MISS CISCO will be chosen this Thursday night, August 7, in a pageant being held at the Cisco Junior College auditorium. The contestants, pictured elsewhere in this edition, will each be modeling three suits of various clothing from local merchants back-to-school fashions.

The pageant should be very enjoyable and everyone is urged to attend. You don't have any reason for not attending, since admission is free (how much cheaper can it get?). More details on the pageant may be found elsewhere in this paper.

GENE ABBOTT, manager of the Cisco Chamber of Commerce, said he had some trouble getting volunteers to help with the pageant, until he asked for someone to help the girls change their clothing in between their appearances on stage. He said then he got 40 volunteers—all men.

WASN'T THE LITTLE shower on Monday a welcome relief to the area? I only wish it could have been more, but let's be grateful for what we did receive.

A GOOD CROWD turned out last Friday night at the Cisco City Park for the Russell-Newman Manufacturing Plant's annual picnic. The meal was catered by Oscar's Bar-B-Que of Cisco and the swimming pool was reserved for those who wanted to swim. There were also a few contests held for the employees and their families.

SPEAKING OF eating, is it really true that Elmer Escobedo ate a whole pecan pie Sunday afternoon before going to a church fellowship? His wife, Rosa, made several of the pies for the fellowship and they were delicious. After eating some of the pie, no one could blame Elmer for eating a whole one by himself.

The fellowship was held at the Mitchell Baptist Church and members of the First Evangelical Methodist Church of Cisco were invited there for a hamburger supper, fellowship and church service.

I UNDERSTAND that Jim Roberts of the Lobo in Cisco is planning to open JR's Beauty Salon on Tuesday, August 19, in conjunction with his barber/style shop which he now owns. The beauty salon will specialize in complete precision hair design and beauty service. The hours will be the same as the barber shop, from 8 to 5:30, Tuesday thru Saturday.

Jim informed me that the beauty salon will probably have 2 or 3 operators. He also said the furniture in the salon was custom-made in Boston by M & M Interiors and it gives the inside of the salon a space-age effect.

Be watching the paper for more details on this business.

ON SATURDAY, August 2nd, Bob Lilly, "the pride of Throckmorton, Texas, All-American from TCU, known as 'The Purple Cloud,' who was the number one draft choice of the Dallas Cowboys in 1961," was enshrined in the Football Hall of Fame along with three other former great NFL stars: David "Deacon" Jones, Jim Otto and Herb Adderly.

Lilly, one of my favorite football players, was selected "Rookie of the Year" in the NFL in 1961 and was the instrumental element in the Dallas Dooomsday Defense and the best defensive tackle in the National Football League. Quick, strong, durable, he was a destroyer on the field, a gentleman off the field. Lilly is the most decorated Dallas Cowboy of all time. He was selected "All Pro" eight times, and 11 times for the "Pro Bowl." He also played 14 years without missing a game until his retirement in 1974 after 196 consecutive games.

Head Coach Tom Landry of the Dallas Cowboys, a great influence in Lilly's life, said, "A man like this comes along just once in a generation. There won't be another Bob Lilly in our time. He's something more than great. Nobody is better than Bob Lilly. He's a man who'll become legend."

Over and above his football accomplishments, Lilly is active in business in Waco where he lives with his family. He also appears on the "celebrity circuit" making speeches and is seen on television for many sponsors including the Texas Ford Dealers.

Young Man Dies, Fiance Hurt In Motorcycle-Pickup Mishap

A young Cisco man lost his life and his fiance sustained multiple fractures of her left leg when the motorcycle they were riding was in collision with a pickup truck here at 12:15 a.m. Sunday. The mishap occurred at the intersection of West 8th Street and Avenue I.

Dead was Allen Corey Stinson, 19, whose body was sent to his home town of Aurora, Ill., Monday. Injured was Miss Vickie Hooser, 19, of Cisco, who was in Hendricks Memorial Hospital, Abilene, suffering from cuts and bruises as well as the leg fracture.

Roland Owens, 36, driver of the pickup, was released under \$5,000 bond after Cisco Police Officer John Ferguson and Louis Hollywood filed charges pending investigation of alleged failure to stop and render aid. Owens turned himself in to Sheriff Johnny Morren in Eastland Sunday morning. The Cisco officers then took him to Justice of the Peace Carlton Holder's court here where bond was set.

Officer Ferguson reported that the collision occurred when both vehicles were east bound on West 8th and the pickup apparently attempted a left turn onto Avenue I in front of the motorcycle. Officers said the motorcycle had extensive damages.

