

Ten Places Open For New York Trip

Ten places have opened up for the Cisco Junior College sponsored trip to New York City and the Macy's Thanksgiving Day Parade, according to Eris Ritchie, tour coordinator. The openings were due to cancellations of persons who were holding reservations, Ritchie said. The package price for a four-day, three night tour is \$434 per person, based

on double occupancy, and it includes all air and ground transportation, entertainment, sight-seeing and a full-course Thanksgiving dinner. For more information, call Mr. Ritchie at 442-2500 (day) or 442-1613 (evenings) or Mr. Tim Jones at 442-2567 (day) or 442-3419 (evenings). The positions will be filled on a first-come, first-serve basis, Mr. Ritchie stated.

FILM SERIES

Last Film Set Tuesday

The last film in the series of the "Focus on the Family" featuring family expert James C. Dobson, Ph.D., will be shown at 7:00 p.m. Tuesday, October 27, at the Cisco High School Auditorium. This film is the second part of the "What Wives Wish Their Husbands Knew About Women" entitled "Money, Sex and Education."

This program is free of charge and open to the public with free child care available.

Country Club Luncheon Set November 4th

The Cisco Country Club luncheon will be held Wednesday, November 4. A Thanksgiving dinner will be served. Marsha Adams will entertain. The price will be \$5.00 for members and \$5.50 for non-members. Non-members may be made and paid for their reservations at the Eddie McMillan Insurance Agency. Reservations must be made by Monday, November 2, at 12 noon.

MEET YOUR CHAMBER MEMBERS

SHIRLEY HARGRAVE
...Hargrave Insurance Agency

Shirley Hargrave has been in business in Cisco for three years. Prior to that she had worked in the insurance field for 16 years.

Her husband, Wayne, is now in partners with her. They have an independent Insurance Agency which handles all types of insurance, life, health, business, private, travel trailers, boats, etc.

In the Cisco office they have two employees. They also have a branch office in DeLeon.

BILL AUSTIN
...Austin's Furniture Co.

Bill Austin bought his furniture store from Ralph Glenn in 1958. He and his wife are the sole owners. They employ eight people. Austin's offers a variety of specialty work that is seldom found in small towns, interior decorating services, gift shop, appraisal service, etc.

Mr. Austin was on the school board for ten years and is currently on the Board of Regents at Cisco Junior College. He and his wife are active church members. (Staff Photo)

Kingdom Kids Expand To Separate Locations

Due to increased interest, growing attendance, and the limited facilities of the present location, the current staff of Kingdom Kids and related church bodies have agreed to place this program at two different locations.

This new arrangement will begin on November 10, 1981, but until this date the program will continue at the regular weekly date at Evangelical Methodist Church for all age levels. Beginning November 10, 1981, pre-schoolers through second grade will meet at the First United Methodist Church, 405 West 8th. Grades three through six will meet at the present location, First Evangelical Methodist, Highway 80 West. The time for the first group will be from 2:30 to 4:00 p.m. each Tuesday. The time for the second group will be from 3:30 to 5:00 p.m. each Tuesday.

This inter-denominational Christian outreach will continue with its emphasis on Bible stories, singing, fellowship, and handicrafts. Parents of the area are encouraged to support this program by sending their children to spend this time in sharing the Lord.

Due to the revised program, all parents are asked to contact either Mrs. Sherry Wright at 442-2501 or Mrs. Sue Gosch at 442-1875. Registration for all children is desired, regardless of whether or not your children are presently attending the program.

The Rev. John Clinton says of the program expansion, "We encourage this outreach as a ministry to local children and urge all children to feel free to attend."

The Rev. David Adkins observes, "I see this event as being one of the most important instances of cooperation that our community has undertaken in some time."

Cisco Service Club To Have Halloween Carnival

It's that time of year once again—when all the spooks and goblins will be on the move! The meeting place for all the little creatures will be the first annual Cisco Service Club Halloween Carnival. The carnival will be held on Saturday, October 31, from 6 to 9 p.m. at the Cisco Intermediate School Gymnasium.

Supper will be served from 6 to 8 p.m. at the Cisco Intermediate School Cafeteria. Supper tickets may be purchased for \$2.25 each through Cisco Service Club members or at the door. Supper will include chili pie or six inch pizza, homemade pie and tea or coffee. Nachos will also be available.

Local clubs and organizations will be participating in the festivities. The "Spook House" will have many surprises in store by members.

Spook Costume Contest Planned

A Halloween costume contest for children will be sponsored by the Cisco Lions Club. It was decided at the weekly luncheon last Wednesday noon at the White Elephant Restaurant. The contest will be held during the annual Halloween Carnival at Intermediate School Gym on Saturday, Oct. 31st.

Lions will provide prizes for costumes in three classes—children five years old and under, children six to 10 years old, and children 10 and over.

The Carnival is being sponsored by the Cisco Service Club and booths will be provided by various clubs. The Lions Club will have a Spook House.

Oct. 25-31 Is Designated As Cisco Community Chest Week

A campaign to raise \$13,350 as the budget requirements for 15 organizations that contribute to the general well being of this area will be conducted by the Cisco Community Chest during the coming week.

Spearheaded by the Cisco Lions Club, the campaign will be a joint effort of nine organizations—the Lions Club, the Rotary Club, the Kiwanis Club, the Civic League, the Service Club, the 20th Century Club, First Industrial Arts Club, the Writer's Guild, and the Lake Cisco Home Demonstration Club.

Ivan Webb of the Lions Club is the general chairman for the drive, and he reported that workers from the nine organizations hope to complete their work during the coming week. Supplies, including pledge cards, were distributed to the various clubs during the past few days.

Mayor Eris Ritchie has proclaimed the week of Oct. 25-31 as Community Chest Week, and a copy of his proclamation appears elsewhere in The Press.

This year's budget provides funds as follows: American Red Cross, \$400; Salvation Army, \$100; Girl Scouts, \$2,400; Boy Scouts, \$2,400; USO, \$100; ABC Club, \$1,000; Little League, \$1,000; Girls Softball, \$1,000; Mental Health, \$150; United Fund, \$50; Child Care Center, \$1,200; Cisco Public Library, \$1,000; Senior Citizens, \$500; Cisco Welfare Association, \$2,000; and Chest postage

MAYOR ERIS Ritchie, center above, was presenting a check and proclamation designating the week of Oct. 25-31 as COMMUNITY CHEST WEEK in Cisco when this picture was made. Looking on are Ivan Webb, left, finance drive chairman, and Winston Heidenheimer, president of the Community Chest. Mr. Ritchie signed a check to make the first contribution in the 1981 drive. (Staff Photo)

fund, \$50. Mr. Webb said that anyone who desires may make a contribution to one or more of the agencies represented in the drive budget. To do so, make a check directly to certain agencies, he added. Those who desire may leave checks at the Chamber of Commerce or at the First National Bank. Officers of the Community Chest are: Winston Heidenheimer, president;

Ivan Webb, vice president; Emma Watts, secretary; Ron Patton, treasurer; and the following directors—Linda Cozart, Connie Rattan, Betty Bray, James Cotton, Elizabeth Donica, Louise Allison, Bill Roberts, Rev. Jim Pingleton, Betty Harrell and Joe Wheatley.

"We need to hold a successful drive to provide 100% of the financial requirements of the various organizations in the Com-

munity Chest." Mr. Webb said. "We hope that everyone will be ready to make their contributions during the coming week to avoid a prolonged drive. "Everyone is familiar with the work of every organization in the Chest. Each agency plays an important role in our community, and their effectiveness depends on the financial support we give them. Let's do a good job."

Lions Receive Chest Supplies

Supplies for use in the annual Community Chest fund drive were distributed by Chairman Ivan Webb at the weekly luncheon of the Cisco Lions Club last Wednesday noon. The drive will begin Monday with the Lions Club heading the campaign.

Lion John McGuire told the club about a recent vacation trip to Telluride, Colorado, where winter has already arrived. Freezing temperatures and snow were daily occurrences, he said. He saw many Texas registered cars and pickups there for the opening of deer and elk hunting season.

The club voted to contribute the sum of \$100 to the fund to buy a camel for the Kendrick Religious Pageant organization. The gift will be made in the event the \$6,000 total is raised by the end of the year, it was decided.

Secretary Ken Parker gave a report on a zone meeting last Tuesday night at Clyde. He said a report was due soon on results of the Lions Benefit Football Bowl held recently at Breckenridge.

Church of Nazarene To Hold Homecoming

October 25, 1981, is designated as Homecoming. Sunday at the Church of the Nazarene located 10th and Avenue N in Cisco.

All friends, former members and members are invited to attend these special services. Rev. D.M. Duke, a former pastor of the Cisco church, will be the special speaker for the morning service. Other former

pastors and their wives who are present will have a part on the Sunday School program, the morning worship service and the afternoon service. There will be a dinner served at the church fellowship hall for both the noon and the evening meals. Invitations have been sent to all former members and friends whose addresses are known and who live away

Rainfall Totals 14 Inches For October

Rainfall measuring up to 2.5 inches fell in the Cisco area Wednesday afternoon and night to bring the total for the month of October to some 14 inches.

