

# Loboes Set For Scrimmage At Tuscola Friday

Rainy weather limited contact drills for the Cisco High School Loboes this week as they continued their two-per-day workout program in preparation for the 1981 season.

Hopefully, the players will be able to receive some intense contact drills before their controlled scrimmage Friday night against Jim Ned High School at Tuscola, Coach Jim Puryear said. Contact drills were delayed Monday and Tuesday due to the wet practice field and the players used the time to work on play assignments, both offense and defense. The scrimmage will begin with juniors at 6 p.m.

"We have attempted to place players in positions so that everyone will have an opportunity to perform Friday night," Coach Puryear said. "We are looking at Friday's scrimmage as a workout and not trying to put pressure on the players to perform under game conditions."

The varsity squad will feature the following players: Randall Rattan and Doug Hendricks at quarterback; Gary Speegle, Shane Posey, Greg Sipe and Tony

Carey, fullback; Jason Potter and Brian Fleming, quarterback; Larry Adams and Danny Garcia, wideout position.

The end posts are in good hands with Joey Worley, Mike Gallegos, and Blair Boyd alternating. The offensive line will be selected from the following candidates: Mark Petree, Bud Wood, Terry Owens, Bubba Eaker, Kenneth Preston, Manuel Marquez, Tommy Thackerson, Bill Starr, Lupe Ayala and Brad Hawari.

Mark Humphries, who suffered a broken ankle before workouts started, will join the linemen in the near future, Mr. Puryear said.

"Team spirit is very high and anticipation is mounting as the opening game on September 4 with the Haskell Indians draws nearer," the coach said. Some 70 candidates for the junior, junior varsity and varsity teams are in workouts.

Season tickets went on sale Monday and all previous season ticket holders were urged to claim their reserved seats as the waiting lists for seats is growing daily, Mr. Puryear said.

# Rain Improves Outlook For County Peanuts

Rainfall that measured up to four inches fell in this West Central Texas region this week to improve materially the outlook for peanut and pecan crops and to give new life to pastures, lawns and gardens.

The Cisco area received from 1.5 to 2 inches of rain Sunday night, Monday and Monday night. The rain was heavier to the east and southeast with Eastland reporting 2.9 inches, Carbon 2.5 inches, Gorman 3.5 inches and Desdemona about four inches. Scranton reported less than an inch.

County Agent DeMarquis Gordon described the rain as a real "life saver" for the county's pecan crop. The

trees are loaded and were in a position that they would begin shedding pecans without moisture, Mr. Gordon said. The rain, he added, promises the best pecan crop the county has had in several years.

The rain was also badly needed by the some 30,000 acres of peanuts on Eastland County farms, Mr. Gordon said. He added that the peanut fields usually depend on September rains to make their crop and "any rain we can get in August is a real bonus."

A good many peanut fields have a poor stand of plants, which will cut down on the per acre yield, Mr. Gordon said. This was due largely to

dry weather during the planting season.

The county made a good grain crop, which has been harvested and the land plowed, and the rain will make conditions right for planting small grains in September, Mr. Gordon said.

The rain, which resulted from a cool front moving through the state, brought welcome relief from temperatures that had gone over the 100-degree mark a good many days this month. Forecasters saw an end to the rainy weather after midweek.

The moisture was welcomed by home owners whose lawns were showing signs of turning brown despite watering.

## Births

**CODY PATRICK MOORE.** Rodney and Debbie Moore of Cisco are proud to announce the birth of their son, Cody Patrick Moore, born at 6:28 a.m. August 10, 1981, in Eastland Memorial Hospital. He weighed ten pounds and was 24 1/2 inches long at birth.

**ANTHONY BRYAN DARR.** Zachary Dawayne Darr has a little brother, Anthony Bryan, born August 9, at 8:35 a.m. in Hendrick Memorial Hospital in Abilene. He weighed eight pounds and seven and one-half ounces. Parents are Jim Arron and June Darr of Clyde. Grandparents are W.R. and Hazel Collins of Eastland and W.L. and Vera E. Darr of Cisco.

## Revival Meet At Long Branch

A revival meeting will be held Wednesday, August 19 through Sunday, August 23 at Long Branch Baptist Church. Services will begin at 7:30 p.m.

The evangelist will be Frankie Rainey and the song leader will be Greg Cunningham.

## WORD OF GOD

And Jesus, when he was baptized, went up straightway out of the water: and, lo, the heavens were opened unto him, and he saw the Spirit of God descending like a dove, and lighting upon him:

And to a voice from heaven, saying, This is my beloved Son, in whom I am well pleased.

## School Registration To Be Held This Thursday And Friday

Registration for the Cisco Public Schools is being held this week.

Junior High and High School registration was held Monday, Tuesday and Wednesday. Late registration for all grades will be held Thursday, August 20, from 9 a.m. to 12 noon at the high school.

Any student who will be attending the Cisco Intermediate School for the first time and will be in grades 3, 4, 5 and 6 may register for the school year

from 9:00 a.m. until 12 noon at the principal's office on Friday, August 21. Parents should bring records from previous school attendance and an up-to-date immunization record. Students who attended school in Cisco last year will need to pick up their registration packet on Friday, August 28, from 9:00 a.m. until 12 noon.

Registration for the first and second graders, who will be attending school in Cisco for the first time, will be held Thursday, August 20, from 9:00 to 11:00 a.m. at the Primary School Building in Geneva Webb's room. Parents should bring records from previous school attendance and an up-to-date immunization record. Any first or second grader who has already been assigned to a room for the 1981-82 school year should register with that teacher on Friday, August 21, from 9:00 a.m. to 11:00 a.m. Adults should accompany students to complete registration packet.

Registration for all eligible five year olds will be held in the Kindergarten Building on Friday, August 21, from 8:00 a.m. until 11:30 a.m. Parents are reminded to bring their child's birth certificate and a copy of immunization record.

## Cisco Booster Club To Hold Meet Thursday

The Cisco Booster Club will meet Thursday, August 20, at 9 p.m. in the high school auditorium.

The coaching staff will present a program on the proper fit of the equipment worn by the ball players, also the safety aspect of football and the insurance program.

All parents of the players and booster club members are urged to attend this meeting.

## 11-Under Par Wins Scramble Golf Tourney

A team captained by Bobby Smith, city golf champion, scored 11 birdies for an 18-hole score of 57 to win first honors in a scramble golf tournament at the Cisco Country Club last Sunday afternoon.

Members of Smith's team were Ralph Glenn, Ed Wende, Cliff Andrews and Eddie McMillan. The team had nine consecutive birdies during the tournament.

Second place went to a team headed by Delbert Schaefer that had an identical 18-hole score of 57-11 under par. The Smith team's victory was on the basis of birdies on a comparison of score cards. Schaefer's team included Vandell Weathers, Buddy Ramirez, K. Reich and Audie Woolley.

Three other teams tied for third place with 10-under par scores of 58, and the score card comparison gave the honor to the Carrel Smith team that included Keith Winnett, John Schaal, Lamar Elton and Fred Wende.

The other two teams with scores of 58 were captained by Bennie Nichols and Bernard Campbell. Nichols' team included Letha Schaal, Bob Elliott, J.W. Sitton and

## Congressman Stenholm Addresses Lions Club On Timely Issues

On August 13 the Ranger Lions Club had Congressman Charles Stenholm as their special guest speaker during their regular noon meeting. Lion President Arie Sharp ask all the Cisco Lions to introduce themselves. They were well represented with 12 of their members attending. Some from Eastland Lions Club and three from Ranger Rotary Club. There were many other guests, making a large crowd to hear the congressman speak on the tax cut, social security, military spending and the agricultural problems.

After being introduced by Lion Bill Auvenshine Stenholm said "I take my title very seriously as representative of the people of the 17th District, I will talk first and then accept questions from you and see what is on the minds of the people of Ranger and the area towns."

Stenholm said that people had been disinterested in government and had decided that there was no way of turning government around. But now there is a revitalization. Knowing that it is time for something new and the government could not continue in the same direction he and many other democrats decided to determine what is best for everybody in the country.

