

Mr. Muleshoe . . .

By J. M. Forbes

Wes Izzard in "A to Izzard" in The Amarillo News has reprinted the "New Gettysburg Address" which he said appeared in the Amarillo Lions Club publication and was credited to some Washington source. It's so clever we want you to read it and chuckle, though you may want to weep.

NEW GETTYSBURG ADDRESS

"One score and sixteen years ago our fathers brought forth upon this nation a new tax, conceived in desperation and dedicated to the proposition that all men are fair game. Now we are engaged in a great mass calculation, testing whether that taxpayer, or any taxpayer so confused and impoverished can long endure. We are met on this 1040. We have come to dedicate a large portion of our income to a final resting place with those men who spend their lives that they may spend our money. It is altogether anguish and torment that we should do this.

But in a legal sense we cannot evade, we cannot cheat, we cannot understand or estimate this tax. The collectors, clever and sly, who computed here have gone far beyond our poor power to add and subtract. Our creditors will little note nor long remember what we pay here, but the Bureau of Internal Revenue never forget what we report here.

"It is for us, the taxpayer, rather to be devoted here to the tax return which the government has thus far so nobly spent. It is rather for us to be here dedicated to the great task remaining before us—that from these vanishing dollars we take increased devotion to the few remaining; that next year will not find us in the higher income bracket; that this taxpayer, underpaid, shall figure out more deductions; and that taxation of the people, by the congress, for the government, shall not solve our solvency to perish from the earth."

High school is building up a fine library and the pupils are taking a more and more lively interest in it. Which indicates that a more determined effort to build up the Muleshoe Public Library would pay dividends. The Muleshoe Study Club has long sponsored the Public Library and have done a magnificent job, but with little help from the people whom it was established with the library if we only would, with magazines, books we have read, etc. Let's sort of look into it. Best I remember a reading card costs only a dime and you may draw out two books at the time, making pretense to but all help during the long winter evenings that are coming soon.

Most interesting detail of last Saturday's city election to me was not the issues involved or personalities concerned, but a fact that less than 300 persons considered it their duty and privilege to cast a ballot in so important a matter as the changing of our form of city government. Some told me they did not care to vote and thus take sides in a purely local controversy, and that again is none of my business. However, I might carry that a step further and refuse to vote in the November 7 general election on the ground that I don't want to take sides between Republicans and Democrats. I believe in the next few years we will all come to take a more lively interest in our elections; continued neglect of this important adjunct of citizenship can jeopardize the entire way of American life, as we have been told many times in recent weeks.

And, speaking of libraries, soon we will observe "Book Week" throughout the United States and the occasion will be observed here by appropriate programs by Muleshoe elementary school. We talked with teachers who will help in the observance and we learned that the elementary school does not have a library, does not even have a room for the same, much less any books. They are working on a far approach to the establishment of a library and we are pulling for them with all our might.

Three Muleshoe High School beauties specializing in baton twirling are Beverly Heathington, Jeri Nell White and Jon Ann Thomson. Gay Sanders is drum major. These girls perform with all the marching formations of the Muleshoe High School Band and may be seen on the sidelines during the games prancing and twirling their batons to the music. Another majorette not pictured is Jo, Addine Wagon.

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 28, Number 45

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, November 2, 1950

District Court Begins Monday

District Court for Bailey County will convene in Muleshoe the coming Monday morning, November 6, with District Judge E. A. Bills of Littlefield presiding, and with Dist. Attorney Joe Sharp and Court Reporter Jim Norman, both of Plainview, in attendance. During the term many attorneys from surrounding towns likely will be on hand at various times for litigation.

Grand Jurors summoned to report Monday are: Ray Griffiths, T. R. White, Roy Jordan, A. J. Lenderson, Arthur Crow, V. E. Garner, V. C. Weaver, Roy Sheriff, W. W. Couch, T. W. Watson, D. O. Burelsmith, W. T. Millen, W. H. Eubanks, Glen Williams, and Claud Patton.

A list of men in the county are being summoned for petit jury service and these will report the second week, beginning Monday, November 13.

Lions Hear Band Group

Bob Gray, band instructor of Muleshoe High School, and four girls forming a saxophone quartet were guest performers at the regular luncheon of the Lions Club Wednesday noon at Gerald's Cafe.

Girls performing the quartet were Janelle Green, Jo Addine Wagon, J. Ann Weyer, and Helen Stovall. Selections rendered were "Beautiful Dreamer" and "Londonderry Air".

Mr. Gray gave a short address on the purpose of the band and the benefits derived from it by the students of Muleshoe. At present, the two music instructors are teaching music in some form or fashion to more than 400 students.

Different music organizations in Muleshoe high school include the Senior High Band, Junior High Band, Beginners Class, Junior High Choral Club, Senior High Choral, and a string band organization. Mr. Gray said among the general aims of band instruction was to teach cooperation, submit to authority, and shoulder responsibility.

After giving the history of music in U. S. schools, he ended his talk with this quotation, "give a boy a horn to blow and he'll never blow a safe". The program was introduced by Supt. C. W. Grandy.

Another visitor was W. D. O'Brien of Lubbock, guest of Noel Woodley. Vance Wagon was appointed as chairman of a committee to assist Boy Scout work here and the new Scoutmaster, Spud Thomas.

Lee Pool, Randy Johnson, Morris Douglass and Travis Barnett were appointed on a committee for Christmas decorations for the town.

HALLOWEEN PARTY

Mrs. T. Thurman and Mrs. L. D. Chitwood entertained with a Halloween party Monday night. Games were played and refreshments were served to 40 guests.

"Make Friends with Books" is the slogan of Book Week, and we can say that Book friends are at the least steady, they pay no attention to your quirks of personality or any other circumstance, and should all human friends lose interest in you, your book friends will still be on hand to enthrall and entertain you throughout your life.

Mr. Grandy paid tribute to all whom he is associated in the conduct of the schools this year, saying it was a genuine pleasure to work with everyone.

The superintendent commented on the five new light standards going up in front of the building, saying that this is going to help bring home to the public the beauty of the new high school and its grounds.

GRASS IS DOING GOOD

Grass planted on the new high school is "going to town." The grass, just plain Bermuda, was planted in August, and if there is a little more time before cold weather sets in it would completely cover the ground. Everyone is hoping that the grass will be big enough to prevent too much blowing this fall and next spring.

Light Vote Feared In Bailey County For General Election Next Tuesday

Ballots have been printed for use in the General Election to be held throughout the U. S. the coming Tuesday, November 7, and have been distributed to officials at each Bailey County voting box by county officials.

The ballot this year contains four columns, one for candidates of the Democratic Party, one for Republican Party candidates; one for Independent candidates; and a fourth column for write-in candidates.

A full slate of candidates have been nominated from Governor through the office of constable by the Democratic Party, while the Republicans in Texas have nominated a slate of candidates only for state and Congressional posts.

Governor Allan Shivers was renominated by the Democrats and is opposed by Ralph W. Currie, Republican standard bearer. Other Republican candidates include: for lieutenant governor, Marjorie McCorquodale; for attorney general, Nat Friedman; for associate justice, supreme court, place 1, S. D. Bennett; place 2, Enoch G. Fletcher; place 3, J. E. Vickers;

For judge, court of criminal appeals, Jack Nossaman; for railroad commissioner, Roy D. Golston; for comptroller, Dan Barnhart; for land commissioner, Charles F. Adams; for state treasurer, Dahl Darden; and for representative in Congress, 19th district, M. D. Temple.

Mr. Temple who lives in Lubbock, was Republican candidate for Congress two years ago, and is again running against veteran Congressman George Mahon, Democratic nominee for reelection.

Various agencies throughout the U. S. have been attempting to arouse more interest in the election, urging more participation of the citizens. In Texas, since Democratic nomination usually means election, a light vote is predicted.

Hallowe'en Observed In Traditional Fashion Here Tuesday Night

Hallowe'en was observed in the traditional fashion here Tuesday night, as ghosts and spooks went on the prowl on the Eve of all Saints Day. Homes were subjected to "trick or treat" and most of them doled out bribes to the younger generation for "protection."

Many of the adults observed Hallowe'en by attending the American Legion Halloween Dance, featuring music by Bernie Howell and his trio. A large crowd attended this affair, several of them in costumes.

Another Hallowe'en feature was the midnight show at the Cox Drive-In Theatre. Many of the high school set as well as others rounded out Hallowe'en by attending this show.

Juvenile pranks were in evidence all over Muleshoe the next morning. Main Street was partially blocked with large trailers being overturned at each end of the street and other property and debris stacked along the sidewalk and in the streets.

