

JERRY MORGAN

ALLEN MASTERS

First National Bank Gives Promotions

First National Bank in Cisco gave two promotions and placed an additional member on its Board of Directors at the annual stockholders meeting and organizational meeting of the Board, according to an announcement this week by bank president Lee Dick Woolley.

Jerry Morgan was promoted to Executive Vice President and named to the Board of Directors for the year of 1982. His addition to the Board brings the total number of Directors to six, one more than in the past. Other directors reelected to serve on the board are as follows: Dr. E.E. Addy Jr., Betty Fee Drumwright, Kitty Z. McCracken, William B. Wright Jr., and Lee D. Woolley.

Mr. Morgan, a B.S. graduate from Tarleton State University, has been employed by First National Bank since February 1, 1972. He became comptroller of the bank in January of 1973 and vice president in January of 1978.

He has a real estate broker license and is the Eastland County Fair Association treasurer, Rotary Club director, Cisco Welfare Association secretary, Chamber of Commerce director, president and director of Consumer Acceptance Company of Texas.

Allen Masters was promoted to Vice President and comptroller of the bank at the annual meeting. He is a 1975 graduate of Abilene Christian University and was employed by Citizen's

National Bank in Abilene following his graduation until February of 1981.

Mr. Masters then began working for the First National Bank in Cisco. He is a member of the Cisco Rotary Club and married Gabriela Garcia on August 15, 1981. His wife is employed by Southwestern Enterprises in Cisco.

President Woolley stated, "Jerry Morgan is experienced in most phases of the bank's operation. He will be taking more responsibilities in the loaning functions of the bank and in regulation/compliance with his new duties. In consideration of his experience, I feel he will be a welcomed addition to the Board."

"Allen Masters came to Cisco to train as comptroller for the bank to fill the vacancy of Mr. Morgan when he was transferred to the loan department," stated Mr. Woolley. He added, "He is doing an exceptionally fine job and has made a valuable employee."

First National Bank has posted its largest gain in the history of the bank, according to the bank president. He continued, "Not only in loans, but in deposits as well."

Mr. Woolley said, "The economy of the Cisco area is good and prospects for a continuing good economy are also good."

He reported to the stockholders meeting that the new bank building will be completed and ready for occupation in November of 1982.

Hall Of Remarks

by Herrel Hallmark

SUBSCRIBERS to The Cisco Press can tell when their personal subscription expires by looking at the address label at the top of their paper. The expiration date is changed whenever you pay on your paper delivery.

For example, on an address label such as the following, C-1-1-82

John Doe
100 5th Street
Cisco, TX 76437,
the subscription expired January 1, 1982. If your subscription has expired, you are urged to renew it since the publisher has said all unpaid subscriptions are to be stopped on February 1, 1982.

If you still do not understand how to tell when your subscription expires, call or come by The Cisco Press office and we will explain it again; however, be sure and bring a copy of your own address label.

IF YOU HAVE lost a set of keys, contact The Press office.

CONGRATULATIONS to Jack Kennedy, the local manager of West Texas Utilities for being pictured in The Electric Times as having served 35 years with WTU.

COTTON'S STUDIO was accidentally left off the Girl Scouts pictures in Thursday's paper concerning their Cookie Sales which began here Friday. James Cotton, local photographer, took the pictures for the local organization and was supposed to have received credit.

SPEAKING OF the Girl Scouts Cookie Sale, be sure and support this worthy organization and buy some of their delicious cookies. It is not like just donating your money and not getting

anything out of the deal for yourself, personally. In this case, you not only get the satisfaction of having donated to a cause but you also receive some great-tasting cookies to enjoy in your own home.

Support your local Girl Scouts and buy some cookies. If you don't, you will miss out on some good eating.

In Service

Navy Senior Chief Machinist's Mate Floyd A. Pruet, son of Arnold F. Pruet of Box 955, Putnam, and Mrs. Lester McDaniel of 1634 Hickory, Abilene, recently returned from a Western Pacific deployment.

He is a crew member aboard the guided missile cruiser USS Halsey, homeported in San Diego, Calif.

During the eight-month deployment, his ship participated in several joint exercises involving forces from the United Kingdom, France and Australia, as well as other U.S. 7th Fleet Units.

Port visits were made to Hawaii, the Philippines, Singapore, and Australia. The highlight of the cruise involved the rescue of a number of Vietnamese "boat people" from the South China Sea.

The Halsey is 553 feet long and carries a crew of 396. It is outfitted with guns, surface-to-air missiles and anti-submarine rockets.

Cisco Writer's Club To Meet Tuesday At 7

The Cisco Writers' Club will meet Tuesday, Feb. 2, at 7 p.m. for its regular monthly meeting. According to Viola Payne, program chairman, two prominent Abilene authors, Mrs. Juanita Zachry and Mrs. Joe Baldwin, will present "Tips on Marketing."

Mrs. Zachry, one of the founders and the first president of Abilene Writers Guild, has taught writing courses and has contributed

Primary Election Deadline Is Monday At 6

The deadline for entering the Primary election is Monday, February 1st at 6:00 p.m.

The offices that are open for election this year are the Criminal District Attorney, the County Judge, all five of the Justice of the Peace, the District Clerk, the County Clerk, the County Treasurer, and the County Surveyor.

LOVITA JANE SMITH

Local's Daughter Selected As 1981 Outstanding Woman

Mrs. Jane Grozier Smith of Cisco has been notified that her daughter, Lovita Jane Smith of Austin, has been selected as one of the Outstanding Young Women of America for 1981.

"The purpose of this awards program is to recognize the many young women like your daughter, who give their time, talents and unselfish service to enrich, the quality of American Life. Our board of Advisors selected your daughter from the thousands of nominations submitted by respected business and civic leaders throughout the country," states the letter received by Mrs. Smith.

Lovita was born in Cisco in 1951 and moved with her family to Wichita Falls to enter special education classes for the deaf at the age of 2½ years. She was graduated from Gallandet College, Washington, D.C. and is now an interpreter services specialist with the Texas Commission for the Deaf in Austin. Lovita's father was the late James E. (Gene) Smith and she is the granddaughter of Mrs. Sudie Grozier of Cisco and the late Mr. and Mrs. S.W. Smith.

articles to local, regional, and national magazines. Mrs. Baldwin has contributed articles to "Family Circle," "Southern Living," and other national family magazines.