Earlier in the month, some five inches fell during one three-day period and, a week later, rain for another three-day period measured around seven inches. Average annual rainfall for this region is between 27 and 28 inches.

City Manager Mike Moore said the new rain interrupted work on city streets that had been in bad condition due to the earlier rains. City equipment was expected to be able to return to their work Friday afternoon.

Mr. Moore said that official figures were not available but he believed Lake Cisco caught about one foot of new water from the latest rain to go with eight feet or more caught earlier in the month. Lake Bernie was full and running over. County Agent DeMarquis Gordon said the rain was general over Eastland County with 1.7 inches at Eastland. His figures showed 14 inches for October and 31 inches for the year to date.

from Cisco. Among the former parsonage families who are known to be planning on returning and attending are Rev. and Mrs. D.M. Duke, Rev. and Mrs. Harold M. Clain, Rev. and Mrs. R.E. Zell and Rev. and Mrs. Edward Jackson. Service times will be Sunday School at 9:45 a.m., morning worship service at 10:45 and an afternoon service at 2:30. There will be a reception and fellowship following the afternoon service.

THE REST OF THE GOSPEL

If Jesus were to come down to the earth today, almost no one would believe it, anymore than the Pharisees of old did. If Jesus' church is to be restored, in these days, who would have the authority to restore His church except He, Himself? God is unchanging, therefore He will work thru His servants, the prophets. Thus, if the church is to be restored in these latter days, it will be done thru a chosen prophet, not by men. No matter what men claim, they alone, cannot do Jesus' work. If I told you that Jesus had come down to the earth to restore His church, and the authority for man to act in His name as the ancient Apostles did, you would not believe me, or Jesus. You would be wrong. **The Rest of the Gospel, P.O. Box 763, Cisco, Texas 78437. p-87**

Weddings

MR. AND MRS. WILLARD COLLINS

Vicki Garrett and Willard Collins Wed On September 26th

Mr. and Mrs. Willard Collins are making their home in Graham, Texas, after their September 26th wedding. The ceremony was in the Cisco IH-20 Church of Christ with Rollo Tinkler of Abilene Christian University officiating.

The bride was given in marriage by her father. She is the former Vicki Garrett, daughter of Mr. and Mrs. Bobby Garrett of Cisco. She is the granddaughter of Mr. and Mrs. Neal Moore and Ardella Garrett, all of Cisco. The groom's parents are Mr. and Mrs. Jackie Collins of Olden. His grandparents are Mr. and Mrs. A.J. Wilson of Cisco and Mr. and Mrs. E.L. Collins of Hamlin.

The bride wore a floor length white dress. The bodice was accented with a Queen Anne neckline with lace and pearls. The dress had bishop sleeves and a chapel train. The picturesque hat was lace and pleated tulle with a shoulder length veil. Her bouquet was blue and white carnations with tiny silk flowers on the ribbon streamers.

The traditional something new was the dress and something borrowed, old and blue was a necklace that her grandmother Moore and her mother had worn at their own weddings.

The groom wore a white tuxedo with long tails, while the bestman, ushers, and ring bearer wore light blue tuxedos trimmed in darker blue.

The bridesmaid was Diana McCaghren of Breckenridge. The flower girl was Heather Parker of Cisco. They wore identical dresses of light blue lace. Diana carried a lace fan with blue and white carnations. Heather carried a basket filled with carnations and baby's breath.

The best man was Wesley Collins of Olden, brother of the groom. The ring bearer was Billy Boles of Cisco. The candles were lit and the guests seated by Robi Garrett and Kelli Garrett.

brothers of the bride. At the end of each pew in the auditorium there was a blue bow accented with wedding bells and lilies of the valley.

A group consisting of Mary Parks, Anita Ritchie, Betty Burton, Barbara Parker, Jim Reaves and Gene Kinser sang "O, Master Let Us Walk With Thee," "O, Perfect Love," "The Wedding March." After the wedding vows had been repeated the bride and groom walked to an archway that had a unity candle and after the unity candle was lit, they held hands while the group sang "Be With Us Lord."

As the bride came down the aisle she presented her mother with a red rose and after the ceremony as the bride and groom left, she gave the groom's mother a red rose.

A reception was hosted by the bride's parents in the Fellowship Hall. The guests were registered by Sheila Iverson of San Antonio. The bride's table was accented with a centerpiece of blue and white carnations with ribbons of white with "Vicki and Willard" written in gold letters. Janie Wilson, aunt of the groom, served the four tier cake with blue roses.

The groom's table had two heart shaped chocolate cakes. One heart had a groom running away from the bride, but she had caught hold of the tail of his tux. The other cake had their names on it. The table was served by Jane Davidson of Olden. The rehearsal dinner was hosted Friday night by the groom's parents in the yard of their neighbor, Angie Everett of Olden.

Vicki is a 1979 graduate of Cisco High School. She is employed in Graham as a nurse's aide at a nursing home.

Willard is a 1979 graduate of Eastland High School and is employed at Tri-Seq in Graham.

Eastland Kiwanis To 'Run For Fun'

It seems that almost every town is having its' run of some sort. The Eastland Kiwanis Club is going to see that Eastland has one too, say run for fun Chairman Jerry Mathews.

This club fund raising project was discussed at a recent Kiwanis meeting and Saturday, November 21, 1981 was set as the date for the run. The time of day and the route will be published in a few days.

There will be five age classes in both men and women groups. The age classes are: 0-19; 20-29; 30-39; 40-49; and 50-over.

Mathews said, "the entry fee for this project is \$10.00 and every one will receive something for their efforts." A trophy will be awarded to the over all man and woman winner and trophy to the first place winner of each class of men and women groups. Second place men and women in each class will receive key ring awards while third places will be given medals. All other participants will be given lapel pins.

Start preparing now. Mathews says that four or five miles is a long way regardless if you run, jog, walk, or crawl. So, get ready, sign up early, and come on out and have some fun.

You can pay your entry fee at the Highway Patrol Office at 1100 West Main St. in Eastland anytime between now and November 21, 1981. Participants must be a resident of Eastland County or be attending one of the colleges in Eastland County.

Reunion Set For Vassarette

The first annual reunion for all former employees of the Vassarette and the old Hollywood-Maxwell companies will be held Saturday, Nov. 7, from 10:30 to 2:30 at the Camp Inspiration building, highway 80 west, Eastland.

The plant opened in November 1946 and closed in the summer of 1980.

Those that attend are urged to bring a covered dish for the noon meal.

LONE CEDAR DANCE

All members and their guests are invited to the Halloween Costume dance at Lone Cedar County Club on Saturday, Oct. 31st beginning at 9:00 p.m.

Even if you have children at the school carnival, you will be able to come to the club dance afterward. "Flashbacks" will be playing for your dancing enjoyment.

Make your reservations by calling Lone Cedar Country Club now.

Weather Nice For Mini-Marathon Here

"Did you miss Fun Night in the Park?" The weather was nice for the running of the Mini-Marathon. The runners probably wished for a little cooler temperature but it was just perfect for the spectators.

The newly created exercise track (which is 1/2 mile long) was run 1211 laps by 162 registered participants.

A few dogs joined in, and also several non-registered parents (who accompanied their small children).

A total of 605 1/2 miles was covered in the one hour time set for the race.

Kay Roark, a non-participant, got in 3 1/2 miles as she accompanied Carrie around and around the track. Not only did Ivan Webb go with daughter Treva; he also carried son Bodie. Dustin Ferguson, a kindergartner, son of the Bruce Fergusons, was trying to show his cousins, Kelton and Kevin Hale, son of the Donald Hales, how to make those laps pass faster. But they were too busy looking at the back of their cousin Kendall Anderson, a high schooler, as he passed them going around the track.

The whole David Callarman family entered. The Jerry Sittons brought a picnic supper for the Callarman runners. Eris Ritchie looked like a professional jogger in his blue uniform.

Out of 37 first and second graders who registered for the race, 35 finished. Some of them took time off during the hour to go for a Coke or rest a bit, but would come back for more laps. Every participant who reported back to their starting station at 6:30 received a red participant's ribbon. Blue ribbons were awarded after the CJC Band played.

The winners for the one hour race were: Kindergarten and under--Cody Petree, five miles; Carrie Roark, 3 1/2 miles. First and Second--Chris Begley, 5 1/2 miles; Jeremy Davis, 5 1/2 miles; Bobbie Jo Elliott, 5 miles.

Third and Fourth--Eric Whitley, 6 miles; Damon Mendez, 6 miles; Jana Yowell, 5 miles; Kelli Whatley, 5 miles; Barbara Malloy, 5 miles.