9th WEEK EXAMS

This week marks the end of the first nine weeks of school. High school students began taking their examinations Wednesday morning, Jerry Kirk, principal announced. There will be four nine week periods in the 1950-51 term. The former system of 6 weeks terms with their attendant examination times.

Mr. Kirk said that considerable time would be saved to be put in on constructive work.

FFA - FHA PARTY

The Future Homemakers of America at the high school will entertain with a party Saturday night for the Future Farmers of America at the high school.

JUNIORS BEGIN TO REHEARSE THEIR PLAY

Members of the Junior Class have selected "Cat O' Nine Tails" as their play this year, and a cast of eleven will begin rehearsals the coming Monday night. Miss Norma Osborn and Durwood Green of the faculty are class sponsors and will themselves direct the staging of the play, to be presented later on in the season.

THANKSGIVING HOLIDAYS

Thanksgiving holidays in the Muleshoe schools this year will be November 23 and 24, Thursday and Friday, school authorities announce.

New Postoffice Equipment Here

The Muleshoe Postoffice has just received new, all-steel equipment which has been installed during the first part of this week, to replace the old equipment that has been used in the office for several years.

The new equipment provides an entire section of additional boxes. The staff will have to go through the whole list of box holders, assigning new numbers and furnishing the combinations, a sizeable job.

All boxes will have combinations. On some of the old boxes it was necessary to close them with a padlock. A new steel safe is included in the equipment, which is the property of the postal department.

Montgomery With Fry & Cox Bros.

W. P. Montgomery, recently of Slaton, is a new mechanic at Fry & Cox Bros., Muleshoe dealers for Minneapolis-Moline farm machinery. He was with the M-M dealership in Slaton and has had a number of years experience as a farm machinery mechanic, and has worked on this make of machinery for the past 10 years.

"We are happy to have secured the services of Mr. Montgomery," said Jack Cox of the machinery firm, "and we heartily recommend him for any and all tractor repairs."

Book Week To Be Observed Here

National Book Week, which has as its slogan "Make Friends with Books" will be observed by the Muleshoe elementary school November 17. Parents are being invited to visit the school on that date.

Special features for the afternoon will include a short program of music and choral reading in the Junior High School assembly at 2 o'clock.

Following this program, visitors will return to the grade school building for a tea. An interesting book exhibit will be displayed and a book will be reviewed.

VISIT IN FT. WORTH

Jack Wilterding was a business visitor in Fort Worth this week.

Businesses To Close Nov. 11

Practically all the businesses in Muleshoe are planning to be closed next Saturday, November 11, for Armistice Day. All of the grocery stores, hardware and furniture stores, and many other business houses in town will be closed. The bank, postoffice, and courthouse also will be closed for the holiday.

The American Legion will head the day's observances with their traditional breakfast at the American Legion Home. Others are planning to attend football games and some will visit out-of-town relatives.

Life Insurance Theme Of Talk To Rotary Club

Bob Gregory, recently returned from the Institute of Life Insurance Marketing, at Southern Methodist University in Dallas, gave members of the Rotary Club something to think about in describing the life insurance business, in a classification talk before the club Tuesday noon.

Gregory appeared to have learned quite a bit in the school. He explained men's need for insurance, then developed a formula showing how much the average man needs, to take care of funeral and sickness expenses, pay off the mortgage on his home, and leave something for the maintenance of his wife and children after he is gone.

Especially interesting was his developing of a means by which the gap between Social Security payments, which end at the time the youngest child becomes 18, and resume when the widow reaches age 65.

To do these things, the average person probably needs more insurance, he concluded.

Local Markets

Ed Nickels last Friday night had one of his best nights and tomorrow night he will be more free than ever to do what he does supremely well, pass, run, block, and tackle. Coach Green is very high on Nickels and is in agreement with the fans that Nickels will be much sought after by the colleges when his playing days at Muleshoe high are over. He has the size, the temperament, and the know how.

Aldermanic Form Of Government Adopted—Council Election Dec. 9

Benny Douglass Field Is Name Of Football Stadium

The Muleshoe High School athletic field will henceforth be known as the Benny Douglass Field. It will be so dedicated in memory of the young athlete who lost his life in an automobile crash last summer, in ceremonies at the football game here tomorrow night between Levelland and Muleshoe.

The student body of high school voted to honor Benny Douglass in this manner. Supt. C. W. Grandy will make the announcement at the ceremony Friday night.

Benny Douglass was the son of Mr. and Mrs. Morris Douglass, and had performed in an outstanding manner in football, basketball, and track, although he was only 15 years old. He also was an outstanding student in his class work and was very popular with his school mates.

Mules Eleven Cooking Up Some Medicine This Week For Levelland

Muleshoe's oft-defeated Mules, nothing daunted, this week are cooking up bad medicine for the high flying Levelland Lobos, for their district football game here tomorrow night.

And Coach Woodie Green announced that the revamped lineup he used in last week's game against Post would be used again for the Levelland game.

His backfield will look like this: Royal Johnson, quarterback; Ed Nickels, fullback; Aubrey Heathington and Freddie Harvey, halfbacks. Ray Kersey, the regular halfback who has been doing some fine mail carrying all fall, has recovered from his injuries sufficiently to allow him to play a part of the game, it was said. There are several other young backs, including Odell Spivey and Pete Collins who will be eagerly awaiting a chance to get into the game.

Nickels "Goes To Town"

Nickels last week tore off sensational gains and brought the Muleshoe partisans to their feet time and again. With Roald as the man down under this time, the fans can expect some more of this sort of action from Nickels.

NO DEFAECATION NOTED IN NEW BUILDING

Jerry Kirk, principal, is very proud of the students and teachers of the high school for the way in which they are keeping the new building. In the whole building, he has noted only one defacement—a student's idly tapping a pencil on a desk. No scuffs, pencil marks or other defacement may be found on the walls anywhere in the new building.

EVERYBODY'S PROUD OF THE HOMEMAKING DEPARTMENT

Not only the students, but the teachers and everybody else are

Muleshoe's form of city government was changed as a result of the election held Saturday, October 28. Only 290 voted in the election, called to see whether the commission form of government should be changed to the aldermanic form. Voters favored the change 214 for, 75 against. Tom Zimmer was election judge.

The city commission met this week, canvassed the vote, and ordered an election to fill the three

THREE ARE NOMINATED Names of three men have been submitted in petitions as candidates for city aldermen. The three placed in nomination are: N. H. Greer, Houston Hart, W. T. Bevell

places on the council which will be added under the new form of government. At the same time the commission instructed the city secretary to accept petitions to place the names of candidates on file, and to cause the printing of ballots to be used in the election.

The city commission has been composed of H. D. King, mayor; Loyd Roberts and Jim Cox, commissioners. Addition of the three council members will provide a five man body in addition to the mayor.

He has the size, the temperament, and the know how.

Nickels last week tore off sensational gains and brought the Muleshoe partisans to their feet time and again. With Roald as the man down under this time, the fans can expect some more of this sort of action from Nickels.

There are no better passers in the district than Nickels and few as good. The fact that another is playing at quarter will make Nickels an even greater threat because it will not always be quite so evident what sort of play is coming up.

BABSON Profit Sharing For Pensions

Babson Park, Mass., Oct. 27.—If an employee, are you looking for an adequate reward for your individual initiative? If an employer, do you want to increase employee cooperation and at the same

time have an effective weapon against unwise welfare-isms? In either case, study profit sharing.

WHY PROFIT SHARING?
We read lots in our papers about what is wrong with management. Seldom, however, do we read about what is right with management, primarily because management remains so unvoiced. Management has a great story if it would only tell it.

There are today hundreds of companies across the country with profit-sharing plans for wages. Their records indicate that companies with the profit-sharing philosophy generally do not have strikes. Rather, they are noted for their good morale, high production record and greater profits. Too often, however, they are protected by patents or "good will" which give them a special advantage.

SMALL BUSINESS AND PROFIT SHARING

With continually increasing wages the small business is especially vulnerable in hard times with the average pension plan. In general, pension plans are not flexible enough for small business because management must continue to pay whether times are good or bad. Further, there is, unhappily, little

evidence that employees with guaranteed pensions are any more productive than employees without pensions.

Uninterrupted production is especially important to the small business owner, and such an owner can well consider profit sharing for wages. This gives the employee one of the best incentives to produce, because the employee can readily see that greater production in the plant means more cash in his pay envelope as well as a good financial anchor is old age. Greater production necessitates greater teamwork not only with fellow workers; it brings about closer cooperation with management.

PROFIT SHARING vs PENSIONS
I, however, wish to especially recommend profit sharing for pension plans. Profit sharing offers small business one of the soundest ways possible to finance pensions. It takes much of the burden of the employer-paid-pension from the shoulders of the small businessman. He shares his profits only when the employee has helped create those profits through high production. Employees like it too because the bigger the melon they create, the bigger the pension and the wage.

