Hall Of

Remarks

by Herrol Hallmark

THANKS TO whoever was responsible for cleaning up "the point" at Lake Cisco this week. On Thursday afternoon the area was clean and all the trash and litter which was pictured in the last edition of the Cisco Press was gone.

Let's all hope the area is kept clean in the future.

I UNDERSTAND that a young man from Cisco Intermediate School was helping the Cisco Junior College cheerleaders during the third quarter of Thursday night's game between the CJC Wranglers and McMurry J.V. in Cisco. He was reported to be on the sidelines cheering along with the college cheerleaders in support of the Wranglers.

ISN'T IT NICE to be able to drive along Avenue D without having to dodge chugholes in the pavement? The Texas Highway Department street crews finished re-blacktopping Avenue D on Thursday from just north of the railroad tracks to one block south of 8th Street.

A GOOD CROWD of Ciscoans traveled to Ranger Friday night to watch the first game of the season by the Cisco Lobo Varsity football team. The Loboes defeated the Bulldogs 46 to 0.

The Lobo band gave an impressive half-time show and they really sounded good.

I HEAR THAT Terry Burns of Cisco has accepted a job as manager of a lumber yard in Albany. He recently worked for the Rockwell Brothers and Company Lumbermen here.

Joggers

Alert!

Joggers alert you only have five more weeks to get in shape for the October 16 mini marathon, sponsored by the Cisco Civic League.

Yard Of The Week

YARD OF THE WEEK, a local contest sponsored by the Cisco Garden Club, was given to the home of Mrs. Nell Coffman, 607 West 10th. The Garden Club contest will continue throughout the summer. Anyone who has a pretty yard or knows someone who has, is asked to get in touch with the Garden Club by calling 442-1773 or 442-3511. (Staff photo)

Medical Doctor Plans To Open Offices Here

Dr. Fredric J. Taylor of Morris, Manitoba, Canada, has signed a commitment to move to Cisco to open offices to practice medicine, according to an announcement Friday by Administrator Garner Altom of the E.L. Graham Memorial Hospital.

Dr. Taylor, 43, is a general practitioner and is a native of Ontario. He has been practicing medicine at Morris, Man., for five years. He is making application immediately for the necessary papers, including medical and U.S. citizenship, for locating here.

Mr. Altom said the doctor's arrival date is indefinite at this time but, hopefully, he will complete arrangements to be here by the end of the year. He will have offices at 802 West 6th Street. Dr. and Mrs. Taylor visited Cisco August 25-26.

A graduate of the University of Toronto Medical School, Dr. Taylor spent ten years as an industrial engineer before studying medicine. His practice includes general surgery as well as a family practice. He has earned a number of honors for achievements in medical school, associations and societies.

Dr. Taylor is a private pilot. His wife is an accountant and plans to help with her husband's business affairs. Mr. Altom also reported that Dr. Robert Thomson and wife of Kingston, Ontario, will be in Cisco this weekend. They plan to move to the United States and are considering Cisco and

other communities. Dr. Thomson's wife is also a medical doctor. They have a 11-months old son.

Senior Citizens Nutrition Menu

What is a volunteer? If you, as a senior citizen who participates in the Nutrition Program what is a volunteer and the individual will say "Well, I'm a volunteer, only I call it service. I feel everyone down at the Center is a potential volunteer by helping each other. The Nutrition Program is functional because of its vast number of volunteers. Every senior citizen in Eastland, Cisco and Rising Star who is over the age of 60 is called upon to serve in many capacities. Why not call 442-2263 and say "I want to participate in the program down at the Center," and then be given guidance in your assistance.

Speaking of volunteers—Anna Dyzel and Billie Wood are so willing to give of their time by playing the piano during the luncheon. But a much younger individual, Butch Zellman, volunteered to contribute to the enjoyment of music this past week. Once again, an artist like Mrs. Zellman sharing her skills is what this program is all about! Then Oren Speegle and H.V. Coats offered their services to make the programs more enjoyable.

The menus for the week, as released by Ruth Cartee's office are:

Monday--Baked ham, glazed sweet potatoes, green beans, apple sauce, bread, butter and drink.

Wednesday--Cheese meat loaf, blackeyed peas, stewed tomatoes, pear and cottage cheese, corn bread, butter and drink.

Friday--Barbecue beef, scalloped potatoes, chopped broccoli with cheese, ginger bread, bread, butter and drink.

Swimming Pool To Be Open On Weekends

The Cisco swimming pool will be open on weekends including Saturday afternoons from 1 to 6, Saturday night from 7 to 10 (teen night), and Sunday from 1 to 6 p.m.

The pool will remain open on weekends as long as their is warm weather.

Girl Scouts Still Collecting Aluminum Cans

The Cisco Girl Scouts would like to remind the citizens of Cisco that they are still collecting aluminum cans to help with the funding of the Girl Scout House, according to an announcement by Mrs. Betty McGrew, president of the association.

Anyone having cans for the scouts was asked to call Mrs. McGrew at 442-1051 or A.E. McNeely.

Garden Club To Meet Thurs. In Cole Home

The Cisco Garden Club will meet Thursday, September 13, at 12:30 in the home of Mrs. Alfred Cole, 504 Avenue I, for a salad luncheon. This will be the first meeting of the new club year.

All members are urged to attend.

Co. Shaklee Organization To Hold Supper

The Eastland County Shaklee organization will hold a supper at 7:00 p.m. Tuesday, September 11, at The Spot Restaurant. A meeting will follow in the restaurant dining room.

All members are urged to attend. Invited guests are welcome.

SCHOOL MENU

The breakfast and lunch menus for the week of September 10-14 at the Cisco Primary and Intermediate Schools are as follows:

Monday--Breakfast, cereal, juice and milk. Lunch--weiners and cheese, buttered corn, baked beans, milk, brownie and roll.

Tuesday--Breakfast, scrambled egg, toast, juice and milk. Lunch--blackeyed peas, fried okra, peaches, corn bread, milk and cake.

Wednesday--Breakfast, oatmeal,

Loboes Roll Past Ranger With 46-0 Victory Friday

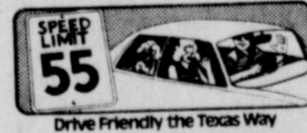

The Loboes of Cisco High School opened their 1979 football season with an impressive 46 to 0 victory over the Ranger Bulldogs in a non-conference game in Ranger stadium Friday night.

The Loboes were leading at half-time with a score of 13 to 0, after scoring in each of the first two quarters. Following the half-time kick-off, the Loboes added two touchdowns in the third quarter and three touchdowns in the fourth.

Cisco's Ronnie Eudy received the game's opening kick-off at the Lobo 15 yard line and scrambled to the 29 before being tackled by the Bulldog's kicker Darrell Fox. The Loboes then proceeded to move the ball downfield utilizing the running abilities of Donnie Worley, Gary Speegle, Steve Hopson and Sy Tabor. After four first downs, the ball was resting on the Bulldog's nine yard line setting up Cisco's first touchdown.

