CAROLL BROWN

Caroll Brown Has Special Message For Cast Members

"You can't let down," was the recorded message that Carol Brown sent to the cast and crew of the CJC production "A MIDSUMMER NIGHT'S DREAM." She went on to lighten the mood by saying, "The byword for theatre is 'break a leg.' I've done my part, now it's your turn."

Although Carol didn't break her leg, injuries she received recently caused her to have to find a replacement for her character in the play. Carol found a very worthy replacement in Sue Doak.

"Sue Doak should be applauded for her sense of adventure, perseverance, and sheer craziness. Only a crazy person would take on the challenge of committing to memory a full length Shakespeare play in a weeks time; and what is even crazier is, she has done it," Carol said.

In closing, Carol said, "I've worked on this play for a long time, but don't do this for me, don't do this for Tom either. Hang in there and do a good job in this play. Do it for yourself."

After the recorded message from Carol was over, Sue Doak said, "I don't want to do this for myself. I want to do this for Carol. We

owe it to her. She is one gutsy woman, and has a lot gutsy friends."

Tom Brown, Carol's husband, and director of "A MIDSUMMER NIGHT'S DREAM," said, "Carol could start a flower show with all the flowers she has received from friends. She says she plans to write a best-selling comedy using the quotes off the cards that came with the flowers."

All joking aside, the flowers and cards mean a lot to Carol. She send her warmest thanks to friends for being so generous with offers of help. Carol said she is sorry that she is not able to be in the performance, but is glad she will be able to come see some of the performances. She invites everyone to come join her for the performances. Carol also regrets that she won't be able to discuss the workshop with students from area high schools, but promises to be in touch, for plans are still being made. Area drama teachers will be informed more at a future date.

Being the eternal optimist, Carol quoted one of her favorite lines from The Bard, "Though this is madness, there be method in it. See you at the Hilton. Love Carol."

First Christian Church Annual Bazaar Scheduled Nov. 3-4

The annual bazaar of the First Christian Church will be Friday and Saturday, Nov. 3-4 in the Fellowship Hall of the church, located at 301 West 8th Street.

There will be a beautiful selection of many items for your shopping pleasure. On sale will be handcrafted ideas, household items, baby gifts, Christmas decorations, one hand quilted quilt, padded coat hangers, aprons, hand embroidered pillow cases and many other items.

A bake sale will be offered each morning as long as the

delicious pies, cakes, candies, etc. last.

Breakfast of sausage, eggs and biscuits with choice of coffee or juice will be served each morning from 7 to 10 a.m. Traditional stew and cornbread or sandwiches with tea or coffee will be served at noon both days. Desserts will also be available.

The bazaar is sponsored by the Christian Womens' Fellowship with church wide support. All proceeds are used for the womens' projects throughout the year to support church activities and missions.

Cisco Junior College Annual Parents Day And Homecoming Set Saturday, Nov. 4

Saturday, November 4, will be Parents Day and Homecoming on the Cisco Junior College campus.

Parents and Ex-Students are asked to register at the reception in the Library.

A schedule of events is as follows:

10 a.m. to 12 noon--Registration and reception in Leon Maner Memorial Library. Performances by the CJC Singers.

10 a.m. to 12 noon--Open House in Dormitories.

11 a.m.--Lady Wrangler Exes Basketball game in gym.

9 a.m. to 1 p.m.--Bookstore in SUB will be open. They will have spirit towels, shirts, bumper stickers, key chains, etc. for sale.

11:30 a.m. to 1:30 p.m.--CJC Cafeteria will be serving a special lunch. Cost is \$2.50 for adults and \$2.00 for children under 12.

2:40 to 3 p.m.--Pre-Game show at Chesley Field.

3 p.m.--KICK-OFF: CJC vs. Blinn. Halftime show by the Wrangler Band and Belles and presentation of the Homecoming Queen. No admission charge for people with registration name tags.

6 p.m.--Dance in SUB for all students, parents, ex-students, and employees.

A pep rally and bonfire will be held on Thursday, Nov. 2 at 7 p.m. The pep rally will be held in the gym and the bonfire will be held on the side of the hill.

As a special treat this year, the CJC Department of Theatre is pleased to announce "A MIDSUMMER NIGHT'S DREAM" as part of the 1989 Parents Day and Homecoming activities.

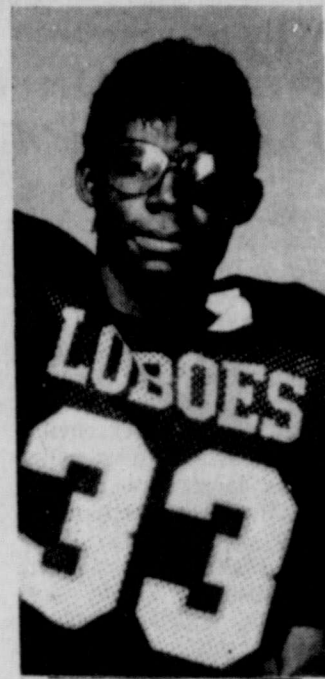

Friday, Nov. 3 and Saturday, Nov. 4, features dinner theatre performances with dinner served at 7 p.m. and curtain time at 8 p.m. both

evenings. Or, round out your weekend with a matinee performance on Sunday, Nov. 5, which begins at 2:30 p.m. As an extra treat, dessert will be served at intermission. Ticket price for the dinner and show is \$10. For the dessert matinee tickets are only \$5.

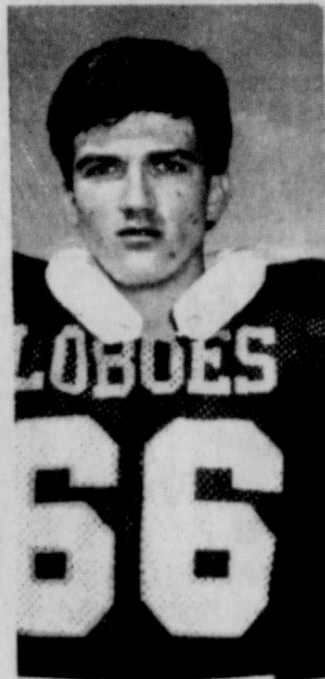

This comedy classic about young love runs approximately 90 minutes so there's time to visit the CJC campus, see the game Saturday afternoon and then still see the production.

A MIDSUMMER NIGHT'S DREAM features talented students from Rising Star, Abilene, Electra, Eastland, Breckenridge, Blanket, Merkel, San Saba, Cisco, and even Hamburg, Iowa. It's a don't miss!! For reservations please call 442-2589.

For more information on Parents Day and Homecoming, call 442-2567.

DARRYL MORRISON

BRACK DEMPSEY

Loboes To Play Dublin In Last Home Game Fri.

By Richard Kurkian

The Cisco High Loboes started off well in their District 8AA game Friday night in Eastland against the number 4 in the state rated Eastland Mavericks, but even though the Loboes continued to fight, both the weather and the score for the Loboes was to go downhill.

Cisco forced Eastland to punt on their first possession, but the Mavericks recovered a Lobo fumble and drove to the goal to score on a one yard run and kick the point.

Brad Goosen and Jay Nixon ran the ball and Joe Campbell recovered a second fumble as fumbles hampered Cisco's scoring efforts, but the Loboes had to punt.

Using both running and passing, Eastland again drove to the one and ran in another score. The extra point gave Eastland a 14-0 lead at the quarter.

Again Cisco had to punt and Eastland ran the ball with an eight yard run scoring, but the point kick missed.

Cisco's Kelly Cozart returned the kick to the 46, Goosen passed to Harvey

Perkins, and Nixon got a first, but the Loboes had to punt.

Eastland again ran the ball, but used a 24 yard pass to score. A second pass added two points.

Cisco got on the scoreboard when Angelo Williams brought fans to their feet as he returned the kickoff for a touchdown. But the extra point effort was blocked, and an onside kick didn't help the Loboes.

Eastland went to the air and scored on a six yard pass, and kicked the point.

Zell ran for a Cisco first, Goosen passed to Perkins and Zell ran about 20 yards, but Cisco fumbled to Eastland, leaving the halftime score 35 to 6.

After the Lobo Band's appearance at halftime and Eastland's homecoming activities, a heavy and steady drizzle of rain made the second half seem too long.

Zell ran for a first before Cisco punted, but Eastland then added a touchdown on a 38 yard run. The extra point failed.

Eastland intercepted a Cisco pass, but the Lobo de-

fense held and the ball went over to Cisco. Unable to drive, Cisco had to punt.

Eastland blocked the punt and completed a pass. A six yard run and a kick added seven more points for Eastland for a 48 to 6 Eastland lead at the start of the fourth.

But Cisco wasn't through. Goosen passed to Joe Campbell for a 24 yard touchdown after Goosen and Nixon ran for firsts. The extra point effort was blocked.

Again Eastland ran and passed with a two yard run scoring, but the kick was blocked by Brandon Honea, who almost returned it.

Cisco and Eastland exchanged punts and Eastland recovered another Cisco fumble as the game ended with Eastland winning 54 to 12.

Except for the fumbling, Cisco played tough and became only the second team this year to score two touchdowns against the strong Eastland defense.

Eastland is undefeated and the district favorite, while Cisco with three district losses is fighting to stay alive. But the worst should be past for the Loboes, who should have a good chance at winning the next two games.

The Loboes will host Dublin at 7:30 Friday before going to Jim Ned for their last district game.

DeLeon is also undefeated in district, killing any playoff possibility for the Loboes who will be playing for pride.

Future Cheerleaders To Perform At Game Friday Night

The Future Cheerleaders who attended the cheerleading camp in July at Cisco High School are invited to perform before the Lobo home game on Friday, Nov. 3.

Practice for the performance will be at 5:15 p.m. Thursday, Nov. 2. Those wishing to participate need to meet at the football field Thursday afternoon.

Cisco Junior College Board Awards Bid On Fitness Center To Rhode Construction

The Cisco Junior College Board of Regents awarded the bid on the Fitness Center to Rhode Construction Company of Lubbock at their regular meeting on October 23. Total construction cost of the center will be \$339,500. Starting date for construction will be in approximately two weeks with a completion date of 150 calendar days.

The fitness center will include three racquetball courts and over 2,000 square feet of exercise area. Cisco Junior College president Roger C. Schustereit said, "We hope our new fitness center will be used by the citizens of Cisco as much as we know it will be used by the CJC students."

The board gave the administration the authority to pursue a grouping of Texas Junior Colleges in an Insurance Consortium in order to reduce premiums on health insurance. Some 29 Texas Community Colleges have tentatively agreed to work together in this consortium.

The bid on liability and property insurance was

awarded to Texas Association of School Boards, the low bidder.

In other business the board heard reports on the following:

1. Approval to re-bid roof repairs
2. Current status on CJC's offering academic classes in Abilene
3. Fine Arts building repairs
4. Preliminary results of

Federal Financial Aid review

5. Authorization for sale of surplus equipment.

In other business, the board accepted the retirement of Tim Jones, long time band director and dealt with other routine personnel matters.

The next scheduled meeting of the Board of Regents is November 13.

CJC Wranglers Shut Out By Kilgore JC Saturday Night

The Kilgore Junior College defense held Cisco Junior College to 117 total yards and routed the Wranglers 33-to-0 Saturday night in Texas Junior College Football Conference play at Chesley Field.

