City Orders Action To Prevent Threatened Outbreak Of Rabies

An all-out effort to prevent an outbreak of rabies in the Cisco area was ordered at a special meeting of the City Council last Friday afternoon after officials learned that a bat infected with the disease had bitten a girl here earlier in the week.

The general public was urged to cooperate with City Police and other authorities to locate and eliminate rabid animals, particularly bats and skunks. Owners of pets were urged to have their animals inoculated. Police were directed to catch and pin any dogs or cats without valid inoculation tags attached to their collars.

Mayor H. Chief Brown, who presided at the meeting at 12:30 p.m. at City Hall, said that "we are seeking the advice of the State Health Department on the best plan of action." He stressed the importance of a community-wide effort.

Cheryl Ingram, 17-year old daughter of Mr. and Mrs. Curtis Ingram of Dallas, was the victim of the rabid bat bite. She makes her home here with her grandparents, Mr. and Mrs. Gene Ingram, 605 East 9th St. She was riding with them in their van last Monday when the bat flew into the vehicle through an open window, biting or scratching her on an arm.

Senior Citizens Nutrition Menu

One of the fine services that churches perform for the nutrition program is sharing the talents within the church. The Christian Church shared James Cotten and Ruth Powell with the participants of the program.

During the week, John Boland, City Manager, spoke to the group in regard to the Federal Revenue Sharing Program.

As usual the participants of the luncheon thoroughly enjoy the musical bands. Cliff Andrews and his gang brought to the group foot tapping country western music. Besides Cliff, who plays the guitar, those playing were Willard Johnson, bass guitar; Doris King, pianist; Cora Lee Thomas, pianist; and

The Ingrams took their granddaughter, who will be a senior at Cisco High School this fall, to the offices of Dr. Ayres Cermin. They took the dead bat to Dr. Vergil Patrick, local veterinarian, who sent vital organs to a laboratory where it was determined that the bat was rabid.

Immunization shots for rabies were not available here and Miss Ingram was taken home to Dallas where she was to receive a series of shots. Her grandparents said she suffered no discomfort and that she was in good spirits.

City Manager John Boland asked police to make an effort to find five or six more bats for rabies tests. He said they have determined that bats lived in the ceilings or upper floors of a number of old buildings in Cisco. Inspections were planned with the view of eliminating them.

Reports have come to city hall that skunks have been seen in the city limits recently in daylight hours. This might indicate that the animals are diseased, Mr. Boland said. Anyone seeing a skunk in the city area was asked to call police and to watch the animal until they arrive.

Officials said this was the first case of rabies reported in Cisco in many years. A recent report issued by the State Health

Homer Taylor, guitarist.

The menu for the week as released by the office of Ruth Cartee, Director, are:

Monday—Meat loaf with cheese, butter beans, turnip greens, corn bread, peach cobbler and drink.

Wednesday—Barbecue beef, new potatoes rissale, fresh tomatoes, peanut butter pudding, bread and drink.

Friday—Turkey and dressing, giblet gravy, sweet potatoes, green beans, fruit salad, bread and drink.

In Brief

Ladies Game Day at Lone Cedar Country Club will be Friday August 3, beginning at 10:00 a.m. Bridge and other games will be played. Lunch will be served at noon and play resumed. Prizes will be given in all games besides bingo and a door prize. There will also be a bake sale. Everyone is invited.

Children's Film To Be Shown Tuesday

Children's films will be shown from 3:30 to 4:30 p.m. Tuesday, July 31, at the Cisco Public Library. This showing will be the last for the summer.

Mrs. Robert Vann is in charge of the program.

The film showings have been well attended.

All children are invited to attend the final showing.

Lions See Film About Program Of Rehab Center

A motion picture that tells the story of the West Texas Rehabilitation Center at Abilene was presented by Bennie Young of the WTRC public relations staff at the program for the weekly luncheon of the Cisco Lions Club last Wednesday noon at the Laguna Hotel.

Lion Garner Altom arranged the program and presented the speaker.

The film, which is narrated by Actor Rex Allen, reported that the WTRC had patients from 39 states and seven foreign countries last year. It serves all ages of people without charges, and to enter for treatment the patient needs only to be referred by his doctor.

