### J's Jottin's

By J.E.

If you saw something a little unusual at Dollar Video the other night, it was owner Charles Stephenson's brother, Todd Stephenson, shooting scenes for a movie he's filming. Todd, a film maker from Burleson, needed a death scene in a video store, so he brought camera and equipment to Cisco to use Dollar Video. Several local residents were used as extras in the death scene. The movie Todd is making is a parody of the Friday the 13th movies. His is entitled "Friday the Upteenth." Watch for it.

Three football games will be played at Chesley Field Thursday night when the junior high and junior varsity teams meet Albany. The seventh grade game will begin at 5 p.m., followed by the eighth grade game, and then junior varsity. For exciting action, go on out and watch these young Loboes. The Lobo varsity travels to Albany Friday night.

Wasn't the Homecoming Parade outstanding? Heard several nice comments on the class floats. These youngsters put in many hours of hard work on their entries. Saw several Cisco exes in the crowd that watched the parade.

The annual St. Jude Children's "Wheels for Life" Bike-A-Thon will be held at City Park Saturday, Oct. 7, from 9 a.m. until 12 noon. Local youngsters will be calling on residents asking for pledges. All proceeds will go to St. Jude Children's Research Hospital. Local coordinator is Manning

SCRANTON MUSICAL

The regular Scranton Country and Western Musical will be held Saturday, Oct. 7, in the Scranton Community Center. The concession stand will open at 5:30 p.m., and the music will start at 6 p.m. Everyone, especially musicians, is invited to attend.

#### **History Book Here** For Christmas

The Eastland County History Book Committee is presently completing the index for the huge county history book, reports Roy Lee Smith. He also reports that the publisher says the books will be ready for mailing out for this Christmas.

#### **Tonight Star To Make Exclusive** Appearance At Old Rip Festival

A feature attraction to be at the Old Rip Fest on Saturday, October 7 is the exclusive appearance of the television Tonight Show's star drummer Ed Shaughnessy.

This unique visit by a nationally known, outstanding musical star and one of the world's greatest drummers, is being made possible by the sponsorship of the Eastland Bands, Band Booster Club, Fine Arts Association and the Ludwig Drum Company.

Shaughnessy will be on stage in concert at Eastland's Majestic Theater at 8 p.m. on October 7, the night of the Old Rip Fest.

The Eastland Maverick Band would also like to invite everyone to see the Marching Band Contest to be held earlier in the afternoon at Maverick Stadium. As an extra feature during the contest Ed Shaughnessy will perform with a band composed of the Ranger, Cisco, and Eastland bands combined.

Just who is Ed Shaughnessy?

Shaughnessy has excited millions of viewers of the Tonight Show where he is in his 24th year as a regularly featured instrumentalist.

As the respected author of 2 books, Shaughnessy has been on the faculty of New York University and is today the most in-demand drum-set clinician in international music education. Ed has appeared with major symphonies, led his own jazz groups, fronted big big bands and

recorded as a leader and sideman with nearly every important musician.

He has been playing since age 14 in his native New Jersey. At 19 he was playing with George Shearing at New Yorks Three Deuces.

Tickets for the evening concert at \$8.00 at the door or \$6.00 advance. Church, senior citizen groups, and student groups who wish to attend and pay in advance may do so with one check for \$3.00

Ticket request may be mailed to Phil Hewett, P.O. Box 31, Eastland, Texas 76448, or call 629-2276. A big crowd is expected, so call now and plan to arrive early. Tickets will be given on a first come, first serve basis.

And remember, the Old Rip Fest starts with a large parade at 10 a.m. There will be many booths near the Eastland Courthouse Square with all kinds of foods to sample and things to see and buy. And Fest goers will have to choose what they want to see of the various types of continuing entertainment throughout the

The Marching Band Contest is at 1:30, and there is a state event, the Old Fiddler's Contest, by the Square before

the Shaughnessy Concert. At least ten high school bands and some area college bands will be in the Old Rip Fest activities, and there will be many classic and antique cars, floats and beauty queens.

Cisco High School Homecoming parade. The parade started on the north end of Conrad Hilton, traveled south to 10th Street, then 'urned into the Thrift Mart parking lot for a pep rally prior to the Cisco-Bangs football game Friday night. Winners in the parade

#### **Cisco Junior College Defeated By Trinity Valley Junior College 36-0**

The Cisco Junior College Wranglers were defeated 36-to-0 by Trinity Valley Community College, defending champions of the Texas Junior College Football Conference, in the opening conference game for both squads Saturday at Chesley Field.

Trinity Valley took a 13-to-0 lead at halftime. The Cardinals returned an interception of a Chris Bias pass to the 25-yard-line and dove in for a toughdown to take a 7-to-0 lead, then added an Anthony Brooks 55-yard pected rout. punt return in the second

In the third quarter, Trinity Valley blocked a punt and returned it to the one, where one play later, the Cardinals scored a touchdown. Trinity Valley then caused a Cisco fumble in the Wranglers' end zone and recovered the ball for a touchdown.

The Cardinals added a fourth-quarter touchdown and field goal to put the finishing touches on an unex-

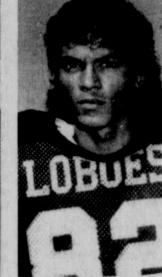

With the loss, Cisco, which entered the game ranked 13th nationally, fell to 4-1 for the season and 0-1 in conference play. Unranked Trinity Valley rose to 3-1 with the victory and 1-0 in conference play.

The Wranglers have an open date this week. They travel to Tyler for a game with Tyler Junior College Saturday, Oct. 14, at 7:30

HARVEY PERKINS

#### **Bangs Spoils Lobo** Homecoming 34-8

By TOMMY WELLS

Give Buddy Sharp and the Cisco Lobos credit, they certainly haven't picked on any "weak sisters" this season. The Bangs Dragons, on Friday night, added their name to that long list of teams that have managed to ease by.

Bangs, in keeping their season record unblemished, dealt Cisco a 34-8 loss to spoil the Lobos' 1989 Homecoming Festivities.

The Dragons, having previously scored victories over the likes of Santa Anna, Gorman, and Merkel, found the early going to be less inviting than they had hoped for as Cisco's defense dominating the first quarter. Sparked by the defensive talents of John David Rios and Dusty Schaefer, who ended one Bangs drive, deep in Lobo territory, with a fumble recovery, Cisco yielded less than 47 total yards to the talented Bangs offense.

A fumble recovery by the Dragons' Carl Richardson set up Bangs' lone score of the opening frame, a four-yard pass from Jason Espinoza to Briant Northcutt. Northcutt added the extra point for a 7-

Cisco, behind sophomore Brad Goosen, who completed 6 of 17 attempts for 114 yds. in his first start at quarterback, showed signs of an offensive rennaisance in the second stanza by successfully driving deep within Dragon territory, including a 61 yard. gem that ended on the Bangs'

The Dragons upped their advantage to 14-0 at the half on a 44-yard spiral from Espinoza to Bryan Allen.

Shannon Anderson was crowned the 1989-90 Cisco Homecoming Queen during the halftime activities. Anderson, the 17-year old daughter of Michael and Yolanda Anderson, of Cisco, was chosen from a field of lovely contestants that included Jana Muller, Jana Yowell, Tammy Glover, Jayna Willingham,

and Kelli Whatley.

Anderson, a senior at CHS, was crowned by 1988-89 queens, Ginny Pope and Cindy Choate.

Bangs opened up their lead during the third period, scoring first on a 15 yard period, scoring first on a 15 yard strike from Espinoza to Allen, and again, later, when Anthony Deal fought his way through the hard-hitting Lobo defense for the score.

Deal finished the night as the game's leading rusher, compiling 77 yards on 12

Bangs, leading 27-0 at the start of the final twelve minutes of play, picked up their final points of the night on a 18-yard plunge by Derrick

The Lobos, taking over on their own 25 yard line after a missed field goal attempt, exhibited their reborn offensive prowess with less than five minutes remaining by covering 75 yards in three plays. Goosen capped the drive with a pass, into the flats, to Harvey Perkins who romped 64 yards for the touchdown.

Perkins led all receivers with 105 yards on 5 recep-

Cisco, now 1-3 for the year, travels to the north, on Friday night, in hopes of snapping a two game slump against the Albany Lions. Albany is the Lobos final pre-district warmup. Kick off is scheduled for 8 p.m. at Lions' Stadium.

LOBO NOTES: Starting quarterback Matt Goosen, who was injured in the second half of the Cisco-Coleman contest, is expected to miss at least 2-3 weeks of action to repair cartiledge damage to his knee.

#### 'People For Progress' Explain Goals and Platform in Statement

(Editor's Note: The following article explains who 'People for Progress' are, their platform, and what their goals are.)

WHO ARE WE? People for Progress is a grass-roots movement of area residents of all ages, backgrounds, economic levels, and occupations who are dedicated to maintaining an acceptable quality of life in the Cisco area. We take pride in Cisco and are grateful for the fine institutions and businesses which comprise the backbone of our economy, serve the essential needs of our people, and provide jobs for area residents. WHAT IS OUR

PLATFORM?

1) People for Prograss believe that since Cisco institutions and businesses keep available at all times safeguards and services for area residents, civic duty demands that we reciprocate by supporting them and looking to their welfare even as they look to

2) People for Progress applaud the health providers of Cisco who, despite the adverse conditions facing rural doctors and hospitals, have continued to administer medical treatment and nursing care equal to or superior to any in the area and often at great personal

3) Believing that the continued operation of E.L. Graham Memorial Hospital is crucial to the life and wellbeing of every individual in the Cisco area, we support

the tax raise adopted by the hospital board and consider the cost an extremely modest investment in exchange for the security and peace of mind that come from having medical assistance in the immediate vicinity in time of crisis,

GOALS? 1) To work toward an informed public and bring about a spirit of unity and civic pride in the Cisco area 2) To bring to public atten-

**Eastland County** 5) To garner the support of every resident who desires to maintain an acceptable quality of life in our area and assure its growth and pro-

It become increasingly evident that a town either progresses or stagnates. People for Progress choose progress! We covet your support in preserving the many good things Cisco can boast of and building toward an ever-expanding future.