Young Stinson's body was taken to Dallas on authority of Justice of the Peace Pat Ingram of Gorman for an autopsy. He lived in a cabin on the Lake Cisco south shore and was employed by White Tank Co. at Albany. He moved here about a year ago from Aurora where his parents, Mr. and Mrs.

Miss Hooser, who has lived here about six months and has an apartment at Royal Oaks, was given emergency treatment at E.L. Graham Memorial Hospital before a Cisco Funeral Home ambulance took her to Abilene. She underwent surgery there Sunday and is due to undergo surgery again Friday.

Miss Hooser, 19, has been employed at the

Would-Be Holdup Man Is Arrested By Officers Here

A black male wanted in Abilene in connection with an attempted service station holdup was arrested by Officer John Ferguson and Highway Patrolmen Steve Foster and Kenneth Rose on IH-20 near Cisco at 1:30 p.m. Friday, August 1.

Officers learned that two black males abducted a white woman in Arlington and drove to Abilene. Friday morning, they went to a service station there and one of the men went in with a pistol to hold up the attendant.

The attendant, a 15-year old youth, had different ideas and pulled his own pistol and held the would-be holdup man at gun point until police were summoned and arrived.

The other man leaped into the car with the young woman and hurried away. Abilene police broadcast an alarm with a description of the car and its occupants. The officers were waiting when the car appeared on IH-20 near Cisco.

Officer Ferguson said the young woman was hysterical. She had black eyes and bruises and several teeth apparently knocked out. She was taken to the hospital and later released. The man was detained until Abilene police arrived for him.

Colony Restaurant as the evening cashier and hostess since she came here from Aurora, Ill., some six months ago. She and Mr. Stinson had planned to be married in about two weeks, friends reported.

The young woman's mother, Mrs. Donna Smith of Aurora, arrived here Monday to spend the week with her daughter at the hospital. Her father, Bill Hooser of Houston, was here early in the week.

Officer Ferguson said the case would be turned over to District Attorney Emory Walton as soon as the investigation is complete, probably by Wednesday. Highway patrolmen are assisting in the case.

The investigation showed that the pickup was found parked within two blocks of the accident site. Sheriff Morren said that Mr. Owens appeared at his office at the courthouse in Eastland and told him that he was turning himself in as he understood he was wanted for questioning in an accident case. He declined to answer questions, the sheriff

Van Damaged By Fire On Highway

A van pulling a trailer caught fire and sustained extensive damage Sunday on IH-20 two miles east of Cisco, Cisco Volunteer Firemen reported. The rig was owned by Royce Ingram of Cisco.

Cause of the blaze was not immediately determined. Highway patrolmen investigated the incident.

Cisco firemen answered a grass fire alarm six miles east of town on the T and P Railway right-of-way on Sunday.

TWO ARRESTED

Two Cisco youths were arrested on warrants from Breckenridge and Uvalde this week, City Police reported. Details in the cases were not available.

said, saying that he was following his attorney's advice.

The motorcycle is a 1974 Harley Davidson, and officers estimated that repairs would probably exceed \$1,000.

Mr. Stinson was born Dec. 12, 1960, in Aurora. Surviving, besides his parents, are two brothers, Stanley Stinson of Breckenridge and Calvin Stinson of Albany.

Mr. Owens is employed as a truck driver and has lived here most of his life.

Season Tickets For Home Football Games On Sale

The 1980 season tickets for all Cisco High School home football games are now on sale at the Cisco Independent School District Tax Office, located at 610 Avenue D. This year's schedule has several new teams on it as the Loboes start play in a different district for 1980. Local football fans are urged to purchase their tickets in support of the 1980 Loboes.

Stenholm to Visit Cisco Senior Center

Ruth Cartee, director of the Senior Center, has stated Congressman Charles Stenholm will visit the Senior Center Friday, August 8, at 11 o'clock.

Congressman Stenholm was to have shared in the birthday event, of the Senior Center earlier in the year but due to illness he was unable to come. So he is now fulfilling his commitment, stated Mrs. Cartee.

All citizens of Cisco, Eastland and Rising Star who are 60 years old, or older, should plan to visit the Center and meet the Congressman.

Reservations are necessary for that day so be sure and call 442-1557 or 442-2263 if planning to attend the luncheon.

Miss Cisco will receive a scholarship to Cisco Junior College and a \$50 gift certificate given by the Cisco Chamber of Commerce Retail Trade Committee, redeemable at any of the participating merchants. A \$25 gift certificate will be given to the first runnerup.

Judges for the pageant will be from out-of-town. Tim Jones will be the master of ceremonies. Cora Lee Thomas will play organ music.

The pageant will be in conjunction with the local merchants back-to-school style show. Sherry Wright will be the clothes commentator. Miss Cisco contestants will be the models for the retail establishments of Penney's, Gazebo, Sears, Lemon Tree Boutique, Heidenheimer's, Red Gap Western Store and Altman's.

