## THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

TWENTY-FIFTH YEAR, NO. 24

MULESHOE — COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, JUNE 12, 1947

### Mr. Muleshoe

It is hard to believe, more difficult than if you were there, some of the stories of strange happenings in the Texas storm area. Such things, for instance as the iron skillet, turned wrong side out by the cyclone; two workers, snatched from one of the few remaining buildings, conducted into the street, one taken into the air and deposited head down so gently he thought he was being placed on a mattress of goober feathers; the other carried a quarter mile and deposited gently on his feet. Such things as the cyclone reaching in as if a mighty arm, selecting two women of a group taking refuge in a basement, the victims going to their death in opposite directions, others there remaining unharmed. Such things as a windmill being torn from its anchor posts, the sucker rod broken, and being carried a half mile, deposited without further harm in the proper position and its wheel continuing to turn as if pumping water. Man seems a pretty puny affair when he gets mixed up in something like this. Somehow it brings to mind what the poet wrote:

God moves in a mysterious way,  
His wonders to perform;  
He plants His footsteps on the sea,  
And rides upon the storm.

This column has often berated the good people of Muleshoe because they all seemed so busy they didn't have time to stop and pass the time of day with a fellow. The writer therefore was slightly embarrassed to hear C. W. Grandy, who recently moved here, say that our people seemed more friendly and appeared to take things more leisurely than those in the town he came from. He said business men here seemed willing to take the time to finish a conversation however long it takes; but that in towns where he has lived there was a definite limit to the length of an abstract discussion. Maybe Mr. Grandy is a better listener or has more to say that's worth listening to, maybe that could have something to do with it. Anyway, we are glad he feels as he does.

Incidentally, Mr. Grandy says that Muleshoe's good reputation is spreading rapidly. People he conversed with along the road here are already aware of the Muleshoe situation, volunteering favorable comment about the town and surrounding country.

Of course, said our new citizen, we have sidewalks everywhere in our former home town. There are many things already developed, already built, that we can't have in Muleshoe. How could it be otherwise? Muleshoe, as town's ages go, is an infant, only a little over 20 years old. Blair is 80 years old. I can see the roots of permanency here deepening rapidly, spreading here getting a firm hold in the last ten years. Time is an indispensable element. Muleshoe will have all these things, and let me say that I have never seen yet the perfect (Continued on back page)

### Boy Scouts Are Back From Trip

Muleshoe Boy Scouts returned home Friday from a week's trip to New Mexico. Twenty three Scouts, led by Clyde Holdridge, Scoutmaster, Lee Pool and Lowell Young, assistant Scoutmaster, and Bill Sybert, senior patrol leader, made the trip.

The boys left here in a school bus Saturday morning, May 31. They spent the night at Roswell and the next day went to Carlsbad, where they witnessed the famed flight of the bats from the Caverns. The next day they went through the caverns, holding a court of honor in the caverns during which eleven tenderfoot badges were presented, and Bill Sybert received his Eagle badge.

They then returned to Roswell and were guests in a 30 minute radio program during which patrol leaders were interviewed. After that they went into camp at Ruidoso for the remainder of the time. The boys, under the leadership of Mr. Holdridge, conducted their own church services on Sunday morning they were out.

Scouts on the trip were: Doyle Evans, Junior Benson, Glenn Berry, Marvin Waggoner, Marion Waggoner, Marion Allen, O. W. Floyd, Laddell Bowen, D. O. Loran, Jimmy Scarborough, D. T. Garth, Edwin Willford, Claudy Ray Welch, Wayne Holmes, Pete Collins, Billy Willis, Billy Joe Whalin, Donny Cox, Earl Nichols, Jimmy Dale Beller, Carl Sneed, Carter Taylor, Rodger Pool and Buddy Pool.

### Muleshoe Fair Dates Are Set

A two day fair for Muleshoe the latter part of September is planned this year, Glenn Rockey, spokesman for a fair committee composed of local business men told the Chamber of Commerce at its meeting Friday.

The group had decided to use a tract of ground just east of the city limits, he said. Jesse Osborn will build a warehouse there and the fair will use this building for a part of the exhibits, it is planned.

Details will be announced at a later date.

### Supt. Home Mission Work To Appear At Local Churches

Dr. Paul C. Bell, Superintendent of Southern Baptist Home Mission Work in the Republic of Panama, will spend several days in the West Plains Baptist Association. He has been scheduled to speak at the following churches:

In case there are changes in the above schedule or if other churches desire the services of Dr. Bell, please contact A. W. Blaine of Muleshoe at your earliest convenience.

### ARMY RECRUITER TO BE IN MULESHOE

T-Sgt Leon A. Reynolds, U. S. Army recruiting sergeant from Clovis will be in Muleshoe from 9:00 a. m. to 4:30 p. m. on Wednesday, June 18. He will be located in the post office and will interview all ones interested in finding out questions about the army. All seniors should remember that if serving with the Armed Forces.

Watch out for stakes on farm-to-market roads.

### Bond A Month Plan Explained

"Where you work - where you bank - buy U. S. Savings Bonds" will be the theme of the U. S. Treasury's June-July promotion of the sale of U. S. Savings Bonds.

The promotion will introduce nationally the Bond-A-Month Plan for bank depositors with Banks throughout Texas participating in the plan. Under the plan, which is intended to reach farmers, ranchers, professional men and women, self-employed persons, small business men and others, the depositor authorizes the bank to issue bonds to him monthly. The purchase price is charged against the depositor's checking account and the bonds are delivered by the bank each month.

