Nimrod 4-H Club **Holds Meeting**

The Nimrod 4-H Club met Monday, June 2, 1980, for their regular meeting. Those present at the meeting were Tommy Bint, Shannon Kendall, Tommy Claborn, Tommy Donham, Terry Owings, Scott Anderson and Justin Kendall. Adult leaders present were Bill Kendall, Danny Claborn and Freddy and Vonda Anderson.

Vonda Anderson gave a report on the bake sale in May and gave also announcements on county camp, the garden show, state camp, and the record book workshop. Two Cisco 4-H members, Jeff Kisner and Frances Chamness gave a method demonstration on earth worms which they had also given at the 4-H district contest. After the meeting was adjourned, refreshments were served.

Members of the Cisco Lions Club will install officers for the 1980-81 club year at a family night buffet dinner at 7:30 p.m. Thursday at the Cisco Country Club, President Ar-Chamness chie reported.

DeWayne Harvey of Vernon, the incoming district governor, will be here to install the new officers. An entertainment program will be presented during the evening, Mr. Chamness said. Each member was asked to bring covered dishes, and the club will provide bread and drinks.

Eddie McMillan, local insurance man, will be installed as president for the new year that begins July 1.

All members were urged to attend with their families.

Loin Walt Noland, who moved here last year from Clayton, N.Y., told club members about the work of Lions in that Canadian border community in a talk at the weekly meeting last Wednesday noon. He has been a Lion for many years.

Mr. Noland said the Clayton Lions raised money each year for community work projects by holding an annual auction of donated items and by holding a county fair and a bingo event. The Clayton club is the most active in the State of New York from the standpoint of community benefit work, he said.

Martin and cordially invites the public to attend.

the young man's wife. Doug Hoppock, who appeared in two of the Roof Garden's plays last summer and directed a third, is cast as a business tycoon.

Doug's wife, Eve, also joins the company this summer, and she will be seen as Mrs. Louisa Stoddard, who could easily be everyone's mother. The Hoppocks are drama teachers during the school term. He, at Kilgore Junior College, and she, at Pine Tree High School, Longview.

The production will be directed by Marion Castleberry, instructor of Drama and English at Cisco Junior College. Castleberry's second year with the college and as director of the CJC Summer Theater Program. Cristy Castleberry, wife of the director, also plays a part in the show. She's the wife of the business tycoon, and Castleberry himself gets into the act as a "strange stranger."

This summer there are eight select students in the Summer Theater Program. Four of them--Kim Bolinger, Matt Williams, John Mormon, and Terry Willingham -- have parts in the play. The others-Michael Clark, Laura Jeffcoat and Gary Yandell-are in the production crew. Yet another student will join the company for the second summer term.

The play will continue from Thursday, June 26, through Monday, June 30. A gourmet meal is served at 7:00 p.m. at each evening performance. The Sunday performances will be at 2:30 p.m. only, but desert and beverage will be served at the Sunday matinee performances. Tickets are \$12.50 for dinner and show and \$7.50 for Sunday matinees.

Reservations are required. Call (817) 442-2567 on weekdays, 9 a.m. to 5 p.m. After hours and weekends, call 442-2589 for reservations.

than conventional methods.

Energy savers, meet the induction range, the 'something new' that's cooking in the kitchen.

Induction (cool heat) countertop ranges are unlike any conventional range mainly they're highly energy efficient, since they turn the cooking utensil itself into a burner.

Also, they wipe clean, and the surface "doubles" as a cutting board or countertop.

In addition, they feature several safety precautions they won't let a pot burn if it 'boils dry," for example.

Cooking without the usual heating elements, the induction range induces heat directly into the cookware rather than the usual method of heating up a cooktop and then transferring heat to the cookware

Specifically, here's how it works: an electromagnetic coil beneath a ceramic cooking surface creates a magnetic field.

When iron or steel cookware is placed within the field, it heats up instantly and cooks the food in the cookware

Because the cookware itself becomes the burner, the only heat generated is the heat in the pan, although the pan might reflect a small amount of heat back to the

of current to provide an easy path for a magnetic field.

On the other hand, glass and ceramic materials offer too great a resistance to current flow, so they will not heat on induction ranges.

Also, aluminum and copper have too little resistance to the current flow, so they don't provide enough heat for cooking, either, although they are good conductors in

conventional methods.

Since the range top never becomes hot, any spills or stains cannot burn on - they simply wipe off. Also, the magnetic controls lift off for easy cleaning.

In addition, you can use the entire top as a counter work surface - even as a cutting board. Ceramic is so tough that it isn't damaged if utensils are dropped on it. RECIPE OF THE WEEK **Marinated Carrots**

Senior Citizen's **Nutrition Menu**

We visit various Centers Senior throughout the State and we find one thing prevails in every program...that fellowship.

The fellowship at the Senior Center, in Cisco, is one of the finest and people come from miles around just to see old friends and to enjoy talking about the events that occurred over 60 years ago.

We invite every person who is 60 years of age, or older to come to the Senior Center and meet their friends. Call 442-1557 or 442-2263 for the luncheon reservation. Luncheons are Monday, every Wednesday and Friday unless a holiday falls

on one of these days. This past week we had the privilege to have a special quartet from Cisco. The quartet members were Rev. W.E. Hallenbeck, Ples Ray, Rev. O.T. Killion, Rozelle Gish, **Homemakers Meet** with Mrs. W.E. Hallenbeck at the

piano. Then some dixie land music was brought to the members of the Senior Center when Dixie Montgomery, with her guitar, Clovis Miller with his mandolin and Alberta Sims at the piano entertained the group.

