Senior Citizens Nutrition Menu

Two hundred and eighty-two people attended the program at the Nutrition Luncheon Friday.

The program for the Senior Citizens was under the direction of Annie Rendall, program director. She introduced Clyde Brymer and he presented his "Miracle Band." The "band" was composed of special recording that he made with his organ, and in the presentation he made a special tribute to Ruth Cartee and her work with the Senior Citizens.

The Rising Star came in a large number and 20 members presented the "Star Bright Band." This is a "homemade" band and is one of the finest senior citizens bands in this section.

The program continued with the local senior citizens choir who presenting many numbers and the audience let the choir known with their long applause of their appreciation.

And then came "Bob Beaver and His Band!" This one-man band is always welcomed by the participants and the 282 people showed their appreciation by the many encores.

Finally, the AARP Rhythm Band brought their fine music and above all their enthusiasm. This band has practiced many hours and always ready to perform for the many activities of the senior citizens.

Words often are hard to find to express sincere appreciation for the many who every week contribute so much to the success of the program. The dinner music by Vida Killion, Billie Wood, and Clyde Brymer sets the tone of the program for the day. Then under the faithful leadership of Vernon Hagar the Senior Citizens Choir is always a welcome by the participants.

Special exhibits were presented by Janet Thomas, Eastland County Home Demonstration Agent. The exhibits "Enjoy the Golden Years" and the science of food and its relation to Health were well received this past week.

Since Monday is Labor Day the Senior Citizens Center will be closed and no luncheon will be prepared.

The menu for the two remaining days of the week are:

Wednesday—Tamale pie, spanish corn, lettuce and tomato salad, fruit cobbler, bread, butter and drink.

Friday—Fish ile, baked beans, green salad, sliced peaches, bread, butter and drink.

Kimbrough Buys Funeral Home Here

Mr. and Mrs. Brad Kimbrough, residents of Cisco since 1974, became the owners of the Holly-Rhyne Funeral Home on September 1, according to an announcement Friday. The business, which is located at 300 West 9th Street, will be known as Kimbrough Funeral Home.

There will be no change in personnel and the services of the firm will remain the same, Mr. Kimbrough said. He had served as

Hall Of Remarks

by Herrol Hallmark

CISCO PUBLIC schools will open their doors to resume classes on Tuesday of this week, September 4, as the summer vacation for area youths draws to a close. The Lobos will play in their first regular football game of the season on Friday night when they go to Ranger to face the Bulldogs.

CLASSES ALSO begin this week for students at Cisco Junior College. The CJC Wrangler football team members were in Cisco the past two weeks training for their upcoming season. According to one of the members of the Wranglers, they should have a big and tough team. If his size is any indication of the other squad members, then they should certainly be a big team.

DURING THE past week the members of the CJC Wrangler Band, as well as the Wrangler Belles, were also in town practicing for the coming school year.

MOST BUSINESSES will be closed on Monday, since it is Labor Day, and a number of citizens will probably go somewhere or maybe just spend a day at an area lake. Whatever you do during the Labor Day weekend, be careful and have a safe and happy Labor Day.

CISCO RECEIVED another nice mid-day shower on Friday when a thunderstorm moved into the area just before noon. A heavy shower fell for a few minutes, but by late afternoon the skies were clear.

WELL, IT DOES not look as though the Front Street project will be finished by the opening of school as was hoped when it was started. However, the rains which Cisco has been experiencing lately surely slowed the project.

BRAD KIMBROUGH

the manager of the home for United Funeral Homes, Inc., a Wichita Falls based company that purchased the property from Rust Funeral Home, Inc., in 1973.

The transaction covered all equipment and the buildings, Mr. Kimbrough said. Richard Rhyne, C.W. Henry and Evadina Fannin remain with the funeral home.

The Kimbroughs, who reside at 1113 West 7th Street, plan to move soon to the apartment at the funeral home.

Mr. Kimbrough is a native of Henrietta in Clay County and has worked full time in funeral homes since graduating from mortuary school in 1959. He is a veteran of the Vietnam War. Mrs. Kimbrough is a native of Wichita Falls. They have one daughter.

Since moving to Cisco, the Kimbroughs have been active in the First Baptist Church and in community affairs. He is currently serving as commander of the John Williams Butts Post 123 of the American Legion and is a past president of the Cisco Chamber of Commerce and of the Cisco Lions Club. He has been a member of the board of regents of Cisco Junior College for two years.

"We are pleased to become owners of a business in this fine community," Mr. Kimbrough said. "It will be our endeavor to provide every service that a modern funeral home should have for the area it serves."

Area Complimented On Rabies Campaign

Cisco received compliments on efforts to combat rabies in a talk by Dr. Catherine Tull, veterinary for Region 4, Texas Health Department, with headquarters at Abilene, in a talk at the weekly luncheon of the Cisco Lions Club last Wednesday noon.

Dr. Tull, who was introduced by Dr. Chief Brown, Cisco mayor and Lions program chairman for the day, suggested that Cisco and Eastland County's program of "preventing maintenance" was a good course of action. This program was launched in July after a rabid bat bit a high school girl here.

Dr. Tull reported that Eastland County has had nine cases of rabies this year -- one dog, one bat, one fox and four skunks. She

noted that attention to bats should be given at this time of the year as they are migrating to Mexico in September and October.

While in Cisco, Dr. Tull inspected the city dog pound and told city officials that it was a good one when compared with those in other cities. By adding some wiring and an outer perimeter fence, the Cisco pound would be outstanding, she added.

President Archie Chamness reported that Lions of area cities were endeavoring to complete the preparation of a program for the annual football game they are sponsoring in September between Cisco and Ranger teams at Breckenridge. Proceeds from the game benefit projects of the sponsoring cities.

Yard Of The Week

YARD OF THE WEEK, a local contest sponsored by the Cisco Garden Club, was given to the home of Mr. and Mrs. Arthur Green, 1206 Avenue F. The Garden Club contest will continue throughout the summer. Anyone who has a pretty yard or knows someone who has, is asked to get in touch with the Garden Club by calling 442-1773 or 442-3511. (Staff photo)

by C.C. Risenhoover

In observing high school football over the past few years I have concluded that today's player might be a bit more dedicated than some of us who strapped on our gear in the 50's. Of course, we did have dedicated players in the 50's, too, but there were a lot of us who banged heads on Friday nights to impress the girls.