Cisco quarterback Barton Philpott took the snap and handed off to Worley who took it in for the touchdown with 8:11 remaining in the first quarter. Jimmy Elrod's PAT was no good making the score 6 to 0 in favor of the Loboes.

The second score of the game was set up when Cisco recovered a Ranger fumble at the Bulldog's 45 yard line. Hopson took the handoff from Philpott up the middle for 41 yards before being tackled by Bulldog Rickie Osborn at the four yard line. A handoff to Speegle got two more

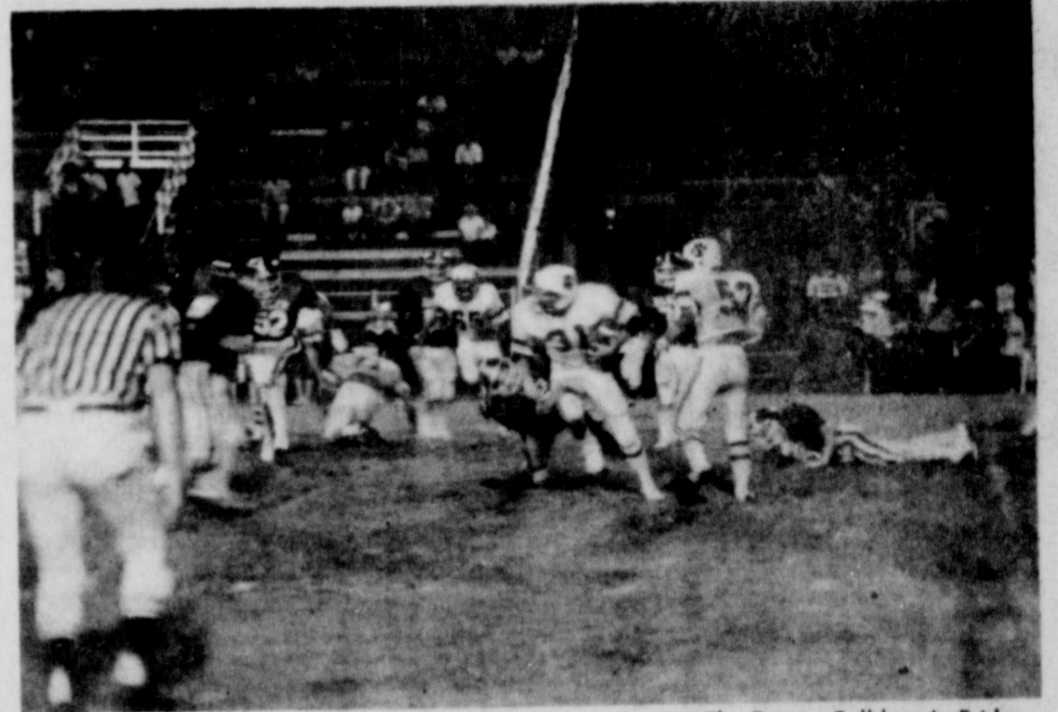

bacon, juice and milk. Lunch--steak sandwich, lettuce and tomatoes, french fries, bananas and jello and milk.

Thursday--Breakfast, French toast, juice and milk. Lunch--baked ham, whipped potatoes, green beans, roll, ice cream and milk.

Friday--Breakfast, rice, juice and milk. Lunch--fish, tater tots, cole slaw, roll, cake and milk.

The menu is subject to change.

Cisco's Donnie Worley (31) Scrambles For Yardage Against The Ranger Bulldogs In Friday Night's Game In Ranger (Photo By Jim Pelham)

yards setting up a second down and two yards to the goal situation when the first quarter ended. On the next play, a delay of game penalty moved the ball back five yards to the Bulldog seven yard line. A handoff to Worley got the touchdown with 11:52 remaining in the second quarter. The PAT by Elrod was good making the score 13 to 0 as it remained at the end of the first half.

Ranger's only scoring threat of the night came about with less than four minutes remaining in the half. The drive started on Ranger's 49 yard line and Bulldog quarterback Tommy Dunn passed to Mike Snead who carried the ball to Cisco's 39 yard line. A handoff to Randy Wells got three more yards while a short pass to Wells moved the ball on down to Cisco's 20 yard line. A fumble, recovered by Ranger, lost two yards placing the ball on the 22 yard line. Two incomplete passes brought a fourth down and 12 yards situation. Bulldog kicker Darrell Fox attempted a field goal from about 29 yards out, but it fell short leaving the first half score 13 to 0 in Cisco's favor.

Ranger took the second half kick-off, but after moving the ball only seven yards they punted to Cisco's Eudy at the Lobo 26 yard line. A handoff from Lobo quarterback Forrest Starr to Hopson, who broke up the middle, netted 54 yards before being tackled by Bulldog's Dunn and Osborne at the Ranger 20 yard line. A handoff to Gary Speegle got the touchdown with 9:31 left in the third quarter. The PAT by Elrod was no good making the score 19 to

0. On Ranger's next possession of the ball they only moved it six yards and again had to punt to the Loboes. The punt was received by Lobo Eudy at the Cisco 30 yard line. He ran the ball to the Lobo 49 yard line before being tackled by Bulldog Snead. This set up another scoring drive by Cisco.

With Starr quarterbacking, two handoffs to Hopson placed the ball within inches of a first down. A handoff to Worley got the first down and also moved the ball to Ranger's 34 yard line. A quarterback keep got four yards, a handoff to Hopson moved it one more yard and a handoff to Worley got another first down. A pass to Eudy moved the ball to the Bulldog 10 yard line. A handoff to Hopson moved it to the three and another handoff to Worley got the touchdown with 4:13 left in the third quarter. The PAT was good making the score 26 to 0.

In the fourth quarter, Cisco recovered a Bulldog fumble at the Lobo 32 yard line. Handoffs to Worley and Speegle got the first down and placed the ball on Cisco's 45 yard line. Worley took the next handoff up the middle for a 55 yard touchdown run. The PAT was no good, making the score 32 to 0 with 7:19 remaining in the game.

Ranger took possession of the ball at their own 22 yard line, but on their first play a fumble was recovered by Cisco at the 16 yard line.

Cisco quarterback Starr handed off to Speegle which moved the ball to the seven yard line. Another handoff to Speegle got it to the one yard line followed by a handoff to Worley for the

touchdown. Worley kicked the PAT making the score 39 to 0, with 6:06 remaining.

After moving the ball only five yards Ranger again had to punt. This time Cisco's Eudy got the ball to the Lobo 45 yard line setting up Cisco's final scoring drive of the game.

Utilizing the running abilities of Elrod and Speegle, as well as quarterback Starr, Cisco made two first downs in six plays and moved the ball to the Bulldog four yard line. A handoff to Speegle got the touchdown with 36 seconds remaining in the game. The PAT by Worley was good making the final score 46 to 0.

