Two young ladies of our town celebrated their 89th birthdays Monday, Nov. 6. They are twins Vera Doyle and Velma McCrary. They have lived in Cisco for 84 years and lived together for the last 28 years. "We've never had a fight. We've disagreed, but never fought," they said. They are from a family (the Hagar family) of 12 children. Five boys and three girls are still living. The oldest will be 93 years old on Jan. 17, and the youngest is 72 years old. Happy Birthday!

January 20 Date Set By Hospital Board For Tax Rollback Election

The E.L. Graham Memorial Hospital board met in special session last Friday and set January 20, 1990, as the date for a rollback election on Cisco hospital district taxes.

The election was called after the required number of signatures on a rollback petition were verified, according to Bob Conner, board president.

Of the 707 signatures on the petition, 689 were verified as registered voters in the district, according to Nancy Trout, Eastland County tax assessor-collector. Some 360 verified signatures were needed to call an election.

call an election.

The board voted in September to increase the tax rate from 12.7 cents per \$100 valuation to 28 cents per \$100 valuation. The increase was necessary to keep the 30-bed hospital open, according to hospital officials.

If a rollback is approved, the rate would be dropped to

14.1 cents per \$100 valuation, Hospital Administrator Don Henry said.

Opponents to the recent tax increase submitted the rollback petition, stating the hospital board had been told several times through community polls and a referendum that residents do not want taxes increased.

Eastland County's application was for either size, as were the following counties which are still in contention: Dallas, Childress, Baylor,

'People For Progress' Respond To Critics

Active workers for People for Progress are taking their share of criticism for supporting the 28 cents tax rate needed to operate E.L. Graham Memorial Hospital until legislation aimed at aiding rural hospitals can be activated.

Our aim is certainly not to hurt any one person or group of people. All of our supporters from day workers to business owners to professionals have been hit hard by the sluggish economy. We ask those who oppose us to consider that we, too, are taxpayers and that our numbers include people of all economic levels. We are united in our belief that if we are willing to sacrifice a little now to pay the tax, it will pay dividends in the future of our community. We are convinced that the hospital is absolutely essential to the future of our town and its people.

Many of us grew up in the area and enjoyed the privilege of a fine public school system, profited from having an excellent junior college where we could pursue higher education at a minimal cost, and had access to the best of medical care at the local hospital. We are among the ones who were able to find employment here. Most of us are married and rearing our children in the Cisco area. Some of us are day workers whose jobs subject them daily to injuries and accidents which demand immediate attention. Don't you feel that our children are due the same privileges that we have had?

Another segment of people in our movement is the slightly older group, many of whom are still working but have reared their children. Many of this group are caretakers for elderly parents and what a Godsend it is to be able to hospitalize them when necessary at E.L. Graham Memorial Hospital; we can tend their daily needs and stay on our jobs without making long, expensive drives.

Another segment of our movement includes many retirees. A large number of them were among those who made contributions to the fund raised to build the hospital in 1969 in the hope that it would be there for them in their old age. Over 700 Cisco residents share in that investment! Others declined to contribute. Still others have moved into the area since 1969, but ALL - contributors, non-contributors, and latecomers - have shared alike in the benefits and safeguards afforded by the local hospital. Some have had their lives prolonged; some had their lives spared because the hospital was near.

Our critics fall into two major categories: 1) Those who would close the hospital with total disregard for hospital employees who would be without jobs and for the \$600,000 in payroll and local purchases which pour into the local economy. 2) Others would like to keep the hospital, but they don't want to pay the tax. People for Progress feel that 1) keeping the hospital is

crucial 2) that the fairest and most practical way to keep it is through the 28 cents tax levy. This decision has come after an intensive study of the precarious situation in which all rural hospitals find themselves through no fault of their own management or operation.

The great majority of area towns have had the same problems as Cisco which have chosen to keep their hospitals by creating hospital districts which have full authority to levy taxes according to the current needs of the hospital. Surely so many can't be wrong!

People for Progress are learning daily that the senior citizens for whom the opposition has cried crocodile tears are among the most ardent supporters of our effort to keep the hospital open, and over and over, they have assured us that they are willing to pay the tax in order to keep medical assistance near.

This humble scribe just paid her taxes in late October. It pinched a little, but it surely left a warm feeling inside me to know that I had done my civic duty for my town, my neighbor, and even myself.

Join our movement! Help us keep the hospital! VOTE NO against a tax rollback!

Joe Bishop Is New Deputy

A new Eastland County Deputy Sheriff is Joe Bishop, who came to eastland County from the Rice Police Department in Navarro county, having also been an investigator in Palo Pinto county and a deputy sheriff in Stephens County. Deputy Bishop has been in law enforcement for 14 years, and he holds an intermediate cer-

tificate.

"It has been very busy and enjoyable here," says deputy bishop, who along with his wife, Alvetta and his two unmarried daughters, is living in Olden. They expect to eventually relocate near Caron. Besides one daughter in elementary school and one in high school, the Bishop's have two married daughters and two grandchildren. Mrs. bishop once worked in Eastland for the eastland county dispatch.

Although he was born in Gorman, Joe Bishop attended Breckenridge schools, where he graduated, he also attended Weatherford Jr. College.

Deputy Bishop says that he prefers county wide law enforcement and that he likes living in the country, and hunting and fishing.

Joe Bishop will be replacing Frank Saylor, who will be leaving the Sheriff's Dept. to become a city officer, and David Franklin will become acting Chief deputy and will serve civil papers, according to Sheriff de hogan.

Other deputies are: Ben Sancillo, Don Griffith, and Cathy Kanady, who is the jail administrator.

