

Blood Drive Is Set For July 29

The second bi-annual Blood Drive will be held at E.L. Graham Memorial Hospital Wednesday, July 29th, 1981. A team of laboratory technicians from Mary Meek Blood Center of Abilene will be present from 10:00 a.m. to 6:00 p.m. Please note that the schedule is later this time to allow all working people to be able to participate.

The first drive of 1981 was held in February and was sponsored jointly by the Cisco Service Club and Cisco Civic League with the assistance of the E.L. Graham Memorial Hospital Auxiliary. To date, the units of blood owed to Mary Meek Blood Center have been reduced from the original 900 units to 650 units. Cisco citizens cannot be commended enough for their outstanding support of this ever so important project.

Due to Federal Drug Administration legislation, there are no longer routinely paid donors; therefore blood donors must be solicited on a voluntary basis.

So necessary is this blood, for life itself, every appeal for your continued support is sincerely offered and appreciated. Please be aware of the following when preparing to give blood.

1. All donors must be age 18 or older; there is no age limit, only that each donor is healthfully able to give blood.

2. Blood donors should eat normally, and are encouraged to do so before giving blood.

3. No medication should be taken 18 hours prior to donating blood.

4. No medication should be deleted without checking with the perspective donor's own doctor.

5. Any person who has been sick or had a cold within the last seven days prior to donating blood, should not donate blood.

6. Any person who has had their ears pierced within the last six months at any place other than a doctor's office should not donate blood.

7. Any person who has been in Southeast Asia in the last three years should not donate blood, due to malaria possibilities.

8. Any woman who has menstruated in the last three to four days prior to donating

blood, should not donate. 9. No woman who is pregnant, or suspects she is, should give blood, and should not do so until six weeks after termination of pregnancy.

10. Persons can donate blood every two to three months, with no foreseen problems, although it is hopeful to not have to call on the same donors nearly this often.

For further information please contact Ruth Heidenheimer 442-1777, Bob Conner 442-3951 or Jo Ann Cermin 442-2534.

CISCO PANTHERS won the Tri-Cities Junior Teenage Baseball League July 20 in Eastland. The team members are: (foreground) Doug Seabourn. Second row are (left to right) David Seabourn, Billy Rodgers, Michael Jones, Carrol Perry, James Johnson and John Gonzales. Third row are (left to right) Coach Jackie Williams, Manuel Gonzales, Frankie Seabourn, Joe Perry, Johnny Ramirez, Johnny Seabourn, Doug Hendricks, Darrel Stuart and Coach Ralph Ramirez.

Cisco Panthers Win Tri-Cities Jr. League

The Cisco Panthers won the Tri-Cities Junior Teenage Baseball League Monday night, July 20, in Eastland. This made the 21st game of the season for the Panthers with a final record of 16 wins and five losses. It

was a battle with the Gorman Trojans until the last game.

The 15 year old players are Frankie Seabourn, Doug Seabourn, Johnny Seabourn, Johnny Ramirez, Doug Hendricks, Joe Perry and Darrel

Stuart. Fourteen year old players are David Seabourn and Manuel Gonzales. Thirteen year old players are John Gonzales, Carrol Perry, Michael Jones, Billy Rodgers and James Johnson. Coaches are Ralph Ramirez and Jackie Williams.

This win puts the Panthers in the Division One Texas Teenage Baseball playoff in Snyder on Monday, July 27, Tuesday, July 28 and Wednesday, July 29.

The three pickup players for the Panthers are Mark Swanner and Jeff Seaton from Gorman and Carliss Sanders from the Eastland Greenbacks.

All the players on the team have worked very hard to win the league for the first time in several years. There was no one player, but 14 team players.

The Panthers will be representing Cisco and the County in Snyder. All the support they can get will be appreciated and any money donations will help.

Judge Bailey sitting, L to R. Joe Gosch, Agent Manager; Cecil Self, secretary-treasurer and Ernest Reich, President.

Farm & Ranch SAFETY WEEK

County Judge Scott Bailey has proclaimed July 25-31 as Farm and Ranch SAFETY WEEK in Eastland county, at the request of Ernest Reich, Eastland County Farm Bureau President.

This marks the 38th Annual National Farm Safety Week, co-sponsored by the National Safety Council and the U.S. Department of Agriculture. The theme for the 1981 observation of Farm Safety Week is "Enjoy Life-Safely."

In his proclamation, Judge Bailey said "accidents involving farm and ranch residents, employees and guests at work, in the home, at play and on the highways accounted for more than 330 Texas fatalities and more than 3300 disabling injuries, costing millions of dollars in 1980. Time, Planning, and Educational efforts using engineering ingenuity could help prevent much pain, expense and even death. National Safety Council accident surveys indicate that nearly half the accidents were traffic related, with home accidents, recreational accidents and work related accidents following. With 106,000 fatal accidents in the United States in 1980, and with agriculture accounting for more than 4,200, we need to endeavor stronger to "Enjoy Life-Safely".

In concluding his proclamation, the Judge urged all Agricultural producers, their families, employees, and guests to read, take training courses to prepare for a safer life or to administer to those who become involved in an accident. Therefore, we are more fully prepared to "Enjoy Life-Safely".

First Presbyterian Church To Celebrate Centennial

The First Presbyterian Church of Cisco, Texas, is celebrating its one hundredth anniversary this year. Plans are well under way for a centennial celebration and homecoming on August 8 and 9, 1981. Former members and friends of the church are urged to mark these dates on their calendars and make plans to attend.

The First Presbyterian of Cisco has a rather unique history. When the Texas Central Railway laid out the city of Cisco in 1881, a portion of land was set aside as a site for a Presbyterian church. On August 29 of that year, two commissioners from the Trinity Presbytery of the Presbyterian Church in the United States of America met with four area residents to organize the church. Within weeks the membership increased to the point that a small, frame church building could be erected and modest furnishings provided. Ten years later with a membership of 31, the church transferred from the Presbyterian Church in the United States of America to the Presbyterian Church in the United States (Southern). In April of 1893 a tornado leveled the town of Cisco, completely demolishing the Presbyterian Church and its furnishings. By November the gallant little band of members had completed a new frame building which boasted a larger sanctuary and a steeple and bell. This structure served the congregation for over 30 years.

1958-59 Lobo Lettermen To Hold Reunion

The 1958-59 Lobo Lettermen will celebrate their annual reunion July 25, at the Cisco High School cafeteria.

Registration will begin at 9:30 a.m. and continue for one hour. Beginning at 10:30, those attending will assemble in the cafeteria for a pep talk from past coaches and team captains.

Oscar's Bar-B-Que will host a mid-day meal in the cafeteria and following this meal, films from the 1958-59 Lobo season will be shown in the C.H.S. auditorium.

Any and all persons who were part of the athletic program during that time are most welcome. Reservations can be made by contacting Delbert Schaefer, 442-1024.

But by 1924 with the church now having a membership of 208, the church edifice could no longer accommodate the growing congregation. Plans were initiated to build a new church, and a fund-raising campaign was begun. Fortunately, oil play in the area had brought about a boost to the economy and an influx of new people and new members, and in time a beautiful new brick structure replaced the frame building, which was sold to the First Methodist Church and later to the Church of Christ who used it as a place of worship until 1954. The large, stately edifice built at that time by the Presbyterians is still in use by the congregation today and stands as a tribute to those who sacrificed to make it possible. The church reached its peak membership in 1930.

During the one hundred years of its existence, twenty-nine ministers have served the church, and three

manes have housed the ministers. Declining membership in recent years brought about an arrangement in 1971 whereby the Eastland and Cisco churches shared a minister for two years. More recently a parish arrangement with the Comanche church was effected, and at present the Reverend William Clinton Weeks pastors the Cisco-Comanche Parish, which is affiliated with Palo Duro Union Presbytery.

Though the First Presbyterian Church of Cisco has suffered many setbacks, it has remained steadfast in its service. Countless lives have been touched and enriched through its ministry, and its influence for good, coupled with its concern for the less fortunate, has left indelible marks upon the community which it continues to serve. Its members desire that Christian people of all faiths join them in joyful thanksgiving and praise to God for bringing to pass this momentous milestone in the history of their church. They ask that you join them person or in spirit on August 8

and 9. Registration begins at the church at 2:00 p.m. on Saturday, August 8, 1981. Visiting and viewing the memory room will occupy the afternoon hours, an informal picnic supper will be provided free of charge in the early evening, and a program of music, speaking, and reminiscing will fill the evening hours. On Sunday at 11:00 a.m. a worship service will be held, followed by a catered lunch.

Reservations for the catered lunch must be made with full payment by Wednesday, August 5. Costs for adults is \$6.83 tax included, and \$4.20 tax included for children over five; children under five eat at no charge. Cancellations must also be made by August 5.

Reservations for motel accommodations can be made with no advance payment. All reservations for lunch or motel are to be made with Mrs. V.B. Ferguson, 708 Avenue I, Cisco, Texas, 76437; telephone 817-442-2761. Evelyn Bailey, Publicity Chairman First Presbyterian Church Cisco, Texas

APOSTOLIC BIBLE INSTITUTE ENSEMBLE TO MINISTER AT THE GREATER MOUNTAIN TOP PENTECOSTAL CHURCH—The former Rising Star minister and music director, Rev. Don Martin will bring the A.B.I. Ensemble to the Mountain Top Church Wednesday night, July 22, at 7:30. The church is located just 10 miles south on Highway 153. The public is invited to attend this outstanding gospel singing group.