Outstanding defensive players for the Loboes were Steve Hopson, Gary Speegle, Sy Tabor, John Hagan, Curt Posey and Keith Winnett.

Ranger defensive standouts were Jimmy Campbell, Raymond Casey, Ronnie Dawson, Tommy Dunn, Darrell Fox, Rickie Osborn, Mike Snead, Richard Trice, Shawn Wells, Keith Wheeler and Ruben Zarate.

STATISTICS

First downs: Cisco-19; Ranger-6
Rushing yardage: Cisco-337; Ranger-46

**Mr. and Mrs. Ollie Reynolds
To Be Honored Anniversary**

MARRIED FIFTY YEARS
Mr. and Mrs. Ollie A. Reynolds will be honored at an open house reception at their home 610 East 11th. St. Cisco, Texas, on the occasion of their 50th wedding anniversary, on Sunday, September 16, 1979, from 2:30 until 5:30 p.m.

The anniversary party will be hosted by their two sons and their families, Mr. and Mrs. Jim H. Reynolds of

Victoria, Texas and Mr. and Mrs. Jackie Dale Reynolds of San Saba, Texas.
All friends and relatives of the couple are invited to call during the reception. No invitations are being sent locally. Mrs. Reynolds is the former Ruthie Bell Johnson. The couple were married at Lawton, Oklahoma on Sept. 11th 1929. They have lived in Cisco most of their married life.

**Mr. and Mrs. Guy Robinson
Celebrate 50th Anniversary**

Mr. and Mrs. Guy Robinson, 1308 So. Green Street, celebrated their 50th wedding anniversary September 9th with a banquet at the Ramada Inn. Hosts were their daughters Guyrene Rogers of Colleyville and Bettie Miner of White Settlement. Guy and Ola have five grandchildren, Sherrie Armstrong, David Miner, Deborah Rogers, James Rogers, and Harvey Rogers. The Robinsons have lived in Eastland since their elopement to Walters, Okla. on September 9, 1929. She is the former Ola Blair of Ranger. Guy is a retired independent truck contractor and now is employed by the

city of Eastland. They are active members of the First Christian Church.

**Retired Teachers
To Meet Monday**

The Eastland County Retired Teachers Association will meet on Monday, Sept. 10, in the Eastland National Bank Community Room at 2:30 in the afternoon.

All retired teachers are urged to attend in the interest of retired teachers.

The Light Touch

By Clint Bray
A red light is where you wait for the cars you passed to catch up.
You can always tell when a marriage is shaky. The partners don't even talk during commercials.
What we need is a candidate who can figure out how to take the preservatives out of our foods and put them in our savings.
- He who hesitates is jostled.
A contented person is one who can enjoy the scenery along a detour.
The road is open to Bray's in Eastland and Ranger. See us for those exciting rags for fall.

Mr. and Mrs. Dee Williamson Honored On Their 50th Wedding Anniversary

Mr. and Mrs. Dee F. Williamson were honored with a 50th Wedding Anniversary reception Aug. 19th more than 150 friends and relatives joined them in the celebration.

Hosting the reception were their four children and their families: G. Dee Williamson of Roswell, New Mexico, Dolores Wright of Oakton, Va., Douglas D. Williamson of Ft. Worth and Kathryn Ann Baker of Baton Rouge, La.

The Williamsons were married Aug. 17th 1929 and have lived in Eastland County all of their married life.

The Women's Club was decorated with gold mums and greenery. The serving table was laid with a gold cloth and centered with a three tiered column cake trimmed with a cascade of natural flowers flecked with gold and metallic leaves, topped with a 50th wedding ornament of a bride and groom. Punch and coffee were served from appointments of crystal and silver.

An arrangement of yellow gladiolus, spider mums and white daisies graced the table.

Musical entertainment at the reception was provided by the couple's grandchildren: Amy Duncan, Carol Williamson, Sharon Wright and Kyle Baker. The guests were invited to sing along to the tune of "Let Me Call You Sweetheart" Mrs. Dolores Wright presented an original piano composition dedicated to her parents.

Mr. Williamson's brother Less Williamson, 89, of Ranger was the oldest guest and Tiffany Lynn Cox, of Oakton, Va. a great granddaughter of 2 mos. was the youngest. The couple has 10 grandchildren and 2 great

grandchildren and all were present at the reception.
A family barbecue preceded the reception Saturday night at the Williamson farm in Morton Valley.

RANDALL SMITH AND
DIANE CORZINE

Engagement Announced

Mr. and Mrs. Lewis Corzine of Stamford have announced the engagement of their daughter, Diane Marie, to Floyd Randall Smith, son of Mrs. Juanita Smith of Cisco and the late Mr. Smith. The couple will be married September 15 at Faith Lutheran

Church, Sagerton. A graduate of Stamford High School and Abilene Commercial College, the bride-elect is employed by United Well Fluid Services Co. The prospective bridegroom attended Cisco High School and is employed by F-W Drilling Co.

CJC Announces Program Of Courses For 'Adult Enrichment'

Cisco Junior College announces a new program of courses for "Adult Enrichment." The college has developed a program of instruction for a self-selected group of area citizens—persons who would like to take a college course or courses because of their personal interest in an area of study and to enrich their lives.

As a comprehensive community college, the school is attempting to serve a segment of the larger community heretofore not served—persons who are already established in their lives and careers and who would like to utilize the college for personal enrichment rather than for career purposes.

The program will offer evening courses to interested adults whether they have ever been to college or

whether they have college degrees. The program of instruction is to be flexible, stimulating, substantive, and carry college credit.

The premise upon which this "untraditional approach to traditional education" is based, is that life becomes more enjoyable when more than a passing glance is given to the very interesting world in which we live.

The courses are for people who are interested in the world in which they live and who wish to take college instruction for the primary purpose of becoming better acquainted with it. From this perspective, education is a life-long process continuing beyond and outside of the modern necessity and preoccupation with grade levels and degrees.

The college does not foresee any difficulties with adults returning to study and instruction. College records indicate that adults returning to study usually perform better and enjoy it more than persons who have just graduated from high school.

The offering this Fall will be:
Monday evening from 6:30 to 9:30 p.m.,

Sporting Goods Store To Open In Eastland

B&J Sporting Goods will open in Eastland County soon its owners have announced, as they urged the public to watch for grand opening details in this newspaper soon.

B&J will be located at 106 S. Seaman St. in Eastland, in the building on the east side of the square, formerly occupied by Wrights Auction Co. Renovation of the building with the installation of carpeting and a modern front will begin immediately.

Co-owners of the firm are Bryan Eubanks and Jim Reeves. Eubanks, a native of the Strawn area, will be manager for B&J Sporting Goods. Reeves is a native of the Breckenridge and Woodson area and he played football for Cisco Junior College.