ANDREA COLEMAN

Part of Andrea Coleman's resume was inadvertently omitted from Sunday's edition, so therefore, the resume is as follows:

Andrea Coleman, 19, is the daughter of Mr. and Mrs. B.H. Coleman. She graduated from Cisco High School in May of 1979. She is presently attending Cisco Junior College where she has a major in elementary education and a minor in physical education. After graduating in May from CJC she plans to pursue her career by transferring to Tarleton State University. She enjoys many hobbies some of which are traveling, hand crafts, swimming and teaching twirling.

Texas Medical Association Meeting Set at College

Practical aspects of quality assurance will be the theme of the meeting to be held in the Texas Room of the Maner Memorial Library at Cisco Junior College in Cisco Saturday, August 9. Helen Orr, co-director of Texas Medical Record Association District 6A, announced that Roy Ayers of Texas Hospital Association will be the keynote speaker. Dr. Ervin E. Addy, Jr., of Cisco and Roy Alexander, director of Clinical Services, Pecan Valley Medical

Health/Mental Retardation Center, will present topics of general interest to medical record practitioners. Steve Turney, R.Ph., will describe the pharmacy's role in a quality assurance program. A radiology quality control study will be described by Robert Conner, medical technologist.

The American Medical Record Association has approved the program for five continuing education hours. Hospital, clinic and nursing home personnel are invited to contact Helen Orr at E.L. Graham Memorial Hospital in Cisco for registration details.

.... and own real estate in this county, we have a complete record of your title from the deed from the State down to the present time whether it be a vacant lot, the big house in town or a dude ranch in the hills. Exactly how much land do I own? Any surplus or minerals? Mortgaged? Any adverse claimants? Is my record title chain unbroken? All these questions and many more are answered when we build your abstract in our modern plant.

Looking at School Budgets 1980-81

Figures for an annexed or consolidated district have been added to the receiving district. State totals are for 1070 local school districts and exclude state schools and other special schools that do not participate in the Foundation Program.

Coop. District participates in a cooperative for special educational

programs. F-district is fiscal agent for cooperative. C-district participates in cooperative. Dollar amounts per student may be excessive in fiscal-agent districts and understated in cooperative districts because special education students served and the dollars budgeted are reported by different districts.

1. Students (ADA) 1978-1979. Compiled from Superintendent's Annual Report of students in average daily attendance during 1978-1979. State total for 1070 local districts is 2,592,022.

2. Administrative-General. Covers overall administration of the entire school system including the superintendent's office, board of trustees, fiscal, personnel, security, computer, and tax administrative services. State total \$279,543,097.

3. Administration-Instructional. Includes managing, directing, and supervising the instructional program and curriculum as well as administration of a school or campus. It includes salaries for the principal, his administrative staff, and personnel who supervise and coordinate instruction, research and development, program evaluation and in-service education as well as materials, equipment, and supplies for those offices. State total \$349,891,425.

4. Instructional Service. Includes those activities dealing directly with the instruction of pupils. Teacher salaries, equipment in the classroom essential to the subject being taught, and furniture and supplies directly related to instruction. State total \$2,685,386,871.

5. Instructional Related. Includes resources and media services, instructional research and development, curriculum and personnel development, and communication and dissemination. Administrative expenses are excluded-see item 3 above. State total \$58,104,715.

6. Pupil Service. Includes guidance and counseling, attendance and social work and health services as well as cocurricular activities and food services. Cocurricular activities include intramural athletics, interscholastic competition, student organizations, and special interest activities. State total \$263,460,810.

7. Transportation. Includes the cost of providing management and operational services for regular school bus routes as well as special equipment or service for disabled pupils. Interest on bus warrants are included, but not repayment of principal, which is classified as debt service, and purchase of buses, which is classified as capital outlay. State total \$127,886,432.

8. Plant Maintenance and Operation. Encompasses those activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in an effective working condition and state of repair. State total \$572,727,311.

9. Community Service. Involves activities, other than regular education and adult education programs, relating to the community as a whole or some segment of the community, such as community recreation, civic activities, public libraries, care of children, community welfare, and services for nonpublic pupils. State total \$19,647,840.

10. Total Current Operating Expense. It is the total of Columns 2 thru 9 representing the amount budgeted for operating expenses during the 1979-1980 fiscal year. State total \$4,386,648,279.

11. Debt Service. Includes repayment of principal and interest expense on bonds and other loans, except interest on bus warrant. State total \$406,225,299.

12. Capital Outlay. Includes expenditures for fixed assets such as land, buildings, furniture, vehicles, films, library books, etc., which have a useful life longer than the fiscal year (a two-year life is used). State total \$871,734,681.

