The First Christian Church bazaar and the First United Methodist Church fall festival offer us an opportunity to purchase handicrafts for gift giving. It's only 10 weeks until Christmas.

Cisco City Manager Michael Moore reports that beginning Monday, Oct. 16, the Texas Department of Highways will be doing repair work on Highway 183 and Highway 6, from 8th Street north. The project should take a couple of days. Plans call for that area to be resurfaced next summer.

Over at Abilene, the Abilene Preservation League's Tour of Homes on Sunday, Oct. 22, from noon until 6 p.m., will feature six homes in Fairway Oaks. The theme for this year's outstanding tour is "Landmarks of the Future."

An added feature of this year's tour will be a home available for the handicapped. Tickets are \$10 and will be available on Oct. 22 at each home on the tour. Advance tickets are available by mail or by calling the Preservation League Office at 676-3775.

The musical "TEXAS" has just celebrated its second best season with 101,000 in attendance. Next season "TEXAS" will celebrate 25 years in production. The show will open its Silver Anniversary Season on June 13 and plays nightly except for Sundays at 8:30 p.m. through

Cisco school students will have a holiday Monday, Oct. 16, because of an in-service day for the teachers. Classes will take up at regular time Tuesday morning.

Reservations for the ladies luncheon at Cisco County Club Wednesday must by made by noon Monday, Oct. 16. Call Janelle Schrader at 442-3329 if you plan to attend.

Student Tickets Go On Sale At Schools

Because of a district ruling, student tickets to the remainder of the varsity foot games for this season will no longer be sold at the gate. All tickets at the gate will be \$3.00. Student tickets may be purchased for \$2.00 prior to 1:30 p.m. each Friday from Mrs. Jeanene Puryear, Cisco Elementary; Mrs. Mary Bailey, Cisco High School; and Jim Puryear, Cisco Junior High School.

First Christian Church Annual Bazaar Scheduled Nov. 3-4

The annual bazaar at the First Christian Church will be Friday and Saturday, Nov. 3-4. This event is sponsored by the Christian Women's Fellowship Group.

There will be many useful items for sale that will make wonderful gifts or for personal use. Some items include one antique quilt, baby gifts, hand painted pictures, decorative pillows and hand made linens.

Breakfast and lunch will be served both days.

All proceeds will go to benefit the church organiza-

ARTIST OF THE MONTH for October at First National Bank is Andy Escobedo. Andy is a freshmen student at Cisco High School and is the son of Elmer and Rosa Escobedo. Andy enjoys painting and placed fourth at the West Texas Fair and Rodeo in Abilene. He is an art student of Lynda Foster and has been taking art lessons since April. His painting will be on display in the lobby of the bank through October.

ARTIST OF THE MONTH for October at First National Bank is Amy Hawkins, daughter of Garland and Patsy Hawkins. Amy is a senior at Cisco High School and has been taking art lessons from Lynda Foster for a year. One of her paintings placed third at the West Texas Fair and Rodeo in Abilene. She paints in oil. Lobo Junior Varsity Demolish Ranger Bulldogs JV 37-To-0

Coach Charles Parnell had high praise for the Lobo Junior Varsity after their defeat of the Ranger Bulldogs JV 37-to-0 Thursday night in action at Chesley Field.

He was especially proud of the specialty team. They returned a kickoff for a touchdown, had several good punt returns, and attempted a field goal that was just short of the goalpost.

The Loboes held Ranger on the first series. Lobo Johnny Morrison scored first for Cisco with a 3-yard scamper. Point after failed and Cisco led 6-to-0. Cisco again held Ranger on downs, and Morrison scored again from 5-yards out. Two point conversion was successful, and the Loboes led 14-to-0.

The specialty team blocked the Ranger punt on the 10-yard line, and Cisco Quarterback Shepard's touchdown made the score 20-to-0. Terrence Fletcher made the two point conversion on a sweep. The half ended with Cisco ahead 22-to-0.

Cisco's Dwayne Howard took the second half opening kickoff, saw an opening, and raced 80 yards for a touchdown. The two point conversion was good and the Loboes led 30-to-0.