JIM SCHRADER, ARA MANAGER at Cisco Junior College, is pictured with the cheerleaders chosen to represent the school this year. They are wearing outfits which were furnished by Mr. Schrader. Amy Harrison, head cheerleader from Breckenridge, said, "We really appreciate all of Jim's help and support."

COACH Rick Frazier, Leigh Callarman, and Jill Reynolds of Cisco Junior College presented the program at First Industrial Arts Club.

First Industrial Arts Club Hears About CJC Project At Meeting

In its Oct. 19 meeting, the First Industrial Arts Club was treated to a very interesting program led by Cisco Junior College Coach Rick Frazier with the assistance of Leigh Callarman and Jill Reynolds, CJC students.

Mrs. Charlotte Speegle is director of a program at CJC known as YES program. She was unable to be present at the club program, but Mr. Frazier is assistant in this work. He explained that the purpose of YES, Youth Ex-

perience Success program, is to encourage and assist the potential school dropout to stay in school and make a successful life. He spoke of some difficulties in carrying out this work. Every student who enrolls is required to follow all instructions, apply himself or herself diligently, give no discipline problems, and follow all rules and regulations of the college. Otherwise, they are dismissed from the program and sent home immediately.

Leigh and Jill, who are assistants to Mrs. Speegle and Mr. Frazier, told of their part in this work. They said they found the work quite difficult but very satisfying, especially when the students really try and show improvement in their studies.

The club members were very impressed with the information given by Mr. Frazier, Jill and Leigh. Most members had not known of this work being done at our college.

Pianist Cathy Hamrick of Granbury (L) and Donna DeLuca of Eastland brought special meaning to Schubert music in a Recital for the Eastland Music Club.

Donna DeLuca Presents Recital For Music Club

The Women's Clubhouse echoed with Schubert music again on Nov. 1 when Donna DeLuca, vocalist, and Cathy Hamrick, pianist, presented Schubert's "Der Wanderer" - a night song for a wanderer, and a number celebrating the nightingale's song.

This special recital was preceded by an engaging book review by Mary Lou Frost on the life of Schubert.

Mrs. Frost highlighted the composer's songwriting, telling how he took German folk music and created and new art form out of it.

A singer as well as an instrumentalist, Schubert blended form, feeling and harmony in a way few composers have.

Donna DeLuca illustrated this with her numbers, beginning with the first song, "Ave Maria" - one of the world's great songs of worship.

She continued with "An Die Musik," thanks and praise

for music. Other songs on the program included "Du Bist Die Ruh" - you are my tenderness, my peace - "Der Wanderer" - a night song for a wanderer, and a number celebrating the nightingale's song.

Most of these songs were in German, with one in Latin. Obviously, with her appealing natural voice, Donna DeLuca can sing in any language she cares to and make the meaning universal.

Both she and gifted pianist Cathy Hamrick of Granbury studied music at Texas Wesleyan College. Mrs. DeLuca said, Cathy Hamrick brought the grand piano in the Clubhouse to life, giving a beautiful melodic background to all the songs.

Musick Club Leader for this event was Adeline Meredith. Hostesses who assisted here were Helen Lund, Bonnie Rice and Evelyn Daniel.

The table in the Clubhouse was decorated with Thanks, giving colors and arrangements. A brown cloth was centered with a ceramic turkey encircled by a grape vine wreath. This was highlighted

by sprays of gold daisies, ripe wheat and other fall plants.

Assorted coffee cakes were served, together with apple cider from an enamelred, painted bucket.

Club members welcomed Harriet Motter, Breckenridge piano teacher, as a new member of the group. Among the special guests attending were Mrs. Jack Reynolds of Dallas, Texas.

Winter Feeding CUBES \$137.50?
LET US SHOW YOU HOW!!

Eastland County is very fortunate this year to have an abundant supply of hay and grass. So you can SAVE MONEY and utilize the dry forage. We can sell you Cottonseed Cake Cubes (old process & double protein to grain cubes) for only \$275.00. If you normally feed 5# per day per animal - you need only 2 1/2# CSC to get the same protein. Therefore: \$275.00 ÷ 2 = \$137.50. You must have ample grass or hay to do this.

Eastland Farm & Ranch Center also offers a 32% liquid feed for only \$159.00 delivered to your location. This also requires a good supply of hay or grass and we believe we have the forage supply this year.

We have a good supply of grain cubes, CSC cubes & liquid feed. All contracted to help you save dollars. Analyze your particular situation. (Grain cubes may be your cheapest feed if you do not have the forage available).

Letter To The Editor

Editor: We are sometimes prone to believe what we see on the television, what we hear on the radio and what we read in the papers when in fact we know that the message that is being presented by these news affiliates are bias to the point they are sometimes untruthful.

A good example is the TV coverage of the different areas where the representatives of the Texas Department of Corrections visited to inspect the proposed site for a maximum security prison system to be located.

Each of the television stations covered the visits of these representatives did not give equal time to the pro's and con's of those areas outside of the Abilene area. They did get good coverage of the con's by their visit covering the Abilene proposal for a maximum security prison system got all of

the pro's recognitions not any con's when in fact reliable information is that Austin has received more letters from Abilene people who are opposed to the prison system in Abilene than any other area.

It is hard to believe that there will be enough votes in the upcoming election to mar the possibilities of Eastland County getting a maximum security prison.

When Snyder, Texas, was wanting a maximum security prison there were many who opposed their proposal and in louder terms than any

of the people of the present proposals, however since they have established the prison system some years ago they find that the crime rate is down considerably, the businesses are prospering, and no criminals have escaped and terrorized the town.

It has been calculated that for a 1 percent investment of Eastland County for the prison system the return will be 99 percent on the investment. I like that kind of investment.