Stenholm pointed out that in the period of 1929-32 the federal government was spending four percent of the gross national product. By the end of Franklin Roosevelt's presidency, he said, that had increased to 10 percent. This year it had reached 23 percent. "That is what is creating so many problems as far as our economy is concerned," he declared. He said they wanted to cut the spending to 19 or 20 percent.

On military spending, Stenholm said that it was not possible to stop spending money on defense. "It is better to have the arms and not need them," he said. "Defense must be number 1, we can trim back but not cut out." The congressman added, "We have allowed the military to be

reduced too much. There is only one way we can truly have peace in the world and that is through strength.

Concerning agriculture, Stenholm said he opposed the President's farm bill. Republicans, he said, are wanting a free world market, but there is no such thing as a "free world market."

"Selling our products below the cost of production is called 'dumb' where I come from," he stated.

Stenholm stated that agriculture is now the 'sickiest' industry, and that he has not done nearly enough about it. He will now devote tremendous energy to the many problems that plague this industry. He said that government must stand with and beside the farmer.

Stenholm said he knew that Social Security was on the minds of many. He said it is very sad that some politicians make a political football out of Social Security. "We are going to keep the Social Security fund solid if we keep the federal government solid," he stated. "Those who are worrying about losing their Social Security payment, or it not coming next month or next year, that is just not going to happen."

He said some changes are needed. One proposal being considered is moving the retirement age from 65 to 68 but doing it over a 30 year period. Those who would retire next year at age 65

would wait until they were 65 years and one month old.

Another area of change would be a reduction in cost of living adjustments. He said that if the first two percent of cost of living could be frozen that would make the Social Security System more secure. If cost of living went up 10 percent and the first two percent was frozen, only 8 percent would be given.

He said that the Social Security System is not going broke but there is some difficulties. Two things have already been done. They have eliminated the \$255.00

death benefit. Children can draw a parents Social Security only until age 18, not through college as before.

He said he would like more views on the unearned income benefits.

He touched on the question of crime lightly, saying that was in sub-committees now and we should see results next year. He believes this will be a major issue during the next campaign.

The congressman from Stamford had several other stops to make and had to bring this meeting to a close.

## Cisco Area Crusade For Christ Continues

The Cisco Area Crusade for Christ will continue through Friday night, August 21, in an open air tent behind the Chesley (football) Field. The Crusade is being sponsored by the Cisco Ministerial Association. Services begin nightly at 7:30.

Rev. Walter K. Ayres of Garland is the evangelist. Zack Young, also of Garland, is the song leader

A combined choir from churches throughout the city will meet at 6:30 each night before the crusade services.

Everyone is urged to attend this crusade in order to uplift the name of Jesus Christ and forget about certain denominations.

An invitation is extended to everyone to attend these services.

## Community Chest Officers Are Named

The Cisco Community Chest has a new slate of officers and the budget committee is busy with preparations of a goal for the annual finance drive, President Winston Heidenheimer reported this week.

New officers and directors were chosen at a meeting of 28 club presidents and leaders from throughout the community.

Mr. Heidenheimer said. In addition to serving as president, Mr. Heidenheimer is chairman of the budget committee that hopes to complete its work this week.

Other officers include Ivan Webb, vice president and 1981 finance campaign chairman; Emma Watts, secretary; and Ron Patton, treasurer.

Members of the board of directors include Mrs. Steve Cozart, Mrs. Cleatus Rattan, Mrs. Carl Bray, Mrs. Harry Donica, James Cotton, Mrs. M.D. Allison, Bill Roberts, the Rev. Jim Pingleton, Mrs. Ed H. Howell and Joe Wheatley.

Heidenheimer on the budget committee are Mrs. Rattan, Mrs. Donica, Mr. Wheatley and Mr. Cotton. The group has held two meetings to hear representatives of organizations whose budget requirements will be part of the finance drive.

The annual fund campaign is usually held in early October each year.

## Girl Scouts Make Posters

Cisco Girl Scouts and leaders held a meeting Thursday, August 13, at the Girl Scout House to make posters for their membership drive. The posters will be displayed around town.

Troop leaders attending were Carla Whitley, Charlotte Kaltenbaugh, Wanda Hallmark, Deanna Black and Juanelle Black. Girl Scouts in attendance were Amanda Kaltenbaugh, Michelle Prickett, Gina Kinser, Janet Glenn, Sherri Pevey, Teresa Pevey, Dawn Geribaldi and Vicki.

## Gene Zellman Credited With Saving Boy's Life

Gene Zellman, transport driver for Gulf Oil Co., U.S., Eastland terminal, recently had the opportunity to put to good use the C.P.R. training he received earlier this year.

While vacationing with his family on the Frio River near Leakey, Texas, an eight year old boy was pulled under the water by the current and trapped for about 5 minutes before rescuers could pull him from the river.

The young lad had already turned blue and his eyes and dilated when Zellman felt a faint pulse beat, and began mouth to mouth breathing immediately. After several

breaths were administered the young lad regained consciousness.

Mr Zellman credits his quick reaction to this emergency to the eight hour C.P.R. course sponsored by Gulf Oil and taught by Fleet Representative Raymond Ake.

This is the second emergency situation in which Zellman has responded and his quick action has saved a life.

The other incident being a pickup truck-motorcycle accident near Zellman's home in Cisco last year. He is credited with applying a tourniquet to the injured lady's leg and saving the woman's life.

J.C. Fletcher. Playing with Campbell were Kevin Winnett, Joe Sitton, Bonnie Rice and Dorothy Farnsworth.

## Cisco Junior College Prepares for Fall Semester

Cisco Junior College is making preparations to begin its 1981 fall semester. All entering freshmen attending the Cisco campus are to report to the Harrell Fine Arts Auditorium at 9:00 a.m. on Monday, August 24, for registration orientation.

Registration for the fall semester at the campus will be held Tuesday, August 25, and Wednesday, August 26, from 9:00 a.m. to 4:00 p.m. and 6:00 to 8:00 p.m. in the Student Union Building.

Classes will begin August 27, but late registration will continue through September 10 during regular office hours (8:00 a.m. to 12:00 p.m. and 1:00 to 5:00 p.m.) at the Registrar's office on the Cisco campus.

Students wishing to register at the Clyde and Abilene centers may do so August 19 and 20, from 9:00 a.m. to 4:00 p.m. and 6:00 to 8:00 p.m. at the Clyde

Educational Center in downtown Clyde and the Community College Center of Abilene at 1600 Sherman in Abilene.

Academic, vocational, and financial assistance counseling is available. For full information, call the appropriate campus at one of the following numbers: Cisco (817) 442-2567; Clyde (915) 893-5876; Abilene (915) 698-2212.

## Mitchell Retires From Nursing Class

Ed. Note: The following article is being reran due to an error.

The 1980-81 graduating Vocational Nursing Class of Cisco Junior College would like to congratulate Mrs. Veneta Mitchell on her retirement and express their love and appreciation for all her devotion and help during the past year.

The class honored Mrs. Mitchell at a surprise dinner on Friday, August 7, 1981 at the Colony Restaurant in Cisco at which time she was presented with a collector's edition of Norman Rockwell prints.

The following poem was written in her honor by one of her students, Doris Young:

What all can we say about Mrs. Veneta Mitchell She is truly a credit to the Nursing and Teaching Profession. It takes special talents to be a Teacher also to be a Nurse and to find both qualities in one person is truly special. How lucky we are to be among the ones who can state "I was taught by Veneta Mitchell." This is the last year that she will teach a class of nurses, but maybe the nursing world will still be able to benefit from her nursing skills.

If we can acquire one fourth of knowledge that is

stored in the mind of this lady. The Nursing Profession will be blessed with 14 fine LVN's.

May we always try to strive to do our skills with the knowledge taught to us by this lady. May we never be guilty of doing anything that will make her ashamed to say, "She's one of mine." Thank you for being our example of what a nurse should be.

Thank you for being our teacher. Thank you for being our friend.  
THE STUDENTS OF YOUR LAST CLASS.