Late in the third quarter, Terrance Fletcher scored from the 15 yard line. The PAT was good, making the final score Cisco 37, Ranger

"The boys had worked hard all week, learning plays and where to block. The hard work paid off with the win," he said. Donnie Choate did a good job as quarterback of the second string, the coach added.

Next Thursday, junior varsity will travel to DeLeon.

E.L. Graham Memorial Hospital **Sponsor Cancer Detection Unit**

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as result of breast cancer.

According to a spokesman

from the regional breast care center at Women's & Children's Hospital in Odessa, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern state of the art x-ray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A women who is diagnosed with breast cancer at this early stage has a 90-97 percent survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50 percent rate in

five years. In an effort to find cancers

'People For Progress' Tells What Happens When Hospital Closes

Without a Hospital?

The issue of increasing property taxes to support the continuation of E.L. Graham Memorial Hospital in Cisco has been a frequent topic of conversation. We do know that people seeking signatures for the rollback petition are not telling the whole story. They are merely saying, in effect, if you don't want increased taxes, sign this rollback petition. People are signing because of the normal tendency to oppose tax increases. They are not being advised of the consequences of a successful rollback.

What Would Be The Impact On Cisco If The Hospital Closed Its Doors?

First, the payroll and local purchases amount to more than \$600,000 which would be lost to the merchants of Cisco. The "multiplier" effect applied by the Texas Department of Commerce would have an actual impact of \$3,600,000 to \$4,200,000 on our community. Each dollar ultimate impact of six to seven dollars.

Emergency would not be available in the community to stabilize patients for transport. Having an Emergency Room available can and has made the difference between life and death. Each minute saved in an emergency situation increases the patient's chance of survival and rapid treatment is crucial. Each minute lost can greatly increase the risk to the patient. The patient would be taken to Eastland for stabilizing before they could be taken to Abilene or Dallas/Fort Worth if such transport were indicated

Would New Industry Come to Cisco?

New industry would not locate in a town with no hospital. Some industry presently operating here could leave to go to a town with healthcare facilites. It is highly unlikely that existing industry would consider expanding in Cisco. Industry in Cisco offers the spent in Cisco has an jobs which provides the incentive to your sons and daughters and grandchildren to remain in Cisco to pursue their careers. In the absence of jobs, the younger people must leave Cisco to seek employment.

Would We Lose Some of Our Residents? Some of our older

residents might be forced to move to a town that has the facilities to respond to their health needs. If a person's health if ailing, the prospect of losing the local hospital is a crucial issue to them.

If businesses close and jobs are lost, Cisco will next experience a population decrease with further loss of business for local merchants. There would also be an impact on our school system as families leave to seek employment elsewhere. People from communities

that have lost their hospitals will typically strongly urge you not to let it happen in

'People For Progress'

Could Local Businesses Close If Hospital Operations Cease?

There are undoubtedly a number of local businesses that are marginal from the financial point of view. The loss of hospital payroll and local hospital purchases with the "multiplier" effect of \$3,600,000 to \$4,200,000 could impact on several of these businesses and close them. The tax increase will generate an additional \$115,000 for the hospital or the community could lost \$600,000 in payroll and local purchases and the six or seven fold "multiplier" effect that generates \$3,600,000 to \$4,200,000 for Cisco. A return of \$3,600,000 to \$4,200,000 would be a good return on the community's investment of \$115,000. Everyone in the community would be affected by the loss of these services and businesses. More business would flow to Eastland, further depressing the trade volume for Cisco merchants. Is E.L. Graham Memorial

Community? The hospital is an institution that is vital to the growth and well being of the community it serves. Should Cisco take several giant steps backward and become a regressive, dying community or should we seek progress and growth for Cisco? It is impossible to be a progressive, growing community without a hospital to serve the residents and local

Hospital Important To The

Will The Increase In Pro-

perty Tax Create A Finan-Hardship For Residents?

The increase in property tax will not have a significant impact on the majority of the residents of Cisco. The owner of a home valued at the average property valuation for Cisco would pay \$28.07 more per year or \$.07 per day more. People that don't own property would feel no impact. A family with property valued at \$100,000 would experience an increase of \$152.76 per year or \$.42 per day more.

