

600 Attend Annual College Homecoming

Approximately 600 ex-students and parents of students participated in the annual Cisco Junior College Homecoming last weekend to make the event one of the most successful ever held.

The day's program began with registration and open house at 10 a.m. Saturday at Maner Memorial Library on the CJC campus. The various dormitories held open house during the morning. Refreshments were served at the library to several hundred visitors.

A noon luncheon at the Laguna Hotel Corral Room attracted a total of 580 persons. Entertainment was provided by the CJC Choir under the direction of Wyley Peebles. Dr. Norman Wallace, CJC president, and a group of faculty members greeted visitors.

The ex-students association business meeting was presided over by Homer Taylor of Sweetwater, president, during the past year. New officers elected for the coming year are Richard Wende of Eastland, president; B.D. Trice of Cisco, vice president; and Emma Watts of Cisco, secretary. New directors are Eddie Parker of Breckenridge, Patsy Nance of Cisco and Carolyn Taylor of Sweetwater.

Mrs. Lela L. Lloyd, speaking to the exes, said that she and other local authors would make their books available to the association at wholesale rates to be sold with the profits going into a scholarship fund. The offer was referred to the directors.

Prior to the kickoff at the 2 p.m. football game between CJC and NMMI, the exes introduced Mrs. Louise Taylor as their coming home queen. She is the wife of Billy Joe Taylor of Cisco. She was crowned by President Homer Taylor.

Plaques were presented to The Sticklands of Nederland as parents driving farthest to attend the event. Jim L. Lewellen of Wheeler was the ex-student from the farthest point. The Bob Hallmarks of Cisco were introduced as the parents of five ex-students of CJC—the most from one family. The John McClarens of Clyde, parents of four daughters (all Wrangler Belles), were also introduced. Mrs. Lloyd was presented a plaque as the ex-student with the earliest graduation date—1926. N.W. (Barney) Barnhill of Fort Worth, a 1936 graduate, was also introduced.

In the half-time ceremony, the CJC band and belles presented the program that they will give in Macy's Thanksgiving Parade that will be on national television from New York City. They were applauded by the large crowd.

A half-time feature was the introduction of Miss Marinette Hays of Post as the 1981 Wrangler football sweetheart. Miss Peggy Taylor of Bastrop was presented as the 1981 homecoming queen.

A 43-to-12 CJC football victory over NMMI was the climax of the day's program, which Dr. Wallace described as a good success from all standpoints.

COMING HOME Queen Louise Taylor was crowned by President Homer Taylor of the CJC Ex-Students Association at the homecoming football game last Saturday. Mrs. Taylor, wife of Billy Joe Taylor and the mother of their four sons, is a member of the public school faculty here. (Staff Photo)

THE TWO new queens—Football Sweetheart Marinette Hays and Homecoming Queen Peggy Taylor—were riding in a convertible to leave the field when the above picture was made Saturday at the CJC-NMMI football game. (Staff Photo)

FORMER CJC Cheer Leaders Lou Jane Qualls, left, and Carlene Spicer are pictured above. They were Wrangler cheer leaders during the 1955 and 1956 football seasons. Mrs. Qualls is a member of the public school faculty here, and Mrs. Spicer lives in Abilene with her husband, CPA Charles Spicer and their four children. Both ex-cheer leaders were in attendance at the Saturday reunion of CJC Ex-Students. (Staff Photo)

Jesus' Friends Meet Thurs. At Lutheran Church

Jesus' Friends are meeting at Redeemer Lutheran Parish Hall each Thursday. The morning session from 9:30 to 11:00 is for children ages three through five. The afternoon session from 2:45 to 4:30 is for children age five through grade six. The children grades three through six come when they get out of school. Children that are in kindergarten may choose either the morning or afternoon session whichever fits their school schedule.

In the Jesus' Friends ministry Christ is shared with the children through Bible stories, Bible verses, singing, crafts and acts of sharing.

For more information call the church office at 442-2090 or Laura Ziehr at 442-1735.

Lions Pancake Supper Set

The people of Ranger and all others within the community are invited and urged to join with the Ranger Exes Association for participation in the following upcoming events in Ranger on November 6th and 7th.

Friday, November 6, 1981 the Ranger Lions Club will be sponsoring and serving a pancake supper from 5 p.m. to 7 p.m. at the High School Cafeteria. Tickets for adults will be \$3.00 with children under 12 years of age to be served for only \$2.00 and these tickets can be obtained from any Ranger Lion Club member and will be made available at the door.

Starting at 7:30 p.m. the Ranger Bulldogs will be playing the Cisco Lobos in a Homecoming football game at the Ranger stadium.

Wranglers Climax Homecoming With 43-12 Win Over NMMI

By Bill Roberts

Taking the opening kickoff and marching 79 yards in 11 plays, the Cisco Junior College Wranglers started what proved to be a happy Homecoming and Parents Day climax Saturday at Chesley Field.

When the final whistle sounded, the Wranglers had posted their seventh victory of the season, this one over the New Mexico Military Institute Broncos by a 43-12 count.

Coach Bill Anderson's squad had to overcome a few mistakes—like two pass interceptions and five lost fumbles—but those things didn't seem to matter as the Wranglers rolled up 478 yards total offense while allowing the Broncos only 220 yards total offense.

Of those Bronco yards, 184 were on the ground and 138 of those were picked up by one man—running back Scott Carreathers. Through the airways, the Broncos could connect only four times out of 22 attempts and that accounted for only 36 yards.

With the victory, CJC's season record goes to 7-1 and the win sets up the regular season finale—and it should be a good one. The Wranglers hit the road for a trip to Miami, Okla., and a meeting with the No. 1 junior college team in the nation, Northeastern Oklahoma A&M. That game is scheduled Saturday.

Against the Broncos, CJC used its balanced attack with the offensive leaders emerging as Keith Pantalion, who returned to the starting offensive lineup after a stint on defense; quarterback John Farris; and split end Barrette Douglas.

All Pantalion did was

carry the ball six times for 94 yards. Farris completed 12 of 18 passes for 174 yards and one touchdown. Douglas caught four passes for 56 yards and one touchdown.

One defender got into the act as Cruz Garcia, a freshman linebacker, picked off a Marty Moreno pass and returned it 66 yards for another Wrangler touchdown.

Sophomore running back Mark Neville got the Wranglers started toward paydirt following the opening kickoff as he rambled for 10 yards and a first down on the first play from scrimmage. Farris went to work through the airways on the second play, picking up another first down as he connected with sophomore tight end Matt Ligon for 27 yards. Nine plays later, the Wranglers were on the scoreboard as Greg Spencer carried it in from the one, capping the 79-yard drive. Kiousmars Rezaie kicked the first of three extra points for a 7-0 Wrangler lead at the 10:31 mark of the first quarter.

On the Broncos first offensive play, they set the pattern for the remainder of the day. Moreno pulled some fancy handoff work, a double reverse followed and Moreno got the ball back, then threw the ball about 50 yards in the air to Phil McComb—but it fell incomplete. That was to happen 18 more times on pass attempts as the Broncos just couldn't seem to get their passing game in gear.

It could be that the Wrangler defense had something to do with that. After all, the Wranglers had held opponents to an average of only 94.3 yards a game on

the ground through seven games. Saturday's work dropped that mark to 87.0.

On the Wranglers' next series, Rezaie capped a 9-play, 47-yard drive by kicking his fourth field goal of the year, this one from 27 yards out, and CJC led 10-0 with 3:57 left in the opening quarter.

The next time the Wranglers got the ball, it took only two plays to get on the scoreboard again. Pantalion broke off tackle, shook off several tackles and got loose for 52 yards and set the Wranglers up first and 10 at the Broncos 15. On the next play, Farris found Douglas all alone in the end zone and the Wranglers had six more. Rezaie's second PAT made it 17-0.

Just two minutes and 21 seconds later, the Wranglers had scored again, and again, it took only two plays.

After Eddie Tillman was pulled down after only a yard gain, reserve quarterback Johnny Yglecias faded back and tossed to Alfred Garcia from 25 yards out. Again Rezaie converted and CJC led 24-0 at the 12:19 mark.

The next scoring opportunity for the Wranglers involved the defense as Cruz Garcia got into the scoring act with his 66-yard interception return. The steal halted a Bronco scoring drive at the Wrangler 34 after NMMI had marched from its own 39 in five plays, including a fake punt by punter John Dagon which picked up five yards and gave the Broncos a first down at the CJC 37. Following Cruz Garcia's touchdown, freshman Kevin Meyer kicked the extra point which made it 31-0.

Van Grinnon spoiled

Lobos To Face Bulldogs After 36-16 Victory Over Bangs

The Lobos of Cisco High School will travel to Ranger Friday night to face the Bulldogs, after defeating the Bangs Dragons here last week by the score of 36 to 16.

Following Friday night's win, the Lobos are now 4-3-1 for the year and 4-1 in district play while the Bulldogs are 2-6 for the year and 1-4 in district.

In last Friday's game, Cisco scored in each quarter of the game but Bangs managed to score only in the second quarter.

The first touchdown of the game came about late in the first quarter.

Cisco had received a fourth down punt from

Bangs and started the drive from their own 29-yard line. With Randall Rattan at quarterback, Shane Posey, Gary Speegle and Jason Potter picked up yardage for the Lobos.

In ten plays they moved the ball to Bangs nine-yard line. A pitchback from QB Rattan to Potter got the touchdown with 3:19 left in the first quarter.

The extra point kick by Kenneth Preston was good making the score 7 to 0.

Bangs was forced to punt the ball on their next possession after gaining one first down and moving the ball to Cisco's 38-yard line. Bangs Scotty Walker punted the

ball to Cisco's two yard line where the Lobos took possession.

On Cisco's first play of the drive, Potter was stopped at the one-yard line for a loss. On the next play, a fumbled handoff was covered by one of the Bangs Dragons in the end zone for a safety making the score 7 to 2 with 11:54 in the first half.

Cisco was penalized on the ensuing kick-off from the 20-yard line for being off-sides and had to re-kick the ball from their own 15. Cisco's Rattan booted the ball to Bangs 40-yard line where Randy Bernard ran it back to mid-field.

Bangs Bernard, Aubrey Balfour and Devron Smith took the handoffs and pitchbacks from quarterback Sean McDonald. Smith carried the ball 18 yards on his try moving Bangs to Cisco's 25-yard line.

