hilton Ave., Cisco.

T.J. will provide the music. Admission to the drinks will be available. Definite rules have been

established for high school students as follows: Only high school students

will be allowed to attend the dance. Students may leave the dance at anytime, however,

once a student leaves they may not return. No drugs, alcohol or dipping will be allowed.

Says a 'spokesparent' for Parents for Teens, "High parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can."

Cisco City Council Supports **Eastland County Economic** evelopment Council

mbers of the Cisco City il approved a resoluon supporting Eastland County and the Eastland County Economic Development Council in its effort to obtain a State Prison for the county. The regular city council meeting was held Tuesday, July 11, in the council chambers.

Dr. Charles Barnes, proect co-ordinator for the Eastland County Economic Development Council (ECEDC) attended the meeting. Dr. Barnes told council members that the ECEDC will mail materials to Austin showing them that Eastland County is eagerly seeking a state prison. Dr. Barnes said they have a promise of land, water, sewage and disposal and a number of resolutions if the county is selected as the site for the new prison. He said if the county is chosen, Eastland will have to lay down six miles of line for a new water supply.
Dr. Barnes said the

ECEDC has received antagonism from the Carbon residents when they realized that the prison will be located three miles from the city. He said a lot of the fears of the citizens are unfound-

Petitions against the prison were signed, but Dr. Barnes said, several people who signed the petitions do not live in Eastland County, so their signature will not be valid.

Dr. Barnes told the council that under the reign of the new state government, more progress has been made in controlling criminals. This is why the new prisons are being built. He said over 200 counties in Texas are seek- Continued On Next Page... ing to be the site of a new prison, due to the economic impact on the area.

Dr. Barnes said that the cities in Eastland County have worked very well together on this project. He said when he first started, several people told him it couldn't be done. There was too much rivalry between the cities. But, Dr. Barnes added, they have all worked hard together.

Mayor Joe Wheatley commended Dr. Barnes on the work he is doing for the Eastland County Economic Development Council. Mayor Wheatley said it takes a rare individual to do the work Dr. Barnes has

Dr. Barnes told the council that a tape on the type of prison Eastland County Economic Development Council is seeking will be shown on television cable channel 32. He said he hopes that the people in the county will stop and listen so they will be more informed.

Dr. Barnes said he is more than willing to have a meeting at anytime or anywhere, and if the council should hear of someone who is interested in setting a

meeting up to get in touch

with him. In other matters council members approved the policy and procedures manual for the narcotics dog for the Cisco Police Department. City Manager Mike Moore said the dog will be used by the police, but it will belong to the City of Cisco.

The council also approved the rental rate charge for the narcotics dog. Moore said the city will be incuring some cost for the animal, but they will charge other cities to use the dog. He said the Cisco Independent School District and the Texas Department of Public Safety will not be expected to pay an hourly charge for the use of the narcotics dog.

Council members approved a motion to charge other cities who want to use the narcotics dog, \$30 an hour, \$25 for paperwork cost travel expense and the cost of the police officer's salary.

Larry Weikel and Donald Wiley will be the two police officers working with the narcotics dog. They will go to the Scentry Place, Inc., in Jasper, Texas, where the animal is being trained. Weikel and Wiley will be there one week to learn how to care and work with the narcotics dog.

City Council members decided to file for a Texas Community Development Grant Application for the City of Cisco. The request for a grant will be made to the Texas Department of Commerce, West Texas Region. Moore said if the city is approved for the grant it will be used to help the elderly rehabilitate their homes.

During the month of June.

INFORMATION AVAILABLE:

Persons interested in specific details about the efforts to secure a state prison in Eastland County are invited to contact the Eastland County Economic Development Council Office and the telephone number is 442-3413.

The mailing address is P.O. Box 568, Cisco, TX 76437.

Director Charles M. Barnes reports that his office is anxious to discuss the project and to answer any questions possible about the details.

The office has been open since early December and inquiries have been few.

Final application to the T.D.C. is expected to be hand-delivered about July 20th, he said.

Hunter's Education Course Offered

Effective September 1, 1989, any hunter whose date of birth is between September 2, 1971 and August 31, 1973, must have successfully completed the Hunter's Education Course to hunt in Texas.

A Hunter's Education Course will be given at the

Cisco Junior College Ag building next week on Monday, Tuesday, Thursday and Friday, July 17-18, and July 20-21. The course will be held from 7:00-9:30 p.m.

Cost of the program is \$5.00 for materials issued by the Texas Parks and Wildlife Department. Any person 12-years of age or older may attend the course and be certified.

Information for this course may be obtained at Ted and Rex's One Stop, Western Auto, and Thornton Feed Mill. Or call Tommie Lee at 442-1405 or Gordon Strawn at 442-2010

Criminal Justice Legislation To Affect Eastland County

District Attorney Emory Walton says he is concerned about Texas House Bill 2335, which was recently passed by the Legislature. This Bill, sponsored by Senator Bob McFarland and Rep. Allen Hightower, is referred to as the "1989 Criminal Justice Reform Legislation."

In June both Walton and County Judge Scott Bailey told the Commissioners Court that if this Measure passed it would put more responsibility and expense of the Justice System back on the counties.

