# J's Jottin's

By J.E.

The following is the transcript of a taped message from Carol Brown, drama instructor at Cisco Junior College. As you know, Carol was injured in a fall a couple of weeks ago and underwent surgery in Dallas. It was reported that she may return to Cisco this weekend. The message is as follows:

"In the few years I have lived in Cisco, Texas, people ask me why I chose to live in a small town and in 1987 I said the reason I live in Cisco, Texas, is because of the people who are there. They all pull together when something happens in your life, and that was when Beau had his accident and the town really pulled together for us then. Now it is 1989 and I've had an accident, and I tell you what, this is why I keep living in Cisco, Texas. My friends, it's because of you. Your caring, your love, and your concern - that can't be beat, can't be equalled any place on the face of this earth. There's no place on earth like this for people who care about you.

I've received cards and flowers and calls, and Tom has received equally, and all of you who are our friends and acquaintances have rallied together to make these two weeks a lot easier. From 200 miles away I felt your prayers. Everytime you've asked God for help I've felt it. I felt it from 200 miles away. I felt the healing power and I thank each of you for all you have done to make this experience an easier one.

I can't wait to see each and every one of you when I get back to Cisco.

Thank you from Tom and from Beau and from me - Carol Brown."

We all wish Carol a speedy recovery.

The Blood Drive at Cisco Junior College last Monday was a success. Over 40 pints of blood were donated, many

by CJC students. And the sponsors of the drive, E.L. Graham Memorial Hospital's Auxiliary, expressed their appreciation to everyone who donated.

Mark your calendar for December 9. That's when Hilton's Community Christmas Celebration will be held, and this year promises to be the most beautiful one yet, according to word we received. Refreshments will be served and there will be a display of nativity scenes. More details will be announced soon.

A new feature at Finer Things is frozen foods by Ginny Page. Ginny has a selection of frozen casseroles, frozen desserts and frozen breads at the store. She will also have special foods for Thanksgiving and Christmas, and will take orders. Finer Things, located at 602 Conrad Hilton Ave., is open 10 a.m. to 5 p.m. Tuesday through Saturday.

Word has been received here of the death of Kurt Hornbeck, 23. He was killed Oct. 19 in an automobile accident in Fort Worth. The young man was the son of Mrs. Jeff Hornbeck, the former Camille Lee, who was raised in Cisco and graduated from Cisco High School. A memorial fund has been established at Texas Christian University in his honor.

## Tickets For Senior Play Go On Sale

Tickets go on sale this weekend for the Senior Play, presented by the Class of 1990. "A School for Nerds," produced by special arrangement with Pioneer Drama Service, Denver, Colorado, will be performed at the Cisco High School Auditorium on Monday, Nov. 13, at 7:30 p.m. Cost of admission will be \$2.00 for adults and \$1.50 for students.

## Gingerbread House Contest To Be Held In Cisco

The first-ever Gingerbread House Contest will be held in conjunction with the annual Christmas Market at the Hilton in Cisco Nov. 18-19. Sponsored by the Conrad N. Hilton Memorial Park & Community Center directors, contest winners will receive \$25 for first prize, \$15 for second and \$10 for third.

There will be one category of entries. Participants may be child or adult, male or female, one person, or group of people.

The entries must be homemade gingerbread, all parts of the house and decorations must be edible, and handmade (purchased cookies and candies such as jelly beans and mints are acceptable). The overall size must not exceed 12 inches in depth, 16 inches in width, and 12 inches in height.

Contestants should register by Nov. 15 so adequate display space will be available. Entries must be delivered to the Hilton by 8 a.m. Saturday, Nov. 18, and may not be picked up until Sunday, Nov. 19, between 5-6 p.m.

Winners will be determined by visitors to the Christmas Market, and the entry receiving the largest number of votes will be declared first prize winner; second highest number, second place; third highest, third prize.

For a donation of 15 percent of the sale price to the Hilton Community Center, entries may be sold by the participants at the completion of the Market.

For registration, please call Jo Ann Cermin, Hilton Director, at (817) 442-3200

after 6 p.m., or the Cisco Chamber of Commerce, (817) 442-2537.

after 6 p.m., or the Cisco Chamber of Commerce, (817) 442-2537.

after 6 p.m., or the Cisco Chamber of Commerce, (817) 442-2537.

## District 8-2A Executive Committee Rules Eastland Must Forfeit Football Games

The District 8-2A Executive Committee met on Thursday, November 2nd at 10:00 a.m. at the DeLeon Administration Office for the purpose of ruling on the eligibility of an Eastland football player. Members of the committee consist of: Dwaine Bills, executive officer, superintendent of DeLeon; Jerry Jackson, superintendent of Ranger; Keith Watkins, superintendent of Eastland, Roy Neff, superintendent of Dublin; Ray Saunders, superintendent of Cisco and Kenneth Standifer, superintendent of Jim Ned.

Mr. Bills presided over the meeting and the group was in executive session for 1½ hours, discussing all necessary items before reaching their decision. Also present at the meeting were: Bill Hoffman, lawyer representing Eastland I.S.D., Mr. Gary Upchurch, high school principal, Mr. Ron Sanderson, head football coach, Mr. Jim Moylan, board member E.I.S.D. and several members of the media.

The following was ruled by the committee according to Mr. Dwaine Bills:

The District Executive Committee of 8-2AA has to make a decision today that we regret having to make. I have talked with Dr. Bill Forney of the U.I.L. in Austin and he has said that the district executive committee has to declare the Eastland student ineligible according to Subchapter M, section 400 part B. which states: that a student is eligible if he is not a high school graduate. A high school graduate is defined in section 402 as a person if he received a degree or certificate from a high school or other institution of a higher or equal rank, received a graduate equivalency diploma, participated in the graduation exercises of a

high school or complied with the requirements for graduation at the beginning of the preceding year of study.

There is no appeal of this decision to the district or state executive committee.

Eastland will have to file a suit against the U.I.L. to challenge this ruling and/or file an injunction.

Eastland has not knowingly nor intentionally violated any rules of U.I.L. and we need to lend our support to Eastland as they pursue this matter in the judicial system.

According to Bill Hoffman, attorney for E.I.S.D., Tracy Alford, a student at Eastland dropped out and took a GED in April 1989 unbeknownst to the Eastland I.S.D. Was issued a certificate on June 12, 1989 by TEA (certificate of high school equivalency) and was going into the army. He decided to come back to school and was given an acknowledgement of rules form and was signed by Tracy and his mother. No attempt to deceive by Tracy or mother and no one knew of this document. According to U.I.L. rules, he laid out of all athletics for six weeks. He began to play for Eastland the week of October 6th.

On October 31st, the eligibility of a player was questioned by the Cisco principal in a phone call to the Eastland principal. After a short break, the committee went back into executive session and made their final decision according to section 700 on penalties.

A motion was made by Jim Ned and seconded by Dublin and was unanimously voted on the following decision: Eastland High School has played an ineligible player, Tracy D. Alford, in the

following ball games: Early-October 6th; Dublin-October 13th; Ranger-October 20th and Cisco-October 27, 1989 and they will forfeit these ballgames for the 1989 football season according to U.I.L. Rules.

The following resolution was adopted by the District 2-AA Executive Committee: Be it resolved by the District 8-2A Executive Committee That:

Said Executive Committee regrets the disqualification and forfeiture action it has been required to take this day against the E.I.S.D.;

Said Executive Committee fully believes that the eligibility violations was not knowingly or intentionally made by the student involved or the administration, staff or representatives of the E.I.S.D., that;

Said Executive Committee believes that the action of disqualification and forfeiture is a harsh and inequitable remedy that does not fit the circumstances or facts as presented, however;

Said Executive Committee believes that it is obligated by U.I.L. Rules to render such a decision regardless of how inequitable, unfair or unwitting it may seem, that;

Said Executive Committee fully supports E.I.S.D. in its efforts to fairly resolve this unpleasant situation and to bring this matter to an equitable resolution through other avenues available.

Dwaine Bills  
8-2A District Executive Committee, Chairman

If an injunction is filed by E.I.S.D. against the U.I.L., this action will nullify the actions taken by the District Executive Committee. In other words, Eastland can go on to the play-offs until the injunction is settled in court.

## Little Loboes Split Games With Dublin Thursday Night

The Dublin Lions roared through the Cisco seventh grade football team by a score of 20-6 with the help of several offensive fumbles and the aid of some outside kickoffs. Cisco's lone touchdown came on a great defensive play by Jesse Arnett as he batted a potential pass into the air then intercepted and returned it 47 yards for the touchdown. The try for extra points was not successful. Dusty Billrey headed up some defensive play that was the highlight of the night for the team. Coach Thompson said that our goal this year was for most of the team to gain experience and put forward their best effort during the game. The team has accomplished those goals.

The eighth grade Loboes played one of their strongest opponents in their game against Dublin. The Lions fielded their best junior high team in recent years. The final score ended in a tie of 22-22. The scoring for Cisco was shared by the following. Doug Jones chipped in two touchdowns while Brody Honea scored one. Jeff McCoy ran for two points and End Dusty Ferguson snared a pass for two more points. Halfback Reagan Pence had several nice runs but did not have the opportunity to get it in the end zone. The defensive play was led by Matt Schaefer, B.J. Rains, Elias Sanchez and Mike Harrison. Coach Kent said that the team played hard and that their effort would have resulted in a victory against most of the teams in the district.

The junior high teams end the season this Thursday night against the Jim Ned Indians. Let's all turn out and show our appreciation to the teams for their efforts this year. It would be a very successful way to end the season by taking two scalps from the visiting Indians.

## Cisco Elementary School Update

The big news is that the overall attendance percentage for 19 days of October was 98.05 percent. Mr. Lindsey was very pleased.

The following lists the room winners in each grade.

K- Mrs. Denison, 99.06 percent.

1- Mrs. Webb, 99.47 percent.

2- Mrs. White, 98.63 percent.

3- Miss Gosnell, 100 percent.

4- Mrs. Kirk, 99.09 percent.

5- Mrs. Bassham, 98.11 percent.

6- Mrs. Choate, 98.61 percent.

Each of these rooms will get a party for high attendance hosted by Mr. Lindsey. As a special reward, each student that had perfect attendance for the month received a Susan B. Anthony dollar. Mr. Lindsey gave away 381 dollars!! Wonderful! Thank you to everyone that made a special effort to be at school.

Susan Watts, elementary PE teacher, reported the 4th grade has been playing Frisbee Golf. They played 9 holes complete with obstacles and flags. Hula hoops were used as holes. It was a par 27 course. Best scores were by Gary Franqui and Manuel Flores with a 19 for all 9 holes. Thirteen students made a "hole-in-one." Anthony Flores, Chris Johnson, Manuel Flores, Zach Thomas, Walt Wilkerson, Tim Lawrence, Vanessa Reed, Kylie Midkiff, Jessica Hamilton, Mattie Berry, Bryan Basket, Seimon Wing and Thad Dautevil.

The best team score was turned in by Zach Thomas, (watch out Jim Puryear, Delbert Schaefer and Steve

Thomas), Sara Thomas, Walt Wilkerson, Tavia Lee, Billy Bisbee, Thad Dautevil and Tim Lawrence. The kids had a great time and they all did very well! Next week the 5th and 6th graders will be working on flag football skills. They will be playing games next week. Miss Watts is assisted by Kris Bromley from Cisco who is doing her student teaching this semester.

The second grade recently heard about Australia from Sarkis Morkis-doughfi, a CJC student from Australia.

The kindergarten students made beautiful fall leaves and they are hanging from the ceiling in the hall. They used cardboard, construction paper, tissue paper, paint and glue. They are so pretty.

The winners of Mrs. White's book reading contest for October are Marie Floyd, Cayla Petree and Darla Leach. The whole class read 124 books. The title of each book read is written on the leaves on a tree in their classroom.

Picture retakes will be on Nov. 10.

The second order of Cisco Lobo T-shirts and caps sold by PTO is here. Caps are one size fits all and \$7.50. T-shirts in youth sizes 6-8, 10-12, and 14-16 and adult large and X-large are \$5.00. T-shirts are also available in XX-large for \$6.50. They are on sale at the elementary school from 2 to 2:45 each afternoon and Mr. Puryear has some in his office at the junior high. You can call 442-3833 or 442-4616 for special arrangements to get me.

Sarah Hounshell  
PTO Reporter

## Key Votes, Dates Coming Up

If calendars ticked, the count-off of days probably could be heard throughout Eastland County.

Dates for elections and major events loom just around the November corner.

Tuesday, Nov. 7th, is date for the statewide General Election with 21 proposed Constitutional Amendments to be decided.

Polls will be open at nine voting sites in Eastland County from 7 a.m. to 7 p.m. Absentee voting for this election ended at 5 p.m. Friday at the County Clerk's office.