From what high school coaches tell me, girls nowadays are not so impressed with sweaty jerseys and cleats, so there is not as large a percentage of boys going out for football.

To tell the truth, I never really minded Friday nights — it was those days of preparation on the practice field, without fanfare, that boggled my mind. Still, if you had to be a football hero to get along with the beautiful girls, well... no matter how lean and fragile you were it was necessary to just gut it out.

However, trying to be a football hero when you are skinny and tend to break easily can be a problem. If I had been larger, faster, more athletic and less of a coward, I would have been a great football player. Unfortunately, at the height of my career I managed to achieve only inferior mediocrity.

That's why I couldn't understand it when Marilyn sent word to me by another girl that she wanted to walk me off the field after a Friday night game, and she also wanted me to score a touchdown for her during the game.

I did feel I could manage to walk off the field with her (though on five occasions I was carried off), but I wasn't too sure about scoring a touchdown. At that time my career scoring total was zero, and the coach rarely put me in the game until we were 40 to 50 points ahead.

In fact, I had sustained none of my injuries in a game. My nose had been broken trying to catch a pass in pre-game drills. Once I ran into the goal post following an inspiring halftime talk by the coach — that was an attempt on my part to lead the team back on the field. On another occasion I suffered a concussion when I dozed off while sitting on the bench and fell backwards striking my head. Once I was standing on the sidelines watching the game when an opposing back ran into me, knocking me unconscious, and I sustained an ankle injury during the victory huddle and cheer following a game. So chances of my scoring a TD seemed none too promising.

However, being flattered by Marilyn's attention I was determined to go through even pre-game drills with more zest than usual. It wasn't often that a guy had the opportunity to walk off the field after a game with a beautiful girl like Marilyn — a girl who didn't even have braces on her teeth.

I was careful in my preparation for the game that Friday night, making sure that I didn't put on any of my equipment backwards. When I was offered some stickum to enable me to hold the ball better I declined, remembering that the last time I used the stuff and tried to throw a pass the ball wouldn't come out of my hand. After the way I was mauled on that play I decided a slick ball wasn't so bad after all.

Anyway, by the fourth quarter our team had built up an eight touchdown lead, so coach summoned me from my warm spot on the bench.

"Okay, just get in there and run out the clock," he said. I raced onto the field and overran the huddle, but recovered in time to replace our third string quarterback. The ball was at the opposition's 20-yard line. Here was my chance to really impress Marilyn.

"Seventeen on two," I said. The linemen looked somewhat puzzled, so I repeated the play.

"We heard you," Henry said. "Since when have you started running the ball?"

I ignored Henry's question, we broke from the huddle and set up at the line of scrimmage. On the snap I raced around left end. Well... maybe race isn't a good word when you have my kind of speed. Anyway, a bored looking linebacker caught me after a five-yard gain.

Three more times I called the same play until I was finally in the end zone — touchdown!

I returned to the bench where coach asked, "You okay?" Since I usually avoided such running heroics for fear of being tackled, he was concerned that I might have gone bananas. I assured him that I was in fine mental state, which caused his eyes to cross, and sat down on the bench to await the final gun.

When the gun finally sounded, I raced out on the field with my teammates, shook hands with opposing players and so forth, and waited for Marilyn to come walk me off the field.

Twenty minutes later the stands were cleared, all my teammates were in the locker room, and I was still standing at midfield waiting for Marilyn. When the lights were turned off, I raced to the dressing room falling only once on the way.

The next day, I found Marilyn did have one flaw. She had lost her glasses in the third quarter, couldn't even find the field after the game, and did not see me make the touchdown.

Congressman
Charles W. Stenholm
Congressional Comment

WASHINGTON, D.C. — American lawmakers rule by the consent of the governed, and are limited in their power by what the people are willing to accept. The Congress can pass laws but unless the majority of citizens are willing to obey them, they will not be effective.

With this in mind, four months ago I voted against a gas rationing plan. At that time, the vast majority of Americans did not believe there was an energy shortage. Without the support of the people, it is my belief that the plan would not have worked. It is also my view that had we approved that plan we would now be under a rationing program.

The situation has changed drastically. The reduction in imports from Iran and the sagging domestic production, together with large price increases by OPEC, has caused many Americans to reevaluate our energy position. The ruler of Libya has threatened to shut off exports of oil. And Nigeria could use the oil weapon against us if they object to our African foreign policy, particularly in regard to the lifting of economic sanctions in Rhodesia. Some OPEC countries such as Algeria, Iraq, and Oman are radically anti-American and could cut off exports at any time. The political situation in the more moderate Arab states is potentially volatile. One of my colleagues in Congress recently said that "a couple of well aimed bullets in less stable oil-producing countries could radically change their now favorable posture towards the United States."

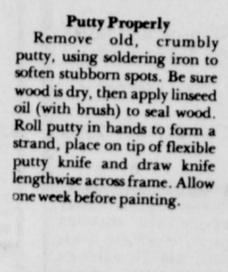

Since the Arab oil embargo of 1973, our situation has become increasingly vulnerable. Six years ago we imported 30 percent of our oil needs, now the figure is near 50 percent. If we have another embargo, there could be a tremendous fuel shortage. Our domestic production capacity would be unable to react in the short term and we would be faced with the choice of tremendous price increases or rationing.

In light of the current circumstances, I believe that a standby gas rationing plan is now advisable. There will always be a major debate on how to distribute gas equitably should rationing become necessary. We proved that in 22 hours on the House floor. Whatever plan is finally approved, it will be expensive and inefficient. Therefore a gas rationing plan should go into effect only when there is truly a national emergency. We have an effective trigger mechanism in the House-passed version. Congressman Phil Gramm of Texas was successful in including a provision which would require that the President find a 20 percent shortfall for 30 days or more, or evidence that such a shortfall is imminent. We only experienced a 7 percent shortage in our recent experience with the gasoline situation. Rationing then could be used only during a catastrophic shortage where our Nation has no viable alternatives.

Sometimes we must prepare for the worst in order that major disruptions in our society will not occur. Gas rationing at its best will have major defects. But in view of our highly vulnerable situation, we should have a plan available in case circumstances conspire to our disadvantage and our national defense is threatened.