13. Operating Fund Balance for 9-1-79. The beginning balance in operating funds reported on 1979-80 budgets. Included are general operating, designated purpose, and cooperative funds and excludes construction and interest and bonded debt funds. State total \$492,264,735.

14. % Budgeted Payroll Increase Over 1979. The percent increase or decrease of total payroll budgeted in 1979-1980 over the previous year. This figure may help in evaluating any change in average salary or pupil-teacher ratios shown in the new four columns. Statewide, payrolls increased 12.8% from \$3,229,234,544 in 1978-79 to \$3,642,181,210 budgeted for 1979-1980.

15. Average Classroom Teacher Salary 1978-79. The average salary for 155,238 classroom teachers based on reports to the Texas Education Agency. State total \$2,023,898,859 for an average salary of \$13,037 per classroom teacher.

16. Local Enrichment Per Student 1979-80. The per student amount by which maintenance tax levy, adjusted for uncollectibles (1 1/2%), plus reimbursement by state for exemptions, exceeds the Local Fund Assignment. This figure indicates the amount beyond the Foundation Program cost that the district can expend on its educational program. Statewide average was \$533 per ADA.

17. Local Enrichment-Increase Over Last Year. The change in per student local enrichment compared to 1979-80. The local enrichment for last year used herein often differs from that shown in this report last year because of corrections in maintenance tax levies that were subsequently reported by local districts and in the actual number of students.

18. B-B. School district was budget balanced or ineligible under the Foundation Program in 1978-79 and received per capita State Aid but not Foundation Aid.

19. Senior Citizen Bazaar In Nov. The 1980 Eastland County Senior Citizen Bazaar will be held on November 13 and 14. This year's Bazaar will be held in the Rebekah Lodge, 300 North Lamar Street in Eastland.

The Senior Citizen Bazaar Committee met recently to plan the annual event and special activities. The Bazaar exhibitors must be 60 years of age or older and residents of Eastland County. The exception of this rule is that any handicapped person 50 years or older may exhibit and sell their handmade article.

Mrs. Janet Thomas, local County Extension Agent, states that exhibits must be entered on an individual; however, nursing homes and senior citizen centers may display and sell as a group. An exhibitor will be allowed space for two card tables and must furnish their own tables or table. As in past years, exhibitors will be responsible for their own sales.

The Bazaar is an annual event sponsored by the Eastland County Extension Service which recognizes the contributions and talents of our Eastland County Senior Citizens.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Interested persons may contact Mrs. Janet Thomas, County Extension Agent, at 629-2222 for additional information.

School District In State

Gear For 1980-1981 Budget

School districts throughout the state are now gearing up to think about 1980-81 budgets.

Last year, statewide budgets totaled \$5.66 billion—up 13 per cent. School property tax levies were increased 7.6 per cent, but two out of five districts in the state reduced levies.

For next year, state aid to local schools will increase by \$211 million to fund a 5.1 per cent increase in minimum salaries and an \$11 per student increase in operating allowances. The local share of the Foundation Program will change from the lesser of \$0.15 or \$0.17 1/2 applied to different values to \$0.16 per \$100 of productivity value of open-space land plus full market value of other taxable property.

Despite rapid population growth in Texas, no increase in the number of students in public schools is anticipated—and in fact, the larger districts are expected to see decline.

In 1978-1979 there was an average of one classroom teacher for each 16.7 students.

Outlook for 1980-1981 Budget

Current economic condi-

tion with double-digit inflation will force school officials to make some hard choices in preparing 1980-1981 budgets.

The Legislature provided additional funds for the second year of the State's biennium, and current estimates anticipate \$210.7 million additional State Aid for 1980-1981. The base salary in the Foundation Program was increased by 5.1% plus experience increments of 4-5% a year.

An additional experience step of 2% has been added for teachers at the maximum. The operating allowance was increased by \$11 per student. The impact will vary among individual districts as the local share of the Foundation Program will change.

Last year the Local Fund Assignment was determined by the lesser of \$0.15 per \$100 of market value or \$0.17 1/2 of index value.

In 1980-1981 the L.F.A. will be calculated at \$0.16 per \$100 of index value consisting of the 1977 estimates of productivity value of open-space land plus market value of other types of taxable property. The L.F.A. of a district, however, cannot increase more than 20%.

Again the State will partially reimburse school districts for tax losses from state-mandated homestead

Chiggers...