"Too much emphasis cannot be placed on the value of U. S. Savings Bonds as an investment," according to an announcement on the June-July promotion by Nathan Adams, Dallas State Chairman of the Texas Advisory Committee on Savings Bonds. "These securities are backed by the full credit of our nation, the return is stipulated and guaranteed without risk of market fluctuations. The widespread ownership of Savings Bonds creates financial reserves at a time when our national income is the highest in our history, thus building a backlog of purchasing power when the buyers market has returned in full. "City dwellers and farmers alike need financial security. The Bond-a-Month Plan offers an ideal way for the farmer, the rancher, professional people and small business men to invest regularly and build a reserve for emergencies for future use or for retirement."

The Bond-a-Month Plan is a service offered by the nation's banks. Texans invested a grand total of \$240,000,000 in U. S. Savings Bonds in 1946, with 2,450,000 Series E Bonds issued representing \$171,000,000 of the total.

During the first four months of 1947, the Texas total of U. S. Savings Bonds purchased amounts to \$82,855,900 with a total of 54,735,000 in Series E Bonds. The national total for the same period is \$2,852,000,000.

Texas has a state goal of \$30,000,000 in all Savings Bonds during the June-July promotion, which is pointed at spreading the national debt among the greatest possible number of citizens in the Treasury's debt management program.

### Grandy Family Are New Citizens Of Bailey County

Mr. and Mrs. C. W. Grandy, their son, Marvin and daughter, Barbara, are now full fledged citizens of Bailey County, having moved here from Blair, Nebraska, to operate their farm northwest of Muleshoe.

Mr. Grandy has for many years been superintendent of schools at Blair, and has spent 21 years in the profession. He says he is enjoying the comparative freedom of the farmer.

Marvin will attend Tech College, Lubbock, this autumn, and Barbara will be a sophomore in Muleshoe high school. The Grandys are Methodists.

Their farm lies a mile south of Progress. While they are building their new home on the farm, the Grandys are temporarily quartered in the house on the Brown place, just west of town.

### FORMER RESIDENT ILL

Alton Lane, two and one-half-year-old son of Mr. and Mrs. G. W. Lane is in the Los Angeles hospital with polio. Mrs. Lane is the former Genevieve Day of Muleshoe. He lived at Earth several years.

### TO SHRINE MEETING

A regular meeting of Khiva Shrine Temple, Amarillo, Wednesday night was attended by Bill Collins, Morris Childers, Jesse Osborn, Earl Ladd and R. J. Klump, all of Muleshoe.

Mr. and Mrs. George Johnson and Jos Mack Wagoner were vacationing and fishing around Junction last week.

### Summer Program To Begin Friday

All boys and girls of Muleshoe are reminded to report at 6 o'clock for the beginning of the school Friday afternoon at the Lions Club's summer recreation program.

At the same time, a call has gone out for adults who will assist in directing the play of the youngsters during the summer vacation.

Men and women are wanted to help with this program.

Several hundred dollars worth of equipment is on hand to use in the program, including softballs, basketballs, tennis table tennis, and volley ball equipment.

The Lions have gone to considerable trouble to get this program started and they are hopeful for a big turnout Friday to start the ball rolling.

### WOW Lodges Will Meet At Littlefield

FARRAR NEWBERRY

Littlefield-Farrar Newberry of Omaha, Nebr., national president of Woodmen of the World Life Insurance Society, will be the honored guest of the Littlefield WOW lodge Friday night, June 27.

WOW lodge members from throughout the Plains region are invited to attend the program honoring Newberry, who will give the principal address of the evening.

From 8 until 9 o'clock, the degree team and officers of the Littlefield lodge will put on degree work for members of the visiting lodges.

At 9 o'clock, the meeting will be thrown open to the public in the high school auditorium. Art Chesher, mayor of Littlefield, will give the welcome address. The Littlefield high school band will give a musical program.

George Hine of Abilene, state WOW manager, will attend the program, as will all other officials and guests from all over the state.

### Workers To Meet At Earth Church

A large number of representatives of the various Baptist churches of the West Plains Baptist Association are expected to attend the Workers' Conference to be held in the First Baptist Church of Earth Friday, June 20.

The following program for the all day session has been announced. Theme: Evangelism in Missions. 10:00 Song service and devotional, Earth Church; 10:15, Evangelism in V. B. S., John Cory; 10:40, Evangelism in the "Great Commission", W. L. Brien; 11:05, special music and announcements, Earth Church; 11:15 Dr. Paul C. Bell, Panama; 12:00, noon, Food and Fellowship, all present; 1:30 W. M. U. and board meetings; 2:10, song service; 2:20, business; 2:30, Sermon, J. E. Moore.

### MULESHOE CLUB WILL HOLD BAKE SALE

The Muleshoe Home Demonstration Club will hold a bake sale in the Burkhead Real Estate office, here Saturday, June 14 beginning at 8:00 a. m. and lasting throughout the day.

The ladies of the club invite everyone to see their pies and cakes. Proceeds will go for the work of the club.

### Former Muleshoe Boy Is Killed

Robert Dwight Hester, 11 year old son of Mr. and Mrs. D. O. Hester of Lubbock was killed last Monday night when he ran into the side of an automobile on the Slaton highway near his home. The Hesters moved from Muleshoe a few months ago. He had operated McCormick's store here about two years.

The child and a playmate, A. W. Weddell, were on the north side of the highway, when the Hester child attempted to cross the road, striking the right hand side of a 1938 Ford coupe, being driven west by Jim Wilson Lester, 18, of 713 Avenue B, according to information secured by state highway patrolmen.

### Hits Side Of Car

The door handle of the coupe tore into his chest, on the left side, piercing his heart. The car, according to information gathered by investigators, was traveling at a moderate speed, about 30 to 35 miles per hour.

It was believed that the child was watching two oncoming cars, planning to cross the highway immediately after the first car, the one driven by Lester, had passed. Apparently, the boy misjudged the time it would take the first car to pass, persons at the scene believed, and started running across the road too soon, striking the car.

