Louise Allison Makes Statement For Re-Election

This is my second news article in accordance with the Cisco Press policy of providing candidates with two news articles and Political Calendar listing.

Personal identification. We moved to Cisco when my husband, a WWII pilot and Commander, USNR (retired), completed 15 years with an electronics company. Cisco was my childhood home. I graduated from Cisco High, and have a B.A. degree from Texas Woman's University and post-graduate work at the University of Texas. A long career of office employment includes work with State, Federal and government contractors. My last three years, after coming to Cisco, were in the District Attorney's office in Eastland.

Limited as space is, I still want to bring to the attention of the public at least two issues of importance. One is the new Tax Law which will change our property values to 100 percent, abolish the City's current one-third taxable ratio on January 1, 1981, and change the tax rate. I have studied this law since before it was enacted. I think it is a

Roy Cartee In Race For Mayor

Roy Cartee, who is a candidate for Mayor, presents his discussion with the people of the city in a question and answer form:

Q.—Mr. Cartee, if you are elected Mayor, what will be one of the first actions you will take?

A.—I will establish a Mayor-Council office in City Hall. It is time for the citizens of this city to be able to talk face-to-face with their elected representatives. The Mayor, certainly, should be available to the citizens.

Q.—Will this conflict with the functions of the City Manager's office?

A.—Absolutely not. The City Charter states, Article IV, Sec. 40, The Mayor shall be responsible to see to the general welfare of the city and to keep abreast and project the needs of the city.

Q.—What is the function of the Council?

A.—To establish the policies and outline procedures through Resolutions and Ordinances.

Q.—What is the function of the City Manager?

A.—To carry out the Resolutions and Ordinances as ordered by the Council.

Q.—Have you made a study of the finances of the city?

A.—No. The 1978-79 financial books were to have been closed October 1, 1979. They were closed, 1980, by an outside firm not by the city management! An audit should have been submitted to the Council at least by January, 1980. It will be May or June before the audit will be completed. No way can a million dollar operation, as that is the budget for the city, be conducted in this manner.

Q.—How many projects do you feel would be carried out under

YOLANDA ANDERSON
Yolanda Anderson Is Candidate For School Board

Yolanda Anderson of Cisco is a candidate for the Cisco Independent School Board of Trustees Place 2 in the upcoming school election Saturday, April 5th.

She is for quality education and better informed parents and teachers.

She would appreciate your vote on Saturday.

Chief Brown Seeks Re-Election As Cisco Mayor

It has been an honor to serve as your Mayor, the past three years. It is now time to ask Cisco Citizens, for your vote Saturday, April 5th, to serve as your Mayor again. To continue work for betterment of Cisco, not special interest groups. The desire to see Cisco improve and prosper.

To continue fine working relationship with full Council. Always study each issue and make decisions based on fact, (as having done in the past three years).

Cisco needs experienced and knowledgeable leadership, which is why I want your vote. By now you know and realize where I stand on the issues of the Day, without a doubt, water, sewer and street improvements are all Top priority.

H. Chief Brown

JOE WHEATLEY
Joe Wheatley Is City Council Candidate Place 2

As a candidate for Place 2 on our city council, I feel that I can bring business expertise to this position that is sorely needed in our city government. We have a good town that we can make better; by planning and then taking action. Planning and studying without action will get us nowhere. I think all governments should be operated on a business-like basis. A business must provide an adequate service in return for fees charged. A city has the same responsibility.

Too many are willing to let someone else do the work, yet we all want to share in the benefits. If elected to the council, I will forfeit some \$5,000 to \$6,000 of business per year as I would be prohibited from selling to the city of Cisco due to a stipulation in the city charter. Would others make this sacrifice?

Our council must be unified to get the most for our tax dollars. All that we want (streets, sewers, water systems, etc.) cannot be obtained immediately, but we have got to ACT before we can accomplish anything.

The city government is big business, to be run in a business-like manner, and not used as a hobby to simply occupy ones time. Therefore, I am ready and willing to spend all

Ciscoans Being Urged To Vote Saturday In Local Elections

Local voters are being urged here to turn out this Saturday, April 5, and vote in the area elections which will include the election of a Mayor and two members for the Cisco City Council. Members will also be elected for the Cisco Independent School Board of Trustees, Cisco Junior College

tors are to be elected for a two year term. The candidates are Milton Endebrock, Manning Davis, Norman Wallace, Ervin E. Addy Jr., Charles M. Cleveland, and incumbents, Lloyd McGrew and Emma Lee Donovan.