Absentee voting continues at the same office for the Nov. 18th county election which will determine voters' choice on the purchase of land for a proposed prison in this county. Absentee for this election ends at 5 p.m. on Nov. 14th.

County advocates for welcoming a prison here have until Nov. 6th to get their last-minute proposals, etc., to Austin. The county's application was one of 46 locations originally made to the state. Twenty applicants have already been rejected and another sifting is due to be made on Nov. 8th, reducing 26 remaining down to 12.

A public hearing will be

held in Austin on Nov. 13th at which both advocates and opponents will be given equal time to be heard.

The final state choices of the six sites to be approved is expected to be announced on Tuesday, Nov. 14th.

Efforts to attract a prison here were initiated after a number visited other units. The county-wide group known as Eastland County Economic Development Council has worked in cooperation with the volunteer direction of Dr. Charles Barnes. Applicants throughout the state have made various incentive offers to be selected and all were required to offer land at no cost to the state.

Since the various industrial foundations in this county have limited financial means, the County Commissioners Court was asked to assist through the provision of funds to purchase some 900 acres of land between Eastland and Carbon which has been deemed suitable for the prison.

The original resolution by the court provided this possibility through the issuance of certificates of obligation "and/or other means..." provision which limited the court to the certificates of obligation.

tion and petitioned for a county-wide election on that to determine if the citizens want the court to provide the funds for the land purchase.

## Candidates May File Monday

Monday, November 6, 1989, will be the first day candidates may file to have their name placed on the ballot for the January 20, 1990, City General Election for the unexpired term of Council Phase II. Anyone wishing to file may do so at the office of the City Secretary at City Hall during normal working hours. Candidates may file through December 6, 1989.

## Girls Scrimmage Baird Tuesday

The Cisco High School varsity girls basketball team will scrimmage Baird at 4 p.m. Tuesday at the CHS gym. Admission will be one bar of hand soap.

The first junior high games will be Monday, Nov. 20, when the 7th and 8th boys play Dublin here, and the 7th and 8th girls travel to Dublin for a 5 p.m. game.

On Tuesday, Nov. 14, the varsity girls and boys teams and the junior varsity boys team will play Lingleville here for their first action. Game time will be 5 p.m.

## CHURCH SERVICES Redeemer Lutheran Church

Our worship service begins at 10:30 a.m. Pastor DuBois's sermon is entitled, "Past, Present, and Future" and is based on II Thessalonians 2:13-3:5. Sunday School and Bible class begins at 9:30 a.m.

When people are religious, does it put them on easy street? No, not according to the Rev. Wallace Schultz. "It takes time, discipline, and energy to please God. At least, this is what society says. But the apostle Paul says something much different."

Don't miss the Lutheran Hour broadcast, "Faith Spells Relief and Joy," based on Phil. 3:9, on radio station KSTB (1430) at 7:04 a.m. and at 8 a.m. on KBWT (1380) and at 8:30 a.m. on KFQX (1470).

Today, Youth meeting is at 3 p.m.

Wednesday, Nursing Home worships at 10 a.m. Second year Confirmation instruction is at 3:30 p.m. Elders meet at 7:30 p.m.

Thursday, Jesus' Friends meet at 9:30 a.m.

CLAY LORANCE

### Clay Lorange Nominated For Congressional Scholar

Tommy Clay Lorange, junior student at Cisco High School, has been nominated to become a Congressional Scholar representing Texas in the National Young Leaders Conference to be held January 16-21, 1990, in Washington, D.C.

As a Congressional Scholar he will be one of a select group of high school students chosen to participate in this unique program, distinguishing him as one of the nation's outstanding young leaders of tomorrow.

Upon Clay's acceptance to

the National Young Leaders Conference, he will spend a week meeting with high-ranking administration officials, senators and representatives, members of the Washington diplomatic corps, national journalists and prominent scholars. He will leave with a deeper understanding of our democratic system of government and better equipped to take on the leadership challenges of tomorrow.

After attending the conference he will receive the prestigious National Youth Leadership Award.

### School Menu

The menus for Cisco schools for the week of November 6-10 have been announced as follows:

#### MONDAY

Breakfast-- Toast, jelly, orange juice and milk.  
Lunch-- Pizza, buttered corn, diced peaches and brownies.

#### TUESDAY

Breakfast-- Oatmeal, sausage, apple juice and milk.  
Lunch-- Hamburgers, lettuce and pickles, French fries, jello with fruit.

#### WEDNESDAY

Breakfast-- Breakfast burrito, fruit juice and milk.  
Lunch-- Spaghetti, English peas, tossed salad, garlic toast, and cake.

#### THURSDAY

Breakfast-- Cinnamon toast, cranapple juice and milk.  
Lunch-- Burritos with chili, pinto beans, pears, cornbread and cookies.

#### FRIDAY

Breakfast-- Cinnamon roll, grape juice and milk.  
Lunch-- Baked ham, glazed carrots, mashed potatoes, fruit cup and roll.

### Legal

#### NOTICE OF PUBLIC AUCTION. CITY OF CISCO. TEXAS

The Cisco Police Department will be holding a public auction on abandoned motor vehicles.

Date: Saturday, November 11, 1989.  
Time: 10:00 A.M.

Place: Ted's and Rex's One Stop, North Highway 6.

Auctioneer: Alfred Green.

Failure of the owner or lien holder(s) to exercise their right to reclaim the vehicle (by payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody) within the time provided shall be deemed a waiver by the owner and all lien holders of all right, title and interest in the vehicle and their consent to the sale of the abandoned motor vehicle at Public Auction, according to Article 5.05 of Article V of the Texas Litter Abatement Act (relating to vehicles left in storage facilities).

Vehicles as listed with minimum bids:

1. 1983 Nissan, Colorado temporary tag No. 57333X, VIN TN1HT115ET104048. Towing and storage fees on above vehicle: \$643.50.

2. 1977 Chevrolet Camaro, Florida license plate No. DPG 88Q, VIN 1S87U7L523728. Towing and storage fees on above vehicle: \$750.00.

3. 1978 Chrysler, Texas license plate No. 544 MSE, VIN FH41686288899. Towing and storage fees on above vehicle: \$922.50.

4. 1977 Lincoln Continental, Arizona license plate No. VXL 366, VIN 8Y895806116. Towing and storage fees on above vehicle: \$1,222.50.

5. 1979 Oldsmobile 88, Texas license plate No. 595 JBR, VIN 3N37Y9X237805. Towing and storage fees on above vehicle: \$1,245.00.

6. 1982 Mercury Lynx, no license plate, VIN 1MEBP6123CR601005. Towing and storage fees on above vehicle: \$1,576.50.

7. 1975 Ford Mustang, California license plate No. 135 KYN, VIN 4F04Y270102. Towing and storage fees on above vehicle: \$2,002.50.

8. 1982 Chevrolet pickup, Texas license plate No. 371 2LZ, VIN 1GDC14HZC392950. Towing and storage fees on above vehicle: \$2,152.50.

9. 1977 Buick Electra, Texas license plate No. ZDE 841, VIN 4V31J7H496924.

### Letters To The Editor

Dear Editor:

The hospital tax for the Cisco Hospital District has been set by the Board. As with any property tax, value of the property is the only consideration unless the taxpayer is 65 and over or is totally disabled, which qualifies the home owner for a \$12,000 deduction from valuation before the tax is levied.

This means that older, retired folks of the community bear a much smaller burden of supporting health care, even though as a group they receive a much greater benefit by having access to a local hospital. That is the way it should be.

If you rent the place in which you live, then you pay no direct tax. If your resident homestead property is \$12,000 or less, you pay no hospital tax; if you are 65 or older or disabled or your property value is small, your tax is small. If you have much real estate, your tax is much higher. That is the way it should be.

For a person or family over 65, the tax is \$1.88 a month or 6.2 cents a day on a home that is valued at \$20,000. What a bargain to have health-care ACCESS locally for that small amount! On the other hand, a family with \$100,000 real estate value and no age deduction has a hospital tax of \$23.33 a month or 77 cents

a day. That family also has ACCESS to immediate health care locally.

What should you do? Help insure a positive future for health care in Cisco. Vote AGAINST the tax rollback. Help to retain the hospital by urging your friends to vote AGAINST the rollback.

To do otherwise could sound the death knell for the city and the area. Access to hospital facilities could end up 10 miles away with a larger tax for you to pay, or it might end up 50 miles away with much additional expense. The tax rollback would reduce the tax by 50 percent, but would eliminate local health care and still up costs.

Know what your actual increase in hospital tax is by comparing the new tax statement with last year's. That gets it to dollars and cents. It is listed on the statement as Cisco H.D.

Maybe you will never need the local hospital service. But your friends and neighbors do. In addition to those people, there is an average of 60 older folk in the nursing home here, and they depend daily on the local hospital service.

Please, please vote AGAINST the tax rollback.

Sincerely,  
Bill Philpott  
PEOPLE FOR PROGRESS

# Engagements

Mr. and Mrs. Cary Dane Miller of Richmond, Texas, announce the engagement and forthcoming marriage of their daughter, Miss Candis Leigh Miller of Fort Worth, to John Wesley Clinton, Jr. of Bedford. He is the son of Rev. and Mrs. John W. Clinton of Cisco.

The wedding will be at 7 p.m. Saturday, Nov. 11, 1989, at Graber Road Church of Christ, Rosenberg, Texas.

The bride-elect graduated from Terry High School in Rosenberg. She is a graduate of Abilene Christian University and is employed as a display director by Ellison's Furniture in Fort Worth.

The prospective bridegroom is a graduate of Cisco High School and Elkin's Institute of Photography in Dallas. He is a free lance photographer.

## Reunion Saturday

The 9th Annual Reunion for all former employees of the Vassarette of Munsingwear and the old Hollywood-Maxwell Companies will be held Saturday, Nov. 4th, from 10:00 a.m. until 2:30 p.m. at Camp Inspiration. A covered dish lunch will be served at noon.

## Notice

The Eastland County Resource Association's November meeting will be held at 12 noon Tuesday, Nov. 21 instead of on the regular meeting date of Nov. 14, reports Corrie Cowley, Association

President. The meeting will be at the usual place, the Research Room of Eastland Centennial Memorial Library.

All members and other interested people are encouraged to attend. There will be important business concerning expenditures for emergency help, and further plans made for the winter season.

**STANDING UP STARTS NOW;  
VOTING STARTS TUESDAY**

An Editorial By H.V.O.

The time is now for those who know the benefits of a state prison in this county to stand up, be vocal and let it be known from the courthouse to the statehouse, that yes, we do indeed want and welcome the opportunity to have a state prison right here!

All of us who are eligible voters should go to our voting place Tuesday and mark our ballots in the General Election where there's 21 important Constitutional Amendments to be decided.

This county should give No. Eight a big "FOR" vote. It's the one that'll provide state funds for additional prisons and mental health facilities. That's got to be okayed stateside and we can do our part.

(The Volunteer Firemen are asking us to vote "FOR" No. 17 which will help provide funds to local departments.)

And starting right now, a lot of folks should start setting records straight. There's been a lot of misinformation circulating.

Here are some basic facts that need to be digested: Eastland County's economy is hurting.

The big prison here would provide two years of heavy construction. That's jobs. Payrolls. That's another oil boom. That's filling up empty buildings. That's keeping young folks and young families here. Anybody against that?

Once completed, the big prison would employ 800 people. No, they wouldn't all come from this county. There aren't that many qualified people here. But our local people have the same chance as any to make application, take tests, and if accepted, taking training and have good jobs here.

Sure there'd be a lot of people come in here to work. They'd buy, build or rent. They'd buy groceries, clothes, eat in cafes, buy gasoline and spend their money with the folks who welcome them.

Payroll: \$19 million a year. A million, point six a month. Anybody against that?

So you're not exactly wild about a prison. You'd rather see a GMC assembly plant. A 3M plant. Okay. But they're not looking at us as far as is known. There's nothing big looking. So far as we know, there nothing little looking.

A state prison IS POSSIBLE. A state prison is permanent. They don't shut down. They don't have layoffs. They pay their bills. Their employees ARE EXPECTED to be active citizens in their communities.

Their kids go to local schools, and the local schools get state money to educate them. They've helped keep schools open in a lot of East Texas towns.

So far as we've heard nobody's even conjectured on the auxiliary, additional and bonus things that would come here if the county's population should increase by 800 households.

Can you even imagine the service facilities that would situate to be in line to cash paychecks: butchers, bakers and candlestick makers. You just fill in the blanks with whatever type of shop or firm you'd like to see. It'd be here in spades. Anybody object to that kind of development?

And has anybody even stopped to consider that this prison is going to be a manufacturer, farmer, a cannery, or some type of supplier to itself and to the state's other prison facilities. There's likely to be an unbelievable associated area of commerce which would further enhance this area's economy in ways that we can't even imagine. Anybody object to that?