## ANYTIME COOKOUT STARS ORIENTAL DISHES

Oriental-inspired dishes will help make your anytime cookout a memorable occasion. Created in the test kitchens of La Choy Food Products, the menu features Citrus-Glazed Ribs and Chinese-Style Potato Salad. Enhanced with water chestnuts, the potato salad deliciously complements the orange-flavored spareribs. Start the meal with egg rolls, available frozen and served crispy hot off the grill. Accompany with a sauce made by combining Chinese Hot Mustard and Sweet & Sour Sauce, blending to taste. A selection of fresh fruit, is a satisfying dessert.

### CITRUS-GLAZED SPARERIBS (6 servings)

Ribs: 3 lbs. meaty spareribs  
Glaze: 1 jar (10 oz.) La Choy Sweet-Sour Sauce 3/4 cup sugar 2 tablespoons La Choy Chinese Hot Mustard 1/3 cup La Choy Soy Sauce 2 garlic cloves, minced 2 tablespoons frozen (thawed) orange juice concentrate 1 tablespoon dried orange peel 3/4 teaspoon ground ginger 1/4 cup scotch whiskey 1/2 cup water  
Combine all ingredients and let stand for 1/2 hour to develop flavor.

Brush glaze on spareribs only during the last 10 minutes of cooking to prevent burning. Warm leftover sauce and serve it at the table.

### CHINESE STYLE POTATO SALAD

6 medium potatoes, cooked, pared and diced 1/4 cup green onions, chopped 1/4 cup celery, chopped 2 tablespoons parsley, minced 1/2 cup La Choy Water Chestnuts, drained and sliced 1/4 cup butter, melted 3/4 cup white wine 2 tablespoons white vinegar 1/2 cup olive oil 2 pimientos, cut in small pieces salt and white pepper to taste  
Combine potatoes, green onions, celery and parsley. Add white wine mixed with vinegar, butter, olive oil, pimientos and water chestnuts. Add salt and pepper to taste. Refrigerate. Allow salad to stand at room temperature before serving.

## Accent On Health

Texas Department of Health Robert Bernstein, M.D., Commissioner

Deaths rose to a record number during 1980 but the Texas death rate decreased. State Health Commissioner Dr. Robert Bernstein reported Friday.

The total of 108,018 deaths to Texas residents was the highest ever, but the rate of 7.6 per 1,000 population actually is a decrease from the 1979 rate of 7.8, said Dr. Bernstein. These figures are contained in the new 1980 Texas Vital Statistics report.

The number one cause of death was heart disease with 37,581 fatalities. This was followed by cancer, which accounted for 21,164 deaths, and was followed by cerebrovascular disease with 9,728 deaths. The death toll from accidents was 7,785. Together, the four leading causes were responsible for 7 out of every 10 deaths in 1980.

The remainder of the 10 leading causes of death included:

5. Bronchitis, Emphysema, Asthma and Allied Conditions — 2,910;
6. Pneumonia and Influenza — 2,580;
7. Homicide — 2,428;
8. Diabetes Mellitus — 1,862;
9. Suicide — 1,786; and
10. Certain Causes Originating in the Perinatal Period — 1,676.

Other important causes of death were: Atherosclerosis — 1,653; Chronic Liver Disease and Cirrhosis — 1,472; and Nephritis, Nephrotic Syndrome, and Nephrosis — 1,060.

Accidents last year claimed 7,785 persons, with motor vehicle accidents contributing 4,295 deaths. A total of 668 persons died from falls, 360 were killed in fires, and 514 drowned.

Accidental deaths claimed 5,683 males and 2,102 females.

Of the total deaths in Texas last year, 1,482 were in children aged 1-14 years. The leading causes of death for these children were: accidents — 732 (including 357 in motor vehicle accidents); cancer — 166 (including 63 from leukemia); congenital anomalies — 107; and homicide — 71.

# Church's Centennial Here Approximately 200 Attend

Approximately 200 people attended the Centennial Celebration of the First Presbyterian Church in Cisco August 8-9. Registration and fellowship Saturday afternoon were followed by an informal evening program that included a devotional and reminiscences by Miss Willie Word and former pastors, Rev. E.E. Mulliner (1967-64) of Kerrville and Chaplain Stuart McC. Rohre (1947-49) of San Antonio.

Special music featured violin solos by Gloria Graham Stroud accompanied by Betty Slicker Greaves, both of Dallas, an organ solo by Vance McCracken of Abilene, and a vocal solo by Lloyd London accompanied by Lydia Krauskopf. Two of these musical numbers were written especially for the Centennial Celebration by Mrs. Greaves and by Mr. London. Sunday morning activities began with coffee and doughnuts for some; for others there were classes taught by Pat Deitiker and Rev. Norman Dow, Jr. (1977-78), who is now with Presbyterian Pan American School in Kingsville.

Special music for church services included a solo by Warren Wallace of Midland accompanied by Mrs. Warren Wallace. Mr. Wallace is a grandson of Mrs. W.W. Wallace of Cisco. Mr. London's "Church Centennial" was sung by the choir, and

## John Schneider To Appear At Six Flags

Arlinton, Texas -- John Schneider, popular young star of "The Dukes of Hazard" television series, will appear in concert Saturday, August 29, at Six Flags Over Texas.

It is Schneider's talent as a singer which brings him to Six Flags and the stage of the Music Mill Amphitheater.

His recording of "It's Now Or Never" has bounced into the Top 20 on national pop music charts in recent weeks, and the album of the same name is also a top seller.

Young Schneider is no stranger to Six Flags parks. In 1977, while living in Atlanta, he and three friends formed a barbershop quartet which was chosen to appear all summer at Six Flags Over Georgia.

His career shifted into high gear in 1979, when he was selected for the role of Bo Duke on CBS-TV's highly-popular "Dukes Of Hazard" series.

Schneider's Six Flags appearances are set for 7 and 9 p.m. There will be no extra charge for the concerts and seating will be on a first-come-first-served basis.

## WORD of GOD

Praise ye the Lord,  
Praise ye the name of the Lord;  
praise him, O ye servants of the Lord.

Ye that stand in the house of the Lord,  
in the courts of the house of our God,

Praise the Lord; for the Lord is good:  
sing praises unto his name;  
for it is pleasant.

For the Lord hath chosen Jacob unto himself,  
and Isra-el for his peculiar treasure.

For I know that the Lord is great,  
and that our Lord is above all gods.

Whatsoever the Lord pleased,  
that did he in heaven,  
and in earth,  
in the seas,  
and all deep places.

He causeth the vapors to ascend  
from the ends of the earth;  
he maketh lightnings for the rain;  
he bringeth the wind out of his treasures.

Psalms 135:1-7

organ Prelude and Postlude were played by Vance McCracken.

Others taking part in the church services were Rev. William C. Weeks (1979- ), Rev. Robert Marsh (1971-76) of California, Md., Rev. Norman Dow, Jr., Mrs. Terry Boss of Dallas, Dr. Bessie Pearce, daughter of the late Dr. J. Stuart Pearce (1932-36), and Rev. John R. Bradshaw of Rockport.

Mrs. Boss was a "stand-in" for her grandfather, John L. Leslie of Rockport, son of the late Dr. J.D. Leslie (1912-22). Rev. Bradshaw is the son of Dr. Hugh Bradshaw, who went into the ministry from this church during the pastorate of Dr. Leslie. The title of Rev. Bradshaw's sermon was "Don't Look Now--You're Being Followed."

Among the visitors were two officers of the Palo Duro Union Presbytery, of which this church is a member. They were Mrs. Horace Wilson, Moderator, of Amarillo, and Dr. Paul D. Young, General Presbyter, of Lubbock. Other special visitors were Mrs. Zona Buford, a member since 1905, and Mrs. M.H. Applegate, whose late husband was pastor here from 1937-1939.

After a group picture was made, the Centennial Celebration closed with a buffet luncheon at the White Elephant Motel.