Visitors interested in learning more about writers' markets are urged to attend.

Cisco Softball Assoc. To Have Special Meeting

The Cisco Softball Association will have a special meeting concerning the association's annual candy sales. The meeting will be held Tuesday, Feb. 2, at 7:00 p.m. at the Community Room of the First National Bank.

Newly elected officers request that all persons considering coaching teams this '82 season be present at the meeting.

Police Department Has Recovered Stolen Bicycles

The Cisco Police Department has a number of recovered stolen bicycles in their possession according to an announcement Friday. Acting Police Chief Raymond Blevins has asked that any person who has had a bicycle stolen to please call the local department and see if they can identify their bicycle.

The local department also recovered a stolen rifle here this week. It was reported to have been stolen from a local citizen. No charges were filed in the case.

C.J.C. Stage Band To Present Nostalgia Night

The CJC Stage Band, directed by Tim Jones, will present the seventh Nostalgia Night, Friday and Saturday, February 5 and 6, in the Roof Garden Dinner Theater, at 7:00 p.m.

The design of the program is basically the same as in previous years. Part of the program has been designed

Pet Owners Advised Of New Amendment For Keeping Dogs

Pet owners in the City of Cisco are being advised the Cisco City Council approved an amendment to the ordinance governing and regulating the keeping of dogs in the city.

The ordinance was passed on an emergency vote due to the complaints of citizens regarding the problems of stray and/or wild dogs. It went into effect immediately

City Election Set For April

The Cisco City Council approved a City election for Council member Places III and IV at the regular meeting of the Council Tuesday night. The date of the election was set for April 3 at the Corral Room.

Council Place III is presently held by Loyd Lundstrom while place IV is held by Bobby Rains.

Doug Fry was named as election judge with Earl Gorr as alternate. Ginger Johnson, city secretary, was named absentee voting clerk with Beth Prickett as deputy absentee voting clerk.

The first date for prospective council candidates to file for the election is Monday, February 1, at City Hall. The final date for filing is March 3.

Absentee voting by personal appearance will begin March 15. The last date for

Tuesday night.

City Manager Mike Moore stated Friday that probably within the next ten working days, "the City will instigate an aggressive animal control program regarding stray dogs and dogs at large."

The City will be using an off-duty police officer as animal control officer for Cisco. The local dog pound

absentee voting by personal appearance, or by mail, will be March 30.

Cisco Gun Club To Meet Monday

The Cisco Gun Club will meet Monday night, February 1, at 7:30 at the rifle range. A small building has recently been purchased and moved to the rifle range for this purpose.

Officers for 1982 were elected at the January meeting as follows: Lloyd Evans, president; Ronnie Ledbetter, vice president; Gordon Strawn, secretary-treasurer; and Jerry Boles, range officer.

All members who have not paid current dues are urged to do so as soon as possible.

has been restored and approved by the State Department of Health's regional State Veterinarian, Dr. James B. Henderson.

Mr. Moore stated he is aware of the past problems in regards to the local dog pound treatment of impounded animals. He emphasized such animals will now be treated humanely and fed at least once a day, with a plentiful supply of water always available. He added the pens will be kept in a sanitary condition.

The city manager said dog owners will be required to have their dogs vaccinated for rabies and licensed with a \$1.00 tax being charged for each dog a person plans to keep within the city limits. Mr. Moore said the local veterinarian, Dr. Vergil Patrick, can take care of all the requirements at his office.

The city will probably concentrate at first on the stray dogs and the semi-wild dogs which have been the most nuisance in the past, according to Mr. Moore. However, once that problem has been cleared up the city will begin looking at all dogs, including pets.

Mr. Moore said all pet owners should be aware that such a law concerning the keeping of pets exists and they should keep their pets under control, as well as take good care of them.

If a dog is picked up running loose, which has its tags and collar, an attempt will be made to contact the owner and let them know they can pick up their pet at the pound.

However, stray dogs (not

licensed or appearing to belong to anyone near) will be disposed of after three days at the city pound. An injection will be used to dispose of the animals.

Any complaints or problems regarding dogs and/or the animal control officer are to be handled through the local Police Department. The Chief of Police will have the primary responsibility for administering the program.

A complete copy of the ordinance concerning the keeping of dogs is printed elsewhere in this edition of The Cisco Press.

The City Manager stated as the program progresses and expands he will keep the public informed.

Mr. Moore said in other council action Tuesday night, council members approved a lease agreement and will begin accepting bids for the leasing of the miniature golf course at Lake Cisco park. They approved a revision of city employee personnel rules and procedures. The revision was an updated version of the 1974 rules and procedures.

The audit report and revenue sharing audit for the fiscal year 1980-81 was presented. Mr. Moore stated there were no particular problems regarding the audits.

Council members authorized the city manager to dispose of three surplus police vehicles. Mr. Moore was also authorized to pursue procedures for a bond election in order to finance a proposed 10-inch sewer outfall line in the western and northwestern parts of Cisco.

City Council members accepted some park playground equipment which was donated by the Cisco Civic League. Mr. Moore said the equipment had been delivered by Friday and will be installed shortly.

The equipment donated amounted to \$1,500 for the City Park. Items donated included the following: "6-swing" swing set, Adult bench swing set, 4 tot swings, 24 hangers, 3 sets of hand rings, 12 feet of chain, 32 "S" hooks, and approximately \$140 to \$150 worth of freight charges.

Mr. Moore also stated Friday that he and the mayor have talked to some local persons (shut-ins) who are interested in having a taxi service available in Cisco. He said the city would be happy to speak with anyone who would be interested in setting up a franchise in Cisco for a taxi-service.

He also said the city is soliciting comments from potential taxi users. Anyone who would like to make a suggestion on the taxi franchise, or use of a taxi, are asked to contact the city manager.