The District Attorney has received a 14 (legal size) page summary of the Bill, and says the actual Measure contains over 200 pages. In August he expects to begin receiving directions on how to implement the new laws contained

"There are all sorts of pro-

grams involved in it," he says. "Some sound good, but a practical matter I don't think they will work."

One particular item he objects to is where the bill says it clarifies current law to allow third-degree felony convictions to be recorded as such - "but while giving the Court discretion to punish the defendant as though the crime were a Class A misdemeanor."

"This provision will tend to place convicted felons in the County Jail rather than send them to T.D.C.," Walton remarks. "It has the potential to overload our County Jail at the expense of the County."

Walton is also concerned about new enactments involving the probation and parole Departments, but says he doesn't yet know everything

that will be required locally. He expects that the number of local probation offices will probably be doubled, however. The Department currently has four workers.

Local supervision will be required for at least 5% of the parole population by the end of the 90-91 biennium. The Texas systems of Pardons and Paroles is already the largest in the nation, he notes.

Under the new provisions of HB 2335 the local community may also be required to begin a number of new programs for offenders, Walton says. This will include drug and alcohol abuse programs, community service for offenders, and other things.

Some of it appears to be good, but he doesn't know where the money is coming from, Walton says. But that's Continued On Next Page... It is projected that prisons

Also of interest are complicated new changes in the quota system used in admitting County prisoners to T.D.C. Presently Eastland County is allowed room for four prisoners each month. What will it be under the new "guidelines"?

The extensive House Bill also deals with state prison funding, alternate systems of incarceration, an automated tracking system for offenders, and other matters.

one lab was raided in the area Wednesday night and the other two labs were raided on Thursday.

Lab operators were not at the scene when the labs were raided and seized, but Sheriff Dec Hogan says that their identity is known and that arrests may be made in a matter of time. He also says that the local labs are believed to be a part of a large scale drug syndicate which is supplying drugs to the Metro-

Laura Cox Represents Eastland County In Austin

Laura Cox, former Miss Rising Star, currently a student at the University of Texas, and the daughter of Mr. and Mrs. Franklin Cox of Rising Star is assisting Project HOOS-GOW in the Austin area. Project HOOS-GOW is the effort by the Eastland County Economic Development Council to obtain a state prison for the county this year. The project had a requirement for persons to meet with our legislators in the state capitol and with officials of the Texas Department of Corrections to let them know the advantages of Eastland County for the

prison site and to keep them informed of progress being made by the Development Council. Laura has volunteered for this task and done an outstanding job in representing our area in detailed

discussions. Most recently Miss Cox represented the County along with the ECEDC staff at a meeting of the State Board of Corrections on July 10th. At this meeting Governor William Clements welcomed the Board and congratulated them on a job well done over the past 21/2 years. it was pointed out by Board Chairman Charles Terrell that more progress

and more facilities improvements had been made during the past two years than in all of the history of the Department of Corrections.

"Laura is doing an outstanding job in representing Eastland County in our relationships in Austin, our final success will be dependent on Laura and others like her who are working for our best interests with government officials," said Dr. Charles Barnes, HOOS-GOW Project Director.

Wedding Bells

Hamrick - Janecka

Natalie Dawn Hamrick and Douglas Lynn Janecka exchanged wedding vows under the gazebo located in the Rodeò Plaza of Billy Bob's Complex at the historic stockyards area of North Fort Worth on Saturday, June 17, 1989, at 6:30 p.m.

Judge Alford Bush of Ranger performed the double ring ceremony.

Douglas is the son of Lawrence and Bernie Janecka of Eastland and Natalie is the daughter of Jim and Mary Hamrick of Charleston, West Virginia. The bride was given in marriage by her parents. Beth Vesco of Ohio was her sister's matron of honor.

Rudy Janecka of Burleson, Texas, brother of the groom, served as best man. Other attendants included Suzanne Janecka of Burleson and Debbie Thomas, Brad Sorensen and Brock Stevenson, all of Fort Worth.

Julie Janecka served as junior bridesmaid and Shanna Janecka as flower girl. Both are nieces of the groom. Chris Janecka, nephew of the groom, was ringbearer.

The bride was elegant in a sophisticated gown designed by Ilissa. The dress was made in lace and was straight fitting with a full trumpet skirt. The molded bodice featured a sabrina neckline with long off-the-shoulder sleeves. The sleeves were puffy with several bows attached to create dimension. Intricate pearls and irredescents lavished the gown with groupings of dangling bugle beads. The back of the gown was embellished with lace, irredescents and pearls which led into a beautiful chapel length train. Enhancing this lovely ensemble was a headband-style veil with dainty flowers layered with a cluster of jeweled sequins and pearls. The back was finished with a pouf and a single tier fingertip illusion. She carried a bouquet of peach

white gowns with peach flowers and accessories. The groom and ringbearer wore all white tuxedos with peach boutonnieres. The matron of honor and bridesmaids wore peach and black gowns and the best man and groomsmen wore black tuxedos, white shirts and peach boutonnieres.

Cecil and Jan Tippett provided songs and music during the ceremony.

A dinner/dance at Wayne's Silver Spur adjacent to the plaza following the wedding ceremony.