The group of young people consists of Joanne Swim of St. Paul, Minnesota; Lori Jones of Orlando, Florida; Sherry Warren of Gladewater, Texas; Rodney Leaman of St. Louis, Missouri; Ed Nichols of Toledo, Ohio, and Todd Smith of Winchester, Indiana. A new recording from the college chorale will be available for sale entitled "A.B.I. Corale and Brass," which is a production of the Chorale and Orchestra and Quartet and Ensemble to bring some of the finest gospel music available.

There is no charge for the singing and all Eastland County people are encouraged to come and join in this time of musical worship.

All-Stars To Play In Baird

Cisco's Little League All-Stars were to play in Baird Wednesday night at 8:00, after defeating the Coleman All-Stars in Cisco last Friday night by the score of 4 to 2.

If the Cisco All-Stars defeat Baird Wednesday night, they will play in Baird again Friday night against either Clyde or Weatherford at 8 p.m.

If Cisco loses Wednesday night's game, they will still play in Baird Friday night but at 6 p.m.

Give a gift of life!

All Texas Art Show In Fort Worth

If your taste in art runs in the realm of realism, you will be interested in the Second Annual Cowtown Invitational Art Show and Sale, which will take place in Fort Worth in August.

Twenty-five of Texas' top professional painters and sculptors will be exhibiting and offering their work for sale Friday, Saturday and Sunday, July 31, and August 1 and 2, at The Green Oaks Inn.

Traditional Texas Art is the dominant theme of this show which encompasses western, wildlife, landscape, seascape, historical and rural subject matters.

The Artists in this show have a few things in common in that all have achieved excellence in their own areas of art, and have developed their own personal styles. Many of the Artists in this show have had national recognition and the remainder are certainly

destined for it. The Artists are, in alphabetical order: Mike Allender, Larry Anschutz, George Boutwell, Jack Bryant Jr., Terry and Cindy Burleson, Jack Cannon, Charles Chupp, John Cogan, "Covelle," C. Warren Cullar, Russell Cushman, Bill Evans, Suzanne Field, Pat McAllister, Harley Murray, Al Richardson, Randy Souders, Danny Stephens, Bill Strain, Sonny Timme, Jim Thomas, Steve Trower, Dorothy Wardlow, Burl Washington and Vaughn Wyatt.

A Buyers International Preview will be held Friday evening, July 31st from 7 to 10, admission will be \$10.00 per person at the door. Dress - casual or western.

A Public Showing will be held Saturday and Sunday, August 1st and 2nd, from 11 to 6 daily. Admission is \$2.50 per person.

Funds from the admission will be used toward producing next year's show, which will be in Fort Worth each year.

Legislature Passes Several bills

During the last session, the Legislature passed several bills that made substantial changes in public education. These included the curriculum bill, teacher competency testing, the teacher due process bill, as well as bilingual education and a pay raise for teachers.

A product of the recommendation of two interim studies, H.B. 246 substantially reformed public school curriculum requirements. The bill repealed all current curriculum requirements and established a new curriculum menu. School districts will be required to offer twelve major subject areas including language arts, other languages as practicable mathematics, science, health, physical education, fine arts, social studies, economics with emphasis on free enterprise logic, business education, vocational education and history.

Although all school districts must offer these twelve subject areas, the bill does not require that students take each and every area.

The thought behind the bill was to get the Legislature out of the business of designating curriculum; instead, the Legislature would designate general areas of curriculum and leave the setting up of courses to the local school boards and the State Board of Education.

S.B. 50 requires that prospective teachers must pass a competency examination prior to full certification. This competency exam will be administered by the institution of higher education that train teachers and will be developed and approved by the State Board of Education.

A teacher's due process bill was passed providing that when a teacher's contract is not renewed, the teacher is to be told the reasons for the non-renewal by the board as to the failure to re-hire them.

The Senate also passed a bilingual education bill, partly to head off the federal court opinion that would have required bilingual education for kindergarten through the 12th grade. The bill passed by the Senate would require bilingual education for grades kindergarten through the sixth in school district where at least 20 students in a single grade level had a primary language other than English.

Ways and Means Committee Support For Small business Needs Continues

WASHINGTON-In the course of mark-up on its proposed tax legislation, the House Ways and Means Committee has again come to the aid of American small business, according to Herbert Liebenson, President of the National Small Business Association (NSB).

In action on Thursday, the tax-writing panel added to its tax bill provisions increasing the accumulated earning allowance from \$150,000 to \$250,000; raising the number of shareholders allowable in a Subchapter S small business corporation from 15 to 25; providing a tax credit for research and development equal to 25 percent of increased R&D spending; and allowing holders of preferred stock in small corporations to deduct losses on these holdings as "ordinary," as opposed to a long-term capital loss. In the mark-up, the Committee also approved reductions in business tax rates and capital "expensing," both proposed earlier.

"Each of the new provisions is designed to enable the small businesses in our country, already starved for capital, to retain and attract enough new dollars to make the kinds of productivity improvements our government is seeking," said Liebenson. "Unlike any of the other tax proposals we've seen this year, the Ways and Means package is designed to provide incentives and opportunities across the broadest spectrum of businesses in this country."

Liebenson also noted that he expects business to back the Ways and Means proposals. "Once everyone has had time to analyze the legislation, they will realize that the present House bill is the best for all business, large or small," he said. "We believe these tax changes will stimulate our ailing economy, reduce the greatly increased business bankruptcies, and put Americans back to work."

Thursday, July 23, 1981

Construction To begin On New Show Barn

The time has come to begin construction on the new show barn located at the stockshow grounds in Eastland. The metal for the building is on sight and forms for the new foundation are being constructed. The labor for erection of the new building will be done by volunteers.

The first official work day will be Saturday, July 25, 1981 at 8:00 a.m. At that time the foundation will be poured. Help is needed by everyone. Come and bring any tools you have that will be needed.

Every day from now until the building is completed can be a work day. Contact Jim Moylan or come on out. Donations are being accepted. For further information, please contact Jim Moylan or Grover Hallmark.

Bumper Peanut Crop Could Dampen Prices

COLLEGE STATION-- While the peanut market looks strong at present, farmers may be facing depressed prices later in the year in the wake of a bumper harvest. So contracting this year's crop could be an important move on the part of producers.

"Although many shellers have already contracted large supplies of peanuts, contracts are still available that would enable producers to lock in a good price for both quota and additional acreage peanuts," points out Johnny Feagan, economist with the Texas Agricultural Extension Service, Texas A&M University System.

Because most peanut growers have considerable

expenses tied up in this year's crop, Feagan advises forward contracting where possible to enable them to reduce some of the risk by assuring a reasonable market price. Harvest prices will likely move near the loan rate until this year's crop picture gets a little clearer. A large crop could force prices down.

"Currently, peanuts in South and Southwest are making good progress following rains that caused some planting delay," notes Feagan. "Good moisture conditions point to a better-than-average year, with total plantings up about 4 percent over last year."

Most producers remain optimistic about the market for their 1981 crop due to the

past year's short peanut supplies, which are 30 percent below 1979. Although peanut imports were increased in mid-April to ease the shortage, these should have little or no effect on the domestic price support program. According to Feagan, the special import quota will expire before the new crop comes to market.

What have higher peanut prices done to consumption? "Edible usage is currently running well below last year's levels and will likely be down 17 to 20 percent by the end of the marketing year (Aug. 31) due to short supplies and high prices," notes Feagan.

"Manufacturers are concerned that these high prices will continue to turn consumers away from peanut products."

Veteran Centers Located In Ft. Worth and San Antonio

Nimmo said the centers typically have staffs of three to five persons who operate on an informal, person-to-person basis with Vietnam Era veterans experiencing emotional and other readjustment problems.

"We hope to have all of the new centers in operation within three to four months," Nimmo said. Some are almost ready to begin operations and others will be opened as suitable spaces can be arranged and personnel recruited.

Since the Vet Center Program began operation early in 1980, approximately 72,000 Vietnam Era veterans have been counseled. Nimmo said VA officials believe the new centers will be much more efficient than the original ones because contacting and counseling efficiency have been improved.

The expectation, he said, is that the new center teams will be able to provide assistance to approximately 12,000 Vietnam Era veterans in their first year of operation.

The Vet Center Program has a budget of \$29,580,000 for Fiscal Year 1982.

The 42 new facilities will bring to 133 the number of "store front" counseling facilities available to Vietnam Era veterans who may be suffering readjustment problems following military service during the Vietnam war.

As he had during his confirmation hearings before the Senate Veterans Affairs Committee July 9, Nimmo stressed the fact that "while the vast majority of our Vietnam veterans have successfully returned to our working society, a substantial number still suffer various degrees of readjustment difficulty."

It is those veterans, he said, "Whom we will continue to reach out to through this expanded Vet Center Program."

New facilities to be opened in Texas will be located in

Fort Worth and San Antonio.

The popular Vet Center Counseling Service for Vietnam Era veterans will be expanded by 50 percent, Veterans Administration chief Robert P. Nimmo announced today.