"How-To"

Putty Properly
 Remove old, crumbly putty, using soldering iron to soften stubborn spots. Be sure wood is dry, then apply linseed oil (with brush) to seal wood. Roll putty in hands to form a strand, place on tip of flexible putty knife and draw knife lengthwise across frame. Allow one week before painting.

THE GAS PUMP

Good driving habits can save on trip mileage. Ease off the gas on long downhill stretches and let gravity do some of the work. Accelerate gently at the bottom to build momentum for the next hill.

To get best mileage from cars with manual transmission, don't stay in lower gear any longer than necessary. Racing car in first or second gear for longer than necessary consumes excess gasoline.

ABRAHAM LINCOLN'S SLAYER, JOHN WILKES BOOTH
 WAS THE 9TH OF 10 CHILDREN. HE WAS AN ACTOR WHOSE EGO AND EMOTIONAL INSTABILITY MADE IT HARD FOR HIM TO ACCEPT HIS BROTHER EDWIN'S ACCLAIM AS THE BEST ACTOR OF THAT ERA. BOOTH WAS A CONFEDERATE SECRET SERVICE AGENT. AFTER SHOOTING THE PRESIDENT, HE LEAPED TO THE STAGE OF THE FORD THEATRE AND BROKE HIS LEG. HE HAD PLANNED TO ABDUCT LINCOLN FOR A YEAR.

MANY PERSONS THOUGHT IT UNJUSTIFIED, BUT THE HANGING OF MARY SURATT TOOK PLACE ON JULY 7, 1865 — IN WASHINGTON, D.C. SHE WAS CONVICTED BECAUSE JOHN WILKES BOOTH AND FRIENDS MET IN HER BOARDINGHOUSE PRIOR TO LINCOLN'S ASSASSINATION.

Whitewing Hunters - Know Your Doves

Protected Birds — (Which We Set & Hunt)

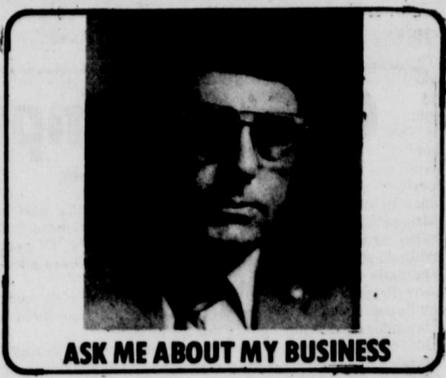

Legal Game Birds — (Check Current Regulations)

White-fronted Dove
 Slightly larger than white-winged dove with iridescent wing linings. Moderately rounded tail. Size and shape is similar to white-winged dove. Found in the Rio Grande Valley in only place in the United States where the mourning dove can be found. Common adjacent to brush areas and citrus groves. Generally found in single bird in flight flying low to ground (less than 10 feet off ground). Does not like to fly. Hunters should be very cautious in taking speck aim while hunting near brush areas and especially citrus groves.

White-winged Dove
 Larger than a mourning dove with iridescent wing linings and a long, moderately rounded tail. Found in the Rio Grande Valley in only place in the United States where the mourning dove can be found. Common adjacent to brush areas and citrus groves. Generally found in single bird in flight flying low to ground (less than 10 feet off ground). Does not like to fly. Hunters should be very cautious in taking speck aim while hunting near brush areas and especially citrus groves.

Rock Dove
 Better known as the domestic pigeon which is common in cities and around houses. Large in size and varies in color from gray to white. All have white wing linings. They generally fly in flocks and do not readily mix with other wild birds. It is an introduced species and is often raised by individuals as a hobby variety of racing and fancy pigeons.

County Art Association To Meet Sept. 6

The Eastland County Art Association announces that they will meet Thursday, September 6, at 7:00 p.m. in the Texas Electric Reddy Room.

Guest Artist for this meeting will be Myrtle Joiner of Snyder.

Mrs. Joiner is an art teacher and teaches in all mediums. She enjoys sketching in pencil or water color washes, and later develops them into paintings. Her favorite subjects for still life painting are daisies, however many subjects intrigue her.

Inspired by her husband, an avid fisherman, Mrs.

Joiner accompanies him on many of his fishing trips, to paint and sketch in places she could not go by herself.

Mrs. Joiner has received training from such artist as Harold Roney, Ramon Froman, Budd Biggs, Ben Konis, William Earle, Frederic Taubes and Robert Gartland. Under such excellent training she has been more able to understand different techniques, and traditions in paintings.

It was not until after her four daughters were teenagers, that Myrtle devoted time to this very enjoyable hobby. Currently she is a member of the Snyder

Platte Club, Texas Fine Arts Association and Big Country Association. She has won numerous awards in regional competition shows and has paintings hanging in private collections in Texas, New Mexico, Oklahoma, and Arizona.

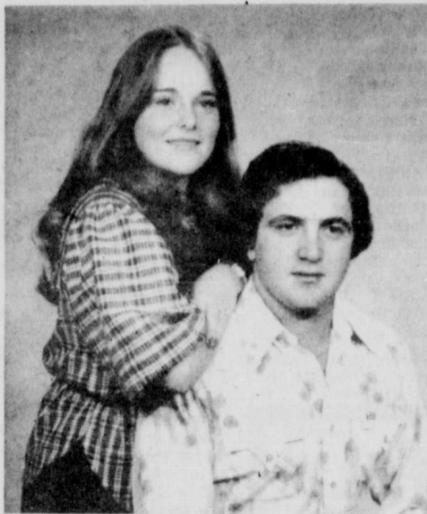

Members are urged to attend this September meeting, and visitors are welcome. Non-members will be charged a fee of \$1.00.

No Application For Losses Accepted After Sept. 12

Emergency loan applications for production losses in Eastland and Callahan Counties will not be accepted after September 12, 1979.

For more information and/or necessary forms, contact Farmers Home Administration, Room 312 Eastland National Bank Bldg., Eastland Tx; telephone 629-1414. Office hours are 9:00 to 5:00, Monday thru Friday.

D.L. Office To Close
The Driver's License Office will be closed Monday, Sept. 3, 1979 for Labor Day.