Other than the parents, survivors include two sisters, Sherry Lee Hester and Oma Marcelene Hester; a brother, Mico Doyle Hester; grand-children, Mr. and Mrs. R. P. Green of Portales, N. M., and Mrs. Ella Hester, Silverton.

### Fills New Office

ANDREW Q. ALLEN

The selection of Andrew Q. Allen, assistant to the administrator of Baylor University Hospital, to head a newly created office of director of public relations for the Baptist General Convention of Texas was announced Tuesday by Dr. J. Howard Williams, State Baptist leader.

The decision was reached at a meeting of the State Executive Board of the Convention in Dallas.

### Hospital News

Lesly Fine, son of M. L. Fine of Baileyboro, spent a few days in the hospital under medical care.

Mrs. W. B. Wagoner spent a few days in the hospital under medical care.

Juanita Allen, underwent a tonsillectomy this week.

Billie Carroll White, infant son of H. M. White is in the hospital under medical care.

Mrs. Jim Burkhead is in the hospital for medical care.

### Conrad Williams Delivers First Load 1947 Wheat To Muleshoe Wednesday

### Owners Are Being Signed For Paving

Two representatives of the Panhandle Contracting Company, which will pave Muleshoe streets and highways are in the city now making final preparations for an early beginning of actual work, city officials said today.

John Dalrymple, veteran paving man of the company, and Bob Moxley are here to get papers signed by property owners along roads and streets where paving will be done.

The latter said he expected to be here a month. He was here on behalf of the company nearly all of last summer, while the additions and changes were being made to the Muleshoe water and sewer system.

The company expects to complete the work here before cold weather sets in, it was said. Twenty-two blocks of city streets are to be paved and highways within the city limits are to be widened, and curbs and gutters laid.

Notice of assessment of proportionate costs is being published in The Journal this week.

### Rep. Holt Suffers Stroke At Austin

I. B. Holt of Olton, representative from the 120th District, suffered an apoplectic stroke during the morning session of the House of Representatives at Austin Wednesday of last week.

His left arm is said to have been left helpless for a time, but he is regaining use of it.

Representative Holt returned to Olton recently and was accompanied back to Austin by his wife and family, and had only returned when he suffered the stroke.

### Ribble Becomes Tatum Minister

Minister S. A. Ribble, who has been pastor of the Muleshoe Church of Christ the last two years, moved this week to Tatum, N. M., to accept the pastorate of the church there.

He and Mrs. Ribble departed Tuesday. He had preached his last sermon for the congregation here Sunday, and Monday night, members of the congregation tendered him and Mrs. Ribble an ice cream supper on the church grounds in farewell.

The church at Tatum is a strong one, Mr. Ribble said, there is a nice church building and minister's home.

The Ribbles expressed their keen regret at leaving Muleshoe, where they have enjoyed their work in the community. Mr. Ribble, a long time Texan, said he may continue to call Muleshoe home, just to be still a citizen of the Lone Star State.

### Junior Legion Team Lines Up

The American Legion Junior baseball team sponsored by Ben Richardson Post of Muleshoe have been practicing for several days, now have their new blue and red uniforms, and are ready to cross bats with all comers, Houston Hart, their coach announced today.

He listed the following players on the Muleshoe squad: Herbert Griffiths and Jerry Julian, catchers; Carter Taylor, Moeck Ragsdale, and Bob Precure, pitchers; Jimmie Clements, third base; Don Barnett, short stop; Gene Harvey, first base; Bill Barbour, second base, Bobby Wallace, Robert Barnett, Jack DeShazo, Jim Johnson, Coly Duncan, Weldon McCarty and Fred Harvey outfielders.

The team was awaiting word on a game with the Lubbock Legion junior team, tentatively scheduled here for Friday afternoon.

The team works out daily on the Legion Field west of town. Their regular league schedule will begin June 18.

### BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

Application for Soil Conservation Service assistance were made by H. C. Ward and E. D. Richardson. Topographic surveys have been completed on 160 acres for Walter Ramm, on 480 acres for Grady Childers, and 160 acres for W. G. and J. E. Dublin.

Please watch out for engineers' stakes along farm to market roads.

Conrad Williams, up and coming farmer of the southwest part of Bailey County, brought the first load of 1947 wheat to Muleshoe Wednesday afternoon. Sold at the King Bros. elevator, the wheat tested 61 pounds and had only 11.17 per cent moisture. Mr. Williams has a large acreage, about 1800 acres.

Other growers are tuning up their combines and several will be cutting by Saturday. Boone Allison, of the Lariat Elevator, received a load of new wheat as early as Tuesday. It is reported, but name of this grower was not learned here.

Four Muleshoe elevators have announced ready to receive wheat, expected to start rolling into Muleshoe the latter part of the week. Muleshoe Elevator, operated by Bill Moore; S. E. Cone Grain & Seed Company, Roy Jordan, manager; Ray Griffiths Elevator, Ray Griffiths and son, C. C. Griffiths in charge; King Bros. Grain & Seed Company, managed by H. D. and Bob King, are "prepared for action" when the combines start humming.

If warm weather that prevailed the first part of the week, continued, many fields were expected to be ready to cut by the coming Saturday.

Wheat all over the country appeared about to ripen at the same time, presenting a big job for available combines.

### COMBINES AVAILABLE

Combines are coming into the Texas wheat area from northern states and Canada. County Agent J. K. Adams said any grower who foresees the need for outside combines should communicate with him. He will notify J. B. Kidd, Plainview, who is directing the combine movement, and have some of these machines routed through this county, if they are needed.

able combines to handle all the acreage, probably the largest in the history of this immediate territory. Newspapers Sunday reported that combines headed for Texas from points as far away as Canada, where the harvest is somewhat later than it is here.

The crop is universally good all over the Plains country. Some unusually high yields are indicated.

