Rev. And Mrs. Otto Urban Are Moving From Cisco

On Sunday, July 30, the Reverend Otto Urban will preach his farewell sermon at Redeemer Lutheran Church in Cisco. He is retiring from active parish ministry. Vonda Urban, his wife, has resigned her position in the Cisco Independent School District. They will be moving to the Houston area to be closer to their family. Both were active in the community and will be missed by their church and the community.

In his 32 years of serving God and the Lutheran Church, the Urbans have lived across the nation. Otto Urban graduated in 1957 from Concordia Lutheran Seminary in St. Louis, Missouri. He asked that he not be placed within 100 miles of his home in Houston or his wife's home in Michigan. His request was more than honored; he was placed in Sebastopol, California, where he began his ministry. He later served parishes in Lone Wolf, Oklahoma and Plainview, Texas.

While at Plainview, Otto pursued a Master's degree at West Texas State University and in 1966 began teaching English at Concordia Lutheran College in Concordia, Missouri. He pursued further graduate study at the University of Missouri - Columbia during his tenure at Concordia.

Otto returned to the parish ministry in 1977 and moved to Colstrip, Montana. In 1985 he accepted a call to Redeemer Lutheran Church in Cisco. After four years at Cisco and 32 years of service, Otto is retiring from parish ministry and will pursue a college teaching position in the Houston area.

As well as serving as a pastor's wife and mother of six children, Vonda Urban pursued a college education and received her degree from Central Missouri State at Warrensburg. She began her teaching career in 1978

as a Home Economics teacher in the Colstrip, Montana, school system. She resigned her teaching position in 1985 when moving to Cisco and was employed for two and one-half years by the Texas Department of Human Resources in Child Protection Services.

Vonda returned to teaching for the 1988-89 year as a Special Education teacher for the Cisco Independent School District. She will be employed for the 1989-90 year as a teacher of Special Education in Spring Woods High School in the Houston Independent School District, Spring Branch.

Both Otto and Vonda were very active in the community of Cisco. Otto is the immediate past president of the Rotary Club, and was active in the Cisco Ministerial Alliance and the Chamber of Commerce. Vonda was active in the Cisco Civic League, serving in several capacities for the annual Folklife Festival, and both Otto and Vonda were active in the Cisco Historical Society.

Otto and Vonda Urban will be honored by Redeemer Lutheran Church at a potluck reception that will be given immediately following church services, Sunday morning, July 30.

Troop 287 To Hold Family Night Monday

Troop 287 family night has been rescheduled for Monday, July 31, beginning at 7:30 p.m. at the American Legion Hall (behind the Post Office).

The program will cover the upcoming canoe trip and campout. Special certificates and awards will also be part of the program. All parents are urged to attend.

Christy Childers To Speak At Calvary Baptist Sunday Night

Calvary Baptist Church would like to invite all of Cisco to Sunday evening worship services of July 30 at 6:30 p.m. Christy Childers will be ministering in song and testimony.

Many may remember Christy. Two years ago June of 1987, Christy was in a motor vehicle accident on I-20 near Cisco. She was treated in E.L. Graham Memorial Hospital's

emergency room. The severity of the accident left her with all the Doctors prognosis of "no survival". Through the next year Christy remained in the hospital undergoing a long coma and multiple surgeries.

Today Christy uses this trauma and near death experience to testify of the everyday love of Jesus and the power of God.

Featured Performers Of 'Oliver' To Be On 'The Noon Show'

Featured performers for the Cisco Junior College production of "Oliver!" will be guests on The Noon Show on KRBC-TV, Tuesday, Aug. 1, at 12:15 p.m. Zach Thomas, who plays "Oliver" and Darise Error, who plays "Nancy" tell about the upcoming production as well as perform selected songs from the show. The public affairs

talk show is hosted by Nicki Harle.

During the week of Aug. 7-11 The Noon Show will focus on the five colleges and universities located in Abilene. Presidents from each of the institutions will be guests on the show. CJC President Roger Schuster will appear along with David Allen on Tuesday, Aug. 8.

Registration For New Elementary Students To Be Held August 1-3

Registration for all elementary students new to Cisco or anyone who did not pre-register last spring will be held Tuesday, Wednesday, and Thursday, Aug. 1-3, at Cisco Elementary School, according to Principal Robert Lindsey. Hours will be 9 a.m. until noon. If anyone is unable to register during this time, Mr. Lin-

sey said, they may call him at 442-1212 to set up a time.

This registration will be for early childhood through 6th grade. Kindergarten students will need to bring birth certificates and immunization records. Students new to the CISD will need their records from the last school attended, Mr. Lindsey added.

The Best Kept Secrets In Eastland County

By Mittie Bledsoe and
Other Concerned Citizens
of Eastland County

While the Eastland County Economic Development Council (a private corporation) has been counting the many benefits of a maximum security prison being located in Eastland County, Texas, several very important factors have been either intentionally or negligently omitted. Those facts are critical to the people of Eastland County as they affect them directly where they live - in their pocketbooks. As we all know, if we are to make decisions affecting the quality of life for our friends and families here in Eastland County, we must know all the facts in order to make an intelligent decision.

Listed below you will find a summary of what we believe to be critical facts necessary for an informed decision. These facts have been confirmed with elected city and/or county officials. You are invited, in fact, encouraged to confirm these figures for yourselves:

1. Engineering reports furnished to the City Commission of Eastland reflect that it will cost the residents of the City of Eastland approximately 2.8 million dollars to construct and deliver facilities necessary to accommodate the waste water (sewage) needs of a prison. This will mean nearly a tripling of the sewage rates charged the residents of the City of Eastland. No other persons outside the City of Eastland will contribute to this ex-

Methodist Women To Hold Bake Sale On Friday

A bake sale and casserole sale will be held by the Methodist Women Friday, Aug. 4, starting at 9 a.m. at the First National Bank.

2. Engineering reports furnished to the Eastland County Water District reflect that the cost of providing facilities for water treatment and delivery would cost approximately 1.7 to 1.8 million dollars. This charge would be paid only by the residents of the City of Eastland and the City of Ranger. Water rates would rise for these two cities from an average of 36¢ per 1000 gallons to approximately 80¢ per 1000 gallons.

3. It is estimated by the County Commissioners that the purchase of the land for the prison site (\$650,000.00) would necessitate at least an increase of 18¢ per \$100.00 evaluation for a period of one year. This would be paid by all residents of Eastland County.

4. It is estimated by a County Commissioner that the cost of constructing adequate roads in the immediate prison vicinity would cost between \$400,000.00 and \$500,000.00. This cost would be paid for by the residents of Eastland County through taxes accumulated in the road and bridge fund.

5. It is estimated by a member of the Eastland Independent School District that an influx of students into the EISD system in an amount heretofore estimated by the Eastland County Economic Development Council would necessitate at least an expenditure of approximately 5 million dollars to adequately provide for the increased number of students in the EISD. This expense would be borne by the residents of the EISD through property taxes.

6. The prison site which is proposed to be located on 1,071 acres immediately East of Carbon would be removed from the Eastland County and Carbon Independent School District tax rolls.

7. Promises by the Eastland County Economic Development Council that the removal of the 1,071 acres of land from the tax rolls would be more than offset by an influx of employees into other areas of our community must be studied. The actual prison will be located on approximately 300 acres with the balance of

VBS To Be Held At I-20 Church Of Christ Here

I-20 Church of Christ will hold its annual Vacation Bible School Monday, July 31, through Friday, Aug. 4. Theme will be "Sonseeker Safari, Seeking to Know God." Time will be 7 to 9 p.m. each evening.

Classes will be held for nursery through adult, and everyone is invited to attend.

HOOS-GOW Proposal Is Delivered To T.D.C.

Dr. Charles Barnes, coordinator of the HOOS-GOW project, left Wednesday to deliver to the Texas Department of Corrections Eastland County's published proposal to obtain a state prison for the county. He was accompanied by Don Shepard, president of the Eastland County Economic Development Committee, and manager of the Cisco Chamber of Commerce.

The published proposal consisted of 177 pages, including 77 pages of letters and petitions of support for the prison, Dr. Barnes said. The proposal included a resolution from Carbon citizens who oppose the prison. Also included were letters of support from citizens throughout the county, including Carbon; all Chambers of Commerce in Eastland County; and all principal service clubs.

The balance of the proposal was the technical aspects of the project, Dr. Barnes said.

Dr. Barnes stated, "I am overwhelmed by the number of letters and petitions we

PROPOSAL TO TEXAS DEPARTMENT OF CORRECTIONS--Dr. Charles Barnes, (right), coordinator of the HOOS-GOW Project, and Don Shepard, (left), president of the Eastland County Economic Development Committee, are shown leaving Wednesday with the published proposal to obtain a prison for Eastland County. The proposal contained 177 pages.

received in support of the prison." He added that if anyone else has letters or

petitions, either for or against the prison, he will see they get to TDC.

Selection of the prison site is expected to be announced by the TDC in September.

County Girl Scout Camp Held In Cisco Last Week

There were 70 Girl Scouts who attended "Camp Conestoga" Day Camp 1989 in Cisco Monday, July 24 through Friday, July 28, at the Rockwell Lumber Yard. The day camp was held from 9 a.m. to 3 p.m. each day. Campers were from Cisco, Eastland and Ranger. Denise Connell was the camp director.

There were eight 13-year old program aides who assisted the leaders and director in games, entertaining the scouts, sing songs and other activities. They included Leslie Greer, Toni Hart, Katherine Jameson,

Cindy Miller, Sarah Walker, Joanna Wallace, Melissa Vasquez and Lisa Dunson. The program aides are members of Carol Wallace's girl scout unit in Ranger. Deborah Reed of Cisco was the business manager. Unit leaders were: Brownie #1--Susan Riggs of Cisco and Mary Matthews, Eastland.