The center's annual budget exceed \$1,500,000 of which 41 percent comes in federal grants and the balance is raised through contributions. Over 38,000 donations went to the center last year.

Approximately 80 percent of the center's funds finance services to patients, the film showed, leaving 14 percent for administration and six percent for use in raising money.

Guests at the luncheon include Wayne Cary of Tulia and Zack Grey of Cisco.

Mr. Evatt, who had been at the helm of the Loboos for the past two years, resigned to accept a position with Texas Instruments at the firm's Odessa plant. He will begin work there September 1, Mr. Couch said.

Coach Calhoun and two assistants, Harold Sides and Danny Kent, were in Fort Worth the past week attending the annual school of the Texas High School Coaches Association.

While there, Mr. Calhoun hoped to employ another coach to fill the vacancy created by his promotion, Mr. Couch stated.

A native of Marlin where he was a high school football star, Mr. Calhoun coached two years at Fairfield and one year at Sweeny before joining the Lobo staff two years ago. He is a graduate of East Central State College at Ada, Okla.

Mr. Calhoun and his wife, Judith, are the parents of one son. They are Baptists. He has spent this summer managing the City Swimming Pool.

Mr. Couch reported that the coaching staff would begin with preparations for the fall football season next week. Training will begin in mid-August and the opening game will be at Ranger on September 7.

"We are pleased to have a man on our staff who is a capable coach and leader," Mr. Couch said. "We believe that Mr. Calhoun will do an outstanding job for us. Certainly, we wish Mr. Evatt well as he leaves the education field for private business. He has done a good job for Cisco High School."

Council Votes To Accept Tax Report

The report of the City of Cisco's 1979 tax equalization board was accepted by the City Council and turned over to the tax department for use in preparing the new tax roll at a special meeting of the council Friday afternoon.

Action on the board's report was held up at the regular council meeting last week for a ruling on its legality. City Attorney Billy Wright told the council that new tax laws do not go into effect until 1980 and that the board's action compiled with existing regulations.

The equalization board was composed of Willard Johnson, Mrs. JoAnn Cermin and Mrs. Velma Joyner. The board held nine meetings to hear taxpayers who wanted to discuss valuations placed on their property for the new roll. Only those whose valuations were changed received notices of board meetings.

Mr. Wright also told the City Council that they have no liability

personally for actions they take in good faith as members of the city ruling body. Mr. Wright explained that the board's report will be used by the council in setting the tax rate.

In other action, the council voted to send City Secretary Sherry Ledbetter to Denton on August 8-10 for a short course on municipal management, city record keeping, a legislative review and other topics of interest to those employed in city government.

Mayor Brown presided at the meeting, which was attended by Council members Raymond Whitley, Louise Allison, Morgan Fleming and Lonnie Grady, City Manager John Boland, City Secretary Ledbetter and City Attorney Wright.

Crystal Gale to Perform at Six Flags

Singing star Crystal Gale will appear in two concerts at Six Flags Over Texas, Friday, August 3.

Her latest hit, "Your Kisses Will," is making a rapid climb up the country music charts. Earlier recordings such as "Don't It Make My Brown Eyes Blue," have reached the top of both the country and pop ratings.

Crystal was named "Outstanding Female Vocalist" in both 1977 and 1978 by both the Academy of Country Music and the Country Music Association. She received a Grammy award in 1978 for the country female vocal performance of the year.

She comes from a talented family. All four of her brothers and her three sisters, including sister Loretta Lynn, were involved with music.

Strong Going Strong at 99

Claude Alexander Strong, 99, resident of Leisure Lodge Valley View celebrated his 99th birthday Friday, July 27, 1979. Mr. Strong was born in Alabama, where he lived until the age of 12, when he moved to Erath Co., Texas. He married the former Sally Thompson. They were married for 25 years. To this union are three children Theola Starky, Tammy Brighton, and Doyce Strong. He has five grandchildren, and several great grandchildren.