Below the Caprock, harvest has been in full swing and around Haskell and Olney should be about completed. Good yields of high quality wheat have been reported from that territory. Combines finishing there are to be moved above the caprock to help with the tremendous acreage here.

Bailey County likely will produce the biggest wheat crop in its history, because of the unusually large acreage in the south and central portions. Good yields are predicted for these parts of the county.

### ANNUALS ARE HERE

High school annuals have been received. Supt. W. C. Cunningham announces. He said that those interested may obtain copies by coming to the high school office any morning this week between the hours of 8 and 10 a.m.

### LOCAL BOWLING TEAM IS MATCHED FOR FRIDAY

A bowling team, representing Whistler's Bowling Alley will play the Plainview Coca Cola team, there Friday, June 13.

The local team is composed of Bill Jim St. Clair, J. Lewis Morris, H. L. McDaniel, W. E. Young, "Lefty" McWilliams and Lowell Young.

### OVERSEAS RELIEF BOX BEING PACKED BY WSCS

The women's Society of Christian Service of the Methodist Church is packing a box for overseas relief and invite all who have good warm used clothing and shoes not needed to bring them to the church by Monday, June 16 or contact Mrs. Clay Beavers and arrangements will be made to call for them.

## Marble Pie Easy To Stir Together

There's no difficulty whatever in keeping a supply of baked goods on hand these sugar-short days, once you start using prepared pudding mixes as sugar-stretchers in the baking job, writes the Country Cooking editor of nationally circulated Capper's Farmer.

Marble pie is just one instance of how easily an ovenful of delicious desserts requiring no sugar can be stirred together when these mixes are used, she tells farm homemakers.

### Marble Pie

1 pkg. chocolate pudding mix 1 pkg. vanilla pudding mix  
3/4 c. milk 1 baked 9-inch pie shell

Using only 1 1/2 c. of the milk to a package of pudding, prepare each one individually according to directions on the box. Cool to lukewarm. Put into pie shell in large spoonfuls, alternating light and dark puddings. Then with a knife cut thru filling with a wide zigzag motion; repeat in opposite direction. Chill.

## If you're NOT on a payroll... READ THIS!

• To businessmen, farmers, professional men, who are not on a payroll and who have a checking account:

Now you can buy U. S. Savings Bonds easily, automatically on the Bond-a-Month Plan

Now you can build a sound financial program based on regular, systematic savings, just as millions of wage-earning Americans are doing on the Payroll Savings Plan.

The Bond-a-Month Plan is simplicity itself.

You authorize the bank in which you have a checking account to buy U. S. Savings Bonds for you.

Every month (or as often as you wish) the bank will buy a Bond in the amount you specify.

They will register this Bond in your name, send it to you, and deduct the purchase price from your balance.

There is no charge for this service. And there's nothing you have to do... except sit back and watch your savings pile up.

It's the ideal way to build an estate. To create an emergency fund. Or to prepare for your retirement. \$75 a month saved in Bonds now will bring you a cash income of \$100 a month in just 10 years.

So see your banker today, sign up on the Bond-a-Month Plan. It's the easy, sensible way to build a sound financial future for yourself and your country.

FARMALL CUB FOR PLANTING CORN—Of interest to farmers growing corn is the new Cub-172 planter with corn hopper and fertilizer attachment, shown above drilling corn. A similar planter is available for planting cotton and other row crops in the South.

New Farmall Is On Display

Volume production of a new, small, low-cost tractor, and a full dealer for International Harvester

line of matched implements, which will provide economical and practical as well as complete mechanization for the small farm operator. has just been announced by International Harvester Company, Local

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

Designed specifically for operators of truck gardens, orchards, Utilization of the Farmall Club, the company stated, will make modern farm tractor power, heretofore considered commercially profitable in general farming only on farms having over 40 crop-acres, available with comparable economy and efficiency to approximately 3,000,000 farmers having small crop acreages.

Produced at International Harvester's Louisville, Kentucky, works formerly the Curtis-Wright plant, the Farmall Club is being introduced into the Farmall tractor line in response to the desire of the small acreage farmer to complete on a more comparable basis with farmers of larger tracts.

A full line of implements, engineered for every region, are being produced at various company plants for use with this new tractor. They are: One and two-way moldboard

The program chairman was unable to be present and the ladies discussed routine business with Mrs. Curtis Spivy in charge of the business session.

The hostess served refreshments to Mesdames Curtis Spivy, Jim Cox, Jim Burkhead, Deima McCarty, Marty Ezell, Miss Elizabeth Harden and one visitor, Patricia Butts.

The next meeting will be with Mrs. Pat R. Robo, Monday, June 23.

## Holland-Jernigan Engagement Is Announced Here

Mr. and Mrs. Roy Holland entertained with a breakfast Wednesday morning at 9:00 announcing the engagement and approaching marriage of their daughter, Gwendolyn to Vernon Jernigan, son of Mr. and Mrs. P. E. Jernigan of Muleshoe.

Tiny napkins with Gwen and Vernon inscribed on them gave the date of the wedding.

The breakfast table was decorated with a lovely centerpiece of pink roses, larkspur and other cut flowers were used throughout the house. Pastel pottery was used for the table service.

Mrs. Holland was assisted by her sister, Mrs. Ira Howard of Midland. Guests for the occasion were Mesdames: J. R. King, Pete Jenkins, P. E. Jernigan, Misses: Jimmie Wollard, Earlene Jeter, Frances Williams, Billie Brown, the honoree and the hostesses.

## Baileyboro Club

The Baileyboro H. D. Club met Tuesday afternoon, June 10 in the home of Janie Moraw, with five visitors, four members and the demonstration agent present.

We studied the how and why of commercial patterns. "Study the pattern and grain of the material first then pin on the pattern and cut," Mrs. Williamson said. A round table discussion was on patterns.