Brownie #2--Berette Hart and Lynn Johnson, both of Cisco.

Brownie #3--Sarah Hounshell of Cisco and Pat Elliott of Eastland.

Juniors #4--Kathy Glidewell and Sherri

Thomas, both of Ranger.

Juniors #5--Sandra Cunningham of Ranger.

Pre-school--Martha Noble, Randa Bishop and Avonda Hightower, all of Cisco.

The R.N. nurse was Janet Hounshell.

Some of the camp activities included making crackers, churning butter, dip candles, tin punch, stenciling, quilting, making corn husk dolls, leathercraft and camptown races.

Juniors had an overnight Tuesday morning to Wednesday morning. Brownies had an overnight from Wednesday morning to Thursday morning.

NOTICE OF EFFECTIVE TAX RATE 1989 PROPERTY TAX RATES IN Cisco Junior College

This notice concerns 1989 property tax rates for Cisco Junior College. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:
Last year's operating taxes \$214,165
+ Last year's debt taxes \$0-
= Last year's total taxes \$214,165
+ Last year's tax base \$107,082,551
= Last year's total tax rate \$2.01/100

THIS YEAR'S EFFECTIVE TAX RATE:
Last year's adjusted taxes (after subtracting taxes on lost property) \$213,278
+ This year's adjusted tax base (after subtracting taxes on new property) \$104,855,657
= This year's effective operating rate \$2.0340/100
x 1.03=maximum rate unless unit publishes notices and holds hearings \$2.0950/100

THIS YEAR'S ROLLBACK TAX RATE:
Last year's adjusted operating taxes (after subtracting taxes on lost property) \$213,278
+ This year's adjusted tax base \$104,855,657
= This year's effective operating rate \$2.0340/100
x 1.08=this year's maximum operating rate \$2.1967/100
+ This year's debt rate \$-0-
= This year's rollback rate \$2.1967/100

SCHEDULE A: UNENCUMBERED FUND BALANCES
The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

TYPE OF PROPERTY TAX FUND
Maintenance and Operation

BALANCE
-0-

SCHEDULE B: 1989 DEBT SERVICE
The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenue, if applicable).

Description -- None
Principal -- -0-
Interest -- -0-
Other -- -0-
Total Payment -- -0-

Direct Deposit Now Normal Method Of Payment

"If you get Social Security," says Glyn Hammons, Social Security manager in Abilene, "you probably get your payments by direct deposit. If not, it's time to think about a change."

Direct deposit is now considered the normal way of receiving Social Security or supplemental security income payments. "More people get their payments by direct deposit than by any other method," Hammons says. "Most people who apply for benefits sign up for direct deposit right away. And more of the people now getting checks are switching over everyday. Most people like it because it's such a safe and convenient way to receive payments."

With direct deposit, payments are sent electronically and deposited in a designated checking or savings account. This takes the place of the old paper check that would be mailed to the home. Direct deposit has become extremely popular because of the many advantages of receiving payments electronically.

"Maybe the best thing about an electronic payment is that it isn't as likely to be lost or stolen as a paper check," Hammons says. "If you still get checks mailed to your home, you are nearly 10 times more likely to have your payment lost or stolen than if you had direct deposit. So for many people, direct deposit means no more waiting by the mailbox for the check to come. They know their money will arrive at the bank safely. And on time."

Convenience is another reason many people sign up for direct deposit. Payments are deposited on the same day the check would have arrived in the mail. That means the money is available right away without the trouble of making a special trip to the bank to cash or deposit the check.

It's reassuring to know that your money will be in your account on a certain day and ready for you to use. You can pay bills right away or plan expenses and know that your money will be available. And it's even easier to plan vacations or to be away from home because you don't have to worry about cashing or depositing your check.

When you get payments by direct deposit, you're not only making your own life easier, you're helping the Government, too. That's because the Government saves about 26 cents each time it makes a payment by direct deposit. Those savings can add up to millions of dollars each year - money that can be put back in the trust fund and used for future benefit payments.

"So direct deposit is good for the Government and it's good for the individual," says Hammons. "If someone is hesitant about enrolling, the likely reason is that he or she doesn't see all of the advantage it offers."
"I encourage everyone to at least try direct deposit,"

says Hammons. "They have nothing to lose. Anyone who tries direct deposit and doesn't like it can cancel at any time. But I don't expect many cancellations, because almost everyone who tries direct deposit likes it."

How do you sign up for direct deposit? It's very easy, just call Social Security. Have one of your personal checks or your bank statement and your Social Security number with you when you call. That's the information we'll need to start your direct deposit. And if you're applying for benefits, just have the same information with you. That's all - Social Security will do the rest.

For more information call Social Security at 698-1360 in Abilene or 1-800-234-5772 for other Big Country residents.

Engagement

Scholtz - Douglas

Mr. and Mrs. Joseph L. Scholtz of Abilene announces the engagement and approaching marriage of their daughter, Catherine Elaine Scholtz, to Stacy Trey Douglas, son of Mr. and Mrs. Jerry Don Douglas of Cisco. The couple will be married at 7:30 p.m. August 19 at the Grace Lutheran Church, 1202 S. Pioneer, Abilene.

The bride-elect is a graduate of Cooper High School and Cisco Junior College. She will attend Tarleton State University in the fall, majoring in dentistry. She is employed at McDonald's in Abilene.

AARP NEWS Health Related Issues

By Roy Cartee
Question: Mr. Cartee, I notice my Medicare card shows I have Part A. What is that?

Answer: Part A pertains to the hospital benefits and costs. You do not pay toward the benefits. It is designed so that you pay, one time a year, \$560 deductible for the hospital benefits. It also pays for skilled nursing facilities after eight days (you pay \$22.50 for the first eight days). It pays toward some home health care and hospice care (those terminally ill).

Question: Mr. Cartee, what does Part B mean on my Medicare card?

Answer: It means you will pay \$31.90 as premiums toward the benefits. It is designed to help pay for physicians' services received as an inpatient in the hospital and outpatient. It also pays for additional medical services, such as outpatient and emergency hospital care, therapy service, rural health clinic services and home health services. You have a \$75.00

deductible for these services this year. Beginning January 1, 1990 you must accumulate \$1370 expenses for a deductible.

Question: Mr. Cartee, do I need a supplementary insurance policy?

Answer: You must remember for the hospital benefits you pay a \$560 deductible for the year. Most supplementary policies pay this charge. You must also pay the \$75.00 deductible for doctor and related services.

Remembering next year you will be paying \$1370. So if you look at the deductible,

Nutrition Program

When was the last time that you actually sat down and shared a visit with your best friend? The Senior Centers provide for such an experience. We have people visit with one another, make new friends and talk about their families and yes, troubles. We encourage you to come to a Senior Center and visit and share in a nutritious luncheon. Call 629-1382 or 442-1557 and tell the registrar that you plan to visit the Center on Monday, Wednesday and Friday.

The programs for the past week included: Cisco-Janet Thomas presented her monthly nutrition program. She spoke using the subject "Fats in the Diet." The dinner music was provided by Lois Holder, Richard

alone, it may help to have a supplementary insurance policy. Also, Medicare pays only some 40% toward Part B and Congress is thinking about lowering this amount causing you to pay even a higher percentage toward your bills. (Supplementary insurance is often called Medigap). It is highly suggested you carry only one good supplementary policy and not many that will not pay due to duplication of payments.

People who live in the rural areas find it becoming more and more difficult to have access to health care. If you have an experience where you are denied health care please call or write Roy V. Cartee, associate state health coordinator, AARP, 900 Avenue H, Cisco, Texas 76437.

Help Your Mail Carrier By Eliminating High Grass And Weeds

Your local post office is appealing to community members and property owners to help keep intersections clear of high grass and weeds this summer. This appeal is issued in consideration of the time of the year when conditions are prime for growth of grass and weeds. The potential for uncontrolled vegetation to reach heights that obstruct

or produce blind intersections produces an unsafe condition that can contribute to a motor vehicle accident.

Last year three (3) rural carriers in North Central Texas experienced vehicle accidents where the unsafe condition of high grass and weeds was a major contributing factor. Fortunately, no fatalities were realized with these accidents by

WARNING: Beware Of Dietary-Medical Quackery

Quackery in the U.S. today costs more than \$25 billion. These unsound dietary-medical treatments can prevent consumers from seeking proper treatment.

To recognize the dietary-medical quackery device, the Food and Drug Administration (FDA) and the Council Better Business Bureaus provide these personal protection tips:

1. Be wary if a product's label of advertising promises immediate, effortless or guaranteed results.
2. Be wary of testimonials in ads or on labels from satisfied users. They rarely can be confirmed.
3. Don't be taken in by a "money-back guarantee." A guarantee is only as good as the company that backs it.
4. Be wary of promises that a product is effective for a wide variety of ailments.
5. Be wary of promises of complete relief from pain.

6. Don't be taken in by promises that a product offers a "cure."
7. Watch out for claims that a treatment or product has been approved by the FDA. Federal law doesn't permit mention of FDA in any way that suggests marketing approval for any drug or medical device.
8. Don't give too much importance to the term "natural ingredients." The definition of "natural" is elusive, and the word is often abused.
9. Look out for other misleading words such as "amazing," "secret," "miracle," "special," "vanish," "painless," "discovery," "breakthrough," "exclusive," "instant," "immediate," "quick," or "fast."
10. If the product sounds too good to be true, it probably is.

either party, however, the potential for this type accident or a serious disabling accident was indeed present. The number of these accidents experienced last year represented a 50 percent reduction from the previous year. This reduction is credited to the awareness campaign sponsored by the postal service with its rural carriers and with community involvement and participation.

Your postmaster and rural and city carriers would appreciate it if high grass and weeds at intersections be controlled to reduce the safety hazards that blind or obstructed intersections can pose. Correcting or controlling this condition not only benefit postal drivers, but also family, friends, and community individuals that also traverse these intersections.