#### **Bike-A-Thon Set For** Saturday At City Park

The annual St. Jude Children's Research Hospital "Wheels For Life" Bike-A-Thon will be held Saturday, Oct. 7, according to local coordinator Manning Davis. The event will be held at Cisco City Park from 9 a.m. until 12 noon.

Children will be calling on relatives and friends to take pledges, Mr. Davis said.

Founded by Danny Thomas in 1962, St. Jude Children's Research Hospital is the largest childhood cancer research, treatment and education center in America. St. Jude Hospital is non-sectarian, interracial and provides medical care for over 3,200 active patients. Currently, over \$183,000 is needed each day to keep the doors open. These funds come primarily from public contributions.

The Bike-A-Thon program this year is dedicated to Ellen Marie Haynes, age 5, from Rossville, Ga. She developed a malignant tumor in her abdomen in June, 1986. After treatment at St. Jude Childrne's Research Hospital, which consisted of surgery, radiation, and chemotherapy, Ellen Marie was taken off all therapy in January, 1987. Although she isn't cured of her cancer yet, her prognosis is good.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Robinson Oil & Gas, Inc., Rt. 1, Box 163-B, Chico, Tx. 76030 has applied to the Railroad Commission of Texas for a permit to inject fluid into a fermation which is productive of oil or gas.

The applicant proposes to inject fluid into the Crosscut Gaskins, Well Number 10. The proposed injection well is located 2 miles E. from Atwell in the Scranton Field, in Eastland County. Fluid will be injected into strata in the subsurface depth interval from 1762 to 1782 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Gapitol Station, Austin, Texas 78711 (Telephone

#### Faith Baptist In Contest

On Sunday, the Faith Baptist Church had the first Sunday of a four-week contest between the local church and Central Baptist Church of Springfield, Mo. It was designated "Family Day" with nearly every family of this church bringing at least one family member as a visitor. Visitors came from as far away as Arizona: Special music was provided by guests and members

Marshall Crimestopper will participate: Ron Blackmore, Austin Policeman, has become the statewide symbol of Crimestoppers in Texas.

#### **Commissioners Approve Certificates**

(ED. NOTE: A number have indicated that the matter could be voted on Nov. 7, general election day. Ballots for that election, which has 21 Constitutional Amendment propositions on it, are already printed, and absentee balloting for that election begins Oct. 18th. It is understood that the petitions may be turned in next week for verification; and if found satisfactory, would prompt the printing of a separate ballot to be voted by county voters, if the Nov. 7th date is posal. legal. If that date is not permitted, then it could be third Saturday in January before such a special election could be held, a county

official stated.) Eastland County Commis-

sioners Monday passed an order authorizing publication of a notice of intention to issue certificates of obligation to finance the site of a proposed state prison near Carbon. The land is expected to cost \$650,00.

The vote was 3 for the proposal and 1 against, with Richard Robinson, Commissioner of Pct. 1 casting the dissenting vote. Norman Christian, Pct. 2, L.T. Owen of Pct. 3 and Billy Bacon of Pct. 4 all voted for the pro-

Robinson stated that he voted against the proposal because the Eastland County location had not been officially selected as a site for the prison. He said he considered that one of the stipulations in the Resolution of Support voted by the Commissioners on June 12.

On another agenda item, a majority of the Commissioners agreed to retain a bond counsel and financial advisor to work with them on the project. Richard Robinson abstained on this proposal.

County Judge Scott Bailey opened the 1 p.m. called meeting. A large crowd filled the Commissioners Courtroom and the hall leading to it, with opinions divided on the merits of a prison and the method of financing for the

The Judge offered to let three people on each side speak. Dr. Charles Barnes, Coordinator of the prison project for the Eastland County Economic Development group, called on R.D. Wooley, head of the finance Committee for the ECEDC.

"The Finance Committee has studied this. There is a market for your (County) bonds," the Commissioners were told. Wooley, said that a number of benefits would come to the County as a result of a prison being located here.

Jimmie Hughes, retired teacher and farmer, spoke against the issuance of bonds.

"The Commissioners Court was 'snookered' into this," Hughes said. "When they signed that Resolution they thought they were voting to give support (to the prison), not pay for the land. Now

they (the County Economic group) come up and want the money. The County has no business paying \$650,000 for a site for a prison.

'The people are not in favor of this," Hughes added. "All I ever asked for was a vote."

Bruce Stovall of the County Economic group spoke in favor of the certificates of obligation. "All your decisions involve money, and we thank you," he told the Com-

Jesus Friends To Start October 12

In response to the love of God in Christ Jesus, Redeemer Lutheran Church will again this year offer a Jesus Friends program for children 3 years to Kindergarten age. Sessions will be from 9:30 to 10:45 a.m. Thursday mornings beginning Oct. 12.

Jesus said, "Suffer the little children to come unto

missioners. "The Eastland County Economic Development group has no means of support except donations. A project of such a large magnitude will take the County to get it done."

He said that the local economy was poor - that the Cisco ISD lost 30 students this year. "We lost half of our tax base," he added.

Stovall also told the Commissioners that the County Economic group was asking for two things: "Interim financing, and subsidy for the money we can't raise."

Near the close of the meeting Carol Bullock, in opposition to the prison, asked several questions about the length of time allowed for a petition to be presented to the Court protesting the issuance of the certificates of obligation. She was first told that it would be "14 days from today", but that was later qualified to "14 days from date of publication of the intent to issue certificates of obligation."

Investment brokers and counselors Joe Smith and George Wilford were chosen by the Court to work on details of the financing. After Monday's session ended they made immediate plans for the publication of the notice.

Other people were making plans too. A petition against the Certificates of Obligation was circulating in the hall outside as soon as people came out of the Courtroom. Other petitions are now avail-

able in Eastland, Carbon and Cisco. One petition will be in a booth on the south side of the Square until 5 p.m. on Old Rip Day.

The petitions are protesting the purchase of a prison site by the county, and are asking that an election be held to determine the wishes of the people.

Officials say it is not certain at this time when a possible recall election could be held, however.

Me," Mt. 19:14. Jesus Friends is a children's ministry sponsored and staffed by members of Redeemer Lutheran Church. Jesus Friends shares the love of Jesus with the children through Bible stories, songs and handcrafts. All children are in-

vited to attend.

Registration forms will be mailed if you call the church office at 442-2090 or Mrs. Laura Ziehr at 442-1735, or you may register your child on the first day. The Child Care Center also has registration forms.

#### Carbon News By Dorothy Jackson

Oh what beautiful fall weather, warm days and cool nights but we could use another shower of rain. Some farmers have turned their water on again.

There will be a bridal shower for Wendy Clower, bride-elect of Jody Forbus, Oct. 10, 7 - 9 p.m. in the Carbon school cafeteria. All friends invited.

The Youth Ministry at the Baptist Church keeps growing. We would invite anyone to come if you are not already a part of this group, exciting things are taking place and do have an excellent group of teachers.

Bro. Donnie Auvenshine was a guest in the home of Mr. and Mrs. J.E. Jackson for lunch Sunday. I also had the privilege to have lunch there too. Bro. Donnie is serving as our interim Pastor, he comes from Abilene each Sunday, so some family has him in their home for lunch each Sunday.

Don't forget Oct. 14 Golden Exes Reunion at the Carbon school cafeteria.

Mrs. Marla Paulk of Imperial visited her parents, Mr. and Mrs. Charles Morgan and other relatives over the week-

Visiting Mr. and Mrs. B.L. Files were David Files of Stephenville; Cathy Files, Dana Mergor, Tommy McKee, Tammie Kirsch of Fort Worth; Joyce and Norman Bethany of Bend, Oregon; and Mrs. Ned Park of

Eastland. I had lunch in the home of Mrs. Ned Park on Thursday of last week and visited with Joyce Bethany, we graduated from high school together, we hashed over a lot of old times and the fun we had while in school, that was a few years

The Jr. Hi football team will travel to Blanket for a 6 p.m. game.

The Carbon Wolverines lost their Homecoming game but all the boys played hard. They will travel to Jonesboro for the game this week on Thursday night Oct. 5 at 7:30

Friday night Oct. 6 Woodson will play Mullen at the Carbon Wolverine Field. Carbon will provide gate people and will do the concession stand.

All students are urged to be in attendance this month, this is the time for counting.

The Carbon Homecoming activities began Friday night by presenting the Wolverines

and introducing their parents: John McDaniel - parents Mr. and Mrs. Duane **McDaniel** 

Cory Ashley - parents Mr. and Mrs. Roger Ashley

Wayne Moody - parents Mr. and Mrs. Mike Moody Greg Warren - parents Mr. and Mrs. Butch Ladd

DeWayne Hamm - his mother Mrs. Connie Romines Jason Girtz - parents Mr. and Mrs. Floyd Girtz

Tony Forbus - parents Mr. and Mrs. Terry Sallee

Allen Gates - parents Mr. and Mrs. Chester Gates Managers: Kevin Kanady

and Jody Johnson. Kevin's parents Mr. and

Mrs. Ray Kanady, Jody's parents Mr. and Mrs. Kenny Johnson were unable to attend.

The Wolverine cheerleaders and parents are:

Freshman: Miss Sherlee Whitson - parents Mr. and Mrs. Ike Whitson

Sophomore: Miss Robbi Daskevich - parents Mr. and Mrs. Bob Daskevich Junior: Miss Monica Nor-

ris - parents Mr. and Mrs. Danny Norris The nominees for Football

Sweetheart Miss Angie Girtz her escort Cory Ashley Miss Brandy Scott her

escort Wayne Moody Miss Shelley McCoy her escort Gregg Warren Miss Wendy Clower her

Bank Franchise Tax Report

in September State Comptroller Bob Bullock sent checks totaling \$5.8 million in bank franchise tax allocations to 431 Texas taxing

The payment was the second and final allocation to be made this year, for a total of \$39.8 million sent to more than 2.000 cities, counties, school districts, hospital districts and other special dis-

This year's bank franchise tax allocations are 22 percent lower than the \$51.3 million that had been allocated last year at this time. The drop reflects the troubled times faced by the Texas banking industry.