Lobo Teams To Play In New Grid League

Cisco High School will be in District 8-AA for athletics, including football and basketball, during the 1982-83 school year, according to a realignment schedule released Monday by the University Interscholastic League.

The new District 8-AA includes eight schools—Albany, Anson, Baird, Cisco, Eastland, Hawley, Tuscola, Jim Ned and Winters. The

old District 10-AA was split up three ways with Cisco and Eastland moving into 8-AA; Dublin, DeLeon and Ranger going to 12-AA and Bangs, Early and San Saba remaining in 10-AA.

Supt. James Couch of the Cisco Public Schools was in Austin on Monday for the annual UIL meeting. He telephoned the new district teams to Coach Jim Puryear, and Mr. Puryear and Principal Mike Turner attended a meeting of the new district in Abilene at 1:30 p.m. Monday.

Mr. Couch said the eight schools drew for their schedules and that other teams would be contacted to round out a 10-game card for the next school year. He said Cisco's 1982-83 schedule was one game short of completion and will be announced soon.

Mr. Couch said Cisco High School was five students short of the minimum for Class AAA. The new realignment is for two years.

To Sponsor Parade

On November 13th the Cisco High School Student Council will sponsor the annual homecoming parade. The parade will start at 3:00 p.m. at Taylor's Center and end at the Thrift Mart parking lot. Immediately following the parade the cheerleaders will lead a spirit filled pep rally in the parking lot. Anyone wishing to be in the parade contact Michelle Dempsey or Mrs. Nita Kent at the high school. The first place float will receive \$25.00.

the Broncos in business again.

Five plays later, McComb went in from the three. Again, the Broncos went for two but Moreno's pass fell incomplete. The loss was the ninth of the year for the winless Broncos.

QB Rattan ran the ball in for two extra points after the touchdown. The extra point kick by Preston was good making the final score 36 to 16 with 5:53 left in the game.

Outstanding defensive players for Cisco were Shane Posey, Brian Fleming, Blair Boyd, Danny Garcia, Mark Humphries, Bubba Eaker, Gary Speegle, Joey Worley, Tommy Thackerson, Kenneth Preston, Brad Hawari, Larry Adams, Manuel Marquez and Bud Woods.

Standouts for the Bangs defense were Sean McDonald, Aubrey Balfour, Devron Smith, Shawn Freeman, Scotty Walker, Edward Miller, Terry Koen, Dwayne McGary, Jimmy Tafaya, Jim Mosley, Joey Blisard and Randy Bernard.

QB McDonald utilized runs by Bernard, Balfour and Smith to move the ball to Cisco's 22-yard line in four plays with Smith picking up 22 yards on his carry before being stopped by Lobo Tommy Thackerson.

On the next play, Bernard received the pitchback from QB McDonald and threw a pass which was deflected by Cisco's Danny Garcia.

QB McDonald and Walker teamed up on the next play for a 22-yard touchdown-pass play. A pitchback to Bernard got two extra points giving Bangs the half-time lead of 15 to 16 with only 16 seconds left to play.

Cisco received the second half kickoff and began a scoring drive from their own 42-yard line. Speegle picked up seven yards on his first carry, while Potter busted loose for a 31-yard run on his carry and fumbled the ball when he was tackled. Cisco's Larry Adams recovered the ball and saved the Lobo gain.

Speegle picked up two yards and then three on his next two carries, putting the ball on Cisco's 15-yard line. Potter took the next handoff and scampered the 15-yards to the goal line.

The try for two extra points by Potter was no good, leaving the score 21 to 16 with 10:06 left in the third quarter.

Later in the quarter, Cisco took over possession of the ball at the Lobo nine-yard line when Bangs failed to gain two yards for a first down.

The Lobos moved the ball to Bangs five-yard line in 12 plays picking up five first downs. Speegle, Potter

Posey, Rattan and Brian Fleming made the yardage for the Lobos.

On Speegle's second carry of the drive, he hustled out for a 33-yard run and Cisco's second first down of the drive. Later in the same drive, Fleming picked up 12 yards for the Lobos on a fourth down pass from QB Rattan. Cisco had needed six yards to keep the drive going.

Speegle took the handoff for a five yard touchdown run with 11:27 left in the fourth quarter. Fleming picked up two extra points to make the score 29 to 16.

Bangs was unable to gain its second first-down on its next possession of the ball, and was forced to punt to Cisco.

The Lobos started their final scoring drive of the game from Cisco's 11-yard line.

A handoff to Speegle gained 11 yards and a first down. Fleming took the next handoff 27 yards for another first down putting the ball on Cisco's 49-yard line. Speegle picked up 24 yards on his next carry, getting another first down for Cisco. A quarterback keep by Rattan got another first down and moved the ball 18 yards to Bangs nine-yard line.

Speegle took the next handoff nine yards for the touchdown. The extra point kick by Preston was good making the final score 36 to 16 with 5:53 left in the game.

Outstanding defensive players for Cisco were Shane Posey, Brian Fleming, Blair Boyd, Danny Garcia, Mark Humphries, Bubba Eaker, Gary Speegle, Joey Worley, Tommy Thackerson, Kenneth Preston, Brad Hawari, Larry Adams, Manuel Marquez and Bud Woods.

Standouts for the Bangs defense were Sean McDonald, Aubrey Balfour, Devron Smith, Shawn Freeman, Scotty Walker, Edward Miller, Terry Koen, Dwayne McGary, Jimmy Tafaya, Jim Mosley, Joey Blisard and Randy Bernard.

Disabled American Veterans... They Paid the Price for Peace!

ABOUT THE ARTIST: George I. Skypeck, a survivor of two tours of combat duty in Vietnam, has become one of the nation's foremost artists in depicting the experiences of soldiers in war. Greatest impetus for Skypeck's subject material comes from his personal combat impressions, especially those associated with friends wounded, killed or missing. "Memories tormented in the heat of combat, refined by the pain of wounds, and sustained by the alienation of our society cannot be forgotten," says Skypeck. His distinctive combat art has been displayed extensively, including a special exhibit in the rotunda of the U.S. House of Representatives. He is currently studying under a scholarship at the Corcoran School of Art, Washington, D.C. Skypeck served as a special warfare advisor to South Vietnamese forces in the Mekong Delta region and later as a senior intelligence officer. He was released from active duty as a captain and holds numerous decorations, including the Purple Heart, Air Medal and Vietnamese Cross of Gallantry.

ASCS Report On Peanuts And Wheat

The rules concerning the immediate buyback of additional peanuts have been changed where now producers may require that a premium be paid as a condition of the immediate buyback from the additional loan. Handlers may purchase peanuts from SWPGA under immediate buyback only if the producer indicates approval by signing in the remarks section of the MQ 94.

Upon delivery of the peanuts, producers will receive the additional loan advance based on \$250. per ton plus any premiums negotiated between the producer and the handler. Producers may designate an agent to sign on his behalf by delivering an executed power-of-attorney to SWPGA.

COMMUNITY COMMITTEE ELECTION

A mail election of Community Committee persons will be held again this year for the six communities used to identify farms on ASCS records. Farm owners, operators and spouses are again encouraged to nominate active farmers to represent their communities. Nominations will be accepted at the County Office until November 2, 1981. After slates of eligible nominees are complete,

ballots will be mailed. A list of eligible voters for the county is available for public inspection at the county office.

TENTATIVE 1982 WHEAT PROGRAM

The Secretary of Agriculture has outlined details of the 1982 wheat reduced acreage program, PENDING enactment of the new farm legislation. Participation will be voluntary. Individual farm wheat

acreage-bases will be established using the 1981 wheat acreage planted for harvest. To participate, producers shall reduce the farm's 1982 wheat acres planted for harvest by at least 15 percent from the farm's established wheat acreage base.

An acreage of eligible cropland equal to 17.65 percent of the 1982 wheat acreage planted for harvest must be devoted to conserva-

tion use sufficient to protect the acreage from wind and water erosion. The acreage devoted to a conservation use may not be mechanically harvested. Grazing will not be permitted during the six principal growing months as set by the County Committee.

Offsetting compliance - farmers participating in the

reduced acres program on one farm must assure USDA that they are not exceeding the 1981 wheat base on any other farm they own or operate. Farmers are not required to participate in the wheat program to qualify for program benefits on other crops.

Tax Revenue From Mixed Drinks Totals \$3,781.31 For Quarter

State Comptroller Bob Bullock said checks totaling \$9.2 million are being sent to 380 Texas cities and 214 counties as their share of rebates from the state's mixed drink tax for the 1981 third quarter.

Bullock said mixed drink taxes collected during July, August, and September will also net the state's general revenue fund \$22.5 million.

He said the third quarter payments are estimated allocations based on past payments for cities and counties because the Alcoholic Beverage Commission is tabulating third quarter tax collections.

Bullock said adjustments, if any, to cities and counties

would be made on the fourth quarter report.

Taxes on mixed drinks during the first and second quarters this year totaled \$58.9 million.

Texas cities and counties receive 15 percent rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized mixed drink sales.

The 10 percent gross receipts tax is collected by the Alcoholic Beverage Commission and the city-county rebates are sent out quarterly by the Comptroller's office.

Mixed drink tax remittances for the third quarter for Eastland County total tax revenue was \$6,701.03.

Eastland County's 15 percent remittance was \$1,005.15.

The total city tax revenue for Eastland was \$2,537.95. For Ranger the city tax revenue was \$238.21.

The city's 15% remittance for Eastland was \$380.69. The 15% remittance for the city of Ranger was \$35.73.

The total number of counties were 214 with the total county tax revenue at \$31,848,076.32. The counties 15 percent remittance account number 7612 was \$4,777,211.47.

The total number of cities were 380. Their city tax revenue was \$29,824,384.32. The city's 15 percent remittance was \$4,473,657.70.

The total city amount - account number 7611 - was \$4,473,657.70.

The general revenue amount - account number 3905 was \$22,597,207.15.

The total amount for the county tax revenue is \$31,848,076.32.

Cross Plains Paint And Palette Club

The Paint and Palette Club of Cross Plains will stage its annual art show Sat. and Sun., Nov. 7 and 8.

Exhibitors are advised that works placed in competition are to be brought to the Multi-Purpose Center, located at the eastern end of Eighth Street from 5 to 7 p.m. on Friday, Nov. 6, in frame and hanger. Entries are limited to five at a entry fee of \$1 per picture, plus a miniature.