Out of town visitors were: Mrs. F.B. Altman, Mrs. M.H. Applegate, Nanella and Glenn Arnold, Terry and Eve Boss, Billye and Earl Bradley, Rev. and Mrs. John Bradshaw, Jane and Mary Scott Bradshaw, Brady Brock, Laura and Eddie Brown, Winnie Carpenter, Elizabeth Daniel, L.J. The visit of the two Eastland National Bank helped the men with their financial business. Grover also invited the two visitors and me to lunch with the Rotary Club.

The Somalians, Hagi and Abdullahi received training by visiting Eastland County farms and agricultural stores. The farmers and store managers answered questions and showed them farm machinery and farming methods.

I would like to thank the many people who contributed to their learning experiences in Eastland County. Everyone we contacted was more than happy to assist with the Somalians' training.

Rev. Jim Hooten helped us the first day with orientation. Rev. Hooten lived in Uganda for fifteen years and is an authority on the history and customs of African people.

Grover Hallmark and Craig Beskow of the

Eastland National Bank helped the men with their financial business. Grover also invited the two visitors and me to lunch with the Rotary Club.

The Somalians, Hagi and Abdullahi received training by visiting Eastland County farms and agricultural stores. The farmers and store managers answered questions and showed them farm machinery and farming methods.

Others who had a part in the training of Hagi and Abdullahi were Ted Higginbottom, Mr. and Mrs. Linden Boch, Mr. and Mrs. James Chesshir and Charles Walker.

Agriculture businesses who assisted in the training included Ronnie Pack of the

Carbon Farm Supply, Franklin Cox of the Pioneer Farmers Co-Op, Mark Cooksey of Bramlett Implement Co., Bob Perkins of Perkins Implement Co., and Jay Carter of C&D Feed

Store. One of the high lights of their visit was a tour through the Birdsong Peanut Plant at Gorman. Max Grice and the people at Birdsong were very helpful.

Again, we would like to say thanks to all those who contributed to the training of these men.

We had one near disaster that ended well. One morning Hagi told me he had lost all his money, about \$470 in cash. After thinking of all the places the money might have been lost, we decided to go to Charles Walker's where we had collected pecan leaf samples the day before. We soon found the money in Walker's bermuda grass pasture. Apparently,

one of cows had decided to eat the money, but then changed her mind and spit it out in preference for green grass. The bills were hardly recognizable, but Craig Beskow was able to determine the amount of the money and replaced it with good clean cash. At this point Hagi purchased traveler's checks and said he had learned another lesson.

The rain this week was very beneficial. Most crops in Eastland County were very drought stressed before the rains. Much of the state had been getting good rains, but our area had gotten very little rain during the last two months until this week.

The rainfall varied over the county. Some areas had over four inches while others had about one inch. This will sure help the peanuts, pecans, grain crops, and forages.

## The Peachtree Borer

Gordon Woolam

The Peachtree Borer can be one of the most destructive insect pests of peaches in Texas. Damage occurs as a result of the larvae feeding around a tree's base just under the bark. Severe infestations reduce tree vigor and can kill a tree if allowed to continue uncontrolled for several years. Populations that average more than one larva per tree should be treated. Control is achieved with a single late August application of insecticide of Lorsban<sup>®</sup> is used.

## Farmers want government held grain off market

Concentration of government-held grain on the High Plains of Texas is unfair to Texas producers who are about to harvest one of their best crops on record, Texas Farm Bureau President Carroll Chaloupka said Friday.

"Farm Bureau has asked Secretary of Agriculture John Block to avoid dumping this stockpiled grain on the market because of the price-depressing effect," Chaloupka said. "We assured the Secretary that Farm Bureau backs his promised efforts to liquidate the grain - most corn from the midwest - in an orderly manner over a period of time to avoid disrupting grain markets."

The grain was bought by the government in 1980 in an effort to shore up grain prices following the embargo of 17 million tons of feed grains to the Soviet Union.

"The government shipped about 45 million bushels of this surplus grain from midwestern states to elevators in the Texas Panhandle," the farm leader said.

"This heavy concentration of surplus grain has had a depressing effect on grain prices in West Texas for some months now," he said. "As we face harvest of good to record crops in the area, the stockpiled grain not only effects our markets, but we are likely to have a shortage of elevator space in the area."

The farm leader, who raises livestock, wheat and feed grains near Dalhart, said the emergency in West Texas points up the danger of having the government own grain.

"Any time the federal government buys up commodities with the idea of helping farmers, the ultimate result is lower prices for farmers because this grain either overhangs our markets or is dumped deliberately to depress farm prices," Chaloupka said.

"Farm Bureau opposed the embargo of the grain shipments to Russia in the first place," the farm leader said. "If it weren't for the embargo, we wouldn't be faced with the present emergency in Texas. We believe any politically-inspired embargo should include all exports of everything."

Peachtree Borer eggs are laid on the bark near the soil line of a Peachtree. Hatch occurs in about 10 days. Newly emerged larvae bore into and feed in the bark cambium for 10-14 months. Mature larvae migrate from the tree out into the soil and pupate just below the surface. Eggs are laid in August or September with adults emerging the following August or September.

Adult Peachtree Borers are small moths with a wing span of 1-1½ inches. The female is larger, solid black with a single orange abdominal stripe. Males are black, not quite as robust as the Female and have numerous yellow lines on their body.

After emerging from Pupae, Adults rest for a short period of time before mating. The mating sequence begins with the search for a mate where the male seeks out the Female. The Female emits an odor (Pheromone) which attracts only the male of the same species. Using the odor the male Peachtree Borer will locate and mate with the Female. Egg laying follows in a few days. It is that period time from egg lay to larval hatch that the Peachtree Borer is best controlled with insecticides. Research has shown that a

single late August application of the insecticide Lorsban<sup>®</sup> or Dursban<sup>®</sup> will effectively control the Peachtree Borer. Treatment

is made by thoroughly wetting the base of each tree (about ½-1 gallon) with a spray mixture. Read the label for mixture rates and

application restriction. Contact the County Extension Office with any questions regarding this or other pests.

## A Visit To Hodges Gardens

By TED BRICE, THE GARDEN EDITOR

Located in North Louisiana at Many, Louisiana, is one of the most beautiful public gardens, and it is the nation's largest privately operated parkland and wild life refuge. Hodges Gardens combines multi-level formal gardens with natural scenic walks and drives, picnic areas, conservatory, greenhouses and a dramatic monument illustrating the Louisiana Purchase.

In the early 1940's, A.J. Hodges, a pioneer conservationist, began a vast restoration project in Northwest Central Louisiana to restore a barren, cut-over land. Mr. Hodges planted 39,000 acres of pipe seedlings and created a 4,700 acre experimental arboretum. In this area an abandoned stone quarry was found. Mr. Hodges and his wife recognized its potential and planned a scenic garden using the natural rock formations. The gardens were first opened to the public in 1956, and at the death of Mr. and Mrs. Hodges a foundation was established to perpetuate their dream of the "Garden in the Forest." The Gardens offer an ever-

changing floral panorama throughout the four seasons. Camellias, Pansies, Anemones, Narcissus and other plants lend their beauty to the winter gardens, and spring brings forth an outpouring of Tulips, Lillies, cultivated and wild Azaleas and Dogwoods. Summer will feature Roses, Day Lillies, Crepe Myrtle and annuals. Fall is very vivid with Roses, Chrysanthemums, along with the colorful feature exotic collections as well as old favorites.

You may see interesting wildlife which will include deer, elk and wild turkey, as well as many migratory and native birds along the scenic routes at Hodges Gardens.

In March and April, there is an abundance of Tulips, pansies and azaleas and the dogwood, red bud and crab apple are fantastic. One of my favorites is the hanging purple wisteria which is in full bloom in the late summer and fall. To go through the gardens, allow a full day, and wear comfortable walking shoes. For those who would be more interested in particular plant cultivars, should allow some additional time to enjoy the magnifi-

cent beauty of the particular plants they are interested in. Hodges Gardens is a photographer's delight with all the various colors and shapes of plants gathered in one location. When you visit Hodges Gardens there are two things to remember to bring--your camera and comfortable walking shoes.