Fifth and Sixth--Russell Letney, 7 miles; Stephanie Collins, 4 1/2 miles; Teresa Petree, 4 1/2 miles; Leigh Callarman, 4 1/2 miles.

Junior High--Shelby Nixon, 7 miles; Melissa Elliott, 5 1/2 miles; Stacey Jones, 5 1/2 miles. Senior High--Tommy Elrod, 7 1/2 miles.

18-29--Bob Bowling, 6 1/2 miles.

30-50--Jerry Richardson, 6 1/2 miles; Joe Cooper, 6 1/2 miles; Joy Worley, 4 1/2 miles.

Senior Citizens--Sarah Hinchey, 4 miles.

Appraisal Crews Continue Work In Eastland County

The task of appraisal of all taxable property within Eastland County has been underway for several months. The work was undertaken in order for the taxing jurisdictions of the County to be in compliance with tax legislation passed by the last two sessions of the Texas State Legislature.

The tax laws now require that all taxable property within the State be properly classified and valued at one hundred (100%) percent of fair market value for the 1982 tax year.

In order to fulfill the requirements imposed by the State tax legislation, the various taxing jurisdictions of Eastland County have employed the firm of McMorries and Company to conduct the reappraisal work. This firm has had field men working within the County for several months and over one-half of the County has been completed at this time.

Appraisers will be finishing up their work in the

Cisco city area this week, and should begin in the Eastland city area sometime the week of the 26th of October. The major task of the field appraisers at this time is in the proper classification of the property and in the measurement of the property improvements.

The work is being done at this time has no connection with the 1981 tax statements which have been recently mailed out by the taxing jurisdictions of the County.

The 1982 values will not be established until after the first of the year and each property owner will receive a notice of reappraisal sometime in the spring of 1982. The 1982 tax rates and amounts due will still be set on a local level by the individual governing body of each tax district.

If you have any questions concerning the appraisal work being done, please contact either your local tax office or the Eastland County Appraisal District Office at 629-8597.

Altar Guild Society To Sell Fruitcakes

The Altar Guild Society of Holy Trinity Episcopal Church has received shipment of Benson Old Home Fruitcakes. Ladies of the church have sold these fruitcakes for over thirty years in order to raise money for the church. The prices for this year's fruitcakes are the same as last year's prices: one pound fruitcake \$5.00 and the three pound fruitcake \$7.00.

Repeat customers year after year are evidence of the high quality of the Benson Fruitcakes. The following women may be contacted by phone and arrangements can be made to either pick up the fruitcakes or have them delivered.

In Cisco call Connie Rattan after 4:00 at 442-1957 for delivery, or pick up at Cisco Florist.

In Eastland, call Neda Housson from 8:00 to 5:00 at 629-2591 or after five at 629-1314. Also in Eastland call Pealine Beil at 629-1319, Nancy Pryor at 629-2933 and Moonyene Stacy at 629-2874.

In Ranger call Ruby Dawn at 647-3805 or Donna Walker at 647-1650.

The fruitcakes will be on sale throughout the Thanksgiving and Christmas season. However, to be sure you get fruitcakes for personal use or gift giving, buy early.

FEELING ANY PRESSURE?

What is it for you? The job? The boss? Traffic? Bills? Family? Deadlines? Quotas? Getting on top? Or just staying afloat? Are there more conflicting demands in one day than you'd rather face in one week?

This pressurized pace of life can come from your own inner push for recognition and achievement. Or, it can be the result of those outer prodding demands.

You may not be able to alter your schedule or situation. But you can change the way you look at it, deal with it, live through it, and rise above it. Our people are realizing that an inner center of calm and serenity is available. What Jesus said about lasting peace that nothing can take away makes a lot of sense.

We all have pressures -- but do you have peace?

Letter To The Editor

Did you know that Texas School Children are being taught to sing the praise of a Hindu Idol God?

I was shocked, as was my daughter, when my grandson came from school singing "Hare Krishna, Hare Krishna, Hare Hare, Hare Krishna, Hare Rama, Hare Rama, Rama, Hare, Hare." This is the very essence of the Hare Krishna cults religion! It is the corner stone of their faith and their bible says that one reaches Krishnas heaven simply by continuing to chant this known as Mahamantra.

I don't know your reaction to your children chanting what translates: Lord Krishna, Lord Krishna - but I have a good idea what the

reaction of many would be if a teacher in a public school taught children to repeat the Rosery with the proper number of "Hail Marys" and "Our Fathers". WOW!! Now what about the song book "Exploring Music" Grade Four, adopted for Texas schools 1972? Look it up on page 35.

I phoned the Abilene school authorities from principle to Supt. and from Board pres. to state School Board local member Mr. Bion and promised to raise more fess than the aligator did when the pond went dry! Not in any school where my grandchildren attend nor where I pay school taxes! If Christ is out of school than throw out that Hindu idol!

To the reply by one, that if children didn't know what it

was as he himself didn't either, until I informed him I replied, "My little brother didn't know what all those words in a drunken sailer's song meant either but Mother washed his mouth out with soap. Was she wrong?"

Bear with this bit of amature psychology, if you can. People are more ready to accept a thing with a bit of familiarity than anything absolutely foreign and outlandish. "But we heard that in school. It must not be bad."

I don't want children in formative years to have even a casual acquaintance with Hinduism.

Remember if you will that Jim Jones was not the only one to use our own Bible as a springboard to jump people off into the deep and mucky waters of cultism. All it takes is an accepted starting point. Why do so many sales people try to learn your name before beginning their pitch? A feeling of familiarity.

When I asked one of the Abilene people what he thought of this chant he asked "It is an ancient Jewish chant isn't it?" So much for

universal knowledge. The authorities did conclude that it was a mistake to teach it and agreed to eliminate it from their music program. Now what is taught in Eastland County schools? The chant is listed as an example of music from India but not as what it in fact is, a prayer to a heathen god.

Please do not take out after the text book committee with an axe. They can not be expected to know all religions. In fact, the thousands of books offered plus teachers' aids would require Superman to go through with a fine tooth comb. Yet an error was made and it should not stand.

Also, next time someone puts forth a blast at people like the Gablers for being "over zealous" or "self appointed censors restricting academic freedom" remember, the Gablers TRY to keep school standards of instruction high. If however you don't really care then go back to your ball game or go back to sleep and pardon my having interrupted the important things in your life.

Yours truly,
Gordon S. Clark

(ED. NOTE: Mr. Clark and his daughter are to be complimented for bringing this matter to the attention of authorities. So many of us would not know about the chant. We checked the Eastland Elementary School and found that this book IS NOT used here. (On Top of Old Smokey is On Page 35). However, it is believed that the music book in question IS being used in another school system in this county.)

The Hargus Ranch-A Good Place To Be

By Viola Payne

When land has been owned by a family for 100 years it becomes almost a part of the family. This is true of the Hargus ranch, lying 2 miles S.E. of Eastland on both sides of the Freeway. This property owned by Pebble Hargus Boles and managed by her son, Winston Boles, is slated to receive one of the first State Family Land Heritage Awards ever given in Eastland County. The other Award, as announced by Agricultural Commissioner Reagan V. Brown, is being given to the Johnson ranch, which is located near Desdemona.

Pebble Hargus Boles will be in Austin to accept the honor for her land at a ceremony at the Capitol Rotunda on Nov. 10th.

The Land Heritage Program, which was begun in 1974, recognizes families which have maintained continuous agricultural production on the same land for 100 years or more. This takes a combination of good land and people who will take care of it. It also take family descendants who are interested in the land and visualize it as a way of life.

A history of all farms and ranches which are honored is printed in an annual Family Land Historic Registry, and these books are placed in High School, Public and College Libraries in the counties where the property is located. The land is also eligible for a historic site marker.

Mrs. Boles was born on the property, and is a granddaughter of the pioneer founders of the ranch - Larry and Mary Corder Hargus. She lives in a pleasant brick home located just north of the Freeway, near the site of the original headquarters of the ranch. Her old family home, built in 1907, was torn down in 1968 because of Freeway construction. Other small tracts of land from the Hargus 320 acres have been sold to businesses in the southeast part of town, near the overpass.

Mrs. Boles's son Winston and his wife Madeline live on the south side of the ranch. The four sons of Winston Boles live in various parts of Texas - Bill in Arlington, Randy in Clyde, Jerry in Stephenville, and Bart in Austin. Bart is majoring in Pharmacy at the University of Texas.

Larry Hargus, the original ranch owner, first settled in Shelby County, Texas. In early 1840 he married Mary Corder, whose father and brother had received a Grant of land from the Republic of Texas.

Later the Larry Hargus family came on west, stopping in Hood and Erath Counties. In 1879 they moved on to the Leon River in Eastland County, and decided to stay. After residing in the area for two years, Larry Hargus made the first land purchase of his farm from C.U. Connelley in August, 1884. Other tracts have been added since.