The plan would be to put all this profit-sharing money into a pension reserve to which the employer would add a certain proportion. But to make it a success each employee's pension would probably need to be different, depending upon the individual's own productivity. Such a plan can, however, be applied only to a small business and where labor unions do not control.

SUCCESSFUL COMPANIES
Most profit-sharing plans are for wages only, are not dependent on the productivity of

the workers, but depend mainly on the ability and generosity of the management. Lincoln Electric of Cleveland is one of the most generous profit-sharing companies. Last year Lincoln shared profits equalling 117% of the employees salaries, or an average of about \$700 per worker including wages. Among other successful "profit-sharing" companies are American Velvet Company, Jewell Tea Co., Procter and Gamble, Avondale Mills, S. C. Johnson & Co., Eastman Kodak, Sears Roebuck, The Falk Corp., W. A. Sheaffer Pen Co., and the Grand Central Garage of Los Angeles.

Profit sharing is a real manifestation of the Golden Rule at work in business. If you are the owner of a small business casting about for ideas to increase your employee efficiency, cut labor turnover, reduce absenteeism, and build a greater sense of security for your workers, profit sharing may be the answer. If interested, you can write the Council of Profit Sharing Industries, Akron, Ohio. They will try to tell you how it can be done. I, however, must remind you that most of the above illustrations have used wage profit sharing only during periods of prosperity and increasing profits. The real test will come when earnings decline and when there will be no profits. Hence, I am now recommending profit sharing only for pensions.

NOTICE OF SALE OF REAL ESTATE

THE STATE OF BAILEY COUNTY OF BAILEY

NOTICE IS HEREBY GIVEN That by virtue of a certain order issued by the Honorable Commissioner's Court of Bailey County, Texas on the 9th day of October, A. D. 1950, entered on its minutes in Volume 3, Page 280-81, appointing Connie D. Gupton Commissioner to sell and dispose of Lots Number Six (6) and Seven (7), Block Number Twenty-eight (28), Original Town of Muleshoe, Bailey County, Texas.

THEREFORE, NOTICE IS HEREBY GIVEN that on the first Tuesday in December, 1950, the same being the 5th day of said month, at the Court House door of Bailey County, in the City of Muleshoe, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said order, I will for and in behalf of said Bailey County, Texas, sell said above described Real Estate at public auction for cash, to the highest bidder, in accordance with said order.

And in compliance with law, I give this notice by publication, in the English language, once a week for Four consecutive weeks preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County, Texas. Witness my hand, this 2nd day of November, A. D. 1950.

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

"... God so loved the world that he gave his only Son, that whoever believe in him should not perish but have eternal life." (John 3:16. R.S.V.) Read Romans 10:5-15.

I have lived a long time in the Orient and have heard many babies cry. I have heard Chinese, Japanese, Indian, Filipino, and American babies. But they did not cry in Chinese, Japanese, Hindi, Tagalog, English. Theirs was a human cry—a cry of need, a cry for a mother's love and care. The hungry child of whatever land needs food, care and love.

The cry of human need is a universal cry. It is neither racial nor national. Human need is a universal need; it is no respecter of racial or geographical boundaries.

Also man's deepest spiritual needs are universal needs. God made men that way. These needs

can be met only by the universal Christ. The church that acknowledges Him as its head is part of the universal Church. Its ministry is as wide as humanity and as universal as human need.

PRAYER
O God, Father of all men. Thou hast made man in Thine own image. Thou hast put within him that deep hunger of the human spirit that will never be satisfied without Thee. Help us to see all men through the eyes of Jesus. Save us from prejudice. Give us courage to live this day as true children of Thine. We pray in the name of the universal Christ. Amen.

Thought For The Day
While I pray "Our Father," people of other races and nations are praying the same prayer in a hundred different languages.

Hereford Chapter Host To Epsilon Sigma Alpha

Billye Jones, Gwyneth Bigham, Ann Howell, Jean Lovelady, Mary Frye and Elizabeth Woodley were in Hereford Sunday to attend the Panhandle Council of Epsilon Sigma Alpha Sorority, 90 delegates from Wellington, Tulia, Lubbock, Amarillo, Plainview, Quanah, Pampa, Hereford and Muleshoe were present.

Registration was at the home of Mrs. Ellen Carter, educational director of Beta Eta Chapter of Hereford. The convention opened with a luncheon at the Jim Hill Hotel. Congressman Ben Quill of Pampa was guest speaker for the occasion.

Mrs. Bonnie Phillips, council president of Plainview, presided during the business session, new officers elected were: Ernestine Gray, Tulia, president; Kay Latham, Amarillo, vice-president; Iris Ragsdale, Pampa, recording secretary; Dorothy Dallas, Tulia, corresponding secretary; and Gwyneth Bigham, Muleshoe, treasurer.

John Bickles Have Surprise Housewarming

Mr. and Mrs. John Bickles were given a surprise housewarming last Saturday night at their new home northeast of Muleshoe.

Those attending were Mr. and Mrs. Fred Determan, Mr. and Mrs. Arnold Morris, Mr. and Mrs. Seaborn Moore, Mr. and Mrs. Mervin Giltner, Mr. and Mrs. Russell Bührman and daughter, Mr. and Mrs. Tye Young, Mr. and Mrs. Buford Butts and Patricia, Mr. and Mrs. Raymond Roubinek and son, Mr. and Mrs. Jesse Thompson and daughter, Mr. Kennedy, Mrs. I. W. Harden and Miss Elizabeth Harden.

The Bickles were presented a large mirror from the group. Refreshments were taken and served by the guests.

AMARILLO VISITORS
Judge and Mrs. Cecil H. Tate and son Gaylord visited in Amarillo last Saturday.

Lazbuddie WSCS Observes Week Of Prayer

"Let Earth to Heaven Draw Near" was the theme when the Lazbuddie Womans Society of Christian Service observed Week of Prayer and Self Denial Tuesday, October 31, at the Church. Mrs. C. D. Guston was in charge of the program, opening with a song "He Will Answer Every Prayer", played by Mrs. Silas Dixon. Each one was asked to pray silently for one minute, followed with prayer by Mrs. J. L. Seaton.

Mrs. H. L. Ivy gave a talk on "The Homer Taberman House" which God built. She brought the talk as if the house did the talking.

Mrs. W. C. Williams talked on Deaconess Retirement Fund, bringing out the purpose of this fund, followed with a song "Abide With Me".

Mrs. Silas Dixon spoke on North Africa Projects, she brought out the need of God's love in the hearts of the people there.

Mrs. C. D. Guston gave a talk on "Parkistan Projects", bringing out how Karachi, the capital of Parkistan is used as a chapel and has put spiritual life into the hearts of the people there.

The minutes were read and approved. Mrs. H. W. Carpenter called the roll and the following members answered with a bible scripture: Mesdames Carpenter, Silas Dixon, Jesse Bewley, C. D. Guston, Frank Hinkson, H. L. Ivy, Finis Jennings, O. M. Jennings, A. M. Seaton, J. L. Seaton, Otto Treider, W. C. Williams, Jr., and W. C. Williams, Sr.

This was a very inspirational program and each member feels they have a great task. They feel their gifts will strengthen those who are in need and help relieve their suffering. Mrs. O. M. Jennings dismissed with prayer.

Legumes Turned Under Cheapest Nitrogen Source

COLLEGE STATION, Oct. 31—It is possible to put nitrogen into the soil for five cents per pound if it is done by turning under legume cover crops. M. K. Thornton, extension agricultural chemist of Texas A. & M. College, says this information is contained in a report he has received from one of the experiment stations in Virginia. He says the report shows that corn yields rose to 104 bushels per acre on plots where crimson clover had been turned under for the purpose of adding nitrogen to the soil. The per acre yields on the plots where no legume was turned under, and on which no commercial nitrogen was applied, were only 50 bushels per acre.

The application of 100 pounds of nitrogen, in commercial fertilizer, raised the per acre yield to 102 bushels but the nitrogen application by this method cost 17 cents per pound. He adds that tests conducted by the Texas Experiment Station have given similar results.

The test plots in Virginia were not grazed, Thornton says. If livestock is taken on the legume in time to let it grow before plowing it under, that there will be no appreciable decrease in the amount of nitrogen added to the soil. The reduction, if any, will be more than offset by the feed produced and utilized as a grazing crop by livestock.

In addition to adding nitrogen to the soil that can be used by the crop that follows the legume, Thornton says the addition of the organic matter to the soil also increases the water holding capacity of the soil and is a big aid in checking erosion. It also aids in improving the tilth of the soil.