Thomas Reunion To Be Aug. 5 & 6

The descendants of Hardy and Cleme Thomas will have their annual family reunion Saturday evening, August 5 and Sunday, August 6 at Eastland City Park.

Gordon Spot

By DeMarquis Gordon, County Agent—

There were 382,000 peach trees in commercial orchards in Texas on November 1, 1988. According to the results of the Peach Tree Inventory Survey conducted by the Texas Agricultural Statistics Service, 75% of these trees were four years of age or older.

Texas producers prefer the Loring variety, which accounted for 9% of the total trees in commercial peach orchards. The next leading variety was Redskin with eight percent total, followed by Harvester with six percent.

Northeast Texas led the state in number of peach trees with 20 percent of the state total. The Cross Timbers, which includes Eastland County was second with 18 percent. The Edwards Plateau, which includes the Texas Hill Country had 12 percent of the commercial peach trees in the state.

Mid-summer is the time to look after a few important management practices in beef herds. If bull haven't already been removed, this should be done. Cows bred after mid-July will result in late spring or summer calves, which simply don't fit most forage and management schemes. These calves are generally the lightest at weaning of any season of birth. Now is also the time for grub control applications. Numerous effective systemic materials are available for this purpose. There is also some benefit shown in some cases from mid-summer internal parasite (worm) control when delayed larvae may be present in the stomach lining. Ivermectin, which also kills grubs, and fenbendazole is chosen, twice usual rates may be necessary for these delayed larvae, which is an extra-label use requiring veterinary approval. A separate grubicide is also required with fenbendazole.

The costs of these two systems (ivermectin or double fenbendazole-grubicide) are similar. Finally, depending on recent moisture and forage growth some late summer-early fall supplementation with small amounts of high protein (30-40%) feed may be useful for both cows and growing animals. A little supplemental protein can really boost the consumption and utilization of most warm season perennial grasses (native or tame) when quality usually declines at this time of year.

Current issues challenging the beef industry will be the focus of the 1989 Beef Industry Conference at Texas A&M University August 14-15.

The conference offers special sessions for both beef producers and consumers.

For producers, the conference provides an opportunity to be updated on systems that provide a more healthy and safe beef product as well as the latest information on consumer attitudes and beef demand.

The conference also offers a special nutrition seminar for

professional dietitians, nutritionists and concerned consumers.

Consumers have been and always will be the main focus of beef producers as they strive to produce beef that is more healthy and tasty.

Leading nutritional authorities will talk about the role of beef in the diet, fatty acids and cholesterol in beef, and health guidelines from major health organizations.

From a producer standpoint, one of the biggest inequities today is that cattlemen aren't getting paid for the true value of their product. Value-based marketing is an issue all its own and will be discussed thoroughly at the conference by national authorities.

Other discussions will relate to environmental and fertility factors that limit production and new technologies such as ultrasound for cattle selection. A special discussion will include results from a year-long collection of fat and ribeye measurements from thousands of bulls across the U.S.

A special feature of the conference will be remarks by Baxter Black, cowboy poet and humorist from Colorado.

Other special activities will include cholesterol screening, an animal evaluation contest with ultrasound, and menu and health assessments.

To preregister for the conference, contact Dr. Larry Boleman, 114 Kleberg Center, Texas A&M University, College Station, Texas 77843-2471, or call (409) 845-2051.

Homemaking Hints

From Janet Thomas, County Extension Agent
WHAT A SPOUSE NEEDS TO KNOW

The files of many financial planners and estate attorneys are bulging with stories that illustrate the need for spouses to share family financial information with one another. Several of them are suggesting that each spouse prepare a letter and then update it annually. The information that they recommend for the letter includes:

Bank Accounts - A list of the checking and savings accounts as well as the name and location of the bank or savings and loan association. A list of any T-Bills and/or CD's.

Insurance Policies - A list of the various life or health insurance policies along with the name of the company, the policy number, agent, and location of the policy.

Stocks, Bonds, and Mutual Funds - A list of each investment and where it is located as well as the name and address of the brokerage firm.

Safe Deposit Boxes - The location of the safe-deposit box, private vaults, and home safe. A note on who has the key, combination, and/or password.

Real Estate - A list of the real-estate holdings and the location of the mortgages, deeds, and documents.

Wills - Location of the Will.

Corporate Benefits - A list of the pensions, profit-sharing plans, and 401(k) savings plans. In addition, the number, vesting rights, and telephone number of the corporate contact for each plan.

IRA's - The location and details on individual retirement accounts.
Advisers - The name and telephone number of each advisor (i.e., attorney, accountant, financial planner, and/or broker.)

Loans - The amount and due date for each loan as well as the name and address of the lending institution.

Tax Returns - The location of state and federal tax re-

turns for the past five years.

This is a good activity for a couple to work on together, or for a single to share with a person designated to assume responsibility in the event of the "single's" death or incapacity.

The Eastland County Extension Service office has an excellent record pamphlet entitled "Setting Your Household in Order" which is available free upon request.

RECIPE FOR THE WEEK:

Peppers! They range from the mildest bell peppers to the hottest jalapeños. Peppers are high in Vitamin A & C.

We at the Extension office have received numerous requests on how to can peppers.

PICKLED HOT PEPPERS
 8-9 pints
 (Hungarian, banana, jalapeno)

- 4 pounas hot, long red, green, or yellow peppers
- 3 pounds sweetred & green peppers, mixed
- 5 cups vinegar (5 percent)
- 1 cup water
- 4 teaspoons canning/pickling salt
- 2 tablespoons sugar
- 2 cloves garlic
- Wash peppers. If small peppers are left whole, slash 2 to 4 slits in each. Quarter large peppers. Blister in order to peel. (Place peppers in hot oven 400 degrees for 6-8 minutes until skins blister. Peel) Flatten small peppers. Fill jars, leaving 1/2 inch headspace. Combine and heat other ingredients to boiling and simmer 10 minutes. Remove garlic. Add hot pickling solution over peppers, leaving 1/2" headspace. Adjust lids and process half pints or pints in boiling water canner for 10 minutes.

4-H NEWS

By Crystal Wilbanks, County Agent

Attention 4-H Club Managers... We need your list of 4-H members that attended all the club meetings during the 1988-89 year. These 4-H's will be recognized during the 1989 County Awards Banquet. Please get this list to Crystal Wilbanks immediately.

The 4-H Youth Leadership Task Force met last week at the lake cabin of Bobby and Mary Jane Little.

Officers for the 1989-90 were elected. They include:
 Chairman — P.J. Kea of Eastland

Vice-Chairman — Diane Butler of Eastland

Secretary — Robbi Daskevich of Carbon

Treasurer — Kerstin Gerhardt of Cisco

Reporter — Brian Bailey of Rising Star

Congratulations to these fine 4-H members!!

4-H Clubs are encouraged to compose a Club Scrapbook. Scrapbooks are judged on Central Theme, Creativity, and Originality. 1st, 2nd, and 3rd place winners receive \$25., \$15., and \$10. (respectively). Scrapbooks are displayed during the annual County Awards Banquet and Country Fair. We have scrapbook paper available at the County Extension office.

Scrapbooks are due on or before Friday, August 25th.

Another competition held each year is the Secretary's Guide contest. Each club secretary is encouraged to turn in their guide for judging. A winner is selected and awarded a nice prize each year at the County Awards Banquet.

The Secretary's Guides are due in the Extension office, no later than Friday, August 25th.

4-H AMBASSADOR WORKSHOP:

Attention 4-H'ers!! A great weekend is planned for 4-H'ers who are 13 years of age and older and interested in learning how to be an effective Ambassador for 4-H.

The 4-H Ambassador Workshop will be held at the State 4-H Center on August 19-20. Pre-registration for this statewide 4-H workshop is Friday, August 4th. The total cost is \$29.00. A \$5.00 pre-registration fee (which will be applied to the total registration amount) should be turned in to the Eastland County Extension Service office by August 4th.

Purposes of the Workshop are several: 1). Ambassador training will help 4-H'ers speak and act on behalf of the

interests of other youth. 2). Latest information and strategy for youth on "Making the Grade". 3). Training approaches for "Youth Advocating for Other Youth".

Mrs. Janet Thomas, CEA-Home Economics, will serve as adult chaperone. We will depart at 7:00 a.m. on Saturday, August 19th, and return to Eastland on Sunday, August 20th, at 2:00 p.m.

Mrs. Thomas states, that 4-H'ers interested in attending can receive a complete agenda of the 2-day workshop and medical releases by calling or coming by the Extension Service office in the courthouse.

4-H JUNIOR LEADERS ASSOCIATION TO MEET:

All Eastland County 4-H'ers who are 13-19 years of age with 1 year club experience are eligible to join the County 4-H Junior Leaders Association.

Our first meeting of the fall will be Saturday, August 12th, at 7:00 p.m. at the home of Mr. and Mrs. Gene Kea's, log home on Highway 6, south approximately 2 miles from the courthouse square.

The business meeting will include election of officers for 1989-90. Programs for the year will be planned.

The major objective of the

SAPPHIRE NICOSHIA ODOM

Sapphire Nicoshia Odom is the daughter of Warren and Trish Odom of Cisco. Sapphire was born December 27, 1988, at Eastland Memorial Hospital. Proud grandparents are Buster and Sharon Tynes of Cisco and James and Kathy Odom of Eastland.

RN

Rapidly growing home health agency, currently has one salary-position open. Good salary and benefits. Call for an appointment - 915-643-5718. Girling Health Care Inc. EOE.

Home Health Aids

Come join our winning home health care team and use your skills to give personal care to patients at home. Must be certified or have one full year's experience as a nurse's aid in a hospital, nursing home or certified home health agency. Must be able to document care clearly in writing. Pay plus mileage. Call 817-629-1268. Girling Home Care Inc. EOE.