A rehearsal dinner on Friday, June 16, was hosted by the groom's parents at the famous Joe T. Garcia Restaurant, also a historic landmark in North Fort Worth for over

The bride and groom spent their wedding night in the honeymoon suite of the newly-renovated Stockyards Hotel, another longtime landmark. After a trip to Cancun, Mexico, the couple is residing in Fort Worth where' Douglas is an independent contractor and musician and Natalie is a model and dental

Richey - Anderson

On June 10, 1989, at 2 o'clock in the afternoon, Ginger Lee Richey of Cypress and Scott Anderson of Cisco were united in marriage. The ceremony was conducted by Rev. R.W. Hillencamp in the sanctuary of the Grace United Methodist Church.

Gerald and Judith Richey of Cypress are the parents of the bride, and the parents of the bridegroom are Freddy

and Vonda Anderson of Cisco. Paternal grandparents of the bridegroom are Mr. and Mrs. Fred Anderson of Cisco. Mozell Yeager, also of Cisco, is the maternal grandmother of the bridegroom.

The bride wore a hand made, two piece dress of white satin, trimmed with scalloped lace across front and back of shoulderbuttoned bodice. The skirt

featured matching scalloped lace at hemline and a satin covered V-shaped belt. The bridal bouquet was made of white phalaenopsis orchids, peach colored roses, white carnations, white freesia

and English ivy. Attendants of the bride were Laura Smelley of Cypress, maid of honor; Debbie Rodgers and Dianne Gates, both of Cypress, bridesmaids. They were attired in peach colored, tea length dresses featuring white lace trim and open back with oversized bow at the waist. They carried bouquets of gamellis with peach roses and white freesia

The best man for the bridegroom was Rusty Kea of Tyler. Groomsmen were Barry Callen of New Zulch, and Bobby Ables, cousin of the bridegroom, of Midland. They wore black, western style tuxedos with black bow ties, white pleated shirts, and black western style boots.

The flower girl was Tiffany Richey of Katy, niece of the bride. Tomi Jo Ables of Midland, cousin of the bridegroom, was ring bearer. They wore peach and white dresses with halos of peach and white flowers.

A reception was hosted by the parents of the bride in the fellowship hall of the church. Assisting with the reception were Lynette Richardson of Huntsville; Linda Callen of New Zulch; Maureen Meagher, Lake Jackson; Melisa English, Temple, cousin of the bride: Donna Richey of Katy, sister-in-law of the bride; Sandra Harper, Houston; Leslie Atkinson, Houston; and Sheila Atkinson of Houston, who served as mistress of ceremonies.

A rehearsal dinner was hosted Friday night at the church by the bridegroom's parents. The dinner consisted of barbeque and all the trimmings catered by Zeke's Smokehouse o Palestine

After a short wedding trip to Dallas, the couple is residing in Palestine, where the bridegroom is employed by the Texas Extension Service as assistant county agricultural agent.

The bride graduated from Sam Houston State University with a B.S. degree in Agriculture and a M.Ed. degree in Vocational Agriculture. The bridegroom also graduated from Sam Houston State University. His degree is in Agricultural Education

MAIN THING we learned in an expedition to determine the best way to "shake-down tourists" is that we've got a lot to learn! Our look took us to the

NO. ONE location. In fact, the way folks flocks to it, it's not unlike Mecca itself - it would appear to have a mystical attraction.

We refer to of course, to that mouse-powered, money-machine known as Walt Disney World in Florida-and peripheral tourist attractions of that sunbaked state that also specializes in retirement centers, oranges and alligators. And please know, that they know how to exploit every cypress tree, flower, natural and unnatural attraction in the book.

And yes, we were there during the last part of their recent rainy season. As one wag says, during the week

were there, it rained twice: once for three days and once for four days. Seriously, think there was one day that we didn't drive and/or rubberneck in rain. Wish we could have brought the rains home with us. We had umbrellas so the light rains in the parks only cooled and made our stay more comfortable.

We drove I-20 to Monroe, La., and then to Vicksburg, Miss., to re-do the national monument center there, then down the old Natchez Trace to Natchez, Miss., where just about every other home is an antebellum mansion, most with vast vistas of the mighty Mississippi River.

Headed southeast, we went through the hinderlands of Mississippi, and to Mobile, Ala., and while we didn't stop, it recalled to mind that it was at this port

city that our great-grandfather, an Irish immigrant, first touched this country. Onward on I-10, we touched Pensacola, Fla., and spent a night in Marianna before advancing to the tourist magnet.

The E.H.S. Band recently made this same trip and probably could describe it better, but think they'd agree that Disney and his neighbors know how to entertain. We headquartered at what is called Main Gate between Orlando and Kissimmee, Fla., which put us just a few miles from the various Disney offerings.

On a four day package, we were able to schedule pretty carefully, and all agreed that Epcot Center is the best of the lot. We spent a day at the Magic Kingdom, re-doing a few of the things we did years earlier at the original California

Spent a short day at MGM-Disney Studio for a tour; and the rest of our allotted Disney time at Epcot, the highlight of which might have been the 10 p.m. fireworks display set to music (1812, etc.) and the foreign exhibits.