Cost? Here's where there's been a lot of misinformation. First off: it will cost us all something, but the alternative will cost us more. And these costs are good investments.

Isn't it strange that the folks in Eastland county who have worked so hard and who are still working hard for the good of the entire county are being called by some as selfish, greedy and unwise. That's sure garbage! Are the folks in the other 45 towns who applied, greedy and unwise. Are the folks in Abilene who are working to get a prison, greedy and unwise?

No and neither are the folks here who see the possibilities.

Are the people in Coleman greedy and unwise because they are presently celebrating the signing of an agreement with a private entity which is going to build a prison there.

Ours could be a state facility, built at state expense. Consider this: The \$700,000.00 that the county's being asked to provide to buy the land for the prison represents about one percent of what the state will spend to build the facility here.

Who will say that the one per cent is not a good investment, for 99 per cent? Not me.

The oft-repeated statement that a prison here might force us to add as many as 25 beds to the local county jail is probably among the most ridiculous.

The prison itself would help reduce census at the local jail. All prisoners are processed in and out of

Huntsville, so there undoubtedly would be frequent traffic between there and this prison, so prisoners being held for transport in our local jail probably could be moved out quicker.

Taxes? First of all, you'd better know that they are going up—whether the prison or grand central station comes here.

Why? Because property values have dropped. Because of our sick economy, there are fewer people here now paying taxes. Wouldn't it be good to have new business owners and home owners helping pay taxes with us? Anybody object to that?

Very few, if any, employees will live on prison property so don't fall for the tale that they won't be paying taxes too.

True the state doesn't pay taxes on the land but two new homes would more than offset what is now being collected for the ag-rated land. And the state pays their bills.

Water? There's plenty in Lake Leon, and even if the prison doesn't come, treatment and delivery systems are going to be improved. If the prison comes, it will help pay its share and more. Don't believe otherwise.

Sewer Treatment? Same story. Local facilities are going to be improved, prison or no. If the prison comes, it will pay its share and more. Which do you prefer?

Forty six towns, counties are areas asked for a prison. Eastland County is among the 26 still in the running. Clear thinkers believe our chances are good: geography, politics and common sense make this an ideal location.

B-R-O-A-D county-wide support could help make it happen.

Some public officials have visited a prison facility and know the facts. Some others haven't even bothered.

Brassiere factories carried us through some economic slumps. Oil had its day. Agriculture is a highly appreciated mainstay, but it doesn't provide the year-around jobs that make for a stable economy. Military facilities are often the most fragile industries of all.

A prison? They're seen in many lights: A preacher friend of ours who's not afraid to stand up and be numbered, sees them as mission fields, ripe unto harvest.

Danger? Escapes are very rare in these units but we'd be so bold as to suggest that we here in this county would be in greater danger from escaping prisoners from a facility in Abilene than we would from one here. This is just about where'd they'd run out of gas from their stolen car, and start looking for refills.

Who'd be helped? Just about everybody. The hospitals could be boosted beyond their wildest dreams. It happened in Snyder when a prison opened there. In addition to contractual agreements, which would be fur-lined money-makers, the bounty of employees would be insured patients, and not Medicare cases. Cisco and Ranger hospital officials have already learned of the benefits.

The two junior colleges in this county would be boosted unbelievably. Education is very much a part of the Texas rehabilitation program.

This whole undertaking has been most unusual, and certainly there's been some mistakes made which can't be corrected now. They could be forgotten—in the interest of what's best for the future of our children and our children's children.

This very well could be Eastland County's golden opportunity. The one shot chance to avoid the destiny of so many rural areas which evolve to empty buildings and deserted streets, becoming ghosts of their former selves because their inhabitants didn't have the vision, the faith and the true sense of community which asks first, "what's best for all of us."

We don't have to lose our uniqueness, but to survive, we must have jobs for those who want to save the things that make us unique.

Let's make a solid front "FOR" something and let it be known that we have a Sense of Community.

The prisons are coming west. Do we profit or perish?

A LITTLE POSITIVE thing that you could do. Call (442-3413) or write (Box 568, Cisco) the Eastland County Economic Development Council and say:

"I'm for a prison in Eastland County. "What can I do to help?"

Highway 80 East Eastland, Texas

Sunday, November 5, 1989  
**Fishing Outdoors**

By Terry Wilson

Area crappie anglers are enjoying some good to excellent fishing at Lake Leon at present. Fishers in the river section have been reporting good catches with number fair in the 3/4 to 1 3/4 pound range. The main lake anglers seem to be experiencing better numbers but one day is quality 3/4 to 2 pound crappie and the next are wonder fish. A wonder fish is one that it's a wonder it wasn't big enough to keep.

With these recent catches turning up it appears this winter will be an excellent year for those famous Lake Leon crappie runs we have known in years past. Minnows slowly give way to flea flies and other small pan fish jigs as top producers.

The bass fishing at Leon has slowed some for many anglers, but one gentleman reported two limits caught and released in four hours of fishing. The location was not revealed but the bait was. The old standby for Leon, purple and white worm did the trick. The largest black reported was four pounds.

Leon's hybrid stripers have been active the past few weeks in the mid lake area around Bird Island. Top water and shad running baits seem to be producing best.

A few of the smallmouth bass at Lake Cisco have surfaced again, one over four pounds was taken on a crawdad colored bomber

model A. These bronze backs drew alot of pressure when first placed in Lake Cisco and very few that were caught were released by anglers. And this is sad because as we all know if you kill your catch if can't be caught. Without continued stockings from T.P.W.D. officials it looks like due to the anglers keeping these beauties smallmouth won't be close at hand again. All E.C.B.C. members are urged to attend the November tournament. It will be held Sunday, Nov. 12, 1989. The chosen lake will be posted here next week in 'Fishing Outdoors'. Till next time 'keep a crappie for the table' and let those bass go.

(Ask Your Neighbor)

Lou Rodenberger, author and associate professor of English at Abilene's McMurry College, will be the featured speaker for the November luncheon meeting of the Eastland Civic League and Garden Club to be held at 12:00 noon, November 8th at the Club House.

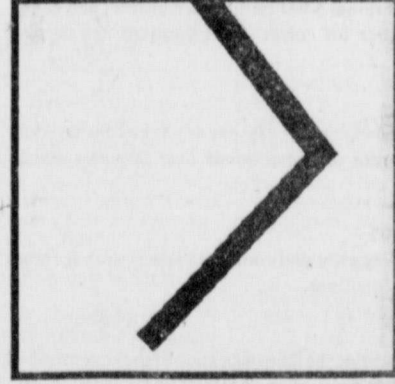

**VOTE FORWARD  
FOR EASTLAND COUNTY**

**FOR**

**PROPOSITION 8  
ON NOV. 7**

**FOR**

**THE LAND PLAN  
ON NOV. 18**

#### PROPOSITION 1—HJR 102 (1)

To limit the salary of the Lieutenant Governor and the Speaker of the House of Representatives to not more than one-half of the Governor's salary and to limit the salary of a member of the Legislature to not more than one-fourth of the Governor's salary.

- **For**  
Legislators are long over-due for a salary increase from the \$600 a month they are currently making. This salary level ranks them 36th out of 50 states.
- **Against**  
Amendment is deceptive; "to limit the salary" actually triples their pay and removes forever taxpayers ability to control their pay scale. Future raises would be tied to the Governor's salary and therefore, the legislators would get a pay raise simply by raising the Governor's salary.

#### PROPOSITION 2—SJR 5

Authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes.

- **For**  
The state must continue to protect and preserve its important water resources through such a comprehensive approach.
- **Against:**  
The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Water promoters already have from previous elections \$1.38 billion in state bond money approved but unused.

#### PROPOSITION 3—HJR 51

Authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses.

- **For**  
In today's economy, it is difficult for the agriculture industry and for small businesses to survive. The state dollars would serve to boost these industries and to improve the economy.

#### □ Against

The state should not finance "risky" businesses who cannot obtain financing through regular sources. Voters rejected an almost identical proposal in 1987, because voters object to increasing state debt to subsidize private business.

#### PROPOSITION 4—HJR 13

To authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation.

- **For**  
Historically, charitable organizations have not been subject to taxes. This amendment would make clear a previous law and ease the burden making sure charitable organizations maintain their tax-exempt status.

#### □ Against

By including charitable organizations on property tax rolls, it increases revenues for cities. Charitable groups, including the veterans, already receive enough benefits.

#### PROPOSITION 5—SJR 11

Promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing, or fabricating.

- **For**  
The "freeport" exemption would encourage companies to bring their business to Texas, creating more jobs and bolstering economic development in the state. Proponents say this will boost free enterprise in Texas.

#### □ Against

Such an exemption may result in lost revenues to municipal governments.

#### PROPOSITION 6—HJR 4

Authorizing the members of a hospital district governing board to serve four year terms.

- **For**  
Allowing for extended terms gives greater flexibility in order to meet local needs. Extended, staggered terms allows elections to coincide with county elections, saving tax dollars.

#### □ Against

Two year terms make board members more accountable to the public and opponents feel it limits government.

#### PROPOSITION 7—HJR 40

To require that a member of the Legislature, the Secretary of State, and an elected or appointed officer, before assuming office sign a written oath stating that the member, the Secretary of State, or the officer did not engage in bribery to obtain the office.

- **For**  
The written statement, which would eliminate the part of the present oral oath relating to bribery, would have greater significance. The new oath would be shorter and more similar to those used by other states.

#### □ Against

The oral sworn statement against bribery has been used for more than a century. There is no need to fix what is not broken. Why waste tax dollars on another method, when the current one is satisfactory and more cost effective.

#### PROPOSITION 8—SJR 24

Authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities.

- **For**  
Measure provides an additional \$400 million to construct and equip badly needed new facilities for correction institutions and mental retardation institutions.

#### □ Against

The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Total repayment on these bonds over 20 years equals \$809.7 million.

#### PROPOSITION 9—HJR 101

Authorizing the legislature to organize and combine various state agencies that perform criminal justice functions.

- **For**  
Measure attempts to streamline the administration of the state criminal justice system, eliminating duplication of efforts by departments and opening communication in the system.

#### □ Against

The plan eliminates the separation of powers among the three branches of government needed to provide checks and balances especially crucial in the criminal justice area to protect the accused.

#### PROPOSITION 10—SJR 4

Authorizing the Legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense.

- **For**  
Allows the jurors to know how much of a prison sentence the defendant would actually be required to serve.

#### □ Against

Such knowledge would add confusion to the process and cause jurors to impose longer prison sentences.

#### PROPOSITION 11—HJR 102 (2)

To set the amount of per diem received by a member of the Legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business.

- **For**  
Increasing the per diem from \$30 a day to \$81 is justified since costs for room and board during the 140 day session has increased significantly.

- **Against**  
Future per diem increases would be automatic and the citizens would no longer have a vote to control the amount of per diem paid to the Legislators.

#### PROPOSITION 12—SJR 53

To provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts.

- **For**  
School districts would be able to save money with this program, as it makes use of less expensive bond money.

#### □ Against

The program would allow the state to evade the constitutional requirement for voter approval of all state debt created through general obligation bonds.

#### PROPOSITION 13—HJR 19

Providing a bill of rights for crime victims.

- **For**  
By recognizing their rights, crime victims would be guaranteed a more active role in the judicial process. For too long, victims of crime have not been given free access to the judicial process, even to the extent of being barred from the courtroom. Seeing a criminal brought to justice is a very small repayment for the injuries suffered by the victim of crime.

#### □ Against

Victims should be given every courtesy, but their rights should not be allowed to undermine the principle of the accused being innocent until proven guilty. Too, a criminal defendant might feel harassed having the victim in court during proceedings.

#### PROPOSITION 14—SJR 71

Requiring a District Attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for Criminal District Attorneys.

- **For**  
Passage would ease the transition as Fort Bend County divides the office of Criminal District Attorney into two new offices of District Attorney and County Attorney.

#### □ Against

Voters statewide do not need to resolve the whims of local officials in one out of 254 counties. The proposal is an attempt to avoid a gubernatorial appointment, the normal procedure, for the new office of District Attorney.

#### PROPOSITION 15—HJR 32

Authorizing the Legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes.

- **For**  
Hundreds of legitimate charitable groups, unaware of the present illegality, use raffles now to raise funds.

#### □ Against

Raffles only open the door still wider to legalized gambling. A previous exception for bingo has been abused by commercial operators, gaining little for charities. Opponents feel this amendment goes against traditional family values.

#### PROPOSITION 16—SJR 34

Granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature.

- **For**  
Local option elections to create such entities better reflect the will of the citizenry.

#### □ Against

The proposal would cause a proliferation of hospital districts, with taxing authority, to be established in haste.

#### PROPOSITION 17—HJR 33

Authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members.

- **For**  
State assistance would benefit smaller communities which cannot afford to provide adequate services.

#### □ Against

State money should not be used to finance a local concern when other financing alternatives already exist.