Would A Successful Hospital Operation Be Of Significance To The Residents Of Cisco?

A financially stable hospital is essential in the recruitment of physicians. It is difficult to recruit a physician into a risky venture. Financial stability would make it possible for the hospital to upgrade surgery and other areas to attract specialists to practice in the community. If a rollback succeeds, the likelihood of acquiring any more doctors is very remote. The defeat of a rollback will show a physician that the community supports the hospital and its physicians. A successful hospital operation and three practicing physicians will provide Cisco residents the opportunity to receive healthcare services in Cisco.

Think about the impact of no hospital in Cisco on the quality of life here. Think about the low growth potential for Cisco. With growth

Mike Perry

Dear Editor,

We were in attendance at the Jr. High/Jr. Varsity game in Eastland on Thursday, September 21st. After reading the letter submitted to you in the Sept. 27th edition, we were dismayed at the negative publicity that was generated over an incident that began as a kindness and resulted in what we felt was wonderful publicity for the hospital and ambulance service. We would like to take a moment to enlighten your readers as to the surrounding circumstances.

My son, Tipton Stephenson, was walking along the sidewalk in front of the stands when he turned and hit his head on the over-extended handrails on the steps (but that's another letter to the editor). While we stood there trying to reassure him that he would not expire from his injuries, an ambulance attendant walked up behind us. In an effort to stave off further hysteries, the attendant blew up a surgical glove he had in his pocket, drew a face upon it with a marker and presented. it to Tip, who promptly quit crying. Unfortunately, my daughter Angela was standing there and immediately demanded one of her own. The poor man had no choice but to comply as anyone who knows my daughter can assure you. At the time of the incident, we were on our way out of the stadium to feed our little ones and returned a short

time later to watch the 8th grade game. Much to our amusement, the stands were by this time awash in "surgical balloons"! Yet it did not escape our notice that in the middle of the onslaught, the attendants had taken this a step further.

We noted that as the kids approached the ambulance for a glove, the attendants were taking time to talk with them about what they do and were showing them the inside of the ambulance. These kids were able to familiarize themselves with the ambulance, the attendants and the services they provide in the most relaxed, unthreatening circumstances imaginable. At a maximum cost of 6¢ per glove, we felt and still feel it was an invaluable service should one of these children ever have to be transported. As a matter of record, we even asked the attendants if they would be willing to go to schools and daycare centers and provide a program of the same nature to which they readily agreed should circumstances allow it.

We acknowledge the fact that perhaps because of the timing of this incident - less than a week after the election - many people were and are sensitive to the manner in which our future tax dollars will be spent. However, this particular incident should not be taken out of context and distorted beyond the actual

We are sorry for the uproar we inadvertently caused, but ar not at all sorry for the ree ing situation.

Respectfully yours, Mindy Stephenson Meg Kennedy

J.C. Penney Salutes The Spirit Of The American Woman

JC Penney proudly salutes the Spirit of the American Woman in a national promotional event from October 14 through October 28, 1989. Every JC Penney will join in the celebration and hold prize drawings to recognize women in the area whose spirit and achievements have touched the lives of those around them.

What is the Spirit of the American Woman? It is the many ways the American Woman enriches our daily lives, or families and homes, our workplaces, our cities, and our nation. It is style, achievement, imagination and more.

Yourlocal JC Penney Catalog Merchant, is joining in the festivities with a colorful display of special posters and a drawing that promises to be fun for everyone. But you can't win unless you enter! All you have to do is stop by and fill out a ballot naming the special woman who has made a difference in your life. Whether she's your mother, wife, sister, daughter, best friend or colleague, here's your chance to explain why she has enriched your life. A drawing will be held each week during the two week event, awarding a \$20 gift certificate to the special nominee and a \$10 gift cer-

tificate to the nominator. JC Penney, with its roots in the country's heartland, is taking the lead in saluting the Spirit of the American

"Hud' To Be Shown At **Majestic Theatre Sunday**

"Hud", a classic 1963 film, will be featured at the Majestic Theatre in Eastland on Sunday, Oct. 15 at 2 p.m., and Tuesday, Oct. 17 at 7:30 p.m.