This was a portion of the Betts survey, purchased by Connelley in 1884. Parts of the same survey became the settlement of Eastland City in 1875, shortly before the Hargus family arrived.

In 1880 Eastland County had about 5,500 people, and Eastland consisted of a cluster of buildings near the square. The Hargus family were numbered among the early Methodist Church members in the County, in a day when religious work was struggling and scattered. Later the family descendants, on down to the present day, became members of the First Methodist Church in Eastland. The Hargus family was also interested in education for its children, and the young people graduated from Eastland schools.

When the Hargus family came, all roads were traveled by wagon, stagecoach, or on horseback, and Indians occasionally drifted through the countryside. At one time Indians stole a herd of horses belonging to Larry Hargus, and drove them up near Vernon. The horses were never recovered, but years later the government paid the family for them. The horses were wearing the brand (on the right hip), registered by Larry Hargus right after coming to Eastland. This brand is still being used by the family.

A spring on a branch of the Leon River furnished an un-failing supply of water for the Hargus pioneers. People

came from the surrounding countryside to haul water from this location.

Later Barry Hargus, a son, acquired the land. He was known as a good farmer and rancher, and produced corn, cotton, wheat, and cattle on the place. In April, 1893, Barry Hargus married Mackie Gilbert in Parker County, Texas. Lumber was carried in by wagon train from Ft. Worth to build their house on the Hargus farm.

Eight children were born to this couple - seven of which lived to adulthood. Only three of these are now living - Gilbert Hargus of Tyler, Texas, Valera Hargus of Belton, Texas, and Pebble Hargus Boles.

Pebble Boles inherited part of the land, and acquired the other heirs interest. Her husband, Claude Boles, operated the place for a number of years, working with good cattle and other projects. After his death, in 1965, the Boles son Winston began active management of the ranch.

The years have brought many changes around the Hargus acres, and to the lives of the people who have been there. Now, instead of the creek of the Hargus wagons, traffic rushes down the Interstate. But Pebble Hargus Boles has a grove of liveoaks in front of her home a place full of bright flowers and the flash of hummingbird wings. The land gives a person a sense of time - and a sense of belonging in that time and place. So it's still a good place to be.

"I want to thank the people who helped the Hargus land gain this state recognition," says Pebble Boles. "Special work was done by Judge Scott Bailey, President of the County Historical Society, and Mrs. Austin McCloud, Buddy Haun, and Susan Warford. I hope this Award will encourage other people to make application for the honor."

The sad fact is that probably not too many other persons and their land are eligible. For the trend is away from the family type farm and ranch - the kind of stable place which made Eastland County what it is. Much of the property settled by the pioneers has been disposed of to other people. But it's good to know that the Hargus land is still being enjoyed by the same family. Old Larry Hargus would have really liked that.

Tuesday, November 10, 1981
Texas Capitol Rotunda
11th Street and Congress Avenue
Austin, Texas

Reception Immediately Following

R.V.P.

If you're concerned about rising grocery costs, here's something you can do about it.

On November 3, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 5, one of seven proposed Constitutional Amendments which will be offered on the ballot, would include livestock and poultry with all other farm products as exempt from property (ad valorem) taxes. The effect of passage of this amendment will be to lower production costs for livestock and poultry. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

VOTE FOR 5.
HELP HOLD THE LINE ON YOUR FOOD COSTS!

Chrysanthemums

by Ted Brice The Garden Editor

Chrysanthemums can be traced as far back as the Ming dynasty. There are as many historians claiming the Chrysanthemum originated in Japan as there are who claim China as the originating country for the Chrysanthemum. Many peo-

ple think the flag of Japan displays the rising sun when in fact originally the yellow/red center of the Flag of Japan was taken from a Spider Chrysanthemum.

Chrysanthemums moved from the far East to England where a lot of cross breeding took place by many hybridizers and the English

Chrysanthemum was produced.

The Chrysanthemum then migrated to the United States where today it is the largest year round pot plant grown.

There are many individual types of Chrysanthemums. Basically we have the Garden Hardy which grows outside in the landscape in mass plantings. Then we have the disbud which can be grown in flower beds or in pots. Basically the re-

quirements of both types are the same. With in the two above mentioned types we have additional breakdowns such as: The Incurve (Football type), the Spider, The Decorative, The Reflex, The Pompon, The Anemone, The Spoon, The Quill, and The Brush and Thistle.

We have two methods of obtaining Chrysanthemums plants - by cuttings and by seeds. When planting Chrysanthemums from seed you will never obtain a true cultivar because of the cross pollination. The professional and show grower always plants anew from cuttings. This insures a true cultivar. On the Garden Hardy type they will repeat year after year from the same root system. When the Garden Hardy type has completed its blooming cycle and the leaves have turned brown cut them back to the ground level and mulch with leaves and they will return in the spring.

Chrysanthemums like a slightly acid soil with a good organic base. Mums do not like wet feet but to do their best and reward you with good blooms in size and color you should never let them dry out. When planting Chrysanthemums never overcrowd them. Plant the mums on fifteen to eighteen centers. They will fill in the open areas as they grow. Chrysanthemums need to be fed on a regular basis every two weeks to obtain the maximum in bloom in clarity in color. Remember Mums as well as other plants have to have the fertilizer converted into a liquid before they can use. If you use a water soluble fertilizer such as a 20/20/20 you are furnishing the Chrysanthemum the fertilizer in liquid form to begin with, ready for the mum to use at once. If you will pinch back the Chrysanthemum you will get an abundance of blooms.

Some varieties of Chrysanthemums will bloom in the spring and again in the fall. The bloom for the Chrysanthemum is controlled by the

amount of light. It takes twelve and one-half hours to initiate the bud and eleven and one-half hours of light to set the bud. I speak of these two times in reference to the maximum amount of light to accomplish both functions.

There are many Chrysanthemum shows in the fall of the year and you must remember that all the Chrysanthemums shown in the shows were grown outside and not in greenhouses. Throughout the South and Southwest we have many Chrysanthemum Chapters that are associated with the

Pruning Oak Trees

Gordon Woolam

Sanitation is the key to prevention of many diseases and insect problems of Oak trees. With Fall coming on and leaves dropping, now is a good time to prune off limbs with wound paint to prevent entry by insects which might be carrying the Oak decline, Oak wilt, or Hypoxylon Cancer Pathogens. These diseases are often transported by Boring Insects.

Also remove any dead limbs from the tree canopy before all the leaves drop so that they may easily be distinguished from live ones. It is not uncommon for Post Oaks to have to have several dead limbs in the lower scaffolding. Many of these dead limbs are a result of shading by the upper canopy. However if possible these limbs should be removed to prevent entry by Boring Insects or Wood Ants.

Dead trees should also be removed as a safety precaution. Dead roots can rot away and with wet soil and high winds can topple trees on houses, garage or cars.

Removal of dead and damaged limbs of other trees and shrubs is also advisable. Please contact the County Extension Office for more information.

National Chrysanthemum Society, which welcomes visitors to their monthly meetings and shows. If your area does not have a Chrysanthemum Society Chapter and there is a minimum of ten interested people I will be most happy to help you set up a chapter and obtain your national charter. If you are interested you may contact me by writing to this newspaper.

So long for now and good gardening till next time from your Garden Editor Ted Brice.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

"A centipede was happy 'till one day, a toad in fun said, 'Pray, which leg goes after which?' That strained his mind to such a pitch, he lay distracted in a ditch, considering how to run."

There are many people who strain their mind to such a pitch, that instead of going on in simple faith they go down in shocking failure.

Unless our moments are filled with faith, our years will be fraught with failure; unless our footsteps are taken with assurance, our pilgrimage will be troubled with anxiety; unless our days are undergirded by devotions, our lives will be undermined

Rep. Hanna Named To Flood Control Committee

AUSTIN--Texas State Representative Joe Hanna of Breckenridge has been appointed by House Speaker Bill Clayton to serve as a member of the Select Committee on Flood Control.

Clayton created the interim committee to study the problem of flooding in Texas. Particular emphasis will be placed by the committee in its work on developing new methods of flood control to prevent flooding disasters.

The committee is to take testimony, conduct research into past flooding problems, and make recommendations to the 68th legislature.

Hanna is serving his sixth term in the House of Representatives, is chairman of the Committee on Energy Resources and is a member of the Committee on Public Education.

Clayton stated: "Damaging flood waters resulting in the loss of property and lives have ravaged many areas of our state. Moreover, the high cost of flooding disasters has become a serious burden on individuals and local governments."

"I believe it is time for state officials to investigate this situation and to seek improved methods of controlling flood waters."

"Rep. Hanna has taken an active interest in this issue. He will be capable and valuable member of the committee."

City Sales Tax Report

State Comptroller Bob Bullock's office Thursday issued checks totaling \$37.9 million to Texas cities as their share of the one percent city sales tax for October.

This month's payment is about \$9 million more than the cities received during a comparable period in 1980.

