

# first Baby 1982

FIRST BABY born in Cisco in 1982 was Jeramy Barbian and he is pictured with his mother, Mrs. Roy Barbian, of Route 1, Baird. Jeramy, who weighed in at eight pounds and 11 ounces, was born at 5:29 a.m. Wednesday, Jan. 6, at E.L. Graham Memorial Hospital. He has a big sister, Misty, 6, who "sort of wanted a little sister." One look at Jeramy through the hospital window was enough. "Let's keep him," Misty said. Mrs. Barbian is a native of Winters. Mr. Barbian, an employee at Abilene State School, is a native of Clyde. Mrs. Joy Worley, first vice president and program chairman of the Cisco PTO, is shown with a poster advertising the PTO meeting Tuesday, Jan. 12, at the Cisco Junior College Auditorium. Mrs. Marilyn Golightly will be the speaker at the meeting on the D.A.R.E. which is a War Against Drugs.

## D.A.R.E. Program Set At Jr. College

Marilynn Golightly will be the PTO speaker at 7:00 p.m. Tuesday, Jan. 12, at the Cisco Junior College Auditorium. She will tell everyone about the D.A.R.E. which is a War Against Drugs. She will also tell how parents can become more aware and more informed about drugs.

The PTO would like the help of all clubs, organizations, schools, parents and children to encourage everyone in Cisco to attend this very important and informative meeting so that citizens of Cisco may work together to make the town a better place for the children.

### SYMPTOMS OF DRUG ABUSE

- Diminished drive
- Reduced ambition
- Shortened attention span
- Impaired communication skills
- A significant drop in the quality of school work
- Reduced ability to think sequentially
- Deterioration in judgement, short-term memory and ability to think logically
- Distinct lessening in accustomed family warmth
- Less care for the feelings of others
- Pale face, imprecise eye movements
- Red eyes
- Neglect of personal appearance
- Strongly inappropriate over-reaction to mild criticism
- Weight loss
- A change from active, normally competitive interests to passivity and withdrawal
- Friends who refuse to identify themselves or hang up when you answer the telephone
- Secretiveness about money, disappearance of money or valuables from the house

### DID YOU KNOW THAT?

1. 80% of the women in Texas prisons are there on drug-related charges.
2. The drug industry ranks in size with AT&T, General Motors and Exxon—it's a \$50-60 billion dollars a year industry.
3. The U.S. spends as much money on marijuana — \$40 billion a year — as is spent on imported oil.
4. The drug paraphernalia business is a \$3 billion dollar a year industry.
5. This year, among American high school seniors, 11% are daily users of marijuana.
6. 29% of our 14-15 year olds have tried marijuana; 47% of our 16-17 year olds have tried it; 60% of our 18 year olds have tried it; and 40% have used it in the past month.
7. Five typical marijuana cigarettes have the same cancer-causing capability as smoking 112 cigarettes. Marijuana tar has more carcinogens than tobacco tar.
8. Today's cultivated marijuana has an average potency of 4% THC—the major psychoactive ingredient — as compared to the marijuana of the 60's which had an average potency of .25% THC.

## Anderson Accepts WTS Coaching Job

BILL ANDERSON

Bill Anderson, football coach at Cisco Junior College for the past four years, has resigned to accept a position as defensive line coach at West Texas State University, according to a report Friday. The resignation was effective at mid-term.

The resignation will be

submitted to the CJC board of regents at their monthly meeting Monday night, and a replacement for Coach Anderson will be considered at that time, it was understood.

In his four years at CJC, Coach Anderson has compiled a fine record. His past two seasons were among the best ever enjoyed by a CJC coach. His Wranglers lost only one game last year and one game and a bowl contest in the 1981 season.

Coach Anderson's career started in 1950, and he spent 20 of his 31 years as a football coach at Stamford where he had good success. He was an assistant coach at Stamford 14 years.

Already on the job at West Texas, Coach Anderson plans to move to Canyon as soon as housing plans are worked out. He was out-of-town Friday. Mrs. Anderson said they were excited about his opportunity in the senior college coaching field.

## Garcia Fund Increases \$400

An additional \$400 was pledged to the Garcia murder fund here, according to Cisco Mayor Eris Ritchie. By Friday morning the fund total was \$5,900.

Mayor Ritchie is coordinating the fund pledges for information that will result in the arrest and conviction of the person or persons responsible for the death of Mrs. Debra Garcia.

The latest pledges were made as follows: Mrs. Ella A. White, \$100; Heather's Hallmark \$100; Mr. and Mrs. Harold Pippen \$100; Revis and Vergie Gregg, \$100.

There are no new developments in the case, according to area law officials. They are continuing to urge anyone who might

have some useful information to please report it.

Mrs. Garcia was reported missing from her job at the Quickway Grocery on Nov. 29th. She was found dead from a bullet wound in a roadside ditch west of town on Dec. 1st.

### GRASS FIRE ALARM

A grass fire between IH-20 access road and the Cisco Nursing Center was extinguished by the Cisco Volunteer Fire Department last Wednesday. There was no damage.

### Hold Yule Party

The Nimrod 4-Hers had a party December 7, 1981, to celebrate Christmas. Games and refreshments were enjoyed by all. Gifts were given to 4-Hers and adult leaders from Sunshine Fabrics, Ledbetter Insurance and the First National Bank of Cisco.

9. THC remains in the fatty tissues of every cell, especially in the brain and gonads. Even a week after a marijuana joint is smoked, 30% to 50% of the THC is still in the body in active form.

10. Reaction time for the motor skills, such as driving, is reduced by 41% after smoking one joint, by 63% after smoking two joints.

11. Marijuana use reduces or alters the fundamental cellular defenses against disease. White blood cell count is reduced 41% from normal levels with regular use of the drug.

12. THC is able to pass from an expectant mother to her unborn child. The principal male hormone, testosterone, is 44% below normal levels in adolescent male users.

### PROFILE OF THE CHILD WHO DOES NOT USE DRUGS AND IS LEAST LIKELY TO DO SO:

1. The child lives in a strong family.
2. The family has a clearly stated policy toward drug use.
3. The child has a strong religious conviction.
4. The child is an independent thinker, not easily swayed by peer pressure.
5. The parents know the parents of their child's friends, who have also taken a clear position on drug use.
6. The child frequently has friends come to the house. Behavior of the children is open and normal.
7. The child is busy and productive, pursuing a number of academic, athletic and personal interests.

## Record Increase Reported For Local Bank's Total Resources

The 1981 year-end statement of condition of the First National Bank confirmed a suspected truth—business was good in Cisco during the past year.

Resources of the bank totalled \$31,606,277 as the

new year began. This compared with \$26,582,758 as 1981 began—a health increase of \$5,023,469. The \$31,606,277 total was a new all-time high for total resources of the bank, and the \$5,023,469 increase was a new record for

growth in a year by a substantial margin.

President Dick Woolley of the bank attributed the increase to generally good business conditions in the community, noting that the bank's condition is usually a

good barometer for the community in general.

"Retail sales were good during 1981," Mr. Woolley said. "A booming oil industry added materially to our general good financial health, and we had an average to above peanut crop."

Loans made by the bank in 1981 also took a health jump — up to \$11,256,730 from \$9,041,998. This was an increase of more than \$2,200,000.

A number of Cisco business firms have reported that their 1981 receipts set new records. Expenses, however, continued to mount and the over-all profit picture did not keep up the pace set by the gross income, the reports showed.

Mr. Woolley was optimistic about the future. "The picture continues favorable for good business in our region," he said.

Banks elsewhere in the area also reflected healthy conditions, indicating that the entire region enjoyed a good business year in 1981.

The Cisco bank's stockholders will hold their annual meeting on Jan. 28th. Mr. Woolley said that work on the new bank building is some two weeks behind schedule. The structure is due to be completed in October.

### Holder To Run

### For Reelection

### To JP Office

Carlton Holder, Justice of the Peace of the Cisco area precinct for some nine years, announced Thursday that he will be a candidate for reelection in the Democratic primary election next May.

Mr. Holder is serving his second elected term in the office. He was appointed to fill an unexpired term before running for election.