"Bank franchise tax alloéations have hit an all-time low this year, but should rebound in the 1990s as more and more banks are recapitalized and the Texas banking industry gets healthier," Bullock said.

The bank franchise tax rate is the same as the state's corporate franchise tax rate -\$6.70 per \$1,000 of taxable gapital and surplus, with a minimum tax of \$150. Some of this tax is allocated to the State, but the most of it goes to various taxing agencies in the counties.

Beginning January 1, 19990, both the bank franchise tax rate and corporate franchise tax rate will drop to \$5.25 per \$1,000 of taxable capital and surplus, with a minimum tax of \$68. the higher rate was passed by the Legislature in 1987 as a temperary tax measure to offset revenue shortfalls caused by the Texas recession.

The Legislature authorized the bank franchise tax in 1984, with the first collections taking place in 1985.

Bank franchise tax allocations peaked in 1986 at \$70.8

In area counties, the County of Eastland showed a healthy gain in the Bank Franchise Tax this year. The 1989 total was \$12,016.07, compared with \$11,795.13 at the same time in 1988. This is a gain of 8.22 percent. Callahan County had 1989 payments of \$11,346.89, compared with \$11,694.35 for 1988. This is a loss of -2.91 percent.

The cities had various reports. The City of Cisco had \$1,864.04 allocated for 1989, with \$2,453.90 in 1988. This is a loss of -24.04 percent.

Baird had \$3,769.63 allocated in 1989, with \$3,693.10 reported for 1988. This was a gain of 2.07 percent.

The City of Eastland was allocated \$6,710.23 for 1989, slightly above the \$6,640.39 for 1988. This is a gain of 1.05 percent.

In 1989 the City of Gorman had \$941.53 allocated, with \$978.11 reported for 1988. This reflects a loss of -

The City of Ranger was allocated \$2,159.76 for 1989, and \$2,922.60 in 1988. This is a loss of -26.10 percent.

The City of Rising Star, however, posted a big gain for the same period. The tax allocation for 1989 was \$1,375.03, and \$145.52 in 1988. This is a gain of 844.91 for the year, the largest in the

Same of the School Districts posted gains for the year. and some losses. Cisco I.S.D. was allotted \$14,362.55 in 1989, and \$13,604 for 1988. This is a gain of 5.58 percent.

The Baird I.S.D. was allotted \$7,077.01 for 1989, and \$8,353.98 for 1988. This is a loss of -15.29.

The Eastland I.S.D. received \$12,632.22 in 1989, and \$11,795.13 in 1988. This is a loss of -1.27 percent.

Gorman I.S.D. was allotted \$2,569.15 in 1989, and \$2,519.65 in 1988. This is a gain of 1.96 percent.

Ranger I.S.D. was allotted \$5,119.43 in 1989, against \$7,264.08 in 1988. This is a loss of -29.52 percent.

The Rising Star Independent School District received

\$3,389.60 in 1989, and \$304.07 in 1988. This is a gain of 14.74 percent for the

Reports of allocations to the Colleges are mixed. Cisco Junior College received \$3,059.03 in 1989, and \$2,975.83 in 1988. This is a gain of 2.80 percent. Ranger Junior College received \$927.16 in 1989, against \$1,253.12 in 1988. This is a loss of -26.01.

The Cisco Hospital District was allotted \$1,940.81 in

NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL

CITY OF CISCO, P.O. Box 110, Cisco, Texas 76437 has applied to the Texas Water Commission for renewal of Permit No. 10424-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 440,000 gallons per day. The wastewater treatment facilities are approximately 4500 feet north and 1900 feet east of the intersection of U.S. Highway 183 and U.S. Highway 80 in Eastland County, Texas. The effluent is discharged into an unnamed tributary of Sandy Creek; thence to Sandy Creek; thence to Big Sandy Creek; thence to Hubbard Creek Reservoir in Segment No. 1233 of the Brazos River Basin. All determinations concerning effluent limits required to meet instream criteria, antidegradation, uses and criteria for unclassified receiving waters and all other conditions of the proposed permit are considered preliminary and subject to additional

The Executive Director of the Texas Water Commission has prepared a draft permit which, if approved by the Commission, will specify conditions and limitations generally the same as those currently enforced by the existing permit. It is proposed that the expiration date of the renewed permit be specified at midnight, five years after date of Commission approval.

Legal Authority: Section 26.028 of the Texas Water Code and 31 TAC Chapter 305 of the Rules of the Texas Water Commission.

No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely

#### **Federated Club Holds** Silver Tea Recently

The Federated Clubs of Cisco hosted a silver tea for club members and guests on Thursay, Sept. 21, at the club house at 2 p.m.

The silver refreshments were lovely. Donations were accepted to aid in remodeling the library in the TFWC headquarters building in Austin. This is the project of Judy Mackey, president of the Heart of

Texas District. Ruby Lee Pirtle, president-elect of the Heart of Texas District, gave a very interesting and informative talk on "Advantages

of Being Federated." Hostesses for the tea were Louise Allison, Evelyn Fry,

Elsie Jackson and Elizabeth

· Use The Classifieds affected by the granting of the application. If the Conmission determines that the request sets out an issue which is relevant to the application, or that a public hearing would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing on this application should be submitted in writing to Claire P. Arenson, Assistant Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-7905. Information concerning any technical aspect of this application can be obtained by writing Ronald Pedde, Wastewater Permits Section, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-8201.

A Thought For The Day...

**DeAlva Chambers** 

It has been said that the mind is the greatest mechanism ever created. Yet some people will take better care of their car than their mind... Think about this. Would you put dirty oil in your car or dirt in your gas tank? Of course you wouldn't ... In like manner, good clean thoughts will lubricate your system and keep the parts operating smoothly, your digestive system from clogging up and cool thoughts will regulate that temper.

A person cannot expect to be healthy and strong by always thinking and talking poor health. Couldn't it be said that if you believe you are miserable you will be so? There is no medicine that will relieve this condition. Your only cure is a change in your

Yes, the influence of the mind upon the body is awesome. The body is not fed with material food alone. There are other elements which act upon it and give it strength and the grand source and means of receiving these lie partly in the mental and physical quietude of mind which acts only when it has full power to act ...

Huge Old Rip Parade And Fest Planned Saturday In Eastland

"Eastland County Pulling Together" is the theme for this year's Old Rip Fest Parade, and the Grand Marshalls will be the Mayors of the cities of Eastland County. They are C.W. Hoffmann, Jr. of Eastland, Joe Wheatley of Cisco, Ken Parrack of Ranger, Graden Baze of Gorman, Henry Burke of Rising Star and Royce McGaha of Carbon.

More than one hundred parade entries have already been received. Band which say that they are coming include the Hardin Simmons University Cowboy Band, the Cisco Jr. College Wrangler Band and Belles, the Ranger Jr. College Ranger Band. Also to be in the parade are the high school bands from Eastland, Ranger, Cisco, Anson, and Bangs. These high school bands along with Roscoe, Coleman, and Glen Rose are scheduled to also be in the March Band Contest at the football stadium on Saturday at 1:30 p.m. Other bands are considering coming but haven't entered yet.

First, second, and third place trophies will be given to parade entries judged to be the best in each division.

A large number of antique and classic cars are being entered in the parade this year, with the Abilene Model A Club, the Stephenville Car Club, and the Eastland Antique Car Club to have their cars in the parade.

Of course there will be a number of attractive young ladies as dutchesses in the parade along with floats, children's groups, and horse riding groups.

But the parade is just the first event in the Old Rip Fest this Saturday, October 7. The parade starts at 10 a.m., but the entertainment will last all day Saturday and into the night.

A Crimestopper kickoff is scheduled for 12 o'clock noon, and the Marching Band Contest will begin at 1:30.

Meanwhile booths will line streets near the Courthouse Square, offering food and drink, things to see and to buy, and fun. Singing groups, dancers, and even a tricycle race will provide entertainment near the booths.

The Senior Citizens Bazaar along with an art show and photo contest will be held in the Perry Building. And in front of the library, the antique and classic cars will be

#### **Street Dance To Follow Fiddlers**

Fiddlers from all over Texas and other states across the United States are expected to be in Eastland Saturday for the Old Fiddlers' Contest, one: of the feature attractions of the Old Rip Fest.

And following the Old Fiddler's Contest and ending the day of fun and festivities will be a huge street dance.

Both attractions will be held just south of the Courthouse Square.

#### Country Club Plans Brown Bag Lunch

The Cisco Country Club ladies luncheon Thursday, Oct. 5, will be a brown bag affair. The day's activities will begin at 10 a.m. with games of bridge, dominoes and '42. Everyone was reminded to bring a partner for the games, and their brown bag lunch and beverage. It promises to be a day of games and fun.

**DRUG-CRIME** HOTLINE 629-3161 629-3182

displayed. There will be three categories of the cars: '31 and older, '32 to '49, and '50 and up. Awards will be presented to first, second, and third place winners in each group.

Bring lawn chairs as the festivities near the Square will end with the Old Fiddler's Contest, an event which draws from Texas and neighboring

#### **Real Estate Brokerage** 807 Conrad Hilton Ave., Cisco 442-3642 or Night 442-1642

Just refurbished two bedroom dwelling, carport and good location, \$12,500.00. Three bedroom, two bath frame dwelling, about 120 ft.

frontage, priced to sell. Five room bungalow, good state of repair and good location with paved street.

A very desirable two bedroom frame, corner lot, in good repair, paved street and the price is, well you will like the price. A solid two bedroom frame, ready to move in, large

utility room and three lots with a lot of pecan trees.

Two bedroom on paved street very well worth the money and one you can affort at \$8,500.00. Three bedroom frame, one bedroom very large and on paved street, owner needs to sell, this is your chance. We have a nearly new roomy three bedroom brick with

plenty of yard room, on paving, if you would like a very nice place this is it. We are loaded with commercial buildings, anything you might want or need, ask us.