It would be good if Cisco, Eastland, and Ranger would cooperate to the betterment

of the whole county, get the prison system here, cut the crime rate of Eastland County, improve the businesses, add more businesses, fill all of the vacant buildings with businesses, and all of the vacant houses with people living in the houses with money to pay their bills. It would be a blessing to the pro's and con's.

I would hope that a great majority will vote for the prison system. I have already cast my vote for the system, for your sake cast your vote for the prison system.

Mrs. Ethel White of Gorman Chapter No. 443, and Deputy Grand Matron of District 3, Section 4, Grand Chapter of Texas, made her official visit to Moran Chapter No. 591, on Monday night, Oct. 30. She brought greetings and instructions from the Worthy Grand Matron, Mrs. Betty Phillips and Worthy Grand Patron, Joe E. Jeffers.

Mrs. Mae Delle Jones, Worthy Matron, and James Garrett, Worthy Patron, Pro Tem, presided over the meeting.

Other visitors present were Jim White and Bill Chandler, both of Gorman Chapter No. 443.

Mrs. Myrtle Park and Bob Park of Lubbock visited Mrs. Mae Delle Jones a few days last week.

Mr. and Mrs. O.D. Hill of Cleburne and Mr. and Mrs. Charles Hill of Garland visited with their sister, Mrs. Jack Moore, last week.

Mr. and Mrs. B.D. Conner of Nacogdoches and Mrs. Lillian Ellis of Corrigan visited with their sister, Mrs. J.R. Collinsworth and Mr. Collinsworth, last week.

A fund has been set up at the First National Bank in Albany to assist Mr. and Mrs. Joe Hardin with expenses due to their baby, Joseph Andrew, receiving treatment in Cook Childrens Hospital, Fort Worth. Little Joseph has been receiving treatment in the hospital since birth. You can leave your contributions at the West Texas Utilities office in Moran. Mr. Hardin is manager of West Texas Utilities in Moran. Any donation will be appreciated.

Mrs. Charlene Finn of Navasota spent a few days last week with her mother, Mrs. Jack Moore.

MORAN SCHOOL HOMECOMING

Over 200 ex-students, ex-teachers, students teachers and friends attended the Moran School Homecoming Saturday, Nov. 4. Registration started at 1 p.m. with the program starting at 2. Mrs. Garre (Cynthia) Gilmore, president, presided over the meeting.

Prosper Walker gave the invocation. Fred Wylie was recognized as the oldest student present. Mr. Wylie is 95 years old. Hubert Brooks of Oregon had come the farthest to attend the homecoming.

Ike Chism of Albany, guest speaker, told of being a teacher in the school and compared the present day rules to the past, and told of changes being made.

Ex-students, teachers, ex-students were recognized. Mrs. Frances Garlitz Howe of Abilene was chosen as Queen and Cleveland Doyle was chosen King of the homecoming.

During the business session, Mrs. Joe (Susie Garrett) Clack was elected president, Mrs. Sammy (Mary Anna Garrett) Snyder was elected vice president, and Mrs. Marvin (Lorea Thomas) Kays was elected secretary-treasurer. The group sang the Alma Mater.

Bill Davis gave the benediction. The First Christian Church, being restored as the Moran Museum, was hosts for a reception following the program at the school.

A football game between the Moran Bulldogs and Paint Creek was held starting at 7 p.m.

A dance at the American Legion Hall, starting at 9 p.m., concluded the homecoming activities.

I will not attempt to name those attending the homecoming, as I might

leave someone's name off the list.

CLASS MEETING

The Dorcas Sunday School Class of the Baptist Church met on Thursday, Nov. 2, in the home of Mrs. Elaine Shelton for the regular monthly meeting with Mrs. Dale Phippen as co-hostess.

The class song, "Have Faith in God," was sung, followed by prayer by Mrs. Maezell Crocker.

Mrs. Mary Edwards brought a very interesting devotional entitled "Daring to Ask." Various scripture verses were quoted in keeping with the book "The Prayerful Heart," which the class is studying. The book was written by Charles Allen and Helen S. Rise.

Mrs. Boyd Tabor, president, presided over the meeting. Reports were given.

The monthly project for December will be fruit baskets for church shut-ins. Christmas party plans were made.

The closing prayer was given by Mrs. Paul Harper. Those present were Mmes. Jack Dennis, Maezell Crocker, Mary Edwards, Paul Harper, Kenneth McKinney, Roy McCoy, Dale Phippen, Elaine Shelton, Ralph Snyder, Boyd Tabor, and Jean Tabor. Patricia Baughman was a guest.

The weather continues to be beautiful with cool nights and warm days. A good rain would be very much appreciated. The grain looks good in the fields.

Don and David Bowne of Kilgore spent the weekend with Mr. and Mrs. Bert Jones, Wade and Brock and Mrs. Mae Delle Jones.

Mrs. Fairy Thompson and Jim Handley of Bridgeport visited with friends in Moran Friday and Saturday.

Halloween Winners Announced At Russell Newman Luncheon Oct. 31

Russell Newman Manufacturing Co. celebrated Halloween Tuesday with a luncheon and "spook contest."

Rex Fields, Caryn Garrett and Shirley Hargrave were judges and found it very difficult to select. The runner-up for the contest was Helen Gage for "originality." The "funniest" was Bobbie Gomez dressed as a surgeon. The "most awful" get up was judged as Angela

Croley in her blood and gore, and the winner for "best costume" was Bonnie Pierce, dressed like Ma Kettle, smoking a pipe, with a stumped big toe.

Lots of fun was shared and the winners received homemade pies and cakes.

Shirley Kearney, who manages the office, looked pretty terrific in a Donald Duck costume, along with several other nutty employees.

Cisco VFW Activities

The building committee reports that VFW temporary quarters, 701 Avenue A, will be ready for our first meeting on the third Tuesday, Nov. 21, at 8 p.m. We will publish a list of those valuable contributors of time, effort and finances to this effort at a future date, both members and non-members. Hats off to all of you, our thanks.