There were not enough present for a business meeting.

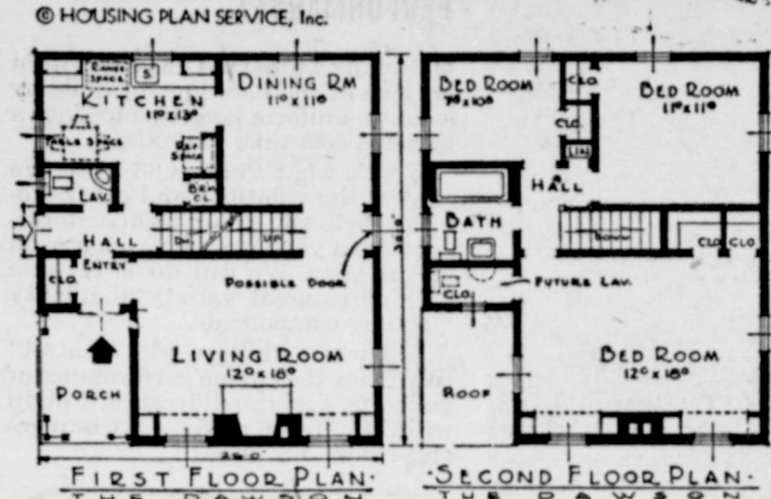

The hostess gift was presented to Mrs. Jackie Davenport. It was 75c. The next meeting will be in the home of Mrs. Elizabeth Myers Tuesday, June 24.

The following visitors were present: Mesdames Sadie Howard, Alta Long and Jackie Davenport, Misses Margie Garth and Margaret Underdown; members present were Mesdames Helen Schmitz, Minnie Underdown, Elizabeth Myers, and Janie Moraw.

## ENJOY FISH FRY

The Southwestern Public Service "bunch" enjoyed a fish fry Saturday evening at the home of Mr and Mrs. Dick Blackshear, frying a number of channel catfish Dick had caught in Buffalo Lake. "Spud" Thomas, Mr and Mrs. Lester Hammons, Mr. and Mrs. Weldon Winn, Mr and Mrs. Roy Holland, Miss Jimmie Mae Wollard, Mrs. Pete Jenkins, Mr and Mrs. Blackshear and son, DuWayne, and Mrs. Susie Blackshear.

Mrs. Irvin St. Clair is in Brownfield this week managing the St. Clair store there.

**THE DAWSON**  
White clapboard in combination with red birch has for long been a favorite device of architects to achieve style; the two story, six room house has for long been the favorite of home builders. In The Dawson, these two old time favorites have been combined in a design that leaves little room for improvement. The perfectly square house has the least amount of walls and roof per square foot of floor area and therefore costs less than do rambling plans. The Dawson, 26 feet by 30 feet, manages to approximate the perfect square and yet retains its pleasing lines. It has nothing of the top heavy, boxy appearance that characterizes so many small, two story houses. Cubes approximately

**Longview Club**  
The Longview Home Demonstration club met Tuesday, May 20, in the home of Berta Kitchens. There was a short business meeting. Mrs. Gladys Dorsey gave the Council report. The hostess gift was received by Mrs. Kathryn Buzard. Cookies and punch were served to: Oleta Buzard, Naomi Black, Ima Griffing, Gladys Dorsey, Kathryn Buzard and the hostess, Berta Kitchens.

**Mealtime Magic**

**COFFEE CAKE DOUGH**

Breakfast can become one of the most pleasant affairs of the day when it's spiced up a bit with one of the many variants of Coffee Cake Dough

1/4 cup warm water  
2 cakes yeast  
1 cup cold water  
1 cup milk  
1/2 cup sugar or honey  
1/2 teaspoon cinnamon  
1/2 teaspoon allspice  
7 cups enriched flour (about)  
1 teaspoon salt  
3 eggs, beaten  
1/2 teaspoon cumin  
1/2 teaspoon allspice

Crumble the yeast into warm water; set aside to soften. Bring water and milk to boiling, then remove from heat at once. Add sugar or honey; add shortening and margarine; stir until melted. Cool to lukewarm. Add 2 cups of the flour; beat until smooth. Set in warm place (never hot) to rise to double its bulk. Add eggs, salt and spices. Mix well. Add remaining flour or sufficient amount to make a soft but not sticky dough. Turn out on floured board and knead until dough feels "elastic and spongy" to touch. Return to well greased pan or bowl, cover with clean cloth and again place in warm place to rise to double its bulk (about 2 hours when 2 cakes of yeast are used. If dough is made up to rise overnight, then use only one cake yeast). When light, punch down and shape as desired for sweet buns, tea ring or coffee breads.

For other taste-tempting recipes write today for your free copy of the new two-color, 32-page recipe booklet, "Mealtime Magic," to National Cotton Council, Box 18, Memphis 1, Tenn.

**Mrs. Ted Allen Died Wednesday**

Mrs. Ted Allen, 43, passed away at 2:30 Wednesday afternoon at her home, 6 miles west of Muleshoe. Mrs. Allen recently underwent surgery and apparently was recovering satisfactorily. She was permitted to return to her home about three days before death came.

Mrs. Allen is survived by her husband and a daughter, Mrs. Hazel Harmon, who resides in California. Funeral services and interment arrangements today were pending arrival of relatives.

The Allens came here in April of last year and resided on the Jim Cook farm. They came here from Sweetwater, Okla.

Steed Funeral Home is in charge of arrangements.

### Farm Notes

#### INTEREST IN LEARNING GOOD CROP METHODS IS INCREASING AMONG 4-H

Seventy-five counties in Texas named medal winners in the 1946 National 4-H Field Crops awards program, as compared with thirty-five in the preceding year. The nation-wide total last year was 880 counties in 43 states, as compared with 733 in 42 states in 1945. Forty-four states are taking part in the

program this year, G. L. Noble, director, National Committee on Boys and Girls Club work, has announced.