SUNBELT OIL & GAS

Wide Horizons

RANGER TIMES EASTLAND TELEGRAM CISCO PRESS
Ranger, Texas Eastland, Texas Cisco, Texas
Sunday, January 31, 1982

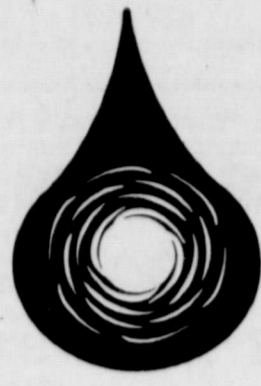

By Viola Payne

The oil development in Eastland County, like a magnet, is drawing businesses and investors to the area. One of the most amazing is the Dallas Sunbelt Oil and Gas Corp. and Subsidiaries, whose founders actually began drilling here before the major oil interest hit. The Corporation lists Dallas as its home address, and has 510 stockholders.

It also has a number of interesting public figures as Officers, Managers, and Directors. David A. Keener of Dallas is the President/Director, and other Directors include John B. Connally, former Lt. Gov. of Texas, Roy Christian, Midland oilman, Walter B. Hailey, businessman of Kerrville, Ted Eubank, C.P.A., and Roger Chapman, Independent oilman and Chairman of the Board.

The Corporation has placed its subsidiary well-servicing operation in Eastland, and a number of Eastland people hold Company offices. These include Gerald Bolting, Vice President and Plant Manager, Ron Cornwall, Plant Manager, Jimmy Dool, Vice President, Rodney Mitchell, Vice President and Director, and Clay Morris, Vice President and Engineer, who oversees all Sunbelt's various enterprises in the field.

Jim Sullivan of Breckenridge, owner of Tri-

Dallas Sunbelt's Registered Trademark Symbolizes the unique process contained in a single drop of petroleum.

ple S Dynamics Inc., is newly associated with Sunbelt, coordinating day-to-day activities at Sunbelt Tank of Eastland.

One associate noted: "This Company doesn't just have 'employees'. Our people are considered partners, and entitled to a piece of the action. And we have almost no turnover in our Company."

Operating on the premise of "The right people, the right place, the right time," this closely-knit Corporation is developing wells around the Ranger area and as far west as Taylor and Callahan Counties. Fifteen hundred acres of Sunbelt leases join the properties of Sun Oil Company. (No connection with Sunbelt). But - as President Dave Keener observed about the \$100 million waterflood project of Sun Oil - "You know, that water doesn't know where Sun's property stops and ours starts!"

Sunbelt already has about 66 producing wells in the area, with more being brought in.

"We are going after the low-risk, shallow wells," states Director Walter Hailey, a long-time partner of Dave Keener. "We will leave the deep and more expensive exploration to the big boys. We know our niche, and are very comfortable in it."

Their "niche", it is reported, contains one of the best petroleum Engineers around - Clay Morris, who came to Eastland from Denver about six years ago, when Kenner and Hailey became serious about oil. Almost every well the Company has drilled has become a producer, with only nine dry holes to date.

Petroleum producing is only part of the activity for Sunbelt. Last October a letter went out to oil and gas operators in Counties surrounding Eastland, offering complete well servicing.

A listing of the businesses included Sunbelt Well Service, Inc. Dool Roustabout and Construction, Mitchell's Electric Service, Pumping Units, Pipes and Supplies, and Sunbelt Tank Co. Inc., which manufactures all types of oil field or agricultural tanks right on the grounds. About 55 people, in all, are employed by the Companies in Eastland.

David Keener and Walter Hailey, the original partners, are considered the "masterminds" behind Sunbelt Corporation. They ride herd on business interests across Texas as naturally some of us ride to our own back pasture. Their drive and energy are legendary, with Keener being referred to as a "genius", and occasionally a "workaholic". Among their enterprises, Keener and Hailey with Gerald Bolting own a Television Station in Kerrville.

Both Keener and Hailey have families, with Keener's wife Marge and two daughters in Dallas. One of the daughters is a teacher, and the other a Co-ordinator for the League of Women Voters. Walter Hailey and his wife, Barbara, live in Kerrville. They have a daughter in California, two

sons in Austin, and one son at home.

Keener and Hailey, as young men, attended College. Keener graduated with a Degree from North Texas Agricultural College. (Now U.T. at Arlington). Hailey graduated from the University of Texas at Austin. During World War II Keener served in the Navy, while Hailey served in the Coast Guard.

After the War Keener became associated with Affiliated Foods, during the days when the Company consisted of independent grocers banding together for more buying power.

In 1961 the President of Affiliated Foods died, and Dave Keener (then known as the 'boy wonder') was appointed to fill his position. Keener remained at the head of Affiliated until 1965, when he left to form a Life Insurance Company with his friend Walter Hailey. With the name of "Lone Star Life Insurance", the partners built a large Company from a modest beginning. During that time they are reported to have formulated their "multiplier theory. It contained this philosophy: "If a thing is successful, repeat it!"

After 12 years, in 1972, the partners sold out their Company to K Mart for a large sum. Dave Keener purchased a 220 acre tract on Lake Leon - property called La Mancha Ranch - and went into semi-retirement.

At the ranch he restored cabins and developed the attractive property into a weekend retreat and a site for business meeting and conferences. It featured fishing, swimming, a wild game preserve with exotic animals and fowl, a miniature railway, tennis courts, swimming pool, and eating and sleeping facilities for 100 people.

After, spending a lot of relaxing time at this ranch, Dave Keener obviously became somewhat bored with retirement. A Thoreau-like life, fishing and inspec-

COMMENTS TO GO WITH SUNBELT OIL AND GAS:

By Viola Payne
These are men more indigenous to the southwestern part of the United States than anywhere else. In Russia they would probably be immediately banished to Siberia - even while the country was short on oil. But, if they didn't get salted down there, they would probably develop a successful business exporting wolf hides. (Then the Govt. would seize it, too).

In England their Corporation would undoubtedly be nationalized and gradually go under.

West Germany would probably applaud their enterprise, but force them to pay for a lot of Social Programs and 10% to Churches. In Italy their cars would probably be bombed, and if they escaped that the Red Brigade would shoot them.

But in the U.S. they can still take charge, prosper, and find some of the oil we need so badly. So they are part of our answer to the Middle East and its oil quotas.

QUALITY front end alignment at Jim Caldwell Motors 629-2636 314 W. Main Eastland

ting sunsets over the Lake, was a little too much decompression for a person geared to large enterprises. So he became interested in the shallow oil well activity in his vicinity. And the more he learned about it, the more opportunity he could see.