Hodges Gardens are open to the public year round from 8:00 A.M. until sunset. You will find Hodges Gardens located twelve (12) miles south of Many, Louisiana on U.S. Highway 171, which intersects with I-20 at Shreveport. There is a resort hotel located at the entrance to Hodges Gardens, in order to accommodate overnight visitors.

Hodges Gardens are close enough to visit on the weekend and would be a very nice week end trip.

If you desire more information about Hodges Gardens, contact The Garden Editor, Care of This Newspaper.

## 20 Pipeline Permits Granted By R.R.C.

A total of 20 permits to operate new pipelines in Texas were granted by the Railroad Commission in July 1981, according to the RRC's Oil and Gas Division.

Thirteen of the permits were for gathering pipelines, four were for trunk transmission lines, two were for feed stock lines, and one was for a gas plant.

Gathering lines bring oil and gas from production leases, while a trunk transmission line is a larger diameter line into which smaller lines connect. Feed stock is crude oil or other hydrocarbons that are basic materials for refining or manufacturing processes. At gas plants, natural gas is stripped of the liquid hydrocarbons usually present in wellhead gas.

Sixteen of the newly-permitted pipelines will transport gas, three will move

petroleum products, and one will transport crude oil and condensates.

In July, nine permits were granted in deep South Texas, three each in the San Antonio area and Southeast Texas, two each in the San Angelo area and East Central Texas, and one in West Central Texas.

Gathering lines approved:

Exxon Corp., Corpus Christi, gas (two lines—one in Kleberg County, one in Willacy County); Texaco, Inc., Corpus Christi, gas, Starr County; Dow Chemical, Houston, Navarro County (two lines—one for gas, one for crude and condensates); Mar/Con Energy, Inc., Houston, gas, Leon, Madison, Liberty, and Wharton counties; Seagull Pipeline Corp., Houston, gas, Duval County; Producer's Gas Co., Midland, gas (two lines—one in

Crockett County, one in Edwards County); Sun Oil Co., Houston, gas, Hardin County; Arco Oil and Gas Co., Houston, gas (two lines—one in Duval County, one in McMullen County); Prism Enterprises, Inc., Houston, gas, Eastland County.

Trunk transmission lines approved:

Clajon Gas Co., Giddings, gas, La Salle and Frio counties; Esperanza Transmission Co., Corpus Christi, gas (two lines—one in San Patricio County, the other in Duval and Webb counties); South Bend Trading Co., Abilene, gas, Runnels County.

Feed Stock lines approved:

Valero Marketing Co., San Antonio, products, Nueces County; Texaco, Inc., Port Neches, products, Jefferson County.

Gas plant lines approved:

Tonkawa Gas Processing Co., Dallas, products, Kenedy, Kleberg, Gregg, Harrison and Houston counties.

There has been some depression hanging over the Dallas Cowboy training camp this week but it was not due to the 33 to 21 exhibition game loss to the L.A. Rams. It was because the injury "bug" has struck.

Randy Hughes, the Cowboy defensive back with the best chance at making the Pro Bowl, separated his right shoulder for the third time in about a year and has been lost for the year. He may retire.

Center John Fitzgerald injured his knee and it is yet to be determined if he will be out a few weeks or the entire year. He may also retire.

Number two tight end Jay Saldi has a sprained left ankle.

Fast rookie defensive end Ron Spears is also back in Dallas with an injury. He may be placed on the injured reserve.

Almost everyone on the team is injured a little according to team G.M. Tex Schramm.

Coach Tom Landry isn't overly concerned about the loss to the Rams as he says

that his defense always comes together slowly. He adds that the offense should start working soon and then he will be able to see if it has any problems.

In the next exhibition game Saturday at Texas Stadium, Landry plans to play the starters half of the time and look at rookies and back-ups less. The opposition will consist of the Pittsburgh Steelers.

The following Saturday at Texas Stadium Landry plans to play the starters three-fourths of the time against the Houston Oilers in the final exhibition game.

The team has been cut to the sixty player limit now, and Coach Landry says that the cuts are now getting very hard to make. He has to decide who the best players are now and think about who will be the best in the future also.

Number three quarterback Gary Hogeboom is progressing rapidly and looks good as does second year player James Jones. Jones is becoming a very solid backup for Tony Dorsett at half back.

This is the last week of training camp and the Cowboys greatest weakness is still the defensive secondary.

The problem didn't go away with summer, it can only go away with a lot of work and some playing time during the pre-season and maybe during the first of the regular season. Only experienced players can properly play the Landry flex defense and the experienced Cowboy defensive backs have been slowed by or out with injuries the last couple of years. Several young players who show a lot of potential are waiting for chances to play, but they don't have enough ex-

## Temporary Rates Set For Nueces County

The Railroad Commission has allowed new temporary gas rates agreed to by customers of H. Pena Gas Co. for service in unincorporated areas of Nueces County. A request to make the rates permanent is being studied.

The change will increase the average monthly bill for five Mcf (thousand cubic feet) of gas from \$18.65 to \$27.50, affecting 174 domestic and three industrial consumers.

In recommending approval of the temporary rates, Gas Utilities Division Examiner Jo Campbell told the Commission that financial data from the company supports a rate higher

Thursday,  
August 20, 1981

perience. The key to solving the defensive backfield problem seems to be for some of the young players to get enough experience to do the job properly. That means that they will have to play and probably lose exhibition games and some regular season games until they learn.

Other teams can be expected to concentrate on throwing at them so they may get experience quickly. They may try to block the opposing receivers at the line until the defensive line can pressure the opposing quarterback.

than the proposed final rate. However, the financial data does not cover a full year of operation, since the system was purchased by its present owner in November, 1980.

Although unaccounted-for gas in the Pena system has reached 49.1 percent, the Commission did not limit the company's pass-through of this cost to customers. Normally, the Commission restricts such pass-through costs to five percent or less. Campbell, in recommending the exception, said that such a restriction would force the company to bankruptcy. She said the customers served by the company had signed a petition supporting the higher rates.

Campbell said that Pena had been working with the Gas Utilities Division

Pipeline Safety section to improve the system since he purchased it last year. The Commission directed the Gas Utilities Division to continue monitoring the company to ensure full repair and restoration of the system.

The new temporary rates were made effective on July 11, while the proposed final rates have been suspended for 120 days to allow further study by the Commission.

### BOWLEGGED BABIES

Allan B. Magie, Ph.D., M.P.H.

You've seen brand new babies. Two splochy bowed legs curving out of thick folds of pure white diaper. It's almost as if the bulkiness of the diaper keeps the little knees apart.

Bowlegged babies are so common it's considered normal. With development, good nutrition, and proper use those unsteady legs will gradually straighten. Only occasionally will early bowing develop into knock knees, a problem more often occurring in girls than boys.

A child's legs aren't likely to become permanently bowed if he's allowed to begin walking at his own pace. When the child's bones, muscles, balance, and coordination have all developed to a certain point, his legs will be ready to naturally and comfortably carry the weight of his body. For some children, that's nine months. For others, much longer. To urge a baby to walk earlier may be requiring him

to walk before he's ready—unnaturally and prematurely.

A child's diet is an important factor too. It must contain adequate bone-building materials so that his normal growth is not affected. That means plenty of milk, fresh fruits and vegetables, which are foods supplying vitamin C, vitamin D, and calcium.

If bowlegs don't correct themselves by the end of a child's second year, a physician should be consulted. After determining the reason for the condition, he may advise the use of braces or special shoes. In extreme cases, surgery may be necessary. In all cases, the goal is to change the way in which the legs carry the body's weight. By altering the direction of the weightbearing thrust through the legs, it is possible for the bowed legs to correct themselves.

Occasionally bowlegs are a secondary problem—a symptom of a disorder which may be causing the bones to work improperly. Rickets caused by insufficient vitamin D, polio, scurvy caused by insufficient vitamin C, or cerebral palsy are possible causes. Sometimes a baby's bowlegs are worsened by obesity.

Even though being bowlegged is a social stigma—the brunt of jokes and unkind laughs—it is a simple, solvable problem if noticed and treated early enough.