Kilgore scored its first touchdown a little more than five minutes into the game on a 1-yard plunge by Joe Volentine.

After a Donald Reed 25-yard field goal, Volentine scored on his second 1-yard run of the night to give KJC a

19-to-0 lead at the half.

Julian Richard ended the scoring by picking off a pass and returning it 30-yards for the score. The interception was one of four on the night thrown by Cisco.

Kilgore rolled up 319 total yards of offense, including 293 on the ground.

With the loss, Cisco falls to 5-3 and 1-3 in the TJFC. Kilgore evened its conference record at 2-2.

Saturday, CJC hosts Blinn Junior College at 3 p.m. in it's homecoming game.

'People For Progress' Compare Area Hospital Financial Basis

A survey of area hospitals reveals that on a financial basis E.L. Graham Memorial Hospital is not significantly different from other rural hospitals in towns comparable in size to Cisco. All rural hospitals across the state face a common problem - lack of revenue. The truth of the matter is that since Medicare came into the picture in 1965, no hospital - rural or urban - has ever been able to operate entirely on revenues generated from services offered. Drastic changes in Medicare's reimbursement system in 1983, coupled with an economic slowdown, have thrown health care in rural areas into a crisis situation.

Hospitals supported by an entire county as well as those supported by hospital districts have felt the tremendous impact. There are two county hospitals in this area: Stephen Memorial Hospital in Breckenridge and Throckmorton County Memorial Hospital in

Throckmorton. For 1989 Stephens County has \$260,000 budgeted to augment revenue derived from hospital services, and Throckmorton County has contributed over \$320,000 of county funds to keep their hospital operative.

However, the great majority of people in rural areas are served by hospitals supported by a hospital district rather than a whole county. Their hospitals were created to serve a specific community where people wanted hospital coverage near their home rather than at a greater distance. E.L. Graham Memorial Hospital of Cisco falls into this category. The tax rate of 28 cents recently adopted by its Board of Directors will generate about \$259,000 and is well within line with that of other hospital districts nearby as the chart below will show:

The chart lists HOSPITAL DISTRICT, TAX RATE PER \$100, and REVENUE EXPECTED.

Aspermont, 33 cents, \$500,000.
Knox City, 36 cents, \$550,000.

Comanche, 15 cents, \$320,000.

Winters, 25 cents, \$260,000.
DeLeon, 12 cents, \$120,000.

Ranger, 16 cents, \$100,000.

Since mid-year four other neighboring towns have voted to form hospital districts and adopt tax levies which are needed to keep their hospitals operating. Sweetwater is one; Ballinger is another with a tax rate of 25 cents. Recently, Eastland voted by near 2 to 1 to create a hospital district with a 30 cents tax rate. And on October 21 Seymour voted by an overwhelming 751 to 181 in favor of a hospital district which will generate \$250,000 with an 18 cent tax rate.

CAN CISCO AFFORD TO DO LESS THAN OUR NEIGHBORING TOWNS???

In an interview with an Abilene Reporter News correspondent on October 21,

Wrangler Men Open Season Thursday In Midland Tourney

The Cisco Junior College Wranglers open the 1989-90 basketball season Thursday, Nov. 2, when they travel to Midland to participate in the Chaparral Classic at Midland College's Chaparral Center. The Wranglers open play in the tournament at 4 p.m. against Jacksonville College from Jacksonville, Texas. Jacksonville is ranked in the top five teams in the nation in pre-season JUCO polls. Play in the tournament continues on Friday and Saturday, and the Wranglers are guaranteed three games.

Cisco returns five players from the 1988-89 team. However, the leading returnee, Lewis Hicks, must sit out the fall semester because of academic problems. Hicks, a 5'10" point guard from Garland, was the team's leading scorer last season with a 22 point per game average. Eric Brown, a 5'11" guard from Arcadia, La., was a full-time starter last season, averaging 15.7 points and 3.2 assists per game. Trevor Lemon, a 6'2" guard from Houston Willowridge, and Bryant Bond, a 6'3" guard from Houston Lee, split time last year, and are both expected to start. The other returnee is Dell Anderson, a 6'5" forward from Abilene High, who played a backup role in '88-89.

In addition to Brown, Lemon and Bond, the other starters will probably be Dwight Lane, a 6'6" freshman from Diboll, and

Dion Bryson, a 6'3" freshman from Fort Worth Wyatt. Andre Jackson, a 6'5" freshman from Hearne, and Reagan Gobin, a 6'5" freshman from Lubbock Coronado are expected to see lots of action at the inside positions.

After the opening tournament in Midland, the Wranglers will travel to Big Spring on Monday, Nov. 6, to take on the Howard College Hawks. The first home game is not until Monday, Nov. 20, a return game against Howard.

The CJC Wrangler roster has been announced as follows:

Dell Anderson, 6-5 freshman from Abilene; Emilio Arce, 5-6 freshman from Dimmitt; Eric Brown, 5-11 sophomore, Arcadia, La.; Bryant Bond, 6-3 sophomore, Houston; Dion Bryson, 6-3, freshman, Fort Worth; Derrick Ephraim, 6-2 freshman, Dallas; Reagan Gobin, 6-5 freshman, Lubbock; Roddon Green, 6-1 freshman, Port Arthur; Lewis Hicks, 5-10 sophomore, Garland; Keith Humber, 5-10, freshman, Hearne; Andre Jackson, 6-5 freshman, Hearne; Sidney Kimble, 6-3 freshman, San Antonio; Dwight Lane, 6-6, freshman, Diboll; Trevor Lemon, 6-2, sophomore, Houston; Prentise Jones, 6-2 sophomore, Diboll; and Terry Washington, 6-7 freshman, Greenville, S.C. Head coach is Dan Montgomery.

Moran News
By Mrs. Luke Huskey

Mr. and Mrs. Raymond Finley attended the funeral for his brother-in-law in Independence, Kansas, last Thursday.

The government commodities will be given away Tuesday, Nov. 12, at the Moran City Hall, starting at 10 a.m. If you think that you are eligible for the commodities, and want more information, contact the Moran City Hall.

Mrs. Buck Bartee is receiving treatment in the Albany Hospital.

Mr. and Mrs. Bert Booth of Temple visited with his mother, Mrs. J.W. Booth, over the weekend.

The Peoples State Bank and post office will observe Veterans Day with a holiday on Friday, Nov. 10. The post office will close at 10:30 a.m. on Friday but the bank will be closed all day. If you travel for the holidays have a safe journey.

The Moran School Halloween Carnival was well attended Saturday night with lots of spooks, eats and fun. The spook parade started the carnival off. In the spook parade the most original costume was Tanner Scott with first place and Brit Hudson with second place. The most Halloweenist was Drew Hudson first and Mike

Blue, second. Andrew Waller was first in the scariest costume and Geoffrey Snyder was second. With the funniest costume was Keith Jones first and Kiddra Hand second. Hamburgers, hot dogs, chili dogs, and other eats were served in the school cafeteria. Games such as cake walk, bingo, pie spins, games were held in various rooms of the school.

Weekend guests of Mr. and Mrs. R.W. Miller were Eileene and Robert Dowling of Wales, Great Britain and Jeannette and George farmer of Cairns, Australia. Mr. Dowling, Mr. Farmer and Mr. Miller were World War II buddies. It has been a number of years since the buddies had seen each other.

Mr. and Mrs. Craig Dunbar and Ryan of Fort Worth visited with her parents, Mr. and Mrs. Marvin Kays during the weekend.

Mr. and Mrs. James Garrett, Mr. and Mrs. Marvin Kays, Mmes. Mae Delle Jones, Larry Mohon and Elma May Huskey visited Cisco Chapter No. 461, OES, last Tuesday night when Mrs. Ethel White, deputy grand matron, District 3, Section 4, made her official visit to the chapter.

Mr. and Mrs. Larry Mohon of Houston spent several

Faith Baptist Church Winner In Contest

On Oct. 22, Faith Baptist Church completed a four week contest with the Central Baptist Church of Springfield, Mo. Faith Baptist won the contest with a final score to 650 to 550.

Before the contest began the two pastors agreed that the loosing pastor would preach in the winning church's pulpit. On Nov. 4th Brother Robert Cross will be speaking for Brother Dickson at both services at Faith Baptist Church. Prior to being Bro. Dickson's associate pastor while he was pastor of Central, Bro. Cross was originally from Boston, Mass., so a trip to Texas will be quite an experience for him.

Last Saturday the church had a Halloween get-together at the Mike Johnson home. "Hobo" stew was served and homemade cakes were enjoyed by all. Then a few of the more adventurous souls went on an hayride and "snipe hunt" with Vergie Prickett catching the "snipe" after a long walk through the countryside.

On Monday night, Nov. 6, the Faith Baptist Church will be hosting the monthly "Big Country Fellowship

Obituaries

William A. (Bill) Hunter

EASTLAND—William A. 'Bill' Hunter, 85, of Eastland, died Monday afternoon at Eastland Memorial Hospital.

Services will be Thursday at 2:00 p.m. at Bakker Funeral Home Chapel, with the Rev. David Cathey officiating. Burial will be in the Eastland Cemetery.

Born April 7, 1904, in Desdemona, he was a lifetime resident of Eastland County, former resident of Ranger and Olden, moving to Eastland in 1967.

He worked as an automobile salesman for Hood King Motors & Rushing Motors for many years. He was constable for Precinct 1 for the last 19 years. A member of Eastland County Law Enforcement Association.

He was the widower of Cora Sawyers Hunter.

Survivors include two stepchildren, Geledig Cartwright of Graham and Gladys Walker of Eastland; two grandchildren, Bob Cartwright of Fresno, and Russell Walker of Eastland; a sister, Odessa Johnson of Desdemona.

The family requests that memorials be made to the American Juvenile Diabetes Foundation.

Maurine Young Vinson

RANGER—Maurine Young Vinson, 77, of Ranger, died Tuesday morning at Humana Hospital in Abilene.

Graveside services were Wednesday at 1:00 p.m. at Evergreen Cemetery with Rev. Jerry Speer officiating.

Born in Ranger, she was a homemaker, a graduate of Ranger High School. She was the widow of Claude Vinson.

Survivors include her mother, Bertie Young of Ranger; a son, Timmy of Eunice, New Mexico; a brother, Everett Young of Ranger; a sister, Johnnie Young of Ranger; two grandsons; and five great-grandchildren.

Celia Ann Skinner

CISCO—Celia Ann Skinner, 75, died Thursday, Oct. 26, 1989, in a Lubbock hospital.

Funeral services were at 2 p.m. Monday, Oct. 30, 1989, at Greater St. Mark's Baptist Church of Cisco with the Rev. Loranzo Chriesman officiating. Burial was in Oakwood Cemetery under the direction of Cisco Funeral Home.

Born Dec. 21, 1913, in Gilmer, she was the widow of Herbert Skinner and a member of Greater St. Mark's Baptist Church and the Eastern Star.

Survivors include a brother, Hilton Ward of Snyder; and several nieces and nephews.

Pallbearers were Tim Green, Tracy Braziel, Kenneth Rose, Kevin Ward, Marcus McGlouthin, and Robert Chriesman. Honorary pallbearers were deacons of Greater St. Mark's Baptist Church.

Aline Etna Ray

CISCO—Aline Etna Ray, 86, died Thursday, October 26, 1989, at Canterbury Villa Nursing Home.