Thanks A Million!

Thanks to Eastland and you, we at Edward D. Jones & Co. have reached a very important milestone. We've opened our One Millionth Customer Account! While five other financial services firms serve a million customers or more, not one is so committed to the individual investor. In fact, 99 percent of our clients are individual investors just like you.

We look forward to serving your conservative investment needs for many years to come.

Guest Slot

by HVO

A BRAND new exhibit of koala bears, native of Australia and rarely seen out of that country, is a smashing hit this season at Busch Gardens in Tampa, Fla., and short of going Down Under, probably the only chance to see the unusual tail-less creatures which are cousins to our opossum.

And wouldn't you know that we'd get put down. Having read or heard, we proceeded to inform our associates that the Koalas are slow and drowsy appearing because the eucalyptus leaves they prefer are mild sedatives and consequently daze the cuddly little creatures. As we went through the exhibit, the first thing we were told was that was a false tale, and that the koalas appear drowsy because the eucalyptus is of such low nutritional value, that the little bears spend about 80 per cent of their time sleeping.

They are beautiful and the two at Busch were being given the royal treatment.

This 30-year-old park, one of a number operated by the beer people (adjacent to their breweries) is a day-trip from the Orlando, mid-Florida area, and very

KOALAS

popular.

Under the towering palm trees lies the wriggling "Python" roller coaster. Nocturnal animals peer out of darkness while wild game roam a grassy veldt. Exotic snake charmers perform amid colorful open-air bazaars and authentic Moroccan craftsmen demonstrate their art.

The 300-acre family entertainment park, provides an adventure for people of all ages. The charm of turn-of-the-century Africa pervades the park, which offers experiences ranging from rides and shows to animal exhibits, restaurants and shopping, all in seven sections.

Also recognized as one of the nation's top four zoos, Busch currently tends to several award-winning breeding programs and a collection of more than 3,300 animals and birds which are displayed in natu-

ral habitats.

A new electric monorail transports visitors across the Serengeti Plain and rare white Bengal tiger cubs are now being displayed.

Snake charmers and their slithery companions mesmerize audiences and in the Moroccan theater Broadway-style musical revue with glittering costumes, elaborate scenery and state-of-the-art lighting and special effects features "Sounds of the '60s".

Nearby in Nairobi, baby animals are cuddled by doting "surrogate mothers" at the Nairobi Field Station animal nursery. Through expanded viewing space and a skylighted playroom for primates, guests can watch as both modern medicine and tender loving care are applied to wobbly-legged birds and baby chimps in diapers.

The glowing eyes of night creatures light up Nairobi's "Nocturnal Mountain," where visitors can observe the animals' natural behavior. Pint-sized guests will delight in the petting zoo and a ride on the backs of giant Asian elephants which are also featured in an exhibit of their own.

The one-acre elephant display provides an opportunity for visitors to see these mammoth animals in a natural environment consisting of huge rock formations tropical greenery, gentle waterfalls and a swimming hole.

Animals also are the focus of the Serengeti Plain where nearly 500 head of African big game, includ-

ing Cape buffalo, impala, gazelles, reticulated giraffes and Grevy zebras roam a vast stretch of land.

Other performers in the Timbuktu section include two bottle-nosed dolphins, and their sea lion pal.

Beyond Timbuktu lies the Congo, filled with the adventure of the a bubbling white water raft ride guaranteed to douse unsuspecting visitors. Ranked as one of the most exciting rides in the South, the 1,200-foot "Python" roller coaster also provides excitement as it whips guests through a 360-degree double spiral at more than 50 miles per hour.

The area boasts rate white tigers displayed in the lush, natural habitat setting.

The bustling African village of Stanleyville offers "Tidal Wave" and "Stanley Falls" log flume ride as well. Those drying off can linger over intriguing African crafts at festive shopping bazaars or take in the "Stanleyville Variety Show."

The park's famed Bird Gardens can be found in the original section which was opened in 1959 as part of Anheuser-Busch's hospitality center. Visitors still enjoy the peaceful lagoons and greenery where exotic free-flying birds are featured and the popular "World of Birds" show offers both entertainment and educational components with presentations on "raptors" — endangered and threatened birds of prey such as hawks, owls, eagles and falcons. Adults might enjoy an

Ramses The Great Visits Texas

Dallas' Fair Park Exhibition Grounds have been taken over with a somewhat Eastern influence-hosting one of the most spectacular sights to be seen in Texas: Pharaoh RAMSES THE GREAT and all his entourage.

The exhibition has run from March 5 and will continue until August 27.

Housed in the Automobile Building - rejuvenated to emulate regular Museum status, which it does quite well; Ramses is the single largest and most important collection of Egyptian artifacts to ever be viewed in the United States: a "once-in-a-lifetime display of 3000 year old massive gold jewelry, breathtaking mummy cases, including the incredible Colossus of Memphis - a 51.5 ton, 27 foot tall statue of Ramses that was buried for centuries in the Valley of the Nile, which it once overlooked but was relocated to prevent weathering, and which lay lost and broken in the desert for 3000 years.

This brings up the question of the date of the reign of El Ramses as he was called.

interesting, self-guided tour at the Anheuser-Busch brewery and Hospitality House.

Busch Gardens is open daily.

The single admission price of \$20.95 includes all rides, shows and attractions.

A reliable thesaurus of information on history - Time-tables of History - puts Ramses II (whose territory was more widespread than I) on the second page with the date B.C. 1350 to 1200, in the 19th Dynasty.

The likelihood that he was the pharaoh who watched the Nile turn to blood and locusts devour Egyptian crops only adds to the Ramses mystique (although there are doubters which put Exodus under other rulers).

Ramses built over one half of the temples and monuments now standing in Egypt. He covered other king's faces on statues with his own.

Pastoral Care And Counseling Center Seminar

Charnell Brown, therapist at Pastoral Care and Counseling Center, will present a seminar entitled "Understanding Your Grief" and the First Monday presentation on August 7. The one-hour program will begin at 7:00 p.m. at 751 Hickory Street in Abilene. First Monday's are sponsored by Skinny's and are Free to the public. For more information call 672-5683.

Merriman Christian School

The summer has brought more changes to Merriman Christian Schools. We have been doing a lot of remodeling. The kindergarten classroom has been enlarged so we can have more room for more students this year.

The pre-school area has been painted and more desks have been built for the entire school.

Merriman Christian Schools offers quality Christian education for grades K-4 thru 12.

Sunday, July 30, 1989

Planetarium) among other free admission sidelights.

Exhibit hours are seven days a week, through August 9 a.m. til 9 p.m.

All tickets are sold for a specific date and time, expect for the last Tuesday of every month, remaining tickets for each entry time may be purchased at the Box Office on a first-come, first-served basis.

Entry to the one-site Egyptian Gift Bazaar and restaurants is unrestricted.

Admission to Ramses is, on a timed ticket only, \$6.00 for adult (\$9 with cassette tour), and \$4.00 for child (\$6.50 for cassette tour), and \$6.00 for senior citizen (+65) (all for reserved); tickets for general public is \$8 for adult, \$5.00 for child, and \$6.00 for senior citizen.

Pharmacy Topics

By Bob Mueller

Lifestyle changes including ultra-low-fat diet, stress counseling, yoga and walks helped some heart patients clear plaque from their arteries, according to a study at University of California/San Francisco.

Ideal time to apply sealants to children's back teeth is when teeth first erupt, usually at age three, six and twelve. Sealants offer almost 100 percent protection, say pediatric dentists at New York University.

Megadoses of vitamins E and C may help slow the progression of Parkinson's disease, postponing the need for drug therapy, a study at Columbia University in New York found.

Screening test for early detection of lung cancer is being evaluated at Johns Hopkins University and the National Cancer Institute. It's hoped the test could spot cancer cells in saliva well before damage has been done to the body.

A new yeast in pill form helps avoid the diarrhea that often follows antibiotic therapy. In Europe now, the drug should reach the United States soon.

When new drugs become available, you'll find them at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. Makes us your prescription headquarters. cer104

"Painting For Freedom" On Sale

The book, "Painting For Freedom," is now on sale at Eastland County Newspapers. The book is the result of research determining the artist of an Eastland County painting. It is the strange and exciting story of an artist who sold her works all over the Southwest at the turn of the century to help free her son from a Mexican prison. The complete story with reproductions of the paintings and photographs of the principals has just been released. Order "Painting For Freedom" by H.V. and Gaynell O'Brien through Times Publishing Co., Box 29, Eastland, TX 76448, at \$12.95, plus 91¢ tax and \$3.50 shipping.

County History Book Sets September 15 Deadline

The Eastland County History Book has been a long-time laboring—but it's now almost a reality!

A pre-holiday delivery date is hoped for but cannot be guaranteed as yet.

A "last chance" pre-publication book rate of \$52.50 is being offered through Sept. 15th.

After that date, all books will sell for \$62.50, or \$70 each after publication, if extra copies are available.

After lots of hard work and cooperation from the people of Eastland County, the final proofs of over 2,100 family stories have been returned to the publishers so that final corrections may be made.

The number of general history pages available is determined directly by the total number of books sold, so this is the time to make final purchases locally, and to let friends and loved ones elsewhere know about the new deadline so that as many books as possible will be sold. This is a once-in-a-lifetime offer and won't be repeated once the book is printed and delivered.

Business and memorial pages are still available and may be secured by contacting Roy Smith at 817 629-2995 or 817 629-2365 after 6 p.m. (Family stores which were not included in the free section could be added on purchased

space it is reported.

Books at \$52.50, plus \$3.68 postage each may be ordered from Eastland County Family History Book, P.O. Box 856, Eastland, TX 76448.

The book will be a 9x12 inch 800 page classic, believed to be the biggest and best ever produced by Taylor Publishing Co.

You and everyone who has ever lived in Eastland County will want at least one.