Now, adds Thornton, is the time to get the winter legumes planted. An application of superphosphate will materially improve the growth rate of the legume and he says don't forget to inoculate the planting seed. It is the bacteria that form the nodules on the roots of legumes that have the ability to take the nitrogen from the air and store it in the plants. He says every farm is a potential nitrogen factory and the Virginia experiments clearly show the advantages of growing crops that will return nitrogen to the soil. Five cents per pound against 17 cents per pound when it is supplied in commercial fertilizer.

TO STATE CONVENTION
County Judge Cecil H. Tate and the four county commissioners are planning to attend the annual convention of the Texas County Judges and Commissioners Ass'n. to be held in Austin November 26 and 28.

CAUGHT LOTS OF FISH
Mr. and Mrs. Myron Pool and Mr. and Mrs. Ray Griffiths returned home first of the week after a fishing trip into Mexico. They caught lots of fish, and had an enjoyable vacation.

GUESTS OF AYLESWORTHS
Mr. and Mrs. Ray Blankenship, of Dallas, spent the week end here with Mr. and Mrs. Dave Aylesworth and family. Mr. Blankenship, who is labor relations manager for Bausch & Lomb, an instrument manufacturing company, was best man at the Aylesworths' wedding.

Grissom In Visit Of Purina Farm

GRAY SUMMIT, Mo., Oct. 30—Several hundred livestock and poultry farmers visited the Ralston Purina Research farm here recently. Among those in the party was Kenneth Grissom of Muleshoe.

The 738-acre Purina Research farm is not a show place where blooded stock and pedigreed birds are put through their paces for the visitors; it is an actual working demonstration and proving grounds for programs under development by Purina. The purpose of the projects is to provide the typical farmer with the information and help he needs to raise the average type of livestock and poultry profitably.

The constant experimenting and tests at the farm have proved the average farmer, raising average livestock and poultry, can usually produce more meat, more milk and more eggs at a lower cost per animal or bird, and thereby increase his margin of profit.

December 4 To 11 State Health Week

Governor Allan Shivers, by official proclamation, has designated the week December 4 to 11 as Better Health for Texas Week, emphasizing venereal diseases.

The purpose of the special drive, according to State Health Officer Geo. W. Cox, is to acquaint all segments of the population with the true facts concerning this most serious group of illnesses, thus providing a weapon of knowledge which all persons can use for their own protection.

Dr. Cox indicated that the health department informational campaign would be a year to year project from now on, with a different phase of public health being the subject each year.

Highlights of this year's drive will be a statewide radio address by Governor Shivers, and a short motion picture trailer featuring the Governor and the State Health Officer. Informational packets have been prepared for distribution throughout the State by city and county health units.

Water Revision Ready For Public By November 15

The Texas Water Code Committee, which has spent almost a year, working on a revision of the water laws of this State, will have its Preliminary Report ready for distribution to the public about the middle of November.

Senator Rogers Kelley, Chairman of this Legislative Committee, announced in Edinburg today that the Committee will hold a statewide public hearing in the Senate Chamber of the Capitol in Austin on December 11, 12, and 13, in order to give all citizens an opportunity to present their views concerning this proposed revision of the water laws.

"The Committee has received recommendations as to the revision from sub-committees appointed to draft the new legislation, but will not take final action thereon until after the public hearing," Senator Kelley stated.

"The committee feels that the importance of the subject-matter of these reports requires a full public hearing before we make our final recommendations to the Governor and the Legislature," he continued.

"We plan to have about four thousand copies of this Proposed Revision published and distributed throughout the State to newspapers, water users, county judges, mayors, chambers of commerce, and members of the Legislature. In this way, all of our citizens who are concerned with the problem of

water control and conservation will have ample opportunity to express themselves and make their wishes known before final action is taken by our Committee," Senator Kelley concluded.

After the public hearing in Austin next December, the Committee will prepare its final report and submit it to the Governor and to the 52nd Legislature when it convenes in January.

Want a ride that's "out of this world"?

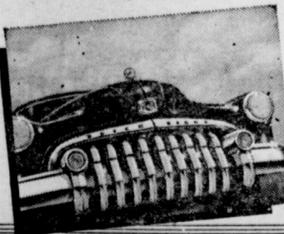

Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?

Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?

Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones.

Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.

See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.

In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors.

And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.*

It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

THE LONE STAR TRADING POST
In Muleshoe
The Lone Star Trading Post in Muleshoe, has for sale:

A good house, not quite finished, sitting on 11 acres of land, located about 4 miles from Muleshoe. Has pressure pump, butane, and access to good irrigation well. This place is too cheap at \$4,000.00. Has \$1500.00 loan. A bargain for a man who wants a home with small acreage.

160 acres good level land, with 10" pump and good four room house. Well located. Only \$200.00.
960 acres irrigated land, with good improvements. On pavement. Priced at only \$130.00. Will carry good loan. This is a steal if you have money to invest.

A new Ford Tudor. Black. Loaded. Priced to sell.

LEASE: 160 acres good irrigated land, located close to town. Has new pump and motor. Level. Some alfalfa and some wheat. Original 5 year lease has 3 years to run. Straight crop rent. Buyer must buy pump and motor and wheat. This is a good deal for only \$3,000.00. Better hurry.

Fine 80 acres, very close in, on pavement. Too many improvements. If you want a country home, this is it. Has everything.

4 room and bath with attached garage, under construction on 60 ft. lot. Will sell at bargain.

Good house in the best neighborhood. Has fine lawn—everything. Only \$7,000.00. Better look.

If you want any of these items, see Dave Aylesworth, at THE LONE STAR DRIVE IN on Clovis Highway

Cotton Harvest Underway Here
Muleshoe's three gin plants had turned out 204 bales of cotton of the 1950 crop up to this morning, they reported to The Journal. The cotton harvest is just getting underway here and likely will not reach its peak until after frost, when machines will begin operating in the territory.
Seed were selling for \$95.00 per ton, the ginners reported.
Lariat gin, owned by Guy Nickels has been busy also but figures from his plant were not available. There are several gins in operation in the south part of the county, it was said.
One ginners reports that, surprisingly, much or almost all of the cotton he is ginning is of a high quality, grading strict middling. He said the turnout is good also. One farmer, he said, brought in 3,450 pounds of bollie cotton and ginned 1001 pounds of lint, both bales grading strict middling and having 29/32 inch staple. The farmer is growing Stormproof cotton.
There are many fields here that, despite worm damage and hail damage, will make a bale and a half to the acre, it is reported.
Price of cottonseed is based on their grade. Right now, the seed are somewhat green and the oil content is high, a condition that may be changed as cotton matures more.

Ed Nickels, Mules quarterback, breaks through and picks up a first down against the PostAntelopes here last Friday night. Coming up from the left rear is Dewayne Burkhead (27) to assist in the interference. Trying to overhaul Nickels from the rear is Pat Stevens, Post guard. The Mules play their last conference game here tomorrow night when they meet the Levelland Lobos. (Staff Photo)

Mules Drop 28-13 Thriller To Post; To Play Levelland Friday

Coach Woodie Green's reorganized and hard-hitting Mules held the high scoring Post Antelopes to 28 points and tallied 13 for themselves in one of the feature District 4-A football tilts in the Mule Yard here last Friday night.

Ed Nichols, working from the quarterback slot, scored for Muleshoe in the first period from the one yard line. Two plays previous, Nichols had returned a fourth down punt from the Antelopes 63 yard line and was stopped less than a yard for pay dirt. The try to plunge over for the extra point was stopped by the solid Post line.

In the second period, Jack Kirkpatrick, 155 pound Antelope quarterback went over from the one foot line. Post began their drive from mid-field when a Mule's off-side penalty gave the needed yardage for a first down. After a series of short passes and line plunges, they fought down to the one foot line.

Muleshoe also battled down to the Antelopes goal stripe, but couldn't burst over the few needed inches for the tally. The Antelopes took over and a hand-off on a fake kick from Kirkpatrick to Gene King was good for forty yards. Later the Antelopes raced to the end of the distance to the goal, but the play was called back because of clipping penalty.

In the third quarter, Post recovered a Muleshoe fumble on the mid-field stripe and on the first play from scrimmage Norm Cash, speedy Antelope right half back, gave a brilliant display of broken-field running and carried into the end zone for another score. Kirkpatrick sent the ball between the goal for the extra point.

The Mules took over on their own 45-yard line early in the fourth quarter and when Nickels could find no open receiver for an intended aerial, he broke loose on a gallop wide-around left end and was hauled down on the 22 yard line. His next aerial landed squarely in the arms of Gerald Byrd in the end zone for the second Mule's tally. Byrd's try for extra point was successful.