This film was adapted by Paramount Pictures from the novel "Horsemen Pass By," written by Larry McMurtry. The novel was published early in the career of the noted Texas author.

Characters in the film are sharply defined, and the phoography of the arid landscape is striking. The film won two Academy Awards, and started

a tend of realistic "westerns." The story depicts a hard life on a Texas ranch. The ranch owner is not helped by his arrogant son, who is a bad influence on the household.

Paul Newman plays the part of "Hud", and is convincing in the role. Patricia Neal, Melvyn Douglas and Brandon De Wilde round out the all-star cast.

"Hud" is the fifth series of 12 classic films at the Majestic, with the production running monthly until May 20, 1990. Tickets for "Hud" are available at the box office, or you may purchase 12 tickets at \$30 to be used for any of the films you wish to see.

For more information call the Majestic Business Office at 629-2102.

State Comptroller Representatives To Be In Eastland Oct. 18 To Answer Tax Questions

AUSTIN-State Comptroller Bob Bullock said Monday that a representative from his agency will be in Eastland on Wed., O 18 to answerquestions about Texas taxes and assist taxpayers with

"I don't want to see state taxes turn into a burden for folks who can't get to a field office. Our visits are a service we're happy to provide to Texas taxpayers," Bullock

B.J. Bonham, enforcement officer in the Abilene office, will be at the Eastland County Courthouse, Room B-10 (Social Security Room) from 1:00 p.m. to 3:00 p.m. The public is welcome and there is no charge.

"I'm sending my employees out to help people with questions, filling out forms, and working out problems on a local, one-on-one basis. There's some things you just can't do as well over the phone

paperwork and problems. or through the mail," Bullock they

Big Country area taxpayers who can't attend the courthouse workshop can still get individual tax assistance by calling the Comptroller's tollfree telephone number, 1-800-252-5555, from anywhere in Texas.

The Abilene office, headed by James Martin, serves Brown, Callahan, Coleman, Comanche, Concho, Eastland, Erath, Fisher, Haskell, Jones, Mason, McCullough, Menard, Mills, Mitchell, Nolan, Runnels, San Saba, Shackelford, Stephens,

Homemaking Hints

From Janet Thomas, County Agent-

This week's column will begin a series of articles focusing on the family.

Building family strengths is a very important responsibility in order that children receive the care and love which enables them to become healthy, productive members of society.

What is a family? A group of elementary school children recently arrived at the following definition of family: "Families are people who live together (only sometimes they don't) and sometimes they are married or adopted (but sometimes they aren't). Sometimes there are children, and if there are, the grown-ups take good care of them, and everyone helps with the work. Families love each other, even when they are mad, and they take good care of each other. And they are always a family, even when they grow up."

This definition certainly reflects an awareness that distinctly and touchingly modern, but at the same time it clearly emphasizes some very basic values. It is a hopeful sign, when so much of the publicity about families is negative!

Families today are different from families of the past. In earlier days families came together for practical reasons. Although some see this change as a great loss, it is also a great gain because it says that people become and

remain families because they choose to do so.

The idea that relationships are a given is a common misconception in our culture. We all know families who appear to be strong — they get along well, they seem to enjoy each other, and they spend time together. We often wish our families could be like theirs. Good relationships, however, are not given, they are earned through conscious effort.

Even if our own families are basically healthy, we all have patterns that trap and limit us. Professionals today seem to have recognized this for there are now a variety of resources designed to help strong families become even stronger by developing the skills they need to function more effectively and to find new meaning within family relationships.

Letters To The Editor

First off - Be Assured that every person who has signed the petition asking for a fair election is very much for progress; is very loyal to Eastland county; is as much or more in favor of economic development as the element who has gone about promising great economic rewards; intimidating people (especially the older segment) and apparently leading people to believe falsehoods.

Because we are concerned about living and raising our children and grandchildren with people who have already been convicted of wrong doing breathing down our neck does not mean that we are against progress. Why can't this much time, money, and effort be put in to a project the whole county be proud of and welcome?