Categories were listed as beginners, reserved for those who have been painting one year or less, professional, amateur and children. Divisions are planned for watercolors, landscapes, still life, western and portraits palette knife, ink own glass.

The exhibit will be open for public viewing from 9 a.m. to 6 p.m. on Sat. and from 10 to 4 p.m. on Sun. There is no admission charge to the showing.

Why gas is plentiful:

Two New Sources

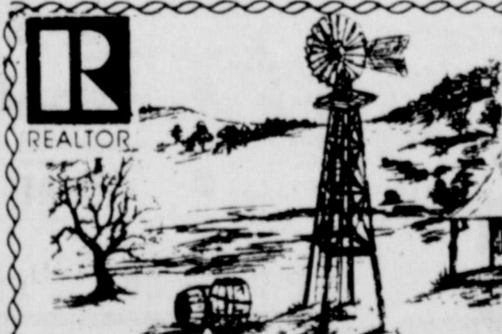

There's enough natural gas in proven and existing reserves to heat America's homes and run its factories for many years. And now gas is flowing in enormous volumes from two new sources: the tight basins and the deep basins right here in Texas and Oklahoma. Experts

believe each of these sources could double the nation's proven supply. And our pipeline system will let us deliver your share of this gas efficiently and economically. It's another reason to be glad you're served by the Lone Star system.

Gas. It's plentiful, efficient and right for the times.

PETROLEUM BUILDING V.I.P. SERVICE MEMBERSHIPS AVAILABLE!
 The following services, designed to meet the needs of the Petroleum Industry, and related service companies are now being offered through the Petroleum Building in Eastland. If your offices are out of town, you are a one-man show, you are here part-time, or now and then, let us be your staff. We offer fast, courteous service for an hour, a day, a week, a month, or a lifetime, custom designed to meet your particular needs.

Our staff and facilities offer:

Complete secretarial services. We will type one letter, or prepare a full package at your command. Book-keeping, by the job or the hour. Let our competent staff prepare your press releases, Railroad Commission Reports, file Permits, search and compile County records, collect data from Petroleum Information, (members of P.I. only), payroll, statements, Quarterly Tax reports, Oil and gas leases and filing, and map duplications. Additional services are available, such as, postage meter, photocopies, package wrapping and mailings, bank reconciliations, Notary Public, and obtaining price quotes on services or supplies. When you don't have the time or staff to hunt or prepare for your immediate needs, let us do the details. It will save you time and money. For those of you operating an office in Eastland, your membership will insure you temporary coverage during your staff's vacation or absence. Why get behind when you can get ahead by joining the Petroleum V.I.P. Services now?

Memberships will be limited. Your membership also offers full Board Room and Conference facility availability. The Board Room will be available by reservation. Seating capacity 50-60 with theatre seating, conference table seating up to 25. Furnished with podium, projector screen, slide carousel or 16 mm projectors, presentation easels, chalk board, note pads, pens, pencils, place cards, ashtrays, name tags, coffee or soft drinks. Private restrooms will be provided. If desired, a confidential secretary will be available for minutes or meeting records.

Your next conference should be in the board room of the Petroleum Building. Why pay for the extras, all the time on a square footage basis, when you can have the finest for less? The V.I.P. services will begin November 1, 1981. The membership fee will be \$150.00 per year for charter member (limited to fifty members) and after charter, memberships will be \$250.00 per year. Membership will be limited to insure the quality and availability of the facilities. The Petroleum Building will be open for your inspection the last week of October. Stop by and file your membership application now!

Three people in their 90's assisted Mrs. Mae Courtney celebrate her 100th birthday. They were (left to right) George Bailey, 92 years old; Mrs. Courtney; Mrs. M.D. Bailey, 91 years old; and Lewis Starr, 91 years old.

CYAA Action Is Like Pro-Action

The Cowboys and Dolphins were not the only teams that had cliff-hangers football games on Saturday, Oct. 24. CYAA has two ties and one game with only one point separating the winners and losers.

Oilers 12 and Cyclones 12—The Cyclones tallied first with a 30 yard scamper by Jarrod Jeffcoat for the TD. The point after was no good.

Just before the half, Oiler Quarterback Shane Weibe turned on the steam for a long run to tie the score 6-6. They also failed to score the extra point, when the pass to Raiford Rattan was completed, but the pass was caught out of the end zone. Late in the third quarter, Cyclone Brian Wagnon completed a pass and ran 50 yards to pay dirt. Again, the

extra point was no good. In the final quarter, Rattan and Weibe teamed up to put the ball in scoring range, and on the last play of the game Weibe connected with Rattan to tie the score 12-12. The Oilers failed to convert the extra point. Outstanding offensive and defensive players for the Cyclones were Robert Mayberry, Andy Woody, William Pevey, Chad Rogers, Brian Wagnon and Jarrod Jeffcoat. Shane Weibe, Robert Wages, Jim Cockran, Shannon Berry and Raiford Rattan turned in fine performances for the Oilers.

Steelers 6 and Cowboys 6—The Steelers running attack was dominated by Jeff Roark in the first half. He made a touchdown after an outstanding 55-yard run and then went on to carry it in to the end zone from the five yard line. The extra point attempt failed. Late in the third quarter Cowboy Paul Flores completed a pass from quarterback Kody Wallace. The Cowboys failed to convert the extra point ending the game in a tie. Doing a fine job for the Steelers were Malcolm Williamson, who had the most tackles, John Mizell, who recovered a fumble, Kevin Seabourn, Davin Hohertz, Matt Goosen and Dale Escobedo.

MAE COURTNEY

Mae Courtney Celebrates Her 100th Birthday

The Cisco Senior Center, and 170 members, helped Mrs. Mae Courtney celebrate her birthday last Friday, October 30.

Mrs. Courtney was born in Bosque County and came to Eastland County when she was five years old.

The family moved to Stephens County and most of her younger years were at that location.

Mrs. Courtney is blind and has only a fraction of her hearing, but her attitude of never worrying has made her a delightful person. She endeavors to walk about a mile a day, so she is in very good health.

Outstanding performances were turned in by Cowboys Paul Flores, who had the most tackles, Doug Witt, fumble recovery, Joe Tollett, Dee Wages, Kevin Hale and Wade Cozart.

Cubs 7 and Indians 6—In the first quarter Jimmy Parker put the Cubs on the scoreboard with a TD and Jeremy Davies added the extra point. Just prior to the half, Shaun Mendez caught a beautiful pass from Indian quarterback, Kelly Cozart and ran a long distance for an Indian touchdown. The extra point was no good, making the final score 7-6. Outstanding players for the Cubs were Kyle Crockett, Chucky Cockran, Jimmy Parker, Matt Mason, Curtis Lacy and Chris Begley. For the Indians, Shaun Mendez, Kelton Hale, Brad Goosen, Kelly Cozart, Robert Speegle, Dave Witt, Leroy Hill and David Suggs all turned in fine performances.

EVE ELTON

Eve Elton Celebrates Her 4th Birthday

Eve Elton celebrated her fourth birthday Tuesday, Nov. 3. A party in her honor was given at Mrs. Clappitt's school. The theme was "Strawberry Shortcake" complete with a strawberry pinata filled with, of course, strawberry candy. Her hostesses were her mommy, Sharon, her grandmother, Imogene Elton of Umatilla, Florida, and her best friend, Lamb E. Pie (who also became 4).

Eve's celebrating always extends into November 4 as then she and her sister, Tani, honor their daddy Lamar on his birthday. His preferred theme was "the day time forgot" but he did seem to enjoy being remembered.

DAR Meets In Eastland

Nine members and one guest, Ann Folsom, attended a regular meeting of Charles Crawford Chapter, DAR, on Monday, October 26, at 2 p.m. in the home of Mrs. B.F. Francis, Sabine Terrace Apartments, 600 Sadosa, Eastland. Mrs. Stanley McNelly was co-hostess.

Mrs. W.W. Wallace told the story of the origin and growth of schools owned and/or assisted by the organization.

Mrs. Joseph Perkins, Regent, opened the meeting and led the salute to the flag of the United States. Mrs. B.F. Francis, Defense Chairman, reported on "What Happened at Yorktown."

Mrs. Perkins read the DAR President's Message for October. She also showed a quilt made of silk pieces, briarstitched at the seams which is 100 years old.

Eastland County Receives Over 3 Million In Welfare

A total of \$3,421,972 in state and federal welfare funds administered by the Texas Department of Human Resources were spent in Eastland County during the past fiscal year, Bobby Thompson, supervisor of the 44-county Abilene district of the department, told the Cisco Rotary Club Thursday noon.

Thompson, who prefaced his Eastland County figures, with a discussion of the extent, objectives and problems of the agency, was presented by Armo Chambers, club president.

Projects grouped within the department's responsibilities include various medical assistance programs, such as Medicaid; aid to the elderly; aid to dependent children; day care facilities administered in homes of the patients; food stamps, the latter federally financed and governed but committed to state administration, and

various forms of disaster relief.

By far the greater part of the Eastland County expenditures were in the form of medical assistance payments — \$3,037,812, to be exact — to a total of 1,122 Medicaid eligibles. Of this amount \$2,385,321 was dispensed in nursing home payments for 459 clients, he said.

Other payments under this heading included \$255,550 in vendor drugs and \$381,897 in physician and lab fees, such as X-rays.

Aid to families with dependent children accounted for \$65,092 of the county budget, involving 55 families with 114 children.

Twenty-seven day care facilities were licensed during the year.

The food stamp program, which does not involve state funds, assisted 866 participants in approximately 300 families, for a total expenditure of \$319,088. This program is mandated by federal law which the department must in all points observe in its administration, he explained.

Contrary to some criticism, Thompson said, it is being as efficiently managed as it is possible to operate, and is careful to stay within its budget and to see that the funds administered are directed to those really in need of them. There are inevitable, he said, some instances of fraud and while the DOHR is earnestly tracing such cases and endeavoring to obtain convictions it is finding some difficulty in overcoming the reluctance of witnesses due to special interests that are often involved.

He said there were presently two cases under in-

vestigation in Eastland County.

Administration of the department programs in Eastland County and some areas of adjoining counties is being done by a staff of 11 employees who live within the county.