Nimmo, who took the oath of office July 15, as Administrator of Veterans Affairs, said 42 new counseling facilities will be added to the program under terms of the Reagan bipartisan budget resolution.

**Proclamation Making July 25-31 As
Farm And Ranch Safety Week**

Proclamation
By the
County Judge of **EASTLAND** County

To all of whom these presents shall come:

I, **Scott Bailey**, County Judge of **Eastland** County, do hereby declare the week of July 25-31, 1981 as Farm and Ranch Safety Week in **Eastland** County, for the following reasons:

WHEREAS, work, play, travel (traffic) and home accidents involving Texas farm and ranch residents accounted for over 330 fatalities, thousands of painful and disabling injuries costing millions of dollars in 1980; and

WHEREAS, the President has proclaimed National Farm Safety Week and the Governor has proclaimed the same period as Texas Farm and Ranch Safety week; and

WHEREAS, during this week, a statewide farm accident prevention education campaign is being undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas Agricultural Extension Service and 4-H clubs, Texas Future Farmers and Future Homemakers of America, the Young Farmers and Young Homemakers of Texas and the **Eastland** County Farm Bureau with the theme, "ENJOY LIFE-SAFELY", and

WHEREAS, the latest National Safety Council Preliminary Accident Survey for 1980 indicates a 14% increase in fatal and non-fatal accidents, (an increase from 103,000 to 106,000 fatal injuries and costing \$83.5 billion). The latest Agricultural data being 1979, more than 4,200 farm and ranch residents died and 380,000 were disabled in farm, home, public, and highway accidents with 1,900 (less than half) being work related. Of these, 1,150 fatal and 115,000 injury accidents were farm and ranch residents. The total cost of Agricultural accidents to farm and ranch people in 1979, exceeded \$5 billion, and

WHEREAS, the 1980 Texas Farm Bureau Accidental Death Program records show that 330 death claims were paid in 133 different counties. **Eastland** County recorded **one** death claim under the Program. Traffic related incidents caused the most claims statewide, with 212 (Auto/Truck-182, Motorcycles, Minibikes and Go-carts-20, Bicycles/Big wheels-2, and Pedestrians-8) other ranking causes of death were firearms, falls, drownings, aircraft crashes, tractors, machinery, fires & burns, choked/strangled, electrocutions, animal accidents and snake bites.

THEREFORE, I urge all farm and ranch families and those who serve agricultural producers to: read safety features in magazines and newspapers, observe product labels and operator manuals, be informed on what to do when emergencies occur such as severe weather, fire, poisonings, bleeding, drownings, etc., by having taken Basic First Aid, fire, and CPR courses. Other preventative life saving courses available are the Defensive Driving and Home and Hunter firearm safety, thus, being more fully prepared to "ENJOY LIFE-SAFELY."

Signed **Scott Bailey**
County Judge
Eastland County

Freeway Maintenance Zone Deaths Prompt DHT Actions

Court of Civil Appeals

Leslie Kovar is alive. He is nervous, still favoring a leg fresh out of its cast, but he is back on his job. Two of his co-workers won't be back: One was killed when a pickup skidded into his crew last January, another will perhaps never regain the use of his arm. Kovar is one of 25 Houston highway workers injured since January of 1980; he feels lucky not to be one of the 12 dead. "The first day I came back out here I was really scared," states Kovar as traffic whips past his work site. "Every time I heard brakes squeal, I was ready to run." On this stretch of I-45 in north Houston, the cars and trucks pound by at a rate of 7,000 per hour. During this day, as Kovar's crew repairs damaged guardrails, 50,000 vehicles will move past their safety cones and dump trucks. All that is required to repeat the January accident is one of these 50,000 drivers to be drunk, drugged, reckless, or simply inattentive.

These highway workers stake their lives on the skills of 50,000 drivers during one day of maintenance work on freeway guardrails.

Continuous noise makes it impossible to get advance warning of an impending crash. DHT is trying to find a way to alert workers to speeding or wayward vehicles.

The following proceedings were had in the Court of Civil Appeals, Eleventh Supreme Judicial District of Texas:

AFFIRMED
5619 Wanda Houston v. W.L. Ellison et al. (Opinion by Judge McCloud) Bell

WHOOSH.
WHOOSH.
WHOOSH.

They come like artillery shells... by the time you hear them it's already too late.

"We have to stay on our toes constantly and try to work in such a manner that we're always conscious of this traffic," says Arnold Vyvial, maintenance supervisor in the north Houston district of the State Department of Highways and Public Transportation (DHT). "If there's anything out of the ordinary we can take action, but this isn't always possible. When you're working in noise, you don't hear as well as you would normally."

"Our main problem has been traffic control," Vyvial continues. "We've had good luck with perhaps 90 percent of the public; perhaps 8 percent of these drivers left something to be desired; but that 2 percent has just about undone us."

The rash of accidents caused by this "2 percent" in Houston and across the rest of Texas has forced DHT to take a number of immediate actions. In the Houston district, an extra lane is being blocked off and extra trucks are placed

in blocking positions between traffic and workers. The closure of the additional lane slows traffic and, in congested areas, increases bottlenecks.

"We're weighing public convenience against the lives of these workers," states Dick Kabat, district administrative engineer, "and we do not hesitate to protect them."

When possible, the district is rescheduling night work to daylight hours during the week and on weekends. This was prompted by the fact that all but one of the recent Houston accidents occurred at night.

The main problem in these maintenance zones is speeding. Although studies have proven that a manned and waiting police vehicle is the best way to slow traffic, police forces are too understaffed to provide each maintenance zone with an officer. So, other measures must be considered.

DHT is investigating the use of portable barriers, rumble strips, controlled queuing, warning devices that alert work crews when their site is transgressed, and several versions of crash attenuators. All these require additional work load and

expense on a department already stretched thin.

There is little choice but to take action. In 1979, according to DPS statistics, there were 11,319 accidents in maintenance zones; 2,200 of them related to construction in progress.

Studies by the Texas Transportation Institute reveal that the maintenance zone accidents increase with the density of population. Houston leads the statistics followed by Dallas and San Antonio.

The recent rash of accidents comes as bitter news for DHT. The department is now forced to take action to defend itself against the public it serves.

For workers like Leslie Kovar, the "2 percent" have made their workdays tense and filled with anticipation of another fatal crash into their crew. They want out of the traffic so they can relax. They take no breaks for coffee or lunch but rather eat "on the run."

"It's hard working out here because traffic goes by so fast," says Kovar. "We're doing the best we can and trying to do it as fast and as safe as we can. I just wish they would slow down."

4-H News

COLLEGE STATION - A future-oriented "force" is working throughout Texas and the nation.

The force is 140,000 members strong in Texas and is backed by some 22,000 volunteers and the staff of the Texas Agricultural Extension Service, a part of the state's land-grant university system—Texas A&M University. Across the nation more than 50 major universities serve as the knowledge base, and an entire federal government department supports the force of almost 5 million. That force is 4-H.

"4-H, for youth between the ages of 9 and 19, is the largest, and one of the oldest, youth organizations of its kind in the United States," points out Dr. John T. Pelham, state 4-H and youth leader with the Extension Service, the parent organization of 4-H.

"4-H youth are benefitting from educational programs in one or more of some 60 project areas ranging from aerospace and health to photography and veterinary medicine," notes the youth leader.

Young people in 4-H clubs learn and grow under the direction of almost 22,000 trained volunteer leaders who meet with them in almost every Texas community, says Pelham.

County Extension staffs provide 4-H program direction and management in every county of the state. They are backed by the expertise of highly skilled Extension specialists headquartered either in area offices or on the Texas A&M

University campus.

Texas A&M, in turn, is part of the nationwide land-grant system which involves 52 other colleges and universities. The program receives further support through this link as part of the U.S. Department of Agricultural.

"State, county and federal support, then, combine to make 4-H a unique organization," says Pelham.

"But it's the support of private citizens, organizations, corporations and foundations whose assistances make it possible to multiply 4-H public resources many times over.

"Every 4-H'er is learning and growing through the development of his head, heart, hands and health. 4-H is shaping tomorrow's world," emphasizes Pelham.

Patton, Warren Reunion to Be Sunday

Patton and Warren Family Reunion is July 26, 1981. Patton families from all over are planning to meet at the Ranger Community Club Bldg.

There were 65 in attendance and 5 generations last year. All relatives and friends welcome.

Texas Medical Assn. President Praises Texas Senate

AUSTIN—Texas Medical Association President William F. Ross, M.D., praised the Texas Senate today (Friday, July 17) for their prompt passage of S.B. 5, the continuation of the Texas State Board of Medical Examiners and the Medical Practice Act.

"The Senate did what they came here in this special session to do—pass a Medical Practice Act that will continue to assure quality medical care for the citizens of Texas. Now it's up to the House," the Dallas physician said. He complimented the Senate for its willingness to give priority considera-

tion to the legislation and for its efficient handling of a difficult and challenging task. "S.B. 5 is the result of hours and hours of public hearings, spirited debate, and constructive amendments. Our Senators acknowledged that with a unanimous 27-0 vote," he said.

Commenting on amendments to the bill, Dr. Ross noted the successful result of extensive discussions with osteopathic physicians to place in the Medical Practice Act language preventing arbitrary or unreasonable

discrimination in granting hospital medical staff privileges solely on the basis of academic (M.D. or D.O.) degree. "I am pleased we were able to work together with osteopathy on this equal rights protection for all physicians," Dr. Ross said.