The Eastland store will be the firm's second since they already operate a successful sporting goods store in Ennis.

B&J will offer a complete line of sports equipment, uniforms, team supplies all sporting goods needs for teams, schools and individuals. Mr. Eubanks said in making the announcement. "We're excited about coming to Eastland," he said, "and hope the folks here will look forward to our grand opening which will be held soon."

Wright Auction will conduct a one-day "going-out-business" sale at the location on Sept. 15, Owner James Wright has announced.

First Industrial Arts Club Open 1979-80 Club Year

The First Industrial Arts Club opened its 1979-80 club year with a coffee and business meeting Thursday, September 6, 10:00 a.m. at the Women's Club House.

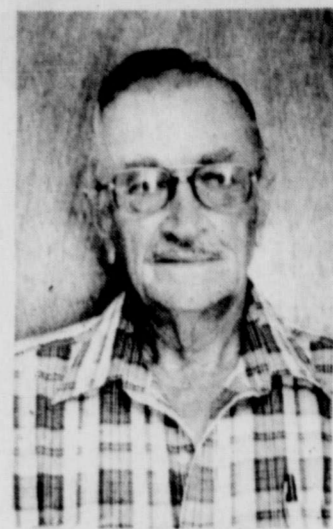

The hostesses, Mrs. R.A. Cole, Mrs. Henry Fry, Mrs. Howard Cole and Mrs. W.W. Wallace served the refreshments from a beautifully appointed table to 11 members and an honorary member, Mrs. Josephine Clements of Waco, and her sister, Mrs. T.E. Terrell, Cisco.

Following the fellowship period, the president, Mrs. R.A. Cole, presided over the business meeting. Each member answered the roll call with "Hobby Talk." Mrs. W.W. Wallace, yearbook chairman, presented the new yearbooks and directed attention to the various programs and projects for the year. Everything points to a very interesting and valuable year's work.

County Native Tells About Unrest In Iran

WELDON USSERY

Weldon Ussery, who spent some 30 years in engineering and consulting work throughout in South America and the Middle East before returning to his native Eastland County last year to retire, views the situation in Iran as little short of chaos. He was the speaker Wednesday at the weekly luncheon of the Cisco Lions Club.

Mr. Ussery, who spent the last 18 years of his work in the Middle East as area representative for Brown and Root, Inc., doubts that the Ayatollah Khomeini will ever be successful in efforts to achieve a progressive, prosperous regime.

Under the desposed Shah, Iran enjoyed prosperity and a large measure of freedom, Mr. Ussery said. Today, the Khomeini seems doomed to failure. Where the Shah sent opponents to prison, the new ruler shoots them, he added. He believes the 463 announced executions actually total many more. The Khomeini is killing the country's leadership, he said.

Unemployment in Iran has exceeded 30 percent of the work force, Mr. Ussery said. He follows the situation there closely and hears from contacts he has made over the years.

Describing the foreign policy of the United States as "a big mess," Mr. Ussery said that "it's disgusting to see our leaders bow to the Arabs, seeking a few barrels of oil." He thinks an embargo against Arabian oil or

five days would bring about new respect and better prices for the USA.

In his work abroad, Mr. Ussery noted that he has always studied each country's history and religion as a means of understanding them.

Mr. Ussery was born on a farm near Carbon and finished high school there. He taught school from 1930 to 1935 after finishing Tarleton State College. His wife is the former Rozelle Phippen, daughter of the late Jack Phippen of Cisco. They have one son and two daughters. He is a Methodist, a Mason and a Shriner.

In 1936, Mr. Ussery went to Odessa to work for Gulf Oil Corporation. He served as a Texas State Guard infantry captain during WWII and moved to Cisco in 1947 to work for the Royce L. Boyd Construction Co. He joined Fish Engineering Corp. in 1948 to serve as a pipeline construction superintendent on projects throughout the South.

In 1957, Mr. Ussery went with an engineering firm in Venezuela and worked on projects there and in Colombia and Brazil, serving as a vice president. He joined Brown and Root in 1961 and lived in the Middle East until he retired. He speaks eight languages and has been accorded a number of honors by foreign governments.

Dr. C.M. Cleveland, program chairman, introduced Mr. Ussery, who lives in Eastland. David Allen, head of the Clyde extension of the Cisco Junior College campus, was a guest at the luncheon.

CARD OF THANKS

OBSERVATIONS FROM...

The River Road

BY VIOLA M. PAYNE

These days most people are trying to save money—usually in vain. But at a time when they can least afford it, the American people are throwing away millions of dollars each year on one product the law appears powerless to touch. For people are buying millions of copies of magazines featuring the latest predictions by self-styled psychics, whose tribe seems to flourish during times of stress.

Sometimes these Supermarket psychics prefer to stay on the safe side with general predictions, such as: "The quality of life in America will deteriorate rapidly," or "this year will be very rough on the Center family." Most Astrologers write in this vein, using phrases such as: "Family problems could cause you concern today," or -- "Budget your finances more carefully."

But some prophesys are uninhibited, predicting danger and death for well-known personalities. Early in 1978 Ralph Blodgett, Assistant Editor of "These Times" magazine, began research on psychic forecasts for the New Year. At that year more than 250 predictions were made by thirty of the nation's leading psychics and astrologers. Each appeared in print in one of the three largest tabloids.

Of the 250 specific publish-

ed predictions for 1978, less than three percent (6) can be listed as reasonably fulfilled. The remaining 97 percent (244) missed completely.

Among the forecasts on events and people were:

Red China and the Soviet Union to go to war, Quebec to split from rest of Canada, vaccine will be developed that will prevent the common cold, terrorists to bomb world trade center in New York, and that the CIA and FBI would merge. Patty Hearst, two psychics said, would be rekidnapped by the Symbionese Liberation Army. Howard Hughes' death would be proved a fake, and Prince Charles would marry and become King of England. President Carter would resign his Presidency due to a serious accident.

Even more spectacular than all these failed predictions were the major 1978 new events NONE of the psychics foresaw. Among these were: the tanker truck which exploded in San Carlos, Spain, killing 144, the worst airline disaster in U.S. history, when a Boeing 727 crashing head-on with a Cessna 172 on September 25th near San Diego, and when 912 Americans committed mass suicide in a temple cult service in Guyana just before Thanksgiving in 1978.

Mr. Blodgett concludes with the results of his survey:

"The Scriptures declare 'There is a God in Heaven that revealth secrets, and maketh known.... what shall be in the latter days.' (Daniel 1-28) Unfortunately, these thirty leading super-market psychics can't seem to tune in on His broadcasts!"

Prior to my research into psychic predictions I used to think psychics had to be led by either God or the Devil. Now I'm convinced that they are being led most of the time by no one at all."

Shall we conclude, then, that there is no such thing as a genuine prophet? Not at all. But the Bible, the greatest prophetic Book of all time, sets up definite standards for judging the true and false in this realm. No person need be deluded in this matter.