Kirkpatrick returned the kickoff to the Mules 17 yard line and after three successful passes and a 15-yard penalty, Kirkpatrick hit L. W. Evans in the end zone with a 25-yard pass for the tally. The pass was intended for another Antelope player, but Freddie Harvey deflected the ball in an attempt to knock it down and Evans snatched the

SPORTS PAGE

GAME AT A GLANCE

Mules	1st Downs	Opp.
7	10	10
177	Yds. Rushing	269
5 for 59	Passes	4 for 77
16	Yds. lost	13
8	Passes Attempted	12
2 for 85	Punts	2 for 91
3 for 25	Penalties	4 for 40

ball before it could be grounded. Kirkpatrick kicked his fourth successful point for the night.

The Muleshoe squad has several new men in the starting line-up as Raul Johnson and Ray Kersey were benched most of the game because of injuries. Big R. E. Williams, a former 195 pound tackle was transferred to the fullback position for the first time, and proved to be a valuable man as a line buster when a few yards were needed. He also proved to be a fast charging line-backer and is credited with several key tackles. This is his first year ever to play football.

Starting line-up for the Mules found Wayne Moore at left end, Robert Waggoner, left tackle; Dewayne Burkhead, left guard, Marvin Mooney, center; Johnny Ladd, right guard, Pat Vincent, right tackle, and John Whipple, right end. Ed Nickels and Aubrey Heathington remained at their old positions in the backfield and Freddie Harvey and R. E. Williams filled the left and fullback spots.

Others seeing quite a bit of action in the game were Raul Johnson, who was hindered by injuries, Ben Bickel, Odell Spivey, Lloyd Kregle, Billy Morrison, Donald Harrison, Jim Beller, and Bill Gaede.

Tomorrow night the Mules play their last home game of the season when they buck the hard-hitting Levelland Lobos, who are tied for second place with Post in District 4-A standings. Levelland is three games behind the Littlefield Wildcats.

The Levelland line headed by tackle Lanford Sneed threw the Slaton Tigers for loss after loss and kept them from completing but

one pass during the game. Also expected to give the Mules lots of trouble are Guards Harvey Campbell, Royce Creager, and End Neil Atchison.

Slaton pulled out their first stringers midway in the second period and Slaton did not play a down from that point on, so great was the fury of the Lobo eleven.

Perry Heard paced the Levelland touchdown parade with three tallies and Atchison counted for two. Other backs who will probably start are Dean Waltrip, Zack Reid and Charles Evans.

Levelland has three losses this season and four wins. They dropped the first and second games to Pecos, 18-0, and Seminole 7-0, and then downed the Hereford Whitefaces 20-0, lost to Post, 13-9, beat Morton 27-0, walloped Brownfield 31-6 and overran Slaton 51-6.

Next Friday night the Mules will journey to Sudan to engage the Hornets for the last game of the season. This will not be a conference game.

Brownfield Beats Colts, 7-0

The Mule Colts staged a comeback with a return game with Brownfield here last Thursday afternoon, holding them to seven points. In the last game, Brownfield beat the Colts 35-0.

Brownfield scored in the third quarter for the only score of the ball game. Muleshoe racked up nine first downs against three for Brownfield. The Mules drew three penalties for 15 yards and the opposition received six for sixty yards. Jimmy Clyde Holt, spark plug of the Mules junior eleven demonstrated his running and passing ability and capability of calling plays. The Colts threatened to score several times, but failed to buck the larger Brownfield line.

All members of the team settled down and played football and should give Levelland juniors a run for their money in the last game of the season that will be played in Levelland next Thursday.

FORMAL OPENING OF NEW BUILDING SET NOV. 15

Formal opening of the new headquarters building of the Bailey County Electric Cooperative Ass'n. in Muleshoe has been set for November 15. Invitations are being mailed out to business firms of the area, while the Co-op paper, The Member's Aid, has announced the opening to all members.

SILVER ANNIVERSARY OF TECH TO BE OBSERVED

Senator Lyndon B. Johnson of Texas will give the address at the Silver Anniversary of Texas Technological College to be held on Tech campus at 9:45 Saturday morning, November 11.

The anniversary program will also serve as a dedication of the Tech building program. The ceremonies will be held in the open court between the library and chemistry buildings.

Pleasant Valley Social Club Entertains With Hallowe'en Party

An enjoyable time was had by members of the Pleasant Valley Social Club and their families at the tacky party held in the old Pleasant Valley school house Hallowe'en night.

Decorations were bats, cats, witches, and ghosts. Shocks of corn and pumpkins were around the walls.

Refreshments were served from boxes, after each lady had placed one shoe in a pile, the men drew a shoe and ate with the lady wearing the mate to the shoe he drew.

Prizes were given the tackiest woman, man, little boy and girl. Mr. and Mrs. Harold were the tackiest man and woman, Nita Thompson, tackiest little girl and Mike Andreas, tackiest little boy.

Those attending were Mr. and Mrs. Fain Shelby, Mr. and Mrs. Wiley Grizzle, Mr. and Mrs. Seaborn Moore, Mrs. Dillake and daughter, Mr. and Mrs. Jerry Allison and family, Mr. and Mrs. Harold Allison and family, Mr. and Mrs. Oscar Allison and family, Mr. and Mrs. B. H. Bickle and family, Mr. and Mrs. E. K. Angeley and family, Mr. and Mrs. Andy Andreas and sons, Mr. and Mrs. Jimmy Dulin and sons, Mr. and Mrs. Jesse Thompson and Nita, and Mr. and Mrs. Reeder and family.

Sunshine Club Meets October 26

The Sunshine Club met in the home of Mrs. Bud Wilkins on October 26 with 14 members present. The club was called to order by reading verses from the book of St. Matthew.

In the business session, names were drawn for the club's Christmas party which is to be held in the home of Mrs. W. F. Harrison on December 14. The Christmas program will also be given at this time. The next meeting will be with Mrs. Lois Lewis Nov. 9.

Regret that Mrs. C. H. Odom is ill in the South Plains Cooperative Hospital at Amherst. It is reported that she is progressing nicely.

Delicious refreshments of two kinds of cake, coffee and hot cocoa was served to Mesdames George Hambliss, Tom Payne, Patterson, Lee, Nash, Stans, Dave Coulter, L. D. Tipton, Gattin Barnhouse, Cecil Harvey, M. M. Simmons, Margie Stass and the hostess, Mrs. Bill Wilkins.

Visitors are always welcome to attend this meeting.

Teresa Burris Has 1st Birthday Party

Teresa Kay Burris celebrated her first birthday with a party Wednesday, October 25, at her home. Refreshments of mixed pop, cake and cookies were served to those attending the party. Teresa Kay received several nice gifts.

Those attending were Naomi and Bufford Watson, Gail and Tommy Watson, Rownice Ann Watson, Marcy and Kathy Baker, Joan, Sue, Virgie Maudine, and Wallace Burris, Marilyn Jean McCall, Belva Jean Hall. All of these children's mothers were also present.

Others present were Tootsie Watson, Orville Burris, Martha Tiller, Elda Burris, Wanda McCag, and Mrs. Carl Hall.

HAVE HALLOWEEN PARTY

Kindergarten pupils of Mrs. Clinton Bristow had a Hallowe'en party, Tuesday morning, October 31. Guests included Randy Beatty, Gary Smith, Robert Case and Corky Green.

Party Honors Clinton Dillard

Thursday evening, October 26, the R. L. Dillard home was the scene of a birthday party honoring Clinton Dillard on his 14th birthday. The evening was spent playing games and was concluded with refreshments of ice cream, cake, Hallowe'en candies and coke.

Clinton received many nice gifts. Those attending were: Barbare Douglass, Bettie Collins, Ann Woodley, Kay Williams, Billie Ann Pence, Jean Louise Gammon, Marlene and Darlene Black, Paula Provence, Elizabeth Ann Farley, Pat Wright, John Charles Gilbreath, Gaylord Tate, Robert Greer, Dale Wood, Alvie D. Gilliland, Leon Harvey, Dwain Epting, Jack Jones, James Elder, Billy Ellis, Jerry Fountain, Charles Lenau, Delbert Black and the honoree.

Muleshoe WSCS In Meeting

The W. S. C. S. of the Muleshoe Methodist Church met at the Church Wednesday afternoon. The meeting was opened by singing "Savior Like A Sheppard Lead Us" followed by prayer and a short devotional by Mrs. G. O. Jennings, using as her scripture Luke 12:6-7.

Mrs. O. N. Jennings then brought the sixth and seventh chapters of the study "The Rural Prospects". A short business session was presided over by Mrs. G. O. Jennings in the absence of Mrs. Pierson, president.