Mr. Strong moved to Ranger, Texas during the Oil Boom. He married the former Josephine Bishop. He is retired from Lone Star Gas Company, where he worked for almost 30 years. Mr. Strong was a resident of Ranger until he made his home at Leisure Lodge Valley View in 1973. Mr. Strong is still active and participates in many activities at the Lodge. The residents and staff of Leisure Lodge Valley View wished Mr. Strong a Happy Birthday and helped him to celebrate his birthday. We hope that his days with us have been as pleasant and enjoyable as our days with him. We hope that his days with us have been as pleasant and enjoyable as our days with him. We are also looking forward to his 100th birthday.

The committee's recommendations will now go to the full State Democratic Executive Committee for approval at a meeting to be held in Corpus Christi on July 28th.

Said Mrs. Patman, SDEC member from the 18th senatorial district, "I am extremely pleased with the committee's recommendation. It is a middle-ground, common sense approach which allows us to judge the national presidential picture as it develops between now and next spring and to decide at that more appropriate time whether it would be worthwhile to hold a presidential primary."

"After all," she pointed out, "we don't yet know whether Jimmy Carter, as our incumbent President, will or won't have any opposition for the Democratic

nomination. "If Carter turns out to be the only candidate, a presidential primary would only cost the taxpayers money and force local election officials to have to count the votes in an extra, meaningless race."

"On the other hand, if a serious contest develops between now and next march -- say, between Kennedy or Brown and Carter -- voters might want a chance to express a preference at the primary election. The SDEC then could and undoubtedly would add a preference poll to our May 3rd ballot in the form of a voter referendum."

The subcommittee -- by a vote of 10 to 2 -- rejected a proposal by Nancy Williams of Austin to glue the Party into a presidential primary now, with the idea of backing out later if no viable contest develops.

"The committee," explained Mrs. Patman, "felt that was putting it backwards. We felt that it makes more sense to wait to decide until all the facts are known, rather than saying 'Let's rush into a decision now and then reverse ourselves later, if it turns out the decision was wrong.'"

Prior to reaching their decision Saturday, the Rules Committee had received testimony from approximately 200 Democratic leaders by mail and at a series of public hearings held in Houston, San Antonio, Lubbock, Austin, and the Dallas-Ft. Worth area.

"The input from these grassroots Democrats has been invaluable," said Mrs. Patman, "and I believe our committee has responded faithfully in our recommendations to what our rank-and-file Party members want us to do."

PAUL BOSWELL

Ranger Supt. Is World Trained

By Viola M. Payne

The opening of school in Ranger this fall will mean many different things to the six hundred students expect to enroll -- and to their parents and teachers.

For Paul Boswell, the new Superintendent, it will begin another phase of his career, which has included work both as an instructor and administrator. This career in education and related fields has spanned twenty four years, with many experiences in the United States and abroad.

Boswell's work in Ranger actually began in early July, when he and his family moved from Cranfills Gap. His downtown office is a busy place now, with meeting, paper work, and planning. Boswell - a tall man -

gives the impression of strength and stability, qualities which always seem to be in short supply in the world in which we live. His wife, Patricia, is also involved in the field of education, and will be working as a Special Education teacher. The couple have three children: Jeff, who is in Baylor Medical School, Anne, who attends Tarleton University at Stephenville, and Jaime, who will be in the 6th Grade in Ranger.

The qualifications Paul Boswell brings to Ranger are impressive indeed, and indicate a life-time dedication to teaching, continuing education, and the school system. He was born in Asher, Okla., but moved to Pampa, Texas when young. He graduated from High School there in 1950, with

special interest in Varsity Football-Basball, and Scouting. He became an Eagle Scout - no small achievement. He then attended West Texas State University, at Canyon, where he was involved in Football, the Letterman's Association, Student Government, and was a Class President. He received his B.S. Degree from this University in 1955. He also married Patricia Mitchell - a native of Texas - in that year. He taught at Hart ISD as a Football Coach and Math Instructor until 1957.

His own teaching did not stop him from chalking up many hours at a College and a number of Universities - once on a leave of absence from Pampa ISD. He attended Howard Payne College in Brownwood in 1962, where he was a participant in the National Science Foundation Summer Institute. He attended Northern Illinois University in De Kalb, Ill. in 1963 the University of California at Berkeley, and received his Master's Degree from Michigan State University, East Lansing, Michigan, in 1965. He did Graduate work at the University of Hawaii (Fuchu Campus, Tokyo, Japan), in 1968, and studied Administrative Education at West Texas State University in 1972, '73, '74. He studied Curriculum Development at the Kwajalein Center, University of Hawaii, and studied Administrative Education at Tarleton State University in 1974-75.