The October payments push the 1981 yearly total of city sales tax payments to \$518.3 million, up 16 percent over the same 10-month period in 1980.

Cisco's check this month will be for \$10,296.83, bringing the city's 1981 payments to date to \$133,856.39.

Eastland will receive a check for \$9,437.61 this month. Eastland has received \$135,766.22 this year.

Ranger's 1981 payments to date reach \$110,942.83 with the payment of \$8,105.95 October rebate.

Rising Star will not receive a check this month but their 1981 total is \$12,702.53.

Dublin Trial Set For Tuesday

The trial known as the "Dublin Trial" is scheduled to begin Tuesday morning, October 27th. This has become one of the most talked about cases in Eastland's recent history.

It began a year ago this month after Eastland and Dublin played a high school football game that ended in a controversy. The incident in question took place on Eastland Main Street after the game and coincided with the moving of safe-deposit boxes to the new Eastland Bank facilities, where virtually the entire Eastland Police Department was assisting with security.

Street after the game and coincided with the moving of safe-deposit boxes to the new Eastland Bank facilities, where virtually the entire Eastland Police Department was assisting with security.

According to information at the time two Eastland policemen were the first to arrive at the scene.

Officer Seago had run over from the bank where he had been working. Chief Arriola came from the corner of Main and Seaman where he had been directing traffic after the game.

When they arrived, they saw a Dublin bus stopped in the west-bound lane, six or seven people were gathered near the bus door and "scuffling was going on."

The chief was quoted as saying "a man dressed in green was hitting another man with his fist, and pushing him around, headed for the bus. He grabbed a hold of me and dragged me toward the bus too."

He pulled me inside the bus where others on the bus began pounding me with their fists and kicking. They knocked my glasses off and broke them."

He went on to say "I was half in and half out of the bus, down in a step well, and after I lost my balance and glasses, couldn't get up, and I could tell that the bus was in the process of moving forward."

It was also reported that Officer David Sancillo had ordered the bus driver to stop two times, but he refused and the young patrolman ran around in front of the bus and drew his pistol but the bus driver still refused to stop. Finally, Patrolman Gene Lindsey pulled his pistol through the bus door and ordered the driver to stop, which he did.

By that time a number of other Dublin Citizens had gotten out of their autos and were converged around the bus joining in the hollering and shouting.

Sheriff Morren and Chief Arriola put three of the Dublin men from the bus and another citizen into the patrol car to take them to the county jail.

The report goes on to recount that during this time officer Lindsey was instructing another Dublin man to go on, but the man refused, and in attempting to arrest and handcuff the man, Lindsey was thrown to the ground and injured. Lindsey was taken to the hospital. During the incident law enforcement officers came from Cisco, Ranger, Gorman and Rising Star, to assist as well as the Sheriff's Department and the Department of Public Safety troopers.

Charges of resisting arrest were filed against some of the Dublin men leading to the present trial.

Criminal District Attorney Emery Walton says he is ready for the trial to begin.

He has called twenty-five witnesses to be heard during the prosecution phase of the trial.

NARFE

NARFE will meet at the Colony Restaurant in Cisco at 5:00 p.m. Tuesday, Oct. 27th. We are expecting an interesting program.

Homemaker's Tips

by Janet Thomas

The Extension Service office is offering to the public a free letter mailout entitled "Coping With Credit". This is a series of five letters which cover such topics as: This Privilege Called Credit, How Much Credit Can You Afford, The Cost of Credit, Your Credit Record, and Your Credit Protection.

Anyone interested in receiving these free letters is invited to call me at the local Eastland County Extension Office, 629-2222. Registration deadline is Friday, October 30th.

Using credit is a way of life for most American. Recently, I was reading some information on what tomorrow's family will be like. It was interesting to read that instead of consumers, people will become prosumers. People

will become producers of more of their own goods and services.

A prosumer, then, will become proficient in many tasks now done by professionals. Prosumerism goes beyond hobbyism. It will impact the economy significantly.

In the future we will no longer see people valued by what they own, but by prosumer-ethics, what they can do. Prosumer-ethics is self-reliance, adapting, and surviving under difficult conditions and the ability to use hand skills.

Prosumption will deal with concrete, immediate reality. Families will go back to the basics - pluck the chicken for dinner, sew their own clothes, order groceries by the computer, and provide

home care for the elderly in their families.

What does all of this mean in a "nutshell"? The free-spending days of the 1960's are gone. The transformation of lifestyle that began in the troubled 1970's will not be reversed anytime soon, but few observers are predicting doom. Consumption will be replaced by conservation. Rather than feeling deprived, most will say "This is the right way to live."

RECIPE FOR THE WEEK

Something good is about to happen! The Extension Homemaker Club members are publishing a cookbook that will be packed full of their favorite recipes. The cookbook will be on sale in the next couple of weeks. This will be one cookbook that for sure you will want to add to your cookbook library. Muri Campbell in Eastland is chairman.

GORDON

The peanut crop is expected to be good, but farmers in Eastland County are having a lot of problems getting the crop harvested. Just as it dries enough to get harvesting equipment in the fields, it rains again.

Some parts of Eastland County have had almost 14 inches of rain in October. This brings our total rainfall for 1981 to 30 inches or more. This is the most rain we have had in one year since 1974.

Once this year's crops are harvested, you can get a jump on the next season by getting your soil tested and then arranging for your 1982 fertilizer needs.

Soil testing is one of the wisest moves a farmer can make. It provides a "blueprint" for fertilization practices for the coming season's crops.

Knowing your fertilizer needs for the 1982 season may be particularly helpful this fall for several reasons. First, you may want to make arrangements or contract for your fertilizer supplies as soon as possible since prices will likely go up in the months ahead.

Fertilizer prices are expected to gradually increase due to energy, transportation and other production cost increases.

You can also reduce your 1981 taxable income by purchasing next year's fertilizer before the end of the year. Due to improved crop prices and the likelihood of higher costs, advance buying of fertilizer could be a wise move. This is particularly true if cash is available so that high interest rates for borrowed

SPOT

By DeMarquis Gordon

money can be avoided. In addition to these reasons for fall soil testing, another plus is that fall is usually a better time to take soil samples due to more favorable weather conditions. And fall soil testing beats the spring rush.

You may come by our office in the courthouse basement to pick up soil test cartons along with instructions and information sheets.

Since each field should be sampled every two or three years, make certain you are "up to date" on your sampling procedures. Also, when you receive your soil test results compare them to the last results from the same field to see if any changes in fertilizer needs have taken place. Soil test results provide valuable records.

It looks like there will be a good pecan crop this year. The wet weather is causing harvesting problems with pecans just as it is with peanuts. As a result many pecans are beginning to

sprout.

It helps to get the pecans picked up and put in a dry place as soon as possible. Storage of pecans are very important.

Storage area should be clean, dry and free of odors, have some air circulation, and be out of contact with ammonia gas. Unshelled nuts will store for about twice as long as shelled nuts. Although shelled pecans weigh less and take less space than unshelled nuts, they absorb moisture and flavors readily, become "dirty" and stale easier, and consequently require good packaging and more careful planning. Pecan kernels will lose quality in storage; therefore, the lower the storage temperature the longer their quality is retained.

Pecan growers normally air-dry nuts in-the-shell after harvesting. However, pecans harvested in early November or during wet weather should be air-dried in a well-ventilated area before storage. This will help prevent molds in the shell surface as well as inside kernels while in storage.

A Pecan Queen Pageant will be sponsored by the Eastland County Pecan Growers Association in connection with the annual pecan show in December. The pageant will take place on December 1, 1981 in the Cisco Junior College auditorium at 7:00 p.m. The winner of the pageant will serve as the 1981-82 Eastland County Pecan Queen and will represent the county in the State Pecan Queen Pageant next July.

Mrs. Linda George and Mrs. Nancy Childress are co-chairman of the Pageant and are now making plans for the event.

Organizations and businesses are encouraged to sponsor a girl in the contest. Each sponsor will be required to pay a fee of \$15 to furnish items the contestant will need to represent the sponsor. Each contestant will wear a banner with the name of her sponsor during all her stage appearances. Each girl will receive publicity through newspaper and radio along with the name of her sponsor.

Mrs. George says this will be a great opportunity for businesses and organizations to help a girl from Eastland County go on to

for booth space and there will be no commission on sales. The Bazaar exhibitors will receive all the money from their sales.

The public is invited to come to the Bazaar and do some Christmas shopping. The Bazaar always offers a wide selection of lovely handmade articles which are economically priced.

The Extension Homemakers Clubs will be sponsoring the concessions again. The concessions will feature homemade stew, beans, cornbread, a variety of homemade sandwiches and home baked desserts.

The Bazaar rules are: 1. All exhibitors must be age 60 years or older; and residents of Eastland County. The exception to this rule is: any handicapped person 50 years or older may participate. The Bazaar will be open to all persons without regard to sex, nationality or creed.

2. Entries do not have to be made during the current year. All entries must be handmade and entered by the person making it.