Nine members were present including one new member, Mrs. Gregory.

Boys Catch Half-Grown Pheasant

A half-grown pheasant cock was caught by two boys, Sammy Nichols and Eldon Blackwell last week near the school house. The pheasant had been chased into town by dogs and was somewhat worse for wear and the loss of feathers.

This pheasant is believed to be part of the offspring of two groups of birds which were turned loose the first part of this year. One group of about 40 birds were turned loose on the game sanctuary. Lee Pool was one of the men turning the birds loose. The other group was turned loose closer to town.

Several of the local hunters believe if left alone, it will not be many years before this section of the country is amply stocked for pheasant hunting. This region offers more cover than many of the places in Colorado and New Mexico that hunters frequent and if all the birds are not killed out here, local sportsmen may be able to hunt pheasants here in a few years.

\$6,000,000 Electric Plant Between Earth, Amherst Announced For '51

A modern "line rider"—with copper electric conductor as his steed—will soon make his appearance on land that has known the hoofbeats of famous XIT line riders. He's Reddy Kilowatt—your electric servant—and his new "line camp"—a \$6,000,000 electric generating station of the Southwestern Public Service Company, will be located on a portion of the Halsell Ranch, 4 miles south of Earth, Texas and 9.5 miles north of Amherst, Texas, the nearest rail point for the proposed new plant.

Announcement of the conditional purchase agreement to acquire the power plant site was made today (Thursday) by J. E. Cunningham, president of the Southwestern Public Service Company, and Ewing Halsell, representing the Halsell Ranch.

The conditional purchase agreement grants the Southwestern Public Company until November 26th to conduct water well tests to determine if there is a sufficient water supply for operation of the new generating station. 9 test wells will be dug for this purpose. At this time, 5 of the wells have been drilled.

Terms of the purchase agreement call for the Southwestern Public Service Company to own 354 acres in fee, and to have water rights on approximately 9700 additional acres.

Three main factors were considered in acquisition of the Halsell Ranch location for the new power station which, when completed, will be the 11th base load power plant operated by the company. These factors, according to H. O. Hodson, chief engineer for the electric light and power company, were:

1. The Sand Hills area, in which the Halsell Ranch is located, is assumed to be the recharge area for all underground waters east and south and consequently should offer the best likelihood of a continued water supply.

2. The proposed site is within 1 mile of a natural gas pipeline of the El Paso Natural Gas Company. Natural gas will be the fuel used

in the boilers of the new plant. 3. An analysis of the electric load of the company indicates that the proposed site is close to the load center of the company's 45,000 square mile system. This makes the site the most efficient and economical location from the point of view of cost of transmission of the power.

Hodson stressed the point that in spite of the importance the company places on water, a generating station doesn't use large amounts of water even when operating at its peak.

"A power plant uses and re-uses water, and the only loss we have in water is that from evaporation and other uses which we can't control. We need an adequate supply, but we use in the peak operation of a power plant less water, for example, than that supplied by a large irrigation well", Mr. Hodson added.

Construction Begins In 1951

First unit at the new power plant—which has been temporarily designated "Plant X", will be a 50,000 kilowatt generator now being built by the General Electric Company. Plant construction is scheduled to begin in early 1951, with the first unit going on the line in 1952. J. B. Bottoms, a system engineer for the Southwestern Public Service Company, will be the resident engineer on the project. Mr. Bottoms has just completed a 20,000 kilowatt addition to the Company's Roswell, New Mexico, plant. General contractor for the project has not yet been named. Plans for the new plant were drawn by engineers of the Southwestern Public Service Company, under supervision of Mr. Hodson.

The generating capacity of the Southwestern Public Service Company has more than tripled in the last eight years, and with completion of the first unit of "Plant X" will be nearly 4 times as great as it was in 1943. The company serves 125,000 customers in the Panhandle-Plains-Pecos Valley area of Texas, Oklahoma, New Mexico and Kansas.

**CITATION BY PUBLICATION
THE STATE OF TEXAS**

TO: WILLIAM D. MORRIS
GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of November, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said Plaintiff's petition was filed on the 21st day of September, 1950. The file number of said suit being No. 1665. The names of the parties in said suit are:
MADÉLYN MORRIS

as Plaintiff,
and
WILLIAM D. MORRIS

as Defendant.
The nature of said suit being substantially as follows to-wit: Suit for judgment of divorce, dissolving the marriage between

plaintiff and defendant. On divers occasions, while plaintiff lived with defendant, defendant was guilty of excesses, cruel treatment and outrages toward plaintiff, of such a nature as to render their further living together insupportable, which culminated in defendant striking plaintiff upon face with his clenched fist, on May 15, 1949, under circumstances which showed an utter disregard for plaintiff's health, if not her life. Issued this the 21st day of September, 1950.

Given under my hand and seal of said court, at offices in Muleshoe, Texas this the 21st day of September A. D. 1950.

M. G. BASS, Clerk,
District Court, Bailey County, Texas
By Hazel Gilbreath, Deputy

**Convention Of
Farm Bureau
Set For Nov. 20**

Program arrangements have been completed for the seventeenth annual convention of the Texas Farm Bureau Federation to be held in Mineral Wells, November 20-21-22. It has been announced by J. Walter Hammond, Federation president. Outstanding speakers of national prominence who will address the meeting include U. S. Senator Tom Connally of Texas, Congressman Albert Gore of Tennessee; Hassil Schenck, president of the Indiana Farm Bureau Federation; Leonard Cowden of Amarillo, executive vice-president of Consumers Cooperatives Associated; W. R. McBee, Dallas, executive director of Group Hospital Service, Inc.; O. R. Long, Tennessee, Field Representative for the American Farm Bureau Federation, Southern Region; Aubrey D. Gates, Director of Extension Service in Arkansas, and others.

More than a thousand farm and ranch men and women from 200 Texas counties will be in attendance, Hammond said. Voting delegates from the grassroots organizations will officially approve the resolutions that will govern the policies of Texas Farm Bureau Federation for the coming year.

Monday, November 20, will be devoted to open hearings on resolutions and special committee meetings. The program that evening will give recognition to counties that have made outstanding achievements in membership. The con-

Recipes—

BARBECUED HAMBURGERS
Mrs. Clarence F. Jones
1 1/2 lbs. ground beef
3 tablespoons chopped onion
1/2 cup bread crumbs
1/2 teaspoons salt
fat
barbecue sauce

METHOD: Combine beef, onion, crumbs and salt. Form into patties and brown both sides in the fat with the burner turned low. Put into greased baking dish. Cover patties with barbecue sauce. Cover baking dish and bake 45 minutes at 350 F.

BARBECUE SAUCE
1 medium onion
2 tablespoons butter
2 tablespoons vinegar
2 tablespoons brown sugar
4 tablespoons lemon juice
1 small bottle catsup
3 tbs. Worcestershire sauce
1/2 tablespoon mustard
1 cup water
1/2 cup chopped celery
salt
red pepper if desired
Brown the onion in butter, add remaining ingredients, simmer for 1 hour with flame turned low.

FRUIT PUNCH
Mrs. H. C. Holt
3 lemons
6 oranges
1 pt. grape juice
2 cups strong cold tea
1 1/2 gal. water
sugar to taste
Add sugar to juices, then tea, let stand 30 minutes, weaken with water to suit taste. Serves 30 people.

BASIC SWEET CREAM CAKE
Mrs. Roy Carney
2 eggs
1 cup sugar
1 teaspoon vanilla
1 cup rich cream
1 2/3 cups sifted flour
2 teaspoons baking powder
METHOD: Just put all ingredients into mixing bowl and mix well. Cook in moderate oven.

vention proper will get underway on Tuesday morning. The annual banquet and dance will be held that evening, with Congressman Albert Gore as guest speaker. The business session on Wednesday, at which time resolutions will be approved, will conclude the three-day session.

**GMC Owners Given
Improved Service**

PONTIAC, Mich., Oct. 30—Owners of GMC trucks have been given another important free service feature with the inauguration of "Operation 25", which permits drivers on the road to locate the nearest GMC-approved service by making only one telephone call, it

was announced today by John E. Johnson, General Sales Manager for the GMC truck and Coach Division. The new system of finding GMC service facilities the easy way in any part of the nation is a phone call to the nearest Western Union office, whose operator 25 tells the driver where to go for service. "Operator 25" tells the locations of approved Dealer service points for both GMC Diesel and GMC gasoline-powered trucks and tractors. The new service is the first of its kind in the trucking industry and is expected to save considerable time as well as being a convenience for the operators of GMC units, Johnson said. The GMC Truck and Coach Division will pay the cost of the system.