After leaving Hart, Texas, Boswell coached Football and Basketball and taught Social Studies at Cooper RHSD at Lubbock, Texas. He went to Slaton in 1959, where he was a Coach and Biology Instructor. In 1962 he moved to Pampa, where he was a Coach and Science Instructor. In 1966 he accepted a position with the

Kwajalein Junior/Senior High School in the Marshall Islands, where he was a Science Instructor and later Dean of Students/Vice Principal.

"This school consisted of American students, and it was operated by the Army," Boswell says. "I consider this a very fine school, and the experience there was extremely valuable to me."

After seven years overseas Boswell accepted a position as Principal in Cranfills Gap. In 1974 he became Superintendent of Cranfills Gap ISD, resigning in 1979 to accept the position of Superintendent at Ranger.

While in Cranfills Gap, Superintendent Boswell helped pilot a Food Service Program for the Elderly for Gov. Briscoe, in which elderly persons ate at the school cafeteria with the young people. "they enjoyed it, too," he says. The program was successful, and is still in operation in Cranfills Gap.

Over the years Boswell has served in many Professional organizations. He has been President of the Bosque County Unit of the Texas State Teacher's Association, and the Kwajalein Association of Teachers. He is a Life Member of the National Science Teacher's Assn. and the National Education Assn. He serves as a member of the Board of Directors, Region XIII of the Texas Assn. of Community Schools. He is a member of the Texas Assn. of School Administrators and the American Association.

In community activities, Boswell enjoys Little League Baseball, and works for the United Fund. He is a sustaining member of the Boy Scouts of America. He has joined the Rotary and Lion's Club in Ranger. The Boswell family belongs to the United Methodist Church, and looks forward to associations in the Church and community.

"We had visited Ranger," Boswell mentions. "And decided it was the sort of place we would enjoy living in. The countryside is attractive, and the people friendly and hospitable."

The Superintendent has definite plans for Ranger ISD. "Number one," he says - "is to put Ranger School on a sound financial basis. Among the top priorities are to strengthen the Academic program, with a full reporting procedure to parents with respect to their children's achievement. I also want to strengthen the extra-curricular activities of the school, so the academic

Supt. Boswell is being honored with a reception Sunday afternoon from 3 to 5

and physical development of the child can be coordinated. And of course we must meet accreditation standards."

Boswell mentions that the new Ranger School building has not been fully completed and accepted by the School Board at this time, so that is a consideration for the future. He notes the dedication of the local School Board, and feels they are an outstanding group.

When asked what such a busy person does "just for fun", Boswell has several answers. Livestock is a real interest of his, yet you could hardly call his stockfarm down in Hamilton County a hobby. It's a working farm, leased out because he is too far away to take care of it all the time. In the past he has done much traveling - to Japan, Hong Kong, the Republic of China, Okinawa, Caroline Islands, Marshall Islands, Mexico, and Canada. But part of this was done in connection with his work, and has certainly

enhanced his work. So for sheer recreation he restores old cars, and he is currently working on a '39 Chevrolet. His problem there, he says, is in finding old parts.

But if he can get all the part together, and a little spare time, that '39 may hit the road again. And no doubt the whole school would be delighted to see the Superintendent swing it into the parking lot. For he will be spending a lot of time on the campus-that is certain.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A tramp was told that if he would go to a certain lady's home and tell her that he was a Christian, she would feed him. Going to her home, he asked, "Please, ma'am, won't you feed a hungry Christian?" "I will," came the answer, "but prove that you're a Christian!" "Just look at the patches at the knees of my trousers, ma'am. I've worn out my trousers praying," he confessed. "Oh," she cried, "you must be a wonderful Christian. Come in, I'll feed you." She gave him a delicious dinner. He ate it with pleasure. But as he got up to leave, she noticed two big patches in the seat of his trousers. "Sir," she demanded, "how did you get the patches back there?" The poor man was frightened. He did not know what to say. Suddenly he said, "Ma'am, I'll tell you what made the holes back there. Backsliding. That's where I wore out my trousers backsliding, before I wore them out praying." Backsliding always begins by being Bibleless, prayerless and churchless. No one who faithfully reads the Bible and regularly prays ever backslides. Where do you have your patches?