Two council members and a mayor are to be elected. Can-

didates for City Council Place I are John Muller and Jerry Jeffcoat, and City Council Place II candidates are Louise Allison, incumbent and Joe Wheatley. Candidates for Mayor are H. Chief Brown, incumbent and Roy Cartee.

Three school trustees are to be elected. Candidates for the board of trustees are Place I Donald Gorr, incumbent and JoAnn Cermin; Place II Charles Humphries, incumbent and Yolanda Anderson; Place III C.W. "Whitey" Davidson and Shirley Smothers, incumbent.

Candidates for the CJC Board of Regents for three places are Brad Kimbrough, Dick Woolley and Anton White, incumbents, and Charles Preston.

New Officers Community Egg Hunt Announced For To Be Easter Sunday Little League

The new officers for the Cisco Little League are Patsy Chambers, president; Mary Bailey, secretary-treasurer; Joe Flores, grounds; Linda Witt, Mary Bailey and Patsy Chambers, concession stand; and Royce Darr and Bill Edgar, equipment.

The cards were handed out March 31. They must be turned in April 3. Tryout for eight, nine and 10 year olds is April 8 at 5:30 p.m. at the Little League Field. The 11 and 12 year olds tryout will be April 9 at 5:30 p.m. at the Little League Field. The draft will be at The Spot right after tryouts April 9.

Everyone come and support the Little League. There is a place and job for everyone.

A Community Easter Egg Hunt, sponsored by Cisco Junior College, will be held for the sixth consecutive year on the CJC campus, according to an announcement made by Mrs. Emma Watts, Administrative Assistant to the President and Co-ordinator of the event. The hunt is scheduled for 2:00 p.m. Easter Sunday, April 6, on the college hill.

Children from Cisco and all surrounding communities and towns are invited to participate. Mrs. Watts said. Those eligible are pre-schoolers through third grade. Some fifteen hundred or more eggs will be hidden, with more than eighty "prize" eggs which may be redeemed for gifts or cash prizes.

Cisco merchants and businesses will furnish

premiums for the egg hunt, and the various prizes will be announced at a later date.

"There's going to be lots of fun for youngsters from 2 to 80," Mrs. Watts said, "and we invite everyone to come out and join us on Easter Sunday afternoon."

Joint Easter Service on Wednesday, April 2, 1980, at 7 p.m. in the sanctuary of the First United Methodist Church. It is the hope and prayer of the Cisco Ministerial Association that all people believing in the Lord Jesus Christ as Savior will be united in worship under the leadership of our Lord, the Head of the Church.

The message will be delivered by Reverend Don McClenny, pastor of the First Christian Church. Before moving to Cisco, Don served as a licensed lay preacher in the Dallas-Fort Worth area for eight years. Don is presently attending Abilene Christian University where he is working on a Masters degree.

Ben Streif, the Minister of Education and Music at First Baptist Church, will be leading a choir consisting of the interested people from all local churches. The Combined Choir should meet at 6 p.m. in the Sanctuary of the First United Methodist Church.

MRS. JOHN MERCER GOLDEN

Christy DeAnn Young And John Mercer Golden Are Wed On March 1st

Miss Christy DeAnn Young, daughter of Mr. Roy M. Young and Mrs. Marilyn Wallace of Houston, became the bride of Mr. John Mercer Golden, son of Mr. and Mrs. John O. Golden of Houston on Saturday, March 1, 1980, at 4 o'clock in the afternoon at St. Philip's United Methodist Church, with the Reverend L.C. Orrick performing the ceremony.

The bride is the granddaughter of Mrs. M.L. Preston and the late Mr. Preston.

Given in marriage by her father, the bride chose her sister, Miss Cheryl Denise Young, to serve as her maid of honor. Miss Lynne Etta Aldridge served as bridesmaid and Miss Fran-

cine Marie Young, cousin of the bride, was the flower girl.

Sydney Michael Golden, brother of the groom, was best man. John Douglas Callihan served as groomsman.

Music was provided by Mr. Darrell Guthry on the organ and Mr. Robert Blake as the vocalist.

A reception followed at Dunfee's Houston Hotel.

Both bride and groom are 1977 graduates of Sharpstown High School. The bride attended the University of Houston while the groom attended Sam Houston State University.