The unanimous approval of the bill came after the Senate rejected a motion by Senator Lloyd Doggett (D-Austin) to have the 50-page bill read in full on the Senate floor. The motion failed by a 25 to 6 vote. The bill now goes to the House of Representatives,

where it is expected to be referred to the Committee on Government Organization. That committee held hearings for three days this week on HB 15, the companion bill to S.B. 5 sponsored by Representative Bill Messer (D-Belton).

Congressional Comment

WASHINGTON, D.C.—They say only two things in life are certain; death and taxes. The absolute certainty of those two are never more apparent than to family survivors faced with liquidation of an inheritance due to inequitable estate taxes.

Hardest hit by past estate laws are owners of family farms and ranches and small business. Land values, in particular, have been swept to such levels that few young farmers can ever hope to own a farm or ranch unless they inherit it and estate taxes on the inflated value of that land make inheritance doubtful for many others. For the past two or three years, land values have increased 12 to 14 percent, pushing estate taxes right along with them.

Under current law, estates of more than \$175,000 are taxed at rates that rise as high as 70 percent. To pay that estate tax, many owners of small farms and businesses may be faced with the prospect of selling out—often to larger firms or wealthier individuals.

Proposals included in both the Ways and Means Committee version and the Reagan tax package would bring needed changes to estate tax laws.

The exemption on taxable inheritance would be increased from \$175,000 to \$600,000 in both proposals. The House Committee version (tentatively approved July 16, but open to change at the last minute) would cut from 70 percent to 50 percent the maximum tax on estates of more than \$600,000.

Both proposals would allow a person to leave an estate of any size tax-free to the surviving spouse. Currently, the marital exemption is generally limited to half of the estate.

The bills would also increase to \$10,000 the limit on tax-free gifts to one person. For instance, a couple could transfer \$20,000 each year to each child without being forced to pay any gift tax.

Although the final form that these proposals will be presented to members of Congress is still unclear, I strongly support this general move away from an inequitable and unfair tax.

Earlier in the year I had co-sponsored H.R. 3882, the "Family Enterprise Estate and Gift Tax Equity and Reduction Act" which would allow family farms, ranches and businesses to pass intact

from one generation to another. This bill included a provision which has not, as yet, appeared in either Ways and Means Committee or the Administration's proposals. Under this provision, the executor of an estate could elect to value an interest in a closely held business at 50 percent of its fair market value, provided the heirs do not dispose of their interests or merge the firm into a publicly held company within 10 years after the parent's death.

Vital improvements in the estate tax laws, however, would seem virtually assured at this point, with all factions apparently realizing the necessity of this move to preserve the continuation of the thousands of small family-operated farms and businesses in this country. That's the only thing we all seem to have agreed on in weeks.

Wildlife Important to Farm, Ranch

COLLEGE STATION—Wildlife is an important product on farms and ranches of Texas as well as other states in the Great Plains area.

"Farmers and ranchers of the Great Plains have always had an interest in the wildlife on their lands," says Dr. Wallace G. Klusmann, head of the Texas A&M University Wildlife and Fisheries Sciences Department.

Klusmann, who as Department head is a joint employee of both the Texas Agricultural Extension Service and Texas Agricultural Experiment Station, has served as the first chairman of the newly-formed Wildlife Resources Committee of the Great Plains Agricultural Council.

The committee will give priority to the development of opportunities with wildlife and fisheries resources as they relate to the farm and ranch lands throughout the Great Plains states, Klusmann adds.

"Crop and rangeland wildlife will be the focus of the Wildlife Resources Committee. While state agencies have been effective in attacking wildlife resource problems within their state boundaries, and coordinate efforts of member agencies in their solution," Klusmann says.

He points out that many states share common wildlife problems and resources within the Great Plains area.

"Wildlife are mobile and

cross political boundaries. Thousands of ducks produced in North and South Dakota, for example, winter on the croplands of the High Plains of Texas. Farms and ranches along the migration routes provide the main resting and feeding areas. Although waterfowl provide recreation opportunities, the damage they do to crops must be considered," he adds.

"We also have good pheasant populations in West Texas, but like those in Kansas, Nebraska and South Dakota, their full potential is not reached," he believes.

Wildlife populations not only provide recreation from the standpoint of viewing and hunting, but can also be a major source of income to landowners who wish to lease their property to others for the privilege of hunting or viewing, Klusmann emphasizes.

"The committee hopes to consider many ways that wildlife resources can serve to improve the quality of life of people in the Great Plains," Klusmann adds.

The Great Plains Agricultural Council, of which the Wildlife Resources Committee is a vital part, is made up of directors of land grant university Agricultural Experiment Stations and administrators of various U.S. Department of Agriculture agencies within the 10 Great Plains states.

Among the participating USDA agencies are the Science and Education Administration, Forest Service, Soil Conservation Service, and the Agricultural Stabilization and Conservation Service.

"The Council's main function is to provide an organization for effective cooperation among member agencies in a voluntary, cooperative attack on problems of the Great Plains," Klusmann says.

Planting Cannas for Mid-Summer Color

The Canna comes to us from Central and South America. Their home is the tropic region, but they do good here each year with outstanding mass of color.

The Canna is often mistaken for a bulb. It actually is a rhizome, which is a member of the tuber family. Their range of size is from one and half feet to six feet tall. The taller cultivars make an attractive tall background against fences. While the smaller cultivars add the tropical look to pool areas. The Canna is best planted with all one color to an area or bed. Cannas are best suited in a flowing landscape design instead of a formal bed setting.

The parks department in Dallas has done wonders with a flowing landscape design using Cannas. Samuel Grand Park has some very magnificent beds of Canna as well as several parks along northwest highway and many parks in the Oak Cliff area.

Cannas are planted in the Spring of the year. The Rhizomes remain in the bed year round here. In the colder climates they have to be dug and dried and stored the same way we do tulips. The Cannas will bloom from mid-summer until frost. Our average frost is November 18, after the Cannas have been bitten by Jack Frost, they turn brown and wilt. This is the time you need to cut the top off even with the ground and burn the removed material. Here we recommend very highly that a two inch layer of Botanical Cedar Mulch be added completely covering the area where the Cannas had grown. Then next spring the Cannas will push through the mulch with more vigor and

new stalks than the year before.

There is no other member of the Tuber or bulb family that is so easy to grow and they multiply very rapidly. Cannas do best in rich moist soil especially enriched by Compost and well-rotted cow manure. They have to have full sun and hot weather. Space the rhizomes fifteen to eighteen inches part and cover with one to two inches of soil. You must feed every two to four weeks with a water soluble well-balanced fertilizer such as 10-10-5 or a 20-20-20.

Grasshoppers and cutworms are your biggest problem in the insect field. They can be controlled by a regular spraying of diazinon or Sevin every two weeks.

Every three to four years you have to dig and divide your Cannas. When dividing your Cannas cut each rhizome into leaving approximately three to four inches per rhizome and at least one eye per rhizome. Be sure to use a clean, sharp knife. If there is any rotten or decayed section of the rhizome, dispose of it by burning.

There are many dwarf varieties that make good tub plants.

Some of the varieties found here are Mr. President which is a red five to six foot tall Canna and then Pfitzer Dwards such as Chinese Coral, Primrose yellow, Stadt Fellbach - Orange, Shell Pink, Cherry Red, Porcelain Rose and City of Portland Orange Red.

Foreign Take-Over Bill Passis Subcommittee

WASHINGTON—A bill that make foreign investors subject to the same margin requirements when buying stock in American companies that American investors must follow was today reported out of the Subcommittee on Telecommunications, Consumer Protection and Finance.

Rep. James M. Collins (R-Texas), ranking minority member of the House subcommittee and a principal sponsor of H.R. 4145 said he has been "concerned about the unfair manner in which our U.S. margin requirements are applied so that foreign investors have a distinct advantage over American investors. This is a basic question of equity and fairness."

Under the Securities Exchange Act, foreign in-

vestors buying stock in U.S. firms can borrow up to 100% of the purchase price. American investors, on the other hand, can only borrow up to 50% and must have the other 50% in upfront capital.

In Collins' home state of Texas, a Canadian jewelry company attempted to takeover the Zale Corporation. Peoples Jewellers, a Toronto-based company, one-tenth of the size of Zale, first bought 5% of Zale stock and then announced it wanted to acquire 25% of Zale's securities. Peoples had financing in the takeover attempt on an unsecured line of credit from a Canadian bank of \$131 million, which represented 100% financing.

"Until this bill is enacted, many U.S. companies may be the targets of under-

financed foreigners who benefit from our discriminatory laws. We must not put Americans at a disadvantage in their own country. This is a matter of fairness and I believe our commonsense bill restores a level playing field for American and foreign investors while providing adequate protection for inadvertent violations of margin requirements," Collins said.

In a related matter, Collins cosigned a letter to President Reagan today voicing concern over the "increasingly discriminatory policies being pursued by the Government of Canada toward the United States Investors and American firms engaged in business activities in Canada." The President and Canada's Prime Minister Pierre Trudeau will meet next week for a conference in Ottawa.

Questions and Answers From Veterans Administration

Q — Does the issuance of Veterans Administration Certificate of Eligibility guarantee approval of a GI home loan?