A life-long resident of this area, Mr. Holder is well known in Eastland County. He has long been active in church and community affairs.

"I am running for reelection on my record in the office, and I promise to work very hard to continue to give you the kind of service you should expect and receive," Mr. Holder said.

## CofC Elects Officers, Studies Work Program

Directors of the Cisco Chamber of Commerce elected new officers, finalized plans for the annual CofC banquet, studied committee appointments and other matters pertaining to the coming year at the first 1982 meeting last Tuesday noon at the Colony Restaurant.

Mrs. Elaine Dixon, manager of Sears, Roebuck & Co. here, was elected president, succeeding Ronnie Ledbetter. Named as vice presidents were Robert Dudley, manager of J.C. Penney Co. store; Gene Gwinn, superintendent of the Otis Engineering Co. plant here; and, Jerry Morgan, a vice president of the First National Bank.

The new officers took over their duties at the luncheon. The election of Mrs. Dixon as president was the first time that a woman had ever held that office in the organization's some 70-year history.

Mrs. Dixon, wife of Auto Store Owner Dan Dixon, is a native of Brownfield. She has lived here four years and has been with Sears five years. She served as a CofC vice president last year and has been on the board of directors four years. She is active in the Cisco Civic League and is on the official board of the First Methodist Church.

Tickets for the annual CofC banquet, scheduled for Jan. 23rd at the CJC

Agricultural Building with Congressman Charles Stenholm as speaker, were placed on sale. They may be purchased at the CofC offices or from members of the board for \$6. Deadline for buying tickets is 5 p.m. Thursday, Jan. 21.

Mrs. Dixon was expected to announce members of standing committees in the near future. A budget for the

coming year and the official program of work will be ready later this month, it was reported.

New directors taking office at the meeting were Rex Fields, Fred Wheeler, Eddie McMillan, Shirley Hargrave, Lloyd McGrew, Jerry Morgan, Ronnie Ledbetter (re-elected) and Robert Dudley (re-elected).

# Joey Is Cisco's 'Mr. Smooth'

By RICH DYMOND  
Sports Editor

## Area Basketball Roundup

CISCO — Cisco's matinee idol is Joey Worley.

No, he doesn't act in the movies (Cisco doesn't even have movies).

He's not a big rich oil man (Cisco mostly has the oil field hands, not honchos).

He's not a rancher.

No, Joey is a super smooth basketball player, and the idol of all those romantics in Cisco.

"Isn't he cool," said one of the many girls crowding around Joey while he shot layups in the gym Thursday afternoon.

It's a wonder they even let him alone long enough to play.

Joe just kind of smiles, shyly.

Actually, the Cisco Lobos, for whom Joe is a tri-captain with Mike Gallegos and Gary Speegle, are the heart-throbs of all of Cisco these days. The team has shot to a 10-5, 1-0 record, including a 54-41 District 10-AA opening victory over arch rival Eastland Tuesday night, a victory that finally swept away the dark cloud that has set on Cisco ever since the Lobos lost their only district football game to Eastland and eventually lost a coin flip for the football playoffs this year.

"Basketball has started kind of slow because everyone was down after the lost coin flip," said Worley. "But now we are rolling and everyone is thinking of a district basketball title."

Cisco hasn't won a district basketball title since the early 1960's. In fact, basketball is just now coming back strong in the school. The team was 12-16 last year behind talented Forrest Starr.

Cisco takes another step toward that 1981 district goal Friday night when the team travels to Early. In other 10-AA games, DeLeon travels to San Saba, Bangs is at Ranger and Dublin buses to Eastland.

In 8-AA, Jim Ned travels to Albany, Baird is at Rotan, Hawley is at Anson and Hamlin is at Winters.

Coach Danny Kent's Lobo team is paced by 6-3 senior forward 'Romeo' Worley, who has courted the basket to the tune of 14 points per game, best on the team. He's also the top rebounder with 13 a game. Gallegos, a 6-2 jun-

ior post, has been averaging 13 points, most on the inside.

"Mike is real powerful," Worley said. "He's the spirit of the team, real outgoing and all."

Speegle, a 6-0 senior, has only played two games this year since coming back to the team after a bout with mononucleosis. He's scored 14 in both.

"There's no doubt that having Gary back in time for that first game against Eastland really fired everyone up," Worley said. "The gym was just packed for the game. He's the best pure shooter on the team."

Randall Rattan, a 6-1 junior post, has been plunking in 10 points per game to take the pressure off Gallegos. He's also been strong on the boards. Larry Adams, a junior point guard, stands 5-6 and has been averaging eight a game and running the offense.

"We're a defensive team," Worley said. "We like to force other teams to make mistakes."

Against Eastland, the Lobos played zone except for man for man against superstar Jay Hess. They held Hess to 12 points, nine in the last quarter.

With Speegle back, super sub Ken Anderson will sit back on the bench. Anderson, a junior, is 6-4 and coming on fast after a year with the JV.

Worley has been playing basketball since he was little, mostly on a patch of dirt out in his backyard, a patch that his oil field worker father, Howard, (who once had a basketball scholarship to Louisville, but didn't stay) toiled at during the years, helping Joey evolve into one of 10-AA's top players.

"I don't know how many games we played in the backyard," Worley said. "Gary Speegle has been coming over since I was in fourth grade. I know football is the big thing here, but I love basketball more."

Worley was a tight end for Jim Puryear's football team, but hitting baskets from his favorite spot, the corner, is his favorite thing.

"I guess I'm a pretty good all around shot," said Worley.

Just like Cupid.

Joey's Fan Club

Joey Worley can't help it if he's popular. The Cisco girls seem to like his style on the court: smooth, confident, successful. Worley is also courting a

District 10-AA title — something the Cisco Lobos haven't won since the early 1960's. Joey could make it hap-

pen in '81, if his fingers don't wear out from signing autographs for the girls. (Staff photo by Rich Dymond)

## Oil News

CHC Oil Co., Albany, spotted No.1 Joe Hopkins in the regular-field three miles southeast of Cross Plains. The planned 1,500-foot venture is located on a 920-acre lease. It spots 4,240 feet from the north and 2,500 feet from the east lines of W.B. Travis Survey 148, A-898.

Spotted in the regular field four miles northwest of Blanket was Rapata Energy Inc., Cross Plains, No.1-A Lillie Richmond. The planned 650-foot venture is located on a 480-acre lease. Drillsite is 2,718 feet from the south and 1,000 feet from the east lines of Section 14, HT&B Survey.

Petroleum Corp. of Texas, a Breckenridge firm, will deepen to 3,700 feet, wildcat depth at No.1-A S.H. Hill Survey. The project was completed as a gas well in 1967 by the same firm from 3,312-25 feet.

### Evaluation Of Seed And Plant Catalogues

by Ted Brice

Each year about this time, the seed and plant housed mail out their catalogues. There are over two hundred different catalogues available, including everything from seeds to specific plant material. These catalogues are usually a work of art. Most of them have pictures of the blooming plants as well as other colorful illustrations. In fact, there are collectors of seed and plant catalogues. Most of these catalogues will give the blooming times for the different plants and the general area of the country that it will do the best in. Some of the catalogues will also give the size that the mature plant should be.

Now is the time to study these different catalogues and begin making your plans as to what you want to add to your garden or landscape in the coming spring. In making your plans, you should take into consideration the amount of light that will be available as compared to the requirements of the particular plants. Also the size

of the mature plant must be considered as well as the color in relation to your home and the area that the plant will be planted in. These catalogues provide a rof of culture information that is very valuable in obtaining the best quality plant.

I have mentioned what to consider when buying the various plants or seeds; now we must consider which nursery and or seed house to buy from. One of the first things to look at, is how long the company has been in business and will they be around to back up the guarantee? Second and also of importance, is the location of the nursery. It should be located in a place that has a similar climate to the area where you live.

This information is offered to help the gardener of this area.

SO LONG UNTIL NEXT WEEK FROM "THE GARDEN EDITOR" TED BRICE

### January 1 marked new credit tax requirements

Austin, TEX.—State Comptroller Bob Bullock said Wednesday that about 1,000 Texas merchants need to be aware of new sales tax requirements on credit sales which go into effect January 1.