Funeral services were at 2 p.m. Sunday, October 29, 1989, at First Baptist Church with Rev. Jim Manning, pastor, officiating, assisted by Rev. Joe Philpott. Burial was in Scranton Cemetery directed by Kimbrough Funeral Home.

Born Feb. 10, 1903, in Scranton, she was the daughter of the late John P. Leveridge and Edna Munn

Leveridge, pioneer Eastland County settlers. She was a lifetime resident of Eastland County. She was a homemaker and a member of the First Baptist Church.

She married Ples Ray Feb. 14, 1921, in Scranton and they lived most of their married life in the Scranton area until moving to Cisco a few years ago.

Survivors include her husband, Ples Ray of Cisco; two daughters, Helen Brashear of Scranton and Dortha Taylor of Colorado Springs, Colo.; three sons, David Ray of Cisco, and Morrel Ray and Mark Ray, both of Abilene; 12 grandchildren; 11 great-grandchildren; and two great-great-grandchildren.

Grandsons served as pallbearers.

Wallace McCarver

CISCO—Wallace McCarver, 87, died Sunday, October 29, 1989, in an Abilene nursing home.

Services were held at 2 p.m. Monday, October 30, 1989, at Kimbrough Funeral Home Chapel with Rev. Jim Manning, pastor of First Baptist Church, officiating. Burial was in Oakwood Cemetery.

Born Oct. 7, 1902, near Graham in Young County, he was an oil field production foreman and a member of First Baptist Church, where he served as deacon.

He married the former Margie Jobe Dec. 23, 1924, in Scranton.

Survivors include his wife, Margie Jobe McCarver of Cisco; a daughter, Mildred Joyce Thiberville of Houston; four grandchildren; and four great-grandchildren.

Pallbearers were Jim Puryear, Manning Davis, Bob Connor, Vernon Orr, Delbert Schaefer, Travis Starr, Jerry Morgan and Jake Morgan.

Lou Rodenberger To Be Speaker At Eastland Meeting

Lou Rodenberger, author and associate professor of English at Abilene's McMurry College, will be the featured speaker for the November luncheon meeting of the Eastland Civic League and Garden Club to be held at 12:00 noon, November 8th at the Club House.

Mrs. Rodenberger, the popular speaker at last year's November Civic League meeting will be talking on "A Heritage of Strength: Texas Women of the Past." This topic will deal with interesting nineteenth century women, particularly those from this area. She commented that she will "emphasize the importance to all of us that knowing our heritage from Texas women is understanding the strengths of modern Texas women."

A graduate of Texas Women's University with a degree in journalism, Lou Rodenberger received her MA and PhD in English from Texas A&M University. She is a well-known Texas author of books, essays and articles and is currently writing a book on the experiences of her parents as rural schoolteachers and a literary history of Texas women writers. She is active in many Texas historical associations, teachers organizations, and writers groups, having served as president of the Texas Folklore Association. Among her honors, Lou Rodenberger has been named a Distinguished Alumna at TWU and a Texas Voices Humanities Scholar.

Civic League hostesses for this meeting will be Billye Bradley, Nettie Wilson, Downs Seaberry, Frances Bishop, Nancy Frost, Catherine Germany, Annette Pierson, Ethel Johnston and Earline Cave. Reservations for this luncheon meeting must be made before 1:00 p.m. Monday, November 6th by calling Leslie Keffer at 629-8002. All reservations must be paid.

NEWSPAPER DEADLINES:

Monday, 5:00 p.m. (For Thursday Paper) And Thursday, 5:00 p.m. (For Sunday Paper)

Annual Reunion To Be Held Saturday

The 9th Annual Reunion for all former employees of the Vassarette of Munsingwear and the old Hollywood-Maxwell Companies will be held Saturday, Nov. 4th, from 10:00 a.m. until 2:30 p.m. at

Camp Inspiration. A covered dish lunch will be served at noon. Pictured are employees of the company at work in an early location of the factory east of the hospital.

Crimestoppers Barbecue To Be Rescheduled

THE CRIMESTOPPERS Bar-b-que planned for the Ranch House Restaurant in Cisco on November 11, has been called off and will be rescheduled at a later date.

CTAMI To Meet November 7 In Brownwood

The next meeting of the CTAMI (Central Texas Alliance for the Mentally Ill) will be Tuesday, Nov. 7, at 7 p.m. at the First Christian Church on Coggin Avenue Brownwood.

Safe Driving Tips from Rhonda

The "pro" driver consistently drives his vehicle from point A to point B without the "five failures of average drivers" 1) collisions, 2) close calls, 3) traffic violations, 4) acts of discourtesy, 5) vehicle abuse. Measure yourself against the five failures of average drivers. Where do you fit? Maybe its time to take a defensive driving course.

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00. A mammogram can detect a cancer this small, even before it can be felt.

Public Notice

Coordinator
Development Council
Ret. TDCJ Institutional
Division Prison Site Proposals

Dear Sirs:
The purpose of this letter is to advise you that November 13, 1989 at noon is the deadline for making any further changes, enhancements, additions or deletions to your prison site proposal. All changes must be received in my office by the deadline in order to be considered.

On November 8, 1989 the Board subcommittees will meet in the Reagan State Office Building in Austin to develop the final short list. The site committee (North) who reviewed your site will meet at 9:00 a.m. in Room 101. These rooms are of a limited size and no public testimony is planned.

The Board is asking that communities limit the number of persons in attendance to no more than four to five persons who are familiar with the proposal specifics. There will be no public testimony at the November 8, 1989 meeting.

However, questions may be asked to community representatives regarding their proposal. If selected as a finalist, the community will be given an opportunity to express their support through registering their attendance on November 13, when final presentations will be made.

Your cooperation in this matter is sincerely appreciated.

Sincerely,
William Barry
Director of Management Service
NOTIFICATION PROCEDURES SHORT-LISTED COMMUNITIES

The following procedures represent steps to be taken by each short-list community to insure adequate public notice of the potential of being selected as a prison site.

The Board of Criminal Justice has tentatively set November 13, 1989 as the date for final selection of prison sites. The meeting will likely be held in Austin in the Senate Chambers beginning at 9:00 a.m.

The procedures for soliciting public input will be as follows:

1. Each finalist community will be afforded 15 minutes to present support for its proposal and an equal 15 minutes will be afforded to opposing comments.
2. Persons attending the meeting will be given the opportunity to register their attendance and indicate whether they support or oppose the siting of a prison in their community.
3. Persons wishing to address comments to the Board will be asked to complete an information card indicating their name.

Eastland Telegram - Ranger Times - Cisco Press
And Rising Star
Thursday, November 2, 1989

address, county of residence, and whether they desire to speak for or against the proposed site. Due to the overall time limitation of 15 minutes for support and 15 minutes for opposition for each community, it is suggested that persons with similar viewpoints coordinate their presentations prior to the meeting. Information cards have been provided to each short-listed community and will be available at the Board meeting.

Because you may not be notified of your finalist status until a few days prior to this meeting, each community is being asked to insure that its citizens are made aware of the opportunity to appear at the meeting if the community is selected as a finalist. Please insure that the following notices are made not later than November 5, 1989:

1. Publication in the local newspaper(s) of the possibility of being a finalist and notification of the meeting date, time, place, and procedures as outlined above.
2. Posting of a similar notice on a bulletin board routinely used for this purpose at the city hall and county courthouse.
3. Other postings or announcements as appropriate.

If notified that you are a finalist, please insure the following:

1. Immediate notice to the community in a manner similar to the above of the finalist status.
2. Copies of all published notices and any other evidence of compliance with the posting requirements must be express-mailed or telefaxed to Bill Barry, TDCJ/Institutional Division not later than 5:00 Friday, November 10, 1989.

Eastland County Hay Show Results

Thirty-three entries competed in the Eastland County Hay Show Thursday, Oct. 26. Champion of five divisions were announced by County Extension Agent, DeMarquis Gordon.

The Champion Alfalfa was entered by Toni Hart of Ranger. The entry was 22.5% protein, had a physical score of 85 and total score of 92.5. Truet Hart of Ranger exhibited the Champion Coastal Bermudagrass bale. The entry was 14.6% protein with a physical score of 89 and total score of 94.5.

Lummas and Guess of Ranger was the owner of the Champion Sorghum-Sudan Grass Hybrid. It was 10.1%

protein with a physical score of 85 and total score of 84.5. The champion Other Perennials was a Kleingrass entry owned by D.J. West of Eastland and the Champion Peanut entry was owned by Gene Snider of Goman.

Other Alfalfa entries, all winning blue ribbons were W.O. Cantwell and Truet Hart, both of Ranger; Ronald Pope and Bill Pope, both of Cross Plains.

Those with Coastal Bermudagrass winning blue ribbons were W.O. Cantwell, and Toni Hart, both of Ranger; DeGordon and Sam Wade of Eastland; Donnie Gray of Desdemona; George Simmons of Goman; and Sandlin Brothers of Carbon. Red ribbon winners were Guss and Lummell and Bill Walton, both of Ranger; Biff Wade of Eastland; Jessie Bilbrey of Cisco; Lynn Talley and Sandlin Brothers, both of Carbon. White ribbon winners were H&R Cattle Company, Lummas and Guess, both of Ranger; D.J. West; Gene Snider and Gordon White of Carbon.

Red ribbon winners in the Sorghum-Sudan Grass Hybrids were Mose Nantz, Lummas & Guess, both of Ranger, and Biff Wade of Eastland. White ribbon winners were H&R Cattle Company, John Dyer of Cisco and Lynn Talley.

The hay was classified in the three groups based on chemical score (protein) and physical score. All those entries that scored 85 or above received the blue ribbon. Red ribbon winners scored 70 to 85 and white ribbon winners scored below 70. The physical score was determined by maturity of the hay, texture, leafiness, freedom from foreign material and color.

Dr. George Alston, Extension Agronomist, judged the

hay and spoke to the group on "Producing Quality Hay." Dr. Steve Hammack, Area Beef Specialist, spoke on "Nutritional Needs of Beef Cattle."

Ronald Pope, chairman of the Livestock and Forage Committee, presided over the hay show. Other committee members helped with the show and program.

Sponsors of the Eastland County Hay Show were Eastland Farm and Ranch Center, H&R Feed Store at Lake Leon, Johnson Seed and Fertilizer at Desdemona, Brown's Feed Store at Goman, Carbons Agri-Center, Inc. and Pioneer Farmers Cooperative.

Ribbons were provided by

the Texas Agricultural Extension Service Forage Testing Laboratory.

Cancer Society To Meet Nov. 6th

The Eastland County Unit of the American Cancer Society, Texas Division Inc. will hold a meeting at K-Bob's in Eastland on Monday, Nov. 6, at 6:30 p.m.

Everyone is welcome.

Fishing Outdoors

by Terry L. Wilson

RICK GLENN WINS AT STAMFORD

Five loyal members of the Eastland County Bass Club made the drive to Lake Stamford over the weekend in search of the elusive black bass. Lake Stamford is one of the premier lakes in our area and regularly produces some double digit strings of fish. But as normal it seems since the E.C.B.C. was up to fish the odds were against them. With the lake level four and a half feet low very little visible cover was available. Add the strong winds that were present Saturday and you have some slow fishing.