## Mrs. Ben Mayfield hosts WWI Auxiliary meeting

Ranger World War I Bks 1871 and Ladies Auxiliary to veterans of World War I met at 12 o'clock noon Saturday, August 15 for a luncheon and business meeting. This was held in the home of Mrs. Ben Mayfield.

Pledge of Allegiance to the U.S. Flag was recited in unison. Invocation was given.

The table was set with a blue and red striped tablecloth including community silverware and silver roses, dainty dinnerware china by Nancy Lee 24 karat gold trim flowers of pink lavender and blue leaves. U.S. flag in the center and crystal glasses of gold and blue.

Luncheon consisted of meat patties, string beans, beets, ham, chicken, dressing, ground meat, bread, tea, coffee and desert.

When the luncheon was over Aux. Pres. Mrs. W.C. Hill called the meeting of the ladies auxiliary to veterans of World War I Bks 1871 to order.

Alter was prepared. Bible opened. Opening prayer was given.

Minutes of the last meeting were read and approved.

The auxiliary bank ac-

count was audited by the auxiliary trustees.

Sympathy cards were sent to Mrs. Lee Roy Pearson Sr. and family. Also to Elton Heath on the loss of Mrs. Elton Heath the former Lynn Pearson who was a member of this organization joining on her father Lee Roy Pearson Sr. who was a veteran of World War I.

Acknowledgement of sympathy was received from the family of Mrs. Elton Heath and her husband thanking this organization for the sympathy card and flowers they sent when Mrs. Heath died.

This auxiliary and the Bks extends its deepest sympathy to Mrs. Heaths family and husband Elton Heath.

## Time is running out on G.I. educational benefits

Time is running out for approximately 900,000 veterans to use educational benefits of the GI Bill, now in its 37th year.

About one-fifth of the 4.3 million eligible veterans will lose their eligibility for benefits this year, according to the Veterans Administration. The law permits a veteran to use the education

Mrs. Ruby Greer was reported a patient in the Western Manor Conv. Home. Mr. George Bennett is now in Lawndale Rest Home in Gorman.

During this meeting it was reported that a lot of letters were written to Congressman in regard to HR 1918 which is in regard to giving WWI veterans and their widows \$150.00 per month. A petition has been signed for this bill with thousands of names on it. There was a hearing on this bill last month.

Everyone has been asked to write their congressman and U.S. Senators in regard to HR 1918.

Colors were retired. Bible closed. Closing prayer was given. Meeting adjourned until September 19, 1981.

## Texas Animal Health Commission meets Aug. 24

A meeting of Commissioners of the Texas Animal Health Commission and an orientation session for Texas brucellosis advisory committee will be held Aug. 24 from 9 a.m. to 4 p.m. at the Villa Capri Motor Hotel Convention Center in Austin.

There are 15 area brucellosis advisory committees representing the 15 Texas Animal Health Commission areas in the state. Each committee has 12 members, made up of persons actively engaged in the livestock business. "This is the first meeting we have called of the area committees. Purpose is to provide background about brucellosis, and to get feedback from committee members," John Armstrong, Kingsville, chairman, Texas Animal Health Commission, said.

Speakers will include Dr. Brian Espe, state epidemiologist for Oklahoma, U.S. Department of Agriculture, Oklahoma City; and Dr. James Alexander, epidemiologist, Texas Animal Health Commission, Austin. They will discuss the disease of brucellosis.

Cornerstones of the Texas brucellosis program will be discussed by Dr. John

Holcombe, executive director, Texas Animal Health Commission, Austin. Dr. Garry Adams, Texas A&M University brucellosis research specialists, College Station, will present a status report on brucellosis research.

Armstrong will discuss the dynamics of change in the brucellosis program. Commissioner Jimmy Owen of Tyler will discuss the role of the brucellosis advisory committees.

During the Commission meeting, discussions will be held relating to acceptance of Montague County in to the Class A brucellosis control area as well as movement of Johnson County from the Class B control area to the Class A control area.

Area committee meetings will be held following lunch. A discussion and interchange of information between the committees and the Commissioners of the Texas Animal Health Commission will be held during the afternoon.

Commissiones in addition to Armstrong and Owen are Bob Baros, Gonzales; Dr. Ben Hopson, Laredo; C.E. Knolle, Sandia; Charles Koonz, Olton; T. Euel Liner, Lubbock; Mort Mertz, Eldorado; and J.D. Sartwelle Sr., Sealy.

## Major Horse Theft Case Solved

More than 7.8 million World War II veterans were trained under the original measure, about one-half of all those eligible. Another 2.4 million, or 43.4 percent of those eligible, studied under the Korean plan, and nearly 7.9 million Vietnam Era and Post-Korean veterans and service personnel have thus far participated in the current program. Some 65 percent of the Vietnam Era veterans eligible have received training.

A new program, which requires financial participation by service personnel, is available for those who entered the military after Dec. 31, 1976.

Veterans who want more information on GI Bill eligibility should contact the nearest VA regional office.

## V.A. Notes

Vietnam Era veterans have 10 years from their date of discharge, or until Dec. 31, 1989, to use their GI Bill education benefits.

Field Inspectors for the Texas and Southwestern Cattle Raisers Association have solved a major horse theft case involving at least 33 horses stolen in the Houston, Texas, area in the last two months. Twenty-seven of the horses have been recovered for their rightful owners. As the investigation continues, more horses may be located, says Don C. King, TSCRA secretary-general manager.

Working with Texas Rangers and the Harris County Sheriff's Office, TSCRA field inspectors, all special Texas rangers, developed evidence that led to the oral confession of Milton Ray Oliver, 19, of Houston. The 182nd District Court in Houston has issued a two-count indictment for felony theft against Oliver, who remains in the Harris County jail without bond.

The suspect was in a Houston jail on charges of felony theft of a horse trailer when the case broke. He was also on 10-year probation in Polk County and Montgomery County at the time

of his arrest. He was released from the Texas Department of Corrections Jan. 18, 1981, after three months of shock probation for felony theft involving 26 horses stolen in the Gulf Coast area in 1980.

TSCRA, a non-profit livestock producers organization with a 32-man law enforcement arm, became involved in the major horse theft case in mid-July when a victim reported his loss to TSCRA Field Inspector Charles "Lucky" Thompson, Jr. of Huntsville. The inspector developed information that led him to the recovery of a registered Paint horse gelding at a horse killing plant near Kaufman, Texas, and a bay gelding at Canton, Texas.

Further investigation by Inspectors Thompson, James Gregory of Fairfield, Texas, and Elzie Ware of Jewett, Texas, produced the suspect's name and linked him to the sale of at least 33 horses at an auction market in the Buffalo, Texas, area.

The inspectors, along with TSCRA Field Inspector Walter Wetzel of Dickinson, Texas, coordinated their information with an on going investigation conducted by Texas Ranger Charles Cook and Harris County Sheriff's Office Detective Richard Tywater.

The suspect had been handled by Cook and Tywater during the investigation of 26 horses stolen in the Gulf Coast area in 1980.

A warrant for revocation of probation was obtained in Polk County by Texas Ranger Wesley Styles for Oliver, but he was already in jail on the trailer theft charge.

Among the horses recovered by TSCRA field inspectors thus far is a stallion owned by a Houston policeman. The estimated value of the horse by its owner is \$7,000.

TSCRA's King encouraged horse owners in the area to check their horses more frequently and to consider branding them as a positive means of identification. He noted that many horsemen pasture their horses on leased property in remote areas and that makes them vulnerable to horse theft when they are not checked frequently.

Investigating officers in the case were TSCRA Field Inspectors Thompson, Ware, Gregory and Wetzel, Texas Rangers Cook and Styles and Harris County Detective Tywater.

### Tax-Cut Bill Called Recognition Of Plight

Railroad Commission Chairman Jim Nugent today hailed provisions of the federal tax-cut bill as "laudable recognition of the unintended plight of 600,000 Texas mineral royalty owners."

Nugent said he saw the legislation as the culmination of over a year's hard work by many persons in and out of Congress to relieve the burden placed on the small mineral owner by the Windfall Profits Tax.