This is the last open meeting as the charter membership will close at that time. All eligible veterans are encouraged to enroll for your name to be inscribed on the charter. Contact Frank Young, any officer or member for a membership card.

Should the Post Ladies Auxiliary have their approval by meeting time, they will hold their installation of officers as part of the

meeting.

This is the week of our "Buddy Poppy Sale." Your contribution to this cause helps in two primary areas. Our purchase of the poppies assists the disabled veterans across the nation. The contributions we receive can only be used to assist needy veterans, veterans' families, their widows and children. This assistance is for our local area, truly a worthy cause. We are grateful for your support.

The Abilene Veterans Day parade will include our own herman flying the Colors of the Cisco Post. Wrangler Belles, we join you in helping build Cisco a more favorable name. We think this is the only VFW Horse Unit active in the United States. We will assume this until we hear otherwise.

Memorial Books Placed In Cisco High School Library

During the past several months, a number of books have been placed in the Cisco Junior-Senior High School Library as memorials. This is the first in a series of articles featuring those contributions.

The gift of a Spanish Bible from Dr. Joe Tom Poe, Director of the Bible and Commentaries Department of Baptist Spanish Publishing House in El Paso, was given in memory of his former teacher, Ella Andres White. "El Libro de Dios para la Familia de Hoy (God's Word for Today's Family)," Dr. Poe says, "...in a sense... has its roots in Miss Ella Andres' Spanish classes in CHS and

C.J.C." Dr. Poe, a 1946 graduate of Cisco High and later of Cisco Junior College, was one of the team of editors who spent ten years in this revision of a classic translation of the Bible which goes back to 1569 in Spain. Mrs. White, who died in 1988, had been asked to help edit the book, but was forced to decline the invitation because of failing eyesight. This Bible, which also contains notes, references, and brief study helps and the words of Jesus printed in red, is a welcome addition to the Spanish language materials in the CHS library, according to Lou Jane Davis, librarian.

A Thought
For
The Day...

Abraham Lincoln asked our nation "to care for him who shall have borne the battle; and for his widow, and his orphan." The Veteran's Administration is charged with caring for the country's millions of veterans of whom 85% wore their uniforms in wartime. Thanks to them...Americans know the bounty freedom brings. Unfortunately, we Americans often have a tendency to be complacent about our bounty. We accept our material prosperity, our environmental beauty and our democratic form of government as something due us. We often forget, or don't take the time, to think about why we are the most fortunate of nations...Our freedom, which enables us to lead the highest quality of life on earth, was bought at great price by the men and women who had the conviction to believe in America's future. They had the courage to nobly sacrifice themselves to do what was required to secure and maintain our way of life for future generations.

Veteran's Day affords Americans the opportunity to personally give thanks and express our appreciation to those brave people who remain with us today...Let us always remember...American is #1 Thanks To Our Veterans....

A very desirable two bedroom frame, corner lot, in good repair, paved street and the price is, well you will like the price.

A solid two bedroom frame, ready to move in, large utility room and three lots with a lot of pecan trees.

Two bedroom on paved street very well worth the money and one you can afford at \$8,500.00.

Three bedroom frame, one bedroom very large and on paved street, owner needs to sell, this is your chance.

We have a nearly new roomy three bedroom brick with plenty of yard room, on paving, if you would like a very nice place this is it.

We are loaded with commercial buildings, anything you might want or need, ask us.

We have land, several blocks, 88 acres and on up to 480 acres. Eight places in all. In fact the 480 ac's is only \$195.00 per a. You can't beat that.

Due to cost we do not carry a large ad but, we have the property, and we are selling it, just ask us. We can always use good salable property.

Letters to the Editor

Dear Editor,
Falling in love is a wonderful thing. There's a glow in our checks as we speak of our loved one and glittering promises for the future leave us breathless. However, before we tie the knot, some clear-eyed questions about compatibility need to be asked. (And all too frequently aren't.)

In the same way we are infatuated with the idea of a prison. Many glittering promises have been made and our pulses race at the prospect. But before we rush down the aisle, could we have some very important questions answered—and not brushed aside?

- For instance:
- 1) Doesn't the state of Texas have a furlough system? How would it affect us?
 - 2) Won't property insurance and automobile insurance rates go up, considering increased likelihood of crime?
 - 3) Won't many of the unfortunate families of prisoners add to an already overtaxed local welfare system?
 - 4) Have our schools the capacity to handle the increased population of students from these families?
 - 5) What kind of increases

will be needed in our local police force?

These are just a few of dozens of questions that have not yet been satisfactorily answered.

Before we say "I do" to this prison, let's be sure we know what we're getting into. Maybe it seems cold-blooded when one is in love to ask if the guy's intentions are honorable, but divorce is a terrible and painful thing and it's better to learn early about such things than too late.

And once Eastland ties the knot with this prison, divorce will be out of the question.

Thank you for the opportunity to express my opinion.

Sincerely,
Ellen Kennedy

Carbon News

By Dorothy Jackson

We are still on the yo-yo string with the weather, hot one minute cold the next. I write this piece of information and before I get it to the office it has changed. Someone did leave the north gate open Thursday of last week. It got down to 30 degrees Friday morning about 3:30 a.m. and it was still 30 degrees at 6:45 a.m., needless to say there was frost on the "pumpkin", "gobblers" and all else left outside. I am sure the farmers will be operating in high gear getting their crops to market. All people driving in the Carbon area, please be careful and watch out for all trucks, trailers, tractors and any other farm equipment moving around. We hope for good weather now so the farmers can work.