A rose by any other name is still a rose, and a chigger - whether it's called a redbug of *Eutrombicula alfreddugesi* - is still a chigger.
 "The threat of chigger bites will last until cold weather when the adult chiggers usually seek protective places and don't lay their eggs until early spring," says Bobby L. Davis, with the General Sanitation Division of the Texas Department of Health (TDH).
 "Chiggers have a special affinity for low, damp places covered with vegetation. Bermuda grass harbors them well, but for some unexplainable reason they are usually not found in carpet grass."
 "Just for the record, it's only the young chigger or larva, which hatches from the eggs, that cause the trouble. These parasitic larva congregate in shaded niches near the tips of grass or weeds and grab you as you walk by. They then scurry to a place where the clothing fits tightly, such as your sock top or around the waist."
 After feeding for several days, the larva drops to the ground and never bothers either man or animal again. On the ground, the chigger passes through the nymphal stage into an adult.
 Davis said that contrary to popular belief, chiggers do not burrow into your skin. Instead, the chigger attaches to a skin pore and then secretes an anti-coagulating solution that also disintegrates skin cells so that they can be used as food. This digestive fluid is what causes the fiery itching - even several days after the chigger has left the victim.
 Davis said that although chiggers are probably harmless to humans, their wayward offspring can cause health problems as well as being annoying. "Not that they spread any specific disease," he said, "but their bites demand frequent scratching which often cause secondary infections in the form of sores and boils."
 Several commercially available repellents are effective against chigger infestations, according to Philip J. Hamman, Extension Entomologist, with the Texas A&M University System.
 He said these repellents contain one or more of the following compounds: diethyl toluamide, dimethyl phthalate, dimethyl carbate, ethyl hexanediol and benzyl benzoate.
 "Repellents usually provide protection from chiggers for several hours," Hamman said. "For protection which lasts several days, saturate clothing by soaking or spraying it with repellent. For more protection, wear loose-fitting clothing and avoid sitting or reclining on the ground when picnicking, camping or working outdoors."
 Hamman explained that immediately after exposure to chigger-infested areas, you should take a hot, soapy bath to kill and remove chigger larvae. Then apply an antiseptic to any welts

Lights From The Christian World

By Josephine Cleveland
 A minister went far into a mountainous settlement to hold a meeting and found it necessary to return at night. A woodsman who had lived many years in the mountains gave him a torch of pitch-wood.
 "This will light your way home," the woodsman said.
 "The wind will blow it out," the preacher said anxiously.
 "It will light you home," the woodsman again told the minister.
 "But what if it rains?" the preacher questioned.
 The woodsman did not change his reply. "It will light you home," he said. And it did.
 "Friend, the Word of God is a torch for a dark world. We are told it is a light unto our path. As you accept this torch from the Master of the Universe, it not only will light your way but will guide others, also.
 "What if it rains? What if the winds blow? What then?" you ask.
 "Cast all doubts from your mind. Have faith! If you hold the torch high it will light you home and others seeing your light may follow. Resolve to trust in the Light. It will not fail you."