WORD of GOD

Old Testament

Thou shalt not kill.

Exodus 20:13

New Testament

Ye have heard that it was said by them of old time, Thou shalt not kill; and whosoever shall kill shall be in danger of the judgment:

But I say unto you, That whosoever is angry with his brother without a cause shall be in danger of the judgment: and whosoever shall say to his brother, Ra'ca, shall be in danger of the council: but whosoever shall say, Thou fool, shall be in danger of hell fire.

Matthew 5:21-22

WORD of GOD

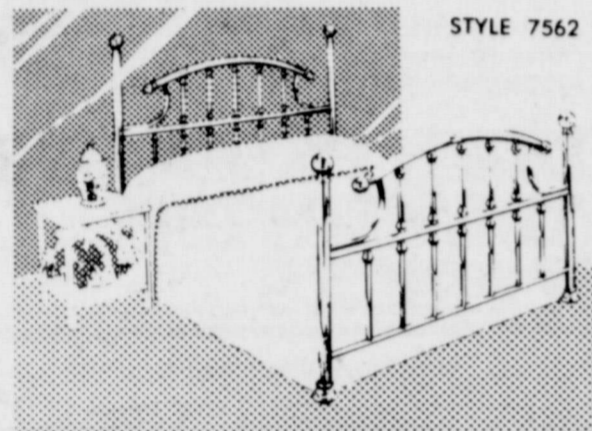

For those sick in mind

I will never leave thee, nor forsake thee.

Hebrews 13:5

JESUS IS LORD

Temporarily Meeting At Cisco Revival Center
Corner of East 7th & Ave. A Cisco P-85-ftc

What is it for you? The job? The boss? Traffic? Bills? Pills? Family? Deadlines? Quotas? Getting on top? Or just staying afloat? Are there more conflicting demands in one day than you'd rather face in one week?

This pressurized pace of life can come from your own inner push for recognition and achievement. Or it can be the result of those outer prodding demands.

You may not be able to alter your schedule or situation. But you can change the way you look at it, deal with it, live through it, and rise above it. Our people are realizing that an inner center of calm and serenity is available. What Jesus said about lasting peace that nothing can take away makes a lot of sense.

We all have pressure — but do you have peace?

TEXAS PRESS ASSOCIATION

The Windfall Profit Tax - A Slow Death

By Viola Payne

As 1981 ends, the Windfall Profit Tax is entering a period of changes. In Mid-October there was one last Legislative attempt to eliminate any phase-down of this oil excise tax. Senator Eagleton (D of Missouri) introduced a bill which would have resinded all of the oil tax reductions passed by Congress in August, '81. Eagleton would have established a trust fund with the revenue involved for Social Security purposes.

Eagleton's Amendment to the Economic Recovery Tax Act was defeated, and plans for the phase-down continued. The next information was that the IRS hoped to issue a revised form 6249A within a few weeks to reflect the 1981 \$2,500 royalty owner credit against the Windfall Profit Tax. It was stated that a short Form 6458 for implementing the two-barrel-per-day exemption for 1982 was also being developed.

"The Texas Independent Oil Producers Association," it was stated, "is working with the IRS to be sure that the necessary forms are no

Eastland County Art Assoc. To Meet Nov. 5

Eastland County Art Association will meet at 7:00 p.m. Thursday, November 5 in the Texas Electric Reddy Room.

Guest demonstrator will be Dorothy Whizenhunt owner of the Board and Palette shop in Abilene. She will demonstrate painting bottles.

worse than they have to be."

How bad is that? This is the type of a form eventually being sent out with a number of oil royalty checks at this time.

"During 1980 you were sent statements on how much Windfall Profit Tax was withheld on your behalf. You recently received Forms 6248, Annual Information Return of Windfall Profit Tax, that are summaries for the withholding tax for the year from each purchaser of your oil.

If the total number amount shown on Line 3, Part IV is greater than the total amount shown on Line 4, Part IV, on all your forms 6248 your tax was underwithheld. Tax may be due if no other Windfall Tax Credit

apply.

To report the tax due, get form 720, Quarterly Federal Excise Tax Return, from your local IRS office during regular business hours or by calling the toll free number in your area, and file it with IRS. Instructions on how to fill out Form 720 are contain in Notice 604, Windfall Profit Tax.

If the total amount shown on Line 3, Part IV on all your Forms 6248 your tax was overwithheld. You have a refund due. You can claim a refund when you file your Income Tax Return (Form 1040, 1120, etc.) or by filing Form 843, Claim, along with either form 6249, Computation of Credit from Overpaid Windfall Profit Tax, or Form 6249-A, Royalty Owner's

Credit for Overpaid Windfall Profit Tax.

Instructions on how to file a claim for a refund are contained in Form 6249/6249-A. Please call your local IRS office if you have any questions."

Well I, the writer of this article, certainly had some questions! Question No. 1 - Why hadn't I received any forms mentioned? And question No. 2 - Who wrote this notice sent to me?

On Oct. 27th I endeavored to contact the nearest IRS on its Toll-free number. At first I talked to individuals two times, each time being told that they knew nothing about the matter - that I would have to talk to a person with the correct information. And that office (or offices) were busy at this time - I would have to call back and try to get through. The next time I called, the IRS phone indicated busy. I decided to try an experiment, and called fifteen times before noon to see if I could get through. I always got a busy signal.

Is anyone in favor of clarity?

Game Day At Lone Cedar

Friday, Nov. the 6th
Is the day
At Lone Cedar Club
We'll gather to play
So get your partner
And maybe more
Join in the fun
With prizes galore

We'll start at ten
Then have lunch
Then back to the table
To play our "hunch"
Its four dollars each
For food and fun
So call your friends
You're invited:
EVERYONE.

647-1260 HOME **647-1667**

HOMES-RANGER
New listing: Mobil home on Travis street, two bedrooms, one bath, all furniture that comes with a mobil home goes. Storage house goes with this place. Priced to sell \$7,750.00

About a year and a half old, two bedroom brick home, on two lots, central heat and vented evaporative cooling. One bath, range, dishwasher, fenced back yard. This is a corner lot, 1006 Foch Street.

New listing on Pine Street, three bedrooms, one bath older home that need someone to work on it. Very large rooms, could be made into a very nice place. Two lots go with this house \$22,500.00.

Three bedroom, one bath, large living and dining room combination. Central heat and air, washer dryer connections. Seperate garage and storage room. This house is on two lots on Main Street. \$30,000.00

Approx. 5 acres of land in City limits with a three bedroom, two bath house. Central heat and air, horse barns, garage and storage. Very attractive place. \$45,000.00

Brick three bedrooms, two full baths, den with wood burning fireplace, kitchen with double oven, corning cooktop, dining room combination, central heat and air, utility room with washer and dryer connections. Fenced back yard with covered patio. Two storage buildings. This is in a nice neighborhood. \$75,000.00

Brick three bedrooms one and a half baths. Large den, central heat and air, range and dishwasher. This house is in Meadowbrook addition and would make some family a very nice home. FHA Financing available.

Two bedrooms, one bath, close to down town. Needs very little work, double garage. This house is on 1 1/2 lots, a good buy at \$10,000.00

1980 Mobil home on eight lots. Three bedrooms, two full baths, carport, central heat and air. There is a large 24x30 steel building with concrete floor that goes with this place, also a 14 x 20 storage building. \$65,000.00 some owner financing.

Rock two bedroom, central heat, one bath, living room, large kitchen, washer connection, range, refrigerator, would like to sell furnished. This house has 4 1/2 lots, six pecan trees and several fruit trees. \$40,000.00

LAKE PROPERTY

Tile block house on deeded lot, one large bedroom with very large living room with sleeping facilities. This place has a nice boat dock. All furniture goes with this \$30,000.00

Very nice small lake house on deeded lot. One large bedroom, kitchen, living room, then a large bedroom on the lake side. This on a good fishing part of the lake with a boat dock. \$22,500.00

COMMERCIAL PROPERTY

7,000 square foot Delta Steel Building in Ranger. This building has a large truck scale that goes with the building.

Two lots on Hwy. 80 just next to JRB. A good commercial location.

Three story brick. **SOLD** Ranger with twelve lots.

Ten acres of land in the city limits, good place to develop. Will sell worth the money, \$10,000.

RANCH OUT OF RANGER

981 acres on I-20 just east of Ranger, excellent hunting place. Will run 60 pairs year round, small but nice house with central heat and air.

JUST OUT OF RANGER

25 acres of land with a four bedroom house, two full baths, Franklin Stove, very nice kitchen with plenty of cabinet space. Dishwasher, range and ovens, large pantry. Lots of closet space and storage. Several outside buildings, metal pens, water well, fenced garden spot. **SOLD** \$58,000.00

160 acres of land, one tank, 87 acres in cultivation, good fences, some improved pasture, 1/4 minerals. Owner will sell parts of this place also.

Equal Housing Opportunities

Day That Was Out Of Control

By Viola Payne

Some years ago I began to realize that if I ever intended to accomplish anything I needed some sort of plan for each day. So now I attempt to project a whole week's plans ahead, and at the end of the week I turn around and try to catch up on everything I wrote down and didn't get done. Sometimes I almost succeed in my noble aims, or at least I can say I went down trying. But then there are days which defy description, when strange little events mushroom from every direction, as if my life had too many angles. Such was the case a few weeks ago.

As I made my plans I was particularly looking forward to Wednesday of that week. I would be working at the Eastland Telegram, finishing a story about the Scaife family, who had come to America from New Zealand. I found these people interesting, and looked forward to putting the last touches on the story.

Furthermore, my son Marvin was supposed to rush home from Tarleton that Wednesday evening, bringing me a special Biology paper to type. I would have him a good meal waiting when he arrived at 6:30. Too bad the oven had gone out - again - on that stove of mine,

so that I couldn't bake anything. Why oh why had the manufacturer put some sort of a thermostat on the thing which triggered the pilot to light the oven burners by an electrical impulse?

Right after I wrote down my plans for that week it began with a lurching start - the Assassination of President Sadat on Monday morning. I was stunned, dazed, and very angry over this, and took most of that day trying to absorb the disaster. It seemed that peacemakers always had a short life expectancy in this world, especially in the Middle East.