#### PROPOSITION 18—SJR 44

To eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds.

- **For**  
Passage would provide for the implementation of the \$200 million Agricultural Water Conservation Bond Program authorized in 1985. The nine-week "window" now available for issuance of the bonds is too narrow.

#### □ Against

The time limits built into bond programs are there to insure their proper usage and to prevent unnecessary state debt. The time limit should not be disregarded. \$200 million is also far more money than the program is ever likely to use.

#### PROPOSITION 19—SJR 59

To authorize local governments to invest their funds as provided by law.

- **For**  
Passage would allow local governments to earn a better rate of return on their money.

BY TEXAS SECRETARY OF STATE  
GEORGE S. BAYOUD JR.

Important issues will be decided when Texas voters head to the polls Nov. 7 to consider 21 state constitutional amendment proposals. The fate of many of these propositions could shape the future of our state for generations to come.

The Texas Constitution is the fabric of our state's laws. Since its adoption in 1876, our Constitution has been amended 307 times. When proposed amendments to this basic document are to be considered, it is imperative that all Texas who are registered to vote participate in the process.

Unfortunately, history tells us that despite the importance of constitutional amendment elections, they generally yield low statewide voter turnout totals. We need to turn the table on history and change this voting trend. There's no better time to start than Nov. 7, 1989.

Two years ago, Texas voters were asked to consider 25 constitutional amendment proposals. That statewide ballot also included the controversial pari-mutuel wagering issue. About 25 percent of the state's registered voters turned out in that election to adopt 20 of the 25 constitutional amendments to endorse pari-mutuel wagering.

In past constitutional amendment elections, however, the statewide turnout rate has averaged between 10 percent and 15 percent. Interest in the pari-mutuel issue is credited with the above average turnout in 1987.

Fellow Texans, we must do better. The issues are too important to let a small number of people decide their outcome.

To put the turnout rate for constitutional amendment elections in perspective, 66 percent of registered Texas voters cast ballots in last November's presidential election. In years when Texas voters elect a governor, the turnout rate usually hovers around 50 percent.

Whether the issues are electing a president or changing

the state Constitution, it is the fundamental responsibility of every Texan to participate in the electoral process. Democracy's most precious gift to its citizens is the right to vote. That right must not be forsaken.

Some election observers attribute low voter turnout in constitutional amendment elections to confusing ballot language and uninspiring issues. Those are lame excuses. If you are confused by the propositions and their potential effect, take a little time to study them. During the election period, the media will conduct a comprehensive campaign to explain and analyze the proposed amendments.

It's also extremely unfair to characterize potential changes to our state's Constitution as uninspiring. Any attempt to alter language in the Constitution is significant and should be thoughtfully considered by all Texans.

Another reason why it is important for Texans to vote Nov. 7 is because in many areas key local issues also will be decided. While the statewide ballot will include the 21 proposed constitutional amendments, some local ballots also will include city council, school board, bond elections and other issues.

Voters in Houston, for example, will elect a mayor also fill other municipal, school and community college posts - and even a U.S. congressional seat.

Under a 1987 state law, prospective voters need not give a specific reason for casting absentee ballots. This law gives registered voters the option of casting absentee ballots in person during a 17-day period, which ends four days before Election Day.

My office is anxious to determine what effect this "no-excuses" absentee voting law will have on the Nov. 7 election. With this law now on the books, you will be hard-pressed to find an excuse for not voting.

As Texas' chief elections officer, it is my responsibility to encourage you to exercise your constitutional right. It is your responsibility to go out and vote. Your vote can make a difference.

The proposed amendments and a brief explanation follow:

- Proposition 1 would raise the salaries of state lawmakers to one-fourth of the governor's salary, and increase the salaries of lieutenant governor and the Texas House speaker to one-half of the governor's salary.

- Proposition 2 would authorize the issuance of \$500 million in Texas Water Development Bonds for water

supply, water quality and flood control projects.

- Proposition 3 would authorize the issuance of \$75 million in bonds to establish programs to assist in the development of small businesses, agricultural production or new and improved products within the state.

- Proposition 4 would authorize the Legislature to exempt from ad valorem taxation certain property of non-profit veterans' organizations.

- Proposition 5 would authorize the exemption from ad valorem taxation certain personal property temporarily in the state. This proposition would provide a so-called "freeport exemption" from taxes for goods that are in the state no more than 175 days for processing and manufacturing purposes.

- Proposition 6 would allow hospital district board members to serve four-year terms.

- Proposition 7 would remove the bribery provision in the oath of office required of elected and appointed officers. The proposition would place the bribery provision in a written oath that officeholders would have to sign.

- Proposition 8 would authorize the issuance of up to \$400 million in bonds for state prison system expansion and other criminal justice and mental health construction projects.

- Proposition 9 would allow the merger of the state prison, parole and adult probation agencies.

- Proposition 10 would allow the Legislature to pass laws permitting courts to inform juries about the effect of good conduct time and parole laws for defendants.

- Proposition 11 would tie the per diem, or daily expense allowance, of state lawmakers to the Internal Revenue Service allowance.

- Proposition 12 would allow use of the state's Permanent School Fund to guarantee bonds issued by the state to help school districts borrow money to finance new construction or refurbish existing facilities.

- Proposition 13 would provide a bill of rights for crime victims.

- Proposition 14 would allow the election of the new district attorney in Fort Bend County to a four-year term in 1990.

- Proposition 15 would allow the Legislature to permit and regulate raffles conducted by certain non-profit groups for charitable purposes.

- Proposition 16 would allow the Legislature to pass a law under which hospital districts could be created by local voters without legislative authorization.

- Proposition 17 would allow the Legislature to provide scholarships, grants, loans and other financial assistance to local fire departments.

- Proposition 18 would allow the Legislature to extend the time for issuance of Texas Agricultural Water Conservation Bonds.

- Proposition 19 would allow the Legislature to enact laws allowing local governments to make certain investments.

- Proposition 20 would abolish the office of county surveyor in Cass, Ector, Smith, Bexar, Harris and Webb counties.

- Proposition 21 would authorize the issuance of up to \$75 million in bonds for tax-free college savings bonds by the Texas Higher Education Coordinating Board.

## Kokomo News

By Zelda Jordan

We've had several types of weather within the past week, including very warm days, very cool days, some rain - around an inch in places, and frost on Tuesday morning. And according to the forecast, we are in for some more cold, rainy weather in the next few days. That's sure not the proper kind of weather for peanut harvest.

Mr. and Mrs. Wayne Clements of Dalhart, and Stacy, Brenda, Jacob and Kaci Webb of Comanche were visitors at the Kokomo Baptist Church on Sunday morning. Special music was rendered by Leona Wilson, Helen and Woodrow Browning, Jimmy Little and J.L. Morrow, with Wynelle Brown at the piano. The Wayne Clements attended the homecoming activities at Gorman on Saturday.

We had a large crowd and a very good singing at the Kokomo Baptist Church on Sunday night. We appreciate all the visitors from New Hope, Gorman, Albany, Eastland and our area who came to worship with us through the wonderful gospel songs.

Cookies, cold drinks and coffee were enjoyed in the fellowship hall following the singing as we enjoyed fellowship with one another.

The time of Sunday night service at the Kokomo Baptist Church has been changed to 6:00 p.m., but the Wednesday night service will remain at 7:00 p.m. We cordially invite you to come and worship with us.

James, Teresa, Jeremy, Ciji, and Jansen Webb of Stephenville and Stacy, Brenda, Jacob and Kaci Webb of Comanche visited with their parents, Oren and Norma Webb on Sunday and they all enjoyed a weiner roast.

Ruth and Rodney Spencer of Boerne and Lou Evelyn Rodgers of Midlothian visited during the weekend with Mr. and Mrs. Cullen Rodgers and attended the Homecoming activities at Gorman.

Sylvia Buchanan of Clyde visited with her mother, Nancy Hendricks, on Saturday and attended the Homecoming activities at Gorman. Mr. and Mrs. L.D. Pyatt of Pasadena visited with her cousin, Nancy Hendricks on Tuesday to wish Nancy a "Happy Birthday". Zelda Jordan also had a "Happy Birthday" visit with Nancy on Tuesday evening.

Glenn and I want to thank those who helped put out the grass fire on our place on Tuesday evening when we weren't home. Our thanks also to the Gorman Fire Department for coming out to help. The fire was quickly brought under control and not too large an area burned. The fire was caused by an electric fence.

#### SPEAK AT WRITERS CLUB MEET

Mary Carey of Willow, Alaska, will speak at the Cisco Writer's Club meeting Tuesday, Nov. 7, at 7 p.m. at the Community Room, First National Bank of Cisco. Mrs. Carey is author of a number of books, and will give tips on multiple uses for research material.

All area writers and other interested persons are invited to hear her talk.

The following Volunteer Fire Departments urge voters support Proposition 17 --

# Homemaking Hints

County Extension Agent

Janet Thomas

November is proclaimed the month of the family. Each week I am writing articles that focus on Family strengths.

HOW CAN MY FAMILY COMMUNICATE BETTER?

It seems to be universally accepted that strong families have effective communication skills. But what does the term effective communication really mean?

Communication skills are often confused with verbal skills, or the ability to use language well. Although the two are related, they are by no means the same. Highly verbal families do not necessarily communicate more effectively than less verbal ones. In fact, too much verbalization is often a barrier to effective communication.

The goal of effective communication is not necessarily agreement, but understanding. When good communication occurs in a family, members are both expressing their own needs, ideas, wishes, and feelings, and responding to the needs, ideas, wishes, and feeling of others. Family members feel that they are heard; that is okay to share private thoughts and feelings; and there is confidence that working together will lead to a solution, not a stand-off.

For some families, good communication seems to come naturally, but for most it is the result of hard work.

Like every other skill, effective communication is to a great extent learned. It is acquired through patience and practice.

Good communication involves both verbal communication, or that which we do with our words, and nonverbal communication, or that which we do with our bodies. Good communication involves not only talking, but also effective listening.

Although the principles of effective communication are relatively simple, applying them is not always easy. However, families who put in a conscientious effort will notice significant improvement in their families' communication patterns.

## RECIPE FOR THE WEEK

Last weekend my family enjoyed Old-Fashioned Lemon Pudding Cake. This is a quick, light and delicious dessert. I will share my recipe and hope you will enjoy it also sometime!

### OLD FASHIONED LEMON PUDDING

- 3 eggs, separated
  - 1 cup sugar
  - 1/4 cup unsifted flour
  - 1/4 teaspoon salt
  - 1 cup milk
  - 1/4 cup lemon juice (fresh or concentrate)
- Preheat oven to 325 degrees. Beat egg whites until stiff but not dry; set aside. Combine sugar, flour and salt in separate mixing bowl. Beat

egg yolks and add to milk and lemon juice. Add the flour mixture; mix well. Fold in egg whites; pour into a 1-quart baking dish. Place in larger pan; fill with 1 inch hot water. Bake 50 to 55 minutes or until top is well-browned. Cool about 30 minutes before serving. Spoon pudding over cake in serving dishes. Makes 6 to 8 servings. (Also this mixture can be baked in 8 custard cups; placed in shallow pan with 1 inch hot water and bake for 35 to 40 minutes).

## 4-H News

### OLDEN 4-H CLUB TO ORGANIZE NOV. 6

On Monday evening, Nov. 5 at 7 p.m. in the Olden Community Center, the Olden 4-H Club will be organized. Nanette and Fred Keith will be club managers.

All youth 3rd grade to 19 and their parents are invited and urged to come and join 4-H in Olden.

4-H Clubs have no dues and clubs are open to all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

4-H has over 70 projects and great experiences for youth! A question often asked is "do I have to have an animal project?" Mrs. Janet Thomas, County Extension Agent, states that 4-Hers do not have to have animal projects. Although many youth

do, but there are numerous projects and activities for all 4-H youth.

4-H offers great opportunities to learn leadership skills, public speaking, positive self-esteem, positive attitude and much more. Over \$500,000 in university scholarships are awarded to outstanding 4-Hers each year.

For more information, contact the Extension Service office at 629-2222.

### 4-H FOODS WORKSHOP NOVEMBER 11

'Outdoor Food Cookery' will be the theme of a county-wide 4-H Foods Workshop to be Saturday, Nov. 11 from 10 a.m. to 1:30 p.m. Registration will be from 9:45 to 10 a.m.

The Workshop will be held in the Eastland Senior Citizen Center, located on Eastland Park Hill.

We ask that you pre-register by Tuesday, Nov. 7, telephone the Extension office at 629-2222 and let us know if you are coming. We need a head count for the food preparation.

The cost is \$2.00 which will help pay for food and supplies.

Some of the workshop topics will be not only out-

door food cookery, by food safety, garnishes, table setting, nutritional requirements for good health.

Every 4-Her is invited to come and learn good nutrition. The program will be education and fun!