A — No. In addition to being declared eligible for a GI home loan based on his period of service, the veteran must apply for a loan from a bank or other lender and meet the qualifications of that lender.

Q — I keep hearing about a special National Service Life Insurance dividend payable to veterans whether or not they kept their insurance in force. Am I entitled to this dividend?

A — No. The story is a hoax that keeps appearing periodically. There are no dividends available on policies that have lapsed.

Q — I was previously granted a Veterans Administration education loan. Can I apply for another loan, since I am still in pursuit of a standard college degree?

A — Yes. You may apply for another VA education loan based on your current enrollment, provided you have not defaulted on a prior loan that remains outstanding and you do not have an education overpayment.

Q — I last attended school under the GI Bill several years ago and I still have several months of entitlement before my time limit expires. When I quit school before, I had an overpayment with the Veterans Administration. Must I pay it back before I re-enroll?

A — No. You do not have to pay it back to re-enroll. However, if you do not make arrangements to pay it back, your benefits will be withheld until the overpayment is recovered.

Q — What is the work-study program for veterans?

A — The work-study program is an arrangement for veteran students drawing Veterans Administration educational benefits and attending school on a full-time basis, whereby they can work in VA facilities to supplement those benefits.

Q — I am buying a house with a Veterans Administration guaranteed home loan and have been told the closing costs will be relatively high. Can I include them in the amount of the loan?

A — No. All closing costs must be paid by the veteran from his own resources without borrowing.

Q — If a military retiree is rated 100 percent disabled by his branch of service but has never applied for a service connected disability rating from the Veterans Administration, will his surviving spouse receive VA Dependency and Indemnity Compensation benefits upon his death?

A — Application for DIC must be made. The surviving spouse is not automatically entitled to VA DIC benefits and only the VA can make a service connected death determination for DIC benefits.

Q — My father was killed on active duty. I am 19 years old and would like to know if I am eligible for educational benefits from the Veterans Administration?

A — You are probably eligible for benefits for survivors and dependents of veterans. Contact the nearest VA office for assistance.

Schools Reunion To Be August 1 In Pioneer

The annual Pioneer, Liberty, Sabano, Cook, Curtis, and Crocker School Reunion will be Saturday, August 1, at the Pioneer Tabernacle.

Lunch will be catered by Colony Restaurant (Hesters) of Cisco, with a choice of chicken fried steak or baked ham—\$2.00 per plate.

It is hoped for a crowd. There were 200 last year. Wanda Flippin Cloud, Secretary-Treasurer

New Arrivals

CHRISTOPHER BRENT CALHOUN

Brad Calhoun, son of Rick and Judith Calhoun, would like to announce the arrival of his new brother, Christopher Brent. Brent was born in New Braunfels Hospital on July 14, 1981, at 5:42 a.m. He weighed seven pounds and one ounce and was 22½ inches long. Mr. and Mrs. Calhoun are former residents of Cisco; he was a teacher and coach for Cisco High School.

Putnam News

By Mrs. R.B. Taylor

We are still in the grip of summer. Hot and dry. How nice a cool rain would be. The grasshoppers are the only ones who seem to be enjoying the heat. They have stripped nearly everything green around here.

There has not been much coming and going around Putnam. Most everyone is staying in with their air conditioners. How did we used to get along without electricity?

Mrs. Dink Pruitt is in Hendrick Hospital. I hear she is due to come home soon. We are thankful that we do not have anyone else ill.

ICE CREAM SUPPER

An ice cream and cake supper will be given at the Putnam Community Center Friday evening to honor Mr. and Mrs. John Petty who have moved from our midst to Brownwood. Be sure and come, bring ice cream or cake and help wish John and Gertrude well in their new home.

Mrs. I.G. Mobley, Mrs. R.B. Taylor and Mrs. R.L. Clinton of Cisco had lunch together at Cisco Tuesday.

On Wednesday evening the Douglas Frys of Cisco entertained a group of friends and their family with a fish fry at their home. Those attending were from Baird, Putnam, Brownwood and Cisco.

Mrs. Clinton Ivie and sisters, Mrs. Oleta Hale and Bonnie McCleskey of Cisco visited their aunt, Mrs. Clara McKinley at Wichita Falls this week.

Mrs. Katie Baker of the Eula Community has purchased the house formerly belonging to the late Mr. and Mrs. Earl Jobe. Mrs. Baker and her mother-in-law, Mrs. Lillian Baker are doing extensive renovations and expects to move in the near future. Mrs. Baker is a niece of Mrs. Bennie Nettles and Mrs. Stockton of our community.

Mr. and Mrs. Bill Bennie of Mineral Wells spent the night Friday with her sister, Mrs. John Doyle Isenhower family.

Misses Linda and Brenda Nettles of Abilene spent last Sunday with their parents, the Bennie Nettles.

Mrs. Mary Wagley of California is still visiting her son, Billy and the children.

Mr. and Mrs. Sleepy Sutton of Cisco visited Mrs. Ollie Burnam Saturday.

Andy and Belinda Maxwell of Albany spent several days with the Manriquez children here.

Cathy Green of Clyde visited her mother, Marie Maxwell Saturday.

Word has been received of the death of Mrs. Clyde King of Midland. Mrs. King was the former Cora Clark and was reared at Putnam. She was the aunt of our local postmistress, Laverne Rutherford.

News From The Center

By Mae Green

Roland Smith and the Sandy Land Band visited the Center this month. Our residents along with a group of our friends from the community enjoyed their favorite country and western songs and hymns of faith.

On July 16th at 2:30 p.m. our birthday party was hosted by the Pleasant Hill Homemakers Club.

Our birthday honorees are Gertrude Lucas, John Earp, Nettie Marshall and Chrissie Boatman. We at the Center appreciate the different clubs and church groups for remembering the residents birthdays and sending cards to each of them. This means so much to the residents to get a card from you and to feel that someone cares.

Hogan Family Reunion To Be Held July 25-26

The Hogan family reunion, for the descendants of Frank and Cordelia, will be at the Cisco Country Club, July 25 and 26.

Everyone is asked to bring food for their own family.

Boyd Family Holds Reunion

The Boyd family reunion was held July 18 and 19 at Mills County.

Those present were Ruth Boyd, Donald Boyd, Gaston Boyd, Wanda Boyd, Leo Boyd, Buster, Geolonia and Angie Boyd, Kathy and Shelley Agnew, all of Cisco; Bob, Barbara and Ruby King, Ralph Gallian of San Angelo; Rob, Cindy and Mark Haynes; Sherree Boyd, Tommy, Glen and Amber Boyd, Jayre Boyd, Teanay, Michael and Le Ann Rabb, Bobby and Leo Arnold; Jo Ann Noland of Stephenville; Carrie B. Mills, Ora Mae Morgan, Bonnie Shelton; Barbara, Wesley and Tawnee Adams of Eastland; Charles Stevens; W.T. Roberts and family, Curtis and Keith Roberts, Regina and Jeanie Day Allenbrand; Mr. and Mrs. Robert Joe Bush and Jerry Bush of Pasadena; Kathy Norris of Houston; Danny, Sheila and Robin and Annie Boyd; Linda, LeRoy, Donna and Debra Pearson of Abilene; Raymond Boyd and D.L. Cummings of San Angelo; Bobby, Kathy, Dustin and Shawna Adkins of Oklahoma City, Okla.; Bubba and Mary Adkins of San Angelo; Willie Pafford of Mullin; Eva White and Dustin Grady of Mullin; Joe, Francis Ann and Jerry Bush of Pasadena; Ruby Boyd of Goldthwaite; Vera Boyd, Jo Cummings of San Angelo; Vada Huff, Frank Huff, Alice Pearsay of Austin; Everett, Jean, Scott and Bodie of Lometa; Edward and Clovis Boyd of San Angelo.

Field work should start this week in the Eastland area as well. There will be a crew working in the city and at least one other crew working in the rural area of the district.

When the field men arrive at your property, they will identify themselves before making any type of measurement. If for some reason the property owner is not available, they will leave their identification with name and address before going ahead with their measurements and classification work. Representatives of the firm stress that they do not need to enter the home of the property owner, their measurements will be of the outside area.

Again we are reminded that this work is being done in order for all of the taxing jurisdiction of the County to be in compliance with the law and the cooperation of the property owners is requested. The work being done, along with new values, will not effect the 1981 tax rates or rolls; it will not be used until 1982 when required by the present law.

Lone Cedar Day

The next game day at Lone Cedar will be Friday, Aug. 7th. Beginning at 10:00 a.m. all sort of games will be played and prizes awarded in each game.

Lunch will be served at noon and play resumed. Everyone is invited.

2 Eastland County 4-Her's Attend State Congress

Two Eastland County 4-Her's have the unique opportunity of attending State 4-H Congress in San Antonio on July 21 through 24. These 4-Her's are Beverly Underwood from Gorman 4-H and Leanne Brown from Eastland 4-H. Beverly is the daughter of Mr. and Mrs. Troyat Underwood and Leanne is the daughter of Mr. and Mrs. L.C. Brown.

This year's Congress is designed to interest and inform 4-H members about modern health care including new innovations, equipment and procedures. Delegates will learn about life extending processes, detecting health problems and how to make the most of the "health" we have.