Over in Kerrville, where Hailey was living, the former partner was also ready for some new venture. So Sunbelt had its birth in several limited partnerships, begun in 1975, when Keener and Hailey became seriously interested in oil exploration.

According to Hailey, Keener is a student with concentration and probing. He tackled the oil business with concentration, burying himself in logs, maps, charts and text books. He studied every pay zone between Ft. Worth and Abilene, learning about sands and pressures. It appeared to him that Eastland County could become a re-born oil area.

"If the major oil companies had Keener's ability, they would find oil at half the cost," Hailey says.

The Ranger projects were labeled by numbers, beginning with 1. In March, 1976, Hailey and Keener put together a Limited Partnership called Ranger Drilling Service, Ltd. A dozen partners joined with them. A year later Ranger 2 was formed, with additional partners.

When a total of 32 wells began to pump, the partners pooled their properties to form a public oil and gas Corporation, creating Dallas Sunbelt. Since that formation, No. 3 and 4 Ranger projects have been completed. Oil prices have also been decontrolled, and wind fall taxes partially lifted. Ranger 3 produced 10 producing wells and no dry holes. Ranger No. 4, mainly

along the line of Eastland and Stephens County, produced 14 wells and 2 dry holes, with the 14 good wells being over the line in Eastland County.

At the present time Ranger No. 5 is being formed, which will include drilling to the west as well as in Eastland County. Plans for 1982 include 40 new wells, located in Eastland, Brown, Callahan, Medina, Runnels, Taylor, Stephens, and Dickens Counties.

"We are doing some drilling to the west, but Eastland shall definitely remain our headquarters," states Attorney Jim Farrar. "The oil opportunity in Eastland County is tremendous, and we like Eastland as a place to live. Our people want to be a part of this community."

"Although Keener lives in Dallas, he still enjoys La Mancha Ranch, and spends as much time there as possible. You could call those exotic animals his 'hobby' - he even gave some to Hailey and got him started."

Sunbelt, like some other Corporations, has been thinking about what it should put back into the community where it is located.

"A Corporation, like any other person, can't go through life just taking," states an Editorial in the Company magazine called Oilgram. "There has to be giving, or there is no balance".

One project the Company has sponsored is free Seminars on subjects involving business skills. At the first Seminar, held at La Mancha Ranch in November, 1981, Director Ben Barnes was featured as a speaker.

On a more personal level, Mr. Keener has set up a David Keener Scholarship Fund for Eastland High School - an Award to be given to a deserving Senior

Dave Keener and Walter Hailey

student each year. This two-year Scholarship will assist the student with College expenses.

Sunbelt Corporation has also been instrumental in the setting up of the Eastland County Development Corp., whereby the County can issue tax-free bonds to encourage business.

This type of optimism seems to permeate Sunbelt thinking.

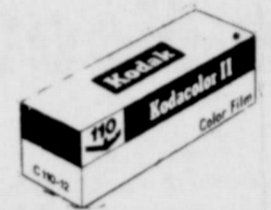

For the ability to ride with change, to be in control, and to recognize opportunity is part of the Corporation. And to this innovative group - the horizons of the southwest seem wide indeed.

SY TABOR AND SUE HALLMARK

Announces Engagement

Mr. and Mrs. Bob G. Hallmark of Cisco announce the engagement and approaching marriage of their daughter, Sue Hallmark, to Sy Tabor, son of the late Mrs. Bobbie Tabor and brother of Mr. and Mrs. Lonnie Payne of Midland.

The couple will be married at 4:00 p.m. Saturday, March 6, 1982, at the East Cisco Baptist Church.

The bride-elect is a graduate of Cisco High School. She is presently at-

tending Cisco Junior College where she will graduate in May 1982. She is a member of Phi Theta Kappa, Blue Jackets Service Club and Who's Who Among American Junior Colleges.

The prospective bridegroom is a graduate of Cisco High School and attended Cisco Junior College where he will graduate in May 1982. He was named to Who's Who Among American Junior Colleges.

MR. AND MRS. HENRY SCHAEFER

Mr. & Mrs. Henry Schaefer To Celebrate Anniversary

Mr. and Mrs. Henry A. Schaefer of Cisco will celebrate their 40th wedding anniversary at their home on Sunday, February 7th, from 2 to 4 p.m. The event will be hosted by their children, Ruth and Mr. and Mrs. Phil

Schaefer of Cisco. They were married on February 5, 1942. Both Mr. and Mrs. Schaefer were born and reared near Cisco, where they have lived throughout their marriage. They are members of the Greater Mountain Top United Pentecostal Church at Romney.

Friends and relatives are invited to attend the celebration.

Brady Leveridge In V.A. Hospital In Big Spring

Present for the delicious luncheon were Mrs. Ruth Gary of Baird, Bill Hargrove of Abilene, Don Hargrove of Comanche, Mr. and Mrs. Jim Hargrove, Kelli, Kami and Dusty of Cross Plains, Mr. and Mrs. Arlin Morgan, Mr. and Mrs. Lyn Hemphill and Brian and Cindy Arp and Kimberly of San Angelo, Mr. and Mrs. Glynn Morgan of Brownwood, Mr. and Mrs. Robert Tonne and Bobby Tonne of Cisco, Mr. and Mrs. Roger Tonne, Mr. and Mrs. Joey Fambro and Jaci of Breckenridge, Mr. and Mrs. Allen Lamb, Mr. and Mrs. Gary Lamb of Abilene, Lisa Ann Lamb of San Angelo State University, Mrs. Mary Alice Edwards of Moran, George Morgan of Abilene, Louis Morgan of Cisco, Millie Connel of Baird, Mrs. Terry Morgan and Jason of Midland and friends, Johnnie Ruth Webb of Abilene and Gene Maynard of Rising Star.

Brady Leveridge is reported to be in the V.A. Hospital in Big Spring. Mr. Leveridge celebrated his 86th birthday last Sunday. He is a veteran of World War I. Friends may address cards and letters to him in care of the hospital Floor 5, Room 521.

Walter Knowlden Presides At AARP Meet Thursday

Walter Knowlden, presiding at the first meeting of the American Association of Retired Persons since his election to presidency of the Cisco Chapter, introduced his appointed Committee Chairmen and other elected officials at the Thursday night meeting in the Corral Room.