### 4-H JUNIOR LEADER'S MEETING NOV. 12

The 4-H Junior Leader's Association will meet Sunday, Nov. 12 at the Court-house basement. The meeting will be from 2 p.m. to 3:30 p.m.

The program will be 'Has Anyone Seen Phil?' This is an excellent program and parents are also invited.

We will also discuss the exchange trip to Culberson County this summer.

Don't miss out on these leadership opportunities.

### SENIOR HIGH 4-H TEEN LEADER RETREAT

The Senior High 4-H State-wide Teen Leader Retreat will be the first and second weekends in January.

These are outstanding state-wide leadership retreats for youth 14-19 years of age states Janet Thomas, County Extension Agent, Home Economics. The approximate cost for Friday night arrivals is

#28.00 and Saturday morning arrival is \$30.00.

If you are planning to attend contact Mrs. Thomas, at 629-2222, by Wednesday, Nov. 15th. We will turn our Eastland County pre-registration number in to the State 4-H Center. Due to the popularity of these retreats, the quota fills up rapidly.

### COUNTY-WIDE 4-H RABBIT PROJECT MEETING NOV. 5

All 4-Hers with a rabbit project are reminded that the next 4-H Rabbit Project meeting will be Sunday afternoon, Nov. 5 at 2 p.m. in the TU Electric Reddy Room in Eastland. Mrs. Carol Wallace is project leader.

An excellent program is planned which also includes a tour of rabbitries.

If you need more information, call Mrs. Wallace at 647-1470.

## Nutrition Program

Often we feel we should review the services at the senior centers. You may have need of some of these services: a nutritious luncheon is served, you may be interested in ceramics, the Social Security representatives come once a month, usually on a Wednesday, 55-ALIVE driving programs are presented, tax aide is given during the income tax season, constant update on medicare and medicaid benefits are available, fellowship is of major importance, the filing of medicare and supplemental insurance forms, counseling in regard to safety, the use of the life-line program, and so many more services.

Why don't you take advantage of these services? Call Cisco 442-1557 or Eastland 629-1382

Cisco programs for the week: birthdays and anniversaries for the month

were honored, dinner music by Senior Center Band accompanied on the piano by Gerald Parks, Senior Center Choir entertained accompanied on the piano by Lois Holder. Blood pressure was taken by Mable Thetford.

Eastland programs for the week were: dinner music by La Rue Broussard and Ruth Kendrick. Birthdays and anniversaries were honored for the month of October.

Menus for the coming week:

Monday--Ham, cranberry sauce, hominy casserole, tossed salad, fruited jello salad, bread, butter and milk.

Wednesday--Pepper steak, fluffy white rice, green beans, tossed vegetable salad, cherry whip cake, bread, butter and milk.

Friday--Pork savory, steamed cabbage, carrots, potatoes, sugar cookies, cornbread, butter and milk.

**Prison Employee Training Courses Can Start Now**

If Eastland County is selected as a prison site there will be a requirement for about 800 new employees to support that activity. A majority of the employees will require special training to accomplish the specific tasks indicated in the personnel roster. Both Cisco Junior College and Ranger Junior College are preparing courses and instructional procedures to begin training for those desire employment with the Texas Department of Criminal Justice who will operate the prison. About one third of the employees will be female since the Texas Civil Service Commission is an equal opportunity employer. "We will immediately begin arranging for several training programs," said Dr. Roger Schustereit of Cisco

Junior College once the announcement is made that Eastland County has been selected. "Of course construction will take from 13 months to two years and we will have time to get our courses fully operational before the gates open for prisoners," said Schustereit.

"We are prepared to offer the necessary courses for correctional officers such that they can be fully trained and ready to go when the prison opens," said Dr. Leonard Marusak, Dean, Ranger Junior College.

"In addition, vocational courses required for instruction of capable incarcerated persons is envisioned for the future. Both colleges will participate in this endeavor," he said.

**More Winnings For The Weeks In October**

The Robert D. Weeks family won some top places in the Fiddlers Contest in Eastland October 7, but family members didn't stop there. They didn't even take a good rest after Old Rip Day! They, as well as Bennie Mosley and Raymond Hart, ranged out into other contests. First came the big Pecos County Fair at Fort Stockton, Texas October 14. Everyone was going great out there—Robert D. Weeks Sr. won first in the senior

division, Benny Mosley won first in the Intermediate Division, with Raymond Hart second and Robert Jr. won first and Brandy second in the 0-12 division. Yes, Hart won with the fiddle instead of the guitar this time. The Yamboree Jubilee October 2 at Gilmer, Texas had a Fiddlers Contest. Robert D. Sr. won first in his division, with Brandy first, Robert Jr. second and Rebecca Weeks fourth in the 0-

12 age division. The Weeks gave the East Texas fiddlers some more stiff competition October 28 at the Sweet Potato Festival in Golden, Texas. Robert D. Weeks Sr. won first in his division, with Robert Jr. first and Brandy second in the 0-12 age group. They have about one more contest to go before the season closes, Robert Sr. says. That one is in Copperas Cove, Texas next Saturday, Nov. 4.

## Dale Cooper

FRIONA - Services for Dale Cooper, 34, of Friona were at 2:30 p.m. Friday in the First Baptist Church in Muleshoe with the Rev. Berry Bradley, pastor, officiating.

Burial was in the Muleshoe Cemetery under the direction of Ellis-Blackwell Funeral Home.

He was found dead at 8:45 a.m. Wednesday in his car about 4 1/2 miles southeast of Friona.

He was born in Friona and had lived in Muleshoe before returning to Friona in 1979. He was a farm laborer.

Survivors include a son, Johnny Dale, formerly of Ranger, of Muleshoe; his mother, Geneva Cooper of Friona; three sisters, Barbara Jean Woods of Perryton, Gail Roberts of San Bernadina, Calif., and Patsy Nabors of Friona; and two brothers, Jerry of Friona and James of Portales, N.M.

## Clarice Seago

EASTLAND—Clarice Seago, 88, died Tuesday, Oct. 31, at a local hospital.

Services were at 2 p.m. Thursday, Nov. 2, at Bakker Funeral Home Chapel with the Rev. Dewey V. Lamb officiating. Burial was in Eastland Cemetery.

Born in Grant, Okla., she grew up in Gorman and lived in Hart for 20 years, moving to Eastland in 1961. She was a homemaker and a member of Bethel Baptist Church. She was the widow of Hubert E. Seago.

Survivors include a daughter, Commie Hallmark of Eastland; two sons, Wayne Seago of Fort Sumner, N.M. and C.W. Seago of Albuquerque, N.M.; a sister, Beulah Hodges of Carlsbad, N.M.; seven grandchildren; 18 great-grandchildren and 15 great-great-grandchildren.

## Coda Jane Revels

GORMAN—Coda Jane Revels, 89, died Tuesday, Oct. 31, at a DeLeon hospital.

Services were at 2:30 p.m. Friday, Nov. 3, at Gorman Church of Christ with Payne Hattox officiating. Burial was in Alameda Cemetery, directed by Higginbotham Funeral Home.

Born in Runnels County, she was a homemaker and a member of the Church of Christ. She was the widow of Evan Gilbert Revels.

Survivors include two grandchildren, David Revels of Envinittas, Calif., and Frances (Mrs. Jack) Graham of Eastland; six great-grandchildren and five great-great-grandchildren.

## Dorothy Puffer

SCOTTSDALE, ARIZONA—Dorothy Louise Puffer, 65, of Scottsdale, Arizona, died November 1, 1989, at Scottsdale Memorial Hospital.

Services were at 10 a.m. Saturday at St. Barnas on the Desert Episcopal Church in Paradise Valley, Arizona, under the direction of Messinger Mortuary of Scottsdale, Arizona.

Born in Eastland, Texas, she moved to Arizona 17 years ago from Rockford, Illinois. She was a homemaker. She was a member of the Friends of the Valley, Welcome Wagon of Scottsdale, Scottsdale Scout-

## Notice

Scranton Community Center will hold a business meeting at 7:30 p.m. Tuesday, Nov. 7, at the center. All interested persons are urged to attend.

## CISCO—Graveside services for Christina June Rains, infant daughter of Jimmy and Gaye Rains, were held at 10 a.m. Thursday, Nov. 2, 1989, at Oakwood Cemetery, under the direction of Kimbrough Funeral Home. Rev. Gary Pettigrew, pastor of Church of the Nazarene, officiated.

She was born Oct. 31, 1989, at Humana Hospital in Abilene.

Survivors include her parents, Jimmy and Gaye Rains of Cisco; two sisters, Julie Rains and Gaylene Rains of Cisco; grandparents, Frances and Odell Rains of Cisco and June and Bill Wood of Abilene; great-grandmother, Lucille Wells of Cisco; and great-great-grandmother, Maudie Harrison of Cisco.

There were others who were unable to attend. Some long time employees that were mentioned were Daisy Poyner, Frances Monk, and Catherine Johnson. If you were an employee you missed a good time.

Last, the group joined in some Gospel singing. The pianists were Ruth Livingston and Lois Holder.

The group voted to hold the reunion each year at the same time, thru Saturday of October in the Corral Room.

Juanita Roberson was elected to be in charge again

The ASCII Computer Club of Eastland County will meet on Monday, November 6, at 7:00 p.m. in the Computer Patch in Cisco located at 308 East 20th Street. A discussion will be presented on PC Tools 5.5 and a utility program.

All members are urged to be present and to invite a guest.

ers, Mesa Four-Wheelers, Salvation Army Auxiliary, Scottsdale Bible Church choir and Alabet Temple No. 31 of Rockford, Illinois.

Survivors include a son, H. Grant Puffer of Paradise Valley, Arizona; a daughter, Kathryn Ann Ritt of Paradise Valley, Arizona; a sister, Betty Jones Pryor of Eastland; three grandchildren, Bradley Ritt and Dana Ritt, both of Paradise Valley, Arizona, and Michael Puffer of Roscoe, Illinois.

## Boss Employee Reunion Considered A Great Success

The third annual reunion of Boss Manufacturing Co. employees was considered to be the best one yet. The group enjoyed a time of visitation with each other after the registration at 10 a.m.

They enjoyed a delicious meal. Former manager Tony White gave some information on the plant from a book that he had. Then he reported on a letter he had received from Bobbie (Mayhall) Courtney stating that her husband was ill and she was sorry that she was unable to attend.

For another year. She will work with Mr. White to get a committee to work together. Everyone is looking for next year to be even better.

Thanks to all who came and to those who had a part in anyway to make the reunion a success. Hope to see you next year.

## Shaw To Preach

Lee Shaw and his staff of the Dave Doever Executive Committee, have been working in our area for the coming Dave Doever Crusade. The Mountain Top Church pastored by John C. Jones is happy to announce that Lee will be ministering at the church located at 600 E. 8th Street, Cisco, Sunday night.

Lee Shaw has been working with local high school to plan events, and budget the crusades of Dave Doever for several years, with a vision for coordinated outreach to students.

Many have heard Dave Doever on cable television programs and talk shows, read his books or perhaps been a part of his crusades. The Mountain Top Church is happy to have one of the staff ministers, Rev. Ruben Gaeta, as a part of the interdenominational team bringing the crusade into our schools and county by working with the pastors and progressive churches of vision in our area, Rev. Jones said.

"This will be your opportunity to hear one of America's leaders in campus ministry preach in our area as Lee Shaw preaches God's Word in Eastland

County's fastest growing church. The Mountain Top Church is trans-denominational in its attendance, as people from various 'main line denominational churches' join in worship and study of God's Word weekly at the Worship Center," the pastor added.

The church has completed the "all new facilities" for the sanctuary, and the pastor says "If you have not had an opportunity to see the beautiful interior of our new sanctuary, this would be a wonderful time to visit, and also be in a great trans-denominational service with

Lee Shaw." The next phase of the church will be landscaping the three acres where the church is situated. The new sanctuary is rapidly becoming filled and the congregation anticipates building a new sanctuary in the future and the present building is designed to become an educational facility. This is the fourth church plant building the church has built in the past 12 years or so. The past buildings have been on highway 183 and included educational, banquet, new sanctuary, and all were paid off in record time before the notes were due.

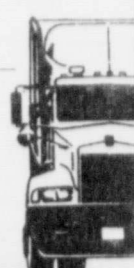

## 8 Weeks to success!

Preferred by the nation's top carriers. Truck-driving classroom instruction + "hands-on" training.

## Safe Driving Tips from Rhonda

It won't be long until we start having winter weather. Are you prepared in case of vehicle breakdown? Begin now to winterize your car. Store blankets, rope, flashlight, fix-it-flat, and walking shoes in your trunk. If you're going on a long trip, put some jerky and water in the car. If you have to sit and wait for help to arrive, a snack might be welcomed. Don't get caught unprepared.

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00. A mammogram can detect a cancer this small, even before it can be felt.