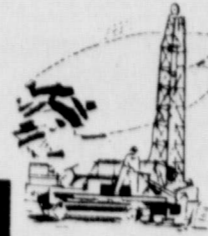

Under the 1980 federal tax, royalty owners were taxed at the same rate as major oil companies, while independent oil producers were taxed at a lower rate to provide an incentive for oil exploration. Many royalty owners receive less than \$100 per month in royalty payments.

Nugent testified before a U.S. Senate subcommittee in July 1980 on behalf of fair and equitable treatment of mineral owners, saying "they have been caught in a net not intended for them."

### Gaslight Law Repealed

A M A R I L L O - - Railroad Commission Chairman Jim Nugent today applauded Congressional action to repeal a 1978 law which he described as "wasteful, confiscatory, unenforceable and ludicrous in every respect."

The law, which was included in the Powerplant and Industrial Fuel Use Act of 1978, prohibited the use of residential outdoor gaslights after January 1, 1982. Congress repealed the law as a part of the Budget Reconciliation Act on which action was recently finalized.

"This federal law said, in effect, that if you have a gaslight in front of your home, and you have bought and paid for it, come

Congress later approved a partial remedy, granting royalty owners a one-time \$1,000 tax credit.

Under the tax reduction bill passed this week mineral owners received a \$2,500 credit against the Windfall Profits Tax in 1981.

In 1982 the tax credit is replaced by an exemption on up to two barrels of oil per day, and in 1985 the exemption is raised to three barrels per day.

January 1, you have to shut it off," Nugent explained.

"If you refused to turn it off, the gas company serving your home would be fined \$500, but the only way they could shut it off might be to turn off the gas to your entire home," the Commissioner added.

"After the federal government passed this silly law, they turned to the Railroad Commission and said, 'We've passed it, now you enforce it'. We wrote the federal bureaucrats a letter and told them to enforce it themselves," Nugent said.

Testimony indicated that a homeowner switching to electric lighting might use as much as three times the amount of energy consumed by the gaslight. It is estimated that there are over 300,000 gaslights in Texas.

Congressional hearings found that the costs and inconveniences of enforcing the law outweighed the gas savings, a finding which Nugent says vindicated the Railroad Commission's position on the issue.

Nugent made his remarks in a speech to participants at a Railroad Commission seminar here today.

## Three Local Youths Attend Baseball Camp

Steve Abbott of Cisco recently was named Best Defensive Player, junior division, of Little League Baseball Summer Camp, in an awards ceremony held

the final day of the session. He was chosen from a field of about 160 players, ages 8-11, who attended from throughout the state.

Steve, Jarrod Jeffcoat and

Robert Wages, all members of Cisco's Major League Giants, attended the third camp session held on the campus of Baylor University in Waco. Steve is the son of Mr. and Mrs. Rick Abbott; Jarrod is the son of Mr. and Mrs. Jerry Jeffcoat; and Robert is the son of Mr. and Mrs. Dick Wages.

The boys trained intensively with coaches from

various high schools and colleges throughout the country. They were drafted into camp teams that played each other throughout the session.

Jarrold and Robert were team mates on their camp team, the Astros. Jarrold played second base and Robert was pitcher.

Steve played catcher for the Reds, whose members voted him Team Captain.

## Putnam News

By Mrs. R.B. Taylor

Summer persists on hanging on. Also the dry weather. How we would welcome a good soaking rain! Also some cool weather.

Our community has been very much grieved today by the death of one of our esteemed citizens, a pioneer of the Putnam community, Mr. Earl Rutherford. Mr. Rutherford has lived here practically all his life. He had been living with a daughter Mrs. Doug Speegle of Cisco since the death of his wife several years ago and had been a resident at Golden Holiday Home at Baird for a few months. He is survived by two daughters, Mrs. Speegle and Miss Laverne Rutherford and four sons, Lee, Wesley, Cecil and Clint. We extend our deepest sympathy to the family.

Mr. and Mrs. Donald Isenhower left this week for Ames, Iowa, where he will be going to school. Donald has been very active in the Church of Christ here and

will be sorely missed. Charles Ivie will fill the pulpit Sunday.

55 relatives and friends attended the Corn Fisher Reunion here at the Community Center last Sunday.

Mr. Glen Burnam of Hobbs, N.M., and Weldon Isenhower of Abilene visited their mother and aunt, Ollie Burnam last week.

Mr. and Mrs. Chris Sunderman of Fort Worth visited their aunt, Mrs. Ruie Sunderman at the Golden Holiday Home at Baird Tuesday. They brought Mrs. Sunderman home to Putnam to spend the day. She enjoyed the day visiting friends here.

Mr. and Mrs. Homer Taylor of Sweetwater visited his mother, Mrs. R.B. Taylor and Carolyn's parents, the Arlin Bints near Cisco Tuesday.

Maggie Cook of Baird spent last weekend at Lake Brownwood with her daughter and husband, Mr. and Mrs. Charlie Stone.

Mrs. John Sawyers went to Dallas Wednesday. She brought her step daughter Kelly home with her. Kelly will enter Baird School this

term. The Sawyers have moved to Putnam, welcome.

Mr. and Mrs. Rhymes have purchased the Everett home here and remodeling it. We welcome the Rhymes to Putnam.

Mr. and Mrs. Kim Massingale of Abilene and Martin Isenhower went to Florida this week to attend a wedding.

Mrs. Glover Johnson of the Scranton Community and Mrs. Jewel Webster from Stanton visited Jack Ramsey and Maxie Solomon Friday.

Katharine Hepburn has been nominated for 11 Academy Awards, more than any other actor or actress.

## Announces

### Engagement

Mr. and Mrs. Olen Trout are proud to announce the engagement of their daughter, Wendy, to Mr. Roy Don Porter of Gorman. Don is the son of Mr. and Mrs. E.M. "Bo" Hood of Eastland the late Mr. G.H. Porter.

The couple plan to be married October 10 at the First Baptist Church in Eastland.

Wendy graduated from Eastland High School in 1973. She earned an associate arts degree from Cisco Junior College and holds a certificate from the American Institute of Banking. She is employed at the Eastland National Bank.

Don graduated from Gorman High School in 1971. He served three years in the United States Army. This includes a year and a half in Panama. He is employed at the Liquid Energy Corporation near Stephenville.

We are taught that there are only two rewards, eternal damnation or eternal life. We are also taught that the only two abodes for the good or evil people will be heaven or hell. That means eternal damnation in hell or eternal life in heaven. If the good go to heaven, then why in Matthew 5:5 will the meek inherit the earth? Or if there is just one heaven why does Paul in 2 Corinthians 12:2 talk about the third heaven? How good do you have to be to go to heaven or how bad to go to hell? Where is the dividing line between being saved or being condemned? Will you inherit the earth, the third heaven, hell or what? Where will we go? Write to The Rest of the Gospel, P.O. **HAVING VISITED** for a couple of months in Guatemala recently, we were saddened the other day to read about the death of Mr. Clifford Bevens, 56, who was the manager of a Goodyear Tire plant there. He was kidnapped last Dec. 7th by men dressed in police uniforms. They went to his home at night and told him he was needed at the plant because of an emergency.

He was an elder at the Union Church that we attended while in the country. And each Sunday morning, the pastor offered a special prayer for Mr. Bevens and his wife and children.

The news report said that the Goodyear man, who was a native of Oregon, was found dead on a cot in a hideaway some 40 miles from his home. He had been shot as police closed in on the hideaway and the terrorists there. The terrorists were killed in the raid, the story said.

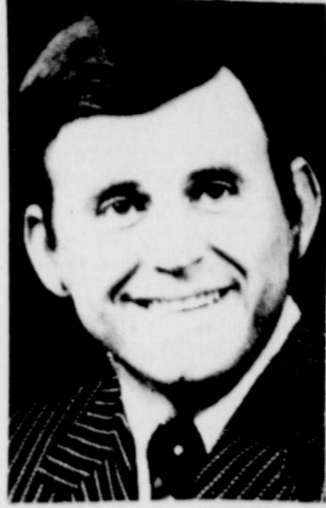

Terrorist groups in Guatemala are supported and supplied with arms by Fidel Castro and his Russian buddies from Cuba.