The new law affects merchants who make installment sales of taxable items, include the amount of sales tax due in the outstanding balance and keep their books on the "cash" basis of accounting.

According to the new law, a part of the interest paid on the sales tax portion of credit sales will be taxable. This additional amount is to be reported and remitted when the regular sales tax return is filed.

### Cisco PTO joins War On Drugs

The PTO is grateful for the opportunity to work with the communities of Texas War against drugs. They are very pleased to have joined this effort to make a better life for the children of Texas and to make Texas a better state. Governor Clements Texans' War on Drugs Committee chaired by H. Ross Perot has been waging this campaign with a three-pronged approach—law enforcement, legislative, and educational. The education, research action arm of the Texans' War on Drugs Committee, D.A.R.E., has a three-pronged effort—to educate the public on drug abuse; to conduct research on the effects of drugs and ways of halting the misuse of drugs; and to assess the status of drug abuse in the public schools.

Building a network of coalitions, speakers, and regional field coordinators strategically placed throughout the state, D.A.R.E., plans to reach every citizen in its efforts to greatly diminish the abuse of drugs in Texas.

This region, Region 3, is headquartered in San Angelo - 209 A - West Beauregard, (915-653-2461), and the efforts are being directed by the Regional Field Coordinator, Marilyn Golightly. Coordinators have been contacting community leaders, setting up public meetings, and helping to launch community coalitions to fight drug abuse at the local level.

D.A.R.E. will be enlisting the assistance of all agencies, communities, and concerned citizens who are involved with youth and who want to help reach the ultimate goal of both D.A.R.E. and the Texans' War on Drug Committee—that is, to provide a drug-free, healthy environment for the children of Texas. The local D.A.R.E. coordinator will be providing developmental support, programs, and resources to assist the community in this fight.

Marilyn Golightly will be the PTO speaker on January 12, 1982, at 7:00 p.m. at the CJC College Auditorium. She will tell everyone about the D.A.R.E. which is a War against Drugs. Also how parents can become more aware and more informed about drugs. The PTO would like the help of all clubs, organizations, schools, parents and children to encourage everyone in Cisco to attend this very important and informative meeting so that citizens of Cisco may work together to make the town a better place for the children.

If the interest on the sales tax and the unpaid balance are the same—and the rate is 18 percent or less—the state gets half the interest on the sales tax portion of the total amount being financed.

If the rate is more than 18 percent, the state gets all interest on the sales tax amount above 9 percent. For example, a merchant charging 20 percent interest on credit sales will remit 11 percent interest on the sales tax amount to the state, assuming the rate for the sales tax portion is the same as for the rest of the unpaid balance.

If the interest charged on the sales tax portion of the bill is different from the rate charged on the rest of the unpaid balance, the merchant must remit all of the interest paid on the sales tax portion to the state.

Taxpayers with questions about their new responsibilities should contact the Comptroller's local office nearest them or the Comptroller's Sales Tax division at 1-800-252-5555, a Texas toll-free call.

### Keeping Up... With Our Young Folks

A Series By Viola Payne

Claudia Bulgerin, daughter of Dr. and Mrs. H.J. Bulgerin of Eastland, is another University student who received her early education in Eastland schools. One of her grandmothers, Mrs. D.M. Davis, lives in Eastland, and other grandmother, Mrs. A.F. Bulgerin, lives in Taylor, Texas.

Claudia has a number of interests, which include athletics. In her first year of High School, however, she was named "Outstanding Freshman Homemaking Student", and continued Home Economics for another year. She played offense on the Basketball Team, played golf, and ran track. She placed second in Cross-Country in Regional Jr. Olympics in her Junior year, 1977. In the same year she was District Champion in the Mile Run.

In academic work Claudia was a member of the Beta Club (an Honor Society). In her Senior year, 1978, Claudia was given a D.A.R. Award for Citizenship, and was an Honor Graduate.

During all this time she was active in the Olden Baptist Church.

In the fall of 1978 Claudia enrolled at Southwest Texas State University at San Marcos, with a Major in Physical Education and a Minor in

Health Education. After one semester she transferred to Texas Tech University, Lubbock, where she continued to major in Physical Ed (All-level Education), with a Minor in Health Education.

She has been on the Dean's List since enrolling in the Universities. She has also worked at the Baptist Student Union, and has been a missionary two summers. During one summer she worked in Mississippi, and another time she worked in Ft. Worth Inner-City. In Ft. Worth Claudia and a group of young people conducted a "Backyard Bible Club" in a Housing Project - providing music, Bible Studies, classes for children, and a variety of programs in the outdoors near the homes of the people.

Claudia is attending Trinity Church in Lubbock at the present. She enjoys writing devotions and inspirational material which is used in College. She also enjoys other types of writing.

After graduation in August 1982, Claudia plans to teach school for about two years, preferably in the Junior High level. She has found the Lubbock area pleasant, and may stay in that vicinity.

Keith Bulgerin, son of Dr. and Mrs. H.J. Bulgerin of Eastland, credits his hometown schools for giving him a good foundation for academic work. He remembers teachers Jeanie Griffin (History) and Mrs. Lois Marshall (English) as being particularly inspiring. Keith has spent all of his Col-

lege years at Texas Tech University, which he describes as a "well organized school."

In Eastland High School Keith ran some track, but his major athletic endeavor was playing guard on the Basketball team. He had numerous other projects going, such as furnishing photographs for the High School Annual. He was a member of the Beta Club (an Honor Society), and in 1978 was given a D.A.R. History Award for the highest average grade in this subject.

Keith was active in the Olden Baptist Church during these High School years, one of a group of young people who attended.

In his Senior year Keith was elected Class President, and was Valedictorian of Eastland High School. Upon his graduation, in May, 1978, he was awarded a Scholarship to Texas Tech.

Keith enrolled in this University in the fall of '78, with pre-med studies in Chemistry and Biology. Upon arriving in Lubbock he

also became a member of Calvary Baptist Church. After a year and a half of the pre-med studies, Keith changed his major to History (Pre-Theological), moving in the direction of studies for the ministry. He has maintained a 3.0 average in all these studies.

Upon his graduation with a Degree in History, which is expected in May, 1982, Keith hopes to attend a Seminary and study for the ministry. He is considering Southwest Baptist Seminary. He states that he has enjoyed living around Lubbock, but "likes Eastland County a lot too" - and would work in either place if the opportunity presented itself.

## Homemaking Hints

By Janet Thomas

Happy New Year! Have you made any new year resolutions? If so, possibly one of your resolutions is to save money in 1982.

With a new recession and an old inflation, saving money is in style! Let me encourage you to plan your family budget around sales which can be marked on your 1982 calendar in advance. Retail stores usually follow a time cycle in selling certain items at reduced prices. It certainly makes sense to plan your spending strategy to get bargain prices on needed family items.

January - Bright sales (towels, sheets, pillowcases, blankets), furs, winter clothing, furniture, jewelry, Christmas cards and decorations, store-wide clearances, automobiles, air conditioners, floor coverings, television sets

February Home fur-

nishings, rugs, mattresses, housewares, china, glasswares, silverware, bicycles.

March - Garden supplies, spring clothing, luggage, housewares, cleaning aids, skis and skates.

April - After-Easter sales, women's coats, suits and accessories, men's and boys clothing, paint.

May - Lingerie, handbags, television sets, soaps and cleaning aids, automobile tires, draperies.

June - Ladies' ready-to-wear, television sets, fabrics, fuel oil, storm windows, screens.

July - Summer clearances after July 4, sporting goods, sportswear, hosiery, women's shoes, floor coverings, summer furniture, appliances, used cars, automobile, air conditioners, cosmetics.

August - Clearance of summer clothing, back-to-school specials, children's play

clothes, furniture clearances, yard and gardening equipment, appliances, camping equipment, lamps.

September - Back-to-school specials, housewares, fabrics, automobile batteries and mufflers, bicycles.

October - Hosiery, lingerie, fabrics, fishing equipment, silverware, china and glassware, bicycles, toys.