The couple will make their home in Nacogdoches and continue their studies at Stephen F. Austin University.

good law and that the Eastland County 7 member tax board is a good organization, and their apparent intent to implement this into effect as soon as possible will be to our benefit. Consequently, I would not like to see any City Hall initiated changes in residence tax appraisals this year or a repetition of last year's business property appraisal increases that were made without conformance to existing State law and without prior knowledge of the entire City Council.

The second matter is the controversial issue of the airport. Many citizens apparently do not realize that the airport is no longer a debatable issue. Contracts were made and approved with Texas Aeronautics Commission for a \$200,000 airport. One-half is to be granted by the State, and the other half provided by the City with in-kind labor, donations, City revenues and State granted credit for the value of the City's land investment. I voted against most of the measures not because I was against reconstruction of usable runways and a usable airport-but because I could not approve any project where important information was served only in increments and was not clear to the entire Council as well as the public. Had the manner of presentation been open, I think the airport would now exist and at half the expected cost.

I would appreciate your vote on April 5.

now is proper administration of the construction, when it begins, and proper management upon completion. An airport is no small facility and can allow for no slipshod maintenance and operation.

This is one example of a condition that has hampered City Government. It is the correct interpretation of and adherence to the Charter's creation of a Council-City Manager form of government. Elected officials are responsible to the people, and responsible for administration at every level of city services. If administration breaks down, it is the responsibility of the elected officials to remedy the situation. Elected officials represent the people and city government is created for the sole purpose of providing services to the people, who in turn pay for these services.

I would appreciate your vote on April 5.

your administration?

A.--Let's be reasonable. Our streets are in a deplorable condition. The water lines and sewer mains are on the verge of collapse. We can't say one of the three departments overshadows the other. But we do know that the installation of an acceptable street one day.....and tearing it up due to water and sewer leaks the next day....doesn't make sense. Let's develop reasonable goals and accompany them in a

mature manner. Let's not use a shotgun approach to our problems.

Q.--Would you be willing to list any assistance or favors you have done for any citizen of Cisco?

A.--No. If I assist you, or you assist me, it is because of a need and friendship, not for the purpose of receiving favors in return.

Q.--Mr. Cartee, do you feel we will have a \$1,128,000 budget next year?

A.--Who knows, a budget will be difficult to develop because of the delinquency of the audit. We are at the mercy of Congress in regard to our Federal Revenue Sharing, and it appears it could be "cut-off" which would mean a loss of approximately \$100,000. Neither do we know how the property tax formulas, as outlined by the Texas State Legislature, will affect us as a city. I do know we have no business tinkering with the present taxing rates or evaluations until the state laws are well defined.

Q.--Mr. Cartee, if you are elected are you going to be a "visible" Mayor?

A.--You bet! The Mayor and 6 Council members are the only

elected officials for the city government. They must be available and respond to the needs of the citizen. The office, in City Hall, which would be established, would enable the citizens to meet and become better acquainted with the elected officials and to assist in solving many of our problems.

Q.--Do you have any additional comments?

A.--Yes. The length of time a Mayor serves is 3 years. Decisions will be made during that 3 year period that concerns every citizen of Cisco. The answers from the Council must be citizen oriented. Problems must not be continually "tabled" because of lack of information for decision-making. Problem-solving is really a major function of the Mayor, and if the citizens of the city feel we will approach the difficulties within a business like structure we ask you vote for us. But regardless, we ask each person who is eligible, to vote on April 5.

LETTERS TO THE EDITOR

Civil Defense Coordinator
City of Cisco
Cisco, Texas 76137

Dear Sir:

This letter is in regard to the weather watch program of the National Weather Service, being sponsored by this club. The program is to be held at 7:00 p.m., Thursday, April 3, 1980, at Camp Inspiration in Eastland. Camp Inspiration is located on highway 80 west of the Eastland city limits.

This National Weather Service Program is known as "SKYWARN" will be presented by Mr. Allen Moller, Disaster Preparedness Meteorologist from the National Weather Service Forecast Office in Fort Worth.

The program is to familiarize the weather watcher "SPOTTER" with tornado producing storms and other types of severe weather. There will be movies and slides. The program will be approximately three (3) hours long and the spotters will be given a better insight into where tornadoes usually occur in a thunderstorm. What to look for that indicate a tornado might form and common thunderstorm features that

are often mistaken for tornadoes. Thunderstorms and tornado safety rules and community preparedness will also be discussed.