But now is the time to place orders.

Green Family Reunion Held

The Green Family met here July 1 and 2 meeting at the Friendship Park on N. Seaman St. Dinner was served at the First Baptist annex building. There was a large attendance.

Eastland County Soccer

Eastland County Soccer Association will hold their FINAL registration Saturday, July 29 at the TU Electric Reddy Room in Eastland from 9 a.m. till 12 noon. This will be the final registration.

Coming from Los Angeles, Calif., Ft. Worth, Dallas, Abilene, Longview, Tx. a few visitors from Cisco were present.

This was a joyful time. Saturday morning 10:00 a.m. the young adults and young people played volleyball and outdoor games. Lunch was late about 2:30 p.m. A delicious dinner, Bar-B-Cue ribs, brisket roast, sausage, and chicken, the men cooked the meat. The ladies made many different vegetables and salads, and cakes of all kind.

Mid afternoon some young went swimming and some played Bingo.

9:00 p.m. Family party.

Sunday morning a large attendance, attend church. This was one of the best reunion with lots of love and fun. We had two new babies this year and are expecting more next year. The Lord has blessed this Green family. We plan to meet in Ft. Worth next year. See you there.

Ranger Market Report

The market at Ranger Auction was steady to strong on light weight stoker calves, & feeder yearlings. Cows & calf pairs selling strong, on a run of 550 head of cattle at its sale Thursday,

according to Jim Carruth, reporter.

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

NEWSPAPER DEADLINES:

Monday, 5:00 p.m. (For Thursday Paper) And **Thursday, 5:00 p.m.** (For Sunday Paper)

Tri-County Cow-Calf Clinic

Winter stocker calf operations will be the subject of the sixth annual Tri-County Cow-Calf Clinic to be held near Mineral Wells on August 21st. The clinic is planned for stocker operators and stocker calf producers by Livestock Committees in Eastland, Palo Pinto, and Stephens Counties, says Eastland County Extension Agent DeMarquis Gordon. The annual event is rotated around the three counties.

The clinic will be held at the Cowboy Sports Arena, five miles South of Mineral Wells on Highway 281.

Registration and visiting of booths will begin at 8:00 a.m. with the first speaker scheduled at 9:00 a.m. Moderator for the clinic will be Curt Lancaster, VSA Radio Network, from San Angelo. Dr. George Alston, Extension Agronomist, from Stephenville, will speak on small grain planting and production for

stocker grazing at 10:00 a.m. Preston Hollis, Vice President of AzTx Cattle Company will discuss the raising, buying and selling the right kind of calves.

The third speaker will be Dr. Dwayne Fite, a Veterinarian from Marlin, who will discuss a health program for stocker cattle.

At noon, a free lunch will be served courtesy of various sponsors in the three counties. Major Agri-businesses

will have displays of their products.

During the lunch hour Clark Willingham, Director of Texas Cattle Feeders Association will discuss the cattle market and expected trends in the market.

Dr. John McNeill, Extension Beef Cattle Specialist from Amarillo will give his views and ideas of the stocker calf enterprise.

The last part of the program will be a discussion of organizing a co-mingled stocker cattle sale. The program will be completed about 3:00 p.m.

Gordon says, there will be 15 to 20 booths and exhibits for cattlemen to visit.

Everyone interested in grazing stockers or producing stock calves are invited to attend the clinic. There will be no registration fee, says Gordon.

Mosquito Swarms Heavy in Rain Soaked Areas

The recent recurring rains that drenched parts of Texas have been a mixed blessing, according to health officials. The best news has been that by the end of June, most populous areas, especially those in East Texas and the Gulf Coast had counted nearly twice the rainfall recorded last year, when drought conditions prevailed.

On the tragic side, several people are known to have drowned, and others lost property in severe flooding. Now, unusually dense swarms of mosquitoes, hatched in standing water left by the storms, are creating alarm in some areas.

Key Vaughn, at the Texas Department of Health (TDH) in Austin, said the mosquito problem has prompted many requests for TDH assistance in eliminating the pests. "What people do not understand is that in Texas, mosquito control is the responsibility of their local governments - city, county or designated mosquito control districts. We are advising callers to contact local authorities for details about spraying, or other control measures in their areas."

Vaughn, who is chief of the Vector Control Branch of the TDH General Sanitation

Division, added, "The other thing we are emphasizing to callers is that although the infestations being reported are making whole cities miserable, these swarms have so far not caused any disease outbreaks. The species which seem to be most plentiful are pests - what we sometimes call "day biters" - and are not disease vectors." To date this year, no human cases of encephalitis have been reported in the state, Vaughn explained.

Vaughn said that of about 83 varieties of mosquitoes native to Texas, only about four or five are serious disease carriers. TDH monitors outbreaks of mosquito-borne diseases, such as dengue and encephalitis, and assists local health authorities in controlling mosquitoes when outbreaks occur. At the same time, the department's mosquito surveillance program collects and classifies mosquito samples from across the state to identify any concentrations of disease carriers. This year alone, the TDH Bureau of Laboratories expects to classify more than 82,000 adult mosquito specimens. "With regard to the swarms reported so far,"

Vaughn said, "whether a local government chooses to spray a whole community to relieve the pest problem is its own decision. But there is a lot that private citizens can do to reduce the number of mosquitoes on their own property. Since mosquitoes must hatch in standing water, citizens should empty - or get rid of - any outside containers where water can collect."

Old tires, outside flower pots, and holes in trees are infamous for holding enough water to hatch mosquitoes. Also, people should change the water in pet dishes, children's wading pools and bird baths at least twice a week. In addition, accumulated water in gutters should be flushed out, and all window and door screens should be in good repair.

"If there is any consolation for people living where these pests are most concentrated, it is the fact that as the weather changes and breeding places disappear, the swarms could be gone almost as quickly as they appeared," Vaughn said.

Eleventh Court Of Appeals

Eastland County Put Under Microscope

Eastland County was put under the microscope of most serious needs this week by a group of dedicated volunteers and the results include a long list of needs.

Among the items listed as "most needed" are long range water plans, jobs, volunteers, cooperative spirits, hospitals, businesses, industry, promotion of Lake Leon as a recreation area, drug abuse control, emergency management, and promotion of CJC and RJC, among other items. Apathy and the lack of old-fashioned salesmanship and dedicated leadership were listed as some of the basic causes of the county's problems.

The identified problems will be used by the council in developing objectives, goals and strategies for the RC&D Area. The revised area plan will be a five year, action oriented plan that will focus on objectives which can be addressed and completed within the five year time frame.

The Area plan will be revised and updated every five years.

Sheriff's Dept. News

By Richard Kurklin

A bull and four cows were stolen from the Kelly pasture near the Stephens County line north of Eastland between July 18 and 21. The Limousine bull was dark red with a rocking K brand and a tattoo in the right ear. It weighed 1600 to 1800 lbs. The cows were light red and red tiger stripe Beefmaster with brands on their left hip. The theft is being investigated and has been reported to the Cattlemen's Association.

A black Angus bull with an M brand on its hip has been missing from the Clark residence north of Eastland since between July 24 and 27. The pasture fence was down.

A juvenile female from Cisco reportedly confessed to witnesses that she set a trash can fire in the Tiner Truck Terminal south of Eastland Sunday. A witness reported that she later threatened to burn the building.

Stolen items taken in the burglary of a Ranger residence were returned to the owner.

Deputies responded to a prowler call at the Wheat residence at Ranger, and are investigating a public disturbance at Rising Star.

A woman was transported to Austin for commitment to the state hospital, and deputies served citations in Ranger and Olden.

Sheriff Dee Hogan has re-

turned from a trip to the Sheriff's Convention. The Convention meets after the legislative sessions close to brief the sheriff's in Texas on any changes in the laws passed by the Legislature. He also presented a Crimestoppers program to the Ranger Lion's Club.

Among the items listed as "most needed" are long range water plans, jobs, volunteers, cooperative spirits, hospitals, businesses, industry, promotion of Lake Leon as a recreation area, drug abuse control, emergency management, and promotion of CJC and RJC, among other items.

Apathy and the lack of old-fashioned salesmanship and dedicated leadership were listed as some of the basic causes of the county's problems.

In the brain-session lead by RC&D Coordinator Ernest E. Moravec, the County RC&D volunteers analyzed the county and made suggestions for needs to improve the quality of life here.