Committee chairmen are: Legislative, Anton White; Community Service, Gertrude Besselaar; Program, Thelma Bosworth; Public Relations, Louise Allison; Membership, Marguerite Lane; and Nominating Chairman, Lela Lloyd. Other nominating committee members are: Bob Greer, Alberta Sims, Buryle Estes and Leah Lane.

Vice president is Ruth Brown; secretary, Sue Taylor; Treasurer, Velma Joyner and board of directors: Rose Knowlden, Gid Bowers, Tommie Ball, Thelma Bosworth and Anton White.

The business session followed the customary covered dish supper. Invocation was by Neal Moore. Fifty-three were present. Financial, membership and sunshine committee reports were given, and Anton White announced completion of the audit of the treasurer's books. Membership now totals 130. President Knowlden reported National AARP dues have been raised from \$4.00 to \$5.00; local dues remain at \$1.00.

AARP's project of assistance to the elderly in preparation of federal income tax forms and other federal tax matters, was discussed briefly by Roy Cartee, with promise of more information later. Cartee has been appointed Tax Aid Consultant for Eastland County under the AARP plan, by the Regional Coordinator, Vaughn Lawson, of Stephenville, and is attending IRS tax schools. In connection with State Property Taxes, Mrs. Louise Allison distributed copies of the "Taxpayers' Rights, Remedies and Responsibilities," a publication by the State Property Tax Board explaining the new property tax laws that are in

SCHOOL MENU

The Rust Processing Center is now in its new location. Only 1/4 mile West of the old plant on South side of Highway 80 between Cisco and Eastland. We would like to thank all of our customers for the past 14 years and hope to serve you even better in our new plant. We will be announcing our open house at a later date.

Quality Care IS... An untold story.

We think it's time you learned about the untold story of the nursing home professional and nursing home progress. Today there is a growing army of health care professionals who, though largely unheralded, perform an increasingly important service to our community.

They are the men and women who care for our aged. Doctors and nurses, physical therapists, dietitians, activity coordinators, nurses aides and administrative staff.

Rendering nursing home care is not the most glamorous side of the medical profession. These professionals receive little public recognition for their work in comparison to those who work in hospital centers.

But these dedicated professionals help ease the pain and loneliness of those they serve; and help our nursing home enrich the social and physical environment our residents need. Their job is difficult and often unappreciated.

That's why we invite you to learn their story. Visit our nursing home and see the job we do for our community.

Grand Jury Indicts Eleven Tuesday

Among the indictments handed down by the Grand Jury when they met Tuesday, was a murder charge against Charles LeFlore.

LeFlore is accused of the slaying of Debra Garcia from Cisco.

A bond hearing was held Wednesday for LeFlore with his bond being set at \$75,000.

A total of fourteen cases were considered Tuesday by the Grand Jury with eleven indictments returned, and one case was passed due to a lack of information. They also returned two no bills.

A person was indicted on two counts of forgery and theft over \$200 and under \$10,000 and burglary of a habitation. Other cases were burglary of a habitation, theft over \$200 and under \$10,000 and a felony DWI.

Also indicted were three Brown County 17-year-olds charged with burglary of a building in the January 22 break-in of the Eastland High School band hall. Earl Wayne Couch, Eric Marsh and Daymond Benson are charged with taking musical instruments and other items valued at about \$5,000.

Another indictment was returned for forgery and three counts of repetitious offenses with the same individual indicted for theft over \$200 and under \$10,000 and three counts of repetitious.

SEEDS FROM THE SOWER

By Michael A. Guido.

Metter, Georgia

Abraham Lincoln once wrestled with a man who was big, cruel and unfair. His foe wouldn't hit a man when he was down, he would kick him and stomp him.

Lincoln grabbed him with his long arms, lifted him over his head, and shook him, saying, "Play fair, will you? If you win, win! If you lose, lose! But do it like a man!"

There is little use being fervent in spirit if you are not fair in sports. Your religion should be seen in the arena as well as in the assembly, on the play ground as well as in the prayer meeting, in the market place as well as in the holy place.

Some people want a religion that will make them feel respectable, but does not require that they be respectable. But a religion that costs nothing and changes no one is of no value.

Too many have been inoculated with small doses of religion which keeps them from catching Christianity.

But if you have the real thing you will be decent and true in everything you do.

WARNING

AREA ALERTNESS REGARDING A NEW FORM OF PRESENTING ILLEGAL DRUGS

THE FOLLOWING INFORMATION HAS BEEN BROUGHT TO OUR ATTENTION. WE URGE YOU TO TAKE NOTICE: YOUR ALERTNESS AND PROPER EDUCATION OF YOUR CHILDREN COULD KEEP THEM FROM SERIOUS DAMAGE OR EVEN DEATH.

We have been informed that a form of tattoo transfer called "Blue Star" has become readily available in neighboring states and communities and may very well be here in Ranger. This is a small sheet of white paper containing numerous blue stars the size of a pencil eraser. Each "star" is impregnated with L. S. D. and can be removed from the paper to be placed in the mouth. Absorption can also occur through the skin by simply handling the paper or tattoo.

There are also brightly colored paper tabs resembling postage stamps in size,

which have pictures of Superman, Mickey Mouse (dressed as a sorcerer's apprentice), Dopey, and possibly other Disney characters.

The stamps are packed in a red cardboard box with a picture of Mickey Mouse, wrapped in foil in a clear zip lock type bag. They come in five-inch square sheets with one hundred perforated 1/4 inch square stamps.

This is a new way of selling ACID. A young child could happen upon these and have a fatal trip. It is also feared that little children could be given a free "Tattoo" by older children who want to have some fun at someone else's expense. It is important that all parents and students be alerted in case their children or brothers and sisters should become involved in such a scheme, even in an innocent way.

Parents, this is particularly for you information. PLEASE BE ON THE ALERT. This message is not intended to alarm anyone simply to ALERT and INFORM. Our children are our most precious possessions.

Eagle Airlines to begin operation Monday Feb. 1

Eagle Commuter Airlines will begin operations into Eastland Airport Monday, Feb. 1 at about 7:30 a.m. with a \$39. one-way fare to D-FW, for a 40-minute flight.