November - Pre-Christmas promotions, ladies coats and dresses, blankets, garden seeds and supplies.

December - General store clearances after Christmas with markdowns on toys and gifts, winter clothing late in the month, automobiles.

Identify your needs for the coming year. Mark your shopping plans on your calendar and set aside money for sales shopping. Become a sales watcher and stretch your dollars.

### RECIPE FOR THE WEEK

1 T. Shortening  
2 cups coarse chopped celery

## Two weeks until deadline for conservation comments

Texans have only two more weeks to mail their comments on the Secretary of Agriculture's preferred program for conserving soil and water resources. Comments are to be mailed to the Soil Conservation Service in Temple by January 15, reports Ron Bailey, district conservationist for SCS at Eastland.

The proposed national conservation program would increase the roles of local and state governments in conservation work and target a greater share of USDA dollars and people to critical resource problems and areas.

For more information on the program and to obtain a

1 can bean sprouts  
2 T. corn starch

Brown meat in Crisco, all celery, onion and soy sauce and enough water to cover, simmer until vegetables are tender, add drained bean sprouts, save enough water for bean sprouts to mix with corn starch. Mix and add, stirring until corn starch thickens. Continue to simmer 10-15 minutes more. Serve over cooked rice.

response form for mailing your comments, contact your local SCS or Agricultural Stabilization and Conservation Service office.

The offices have a leaflet that summarizes the main points of the program and contains the pre-addressed, postage-paid response form.

The program is the USDA response to the Soil and Water Resources Conservation Act of 1977 (RCA). Details of the program are presented in the revised program report, which is available for reference at SCS and ASCS offices throughout the state.

Comments must be mailed to the SCS state conservationist, P.O. Box 648, Temple, Texas 76503, before January 15, 1982.

### Cisco Baptist Assoc. to meet Mon.

Monday, Jan. 11 at Bethel Baptist in Eastland there will be the monthly meeting of Cisco Baptist Association. The program will begin at 7:00 p.m. Rev. Mike Henson of Harmony will bring the doctrinal message on the Holy Spirit.

## GORDON SPOT

by DeMarquis Gordon

The higher cost of energy has caused more and more people to return to the use of wood burning stoves and fireplaces. Once again wood ashes have become plentiful around many homes. As a result, we are getting questions concerning the value of wood ashes as an additive to garden soil.

One question usually asked "Are wood ashes beneficial"? It depends on your soil, but generally, yes, they can be beneficial. However, ashes are alkaline and quite high in potassium, calcium and magnesium. Most of our soils in Eastland County are already alkaline and high in potassium and calcium. The ashes would be

more beneficial in acid, sandy soils in some parts of our county.

Another question we hear is "can ashes be harmful"? Yes, if too much is used. Ashes contain chemicals which are very alkaline with a pH of 10-12 and they are harmful at high rates in a soil that is already alkaline. Since about 80-90 percent of wood ashes are water soluble mineral matter, high rates can cause salt to build up in soils, resulting in plant injury.

If your soil is acid, you may use up to 15 to 20 pounds of dry wood ashes per 1,000 square feet of garden area. For lawns, keep below the 15 pound level. For flower beds, about 1 pound per 100 square feet is enough.

Always consider the following general rules when applying ashes:

1. Do not apply wood ashes to your garden more than once per year.
2. Do not apply ashes to your garden more than three times.
3. Wood ashes are very low in nitrogen; so, add additional nitrogen fertilizer with ashes.

Ashes have about 1.8% phosphorus, 5.46%

potassium, 23.3% calcium, 22.14% magnesium, and 2.8% iron. There are some other beneficial elements, but most of the remaining chemicals in ashes are harmful salts such as carbonate which makes up to 23% of the ashes.

Wood ashes do have value and can be beneficial, but know your soil before you apply. If in doubt, obtain a soil test. We can help you by providing instructions and mailing cartons for soil tests.

With farm and ranch income sagging and production continuing to rise, producers must study and analyze all possible options in production, financing and marketing if they are to remain in business in 1982.

To enable producers to sharpen their skills, eight conferences on "Profitable Decision Making" have been scheduled across Texas in January and February.

Conferences are designed to provide latest information to assist producers with decisions and aid them in looking realistically at financial and production situations. Farm policy implications, production information, financial strategies and marketing alternatives will be discussed.

The nearest conference will be in Abilene Monday, January 11 beginning at 9:30 a.m. The conference will be at the Lytle Shores Auditorium. Major commodities discussed at Abilene will be cotton, grain sorghum, and wheat.

 McHae, a 29-year veteran of the oil and gas industry with extensive experience, is a graduate of the University of Texas at Austin with a bachelor of science degree in geology.

## Northern Gas Line Now In Service Here

A low pressure natural gas gathering system in north central Texas has been placed in service by Northern Gas Products Company.  
 The gathering system and 50-mile pipeline will transport gas from wells in Eastland and Comanche counties to the company's Lipan processing plant in Hood County, southwest of Fort Worth.  
 "Eight wells in Eastland County are tied to the system," says John Hon, the company's regional manager in Houston. Hon expects another 60 wells in Eastland and Comanche counties to be connected by the end of March.  
 Called the Punkin Center Pipeline, the new system has the capacity to move up to 10 million cubic feet of natural gas per day. The gas is expected to yield 50,000 gallons of mixed hydrocarbons, including ethane, propane, isobutane, normal butane and natural gasoline.  
 The line originated in southern Eastland County and passes through portions of Comanche and Erath counties before terminating at the Lipan plant. The first 17 miles of line is 16-inches in diameter to accommodate wells with less than 50 pounds pressure, says Roger Krantz, superintendent of the Lipan plant.  
 Northern Gas Products Company produces ethane, propane, iso-butane, normal butane and natural gasoline. The company also fractionates mixtures of these liquids into commercially pure components.  
 Northern Gas Products is part of Northern Liquid Fuels Company, a division of InterNorth, Inc., a diversified energy corporation based in Omaha, Nebraska.

**RAW Energy Corp.**, Weatherford, will drill No. 1 Kolp as an Eastland County wildcat one mile east of Ranger.  
 The planned 4,100-foot test is located on a 110-acre lease.  
 Drillsite is 2,600 feet from the north and 2,140 feet from the west lines of James Lehea Survey, A-360.

**Western Oil & Minerals Inc.**, Eastland, No. 3 J.H. Elam is also a planned 4,100-foot wildcat.  
 It will be drilled two miles northeast of Scranton on a 160-acre lease.  
 Location is 330 feet from the south and 2,310 feet from the east lines of Section 124, Block 3, H&TC Survey.

Another wildcat will be drilled seven miles southwest of Cisco as Clymer-Schaaf Properties from Wichita Falls No. 1-A Ingram.  
 The planned 1,500-foot venture is located on a 27-acre lease.  
 It spots 150 feet from the south and 275 feet from the west lines of Section 110, Block 3, H&TC Survey.

**PETROLEUM BUILDING**  
**V.I.P. SERVICE MEMBERSHIPS AVAILABLE!**  
 The following services, designed to meet the needs of the Petroleum Industry, and related service companies are now being offered through the Petroleum Building in Eastland. If your offices are out of town, you are a one-man show, you are here part-time, or now and then, let us be your staff. We offer fast, courteous service for an hour, a day, a week, a month, or a lifetime, custom designed to meet your particular needs.  
 Our staff and facilities offer:

Complete secretarial services. We will type one letter, or prepare a full package at your command. Book-keeping, by the job or the hour. Let our competent staff prepare your press releases, Railroad Commission Reports, file Permits, search and compile County records, collect data from Petroleum Information, (members of P.I. only), payroll, statements, Quarterly Tax reports, Oil and gas leases and filing, and map duplications. Additional services are available, such as, postage meter, photocopies, package wrapping and mailings, bank reconciliations, Notary Public, and obtaining price quotes on services or supplies. When you don't have the time or staff to hunt or prepare for your immediate needs, let us do the details. It will save you time and money. For those of you operating an office in Eastland, your membership will insure you temporary coverage during your staff's vacation or absence. Why get behind when you can get ahead by joining the Petroleum V.I.P. Services now?