Hints For The Aged & Handicapped

DEAR PAT--As a volunteer worker with disabled adults I find that many do not understand the different kinds of therapy they need or will be receiving.

Therapy can help so many individuals reach a higher level of physical ability. Lack of understanding of the different forms of therapy helps many from seeking help.

I hope you can find space to relate information to your readers who suffer hardships in their daily living only because they have not had proper therapy treatment.--Ms. F.D.M., Alabama.

The prices of wheat and corn go up and down, but the price of wild oats stays the same.

A diet is a short period of starvation following by a rapid gain of five pounds. It's called cold cash because it never seems to warm up to anybody.

Some people will buy anything that's one to a customer.

Lights From The Christian World

By Josephine Cleveland

Elijah, a prophet of God was in trouble. Quickly he ran for his life into the wilderness. Tired and weary from his long journey he sat down under a juniper tree. Engulfed in despair, he asked God to take away his life as they had already done the other prophets of God.

Finally he lay down under the juniper tree and slept. He was aroused by a touch of an angel. The angel said, "Arise and eat."

Elijah looked and saw food and water the angel of the Lord had prepared for him. Refreshed by the food and drink he rested by the tree. Still feeling dejected he again lay down.

A second time an angel of the Lord came to him and said, "Arise and eat, because the journey you must now make is too great for you."

He arose, ate and drank as the angel directed him. Then he went in the strength of the food and drink until he came to Horeb, known as the "Mountain of God."

In this mountain he heard the Voice of God speak to him and was strengthened to carry on the work he was commissioned to do.

Take heart, Friend. God sees and knows. Even as you creep despairingly under your juniper tree God's angels are at work for you.

Do you not feel the gentle touch of His angels as they swiftly at His bidding bring you the very nourishment to sustain and protect you. Feel their touch now. Listen to their gentle whispering as they bring you the message God is directing them to bring you now.

VISITORS FROM JAPAN

Sunday, July 29, 1979

Pictured at the Ranger Junior Rodeo are three 4-H exchange students from Japan. Noriko Kokaji, 13 from Yasuyuki, Japan; Tomoko Uchida, 12 from Osaka, Japan; and Yasuyuki, Skigemura, 13 from Takasaki, Japan.

Tomoko is staying with the Ronnie White family and Noriko and Yasuyuki are staying with the John Kidd's.

The students arrived July 23 and will return to Japan August 23.

They have been attending 4-H activities, birthday parties, six flags and observing home activities.

In Japan their 4-H is called Labo.

Trudy Bird is the Extension Supervisor.

Some Texas 4-H's will soon go to Japan on the exchange program.

WHO IS THE OWNER OF ALL THOSE FISH?

Who owns the fish in the state's waters?

There apparently is some confusion among Texas fishermen, but the Texas Parks and Wildlife Department points out that the law is clear on this point.

The law says "All fish and other aquatic animal life contained in the freshwater rivers, creeks and streams and in lakes or sloughs subject to overflow from

rivers or other streams within the borders of this state are the property of the people of this state."

Ernest Simmons, director of inland fisheries, said this essentially means the public owns all the fish in the state except in ponds and lakes completely on private property.

"Some confusion is caused when a lake is completely surrounded by private property, but if the lake is fed by a public stream the fish belong to the public."

Women May Need Extra Support in Sports

Female athletes may need more support from a brassiere than the frilly garments many stores sell. But finding an adequate bra that does not feel like a horse harness may be difficult.

At a presentation at an American Medical Association (AMA) Sports symposium, researchers said a good sports bra should have several features. It should provide support firm enough to limit motion both up and down and side to side. Ideally, the bra should be fitted for each athlete as part of her uniform and other protective equipment. It also should be mostly non-elastic and have a pocket to allow extra padding if a woman wanted extra protection in rough sports.