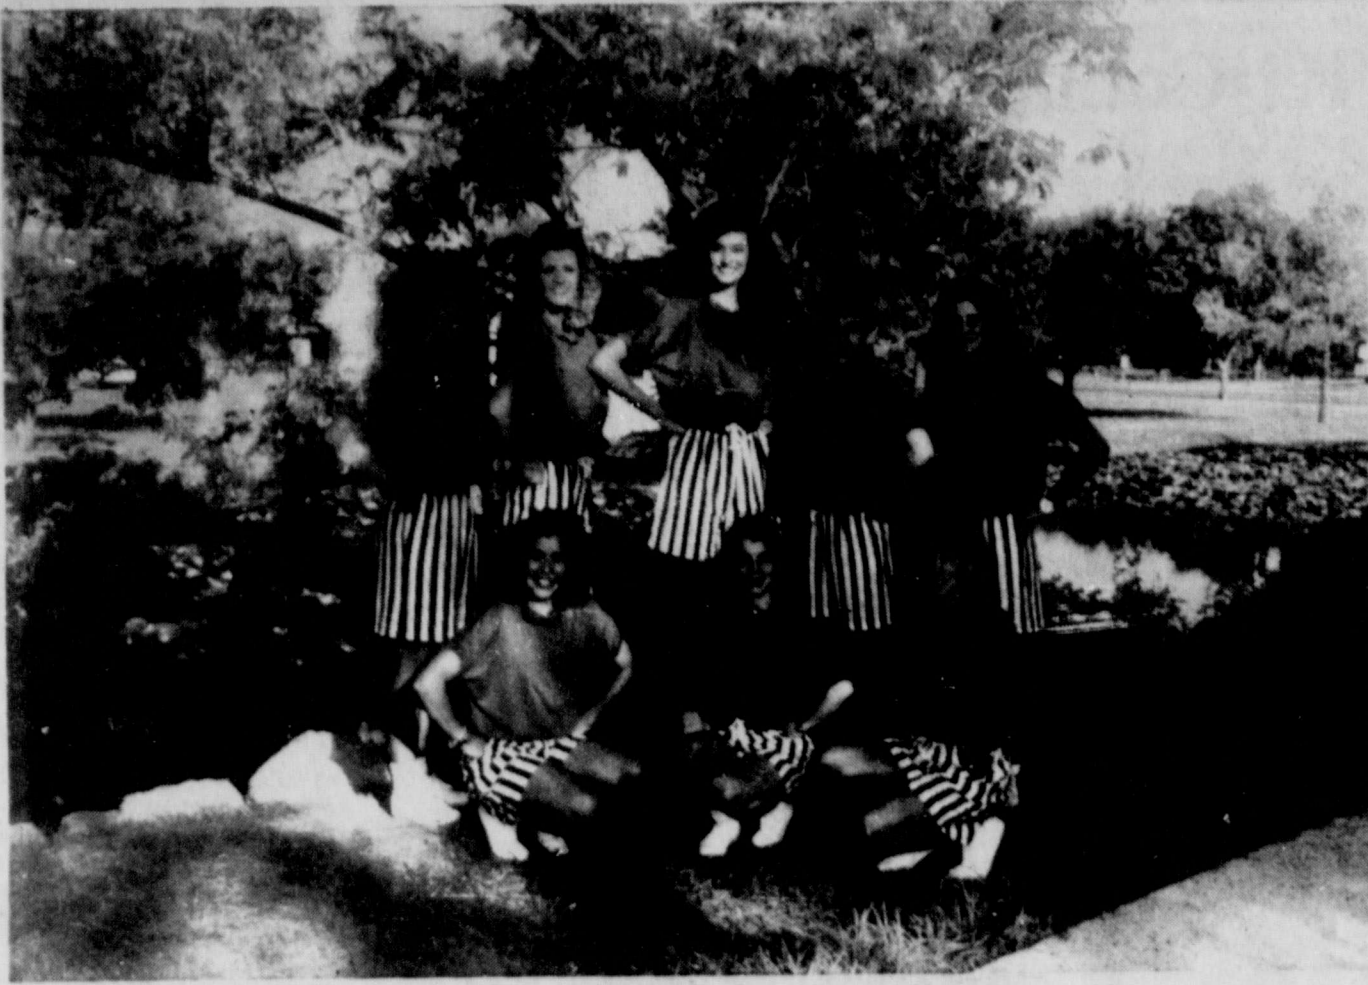

Ron Bailey, S.C.S., is local coordinator.

oriented plan that will focus on objectives which can be addressed and completed within the five year time frame.

The Area plan will be revised and updated every five years.

The cattle theft near the Stephens County line has been determined to be in Stephens County and their Sheriff's Dept. will continue to investigate along with the Cattlemen's Assoc. However, the Eastland County Sheriff's Dept. plans a follow up investigation on local cattle thefts.

A burned motor was reported near Hwy. 206 between Cisco and Cross Plains. Evidence pointed to lightning as the culprit.

Maverick Cheerleaders Offer Camp

The Eastland Mavericks Cheerleaders shown above (back row left to right) Ashley Yeates, JoAnn Bishop, Amy Shoemake, Evie Holland (head), Jodi Gregory, (front row left to right) Tiffany Sedillo, Tava Patton, Wende Beggs, will be conducting a cheerleader camp August 14-17. The camp will be held at Eastland City Park, each day from 9 a.m. to 11 a.m. Girls four to 12 years old are invited. The four day camp will cost \$28.00 for each girl. T-shirts will be provided. Participants will be invited to perform at the first Maverick football game this fall.

Safe Driving Tips from Rhonda

During a rainfall the road surface can be deceptively dangerous. Be prepared for hydroplaning. Hydroplaning occurs when tires are skimming on top of water or an oil slick and are not touching the road. When hydroplaning, do not hit the brakes. Let off the accelerator until the tires grip the pavement and then gradually accelerate. Maintain a reduced speed until tires are keeping a constant traction on the road. Factors involved in hydroplaning involve presence of oil or water on road, speed, low tire pressure, and poor tread.

Eastland Manor News

On Friday, July 21 at 1:00 p.m. the Staff Party was held in the dining room. Barbecue and all the trimmings were served. The Staff really appreciated this honor.

Our monthly Birthday party was held Tuesday, July 25. Women from the Church of Christ hosted the party, and served home baked cakes and punch. Birthday honorees were: Weldon Kimbrough, James Jackson, Nellie Morgan, George Webb, Ila Burfiend, Barbara McPherson, Richard Bearman, Aline McNelly, and Mollie Medford. Barbara was happy to have her Mother present for the party.

Family night was held Tuesday evening at 5:30 p.m. Many of the family members and friends were present for this special occasion. Every one was served sandwiches with all the trimmings and watermelon for dessert.

The Al Anderson Band entertained the residents and

guests with many of their country western, inspirational and songs of faith. The band members are: Al Anderson, Fiddle; Gerald Parks, piano; Pete Rodgers, guitar; Gus Sublett, guitar; Truet Norris, bass; Gabe Wright, guitar; Fran Loggerstadt, vocalist; Kenneth Roan, guitar.

The R.D. Weeks children were featured at the musical and they are: Robert Weeks, 12 years old, fiddle; Brandy, 9 years old, fiddle; Rebekah, 6 years old, fiddle. If you want to hear some good music and singing, visit Eastland Manor on the last Tuesday of each month at 7:30 p.m. The public is invited.

Our Employee of the Month was Patty Flippin. She received a Certificate of Recognition for her job performance and a \$10.00 bonus. Congratulations Patty.

Thanks to all of you for caring and sharing.

Mae Green Jones SS/
AD

Al Anderson Band.

Women from Church of Christ hosts party. L to R Aleta Shirey, Christine Cole, Ruth Alexander.

Patty Flippin Nurse's Aide and Mary Ann Grumbles, D.O.N.

Eastland Family Planning Clinic

The regular Family Planning Clinic will be held August 1st. Applications are taken from 10:00 a.m. until 5:00 p.m. While parental consent for minors is not required, it is encouraged. All information is held in strict

confidence. Family Planning services available in this clinic will include: consultation, physical exam with a pap test, laboratory examination, appropriate methods of birth control, birth control supplies and education regarding birth

County Ruff Riders 4-H Horse Club

Eastland County Ruff Riders 4-H Horse Club will sponsor a Cisco Junior Rodeo Friday and Saturday, August 18-19, at Cisco Arena, across from Cisco Junior College.

Admission will be \$2 for adults; \$1 for 12 years and under; and free five and under. The rodeo will start at 8 p.m. each night.

Age groups will be 10 and under; 11-14; and 15-19, as of Jan. 1, 1989. There will be stick horse races for age five and under with a first place

prize.

Books will open at 6 p.m. and close at 7:30 p.m. with no exceptions. A 60 percent jackpot will be paid each night.

Stock will be furnished by Tim Barton. Montana Silversmith trophy belt buckles will be given to the Best All Around Cowboy and Cowgirl.

Divisions and events have been announced as follows: Pee-Wee (10 and Under); Barrels, poles, flags, straight-away barrels and

control methods and continuing supervision.

This program provides services to income eligible clients and charges a small co-pay fee. Private patients are welcome to participate.

The clinic is held monthly at 204 N. Lamar, Eastland, Texas and Central Texas Opportunities, Inc. of Coleman, Texas is the provider for the Texas Department of

Human Services.

For more information concerning this clinic, please call 817/629-3421.

Songwriters Deadline

August 1 is the deadline for entries in the 1989 Austin Songwriters Competition, sponsored by Austin Music Umbrella. This year, for the first time, open to all Texas residents.

Any original song in any language and any musical style is eligible. \$2700 in cash prizes will be awarded including special categories for best foreign-language song, best children's song. You may pick up entry forms at your local sound warehouse or by calling 512/576-1324 or write to the Music Umbrella, P.O. Box 1438, Austin, Tx. 78767 for entry forms and details.

Tutors Needed

Can you read? Can you speak English? Help someone else learn these important skills. Be a volunteer tutor with the Eastland Literacy Project. We are looking for

tutors to teach adults to speak, read and write English. Training will be provided this summer. Classes for students will be forming in September. Attendance at the training is required to be a tutor, but you do not have to speak Spanish to teach English. To volunteer as an ESL tutor or for more information, call Corrie Cowley 629-1813 or Eddie Gonzales 629-3131.

Obituary

Treta Lawson Vogel

RANGER-Treta Lawson Vogel, 83, died Tuesday at an Eastland nursing home. Services were held at 10 a.m. Friday at the Edwards Funeral Home chapel in Ranger. Burial was in the Evergreen Cemetery in Ranger. Born in Lingleville, she attended school in the Unity community and moved from

Thurber to Ranger in 1926. She was an insurance agent for Banker's Life and Casualty Co., and a member of the Mesquite and Rusk Street Church of Christ. Survivors include three sons, Robert K. Lawson of Eastland, Joe Charles Lawson of San Antonio and Billy Carl Lawson of Wertheim, West Germany; a daughter, Florence (Mrs. Jack) Cogburn of Eastland; 13 grandchildren; and seven great-grandchildren.

Volunteers are important to the 4-H program. Pictured from left to right are Helen Hounshell, Ray Hounshell, Margaret McDonald and Hoot Ferguson. They help with all horse related activities.