At the present time current weather detecting RADAR can spot the thunderstorm, but RADAR cannot identify the individual severe weather elements such as tornadoes, straight line winds, hail and flash floods. An effort is being made to establish a volunteer storm spotter organization in every community. This type of organization is vital to any storm warning and reporting system.

The SKYWARN program is open to the public but is generally held for the persons that will be doing the actual spotting. Please contact any local C.B. Clubs or Community Clubs and advise them of this program. All persons in Law Enforcement, Fire Departments, School Faculty and Local Governments are urged to attend.

We hope to see as many persons as possible attend the program.

Sincerely,
G.R. Mercer
Secretary
Big Country C.B. Club
Eastland, Texas

VOLUNTEERS NEEDED!!!

Do you have thirty minutes or an hour during the week to devote to the happiness of a lonely senior citizen? Muri Stroebel, Administrator of Cisco Nursing Home, is making an appeal to the busy, the involved, but the caring who are willing to share a few moments during the week to visit the residents of Cisco Nursing Center. Perhaps the one you visit will want to hear you read, will ask you to write a letter, or maybe just share a few pleasant memories of more active days.

An organizational meeting of volunteers will be held Tuesday, April 29th, at 7:30 p.m. in the lobby of the Nursing Center. Remember, a few moments of your time will mean multiplied hours of happy recollections for those you visit.

Men volunteers as well as women are needed for this vital service. We will appreciate your response.

Growth and Problems are Twin Companions
.....and go along together in the evolution of Progress. Two years ago in a Western city, we witnessed the processing of 4400 County Clerk documents into the records of a large title plant. Every day it was the same. Every instrument filed added another entry to someone's abstract and another problem to the abstracter who processed it. And as we walked away, we thought of our big responsibility in preserving your title records even in this small county. Yes, it's a problem, but Progress in action!

Driving Course Planned

The Eastland County Retired Teachers Association is sponsoring a Defensive Driving Course to be offered in Eastland later this month.

A small fee will be charged to help cover expenses. The cost will be \$4 for members of R.T.A. or A.A.R.P., and \$6 for non-members. Also, it is not required that you be retired or Senior Citizens in order to take the course.

Interested persons may call Charlie Garrett at 734-2573, or Mrs. LaRue Broussard at 629-8366, as we need to know just how many are interested so that we will know whether or not the course can be offered.

The course is very helpful, and all adults are invited to take advantage of the opportunity to learn that a lot that we take for granted in our driving is not always the proper way to drive.

Fashions, Fabrics...In Brief

COLLEGE STATION — Spring '80 fashions promise fun and romantic fantasy — full of color, texture and action, says Nancy Brown, a clothing specialist.

COLOR EVERYWHERE A wonderful spectrum of color is everywhere, beginning with fresh pastels — soft, pretty and feminine, she says.

Super brights are a second group, often mixed in bicolor and tricolor combinations.

White is the biggest accent color, also used as backgrounds for rich bright colors.

Greens lean toward jade and aqua.

For the backbone of the spring '80 fashion-conscious, burgundy, navy or black-and-white are important.

Gray is emerging as a major color, rather than a neutral.

PRINT FANTASIES Prints are in abstracts, tropics, orientals, seagoing themes and whimsical fantasies.

Big bold plaids are making a comeback, as are stripes of all kinds — shirtings in new colors, optical-illusion stripes and bold stripes.

FABRICS GO TEXTURED Seersuckers and madras are the base fabrics for the revived plaids and stripes. Stretch terry appears in crayon-brights.

Textures are in infinite variety. Crisp fabrics, such as Bedford cords and seersuckers, coordinate with dotted swiss, while denim teams with chambray and railroad or ticking stripes.

Velours and terries take on new texture looks with loops, stripes or diamond patterns. Knit-dressing is a major trend of the '80's in mixes of different yarns and lusters.

Chenilles, lenos, cotton string-knit sweaters and other opened-up fabrics will create a whole new spring world that will move right on into summer.

Wovens have more body, being crisp, tightly woven and shaped.

More constructed fabrics included linens, lightweight tweeds and silky slubs and nubs.

Traditional fabrics that will lend to the nautical inspiration china, poplin, duck and canvas.

Filmy fabrics will make romantic blouses.