Requirements of a good ordinary bra are especially important in bras used for sports. Hooks and adjusters should not stab, and material should not be rough or cause allergic reactions. Common problems such as slipping shoulder straps and bras that "ride up" in front can be especially troublesome in sports.

Some athletes complain about such problems and so do not wear bras. But the Texas Medical Association says women may want to give special consideration to wearing bras for protection in certain sports. The AMA symposium presentation cited a survey where some reported being bruised by participating in sports such as basketball, fencing, field hockey and football. Diving for low balls in volleyball, sliding face-first in softball and being hit by softballs also caused bruises sometimes.

Some women reported sore or tender breasts after running, lifting weights or playing basketball. Some large breasted women who could not find adequate supporting bras especially had problems.

Tragedy Touches Us

The plane crash at Christansted in the Virgin Islands Tuesday is being felt in our area not only because they were missionaries from neighboring cities but also because their friends and relatives reach to our city.

Mr. Kenny Mitchell, the grandson of Mrs. Hall Walker of Ranger and pastor of the Denton Valley Baptist Church, was one of twelve people who flew to the Virgin Islands to be with the survivors and to bring home the bodies of those who didn't.

Mr. Mitchell was a former member of the Clyde First Baptist Church pastored by crash victim Riley Fugitt, he had been ordained by the church upon becoming the pastor at Denton Valley, and he considered the crash victims as close

friends. Just this spring, he had gone to St. Kitts, the destination of the missionary group, and had preached, with the people gathering outside and listening for hours and begging him to keep preaching whenever he paused.

Sharon Geye of Rising Star, one of the missionaries who died in the crash is the sister-in-law of Evely Donham the editor of the Rising Star which is owned and published by Eastland County Newspapers just as this paper is.

Mrs. Geye, a former member of the church in Clyde, was a schoolteacher at May. She was planning to teach the women at St. Kitts how to use sewing machines and to sew. She was survived by her husband and two children, one a five year old.

A THOUGHT FOR THE WEEK
By Armo Chambers

There are strange philosophies seen and heard frequently these days . . . For example, the philosophy that punishes success and rewards mediocrity . . . The philosophy that taxes responsibility and subsidizes irresponsibility . . . The philosophy that repudiates discipline and encourages - and at times rewards permissiveness . . . A philosophy that stresses "Do it to others before they do it to you" . . . A philosophy that says an honest man is a stupid fool . . . A philosophy that is more concerned with the rights of the criminal than those of his victim . . . A philosophy that outlaws the Bible as a means of instruction in a way of life, and legalizes filth on the news stand . . . A philosophy that says what is politically expedient is to be preferred over that which is morally right . . .

These are only a few of those which could be listed. . . They indicate a national moral illness which is quickening the pulse and raising the blood pressure of people all over the country. Is not the remedy and cure obvious?

CISCO WAS well represented at the annual school of the Texas Coaches Association in Fort Worth this past week. Three Cisco Junior College coaches were there as were three from Cisco High School.

Making the trip from CJC were Coaches Bill Anderson, Billy Hopson and Jimmie Campbell. Representing CHS were Rick Calhoun, Harold Sides and Danny Kent.

CISCO WILL be pretty well represented at the horse races in Ruidoso, New Mexico, the next couple of weeks. Gene, Hazel and Martha Damron began their annual vacation and headed out there Friday. Their grandson, Chris Arevalo, who lives out at San Jose, Calif., is with the Damrons for the vacation.

Gene said that he was going there to feed the horses. Clifford and Inez Smith of Cisco and Roy and Gloria Benton of Beeville are also in Ruidoso for their annual vacation.

OUR TOWN HAS some representatives in the Yellowstone National Park country of Wyoming. Dr. Norman Wallace and wife Helen and son Kory are there for 10 days or so of cooling off. They departed last Thursday.

Kyle Wallace, the other son of the Dr. Wallaces, is spending the summer again this year as a member of the staff of a boys camp down in the Kerrville country.

SORRY TO HEAR that Mrs. A.S. Walker of 605 West 11th Street, who is due to be 90 years old soon, is a patient at Odessa Medical Center Hospital. She went out there recently to visit her son and daughter and suffered a heart attack.