# Letters To The Editor

Editor,  
As a concerned Eastland County resident and an elected official I have read both pro and con about the prison for Eastland County and I would like to express my opinion why we should fight as hard as we can to get a prison for our county.

In the last several years Eastland County has lost population as well as business. We have only two major industries, one being oil and gas, and we all know the status of that industry. The second is farming and ranching. Most people in this industry have to have a second job plus receive subsidies from our government in order to survive. It is our tax money in the form of these subsidies that help this industry survive.

The TDC is going to build several prisons in the state and Eastland County tax money will help pay to build as well as maintain these facilities no matter where they are located. If we do obtain a prison in Eastland County, tax money from all around the state will be flowing into our county to help build and operate this recession proof industry. When a county can receive \$1,500,000.00 per month for many years to come how can anyone that is interested in the growth and prosperity of their community be against an industry this size.

People have been complaining about our taxes going up if we get a prison. I don't know where these people have been but our taxes have been going up each year. I would like to give an example. Here in the City of Ranger our tax base decreased over 2 million dollars from 1988 to 1989. Our school district values decreased over 8 million dollars and our county values decreased 25 million dollars in the same period of time. Our county values have dropped over 129 million dollars decreasing from 567 million in 1986 to 438 million in 1989. This is a 22.75% decrease in values. The main reason for this decrease is businesses have closed their doors, people have moved away causing values of our properties to decrease, and there is less money to be spent by the remaining residents. Each taxing district has the right to collect the same amount of dollars each year as they collected the year before. When you lose values like this you have only one choice and that is to increase tax rates. Who does this hurt the most? The retired people who are living on a fixed income and cannot afford the increases which taxing districts are forced into.

I have been told by some business people that if we do not get a prison they are going to be forced to close their doors and move to a place where they can make a living.

This again will mean a loss of values to our taxing district and the remaining residents and business will in turn have to pay for this loss. As more retailers go out of business we will be forced to go to Abilene or other larger towns to purchase more of the products that we did buy in Eastland County. If we go to Abilene to purchase these products we will be paying 1% more in sales tax beginning January 1, 1990 than we would in Eastland County. This means we are helping the Abilene economy and not our own county where we live.

All a person has to do is look around the square in Eastland, downtown Cisco and Ranger and you will see many vacant buildings, whereas eight years ago this was not the case. In Ranger we have in excess of 100 homes that are for sale or rent. The Ranger Independent School District enrollment has dropped by 53 students so far this year. When you multiply the student decrease by the amount of money received per student from the state our school district has lost in excess of \$100,000.00 already this school year. This amount does not take into consideration the tax base loss mentioned previously. Obviously, when the two are added together, this is a staggering loss to a school district our size.

In closing I ask all residents in Eastland County to get behind the prison and any other project that will help our County prosper in the future.

Sincerely,  
Kenneth Parrack  
Mayor, City of Ranger

Dear Editor,  
I'm asking the Eastland Community to join with me in saving a piece of history, and making our Court House a more useable building.

Our Courthouse was originally built for two (2) elevators, but due to the depression only one was installed; although the shaft, etc., is already in place for the second elevator.

With our future growth, we will need a second elevator. I, for one, can no longer climb steps when the elevator needs servicing — with a second elevator that will never be a problem for anyone.

I understand that at the top of the unused elevator shaft a concrete floor slab has been poured some years ago — this can easily be removed, and additional space added to the exterior of the building.

In the interest of both history, and in the interest of having a needed spare elevator for those who cannot climb steps during periods of inoperation, I strongly and sincerely urge that we keep the old elevator as it is, and add the new elevator in the existing empty elevator shaft that

was originally designed and built for one.

The money difference is comparatively small, the benefits great, and everyone in Eastland County will forever benefit.

Don Pierson  
307 S. Hillcrest  
Eastland, Texas

Dear Editor:

I'm not a business owner and I'm not well-known but wake up Eastland County! We need this prison in a bad way. I've heard people say the prison wouldn't help them, wouldn't put money in their pocket, it only helps the business people. I work for a business owner. If it helps him, it helps me. I can continue to have a job. Taxes? No matter if we get the prison or not, our taxes will go up to meet the standard of living. Everything is going up including taxes, if we get the prison or not.

As for the hospital, if we lose it, WATCH OUT! The schools, which were just built, will be closing. Next will be CJC, then the businesses. Then what? You got it! A ghost town! So wake up Eastland County. Vote for the prison November 18, 1989.

Sincerely,  
Brenda Hammond  
Cisco, Texas

Editor,

With envy, I congratulate you for your unified efforts that have resulted in Eastland County making the 'shortlist' of communities who are still in the running for a State Correctional facility.

Scurry County's facility, the Price Daniel Unit, is now fully operational and the impact has been totally positive. All the economic forecasts and improvements we projected are happening and, if you are successful, they will happen in Eastland County also.

As a former resident of Eastland County, (my mother still lives in Cisco) I urge you

to unite in your efforts to acquire this recession proof, non-polluting, valuable industry. Just ask a community that already has one!

Sincerely,  
Bill C. Parker  
President And  
Chief Executive Officer

Editor,

"Honey is the first chapter of the book of wisdom" is a saying of Thomas Jefferson. It seems to have been months since honesty was a part of Eastland County politics, at least since the prison issue. If Jefferson was here in Eastland County as the prison issue was discussed, his saying would not be heard over the din of ignorant chatter. He could only hope that the people of the county would see for themselves the untruthfulness. In a recent television news program an Abilene station listed the several "inducements" to the Texas Department of Corrections. The Abilene Mayor went on record with, "we had to offer these things as one county offered two million dollars in cash!" Could it be that the Eastland Economic Committee has made offers which we as voting tax payers are not aware of?

I am against the prison and as I read the Eastland Telegram and watch Abilene TV news, I see the tide turning against the prison. Yet there still seems to be a few that want a prison because they think that it will improve employment for the county and keep their children from moving. Sadly this is not the truth! Let's look at the prison issue from the view point of those who are pro-prison.

First, we have to identify those persons who are pro-prison. It can't be just a few businessmen wanting to profit from the sale of some over-

priced farmland. It can't be just a few unemployed unskilled oil field laborers wanting the state government to keep bailing them out. It can't be just a few greedy store owners looking to make money selling goods to the prison or prison employees as they will buy from the state or from their home counties.

There must some good intention persons that were misinformed. People who are informed seemed to remain anti-prison. How about identifying the anti-prison people? It can't be "those Carbon people" because there were over 900 signatures on the petition calling for a vote and only 281 is listed as Carbon's total population. Let's look at the pro-prison spokesman.

In Charles Barnes' last signed letter to the editor, he tried using Christianity to sell the people on the prison. I am sorry to tell you, but the police have never arrested a person for being an Apostle in the country. The people in prison today are convicted criminals. But yes there has been those who took advantage of their prison term to write books like *Mein Kampf* by Adolf Hitler. I would think that Barnes would have known that with his 20 years of military service. If he did not, then he is not too wise. If he did, then he withheld it. Does it make you want to ask what else he is withholding?

[For example] How much will the taxes be increased for just the Certificates of Obligation? Just how many years will it take for the taxpayers to recover from this investment? These questions have gone unasked too long. The tax money to buy the land, more tax money to provide utilities (hookups) and even more tax money to pay for additions to the water system caused by the prison that will have to be paid by the voting tax payers. How many times will the taxes be increased to pay for the prison? I as well as many persons are retired in this county. Does anyone care how badly the increase in taxes will harm the elderly and retirees who are on fixed incomes? Does anyone think that farmers and ranchers who

struggle to make it from one year to the next will appreciate the additional burden of higher property taxes?

The prison issue has been covered and discussed in the local newspaper. It is obvious that those pro-prison persons are not giving all the information to the Eastland County voting tax payers. This presents a situation for concern. The Eastland County Economic Development Committee seems to take more notice of the "almighty buck" than Eastland County's well being. I feel sure that if a nuclear waste disposal company approached the Committee that the Committee would try to convince Eastlanders that nuclear waste is really harmless and the company only wants to bring

The Sabanno Community will meet at 10 a.m. Saturday, Nov. 4, to elect new directors for the Sabanno Cemetery Association.

Since the death of Truett Dawkins, Mr. and Mrs. Edwin Erwin and the resignation of Walter Lamanick, new officers need to be elected.

Everyone who has loved ones buried in Sabanno or those concerned about the upkeep of the cemetery are asked to attend this important meeting.

money and jobs to the county. I don't want to think how far this Committee would go to attract money at the expense of Eastland County. I refuse to accept this is an ECONOMIC DEVELOPMENT Committee.

Sincerely,  
John M. Roe

New "yuppie disease": mumps. It seems that many in the 14 to 24 age group were under-immunized and may be at risk today. Vaccination is advised.

Wounds seem to heal faster with the application of epidermal growth factor. Researchers at Emory University, Vanderbilt University and the University of Louisville used a manmade form of the naturally occurring hormone in the study of side-by-side wounds.

Researchers at Mount Sinai School of Medicine in New York report some success in slowing the progress of Lou Gehrig's disease (amyotrophic lateral sclerosis) with doses of certain amino acids. More tests are planned.

Simple blood test, usually done to measure kidney function, has been found to be accurate in predicting the risk of heart attack or stroke in patients with high blood pressure. National Institutes of Health sponsored the eight-year research project.

Acupuncture offered relief from severe sinus headaches in a study at the Karolinska Institute in Stockholm.

What's new in medicine? We keep up with the latest developments, the better to serve you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. cer104

## 6 Days A Week

Letters to the Editor

In reading many of the editorials in the paper for the past few weeks concerning the prison, I can understand some of the reasons used to oppose the prison, EXCEPT ONE! - Taxes!

I consider it a privilege to pay taxes, because I like the way we live in these United States.

We cannot have this life, unless we are willing to pay for it - by taxes. Other countries would like to live in a place like ours so bad, they are willing to die for it. Our system is not always perfect, because humans run it, but it is the best system in the world.

Don't let a few people incite you with "increased taxes". Unless more people move to the county, your taxes will increase in the future just to maintain the services you get now, prison or not. We are losing our tax base little by little as people move away to find employment. As people leave the county you pay more taxes, and as people move to the county you pay less taxes for the same services.

The prison's 1.5 million dollar per month payroll will bring more people to Eastland County to increase our tax base.

I suggest you not let a once in a lifetime opportunity escape; vote for the prison on November 18th.

Don Bennett Carbon, Texas

In reference to a previous letter to the editor I would like to assure everyone that we are "really opposed" to the prison.

I'm sure was sarcasm intended in that letter concerning our sincerity and the letters we have written. Sarcasm or not I wanted everyone to "feel convinced."

I agree that all businesses that are for it should voice their opinion. It would help in making future decisions. I assume in saying the county having previously shown support for the prison was referring to the commissioners. I sure if that was what was meant. In their actions they may have shown support but they have not voiced it.

Some of us will not shop in Eastland; this is true. But we will drive on county roads and pay county taxes. One reason we are fighting this is so that we can pay our taxes. If we get the prison we might have to move because we can't afford the tax raise. Should anyone that doesn't pay county taxes be so quick to want those of us that do to pay so much more?

Peanut farmers and ranchers bring in millions, if not billions, of dollars to the Eastland County economy as well as provide many jobs. A lot of local businesses depend greatly on them and should bear this in mind when they make their choice. Don't you think these businesses have a certain loyalty to customers that make up a greater part of their business? Without these farmers and ranchers Eastland County would dry up. The business people seem to think they are going to make so much money. Call businesses at Snyder and see how it really is. Most make just enough extra to pay the higher taxes. The low and middle income families and the elderly will not benefit at all. They will be expected to pay and pay more.

The drug problem in Eastland County is an indus-

try in itself. It was even on Paul Harvey for the whole nation to hear. It's bad enough without bringing more drug trade which is what a prison would do. Don't think for a minute that there is not drugs in the prison. Sure would keep local drug dealers busy, wouldn't it? I don't want the increase drug trade, crime and cost to the taxpayers. Do you?

Vote NO Nov. 18 Diane Tucker

Sir, your front page article of Sunday, Oct. 29, 1989 is largely a figment of some-one's imagination.

Let me clear up a number of points: the opposition to a prison in Eastland County was NOT told by the Economic Council when the site selection committee would be in Eastland. On October 17th Mr. Barnes wrote a letter to our County Commissioners stating that "Two or three days after the next Commissioners meeting on the 23rd of October we will be visited by a subcommittee of the Governor - appointed Board of Criminal Justice." On the 18th of October, our legal counsel asked Mr. Barnes when the site committee would be in Eastland, he answered between the 17th to 27th of the month. Our counsel then called a TDC board member, Mr. Robert Mann of Waco. Mr. Mann said they would arrive at 10:45 a.m. and depart at 1:45 p.m. on the 25th. Approximately one hour before the plane arrived, Mr. Barnes was asked the arrival time by Mr. Earl Bradley and Mr. Danny Norris. He replied he didn't know. Further, Mr. Barnes said on an Abilene television station that the information was in the newspaper and on television. Reporters from the three television stations in Abilene were following us around because they didn't know either. Later in the day one of the reporters asked a prison supporter when she was notified of the late

arrival time and she replied 10:00 a.m. The plane landed at approximately 1:30 p.m.