All in all, spring '80 promises soft, bright excitement in a whirl of color.

Art Assoc.

Martha Sullivan of Breckenridge will be guest Artist for the Eastland County Art Association Thursday, April 3, 7:00 p.m. Texas Electric Reddy Room.

Olney Savings Crosses The \$200 Million Mark

Olney Savings Association, a northwest Texas savings and loan association with offices in twelve cities, reached a milestone today

when its assets surpassed \$200,000,000, according to President D.D. McClatchy. McClatchy commented, "We are where we are today

because of our very special customers. With strong agrarian ties, our customers believe in a day's work for a day's pay. They believe in

meeting their obligations exactly as their promise binds them. They cast cautious and selective eyes at ever-present opportunity. And their well-thought out, then charge-ahead action will become increasingly evident in future years for the entire Southwest."

"Our employees are special too," he continued. "They enjoy the challenge of serving the customer better. And they are constantly reminded that the strength of this area will grow in direct proportion to the quantity and quality of housing which will be

provided by Olney Savings. And they very much want to provide the means by which all of us can live decently, prosperously and happily."

"Even with the conservative approach of our management philosophy, Olney Savings' total assets have doubled during each five year period since 1965. This is even more significant when viewed with the situation of the last twelve months, when the United States has been experiencing the lowest percentage of people saving their money in the entire history of our country," he said.

"These times are uncertain. And we don't have a clear idea of what's ahead. But we are encouraged by our customers' continued vision in understanding the importance of saving their money. Our job is to keep that money safe, earning the highest rate of interest allowed by law. And to provide the newest services available to ensure a high-return on every dollar and customer convenience. And you can be sure we're going to do just that," he continued.

"We have done a lot of growing in the last 50 years and we've got a lot more to do. And we are confident and optimistic about the future. Everything's going to be alright," McClatchy stated. Olney Savings' home office is located in Olney, Texas, with branches offices in Seymour, Jacksboro, Bridgeport, Nocona, Weatherford and Azle. Electra (Electra Savings), Ranger (Ranger Savings) and Eastland (Eastland Savings), all divisions of Olney Savings. And new offices are on their way in Archer City and Graham.

BAGWORM CONTROL IMPORTANT—Bagworms are among the most economically important pests of many woody ornamentals in Texas. Evergreen bagworms produce the most damage and also attack plums, sycamores and many other plants. Native parasites and predators often keep bagworms from causing serious damage. Where this is not the case, the pests can be controlled by hand-picking or spraying with the insecticides malathion, Sevin, Dipel or Thuricide.

ACCIDENT CONTROL—Accidents which result in injury or equipment damage can cause extension production losses if workers or equipment are temporarily disabled. Thus, accident prevention efforts can pay big dividends.

Schoolchildren Need Sleep

Is your schoolchild getting enough sleep? Different children need different amounts -- but each child needs to get enough sleep.

There are ways to tell if a child is getting enough -- and to make sure he does, says Dorothy Taylor, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Here's the major rule of thumb: if a child has trouble waking up in the morning, he's not getting enough sleep.

To be sure a child does get the right amount of sleep for him, you can do several things:

- 1) Establish a definite hour for bedtime.
 - 2) Appeal to a child's independence by telling him he can rest, at least, if he isn't sleepy. Sleep usually will overtake him naturally. Never force a child to sleep.
 - 3) Establish bedtime rituals that allow a child to wind down before bedtime.
 - 4) Allow a child the comfort of a light or open door if he feels scared, lonely or isolated.
 - 5) Be flexible enough to allow later bedtimes on special occasions.
 - 6) Making the sleeping area quiet and comfortable for him.
- In general, remember, age is not the only indicator of sleeping needs. Consider the fatigue levels of each child. Each schoolchild has individual needs -- and this includes his need for rest.

Families Are Important To Community's Future

By Annita Ritchie
How important do you feel the success of your family is to the community? It has been said that great achievements many times have small beginnings. We, in Cisco, must begin in many small ways to achieve the potential which lies within our grasp...to have not just a good community, but a great one. It is also said that it is best to "begin at the beginning." Like circles within circles, we can trace the success of nation, to the community, to the home, within the core of each family unit is found the power source for potential success.