They shall be known by their fruits (Matthew 7-22, 23, 30).

They shall be known by fulfilled prophesy (Deuteronomy 18-22).

They shall be known by their belief in Christ (I John 4:1,2). Try the spirits to discover whether they are from God.

They shall be known by their support of God's law (Isaiah 8:19,20). "To the law and to the testimony; if they speak not according to this word, it is because there is no light in them."

In the course of our own lives we often wish for Divine Wisdom to illuminate

NOTICE OF MEETING OF THE GOVERNING BODY OF CITY OF CISCO

Notice is hereby given that a regular meeting of the governing body of the City of Cisco will be held on the 11th day of September, 1979, at 7:00 p.m., in the Council Chamber at which time the following subjects will be discussed, to wit:

- ITEM I: Minutes
- ITEM II: City Manager's Report
- ITEM III: Computer Bids
- ITEM IV: Monthly Bills
- ITEM V: Insurance Coverage
- ITEM VI: Citizen-Council Discussion
- ITEM VII: 1979-80 Budget Worksession

I, the undersigned authority, do hereby certify that the above notice of meeting of the governing body of the City of Cisco is a true and correct copy of said notice and that I posted said notice on the bulletin board in the City Hall of Cisco, and said Notice was posted on September 7th, 1979, at 3:00 o'clock, and remained so posted continuously for at least three days immediately preceding the date of said meeting.

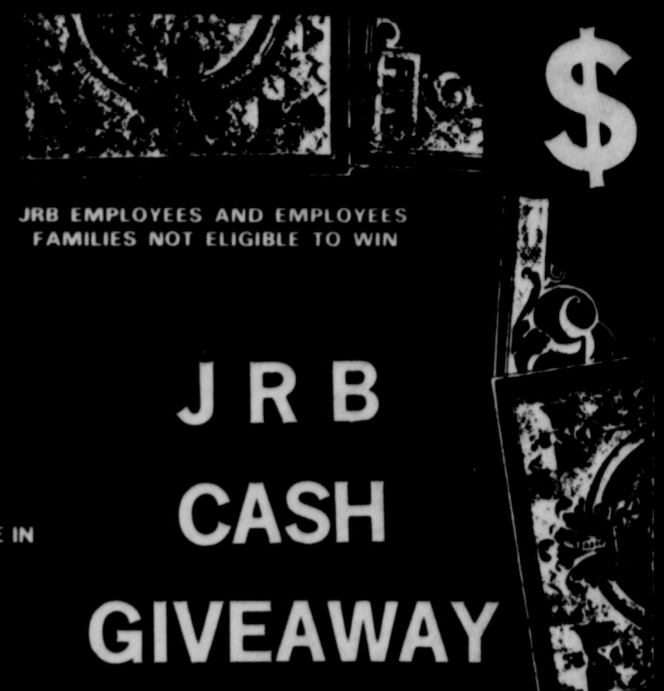

Dated this, the 7th day of September, 1979.

GORDON SPOT

By DeMarquis Gordon

The peanut crop is looking excellent. The crops are promising good throughout Eastland County.

yields, however diseases are causing a lot of problems. A good rain would help the crop now, especially the late planted peanuts.

All peanut growers can get some valuable information by attending the peanut field day at the Texas A&M Research and Extension

Center in Stephenville Thursday, September 13. The field day, which is held every other year, will begin at 1:00 p.m.

Visitors will see many interesting experiments and will hear peanut specialists discuss the research. Chemical injection in irriga-

tion water will be one interesting subject observed. A new idea visitors will see is the ropewick weed control. Nutgrass control will also be discussed.

Other stops and discussions will include peanut varieties and breeding work, skip-row planting of peanuts, forage research and new bermuda hybrids. There will also be stops at fruit and nut research projects. Several commercial exhibits will be on display including a car powered by methane gas.

Specialists will be on hand to answer your individual questions. We hope to see a lot of Eastland County growers at the field day Thursday.

Another peanut field day that will interest some growers is a fungigation demonstration at the Earl Taylor Farm northeast of DeLeon Wednesday, September 12.

This one begins at 10:00 a.m. and visitors will get a free barbecue lunch at noon. They Taylor farm is just off highway 16 near the Victor Cemetery.

Stockmen planning to feed their herds only hay this winter should be aware of differences in feeding value. As long as hay is green and weed-free, many people think it's good. However, these are not the main factors influencing feeding value.

Protein content, digestibility and acceptability by the animal deter-

mine a hay's feeding value. Feeding value varies considerably from cutting to cutting and due to hay types.

Examination of hay for leafiness, plant maturity, texture and color give an educated guess, but only laboratory analysis or animal performance provide accurate estimates.

A producer must estimate a hay's feeding value to adequately feed his livestock instead of furnishing one bale for every three or four cows. Furthermore, underfeeding often results because producers over-estimate the feeding value of their hay.

As hay protein and total digestible nutrients decrease, the need for supplemental protein and energy for livestock increases. However, the need for salt and steamed bone meal (phosphorus) remain relatively constant.

Minerals are the only supplement needed with excellent quality hay.

Because of slower digestion, livestock can't physically eat enough poor quality hay to meet their requirements. Therefore, a analysis is a good investment for a producer who is planning on feeding only hay through the winter.

Producers may obtain information and forms for a forage analysis at the County Extension office.

More information on hay quality will be provided at the Eastland County Hay Show on September 28.

Minimum Tillage Wildlife Management

Dr. Dick Hodges is shown examining mature wheat that he planted to enhance his dove and quail food source. The field was planted last fall and allowed to mature. In August he shredded the wheat to scatter the seed and residue so the grain will be more available to the birds.

which will give him another planting for next season. By using the minimum tillage concept he has reduced his plowing operations substantially thus reducing labor and equipment costs. For information on minimum tillage contact your local Soil Conservation Service Room 311 Eastland National Bank Building.

By: Tony R. Taylor
Soil Conservationist

In September he will chisel the field to incorporate the shattered seed into the soil

Alcoholism In Eastland County

By Viola M. Payne
The figures leap up from the page - incredible figures on alcoholism in Eastland County.

The "drinking age" population (above age 13) is estimated as 15,268.

THE ESTIMATED NUMBER OF ALCOHOLICS IS 1,069,

about the national average.

From twenty to thirty of these people are attending Anonymous meetings, five are counseling with Social Worker Dennis Noska of the Mental Health Clinic in Eastland.

The rest are attempting to go it alone - juggling their drinking problems with a

world which furnishes them alcohol on the one hand, yet demands clear thinking for survival.

But while I stare at the figures I realize they are from an authoritative source - the Four County Council on Alcoholism and Drug Abuse, set up to deal with one of the area's - and Nations - most pressing problems.