Finishing Disney (almost: we visited the shopping village later.) we spent a day at what must be the original Florida spot, Cypress Gardens, a day on the west coast at Tampa for Busch Gardens, before going to the east coast for a super visit to

the Kennedy Space Center at Cape Canaveral. From Titusville, we drove

north, along the beaches, into and through St. Augustine, and then west on I-10 again, generally homeward bound.

Our Fourth of July was spent at Biloxi, Miss., which has changed considerable since we were last there. The thing that struck us most was the apparent uncontrolled use of fireworks by citizens on and near the beaches, in addition to the planned displays. They just don't seem to have any controls on such.

From there, we drove to Leesville, La., where you could guess that we visited Daughter Amy and Vince briefly before coming home. As an artillery officer, Vince had participated in their on post 4th celebration, at noon for a 50-gun salute to the states, and in the evening, with the post band in a concert that included the 1812 Overture with appropriate cannon blasts. We'd not know, but he said 21 blasts accompany the classic music.

"Rick Glenn Wins at Lake Leon"

Sixteen members of the Eastland County Bass Club met at Lake Leon Saturday, July 8, 1989. Leon's bass fishing has been running a little above our other area lakes since our heavy rains.

Anglers were allowed to weigh-in up to 5 fish 141/4 inches or longer. Calm winds seemed to slow the catching part down during this event, as the results indicate.

At the 3.30 p.m. weigh-in the final rally was 25 fish weighed for a total weight of 50.92 pounds. This averaged out to a 2.03 per fish average. The final results were:

1. Rick Glenn 5 fish 8.58 2. Terry Wilson 3 fish 7.54

3. Don Flowers 3 fish 6.30 4. Chuck Burgess 4 fish 6.04

5. Bob Freeman 3 fish 5.54 6. Butch Willingham 2 fish 7. Jerry King 1 fish 2.29

8. Tommy Maynard 1 fish 2.23

9. Bobby Maynard 1 fish

After lots of hard work and a lot of cooperation from the folks of Eastland County, the history book is becoming reality. We have sent the manuscript for over 2,100 family stories to the Taylor Publishing Company plant in Dallas and soon we will be seeing the actual pages of the book.

We are also adding the option of having your name stamped in gold on the front cover. Up to 21 characters (including spaces), will be in the lower left corner for just \$5.00 per copy.

The time is getting short to order your copy of this ONCE-IN-A-LIFETIME family heirloom. It will be a 9 x 12 hardbound, library edition that will last through many generations. Once the prepublication sale is over (Sept. 15, 1989) you will not have the opportunity to buy this book for \$52.50. After September 15, 1989, the price of the book will be \$62.50. The number of books is limited, so place your order now to ensure your copy!

Please consider friends and relatives who may not know about this book. They will be very grateful to you if you will help us contact them. Please forward this letter to them or contact Roy Smith at 817-629-2995 or Ron Bailey at 817-629-2365 after 6:00 p.m.

County History Book Sets September 15 Deadline

The Eastland County History Book has been a longtime a'borning-but it's now almost a reality!

A pre-holiday delivery date is hoped for but cannot be guaranteed as yet.

A "last chance" pre-publication book rate of \$52.50 is being offered through Sept.

After that date, all books will sell for \$62.50, or \$70 each after publication, if extra copies are available.

After lots of hard work and cooperation from the people of Eastland County, the final proofs of over 2,100 family stories have been returned to the publishers so that final corrections may be made.

The number of general history pages available is determined directly by the total number of books sold, so this is the time to make final purchases locally, and to let friends and loved ones elsewhere know about the new deadline so that as many books as possible will be sold. This is a once-in-a-lifetime offer and won't be repeated once the book is printed and delivered.

Business and memorial pages are still available and may be secured by contacting Roy Smith at 817 629-2995 or 817 629-2365 after 6 p.m. (Family stores which were not included in the free section could be added on purchased space it is reported.

Books at \$52.50, plus \$3.68 postage each may be ordered from Eastland County Family History Book, P.O. Box 856, Eastland, TX 76448.

The book will be a 9x12 inch 800 page classic, believed to be the biggest and best ever produced by Taylor Publishing Co.

You and everyone who has ever lived in Eastland County will want at least one. But now is the time to place

"Painting For Freedom" On Sale The book, "Painting For Freedom," is now on sale at Eastland County Newspapers. The book is the result of

research determining the artist of an Eastland County painting. It is the strange and exciting story of an artist who sold her works all over the Southwest at the turn of the century to help free her son from

a Mexican prison. The complete story with reproductions of the paintings and photographs of the principals has just been released. Order "Painting For Freedom" by H.V. and Gaynell O'Brien through Times Publishing Co., Box 29, Eastland, TX 76448, at \$12.95, plus 91° tax and

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title

PERS A COSTLY ITEM:

It costs nearly \$300 million to dispose of the 18 billion single-use diapers discarded annually, according to USA Today. The cost of diapering a child until he or she is "trained" is estimated to be \$299.00 for cotton homewashed diapers, \$1,170 for a diaperservice, and \$1,716 for disposable diapers.