Texas Rural Electric Leaders Mark 40th Anniversary Meeting

Texas Attorney General Mark White was keynote speaker at the 40th annual membership meeting of the Association of Texas Electric Cooperatives last week (July 30 - August 1) in Houston. And the state's rural electric leaders adopted several key resolutions while directing their attention to the meeting theme, "Power for the People: Issue of the '80s."
 Some 500 participants, including Comanche County Co-op mgr. Bill Parker and directors of the 5-county systems, except Bill Knight heard White issue a call for "energy citizenship" in which consumers cooperate and unite to deal with problems of high fuel costs and real energy shortfalls.
 "There's no quick fix for our energy problems," White said, and he urged national cooperation between states as a step toward solving them. The Attorney General cited legal action his office has taken to neutralize adverse cost impact on Texans attributed to the inordinately high tax on Montana coal.
 "What would other states do if Texas placed an extremely high tax on the oil and gas it produced?" White queried. "They'd say it is unfair," he answered, "but that is exactly how we're being treated when it comes to buying American coal outside our state's borders."
 The Attorney General cited the meeting theme of power supply as a key issue for the nation's future. "Through both power production and conservation, we can influence our own destiny," he said.
 Twenty-eight resolutions were passed by delegates, including:
 "Opposition to 'unnecessary, duplicated electric distribution facilities' and 'the efforts of municipal systems...to allow their systems to serve newly annexed areas' without demonstrating justification for such service through certification by the Public Utility Commission of Texas."
 "Opposition to territorial infringement by one electric utility at the expense of another of the consumers it serves."
 "Reform of government regulatory processes by 'limiting the growing number of rules and regulations emanating from various regulatory agencies.'"
 "Support for agricultural producers with a pledge of 'renewed effort to continue supplying electric power at the lowest possible cost to meet the needs of food and fiber production.'"
 "Memorial to the late J.R. Cobb, general manager of Texas Electric Cooperatives from 1958-1977, who 'dedicated most of his life to the fulfillment of his deep belief in the philosophy and goals of rural electrification.'"
 Carl Stover, the association's consulting engineer, told delegates about ramifications of a projected interstate electrical grid intertie as it involves the Electric Reliability Council of Texas. Stover and an associate, Steve Collier, described technical aspects of the system, including transmission of high-voltage, direct current, and their implications for power supply and energy cost.
 TEC President Wilton J. Payne of Tahoka said that his report that electric cooperatives in Texas are seizing on diverse forms of power to assure electricity for their members. Energy sources cited by Payne included coal (lignite), nuclear, pumped storage and new hydro, and geothermal.
 In other key presentations, TEC General Manager Jim Morris discussed the association's functions and operations, and the TEC government relations department presented an analysis of issues projected to affect Texas cooperatives during the 1981 session of the Texas Legislature.
 Professional and support organizations of rural electric held educational and business sessions. These included the Texas Member Services Association, Texas Rural Electric Women's Association, and rural electric attorneys. At a special Rural Leaders Luncheon, 55 individuals with distinguished service to rural electric were honored. Delegates elected J.C. Roberts of Bellville to a second term on the board of directors of the National Rural Electric Cooperative Association.
 "Destroying the chigger usually does not stop the itching completely because the itching is caused by tissue reacting to the fluid injected by the chigger," he said. "Normally, two or three days pass before the itching stops. Temporary relief can be obtained by applying a commercial product that contains a mild, local anesthetic. Your pharmacist can suggest an appropriate product."
 Any unusual allergic reaction, fever or infection should be treated by a physician.
 Davis said that the spraying of large areas such as forests and campgrounds is impractical and that the repellents are your best bet for reducing chigger bites. He did say, however, that some home lawns, particularly those with Bermuda grass, may need chemical protection.
 "Light applications of sulphur dust on lawns or low branches or shrubs have been used successfully for years," he said. "But one of the newer sprays or powders that you can now buy from nurseries would probably do a better job."
 Davis said that if you think your backyard or picnic area is infested with chiggers, stand a piece of black cardboard on end where you suspect they might be.
 "If after a few moments you see tiny yellowish or reddish mites accumulating on the upper edge, you'll know it's time to check your supply of insect repellent," he advised.

Mary Carey Demands Passport Or Tax Refund

Mary Carey, Talkeetna author, demands passport or 50-year tax refund from Uncle Sam, beginning with the \$3,000 tax advance paid IRS April 11, 1980.

Mary's passport trouble began three months ago, when she walked into the Anchorage Post Office with a birth certificate, driver's license, Social Security card and other assorted statistical data, all of no avail because her birth certificate did not bear the state seal of Texas. Thus began the battle which has been waged through the mail and via phone from Alaska to Texas, Pleasant Hill

Homemakers Club to Have Picnic

The Pleasant Hill Extension Homemakers Club will have their annual family picnic Friday night at 6:30 at the home of M.D. and Twila Lee. All club members are encouraged to come and bring their families. For any additional information please call Neva Huddleston or Twila Lee.

Abilene Man is Kiwanis Speaker

B.J. Sims of the Greater Abilene Kiwanis Club discussed "Political Issues" in a talk Monday noon at the weekly luncheon of the Cisco Kiwanis Club. He is a doctor of political science and a veteran of 21 years as a teacher.

Mr. Sims said there has been a growing trend toward independence of voters rather than siding with either Democrat or Republican parties. He presented the major differences between Democrats and Republicans in a humorous way.

Mr. Sims and his son, Phillip, were guests at the luncheon. President Joe Wheatley presided.

Grand Jury Has Meeting Monday

An Eastland County grand jury returned 15 indictments after a one-day session Monday at the courthouse. One case was passed for further investigation. A list of the indictments will not be released until papers are served, District Attorney Emory Walton reported.

Dale Bakker of Eastland served as foreman of the grand jury with Mrs. Imogene Haun of Eastland as secretary.

Texas to Georgia, Atlanta to Seattle and finally to Washington, D.C.

"I've waged and won wars with two states, Texas and Alaska," declares Mary Carey. "The first, a prolonged fight, was for the rehabilitation of the Texas State Prison System in the 1930's. Her chronicle, a saga from the days of bank robbers Raymond Hamilton, Bonnier Parker and Clyde Barrow, won the National True Story Award in 1955. In Alaska she waged another war through the newspapers in 1966 for the completion of the Parks highway, which was seven years behind schedule. This story is told in her book, ALASKA, NOT FOR A WOMAN, which is autobiographical, telling of her many Alaskan adventures with the late bush pilot Don Sheldon, with whom she flew Mt. McKinley for the news media. Sheldon always declared her exploits, "NOT FOR A WOMAN", thus the title.