At the 3:00 p.m. weigh in four of the five anglers had landed one or more fish over 14 1/4 inches. First with four fish weighing 8.29 pounds Rick Glenn, second with two fish 4.73 pounds, Butch Willingham, third with one fish 3.75 pounds, Terry Wilson. Terry also won big bass honors. And fourth with one fish 3.71 Gary Horton. All of these fish were released back into Lake Stamford in excellent condition.

Mister Twister, when I hear the name I instinctively get ready to set the hook because you know your getting quality merchandise designed to help haul in the hogs.

Before I introduce you to two of Mister Twister's new baits let me re-introduce you to two of my favorites.

The Mister Twister Water Dog so closely imitate the real thing some anglers hesitate to pick it up. And those who do are missing out on a real trophy catching lure. Formed after a real waterdog in its lava stage, the gills are very distinct. At this stage of the water dogs development it is tender and juicy and is highly preferred by those lunkers.

Available in light fish catching colors the Mister Twister Water Dog is a keeper in anybody's book.

Last year Mister Twister created a storm in the worm market with its introduction of its Thunderworm Lure. A fatter than average worm with lots of action build in, the Thunderworm is made for use here in West Texas where flipping is a way of life.

Tommy Martin 1974 Bassmaster Classic Champion, 15 time classic qualifier and winner of 13 national fishing titles says 'The Thunderworm was designed especially for fishing heavy cover.'

Available in 14 fantastic colors the Thunderworm has your name on it, 'Fish Catching'.

New from the fine folks at Mister Twister is the 'Fantail Lure.' With the continued swing in today's market towards ultralite fishing the new 'Fantail' should be a big hit. A four inch combination eel, squid, and crawfish with a wide fluttering peacock like tail the 'Fantail' will be calling in the keepers from great distances with its super action. Look in your local tackle store for this one folks and pick your color from fifteen fish catching patterns.

Mister Twister has pioneered the Poc It Fishing system for many years by designing soft plastic lures with cavities or pockets. Two famous models are the Poc It Phenom worm and the Salty Poc It Sad. Now add the new Poc It Hopper, available in two inch for all panfish and three inch for bass, walleye and trout.

This one's here just in time for our crappie runs at Lake Leon folks. A squid type lure with a flowing skirt and extended side wings, the Poc It Hopper will be a big hit with our area crappie anglers. Available in 10 delicious colors that no fish could pass up.

Mister Twister, always a leader in today's fast paced fishing industries, has inched out in front once again in 1990. And when Mister Twister is leading so are we, the anglers who look for the Mister Twister name we have come to trust.

I want to thank the fine folks at Mister Twister for the above information and their continued support of 'Fishing Outdoors.'

Thursday, November 2, 1989, at 7:30 p.m. the E.C.B.C. will be meeting at the Eastland National Bank Building. All members are requested to attend this meeting. President Steve Pennington has stated that some very

Anniversaries

Mr. & Mrs. Weldon Armstrong Observed 50th Anniversary

Weldon and Marvelene Armstrong were honored with a reception for their 50th wedding anniversary on October 7, 1989, at the Women's Club in Eastland. The hosts and hostess were son, Larry Armstrong of Eastland and daughter, Carole Armstrong Knight and son-in-law, Dwayne Knight, both of Wichita Falls.

Marvelene wore a winter white suit with yellow-gold blouse, pearl jewelry and winter white shoes. Her corsage was a bronze mum and yellow-gold carnations with a 50th emblem in the center.

Important matters must be addressed.

Till next cast safe boating and good 'Fishing Outdoors' whenever you go.

Terry L. Wilson

Weldon wore a black suit and white shirt with black tie and a yellow-gold boutonniere with a 50th emblem in the center.

The bride's cake was white with yellow-gold, the punch was golden, and the flowers were bronze mums and yellow-gold carnations. The table holding these was covered with a white cloth held at each corner by white ribbons and tiny gold flowers. Granddaughter Kimberly Knight Brownfield of Wichita Falls, and help from Nancy's catering served the bride's cake and punch.

The groom's cake was chocolate with a flying red horse, a past emblem of Mobil Oil Co. Weldon worked for and retired from Mobil. This cake and coffee was served by granddaughter, Kelly

Armstrong of Abilene and Dorothy Watts of Wichita Falls, a cousin of Dwayne Knight. The groom's table was red over laid with white and the serving dishes and cups were red.

The cakes and catering was by Nancy Trout and the flowers were by Hallmark Floral, both of Eastland.

One table held wedding pictures of Weldon and Marvelene in oval shaped gold frames, 50th anniversary cards, and a Life magazine published in October 1939. The music was provided by the Armstrong's pastor Dr. Robert Jeffress, of the First Baptist Church, on the grand piano in the Women's Club.

Guests were greeted and given parchment thank you scrolls, which were held by gold color wedding bands, at the registration table by grandsons Randy Knight of Wichita Falls, and Steven Armstrong of Eastland. The registration table also held a memory box of notes and pictures from the past 50 years, from friends and relatives.

Pictures were taken of the reception by photographer Lloyd Armstrong of Eastland.

The Armstrong's children and grandchildren gave them a VCR machine and son-in-law, Dwayne made a tape of the reception.

Weldon and Marvelene were happy to greet everyone and wish to thank each and all for coming, for all cards and gifts, and helping to celebrate with them in a very special way.

Carbon News

By Dorothy Jackson

It still seems to be summer time, but did receive 6/10 of rain Friday night, which was very welcome and nice.

More and more peanuts are coming out of the ground in the Carbon area. The trucks and trailers are beginning to

come into the dryer so be careful as you around, watch out for all the farm equipment.

Don't forget to get out and vote November 7th. It is mostly amendments but they are very important. No. 12 will endanger the Texas Permanent School Fund. We need to study these issues before we go to vote so we can know which way to cast our vote.

A harvest party was held at the Baptist Church last Wednesday night for the youth. There was fun, food and games. Ike Whitson is in charge of this program and he reported 49 young people attended.

The next meeting of the Carbon Action Club will be November 7 at 8 p.m. A work day at school is set for November 11th at 9 a.m. so put on your working clothes and come on down.

The Wolverine will travel to Sidney for this week's football game Friday night 7:30.

The Carbon Harvest Festival was a big success Saturday night. A king and queen were crowned, also a little prince and princess, and a junior prince and jr. princess. Representatives from each class were:

- K.—Kristal Brown and Ryan Hagood
- 1st Grade—Jessica Norris and Matthew Koonce
- 2nd Grade—Elisa Lewis and William Windham
- 3rd Grade—Brandy Strieff and Cody Carlton
- 4th Grade—Tracey Hardin and Justin Johnson
- 5th Grade—Felicia Blackwell and Lonnie Grumbles
- 6th Grade—Tara Dempsey and Brad Stacy
- 7th Grade—Sheila Rackaw and Greg Gideon
- 8th Grade—Kelly Ray and Jason Koonce
- 9th Grade—Angela Stacy and Joe Colpetzer
- 10th Grade—Brandy Scott

and Jason Girtz
11th Grade—Monica Norris and Dwayne Hamm
12th Grade—Angie Girtz and Andy Porter
Little Prince—Cody Carlton and Little Princess—Brandy Strieff of the third grade class.

Junior Prince Lonnie Grumbles and Junior Princess Felicia Blackwell of the fifth grade.

King Jason Girtz and Queen Brandy Scott of the Sophomore class.

Bobby and Candi Taylor, Caleb and Catie of Sonora were here over the weekend to attend the wedding of Wendy Clower and Jody Forbus. Also attending the wedding was Mr. and Mrs. Glenn Donaldson of Artesia, N.M.

Spending the weekend with me were Helen Willis of Pontotac, Bernice Hunt of Cisco and Ethleen Johnson of Eastland, we all spend Saturday in Fort Worth.

Men In Service

SCOTT L. KINCAID
Airman 1st Class Scott L. Kincaid has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

Kincaid is the son of Mr. and Mrs. Jackie W. Kincaid of 1109 E. 16th Street, Cisco, Texas.

He is a 1987 graduate of Cisco High School.

Local Man Was Prison Employee For 13 Years

By Richard Kurkin
Ranger native Elzie Pruitt, unable to find work in Ranger, took his family and moved to Lone, California, where he had relatives.

He worked for the Preston School of Industry, a California prison for men up to 27 years of age, in Lone for 13 years until May of 1980, when he retired and they returned to Ranger.

Mr. Pruitt, who had some experience with boilers, took a test and received a job as a Stationary Engineer. He attended the boilers to provide steam for heating and cooking.

A prison is a city within itself and requires most of the services and trades found in a town he said. Carpenters, electricians, plumbers, doctors, barbers, and maintenance people are required and hired by prisons, he said.

At Preston the top office people came in from the capital, he continued, but most

everyone else hired was from within a 20 mile distance. Even if someone from out of the area was hired, they moved there and soon became local citizens.

A new prison might have more non-locals hired at first, but the people who do the hiring become local citizens and they prefer to hire people they know, which will be local people. Prison guards must be trained and certified as law enforcement officers, but with many jobs you simply pass a test to show that you are capable of doing the job, said Mr. Pruitt. Of course those with higher test scores have a better chance.

Lone was a city of about three thousand people including the people in the prison. And according to Mr. Pruitt, the prison had to be the best thing that ever happened to Lone and Jackson, the county seat which was about ten miles away. It provided a stable and higher level of

income which resulted in both Lone and Jackson, which did, grew to four times its size at first and has added suburbs and shopping centers. Otherwise an obscure town, the prison put Lone on the map and even drew tourists, who were able to tour the earlier prison facilities. And since then another unit to house older men has been secured for Lone.

At first the prison supplied most of its own utilities, but has now turned those services over to Lone at the city's request.

The city can make money providing the utilities for the prisons, and thus hold down the cost to local residents, Pruitt continued.

Prisoners are given opportunities to learn trades and improve their lives; those who will work sometimes do and a few have become famous and wealthy people. Those who refuse to work or learn usually spend most of their lives

in prison, he said, and sometimes prisoners are from very wealthy families.

Rather than living nearby, friends and relatives would usually travel to Lone on weekends to visit prisoners. They would usually spend a night in a motel and eat at a restaurant in Lone.

Since Preston didn't have the high security which Texas state prisons have, escapes happened from time to time.

Those who really wanted out would try to stay out of sight while leaving the county as quickly and quietly as possible. Some prisoners whose time was running out would want to stay, so they would escape and go to a road so that they would be found and returned with more time added, Mr. Pruitt pointed out.

Local people were immediately notified of any escape and they didn't feel that the prison was a danger, according to the Pruitts.

Mrs. Pruitt said that she felt safe living real close to the prison even though her home

couldn't be locked or secured. And the prisoners never stole anything except for one incident in the prison, the Pruitts continued, and they were unarmed. However there was some theft by persons in the city.

Mr. Pruitt said that a Snyder man told him that with so many guards living in that city since the prison there opened, that there hadn't been any robberies there.

The prison on Lone paid much better than local industry pay rates, but a coal industry and a brick factory, both paying lower wages, came in and prospered.

Local people liked the prison, according to the Pruitts, who said that illegal drugs were brought in a couple of times by prison employees. Their use by prisoners would be immediately detected and an investigation would result in action being taken against the guilty employees, who would be removed.