We have land, several blocks, 88 acres and on up to 480

acres. Eight places in all. In fact the 480 ac's is only \$195.00 per a. You can't beat that. Due to cost we do not carry a large ad but, we have the property, and we are selling it, just ask us. We can

always use good salable property.

We are selling the property and can use some more listings.

#### **Texas Criminal Justice Summit**

3 Governor William P. Clements, Jr. February, 1988 PREAMBLE OF PURPOSE

2.We believe that the first function of government is to promote and safeguard the lives and property of its citizens. Without this basic tenant, the other benefits of our modern society pale.

The Criminal Justice Sumnat was born from the recognition of and frustration with the inadequacies of the criminal justice system in the state of Texas.

The philosophy established by the Texas Penal Code to sanction criminal behavior encompasses rehabilitation, deterrence and punishment. They have no current basis in realty in Texas today.

. The entire spectrum of the system has begun to dysfunction. The inability to impose a meaningful risk which can be realistically imposed for criminal behavior has lead to escalating crime rates in our

Population growth and economic conditions cannot be held solely accountable for the criminal activity. In truth we have failed to assure the certainty of punishment for those who violate our laws. The consequence has been a society afraid to venture out at night, a cottage industry of burglar bars and home security devices; a society whose freedom of movement and security have been impacted in fundamental and penetrat-

ing ways by crime. To achieve this end, we feel that appropriate sanctions must be imposed that punish, deter and rehabilitate those who violate our laws and threaten our lives. Sanctions must equate in a reasonable manner with the severity of the offense and the nature of the offender. There must be a continuum of alternatives that sentencing authorities may impose which correlate to the crime and to the criminal.

FINDING OF FACT The central issue forming

the basis for this Criminal Justice Summit is that the lack of confinement capacity has created intolerable distortions throughout the entire criminal justice decision making process. The impact of overcrowding in the Texas Department of Correction (TDC) can be graphically illustrated in both statistical and numerical terms. Data gathered by all components of the Criminal Justice system define the sheer magnitude of our problem in Texas. In 1980 thee were 168,099 felony offenders under regular probation supervision, in prison or in parole supervision out of which 16.9% or 28,543 were incarcerated. By 1987, however, the proportion of felons in prison declined significantly. In 1987 there were 369,449 felony offenders under regular probation supervision, in prison or in parole supervision out of which 10.6% or 39,227 were incarcerated.

TDC currently has a population cap of 38,578 inmates, 95% of its rated capacity. TDC has experienced a 147.8% increase in admissions since 1980 (14,176 to 34,134). The legislative and executive branches have responded to this increase in a variety of ways. Additional capacity is being added. Construction is under way for 10,422 additional beds as

recommended by TDC for the 1988-89 biennium. These new beds plus another 2,000 beds of contracted capacity and 934 beds previously funded or gained because of renovations (a total of 13,356 beds) will absorb the expected prison population growth for 25 consecutive months starting approximately in October 1988 and continuing

through October 1990. Provision for pre-parole transfer of inmates to halfway houses has been enacted; reduction of time served for good behavior; the Prison Management Act passed which provides additional good time for certain inmates when the population exceeds 95% of the rated capacity: funding and authorization has been made for community residential programs; revisions have been made in monetary value of crimes which led to felony convictions; and other measures were passed designed to reduce the overcrowding prob-

Nevertheless, TDC contin-

ues to be overcrowded. Crime in Texas has increased over the last decade and it is projected to increase. Moreover, the epidemic proportions of the illicit drug trade, drug use in the population and the well documented connection between drugs and crime has profoundly impacted the type of offenders that the criminal justice system is confronting. Drugs ignite crime. It is estimated that 70% of the crimes committed in the United States involve drugs. In Texas, approximately 83% of offenders admitted to TDC have been involved in one way or another with illegal drugs. The use of illegal narcotics contributes to the onset and continuance of all criminal behavior and has enhanced the overcrowding crisis in the prison system. Meaningful punishment as well as other law enforcement

and treatment strategies to

deal with the drug problem

are essential to cut criminal

ers and those without prior convictions are released and violent offenders and those with longer criminal histories remain on-hand. There is also a trend towards an increased proportion of aggravated offenders in the prison inmates released in 1987 was population. These aggravated offenders have to serve calendar time towards parole eligibility and are harder to manage. This harder to manage prison population will require higher classification levels and cell space as opposed to dormitories.

Since TDC is unable to

activity related to this prob-

The prison overcrowding

has caused early release of

inmates to make room for

incoming admissions. The

average time served by most

12 months, less than one-

Analyses of data show that

population.

terrent to crime.

The necessity for early re-

accept all prisoners sentenced to its custody a backlog has been creased which has contributed to overcrowding at the county level in many instances. At the end of August of this year (the end of the fiscal year) there will be approximately 5,492 prisoners being held in county jails who have been sentenced to TDC and cannot be admitted. In addition there are approximately 400 prisoners being held on warrants issued by the Board of Pardons and Paroles. The average daily jail population of the state has increased from approximately 11,000 in 1980 to 23,453 in

1987, an increase of 113%. The Adult Probation Program and the parole supervision program have likewise experienced a population explosion. The total number of felony probations under regular supervision has increased from 72,516 in 1980 to 123,087 in 1987, an increase of 69.7%. The number of parolees under supervision increased from 11,933 in 1980 to 46,821 in 1987, an increase of 292.3%.

Thus, it can be seen that district attorneys and judges have been making substantial use of probation as an alternative to incarceration. This does not necessarily mean, however, that there is not additional potential to reduce prison overcrowding

through probation alternatives. There are a number of offenders sentenced to prison who have profiles similar to subjects who are currently being effectively supervised in specialized programs such as the Intensive Supervision Specialized Program, Caseloads, Surveillance Program, Restitution Centers and Residential Treatment Centers. This could offer some potential for probation diversion but it is not known how many in that category, although convicted for a nonviolent offense, would still warrant incarceration in the judgement of the community because of the specific activity, i.e. drug trafficking, public corruption, major white collar crime. Probation revocations to

prison constituted 35.4% of all TDC admissions in 1987 (12,460). An estimated 5,881 are revocations for technical violations. This category of offenders also offers potential for diversion through utilization of a range intermediate sanctions which could be employed as additional resources become available. Sometimes those revoked for technical reasons or minor ofienses are revoked not because of the seriousness of the violation but because they have shown over a period of time that they will not comply with the conditions of probation while under regular probation supervision. Inadequate capacity in the division programs coupled with the non-compliance of the probationer dictates revocation to TDC. The more reasonable the caseload and the wider the range of sanctions available, the more meaning which can be given to the term "probation" as a punishment.

The explosive expansion of the number of parolees under supervision, now numbering over 46,000, has been impacted by the inability of TDC to house those ordered incarcerated by the courts and the lack of sufficient alternatives to incarceration. The BPP is exceedingly concerned over the lack of meaningful sanctions that it can apply to parole rule violators ranging from intermediate sanctions which might prevent the necessity for parole revocation and available prison capacity sufficient to enable the Board to act promptly on those cases warranting immediate return to prison.

The Board decries having

been placed in the unenviable

position of having to attempt to expedite the release of enough inmates to keep the TDC population within court ordered limits. It cannot continue to maintain the prison population without outside help unless every vestige of parole selection discretion is abandoned. It recognizes it is in conflict with district attorneys, judges, and sheriffs who object to the Board's role in prison population management and is cognizant of the opinions of other criminal justice components, including the courts, that the expedited releases subvert their actions, as recidivated releases are recycled through the system. Approximately 30% of the total released return to prison after only two

years. The projected releases are based on a 50% parole rate and assumes the additional construction of 13,356 beds during the next biennium. Therefore, even with current expansion, with no additional capacity, projected releases from TDC over the next four years will total 155,116. As a reference point, we can say that projected yearly releases will be equal to total admissions minus the population growth that can be absorbed during the year because of added capacity.

Projected admissions to prison do not offer any en-

couragement. In a free market scenario of no scheduled admission policy, admissions to prison are projected to increase by 19.5% between fiscal year 1988 and fiscal year 1994, reaching 46,626 admissions by that latter year. If the prison population could grow freely, it will again start surpassing prison capacity in November 1990 (FY 1991). To address this projected shortfall, which assumes that no new division policies will occur by this time, TDC is recommending the funding of 11,159 new beds during the FY 1990-1991 biennium to continue to absorb the projected growth.

The importance of accurate and meaningful data becomes increasingly clear as solutions to the lack of capacity are explored. There must be a more systemic and systematic collection of essential data with common data elements permitting an automated exchange and analysis of relevant information for law enforcement, court management and the proper management of offenders under supervision. The Criminal Justice Policy Council is the logical focal point for this collection and analysis. Not only is such information essential to the development of strategies for the proper management of the criminal justice system but it is also necessary for policy decisions at the local and state level. The quality of information presented in this Summit has been of extreme value in identifying the issues to be addressed and how to property address them. This information was not available a few years ago. It is possible to argue that if it had been some of the problems that we are confronting today would not be facing us.

#### School Budgets Increased

AUSTIN—School budgets have been increased by 50% since the school reform HB 72 was enacted five years ago.

A total of \$13.5 billion was approved by school trustees in 1,055 Texas school districts last year. To pay for it, officials levied local property taxes totaling \$5.6 billion. The state provided \$4.9 billion. The remainder came from school lunch and other fees, federal aid, bond sales, interest, and other revenue.

The figures come from the latest issue of Bench Marks 1988-89 School District Budgets in Texas, an annual publication of the Texas Research League, an Austin-based, educational corporation engaged in governmental research.

An average of \$3,384 per student for current operations was budgeted last year plus \$288 for repayment of debt and \$464 per student for capital outlay.

County ISD budgets provided from \$31.17 to \$608.21 per student for current operations, for debt service, and capital outlay based on the number of students enrolled in the fall semester of 1988.

The average salary for classroom teachers paid by County ISDs in 1987-88 was below the state aver-

In County ISDs the average salary for administrators was from \$22 to \$40 thousand.

Four dollars in five were spent for salaries. Statewide payroll expense averaged \$2,757 per student.