Talents Abounds In Oliver

by Jackie Kincheloe
DOUG BROMLEY has it all — he's young, exceedingly handsome, has a lovely wife Kris, and possesses the most gorgeous voice you've ever heard. Bill Sikes has it all — he's young, darkly handsome, claims the saucy wench Nancy, and rules the bowels of London with fear and violence. Doug and Bill are the same person. This is no classic case of schizophrenia but rather another superb performance to be seen in OLIVER. The mild-mannered minister of music at Cisco's First Baptist Church will amaze you as he transforms into the villainous nere-dowell Sikes, who sneers and growls his way through the second act. Never smiling or indicating an ounce of benevolence, Doug is so utterly detestable that his death at the end of the musical will come as a welcome relief. Doug left Kennewick, Washington to follow the love of his life to Texas. He has a degree in music education from Hardin-Simmons and will enter Southwestern Baptist Seminary in the fall while wife Kris completes her undergraduate degree. Doug's formal voice training has been in classic music. In 87 he won two regional singing contests through The National Association of Teachers in Singing. Doug shyly admits to being a "jock" in high school and this is his first summer stock theatrical experience. He has thoroughly enjoyed

being a member of the OLIVER cast and would like to work on future productions as his schedule permits. CLINT COTTOM comes to OLIVER from Sam Houston State where he is a rising senior. His endearing portrayal of the pompous Mr. Bumble provides several moments of comic relief throughout the musical. Clint hails from Abilene and is one of CJC's own graduates having studied under Carroll Brown. He's been seen in nine productions and will be remembered for his roles in *The Foreigner* and *Bag of Dreams*. His performance in *Bag of Dreams* gained him the much deserved award of SUPERIOR ACTOR at the Texas Jr. College Speech and Theatre Association competition. While working on his bachelor of teaching degree at Sam Houston State, Clint has been involved in ten productions including *Camelot*, *Anything Goes*, and *The Sound of Music*. He is Student Crew Chief in the drama department and has earned the opportunity to be student director for the fall production of *Foxfire*. Upon graduation Clint plans to teach high school drama and English while continuing his involvement in community theatre. Clint is also one of the street vendors in OLIVER providing him the opportunity to treat the audience to the wide range of his vocal capabilities. DANETTA BIBLE is thoroughly delightful in the role

of the Widow Corney. Earlier this summer Danetta was seen as Liesl in *The Sound of Music*. Danetta has had some previous voice training and currently studies under Donna DeLuca. Danetta began her acting in elementary school while living in Virginia. When her family moved to Rising Star she turned to UIL competition as her dramatic outlet. During her senior year she was awarded the coveted Best Actress and was also selected to audition for the Irene Ryan Scholarship. Danetta became interested in the CJC summer theatre program when she met Carroll Brown and gained a full scholarship to CJC in drama. She's been in numerous summer productions and was selected to be student director for the 89 children's theatre production of *The Red Shoes*. Danetta would like to finish her degree at McMurry College. She says that she remembers her father taking the family to many dinner theatres and she dreamed of one day performing in one. Danetta believes that it is important to have dreams and goals in life and by being a member of the CJC summer stock company, some of her dreams have come true. She loves to act because she can make people laugh and smile and feel. Danetta would one day like to

sing professionally. LILLIAN LEWIS will be the sticky-fingered, ever proper Artful Dodger. Lillian has been acting since the 2nd grade where she was in *The Elephant's Child*. She will be in the 7th grade in Cisco. This is her second appearance in the CJC summer shows having been in *Annie* two summers ago. Lillian has competed and won UIL competition in Ready Writing and Oral Reading. Pretty, petite ALLISON WILLIAMS is portraying the pert Bet. A senior at Cisco High, Allison has been doing CJC summer theatre since the 9th grade. She's been in *Annie*, *Tied to the Tracks*, and *The King and I*. Allison has been working tirelessly behind the scenes as a volunteer and all-around gofer. Her cheerful attitude and willing enthusiasm has earned her the distinct honor of being mistress of Props for OLIVER. This insures that she will be hopping off stage as well as on. Allison plans to attend CJC and continue to study drama. You won't want to miss a chance to see all of these talented young people at their best. Make plans now to attend OLIVER. Shows run from August 4 - 12. There will be both dinner and desert shows.

ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY
BREAST CANCER DETECTION UNIT
available to area women!

MONDAY, AUGUST 7th
EASTLAND MEMORIAL HOSPITAL
EASTLAND, TEXAS

Call 629-2601 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00. A mammogram can detect a cancer this small, even before it can be felt.

CER62

Prison

From Page One

the 1,071 acres being used for other purposes. Those "other purposes" have been the providing of land to construct employee housing. This housing is not a part of the tax rolls for Eastland County or the Carbon Independent School District and any students living on the prison site would have to be supported by those of us who live in the Carbon or Eastland Independent School District.

8. Approximately 50% to 60% of all residents in Eastland County are either fixed income and/or retired residents. These residents would not see any economic benefits from the location of a prison facility in Eastland County, Texas and would only feel the bite of increased rates and/or taxes to support such a prison.

Few residents of Eastland County argue that there will be no benefits of locating a maximum security prison in Eastland County, Texas; however, all of us must consider whether or not a county of approximately 18,000 residents can absorb the approximate 10.5 million dollars that such a facility would cost. It is understandable how other counties with much larger populations can absorb the tremendous costs of such a facility with greater ease. Certainly there are many more citizens among whom to divide the cost. Can those of us who already pay substantial taxes in Eastland County afford to absorb additional taxes and increased rates to accommodate a prison? If you believe we cannot absorb these costs, then contact the following, as you are not being given any other opportunity to object:

Breast Cancer Detection Unit To Be Here

The Mobile Breast Cancer Detection Unit of Odessa, which services Cisco, has received the certification of the American College of Radiology Mammography Accreditation Program.

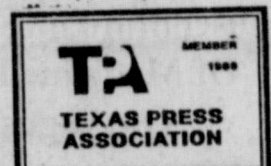

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for the early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and breast dose. The accreditation must be renewed every three years.

The accreditation program was instituted because of the concerns of radiologists, other national medical organizations, and the public that qualified personnel perform and interpret mammograms and that dedicated mammographic equipment be used. The American College of Radiology received an American Cancer Society Control Grant which was used to pilot test the Accreditation Program.

The American Cancer Society recommends that women to monthly breast self-exams and have regular physical breast exams by a doctor.

The Breast Cancer Detection Unit will be in Cisco on Monday, July 31.

11,000 Texans Participate In Free Skin Cancer Screenings In May

More than 11,000 Texans participated in free skin cancer screenings sponsored statewide in May by the American Cancer Society and the Texas Dermatological Society as part of the 1989 Texas Skin Cancer/Melanoma Project, the organizations announced.

The screening effort was the largest of its kind ever conducted in the state, with local dermatologists in 30 cities and 54 locations contributing their time and expertise to detect melanomas, other skin cancers and precancerous conditions.

Although figures are still incomplete, reports from participating sites indicate 11,127 men and women participated in the screening program. Early reports show 59 cases of melanoma, a serious form of skin cancer that can be lethal, were detected.

"We're very pleased by the tremendous response to this screening program," said William M. Ramsdell, MD, Austin, chairman of the 1989 Texas Skin Cancer/Melanoma Project. "We hope the screenings, in conjunction with our ongoing educational and awareness campaigns, will help alert Texans to steps they can take to detect skin cancer and treat it early and effectively. Our long-term goal, of course, is prevention."

According to preliminary reports, 1,095 screening participants were referred to physicians for additional follow-up, including 754 for suspected cases of basal cell carcinoma, the most common skin cancer, and 117 for squamous cell carcinoma, another skin cancer. The locations attracting the most screening participants were Dallas (3,449), Houston (1,918), Lubbock (1,119), Fort Worth (862), Austin (536) and San Antonio (509).

In addition to the free screenings held statewide May 20, the Project includes an ongoing communications and educational campaign throughout the summer.

Public and professional education outreach pro-

grams, sponsored by local American Cancer Society units and enlisting the cooperation of the Texas State Association of Occupational Health Nurses, as well as other groups, will continue during the next few months, Ramsdell said. A communications campaign centered on the theme "Don't Get Burned," also will receive additional summer exposure.

Billboards, print ads, and television public service announcements developed for the American Cancer Society as a public service by The Phillips Agency of Fort Worth are included in the campaign to promote awareness of skin cancer prevention, risk factors, early detection and warning signals. Materials carrying messages like "Skin Cancer Can Make a Mountain Out of a Molehill," "Working on a Killer Tan?" "Red Necks Can Be Hazardous to Your Health" and "What the Sun Can Do to Your Child is Enough to Make You See Red."

"The goal if this project is to increase public awareness about skin cancer prevention and, as a result, motivate individuals to change their behavior in the interest of skin cancer prevention," Ramsdell said. "This is critically important in 'Sunbelt' states like Texas, where exposure to the sun is frequent and long-term," he added.

"Some 500,000 new cases of skin cancer will be diagnosed in the United States this year, and a fair share of those will be diagnosed in Texas," he said. "The incidence has been increasing at the rate of three to five percent each year."

"Most alarming, though, is the increased incidence of malignant melanoma," Ramsdell said. "Cases of malignant melanoma, a serious form of skin cancer, have increased 1000 percent since the 1930s." The American Cancer Society estimates skin cancer will kill 8,200 Americans this year, 6,000 of those deaths attributable to malignant

melanoma.

According to the American Cancer Society and the Texas Dermatological Society, the increasing incidence of cancer could be altered if individuals follow a few simple guidelines for reducing their risk of skin cancer. For example, Texans should:

-Use a sunscreen with a Sun Protection Factor (SPF) of at least 15 during all outdoor activities, and avoid sunburn altogether.

-Avoid tanning salons altogether because they provide intense exposure to harmful ultraviolet rays.