"These gains reflect the growing interest among farm youth in learning also receiving efficient crop production methods," Noble stated. "By taking part in the 4-H field crops program, they also receive special training in selection of seed and the most proficient use of available farm machinery."

In addition to county recognition of superior records in 4-H crop production, awards are provided by In-

ternational Harvester on state and national levels. The state winner receives an educational trip to the National 4-H Club Congress in Chicago. Four state winners are selected for national honors, each receiving a \$200.00 Fowler McCormick scholarship.

Last year's state winner in Texas was Harris Hill of Garland, who also won the national award.

#### MILK PRODUCTION IS CATCHING UP

Milk production is beginning to catch up with consumption in parts of the Cotton Belt. Dallas, Texas for example, has banned the sale of recombinant milk which during wartime supplemented local supplies. This suggests the importance of increasing feeding efficiency and reducing production costs in dairying.

Increasing popularity of grain sorghums in Alabama, South Carolina and other Southern States is a trend likely to have an important influence on cropping and livestock feeding programs. Grain sorghums have about the same feed value as corn, are easily handled with machinery and stand drought better than corn. H. A. Woodie, South Carolina agronomist, points out.

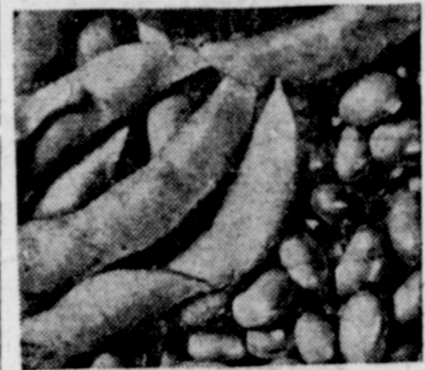

#### Soybeans Will Hold Own if Given Chance

##### Industry Making Real Demands for Big Crop

Since America's pioneer soybean processing plant began operations in 1922, soybeans have become a byword in agriculture and industry, ranking as the nation's fourth largest cash farm crop.

Soybeans, when processed, enter largely into three fields of use—farm, home and industry.

Farmers know soybeans as a crop which can be planted late, if neces-

Soybeans ready for the processor.

sary, and which brings comparatively high return per acre. They know soybeans, also, as a superlative source of protein concentrates for use in livestock and poultry rations.

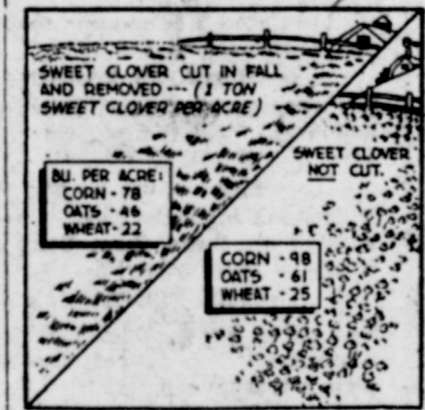

Products made from soybeans go into hundreds of food items. Soybean oil is used in production of about 50 per cent of all shortenings. More than 40 per cent of all margarines are made from soybean oil. The soybean oil produced from nearly 1,500,000 acres is used in making margarines.

One of the subsidiary uses for soybeans is the field of medicine, where soybean oil is used as a carrier in capsule-packaging of vitamins.

The health-giving value of soybeans long has been recognized by the farmers of health foods. These things are secondary to the farmer. Yield and profit per acre and use of soybean oilmeal as a feed have been the farmer's first consideration. If the production of soybean is to continue to increase, all uses of soybeans must be developed and expanded.

#### SHORTCHANGE SOIL

The benefits of clover depend on how much nitrogen and organic matter it produces, and how much of those materials is returned to the soil as clover or as manure. When sweet clover is cut in the fall and removed from the field the resulting loss in nitrogen and organic matter reduces the yields of crops following in the rotation. When clover is not cut, those yields increase. The

above chart illustrates results of crop rotation tests at the Carthage soil experiment field by University of Illinois agronomists. In a three-year rotation of corn, oats and wheat, sweet clover was seeded in the wheat and plowed under for corn the next spring. On one plot the stubble sweet clover was cut in the fall and removed. On another plot the sweet clover was left uncut. Both plots were plowed the following spring. The effect on yields of corn, oats and wheat following on each plot is summarized above.

#### New Type Spray Oil For Fruit Trees

A new superior type oil for use in dormant sprays for fruit trees has been developed by Geneva experiment station. The new type oils are said to be more effective and to be safer to use on fruit trees. It is estimated that 25 million gallons of oil are used annually throughout the world for horticultural sprays, sufficient to make about a billion gallons of dilute spray.

#### New Machine Aids Deep Fertilization

A machine capable of placing fertilizers at plow-sole depth and covering as high as 30 acres a day has been developed by an Illinois farmer. Fertilizer placed at root depth in the soil or in the bottom of the plow furrow has been gaining advocates at a rapid pace. The present slow method of application has delayed its general application. It allows late season application after weather has become settled.

#### HOLSTEINS IN THE RUNNING

L-Jaicie Corna Starlight, a seven year old Holstein cow, is the first of her breed in Texas to produce as much as 1,000 pounds of butterfat in a year's time.

The Holstein Friesian Association has informed Extension dairymen of Texas A. and M. College that the cow, now on the Neale farm near Waco, produced 27,408 pounds of milk and 1,087.3 pounds of butterfat in 365 days, on three-times-a-day milking.

The new record makes Starlight the highest butterfat producing Holstein in Texas, and second highest

producer of all breeds in the state. Texas' butterfat champion is Welcome Volunteer Sable, a five year old Jersey owned by J. Chester Eliff, of Tulla. Last January, Sable completed a record of 1,144 pounds of butterfat to top all breeds in the state.