How many of us, when we go on vacation find a church and then go? We had two men visiting in our church Sunday, they were in the area on a deer lease. Gene Gibbs of Breckenridge was the Gideon speaker at the Baptist Church Sunday morning. He told of the organization and their distribution of bibles in so many places. Bro. Donnie finished the morning service with a wonderful message and again in the evening service. Carol Sandlin hosted Bro. Donnie for lunch Sunday morning.

As I asked about the voting for November 7, people would ask "who is running" and according to the absentee votes not many voted, it was only amendments but they were important. On Tuesday of last week, Mrs. Pearl Greenwood of Cross Plains and Ine Bownds of Eastland were dinner guest of J.E. McDaniel and then attended the singing at the Gorman Nursing Home and visited with their sister and sister-in-law, Mrs. Edna Morgan.

Mr. & Mrs. Ray Evans and grandson of Cleburne were Friday afternoon visitors of Mr. & Mrs. J.E. McDaniel. Don't forget the school work day November 11, at 9:00 a.m. Some remaining jobs need to be finished that were started before school started.

A few weeks ago Carbon School had a burial service for the old school spirit and a new spirit was raised. As I worked at school Friday, I could see the new enthusiasm of all the students. The faculty and students are expecting a great year. Carbon Jr. High closed out their football season on a winning note. The Wolverines lost Friday night at Sidney which was their last game. The old Carbon Trading Co. building is getting redone. The building belongs to Birdsong Peanuts, I am sure they will be put to good use. They have owned the building for some time and have used it but with the re-enforcements it will be stronger for what ever is needed.

Mr. & Mrs. Gerald Harris attended his uncle and aunt, Mr. & Mrs. J.B. Jessup in Cisco Sunday afternoon.

The Eastland County Arts Association will meet Monday, November 13, at 5:30 p.m. at Reddy Room in Eastland. Virgil Roberts of Winters will give a demonstration on landscapes. All members are urged to attend. Visitors welcome.

It's Time To Prepare For Winter

The heating season is not far away and Lone Star Gas Company recommends a heating system efficiency and safety check be made before cold weather arrives.

All natural gas heaters must be tuned properly to assure the most efficient and safe operation. Here are a few steps most consumers can take.

*CHECK, replace or clean filters now and at regular intervals during the heating season.

*CHECK the main burner or burners and the pilot light for a blue flame. A yellow flame indicates an air mixture adjustment may be needed.

*CLEAN dust and dirt from the air registers.

*CHECK the exhaust vents for proper venting of exhaust gases.

*CHECK to make sure the heater has an adequate fresh air supply for efficient combustion.

If adjustments or repairs are needed, your Preferred Gas Dealer, a qualified heating contractor or Lone Star Gas should be contacted. To identify your nearest Lone Star Gas Preferred Gas Dealer, call 1-800-545-3427.

If your gas furnace is several years old, it should be inspected by a professional each year.

Today's natural gas furnaces are much more efficient than those sold just a few years ago. Many older units will operate at 60 percent efficiency, or less. Newer models are much more efficient, with some rated at over 95 percent. A new high-efficiency gas furnace will often pay for itself in just a few years.

Smith Visits In Eastland County Last Tuesday

Jack Smith, distinguished member of the Cogdell Memorial Hospital Board of Directors of Snyder, Scurry County, Texas, visited in Eastland County Tuesday and presented a program to several supporters and members of the Ranger Hospital and the E.L. Graham Memorial Hospital Board of Directors. Primary impetus of the talk concerned experiences of the Cogdell Board of Directors in arranging for and receiving a contract for medical support for the new 1,000 bed state prison which is now operational in Snyder.

Mr. Smith indicated that officials of the Department of Criminal Justice were very cooperative with the Board and the hospital is now recipient of a most lucrative contract. While all details of the arrangement were not revealed, he stated that Cogdell now operates under a \$1.24 million dollar capitation contract in which \$1,240 is paid the hospital every year for each incarcerated person whether or not medical services are rendered. If special services are provided additional funds are received. The Cogdell staff operates both an infirmary inside the prison and has designated a separate ward of the outside facility for use by confinees should the occasion arise.

"By providing the total

medical staff for the facility we are able to increase the total number of medical specialists," Mr. Smith said and cited the recent addition of an eye, ear, nose and throat doctor.

"Funds from our contracts with the prison system make up more than one-third of our total budget," said

Smith, who stated that "those communities fortunate to have a prison unit nearby can depend on a steady, reliable income from that source which not only benefits the incarcerated persons but the entire community as well. Many small hospitals have had to close their doors due to small patient load and lack of qualified medical personnel. Our situation is entirely different. We are growing and expanding our services with the latest updated medical

equipment," said Smith.

"The Department of Criminal Justice which operates the Snyder prison has been a good neighbor," said Smith. "We look forward to a stable relationship for the next 50 years or so."

"Employees of the prison are state civil servants and have an excellent health care insurance program and are able to pay their medical bills. The 300 or more employees of the Snyder prison which is the smallest

unit being constructed by the state seem to be model citizens and are participating in church and civic groups to better our community. Snyder wishes Eastland County luck in its effort to obtain a state prison for this area," Smith said.

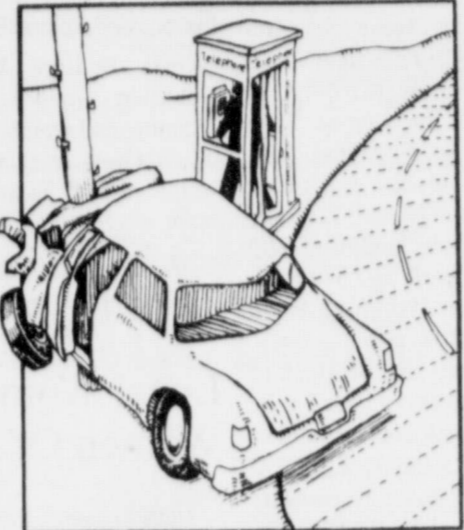

Smith had been scheduled to also speak to the Board members of the Eastland Memorial Hospital but was cancelled

LOONY LAFES

SAY, WHAT MAKES A PEANUT SHELL AND A LOONY ALIKE?