-Avoid direct exposure to the sun between the hours of 10 a.m. and 2 p.m., by staying inside or by wearing a hat and protective clothing.

Public knowledge is an important factor in the prevention and in the early detection of skin cancer, Ramsdell said.

"Individuals can do a lot to decrease their own risk of over developing skin cancer," he said. "And, like many other forms of cancer, should a skin cancer develop, it is more easily treated and highly curable if it is found and examined by a doctor at an early stage of its development."

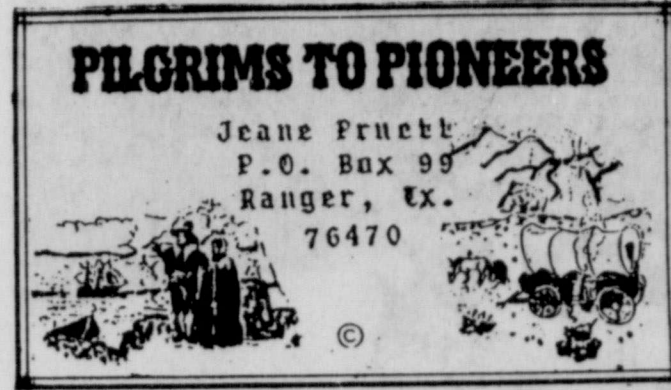

"It is critically important for Texans to know that the consequences of a skin cancer can be quite serious, especially if the cancer is a melanoma, the deadliest form of skin cancer," Ramsdell said.

More than 100 businesses throughout the state have requested American Cancer Society skin cancer materials through members of the Texas State Association of Occupational Health Nurses. The American Cancer Society also is adapting curriculum materials promoting skin cancer prevention for school children. These materials will be derived from the "Slip, Slop, Slap" campaign originally used in Australia. In addition, the Society has developed a Skin Cancer Program training manual to use in teaching health professionals how to conduct educational programs for the public.

For more information about skin cancer prevention or skin self-examination, contact your local American Cancer Society.

Two acres of this land on Hwy. 80 west of Eastland are being acquired with the help of some Eastland businessmen as the future home of Primera Iglesia Bautista, the Spanish speaking First Baptist Church of Eastland. The growing church which has also worked through several Spanish speaking missions in the area, had lost its building and needed a site to build a new church building. There will be a meeting on August 7 at 7 p.m. at the Cisco Associational Office of the Southern Baptist Convention churches to formulate plans for the new church. Spanish speaking people from the various Eastland County cities are members of this church.

Surprise - V-C Bonuses Total \$25,000

A total of \$25,000 was given in surprise bonuses Thursday by Victor Cornelius to employees of his printing firm. Fifty-nine people participated with all those who had been with the company over a year, receiving \$500 each.

Other employees received lesser amounts, depending on their length of service.

Cornelius said that he believed the group was genuinely surprised and pleased with the bonus. He added that he had himself received a pleasant surprise during the last week in the form of the largest order to date from Walmart for his price card rail clips.

Several years ago when the discount company enlarged their store, Cornelius, after shopping for groceries at Super Duper, decided to look at the remodeling in progress

next door. Noticing the metal shelving which was being installed, he realized that the shelf rail clips he had designed and marketed to grocery stores would not fit the Walmart shelving. He immediately began work to design an extruded

plastic clip in larger size that would fit.

The company has been ordering the product on a fairly regular basis, but this week's was the largest order yet - 95 cases containing 250,000 clips.

News From Canterbury Villa

By Ruby Watson

We appreciate the I-20 Church of Christ coming on Sunday morning to have Bible study with us.

The United Methodist, First Christian and East Cisco Baptist have been with us on Sunday afternoon for church services this month. We sincerely appreciate all of the churches for caring enough to take time out of their Sundays to come and have church services with us.

Our sing-a-long on Monday morning is with Betty Hastings and Bill Bailey. Mr. Bailey is a new volunteer and we are very pleased to have him.

Monday nights the Gospel Singers are here. We truly enjoy this time of singing our favorite hymns.

We have a new volunteer group coming from the United Methodist Church. They are Pat Wallace, Sara Hounshell and Mrs. Ken Diehm. These ladies are bringing several young ladies on Tuesday to help our other girls to give manicures. Our lady residents look forward to having manicures on Tuesday.

Our family and volunteer night was truly enjoyed by all. The salads and ice creams were great. For those who missed family and volunteer night for one reason or another, we missed you, too!

The Lutheran Church comes on Wednesday morning for Bible study. We want to welcome Mrs. Lynn Williams. She plays the piano on Wednesday for us. We want to thank Mattie Bas and Laverne Plambeck for their many years of volunteer service here at Canterbury Villa. They will certainly be missed.

The Pleasant Hill Homemakers hosted our birthday party this month. Our birthday honorees were Clara Horton, Cordi Bur-

rows, Lucille Weeks and Royce Kilgore. The residents were served cake and punch. Thank you, ladies for a great party.

We welcome Bro. Dean Williams. Bro. Williams is coming for Bible study every other Friday morning. Betty Hastings and Bill Bailey are joining us on Friday mornings, also.

We appreciate Eva Humphreys and Ann Goodman coming to write letters for the residents. Mrs. Humphreys and Mrs. Goodman are part of the Volunteer Council.

A special thank to all of you that have brought vegetables and fruit from your gardens.

Volunteers are always welcome at Canterbury Villa and needed.

Letter To The Editor

Dear Editor,

Not being able to speak for anyone else, I would like to say that the recent tax referendum vote did reflect my true feelings. I really don't want to pay more money just to keep the hospital open if there are no plans made to change the situation in some way. I don't consider paying higher taxes for two years while we wait for the government to change its policies much of a plan; it really changes nothing.

I think America is going to enter a new phase of government funding and that we are going to have to realize that we cannot have everything we want or need.

I believe we could make some drastic changes and still have what we need. The directors seemed bound and determined to raise taxes, no matter what. O.K. then, at least do it with a plan. First,

contract with the owner to buy the clinic building at the entrance to the hospital. Then turn it into the 24 hour emergency room with ICU rooms. Second, combine the taxing district of Eastland and Cisco and make Eastland a kind of small "regional" hospital. In this way, you can have a local emergency room and then transfer them to Eastland when ready for regular care. Also, to combine the districts would give a larger base to expand the facilities of the Eastland hospital, thus giving less reason to send people to Abilene. Third, to make use of our hospital, try contracting with the government or the V.A. to handle the cases that can be transferred from the Dyess A.F.B. hospital. Do that, and then jobs there will be saved. Fourth, get the county to pay only the cost of indigent health care that takes place here locally. Unless the people are sent out of county on doctor's orders. Then let the state or national government prove we have to pay out of county expenses. Fifth, let me say once again, file a discrimination law suit against medicare for the unequal payment system. Force the courts to rule on it one way or the other.

This may not be the only plan anyone can offer, but at least its more than we are being offered right now. May idea is, No plan - no taxes.

Thank you much,
Clifton Lacy

CTAMI To Meet Aug. 2

The next meeting of the (CTAMI) Central Texas Alliance for the Mentally Ill will be August 2, 1989, at 7:00 p.m. at the First Christian Church on Coggin Avenue, Brownwood. The subject for this meeting will be "Suggestions for Decreasing Stress Within the Family."

John Gonzales Awarded Ethnic Missions Scholarship

JOHN GONZALES

John Gonzales, son of Juanita Gonzales of Cisco, has been awarded an Ethnic Missions Scholarship by the Baptist General Convention of Texas in Dallas.

Gonzales will attend Howard Payne University in Brownwood where he will

study for the degree in religion.

More than 1,381 ethnic students have been helped to attend eight Texas Baptist universities and Southwestern Baptist Theological Seminary, Fort Worth, through the program.

The scholarships are funded through the annual Mary Hill Davis Offering for State Missions observed each fall in Texas Baptist churches. More than \$1.8 million has been invested in the scholarship program since 1956.

Valek Promoted

Marine Lance Cpl. Ingrid N. Valek, daughter of Wesley J. and Evelyn E. Valek of 1001 W. 10th, Cisco, has been promoted to her present rank while serving with 1st Marine Division, Camp Pendleton, Calif.

A 1988 graduate of Cisco High School, she joined the Marine Corps in July 1988.

Church Services
Redeemer Lutheran Church
The worship service begins at 10:30 a.m. Pastor Urban's message is entitled "Really Living" based on Luke 13:12-21. Sunday School and Bible Class begin at 9:30 a.m.
Today, noon congregational farwell pot-luck dinner for the Urbans.
Wednesday, Nursing home worship will be at 10 a.m. Sunday School staff will meet at 8 p.m.
Thursday, Pastor Mangone, the vacancy pastor will be in Cisco. A call meeting will be at 7:30 p.m.
Centuries ago--and even today--people visit certain large cities or tour well-known religious sights, such as Jerusalem, for some special fulfillment. But on next Sunday's Lutheran Hour broadcast, the Rev. Wallace Schultz reminds us of the words from the book of Hebrews: "For here we do not have a lasting city, but we are seeking the city which is to come." Hear what he means on the broadcast, "Keep Looking Ahead" at 7:04 a.m. on radio station KSTB (1430) and at 8 a.m. on KBWT (1380) and at 8:30 a.m. on KFQX (1470).

DeAlva Chambers
If you had a bank that credited your account each morning with \$86,400, carried over no balance from day to day, allowed you to keep no cash in your account, and every evening cancelled whatever part of the amount you failed to use during the day... what would you do? Naturally you would draw out every penny!
Well, you DO have such a bank. It is TIME. Every morning it credits you with 86,400 seconds. Every night it charges off, as lost, whatever you failed to invest to good purpose. It carries no balance and it tolerates no overdraft.
If you fail to use the day's deposits, the loss is yours. We talk about saving time, but there is really no way to do it...
Sunday, July 30 affords you 86,400 extra seconds. What do you plan to do with it?