Security at prisons is tested

at times to keep employees alert, and Mr. Pruitt said that he never felt he was in any danger.

Prison jobs do require work, Mr. Pruitt said, and some employees eventually leave and go into business on their own.

Mr. Pruitt has now retired with what he calls an adequate income, and he says that what happens locally won't affect his income one way or the other.

The prison was a big help to the local hospital and it also benefited support businesses. Dangerous or troublesome prisoners were put in maximum security, and he said that no one had ever escaped from that part of the prison.

Sign up for Medicare now before your 65th birthday.

Defensive Driving Course To Be Held Nov. 4th

An Eastland County Defensive Driving course will be held Saturday, Nov. 4, at 8 a.m. at 600 East 8th Street in Cisco. There will be a \$20 fee for the class.

Notice

There will be a benefit supper on Saturday, Nov. 4 starting at 6 p.m. at the Olden Community Center for the Olden Volunteer Fire Dept. The price is a donation. Everyone is invited.

Forward Group Organized To Support Prison

FORWARD action for Eastland County was organized Tuesday morning as citizens from throughout the county met with members of the economic Development Council to make plans to inform citizens of the importance of voting "FOR" proposition 8 on November 7th and "for" the land plan on November 18th in the effort to secure a major state prison facility here.

Preparations were made and programs set into motion to inform the public about the advantages of having a prison located in this county.

An independent committee was named to coordinate the various efforts to provide the information to the public.

One of the major emphasis will be the fact that the cost of the land is about one percent of the total amount that the state will spend to install the facility. A slogan of "1 for 99" was adopted and will be further explained.

E.C.D.C. President Don Sheppard presided and Director Dr. Charles Barnes spoke briefly explaining that he was meeting with officials of the Ranger and Cisco hospitals later Wednesday with a board member from the Snyder hospital, who was to explain that the hospital there

was saved through a million dollar contract with the state when the prison was established there.

The various aspects of the costs involved were also discussed and will be provided to the public so that all will know that the program is going to be beneficial to all.

One spokesman said, "The bottom line is that our tax base has dropped, and that's it needs to be expanded. Our taxes are going to continue to go up until we get the base broadened."

"The State doesn't pay taxes, but it pays its bills and its employees, buy homes and pay their fair share."

Music Club Thrift Sale Next Weekend

The Eastland Music Club will hold a Thrift Sale November 3 and 4 at the Gilbert Meredith home, two miles east of K-Bob's on the north access road of I-20. The hours will be 8 a.m. to 5 p.m. If it rains the sale will be in the garage. There will be many bargains in clothing, household goods, decorative items and other things. All proceeds will benefit the local scholarship funds of the Music Club.

The Eastland County proposal has been declared a superior application and has made the first cut (from 46 to 26) and will be "sifted" again on November 8th when the field is cut from 26 to 12. If the local application makes the cut, a public hearing will be held in Austin on Nov. 13th. Supporters are now planning caravans for the Austin event on that day.

An elaborate program for public information is being established so that the committee can provide as much info as possible to the public. H.V.O.

Winter Feeding CUBES \$137.50?

LET US SHOW YOU HOW!!

Eastland County is very fortunate this year to have an abundant supply of hay and grass. So you can SAVE MONEY and utilize the dry forage. We can sell you Cottonseed Cake Cubes (old process & double protein to grain cubes) for only \$275.00. If you normally feed 5# per day per animal - you need only 2 1/2# CSC to get the same protein. Therefore: \$275.00 ÷ 2 = \$137.50. You must have ample grass or hay to do this.

Eastland Farm & Ranch Center also offers a 32% liquid feed for only \$159.00 delivered to your location. This also requires a good supply of hay or grass and we believe we have the forage supply this year.

We have a good supply of grain cubes, CSC cubes & liquid feed. All contracted to help you save dollars. Analyze your particular situation. (Grain cubes may be your cheapest feed if you do not have the forage available).

\$190.00 grain cubes @ 5# per day = 47.5¢
\$275.00 CSC cubes @ 2 1/2# per day = 33.2¢
\$159.00 liquid feed @ 1 3/4# per day = 13.9¢
(1 ton feeder = \$150.00 ea)

HOW MUCH WILL YOU SPEND?? FILE IN THE BLANKS

Vacation Trip To El Paso And Mexico

Bobby and Kathy Rodgers spent Wednesday night, October 11, with his mother, Mrs. Berneice Rodgers, and they left at 7:00 a.m. to meet Joyce Gilbert of Oklahoma City at Love Field in Dallas at 11:00 a.m. Kathy, Berneice and Joyce left at 11:40 by Southwest Airlines for a visit with Dr. and Mrs. Robert Morrow, Kristen and Brian in El Paso arriving at El Paso International Airport at 1:21 p.m. Lisa, Kristen and Brian Morrow were there to meet them, and treated them to lunch at Luby's Cafeteria, before going on to the Morrow's new home of 2 months. It is a beautiful home on the mountain, where you can see part of New Mexico and Old Mexico from their back yard.

On Friday they went on a Scenic Drive by daylight on the highest mountain. They could look down on El Paso and some of Mexico, seeing the El Paso International Airport, several hospitals, and schools. They also saw it at night, and it was a beautiful sight with all the lights below.

Mrs. Louise Morrow, Bobby Morrow's mother joined Lisa, Kristen, Brian, Joyce, Berneice and Kathy on a tour of a big Brass Shop. It was very pretty.

They also visited the church school where Kristen is in the Kindergarten and Brian is in play school.

On Saturday, they went to Kermazzer, down town to an International Art and Crafts Show, and did some shopping in the mall.

On Sunday they all attended church services with the Morrow family in the beautiful Presbyterian Church.

On Monday morning there was a trip to Mexico. They crossed the bridge to Juarez, Chihuahua, Mexico, visiting the Old City Market on Au. de 16th Septiembre, having a great time shopping, buying purses, belts, jewelry, flowers, blankets, vanilla and a Santa Claus and a Bat Man pinata for Kristen and Brian's birthdays which will be in December.

Mrs. Louise Morrow hosted the group to a Mexico Food lunch at Julios.

Crossing the Bridge back into the U.S.A., when they got to customs they had to say "I am American". While cross the bridge they saw a drug-sniffer dog. He was really tearing a car, hunting drugs.

On Tuesday morning Oct. 17th, it was time to make ready for the return trip home. On the way to the airport they toured Dr. Bobby Morrow's office the McCombs Clinic.

Letters To The Editor

Dear Editor:

Concerning the anonymous letter in the Oct. 26 edition: I must say, to me, it sounds like a made up letter just to get people mad so they will vote for the prison and against the letter. If it is for real, then I can understand why he or she was afraid to sign their name. Whoever it is sounds like someone so desperate for what they want that they let common sense go out the door and say things to incite our emotions. Let's stick to facts, such as, that I'm a business man and I don't hardly make enough money to live on the hog, high or low.

And the people on TV last night opposing the prison. I thought it was your point that you wanted a "vote" on the prison issue to let the people decide. And then there ya'll are, trying to influence the TDC inspectors with your protest. What if the vote approves the prison "issue" but your protest derails it. That is not democracy that you are calling for. The new prisons have to be built somewhere and it is not responsible to oppose it in your backyard and want it put in someone else's backyard. I champion your right to oppose the prison, but oppose it realistically with facts. Lets

and saw him cleaning a dog's teeth. He is a small animal Veterinarian. It was very interesting.

They also went through the Ft. Bliss Army Base Military Cemetery, and by Bobby and Lisa's former home.

Leaving the El Paso Airport at 12:30 p.m. they arrived in Dallas at Love Field at 2:55 p.m. Bobby Rodgers was there to pick up Kathy and Berneice, and Joyce continued on to Oklahoma City.

This was Berneice's first plane ride, and an enjoyable one.

All agreed that it was a wonderful trip and they really appreciated the Morrows hospitality and the good meals that Lisa cooked. Lisa is the daughter of Neal and Joyce Gilbert of Oklahoma City, and the granddaughter of Berneice Rodgers, and Mr. and Mrs. Floyd Gilbert of Gorman.

demand to start seeing the facts printed of how the Economical Development Council expects the prison to pay off the water line and sewage treatment. How much will it cost us in extra taxes to add on to the jail like Mr. Bacon said we would have to. How much water will the prison use and what will it do to ya'lls water supply. Who will supply the natural gas to the prison and in the winter how will it affect business that depend on gas and what will it do to the gas rates. Who will supply electricity and what will it do to our rates. How will increased property taxes affect the older retired people on fixed incomes. If the prison has a "farm" out there, will they irrigate it, and if so, will it affect the water table enough to affect rural water wells?

Where is an environmental impact statement that tells about all this? Where are the facts?

Clifton W. Lacy Cisco, Texas
P.S. The only facts I have seen were presented by Ms. Norris, and they sure don't present much reason to have a prison.

Editor:

Dear Eastland Countians: OK — what if we don't get the prison? What then? Do you honestly think your taxes will be any easier to pay? Your property is now worth 15% to 20% less than it was one year ago.

By this time next year it will be worth 15% to 20% less than it is at this minute. In order for the school, county, and city to continue to operate, it will be necessary to raise the tax rates again next year just to generate the same amount of money they are now operating — the same things will have to happen the next year, and the next, and the next... unless there is a tremendous boost to the local economy — and the only way there can be a boost is by bringing new industry and new people to help share the tax burden.

It is the ago-old theory of "Supply and Demand" — when there is an over-supply of property and no demand (no people) to purchase it, the property values go down. The only thing that will bring our

Eastland Telegram - Ranger Times-Cisco Press Thursday, November 2, 1989

property values back up to normal is the "demand" being greater, or at least "as great" as the supply.

During the Oil Boom of the early eighties, the county, city and school actually LOW-ERED their tax rates.

Property values and revenues were "up," so the rates could be lowered and still generate the same amount of money to operate on.

More people were living here sharing the tax burden and it allowed each of us to pay less because there were more taxpayers to share the load.

This could happen again if we are fortunate enough to get the prison.

We simply cannot wait another 10 or 20 years for another Oil Boon. We've got to find something to replace it.

Please do not be misled by anyone who tries to tell you the prison will cost us so much in taxes that we can't afford to do it.

Believe me, we can't afford NOT to do it! With new people moving in and becoming taxpayers, our load will be lighter by far than it will be if our tax base continues to decrease and revenues continue to drop off as they are now doing.

It taxes are your main reason for opposing the prison, please stop and consider these facts before you vote.

Your vote FOR the prison bonds can give Eastland County a fighting chance to recover from the severe economic conditions which are causing our taxes to have to be raised year after year after

year. Your vote against the prison bonds may very well be the one that drives the final nail in the coffin for this county.

I don't like to pay taxes or make sacrifices any better than anybody else, but there comes a time "when the going gets tough, the tough get going!"

Let's all put this petty bickering aside and pull together for the survival of our county and each of the cities we live within.

Let's face it — a prison may not be our number one choice of industries, but it is the ONLY ONE we have a chance to get.

Let's don't look a "Gift Horse" in the mouth! Sincerely, Kay Bailey

Letters to the Editor

Editor,
Help save the Nauga
Some years ago, leather got so expensive that furniture manufacturers decided to find a cheaper source for lasting coverings for everyone's furniture. Thus they discovered naugahyde. Now there are hundreds of thousands of Naugas slaughtered every year for their measly little hides just to make furniture more pleasant and worry free. Only the small belly sections can be effectively used and will hold up to human use. It takes twenty two of these small defenseless animals to put together one yard of upholstery material. So I say to you, join me today to save and allow the study of the ecological value of the defenseless Naugas.