In Eastland County the Committee Members consist of Judge Scott Bailey, Ethel Black, C.A. Fowler, David Pickrell, Bill Ricks, and Edward Squires. The County Council seeks to prevent Drug and Alcohol abuse by education, and offers help for persons who have fallen victim.

The Council has other startling statistics. Since several people are directly affected by every alcoholic, 4,275 persons are estimated as being affected by alcoholism in the County.

The age breakdown on those arrested for various forms of alcohol abuse reveals that 15 percent of those are age 14 and under.

Ages 15 to 19 furnishes 16 percent, while ages 20 to 24 is 21.9 percent.

Arrests in the age 25 to 29 bracket were lower - 11.6 percent. The 30 to 39 age group increased to 17.7 percent, while age 40 to 54 jumped to 21.7. Ages 55 and over dwindled to 10.7.

The males of Eastland County furnished 93 percent of these arrests, while females furnished 7 percent.

Providing alcoholic beverages for young people is serious business too. Licensed dealers convicted of selling to minors can be fined from \$100 to \$500 and/or up to year in jail and suspension or cancellation of their licenses. Second offense: not less \$500 up to \$1,000 or year in good.

And it's not particularly profitable for young people to have alcoholic beverages with them either. First offense fine for minor in possession is from \$25 to \$200, and second offense is a fine of from \$100 to \$500.

The economic and social costs of alcoholism to the

Viola Payne President Of Writers Club

The Scribes and Scribblers met for their first meeting of their club year Tuesday night and elected officers for the new year.

Officers elected were Viola Payne, president; Helen Wallace, vice president and publicity chairman; Vida Killion, secretary; Sheila Blackburn, treasurer; Christine Reich, program chairman; Lela Lloyd, social chairman; and Allye Terrell and Catherine Worth, contest directors.

In other business, the possibility of changing the club's name was discussed, and winners for the writers contest sponsored during the summer, were announced.

Mrs. Lela Lloyd was presented a Writer's Market, for her work as president during past five years.

Members present reported on their activities and recent successes in publishing, and the winning articles in the contest were read and discussed.

The writers meet the first Tuesday of each month in the Community Room of the First National Bank, Cisco, at 7:00 p.m. The program includes a speaker that writes, and usually publishes, and refreshments at the end of the meeting. Anyone interested in writing in any shape or form, is invited to attend.

County Fair Show Bigger And Better

The Gigantic Fourth Annual Eastland County Fair is showing every sign of being Bigger and Better than ever before!

Major planning is underway and from the looks of things, a lot of good surprises are in store.

Dates for the fair are Sept. 27, 28, and 29 at the Eastland County Livestock Show

Grounds, N.W. on 3101. Complete details and fair rules will appear in a special section of this newspaper on Sunday, 16, and exhibitors and visitors will want to watch for this issue and save the Fair Data.

The Fair is a County-Wide project and deserves the participation of every person, club and organization, its sponsors report.

629-2848

County is estimated at being over two million dollars per year, counting business losses, health and medical costs, motor vehicle accident costs, criminal justice system costs, and probation costs. Somewhere in there must come the actual cost of the alcohol - which is considerable. Ten percent of the Private Club revenue goes back to the state in taxes, and fifteen percent of this sum is returned to the county.

The intangibles beyond these losses include the misery and rejection of the alcoholic - his loss of brain power and creativity. It must include the anguish of his family, and at times the death of innocent persons involved in accidents caused by alcoholics. Every year several alcoholics die in the county as a direct result of too much drinking.

In speaking with Law Enforcement officers and various other citizens I found that most agreed that the Council figures were correct. Some thought there were probably even more alcoholics than the thousand. Some suggested that I throw in a few bootleggers for good measure! Since the local bootleggers were not available for comment, I will forego that time!

Compound the local figures by the nine million alcoholics nationally, and the cost to this Nation is suffering, crime, welfare payments, rehabilitation, and a whole host of related items, and mind is staggered. Some of these alcohol abusers are obviously in responsible positions in Government. The reports on automobile accidents alone are devastating.

"More than 50 percent of all fatal auto accidents are caused by intoxication," Sgt. Joe Mathews, local Head of the Department of Public Safety, says. "At a terrible wreck, the smell of death, blood, and tragedy seems to always be combined with the smell of alcohol. To me, it is a horrible combination."

Drinking is not done as openly in Eastland County as in other places I have lived, partly because it is not as socially acceptable. The influence of the Churches is still felt. Most of these Churches teach total abstinence, but not all. Some indicate that drinking in moderation is not harmful.

The outward "dry" appearance of the County is misleading, although Ranger is the only municipality where liquor can be sold openly under the local option law. I was told that consumption increased there after the town to go "wet" in 1963. But Private Clubs, under State law, can dispense liquor to members. At the present time there are eleven places in Ranger where alcoholic beverages can be bought, and six Private Clubs in the rest of the County. The Lone Cedar Country Club is a Private Club, and Private Club known as "La Cantina" operates in the same building as the Cisco Country Club.

Sometimes there are problems with drunkenness at various Private Clubs, but Law Enforcement officers do not ordinarily patrol inside these buildings unless called to the premises.

Results of public drinking are widespread in the county - beer cans littered along country lanes, beer bottles floating in the lakes, vandalism by intoxicated people, hunters out drinking and "spotlighting" (with Game Warden Kenneth Payne on their trail), and occasional drunken students trying to keep up with classwork. It makes a sorry picture - unless we balance it with the many fine aspects of this County.

About 350 D.W.I.'s are caught each year by the Dept. of Public Safety troopers, many of them from the Freeway. These drivers either post bond, or go to jail. Burl Walker, County Jailor, states that most persons booked into the jail are involved with alcohol in some way. The offenders who wish to plead guilty are brought to Judge Scott Bailey's Court. Others try various delaying tactics.

Dennis Noska, of the Mental Health and Retarda-

tion Clinic, states that an alcoholic can be helped. "This person," he states, "Must have a desire to overcome the problem - to find a new direction for his life."

Many psychologists state that alcoholism is a "progressive disease", and that it occurs because of various factors in the individual, who turns to it. If alcoholism is a "disease", then alcohol is the virus which causes it. For the only sure cure is to avoid alcohol in any form. No one in this world ever plans to become an alcoholic. It begins with social drinking - and an arrested alcoholic can never drink socially again.

Admittedly it is difficult to legislate temperance and morals. These must come by a change of heart - by a love for humanity illuming the life.

Any writer dealing with the subject of alcoholism feels the same futility as a person who hopes to destroy a snake by throwing a pebble at its tail. But at least a pebble will sometimes provoke the snake out of the brush, into public view.

I am struck by the thought that the people who suffer from drinking alcohol are not the people who profit from manufacturing it, or selling it. As long as these sources are protected by law, alcoholism has a good chance to continue. But private citizens can work through Clubs, Churches, and schools to educate citizens of the county concerning the dangers of a very potent mind-destroying drug.