The company will be flying the twin engine, eight-passenger Islander with two pilots, and landing at D-FW at Braniff's Gate Two, convenient for all connections. Several new three engine Tri-Islanders, a 16 passenger craft, are to be delivered to the airline starting in March. Eagle is a sister airline to Centex, Carl Gibbs, director of operations reports. Linda Sanderson is director of

sales. Eagle Airlines can sell a ticket and make connections with other airlines so that an Eastlander can travel most anywhere on the one ticket.

The temporary schedule is being worked out with a permanent schedule to be announced when government approval is received. It is difficult and takes time to get a permanent schedule approved that includes going into the very busy D-FW Airport.

Eagle presently serves Brownwood, San Antonio, Waco, Del Rio, and Houston and is starting service to Corpus Christi.

Sunday, January 31, 1982

WORD of GOD

Parable of Jesus - part #2

Now the parable is this: The seed is the word of God.

Those by the wayside are they that hear, then cometh the devil, and taketh away the word out of their hearts, lest they should believe and be saved.

They on the rock are they, which, when they hear, receive the word with joy; and these have no root, which for a while believe, and in time of temptation fall away.

And that which fell among thorns are they, which, when they have heard, go forth, and are choked with cares and riches and pleasures of this life, and bring no fruit to perfection.

But that on the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience.

Luke 8:11-15

Glen & Merle Hubbard

Eastland CofC Names Hubbards As Farm Family

Glen and Merle Hubbard were recognized as the outstanding farm family in the Eastland area by the Eastland Chamber of Commerce at the Golden Deeds Awards Banquet Thursday night.

The Hubbards live at 801 West Moss Street in Eastland. Their ranching operation is composed of 3,200 acres of ranch land and a herd of 150 to 175 registered Angus cattle. The main part of the ranch is the Grover Collins estate, 2,600 acres located southeast of Eastland. They own 600 acres of land near Rising Star. Merle is a daughter of the late Mr. and Mrs. Grover Collins.

The Hubbards have done an exceptional job of soil conservation, range land improvement and improvement of cattle through performance testing and selective breeding.

Some 22 years ago they began operation of the Collins ranch. At that time the ranch was infested with brush and was overgrazed to the point that it would support only 100 head of cattle. Now, after controlling

undesirable brush, establishing improved and native grasses, building more cross fences and constructing water ponds, the ranch will support up to 200 head of cattle and have plenty of grass left for drought years. Because of his work in improving the ranch Glen was named the outstanding Conservationist of zone 5 by the Upper Leon Soil and Water Conservation District in 1977.

The Hubbards cattle herd is recognized as one of the top Angus herds in the state. Glen initiated a gain performance test of Angus bulls in Texas. This has helped cattlemen over the state to select bulls that have faster,

more efficient gaining ability. One year the Hubbards had the champion gain test bull in the state. This year they have seven young bulls in a gain performance test at Cook College in Gainesville. One of their bulls is leading the gain test at the present and six of the seven are in the top 1/2 of the test.

This weekend Glen will be installed as vice-president of the Texas Angus Association. This will lead to the office of president of the state association in two years. He has served as president of the Leon Valley Angus Association for the last three years and is a director for the Mid-Tex Angus Association.

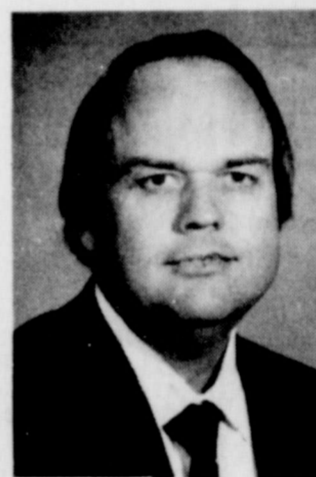

For 35 years Glen has been a soil conservation contractor working in a large part of Texas and New Mexico.

Merle is just as involved in the ranch work and management as is Glen. She does all the bookkeeping for both the ranch and the contractor business. Record keeping and paper work is one of the very important jobs of a registered cattle business.

Merle grew up on the ranch near Eastland and Glen is a native of Brown County. Merle taught school at Rising Star and at one time was assigned the job of coaching junior high boys football team. Under her coaching the team won the district championship.

The Hubbards have donated heifers to Tarleton University to help establish an Angus herd there and annually support youth in livestock shows and educational activities. They are members of the Methodist Church.

Lynn Nabers seeks re-election

State Representative Lynn Nabers of Brownwood announced today that he would be a candidate for re-election.

Nabers, Chairman of the Criminal Jurisprudence Committee, stated, "I would like to thank the people of the 55th Legislative District for the opportunity I have had to serve this area. I would like to continue to represent this part of the state in our new legislative district which is now composed of Brown, Coleman, Comanche, Eastland, McCulloch, and Runtels counties. Nabers is currently serving as chairman of the Criminal Jurisprudence Committee and also is serving on the Financial Institutions Committee and the Calendars Committee.

Nabers said he believes that the decade of the eighties will be a trying time for state government. "I feel," he said, "that I have enough experience and seniority to be able to help with the solutions. I ask for the continued support of the people in Central Texas."

Representative Nabers is married to the former Mary Scott of Cross Plains and they have two sons, Scott and Tim. He is a partner in the law firm of Day, Nabers & Smith.

District alignment is still a matter of indecision.

OILFIELD DISPATCH

Pumping 90 barrels of oil per day, open choke, the No. 5 C.W. Stroebel has been fined in Eastland County's Madewell Field nine miles southwest of Cisco. Nimrod Operating Co. of Cisco is the operator.

The well encountered the top of the producing Cross Cut Formation a 1,349 feet and bottomed at 1,380. It will produce from perforations 1,350 to 1,352 feet into the wellbore. Drillsite was in a 180-acre lease, HT&CRR Survey.

Stake has been driven for four new oilers in Eastland County's East Nimrod Field.

All four carry permit for 1,500-ft. total drilling depth, and all are situated about three miles northwest of the Romney townsite.

The wells are designated as the No. 5, 6, 7 and 8 R.P. Morton. They are scheduled for spudding in a 160-acre unit in the H&TCRR Survey and are aimed at either gas or oil pay in the Patio Formation.

The No. 44 L.C. Norwood has been successfully completed in the Eastland County Regular Field, 4.5 miles southwest of Ranger by Sun Exploration and Producing Co. of Abilene.