By Tuesday morning the cattle started moving out of lowlands around the Leon River, and the spectacular flight of the Monarch butterflies was subsiding. The rain began by afternoon and continued most of the time until Wednesday morning. But that was not so bad. Remember that Uncle of mine who used to say: "There's nothing wrong with West Texas that a good rain won't cure!"

I was beginning to shake off some of the leaden feeling over world conditions, and decided to brighten up my breakfast by something inspirational on T.V. I went to

the wrong place. The radio evangelist had chosen "Hell" as his topic that morning. That's what I got, I realized, for not reading the Bible for myself.

As I prepared to go to work I heard my refrigerator give a squeal - a sound almost like that of a cat. I flipped it off, remembering that it was supposed to have been fixed last year. Sooner or later I was going to have to repair a lot of old stuff around here. But who was going to repair me?

I had better not take the direct route toward Eastland. As the local people knew, it was bad enough when dry. We had very interesting roads out this direction. A person would have to go deep in the wilds of New Mexico (or maybe Old Mexico) to find anything to compare with them. They were alright - for about two days - after they were graded. The problem was that they couldn't be graded again until it rained. At times, I had learned, it was best to not even drive in the road, but find a little path between the last right-hand ruts and the bar ditch.

Wonder if my car would start? The battery had been acting a bit odd lately, although it was only a year old. Yes, thank Heavens, it clicked off beautifully. I

turned toward Cisco, planning to take the Interstate to work.

Things were serene at the Eastland Telegram, and the morning passed swiftly. They told me I should come in on days when the paper was being published! At least, I thought, I feel in control when I'm behind my typewriter. What happens here depends on the ability God sees fit to give me.

Suddenly it was lunch time, and I hurried out to the car to eat a sandwich. I wanted to take part of the lunch hour to pick up groceries for supper. Soon, I turned on the car key, only to be met with an ominous silence. No sound from the starter. The whole ignition system seemed dead.

How could this silly car let me down right here beside the Eastland Library? Finally, in disgust, I walked back into the newspaper office, and began to explain what had happened. Then I called several automotive places, but found no one was available to see about my car.

During the afternoon, various members of the Eastland Telegram Staff took turns trying to decipher the inner workings of my car. By this time it was raining again. Finally someone got a jump cable and charged up the battery, so that at least I could get home. That jolted it into running again.

When I finished work at 5:00 P.M. I went back to the thing, only to find it dead once more. By now the nearby stores were closing, and I wondered where I could even buy a battery.

Fortunately someone sent me to Stewart's Radiator and Battery Shop, and Mr. Stewart managed to keep my car running long enough to get to his place. There he found my battery had some very dead cells, and put a good one in its place. I felt fortunate to solve this problem so easily.

I made a quick swipe at a grocery store (\$15.00 worth) and as I pulled out of Eastland I noticed it was almost 6:30 p.m. I could picture the scene as Marvin arrived at the ranch house from Tarleton - a cold, dark kitchen, with nothing cooked.

The rain had stopped, so I decided to try the closest road home, one that leads across the river. Before I began to question my decision, I noticed that the dirt road was actually little

worse than usual. The water had softened the washboard ridges, so that the car - and my teeth - didn't rattle so badly. I was lulled into a false sense of security.

I dodged mud holes, chug holes, oil field truck ruts, and places where water had washed across the road. I went down a hill of slippery red clay, and realized that the Leon River was rising across the flat ahead. Well - I could see the bridge still sitting in the right place, so I decided to run the river before it got any higher.

Water can be very swift, I discovered, and a little car was never meant for river running. For a moment it looked like I actually wasn't going to make it. But at last I was slogging on up the road, wondering how to prepare a nice meal in 15 minutes.

Apparently son Marvin had fallen by the wayside, for his car was no where in sight. So I took a moment to stop by the mailbox, and drew out a letter from an Insurance Company. It appeared to be from a computer, for I have had no business letters from anything human in so long, long time. But this letter very sweetly offered me \$5,000 worth of insurance. There was one catch - I must pay \$22.50 per month for this kindness. But the Policy consoled me by saying that at age 95 I could draw back the full amount!

I burst into laughter. At least I knew the present value on my life. And I was glad that God didn't run the world with a computer.

Some hungry cats were very much in evidence as I approached the house. I had to feed them before I could do anything else. I muttered plans for revenge against the cat who had produced litters totaling 18 kittens this year. Then I shook out my grocery sack, and found nothing worth fixing. So I pulled out a block of frozen soup from

the freezer.

The advent of Marvin was accompanied by greetings, and the fact that he needed food and clean clothing, and to go somewhere else immediately. He was so hungry that I heard no complain on the frugal fare. And he didn't really have time to explain about the handwritten theme with him - only that it was very important!

Eventually, at 10:00 P.M., I picked up Marvin's paper. Now this should be really great, I thought. College work is certainly more inspiring than the rotten evening news.

Then I started at the incredible text, dotted higher and yon with unusual symbols. Maybe my typewriter had them! Why I could hardly comprehend any of this; it was almost a foreign language. It seemed to concern intricate scientific tests.

Then my eyes fell on the title, which explained the thing quite graphically: "The Absorption of Glucose In The Intestine of A Rat."

And that was how I spent the rest of my evening, typing minute detail of this experimental process. It was enough to make a person wonder about the condition of the Scientific Community! And I also began to wonder if I shouldn't have insisted on Marvin studying Music. He would have made a down right good guitar player. Already was, in fact.

Two hours went by. Even the animals and birds outside began to subside into fitful slumber. I was fitful too - but far from sleep. And I certainly realized why the typists in Stephenville were charging the college characters so much for their themes! But at last the thing was finished. Letter perfect, so that Marvin could keep up grades for his Scholarship.

Then I saw my spelling on the title on the front page. And I wondered what sort of grade a student would get when Glucose was spelled Glucose?

Later, when Marvin came through the house in the darkness, I began to mutter.

"Why on earth would you write a whole important theme about a rat?"

He seemed very puzzled by my question. "A rat? Why Mother, that experiment was very important! People, you see, are a lot like rats. Would you rather I had written upon an experiment on a man in a laboratory?"

I agreed that I wouldn't. Then I began to laugh. At least the Scientists had their corner under control, which was more than I could say about mine!

But who - after all - wanted everything stereotyped in life? For a day out of control can be very interesting!

listed potatoes from seed. The variety is Explorer and is considerably less than the normal cost for seed potatoes.

Potato seed can be treated just like tomato or pepper seeds in preparation for planting in the home garden. Start seedlings indoors about four weeks before the last frost is expected. Spread the seed over a moist, well drained soil mix and cover very lightly (1/16 inch) with either the same soil mix or vermiculite. Seed can also be started directly in pots either fiber or plastic.

Gently water the container with the seed, being careful not to disturb the seedling. Place the container in a well lighted south window or under fluorescent lights in a cool room.

Optimum germination

occurs at 64 to 72 degrees F. Do not allow the seed to be exposed to temperatures above 75 degrees. In 10 to 15 days, you should see the young seedling potatoes. Transplant when about 1/2 inch to small pots. Keep the plants in a high-light, cool (below 65 degrees F) area until, ready for transplanting to the garden.

Plants can be set into the garden as soon as possible after danger of frost has passed. Dig a furrow trench 6-8 inches deep and 10 inches wide. Place the plants in groups of three, every 12 inches in the bottom of the furrow. If the plants are tall and leggy, lay the main stem of the plant down in the bottom of the furrow, much like you would tomato plants, and cover with soil. Leave the top 3-4 inches of plant uncovered. Pull soil up around the bottom of the plant and water if the soil is dry.

together and resemble one plant.

A side dressing of fertilizer once a month during the summer with a basic garden fertilizer will promote tuber growth.

Potatoes should always be grown in well-drained area in full sun. If necessary, add sand, peat or compost to loosed the texture of heavy or compact soils. Cultivate the area to a depth of 10 inches. Use a balanced fertilizer such as 8-8-8 or 12-12-12 or one of the special vegetable fertilizers on the market.

Control potato beetles during the summer by hand-picking them from your plants or with a vegetable garden dust. When vines mature and die, which should be 90 to 120 days after planting, dig the potatoes from the hills with a spading fork. Potatoes should be cleaned, dried and stored in

Dance Nov. 7

The American Legion will sponsor a Homecoming Dance at the Recreation Building Saturday night, November 7. Many RHS Exes are expected in for the bash between the Lobos and Bulldogs on November 6. Also, many district and division Legionnaires have indicated they will be in Ranger for the dance.

Country Rambler Band of Eastland will provide the music from 7:30 to midnight. Tickets for the dance are \$2.00

a cool area or refrigerator if they are not to be used immediately.

Just a few years back, growing geraniums from seed was considered the plant triumph of the year. Now gardeners have just as startling an introduction in being able to grow potatoes from seed.

State Senator Bob Glasgow Announces For Re-Election

State Senator Bob Glasgow, Democrat of Stephenville, has announced for re-election as the state senator representing the 22nd District.

"I would truly hope to have the privilege of representing District 22 again as its state senator," stated Senator Glasgow.

The Senator stressed his conservative voting record, his ability to pass legislation and his ability to be an assertive voice for the people of his district as reasons for being re-elected.

According to the records of the Texas Legislative Council, Senator Glasgow passed a total of forty pieces of legislation during the last session. Twenty were Senate bills that he sponsored, and twenty were House bills that

he carried in the Senate. The forty measures ranked the Senator fifth among the Senate in total number of bills passed. This number ranked the Senator first among freshman lawmakers in both the House and Senate.

Major legislation sponsored and passed by Senator Glasgow included the oral confessions bill, legislation closing a loophole in the aggravated rape law, measure to deter oil and gas thefts, a licensed vocational nurses practice act, a measure setting standards of firemen's protective clothing and several measures involving health care.

In its issue on the best and worst legislators from the last session, Texas Business magazine called Senator Glasgow an "instant superstar". The magazine went on to say this about the Stephenville Senator:

"Glasgow, a onetime district attorney who replaced redoubtable conservative warhorse Tom Creighton, has won nothing but accolades from colleagues of all philosophical hues. While his voting record was conservative, it was his exceptional work in committee that gained widespread praise. He knows how to ask the right question to dig out the facts," comments one liberal senator. "I would not be surprised to see Bob either as a committee chairman or on the Finance Committee next time out (either would be unheard of for a second term)," adds a conservative senator.