Taxpayers provided one teacher for 17.1 students in statewide pupil-teacher ratio. Because of the existence of small classes, especially at the highschool level, and abbreviated teaching schedules, many other classes have more than the average number of students.

To fund higher school budgets with a declining tax base, school trustees in most districts have raised tax rates. The average school district imposed a property tax at the rate of 91.2 cents per \$100 of appraised value, which value averaged 96.5% of market value (selling price). The "True tax rate" was 88.1 cents (91.2 times 96.52%) state-

The report points out that the calculation of a true tax rate based on market value rather than on ap-

# Prison Is Not A Tax Issue

**By Eastland County Economic Development** 

Council Contrary to what non-supporters of the proposed state prison are saying about costs and taxes, the purchase of land for a prison site should not increase taxes, said a local auditor. The land, located in the Flatwood Community is scheduled to cost approximately \$650,000.00 including costs of right-of-way for one mile of an enlarged Farmto-Market road. If paid for over a ten year period of time,

rently coming into the county treasury. Nine years ago the county borrowed, using a bond issue, \$680,000.00 to buy a new county jail and the annual payments on this debt have averaged \$130,000.00 per year. The final payment on the county jail will be made next spring before any payments would be due for bonds used to purchase land for a state prison. Thus, it is seen that the actual outlay of money

praised value enables a valid comparison of tax levels with other schools. In 1988, the true tax rate

The primary purpose of state aid is to equalize state and local tax resources among schools. In 1988-89 tax resources ranged from less than \$2,500 per student in 12 districts to more than \$10,000 in five districts.

exceeded \$1 in 336 school districts in Texas.

# County Resources

The Eastland County Resources Association will hold a meeting on Tuesday, Oct. 10 at 12 noon in Eastland Centennial Memorial Library. President Corrie Cowley will lead out with the program.

Association To

Meet Oct. 10

The Resources Association is a community-service group dedicated to helping with critical needs of people in the County. Individuals, as well as representatives of churches, clubs and other agencies are encouraged to attend. There will be information, reports, and plans. Bring a brown-bag lunch if you wish.

the payback to bond holders \$26,000.00 per year less than would be about \$104,000.00 per year from revenues curfor the past nine years, making it possible to actually decrease taxes if desired by county authorities. Certainly there is no reason to increase taxes due to the land purchase. Some people also claim that

the Eastland County Water District will expend millions of dollars to provide water service to the prison and that local taxpayers will pay the bill. This is also false information. The District will indeed borrow through revenue bond issue, \$1.8 million dollars which will be paid back to the District over a twenty five year period of time by the prison system through a contract for purchase of water. Actual cost to other non-prison users on the system is zero and certainly no increased taxes will be involved in paying for the prison

prison would be looked upon as if it were any other customer albeit there is an extra long, extra large line to this customer who will use water at a cost exceeding that of local patrons. There will be considerable advantage to the people living in the vicinity of the prison: adequate water and meters could be made available due to a reworking and retrofitting of water processing equipment and increased capacity of water lines

in the area. The same basic principles apply to the expenditure of \$2.7 million dollars to supply a sewage system for prison use - The prison is a customer and will pay its own way by paying the City of Eastland its monthly charge for sewer service. In the twenty five years of payback for a bond issued loan the local citizens

will pay nothing for service will pay using taxes from all to the prison. After the twenty five year payback, local citizens in Eastland will inherit a multimillion dollar sewer system which has cost them nothing. The same can be said of the water system.

These two examples of water and sewer are no different than the situation being experienced by local private utility companies. Together they will issue \$812,000.00 dollars of bonds which will enable them to construct electricity, gas, telephone and television lines for service to the prison at no charge to their other customers. In 10 - 25 years all utility lines will have been paid for by revenues collected from use of these

utilities by the prison. To say there is no cost to local people is not quite correct. The prisons of which we as citizens are all part owners

people in the state. This is necessary because criminals are in our midst and we must protect ourselves by putting them in jail. The advantage of a local prison in our county is that 800 or so jobs will be created here rather than in counties 200 miles away. These jobs are permanent creations which can materially affect all of our abilities to pay taxes.

#### **October Is National Breast Cancer Awareness Month**

During October, National Breast Cancer Awareness Month, the Cancer Information Service (CIS) of The University of Texas M. D. Anderson Cancer Center urges all women age 40 and older to have regular mammograms to detect breast cancer early, when it is most

Parnell, Emily manager of the CIS, says information specialists staff-ing the 1-800-4-CANCER number are prepared to answer questions about early detection of breast cancer and send callers a free brochure on mammography. Mammography, an x-ray of the breast, can detect breast cancer in its earliest stages. 'One in 10 American women

treatable.

'Mammograms can improve their chances of survival by finding the cancer before it can be felt.' Dr. Eva Singletary, assis-

will develop breast cancer,"

tant professor of general surgery at the UT M.D. Anderson Cancer Center, says 11 major medical organizations, including the National Cancer Institute, agree that women should have a mammogram every one to two years and an annual clinical breast exam beginning at age 40. At age 50, both exams should be done annually.

"A woman's risk for breast cancer increases dramatically with age," Dr. Singletary says. "In 1989 alone, this disease will claim the lives of an estimated 2,200 women in Texas. However, the death rate from breast cancer could drop more than 30 percent if all women had mammograms as recommend-

Ninety percent of women whose breast cancer is found at its earliest stage can be treated successfully, she adds. "In addition to improving treatment outcomes, early detection often enables women to opt for less extensive surgery, such as lumpectomy, followed by radiation therapy, leaving much of the breast intact."

In spite of the life-saving value of mammography, most women do not have regular mammograms as recommended. According to 1987 data from the National ly about 17 percent of women 40 and older reported they

#### had had a mammogram within the previous year.

The survey also showed that older women, who are at greatest risk for breast cancer, are increasingly less likely to have mammograms

Parnell says that CIS offices nationwide are joining a variety of other organizations in emphasizing mammography during National Breast Cancer Awareness

For further information contact the CIS at 1-800-4-CANCER.

#### Steps Taken To **Protect Producers** & Researchers

WASHINGTON, D.C.-Congressman Charles W. Stenholm (D-TX) has taken steps to protect animal producers and researchers by introducing a bill known as the "Farm Animal and Research Facilities Protection Act of 1990".

The bill is designed to prevent, deter and penalize crimes and illegal acts of terrorism against U.S. farmers, ranchers, food processors and agricultural and biomedical researchers. It also allows farm and animal facility owners to bring civil actions against violators.

"Unfortunately, it is apparent that current laws are not discouraging acts of violence against our food producers and researchers," said Congressman Stenholm. "The true victims of these illegal acts of terrorism are not just the owners targeted for attack, but all members of society who rely on producers for food and on researchers for vital medical breakthroughs."

Stenholm pointed out that polio, drug addiction, cystic fibrosis, cancer and Alzheimer's treatments, as well as surgical techniques, pacemakers and many vaccines and antibiotics are dependent on research using higher animal forms. "I believe that when a

computer or cell cultures can be used in place of an animal for research this should be done," commented Stenholm. "However, I do believe responsible animal research should be used when it is the only way to save human lives." "My disagreement is not

with animal rights advocates interested in established guidelines for proper animal care, but with extremists who insist that no circumstances exist under which we can normally differentiate between the value of the life of a human and that of an animal," said Stenholm. The Congressman pointed

out that the acts of terrorism that have occurred around the country, including Texas Tech University in Lubbock, are hindering medical research and putting lives in jeopardy as people await medical breakthroughs to help them "beat the odds" while fighting disabling and terminal diseases. Quetta's

#### 12 Education Groups Endorse Bentsen Super IRA Plan

A coalition of 12 education groups Wednesday endorsed the Bentsen Super IRA plan proposed by Senator Lloyd

Bentsen received a letter from the coalition on Wednesday outlining their strong support for this restored and expanded Individual Retirement Account (I.R.A.) program saying it would "expand educational opportunities in our country and benefit society as a whole."

The letter said, "In view of the significant decline in personal savings and resulting detrimental impact on trade and international competitiveness, we welcome your initiative to encourage saving not only for retirement, but also for either the purchase of a first home or paying for the costs of college."

"By enabling penalty-free withdrawal of existing and future I.R.A. funds, parents have an additional resource to call upon in meeting the cost of their children's education. Further, students of all ages will be able to significantly participate in saving for anticipated education expenses."

The 12 education groups that endorsed the Bentsen Super IRA are: The American Council on Education, National Association of Student Financial Aid Administrators, American Association of Community and Junio Colleges, National Association of State Universities and Land Grant Colleges, American Association of State Colleges and Universities, National Association of Independent Colleges and Universities, Association of Urban Universities, National

#### Read The Classifieds

Association of College and University Business Officers, Association of Catholic College and Universities, Association of Jesuit Colleges and Universities, National Association for Equal Opportunity in Higher Education, and the Association of American Universities.

The Bentsen Super IRA proposal will ensure that all American receive at least a 50 percent tax deduction for I.R.A. accounts. It will also allow withdrawal of I.R.A. funds without penalty so long as they are used to either purchase a home or pay for

On November 14th the

Texas Legislature will be

called back into session to

consider Workers' Compen-

sation once again. If the third

time truly is the charm maybe

the Legislature can get it right

I have received some sig-

nificant criticism for voting

against both the House ver-

sion of the workers' compen-

sation "reform" package and

the Senate version of the

"reform" package. The truth

is I didn't see a great deal in

either one to warm my heart

and brighten my outlook.

Unfortunately, special inter-

ests have become so en-

trenched in and dependent

upon the existing system that

it truly has come to be some-

thing vastly different and

more complicated than a way

to compensate injured work-

ers and limit employers' lia-

You see, workers' compen-

sation was originally intended

to benefit the employer at least

as much, if not more, than the

employee, it limits employer

liability to 401 weeks at the

Northview is proud to recognize Joyce Wilkinson

as Employee of the Month for September. Joyce

will be celebrating her one year anniversary in

October and serves as a valued member of our

Environmental Specialist's Team. Her tireless ef-

forts insure that the high sanitation standards re-

quired are maintained at all times. She was pre-

sented with a plaque at which time, Northview's

Administrator, Jackie Kincheloe, observed that

"Thanks to Joyce's efforts Northview is a brighter

place - both literally and figuratively!" Providing a

clean home for our clients is how Joyce Wilkinson

shows that Caring Is The Heart Of The Matter.