In accordance with the Family Month proclaimed for Cisco community, the CHS Home Economics Dept.,

together with an advisory council, have planned a "unique" evening for families. Community Family Night Out is scheduled for Tuesday, April 29, it will include a spaghetti supper followed with a program by two outstanding and well known speakers addressing the subject of "Family Success." The two distinguished men, Dr. Paul Faulkner and Dr. Tom Milholland, have a combined total of 40 years of successful parent and family living. Dr. Faulkner, well known for his expertise, has spoken to literally tens of thousands on subjects relating to both marriage and family life. The Cisco program is unique, however, in that we are the first to secure these two excellent speakers through a community based project. Dr. Faulkner and Dr. Milholland speak often on such themes but stated "We are enthusiastic about coming to Cisco and most especially because it is a community project." Since setting up our program here they have been asked to speak to several other communities and schools.

Members of the advisory council agreed that this will be a rare opportunity for Cisco families. It will be both an opportunity to "put families first" for the evening and also show an enthusiastic "community spirit." A spokesman for the council stated "This will be a program truly worth the effort and time devoted by attending."

April is most appropriate for "family emphasis" as it is filled with activities related to its theme. It is a beautiful month of new beginnings. Enthusiastic gardeners have already begun to dig and plant with a hopeful expectancy of toil repaid by nature's beauty...and sometimes food. April, a month in which many churches will recount artistically on Easter Day the beauty, triumph and hope of a risen Jesus Christ. Happy, expectant faces of many children of all ages will again decorate the hill at CJC as they hunt for Easter eggs on that special day. April also holds in store the colorful Folk Life Festival, for which Cisco grows more famous each year. Warmer weather beckons not only gardeners, but golfers, boaters, baseball enthusiasts and of course, picnic lovers. April will probably find the "family" working and playing together more than before. Council members agreed that Cisco is blessed with many things, not the least of which are "a great many parents who truly care about their families." Potential for growth into a great community lies within reach. We begin at the beginning. We

Fake Vet Gets Caught in Act

A warrant charging theft has been issued against Woodrow Gibson, also known as "Dr. Woody Gibson," of Ohio.

The man, who claimed to be a veterinarian, was in Cisco Tuesday and Wednesday and in Eastland Thursday, police said.

According to District Attorney Emory Walton, the theft charges are in connection with a check given to Madison Wester Store in Cisco, where boots and western clothing were purchased.

Canning Season Is Here

Canning season is here -- so do it right!
It's not difficult, but it must be done properly to avoid food poisoning, such as botulism, in the words of a foods and nutrition specialist.

Here's most of what you need to know as outlined by Mary K. Sweeten with the Texas Agricultural Extension Service, The Texas A&M University System:

Before you start canning, carefully read reliable water bath or pressure-canner instructions for preparing, packaging and processing each food.

You can get this information from your local County Extension Office.

Proper canning procedures ensure that food is kept safe to eat -- since it will be processed with high heat and then kept safe with an airtight seal.

High heat destroys harmful bacteria and other microorganisms that cause food spoilage. Also, it inactivates enzymes that cause undesirable changes in flavor, color and texture.

But the heat must be extremely high for non-acid foods -- only a pressure canner can provide this necessary temperature.

Although many people love to be creative and make up their own recipes, canning isn't the place for this -- each time you add a different food, you may alter the needed processing time.

This is especially tempting with tomato or squash relish -- so be sure to use a recipe that has been tested and proven safe.

Tips For Tomato Growers

Growing a few tomato plants can be a fascinating and rewarding venture, or it can be frustrating.

If you're growing tomatoes for the first time, a few pointers can help you avoid some common pitfalls.

First, don't grow tomatoes unless you have an area that receives sunlight for at least six hours during the day.

Next, good soil is a must. Oftentimes, garden soil is poor but can be improved with the right amount of organic matter and fertilizer. Select a variety of tomatoes with the maximum resistance to common diseases.

Bonus, Big Set, Better Boy, Spring Giant and Floramerica all carry multiple disease resistance to most common diseases. Buy short, stocky, young plants. Select plants four to six inches tall and about as wide.

If plants are in peat pots or peat blocks, do not remove them, says the horticulturist. Set the plants deeply into the ground with the top of the peat pot or peat material container below the surface. Plant them into well-prepared soil and water thoroughly immediately after transplanting.

When tomatoes start blooming, begin a weekly dust or spray program to prevent insects and diseases that are common in Texas gardens.