Engagement Announced

Mr. and Mrs. W.J. Stone announce the engagement and approaching marriage of their daughter, Kelly Lee to Jackie Doyle Gentry, son

of Mr. and Mrs. Doyle Gentry of Ranger, Texas.

The bride-elect graduated from Eastland High School and attended Cisco Junior College. She is employed at the Eastland Medical and Surgical Clinic.

Jackie graduated from Ranger High School and is self-employed and owner of Gentry Auction Company.

Wedding will be November 17, 1979 at seven-thirty o'clock in the evening at Bethel Baptist Church in Eastland, Texas.

All friends and relatives of the couple are cordially invited to attend the wedding.

CJC'S Building Trades Program Has Opening For Students

Vocational Dean Gerald Bint of Cisco Junior College announced that the Building Trades program has openings for more students who wish to start a new career.

The Building Trades program combines both classroom instruction and "on the job" construction. The program has operated for two years, and each year a residential home is constructed from the ground up.

The courses in the program include: building construction, materials and supplies, excavation and foundation, basic blueprint drafting, technical shop math, residential framing, plumbing and electricity, interior and

exterior finish, technical communications, interior trim and cabinetry, surveying, architectural drafting, and business law.

The instructor for the program is Jim Webb who has 20 years experience in the building trades field.

The Building Trades program is designed as a 12 month certificate program, but students may take only part of the full program to obtain the skills they desire.

Students may register during the regular registration, Tuesday, September 4, from 8 a.m. - 4 p.m. or 6-8 p.m., or anytime during regular office hours at the

Registrar's office. September 14 is the last day to register for the Fall, 1979 semester.

Detailed information about the program may be obtained from Jim Webb or Gerald Bint, by calling 817-442-2567.

An elderly neighbor and her daughter moved to another state several hundred miles from my home. Each year during their vacation travels they stopped for brief visits with former neighbors.

Recently, they rang my door bell. Delightfully, I invited them in for the brief visit I knew they allowed.

The elderly woman shared how they enjoyed all their neighbors on the block where I lived and they once lived.

"We have good neighbors now where we live," she remarked.

Then came a pause. "Speaking of neighbors," she said, "reminds me of a story I once heard. Some travelers seeking a new place to live stopped along side of a farmer hoeing his field. They inquired of him, 'Do you have good neighbors?'"

The farmer placed his chin on his hoe and with a twinkle in his eye replied, "Oh, about like the neighbors where you come from."

"Huh," remarked the travelers, "Our neighbors

are grouchy. We would not want to live here." They moved on down the road.

A short time later the farmer was asked by another traveler seeking a place to live. "Sir, what kind of neighbors do you have in these parts?"

Again the farmer replied, "Oh, about the same as the neighbors where you come from."

Oh, joyfully remarked the traveler, "My neighbors were wonderful."

"You will find the same kind of neighbors here, my Friend," he said, as he graciously turned back to his hoeing.

Then my friend concluded her story as she opened her car door. "You see, it is really ones attitude that makes the difference."

Goodman Family to Perform

The success of the famous Happy Goodman Family is

By Clint Bray

Some folks think church is like a convention. They send delegates.

Moonlighters are people who hold day and night jobs so they can go from one to the other in a better car.

The nicest thing about an egotist is that he never goes around talking about others. Little boys are like canoes. They behave better if paddled from the rear.

Heard about the two movie stars who called off their wedding? They couldn't decide whose name should be first on the invitations.

At Brays in Eastland and Ranger, we "feature" the nicest group of coordinated sportswear.

the product of the life long dream of four individuals, Howard, Rusty, Sam (Brothers) and Vestel Goodman (wife of Howard).

The Goodmans will be at the Abilene Civic Center Friday, Sept. 7 at 8 p.m.

From the dusty cornfields and abject poverty of rural Alabama in the early 1950's to their success as the most sought after Gospel singing group in America, the Happy Goodman Family has become a legend in their lifetime.

Tickets at \$5, \$4, \$3 and \$1.50 (children) are now on sale at the Center Box office.

Vestel, Howard, Sam and Rusty have been nominated and been recipients of many of the gospel music awards that are given out annually by their colleagues and fans. In 1968, the Happy Goodman Family received the coveted Grammy Award for Best Gospel Album; Vestel being nominated and receiving several times to coveted fan award for Best Female Gospel Vocalist.

The Happy Goodman Family were original members of the Singing Jubilee television program pioneering gospel music to the television audience.

The Happy Goodmans have recorded fifteen (15) long play albums and in 1975 celebrated the sales of over one million albums. And, before a capacity crowd in the Will Rogers Auditorium, Fort Worth, Texas, Marvin Norcross, Vice President of Canaan Records awarded a plaque of commendation to the Happy Goodman Family for such an outstanding achievement in the field of gospel music.

An equally important moment in the success of the Happy Goodmans is their song writing. Rusty Goodman has written many gospel songs that have become classics such as, I Wouldn't Take Nothing For My Journey Now, Had It Not Been, Who Am I, Until You've Known The Love Of God, and more recently Wait'll You See My Brand New Home. In their own Happy Goodman Family Electric Arts multitrack recording studio in Madisonville, Kentucky, Rusty produces all of the Happy Goodman Family recordings. he is also the staff producer of Goodman owned Harvest Records.

The Happy Goodman Family

EBAA EMPLOYEES TO ATTEND TCJC

It was announced today that five employees of EBAA Iron, Inc. of Eastland are attending Basic Metal Casting classes at Tarrant County Junior College South Campus in Ft. Worth. This is a new series of classes in the School of Technology at TCJC and will lead to an Associate of Science degree when completed. The employees attend on their own time with the intention of furthering their knowledge in their chosen field of foundry.

The foundry industry is growing in Texas and new installations have been or are being built in Luling, San Antonio and Paris this year. A need has existed for some time for education in foundry practices in Texas other than the four year course at Texas A&M University. TCJC is meeting this need for north central Texas.

The EBAA employees who are attending these classes are Arlin Wilson, Danny Norris, Mike Kendrick, Tony Petree and Tommy Ishmael. They travel to Fort Worth one day each week for the five hour class and lab work, while working their regular five day work week.