It pumped at the rate of 10 barrels of crude per day after being perforated at an interval 3,389 to 3,414 feet into the hole. Top of the Caddo producing formation was encountered at 3,389 feet, and the well continued to total depth of 3,535 feet.

Location was in a 751-acre lease block in the John York Survey.

Shaw Petroleum of Breckenridge has filed first production figures for the No. 1 Dillinder "F," a newly completed oiler in Eastland County's North Desdemona Field.

Drillsite was in a 20-acre lease in the McLennan County School Land Survey, six miles out of Gorman. After bottoming at 3,180 ft. total depth, the well was perforated to produce from an interval in a Conglomerate pay horizon, 2,990 to 2,991 feet into the wellbore.

The No. 4 Kirk, with indicated daily potential of 48 barrels of oil, has been completed in the Northwest Ranger Field by Dallas Sunbelt Oil and Gas Inc.

In addition to crude, the well showed potential for 60,000 CFD casinghead gas. Location is in a 329-acre lease block in Eastland

County's Henry Rogers Survey, three miles southeast of Gorman.

Bottomed at 3,767 feet, the well will produce from a perforated interval 3,302 to 3,386 feet into the hole.

Pumping 50,000 barrels of oil and 150,000 CF casinghead gas per day, a new producer has been brought on line in the Eastland County Regular Field, five miles north of Eastland. Robert E. Byrne, independent from Lubbock, is the operator.

Designated as the No. 1 Sneed "A," the well is in a 47-acre lease, H&TCRR Survey. It bottomed at 3,833 feet and will produce from perforations 3,773 to 3,781 feet into the wellbore.

Operating out of Fort Worth, Command Energy Corp. has completed the No. 1 Price in Eastland County's Shoaf-Mergner Field, five miles east of the Carbon townsite.

It showed daily potential of 322,000 CF natural gas per day on a 1-in. choke. The absolute flow rating came in at 670,000 CF. Location is in a 95-acre lease in the H&TCRR Survey.

Command took the well to 3,440-ft. bottomhole and perforated for production in the

Marble Falls Formation, 2,958 to 3,320 feet into the wellbore.

The same operator has completed a gasser in the Adrienne Field two miles north of Carbon. This new producer showed potential to make 149,000 CF gas per day on a 1.25-in. choke and registered 290,000 CF on absolute open flow.

The well went to 3,700-ft. bottomhole and will produce from Marble Falls Formation perforations 3,368 to 3,598 feet into the hole.

Drillsite is in a 149-acre lease in Eastland County's H&TCRR Survey. The well is designated as the No. 1 Gregory.

Breckenridge's Ridge Oil Co. has posted first production figures for two new oilers in the Northwest Ranger Field. They are the No. 1 Hill, five miles northwest of Ranger, and the No. 1 G.H. Turner, four miles north of the city.

The Hill well bottomed at 3,950 feet and showed potential for seven barrels of oil per day, pumping open choke. Production interval will be 3,501 to 3,528 feet into the hole. Daily potential of seven barrels of crude and 70,000 CF casinghead gas was indicated.

The Turner went to

3,875-ft. total depth and was perforated to produce from an interval 3,402 to 3,428 feet. The well showed potential for four barrels of oil and 80,000 CF gas per day.

Both wells will produce from the Marble Falls Formation. The Hill is in a 138 acre lease in the S.J. Williams Survey, while the Turner is in a 110-acre lease in Eastland County's F.M. Harms Survey.

The Jones Co. of Albany has staked drillsite for the No. 1 Yeager "3176," a developmental probe into the Eastland County Regular Field, seven miles northwest of Cisco. With either oil or gas pay as the target, the well is located in a 160-acre unit in the TE&L Survey. Total projected depth is 4,300 feet.

A Dallas operator has filed for permit to drill a developmental well in the East County Regular Field seven miles north of Desdemona. It will be the No. 1 Raymond Skaggs, with projected total depth of 3,550 feet. Location is in a 142-acre lease in the Thomas A. Howell Survey, AKO Production is the operator.

Location has been staked for a 4,200-ft. development well in Eastland County's D.R.S. Field, 10 miles northwest of Cisco. EnRe Corp. of San Antonio is the

operator. The operation will be in a 640-acre lease in the SPRR Survey. The well will be known as the No. 4 Mitcham "G."

Ridgeway Oil Exploration of Abilene has filed for permits to drill two developmental oilers in the East Nimrod Field three miles northwest of the Romney townsite. The wells will be known as the No. 14 and No. 15 R.P. Morton, both scheduled for 1,500 feet of hole. Locations are in a 160-acre lease in Eastland County's H&TCRR Survey.

Abilene-based Sun Exploration and Production has completed a marginally successful oiler in the Eastland County Regular Field 4.5 miles southwest of Ranger.

Designated as the No. 37 L.C. Norwood, the well showed ability to pump two barrels of oil per day, along with a small amount of casinghead gas.

Located in a 751-acre lease, the well went to total depth of 4,050 feet. It will produce from a perforated interval 3,408 to 3,443 feet into the wellbore.

Walter Exploration Inc. of Dallas has filed first production figures on a new gas wildcat. The No. 1 King-Lanham showed potential to make 449,000 CF per day and absolute open flow estimated at 950,000 CF.

The operator has 40 acres leased, with drillsite in Palo Pinto County's R.M. Ford Survey, five miles south of Santo.

The well will produce from an interval 3,509 to 3,532 feet into the wellbore. Total drilling depth was 4,300 feet.

At a location one mile east of Grafrod, Seatex Energy Corp. of Graham has finaled a new oil producer in Palo Pinto County's E. Grafrod Field.

PETROLEUM BUILDING
V.I.P. SERVICE MEMBERSHIPS AVAILABLE!

The following services, designed to meet the needs of the Petroleum Industry, and related service companies are now being offered through the Petroleum Building in Eastland. If your offices are out of town, you are a one-man show, you are here part-time, or now and then, let us be your staff. We offer fast, courteous service for an hour, a day, a week, a month, or a lifetime, custom designed to meet your particular needs.