Sallie Kinnaird

this time.

U.S. have reached a forty year low. In 1988 the household savings rate in America was only 4.2 percent of income compared to 16 percent in Japan. Low savings mean high interest rates and less

Capitol Update

capital for investment," Bentsen said.

"We have lower savings, higher interest and less investment than any of our major trading partners. As a result, U.S. productivity growth - which is the key to our prosperity - has fallen to only half that of our trading

the employees benefit from

the security of a standard that

he does not, in theory, have to

You say it sounds like a

pretty good system? You get

a gold star. It was a pretty

good system until all the vari-

ous interest groups became

addicted to the ancillary bene-

fits they receive from the

system. They know who they

are and they are not just the

much maligned trial lawyers.

They include, but are not

limited to, plaintiff's defense

attorneys, insurance adjustors

and those who sue in bad faith

or encourage such suits. I am

convinced from my most

recent experience that if an

injured worker does not get

an attorney, until the Indus-

trial Accident Board can be

beefed up to provide an in-

creased number of case re-

viewers, some very unpleas-

ant things are almost certain

to happen to him or her. The

system was never intended to

There is blame aplenty to

dicts, these interest groups just

can't kick the habit. They have

"farmed" the workers' com-

pensation system for so long

that the system has ceased to

be a means to an end and has

become an end in and of it-

There can be no reform to

be like this.

self.

sue to get.

pensation settlements.

"Personal savings in the

"We've got to turn that around and give Americans an incentive to save. The Bentsen Super I.R.A. does just that. My proposal also has an added incentive to save that the original I.R.A. did not include. It will help Americans save for the two biggest investments of their lives, buying that first home and sending their kids, or themselves to college," Senator Bentsen said.

any meaningful degree unless and until we return to the basic goal of providing stability and security for employers and employees, without regard to third parties, with premiums charged based upon claims made. Simply stated, the safer you are the less you pay.

I am desperately eager to vote for a good workers' compensation reform package. My attitude abut the issue is not unlike the old saying about art. I don't know much about it but I do know what I like. For a good workers' com-

pensation system, ideally, I believe the following provisions are necessary. 1. Premiums should be tied

to claims for each individual employer with a reasonable time in which to establish a safety record. Premiums may be high for the first year but after a safety record is established, premiums must be reduced substantially for those providing a safe work place, both as a reward and incentive to maintain it.

2. Fees for attorneys should be tied to services rendered. The Industrial Accident Board should use the authority they presently have to determine what percentage of the reward should be paid in attorney's fees. It should be based on the amount of work the attorney was required to do on the case and should not automatically be set at the maximum of 25% 3. There should be a sched-

ule provided for specific injuries. 4. There should be a provi-

sion for deductibles to be paid by employers. I may not see all of these

provisions but when I see a workers' compensation bill that I like and one I can come home to defend, I will be the first to vote for it. As of yet, I haven't seen one.

#### Ele'Anore & John Paul To Present Concert In Cisco

Ele'Anore and John Paul will present a concert at the Pleasant Hill Baptist Church Tuesday, Oct. 10, at 7:30 p.m. They will be presenting a world of Christian music and gospel singing.

Ele'Anore is a Navajo Indian, and has had a singing ministry for over 12 years. John Paul is a very talented musician and evangelist, and they have a gospel radio program every Sunday morning on radio stations in Cottonwood and Sedona, Arizona. Both have several albums to their credit, and have also appeared on local television stations and in many areas across the United States.

Pleasant Hill Baptist Church is located nine miles south of Cisco on FM 2526 East. Pastor Joe Philpott and church members welcome the public to attend and enjoy this concert of inspirational Christian music and gospel singing. There will be no admission charge.

#### Eat At Fest Saturday, Oct. 7

The Inspiration Church of God will be serving homemade stew, tea and baked goods to be sold whole or by the slice at the Old Rip Fest on Saturday, Oct. 7. Their booth will be located on the southwest corner of the square. They invite you to stop by their booth for lunch.

The Majestic Theatre Mon. - Fri. 1 - 5 p.m.

629-2102

The magic of live theatre will come to the Majestic in Eastland on Sunday, Oct. 8 at 3 p.m., when Penguin Productions presents 'King Midas and the Golden Touch'. Doors will open at 2 p.m., and the box office will open at

This play will be the first in a Children's Drama Series, and the next play will be 'The Night Before Christmas' on Sunday, Dec. 3. The Series will conclude with 'Hansel and Gretel' on March 4, 1990.

The Series price will be \$12 for each adult and \$6 for each child or student. The individual performance box office price will be \$5 for adults and!

\$3 for children and students. King Midas and The Golden Touch' is an hourlong musical, and will be performed by professional actors touring the states of Texas and Louisiana.

Penguin Productions is a theatre company whose staff is dedicated to bringing wholesome, quality entertainment to children. Since 1979, the company has produced 27 tours, performing for hundreds of thousands of excited school children. This show is expected to be seen by 20,000 children.

Actors chosen to tour with Penguin Productions come from all over the country and

STUPENDOUSLY

**EXCITING!** 

MAKE - MALETAN MALETAN MAKE - MAKE SELL - MAKE AND A MA

go through extensive audition and interview process conducted before each production. One question that they are asked is, 'Do you like children?' Those that genuinely do will go that extra mile to bring a great performance to the children.

The original story of King Midas is a Greek myth. Rena Newton has adapted that story to make it more suitable for today's children. Though it

has been vastly revised, the main theme remains unchanged: A king, so caught up in his greed for gold, wishes that everything he touches be turned to gold. He quickly regrets this wish.

The children will laugh with Princess Claire and her playmate, Nip, the court jester. All will be amazed by the talking portrait of King Midas' grandfather and the children will gaze with wonder as everything the king touches turns to gold before their very eyes!

Persons desiring to purchase tickets to the Series which includes this play may contact the Majestic Theatre, P.O. Box 705, Eastland, Texas 76448 or call (817) 629-2102.

#### Competitor's Delight

An Editorial

There undoubtedly is celebration among the Abilene advocates for a state prison there, after the elaborate exploitation of Eastland action this week.

The news media from that city very thoroughly expounded on action here, and managed to use expressions like "put a cloud over Eastland's efforts" and generally conveyed the message that this area is divided over the efforts to secure the major state facility.

To put a damper on Eastland, which is obviously a choice selection site, is seen as a plus by those others who are also in the race to secure these valuable assets.

There are a number here who have some serious questions about the prison; about the costs; about the security; about the methods being considered to provide facilities; and other legitimate points.

There are also a great number who believe the long term benefits from such a facility far outweigh the immediate costs. Racked by the collapsed oil economy and the sagging Texas economy in general, there are a number of firms just barely holding on in this county, hoping, wishing and willing to work for better economic conditions.

Locals here should keep in mind the out-ofcounty motives of those who would portray us as snipping clods.

Breaths there one soul here who would want the guilt for a cratered effort, by one false word or deed?

We think not. We believe that the people of Eastland County want the best. We may see different routes or even different causes, but over and over, we've proved that we can and will work together.

- H.V.O.

**Senior Citizens** 

The public is invited to stop by the Senior Citizen's Bazaar Friday and Saturday, October 6 and 7, in the "old Perry" building on the square The Bazaar will officially open at 10:00 a.m. on Friday. The opening ceremony will include the presentation of the oldest man and woman exhibitors. Also, the oldest man and woman in attendance will be recognized. The hours will be 10 - 5 p.m. on Friday, and 9 - 5 p.m. on Saturday.

The Bazaar is sponsored by the Eastland County Extension Homemakers Clubs. Friday, the Extension Homemakers will sponsor a concession stand and be selling Barbecue on Bun sandwiches. Homemade pies and cakes will be sold by the slice of

Exhibitors 55+ years old will have on sale to the public beautiful quilts, afghans, kitchen items, houseplants, toys, doll clothes, and much more. All priced very reasonable for the public to do some early Christmas shopping.

All booth space is free and exhibitors are asked to bring their own card tables and chair. No commission on sales, and 100% of the money goes to our Senior exhibitors. Exhibitors are responsible for their own sales.

#### Announcement Of Public Meetings Of Proposed Texas Highway Trunk System

The State Department of Highways and Public Transportation will hold a series of lic input about the proposed Texas Highway Trunk System. The trunk system is part of a long-range plan to de-

#### meetings this fall to get pub-**County Pecan Growers To Tour**

Pecan growers in Eastland County will tour the Charles Walker Pecan Orchard Friday, October 6th, from 9:45 a.m. to 12:00 noon.

Extension Agent, DeMarquis Gordon says, the tour will feature pecan management and a pecan insect control demonstration.

Dr. Larry Stein, Extension Horticulturist, will be on the tour to discuss the 1990 state and national pecan crop and

market outlook. Dr. ChipLee, Extension Plant Pathologist, will speak to the group on pecan disease control in pecan orchards.

Gordon says, it will be a good opportunity for pecan growers to visit with the specialists and other growers about pecan production.

The Walker Orchard is on Highway 6 about four miles south of Interstate 20 intersection.

velop a rurai network of fourlane or better divided roadways. This system will link urban areas in the state, as well as major ports and points of entry from surrounding states and Mexico. Charles Walker Pecan Orchard

Eight meetings will be held during October and November, as listed below. Testimony will be heard from 8:30 a.m. until noon at each meeting. Detailed maps and other information about the proposed system will be on display at the meetings. Staff planners from the highway department will make a brief presentation and will be available to answer questions and hear public testimony.

You have demonstrated an active and concerned interest in Texas and in transportation. Your input would be

greatly approximen as we develop our plans for this very important system of roadways. In order to give the maximum opportunity to all concerned parties, we ask that groups or organizations offer heir testimony through one epresentative.