Memberships will be limited. Your membership also offers full Board Room and Conference facility availability. The Board Room will be available by reservation. Seating capacity 50-60 with theatre seating, conference table seating up to 25. Furnished with podium, projector screen, slide carousel or 16 mm projectors, presentation easels, chalk board, note pads, pens, pencils, place cards, ashtrays, name tags, coffee or soft drinks. Private restrooms will be provided. If desired, a confidential secretary will be available for minutes or meeting records.  
 Your next conference should be in the board room of the Petroleum Building. Why pay for the extras, all the time on a square footage basis, when you can have the finest for less? The V.I.P. services will begin November 1, 1981. The membership fee will be \$150.00 per year for charter member (limited to fifty members) and after charter, memberships will be \$250.00 per year. Membership will be limited to insure the quality and availability of the facilities. The Petroleum Building will be open for your inspection the last week of October. Eastland County Law Enforcement Officers will first issue warnings rather than citations on failure of motorists to comply with the new Liability Insurance law.

Information from Cisco, Eastland and Ranger Police Department indicate that they will follow the general guidelines set up by the Texas Dept. of Public Safety, giving a 90 day period of time in which to phase in compliance. Exceptions to this may be made in case the motorist is involved in an accident, or has been issued an initial warning.

The state law came into effect on Jan. 1, 1982, with fines beginning at \$75.00 for drivers found without proper proof of insurance.

"I would like to impress upon motorists that the law is in effect," stated Sgt. Jerry Matthews of the Eastland-Callahan County division of the D.P.S.

"We will attempt to warn motorists to comply with the law. That is the purpose of the phase-in period."

**Home Safety**  
 You spend much time in and around your home. Make it as safe as possible.  
 • Test your smoke detectors. If you do not have them, install one near each sleeping area.  
 • Have a place for everything—avoid clutter.  
 • Some house plants are toxic. Teach children not to handle or eat them.  
 • Be sure the insulation you add to your home will not emit toxic smoke or gases if there is a fire in the house.

**Feb. 1st Primary filing deadline**

Only one person has formally filed for an Eastland County office listed in the upcoming Primary election, which will be held May 1, 1982.

Jo Anne Johnson, a Democrat, has filed for reelection to the office of County Clerk. The filing deadline is Feb. 1, 1982.

A number of State and local offices are up for election, including the offices of Criminal District Attorney, County Judge, Commissioners of Precinct 2 and 4, Clerk of County Court, Clerk of District Court, County Treasurer, County Surveyor, and all five Justices of the Peace.

On the State level, a Representative will be chosen under the redistricting plan which places Eastland County with Coleman, Brown, Runnels, and McCulloch Counties.

A full slate of candidates is expected to file before the deadline.

**Upper Leon SWCD sponsors 6th annual poster contest**

The Upper Leon SWCD is sponsoring the 6th annual conservation poster contest. All children in the third and fourth grades, or in that age group, are eligible to enter the contest. Individuals or youth organizations within the age limits and District boundaries may enter even though the school they attend does not participate.

The deadline for entry is Feb. 3, 1982 and may be turned in at the Soil Conservation Service offices in Eastland, Comanche or Dublin.

This year's theme is "Resource Conservation". The poster may depict any phase of Resource Conservation. Soil and Water Conservation Districts are concerned with soil use and treatment; erosion control practices; crop, range and pastureland management; drainage problems; watershed protection; flood prevention; fish and wildlife management; irrigation water management and promoting the involvement of all citizens in conserving soil, water and related renewable resources.

Ribbons will be awarded in 1st through 5th place. One poster will be selected as District winner and forwarded to Regional Competition. The District winner will be awarded a plaque at the Annual Awards Banquet in the Spring of 1982.

For information contact the Soil Conservation Service or the Upper Leon SWCD at 201 North Post Oak, Dublin, Tx. phone 817-445-2276.

**TIPS ON WOOD HEATING**

If you'll be living with a woodburning stove or fireplace this winter, you might find it helpful to know the relative heating values of the various woods you're apt to buy or cut for fuel. Shellbark hickory is about the best firewood of all, and other varieties compare to it as follows:

Shellbark Hickory	100	Yellow Oak	60
Pignut Hickory	95	White Elm	58
White Oak	84	Hard Maple	56
White Ash	77	Red Cedar	56
Dogwood	75	Wild Cherry	55
Scrub Oak	73	Yellow Pine	54
Apple	69	Butternut	43
Red Oak	65	White Birch	43
Black Walnut	65	White Pine	30
Black Birch	62		

To keep insects (which sometimes hide under the bark) out of the house, all firewood should be stored outside, at least 20 feet from your home, and brought in only as needed.

If you'll be buying your wood, you should know that a cord is supposed to be a fixed measure of 128 cubic feet (a stack 8' long by 4' wide by 4' high). But, because of the open spaces left in a load consisting of large round logs, the buyer of a cord of wood made up of such timbers will receive somewhat less for his or her money than will the purchaser of a cord composed of carefully selected and closely stacked random-sized logs. It stands to reason, then, that you'll get more for your money if you always specify that some small kindling sticks be mixed with the larger-diameter timbers in any cord of wood you buy. Also, keep in mind that a cord of softwood usually weighs out to slightly more than a ton, while the same measure of hardwood tips the scales in the neighborhood of 1-3/4 tons.

The U.S. Department of Agriculture has issued some tips on how you can obtain firewood at little or no cost. They suggest—for instance—that you visit your town dump or landfill. Trees, branches, and such that are left after storms are often discarded in such places. Also, firewood is frequently available for cutting and hauling from national forests. Check with your nearest Forest Service District Ranger for details.

**Fred & Jackie Tucker form auction company**

Fred and Jackie Tucker would like to introduce you to their newly formed business, Tucker Auction Company. The Tuckers own and operate the Tucker Auction Barn located five miles south of Eastland in the Flatwood community. Merchandise is accepted to be sold on consignment at the monthly sales that are held on the first Saturday evening of each month at 7:00 o'clock with the exception of the months of January and September when the sales are on the second Saturday night.

Although the monthly sales have only been in progress since October, Fred has been auctioneering for almost two years. He is a graduate of the Nashville Auction School, Nashville, Tennessee, and is licensed by the state of Texas, having taken and passed the state licensing examination.

**Paul Hilburn to speak at NRTA meeting**

The Eastland County unit of the National and Texas Retired Teachers will meet in Ranger on January 11, 1982 in the Ranger Community Club House at 2:30 p.m.

Mr. Paul Hilburn, Assistant State Director of NRTA will be the featured speaker. Mr. Hilburn will discuss where we are in our legislative program and what is being planned for the next session of the Texas Legislature as well as National legislation. All teachers will be given a legislative questionnaire to be checked expressing their views on proposed legislation.

This is a very important meeting and should be attended by every retired teacher in Eastland County. There is much to be done and it will take the cooperation of each and everyone.

Others that are contributing to the success of the monthly and other sales include associate auctioneer Kenn Norris, Clerk Lynn Hagan, ringman Ken Halford, ringman John Picketts, and office workers Rossetta Hagan and Phyllis Halford. Pete Tucker is the concessioneer.

In addition to the monthly consignment sales, the Tuckers and their associates are available for other types of auctions including estate and farm sales.

To consign merchandise or arrange a sale you may call 629-1956.

The January consignment sale will be this Saturday, January 9, at 7:00 p.m. Lots of good merchandise has been consigned and door prizes will be given.

Think about the following and then, when you get the message, come and join with us in our effort to get the job done.

This is a story about four people:

Everybody, Somebody, Anybody, and Nobody.

There was an important job to be done, and Everybody was asked to do it. Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, and Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody, when actually Nobody blamed Anybody. Does this sound familiar to Anybody?

**Farmers Income Tax meeting**

Farmer's Income Tax Reporting will be the topic of a meeting, Monday, January 11, in Eastland. There are many important changes in the 1981 tax reporting. These and other items of interest concerning tax reporting will be discussed.