EBAA Iron, Inc. is growing and this additional "know how" that the student employees will gain benefit both the company and the men. The company hopes that this cooperative effort between company and

employees will continue to grow. In making this announcement, Mr. Earl Bradley, President and General Manager, added that EBAA Iron has shown a 35 percent increase in shipments over last year. "As far as we are concerned, the recession has been postponed due to lack of interest", Bradley said.

Present Gospel Gibbs

Everybody will want to hear the gospel Gibbs of Gorman at 5:30 p.m. Sunday, September 2, at the Church of the Nazarene, Avenue N and West 10th in Cisco.

HINTS FOR THE
HANDICAPPED
BY PATRICIA
GALBREATH

DEAR PAT--I know many of
your readers are interested
in learning to play musical
instruments despite handi-

caps that range from mile to
severe.

Will you please tell them
about "3-D Guitar Chords".
This is a book that is unique
in its contribution to the
instruction and entertainment
of the visually handi-
capped. It is the first book of
its kind and scope as all the
parts of every diagram are
quickly recognizable to the
touch as well as by sight.
"3-D Guitar Chords"
duplicates guitar chord
diagrams in raised from and

large type that are widely
spaced on the page, insuring
easy readability.

The book is being
distributed through National
Braille Press, Inc., of Boston
and was originally developed
in 1970 for the Library of
Congress Music Services
Unit of the Division for the
Blind and Physically Handi-
capped.

For individuals and those in
the field of rehabilitation who
may be interested, write:
Natalie Lamken, 1724 17th

St. NW, Apt. 72, Washing-
ton, D.C. 20009.

DEAR PAT--I have a 10-
year old niece who walks
with a limp. Her parents are
not overly concerned as the
limp is not bad they do not
have much money due to
such a large family.

I worry about the child
though, and wonder if there
is some place I could take her
for help. I don't have much
money either, but I could pay
a little--Mrs. F.F.J., New
Mexico.

DEAR MRS. J.--Under the
Crippled Children's
Program, most state statutes
provide that any person
under 21 years of age whose
physic functions or
movements are impaired by
reason of joint, bone or
muscle defector deformity, is
eligible for care, provided
the county judge of the
county in which the child
resides certifies that the
parents of the child cannot
finance the needed care and
treatment.

Check through an
established city or county
health unit locally.--PAT

DEAR PAT--I am not deaf
but I am "hard of hearing". I
never thought I would be

writing to a newspaper for
help but I don't know where
else to turn.

I have had to give up a
well-paying job and I've been
depressed ever since. I am
not trained for anything
other than being a switch-
board operator and that
is out of the question now.

I would appreciate hearing
from anyone who has faced
this kind of problem.--Mrs.
D.L., Fla.

DEAR MRS. L.--I will
forward all replies to you but
meanwhile I would suggest a
talk with a capable and
trained counselor of your
local Department of
Vocational Rehabilitation.
Here you will receive a
medical examination and
individual counseling and
guidance. Any aid that is
required to help you will be
available. training for
employment in another field
will be offered.--PAT

Lillie Smith To Celebrate 87th Birthday

Lillie Smith of Cisco will celebrate her 87th birthday Sunday, September 2, at the Shady Oaks Lodge Number 2, in Abilene.

A birthday card bearing multiple names of senior citizens has been sent.

Extended "Happy Birthday" greetings will be hers on Tuesday, September 4, when Lela Lloyd, Annie Rendall and Joe Phillips deliver a \$110.00 check from the local AARP Chapter 2447 and the Senior Citizen Nutrition Program to West Texas Rehabilitation Center, Abilene, in honor of the faithful service Lillie has rendered.

Mrs. Smith was active in both the AARP and Senior Citizen Nutrition Program. She was telephone reassurance hostess for the SCNP and a Green Thumber.

OBSERVATIONS FROM... The River Road

BY VIOLA M. PAYNE

Just before 3:00 p.m. on July 31st of this year unusually dark skies settled over Silver City, New Mexico. The residents of Silver City—an attractive town perched between mountains and dry rangeland to the south—supposed they were in for a typical mountain shower. But suddenly a large tornado began twisting and dropping from the overcast about three miles south.

After that an incredible story unfolded, as relayed to me by a sister who lives near the town. Her account was enhanced by clippings from the local newspaper. It seems that the police and the Grant County Sheriff's office were quickly beset by ringing phones and plenty of work. For the police had to investigate a "fender bender" on Ridge Road, where heavy traffic caused a minor traffic jam. But were the people trying to run from the tornado, as many people did in Wichita Falls this April? No, indeed. The people of Silver City were trying to run to the tornado! For most of the 10,000 residents of this town had never seen a tornado before, and wanted a better look at it!

A man at a golf course had just finished playing fifteen holes when he and his partners spotted the tornado coming their way. They forgot about the last three holes! Elsewhere, a Mrs. Boyd was taking a nap when her husband called her from work in Silver City. She dashed outside and spotted the twister nearby their home.

"The stupid thing went right over my head, and you wouldn't believe the pictures I missed!" she reported. The camera was at the repair shop, and I was so mad I wasn't even afraid."

While three other dogs dashed under the mobile home for cover, Mrs. Boyd watched the show while holding her toy poodle.

"It looked like white fire at first," she said. "It looked like fire on the tip of the tail."

Another resident of southern Silver City described what he saw and heard. "When I looked (after the tornado was gone) there wasn't anything where it hit," he said. "It took all the grass and juniper trees. It just sucked everything up."

"The funnel was nearly over me, but the stinger was across the canyon. It made a loud sound like a 'screaming jet', but the air around me was dead still."

The stinger was on the ground only about ten minutes, but the funnel lasted for over half an hour, until it receded as a small white tail.

In the meanwhile a vacationing family from Fort Worth—the T.D. Hortons—were driving up the road from Deming. They knew full well what a tornado looked like, and what one could

do. "Yes, we were astonished!" Mrs. Horton said. "There was nothing on the radio about it, yet there it was—right in front of us. We were alarmed more than anyone else."

They sought shelter in the Grant County Courthouse, shocked that Silver City residents just "stood and looked at it like it was a rainbow."

"We told people at the bank—'There's a tornado outside! But people were just wandering around, like it was a beautiful day.'"

After the tornado receded, the Hortons called the local newspaper for a weather forecast before continuing their trip to Albuquerque.