"Since I was born in Georgia and Atlanta refuses me a birth certificate," Mary states, "I am unable to procure a passport because Seattle refuses to honor my Texas certificate, even the one with the Texas seal, because it states very plainly that I was born in Georgia."

"If there are no records to prove that I was born and if I am refused the privileges of a U.S. citizen, why should I pay taxes?" asks the 67-year-old writer.

Now comes the suggestion, via phone from Seattle passport office, that Mary Latch Carey call her older sister, Lela Latch Lloyd (who lives in Cisco), and have her go before a notary and swear that she was born April 1, 1913 in Murray Co., Georgia to Mr. and Mrs. W.Z. Latch.

"If my own mother's

signature wasn't good enough in 1954 or 1957, while she was still alive, why should they accept my sister's affidavit now?" Mary asks. "I've already sent photostats from this same sister's book, a historical of north Georgia, which carries a photo of our mother and father on their wedding day, October 1, 1899. The jacket carries a photo of the two-story log cabin and names the Latch children who were born there, Mary being the sixth of seven children born in the same room of the house, which now has a historical marker in front proclaiming the role our parents and grandparents played

in Georgia's history. If they won't accept my sister's written word in a documentary, why should I ask her to go out in the 102 degree Texas heat for an oath before a notary when she's in her mid-seventies and just out of the hospital following an operation?"

Mary and her older sister, Lela, are both writers and both of them homesteaded in Alaska. Mary, widow of Dick Carey, who was given a Presidential Citation by John F. Kennedy, came to Alaska alone and homesteaded near the foothills of Mt. McKinley and later built a lodge at mile 135 on the Parks Highway. Lela followed and

homesteaded near Talkeetna after her husband, Emmet C. Lloyd, died. Lela's homesteading came after retiring from 37-years of teaching in Texas.

"I believe in America," Mary states, "and I know my birth certificate and passport will be granted, finally. But will it be in time for me to go to Asia with the Chugach Gem &

Mineral Club of Anchorage this fall. The "Reds" demand the time to check me out. My passport is six weeks late now. I've already paid the \$3,600.00 fare. Will I be forced to forfeit part or all of it? Again I am appealing to the President of the United States. I love my country and I still believe that the voice of the individual can still be heard."

GUESS WE should all chip in and send Mrs. Louise Cooper, secretary at Lawyer Billy Wright's office on vacation. For the past four years when Mrs. LC took off for vacation, the Cisco area received a good rain. The answer should be obvious, huh?

SIX LADIES of the Cisco Civic League went to San Antonio last weekend to demonstrate candle making at the 10th annual Texas Folklife Festival. Exhibitors and demonstrators take part by invitation only, so you can see that it was a real honor for the Ciscoans.

The Cisco demonstration featured the making of Rush Candles with Cat-Tails. Taking part were Bettye McGinness, Virginia Wheatley, Yvonne McMillan, Brenda Barney, Arlene Fry and Gus Smothers. Others visiting San Antonio during the weekend include several children and Dr. Allen McGinness and Joe Wheatley.

MR. AND MRS. Dick Collins, who are honeymooning this week in the Caribbean country, will doubtless be well acquainted with Hurricane Allen by the time their cruise ends. Mrs. Collins is the former Alta Dixon who headed the CJC cosmetology department for several years, and Mr. DC is a Midland oil man and CPA.

The Collinses were united in marriage July 27th at the First United Methodist Church in Cisco with only a few close friends and relatives in attendance. A reception followed at the home of the Jammie Frys. The Collinses will make their home in Midland.

MRS. HELEN Orr of the E.L. Graham Memorial Hospital staff reports that they're well pleased indeed with the help of the Cisco CofC and the donations of door prizes by Cisco merchants for the district meeting of the Texas Medical Record Association here August 9th. Some 40 counties are due to be represented.

Door prizes were provided by the Lemon Tree, Gazebo,

Heidenheimer's, Commercial Printing Co., Austin's Furniture, City Drug, Dean Drug, Philpott the Florist, and Merle Norman Cosmetics.

MR. TIM JONES, the CJC band prof, reports that he's almost ready for the fall horn blowing season to start. They spent two weeks in their travel trailer high in the mountains near Cloudcroft, N.M., and then he went to San Antonio to attend a band director's clinic.

At Cloudcroft, the Joneses enjoyed cool days and cold nights. The Joneses have finished putting down new tile floors at their home out on the Lake Road. And he has painted the woodwork.