TIPS FOR CHOOSING YOUTH BREAKFAST

More than 40% of the people participating in a nationwide survey reported recently that they had cereal for breakfast, making it by far the most popular morning meal. A number of the packaged ready-to-eat grains have plenty to praise, but how do you separate the "wheat" from the "chaff"? After all, even cereals that boast "all natural" can pack a considerable amount of calories, sugar, and sodium. And deciphering all that nutrition information on the side panel is no simple task. Fortunately, following a few healthful hints can make

the job a lot easier. First, you may wish to choose a product made from unrefined or whole grain.

DISPOSABLE DIA- When whole cereal grains are subjected to refining, they lose nutrients that are not necessarily replaced during fortification. Nutrients likely to be missing from refined cereals are trace minerals such as magnesium, manganese, chromium, and copper. If you want to be sure your cereal is whole grain, check the ingredients list for words like "whole wheat", "whole wheat kernels", or "whole grain barley". The word "whole" must appear unless it's an oatbased cereal, in which case it can say either "whole oat or "rolled oats" but not

"oat flour". Whole grain cereals contain fiber - generally 2 to 3 grams per serving. Some high-fiber cereals - those made with bran - boast 5 to 13 grams of fiber per serving. If you are trying to increase your fiber intake, that's fine. But remember that it's best to take in fiber from a variety of sources, including fruits, vegetables, beans, nuts, and seeds, so that the widestrange of nutrients will be consumed.

As for sugar, avoid cereals with a lot of it unless you are really shopping for candy. The "carbohydrate information" under the nutrition label

proper timing of chemical will help you distinguish "starch and related carbohydrates" from the simple carbohydrates "sucrose and other sugars".

Some dietitians recommend that a cereal contain about 3 to 5 grams of "sucrose and other sugars" per serving. (A teaspoon of sugar has 4 grams.) If the cereal provides raisins or other fruits. however, it's a different story. That's because even though fruit contains simple sugars and may raise the amount of sugar in a cereal to, say, 10 grams $(2^{1}/_{2}$ teaspoons' worth), fruit also contributes small amounts of vitamins, minerals, and fiber. (You can save money, incidentally, by buying a cereal without fruit and adding your own raisins, dates, or other choices at

Along with sugar, another additive that should not be in excess is sodium, which raises blood pressure in some the methods of application. people. Even old-time favor-Grapenuts, Life, and Nutri-Grain. And some, like Shredded Wheat and the puffed cereals, are virtually sodiumfree. They are also fat-free,

FIRE ANT BATTLE RAGES ON ...

One of the most persistent insect pests today is the red imported fire ant, and despite a battle to halt its advance, the pest slowly marches onward.

Fire ants infest about 125 Texas counties. Earlier visions or eradicating this pest have faded and now the focus is on containment.

Fire ants are well-known for their painful stings, which cause a burning sensation and produce a small pustule. The sting usually is not serious unless it causes an allergic

Imported fire ants prefer building their mounds in open, sunny areas; frequently around stumps; in rotten logs, bales of hay and electrical boxes; and under objects that offer some protection.

To control fire ants, a while arsenal of materials is available, including individual mound treatments, baits, and of course, home remedies.

More than 65 different products are now available for controlling fire ants. products work differently and vary greatly in cost. There seems to be a product for about every type of situation.

We have a publication "Fire Ants and Their Control" in the Extension Service office. It gives the names of many insecticides for fire ants and

ites like Cheerios, Corn Flakes, and Rice Krispies have nearly 300 milligrams of sodium per serving. The National Academy of Sci-2 eggs beaten ences says a safe intake for adults is between 1100-3300 milligrams of sodium per day. A number of cereals taste fine with fewer than 200 milligrams a serving, including

to the root zone where the Has Successful Opening

"Barefoot In The Park"

CJC's Barefoot in the Park opened very successfully Saturday night to a delighted audience. Equally successful was Sunday's matinee of the Neil Simon comedy.

However, due to a lack of reservations, Monday night's performance was canceled. This was particularly disheartening after such a successful opening night, as well as an incredible successful run of The Sound of Music. In order to continue putting out the caliber of theatre Cisco audiences have grown to expect, the theatre must have those audiences.

Plenty of seats are still available for this romantic comedy which runs through

Saturday the 15th. The dinner, professionally catered by ARA food services includes an entree of Prime Rib, as well as a tossed salad, baked potatoes, baby carrots and fresh mini-loaves of bread. Dessert is delicious chocolate cheesecake.

The play itself, which stars Scott Taylor and Mary McGrew is truly a delightful piece which will make you laugh a lot, cry a little, and generally "feel great" all over. With a great meal and hilarious entertainment for the whole family, an evening with Barefoot in the Park, is sure to be an evening well spent. Call and make reservations nowat(817)442-2567 or 442-2589. You won't regret it!

Sunday, July 16, 1989

should not persuade you to choose it over another brand. You pay extra for those nutrients, and unless you plan to eat nothing but a bowl of cereal each day, you don't need that much.

Thoughts On The Prison

Opinion by H.V. O'Brien

ELUSIVE WISDOM (An Editorial)

Would that a Solomon or a more-recent sage such as our own respective Daddys, many of whom are long gone, could step forward to point a way and show a direction at this critical time.