Mrs. Beulah Simpson, another daughter, spent from Monday to Thursday there with her mother and reports that she was somewhat improved.

HEAR THAT THE offices of Dr. Ayres Cermin will be closed August 1-8 for vacation. The Cermins, including the doctor and wife JoAnn and children Greg and Gretchen, will be in San Antonio with the group of Ciscoans who have a booth at the Texas Folklife Festival. There was a story about the festival in The Press the other day.

The Ed Bairds will also be there for the event.

MET UP WITH Miss Marcia Glenn, daughter of the Ralph Glenns, at a gas station here the other day. Local gas prices are a bargain when you compare them with the \$2.50 or so a gallon you pay in Germany where Marcia has been working for several years, she told us.

Miss Glenn, who got home 10 days or so ago, has been entertaining a couple of friends from Germany and has been looking for a job as she wants to remain in the USA. It's good to see her home.

Ghormley Reunion Held July 13-15

The annual Ghormley reunion was held at Lake Cisco July 13, 14 and 15, 1979. Fun and fellowship was enjoyed by 54 persons.

Matthew Ghormley of DeSoto; DeWitt and Laura Ghormley of Graham; Johnnie and Linnie, LeRoy, David and Karen Cox of Hale Center; Laylon and Genelle, Laylon Jr., Melody and Lawanna Musick of Snyder; Bill, Sharon and Sheila Mitchell of Fort Worth; Bernice, Sandra and Kandi Mitchell of Mineral Wells; Ricky and Sandra Mitchell of Kingsville; Keith, Vicki and James Mitchell of Mineral Wells; Betty, Ted, Cynthia and Linda Hasley of Mullens; Chuck and

ONE OF OUR fishing friends would like to see the City of Cisco take a little more interest in improving the overall fishing situation in our area. He suggests that Lake Cisco be stocked with striped bass and that Lake Bernie be stocked with bass, crappie and catfish.

It would take an hour or two to plug a hole in the Lake Bernie dam so it would hold water, the man said. If need be, the dam could be cut in an hour or two so the water could drain to Lake Cisco.

A VISITOR IN our town the other day was Melton Yardley, who has just retired as a chief warrant officer, U.S. Navy, San Diego, Calif. Melton and wife were here to visit his big brother, J.D. Yardley and family.

The two Yardley couples left Cisco to join their brother Leo Yardley of Foreign Mission Board, Richmond, Va., will join Bread for the World in New York City on October 1.

Miss Fowler will serve as staff associate for communications, working both with Bread for the World and Bread for the World Education Fund. She will edit publications and background papers, direct communications and media efforts and assist with church relations.

Bread for the World was organized five years ago as an interdenominational, grass roots Christian citizens' movement to urge governmental action on world hunger and poverty issues in the United States and abroad. Turn About

by VIOLA M. PAYNE part five

The next morning the train, heavily loaded with war-time passengers, met a bright dawn across west Texas. But a gray shroud seemed to fold around my brain, blotting out the light. For I suddenly understood that when I reached home I would find my Mother dead.

I walked through this gray half-world for two days afterward, in which I was aware of the people around me, but not able to fully participate in their emotions. But after the funeral I made a decision-I would stay and help my family for awhile. My Dad had just started his usual cotton crop, and was very busy. The two younger children were finishing a school term, while sisters Rowena and Katherine were working at the Airbase at Big Spring.

Travis wired that he was leaving Albuquerque with a Unit preparing for combat readiness. He would first train at San Luis Obispo, and in the Sequoia National Forest in California.

I found life more physically demanding around the Home Place than I remembered. After having contact with electricity, indoor plumbing and gas stoves, I was amazed at the time spent polishing lamp globes, lighting up mesquite kindling, and washing the milk cooler. And those infernal chickens-what a lot of trouble they were! Not to mention the garden, canning, and laundry on a rubberboard. I shoved my violin far under the bed, realizing this was no time for music.

Much of the music-and laughter-had gone out of the community anyhow. All the young people were either in defense work or the armed forces, making it hard for the older people to run the farms. Several young men had already been killed in this horrid war-which was hanging on longer than anyone had thought possible.