3. Entries may include such items as oil paintings, quilting, knitting, crochet, ceramics, wood work, household articles, toys, decorations, house plants and any other miscellaneous items.

4. Exhibits must be entered on an individual basis. No organization may sell... EXCEPTION: Nursing homes and Senior Citizens Center may sell and display as a group. No articles entered will be judged on a competitive basis.

5. Exhibitors must be responsible for their own

sales. Exhibitors should bring money for making change.

6. Exhibit articles should have a label attached giving the owner's name and price of article (if the article is to be sold). All money from the sale of articles will go to the owner. Exhibitors should bring a cloth or sheet and cover their exhibit display when it is left unattended. (Exception is that house plants do not need to be covered).

7. The Bazaar will be held in the Rebekah Lodge, 300 N. Lamar, Eastland. Entries should be brought in on Thursday, November 5 between 8 a.m. and 10 a.m. All articles, not sold, should be removed from the building by 5 p.m. on Friday, November 6.

8. Tables will not be furnished. Space will be available for 2 card tables per person.

9. Past winners of the Oldest Man and Woman Exhibitor award are ineligible to receive the honor during the current year's Bazaar.

10. The Oldest Man and Women attending the Bazaar opening ceremonies on Thursday, Nov. 5 at 10 a.m. will receive special recognition as part of the program.

11. Extension Homemakers Clubs will sponsor the concessions.

Persons wishing additional information are invited to call the local Extension Service office at 629-2222.

The Bazaar will be open to all persons without regard to socio-economic levels, race, color, sex, religion or national origin.

Art and Crafts Fair Set For November 13 & 14

There will be an Arts and Crafts Fair held at the Camp Inspiration Building on November 13th and 14th. An auction will be held at 1:00 p.m. on November 14th by Jim Wright, Auc. The items will be donated by everyone who may be able to make some kind of craft (large or small) and from the people who have leased a booth.

The money made from the auction and from the booth leases will go directly to the welfare of our elderly persons who can no longer help themselves. Mr. Mike Perry, from the Eastland National Bank, has assured me the money will go for this cause.

Nolan and I will pay the \$125.00 lease for the building from the Camp Inspiration people. We also have a Ceramic booth and will donate a good supply of items to the auction. By our paying the building lease there will be no expense to be paid out of the auction and booth money.

We have several empty booths left to be leased. You might want to lease a booth to just display items for your place of business to let people know you have choice items for their Christmas buying and that they would not have to go out of town to make these purchases. The building will be locked and secured at night.

Also, we have a good variety of different booths which consist of artist, wooden toys, tote paintings, hand crafts of different types, jewelry and ceramics.

If you would like information regarding the booths contact Willies Ceramics, P.O. Box 332, Eastland, Texas phone 817 629-8605. If you desire a booth please make your check out to the Eastland United Fund. The booths are \$20.00 each. This is a deductible expense.

The building is an excellent place, with heat/air, and tables and chairs will be furnished for the booths. There will be a snack bar open and meals will be served by the Camp Inspiration ladies.

With your help we can make this a success. Your help is needed and will be greatly appreciated. Please help make it a success.

Sincerely,
Mrs. Nolan Butler

CHURCH SETS HOMECOMING OCT. 25

October 25, 1981, is designated as Homecoming

Sunday at the Church of the Nazarene located 10th and Avenue N in Cisco.

All friends, former members and members are invited to attend these special services. Rev. D.M. Duke, a former pastor of the Cisco church, will be the special speaker for the morning service. Other former pastors and their wives who are present will have a part on the Sunday School program, the morning worship service and the afternoon service. There will be a dinner served at the church fellowship hall for both the noon and the evening meals.

Invitations have been sent to all former members and friends whose addresses are known and who live away from Cisco. Among the former parsonage families who are known to be planning on returning and attending are Rev. and Mrs. D.M. Duke, Rev. and Mrs. Harold McClain, Rev. and Mrs. R.E. Zell and Rev. and Mrs. Edward Jackson. Service times will be Sunday School at 9:45 a.m., morning worship service at 10:45 and an afternoon service at 2:30. There will be a reception and fellowship following the afternoon service.

The present parsonage family, Rev. and Mrs. C.L. (Cliff) Reneau and the congregation extends an invitation for each to enjoy the activities of the day with them.

Lights from the Christian World

"Therefore, if anyone is in Christ, he is a new creation; the old has passed away, behold, the new has come." - II Corinthians 5:17

A young man recalled an incident of his childhood while living on a ranch with his family. His chore was to gather the eggs. He learned that if a hen was on a nest that you did not frighten her off. "Reach your hand gently and slowly under her and get the eggs," his mother told him.

One day while gathering eggs a hen pecked his hand. He tried unsuccessfully to get the eggs and each time was pecked. Determinedly he used a stick and forcefully removed the hen.

The next day the nest in the corner that always had the most eggs had a hen on the same nest. He thought, "Maybe this is a different hen." He received several sharp pecks.

He went to the house and told his mother, "That hen has gone berserk."

"Son," his mother explained, "That old hen is setting. She visualizes those eggs under her as chicks. She knows that if she sets on those eggs and keeps them warm at 102 degrees for twenty-one days they will turn into chickens. She is dedicated to her task. She will jump off for a few minutes to eat and drink but then will get back to her task. She will not be concerned whether they are scratching or singing in the sunshine—she has dedicated herself to fulfill her commitment. When she has made up her mind to do this she will set on the nest whether there are fifteen eggs or one.

Does not Jesus rejoice when He sees Christians who are dedicated and unselfish—those who are willing to stay at the task they are commissioned to do? Life is more than eat or drink to those who belong to His family. Just as an egg is not an egg but a potential chick to the dedicated Christian, each individual is a potential as a new person in Christ.

Caprice Scott
During her school days Caprice Scott of Ranger demonstrated talent in many fields, including music, ballet, and writing. Caprice, daughter of Mr. and Mrs. Joe B. Scott, was also a winner of the Senior Division of the Texas Youth Pageant in 1975-76. She studied ballet in Dallas, and performed locally and at the State Fair of Texas. Her clarinet playing for the Spirit of Ranger Band brought her a concert tour in Europe with "America's Youth In Concert".
In High School she was also a Beta Club President, on the Annual Staff, and Homecoming Queen and Sweetheart. She was elected Miss Ranger High School, and was a class officer each year. She was a Reporter for the Bulldog Bark, and won the Philip Sousa Band award in 1978. In 1979 she graduated as Valedictorian of Ranger High School.
During her summers Caprice worked with handicapped, neglected and abused children at the

Y.W.C.A. in Dallas - an experience which made her decide on her life's work.
In 1979 Caprice enrolled in West Texas State University, Canyon, with a major in Generic Education. She has accelerated her work in order to receive her Bachelor's Degree after three years - and will use her fourth year to work on a Master's Degree. She is a member of the Lone Star Ballet Co. in Amarillo, and has performed as a lead dancer for the "Texas" Pageant in Palo Duro Canyon. She is also working with choreography for the University Theatre Department.
Caprice has a straight 4 point grade average, and was nominated for "Woman of the Year" at the University. She is a member of Chi Omega Social Sorority, and three Honorary Societies. She is also involved in a number of Church activities in the area.
Caprice plans to use her training in ballet, theatre and music in her work for

the handicapped. When her education is completed she will begin her career in that field.

Bart Boles

Bart Alan Boles is the son of Winston Boles of Eastland and Ina Boles of Clyde. He is also the grandson of Peble Hargus Boles of Eastland.

Bart is a star athlete who also excelled in other school activities. As early as Junior High he became interested in Pharmacy, and planned to make that his career.

During his years in Eastland High he was a Class President, a Senior Vice President, a Beta Club member and officer, and a member of the Spanish Club and Junior Historians. He belonged to the F.F.A. and was interested in farming and ranching.

In athletics his records were spectacular. Bart played outstanding basketball, but it was in High Jump where he attracted attention as one of the best in the State. Among his honors were State AA, and District AA High Jump Champion. He jumped 6 ft. 10 in. or higher a number of times in his High School career, and jumped 7 ft. at the State Qualifiers Track and Field Meet in May, 1979. That same year he placed 4th at the United States Track Coaches Meet in Wichita, Kansas.

In 1979 Bart graduated from Eastland High School with honors, and was offered a Track Scholarship by the University of Texas in Austin. He enrolled in the University that fall with a major in Pharmacy and a minor in Chemistry, and became a member of the University Track Team. In 1980 Bart was awarded a Medical Scholarship in connection with his major.

Bart works part-time in an Austin bank during school terms, and full time during the summer. When he receives his degree in Pharmacy he hopes to practice this profession.

Motor Vehicle Registration Changes To One Page Form

State Comptroller Bob Bullock's office Monday reported that Texans who buy cars and trucks will be filling out fewer forms in the coming months.

The Comptroller's office has adopted a single, one-page form to replace two separate forms used to register motor vehicles and pay the sales tax.