If ever there was a story which made a point for enlightenment, this would have to be it! The people of Silver City were not informed about tornadoes, for they had never experienced them. Scientists have lengthy explanations as to why tornadoes cannot form in this mountainous area. So people had not bothered to learn about them.

But life is not like that. It does not abide by the rules men lay down. Tornadoes do appear where they are not supposed to. So do floods, and various other uninvited guests. And people are not robots under our control. Sometimes they react in unaccountable ways.

So it pays to be informed not only about matters which we think will touch our lives, but a whole host of things affecting other people. Most importantly, we need to be spiritually enlightened, so we will not rush to every new and exciting and deadly thing which appears on the horizon.

CJC Course Offers Opportunity In Law

Law Enforcement, offered at Cisco Junior College, offers many opportunities in the Federal, State, County and City levels. Because of the higher qualifications, better training, and more money, law enforcement is now being recognized as a profession. Job opportunities are unlimited, and estimated openings available during a year for the State of Texas is 5,000.

At Cisco Junior College, a student majoring in Law Enforcement will learn about the history, development, and philosophy of L.E. in a democratic

Cisco 4-H Working On The Project Of Child Development

Cisco 4-H with leaders Charlotte Speegle and Hattie Weathers are working on the project of Child Development. Mrs. Speegle and Mrs. Weathers have been meeting at the First Christian Church each Monday from 5:30 to 6:30 p.m. teaching nine girls about Child Development.

The group has had four lessons so far about sharing with friends, learning from everyday experiences and learning from others.

Children are changing everyday. They are sharing, learning, feeling and growing. This is part of development. It is hoped that the girls will learn, have fun and enjoy this project.

The group has observed young children to learn about their friendships and talked with young children about their family. They have performed a play about a real family situation. Looked at pictures of parents and other relatives when they were younger to see in what ways they still look like they do today. The group has taken small children on a walk to learn more about their curiosity.

Engagement Announced

Naomi Harrell and Michael Tucker will be married at 7:30 p.m. Friday, September 7, at the Gospel Assembly, 2806 N.W. 27th, in Fort Worth.

The bride-elect is the daughter of Mr. and Mrs. Martin Harrell. The prospective bridegroom is the son of Claude Tucker of 1404 Avenue H, Cisco, and the late Mrs. Claude Tucker.

Mr. Tucker attended Cisco High School. He served in the Marine

Corps., where he was chosen as a spit-shine Marine and assigned to the Air Craft Range for a tour of two years. He received the Navy Marine Care Metal for bravery beyond the call of duty. He attended Cisco Junior College where he took auto mechanics. At CJC, he was on the dean's and president's lists. He is an elder of the Assembly of God Church on Avenue A. He is now a full-time employee at Tucker's Garage.

Leeann Boyd, groom's daughter, was flower girl.

Morris D. Snyder of Baird was best man.

The groom's sisters, Tianay and Sheree Boyd hosted the reception in the couple's home.

The couple will take a honeymoon trip and make their home at Route 3 Box 52, Cisco.

The bride graduated from Aransas Pass and Texas A and I University.

The bridegroom graduated from Moran High School and Cisco Junior College. He is employed at Abilene Auction.

There was a barbecue for 5 guests following the wedding.

CJC Registration Tuesday, Sept. 4

Cisco Junior College will hold its regular registration at the Cisco campus Tuesday, September 4, from 8 a.m. to 4 p.m., and from 6 to 8 p.m.

Anyone wishing to pre-register may do so by going by the Registrar's Office during regular office hours from 9 a.m. to 4 p.m., Monday through

Friday. Students may also register at either of CJC's off-campus centers in Abilene and Clyde, during office hours.

"Classes are really filling up now," according to Olin Odom III, Registrar, and he encourages students to register as soon as possible. Further details about registration as well as late registration may be obtained by calling Mr. Odom's office at 817-442-2567.

Sunday, September 2, 1979

Salaries vary, but basically the average salary range in the service area of Cisco Junior College would be \$440 to 650 per month.

Students wishing to take Office Occupations, should enroll in the program by September 4, if possible. Questions may be directed to Mrs. Carolyn Page, chairperson for the program, by calling 817-442-2567.

Office Occupations, offered at Cisco Junior College, offers many opportunities to the student majoring in it. A student will learn the necessary skills for becoming a competent secretary, while receiving competent knowledge of accounting, typewriting, shorthand, calculating machines, and office procedures. A general secretarial curriculum is offered with oppor-

tunities for specialization in the fields of law, medicine and industry.

There are no prerequisites for beginning level courses, and both one-year and two-year programs are offered. Students successfully completing the course study will be eligible for a certificate in office occupations. Approximately 125 students are enrolled each semester in Office Occupations.

Job opportunities include receptionist, typist, file clerk, secretary, stenographer, and bookkeeper for all types of industry.

FIRST METHODIST CHURCH

Church School begins at 9:45 a.m. and morning worship at 10:50 a.m. The scripture for Sunday is Proverbs 9:1-6, Ephesians 5:15-20 and John 6:51-59. The evening worship service will begin at 7:00. The United Methodist Women will meet at 7 p.m. Sunday.

The Branch III will meet at 9:30 a.m. Tuesday. The prayer group will meet at 10:45 a.m. Tuesday.

REDEEMER LUTHERAN CHURCH

Sunday School and Bible classes will begin at 9:30 a.m. The worship service with Holy Communion begins at 10:30 a.m. Pastor Crockett's message is entitled "Christian Wisdom Makes the Most of Its Opportunities!" based on Ephesians 5:15-20. Parents and young people who will be enrolling in Catechism classes are requested to meet with Pastor Crockett after the service. The Lutheran Hour will be aired over KERC at 12:30 p.m. One of today's perplexities is that as our nation becomes more modern and advanced in the sciences, our people become unhappier. Pastor Wallace Schulz says in his message "The Bread of Life That Satisfies!" that lasting meaning and happiness in life will come only when the deep spiritual needs of the soul are met.

Men's Prayer breakfast will meet at The Spot Restaurant on Monday at 6:30 p.m.

The Lutheran Women's Missionary League will meet in the Parish Hall on Tuesday at 9:00 a.m. Mrs. Vernell Reich will report on the International LWML Convention held in Omaha in July.