The meeting sponsored by the Extension Service, will begin at 9:30 a.m. and will be held at the Eastland National Bank meeting room. The meeting will continue until about 2:30 p.m. or as long as there are questions concerning income tax, says DeMarquis Gordon, County Extension Agent.

Dr. Ashley Lovell, Area Extension Economist, will lead the discussion on such items as farm business expenses, depreciation, investment credit and reporting of gains and losses. Gordon invites everyone who has questions about the 1981 farm tax reporting.

The 1981 Farmer's Tax Guides are now available in the county Extension Agent's office. Guides will be distributed at the meeting.

Everyone is welcome to attend all or any part of the meeting.

## Cisco Rotary Club Told Of Drug Addiction

The extent and the swiftness with which addiction to illegal drugs, principally marijuana, has seized upon the younger generations of the country is a startling fact, Mrs. Bettye McGinness, told the Cisco Rotary Club Thursday noon. It is the more tragic, she implied, for that the older generations, less experienced in their use, do not appear to realize how destructive to all phases of mental and physical functions these drugs are, nor fully appreciate the dangers to which their children are daily exposed.

Presented by Clois Purvis, she spoke to the club as a representative of the Cisco Parent-Teacher Organization to plead a more active campaign against the spreading habit.

She said that Cisco is not affected to the extent that so many communities are, "but we don't want it to happen to us."

The local PTO is allied with many other organizations centered in a regional headquarters at San Angelo. Mrs. Marilyn Golightly, coordinator of the group, will speak at a public meeting at Cisco Junior College auditorium Tuesday, Jan. 12, at 7 p.m. She urged the public and especially parents of younger children to attend.

Texas, she pointed out, is an area of transshipment of the drugs from supply sources in the southern hemisphere to a large part of the nation, a fact which exposes the children of the state to even greater danger.

That sale of such drugs is a \$50 to \$60 billion a year business was one of the little known facts she disclosed. The United States spends as much money on marijuana - \$40 billion - as is spent on imported oil, she said.

Among other startling statistics cited were: The use of marijuana is not confined to the older childhood ages but extends in many cases to children of pre-school years;

The extent of marijuana use by age groups ranges from 29 per cent of 14 to 15-year olds to 60 percent of

the 18 year old group who have tried its effects;

It is easy to secure the drugs; suppliers are everywhere, many of them users who sell in order to get money for their own cravings;

THC the active element in marijuana, remains in body tissues for weeks, even after just one cigarette;

The damaging effect of the chemical upon the mind and all its functions, upon muscular coordination, the blood system, learning and reproductive organs of both male and female is devastating;

Just five "joints" of marijuana have as much cancer-causing capability of 112 cigarettes.

Her talk was filled with many other facts as demanding as she urged parents and older people to take a more active interest in the fight to suppress the growing addiction.

She explained that the PTO has aimed its campaign principally at the lower grades of the public school and has provided picture projectors, money and materials for educational use. It is now broadening its efforts to enlist the adult generations, principally parents.

Symptoms of drug abuse, what can be done to combat it on the individual level and those characteristics of home and other social life which encourage childhood avoidance were among other interesting features of her talk.—BAB

### Local Firemen Give

#### Air Pack Lessons

Fire Chief C.W. Guthrie, Fireman Marshal Bill Webb and Fireman David Gill went to Albany Thursday to present a demonstration on using air packs at the Shackelford County Sheriff's office.

The air packs are used by firemen and others to prevent breathing toxic fumes in the area of fires or chemical wastes. The Cisco Fire Department has four of the air packs.

### Putnam News

by Mrs. K.B. Taylor

1981 is history! We just wonder what 1982 has in store for us. Here's hoping for peace and good will among all nations and prosperity and happiness here at home.

Several Putnamites ushered the new year in with parties. The children and grandchildren of the John D. Isenhawers watched the old out and the new in at a huge bonfire out in the pasture. This a tradition with them.

The Douglas Frys entertained a group of friends and neighbors at their camp house with good eats and music and the traditional blackeyed peas and cornbread. I am sure there were other parties but I failed to get them.

There has been quite a lot of visiting. Mrs. R.L. Clinton of Cisco spent Christmas with her son, Dr. Robert Clinton and family at Austin.

Mrs. Marie Maxwell returned home the first of the week from Laredo where she visited her daughter's family, the John Sawyers and their new daughter. She also visited her brother, the Dub Fishers at Santa Elena and her daughter's family at Hondo.

Nevin and Charla Brown of Fort Worth came to spend New Year's Day with their grandmother, Ollie Burnam. Mrs. Burnam returned home with them to check with her doctor there.

Mrs. Ruite Sunderman currently at the Golden Holiday Nursing Home at Baird has been in the hospital for several days. Mrs. Chris Sunderman of Fort Worth visited her Friday.

Mr. Clinton Waddell celebrated his 30<sup>th</sup> birthday the 30<sup>th</sup> of December. Many more happy returns Clinton.

Mr. and Mrs. E.C. Collinsworth had all their family home for Christmas including her sister the Mike Hughes family of Rankin.

We were happy to meet Mrs. Ruby Jones while eating lunch at the Dairy Queen at Baird Sunday. Her sister-in-law Mrs. Gordon Harp of Grand Junction, Colo, was with her. This writer was fortunate to have lived with the Harp family in the 20s while teaching at the Jackson School between Putnam and Baird. Mrs. Jones was formerly Ruby Harp.

Mr. and Mrs. L.C. Donaway and girls of Albany visited his parents, the Milton Donaways Sunday.

Mrs. R.C. Speegle and Mr. and Mrs. Milton Donaway spent last weekend at Odessa with their son Hubert and family.

Mr. and Mrs. L.A. Sublett of Pottsboro visited her mother, Mrs. R.C. Speegle this week. Also their son, Russell and friend. Mrs. Speegle visited her sister Mrs. Dotson and brother Ernest Weed near Cisco this week.

Visiting the Bill Feeleys during the holidays have been their son, Jim of Austin, their daughters, Mr. and Mrs. Jack Thomson and Mr. and Mrs. Richard O'Connor and son of Dallas and Mr. and Mrs. Charles Johnson of Chicago.

According to the old saying we will have a mild and dry winter. I've always heard that the first 12 days of the new year govern the weather for 12 months of the year. We are lucky here. The people in the mountains are really catching it. There has been so much snow most roads are closed. I think I would rather have the dust storm we have now than that much snow. West Texas is a pretty good place to live after all!

## College Ready To Begin 2nd Term

Preparations are complete for the spring semester to begin during the coming week at Cisco Junior College, officials announced Friday. The outlook for a large student body was good, officials reported.

Plans call for registration to be held at the Cisco campus on Monday, Jan. 11, from 9 a.m. to 4 p.m. and 6 to 8 p.m. All registration on Monday will take place at the Student Union Building. Most students planning to attend have pre-registered.

Classes will begin January 12, but late registration will continue through January 22

during regular office hours (8:00 a.m. to 12:00 p.m. and 1:00 to 5:00 p.m.) at the Registrar's office on the Cisco campus.

Students registered at the Clyde and Abilene centers January 6 and 7 at the Clyde Educational center in downtown Clyde and the Community College Center of Abilene.

Academic, vocational, and financial assistance counseling is available. For full information, call the appropriate campus at one of the following numbers: Cisco (817) 442-2567; Clyde (915) 893-5976; Abilene (915) 698-2212.

## C.J.C. To Offer Ceramics & Aerobics

Cisco Junior College will offer two courses this spring semester that should be of interest to the general public. Ceramics will be offered by the Fine Arts Department and Aerobic Dance by the Physical Education Department.

Ceramics 283 will be offered on Tuesday and Thursday each week from 12:15 to 2:55 p.m. in the Fine Arts Building. The course will introduce the student to basic ceramic processes: materials, techniques, hand building, potter's wheel, and glazing/firing procedures. The instructor will be Sue Mullinax, art instructor in the Fine Arts Department. Aerobic Dance 121 will be offered on Tuesday and

Thursday each week from 9:25 to 10:45 a.m. in the exercise room of the Vocational II building. The course offers instruction in exercise with music in dance form. Proper breathing and intake of oxygen as well as flexibility of body movement are emphasized. The instructor will be Nicki Harle, dance instructor from Baird.