By Terry Wilson

"The Cream of the Crop To Compete Oct. 7 and 8,

If there was ever a Bass Club meeting you don't want to miss, this Thursday is it. Anyone who was a member last year or is currently a member should be present at 7:30 p.m. at the Eastland National Bank Bldg. Club officials have been unable to compile an exact list of the qualifiers from last year for the classic. I have been informed the necessary paperwork has been located and the qualifiers will be announced.

The first classic in the history of the E.C.B.C. will be a dandy folks, \$1,000,00 will be divided among the winners at the end of the two day draw event.

As I have mentioned earlier the first day will be fished at Lake Proctor. And Proctor is turning out some excellent strings of bass. I understand the Stephenville Bass Club heldits Club tournament there recently and it took a whopping twenty two pounds of fish to win. A gentlemen with sixteen pounds finished in ninth place. But after visiting with a number of anglers at Proctor this past weekend the fishing has slowed some. The bass are still biting good, but getting a hook in them is a different story.

Frame house on lot 50 x 170, two bed-

During my visit to Proctor I was able to catch a limit of five fish weighing around thirteen pounds. The fish were all taken on black and white

and black and chartreuse. I

had a lot of fish hit but they

just wouldn't take the bait. To go out on a limb I'll say it will take around fifteen pounds to win at Proctor and probably five pounds to win Big Bass. There should be a good number of ten pound plus stringers and I suspect a lot of four pound plus fish. Since the bass are scattered I don't look for the twenty pound stringers, there is just too much cover to fish.

The second day of this event will return to Lake Leon. Leon is in excellent shape with water levels full. Our huge population of shad this year will probably be the key to Leon as it has most of the year. Many of this years top catches have been where anglers are finding larger gizzard shad and not as many thread-fin shad. Of course October at Leon normally producers some ten to thirteen pound strings of bass. Main lake points with Rat-L-Traps and under the bride towards the creek with purple and white are two popular patterns.

Recent reports from Leon are showing good numbers of three pound bass around the lake. The real lunkers, over five pounds have slowed down, but there still out there.

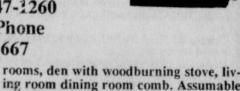

With the abundant cover in Leon this month, I look for the top string of fish to be around ten pounds. And the big bass as I said are there and I feel it will take six pound plus to win.

Don't forget fishing hours both days are 7:00 a.m. until 4:00 p.m. Weigh-in will be a Promotory Park Saturday and Chock-O-Block Sunday. The E.C.B.C. would like to invite everyone out even if you don't

Anyone who fails to attend the Thursday meeting will be ineligible to compete. So if you feel you made the Top 16 last year or this year, be there. Terry L. Wilson

Scenes From Homecoming Parade And Pep Rally

# HEY DUMN!

THE CISCO PRESS Thursday, October 5, 1989

#### It's not funny!

If you're bent on driving yourself to drink, take a lesson from statistics...don't become one! Statistics will show you that there are too many people drinking and driving. As a result, people are getting hurt...getting killed. Now, the laws are getting stricter and the courts are getting tougher, but they can't do it all. There's still one person who can do his or her part...to try to put a stop to these horrifying statistics... and that's you. It's easy to remember and easy to do...don't mix automobiles and alcohol. Only a dummy would drink and drive!

Car.-Rt. Sort

# ALL ROADS LEAD TO EASTLAND

The Hardin Simmons University Six White Horses and the world famous H.S.U. Cowboy Band are to be in Eastland for the Old Rip Fest Parade October 7.

# 4-H is..

4-H is the youth development program of the Texas Agricultural Extension Service, which is a part of the Texas A & M University System. County Extension Agents are the local representatives of this nationwide system and they are charged with the responsibility of managing the 4-H program in each county.

4-H is an informal educational program that focuses on the needs, interests and concerns of young people. Adult volunteers are the cornerstone of the 4-H program. They organize and conduct educational experiences in community and family settings.

The mission of the 4-H program is to offer participants opportunities to acquire knowledge, to develop life skills and to form attitudes that will enable them to become self-directing, productive and contributing members of society.

Goals of the 4-H Clubs are that 4-H members and leaders gain knowledge, skills and attitudes from educational experiences:

- ·Acquire knowledge in certain areas of agriculture, natural resources, home economics, science and technology.
- · Acquire a positive self-concept.

his or her 19th birthday occurs.

- ·Learn to respect and get along with people.
- ·Learn and practice leadership skills, and fulfill leadership roles.
- ·Learn about and practice good citizenship.
- Explore and evaluate career and job opportunities.
- •Establish positive attitudes toward productive use of leisure time. Develop an active plan for attaining personal goals.

The policy of the Texas Agricultural Extension Service to to extend equal opportunities for membership and participation in 4-H activities to all Texas youth. Any youth can become a member of 4-H when he or she reaches nine years of age or has entered the third grade. A youth's last year in 4-H shall be the calendar year in which

Eastland County is fortunate to have a large support group of excellent leaders -- both youth and adult.

Representatives from 9 4-H clubs in the county unite in bi-monthly meetings of the 4-H Council and the 4-H Adult/Parent Leader Association organizations to plan and exchange ideas to expand the 4-H program throughout the county.

The 1989 officers of these organizations are as follows:

1989-90 4-H Council Officers Chairman - Pam Kea, Eastland Sr. 4-H Club Vice-Chairman - Diane Butler, Eastland Sr. 4-H Club Secretary - Robbie Daskavich, Carbon 4-H Club Treasurer - Kerstin Gerhardt, Cisco 4-H Club

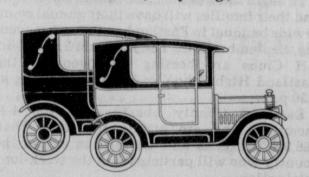

The 4-H program began in Texas in 1908 in Jack County with the "Boy's Corn Club" organized to teach corn production practices to adults by teaching their children. The 4-H Heritage continued with "Tomato Clubs" for girls organized in Milam County in 1912 and the first "Beef Calf Club" organized in Coleman County in 1910. These rural clubs for boys and girls were the forerunner of 4-H in Texas. Today's Texas 4-H programs is both rural and urban and emphasizes using projects and learning experiences to teach boys and girls not only subject-matter knowledge and skills, but also important lessons in relating to others, leadership and citizenship.

#### Top Musicians Expected At Old Rip Fiddler's Contest

Get set for a great Texas Old Time Fiddler's Association Contest on the Courthouse Square in Eastland on Old Rip Day, Oct. 7. Fiddlers are asked to sign up for the Contest at 4:30 p.m., and the music will begin at 5 p.m.

Musicians are planning to ently in the organization may come from around the state to enter the competition, says Robert D. Weeks, Contest Chairman. Weeks, a Board Member of the Texas Assothat anyone who is not pres-

contact him and become a member.

At the Contest fiddle players will be grouped in the following categories: Ages 0ciation of Fiddle Players, says 15, 16-29, 30-59, and 60 and up. There will also be a Grand

Championship Playoff and a Guitar Picking Contest. Three places will be awarded prizes in the last two categories, with five Places in the 0-15 group and four places in the other categories.

Robert Weeks says he is really pleased about the cash fo was as contributed by the Eastland Chamber of Commerce and various businesses and individuals.

He would like to list each one: Eastland Chamber of Commerce \$600, Virginia Russell \$100, Anonymous \$100, EBAA Iron \$50, Moylan Construction Co. \$25, Poe Floral \$15, Joe Hudspeth's Tire Co. \$15, Fullen Motors \$25, Perkins Implement \$15, Coats Furniture \$10, Victor Cornelius \$2C, H&R Lumber \$25, Eastland Drug \$25 and Viola Payne \$20.

This is a total of \$1,155. and \$1,000 of this will be used for the musicians prize money, Weeks says. The remainder will go to pay the

The public is invited to bring lawn chairs and come out to listen to those special event. Plan for about three hours of music. During the Contest there may be some extra entertainment from musicians such as Robert D. Weeks Jr. and Brandy Weeks. who are each Texas Fiddle

1989-90 4-H Adult/Parent Leader Officers Chairman - Mrs. Shelly Bailey, Rising Star 4-H Club 1st Vice-Chairman - Mrs. Louanne Gerhardt, Cisco 4-H Club 2nd Vice-Chairman - Mrs. Vicky Seay, Eastland Jr. 4-H Club Secretary - Mrs. Patti Cozart, Ranger 4-H Club Treasurer - Mrs. Kathy Stevens, Eastland Sr. Club

District 8 4-H Council The District 8 4-H Council is composed of youth from 18 central Texas counties, Eastland County is well represented. Brian Bailey, Rising Star 4-Her, is Vice-Chairman of the District 8 4-H Council for

Other representatives from Eastland County are Pam Kea, of the Eastland Sr. 4-H Club; and Diane Butler, Eastland Sr. 4-H Club.

# II III to the

Awards are given in all events of the 4-H program which is important for a child's development of self confidence, and self esteem. Lyndee Groce, of Eastland Jr. 4-H Club, took top honors with her pig at the County Livestock Show. Congratulations Lyndee!

### 

4-H EMBLEM, PLEDGE, AND MOTTO

The 4-H's represent the 4-square develop-HEAD - To help you learn new and better

ways of doing things. HEART - To help you develop ideals and stan-

dards for living in society. HANDS - To give you the opportunity to

develop useful skills and to apply them. HEALTH - To help you develop habits of good

4-H REC TEAM

The Eastland County 4-H Recreation Team has been very active group this year providing fun for other 4-Hers. Team members are front row (left to right): Amy Logan, Eastland Sr. Club; Cathy Thomas, Eastland Sr. Club; Pam Kea, Eastland Sr. Club; Robbi Daskavich, Carbon 4-H Club. Back row (left to right): John Seaberry, Eastland Sr. Club and Stephen Mauldin, both members of the Eastland Sr. Club.

The Eastland 4-H Recreation team, under the direction of Mrs. Patti Cozart and Mrs. Janet Thomas, is one of more than 20 county 4-H recreation teams across Texas.