I DUNNO.

THEY'RE BOTH NUTCASES!

HAW HAW!

You wouldn't make fun of cancer, would you?

Or heart disease. Or diabetes. Or cerebral palsy. But every day we unknowingly make fun of the single, most prevalent disease in America. A disease more prevalent than cancer, heart and lung disease combined. That disease is mental illness, a distressing medical disease that afflicts over 35 million Americans.

But the stigma of mental illness keeps most of those afflicted from seeking help. Which is tragic. Because today, there's more hope than ever before. In the past few years, medical science has unraveled many of the intricacies of mental illness and discovered new drugs and better therapies to treat it.

In fact, today, 2 out of 3 people who get help go on to resume productive lives. For an informative booklet about mental illness, contact the American Mental Health Fund.

Local Women Attend 'Concerned Women Of America' Conference

Ruth Schaefer and Aileen Martin of Cisco attended a conference of "Concerned Women of America" in Fort Worth at the Tarrant County Convention Center on Saturday, Nov. 4.

Special speakers such as Beverly LaHaye, the founder and president of the organization; her husband, Dr. Tim LaHaye, President Bush; President Reagan, Dr. James Dobson, and others gave current information on issues in our nation (via satellite transmission from Washington, D.C.)

Some of the issues addressed were as follows: Abortion -- the national crime is claiming over 4 million babies per year according to President Reagan; Sex Education as presented by such groups as Planned Parenthood are INCREASING teenage activities in sex, resulting in AIDS, and other social diseases according to Beverly LaHaye; Pornography has proven to be fatal addiction which leads to overt crimes against women according to Dr. Dobson, who recently interviewed Ted

Bundy before his execution: President Bush vetoed a bill allowing abortion funding in cases of rape and incest. He stated "that such a child may have been conceived through an unconscionable act of violence makes this question difficult and, indeed, agonizing. It does not, however, alter the basic fact that federal funding is being sought that would compound a violent act with the taking of an unborn life."

The problem with DRUGS is considered a national issue of concern to all who believe in human potential. Drugs are often used on occult practices which may lead to other heinous crimes and the birth of premature babies who are drug addicts. Enormous amounts of funding is required to care for Cocaine babies suffering from withdrawal pains.

Ruth and Aileen left the convention with a new awareness of these national and local issues of concern and invite others to join them in seeing what we can do to help on the local level to solve some of these problems.

Smoking directly affects cholesterol levels, says the American Health Foundation. Tests indicate that each cigarette per day raises total cholesterol by half a point; quitting brings it down again.

People who take aspirin and non-steroidal anti-inflammatory drugs in arthritis-fighting doses are more likely to be hospitalized for ulcers, the British Medical Journal reports. (The Food and Drug Administration now requires warning of this on labels.)

Instead of surgery to remove gallstones, doctors at Mayo Clinic have been injecting ether into the gallbladder to dissolve the stones.

Combination of medications seems to slow the progress of diabetic kidney failure and may even prevent it. Reported in the British Medical Journal, the treatment uses captopril, an antihypertension drug, and a thiazide diuretic. United States tests are starting.

Liquid dosages of acetaminophen should not be used interchangeably. Drops for babies have 500 mg. per teaspoon, children's elixir only 160 mg.

PEACE
When rivers of trouble floods my mind
I look for a harbor of rest and peace
In a world of trouble, worry, and despair
The one place is with the Lord in prayer.
As the cold winds of life blows
Chilling us from head to toe
We fell warm in his love
And know he is with us from above.

That He's love is with us still
and will be according to His will.
When the shadows of life seems to dim
And the victory has been won
We set our sails for a better shore
To be with the Lord forever more.

E.C.B.C. TO FISH GRAHAM LAKE

NOVEMBER 12, 1989

It's haug hunting time folks. This may sound a little strange with deer season upon us, but members of the Eastland County Bass Club will be hunting those lunkers this Sunday, Nov. 12, 1989.

The monthly club tournament was set up for one of our premier lakes, Graham, Eddelman. Actually two lakes joined by a narrow canal. Graham lakes do have a T.U. Electric power plant which warms the water slightly. But the real draw is the excellent fishing, not only black bass but crappie, sand bass and catfish. But of course this weekend the anglers from the E.C.B.C. will be focusing in on those bucket mouth bass.

In past events held at Lake Graham the winning stringer weight for five fish has been around 14 pounds. And the overall club weight is normally one of the highest of the year. A lot of two pound to five pound fish have been caught and released in this lake by E.C.B.C. members. So let's all make plans now to attend and tell your neighbor so he want miss this the next to last event for 1989.

For those of you who have missed the last few tournaments, you still in the hunt for the Honey Hole Top Six Team and don't forget cash will be awarded to the top three finishers by weight at the end of the year. Currently in sixth place with 24.79 is Jerry King. But in 16th place with 10.45 pounds we have Tim Freeman, a mere 14 pounds back. That's just one good string of fish from Graham. And with 18.38 pounds is Bobby Maynard only 6.41 pounds back. That could be made up with one fish at Graham. Everyone who has fished this year has a shot, and even if you don't there's still the trophy awards for first, second and third, plus a little cash for the day's winners.

Currently the top six anglers are: Terry Wilson 53.67, Rick Glenn 51.99, Butch Willingham 36.11, Tommy Maynard 32.35, Chuck Burgess 28.18 and Jerry King 24.79. And these weights combined have already surpassed previous years in the E.C.B.C. And what's really great is next year it looks like it could take 70 plus pounds to win Angler of the Year.