The Cisco Nursing Center communion service will be on Wednesday at 10:00 a.m.

Ladies' Prayer and Share fellowship will meet in the Parish Hall on Thursday at 9:30 a.m.

Jerry Miller Makes Official Visit

Jerry Miller, President Rebekah Assembly of Texas, accompanied by her husband, Bill Miller of Dallas, made her official visit with District No. 47 with Good Will Rebekah No. 102 as host.

A delicious salad supper preceded the 8 p.m. meeting that Ada Mae Cooper, Noble Grand, presided over. The inspirational messages brought by Jerry Miller and her husband, Bill, were enjoyed by all present.

Lee Larkin's name was drawn by Jerry Miller as the winner of a quilt that was given away.

Besides the local members there were visitors from Abilene, Breckenridge and Eastland.

A THOUGHT FOR THE WEEK

By Armo Chambers

In seeking solutions to previous labor problems through the years, it seems we have consistently created more serious problems in the process. Our present day problems are serious. They affect every one. The well educated, the less educated, the well paid, the lower paid, the old people, the young people, the highly skilled, the unskilled, the rich and the poor. No one is exempt.

The problems are difficult, especially those which concern unemployment, age handicap, plights of being overtaxed and underpaid, strike advantages and disadvantages, employment boredom, employment hazards, indifference, unfriendly attitudes, etc., etc. The list is far from complete. You can add to it.

Can ALL the problems be solved with acceptable answers for all? No. Never. But, thought efforts be made to solve them? Absolutely. To think otherwise would be societal suicide. Is it not obvious an effort of individual acceptance is needed NOW - not to a new but to the old thought of "live and let live" - best shown in the doctrine of "The Golden Rule?"

A COLORADO vacation ends this week for the Lloyd Londons of our town. And he's due back on the job Tuesday as vice president and trust officer at the First National Bank.

Our scouts report that Mr. London recently was offered a position as president of a new bank in suburban Denver, Colo. It was a challenge and an opportunity that anyone would appreciate. However, the Londons were reluctant to leave Cisco. He is a good banker. They are good citizens in all respects, and leaving Cisco seemed distasteful to them and, certainly, to those who appreciate and admire Lloyd and Vera London.

The scout told us that when the Londons left for their Colorado vacation, he had decided to turn down the new opportunity. Let's all hope that the Denver folks were unsuccessful in any efforts they very probably used to change Lloyd's mind.

Lloyd spent a dozen or so years as a member of the CJC board of regents and a good many of those years as the board president. His work, particularly in financial affairs, was outstanding. Lloyd's work as a citizen and in their church is outstanding.

You'll want to join us in welcoming the Londons home this weekend - home to stay!

THE LIFE OF Miss Marcia Glenn, daughter of the Ralph Glens, has taken a turn in a new direction. Instead of teaching German in a high school or university, Miss MG now goes into the field of international journalism.

Visiting at Baylor University, Waco, recently, Miss MG found the faculty full of German teachers. But her knowledge of the German language qualified her for an assistantship to work and study for a master's degree in International Journalism while serving as a faculty member.

We'll bet that Miss MG will enjoy her course and will want a career in journalism after she graduates. Her course of study, we understand, will include a six-month tour of on-the-job training. She was in Waco this past week getting set for the fall semester.

MET UP WITH Mrs. Bruce Golemon of Ranger in our town the other day, and she showed us pictures taken at the wedding of their daughter Pat in Houston recently. As you know, Pat grew up here while her dad was on the faculty at CJC. Pat and husband live at Montgomery, Ala.

Mrs. Golemon reported that their son, Dr. Tommy Golemon, has just finished a

special two-year internship or specialty training stay at Columbus, Ga., and that he has been invited to remain at the big hospital there to work. He has accepted a year's contract, postponing his return to Texas, his mother reported.

GUESS EVERYBODY'S getting ready for football to begin in a big way this coming week. Both CJC and CHS squads were busy with practice activities last week. . . . Faculties of both schools were in meetings Friday morning to get set for their new school years to start this week. . . . Met up with a new CHS student the other day. He is Ken Sharpe, who has moved to Cisco to live with his grandparents, Mr. and Mrs. Doug Fry, and attend CHS. He's a 10th grader. Ken is the son of the Stanley Sharpes of New Orleans. He'll probably help his granddad with the chores at the Fry Ranch.

PROSPECTS ARE pretty good for the dove season that opened Saturday, according to scout reports. Rules are about the same as last year. The Bill Huffmans arrived Saturday to visit his mother, Mrs. H.T. Huffman, and to help local hunters open the new season. . . . Coach Bill Hopson of the CJC staff spoke to Cisco Rotarians at their noon meeting last Thursday, giving them the dope on the upcoming season. . . . Sorry to hear about the death recently of Mr. John McGuire's mother at Haskell. Mrs. McGuire's mother, who lives at Clyde, sustained a broken hip in a fall last week and is a patient at Hendrick Memorial Hospital in Abilene.

YOU'LL BE GLAD to hear that Mrs. Danny (Annette) Claborn, who works at West Texas Utilities, is doing nicely following surgery last Tuesday at the Hendrick hospital (Room 218). Danny and son Tommy spent several days over there with their daughter and husband, the Ronny Powelsons, to be near Mrs. Claborn who is due out of the hospital Wednesday or Thursday. . . . Hear that the **Alsop Drive-In Grocery** company is building a new store in Cisco up on West 8th Street at Avenue M. They're headquartered at Wichita Falls, we understand.

THE BILL HESTERS have started work to build a restaurant and motel out on IH-20 east of Red Gap Western Store and the Oak Motel. Contractor Archie Chamness is helping and the restaurant will be built first, we hear. . . . Cisco will have at least five golfers in the annual Labor Day tournament at Brownwood this weekend. J.L. Stafford and Bennie Nichols will play as a team, and so will Ralph Glenn and Bobby Smith. David Callaman accepted an invitation to play with E.H. Utzman, a well known Brownwood golfer. . . . Dee Robbins and Vandell Weathers recently won the 3rd flight in the Lone Cedar Country Club tournament. . . . In the recent Baird tournament, Cisco's Bennie Nichols and Larry Smith, formerly of Cisco, had a tournament score of 22 under par and only won 2nd place! . . . Understand Delburt Schaefer's team won the fun tourney at the Cisco golf course last Thursday afternoon. . . . Aren't the George Owensens moving into their new house adjacent to the golf course this weekend? . . . Brad Wilcoxon, the former Lobo star who married Sharon Sawyers recently, has opened a welding shop out on Avenue D. . . . Mrs. Jack Sawyers has sold her home at 1310 West 13th Street to the T.L. Stricklands of Moran. Mrs. Sawyers is a dormitory supervisor and lives out at CJC. . . . Brad Kimbrough of the funeral home business visited in Austin the other day. . . .