#### HUNKE IS BACK FROM NAVY

Ensign Lloyd A. Hunke, USNR is visiting his mother, Mable L. Hunke and his grandmother, Mrs. Emma Stotts of Muleshoe and relatives in Oklahoma.

He enlisted in March 1943 and will soon be discharged.

He has enrolled at the University of Oklahoma to continue his studies.

WITHIN 10 YEARS one of every 17 who mortgage their homes when they are 25 years of age die; one of every nine who invest at age 25; one in every five at age 45. A mortgage must be paid.

## He's Taken the Mortgage Out of Her Budget

Home is more than a house and lot to these people. It represents an investment... security... the right neighborhood... good schools and transportation. It is the foundation of family happiness. So, he has taken the mortgage out of her budget, with Southwestern Life Insurance. He will pay the mortgage if he lives; Southwestern Life Insurance will pay it if he doesn't.

More than that: his Southwestern Life Insurance will give his wife a monthly income, enabling her to live in the future as she now lives—comfortably.

What about your home? It's the place where you want your wife to live—that home of yours... the neighborhood where you want your youngsters to grow up. But could they continue to live there, if you were taken out of the picture? You and your wife both signed the mortgage on your home, and the mortgagee will look to her for completion of the payments when you're gone. Have you made it possible for her to meet those payments in full?

Southwestern Life Insurance offers a certain, easy method of solving that problem. Through it, you can leave your family a debt-free home, and take the mortgage out of their budget. You can pay for it on convenient terms, monthly, quarterly or annually. Without obligation, ask for an analysis of your family's home protection needs today. The low cost of the plan will please you.

### Sidelights From Washington

By GEORGE MAHON

Friends of the Army Air Forces and the cause of national defense won a victory in the House of Representatives last week which will be a warning to the world that the United States is not planning to surrender her position as the world's greatest air power.

The controversy over U.S. air power arose when the Appropriations Committee, the Committee upon which I serve, slashed \$40,000,000 from funds recommended for purchase of new airplanes. The request for the funds had been made of Congress by the Chief of the Army Air Forces, the Secretary of War and the President. The Committee then requested the House to approve the slash.

In Committee, I had offered an amendment to restore the airplanes which had been denied but I was overwhelmingly defeated. When the bill came up in the House of Representatives I took up the fight again, re-offering the amendment to restore the funds for the airplanes. The Republican leadership fought the amendment and the question was heatedly debated for a part of three days.

Finally, in the last half hour of the debate, Congressman Andrews of New York, the Republican Chairman of the House Committee on Armed Forces, took the floor in support of my amendment and in support of my contention that the Appropriations Committee had misrepresented the facts and the figures in regard to army air power. This broke the back of the opposition and shortly thereafter the amendment was accepted and passed the House. A number of Members of Congress from Texas were very aggressive in the successful effort to restore the funds.

I argued that it would be inexcusable for us today, or at any future time, to start down the road to a second rate air force and an inadequate national defense program. It was stated that the defeat of the airplane request would be a straw in the wind which would lead to dangerous international consequences. I pointed out that the army appropriations bill contained savings in funds to the extent of \$475,000,000.

### LOVELY COTTON

and that the expenditure of the additional \$40,000,000 provided in my amendment for Army airplanes would not seriously interfere with the economy program.

Without my amendment the bill provides for 749 aircraft of the latest type, the planes to come off the assembly line within two years.

Funds were not reduced for the National Guard, the ROTC units in high schools and colleges, and Reserve Officer training otherwise. No cut was made in funds requested for the important work of research and development. The bill reduced War Department civilian personnel by 74,600 employees and officer personnel by 18,000 it being felt that the Army was somewhat top heavy with officers. The bill provides for an army of 1,070,000 men during the period June 30, 1947, to July 1, 1948. The total funds in the bill exceed \$5,000,000,000.

### WEST CAMP CLUB

The West Camp H. D. Club met in the beautiful new home of Mrs. Sylvia Couch on May 28.

Mrs. Couch, the hostess used as subject for opening exercise, a short sketch on the "Life of Abraham Lincoln's" step mother. The main thought was brought out in this was "Mother love is the predominant thing in all mothers."

Mrs. Cummins gave our council report. Since Mrs. Leach will be away most of the summer, she submitted her resignation as secretary-treasurer, which was accepted by the club and Mrs. Naomi Austin was unanimously elected to fill her term. Mrs. Wilma Austin was elected as assistant Secretary-Treasurer.

There being no further business, the meeting was adjourned. Mrs. Couch served delicious cake

and cookies to the members present: Mesdames Ethel Harding, Viola Dutton, Joy Jones, Wilma Austin, Doris Huckabay, Bert McLarty, Beulah Williams, Sis Cummins, Bonnie Williams and Grace Snider. Visitors: Wilton Vaughn, and Misses JoAnne Williams and Peggy Cummins.

Our next meeting will be June 11 at the school house with Mrs. Ethel Harding. Why don't you come and bring someone with you?

A hearing will be given and held

by and before the Governing Body of the City of Muleshoe, Texas, on the 27th day of June A. D. 1947, at 10 o'clock A. M., in the City Hall in the City of Muleshoe, Texas, to all owning or claiming any property abutting upon said portions of street and highways, and to all owning or claiming any interest therein shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of street or highway upon which the property abuts and concerning the regularity, validity and sufficiency of the contract therefor, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City following such hearing assessments not to exceed the benefits accruing from such improvements to each tract as determined at such hearing will be levied against abutting property and the owners thereof and such assessments when levied shall be a personal liability of the owners of such property, and a first and prior lien upon the property as provided by the law in force in the City, and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th. Legislature of the State of Texas, known as Chapter 106 of the Acts of said Session.