If we could but return to cow hide as our furniture covering, imagine the wonderful effect, economically, for the farmer and rancher, the many many jobs it would create to raise, dress, treat and produce leather for commercial use. At the same time it would bring down the price of leather for commercial use. So lets save the Nauga from extinction.

Now I suppose to the discerning reader this all seems emotional and trivial, considering the fact that, there is no such animal. The Nauga is a fictional animal created by Dupont to sell and market our, now, most useful material for dirt resistant furniture covering. But it sounded good didn't it? This is to say that emotion is necessary in this callous world. However, a little reason and desire to cut through emotion and find the facts of any situation never hurts. Survival of the fittest may be a fine way to live for some, but for our aged and

young?? Are not these very people being used by those who seek a strictly emotional response to some modern issues.

It is fact that we all want a safe environment for our elderly and young. We would prefer a place where there were no taxes, food was free and everyone's needs handled. But we live in the reality of giving in order to get. They used to tell me at church, you get out of anything what you are willing to put in to it.

If our economy fails, there will be no hospital to care for our elderly, there will be no schools for our young, there will be no tax base to support water, sewage, law enforcement, or anything. A town is like a plant; no water and it shrivels up and dies. We must have a new water system. We don't say so, the state does! We must have a new sewage plant, we don't say so, the state does! We must find a way to raise our tax base and

drag ourselves out of the stagnation which the state and the economy has found us in to. We don't say so, history and reality says so! There is nothing, no action, no business, no community development that has all good effects due to its coming to a community. There are risks to everything, even walking down the street. There are more scary people walking the streets than could be penned up in a prison. There are more poisonous snakes in the world than the rattler, but we know him by what he wears and where he is. He lets us know. I fear him less than the camouflaged copper head, who is so pretty but those covering lies to us, hiding his deadly reality. The fact is, he can kill just as dead.

I guess I'm a little selfish, but I would much rather have 800 other people to help me pay for necessary improvements in the community than to have to do it on my own. Well, yes, if I paid for it myself, I could do with it as I

pleased. But, if I depend solely on myself, the world gets awfully lonesome, and what I can afford is very limited. That's simple economics. And if I pay for it, it may not turn out to be what you want. But why should I care about you, if its my money? I'll do as I please! Perhaps the elderly and young (or those who are their guardians) should consider this. It's human nature. That is exactly why we have city councils, county commissioners and development groups. Usually, the good of the many can be achieved without the hurt of the few. But if the few gain control by deception and emotion - - -

Do you, can you, trust me totally with your destiny? If so, the Nauga is doomed and we with it.

MMC

Editor,
People of Eastland County, we should all be very proud of our citizens trying their

best to get something in our area that will bring in others to help us pay our taxes and support our community.

It hasn't been easy to speak out on this issue. And many among us are still reluctant to make his or her opinion publicly known.

The day before the TDC team came to Eastland I talked with many merchants in an effort to welcome the TDC Inspection team to Eastland. In every occasion but one the merchant expressed their support for the prison. Some added that they were reluctant to express their opinion, however, on their business sign. Although a few businesses did help out.

Somehow I am reminded of an old saying (about the 3) ups in life. (1) stand up (2) speak up (3) follow up.) As I see it there are three groups of people interested in whether or not we get the prison.

(1) Employers; businessmen, farmers, manufacturer, professionals, lending institutions and the independently wealthy, (2) workers (3) retired persons.

Please let me say something to each group. First the employers.

It is common knowledge that to stay competitive in business, manufacturing, ranching, farming, etc. you have to pay as little as you can for labor. But not at the expense of the growth of the community. I realize that the prison will pay well and offer good benefits. I'm a business person myself and I can't see the day when I start somebody at \$6.75 per hr. But if I stop the prison from coming here my business will suffer much worse.

In my business I see people coming back here for a visit with friend's and loved ones that 3 months ago or a year ago lived here. We're steadily losing people. As for the second group retired persons. You should have the following advantages if the prison locates here: (1) crime rate is lowered by the presence of a prison. (2) The hospital will be supported by more people. (3) The new people moving here will share in the costs of our community services by paying all kinds of taxes. (4) Businesses operate on volume so retail prices on goods and groceries could be cheaper. (5) Professional services should pick up again. For example carpentry, electrical repair, etc. The last group, as I see it, is the worker. And he or she is ready and willing to earn a living right here in his or her own community.

One thing I have learned these last few months is that I'm not the only person who likes this geographic area.

Many people who I've talked to are sacrificing higher wages that could be earned elsewhere to live in this area. In summary, this TDC unit will be the backbone supporting our community.

Our lending institutions can be no more optimistic than the businesses they support whether the business is farming, ranching, manufacturing, or whatever.

Lets remember that Eastland County is made up of us all and lets all work together for the common good.

Vote "yes" for the prison Nov. 18th.

Thank you,
Jody Bowles
Jody's Pizza

Editor,
To The Citizens of Eastland

The prison issue within Eastland is definitely one of the most controversial issues that we face today. It is also an issue which has clearly divided our communities and our entire county. I believe that this is partially due to much misinformation and misunderstanding about the proposed prison. It is clear however, that there are both

advantages and disadvantages that must be understood before each person is prepared to make a final decision on November 18th.

Initially, I was asked to serve on the Executive Board of the Eastland County Economic Development Council and to assist the Council in their efforts to locate a new TDC facility in Eastland County. I have personally visited a new prison unit in Palestine, Texas and I have made numerous trips to Austin to meet with TDC officials. As a result of the efforts of many people who have volunteered their valuable time, we now have an excellent opportunity to bring this new unit to Eastland County.

It is apparent that the location of a new TDC facility within our Community will provide many new and needed jobs with a monthly payroll of about 1.5 million dollars. Some economists have indicated that this money will have the potential for "turning over" some 6 to 9 times. I ask you to please consider the effect this large payroll can have on our entire county. I am certainly not aware of any other type of industry which will provide such a degree of economic stability for the next forty or fifty years.

Eastland County residents must realize that if we are fortunate enough to secure this prison, we must be willing to make some sacrifice. We certainly should not expect to receive these tremendous benefits without being willing to give something in return. We must be willing to enlarge our water and wastewater site for the Texas Department of Corrections. Eastland County residents have always been competitive in spirit; therefore we must be willing to compete with the many other Texas communities seeking a prison.

The Texas Department of Corrections initially received some 45 proposals for a prison this year. Since Eastland County had a good proposal, we were fortunate enough to make the first cut. The final "short list" will be available on November 8th. If Eastland County makes the final short list, then we will travel to Austin on November 13th for the final deliberations.

In trying to secure a prison for Eastland County, members of the Eastland County Economic Development Council are attempting to provide some economic stability for our entire county. Many businesses and homes are now vacant. Our tax base is continually declining. We must seek ways to correct this economic decline or we may be forced to reduce some of the services to which we are all accustomed. As our tax base diminishes each year, our tax rate increases to accommodate the loss. As a tax payer, I would like to see some of our state tax dollars utilized in Eastland County.

There are many who do not agree with the Eastland County Economic Development Council and they may feel justified in their non-support. There may be some who do not want the prison in Eastland County for personal or selfish reasons. Although I can understand their reasons, I cannot allow their personal reasons to cloud my personal judgement.

In recent weeks, we have seen many articles and letters in the paper. Some were for and some were against the prison. We have seen and heard a great deal of misinformation and misunderstood information. The bottom line is: "We need the Prison in Eastland County." We may never have another chance to secure financial stability for our community.

In a couple of weeks, on November 18, we will all go to the polls to decide if the

County will be allowed to issue certificates of obligation to purchase the land for the prison site. To vote against this issue is to vote against the future of Eastland County. To vote for this issue is to vote for not only our future but the future of generations to come.

This issue is too important to allow someone else to decide your future, therefore we must all act as responsible citizens and vote our conscience on Saturday, November 18, 1989. I am confident that the right choice will be made.

C.W. Hoffmann, Jr.
Mayor
City of Eastland

Dear Editor,
Please print this little note in reply to Mr. Terry Simmons advise to the opposing Party's concerning the establishment of a Prison in our County, I wholeheartedly agree with Mr. Simmons about the Opposition's stand on the Prison being here, but I do not agree with him on the Underhanded way the Economic Group has gone about getting the land paid for. As I am a disabled veteran that put in 4 years in World War II, trying to keep this nation a free nation, it is sad and disgusting thing that there is such a great division among friends and neighbors. After all, this is supposed to be one Nation Under God, Governed by the People for the People, and then if I'm not allowed to vote on such a huge debt being placed on me and my friends, then I am being deprived of my God given right. And as for me or anyone else driving on County roads, I don't know about other folk, but I pay road and bridge tax on four vehicles every year, plus the same kind of taxes on 3 different pieces of real estate. Further, I have never had any children in the grade schools, or the colleges in this County, but I am taxed every year to help keep up those establishments.

Now Mr. Simmons, if you really want to help the County, come over and Buy Me Out and I will move out of Eastland County!!!! That way you can pay the Annual Taxes I am harnessed with every Year!!!-as I can travel on Stephens County Roads without paying \$20 a year for that prison. THE PRISON IS NOT THE ISSUE AT ALL, the Tax Paying Citizens of Carbon are concerned about the location of it; but that is the least of my worry, as I could care less as to where it is located, except, I would not like it to be built on top of my poor old mother and dad's graves there at Carbon.

We realize that our County is at a standstill on Economy, but we can have a lot less foolish spending, that would help. I still know that the downfall of the Oil Industry has been our downfall. Now as for all the Businesses that Proclaim they support the Prison! Who or whom will support them if we all go broke. Every one of you who take the time to read this should see the Medical bills we receive every few days from Hendrick Medical Center on my wife's bout with cancer. And that is just part of it, the trips back and forth from here to Abilene, the fuel cost is staggering.

Thank You,
T.L. Snow

To Whom It May Concern:
I, Walter Laminack, have noticed in the paper that I had resigned my position as president of Sabanno Cemetery Association, but this is false information because I have not resigned and do not intend to.

Walter Laminack

Notice

Olden Fire Dept. will be meeting Nov. 2 at 7 p.m. in the Olden Community Center for a business meeting. All members are needed to attend.

Regional 9-1-1 Plan Approved For West Central Texas

For residents of many area counties and cities, access to emergency services by dialing 9-1-1 came a step closer to reality as a result of recent action by the Advisory Commission on State Emergency Communications. Created to govern 9-1-1 activities in Texas, the Commission approved the West Central

Texas Council of Governments' 9-1-1 Plan at its October meeting in Austin. During its 1987 session, the Texas Legislature paved the way for 9-1-1 in rural parts of the state by creating the State Commission and by giving local governments the option of joining, by resolution, 9-1-1 planning activi-

ties spearheaded by Councils of Government throughout Texas. Prior to that, for smaller cities or rural areas to have 9-1-1 service, they had to either join an existing 9-1-1 district formed under earlier legislation, or exercise home rule authority to pay for 9-1-1 with revenues from general funds.