The new form will replace the Department of Highways and Public Transportation's application for title and the Comptroller's seller, donor or trader's affidavit.

The combined form is expected to be used by more than four million Texans during the next twelve months.

The form eliminates the duplication of information requested by each agency by more than one-third on each motor vehicle sold.

The Comptroller's office and the Highway Department will recognize the use of old forms until supplies are exhausted.

The Comptroller's office has been instrumental in developing easy-to-read, shortened forms in an effort to reduce taxpayer paperwork.

The State's postcard-sized sales tax return is used by more than 300,000 businesses and merchants who collect and forward sales tax to the Comptroller.

The state's four percent motor vehicle sales tax during the 12-month period which ended August 31, 1981, produced more than \$523.6 million in tax revenue.

Senator Bob Glasgow

Constitutional Amendment Number Five would exempt livestock and poultry from property taxation.

Presently, the Texas Constitution exempts "farm products in the hands of the producer" from all taxation. However, in 1976 an Attorney General's Opinion held that "farm products" did not include livestock and poultry.

Thus, if this amendment is passed it would exempt from taxation livestock and poultry under the section already exempting "farm products."

Proponents of the measure make the following points:

(1) Under the present Texas Constitution, only agricultural crops or their by-products are exempt from taxation as farm products. Livestock and poultry in the hands of the producer are not exempt. As result, producers of soybean, wheat, or other crops may exempt their crops from property taxes while producers of cattle, sheep, pigs, goats, or poultry must pay property taxes on their livestock or poultry. Adoption of the amendment would result in all agricultural producers being treated alike for purposes of taxation.

(2) At the present time, Texas has an important cattle feedlot and slaughtering industry. Approximately 80 percent of the cattle slaughtered in Texas have been fattened in Texas feedlots. The Texas feedlot industry is at a competitive disadvantage to similar industry in other major feedlot states because those states allow either an absolute or partial exemption of cattle from property taxation. Texas feedlots, for the most part, are located in only a few taxing units, and it has been estimated that less than one percent of the total property taxes generated statewide would be lost if livestock and poultry were

removed from the tax rolls. Adoption of the amendment would place the Texas feedlot industry on an equal basis with similar industry in other states.

(3) Livestock and poultry are often difficult to locate and value for purposes of taxation. Some taxing units have incurred administrative costs in the location or valuation of livestock or poultry disproportionate to the revenue generated by property taxation of the livestock or poultry. Adoption of the amendment would eliminate the administrative difficulties of these taxing units.

Opponents of the measure make the following points:

(1) Taxation of livestock and poultry has generated some revenue to provide public services. In 1979, property taxation of livestock and poultry by taxing units in Texas generated approx-

imately 6 million dollars. Adoption of the amendment would eliminate this property tax revenue, which could be a hardship on local governments where a large number of cattle feedlots are located.

(2) Exemption of one particular class of property from taxation favors one group of property owners over others. Adoption of the amendment would favor producers of livestock and poultry over other taxpayers, such as commercial businesses or homeowners.

DAV

All Disabled American Veterans and their wives are urged to attend an important organizational meeting Tuesday, Oct. 27, at 7:45 p.m. at the Old Texas Electric Reddy Room (behind Texas Electric Service Co. at 113 E. Commerce St.)

The purpose of the meeting is to establish a new Eastland chapter to serve all area DAV's and DAVA's families.

DAV officials Roy Borders of Dallas and Gordon and Bea Lewis of Wichita Falls will be on hand to answer questions and assist with the organization.

Cisco Rotary Club Honors Two Women

Mrs. Trixie Whatley, manager of the Cisco Retail Merchants Association, and Miss Louise Karkalits, retired bank employee, were honored at the Cisco Rotary Club Thursday noon, for their considerable contributions to the financial success of the Cisco Cemetery Association.

Mrs. Whatley is secretary-treasurer of the Cemetery Association operating fund from which all current operating costs are paid, and Miss Karkalits has managed the trust fund of the association since its inception in 1976.

The trust fund, originally fixed at \$100,000, has now grown to a total of \$86,962. Miss Karkalits told the club. It is invested in Certificates of Deposit, interest payments on which are added to the capital fund through a pass book account. When necessary, funds needed to meet operating expenses of the association are drawn from the interest earnings, she said. But for the most part the association has been able to meet its

operating costs — amounting last year to slightly more than \$20,000 — without recourse to trust fund increment.

Mrs. Whatley told the club that an operating fund balance now on hand amounts to \$3,039.89. While this might seem rather large to some, she said, the cost of salaries, investment in new water lines and other expenses is considerable. The city contributes \$600 per month to these expenses as it has done since responsibility for the maintenance of the grounds was taken over by the association in 1976.

Miss Karkalits pointed to the need for a trust fund larger than originally fixed because of the effects of inflation. She called for increased contributions to the memorial fund as one source of growth. Memorial gifts are never used for operating costs but go directly into the trust account.

Tony White, president of the cemetery association and program chairman, paid tribute to other employees of the association for their efficiency and loyalty.

He cited improvements in the cemetery since 1976, including the removal of hundreds of dead trees and the installation of new water distribution lines, a project not yet completed. Sufficient space exists in the cemetery for a total of 10,000 graves, enough to meet the burial needs of the community until and beyond the year 2000, he said.

Two problems affecting future plans were cited in particular. One is the difficulty of growing trees on the site, a problem which has been traced to the long-time use of herbicides in controlling grass and weeds on many of the lots.

"I would not advise the planting of trees there at all," he said.

A second problem is the scarcity of labor for maintaining the grounds.

Ranger Lions Enjoy Special Speaker

Lions District Governor Bob Schleyder of Wichita Falls was guest speaker at the Ranger Lions Club during their regular noon meeting Thursday. He was introduced by Cisco Lion Ar-

chie Chamness.

Lion Schleyder gave an interesting talk, complete with slides, on Lions Clubs - National and International.

Tom Brashier presented a

plaque to the Cisco Lions Club in recognition of their work in selling the largest amount of ads for the Benefit Bowl programs. Lion Chamness accepted the plaque for the Cisco Lions Club.

Riding Club Ends Successful Summer

The Ranger Riding Club has just completed a very successful summer season. Since organizing in March of this year, the club has appeared in nine parades and has been awarded five first place trophies, one first place ribbon, two second place trophies, and one "In Appreciation For Your Support" trophy. These awards, which have been displayed at Ronnie Guess Texaco, are now on display at the First State Bank.

The club members made their first appearance on June 13 at the Strawn Homecoming Reunion Parade, where they were awarded a first place ribbon. On July 1 they appeared in Stamford for the Texas Cowboy Reunion Parade, where they won a first place trophy. They also set the pivots for the Cowboy Reunion Rodeo. On July 9 they appeared in the Ranger Jaycee Rodeo Parade, and were awarded the first place

Riding Club Trophies For 1981

trophy. They also set the pivots for the Ranger Jaycee Rodeo July 9, 10, and 11. On July 22 they participated in the 34th Annual Parker County Frontier Days Celebration and Livestock Show Parade in Weatherford, and were awarded the first place trophy. They also rode in the Grand Entry of the Rodeo sponsored by the Parker County Sheriff's Posse. On July 30 they appeared in the Brown County Fair Association Rodeo Parade and were awarded the second place trophy. July 30th and 31st the club set the pivots for the Ranger Junior Rodeo. August 5 they appeared in the DeLeon Peach and Melon Festival Parade, where they won the second place trophy. August 6 and 7 they led the Stephens County Junior Rodeo Parade in Breckenridge and set the pivots for both performances of the Junior Rodeo. They were awarded an "In Appreciation For Your Support

Trophy" from the Stephens County Junior Rodeo Association. On September 12 they won the first place trophy for a Senior Riding Club in the West Texas Fair Parade in Abilene. Their final appearance for the season was the Eastland County Oil Show Parade in Eastland, where they won the first place trophy.

The Ranger Riding Club is composed of young Ranger women and their children. The ladies alternate in carrying the United States Flag, the Texas Flag and the Ranger Riding Club Flag, in order to share the honors. Members are as follows: Wilma Cantwell and Ginger, Karen Clifton, Dorothy Fisher, Rodney and Tammy, Evelyne Grace, JoAnn Greenwood, Karen and Holly, June Guess and Jenny, Rona Gwilt, Mary Hernandez, Marlinda Jimenez, Susie Kelly, Annette Maxwell, Margaret McDonald and Amy, Janie Miller, Reba Moore, Susie Oates, Connie Rosson, Sharon Shanafelt and Cathy, Bonnie Stewart and Jenny, Debra Vinson, Cory and Tracy, and Sue Williamson.

A spokeswoman for the club stated, "We wish to express our gratitude and appreciation to our sponsor, Ronnie Guess Texaco, for his support during this year. We also wish to thank Richardson Feed Co., Rafter F Western Wear and Sue's Fabrics for the assistance they gave in our year's activities."