The Brymer Band played on Friday giving the program the country and western atmosphere.

The menus for the week are:

Monday--barbecue, turnip greens, cold bean salad, cheese sticks, fruit cobbler, bread and drink.

Wednesday--turkey and dressing, lettuce/tomato salad, green beans, fruit jello, bread, butter and drink

Friday--oven fried fish with tartar sauce, blackeyed peas, chopped broccoli with cheese, apple sauce, cornbread, butter and drink.

COUNTED?"-Were you counted in the 1980 Census of Population and Housing? If you think you or your family might have been missed, fill out the WERE YOU COUNTED? form being printed in newspapers as a public service. Cut it out and mail it to the address shown on the form. It will be checked against the master address list for your area so there is no chance of an individual or household being counted twice. Billy Yarbrough, Manager of the Abilene District Census Office, call the "WERE YOU COUNTED?" campaign "an extremely important phase of the 1980 census. It is conducted in an effort to insure that no one is overlooked. If a family is missed in the address checks and doesn't send in a "WERE YOU COUNTED?" form, they'll be "missing persons" for 10 years until the next census. A final check is now underway to make sure that we have a completed questionnaire for every household," Mr. Yarbrough said. "Soon we will be able to turn over to local officials the population counts for their communities." Purpose of the Local Review Program of the census is to give local government officials an opportunity to spot errors while census workers are still in the field. " 'Local Review' and the 'WERE YOU COUNTED?' campaign, says Mr. Yarbrough, "should contribute significantly to the accuracy and success of the census. If you didn't get a questionnaire, be sure to send us the "WERE YOU COUNTED?" form from the newspaper."

DOES DADDY GO? **Author Unknown**

Daddy had a little boy, His soul was white as

He never went to Sunday School 'Cause Daddy wouldn't go.

He never heard the Word of God,

That thrills the childish mind While other children went to class,

This child was left behind.

As he grew from babe to youth,

Dad saw to his dismay, A soul that once was snowy white,

Become a dingy grey. Realizing that his son

was lost, Dad tried to win him back:

But now the soul that once was white Had turned an ugly black.

Dad even started back to church And Bible study too; He begged the preacher, "Isn't there A thing that you can The preacher tried,

failed, and said,
"We're just too far I tried to tell you years

But you would pay

And so another soul was lost,

me no mind."

That once was white as snow; Sunday School would

have helped But Daddy wouldn't

A THOUGHT FOR THE WEEK

By Armo Chambers

There are two kinds of people in this world; those who go ahead and do something, and those who sit back and ask why it wasn't done the other way. In every human enterprise there is always somebody who says it can't be done. William James said; "First a new theory is attacked as absurd: then it is admitted to be true, but obvious and insignificant; finally it is seen to be so important that its adversaries claim that they themselves discovered it."

At the turn of the century there was a young man who got up every morning and climbed into a contraption that looked like a buggy without a horse. People laughed as they watched him pull levers which produced loud snorts and a few convulsive movements of the wheels. His name was R.E. Olds, and that was the first Oldsmobile . . . A New York newspaper ridiculed another young inventor who thought he could get light from a round glass bulb . . . Another Eastern publication made the comment about a man named Bell: "Well informed people know it is impossible to transmit the human voice over wires. Even if it were possible it would be of no value to

anyone!" Progress is almost always attributed to people with the spirit of the man described in a poem that begins something

That maybe it couldn't but he would be one Who wouldn't say so til he tried

They said it couldn't be done, but he with a chuckle replied

Cisco Funeral Home 442-1503 203 W. 7th

A GOOD CITIZEN of our community packed up and moved to Snyder the other day. She was Mrs. E.L. Callarman, who had lived at 705 West 8th Street for 23 years and in Eastland County and the Cisco area all of her life.

Mrs. ELC, whose health has not been the best for some months, will make her home with her only daughter, Mrs. Fay Deffebach, at Snyder. Her home here was closed. Her four sons are George Callarman of Grand Prairie, Eldon Callarman of Big Spring, Neal Callarman of New Mexico and David Callarman of Cisco. All grew up here.

A lifelong Methodist, Mrs. ELC was a dedicated member of the First church here and taught in the same Sunday School department (primary) for more than 20 years. Some months ago, she received a 10-year perfect attendance award.

You'll want to join us in wishing for this fine Christian lady many happy retirement years at Snyder. (Address her at P.O. Box 920, Snyder, Texas 79549.)

GUESS YOU COULD call this item a report on frustration. And you'll understand when you consider the case

Knowing that her eggs would infertile, Louie rustled up six duck and six goose eggs and put them in the hen's nest. Now, the mother turkey hen has a frustrating time trying to cope with a flock of youngsters who march into stock tanks and swim away while she makes warning noises.

MR. MARSHALL Jones, retired electrical contractor, may have felt a touch of frustration at his house out on West 14th Street the other day. After several years of thinking about it, Mr. MJ decided to build a redwood backyard fence.

He surveyed, located places for post holes and, with Neighbors Bill Bledsoe and Hubert Kennedy acting in an advisory capacity, he started digging the first post hole. The digging was hard so he used water to soak the hole and a heavy rod to loosen the rock-hard soil.

After some hard punching, the rod went through what appeared to be a rock but which was the Jones home sewer line. So...a sewer line of Postmaster Louie repair job took priority over