And we'd wish that we had some magic key or the superlative phrase to enlighten the minds and to make one and all happy and successful in their individual pursuit of "what's best."

We refer of course to the dedicated efforts of the many who have worked so long for a major improvement in the economic climate of our area.

If successful it could for all times change the nature of the

And for this reason and others, a number of truly sincere citizens have come forward to object, not to the unified effort that is evident in our county people working together, but to the type of thing they're trying to attract.

Months ago when this writer first heard of the proposed thought of inviting a state penitentiary to our midst, there was a gasp, a deep breath and the thought that, hey, "There'll sure have to be some convincing." And that may be the initial feeling of a number as they learn of the circumstances, and these are certainly understandable reactions.

So far as we know, nothing has been hidden. Site locations were not discussed publicly until prices were nailed down and that's normal procedure.

And we join with many others in saying, "Well, we'd prefer that it were a 3M plant or a General Motors plant." Sure, but neither of these are

There is a chance for a state penitentiary which would bring payrolls, and obviously

be permanent. Yes, one would change our environment, but then so would 3M or General

Yes, we have a really fine quality of life; a really nice place to live and raise a family in Eastland County.

But without the availability of jobs for young families it really isn't going to matter about our quality of life if we're a ghost town.

This county has seen high times and low times, and most prefer the times when people had jobs and businesses were opening right and left.

And truly we respect the opinions of those who just don't want a penitentiary in our midst. There are any number of reasons given; some are well-founded and

We asked one citizen what her number one objection to the penitentiary was and she answered, "Water." She went on to say that it isn't sure that there's enough for us, much less for 2,250 inmates and 800 employees - and she isn't altogether wrong on the. subject. Water is certainly a problem that has to be fixed for now and in the future. It's one of many obstacles that must be overcome, if not for this, for down the road a piece.

For perhaps the first time in history there is true work and cooperation Letween the people of the county who are working to secure the state penitentiary for the county. This county is one of many areas seeking selection.

This writer was among the first who went to Palestine to look at a prison system. We went with an open mind, not knowing whether we favored or objected to the project here. We came away convinced that our county should make the available nor is there any vis- effort. That the effort justified the hard work, and that

> One of the strongest things that convinced us was the fact

the pluses out-weighed the

the people of Palestine who already have four units scattered around their town, are making application for one or as many more as they can get. That's pretty strong endorsement that the units are not

totally undesirable. Fear surely is a factor with those who oppose the thought, and they are entitled to that concern. No one has ever said that there will not be escapes - but there are precious few. And many hold that we are in greater danger from the many pardoned and paroled felons who live among us now than from those behind walls.

And certainly no one relishes the thought of a prison in our back yard or next door. Property values up or down? Guesses are free.

Additional taxes to pay for additional services like water and sewerage. Quite probably - increases are seen anyway for most of us, just to stay even with the level of services we now know.

We intend for instance to support the upcoming effort to establish another hospital district, to help support Eastland Memorial Hospital. We don't like taxes anymore than anybody else, but we believe the hospital is worth saving. And if more taxes are necessary to help save Eastland County, we're for them too, because we believe Eastland County is worth

Wisdom so elusive. Would that we had the knowledge to know which keys on this typewriter to hit to form the right words to help lead our people through these difficult times. We feel so inadequate.

Best words we know to use are patience, understanding, willingness to hear each other and do those things which are

best for all. When it's all said and done, may we all be friends and that we all can say we did our best.

Sheriff's Dept. News

Thursday night the Eastland County Sheriff's Dept. seized an illegal drug lab in a rural location west of Ranger. A patrol checking for illegal hunting in the area enabled officers to locate the drug lab, and surveillance was also used. Sheriff Dee Hogan stated, "we know the identity of the owner of the illegal lab and of the people working with the owner in the production of illegal drugs and their distribution, and it is just a matter of time until they end up in the Eastland County

Meetings are being held and minor details are being changed in an effort to have a new jail contract which is acceptable to all of the commissioner s and law enforcement officers, and which is in compliance with federal laws. In the past the cities of the county have actually had two different contracts with the county for the holding of city prisoners by the county jail, but both were administered the same. An effort is presently underway to make one

contract agreeable to all. Biting dogs have been a problem in the county lately, and the latest incidents have involved a pack of dogs from a residence near the Sleep House. Tuesday a man staying at the Sleep House was surrounded by waht he estimated to be six or seven dogs which were threatening to attack him and one dog in the pack bit him on the hand before their owner came to his rescue. Then on Wednesday a 67 year old lady was attacked by the dogs behind the Sleep House. She was treated by an Eastland doctor for bites on her leg, and was later reported to be in the Eastland Hospital. The dogs must either be quarantined in pins and observed for ten days or destroyed and their heads sent to Austin for rabies tests. The lady, from Houston, and the man, from Newton, were members of a groups attending programs at Camp Inspi-

A wallet was found in a rural area and it was determined that it belonged to an EBBA Ironemployee. Efforts were being made to return it to its owner.

Sheriff Hogan was trying to identify a man who was arrested and jailed. He was under the influence of drugs and making some serious statements.