Nominations for officers for the 1990 E.C.B.C. Year were presented last Thursday. For those of you who couldn't attend, congratulations your name is on the ballot for one or more offices. Many possible changes were discussed for next year by those present. If you are interested in these you really need to make the December and January meetings, whether you are currently a member or plan to join for the 1990 season.

For many years now there has been discussion for the forming of an Eastland County Bass Club Women's Auxiliary. Well it's here ladies, the E.C.B.C. board members regret not recognizing the interest over the year for this. And don't think it will be all work and no play, there will be plenty of fishing available if so desired.

There organizer of this will be myself and my wife, Carlotta Wilson. At present a meeting date has not been set or phone calls made. If you are interested please feel free to contact either of us at 629-3255.

A short note on the deer harvest thus far. Antler development appears to be good on this year's bucks. With the one oddity of the large number of bucks with unusually white horns. This apparently is due to a mineral imbalance during development. Body weights are running good with the average around 100 pounds. Some bigger up to 130 pounds field dressed. Overall the members are down a little for opening weekend it seems, but the weather just wasn't the greatest. There have been numerous reports of the rut going on in Eastland County, but the reports from Stephens indicate very few swelled necks have been tagged.

I understand there have already been two hunting accidents logged at Eastland Memorial. No better excuse to stress 'Safety' whether hunting or fishing. And this year would be an excellent time to pass on hunting and fishing safety to our youth, our future Outdoors persons.

Family Responsibility Of Elderly Members

When a family places an elderly or disabled member in a nursing home or other facility, they often must overcome both emotional and financial difficulties. The Texas Department of Health (TDH), which licenses, certifies and inspects long term care facilities of all types, offers

information and guidance through each stage of decision making.

However, according to Charline Stowers, information officer for the TDH Bureau of Long Term Care, family responsibility for a resident's well-being does not stop when the resident enters new surroundings.

"Even if a family and the resident are completely satisfied with the care they have selected, family members still need to visit the nursing home as often as possible, not only for the sake of their loved one's happiness, but also to observe whether the home is fulfilling its commitments to its patients," Stowers said.

She explained that TDH routinely conducts at least two inspections yearly at each of the state's 1,500-plus nursing homes, personal care homes, facilities for the

mentally retarded, and adult day care centers. One of the inspections is done during the facility's annual licensing or certification renewal. All inspections are unannounced, and may be in response to complaints about the quality of care given at home.

"We want to know about any violations of state standards for service in nursing homes or other facilities licensed or certified by TDH. We also need information about any unlicensed homes operating unlawfully. The identities of both the complainant and the resident are protected. The facility staff will not be given their names. Complaints are given priority, and to make reporting time easier for the public, we operate a toll-free line in Austin, for receiving complaints or providing information," Stowers said.

She explained that the information line (1-800-252-9106) is used by people inquiring about the types and locations of facilities, how to select the facility best suited to the in-

dividual's needs, and other information vital to families making the decisions to place a relative in a nursing facility.

However she said, "An increasing number of people use the number for reporting suspected inadequacies at facilities. In Fiscal Year 1989 more than 7,000 complaints were received, requiring investigation." She said that the TDH Bureau of Long Term Care recently added specially trained nurses and investigators to ensure prompt and thorough responses to all complaints.

County Resources Meeting Postponed Til Nov. 21

The Eastland County Resource Association has postponed the Nov. 14 meeting until Tuesday, Nov. 21, 12 noon at Eastland Centennial Memorial Library. Corrie Cowley, Association Presi-

dent, encourages all members and other interested persons to make plans to attend. There will be important business discussed, including plans for the winter season - when people seem to need help the most. Bring a sack lunch to the meeting if you wish.

EASTLAND--Funeral services for H.H. ("Pat") Everett of Temple, former Eastland resident, were to be at 10:30 Wednesday morning, November 8, at Bakker Funeral Chapel in Eastland.

Mr. Everett, 77, died Tuesday in Temple after a lengthy illness. He was the brother-in-law of Mrs. E.O. (Hilde-

garde) Everett of Eastland. Rev. Wesley Howard, minister of the First United Methodist Church, conducted the service with burial in the Eastland cemetery.

Survivors include his wife, Geraldine of Temple; a son, Hal of Reston, Virginia; a daughter, Jayne Beaty of Waco, 4 grandchildren, and 3 great-grandchildren.

Dear Editor,
I am writing this letter not as a member of any group, but as a concerned grandmother. I could not believe that all of the children that signed the declaration in November 5, 1989 Cisco Press knew what they were signing. I found out by talking with my grandchildren that indeed some of them did have definite ideas on the question of the proposed prison, and the hospital. Which is the way it should be if they had all the facts.

They will be young voters in a few years, and they need to start learning to evaluate the facts. However I do greatly resent them being brainwashed by a few opinions. The papers have been full of statements on the pros of both issues mostly it's been the utterances of the people for the prison, and for the tax increase on the hospital.

I believe it was Hitler that said something to the effect of give me your children and when I get through educating them, I'll rule the world. It is regrettable but

that's what we have going on here. How many of the young people that signed this letter really expect to spend the rest of their life in small town U.S.A. The young people have been leaving the small towns to make their fortunes for many generations. The population of this city and county has been declining since 1920 when it peaked at a little over 58,000 people. These are facts from the Texas Almanac. Sure it would be nice to keep Johnny down on the farm. We all would like that, but it will never happen. You are not going to keep all the young people here regardless of whether the prison is built, the hospital stays open and the area booms.