Why didn't Cisco or Eastland put this prison in their backyard? They do not want their families having to live with the constant thought that 2250 convicted felons or murderers are only a short distance away, and if the convict gets a chance to get out (and they will) they will come to the first house and do what ever they have to, to aid their escape. (Be sure to leave your keys in the car Mr. O'Brien said).

Folks, please give some thought to what you are asking Carbon people to live

And as for the almighty dollar, which apparently to some is more important than peace of mind, giving up your home, or even life itself -Carbon will see very little economic return, and elderly people will see none. Eastland and Cisco will reap the benefits, if there are any.

Carbon is being used!! Mr. Clifton Lacy said it all

- only the businessmen and the taxing people will gain, but everyone will pay in so many ways. Tell me one thing the average citizen will profit from a prison.

People - you had better think!!

Editor, FOR AND AGAINST **PRISON**

When this nation was being founded a lot of people doubted the ability of common people to rule themselves. With the increase in brain washing ability by some and greater complexity of life today the question is far more valid now than then. True, we have lasted over 200 years so far and more nations opt for self determination and democracy as time passes but

Do you realize that right here we have our own "taxation without representation"? Not just the type where bureaucrats raise "fees, permits and licenses" without direct input by voters but like when people with property to be taxed do not live in the taxing district. For example, if I own a house in Abilene or a person in Ranger has taxable property in Eastland Hospital district. Do they have representation? HECK NO! But you can bet they get the tax bills just as big as if they were permitted to vote. Once, though it isn't in high school history, only property owners had the right to vote. Now we have the opposite extreme which oppresses fewer but IS

oppression. As to the prison and related issues I don't mind honest discussion just as long as it is HONEST but I resent lies, half truths and intent to mislead by intentionally presenting truth in a false or at least dim light.

I refer chiefly to the recent heading PRISON IS NOT A TAX ISSUE. It certainly IS a tax issue. Any time bonds are issued they are paid out of tax finds and this is no exception. I will certainly admit that if the state pays water and sewer we not only get our money back but possibly more yet unless the nation is struck by a sudden outbreak of righteousness which sure ain't expected. The prison will probably operate more than long enough to pay off. However, being 67 yrs. old I am less impressed by promises of benefits 25 or more years in the future. I just have a feeling I wont be here to benefit.

A related stupid argument by someone who wrote that Cisco would have to keep its hospital or lose the benefits of a prison is just that "Stupid"! Logically, any time federal judges mandate TV for each prisoner since cell mates fight over whose favorite program to watch, they have long ago mandated state prison maintaining their own medical facilities. The tactic might well backfire even if someone indifferent about the hospital were much opposed to a prison and voted against the hospital as a means of blocking the prison.

Now let's be realistic. There are not 800 qualified persons

unemployed in the county to begin with nor do I believe it is state policy to hire locals in most cases. In any case no personal benefits to me.

Now what about the state-

ment that taxes could actually be cut when prison bonds start to be paid off? The fact truly stated that they will be paid after the jail bonds are retired is right except that it tends to hid the fact that without prison bonds to pay a far greater tax cut would be in order, then too, there was that tiny jewel "IF desired by county authorities". Now when in the history of taxation have you ever been shown that authorities honestly "desired" and cut taxes?

Come on fellows, I will agree that there may be a few benefits possible and more to some than to the rest of us but that paragraph is outright attempting to deceive. I am not certain yet how I will vote but if I based my decision on that part it would be an emphatic

Looking back at how the sheeple are herded to the polls to vote on things they do not understand, on questions deliberately deceptively worded and for persons they honestly know nothing about I doubt the democratic process but have nothing better to offer except an earnest plea for people to think more and consider each line used to promote issues and candi-

Yours truly, Gordon S. Clark Rt. 2 Box 2560 Eastland, TX 76448

I am the mother of a nigh school sophomore and a sixth grader. I support the effort to locate a state prison in Eastland County because I believe it will help make illegal drugs less available. Think about it, and I think

vou'll agree. If I were a doug dealer or manufacturer in Eastland County and I learned that some 500 prison would be moving county -- perhaps hybanicx door to me - I would the ve. So, I support a prison being located in Eastland County not just for the clear economic benefits. I think a prison will make Eastland County a better and safer place for my children - and vours.