Both classes are open to the general public and will meet for the duration of the spring semester. The cost is \$51 for Aerobic Dance and \$71 for Ceramics (includes both tuition and fees). First class day is January 12, and January 22 is the last day registration will be accepted. For full information call (817) 442-2567.

#### The Gifts of the Spirit - Concluded

To another the working of miracles; to another prophecy; to another discerning of spirits; to another divers kinds of tongues; to another the interpretation of tongues;

But all these worketh that one and the selfsame Spirit, dividing to every man severally as he will.

For as the body is one, and hath many members, and all the members of that one body, being many, are one body; so also is Christ.

## 'As Parents Grow Older' Program Set In Abilene

Concerned about your aging parents? Wish you could improve your communication with them? Would you like to learn more about physical and psychological processes of aging?

"As Parents Grow Older," a new educational program for family members of the aging is sponsored by Department of Human Resources and the Texas Association of Homes for the Aging, a non-profit agency serving the elderly. Through a series of six workshops, relationships between aging parents and their adult children are discussed as well as chronic illnesses, sensory loss, availability of community resources and ways to help aged relatives remain as vital and self-reliant as possible.

If you are interested or know of an organization that would like to help families. A

Huskey, Jr., of Big Spring spent the weekend with his mother, Mrs. Alvin Huskey and Sandy and Evelyn.

Mr. and Mrs. Edd Shinn and children of Lexington, Okla., and Steve Bennett of Norman, Okla., spent the Christmas holidays with their parents, Mr. and Mrs. J.W. Bennett.

Janet Parrish of Midwestern University spent the holidays with her parents, Mr. and Mrs. Alvice Parrish.

workshop to familiarize you with the "As Parents Grow Older" program will be held from 2 to 4 p.m. in the conference room at West Rehabilitation Center on January 14, 1982. In February a special training series will be held for those wishing to bring the program back to their own community. For more information or to register for the two hour workshop please call Evelyn Woltjen at 915-677-6914 or write As Parents Grow Older, 17 Greenway, Abilene, Texas 79602.

### WORD of GOD

#### Parable of Jesus - part #2

Now the parable is this: The seed is the word of God.

Those by the wayside are they that hear; then cometh the devil, and taketh away the word out of their hearts, lest they should believe and be saved.

They on the rock are they, which, when they hear, receive the word with joy; and these have no root, which for a while believe, and in time of temptation fall away.

And that which fell among thorns are they, which, when they have heard, go forth, and are choked with cares and riches and pleasures of this life, and bring no fruit to perfection.

But that on the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience.

Luke 8:11-15

## An Open Letter to Cisco Area Residents

IT HAS BEEN MY HONOR AND PRIVILEGE TO HAVE PARTICIPATED THE "GREATER MOUNTAIN TOP CHURCH" FOR SOME THIRTEEN YEARS. MANY OF YOU HAVE EXPRESSED A DESIRE TO JOIN US IN WORSHIP...MANY, MANY OF YOU HAVE, IF YOU HAVE NOT...LET THIS BE THE YEAR, THE MONTH, THE SUNDAY THAT YOU SO DO. WE WOULD COUNT IT AN HONOR TO HAVE YOU JOIN US ON SUNDAY MORNING OR IN THE GREAT EVANGELISTIC SERVICE ON SUNDAY EVENING AT NINE-THIRTY P.M.

WE HAVE FOUND A GREAT NUMBER OF EASTLAND COUNTY RESIDENTS WHO DESIRE REAL OLD-TIME "BIBLE PREACHING" AND GOSPEL SINGING. THERE ARE MANY OF YOU HUNGRY TO BE AMONG PEOPLE WHO KNOW HOW TO PRAY. WE INVITE YOU TO SUCH A CONGREGATION.

WE STILL BELIEVE IN: RELIGION THAT CHANGES PEOPLE'S LIVES... PRAYING FOR THE SICK AND WITNESSING MIRACLES... THE VIRGIN BIRTH...THE SECOND RETURN OF OUR LORD AND THE BIBLE BEING THE INSPIRED WORD OF GOD.

IF YOU ARE HUNGRY FOR REAL "BIBLE-PREACHING"... GOSPEL SINGING...FRIENDLY PEOPLE...WORSHIPING IN ALL MODERN FACILITIES THAT ARE COMPLETELY FREE OF DEBT. THEN A FAST GROWING CONGREGATION INVITES YOU...

TO JOIN US IN WORSHIP THIS COMING SUNDAY AND START THE YEAR OFF RIGHT. THE TEN MINUTE DRIVE IS SHORT, AND YOU CAN BE A PART OF THE SOME THREE HUNDRED WEEKLY TOTAL ATTENDANCE.

LOCATED TEN MILES SOUTH ON HIGHWAY ONE-EIGHTY-THREE

WE WILL BE LOOKING FOR YOU.

### Senior Citizens Nutrition Menu

January is the month for "ho-hum" for the older people. Usually it is cold and people have difficulty getting around to do the many everyday "chores." Also, the children and grandchildren have left, after being with you for the holidays, and the old house is very quiet.

But thus far, in January, we have had lovely weather - and as a whole - our elderly people are well and capable of getting out of the house.

The Senior Center, in our city, has become the focal point for the activities of the elderly. By coming to the Center you are able to meet your friends and make new friends, and above all getting out of the house.

So why don't you call 442-2263 or 442-1557 and talk to the registrar and make your reservations for the luncheons and participate with this large group of people.

The programs for the past week included: Mark Byrd, religious director for the East Cisco Baptist Church, presented a musical by playing his guitar and singing; and Roy Speegle, presenting a musical by playing the

piano "only as Roy can play it." Dinner music by Leah Brown, Vida Killion, A.E. McNeely, Billie Wood and the S/C choir with director Vernon Hagar.

The menus for the week are:

Monday - beef stew, tossed salad/french dressing, gingerbread, cornbread, butter and drink.

Wednesday - oven fried chicken, black-eye peas, stewed tomatoes, sliced peaches, bread, butter and drink.

Friday - swiss steak, pinto beans, greens, pears, cornbread, butter and drink.

Ruth Cartee, Director

### A THOUGHT FOR THE WEEK

"What a Beautiful Day!" How many times have you said it? When you said "what a beautiful day" it probably was exactly that. The sun was probably shining, the sky was probably blue as sapphire and the temperature was probably just right.

Did you ever stop to think you can say, "What a beautiful day it is!" even if it is gloomy outside and the sky is gray and the temperature is not what you like?

A beautiful day is the day you smile at a lonely-looking old man you pass on the street - the day you visit a sick friend - the day you wipe away the tears of a crying child - the day you do something "extra" for someone else. All these examples and others can contribute to a beautiful day - anytime.

In other words a "beautiful day" is any day that you give a little of yourself to another one of God's creatures.

### WHERE FAMILIES OF ONE-OR-MORE ARE WELCOME

What picture comes to mind when you hear the word "family"? Do you see a mother, father, and 2-3 children? What does a family look like?

Every family is unique. There are families with children, some with no children, some are single-parent families, and there are blended families. - where a new family is formed from former ones. Part-time families occur when a parent has custody on week-ends or during vacations. Families come in all sizes and in wide variation.

Your family - of one or more - is welcome with us. Though every family has its own specific set of problems and potentials, we all need Christ. His love and human caring. Let us meet your family this week!

# People n Things

**THANKS TO THE** Missouri-Pacific Railroad, the North Avenue D crossing is now in excellent condition. Workmen came to town last week and replaced half of the worn out timbers between the rails. And they returned last Monday and spent two or three days finishing the job.

The state highway department also came in to do a bit of smoothing of the pavement in the area of the crossing. We're sure all Cisco appreciates the smooth crossing.

**LITTLE MISS** Holly Ritchie, six-year old daughter of Mayor and Mrs. Eris Ritchie, got home from Hendrick Hospital in Abilene last Thursday. And she got a big welcome out at the Ritchie home. She had been in the hospital with a broken leg in traction for some three weeks.

Holly is now in a big cast for six weeks. Hopefully, she will be able to use a wheel chair and attend her first grade classes. In any event, she is delighted to be home.