There have been other fabrications also. Mr. Barnes said to a civic group that we told an elderly woman, in the Kokomo area, that if a prison was located in Eastland County her land would be confiscated, not true. It was also said that the opposition formed a human chain to block the road to the prison site, this too was untrue. I know because I was there along with many others to show opposition to the site committee.

What Mr. Barnes and his group didn't know was that we had been contacted by the site committee and were told to be on hand for a private meeting. This was evident when Mr. Barnes and his group were asked to leave the meeting room so we could have our meeting in private. The site committee had told us what time they would arrive. They did not contact us to tell us they would be late, probably, assuming the Economic Council would share this information with us. But they did not. After trying to intercept the group, we went to the airport where our meeting with the site committee was scheduled to take place. I was standing beside the door of the airplane, holding the documentation asked for the site committee when they arrived.

I was told by a highway patrolman, very brusquely, to get away from the airplane. I thought this very unusual at the time and was wondering what was happening. Our opposition group moved away obediently and stayed in an area across from the plane. (The number of law enforcement officials was astounding, there must have been a dozen. When I escorted Governor Bill Clements on his visit to Eastland HE only had a driver.) It was learned later that we were supposedly

a rough, unruly group. (They were probably referring to the elderly, the housewives or the preschoolers.)

One of the site committee members asked my wife if she could assure them, that they would not be mobbed on the way to the airplane. My wife assured them that ours was a peaceful group, not a violent one. Who depicted us as a violent bunch of protesters? Who was the site committee with just prior to our meeting? For us the day was filled with deception, frustration and in the end attempted humiliation.

Mr. Editor, while I am trying to bring this into perspective, I think it is time that we realize that Mr. Barnes is a retired bureaucrat. He is accustomed to using tax monies, that is what a bureaucrat does. They are paid with your tax money to spend your tax money. Now he is showing Eastland County how to do it. I wonder if the people of Eastland County have stopped to realize what is happening and to whom? This is done every day on the federal level and state level, but this is the first case of this magnitude I have ever seen on the county level.

I, like everyone else involved, realize that Eastland County needs a shot in the economic arm, but not at the expense of retired people on a fixed income or many others too numerous to mention here. I feel that many of the fine honest people supporting the prison have been deceived; and the time is now to check out the real costs. There are so many alternatives.

Mr. Editor, please use my name as I wouldn't have it any other way.

A hard headed, dissident, taxpayer,

Earl Bullock 605 Oakhollow Eastland, Texas 76448

News

There will be a benefit chili supper on Saturday, Nov. 4 starting at 6 p.m. at the Olden Community Center for the Olden Volunteer Fire Dept. The price is a donation. Everyone is invited.

Musical set for Sat., Nov. 4th, 6:30 p.m., in the Sipe Springs Community Center. Everyone invited. Special invitations to all musicians.

To The People of Cisco and Eastland County:

For the last few months there have been some very important issues facing our county and the city of Cisco. Many concerned citizens and tax payers have expressed their personal opinions and have taken measures to let those opinions be known. As you well know the issues occupying our minds in the past few weeks have been focused on the possibility of a state prison coming to our area and, to the citizens of Cisco, whether or not the E.L. Graham Memorial Hospital should remain open.

But, there is one thing you probably don't know or choose to ignore, and that is the fact that the youth of our area are very concerned with these issues as well. Although the majority of us cannot vote, we still must be heard. Whether you as citizens, parents, or grandparents realize it or not, the decisions you have made and are going to make within the next few weeks, will have a great effect on the youth of this county. Our future in Eastland County depends on you.

As a student of Cisco High School in coordination with my fellow classmates, I must say that we have spent a great deal of time in thought and discussion in order to make some crucial assessments of our situation and we have formed the following conclusions:

1. Should the county commissioners be allowed to spend hundreds of thousands of dollars of taxpayers money to allow a prison to locate here if it were granted?

Absolutely! The past few years have been very trying for our county as a whole. The sudden crash of the oil industry in Texas has made living very difficult for many people. The economic slump has forced many families to depend on other usually less profitable means in order to make a living, and in many cases these families had to move to other counties with more to offer. This can only hurt our economy, and, as you well know it has done just that.

There is not much to offer in our area as there once was in the past. A young person who is well-educated and well-trained will not want to reside in an area that is drying up economically. You can't have much growth if no one is willing to live and set up businesses and industries in our county. We as young people see no chance of staying and living in this area because it has no appeal and nothing to offer us in the way of good jobs and successful careers.

Mrs. Carol Bullock, who recently presented our county clerk with a petition that would put the prison project in great jeopardy, made the following statement: "This is largely a retirement area with many on fixed incomes. They will not work for the prison, they don't have anything to sell to the prison or to prison employees. How can the prison help them? Higher taxes? We know that the costs are going to be paid by the taxpayers of Eastland County. Lets never, in the name of economical development, hurt anyone."

To Mrs. Bullock we say this: The elderly are not the only ones with fixed incomes. There are many people out there under the age of 65 who struggle to make ends meet and most of them have children. The retired persons of this area are not the backbone of our economical existence. It is the middle age working class that is keeping this area alive and when they retire, there will be very few young families to replace them. Why? Because the majority of young people are going to reside in places that offer them career opportunities with substantial pay and that is something Eastland County does not offer. So, why are you set on destroying the economic revival that would result from the prison? We respect your opinion, but we must be concerned with our own future and the future of our children.

2. Should the E.L. Graham Memorial Hospital be allowed to remain open?

Once again we definitely say YES! We believe that a hospital should be and is a vital part of every city. Our hospital is becoming even more important because of the growing number of elderly in Cisco. These people at one point or another are going to need medical attention in time. But, not only will they need emergency attention, so will the other 2856 citizens of Cisco. The ten to fifteen minutes it takes to transport a patient to Eastland could mean the difference between life or death.

It is our opinion that the citizens of Cisco are being misled about this issue. If we lose our hospital, then our economy will be in an even worse slump. No new business will be attracted to a city with no medical facilities. The value of property will greatly decrease because of the lack of interest on the part of businesses and industries. If the citizens of Cisco will not pay the new higher tax rate, then they will be forced to pay an even higher tax rate for service provided by the Eastland Memorial Hospital. As was stated previously, we as young people see no chance of making a successful living in a town with a poor dwindling economy. We especially don't want to remain here if there are no properly equipped medical facilities.

Hopefully you will listen to our point of view and reconsider some of the decisions you have made.

Your future America (And maybe Eastland County!) Sean Schaefer and all those concerned:

- Christo Deacon, Jane Youell, Jane Muller, ... Allison Williams, Heidi Thier, Jammy Decker, ...

Volume 1989-Forty-Five: Sunday, 5 November 1989

\*\*\*PAUL MEREDITH, of Miami, Florida is Editor and Publisher of a very unusual quarterly/newspaper.

An untold number of quarterlies and/or newspapers are in print in search of our ancestors. There are publications of HISTORICAL societies and associations, GENEALOGICAL societies & organizations, FAMILY ORGANIZATION publications, SURNAME publications, NATIONALITY publications, AREA publications. But...if you're looking for something different?...**"VIOLENT KIN"** is just that!

The following quotes are taken from the front page of Jan. 1989-Issue 1.

**"VIOLENT KIN: An ASTOUNDING Quarterly Newsletter for the FEARLESS Family Historian, concerning VIOLENT MERN and EVENTS of The American Past, containing VALUABLE Genealogical Information..."**

"This newsletter concerns

the adventures and kinfolk of Jesse James and others touched by violence during the American past. Our purpose is not to glorify outlaws, so if you think that "poor Jesse" was a saintly combination of John Wayne and Robin Hood you may be disappointed.

We will search for the truth because your editor (of Violent Kin) believes that our ancestors can only be understood if we know what sort of lives they led and something of the times in which they lived.

The robbers and horse-thieves are as much a part of our heritage as the honest folk..."

In this review copy of Jan. 1989 although almost entirely concerns Jesse James, his life and family, also includes a forward of how violence, in various ways has played a part in history. Also included: WANTED: DEAD OR ALIVE (queries), Inquiries are free to any subscriber, one per issue, or as space allows, first come first served. Purchasers of a sample copy get one free inquiry. All must relate to violent people

or events, and are subject to rewrite; BOOK REVIEW; COMING EVENTS.

Letters to the editor are encouraged, and any such letter is assumed to be for publication. Editor assumes no responsibility for statements made by contributors.

**ORDERING INFO:** Published in Jan., Apr., Jul., Oct. of each year. Subscriptions are \$11.95 per year (Florida residents \$12.67). New subscriptions start with the current issue (last printed) unless specified otherwise. Single issues are \$3.25 (Florida residents \$3.45). Send to Paul Meredith, Editor & Publisher, 5065 Westwood Lake Dr., Miami, FL 33165.

\*\*\*Sunny L. WILLIAMS, 11515 Wighton Dr., Austin, TX 78758, would like to hear from anyone with information on Charles (John) ENSER and Mary Katherine McCABE. Charles ENSER came from Bavaria Germany in 1892, Mary Katherine McCABE came from Ireland in 1895. Both came from Ellis Island in New York.

\*\*\*QUINN; JACKSON (J.C.); RISING STAR & EASTLAND of Eastland County, Tx. Seeking information of these two families. Joe and Sarah QUINN were last born to the family of James and Elizabeth (KENNER) QUINN in San Augustine, TX. Joe (Joel R.) born 1867, Sarah A. born May 1872. Family moved to Robertson County mid 1870. Joe QUINN married Emma WATSON 17 Dec 1896, no other info until 1932. Sarah A. QUINN married Jesse C.

# Rossander Leads Corinth Choir

JACKSON 8 Oct 1896. 1910 Census shows Jesse and Sarah residing in Eastland Co., TX Pct. 7. Children: Jamie (18), Fannie (16) & James (2). On 21 July 1932 Joe QUINN & Sarah JACKSON attended the funeral of their oldest brother, James, sr., QUINN. Obit showed that both families resided in Rising Star, TX. Corinth Baptist Church again has made history in its 101 year journey for the Lord. Sunday, October 29, 1989, for the first time Corinth Baptist Choir presented special music 'He Touched Me'. The choir is directed by Richard Rossander. Richard, a professional musical evangelist, realized the need and the many blessings to be received by Corinth Baptist Church Family and the entire Eastland County community in organizing a choir.

Richard has been a resident of Eastland for 21 years and has owned the Rossander Insurance Agency, Eastland, Texas for 18 years. He was a member of First Baptist Church, Eastland before transferring to Corinth in 1989. Richard is active in The Conference of Texas Baptists Evangelists. He is frequently the musical evangelist at crusades, revival meetings, Bible conferences and rallies. It is Richard's belief 'you don't have to have a great voice to be in a choir — just the love and commitment to the Lord'. Richard's enthusiasm, love and dedication exemplify Corinth's motto 'We Are in the Life Changing Business.' Charter members for the 101 year odyssey are: Rich-

**NOTICES**

The Eastland Civic League and Garden Club Winter Fair '89 has been cancelled, due to lack of facilities. This event was scheduled for Saturday, Dec. 2. The annual club fund raiser has been postponed until spring.

The League regrets any inconvenience that the Winter Fair cancellation may have caused to persons participating in the Arts and Crafts Bazaar.

In December the Civic League will have the Christmas Lighting Contest.

ard Rossander, choir director; Suzette Bassham, pianist; Joan Ferguson, soprano; Martha Thompson, soprano; Peggy Hagan, soprano; Diana Harris, soprano; Deana Hooks, soprano; Charlotte Craig, alto; Marsha Beesley, alto; Barbara Rossander, alto; Nancy Clark, contralto; Venita Smith, contralto; Benny Thompson, tenor; Harold Bassham, tenor; Bruce Smith, bass.

Benny Hagan, pastor of Corinth Baptist, has seen another part of his dream unfold in his five year ministry — tape ministry, rest home ministry, children's church, six Yokefellow groups, seven fold increase in attendance, singles ministry, Bible study prayer group, Undershepherd ministry and now a choir. Benny says 'the dream is only beginning because Corinth is in the life changing business'.

Dear Olden Fans:

This year the Olden Expo Homecoming will be held Saturday Nov. 25, 1989 at the Olden High School Gym. We hope you will arrive early and enjoy the day! Our list of activities for this year's Homecoming is as follows:

**CELEBRATION**

6 p.m. - 11 p.m. at the gym.