Describing areas to be served, participating groups, costs, and scheduled services dates, WCTOG's 9-1-1 Plan was the result of an 18 month effort involving the Council of Governments and localities in the 18 counties surrounding Taylor County, said Sue Smith, 9-1-1 Director for the COG.

"We feel most fortunate to be one of the areas in Texas to have 100% participation in 9-1-1 by our area's counties and cities," said Smith, "and this will result in a more streamlined and cost-effective system for our citizens." Local city councils and commissioners' court each adopted resolutions stating interest in participating in 9-1-1. The resolutions are the legal means the State Commission uses in authorizing telephone companies to begin collection to 9-1-1 charges on customer bills.

Emergency answering points will be located within law enforcement offices in

each county, Smith said, yet the 9-1-1 Commission views the region as one composite system. Since ten telephone companies serve the WCTOG area, and since the capacity of phone equipment now in place varies widely, costs for the system are diverse, stated Smith, but overall, up-front equipment costs are projected at around \$1.1 million.

Fees for 9-1-1, approved for region at \$.50 per month per customer line, will begin appearing on telephone bills in many areas starting in January of 1990, according to Smith. The fee collection for Eastland and Callahan Counties will begin in January 1990. The fees will be phased in on a staggered basis between January and April of 1990, she stated. "It has been the policy across the state to collect fees for a planned time period, while the 9-1-1 telephone system is being installed, so that when the system is activated, all initial costs are paid," she reported.

"The collection period in this region will be 24 months, and even at that we will lack around \$450,000 having enough to start operations in the black," said Smith. That amount will be obtained through a state-level pool of funds, collected for this purpose from a surcharge on customer bills in the state's largest counties since last

July. To cover ongoing costs, the \$.50 fees will continue after the system begins operations.

Not only is the 24 month collection period a matter of accumulating funds to pay for the system, it is dictated by the tasks to be accomplished to start 9-1-1. Smith stated that, in addition to modifying many telephone switching offices, equipment for each answering point must be purchased and field-tested, call-takers must be trained, and in many places, rural addresses must be developed for individual citizens.

Initially, many of the area's 9-1-1 answering points will feature systems which provide the calltaker with the caller's telephone number, for callback in the event the call is cut off. The calltaker can then quickly look up the caller's address from printed information on hand. Callers will be placed in voice contact with the emergency agency needed. In some areas, Smith stated that a more complex system which will automatically provide the caller's phone number and location, and will route calls to agencies automatically via computer, will be used.

"In all cases, the prospect of this service being available in all rural areas of the region is a challenging and very exciting one for us," stated Smith. "The response we have had, both from citizens and emergency personnel throughout the area, has been positive, especially with the attention that is being given to 9-1-1 on television and with the start of 9-1-1 service in Taylor County. We want to keep the level of interest high in the importance of

9-1-1," Smith continued, "and we hope to do this by keeping the public informed about the progress being made with 9-1-1 throughout the coming months."

SCHOOL KIDS ARE EVERYWHERE SO DRIVE WITH CARE!

School's back in session, so watch for children and be extra careful driving—especially during the time before and after classes.

Poetic Verses

MEMORY
Is a precious gift
Of a time so long ago
Like the passing of a shadow
Or the closing of a door

As I go down memory lane
I see visions of the past
When each day was a pleasure
Now it is just a task

As I gaze across the valley
And see the wildflowers blooming there
I smell the fragrant of their sweetness
As it is brought to me in the air

And then I met my Jesus
As His story to me was told

He is the master of yesterday, today and tomorrow
As each day His blessing to us unfolds.

Bob Hardin

Pharmacy Topics

By Bob Mueller

New "yuppie disease": mumps. It seems that many in the 14 to 24 age group were under-immunized and may be at risk today. Vaccination is advised.

Wounds seem to heal faster with the application of epidermal growth factor. Researchers at Emory University, Vanderbilt University and the University of Louisville used a manmade form of the naturally occurring hormone in the study of side-by-side wounds.

Researchers at Mount Sinai School of Medicine in New York report some success in slowing the progress of Lou Gehrig's disease (amyotrophic lateral sclerosis) with doses of certain amino acids. More tests are planned.

Simple blood test, usually done to measure kidney function, has been found to be accurate in predicting the risk of heart attack or stroke in patients with high blood pressure. National Institutes of Health sponsored the eight-year research project.

Acupuncture offered relief from severe sinus headaches in a study at the Karolinska Institute in Stockholm.

What's new in medicine? We keep up with the latest developments, the better to serve you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. cer104

Senator Chet Edwards

Vote For Proposition 21 In November Election

To The People Of Eastland County From Senator Chet Edwards

A vote in favor of proposition 21 on the November ballot will be a vote of support for the future vitality of Texas. As the importance of a highly educated workforce in the modern world becomes more evident, the passage of this constitutional amendment would continue a program that has made it possible for 170,000 students to attend college and would also add a new program designed to help Texas families save for their children's college educations.

I passed the legislation during the 71st Session that will allow the people of Texas to vote on this very important program. The amendment would authorize the Texas Higher Education Coordinating Board to issue seventy-five million dollars in General Obligation bonds to be sold as College Savings Bonds and to use the revenue to make loans to needy students.

The time for the College Opportunity Act could not be more appropriate nor the need more pressing. College costs have registered explosive growth in the past decade.

Eastland Telegram - Ranger Times - Cisco Press

Thursday, November 2, 1989

Studies indicate that while public and private college tuition costs have increased between 70-90 percent during the past nine years, average family income has not kept pace, rising only 33 percent during that time period. If costs continue to rise at their present rates, a child born this year will pay pay \$231,245.00 for a four-year degree from a private university, \$92,851.00 at a public university, and \$32,445.00 for a two-year degree from a junior college when he or she is ready to attend college.

These figures reflect only costs of attendance (tuition, books, room and board) and reasonable estimates for personal expenses and transportation could add another fifth or quarter to these totals.

As a result of these increases, the demand for student loans has similarly swollen. In fiscal years 1986 and 1987, the Coordinating Board made loans in total amounts of 12 and 12.8 million dollars. In FY88 the total loans jumped 70% to 21.8 million dollars and during FY89 have risen another 111% to 46 million dollars, a startling 277% two-year increase.

Faced with this incredible surge, the Board, which has now exhausted its bond authority will not be able to sustain the increased demand very long. An additional seventy-five million dollars of debt authority would allow them to meet the potential revenue shortage.

Texas families will also benefit from the authorization because they will be able to purchase the College Savings Bonds. The bonds will be State of Texas General Obligation bonds backed by the full faith and credit of the state and have maturity lengths of between five and twenty-five years.

The bonds will be zero-

coupon bonds which makes them particularly attractive to investors who are saving for an expense in the future. Zero-coupon bonds are different from traditional bond structures since they are bought at a reduced price and pay all accumulated interest at a designated maturity date in the future. Based on current market rates, a \$5000.00 bond that matures in twenty years will cost approximately \$1150.00. In order to make the bonds available for Texans of all income brackets, the bonds will be sold in denominations of \$1000.00 so that initial costs could be as low as \$230.00.

As an additional incentive, \$10,000.00 worth of College Savings bonds would be excluded from all state financial aid formulas. Also, all accrued interest is tax-exempt from both federal, and potential state income taxes.

If a win-win proposal ever existed, this is it. By providing Texas families with a safe and profitable investment in their children's educational future, they will make it possible for current students to attend college today.

Lee Reed To Present Program In Breckenridge

On Monday, November 6, from 6 - 9 p.m. at the South Elementary Cafeteria in Breckenridge, there will be a program presented on occult and satanism practices. The program will be presented by Lee Reed of the Abilene Police Department Youth Division. NO ONE UNDER 21 YEARS OF AGE WILL BE ADMITTED. The program is being sponsored by the Alpha Sigma Tau Sorority.

For more information, call 817-559-8605 or 817-559-6492. All concerned parents and others are urged to attend.

Desdemona News

By Vonnie Guthrey

The Church of Christ members enjoyed a 'Hobo Supper' on Sunday following evening services in the home of their pastor, Bro. Lloyd Lee and wife, Aletha.

Arthur Ash of Corpus Christi was buried Tuesday. He attended school in Desdemona and attended the homecoming and school reunion as often as he could. He is survived by his wife, Wilma Collins Ash.

Mr. and Mrs. Richard Lane of Stephenville have a new baby girl, J.P. Nicole born on October 9.

Arlington Ash and son, Andy of Clyde visited Sunday with Elbert and Abbie Lindley.

Jack Williams of Kermit is visiting his daughter, Jerry and Pat Buckley.

Remember Saturday, Nov. 18, is the date for the annual Desdemona Thanksgiving supper at the Community Center starting at 6:30 p.m. Make plans to attend and visit with your friends and neighbors. All proceeds go for repair on the building.

Homer Lancaster of Fort Worth called this reporter on Sunday morning. He wanted to say 'Hi' and let everyone know how much he enjoyed the Desdemona Homecoming and School Reunion this past August. It was his first time to attend. Homer graduated in 1943. His mother, the late Lucille Caraway taught school in Desdemona. Also his sister, Margaret Lancaster Pool, and brother, Paul Lancaster attended school in DHS.

This reporter has started a very 'big project' and needs 'help'. She is making two big photo albums to be put on 'display' each year at the Desdemona Homecoming

Community Bible Study To Hold Registration

Community Bible Study is an international education organization that offers the opportunity to discover the excitement of in-depth Bible study through a unique format of study — home study, small group discussions, relevant teaching with personal application and written commentaries. Classes for children ages two to five and babysitting for infants are included.

Interested persons are invited to attend a coffee for information and registration in one of the following places:

Tuesday, November 7—DeLeon 10 a.m. Bank Community Room.

Tuesday, November 7—Breckenridge 2:00 p.m., Mrs. John Cook, #4 Willowick.

Thursday, November 9—Cisco 10 a.m., Mrs. Billy Wright, north of city (turn at first burnt red cattle guard on right past dam).

Thursday, November 9—Eastland 2 p.m., Mrs. Austin McCloud, 515 S. Lamar, Eastland.

If you are interested in a 'brown bag' lunch hour class, call 629-8005 and leave your name and telephone number.

Cisco VFW Post 10782 To Hold Meeting Nov. 3

On Friday, November 3, 1989 at 7:30 p.m., there will be an organizational meeting to establish an auxiliary to Cisco VFW Post 10782. The meeting will be held at Commander Robert Turner's house, 1507 Primrose, in Cisco. Newly joined members of that post and any prospective members are invited to attend.

District 8 President, Zoetta Struck, will be there to talk to new members and prospective members about the National and State programs conducted by the membership yearly. For more information, please call 629-2923 for President Struck, or 442-2102 for Mr. Robert or Mrs. Rosemary Turner.

Cross Plains Art Show To Be Held Nov. 3-5

The Cross Plains Paint and Palette Club will host its 16th annual art show Friday, Nov. 3, through Sunday, Nov. 5 with registration from 2 to 6 p.m. Friday. The show will open from 9 a.m. to 6 p.m. Saturday and 1 to 3:30 p.m. Sunday and features over \$400 in cash awards for the winning paintings. A drawing for door prizes will be held at 3:30 p.m. Sunday.

The show will be held in the Cross Plains Community Center which is located directly north of the Multi-Purpose Center. For more information call Marlene Sanders 817-725-7421 or Ozella Huddleston 817-725-6501.