RECENTLY, Mr. Jones was playing golf with a group that included Mr. Norman Huston, the old pro. When several of his shots weren't going just right, Mr. NH suggested "move the ball back about three inches and you'll have better results."

He did and the results were better. Later, Mr. NH hit a shot that missed its mark. And the Jones advice to him was "move the ball back about three inches and you'll have better results." And it worked.

THERE'S A new business out at the White Elephant Truck Stop and Restaurant. It's Me and Ken's Boots. The owners are Jimmy Madewell and Ken McCulloch. You'll want to notice their mail box - the one for air mail - across Highway 80 from the truck stop.

The new boot shop has over 850 pairs on hand - boots by Nacona, Justin, Hondo and Acme - for men, women and children. You'll be hearing more about it all when they're ready.

Ken will continue teaching law enforcement courses at CJC. Ken recently bought the Thompson Used Cars lot just north of the White Elephant. And he has sold it to Mr. Charles Hale of Arkmore, Okla., who is an oil operator with interests south of Cisco.

IT WAS THE weekend of

the Cisco Exes Reunion and they all gathered last Saturday afternoon at the home of the Wm. E. (Bill) Austins here. The group included the France Joneses of Odessa and their son and wife the Jeff Joneses of Fort Worth, the Les Shermans of Kerrville, the Howard Turners of Round Rock, Dr. and Mrs. E.W. Mince of Weatherford and daughters Karen and Weta Kay and sons of Hamilton and Newcastle, respectively, the R.A. (Bob) Hammetts and son John and wife of Dallas, the I.L. Bradleys, the Jesse Cassles and the Felton Underwoods of Abilene.

The group went to the Colony Restaurant for dinner Saturday night, and they ate Sunday lunch at the White Elephant Restaurant. They're all former members of First Baptist Church here and filled up two pews at that church Sunday morning.

MR. FRANK Young, who supervises the city water department, received a "well done" from a group of business and civic leaders who went out to Lake Bernie Monday and inspected the work he and his crew did to send the water from there into the creek to Lake Cisco. They opened the Bernie gate, fixed a drainage place on the road just back of the dam, and water was flowing.

Mr. Ed Farley and Mr. Doug Fry, who were among those going out, said a good job was done and that if and when it rains Lake Cisco's watershed should be some 25% bigger. They predicted the Bernie water would drain for several days before getting too low. Anybody who has seen Lake Cisco lately knows the water is needed there.

THREE CISCO golf teams took part in the Baird-Clyde tournament last weekend. Bennie Nichols and Mike Thiberville finished 4th in the championship flight, J.L. Stafford and Mike Simmel finished 3rd in the 2nd flight, and Bobby Smith and Ralph Glenn finished in the 1st flight. There will be a scramble tournament at the Cisco Country Club this Saturday. Sign up by 1 p.m.

Golf Scramble to Be Saturday at Country Club

There will be a golf scramble at 1:00 p.m. Saturday, August 9, at the Cisco Country Club, it was announced.

Look Who Has Arrived
On August 4, 1980 Jericho Ray arrived at Eastland Memorial Hospital, weighing 8 lbs. 9 oz. and 19 1/2" long. I have black hair and dark eyes.

My parents were there to welcome me. They are Tommy and Yvonne Williamson.

I have some special grandparents also, they are Mr. and Mrs. Howard Wilson and Mr. and Mrs. C.W. (Dub) Williamson. Oh yes and don't forget my great-grandmother Mrs. Juanita Stedum.

ATTENTION CISCO ISD PROPERTY OWNERS

The Cisco ISD Board of Trustees wishes to take this opportunity to explain the adjacent notice which is headed Notice of Tax Increase.

The Board has previously announced a proposed tax reduction or cut for 1980 and still intends to reduce the rate. The adjacent ad which is required by recently passed tax legislation would indicate that local property owners will have an increase in their taxes for 1980. THIS IS NOT THE CASE; the 15% increase indicated is not above the 1979 tax rate; but above a maximum rate calculated by the school tax assessor in compliance with present state law.

The actual tax rate for 1980 will be set by the Board of Trustees in their August meeting. The rate set at that time will be a DECREASE in the rate from that of 1979 and will result in a lower dollar and cent amount due for 1980 from property owners of the Cisco ISD.

Two examples of the tax amounts due for 1980 are shown below:

Example A: \$20,000 property in 1977 Tax due \$197.60
\$20,000 property in 1980 Tax due \$182.00

Example B: \$10,000 property in 1977 Tax due \$98.90
\$10,000 property in 1980 Tax due \$91.00

The Board of Trustees hopes that this explanation has been beneficial to you as a property owner of the Cisco ISD and that you will contact the school tax office if you have any further questions concerning the notice.