Funeral Services For Buck Snyder Held Friday

Funeral services for Ed "Buck" Snyder, 61, of Cisco, were held at 11 a.m. Friday in Oakwood Cemetery, directed by Cisco Funeral Home. The Rev. Bruce Wells of Glen Rose officiated.

Mr. Snyder died Wednesday.

He was born March 19, 1918, in Eastland County and was a Baptist. He was an oilfield worker and had lived here all his life. He married Bonnie Stuard October 3, 1942, in El Paso. He was an Army veteran of World War II, serving in the First Cavalry.

Survivors include his wife; two sons, Eddie L. of Colleyville and David R. of Abilene; a daughter, Tammie J. of the home; three brothers, Wesley of Oklahoma City, and Bill and Bural, both of Albany; three sisters, Bettie Jo Brothers of Lubbock, Dorothy Putnam of Robert Lee and Hazel Redwine of Uvalde; and nine grandchildren.

Cisco Blood Drive Set September 12

The Cisco Blood Drive has been set for **Wednesday, September 12**, at E.L. Graham Memorial Hospital. A team of laboratory technicians from Mary Meek Blood Bank of Hendrick Medical Center in Abilene will be present from 9 a.m.-3:30 p.m.

A joint organized program (the Lions Club, Rotary Club, Cisco Civic League and the Cisco Service Club are sponsoring the blood drive on a rotating basis) the drive will be held every two months. Each Cisco citizen's effort is mandatory in order to make this a successful program.

In order to insure an adequate blood supply,

Cisco needs 40 pints of blood every two months. Cisco is, however, presently in debt to Mary Meek Blood Bank, 900 pints of blood. The Blood Drive Committee has therefore set its goal to collect 60 pints of blood, every two months to insure Cisco's adequate blood supply and replenish what we are already in debt for.

A blood insurance policy is available for those persons interested. For a pint of blood given, that donor's immediate family will be insured of having blood available to them for one full year. That donated pint of blood, however, will not count toward credit for Cisco. But for those persons interested in the insurance policy, perhaps at a later date, the donor can donate another pint of blood for credit for Cisco.

All types of blood are needed. There are no longer "paid" donors, except in the case of institutions using only the plasma from a pint of blood, so we must therefore depend on voluntary blood donations.

Blood donors should be aware of the following when preparing to give blood:

- A) Age eligibility is from age 18-65.
- B) No medication should be taken 18 hours prior to donating blood.
- C) No medication, however, should be deleted without checking with the perspective donor's own doctor.
- D) Any person who has been in Southeast Asia in the last three years

Public Notice

The City of Cisco will receive sealed bids for a new sanitation truck until 7:00 p.m. September 25, 1979, at which time bids will be publicly opened and read aloud. Bids shall be addressed to the Honorable H. Chief Brown, Mayor, City of Cisco, Texas, Box 110, Cisco, Texas 76437 and marked "Bid for Sanitation Truck."

Specifications and further information may be acquired at the office of the City Manager between the hours of 8 a.m. and 5 p.m. or by calling 817-442-2111. The City Council of the City of Cisco, Texas, reserves the right to waive any informalities and to accept or reject any or all bids.

should not donate blood.

E) A woman who has menstruated in the last three or four days prior to donating blood, or six weeks after pregnancy, should not donate blood.

F) Any person who has been sick or has had a cold within the last seven days prior to donating blood should not donate blood.

G) Persons can donate blood every two or three months with no foreseen problems; although, it is hopeful to not have to call on the same donors nearly this often.

Pledge cards are available throughout the community through club members, at businesses and industries, The Cisco Press, Cisco Junior College, churches and Cisco individuals.

Pledge cards should be filled out and left at that same location to be picked up before the blood drive.

A telephone committee will call prospective donors to verify their pledge. Appointments will be made afterwards, for donors, so that they should not have to wait any longer than necessary. Drop-in donors will also be welcomed.

Please say "yes" when called upon or better yet, volunteer to give a pint of blood.

For further information, contact Bob Conner, E.L. Graham Memorial Hospital, 442-3951 or 442-2558; Yvonne McMillan, 442-3846 or 442-1671; or Pennie Fields, 442-3535 or 442-1188.

Remember - "There's power in the blood. Have you given yours?" (Cisco Blood Drive-September 12th)

Christian Women Fellowship To Have Salad Luncheon

The Fellowship of Christian Women of Cisco will have their monthly salad luncheon this coming Saturday, September 8, at 12 noon at 309 West 6th. This is the first since summer vacations and it is open to all women of all denominations in Cisco and surrounding areas. It is a group of Christian women who meet together for sharing and fellowship.

The FCWC library of books and tapes will be available to those present and if you have some new books or tapes you would like to share with others, please bring them.

Mrs. Claude (Margie) Weingard from Dallas will be with us, sharing and speaking. Her husband is pastor of Urbandale Christian Church in Dallas and she teaches kindergarten in the Metropolitan Christian School in Dallas.

They have two sons, one a graduate of TCU

and one a sophomore at Texas Tech. They have been in Dallas for eight years. While living in Lubbock here husband was ecumenical pastor on campus at Tech and they both were involved in "The Crisis Telephone Ministry" there in Lubbock. Mrs. Weingard will be sharing her testimony along with the Value and Results of Prayer.

For young mothers who would like to attend and have need of a sitter, one will be furnished if so stated when call to make reservations. The nursery will be kept at the First Christian Church.

Reservations for all should be made by calling Ilene Cotton, 442-2565, no later than Friday, September 7.

All area and local women are cordially invited to attend and receive a blessing.