In addition to attending workshops, Leanne and Beverly will have free time

Eastland County Appraisal Work Continues Here

The task of appraising the taxable property of Eastland County by 1982 has been underway for several months now. The work is being done in compliance with tax laws passed requiring that all Counties within the State have their property valued at 100% market value by the 1982 tax year.

The reappraisal work is being done by the valuation firm of McMorries and Company and is due to be completed sometime this fall. Field men for the firm have completed work in the Rising Star and Carbon areas of the County already. There are presently several crews working in both the Cisco and Gorman areas.

Field work should start this week in the Eastland area as well. There will be a crew working in the city and at least one other crew working in the rural area of the district.

When the field men arrive at your property, they will identify themselves before making any type of measurement. If for some reason the property owner is not available, they will leave their identification with name and address before going ahead with their measurements and classification work. Representatives of the firm stress that they do not need to enter the home of the property owner, their measurements will be of the outside area.

Again we are reminded that this work is being done in order for all of the taxing jurisdiction of the County to be in compliance with the law and the cooperation of the property owners is requested. The work being done, along with new values, will not effect the 1981 tax rates or rolls; it will not be used until 1982 when required by the present law.

Lone Cedar Day

The next game day at Lone Cedar will be Friday, Aug. 7th. Beginning at 10:00 a.m. all sort of games will be played and prizes awarded in each game.

Lunch will be served at noon and play resumed. Everyone is invited.

to sight see in San Antonio and will end their Congress trip by attending a banquet in honor of the 4-Her's. Congratulations to these girls.

AARP Chapter Holds Meeting

The AARP Chapter 2447 of Cisco met at the Corral Room on Thursday, July 16, at 6:00 p.m. for the regular monthly meeting and covered dish meal. Past president Gid Bowers returned thanks before the meal.

President Anton White called the meeting to order and Jack Roberson gave the invocation. The pledge of allegiance to the flag was led by Anton White.

President Anton White recognized the visitors, four from the Breckenridge Chapter and a large group from the Eastland Chapter.

Secretary Sue Taylor read the minutes from last month and they stood approved as read.

Lela Lloyd gave the treasurer's report. She also reported to have sent a memorial from AARP to the Cisco Cemetery Association in memory of Laura Greenhaw. Her report stood approved as read.

Lela Lloyd talked about a planned trip to Granbury to the Old Opry House.

President Anton White introduced the guest speaker, William S. Ward, field manager for Prudential Insurance Company with 25 years services with the company. He brought a very good speech which it is hoped clarifies the confusion of the change-over in insurance underwriters. He remained to answer questions for anyone who needed more help.

WORD OF GOD

Old Testament

And he humbled thee, and suffered thee to hunger, and fed thee with manna, which thou knewest not, neither did thy fathers know; that he might make thee know that man doth not live by bread only, but by every word that proceedeth out of the mouth of the Lord doth man live.

Deuteronomy 8:3

Thursday, July 23, 1981

Two Somalians Observe Dryland Production

Hagi Ahmed and Abdullahi Ibrahim are visiting in Eastland County to observe dryland peanut production during July 20-31, according to County Extension Agent, DeMarquis Gordon.

They are both agriculturists in Somali and are here to gain knowledge that will help them improve food production in their country.

Somali is located on the east coast of Africa. The country is faced with acute shortage in qualified manpower in almost all technical fields and specifically in the field of farm mechanization and the situation is worsening.

Gordon said the Somalians will learn as much as possible about field related equipment, maintenance of machinery, adjustment of the equipment, calibration and adjustment of sprayers, seed drills and planter and any other subjects related to dryland farming techniques.

Bill Lewis Announces the re-opening of the Exxon Station on the corner of Avenue D and Interstate 20 with the addition of a full-time mechanic, John Allen from Hobbs, New Mexico, who moved here with his wife and family because they liked the friendly atmosphere of Cisco. John has had 14 years experience in auto repair.

His services include:

Tune Ups	Water Pumps
Alternators	Starters
Brake Jobs	Tailpipes & Mufflers
Air Conditioner Service	

Come in and get acquainted. You will continue to receive the same warm welcome and friendly service that you have enjoyed in the past year.

POINTS TO PONDER

(author unknown)

The average age of the world's great civilization has been 200 years. These nations progressed through this sequence:
From Bondage to Spiritual Faith
From Spiritual Faith to Great Courage
From Courage to Liberty
From Liberty to Abundance
From Abundance to Selfishness
From Selfishness to Complacency
From Complacency to Apathy
From Apathy to Dependency
From Dependency back again into Bondage
The United States has reached the 200 year mark. This cycle is not inevitable - it all depends on you!

energy saving Amana

Room Air Conditioners Cut Cooling Costs!

See a Demonstration TODAY!

Here's how Amana does it:

1. Performance matched components including rugged, dependable compressor.
2. Fine-tuned air distribution system moves air efficiently.
3. Extra large Amana-built coils give greater cooling efficiency than ordinary, smaller coils.
4. High efficiency fan and blower motors.
5. Large outdoor fan moves a big air volume easily.
6. "Fan Ring" slings water from dehumidification onto the outdoor coil for added cooling efficiency.
7. Energy Saver Switch helps you control the energy you use.
8. Full air direction control lets you direct cool air for maximum efficiency and comfort.

YOU'LL ENJOY OTHER AMANA QUALITY FEATURES, TOO, LIKE QUIET OPERATION, EASY INSTALLATION AND AMANA DEPENDABILITY. SEE THE AMANA, ENERGY SAVERS TODAY.

OBITUARY

Funeral Services For C.P. Everett Hold Sunday

Funeral services for C.P. (Doc) Everett, 77, of Cisco, were at 2 p.m. Sunday at East Cisco Baptist Church. The Rev. Armo Bentley, pastor, officiated. Burial was at 4 p.m. at Throckmorton Cemetery, directed by Kimbrough Funeral Home.

Mr. Everett died Friday afternoon at E.L. Graham Memorial Hospital.

He was born April 17, 1904, in Comanche County. He moved to Throckmorton as a child. He moved to Cisco from Breckenridge 21 years ago and operated Cisco Modern Laundry here. He married Venita Viva Loyd on November 7, 1924, in Haskell. He was a member of East Cisco Baptist Church and the men's Bible class.

Survivors include his wife; a son, C.T. (Sonny) of Austin; two daughters, Dorothy Grubbs of Odessa and Drucilla Watson of Houston; two brothers, Walter and Odis, both of Throckmorton; two sisters, Mrs. Bud Jones and Mrs. Frank Sims, both of Throckmorton; seven grandchildren and two great-grandchildren.

Pallbearers were Chester Allen, Bud Clack, Bob Isbell,

C.W. Newnam, Nute Hart and Johnny Watson.

Services For Theodore Burkman Held Tuesday

Funeral services for Theodore Frank Burkman Sr., 76, of Lueders, were at 2 p.m. Tuesday at the First Baptist Church of Lueders, directed by Stanford Funeral Home of Stamford.

The Rev. Neal Shepherd, pastor, officiated. Burial was in Spring Creek Cemetery.

Mr. Burkman died at 3 p.m. Sunday at Hendrick Medical Center in Abilene after a long illness.

He was born October 4, 1905, in Elgin. His family moved to Lueders when he was two. He was a farmer and oil field worker. He married Lola Purcell on June 7, 1928, in Anson. He was a member of First Baptist Church of Lueders.

Survivors include his wife, Lola; a son, Theodore Frank Jr. of El Paso; two daughters, Pearlletta Noggle of Red Oak, Okla., and Helen Bryce of Lewisville; two brothers, Walter of Cisco and Rudolph of Abilene; a sister, Lillie Gifford of Fort Worth; nine grandchildren and six great-grandchildren.

Grandsons served as pallbearers.

Vacation Church School To Be Monday

Vacation Church School, sponsored by First Christian, First Presbyterian and First United Methodist, will be held at the First United Methodist Church, 406 West 8th, Monday, July 27, through Friday, July 31. Classes will be held from 9 to 11:30 a.m. each day.

Classes will include ages three years through sixth grade. Registrant should register for the grade which they attended during the past school year.

Coordinators for the VCS are Yukiko Kleiner, First Presbyterian; Hattie Weathers, First Christian; and Betty McGrew, First United Methodist. Registration forms may be obtained from any of the coordinators, or from the churches during Sunday School or after church, at any of the sponsoring churches. Pre-

registration is helpful, but students may register the morning of VCS.

The seven classes that are planned are:

1. Nursery A: 3 and 4 year olds, Diane Yowell (FCC) and Sherry Ray (FUMC).
2. Nursery B: 3 and 4 year olds, Caddy Claborn (FCC) and Cathy Lee (FCC).
3. Kindergarten: 5 and 6 year olds (who have not attended first grade), Virginia Pingleton (FCC), Carolyn White (FUMC) and Rev. Jim Pingleton (FCC).
4. 1st and 2nd grades: (1980-81) Janet Heyser (FUMC) and Patty Moore (FCC).
5. 3rd and 4th grades A: (1980-81) Brenda Adkins (FUMC) and Cindy Honea (FUMC).
6. 3rd and 4th grades B: Nannette Maxwell (FCC) and Pam Jackson (FUMC).

and Eva Humphries (FCC). 7. 5th and 6th grades: (1980-81) Sherry Wright (FUMC) and Judy Campbell (FUMC).