Senator Glasgow lives in Stephenville where he was raised. He is married to the former Deanna Carr of Huckabay, and they have three children; Delaina, age 15; Holly, age 11; and Jody,

age 8.

He attended Stephenville Public Schools and graduated from Tarleton State University. In 1970, Senator Glasgow received his law degree from the University of Texas.

While attending law school he was an aide to Governor Preston Smith and after graduation he served as Governor Smith's administrative assistant.

After his tenure as administrative assistant, Glasgow returned to Stephenville to practice law and in 1972 was appointed District Attorney for the 29th Judicial District. He served in that capacity until January, 1980.

While living in Stephenville, Bob Glasgow has long

been active in his community. He has served as chairman of the Pecan Valley Mental Health and Mental Retardation Center that serves several counties in the north central Texas area. The Senator is an active member of the Stephenville Chamber of Commerce, the Stephenville Optimist Club and is on the Board of Directors of the Tarleton State University Ex-students Association.

In addition, the Senator is a member of the Erath County Livestock Association, Texas Southwestern Cattle Raisers Association, Texas Game Wardens Association, American Bar Association, Texas Bar Association and the Erath County Bar Association.

Texas Leads SBC In New Sunday Schools

Texas led all state conventions last year with a total of 241 new Sunday Schools reported to the Sunday School Board as of Sept. 30.

Nationwide 1,078 were begun, exceeding the goal of 1,000.

Skygusty, W.Va., is the site of the 1,000th Sunday School reported for the year. Begun in an abandoned church building in an area where 75 percent of the people claim no church affiliation, the Bible study is sponsored by Bluewell Church, near Bluefield.

Other states in the top five of new starts last year were Florida, 96; California, 64; Alabama, 56; and Ohio, 53.

Since 1976, when a renewed emphasis on starting new work was initiated, 5,185 new Sunday Schools have been established.

The 1981-82 goal of 1,000 new Sunday Schools in part of an effort to increase Southern Baptists' Sunday School enrollment to 8.5 million by 1985.

Building Materials Cost

more today, so repairs and construction after a fire or tornado cost more. Be sure your coverages are up to date.

Fire, Homeowners, Farm and Ranch Owners insurance are just a few of the Farm Bureau Members' insurance needs served at low net cost.

Dick Woolley Elected Trustee At Hendrick

Lee Dixon Woolley, president of First National Bank in Cisco, was elected to the board of trustees of Hendrick Medical Center in Abilene, during the annual meeting of the 2.2-million-member Baptist General Convention of Texas (BGCT) in Waco Oct. 27-29.
 The BGCT owns and operates eight colleges and universities, an academy, eight hospitals and four children's homes.
 This work is supported by the Convention's 4,400 churches and missions, which will give more than \$45.4 million this year through the Cooperative Program to help share Christ's love throughout the world.
 Besides the institutions, the Convention helps support the work of more than 5,000 missionaries in the United States and almost 100 foreign countries.

Dr. McGinness Plans Open House On Friday

Dr. Allen McGinness, pictured above, will hold open house at his new dental office building, 504 Avenue D, from two to four o'clock Friday afternoon.

The building was purchased by Dr. McGinness and extensively remodeled and redecorated for use in his dental practice. Considerable new equipment

Putnam News

By Mrs. R.B. Taylor

What a glorious fall day this has been. We missed the rain they had east of us and the snow north. We talked to the folks yesterday at Denver and Farmington and it was snowing at both places. Also Mrs. Milton Donaway talked to her folks at Glenwood Springs, Colo., and it was snowing there. Weatherford and Springtown both had flooding after a five inch rain there Saturday.

Mrs. Ella Fisher is still in the Baird hospital. She is currently a resident of the Golden Holiday Nursing Home at Baird.

Mrs. I.G. Mobley and Mrs. Buster Hatchett of near Baird attended funeral services at Abilene Wednesday for a sister of Mrs. Ruby Landrum near Baird.

The china painting class under Mrs. Myrtle George of Ranger met Friday at the Community Center. Mrs. Mary Kings' shop will soon be open and we invite all area china painters to come visit and paint with us.

Mrs. Maggie Cook of Baird spent several days this week with her daughter, the Charlie Stones at Lake Brownwood.

Mr. and Mrs. Kim Massingale of Abilene spent last weekend with her parents, the John Doyle Isenhawers. Kim and Laura are planning a trip to India in the near future.

Visiting Mr. and Mrs. John D. Isenhower this past week have been her three sisters, Mrs. Willie Grace Mundt of Abilene, Mrs. Wilma Mitchell of Houston and Mrs. Earlene Clark of Boerne.

Mr. and Mrs. Homer Taylor of Sweetwater spent from Friday to Sunday with their parents, Mrs. R.B. Taylor and the Arlin Bints near Cisco. They attended the homecoming of CJC at Cisco Saturday. Both Homer and Carolyn attended CJC. They and Mrs. R.B. Taylor attended church at Cisco Sunday and had lunch with the Bints.

Mr. and Mrs. Howard Farmer of Baird and Mr. Don Wilson of Abilene visited Mr. Farmer's sister and husband at Austin this week.

Mrs. Naomi Heysler of Baird returned to her home after spending three weeks with a niece, Mrs. Annie Merle McGowan at Pecos. Mr. and Mrs. Art Shaw of Midland brought her home.

Mrs. R.C. Speegle spent Sunday with her brother, Mr. and Mrs. Earnest Weed at Mitchell.

Mr. and Mrs. Andy Mosley of Lake Buchanan visited her mother, Mrs. R.C. Speegle last week.

Mr. and Mrs. I.G. Mobley and Mr. and Mrs. Wilburn Carreco of Baird had lunch at Abilene Sunday.

Mrs. Clinton Ivie spent Sunday with her sister, Oleta Donaway at Dothan.

A Mr. Ferguson has bought the old bank building at Putnam and is planning to open an electric and radio repair shop there. He and his family will have living quarters in the upstairs portion of the building. Welcome to Putnam, Ferguson, who hail from Longview! We are always happy to have new people and business.

Have just learned that Ollie Burnam is home to stay. Welcome home, Ollie!

went into the new office building, including three chairs with full equipment. Also new is equipment for administering nitrous oxide (laughing gas) to patients.

In addition to three offices, the building has a recovery room, business office, waiting room, rest rooms and a small recreation room for employees. Mrs. McGinness assisted with plans for the project.

The front of the building features the frontier motif. Mrs. McGinness made a stained glass window for the waiting room, and a huge painting of a railroad scene adds to the decor.

Dr. McGinness is a native of Dallas and is a graduate of Baylor University and Baylor Dental School. He spent four years in the U.S. Navy, including sea duty out of Norfolk, Va., and two years at the U.S. Naval Air Station at Corpus Christi.

Dr. McGinness has been practicing for 10 years, including five years in Cisco. Mrs. McGinness is also a native of Dallas and is a graduate of North Texas State University. They live at 1401 Avenue L and are the parents of two children.

The public was invited to visit the offices during the Friday open house.

Petroleum Building Being Renewed

M.M. White & Associates are in the process of renewing the Petroleum Building, on the northeast corner of Commerce and Seaman Street. It previously housed the Eastland National Bank and before that was the original site of the Petroleum Building in 1918. Plans are in the making to restore two of the floors to their original state. They also plan to house historical archives of Eastland County and have some of them on display at the building. A fountain is to be built in the corner of the foyer, adjacent to the elevator, by Corpus Christi sculptor, Charles McBride White. It's pool will be 18 inches deep. A seven foot replica of an oil derrick will be situated in the center of a nature setting constructed of natural Texas Cork Stone.

The Petroleum Building will feature services designed to meet the needs of the Petroleum industry. It is also designed to answer the land owner's questions concerning how the oil industry will or could affect their land, especially if they want to lease it for exploration and drilling purposes.

"If property owners and oil companies don't hold hands, it will prove disastrous for the next generation," says Angell (White) from White Associates.

Angell also states there are ways to write a contract between land owners and oil companies where both sides are protected. She is quick to add that any honest oil company is just as anxious to do this as the land owners. She feels that now is the time to educate the land owners in Eastland County so the people of the county can benefit now and in years to come.

They are offering a variety of services to any one in the oil industry, which includes complete secretarial services, press releases, Railroad Commission reports, file permits, payroll, quarterly tax reports, oil and gas lease filing and map duplication. They also search and compile county records.

Pleasant Hill Homemakers Meet

The Pleasant Hill Extension Homemakers held a meeting October 22 in the home of Carrie Hicks of Eastland.

Eleven members were present for this meeting. There were two visitors present, Judy Armstrong and Rosa May Nolan. Also attending was County Agent Janet Thomas. Mrs. Thomas gave a program on "A Budget for Today's Economy."

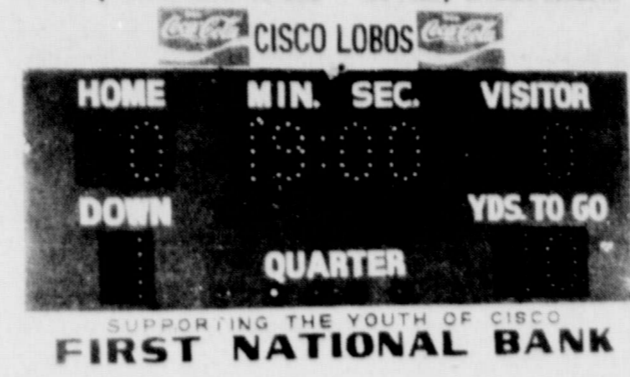

Plans for the annual Achievement Day were discussed. Achievement Day will be November 11 at the First Baptist Church in Eastland. Pleasant Hill Club will also prepare stew and baked goods for the Senior Citizens Bazaar to be held November 5th and 6th.

The Pleasant Hill Extension Homemakers Club is pleased to announce their

"Outstanding Club Woman" for the year. She is Mrs. Bob Keyes. Mrs. Keyes serves as president of the Pleasant Hill Club and is active in school and church work. A formal presentation of this

award will be made at Achievement Day.

The next meeting will be November 12 in the home of Leta Been, 601 S. Mulberry in Eastland. Co-hostess will be Mary Louise Hearn.

NEW SCOREBOARD—The new Chesley Field scoreboard is shown in the above picture. It was donated to the schools by the First National Bank of Cisco and the Texas Coca-Cola Company of Abilene. It was erected at a cost of about \$4,000. The Coca-Cola company maintains the scoreboard. (Staff Photo)

THE COSTS OF SUPPLYING YOU ENERGY ARE CONSTANTLY GOING UP...