Civil citations were served in Cisco, Eastland and

A fight on the Ringling Lake road was reported, but

deputies didn't find anyone. Some items from the Lee burglary in Ranger were recovered after they were sold

to a second hand store. Investigation continues in a couple of burglary cases.

The bond of an Eastland man arrested for the possession of a large amount of various kinds of illegal drugs and stolen items was reduced to \$10,000. He was described

by officers as a major local illegal drug distributor. Two possible thefts of cattle have been reported.

Skinner And Mary Ensor To **Renew Their Marriage Vows**

On July 25, 1964 Wilson (Skinner) Baily Ensor Jr. and Mary Elizabeth Hooper were married at Calvary Baptist Church in Eastland. Twenty five years and many trials and victories have come their way. They now wish to celebrate and show their friends and family that if they could start over they would still choose each other. They wish to do

so by renewing their marriage vows. They wish to invite their family and friends to join in this celebration of their love on July 22, 1989 at 7:00 p.m. at Merriman Baptist Church in Ranger, Texas just off Interstate 20. Their children Wilson Ensor III and Audry Millican wish to invite you to a reception following in the fellowship hall.

Senior Citizens **Nutrition Program**

A few articles ago we mentioned to you that assistance may be available for those whose total income is \$464.00 per month. The Quality Medicare Beneficiary Program is now in effect and will assist many who may need help. We do not know who those people are in Eastland County, but if you will call 442-2263 we will explain the program, somewhat, and refer you to the proper people who may be able to help you.

Many new laws are being put into effect September 1, 1989, and those who are receiving SSI or Medicaid may be effected. On the other hand many who need SSI and Medicaid may

become qualified. So call 442-2263, ask for Ruth Cartee, and talk with her. In the meantime, don't forget to come to the Senior Center and be a participant in the nutritious meals provided on Monday, Wednesday and Friday. Call Eastland 629-1382 or Cisco

442-1557 Cisco programs for the week were: dinner music by Lois Holder, Mildred

Johnston, Ima Thompson, Senior Center band and Choir entertained. Clara and Anton White celebrated their 50th anniversary at the Senior Center. They furnished ice cream and cake to their many Senior Center friends.

Eastland programs for the week were: dinner music by La Rue Broussard, Ruth Kendrick and the Senior Citizen Choir. AARP held their regular monthly meeting and covered dish dinner.

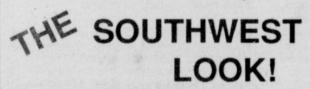

Menus for the coming week:

Monday- Beef with rice, green peas, lettuce tomato salad, diced carrots, refrigerated dessert, baked apples, bread, butter and

Wednesday- Meat loaf, potatoes. cabbage, blackeyed peas, oatmeal cookie, sliced peaches, corn-

Eastland Computer Club To Meet Monday At TU Reddy Room

The Eastland Computer Club will meet on Monday, July 17, 7 p.m. at the Texas Electric Reddy Room in Eastland. A business meeting will be held to elect officers, and if time allows a video will be shown by Joe Anderson on using Word Perfect 5.0. Everyone is welcome.

This group consists of area people who are interested in computers. It includes owner of several kinds of systems as well as some with no computers at all. The first and third Monday of each month have been set up as meeting times, with the TU Reddy Room the official meeting location.

It was on June 12 when a group of 19 interested persons gathered at the TUReddy Room to form a group to give support to computer users. Discussions and information highlighted the meeting. Plans for a Newsletter were

Topics ranged from the different types of computer systems on the market to DOS command and some mention of software. Bill Myears and others answered questions and covered some basic DOS commands.

On Juny 26 the second meeting of the newly formed users group met back at the Reddy Room. A total of 26 people attended this meeting. Dave White of Abilene was introduced, and he shared some firsthand experience about forming a Users Group of this kind.

It was brought out at this meeting that even if a person doesn't yet have any computer knowledge to share there are still areas of the Computer Club in which they can get involved.

So plan to attend the July 17 meeting.

VA Marks 45th Year Of GI Bill

The Department of Veterans Affairs Regional Office in Waco joined other VA offices on June 22 in marking the 45th Anniversary of the "GI Bill," a program that has paid education benefits to millions of military veterans since

World War II. "The GI Bill is the most widely used of all the benefits VA offers," said Dr. Stephen L. Lemons, Director of the Waco VA Regional Office. "It has helped veterans get a formal education, improve their skills and help them compete for better

paying jobs. Although the original GI Bill was changed and adjusted for succeeding generations of veterans, its purpose, declared by President Franklin D. Roosevelt when he signed the legislation in 1944, has not. "This law," he said, "gives emwomen of our Armed Forces that the American people do not intend to let them down."

Since its inception near the close of World War II, the GI Bill and succeeding programs for veterans have provided more than \$69 billion in educational and training assistance to more than 20 million veterans, dependent, active duty

members and reservists. GI Bill assistance benefited 7.8 milion World War II veterans and 2.4 million Korean Conflict veterans. Some 8.1 million veterans and active-duty service personnel of the Vietnam era, and those with peacetime service after Korea or Vietnam have participated so far in their version of the GI Bill, which expires on December 31, 1989.

Lemons pointed out that some newer veterans may be eligible to receive benefits under the VA's cur-

A Thought For The Day...