Healthy calves are like money in the bank.

Now, that's not news to you. But a proven way to assure you'll have healthier calves... That's darn good news! Results of 1,734 nationwide feeding tests of Purina Mills Pre-Conditioning/Receiving Chow* prove it does the job. It improved health and performance of calves during the stressful periods of weaning and feedlot startup.

Total Animals Tested	72,811
Average In Weight (lbs)	475
Average Out Weight (lbs)	576
Average Days Fed	22
Average Daily Gain (lbs)	2.14
Average Gain per Head (lbs)	64
Average Feed Conversion	5.41

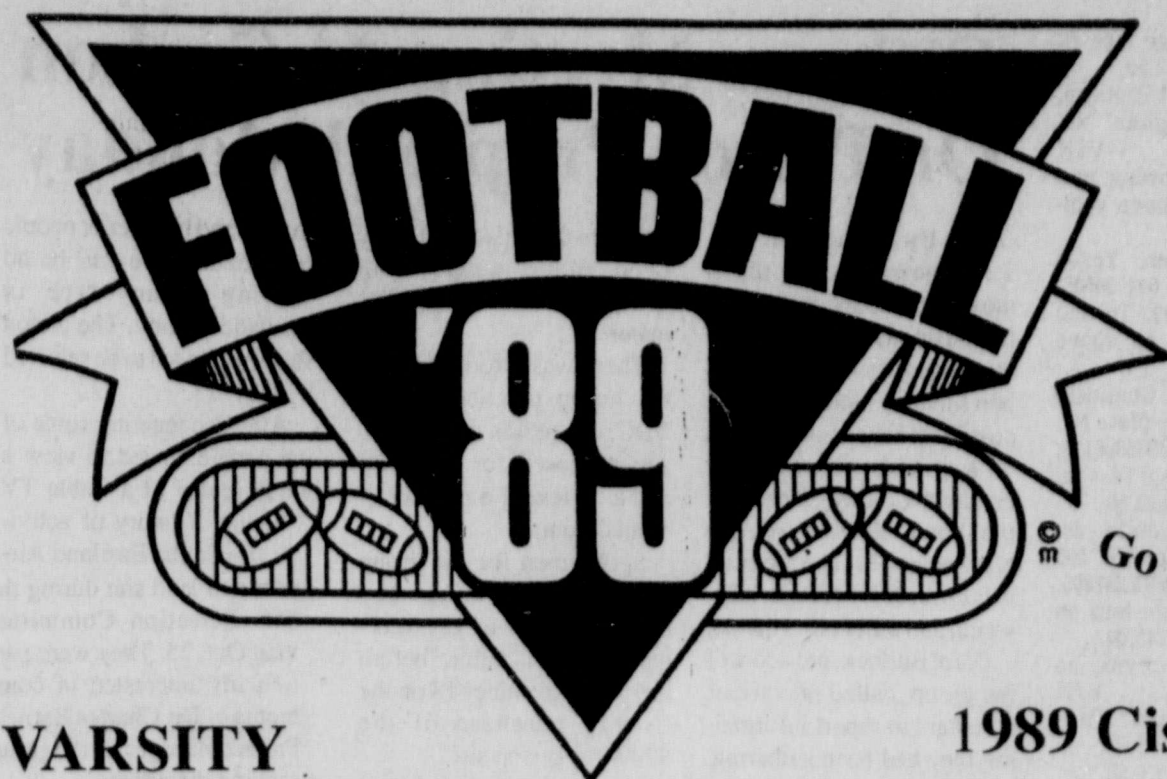

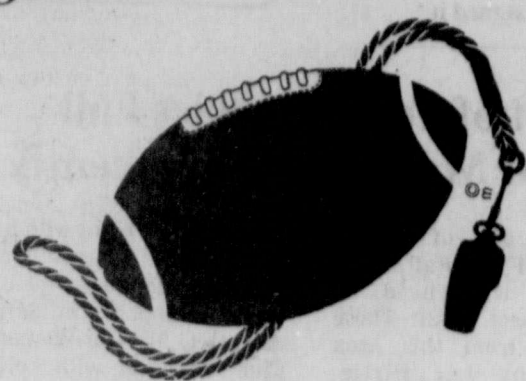

No other company offers results like these, because no one else offers our unique blend of nutrients and AS-700.

If healthy calves make sense to you, stop in, and we'll show you why Purina Pre-Conditioning/Receiving Chow is the feed you can bank on.

Hospital

The president of the Seymour hospital board, L.A. Allison, stated: "With a community like we have with a lot of older people, we realize that we need something nearby. Everyone feels that to lose a hospital would be very devastating. To lose Cisco's hospital would indeed be devastating - not only to the town and area but to the senior citizens who are the ones which have the greatest need for a local hospital."

Just refurbished two bedroom dwelling, carport and good location, \$12,500.00.

Three bedroom, two bath frame dwelling, about 120 ft. frontage, priced to sell.

Five room bungalow, good state of repair and good location with paved street.

A very desirable two bedroom frame, corner lot, in good repair, paved street and the price is, well you will like the price.

A solid two bedroom frame, ready to move in, large utility room and three lots with a lot of pecan trees.

Two bedroom on paved street very well worth the money and one you can afford at \$8,500.00.

Three bedroom frame, one bedroom very large and on paved street, owner needs to sell, this is your chance.

We have a nearly new roomy three bedroom brick with plenty of yard room, on paving, if you would like a very nice place this is it.

We are loaded with commercial buildings, anything you might want or need, ask us.
We have land, several blocks, 88 acres and on up to 480 acres. Eight places in all. In fact the 480 ac's is only \$195.00 per a. You can't beat that.
Due to cost we do not carry a large ad but, we have the property, and we are selling it, just ask us. We can always use good salable property.

We are selling the property and can use some more listings.

Citizens Meeting At Carbon On Prison Proposal Monday

By Viola Payne

A large group of people — mostly members of Citizens for Responsible Economic Development — met in Carbon Monday night. They discussed various issues related to a prison proposal for Eastland County, especially the bond election set for November 18. The meeting was covered by KTAB Television and other news media.

Carol Bullock, president of the group, called on various members to report information they had been gathering. A two-page comprehensive study called 'Water Facts' was distributed to the crowd. This contains much information

as to the capacity of Lake Leon, silting, water during drought periods, and other material.

There was information on the hiring practices of the TDC, discussion of the local site proposed for a prison, and a review of a number of related items.

Spokesmen for the group said the main thing they needed to do was get information to the public before the vote November 18 on the County purchase of the \$700,000 prison site.

Plans were made to go to Austin at times designated and register opposition to the prison. There will be limits as

to time and number of people permitted. There will be no hearing of any type in Eastland County. The prison site is supposed to be selected by Nov. 13.

After the meeting some of the people stayed to view a video replay of a Cable TV (Channel 8) story of activities around the Eastland Airport and land site during the Site Selection Committee visit Oct. 25. They were particularly interested in comments of Dr. Charles Barnes, Project Manager for the group seeking the prison.

As the meeting broke up one rancher said: 'They've been calling this 'Just a Car-

MEMBERS OF THE recently organized Cisco VFW Post No. 10782 Horsemen are shown in the above photograph. They are, left to right, John Hounshell, Walt Wilkerson, Frank Wilcoxon, Darrel Shipman, Chuck Stephenson and Doug Mims. Not shown are Ross Honea, Randy Honea and Ray Hounshell.

Local VFW Post Organizes Horse Riders

By JOHN HOUNSHELL
The Cisco VFW Post No. 10782 Horse Riders had their first practice session Saturday morning, Oct. 28. Several riders were there with some good young frisky horses. In fact, the horses appeared to be friskier than the riders.

At our last meeting we had decided to name our group The Cisco VFW Rough Riders, but after the meeting I discovered that the 4-H Club riding group is known as the "Ruff Riders," and many other clubs around the country seem to like that name too. Coming up with another name seemed the thing to do. After looking at the first few riders arrive and pull themselves up on their nags, myself included, my first thought was that Rough Riders may be a little misleading. We were more like "The Over The Hill Gang." When the rest of the

members arrived they looked like they had a few good years left, as I hope we all do, and may not consider themselves as over the hill. Everyone did a fine job considering the 30 mph wind that was blowing and the flags were really flapping around. Believe me holding a flag when the wind is blowing is almost impossible. Mr. Cotton and my wife were there taking pictures and it seemed like they took forever.

Our next practice session will be Saturday, Nov. 4, and we should show lots of improvement. All our horses need to trail some of our cows down a dusty road for about 12 hours and maybe they wouldn't be so frisky.

We definitely need some more good and younger riders if they are out there. This is going to be an on going long range group and some of us will be forced to

hang up our saddles for one reason or another. I believe in safety first and we need to work with that in mind to prevent injury to ourselves or to spectators along the parade route. Our first parade will be on Veterans Day, Nov. 11, in Abilene. This is a special day for us. This old grouch personally spent 25 years in the US Air Force, and since I'm nearly 70 now, I think I've learned the privilege of being a grouch.

If there is anyone who qualifies to join the VFW or already a member, and would like to ride with this new group, please contact me, John Hounshell, at 442-4823, or drive out the home of "Droopy," the Texas Longhorn steer on the Breckenridge Highway at the Cisco City Limits. A list of officers will appear in our next newspaper article.

A Thought For The Day...

What are the qualities that you admire most in people? Many come to mind. Truthfulness, kindness, courage and compassion are but a few. But what about persistence?... That determination to keep on going when things are tough; that refusal to give in to discouragement... It is a very important quality to possess.

Without persistence nothing of importance would ever get done. There is a story about Noah Webster that brings this to mind... In 1807 Webster wrote, "I hope to be able to finish my Complete Dictionary. It will require the incessant labor of from three to five years." He then spent the next twenty-one years working steadfastly on his Dictionary. His American Dictionary was finally published and critics today claim that it is "beyond praise or comparison."

This will to keep going... the will to refuse to give in... the will to continue is very much to be admired. Being a "persister" can be hard work, but it can bring much happiness and good feelings.

bon issue. Well, when we've got only 200 people in Carbon, but a petition (calling for the bond election) was signed by over 1,000 people, it looks to me like more than 'just Carbon' signed it.

Thousands read The Cisco Press all week long!

Heart of Texas District Fall Board Meeting Held Recently

The Heart of Texas District, FFWC, Fall Board meeting was held in Eldorado Oct. 20-21. Those attending from this area were Ruby Lee Pirtle, president-elect; Bernice Carter, and Elsie Barnes from De Leon.

The ladies stopped in San Angelo for a lovely visit with Miss Mayme Estes, a Cisco resident for many years who now lives in the Baptist Memorial Center. After a tour of the building they ate lunch with Miss Estes in the cafeteria.

After arriving in Eldorado later that afternoon, the ladies drove out to the ranch home of Mrs. Jewel Bailey

and spent the night with her. The 30th Annual Board Meeting began with opening ceremonies at 9 a.m. Saturday, Oct. 21. The Woman's Club was host with coffee and many delicacies.

In the absence of Mrs. Judy Mackey, the Heart of Texas President who was unable to attend due to illness in her family, it became the duty of Ruby Lee Pirtle, president-elect, to preside over the meeting. She was assisted by Mrs. Elsie Barnes, first vice-president. Many reports were given and special projects suggested.

All in all, it was a most successful workshop and planning session.