Editor, RE: EASTLAND CRIME

STOPPERS I had the pleasure of attending your Crime Stoppers "kick off" and fundraiser last Saturday, Oct. 7th, and was most impressed with the participation from the community citizens. Although this actual "Jail-A-Friend" was scheduled to run only three hours, from 1 p.m. - 4 p.m., the citizens joined together with law enforcement and media, TEAM WORK, and earned almost \$1100 in donations to pay out as rewards for information on felony crimes that led to an arrest and indictment! Just as importantly, was the fun and "team work" that resulted from that fundraiser, as that is what makes Crime Stoppers a success. The Eastland County

In the current controversy about a local prison site, I have avoided dogmatic assertions because I believe there are valid arguments pro and con.

My concern is the "heat" the arguments generate. This is the way communities, states and nations split. Remember Ben Franklin's admonition: "United, we stand; divided, we fall.' For the welfare of all,

Eastland must not be divided. The prison facility will be here, or it won't. (I think the decision has been made for months, and all the furor of the last year has been a sideshow to divert attention from the fact. I respect, that's what I think).

Eastland will lose more than money whichever way the TDC's decision goes, if our people continue arguments started about this facility. Most of mankind tends to hold a grudge, often with no reason at all.

It is easier to grudge though no more profitable, when the disagreement is based on a concrete issue - probably on the theory that if you are not with me, you are against me.

Holding a grudge can be an expensive hobby. It can cost money through lost job opportunities. It can cost friends you have and friends you might have. (Did you ever notice how other people shy away from the "troublesome" ones?) It can cost you emotionally. One grudge can spawn others, and emotional turmoil can cause physical ills such as ulcers.

I am not saying anyone should give up an honest conviction on either side of the issue. I do believe there is an issue. It will be resolved.

I am asking you for conduct that will not preclude a cohesive citizenship of Eastland County working together for the enrichment of all of us.

Life will go on, regardless of the decisions of the TDC.

> Thank you (Name withheld by request)

Our Parade and Old Rip Fest was the largest yet. I could not believe the improvement in the quality of the floats. We had almost two hundred entries overall.

People stayed in town longer, and visited the seventy five booths, as well as our local merchants, and many stayed for the evening festivities. All in all, it was a great day.

As you well know, great days just don't happen. It takes many hours of thought and hard work. With this in mind, I want to express my personal appreciation, and that of the entire Chamber of Commerce to you for the many lines of publicity you gave us. Our parade and Old Rip Fest would not have been the success it was without your helpfulness.

QUESTION: I am not only frightened but disturbed in regard to what Congress is doing to our medicare. Do you think it will get better or worse by the time they get finished with it?

ANSWER: You have every right to be disturbed with the future. As usual the unknown is worse, often, than the actual event. As you know the House of Représentatives voted to cancel the catastrophic medicare act. It is now being considered by the Senate. The Senate is not going along with the idea of throwing out the entire program. The big argument is "What shall be salvaged, and how much will it cost?" The one item of the catastrophic package that I liked with the unlimited day in the hospital with only one deductible. We do not want to go back to the old days when you had to pay the deductible every 60 days. Another good point of the catastrophic was the 150 days in a skilled nursing facility with the user only paying \$22.50 for the first 8 days. I will try and keep you abreast with the actions of Congress but as of this writing the medicare does not look favorably upon the

Nutrition Program

Why do people who are over 60 years of age come to the Senior Centers? Some would tell you it is for the fellowship, which in itself is reason enough! Some would say it is to be assisted with their medicare problems. And that is sufficent reason! Some would say it is to play games. And that is a good reason! Some like to get out of the house for a few hours. And that certainly is a reason! Isn't it of interest that each of us have our many reasons and then have it climaxed with a nutritious luncheon? Whatever your reason plan to come to the Senior Center this week. Call the registrar Cisco 442-1557 or Eastland 629-1382.