Trudy Bird Becomes Bride Of James Miller

Trudy Beth Bird became the bride of James Patterson Miller Saturday, September 8, 1979 at 3:00 p.m. in the First United Methodist Church in Crowell, Texas. Rev. Steve McElroy, pastor, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Mike Bird of

Crowell. The groom's parents are Mr. and Mrs. R. Pat Miller of Eastland. Vows were repeated before an archway of plumosia fern and apricot bows overlaid with lace adorned with butterflies of the same. On either side of the archway were arrangements of apricot gladiolus and baby's breath

with white pompoms. Plumosia fern with apricot bows and butterflies decorated the altar.

Mrs. Pam Bell of Lubbock sang "The Wedding Song" and "The Lord's Prayer" accompanied by Mrs. Rhonda Naylor of Granbury.

The bride was attired in a gown of chiffonette over tafetta sculptured with lace. The bodice featured a Queen Ann neckline trimmed and covered with lace and pearls. The long sheer double bishop sleeves were cuffed in lace. The full skirt featured a cathedral length train. She wore a fingertip veil of bridal illusion with lace trim flowing from a cap of lace and pearls.

She carried a bouquet of phalaenopsis orchids with apricot baby's breath and bridal lace.

For the traditional something old and borrowed, the bride wore her grandmother's diamond drop necklace. She wore a blue garter

with a six pence in her shoe. The bride was given in marriage by her father.

Darla Bell of Waco served as Maid of Honor. She wore an apricot chiffon gown accented with a fitted bodice and full flowing skirt. A cascade of ruffles gathered to the waist in the back of the gown. A sheer capelet draped the shoulders. She carried a nosegay bouquet of apricot duchess gladiolus and baby's breath with white and apricot streamers.

Matron of Honor was Mrs. Susan Haynie of Meade, Kansas. She wore a gown identical to the Maid of Honor's.

Melissa Huston, cousin of the bride, sat at the registry table.

Flower girl was Stephanie Bird, a niece of the bride from Memphis, Tenn. Ring bearer was Jeremy Bird, a nephew from Memphis, Tenn.

R. Pat Miller of Eastland served as his son's Best Man.

Croomsman was Willis Bugg of Mexia, Texas, a brother-in-law of the groom.

Ushers were Dan Mike Bird of Quanah, Texas, Bob Bird of Memphis, Tenn., and Terry Bird of Oklahoma City, Okla.

The bride's mother chose a floor length turquoise chiffon gown with knife pleats and a capelet draping the shoulders. She wore a cymbidium orchid corsage and was presented a rose by the bride.

The groom's mother selected an off-white floor length gown. She also wore a cymbidium orchid and was presented a rose by the bride.

A reception was held following the ceremony in the

basement of the church.

The bride's table featured a 4-tiered cake decorated with apricot roses and topped with fresh flowers. The bottom tier was composed of four individual cakes. The table was centered with an arrangement of fresh flowers.

The groom's table featured a chocolate sheet cake with apricot roses.

Serving at the reception were Mrs. Mary Bird, Mrs. Becky Bird, Mrs. Susie Thomas, and Janie Miller.

Other members of the houseparty were Mrs. Henry Borchardt, Mrs. Warren Haynie, Mrs. J.C. Autry, and Mrs. Donald Werley.

The bride's going-away outfit consisted of a two-piece rust colored velour dress accented with beige trim and accessories. She wore a phalaenopsis orchid corsage.

After a wedding trip to Cancun, Mexico the couple will make their home in Dallas.

The bride received her Bachelor's and Master's Degrees in Home Economics Education from Texas Tech University. She was the Assistant County Extension Agent in Eastland County until August.

The groom received his Bachelor of Science degree from North Texas State University. He is employed as a petroleum land man in the Dallas area.

A rehearsal dinner was hosted by the groom's parents at the Sunday House in Vernon.

Homecoming To Be Sunday

The annual Pleasant Hill Homecoming will be Sunday, Sept. 9, 1979 at Pleasant Hill Baptist Church. Plates, drinks, bread, silverware, cups, and napkins will be furnished. This time will also be in observance of the 90th Anniversary of the Pleasant Hill Baptist Church.

For The Men Who Succeed

You May Leave it to Us -

...to see that your title index records are kept up to date for that's been our business for more than 30 years. The land owner who makes it a practice of bringing his abstract to us for an occasional checking has found that it pays off in dollars and cents. A title has some characteristics of the human body in that it has to withstand the ravages of time. While time may cure some titles, it destroys many others. Don't neglect your title.

People n Things

JWS

IF YOU LOOK on the ground just west of the old Laguna Hotel, you will find the concrete foundation that used to hold up walls for a laundry building. And just west of that, you'll see a piece of flat marble enclosed by concrete. The marble is about a foot square and there's another foot of concrete encircling it. Same is flush with the ground.

What did it used to be? Was it the foundation for something? If you know about this, let us know and we'll report it. Perhaps this would be something that Prof Wesley Valek of CJC had oughta investigate since he's interested in anything historical.

HOES DOES Mr. Carlton Holder's new plastic hip work? It was doing pretty well until an infection set in and then there was trouble, he reports. That was a couple of weeks ago. Now, the infection is under control and Carlton is up and out some.

Doctors have ordered Carlton to take it easy for another three or four weeks before going back to work as our community's Justice of the Peace.

MAYOR CHIEF Brown reports that his brother-in-law, Dr. Allan Withee, is seriously ill in a hospital at Lewisville. You'll want to join us in wishing a speedy recovery for the former Ciscoan. The George Gaffords, who live out west of town, are entertaining their two daughters and families this weekend. The menfolks planned to get in some dove hunting. George had bagged enough since the season opened for the group to enjoy a big bird fry.

THE TELEPHONE rang out at Mrs. Louis Whitaker's house the other night. Daughter Martha Stanford of Dallas called to tell the retired CHS teacher: "Mother, we're having a birthday dinner for you Sunday and we hope you will be there."

Mrs. LW took off for there Friday. Her son, Don and family also was due to be there.

MR. JOE COOPER, the new CPA, has succeeded Sterling Drumwright as major domo of Sunland Insurance Company with offices up at the First National Bank. Mr. Drumwright retired recently after many years there and as a Cisco business man. Joe will handle other accounts in his new CPA business.

Like other Aggies over the country, Joe is pretty busy right now with plans for the football season. The Aggies, you know, are picked to be in the very thick of the coming Southwest Conference race.

OVER IN BIG D, Dr. Clark Odom has season tickets for both SMU and Cowboy football games. He went to SMU before going to medical school. Homer Smith, son of the Wilson Smiths and also a CHS graduate, is a Dallas insurance man and has SMU tickets next to Clark's. Mrs. Ken Brown and son Kevin rush here from Lorraine the other day so her mother, Mrs. J.B. Sifton, could help her can two bushels of blackeye peas. Mr. Ken Brown is the band director there this year. If you have any extra blood, they'll be glad to see you this

coming Tuesday out at Graham Hospital. Cisco's blood account at the regional blood center is delinquent by a good many pints. CofC Manager Gene Abbott was among the speakers to welcome students to CJC for the fall semester the other day. A good turnout is expected when United Savings honors the CJC Wrangler Belles at open house at 4 p.m. Monday.

