During seasons of drought it found it had to extend its roots deeper to find water beneath the surface of the earth in order to sustain

Friend, as the tree must depend on the earth and elements for it to exist abundantly; so you must trust in God's promises to thrive.

#### **Danger: Driver's Education**

For some CHS students the 3:30 bell doesn't mean classes are over, not for the students in Drivers Education. The class began September 10, last Monday, and is from 5:00 p.m. to 7:00 p.m., Monday through Wednesday.

Class instructor, Mr. Jimmy Yowell, said that there are approximately 30 students in the course. He feels this is a good group and that it is just the right size class. The students will have to complete 32 hours of work to finish the classroom segment of the course. At the end of this time, a trooper from the Texas Department of Public Safety will give a written test which students must pass if they wish to continue the driving part of the course.

The driving segment will length. Could you please tell us why the Howl was cut, while the ads were lengthen-

By: Pondering Reader Pondering Reader, The answer to your letter is a very simple one. We begin some time around October 22, for the students who will pass the written test. Students will receive restricted license, then they will begin driving three to a group. After 6 hours of driving and 6 hours of observing, the eager new drivers will have to wait till their 16th birthdays to get a honest to goodness real license.

The car will be furnished by Fullen Chevrolet of Eastland. Mr. Yowell thinks the new car will be a Chevrolet Citation, but he is not sure. The administration and students would like to express their appreciation to Fullen Motor Co., for their generous service, and we the members of the Lobo Howl wish the new drivers good

ONE OF THE most progressive businesses in these parts is the Cisco Ice Company, according to our scouts. Mr. Roy Smith bought the business a few years ago and automated the plant to turn out bags of crushed ice. Today, Smith's 12 trucks carry ice to retailers throughout a region from Wichita Falls south to Burnet, west to Colorado City and east to Weatherford.

The plant employs some 35 people full-time during the summer. Two ice machines that went into the plant when it was built around 1920 are still in use, along with others. They have a 700-ton capacity storage bin for crushed ice.

Old timers will recall that the plant was a big business soon after it opened. It attracted a big crowd for a formal opening with near beer and ice cream free to all.

The Roy Smiths, by the way, purchased the Dr. Paul Woods home out on West 14th Street a year or so ago and moved here from Eastland.

THE WILLIS Parkers had a memorable trip to Colorado last month -memorable because their travel trailer exploded! Yes, it literally exploded and was considered a total loss. Propane gas was leaking from the refrigerator area and a spark set off the blast that wrecked the interior. Fortunately, it did not catch fire.

The Parkers, who operated peanut farms south of town, had parked and had gone into a grocery store. They heard the blast and went out to see what happen-

They were able to patch up the walls a bit and slept in the trailer for a week while they visited with the John McDaniels of Abilene, formerly of Cisco, who were also vacationing in Colorado.

#### Services For Frank Johnson **Held Monday**

Funeral services for Frank W. Johnson, 72, a longtime Cisco resident, were at 2 p.m. Monday at Cisco Funeral Home Chapel. The Rev. Buddy Sipes, pastor of First Baptist Church, officiated. Burial was in Oakwood Cemetery.

Mr. Johnson died at 5:30 a.m. Sunday at his home of natural causes.

He was born November 28, 1906, in Parker County and he married Leta Mae Duncan January 20, 1933, in Cisco. He was a cement finisher, retiring in 1959.

Survivors include his wife; a son, Douglas of Cleburne; a daughter, Donnice Whitehead of Abilene; two sisters, Ruth Reynolds of Cisco and Lois Hargrove of Brownwood; and five grandchildren.

Laymen of the Cisco church who attended Greg and were Ramona Nichols, Catherine Worthy and Layne Franks.

Two outstanding speakers featured were Rev. John Maxwell and Dr. Elmer Towns.

Rev. Maxwell's ministry in church growth continues to make an ever widening impact. From an average of less than 500, and with no trained soul winners, his church and Sunday School grew to around 1400 in just six years. He is a tremenous motivator.

Dr. Towns is one of the country's leading authorities on church growth. Because of his writing and research, he is regarded as one of the country's most knowledgable people in the field of Sunday School.

Bro. Echols was saved in August 1966. He was at that time employed as a bouncer in the most notorious dive in the Mexican section of San Antonio. He's six foot and two inches tall and 350 pounds plus. He was the meanest "gringo" in San Antonio until Jesus Christ came into