"You Are By Choice"

"You Are By Choice"

To the amazement of many, I have never seen a woman give birth to a doctor, lawyer, preacher, Sunday School teacher, or choir member. However, I have heard where the above have died. If preachers or teachers not not born, but die, then somewhere in

between they become what they were by either choice or training. There have never been any natural-born preachers, doctors, or even Christian lay people.

Yo re what you are today by che No one was born with success or failure. A person that succeeds is called a self-made man. So, if that's true, then those who fail can say, "I'm a self-made fail-

We have heard today the words "minority", "discrimination", "prejudice", etc. The

fact of the matter is, all our problems begin and end with ourselves." Your success and happi-

ness begin and end with you We must give an account of our lives and not blame others for our problems.

Ask yourself, "Success or failure"; am I a success or a failure at what I'm doing

Reservations For 'A Mid Summer Night's Dream Are Being Taken

If you're planning to attend the Cisco Junior College 1989 Parent Day and Homecoming festivities, you'll want to include reservations to the fall production, A MID-SUM-MER NIGHT'S DREAM, presented by the CJC Theatre Department. For the first time, the fall production has been planned to coincide with the weekend full of activities at the college.

If you're coming in on Fri-

day and don't have plans for

dinner, make a reservation to see A MID-SUMMER NIGHT'S DREAM. Dinner is served at 7:00 p.m. and curtain rises at 8:00. Or, after the Homecoming football game on Saturday, November 4, instead of going dancing, relax at a dinner performance of MID-SUMMER, If neither of these choices fit in but you want to see the play make the Hilton the last stop on your schedule and make a reservation for Sunday afternoon, November 5. A special matinee performance will be presented at 2:30 p.m. with dessert served. The cost for the dinner and show is only \$10 while the dessert matinee is only \$5.

Students from all over the Big Country region have been working since before Labor Day on this classic comedy. Written by William Shakespeare in 1594 for the wedding of Queen Elizabeth

NIGHT'S joyable for 1989 audiences but without destroying the timelessness of the love story.

Although several sophomore favorites appear, eight freshman faces debut. All agree that they're surprised at how easy and how much fun Shakespeare is for them. It's a certainty that visitors to Cisco during the 1989 Homecoming weekend will find a "good time" waiting for them at the Hilton Community

Reservations are now being accepted for A MID-SUM-MER NIGHT'S DREAM to be presented October 30, 31, and November 1 in show only format at 7:30 p.m. Ticket price is \$1.00. Dinner performances are November 2, 3, and 4 with doors opening at 7:00 p.m. for dinner. Tickets are \$10.00. A special matinee performance with curtain at 2:30 p.m. will be held Sunday, November 5. Admission is \$5.00. Call 442-2589 to make reservations.

October is attendance month. The state bases our funding on our precentage of attendance during the month of October. CISD encourages the parents to make every effort possible to get your child to school. Those teachers with 100 percent attendance at the end of the first week of October were: Mrs. Saunders, Miss Stiles, Mrs. Schustereit, Mrs. Webb, Mrs. Kirk, Mrs. Maxwell, Mrs. Ferguson and Miss Gosnell. The overall attendance percentage was 97.93 percent. Very good.

Mr. Lindsey was very happy with that figure.

A Thought For The Day...

Someone once said, "The impossible should be done, the impossible has to be done."

Part of the joy of living is striving for the indispensable. Whether or not you attain all your goals is not the important issue. The satisfaction is derived from the honest effort you have made through life to reach the pinnacles of mortality. There is so much in life that is intolerable. The hungry get hungrier, the oppressed being more oppressed, and above all, the threat of catastrophic war hanging over our heads... These are situations that are not to be borne by civilization but to be fought constantly so that someday they may be eradicated. Do not bear the intolerable but be frightfully aware of the fact that they are with us. Being knowledgeable is the first step; the next step is to do something about them with every means possible... Don't have an attitude of accepting life as it is. Be optimistic - and further develop what is good and eliminate what is bad; and for the really good life, dream on with the intentions of making them come true...

According to the American Cancer Sociey, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having

breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00. A mammogram can detect a cancer this small, e even before it can be felt.