Workers are still needed

Rev. Adkins To Be Speaker At 1st Christian

The Rev. David Adkins of the First United Methodist Church will be the speaker this Sunday for the evening worship service at the First Christian Church at 7:00.

The members and friends of the First Christian Church, First Presbyterian Church, First United Methodist Church and Wesley United Methodist Church will continue their combined Summer Sunday evening worship services during the remainder of July and through the month of August.

This Sunday a social hour will follow the preaching and refreshments of cold watermelon and cake and coffee will be served.

on the refreshment and entertainment committees. Teenagers wishing to help with crafts, outdoor games or serving refreshments are invited to contact one of the coordinators listed above. (They must have been in the 7th grade last year or higher.)

There was a meeting Sunday, July 19, at 3 p.m. at the First United Methodist Church to decide about the final program, assembly, suggestions for an offering, and room selections. The audiovisuals available were also discussed.

Teachers and their assistants will meet Sunday, July 26, at 3:00 p.m. to prepare class rooms.

Refreshments will be served each day, and a nursery will be provided for the babies of the staff who are too young to attend a class.

The three sponsoring churches invite children of all denominations to attend the Vacation Church School.

NOTICE OF MEETING OF THE GOVERNING BODY OF CITY OF CISCO

Notice is hereby given that a special called meeting of the governing body of the City of Cisco will be held on the 23rd day of July, 1981, at 6:30 p.m. in the Council Chambers at which time the following subjects will be discussed, to wit:

Item 1: Appointment of City Manager

I, the undersigned authority, do hereby certify that the above Notice of Meeting of the governing body of the City of Cisco is a true and correct copy of said Notice and that I posted said Notice on the bulletin board in the City Hall of Cisco, and said Notice was posted on July 20, 1981, at 4:00 p.m. and remained so posted continuously for at least three days immediately preceding the date of said meeting.

Dated this, the 20th day of July, 1981.

City of Cisco

By Ginger Johnson

City Secretary

PUBLIC NOTICE

Public Notice
A proposed use hearing for general revenue sharing purposes will be held on August 3, 1981, for all interested citizens of the City of Cisco. The amount of general revenue sharing funds to be discussed for this fiscal year is \$46,207.00. The meeting will be held at 7:00 p.m. for the purpose of discussion of possible uses of general revenue sharing funds at the Council Chambers at City Hall. All interested citizens will have the opportunity to give written and oral comments on uses of the funds. Senior citizens are encouraged to attend and comment.

First Arts & Crafts Fair Coming Soon

Mrs. Nolan Butler issues a reminder that Eastland's first Arts and Crafts Fair will be July 31st and August 1.

There is planned a variety of activities, that will interest the whole family.

Of course there will be lovely arts and crafts on display and door prizes to be given away and other prizes to be won.

There will also be dominoes tournaments beginning Friday at 7:00 p.m. and will continue to 9:30 p.m. Saturday. These tournaments will be held in the concession building.

To assure yourself of a place at one of the tables and to get your choice of a partner send your name to Mrs. Nolan Butler, P.O. Box 332, Eastland, Texas.

Delicious food will be sold in the concession building by the County Extension ladies.

The fair will also include a Frog Hop contest and a Pet Show. The whole family is encouraged to participate in Eastland's Arts and Craft's Fair.

THE REST OF THE GOSPEL

We all know the story about the repentant thief on the cross and how in Luke 23:43 Lord Jesus promised to take him to paradise that very day; which most people assume meant heaven. Yet, in John 20:17, on the third day, Jesus tells Mary not to touch Him for He had not yet gone to His Father in heaven. Then where did He take the thief on the first day? It wasn't heaven because He hadn't gone to heaven even by the third day. Where is this paradise that Jesus went to the three days He lay in the tomb? Why is it important to know where and why He went there? To find out the answer to this part of the gospel, write me for a personal reply at-The Rest of the Gospel, P.O. Box 763, Cisco, Texas 76437. p-61

What To Consider When Buying Your Home

WHAT IS AN APPRAISAL?

Real estate values ultimately depend upon opinion—the opinion of a willing buyer and a willing seller. It is often useful to obtain the opinion of real estate values from a competent and disinterested third party. This is the role of an appraiser.

An appraisal is an opinion, or judgment, as to the value of a particular piece of property. An appraisal's accuracy depends upon the basic competence and integrity of the appraiser and the soundness and skill with which the data is collected and processed.

An appraisal report should permit the reader to follow the appraiser's reasoning and to concur in the conclusions reached. When transferring the ownership of property, a current appraisal report, preferably from a professional independent fee appraiser, can be quite useful.

BEST TIME TO SELL APPROACHES

Unlike stocks, bonds and commodities that can be sold on short notice, homes for sale require several weeks or months of market exposure. Here are some hints about when to sell.

You should consider listing your property in the winter or spring. This will allow you exposure time before the peak selling months of July, August and September. Of course, the best time to sell is when you have a willing buyer, but you need to allow plenty of time to sell.

Prices and numbers of homes sold in Texas increase in the summer—a seller's market. Winter is a buyer's market. However, it is generally in your best interest to buy or sell when you must rather than to wait for the "best" season. Investors and persons with flexible housing alternatives can more easily take advantage of seasonal changes in the

market.

WATCH OUT FOR HOME REPAIR RIPOFFS

Sensible home repairs and improvements can protect and enhance your home investment.

Unfortunately, Americans are bilked out of millions of dollars annually by dishonest repairmen. Prudence can protect you from such a loss.

Before starting any project, have several bids prepared by local contractors with good references. Never rely on verbal agreements. A contract should be prepared listing a

complete description of the job to be done.

Before you sign any contract, make sure you understand it or have it checked by an attorney. Finally, never deal with anyone who shows up at your door uninvited and offers you a "special deal" on leftover materials or offers to perform a free inspection of anything in your home.

1 1 7/8% Interest (Conventional Only)

This Could Be Your Best Chance To Own A Colony Home

Because of today's high interest rates, it is becoming harder and harder to qualify for a home loan. Colony Homes has reserved for you a special interest rate of 11 7/8% for conventional home loans.

Most of the fine Answer Homes in Colony Square fall within the price guidelines. What a terrific opportunity to have your own home!

Our sales representative will be more than happy to discuss this special mortgage plan with you. In addition, we offer other financing plans such as: the \$1.00 move-in for veterans, section 245 graduated mortgage plans, and FHA financing.

Our Sales office is open from 11 o'clock until dusk every day. Come see if you can qualify and really give your living a lift!

Ingenuity In Home Decor

CLEVER COLOR COORDINATION

When a room in your home needs a facelift, there can be an easy—and inexpensive—way of handling the operation with your own hands.

Instantly "decorated" walls can become a reality if you select colors and patterns from drywall paneling suppliers. These now offer precovered wall board that a handy do-it-yourselfer can install in minutes.

Many panel designs are professionally color-coordinated so that one pattern can be used on one wall and a complementary design on another in the

same room. A stripe might combine with a linen texture, for example, provided both are in the same color family.

Almond Cork is a neutral texture finish for the drywall paneling from Gold Bond. Suitable for informal rooms, basements and dens, it combines well with many of the other 15 patterns offered in this manufacturer's Decorator Panels series.

There are also matching moldings for each pattern so you can quickly complete installation of the eight-foot-high panels. Installation can be done

with only basic tools, such as a sharp knife, straightedge and hammer. Each panel is only four feet wide and so is easy to handle. Free "how-to"

literature is available at building materials suppliers and home centers.

There are many designer patterns and colors to choose. You can coordinate rooms in an entire house—and at less cost than buying separate gypsum board, wall coverings and moldings.

Once panels are in place, you have another satisfaction—that of knowing their durable finish is so scrubbable that virtually any type of stain can be removed with mild household detergents.

Complementary wall covering patterns, combined with contrasting moldings, account for the decorator look of this kitchen, paneled with precovered wallboard.

Elegant foil is also available.

HOME BUYER

Hidden Assessment

Before your purchase of a home is completed, a land title search of public records will disclose matters affecting ownership so that known problems can be cleared up. But even the most diligent title search cannot reveal all such difficulties because what the records show may not be what actually exists.

During a transaction in a Midwestern state, the title search disclosed a special assessment for paving against the property and the amount outstanding was paid at closing. All appeared to be well until after purchase, when the buyer was shocked to discover still another unpaid paving assessment against his real estate.

It then was learned there were two paving assessments against the property although only one of these was found in the public records. Since the former owner of the real estate could not be located and since there was nothing in the sales agreement calling for payment of paving assessments by the buyer, the owner's title insurance of the buyer paid the outstanding amount to protect the insured from financial loss.

As this example illustrates, the protection of owner's title insurance extends beyond what is found in the public record to include hidden hazards such as a forged deed that transfers no title to real estate, conveyance by a person found to be mentally incompetent in a legal proceeding, and mistakes in the public records.

For free information on precautions to consider in home buying, write American Land Title Association, Box 566, Washington, D.C. 20044.

OILFIELD DISPATCH

Eastland County Oil News Report

Texfel Petroleum Corp., Abilene, filed application to drill No. 1 Simpson as a proposed 3,000-foot wildcat in the Nimrod (Cross Cut) Field in Eastland County.