Stake, trellis or cage tomato plants for best results, adds Cotner. Any method is good if it keeps fruit off the ground to prevent rotting.

People Things

IT'S EASTER time and, according to legend or the law of averages, we're supposed to have frost Sunday or Monday. If you remember, there was thunder around Feb. 6th. And thunder in February means frost in April. What is more, it is traditional that we have "an Easter spell" of bad weather.

In any event, Easter should be a time for happy family gatherings. Local schools (CJC and the public schools) are out Friday and Monday, giving students and their family a long weekend holiday.

SIGNS OF SPRING are showing up. Mrs. Alfred Cole, who lives up at 504

Avenue I, wondered if hummingbirds arrive this early. Feeling that they would be hungry after their migratory flights from Central and South America, she filled three feeders last weekend. She was rewarded Monday by seeing three tiny hummingbirds dining heartily at the feeders.

And Dr. Ayres Cermin, who got his broken foot out of the cast last week, saw a lone scissortail bird in the back yard at their home out on Sims Street. Oak and other trees have buds popping. . . Lets go out and look at the mesquite trees for the final week.

THEY'VE GOT four brand new plate glass windows at

Pierce Ford and there's a story back of it. Mr. Laddie Pierce of the Ford store told us that a young fellow drove in one day last week and requested an auto safety inspection for his car.

When Mr. Pierce finished looking and checking, he told the youth that he would need a safety belt on the driver's side before a sticker could be issued. The youth exploded and drove away.

After midnight that night, the man living upstairs at the Ford store heard a glass window crash. He looked out the window in time to see the same young fellow break three other windows. Police were summoned and given the young fellow's name and car description.

Police Chief Kenneth Eaves reports that a felony charge of destroying private property has been filed and police expect to arrest the youth any day. . . Mr. Pierce had the windows replaced. Insurance covered most of the loss.

CHIEF EAVES reports that his Cisco Police Department had a busy March - maybe the busiest month on record. They handled a total of 130 offense reports and this doesn't include traffic violations. . . Chief Eaves, who suffered a compound leg fracture last Oct. 17, hopes to get the cast off and a new brace very soon. . . The Sutton Crofts went over Fort Worth and Arlington way last weekend to visit their children. . . The Gene Abbotts visited their daughter

and family at Lewisville Sunday.

WHAT'S NEW with Jammie Fry? The former motel and restaurant man is pretty busy in ranching right now. And the "new" is a mobile home park. Jammie has prepared a trailer park on the land across the old

Abilene highway from the old Hill Ranch, just west of town.

Plans call for mobile homes to occupy one-acre plots, each equipped with water, electricity and septic tank. Trailer No. 2 was due to move in this week. . . Does Jammie ever wish he was

back in the restaurant business? Not even when he's hungry, he said.

THE BILL Hesters, who are real pleased with business and progress at their new Colony Restaurant, have purchased the nice home that the late Buddy Dolgener built out on the Cisco Country Club Road. And they moved in last week. . . Saw the Don Kincaids of Phoenix, Ariz., in town last weekend visiting their parents, the Mart Agnews and the Alvin Kincaids. . . Glad to hear that Mr. Buck Estes' broken right wrist is healing nicely. Didn't he fall out of a pecan tree? . . . Mrs. Morris (Dorothy) White was in Odessa last weekend in the interest of her egg decorating business.

YOU'LL BE glad to hear of progress for Bobby Broyles, son of Mrs. Rosa Lee Broyles of our town. A graduate of Howard Payne U., Bobby has been youth director at the Bangs Baptist Church for some time. And he has been called by the

Southwest Park Baptist Church in Abilene to assume a similar position with the much larger congregation.

Bobby grew up in Cisco and is a former Cisco Press paper boy. . . His big sister, Virginia (Mrs. James Paul Shanks) is a member of the city commission in Baird.

MRS. LUCY Collier is real busy in the kitchen, turning out food and preparing Easter eggs. Her two sons and daughter and families are all expected at the Collier home up on Avenue N for Easter weekend. . . The Rev. Robert Stone, son-in-law of Mrs. Collier, has resigned his pulpit at the Roscoe to accept a position on the faculty of Southwestern Baptist Seminary in Fort Worth and they will be moving there May 1st. . . Scouts report that it wasn't much fun riding in one of the Police cars early this week. A dead skunk was picked up on a city street and taken to the dump ground. And said skunk's odor remained in the car.