The improvements on each said portion of street or highway constitute an entirely separate and distinct unit or improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion

of street or highway, and the assessments against the property abutting upon any unit shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements in other units, nor dependent upon the assessment against any tract, owner or person claiming interest therein, which may be in any unit or the same unit.

Of all said matters and things, all owning or claiming any such property or any interest therein, as well as others in anywise interested or affected, will take notice.

Done by order of the Board of Commissioners of the City of Muleshoe, Texas this the 4 day of June, A. D. 1947.

town. This city, this territory, has made phenomenal strides in its brief existence.

Did he say all that? If he didn't he implied it, and Mr. Muleshoe has taken reporter's license to ascribe the words to him, and hopes he doesn't mind.

This column shuns the reputation of being a calamity howler yet must voice the opinion that all signs and portents point to the fact that peace in the world hangs by as slim a thread as it did when Hitler was overrunning his little neighbors, bringing on World War II. The Russian system is being extended over one after the other of her neighbors in the same way of life and government and that of the rest of the world. In view of these misgivings, we appreciate the effort recently made by George Mahon, representative in Congress from this district in the direction of preparedness. He did what he could in a Republican controlled Congress to prevent further dangerous reductions in our military establishment, and his efforts were successful as he explains in this week's Sidlights from Wash-

ington. This writer believes the country as a whole is unalterably opposed to our disarming to the point where our weakness would be too obvious. Any aggressor dislikes to jump on an opponent fully as well prepared as he.

No one was more pleased that Dr. Marshall was elected president of Wayland College, Plainview, than Rev. A. W. Blaine, First Baptist pastor here, who has known the new school head many years and has the highest regard for his ability. And Dr. Marshall has a special, standing invitation to come to Muleshoe and speak at the church here as soon as his appointments will allow. And this paper promises to let you know when this will be, for Dr. Marshall is a very, very entertaining and inspiring speaker, whose appeal is to all of whatever denomination. A new day is beginning for Wayland, Rev. Blaine says, among other things being the change to a four year college.

If the people along Edward Avenue, first to be paved of the city's paving program, would just lay sidewalks continuously, this scribe would have to wade the mud only one block to reach town clean and safe. Please, please, please, everybody, put down sidewalks, and I voice this

### Inside Dope On Dry Cleaning Is Offered By Agent

Mrs. Laurette A. Williamson, who is county home demonstration agent of Bailey County, believes that if women understood a bit more about dry cleaning processes, they would give some extra attention, when they buy, to getting garments that can be cleaned safely.

Modern dry cleaning, says Mrs. Williamson, is never an entirely dry process, in spite of its name. Steam is used in all the various types of pressing and many stains simply cannot be removed without using water. So, fabrics that shrink when they get wet, colors that run or finishes that dissolve in water will naturally give trouble when they go to the cleaners, even though they are the type garments that you ordinarily have dry cleaned.

The cleaning industry is forever having headaches, and many of them are not the cleaner's fault. If we buy, say, an evening dress with a plastic finish that will dissolve in water, of course it's going to be ruined in cleaning. And that has happened many times, too, on just that type garment.

The modern dry cleaning process begins by soaking the garment in a cleaning solvent that contains no water, but usually other stains are left which must be removed by "spotting", which involves the use of water. And badly soiled garments often have to be "wet cleaned", which consists of using lukewarm water and milk soap. White and light colored garments are most likely to need wet cleaning, says Mrs. Williamson, so it's a smart idea to make sure the light colored garments you buy will stand water.

R. L. Brown left Wednesday night for Fort Worth to attend the annual meeting of the Texas Real Estate Men's Association.

plea not for myself, but, for the people of Muleshoe. Please put them down, please do it, while the paving program is underway.

### CUTE IN COTTON

Cute in cotton is the word for pretty Paulette Goddard, Paramount star, who wears one of her 1947 cotton favorites. The low cut square neckline and the short, pushed-up sleeves add interest to the design which is done in soft blue cotton crash.

Smith was hoping for luck to equal that she had last week, when she took more than 30 members of the finny tribe from her line. Fishing is reported to be very good at Buffalo.

Mr. W. H. Long of the Bula community visited friends and relatives at Needmore Thursday of last week. Mr. Long is farming and reports his crop is up and he hopes the fall is over.

Leon Smith is building an addition to his store and station at Shady Rest.

Mrs. Oma Sigman has gone to Temple for examination at the Scott & White clinic.

Miss Maurine Maltby, student nurse in the Los Angeles County Hospital, Los Angeles, California, has been visiting here with her parents, Mr. and Mrs. G. T. Maltby. She was accompanied here by a student friend, Miss Roseann Lydon, whose home is in suburban Lynnwood. Miss Maltby will be graduated from the school in about 14 months.

Mrs. Birdie Paul left Sunday to visit her daughter and family, Mr. and Mrs. Bob Kennedy in Mountair, N. M.

Mrs. Elizabeth Cox and Mrs. Fern Cox of Clovis are spending the week here. Mrs. Fern Cox is undergoing treatment.

Arthur Crow attended a Chevrolet dealer meeting in Oklahoma City, the first part of the week.

Mr. and Mrs. Lud Taylor and son, Carter were in Clovis Tuesday on business.

### Uncle Sam Says

All of us would like to put dad on a pedestal on Father's Day to show him how we feel about him the year round. I like to think of all American fathers in the role of Minute Men, standing guard over the security of their families. Certainly they could do no better than to assure the happiness of themselves and their homes than by buying United States Savings Bonds regularly.

Two automatic bond buying plans are available now. If dad is on a payroll, the Payroll Savings Plan will assure him days of ease when he gets ready to retire. If dad is a professional man or self-employed, he can use his checking account to buy a bond a month.