DeAlva Chambers

As night falls on the Fourth of July in thousands of communities across the nation, a kaleidescope of fireworks will illuminate the darkened skies. The purpose of these events, as we know, is to celebrate the years in which the United States has stood as the bulwark of liberty.

But the liberty we definitely entails responsibil-

ity. What most of the Founding Fathers fought for was a disciplined, moderate, law-respecting freedom... As the first President of the United States, George Washington's views harmonized with those of the other Founding Fathers. He fully realized that liberty could not long survive without prudent limits. Out of his experience he offered a piece of sound advice to his fellow countrymen. "Be Americans," he said. "Let there be no sectionalism, no North, South, East or West. You are all dependent on one another and should be one in union. In one word, be a nation; be Americans and be true to yourselves.

Still under the spell of those dancing fireworks, let us consider the import of those words. Un-doubtedly your ideas may differ strongly from your neighbors on certain problems. But let us heed Washington's counsel and seek to heal our differences amicably. As the first President said: BE AMERICANS.

Mike Siebert Speaks To Cisco Rotary Club

Mike Siebert spoke about the early day chuck wagon era to the Cisco Rotary Club at their regular meeting held last Thursday at Tradition's Restaurant. The chuck wagons were used in the cattle drives that occurred during a short period of time in the American west.

Siebert said this area of the west was an unsettled territory during the 1860's. When the cowboys started gathering the cattle they carried their food on their saddles. Then they brought along mules with food. They began to venture farther out and had to bring their food along the ride on a cart drawn by oxen.

In 1866 Charles Goodnight took an army wagon chasis to a Weatherford blacksmith shop and had a hinged lid and side fixed on it. It could then carry enough provisions to make a 500-600 mile trip. It was called a chuck wagon. Mr. Goodnight is known as the inventor of the chuck wagon.

The wagon had a cowhide stretched underneath, called a possum belly. It was used to carry wood, for camp fires, especially across the prairie. A box was also underneath the wagon to carry the dutch oven and utensils. Oxen were used at first to pull the chuck wagon, but they proved to be too slow so horses were then us-

The chuck wagon cook usually had to get up at 3 a.m. to make breakfast and maybe cook a roast for dinner. It is a well known fact that cowboys did not enter the domain of the cook. If the cook was offended, the violator was usually treated to the short end of the serving spoon. An old saying among the cowboys was,

'Don't argue with a woman, a skunk or a chuck wagon cook." It was said that the cooks were most even tempered men on the trail ride. They stayed mad all the time.

Most of the meals consisted of lots of bacon and salt pork, potatoes, onions, oatmeal, syrup, honey and canned cream stle corn, and tomatoes. They carried cin-

Mr. and Mrs. Walter Franklin and Mr. and Mrs. Ted Franklin of Llano; Mr. and Mrs. Charles Ross, George Franklin and daughter, Mrs. Jennifer Ortiz, Frank Franklin, Gaylor Dubose, and Mr. and Mrs. Bob Vaughn, all of Austin; Droel Looney, Mrs. Jessie Miller and daughter, Sara Miller, of Denton; Mr. and Mrs. Ace Connell of Killeen; Mr. and Mrs. Jerry Sullivan of Dallas; Mrs. Gorham Streater and daughter, Mrs. Jane Denbow of Granbury; Mrs. Jane O'Pry of Eastland; Mrs. James Moore, Mrs. Ken Russ and Mrs. Bob Brown of Abilene: Miss Joy Tankersley, Mr. and Mrs. Jerry Van Horn, and Mr. and Mrs. Cordis Dean of Fort Worth; Mrs. Gina Tullos and son, Nicky, of Kennedale; Mrs. Donna Lawheed and daughter, Jessica, of Virginia Beach, Va.; and Miss Aimee Tullos

of Arlington. Messages of congratulations were received from various parts of the world, including England, Canada, New Zealand, and all corners of the United States. One quite unexpected tribute came from President and Mrs. George Bush. And the Crofts have been notified that an American flag which has been flown over Washington, D.C. is to be mailed to them, probably at some friend's instigation. All due to having survived 60 uninterrupted years of mar-

nament Thursday night. They are scheduled to play again for game five, Monday night of the area All-Star tournament held in Cisco.

The Cisco All-Stars won their first game last Monday night against Clyde, 3-2. The Cisco team soundly defeated the Breckenridge All-Stars the next night, 14-6. In an earlier game, Baird had defeated Albany 13-2, which brought Baird and Cisco together Thursday.

Coach Ronnie Hearne said Thursday's game against Baird was tough. But the Cisco All-Stars played hard and defeated Baird 7-5. Jason Harris and John Gaeta each hit home runs in the game. Cisco will play again on Monday at 8:00

In other tournament games. Clyde defeated Albany 19-5, Monday night. Clyde and Breckenridge were scheduled to play Fri-

day night and the winner of that game will play Baird Saturday night at 8:00 p.m. Cisco will then play the winner of that game Monday night, July 17, at 8:00 p.m.

Everyone is invited to come out and watch some of the best Little League players in this area play for the Area All-Stars championship. The winner of this tournament will then advance to the Regional All-Stars Tournament to be