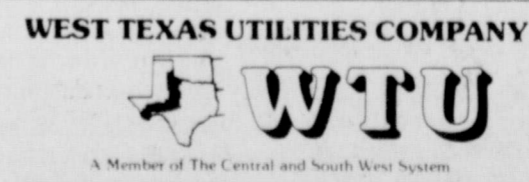

WTU 1/2 Ton Pick-up truck

1977 cost \$4,956⁰⁰ **1981 cost \$8,425⁰⁰**

This pick-up truck is just one example of how rising prices are affecting the cost of producing electric energy. Of course everything else has gone up, too. Materials, equipment, labor — nothing has escaped the effects of inflation.

Which means that we at WTU are striving harder than ever to operate efficiently and economically as we meet the daily needs of our customers.

As always, WTU's goal is to provide a dependable supply of electric energy at the lowest practical cost. We hope you'll use it wisely.

Letter to the Editor To Whom it May Concern

Sometime between Aug. 20th and Sept. 19th while my husband was terminally ill in E. M. H. someone "borrowed" the cutting torch from his welding equip. from the back of his 1974 Dodge pickup.

If you are through with it, and choose to do so please return it to same pickup. No questions. If you do not wish to return it, and your conscience will so allow you to keep it for your use - or to sell, I will forgive you, and I hope that God will.

Maxcine Rowch

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

One cold morning two escaped convicts passed a post office. But seeing that it was empty, and wanting to get warm, they went back to it and slipped inside.

Looking around, one saw a Wanted Poster. Pointing to his picture, he said, "Ain't it nice to be wanted!"

You are wanted - by the Lord. Not for what you can give Him, but for what He can do for you.

Lovingly He says, "Come unto Me, all ye that labor and are heavy laden, and I will give you rest."

He does not bind. He looses. He does not imprison. He liberates. He does not condemn. He forgives. He does not destroy. He saves.

Without Him, in trouble there is no refuge; in temptation, there is no triumph; in struggles, there is no strength; in sorrow, there is no comfort; in sin, there is no salvation; at death, there is no hope.

But you need not go another step without Him. He is right there by you. Turn around and you will find yourself in His arms.

You will come to Him, won't you? He wants you.

People Things

BY THIS TIME next year, the Mobley Hilton will be well on the way to total restoration. That's the word from the University of Houston Foundation, owners of the building, and Architect Dr. Renaldo Petrini here last Friday.

Final details preparatory to calling for bids are now being worked out, Dr. Petrini, head of the Department of Architecture at the UoH, told us. As soon as the winter begins letting up, they'll tear off the roof and take out partitions for a foundation restoration. Then, the work will begin at the top with a new roof and move down.

UoH Foundation officials were here to inspect the building and to look around town. They were Dr. John Leslie, in charge of development; Ms. Virginia Barnett, treasurer and director; and Dr. George Huxel, in charge of administration and finance. They drove out from Fort Worth and returned there to attend the Houston-TCU football game on Saturday.

A group of Ciscons ate lunch with the visitors at the Colony. This group included the Dr. Chief Browns, CoC President Ronnie Ledbetter, Mayor Eris Ritchie and Bank Prexy Dick Woolley. Afterwards, the group met at the Heidenheimer home for an informal discussion and coffee.

THANKS TO Mrs. Lela L. Lloyd for a copy of the program for the Cisco Grammer School Graduation Pageant presented May 25, 1936. One day soon when there's plenty of space, The Press will reprint the four-page program.

The program contains many names of Cisco students participating in that 1936 Centennial Spectacular.

A LOT OF us had a good football weekend. Our Lobos started it off with a win over Bangs, CJC whipped NMMI, the UoH beat Texas Tech,

and the Cowboys pulled another one out to win over Philadelphia.

At the Lobo game, we sat behind the Charles Prestons. Guests of Prestons were their daughter and family, Tommy and Jane Niell and little son of Bangs. Although they were from Bangs, the Niells cheered for the Lobos as Jane's little brother is a Lobo.

It was a fine game and, as usual, Director Al Young's Lobo Band won the half-time show. The Lobo Band has 68 members this year and they're doing a splendid job.

The miniature footballs that the CHS and CJC cheer leaders toss into the crowd during the game are provided by the First National Bank.

VERY EFFECTIVE was the rendition of the national anthem at the CJC game Saturday afternoon. This was a production of Director Wyley Peebles and his CJC Choir. Mr. WP and Greg Qualls arranged eight or ten microphones to give you the best as the choir sang.

The invocation was by the Rev. Dell Crockett of Redeemer Lutheran Church. Coach Bill Anderson directed the Wrangler attack from a place atop the Press Box via telephone to Coach Bob Keyes on the sidelines. The Wranglers end their season Saturday up in Oklahoma.

A GOOD CROWD of ghosts and goblins and their escorts turned out for the Hallowe'en Carnival last Saturday night. The luncheon food served from 6 to 8 p.m. was delicious. Two of the most interesting costumes belonged to Jamie Fry and Dan Dixon. They were very spooky.

Winners of the Lions Club Hallowe'en Costume Contest were: age six months to three years - Eve Elton, daughter of the Lamar Eltons; Misty Williamson, daughter of the Steve Williamsons; and Zeb Campbell, son of the Dennis Camp-

Firemen Answer Two Area Alarms
Two trucks and a number of volunteers from the Cisco Fire Dept. brought under control a fire at the Harlow Hills Ranch between Cisco and Eastland about 5:00 Tuesday morning. The attic of a house being used by the Frank Garza family was burned after being ignited by the heat from the flue of a wood stove.

The fire was discovered when Mrs. Garza saw smoke pouring from the building, reported Mr. Garza, who is an employee of H.T.H. in Eastland and had only been home from work for two hours at the time.

The ranch is owned by Jeff Harlow of Dallas. Firemen received a call to put out a burning car south of town on Highway 206 last Saturday. Three young women were in the car and summoned aid after the car engine began smoking. A truck driver had put out the blaze with a fire extinguisher when firemen arrived.

CHS Homecoming Dance To Feature Mobile Disco
This year's homecoming dance is featuring Craig's Mobile Disco shows with the most professional sound and light system for any occasion. There will be all kinds of music, from country to rock and roll, starting immediately following the game until 12:30 at the Cisco High School Gym. Cost will be \$1.50 per person. All exes welcome. Y'all come on and join in the fun.

BACK HOME IN Cisco after some 21 years are W.F. (Bill) and Odessa Collins. They purchased the home at 1208 West 14th Street and got moved from Burleson last week. The Collinses moved from Cisco to Burleson 21 years ago after living here a good many years. She's a native of the Cisco area.

The two Collins daughters are graduates of CHS and CJC. They are Mrs. Royce (Charlotte) Barnes of Seminole and Mrs. Roy (Maedean) Dodd of Plains. Both Barneses and Dodds are teachers in the public schools in their respective towns. Mrs. Collins retired last year after teaching 19 years at Burleson.

The Collinses, who are Baptists, are thinking of going out to Plains this weekend to see the Dodds son, a junior, play football. The Barnes oldest son is a freshman at Texas Tech this year. The Collinses have five grandchildren - two Dodds and three Barnes.

EVERYTHING LOOKS new and spic and span at the offices of Dr. Allen McGinnis where they'll hold open house from 2 to 4 p.m. Friday. Workers on the dental staff are Pam Cozart, Janie Gwinn and Sheila Sawyers. Saw Mr. Karl Sartori, former coach at CJC and now of Houston, in town last weekend. He reports that all is well with his family. The Wm. E. (Bill) Austins

Firemen Answer Two Area Alarms

Two trucks and a number of volunteers from the Cisco Fire Dept. brought under control a fire at the Harlow Hills Ranch between Cisco and Eastland about 5:00 Tuesday morning. The attic of a house being used by the Frank Garza family was burned after being ignited by the heat from the flue of a wood stove.

The fire was discovered when Mrs. Garza saw smoke pouring from the building, reported Mr. Garza, who is an employee of H.T.H. in Eastland and had only been home from work for two hours at the time.

will host the choir of the First Baptist Church at a dinner at their home Saturday night.

THE FOLKS AT Big Country Real Estate, 509 East 8th Street, were busy recently, bringing about the following: Ricky and Teresa Ingram bought the Jeff Kahan cabin at Lake Cisco. Jean Miller, daughter of Mrs. Ted Ivey, has purchased the Joe Shuttlesworth cabin at Lake Cisco. Mr. and Mrs. Ray Dragoon moved to Cisco from Andrews, buying the Wayne Muncey house at 500 West 2nd. And the Muncey's purchased the Ron Patton house at 506 West 7th Street. What is more, Mr. and Mrs. Ricky Wood have purchased the house of Mrs. Ima Thompson at 301 East 7th.

OBITUARY

Funeral Services For John Booth Held Tuesday

Funeral services for John Booth, 85, of Moran, a farmer, were at 2:30 p.m. Tuesday at the Moran Baptist Church. The Rev. Jim Smith, pastor, the Rev. T.J. Medart, pastor of Fairview Baptist Church in Mineral Wells and the Rev. Mike McKinney, pastor of First Baptist Church of Haskell, officiated. Burial was in Dennis Cemetery, directed by Godfrey Funeral Home.

Mr. Booth died at 5:27 p.m. Sunday at E.L. Graham Memorial Hospital in Cisco after a long illness.

He was born April 1, 1896, in Eastland County. He moved to the Pueblo Community in Callahan County in 1915. He served in the U.S. Army's 36th Division during World War I and fought in the Argonne Forest. He married Ada Owens on May 9, 1920. He had been a farmer in Callahan County since 1921 and also had farming interests in Hockley County. He served with the Texas State Guard during World War II. He was a member of the Moran Baptist Church, where he was a deacon for 54 years, the Moran Masonic Lodge, the Moran American Legion and the Veterans of Foreign Wars post in Cisco.

Survivors include his wife; two daughters, Mrs. Charles Gardner of San Antonio and Mrs. A.E. Vita of McAllen; two sons, Bert of Temple and John J. of O'Fallon, Ill.; a sister, Ida Hubbard of Olney; 10 grandchildren and four great-grandchildren.

A grandson preceded him in death.

Other grandsons served as pallbearers.