**LOCAL TEMPERATURE** gauges registered 18 degrees early Thursday as a new cold wave hit during the night. The cold weather is not stopping members of Boy Scout Troop 101 from making plans for an overnight camp-out Saturday, Jan. 23, on a ranch near Breckenridge.

Scoutmaster Lloyd McGrew reports "we're going even if we have to dig in the snow for a camp site."

**BUSINESS SEEMS** to be picking up a bit every day out at the Scott Helicopter Crop Duster Works on the Lake Road. Mr. John L. Scott, you know, purchased the Cabaness place out there a year or two ago after selling his crop duster plant in Fort Worth.

Recently, Mr. Scott reacquired the business and has moved quite a lot of machinery here. While operating in Fort Worth, the Scott plant built and sold nearly 100 helicopter crop dusters. Now, they're busy turning out replacement parts to keep the machines operating.

Mr. Scott and his son, John F. Scott, are active in the helicopter business. They have a large metal building for the plant. Recently, they added a machine shop complete with a lot of costly equipment, including a metal lathe and a drill press. And they've been doing work for the oil industry since opening. They also do welding work.

## OBITUARY

### Services For Clara Kirkman Held January 4

Funeral services for Clara L. Kirkman, 84, of Abilene, were at 2 p.m. Monday, Jan. 4, at Elliott-Hamil Funeral Home, U.S. Highway 277, Abilene. The Rev. Oscar Fanning officiated. Graveside services were at 4 p.m. Monday at Moran Cemetery.

Mrs. Kirkman died at 11:20 a.m. Friday, Jan. 1, at Bur-Mont Nursing Center after a long illness.

She was born September 15, 1897, in Altus, Okla. She attended school there and married Samuel Burford Kirkman on January 25, 1913, in Cisco. He died in 1951. She moved to Abilene from Moran, where she was a member of Moran Baptist Church in 1962.

A brother, Alvie White, preceded her in death.

Survivors include two sons, Billy E. of LaCrescenta, Calif., and Samuel E. of Abilene; four daughters, Opal Brubaker of St. Petersburg, Fla., Martha Elliott of Huntington Park, Calif., Louise McCharen Trull and Anita Cain, both of Abilene; three brothers, Fowler White of Mullin, John White of Goldsmith and Ben White of Waco; a sister, Annie Spivey of Mineral Wells; 13 grandchildren; 10 great-grandchildren and two great-great-grandchildren.

Pallbearers were Jordan Wood, Roy McCharen, John Cain Jr., Scott Cain, Sam Kirkman and Neil Elliott.

Ray Anderson, recently of Albuquerque, is the machinist at the Scott plant. The Scotts hope eventually to begin turning out new helicopter crop dusters again.

**A NEW BUSINESS** in town is Patton's Auto Salvage at 709 East 8th Street in Cisco. They have a 24-hour wrecker service and deal in used auto parts. The Wilson Smiths drove in from New Mexico and a vacation during last Sunday's sandstorm. Miss Sheila Sawyers got her mouth wired with teeth straightening braces the other day. Mr. Barney Wheat, long-time Greyhound bus driver who has been laid up with a heart ailment for several weeks, was taken to Baylor Hospital in Dallas last weekend.

**SIXTY-THREE** people now live in the mobile homes at the new Morton Trailer Park west of town, Mrs. Ralph Morton tells us. Our scouts report that Rick Whately, the CHS teacher, still has gunsight trouble - missed a buck last Saturday. The Herrel Hallmarks have a dog that is half wolf and half German shepherd. And she's nice and gentle, a good watch dog, and likes children. The Truly Clarks of Ruidoso, N.M., spend their Christmas holiday vacation with friends and relatives in Cisco. The W.F. Collinses went out west for a holiday season visit with their two daughters and families.

**THE CISCO** Community Chest received a big boost Thursday when a local oil man dropped in and handed Treasurer Ron Patton a check for \$500. The total now is \$7,950. Mr. Patton reports. Sheila Dunlap, office secretary at the Chamber of Commerce for the past year or so, has resigned to accept a position at Cisco Junior College. And, we understand, the CoC is looking for another office secretary.

**A PHOTOGRAPHER** was about to "shoot" Elaine Dixon and as he adjusted the gadgets on his camera and was ready to pull the trigger, he said: "Say 'Cheese'." And said Elaine: "Sears instead of 'cheese'."

Seems natural since Elaine is the manager at the local Sears store.

Mr. Mobley is retiring Feb. 1 as the Callahan County veterans service officer, a post he has held for the past seven years. His more than 40 years of public office included 16 years as county commissioner from the Putnam precinct in Callahan County.

The Monday reception will be an informal come-and-go affair. State Rep. Joe Hanna will be present to greet Mr. Mobley and friends and to make a short talk. The public has been invited to attend.

Mr. Mobley was born March 15, 1904, in Hamilton County and has lived in the Putnam area since 1908. He recalls arriving in this region at age five with his family after an all-day and night train ride with their entire household, farm implements, livestock and the like. They off-loaded in Cisco and journeyed on to Putnam.

A veteran of WWII, Mr. Mobley spent 12 years in the hotel business. He became a county commissioner in 1945, serving until 1961. In 1960, he was president of the West Texas County Judges and Commissioners Association. His work in developing farm-to-market roads won considerable attention.

Mr. and Mrs. Mobley live on a farm near Putnam and enjoy good health. They are active in church and community affairs.

## Child Care Center Thanks Community

The Cisco Child Care Center expresses their sincere thanks and gratitude to the entire community for helping to make the past year one of the best. The Center children always enjoy a happy Christmas as Mr. Neal Moore has made it possible for "Old Santa" to be there the last two years and in the past other Santa helpers have come to the rescue. The Lions Club never forgets with the delicious box of fruit. The Center especially wishes to thank residents of the Cisco Nursing Center for making gifts for all the children. The Center has so many things to be thankful for, not only at Christmas time, but all through the year. The Center mothers never forget to volunteer to bring cookies, cupcakes, etc., on all holidays for all the children and workers to enjoy. The children love going to "Jesus Friends." The Center is grateful to the Lutheran Church ladies as they make this possible by coming to the Center every Thursday morning to pick up the children and bring them back. This is a wonderful project that the Lutheran Church sponsors and it helps the children learn more about God and His church. Also, the Center is very thankful for the contributions made to the Center throughout the year. If you have had only a small part in helping to make 1981 a happy year as well as a prosperous one the Center staff says thank you from the bottom of their hearts.

### First 4-H Meet Held January 4

The first 4-H meeting of the new year was held January 4, 1982. Tommy Donham brought the meeting to order then turned it over to guest speaker Mr. Woolham who is the County Extension Pest Control Specialist. He had a very good slide presentation on various insects. The meeting then went on to discuss money raising projects. Refreshments were served.

gram in a talk at their weekly luncheon last Wednesday noon.

Mrs. Bettye McGinness, president of the Cisco Parent-Teacher Organization, told Lions that her group was sponsoring the appearance of Marilyn Golightly of San Angelo in the Cisco public meeting that will be held at the Cisco Junior College auditorium. The state-wide program was organized by a committee created by Governor Clements and headed by Industrialist H. Ross Perot, Mrs. McGinness said.

"We want everyone--adults and young people--to know the marijuana story and the over-evil of drug usage," Mrs. McGinness said. She passed out leaflets dealing with marijuana and the drug evil.

President Jack Farleigh of the Lions Club told Mrs. McGinness that "our club stands ready to help the PTO in any way possible in this important program."

Secretary Ken Parker reported on the monthly meeting of the club's board of directors held Tuesday morning. He said the club will sponsor a high school student in the Lions district public speaking contest that will be held in the spring.

The board discussed plans to build a 40x50 covered picnic pavilion at the city park, Mr. Parker said. Materials for the project would cost some \$3,000. A committee will continue investigating the idea, he added.

The annual mid-winter conference of district Lions Clubs will be held Jan. 16th in Abilene, and local

members were urged to attend. Mr. Parker said the club has \$833 in its administrative fund and \$2,414 in the activity fund.