**REGISTRATION**

9 a.m. - 12 noon  
12 noon - 1 p.m.  
1 p.m. - 2 p.m.  
2 p.m. - 3 p.m.  
3:30 p.m. - 6:00 p.m. at Lone Cedar Country Club  
7:00 p.m. - 12 midnight at Lone Cedar Country Club

Please make every effort to attend, for if you were not here in 1987 you were missed! We had a great time renewing old friendships, eating and having fun.

This year the meal will be catered by Oscars. It will be served at 12 noon. The cost for the meal will be \$5.50. We will have a snack bar set up in the gym which will offer coffee, soft drinks and donuts. If you desire to eat at the gym, please return the bottom portion of this letter and your check no later than November 18th. Your tickets may be picked up as you register.

If you lady eyes have a favorite dessert of which you are especially proud we urge you to bring it to be sold at the auction. The money from the sale of the baked goods will be used towards the next Homecoming.

As you may know, two years ago at the last Homecoming, we raised over \$750.00 by having an auction. It was lots of fun! The item bringing the most money was an Olden High School Basketball Jacket. The merchandise was donated by local businesses. This year we invite you the Exers, to bring something to be auctioned. Such items might be something you made, sell, grow, etc. It might be an old newspaper article about the Olden Hornets. You may have an old photograph of the school, etc. Please bring something to be auctioned and take part in the fun. It is for a very good cause. Your items will be accepted by committee members when you arrive at the gym. We think if you all look around you can find something that someone else will want or that will at least bring a few laughs! All the money raised goes into the Homecoming Fund and to do much needed work on our grand old gym.

Attendance was great in 1987. We are expecting a larger crowd this year. We have been receiving calls from all over the USA since as early as March. So be ready to see old friends, buddies and classmates you haven't seen in years!

You golfers might wish to take advantage of an excellent golf course at Lone Cedar. Golfers will meet at Lone Cedar Country Club at 3:00 p.m. for a 3:30 tee off time. The green fee is \$10.00 and \$6.46 (3 holes) for a cart. Carts are not required. Mr. Travis Hilliard has already told us he can shoot the lowest score!

Topping off the day will be Reunion Dance for everyone at Lone Cedar Country Club. Cost of admission will be \$2.00 per person.

We are anxiously awaiting November 25, 1989. Mark your calendars now. Hotels available are:

Classic Inn - Eastland	629-8601	\$16.85/2 persons
Sleep House - Eastland	629-3336	\$10.25/2 persons
Friendship Inn - Eastland	629-2655	\$16.85/2 persons
West Inn Hotel - Ranger	647-1176	\$12.16/2 persons

Yours truly,  
Buddy Woods, President

**BEAUTIFUL TEXAS**  
The article in the October issue of Texas Highways on the "Painted Churches of Texas" inspired Mr. and Mrs. Lynn Campbell of Levelland and Mr. and Mrs. J.L. Morrow of Kokomo to go see them. These churches were built by Czechoslovakians, German and Austrian settlers when they first came to Texas from their home land. They were near Schulenburg, in the communities of Dublin, Ammensville, Swiss Alps, High Hill, Freyburg, Praha and St. Johns. The churches were so beautiful and all were open for self tours. Another amazing thing was about their cemeteries near the churches. The inscriptions on the monuments were all written in their native language and all names are foreign sounding. It made you feel that you were in a different world. They also visited Palmetto State Park at Luling, The Natural Bridge Wildlife Ranch near NEW Braunfels and the Natural Bridge Caverns near there.

From there they went to San Marcos to the Aquarina, the Wildlife Ranch and the Wonder Cave. They also made a tour of the old homes that are on the "Register of Historic Homes in Texas." The next stop was in Fredericksburg at the Nimitz State Historic Sight. The last stop was at Johnson City where they saw the Johnson Settlement, the Ranch House where Lady Bird Johnson lives and on a bus tour over the LBJ Historical Park, including the Ranch where the Hereford Cattle are kept and also to the Johnson Cemetery where LBJ and his ancestors are buried.

**Cody Fails Honored With Party**  
Cody Fails, son of Tim and Nelda Fails of Arlington, was honored with a birthday party at the Little cabin at Lake Leon on Sunday. Cody was 9 years old on October 21. The Birthday cake was inscribed "Happy Birthday Cody". Those who attended to help Cody celebrate were his mother and brother, Nelda and Jara Fails, grandparents, Jimmy and Verna Little, great-grandmothers, Mrs. Dora Garrett and Mrs. Mame Little; and Earl and Betty Little of Albany, Bobby and Mary Jane and La Dawn, Stacy Snapp, James and Jill Little, Ray Neal, Melissa and Emily Little of Eastland, Charles and Carolyn Little, Charla Little and Alan Little.

**Winter Feeding CUBES \$137.50?**  
LET US SHOW YOU HOW!!

Eastland County is very fortunate this year to have an abundant supply of hay and grass. So you can SAVE MONEY and utilize the dry forage. We can sell you Cottonseed Cake Cubes (old process & double protein to grain cubes) for only \$275.00. If you normally feed 5# per day per animal - you need only 2 1/2# CSC to get the same protein. Therefore: \$275.00 ÷ 2 = \$137.50. You must have ample grass or hay to do this.

Eastland Farm & Ranch Center also offers a 32% liquid feed for only \$159.00 delivered to your location. This also requires a good supply of hay or grass and we believe we have the forage supply this year.

We have a good supply of grain cubes, CSC cubes & liquid feed. All contracted to help you save dollars. Analyze your particular situation. (Grain cubes may be your cheapest feed if you do not have the forage available).  
\$190.00 grain cubes @ 5# per day=47.5¢  
\$275.00 CSC cubes @ 2 1/2# per day=33.2¢  
\$159.00 liquid feed @ 1 3/4# per day=13.9¢ (1 ton feeder=\$150.00 ea)

HOW MUCH WILL YOU SPEND?? FILL IN THE BLANKS  
# Cattle    Type of Feed Price    # Days To Feed    Total  
----- X ----- X ----- = -----  
\$----- I can save with ----- Feed.

# Loboes With "CLASS"

Cisco High School has started a new program this year by honoring some of the CHS students who exhibit the following characteristics both in the classroom and in extra-curricular activities. They are Loboes With CLASS- Character, Leadership, Attendance/Attitude (positive), Scholarship, Sportsmanship.

These students were nominated from all different school areas and deserve recognition for their positive attitudes and efforts. Each six weeks more students will be recognized so that continuance of these achievements will be encouraged.

The honored students for the first six weeks are:

## SENIORS

Jana Muller, daughter of John and Katherine Muller, is involved in band, flag corp captain, class secretary and treasurer, senior play, physics club, pre-cal club, French club, student council vice president, National Honor Society vice president, UIL calculator applications and literary criticism. She is interested in math and science, ballet, aerobics and reading. Jana plans to attend a major university and become a physician with a possible specialty in surgery.

Sean Schaefer, son of Danny and Elaine Schaefer. Activities include FFA, football, student council, UIL, persuasive speech, church youth group, member of the delegation to the United Nations. His main interests are in politics. His present goal at CHS is to learn all he can and improve the school in areas that it is weak. Cisco High School needs to have more pride and enthusiasm.

"If we could just become excited about what we're doing then I believe we would see a turn around in not only athletics but in academics."

Shannon Anderson, daughter of Mike and Yolande

Anderson, has been active in basketball, cheerleading, student council, senior play and tennis. She is interested in fashion merchandising and plans to go to college to become a fashion merchandiser.

Aaron Whitley is the son of Mr. and Mrs. Arlie K. Whitley. He has been involved in football, French club, pre-cal club, Congressional Youth Scholar Program, senior play and church youth. His interests are snow and water skiing, sports and going to college. He plans to get a master's degree in engineering from Texas A&M and become a successful physician in today's society.

Rachel Valek, daughter of Wesley and Evelyn Valek, is active in band, flag corp, Senior play, physics club, pre-cal club, French club, Student Council reporter, National Honor Society president, basketball, tennis, UIL calculator applications and UIL literary criticism. Her other interests include bicycling, reading and photography. She plans to attend a major university, perhaps Texas A&M, and eventually earn a doctorate degree in chemistry.

Tammy Glover is the daughter of Rickey and Mary Glover. Her activities include student council president, flag corp, band, National Honor Society treasurer. Her interests are reading, crafts and child psychology. She plans to become a successful stenographer.

Christine Deadman, daughter of Cecil and Joye Deadman, has been active in National Honor Society (secretary), band, flag corp (captain), French club, church choir and youth council. She likes singing, talking to Mom and Dad, and being creative. She is going to use her leadership and talents

for the Lord. "My future is in His hands."

Jana Yowell is the daughter of Jimmy and Diane Yowell. Her activities include track, basketball, cross country, flag corp and student council. Her interests are running and swimming, and she plans to become a physical therapist.

## JUNIORS

Keith Stowe is the son of Gary Regeon and he has been involved in cross country, track and basketball. His interests include running, track, and his goal is world peace.

Amanda Elizabeth McGinness is the daughter of Dr. and Mrs. Allen McGinness. Her activities include band drum major, athletics, class officer (vice president), and French Club. Her interests are her friends and learning. She plans to attend Texas Tech and go into law enforcement, probably federal.

Misty McCulloch, daughter of Ken and Mary McCulloch, is active in flag corp, band, Key club, junior class reporter and student council. She enjoys flag and being with her friends. She plans to attend Cisco Junior College and then a major university to major in psychology.

Kari Hull is the daughter of Fred and Carolyn Hull. Her activities include band, ag, flag corp, student council and Key Club. Her interests are the flag corp and going out with friends. She wants to attend college and become a lawyer.

Billy Boles is the son of Jerry and Cecelia Boles. He is football manager and active in the youth group of Church of Christ, and is employed by Cisco ISD. His interests include stamp collecting and ceramics. Billy hopes to work with children at a Christian children's home.

Marlena Trice is the daughter of Kay and Bobby Trice. Her activities include cheerleading, cross country, Key club, track, band, class secretary and golf, and she also enjoys running. Her goal is to go to state in cross country.

Sonya Waddell, daughter of Brenda Swint, is active in FHA, student council, Spanish club, UIL spelling. Her interests include poetry, drawing, bicycling and helping others. She would like to become an actress and model.

Roy Worley is the son of Joy and Howard Worley. His has been active in football, basketball, track, tennis and UIL number sense. His interests are sports, especially basketball. He plans to coach basketball and teach math.

Celia Weeks, daughter of Oscar and Marlene Weeks,

has been active in band, athletics, FHA, and Key club. She is interested in band, and plans to graduate from CHS and attend college.

## SOPHOMORES

Mary Helen Garza is the daughter of Frank and Juanita Garza. She has been active in band, tutoring younger students. She likes to learn a new song everyday on the flute or the piano, and she enjoys writing music. Her interests are music, swimming, reading and hanging out with her friends. She would like to go to the finest music college and then have a career teaching music to those who really want to know it.

Jimmy Williams, son of Hollis and Ann Williams, is involved in basketball, FFA and roping. His interests include roping, hunting and fishing. He plans to receive a college scholarship.

**FRESHMEN**  
Jason Hunt, son of Irene and Ronald Hunt, is involved in UIL, band and 4-H. His interests are reading and collecting baseball cards. He plans to go to college.

Dywane Howard is active in football, basketball and track. He lives at Mel Matthew's Boys Ranch. He is interested in sports and plans to get a job after college at TCU.

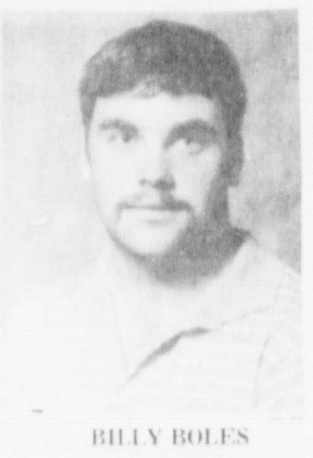

Robert Smith is the son of Bobby and Beverly Smith. His activities include the youth group at Methodist church, Sunday school class, golf, basketball and hunting. His interests are sports, church activities and school activities, and he plans to graduate with high honors and graduate from a major university.

**A Thought For The Day...**

DeAlva Chambers

What are the qualities that you admire most in people? Many come to mind. Truthfulness, kindness, courage and compassion are but a few. But what about persistence?... That determination to keep on going when things are tough; that refusal to give in to discouragement... It is a very important quality to possess.

Without persistence nothing of importance would ever get done. There is a story about Noah Webster that brings this to mind... In 1807 Webster wrote, "I hope to be able to finish my Complete Dictionary. It will require the incessant labor of from three to five years." He then spent the next twenty-one years working steadfastly on his Dictionary. His American Dictionary was finally published and critics today claim that it is "beyond praise or comparison."

"It's will to keep going... the will to refuse to give in... the will to continue is very much to be admired. Being a "persister" can be hard work, but it can bring much happiness and good feelings.