REST AREA TAKE A BREAK Texas Office of Traffic Safety

SEEDS FROM THE SOWER By Michael A. Guido, Metter, Georgia

"What's your favorite parable?" asked a Sunday School teacher.

"The one where everybody loafs and fishes," answered a boy.

That sounds like a lot of church members, doesn't it? They loaf while others labor, and then fish for the compliments after the work is done.

Moaned one pastor, "I have a lot of lily Christians in my church. They toil not, and neither do they spin."

What are you — a loafer or a laborer, a shirker or a worker, a leaner or a lifter, a hindrance or a help?

You are saved by grace, not works. But if you are saved, you will work. You cannot separate salvation

from service. If there is the salvation, there will be the service.

Neither can you separate worship from works. If your worship is sincere, your works will be seen. You will put works into your life and life into your works.

The time to work is now, the place to work is where the Lord has placed you, and the way to work is with your talents and treasures.

One who fell in love with the Lord with all of his heart testified, "I do not work my soul to save, that my Lord has done. But I will work like any slave for the love of God's dear Son."

A THOUGHT FOR THE WEEK

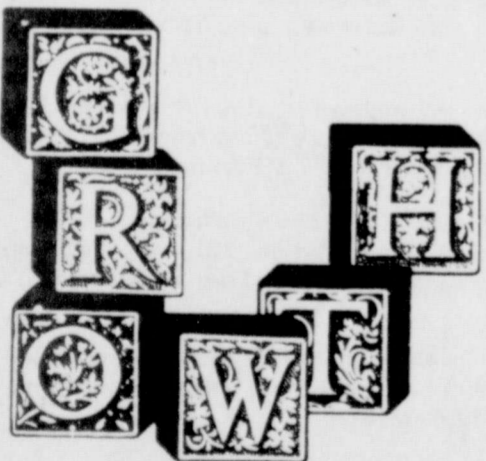

Questions. How would you answer them? ... What reactions do you usually have when you make comparisons with other people? Is it envy? Or pride and satisfaction? Or a combination of both? When comparisons are made, does it not show some interesting insights into our personalities, our characters - and our values?

For example, do you feel blessed with good fortune when you see the plight of deprived, undernourished and unprotected people of the world? Or do you simply take it for granted that because we are who we are, we are rightfully entitled to our good fortune; to our blessings?

Do you wonder why or how the so-called underprivileged quite often are the ones who voice the strongest moral convictions, and often hold deep religious beliefs? When virtues of honesty, kindness and trustworthiness are seen, are they commended - or casually ignored? Is there not an urgent need for "old fashioned" virtues in our increasingly modern world?

People n Things

YOU'LL WANT to wave goodbye to Lynn and Ernie Bint and their two children. They're moving to Graham soon where Mr. Bint has purchased an interest in the cattle auction company. He resigned his job with SWBell after working for the company some 16 years here.

The Bints have sold their home and seven acres just west of town to the Gerald Ingrams, and the Bints have purchased a home in Graham to which they'll move in a week or so. The Bint Ranch at Dothan will remain in the family, and they'll be back in Cisco weekends.

Lynn is a native of Cisco and attended local schools. He has been in the cattle business for a good many years. Mrs. Bint is a native of Eastland - daughter of the Roy Lanes, now of Anson. They have two children - Denise, 15, and Tommy, 13. Mrs. Bint has operated The Wood Shed, local gift house, for several years, and she plans to sell it.

Good luck!

"LET'S HOPE that the walking and jogging track at City Park is permanent."

We near many people say that late Tuesday as they turned out to watch or participate in the Civic League's Mini-Marathon.

The track was made by the city's street maintainer and it winds around the park and back of the swimming pool out in West Cisco. Frank Young, supervisor of city work forces, and his staff made the track. And Frank told us that they probably will make it permanent by hauling away surplus dirt, trucking in some sand and "shooting" it with paving asphalt.

The track would not hold autos or trucks, and motorcycles would damage it. But bicycles, walkers and joggers would have a dandy track in a convenient place. The track measures exactly a half mile. Go out and walk around it. You'll join us and a lot of others in an expression of appreciation.

THE MINI Marathon is a splendid promotion. Folks of all ages - from two or three years old to people in their 60s and 70s - took part. Mayor Eris Ritchie was among those enjoying the jogging and he made seven

laps or three and a half miles.

The Civic League snack bar was in full operation with Jammie Fry's mesquite wood barbecue machine turning out hamburgers under the watchful eye of Jammie, Willis Parker and Winston Heidenheimer. A group of ladies "built the burgers." This group included Judy Dudley, Arlene Fry, Carolyn White, Elaine Dixon, Sherry Wright, Pat Isbell, Johnnie McGlothlin, Barbara Pope, Mrs. Ayres Cermin, Mrs. Carl Kleiner, Mrs. Laddie Pierce and others.

Mrs. Pierce was in charge of buying the hamburger supplies, and she ordered several boxes of patties. When they came, the patties were in batter - like for chicken fried steaks. So, bright and early Tuesday morning, Mrs. Pierce drove to the Abilene wholesale place to exchange the frozen meat.

Prof Tim Jones' CJC band came out and played a concert while folks ate supper after the marathon. The band members sat in the baseball grandstand adjacent to the park. It was a nice affair in all respects. You'll probably be able to find the race results elsewhere in The Press.

THE JOHN McGuire's are thawing out. They got back home to Cisco late Monday after a week's vacation in Telluride (name shortened from the original "To Hell You Ride") where their daughter now lives in the Colorado country. It snowed every day and temperatures were 19 degrees the morning they left for home.

The rains came while the McGuire's were away from their home on the Lake Cisco north shore area. And you can imagine their surprise to find eight feet of new water out in front of their house.

WENT TO THE P-TO meeting Monday night and learned that their recent membership drive netted \$1,430 (\$1 per adult or \$3 for a business). They used their funds last year to benefit the schools, including \$528 for basketball goals on the playgrounds, \$500 for music instruments, and \$20 for new books in each school room.

Supt. James Couch reported that the school enrollment now is 1,007 for the Cisco system. Four years ago, it was 802 and the increase has been steady - indicating that our town is growing. The school system has 79 employees, including 25 who are Cisco

Albany Couple Buys Land

Mr. and Mrs. Billy Jack Shack, Sr., of Albany are the proud owners of 80 acres of choice land just west of Moran. Mr. and Mrs. Shack's business is connected with the oil industry in this area. The Garl D. Gorr Real Estate Brokerage handled the transaction.

Community Sing Set Sunday At Mitchell Baptist

The fourth Sunday community singing will be held Sunday, Oct. 25, at 2:00 p.m. at the Mitchell Baptist Church, five miles southwest of Cisco. Everyone is invited to attend.

Services For Bessie Fleming Held Oct. 18

Funeral services for Bessie Fleming, 95, of Brownfield, were held Sunday, October 18, at Loop. Burial was in the Loop cemetery. Mrs. Fleming died Friday, October 16, in a Brownfield hospital.

She was the step-mother of Mrs. Hattie Nix of Cisco.

High School graduates... Druggist Gary Harris of City Drug made a substantial donation to provide milk shakes for a good many students as awards for work.

MR. OLLIE Moran, local contractor, has a system for adding figures on an adding machine. He runs three tapes and usually gets a different answer each time. Then he adds the three tape totals together and divides the result by three.

And you have your answer. Simple, huh?

GUESS YOU'RE all set to get up at 2 a.m. Sunday and turn your clocks back an hour as standard time replaces daylight saving time. The City of Cisco's sales tax check this month (for September sales) amounted to \$10,296 as compared with \$6,613 for the same month last year. Eastland received \$9,437 and Ranger got \$8,105. Louie Gilbert, former postmaster here who is now postmaster at Grapevine, was in town the other day and was arranging to move the mobile home from their place south of Cisco to a small farm they own near Rhome, north of Fort Worth.

CISCO WILL BE represented this weekend in San Antonio at a seminar where doctors looking for places to practice medicine will meet community leaders from places desiring doctors. Cisco will be represented by Mr. and Mrs. Bill McKinnon, Mr. and Mrs. Gene Abbott, Mrs. Gus Smothers and Mrs. Yvonne McMillan.

The McKinnons live in Abilene but he is working part-time with Graham Memorial Hospital here until arrangements are completed for GMH to become an affiliate of Hendrick Memorial Hospital in Abilene. Mr. Abbott, manager of the Chamber of Commerce, has put together a series of picture slides that depict life in the Cisco area, the hospital and things and points of interest to prospective new citizens.

This is the fourth annual seminar of this kind to be held in San Antonio.

THEY'VE FOUND a bicycle and it's at the police station. If you've lost one, describe it to police and maybe the one they have is yours. Policewoman Rebecca Mendez and three sons spent last weekend visiting at Carlsbad, New Mexico. A highlight of their trip was a trip through the Carlsbad Caverns.