MR. O.L. Stamey, the retired educator, noticed in this space that we recently visited Gastonia, N.C., and he told us that he is a stockholder in the Independence National Bank there. The bank's telephone number, he added, is 1776 after the three digit prefix. Sorry to hear about the death of Mrs. Ben Strieff's father at Lubbock recently. The Strieffs spent several days there. Mr. Strieff is music director at the First Baptist Church.

HATS OFF to a good many folks contributing labor to make improvements at the Cisco Airport. Same will count as "in kind services" and the city will receive credit on its share of the cost of a new runway and other needed improvements out there.

This group included Mayor and Mrs. Chief Brown, Mr. and Mrs. Joe Wheatley, Ray Farris, James Cotton, Ronnie Ledbetter, Gerald Winnett and others.

ONE STAR Gas Co. had a number of men and machines working at the area of West 9th Street and Avenue N several days this past week. They had a leaky 4-inch steel pipe that took gas to homes in that area.

Understand they elected to run a new 3-inch plastic pipe inside the 4-inch line rather than damage the yards and lawns of folks living in the area. They have machines that enable Lone Star to fit and weld the new plastic pipe together. Same is very leak proof.

Cub Scout Rally To Be Held At 1st Presbyterian

The Cub Scout Rally will be held at the First Presbyterian Church in Cisco on Monday, September 10, at 7:30 p.m. Any boy age eight years old before December 31 is invited to join the Cub Scouts of America. They are asked to bring a parent to the meeting.

S&M Mfg. Co. Expands Facility

S and M Manufacturing Company, located at 105 East 8th Street expands facilities by purchasing the adjacent Grinder building. The Garl D. Gorr Real Estate Brokerage processed the transaction.

HEAVEN BOUND GROUP of First Christian Church, Brownwood, will sing Wednesday night at revival services at the First Christian Church in Cisco.

Gospel Revival To Begin Sunday Night At First Christian Church In Cisco

A Gospel Revival will begin at 7:30 nightly Sunday night at the First Christian Church in Cisco, continuing nightly through Thursday, September 13.

Rev. Jim Simpson, evangelist from F.C.C. in Brownwood, will bring the gospel message each night of the revival. "The Power" is the keynote of the revival. Bro. Simpson will explain how the Christian can draw on the great Energy Source of "The Power of God's Love" in meeting the problems of life in today's world.

"Although our present gas and electric energy might be in short supply," says Bro. Simpson, "there is no energy shortage in the power that we can receive through God's love and concern for each of us." The revival will be centered on each person's receiving and spreading the Power of God's Love through Christian love, care and concern for the entire world.

Gospel singing and music will be featured nightly. Don Burton, gospel singer from Abilene, will bring

special music and lead congregational singing at Sunday night's services. Other special music will be provided during the week by the Heaven Bound Group from Brownwood FCC; soloists Dolores Simpson and Sara Baker, Brownwood; Myrna McClenny, James Cotton and Roy Hathaway, Cisco; choir specials, plus plenty of good old-time gospel singing by the congregation.

Special recognition of visiting congregations will be given during the revival. Sunday night will be the First United Methodist, Presbyterian and other local congregations; Monday night, Eastland congregations; Tuesday night, Ranger and Albany congregations; Wednesday night, Brownwood congregations; and Thursday

night, Breckenridge congregations.

Services will begin nightly at 7:30 Sunday through Thursday. A special invitation is extended to local and area congregations to join together nightly in receiving and spreading the Power of God's love during this time of revival.

Paul & Tommy Lane To Give Program At Concerners

Paul and Tommy Lane of Cisco will be singing and speaking at the Concerners meeting Sunday night, September 9, at the Church of the Nazarene, Avenue N and West 10th Street. The meeting will begin at 5:30 p.m. Everyone is welcome.

The Cisco Press

A.A.R.P. Is Self-Supporting From Annual Dues

The local chapter number 2447 of A.A.R.P. which is a part of the National chartered organization-- American Association of Retired Persons, is not federally funded, nationally or locally, but is self supporting from annual membership dues. There are no paid people on the staff. Gratis work and labor of love keeps the chapters going and growing.

Mrs. Smith was one of the first members of the Cisco chapter of A.A.R.P. and perhaps the oldest in age at that time. Because of her many long hours of sevice and labor of love to the local chapter it was suggested by Mrs. Ruth Brown that the A.A.R.P. honor her on her September birthday by individually contributing to a happy birthday fund to be donated to the West Texas Rehabilitation Center in Abilene, Texas. Quickly, a vote of approval was passed to do that and set a goal for as many dollars as her years of birthdays. The fund was started at the July meeting and at the August meeting the love birthday offering was completed - \$86.10 and presented to the West Texas Rehabilitation Center.

Mrs. Smith and her children wish to thank A.A.R.P. and each one who contributed to such a beautiful gift and honor in her name.

Also, Mrs. Sue Taylor, community service chairperson, wishes to thank each one who so willingly and cheerfully contributed to the project which will be included

Joe Schaefer

Joe Schaefer To Share Knowledge With Cisco Art Club

Joe Edward Schaefer will share his knowledge and expertise of an interesting art form, Bronze Casting, with the members and visitors of the Cisco Art Club at the first regular meeting Tuesday evening, September 11, at 7:30 at the Corral Room. This will be a rare opportunity for local and area people to get a first-hand demonstration of the work done by Joe Ed that has earned this young man a place in displays in many private collections in the United States and abroad and in museums throughout the country.

He specializes in casting western art

Tickets

The 1979 season tickets for Cisco High School football are still on sale at the School tax office located at 610 Avenue D. Ticket prices are the same as last year and season tickets holders for last year have until Thursday, September 13th, to exercise their option on the same ticket locations.

in the A.A.R.P. quarterly report.

and life, from miniature to larger than life, as well as modern and contemporary subjects. Each stage of the work is personally supervised and Schaefer continually strives to improve the mechanics and efficiency of his work.

An added bonus to this outstanding program will be a display of works of art done by his wife and sons, who are all talented artists. And since Joe Ed is making a special effort to bring his art to the community, it is hoped that a large and interested group will attend. The Art Club is excited with being able to present this type program at the start of the club year.

Members are urged to come. Visitors will be very welcome. A one dollar nominal charge will be made for all members, but the \$3.00 three dollar membership fee entitles anyone to attend all of the scheduled programs with no further charge.

The incoming club president, Virginia Wheatley, along with her co-workers promise a good club year, with good programs scheduled.