You didn't keep them here during the so-called oil boom. There were 25 to 30 businesses that went busted during that period. The hospital being open and us having three doctors didn't save them. So how can keeping the hospital open losing money with one doctor going to save this town. I could refute a dozen statements made in the paper since this started.

1. The local nursing home for the most part does not use E.L. Graham. When Dr. Boersma left here his patients were transferred to Dr. DeLuca in Eastland, and they have to be taken to Eastland Hospital. I might add many of Dr. Boersma's patients have gone to Eastland doctors and even if they got sick would not use the E.L. Graham Hospital. There are many people in our area that live a lot further than 10 miles from the hospital, and have for years, and survived. Strawn, Gordon, Moran, Putnam, Carbon but to name a few.

2. All hospitals are accredited by someone. Either the Joint Commissioners on Accreditation of Hospitals or by Medicare or both. Accreditation was never an issue regarding the

prisoners of the prison. They have their own hospitals. Secured by correctional officers, and when in extreme emergencies they try to use the nearest military facilities. Families of the people working in that prison that choose to live in our

County would possibly use our facilities. There is no guarantee they will all live here or move here. Some of them will choose to commute to their jobs rather than uproot their families. Especially if they live in Brown, Stephens, Erath, Comanche, Callahan, Shackelford and Palo Pinto counties.

3. If there is plenty of water in Lake Leon. Why can't you get a water meter set or a new water certificate in that area. Facts gleaned from our local newspaper in 1983, 84 and 85 do not support there being plenty of water.

4. For years the attitude of the powers that be in Cisco was we don't want any new businesses here. We don't want outsiders coming to our nice quiet little town. Its only now that our town is nearly dead that they have come awake, and all of a sudden its progress we need. New businesses, jobs to keep our young people here. The price of progress however is more taxes on an already over taxed society. We need to teach our young people not to be lazy, not to consider raising taxes as the answer to every problem. Fall back regroup and look for viable alternatives for our problems. They are the ones that will inherit the enormous deficits of our federal government. Should they also inherit our local deficits as well. When does overspending cease, and living within our means take over. It has to some day, some way.

5. On taxes there has been much said about 28 being a small price to pay. It would be if the hospital could operate on that increase, but by their on figures they can't. Every taxing body in this city and county has been raising either or all taxes or at least some of them every year since 1982 the start of my records. They raised them during the so called oil boom years as well. 1986 is the only year to date when no

taxes were increased. Some of them took quantum leaps at times. The road and bridge levy dropped back in 1988, but is climbing again in 1989. The junior college reduced theirs from .150 in 1982 to .145 in 1983, but

bounced back with .177 in 1984 then to .200 where it has stayed. That was some of the best years this area had seen in a long time and taxes still raised.

6. Whether you are for the prison or against it, for the increase in the hospital tax or against it. The constitu-

tion of the United States as well as your Texas Constitution gives you the right to voice your opinions and vote your conscience. Unfortunately here that's not the case. Some people are afraid to.

Let me say in closing that the tragedy in all this bickering is the young people. The football rivalry that has erupted worse than ever in addition to the prison question, and the hospital tax that was raised in direct opposition to the vote of the people must have our young people very confused. Its a wonder they would want to stay work, marry and raise families where their rights could be so flagrantly ignored. I hope they do get involved to the point of gathering all the facts from both sides, and sifting out the garbage. Find out the whole story not just what a few people want them to know. There will always be two sides to every issue. I don't care what it is, and there will always be a few people that will reap the harvest while the rest of us reap the wind, but you can change all that if you look at the problems with your brains not your sentiments.

TCI Unveils Broad Educational Package For City High Schools

(Denver, CO)—Tele-Communications, Inc., will launch an innovative educational program that provides new, high quality cable programming to local high schools at no charge. Much of the programming will have no advertising, and schools may delete advertising that does appear.

The program, known as the TCI Education Project, brings together some of the nation's most respected cable services, including The Arts and Entertainment Network, Black Entertainment Television, Cable News Network, C-SPAN, The Discovery Channel, The Learning Channel, Mind Extension University, The Weather Channel, and X-PRESS Information Services. Programming may vary depending on location.

The TCI Education Project allows teachers to cablecast or videotape important educational programs for the classroom. The programs, several created specifically for high school students, serve a variety of disciplines including English, math, history, geography, business and fine arts. Furthermore, many of the programs are accompanied by teacher support materials designed to facilitate critical thinking, classroom discussion and individual and group activities.

The TCI Education Project also provides live data that feeds to personal computers, helping students to find, manage and apply timely information to school projects. Through the X-PRESS X-Change-In-The-Schools program, participating schools will have access to stock reports, national and international news, and other up-to-the-minute information. Students and teachers will also be able to communicate with other schools through X-

Change's unique computer conferencing program.

"We are very excited to be able to provide such valuable educational programming to American students," said J.C. Sparkman, TCI's executive vice president and chief operating officer. "TCI has already spent several million dollars to wire more than 70 percent of the schools in our areas," he explained. "We are committed to wiring all schools that can be economically reached by cable."

To bring the cable programming into the schools, TCI, the nation's largest cable operator, will provide internal wiring to a school's library or resource center, and will offer assistance in hooking up a VCR and television monitor. For schools that cable cannot economically reach, the company will offer C-Band satellite dish equipment at the manufacturer's cost.

The company has also established the Lifeline Program for severely disadvantaged schools that cannot afford video equipment. These schools can apply directly to their local TCI cable system office to be considered for a donation of a VCR and/or a monitor.

"This project signifies our solid commitment to education," Sparkman said. "We are pleased to offer all schools in TCI's franchise areas the opportunity to participate."

The TCI Education Project is affiliated with the Cable Television Alliance for Education, a consortium of cable operators dedicated to the effective use of cable in the classroom.

For further information, please contact your local TCI Cable system manager.