We met Mr. Bevens' secretary during our stay there. She is the wife of a former resident of Texas who operates three pancake houses there.

**Country Music Show To Be Thursday In Moran**

**JOE PAUL NICHOLS**

A two hour country music stage show, sponsored by the Moran Rural Volunteer Fire Department, will be presented at 8:30 p.m. Thursday, August 20, at the Moran Football Stadium. The show will be presented by Joe Paul Nichols and His Five Pennies and also featuring Dale Lay.

Admission will be \$3.00 per person.

If hard work is the road to success, Joe Paul Nichols and His Five Pennies figures they have piled up more than their share of mileage. Nichols and his band continue to be one of the busiest groups in Texas and Oklahoma playing shows during the week and dances on weekends. Joe Paul and his band are one of the best dressed groups in this area. They have several sets of matching uniforms.

Always, for Nichols, there is the search, the constant looking, for The Song—the tune which will become the big hit. Joe Paul has recorded over one hundred songs in his career on singles and albums. He records for Custom Records, and some of his recordings are "Hello Trouble", "These Little Things", "Hallelujah Jones", "Mathilda," and "Texas Memory."

Nichols and His Five Pennies have toured with the Hee Haw cast, and are familiar faces around state fairs and rodeos where they have performed with stars like Mel Tillis, George Jones, Ernest Tubb and Johnny Paycheck.

Dale Lay was raised around the saw mills of Eastern Oklahoma near the Arkansas border, where listening to country music was a part of life. The Grand Ole Opry, broadcast over WSM in Nashville, was something he looked forward to every Saturday night. Little did he dream that the day was to come when he would be invited to come to Nashville to sing over WSM. Dale developed a deep love for country music early in life. Hank Williams was among his favorite singers.

Today Dale Lay is well known in the entertainment world of country music. He is recognized by well known show business personalities. Dale is quick to give credit for his successful career to old friends like Ernest Tubb who gave him a helping hand along the way. In turn, Dale tries to help others get a start in the music business. In his unselfish effort he has helped Tim Knight into a very successful career in the world of entertainment.

Dale has managed somehow to hang on to the simple lifestyle that many other successful entertainers seem to lose. He has written and recorded a number of songs on the GM label. His records and eight-track tapes can be found in

**Public Notice**

Dear Customer:  
The City of Cisco during the month of July, 1981, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards", which were promulgated as required by the "Safe Drinking Water Act", Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria (1) The monthly average exceeded one (1) turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness or disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water.

However, up to five turbidity units (TU) may be allowed if the supplier can

demonstrate that the higher turbidity does not:  
(1) Interfere with disinfection;  
(2) Prevent maintenance of an effective disinfectant agent throughout the distribution system, or  
(3) Interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date.

This notification of the public is in compliance with the Texas "Drinking Water Standards" and the "Safe Drinking Water Act" as a means of keeping the public informed.

## Real Estate Facts

### HOW MUCH HOUSE CAN YOU AFFORD?

Do you know how much house you can afford?

At one time, lenders based the amount of money you could borrow on rules-of-thumb, such as twice your annual income. Today most applications are considered on a case-

by-case basis.

Depending on your other indebtedness, the amount of your down payment and your credit record, you might qualify for a larger mortgage than someone making more money. When budgeting for your monthly mortgage payment, keep in mind

that most lenders will require you to pay taxes and insurance in addition to payments for interest and principal.

If you obtain a fixed-rate mortgage, the payment for principal and interest remains constant throughout the term of the loan, but increases in taxes and insurance still may raise your monthly payments. Be sure your budget is flexible

enough to allow for these increases. A local real estate professional can help you determine how much home you can afford.

### HOME IMPROVEMENT CONSIDERATIONS

Before you begin a home remodeling project, you may wish to consider several items, such as resale value.

Some improvements will repay a good part

of their cost at resale, while others may actually limit the home's appeal and selling price. Adding another bedroom or bath to small home may increase its value enough to recover the costs of materials and labor when you eventually sell. But more personal preference projects, such as a lily pond or fountain in the backyard, may reduce the number of poten-

tial buyers.

You also might consider the value of other homes in your neighborhood. Raising your home's value too much over those nearby may lessen your chance of recovering your expenses. The final decision depends upon how long you intend to live in your house and what the improvement is worth to your personal satisfaction.

### INVEST IN NEIGHBORHOOD REVITALIZATION

Many urban neighborhoods, which were considered hopelessly in decline just a few years ago, have become hot new areas for investment.

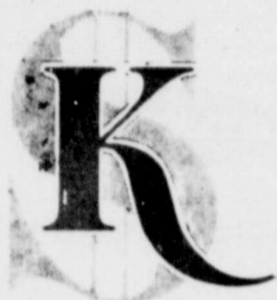

Neighborhood revitalization, a process where individuals undertake the renovation of older homes, is occurring in most of the larger cities across

the country. In some areas, revitalization has caused property value to increase dramatically.

In a typical revitalizing neighborhood, young couples and in-

# a Growing Force in Eastland

## QUALITY CONSTRUCTION IS WHY

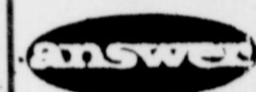

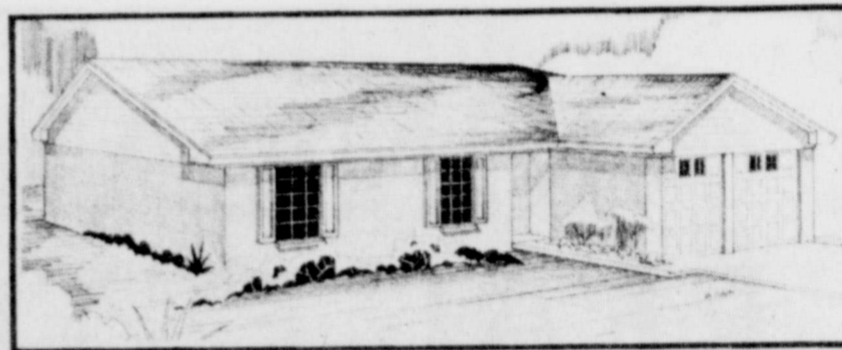

It takes little more than a hammer, some lumber and a building permit to build a home. But building a neighborhood is another matter. Especially like Colony Square.

Colony Square is a totally planned neighborhood on Eastland's south side. And Colony is proud to be a major factor in its growth. Our 18 years of experience have made it possible.

That experience also makes possible features like heavy insulation, super-quiet heating and cooling, self-sealing steel front doors, long-lasting carpet and several other items that contribute to an inordinate amount of value. Because, over the years, we've seen firsthand what you expect from a home.

We've also seen what you expect from a neighborhood. So, Colony Square blends with your kind of living-even the common things like streets, utilities, and signs-into one of Eastland's finest places to live.

Which is precisely why, as we start our 19th year, we're known as a growing force in Eastland. Especially for growing families.

dividuals buy old houses at relatively low prices and attempt to restore their historic and original architectural qualities.

Renovators often form associations to help upgrade the entire neighborhood. Given

the high cost of new construction, many feel the renovation movement will continue for some time.

**TRYING TO OUTGUESS INTEREST RATES**

If you have been waiting to see when interest rates will bot-

tom out before buying real estate, you know how difficult it can be.

When rates are falling, there's a temptation to wait for a further decline before buying. But then rates can turn up sharply and the opportunity slip away.

On the other hand, if you buy and afterwards interest rates drop even further, it may be to your advantage to refinance.

Should you decide to refinance, there are three variables you should watch.

First, there are transaction costs. Second is the differential of interest rates. And third is the survival term of the new loan.

Here's a tip to help you decide if you should refinance. For each 1 percent of the mortgage balance paid

as transactions costs, interest rates must be reduced by at least 1/8 of 1 percent, and the new loan must survive at least 12 years.