But County Lane was a surge of financial prosperity, with the prices of cattle and cotton zooming up. Farmers and ranchers were also allotted tires and gas-making them the envy of most people in town, for a change!

A bunch of local people were upset over a Government announcement that a large tract of land across the Colorado River-about three miles from my home-had been chosen as a practice bombing site for the Big Spring Airbase. Although this was not the most elegant strip of land in the world, there were people existing around it who had nowhere else to go.

"No other place would have them!" My Dad tersely commented.

Some of these folks, even after the land was condemned, hung on around its fringes, dodging bombs which fell short of their mark. And of course there were some confrontations between officers from the base and some local characters.

The Airbase set lights around the target area so the planes could make bombing runs at night. But this reached a rousing climax one warm night that summer during a Methodist revival in the nearby settlement of Cuthbert.

The Methodists had a lovely old Church on this high slope, and it was visible for miles around. On that night the building was packed with rural people, and lights from Coleman lamps streamed out the long, narrow windows. In the middle of the service a bomber from the base made a practice run over the Church, then zoomed in for the kill. Before the lights would be doused out, a bomb-only moderately loaded with a marker and explosive-fell a few hundred yards away. The congregation hastily departed for the darkness outside, figuring the next hit might be on target! But the Navigator eventually realized his mistake, and streaked back toward Big Spring!

During this time my family and I were still wading through an emotional abyss. Realities and neighbors offered encouragement, but I do not recall any Minister coming to visit us. I suppose none felt welcome. My Dad had referred to some of the local Churches as "Full of a bunch of hypocrites!" He set his face like flint and hoped only that the cloud-bank in the west would move off the caprock without breaking up. For he intended to make something out of this farming for his children, he said.

One consolation that people tried to offer was that my Mother was better off now, and "sure to be in Heaven".

All my life I had heard various ghost stories about how the spirits of the dead could return to places where they had lived. Few people in my community would have dared go to a graveyard after dark. It took some upstart like Travis Payne to shrug off a belief like that!

My Dad claimed only one unusual experience in his lifetime-in which he had seen a perfect rainbow span the cemetery at Ira out of a clear blue sky. But other people could report supernatural encounters, and enjoyed swapping them around a mesquite-wood heater on cold winter nights.

So I decided I would find out if it were possible for the dead to return. I knew my Mother had not wanted to die and leave her family, and that she would come back if she could. And I would watch for her.

One summer night my Dad and brother and sister drove away on an errand. Our house was at least a mile from the nearest neighbors, in a curve of a creek turning east toward the river. There wasn't even a dog on the place to stir around, so I had just the luminous silence of a world wrapped in moonlight.

I blew out the kerosene lamps and waited. My thoughts seemed to reach out with powerful impulses, calling for my Mother to return.

Suddenly there was the sound of something pacing back and forth across the long front porch. The sound was like a human step, back and forth.

The walking continued. I must see what was there, or I would never know. And I had always said it didn't really matter what a person believed about religious doctrines!

Then, strangely enough, some words came to me: "The dead know not

anything." Eccl. 9-5. I remembered Vesta Muth quoting those words, and they gave me courage. I would open that door and see what was walking!

I eased the knob, and the door cracked open. The biggest skunk I had ever seen glanced at me and fortunately-made a hasty jump off the porch! And I burst into wild gales of laughter-my first laughter in several months.

This was a turning point for me. No more fear of ghosts-no spiritualistic dabbling. The first step in getting over a death, I reflected, was to accept it. And I surely didn't intend to mope around the rest of my life-or no war! When sister Frances enrolled in Sul Ross to study art, I would go visit Travis in Bakersfield, California. He was going to be stationed at Minter Field for a short time.

The visit to Bakersfield turned out to be an amazing adventure. In the late fall I rode a train, which looked like a converted cattle-car, back home. After this, life became a patchwork of "visiting Travis" at various Airbases, and helping out my Father. In 1944 my daughter, Margaret, was born at Hobbs, New Mexico, attended by a fine Airforce Doctor. Then Travis, now a Sergeant in rank, was sent to San Antonio. This turned out to be his last stop Okinawa.