RENEWED
... or just fixed?

There's a lot of difference between a repair job that actually renews your equipment and one that just "gets by." Genuine Allis-Chalmers repair parts fit perfectly and are made of the right materials for the job they have to do. You save money because the new parts last longer, your entire machine lasts longer and you get better performance. All repair parts installed by our mechanics are made in the same factory and to the same specifications as the original parts in your Allis-Chalmers equipment. Now is a good time to have your equipment checked for worn or broken parts. Ask about our inspection service.

NEW faster service anywhere in U. S.
Exclusive rapid road service for GMC owners—call Western Union Operator 25 for name of nearest GMC approved service

SURE SIGN of a SMART TRUCKER!

WHEN you see this gleaming GMC emblem on a rugged new truck, you know its owner is sitting pretty for years to come. For GMC's have a time-established reputation for long service with low maintenance cost—and with minimum down time for repairs. That's because every GMC is a real truck—truck-built by the world's largest exclusive manufacturers of commercial vehicles. Every unit of every GMC, from grille to tail gate, is engineered for trucking service!

To find quick proof of this, just compare a GMC with any other truck before you buy. Compare engine, frame, transmission; compare cab, axles and springs—see how much extra value you get. Or count how many new GMC's you see on the road—far more today than ever before. Then see your GMC dealer and let him give you the inside story that explains why so many cost-wise operators are switching to GMC's because experience proves them best in the long haul!

Get a real truck!

ORDER FOR ELECTION OF ALDERMEN
 STATE OF TEXAS
 COUNTY OF BAILEY

WHEREAS, on the 28th., day of October, an election was held to determine whether or not the City of Muleshoe, Bailey County, Texas, should change from a City Commission form of Government to an Aldermanic form of Government, and

WHEREAS, said form of government was changed from the City Commission form of Government to the Aldermanic form of Government, and the City Commission duly assembled at the City Hall in Muleshoe, Bailey County, Texas, did canvass the returns of said election on the 30th., day of October, 1950, and by order declared same to have carried, and

WHEREAS, it is now determined by law that an election be held in the city limits of Muleshoe, Bailey County, Texas, for the purpose of electing additional aldermen to comply with the new form of city government:

NOW, THEREFORE, I, H. D. King, Mayor of the City of Muleshoe, Bailey County, Texas, hereby order an election for the election of 3 aldermen to be held on the 9th. day of December, 1950, at the City Hall in Muleshoe, Bailey County, Texas, and the 3 persons receiving the highest number of votes shall be declared the duly elected city aldermen, to serve until the next regular election of city officers.

It is further ordered by me that the City Secretary receive petitions for names to go on said ballot as candidates for the office of Alderman, and all petitions must be in the office of the City Secretary at least five (5) days before the date of the election.

It is further ordered that the City Secretary transmit the names of all candidates duly petitioned to some competent person who shall print said ballots, and same shall be known as the official ballot for the election of city aldermen.

Notice of this election shall be given by publishing such notice in some newspaper within the city limits of the City of Muleshoe, Bailey County, Texas, at least thirty (30) days prior to said election, if there be one, and if none, then by posting notices of same at three (3) public places within the city limits of the City of Muleshoe, Bailey County, Texas.

I further order that TOM ZIMMER be and he is hereby appointed presiding officer to hold said election and he shall select two (2) judges and two (2) clerks to assist him in holding the same and he shall within the time prescribed by law make due return hereof as provided by law and such returns shall be canvassed by the City Commission within five (5) days after said election.

DATED THIS THE 30TH DAY OF OCTOBER, 1950.

TWO-WHEEL SPREADER
 with built-in, quick-acting hitching and loading jack...

The NEW MM 15300 SPREADER has the features you want! Extra large feed ratchet for 3 ranges of feeding gives controlled spreading from 3 to 15 loads per acre. New side extension shields for the super beater are flanged to prevent wrapping of long manure around the shaft. The low set wheels and box make loading much easier and faster. This new spreader can be backed into barns with the ease of a go-cart.

MM sturdy construction, heavy-duty bearings, and extra-heavy-duty axle and shafts assure long life with minimum maintenance. The main frame of this big 75 bushel spreader is reinforced with heavy-duty steel angles and large gusset plates to give extra strength to the sides. Sideboard edges are also protected with long, heavy-duty steel angles. The creosote-treated wooden bottom prevents rot and deterioration.

See us for facts and prices.
 QUALITY CONTROL IN THE FACTORIES ASSURES DEPENDABLE PERFORMANCE IN THE FIELD.

CHRISTIAN SCIENCE SERVICE

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 5.

The Golden Text is: "O Israel, return unto the Lord thy God: for thou hast fallen by thine iniquity" (Hosea 14:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light" (Ephesians 5:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The history of error is a dream-narrative. The dream has no reality, no intelligence, no mind; therefore the dreamer and the dream are one, for neither is true or real" (page 530).

Muleshoe Study Club Hears Johnson-Speak, How To Recognize Communism

One of the outstanding programs of the year was held last Thursday night, when Mr. Fred Johnson spoke before the Muleshoe Study Club, on Communism, in the home of Mrs. Pat R. Bobo.

Mr. Johnson gave the origin, history, how Communists work, and how to recognize communism to the 13 members and two visitors present.

The entertaining rooms were beautifully decorated with fall cut flowers in artistic arrangements.

Visitors included the speaker, Mrs. Johnson and Mrs. Johnson's mother Mrs. A. E. Schoenberger. Members present were Mesdames M. F. Green, Clifton Griffiths, Marion Harris, Ray Keeling, Lee Pool, Buck Ragsdale, Irvin St. Clair, Vance Wagon, John Watson, Buck Wood, A. J. Gardner and Charles Lenau.

The next meeting will be Nov. 9, in the home of Mrs. Ray Keeling, with the program "What's New". Mrs. G. O. Jennings will give, Products; Mrs. Mary Hart, Science and Medicine; Mrs. Julian Lenau, Business.

TO LUBBOCK VISITING

Mr. and Mrs. Fred Hoover and daughter Juanita and Mr. and Mrs. Edward Hoover spent Sunday in Lubbock visiting.

Hallowe'en Party Given Freshmen

Amid a scene of goblins, ghosts, clowns, etc. last Saturday night the Freshman Class of Muleshoe High School enjoyed a party given by their room mothers. The Hallowe'en entertainment was held at Teen Town. Freshmen sponsors are Miss Ruby Griffen and Mrs. A. S. Stovall.

Of the 60 students who attended Polly Ann Cox won the prize in dress for the girls and Jim Green won the boys prize.

Mrs. Marion F. Harris and Mrs. Stovall had charge of the marshmallow game; Mrs. A. W. Copley told the story of Bluebeard and had the story acted out; Mrs. M. F. Green had charge of the apple dunking and do-nut contest; Mrs. Ray Maberry had charge of the fortune telling. Mr. and Mrs. Jack Cox also assisted in the entertainment.

Refreshments of sandwiches, do-nuts and apples were served.

Mrs. Johnnie Williams Hosts West Camp Pollyanna Club

The West Camp Pollyanna Club met October 25, in the home of Mrs. Johnnie Williams, with 10 members present.

Roll call was answered with "What I Enjoy Most About Club".

Mrs. W. W. Couch read an opening exercise, the origin and interpretation of the Club Womens Collect by Mary Stewart. The secretary read the minutes of the last meeting and gave a financial report. Games were played during the recreation period.

A lovely refreshment plate of whipped jelly salad, cake and coffee was served by the hostess to Mesdames Seaborn Busbice, W. W. Couch, Guy Austin, Parten Austin, Willie Williams, Bert Williams, Elmer Hargrove, Everett Roark, and Austin Jones.

The next meeting will be with Mrs. Willie Williams, November 8. The lesson will be quick breads.

Mrs. Gage Named To High Office

Lady Thelma Gage of Circle Back was elected president of the Department Association, Ladies Auxiliary Patriarch Militant of Texas October 23 at Wichita Falls.

She is a member of Needmore Rebekah Lodge No. 160 and a member of Morton Auxiliary No. 26.

We are very proud to have a president from this part of the state and from our Needmore Rebekah Lodge work. She attends and works in her church and takes part in all school and community activities.

The Gages have lived at Circle Back since 1931. —Reporter

MULESHOE OES TO MEET

Muleshoe OES will meet, Tuesday night, November 7, in the Masonic hall in regular meeting, at 7:30.

Mrs. Margaret Collins, Worthy Matron, is to give her report on Grand Chapter.

All Eastern Stars are welcome and urged to attend.

TO LOCKNEY

Mr. and Mrs. L. E. Ogletree and family visited with relatives in Lockney over the week end.