Location is one mile northeast of Nimrod on a 160-acre lease.

It spots 990 feet from the south and west lines of Section 93, Block 3, H&TC Survey.

North Ridge Corp. of Grand Prairie has spotted site for a test in the Ranger, Northwest (Marble Falls) field of Eastland County, six miles northwest of Ranger.

No. 3 W.T. Davis will drill to 4,000 feet and is located 750 feet from south and 2,777 feet from east lines of Sec-

tion 1, T&NO Survey, A-533.

Gary Lynn Bennett of Lubbock has staked site for No. 13 Broyles 10 miles south of Cisco in the Nimrod (Cross Cut) Field of Eastland County.

Drillsite for the 1,400 foot test is 2,480 feet from south and 160 feet from east lines of Section 94, Block 3, H&TC Survey.

Parker Operating Co. Inc. of Fort Worth has staked a location in the Scranton field of Eastland County one mile southeast of Scranton.

Drillsite for No. 1 Neely, a 2,000 foot test is 150 feet from north and 2,500 feet from east lines of Section 127, Block 3, H&TC Survey, A-191.

Bobby M. Moore of Cisco has staked four wildcat sites to test the Madewell (Cross Cut) field of Eastland County nine miles southwest of Cisco. All four will drill to 1,800 feet.

Drillsite for No. 1 Stowe is 2,490 feet from north and west lines of Section 117, Block 3, H&TC Survey.

No. 2 Stowe is 2,190 feet from north and 2,490 feet from west lines of the same survey.

No. 3 Stowe is 2,190 feet from north and west lines, and No. 4 Stowe is 1,890 feet from north and 2,190 feet

from west lines of the same survey.

Tonk Valley Production Co. of Graham has staked location for its No. 1-H Hunt eight miles northeast of Gorman in Eastland County.

The 3,400 foot test is located 330 feet from north and 1,636 feet from west lines of Subdivision 21, League 1, McLennan County School Land Survey.

Command Energy corp. of Fort Worth has staked a wildcat test 11 miles southeast of Ranger.

No. 1 D.C. Hagar, a 4,000 foot venture is 567 feet from south and 785 feet from west lines of Subdivision 2, League 2, McLennan County School Land Survey.

Taking a look at the decontrol of Oil

By Michelle Lindsey

One of the most controversial subjects involving our country has been the decontrol of oil.

No matter what the pros or cons are, one thing is certain, the search for energy in the United States has been stepped up. This has become evident in our own area. It will take several years to translate the exploration boom into actual oil production.

At the beginning of 1980, the oil industry was expected to spend

some \$33 billion for U.S. petroleum exploration and development-an 18 percent boost over 1979.

Half-way through the year several companies had raised their exploration and production budget considerably.

The debate over how decontrol is altering the course of U.S. crude oil production and reserves is not important. The important point is that with increased exploration and production we can expect the U.S. crude oil production and reserves to decline at a much slower rate than would have been otherwise possible.

This is what can be done as the prices are set by the public in the marketplace, not by regulators in Washington. This is what is accomplished when our economic system operates freely, providing companies with the opportunity for earning a profit tomorrow on today's investments.

Texas Reports Oil & Gas Discoveries

AUSTIN-Texas operators reported 110 gas and 53 oil discoveries in June 1981, the Railroad Commission's Oil and Gas Division announced today.

In the year-earlier month, 110 gas and 51 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the sixth month of the year included 24 in deep South Texas, 23 in Southeast Texas, 20 in the Refugio area, 17 in West Central Texas, six in the San Antonio area, five in North Texas, four in East Texas, three each in the San Angelo and Midland areas, two each in the Panhandle and Lubbock areas, and one in East Central Texas.

Oil discoveries included nine in Southeast Texas, 11 in the San Angelo area, eight in North Texas, six each in the Midland and Lubbock areas, five each in the Refugio area and West Central Texas, and three in the Panhandle area.

In June, operators reported 321 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 3,704 in June, compared with 2,572 in the same period of 1980.

Applications to drill, deepen, plug back and for service wells in June amounted to 4,014 against 2,839 a year earlier.

Operators filed 833 amended applications to drill. A year earlier they submitted 636 amended requests.

This rig, belonging to Pengo Completions out of Cisco, was recently on location south of Moran. The rig is a F-8 model 59 Franks double triple. A double pulls two joints or stands of tubing and a triple pulls three joints. Operator for the rig is Rance Smith, and derrick hand is Joe

Crawford. Scott Burrow is third man on the crew and Buck Owens is fourth man.

Musical Chairs In Washington - No Fun For The Oilman

By Viola M. Payne

July was supposed to be "showdown month" in the U.S. Congress on legislation concerning oil producers and royalty owners, and the prediction is turning out to be correct. The 1,000 barrel per day Exemption (Windfall Tax) Bill has been under heated discussion, and some of the results are coming in. But most unpredictable was the changing of sides by a number of Senators in the Finance Committee, creating a situation where Republicans supported a tax voted in by a Democratic Administration - while most Democrats on the Committee turned against it. In the final count the Senate Finance Committee rejected the 1,000 Barrel per day Exemption from the Windfall Profit Tax. The proposal, which would apply to all independent producers and all royalty owners, was defeated 9 to 6 with individual votes as follows: Republicans:

Robert Dole, (KS) Chairman, NO
Bob Packwood, (OR) NO
William V. Roth, Jr. (DE) NO
John C. Danforth, (MO) NO
John H. Chaffee, (RI) NO
John Heinz (PA) NO
Malcolm Wallop (WY) NOT VOTING
Dave Durenburger, (MN) NO
William L. Armstrong, (CO) NOT VOTING
Steven D. Symms, (ID) YES
Charles S. Grassley (IA) NO
DEMOCRATS:
Russell B. Long, (LA) YES
Harry F. Byrd (VA) NOT VOTING
Lloyd Bentsen (TX) YES
Spark M. Matsunaga, (HI) YES
Daniel P. Moynihan, (N.Y.) NOT VOTING
Max Baucus, (MT) YES
David L. Boren, (OK) YES
Bill Bradley (N.J.) NOT

VOTING

George Mitchell (ME) NO
Senator Bentsen has announced that he still intends to bring the proposal to a floor vote as soon as possible. Citizens in favor of the measure are requested to contact members of the Senate and advise them of support for this Exemption.

Administration spokesman David Glickman informed Texas Independent Oilmen at the Convention in Ft. Worth early in June that the President desires a "clean" Tax Bill in order to expedite passage of the Administration's proposal. On Windfall Taxes, President Reagan proposes an annual exemption beginning at \$1500 for 1981, scaling down each year for five years.

Finance Committee Republicans apparently felt duty bound to go along with the President on this proposal. The deciding vote against the 1,000 barrel a day Exemption was cast by Chairman Dole. Secretary of the Treasury Regan, who had been reportedly cool toward the 1,000 barrel Exemption, was quoted by the Today Newscast on July 12th as stating that the Democrats were "Out to support the rich on the 1,000 Barrel a day Exemption"

At stake are uncounted billions of dollars, all of which will be taken from oil-producing states. At its present rate the Windfall Profit Tax will take about 143 billion during the next ten years. Texas alone will give about 13 billion to the Windfall Profit Tax. There are few other occasions in the history of Man where such vast sums were raised by taxes from a small segment of the population.

TEXAS PRESS ASSOCIATION

Oil Rig Training School To Open Soon In Abilene

Reprinted From The Abilene Reported News

By JIM CONLEY
Senior Staff Writer

Area drilling contractors are still seeking applications from would-be instructors at the oil rig crew training school that is expected to open in Abilene in the next few months.

Members of the West-Central Texas Chapter of the International Association of Drilling Contractors (IADC) met Wednesday at Abilene National Bank to consider that and other business.

They received good news from the Industrial Foundation of the Abilene Chamber of Commerce in the form of assurance of a high probability that the foundation will loan the money for a building for the new school. In fact, said Nancy Richards of the Chamber, the foundation may vote favorable for the loan this Thursday.

Ray Brazzel, chairman of the local IADC chapter, said the instructor the school is seeking should be "one who's real knowledgeable of the oil field, who's done it himself...roughnecked, drilled, pushed tools" - rather than a teacher of theory.

Donations of money and equipment, including a derrick, drawworks and a mud pump, are still being sought, but things are looking good on the land, said Brazzel.

The land, to be subleased from the state, is on Loop 322 just northeast of Texas Instruments.

A state grant to help the school is "in the works," he said, with administrative details being worked out by State Sen. Grant Jones of Abilene and other people. He said more details on the grant should be available "in a week or so."

The utilities to support the school are forthcoming, the

group was told, with sewer and gas creating no problem. The city is also going to allow a 2,500-foot service line into the site, which members agreed would be more than adequate.

Plans for a groundbreaking are in the works also, said Brazzel, with July 29 looking like a potential date. That's the same day the president of the IADC, George J. Matetich, will be in Abilene, along with executive vice president Ed McGhee. The organization is holding a barbecue and membership round-up that evening at the Abilene Civic Center.

Office space for the beginning school is being made available through the West Central Texas Council of Governments, 1025 E.N. 10th Street.

The local IADC chapter is now up to 77 members. Reservations, at \$15 per person, may be made through the West-Central Texas Chapter of the IADC; PO Box 2961, Abilene, TX 79604.