The recreation team has provided leadership for five county-wide 4-H parties, and led recreation workshops at District 8 4-H Leadership Lab, Eastland Stephens County 4-H Camp, 4-H Rally Day, and traveled to Albany to teach recreation skills to younger 4-H members.

Members of the recreation team are given full responsibility for recreation at specific events. 4-H Rec team members transform shy youngsters into outgoing, participating group members. This is a great opportunity for team members to move on to leadership roles through 4-H.

#### NATIONAL 4-H WEEK OCTOBER 1-7

Eastland County 4-H members are gearing up for a lot of special programs and activities the week of October 1-7, NATIONAL 4-H WEEK.

Theme of this year's observance is "4-H for Youth for America."

To begin the week of celebration, the 4-Her's and their families will have their annual countywide banquet in Eastland on Saturday evening, September 30th. The Eastland Jr. and Sr. 4-H Clubs are hosting the event at the Eastland High School cafeteria beginning at 6:30 p.m.

Eastland County boasts over 400 4-H members who are among the more than 388,000 in Texas and 4.5 million across the country who will participate in the week-long celebration.

In celebrating National 4-H Week, we recognize that 4-H is truly a people development program states local County Extension Agents Mrs. Janet Thomas and DeMarquis Gordon with the Texas Agricultural Extension Service, the parent organization of 4-H.

4-H helps young people develop skills that will be useful in the real world. It helps them discover their strengths and weaknesses. It provides exposure to a variety of career fields and help youth to build positive self-concepts for directing their lives. And, most importantly, 4-Her's learn and have fun doing it. And families can add to the fun by learning and growing together. 4-H is a family-oriented organization with youth working to make the "Best Better" which is the club motto.

Volunteer leaders assisting in the 4-H program also learn new skills while sharing their expertise with the young people.

About 125 adult volunteer leaders work with 4-H girls and boys in Eastland County through nine different 4-H clubs.

The 4-Hers can choose from some 70 different project and program areas designed to help them prepare for the future.

For more information about the 4-H program, contact the Eastland County Extension Service office which is located in the Eastland County Courthouse.

4-H Foods and Nutrition Workshops offer many new opportunities to learn about nutrition, and physical fitness. Some 75 4-Hers participated in the Foods Workshops this past year. Enjoying a stir-fry luncheon was a special treat.

THE 4-H EMBLEM

The 4-H Club emblem is a four leaf clover with the letter "H" on each leaf. The four "H's" stand for Head, Heart, Hands, and

Leaves of the clover are green and the "H's" are white. The white is for purity. Green is nature's most common color, and is symbolic of youth, life, and growth.

MOTTO
"To Make The Best Better"

SLOGAN "Learn By Doing" One of the many fine 4-H families in Eastland County are Mr. and Mrs. Glenn Nicks of Nimrod. Peggy and Glenn Nicks are shown with their children Benjamin, Miriam, Daniel and baby twin girls Esther and Rebekah. Big sister Hannah is in the showring showing her rabbits during the County Livestock Show.

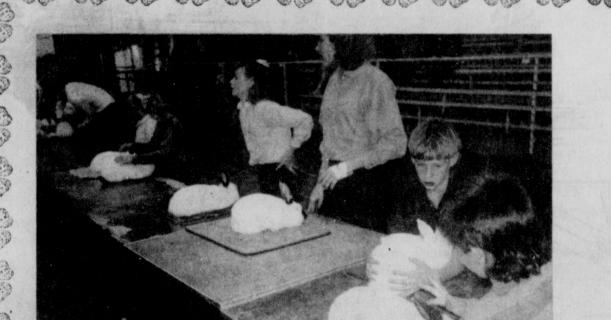

Parents are indispensable in 4-H. They share both in the work and success of a club. Enrolling parents when a child enrolls makes good sense because much of the 4-H work centers around the home and family.

4-H is a family-oriented organization and parents are requested to attend as many activities as possible. In this way, if the member misses something that is said or done, he or she can get help from their parents.

4-H families who have spent many hours supporting their children in 4-H projects have said that "a backache now is better than a heartache later."

PLEDGE

"I pledge-My HEAD to clearer thinking,
My HEART to greater loyalty,
My HANDS to larger service,
My HEALTH to better living,
for my club,
my community,
my country,
and my world."

Rabbits are a very popular animal project in Eastland County. Approximately 150 rabbits were shown in the Eastland County Livestock Show.

The rabbit project includes learning about breeds, animal nutrition, health, rabbit housing and showmanship.

These 4-H girls are proud of their sewing projects. 37 4-Hers participated in the 4-H Jam Workshops sponsored by the Eastland County Extension Homemakers.

Front row (left to right): Lara Stacy, Lyndee Groce, Megan Pipkin, Tommie O'Neill, Diana Glover.

Back row (left to right): Courtney Reid, Kerstin Gerhardt, Kimberly Reich, Leigh Jerrell, Kristie Rogers, Shenautee Fletcher, Dena Rogers, Kerstin Gerhardt, and Jennifer Eaves.

37 4-Hers learned the basics of sewing at the 4-H Jam Workshops which were sponsored by the Eastland County Extension Homemaker Club members. Kerstin Gerhardt is getting some special tips on cuttint out a pattern from Mrs. Eloise Zuspann.

Animal projects for 4-Hers teach 4-Hers selection, feeding, management, and showmanship skills. 4-Hers learn to keep records on owning and caring for their animals.

The dairy goat project has become very popular project in Eastland County. Shown with their goats are front row (left to right): Jeremy Keith and Rusty Roberson, members of Eastland Sr. 4-H Club. Back row (left to right) Hannah Reich, Stephen Reich, Kimberley Reich, all of Nimrod 4-H Club; and Jessica Keith of the Eastland Jr. 4-H Club.

"Working together" develops leadership for the 4-H youth program. 4-H provides many opportunities for club and committee meetings where youth express their ideas, develop and carry out plans

And what an enjoyable way to have a 4-H COUNCIL meeting! 4-H Council members shown left to rifgt enjoying pizza are: Kari Schuyler, LaDawn Little, Natalie Stevens, Robbi Daskavich, Brian Bailey, Pam Kea, Tammy Lyerla, Toby Long and Howard Lawrence.

4-H COUNCIL is made up of representatives from the 94-H Clubs in the County. The County Extension Agent serves as advisor to this group which meets bi-monthly.

The 1989-90 officers of the Eastland County 4-H Junior Leader's Association are (left to right) first row: Barbie Butler, treasurer; Diane Butler, Chairman; Cathy Thomas, 2nd Vice-Chairman; Jennifer Jarrell, Secretary; Back row: Natalie Stevens, 3rd Vice-Chairman; Robbi Daskavich, Reporter; and Pam Kea, 1st Vice-Chairman.

The membership of the Eastland County 4-H Jr. Leader's Association is open to all 4-Hers who are 13 years of age and older; and have been a member of 4-H for 2 years.

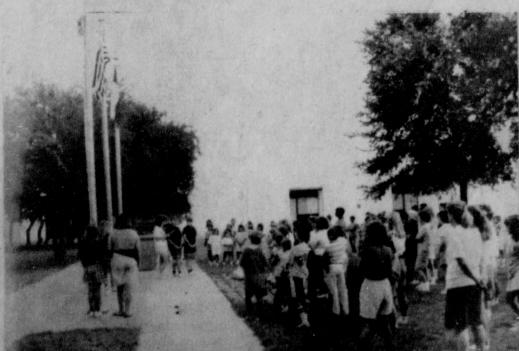

Throughout the development of leadership skills and self-esteem, these older youth take action to promote and encourage 4-H work by working with younger 4-H members. 4-H Junior Leaders actively promote and expand 4-H leadership and community service.

Eastland County 4-H Junior Leaders Association has a great time sponsoring a petting zoo at the Eastland County Livestock Show each

Junior Leaders shown left to right include: Christy Arther, Amy Logan, Dana Squires, John Seaberry, Cathy Thomas, Rebecca Massingill, and Barbi Butler.

Baby farm animals are always a big hit with the young children!.

The day begins early at County 4-H Camp which is traditionally held at the State 4-H Center on Lake Brownwood. Flag raising ceremonials are very inspirational.

Eastland County had some 80 youth and parents that enjoyed workshops, swimming, canoeing, archery, rifle, etc.

There are many projects available to 4-Hers. Volunteer leaders serve as teachers of these groups under the direction of the Texas Agricultural Extension Service. 4-H parents give of their time to work with 4-Hers in the clubs.

Patti Cozart, of Ranger; Shelly Bailey and Paula Collins, of Rising Star, served as 4-H Food and Nutrition leaders. They attended the statewide 4-H Food and Nutrition training sposored by Quaker Oats and Texas Agricultural Extension Service. The training was at the state 4-H Center.

The art of clowning is a fun 4-H project. The Clowning Project teaches the history of clowning, clown makeup, and how to incorporate clowning into citizenship and community service projects to promote 4-H to other people.

These 4-H girls are having fun in a clowning workshop! Shown left to right are: Leigh Jerrell, of Eastland, Niki Cozart, of Ranger, Telitha Winge of Nimrod; and Samantha Stephens of Gorman.

Awards are given in all events with the 4-H Club program. Members have the opportunity to participate in many contests on the county, district, and state level.

These 4-Hers are being shown receiving recognition at 4-H Camp this year which include: front row (left to right) Becca Siebert, Tommy Seay, Kalli Arther, Lara Stacy, Heather Johnson. Back row: Gable White, Chance Bush, Robbi Daskavich, Natalie Stevens, Amy Logan and Cathy Thomas.

The Eastland County 4-H Horse Club has a total membership of 20 youth. Holly Greenwood, of Ranger; and Tessie Ingram, of Cisco; are preparing their horses for many of the horse playdays. Tessie serves as President; and Holly is secretary of the "Rough Riders 4-H Club."

QQ QQ QQ QQ

The major objectives of the 4-H horse project is to increase knowledge and improve skills in horse science and showmanship. Through this project, youth also develop personal confidence and leadership ability.

The adult club manager is Mrs. Teresa Ingram, of Cisco; and the horse project leader is Mrs. Idoma Bush, of Eastland.