LUBBOCK VISITORS

Mrs. Myrtle Priboth and Gerald were in Lubbock on business Tuesday.

SNYDER VISITORS

Mr. and Mrs. Pinkie Barbour and children visited her parents, Mr. and Mrs. J. T. Smart in Snyder Sunday night and Monday.

Gov. Shivers In Address At OES Grand Chapter

Mrs. Margaret Collins, Worthy Matron, and Mrs. Viola Layne, conductress of the Muleshoe Chapter, Order of Eastern Star, returned Saturday morning from Galveston where they attended the OES Grand Chapter. The local ladies report a great meeting, with a fine program and entertainment features.

They remembered especially an address by Governor Allan Shivers Tuesday morning before the Grand Chapter. Governor Shivers was quoted by The Galveston Tribune in part as follows:

Governor Allan Shivers, speaking to several thousand Eastern Star women at a convention on the Pleasure Pier in Galveston, Tuesday morning cautioned Texans against a too highly centralized government.

"Local government is almost in its twilight," he said. "State government may be too."

The governor said this is true because people say, "Let's take local politics out of this and centralize the government."

"When you take government away from the majority of the people and centralize it, you take away from the government the only thing that makes it great, he declared.

"The influence of women through history of government has always been good," he said. "You people of the Eastern Star can continue to be an influence for the things that make a country great and good."

"You can help keep the road open, the ladder up so that a man's future shall always be dependent only upon his own energy and ambition," he added.

The governor drew a tremendous ovation from the crowds of women when he opened his brief informal speech with these words:

"Let me express my appreciation for being in such a lovely atmosphere. I've never had the opportunity to speak to so many women at one time."

He continued to draw applause from the women as he talked of bringing the government closer to the people.

MULESHOE VISITOR

Mr. and Mrs. Walter Witte met their daughter Mrs. Pete Jenkins and small son Terry in Lubbock last Sunday, Mrs. Jenkins returning to Muleshoe with them and spending the week. Mr. Jenkins met

them in Brownfield Sunday and all returned to their home in Big Spring.

FROM LUBBOCK

Mr. and Mrs. Elwood French of Lubbock visited in the Thurman White home Sunday.

Muleshoe HD Club Elects Officers

The Muleshoe Home Demonstration Club met, Thursday, October 26, at the home of Mrs. E. H. Baugh.

The annual election of club officers was held and the following were chosen for the coming year: Mrs. O. L. Dutton, president; Mrs. Mack Hale, vice-president; Mrs. S. Caldwell, secretary-treasurer; Mrs. A. W. Copley, parliamentarian; Mrs. E. E. Holland, reporter; Mrs. W. H. Awtrey, council delegate.

The next meeting will be held November 9, in the home of Mrs. J. A. Bryant. A bake show will feature quick breads and each member is asked to bring an entry.

The hostess served lovely refreshments to the following members, Mesdames A. W. Copley, J. A. Bryant, S. C. Caldwell, O. L. Dutton, D. R. Aylesworth, C. M. Sims, C. E. Briscoe, J. L. Boydston, Kitty Lawson, W. H. Awtrey, C. H. Gillis, Roy Carney, Joe Jarman and E. E. Holland.

Hallowe'en Party Held Cox Home

Wednesday night, October 25, Mr. and Mrs. Jack Cox entertained with a Hallowe'en party for their daughter Miss Holly Ann in their home.

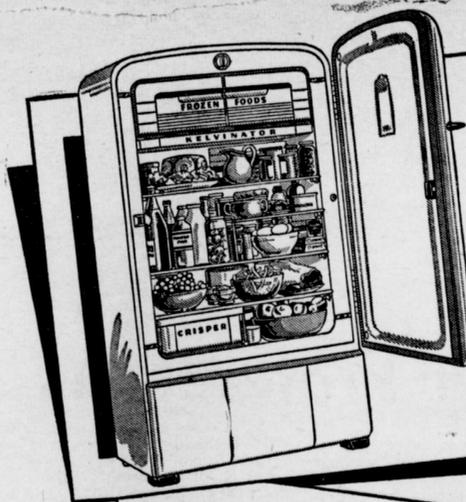

Those enjoying the party were Bobbie Collins, Frances Totten, Phyllis and Carolyn Creamer, Jim Bellar, Pete Collins, Ted Millsap, Archie Scarborough, Mr. and Mrs. V. L. Bradley and the honoree and the hosts.

All reported a wonderful time.

Southwestern To Increase Capital

Taking cognizance of the Company's rapid growth during recent years, the Board of Directors of Southwestern Life Insurance Company at a regular quarterly meeting Tuesday, Oct. 17, recommended an increase in the Company's capital stock from \$4,000,000 to \$5,000,000.

The proposal will be submitted at an early date to the Company's stockholders, who will be asked to vote on the transfer of \$1,000,000 of surplus funds to capital stock. If the proposal is approved by them the stockholders would receive one additional share of stock for each four of stock which they now hold.

President James Ralph Wood said that the capital stock structure of Southwestern Life has existed since 1938. At the beginning of that year the Company had \$30,321,774 of life insurance in force, \$51,852,241 in assets, and \$41,846,463 of reserves belonging to policyholders' funds were excess of \$173,000,000.

He pointed out that in this period insurance in force has more than doubled and the Company's liability to its policyholders has increased fourfold.

"It is the considered opinion of the Company's directors," Wood said, "that the capital structure of the Company should now be strengthened in line with the greater responsibility assumed as a result of the Company's growth during the past 13 years."

Southwestern Life is represented here by Marion F. Harris.

WITH COMPRESS COMPANY
Don Moore, leading player with the Lubbock Hubbers, West Texas-New Mexico Baseball League, is back at home in Muleshoe and has accepted a position with the Union Compress & Warehouse Co. His brother, Wilcy, also is back home after the baseball campaign, in which he also wound up as a leading batter and fielder for his club. The two are sons of Mr. and Mrs. N. C. Moore of Longview community.

Farmstead Plan Needs Figuring From All Angles

COLLEGE STATION, Nov. 1—Since the farm or ranch house is only one part of the farmstead layout, Mrs. Bernice Claytor, home management specialist for the Texas A. & M. Extension Service, suggests planning the farm home from more than one standpoint.

Although the farmhouse is the center of interest, its location needs to be considered from the standpoint of its relationship to the rest of the buildings, the road, the source of water, and to the breezes in the summer and the cold winds in the winter.

As both a home for family living and a headquarters for operating the farm business, the farmstead needs to be planned with the object of providing the family with a pleasant and healthful place to live and making the farm work easier, more convenient, and safer.

Mrs. Claytor suggests locating the farmstead in a site somewhat higher than the road. A knoll or small hill is an excellent location because it allows quick surface drainage from around the house, barns, and livestock pens.

very important consideration in locating the farmstead because a good supply of safe water is necessary for the health and comfort of the family.

Certainly the desire for a natural setting of beauty around the house is important, but this setting needs to fit the business activities of the farm. Proper planning of the house in relation to the other buildings, fields, roads, and gates will save time and energy in operating the farm. The ideal plan, says Mrs. Claytor, seems to be to arrange the buildings around a "court", with a main entrance graded for proper drainage and wide enough for turning vehicles around and parking them.

She suggests keeping the living and service areas of the farmstead separate. The service area includes the garage, smokehouse, clothesline, trash burner, woodpile, and

other service equipment. With good landscaping, the private area where the family has outdoor furniture and recreation equipment can be screened off from the service area, and from the public area—the part of the farmstead seen from the road and highway.

CHEVROLET

Judge it on DURABILITY... DEPENDABILITY

It rides more smoothly
Take one ride and you'll agree Chevrolet is the smoothest riding car in its field. It's the only low-priced car combining the famous Unitized Knee-Action Ride and airplane-type shock absorbers all around.

It operates more economically
Chevrolet's famous Valve-in-Head Engine, exclusive to Chevrolet in its price range, brings you an outstanding combination of thrills and thrift, plus proved dependability, year after year.

It's better looking all around
Outstanding good looks accompany the outstanding performance of Chevrolet cars—only low-priced car with Body by Fisher—and most beautiful in its field, according to a recent public survey.

It drives more easily
Enjoy finest no-shift driving with Powerglide Automatic Transmission* and 105-h.p. engine—or finest standard driving with standard engine and Synchro-Mesh Transmission—at lowest cost.

It lasts longer, too
Many Chevrolets are performing dependably after ten, fifteen or twenty years of service. That's one reason why there are over a million more Chevrolets on the road than any other make.

It gives more for less throughout
Only Chevrolet offers so many performance, comfort and safety features of highest-priced cars at the lowest prices and with such low cost of operation and upkeep. Come in and see it now!

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.