Final Rites For Georgie Dosser Held Wednesday

Funeral services for Georgie E. Dosser, 87, of Cisco, were at 2 p.m. Wednesday at Cisco Funeral

Home Chapel. Rev. Armo Bentley, pastor of East Cisco Baptist Church, officiated. Burial was in Moran Cemetery.

Mrs. Dosser died at 3:30 p.m. Sunday at Memorial Southwest Hospital in Houston after a short illness.

She was born June 4, 1894, in Celeste. She married Lonnie D. Dosser on October 5, 1919. He preceded her in death in December 1967. She was a member of East Cisco Baptist Church.

Survivors include a daughter, Mrs. Beth Palmer of Houston; a son, Harold of Houston; four grandchildren and five great-grandchildren.

Services For Elsworth Freeman Held Saturday

Funeral services for Elsworth J. "Cowboy" Freeman, 62, of Moran, owner and operator of Freeman Manufacturing Company, were at 2 p.m. Saturday at the Moran Church of Christ, directed by Godfrey Funeral Home. D.L. Ashley officiated. Burial was in Moran Cemetery.

Mr. Freeman died Thursday afternoon at Hendrick Medical Center in Abilene.

He was born November 22, 1918, in Coalinga, Calif. He married Georgiana McCargo on May 26, 1939. He had worked for Southwestern Bell Telephone for 24 years, and later owned and operated Freeman's Training Center from 1964 to 1974. He was a veteran of World War II, serving in the U.S. Navy. He had lived in Moran since 1975 and was a member of the Moran Chamber of Commerce, the American Quarter Horse Association, and the National Cutting Horse Association.

Survivors include his wife; a son, E.J. Jr.; a brother, Tom Jennings of Thatcher, Ariz.; a sister, Merlene King of Eastland and four grandchildren.

Pallbearers were Bobby Rector, Bill Shack, Doug Loesch, John McIntyre, W.J. Whitt, Joe Bacon, Buster Cottle and Jack Denise.

Hudson Recovery Progresses

LOS ANGELES (AP) — Actor Rock Hudson, recuperating from heart bypass surgery, was reported doing "especially well" Wednesday and was moved out of post-surgical intensive care, a hospital official said.

The 55-year-old motion picture and television star underwent surgery Monday, two weeks after complaining of chest pains.

"He's been moved... to a monitored room where there is equipment to automatically record his vital signs," Cedars-Sinai Medical Center spokesman Larry Baum said Wednesday afternoon.

"He's still listed in serious but stable condition," Baum said, "but he was already sitting up yesterday and is showing remarkable recovery from the surgery."

BRIDGE

Oswald Jacoby and Alan Sontag

Here is another hand from the Life Master Pairs. At most tables West passed as dealer and North became declarer at four or five spades, depending on how enthusiastic

the North-South bidding was. At a few tables, West elected to open with a weak two bid in hearts. Invariably, after this opening North would double, South would jump to three no trump and play it there.

We don't approve of that particular weak two bid. The heart suit has no body at all, so that it is the sort of hand that leads to trouble for the two heart bidder.

Watching his opponents make five no trump was punishment for this bid, but one West let his opponent make six for an absolute top.

South won the heart lead and led a low diamond to dummy. West ducked. South returned to his hand with a spade and led a second diamond. West ducked again and now South, with four tricks in, cashed four more spades and four clubs for a total of 12.

West deserved his bottom score, but we have to sympathize with East. He had no chance to do anything except follow suit.

This could be a promising year. You are likely to assume the management of situations that were previously masterminded by others. Under your direction they will begin to prosper.

SCORPIO (Oct. 24-Nov. 22) You have a lot of good things going for you today, but they may not be too evident or even visible. They'll reveal themselves as events unfold. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph, Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth date.

SAGITTARUS (Nov. 23-Dec. 21) Regardless of what others may think of your ideas today, trust your imagination. They may feel your schemes are outlandish, but you'll know how to make them jell.

CAPRICORN (Dec. 22-Jan. 19) Focus on ambitions you believe could be money makers. Your instincts for financial accumulation are right on target.

AQUARIUS (Jan. 20-Feb. 19) You have excellent powers of observation today, so study people you admire and whose actions you'd like to emulate. Then adapt what you learn to your personality.

PISCES (Feb. 20-March 20) Be patient today, especially when involved in something controlled by another. You should come out handsomely, provided you don't rock the boat.

ARIES (March 21-April 19)

State Trooper Wants to Get Most Wanted Woman

WEST TRENTON, N.J. (AP) — Lt. Peter Coughlin has worked 26 years for the State Police and says he might retire were it not for a woman he is particularly keen to meet.

Coughlin, 50, has spent two years trying to find Joanne Chesimard, also known as Asata Shakur, New Jersey's most wanted fugitive and a suspected leader of the Black Liberation Army.

"I can retire right now, but I don't want to until we get her," Coughlin said. "It gets to be a personal thing after a couple of years."

Ms. Chesimard was convicted of killing a state trooper in 1973, and she escaped from the Correctional Institution for Women at Clinton two years ago last Monday.

Her escape came about a year after establishment of the state police Fugitive Unit, which Coughlin heads.

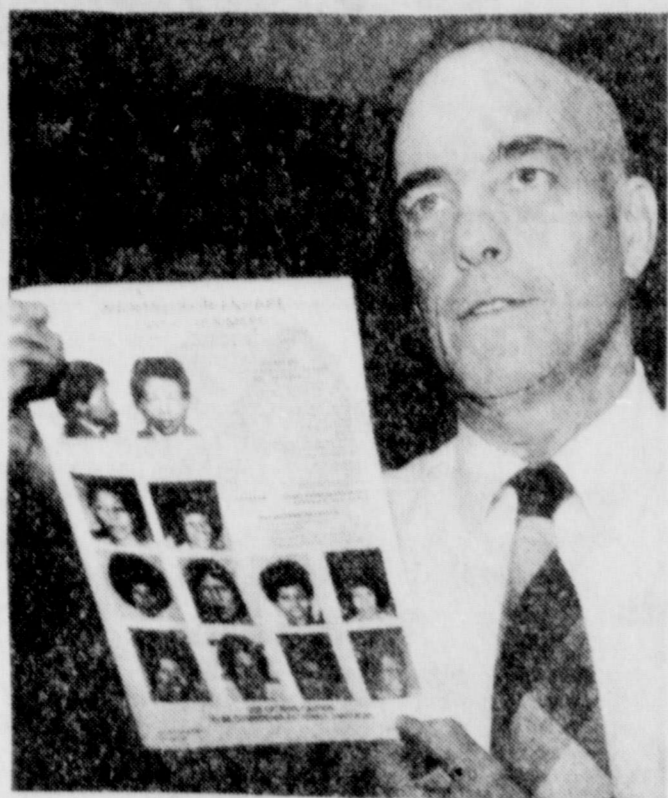

People who make Coughlin's quarterly "12 Most Wanted" list are considered the most dangerous of some 800 New Jersey convicted or suspected criminals on the lam.

But of them all, Bronx-born Joanne Deborah Byron Chesimard has proven the most elusive. She remains the one Coughlin said he "would most definitely like to meet."

Until recently, Coughlin said his "best information" was that Ms. Chesimard was somewhere in California. He has maintained for years that she has been waging a small war on police, and evidence is now mounting to support his claim.

Scores of clues have indicated there may be a connection between Ms. Chesimard and the recent \$1.6 million robbery of a Brink's truck during which two Nyack, N.Y., police officers and a Brink's guard were slain and three members of the radical Weather Underground were apprehended.

Four suspects in the case are believed to have ties to the BLA, including Anthony Laborde and Marilyn Buck, both still at large and both believed by authorities to have aided Ms. Chesimard's escape.

LT. PETER COUGHLIN ...and one he wants to meet

concerning her case, including details of police investigations.

Coughlin said the search is also hampered by the network of radicals believed to have aided her flight and by the fact that one of the suspects at large in the Brink's case has been identified as a "Chesimard look-a-like."

"If one-tenth of the reports we get are correct, she's been all over the place in the last couple of years," he said. "They want to make a heroine out of her."

But among state troopers, she is no heroine. Indeed, no one is more feared than Ms. Chesimard, Coughlin said he sees reminders of that fear every day — a compelling example being the officer who survived the turnpike shootout with Ms. Chesimard.

Working a desk job now, he

is still shaken by what began as a routine check on a suspicious vehicle and ended in a bloody gunbattle with Ms. Chesimard, who was wounded, and a suspected member of the Black Panthers, who was slain.

The officer — who asked that his name, while a matter of public record, not be brought to public attention again — refuses to discuss anything relating to Joanne Chesimard.

"I have a wife and a child. Please," he said.

Although state troopers are forever on the lookout for Ms. Chesimard, much of the in-

vestigation is left to Coughlin, who spends his days around the National Crime Information Center computer and by the phone.

He has learned everything he can about her; now and then he even curls up with *Asata Speaks*, a biography by a radical sympathizer who portrayed Ms. Chesimard as an "African gem" who was "railroaded" by authorities.

A just-the-facts type of cop, Coughlin makes few personal asides about the case, although he said he thinks the first mistake was to send Ms. Chesimard to a medium security prison like Clinton. She

had already stunned authorities by managing to conceive a child, now living with relatives, while she was in a holding cell in Middlesex County awaiting trial.

When he started the Fugitive Unit, Coughlin cleared state police files of about 200 names of people who had been captured or released or who had died since they were listed. Since then, 16 of the first 27 Coughlin put on his most wanted list have been apprehended.

"There's always an opening," Coughlin said.

Still, Coughlin doesn't like the distinction of being in the

only state where the most wanted of the most wanted has been at large for two years.

"I guess it's human nature," he said.

I guess most cops would like to arrest somebody that bad. Whatever else we're working on, she's always No. 1," he

Airline Blames Controllers for Cut

BOSTON (AP) — New York Air, blaming fallout from the air traffic controllers' strike, called a halt to its New York-to-Boston service effective Dec. 1.

Airline spokeswoman Doris Huddleston said Tuesday the move was prompted by Federal Aviation Administration rules reducing the number of flights at major airports on that date.

The FAA rules are intended to cut winter air traffic to ease the burden on the reduced number of controllers in bad weather.

Ms. Huddleston said service from Boston to Washington would continue and another route would be added from Boston.