Our staff and facilities offer:

Complete secretarial services. We will type one letter, or prepare a full package at your command. Book-keeping, by the job or the hour. Let our competent staff prepare your press releases, Railroad Commission Reports, file Permits, search and compile County records, collect data from Petroleum Information, (members of P.I. only), payroll, statements, Quarterly Tax reports, Oil and gas leases and filing, and map duplications. Additional services are available, such as, postage meter, photocopies, package wrapping and mailings, bank reconciliations, Notary Public, and obtaining price quotes on services or supplies. When you don't have the time or staff to hunt or prepare for your immediate needs, let us do the details. It will save you time and money. For those of you operating an office in Eastland, your membership will insure you temporary coverage during your staff's vacation or absence. Why get behind when you can get ahead by joining the Petroleum V.I.P. Services now?

Memberships will be limited. Your membership also offers full Board Room and Conference facility availability. The Board Room will be available by reservation. Seating capacity 50-60 with theatre seating, conference table seating up to 25. Furnished with podium, projector screen, slide carousel or 16 mm projectors, presentation easels, chalk board, note pads, pens, pencils, place cards, ashtrays, name tags, coffee or soft drinks. Private restrooms will be provided. If desired, a confidential secretary will be available for minutes or meeting records.

Your next conference should be in the board room of the Petroleum Building. Why pay for the extras, all the time on a square footage basis, when you can have the finest for less? The V.I.P. services will begin November 1, 1981. The membership fee will be \$150.00 per year for charter member (limited to fifty members) and after charter, memberships will be \$250.00 per year. Membership will be limited to insure the quality and availability of the facilities. The Petroleum Building will be open for your inspection the last week of October. Stop by and file your membership application now!

in-

The well is designated as the No. 7 D.L. Hart, producing oil at the rate of 49 barrels per day on a 1/4-inch choke.

Location is in a 429-acre lease in the TE&L Survey. Bottomed at 4,378 feet, the well will produce from perforations 3,084 to 3,190 feet into the hole.

The No. 6 D.L. Hart was finished by Seatex Energy Corp. It is a gas developmental well in the E. Graford Field, one mile east of Graford. Drillsite is in a 429-acre lease in Palo Pinto County's TE&L Co. Survey.

Daily potential of 47,700 CF was posted with the Railroad Commission. The well went to a 4,319-ft. bottom, and top of pay zone was logged at 3,083 feet. Production will be from perforations 3,083 to 3,174 feet into the wellbore.

A 4,800-ft. developmental well is planned by Wes-Mor Drilling Inc. of Graham at a drillsite three miles north of Graford, Palo Pinto County. The location is in a 234-acre lease in the T.E. & L. Co. Survey. Well's designation is the No. 4 Green. It is in the Palo Pinto County Reg. and S. Graford Fields.

Lariat Oil & Gas Co. Inc. of Mineral Wells has filed for permit to drill the No. 2-C Coalson, a 4,500-ft. wildcat

eight miles north of Gordon. Location is in a 519-acre lease in Palo Pinto County's G. Stewart Survey.

A Woodlands-based operator has staked location for the No. 2 Clayton "C", a developmental well to be located seven miles northwest of Oran. With projected total depth of 4,900 feet, the well is in a 240-acre lease in Palo Pinto County's Palo Pinto Co. Reg. Field, Texas Emigration & Land Board Survey. The operator is Mitchell Energy Corp.

Echo Production Inc. of Graham has revealed plans to drill a 1,500-ft. developmental well in the Palo Pinto Co. Reg. Field. The operator has 40 acres leased, with drillsite in Palo Pinto County's James Dimpkins Survey and has designated the venture as the No. 1 Parker McClure. Drillsite is 1.5 miles south of Mineral Wells.

Chester R. Upham Jr. of Mineral Wells has filed for permit to drill the No. 1 Industrial Foundation, a 4,800-ft. wildcat one and one half miles east of Mineral Wells. Location is in a 172-acre lease in Palo Pinto County's T&P Ry. Co. Survey. The Industrial Foundation well is in the East and South Mineral Wells Field.

DON'T POINT YOUR FINGER AT THE ENTIRE OIL INDUSTRY!

By The Texas Oil Marketers Association

Newspapers across the nation recently stated that a congressional report has indicated that "virtually all the growth of the U.S. economy is flowing into oil company treasuries—at the expense of the rest of the country."

The report is by the staff of the House Energy and Commerce investigations subcommittee. It said that of all the increased profits recorded by all Fortune 500 companies between 1978 and 1980, 98 percent went to energy-related companies.

These type of reports are grossly unfair to hundreds of small, independent "oil companies" in Texas who have suffered continuing declines in profits over the past few years, and are struggling to survive.

The problem that exists is one of definition.

"When a newspaper, public official or report refers to an oil company, most people seem to identify everyone in the industry with that connotation," says Perry N. Bolin, President of the Texas Oil Marketers Association.

Bolin's group represents over 850 "oil companies," but these firms are usually very small businesses serving local areas. They own, supply or operate branded and unbranded service stations and convenience stores, as well as providing the vast majority of fuel for agriculture, energy production and commercial users. They are commonly referred to as marketers, wholesalers, jobbers or distributors.

"Our members have been severely hurt by the high interest rates, continuing inflation, the high cost of gasoline and diesel fuel that we have to pay the refiners. Our segment of the industry has seen substantial changes in marketing in the past few years that have been detrimental to small oil companies."

Bolin takes issue with congressional reports indicating that the "oil industry" is reap-

ing substantial profits at the expense of the public.

"Our members are the firms responsible for getting product from the refiners to the service stations and commercial or agricultural accounts. We supply two-thirds of the service stations in Texas, own a third of those and control leases on a large percentage," Bolin explains.

He notes that refiners determine the price that marketers must pay for product and that it is usually the marketers and dealers who end up reducing their profits in order to maintain a competitive posture at the pump.

The TOMA president stresses that his segment of the industry has been suffering financially for several years.

"These reports about increased profits must refer to large oil companies that are very diversified. Surveys about our members' businesses show they are suffering financially," he said.

A survey conducted by TOMA's national association, comparing 1979 financial information on marketing to 1978 indicates a bleak picture for their segment of the industry. It shows:

—42% had a negative cash flow in 1979.

—Nearly 60% do not expect their business to survive more than 5 years under present operating conditions.

—Another survey recently indicated that 52 of the companies' profits are down from a year ago.

"These are the oil companies that have direct contact with consumers . . . and who usually take the blame for shortages, high prices or unfounded accusations of excessive profits."

"The public needs to understand that the local oil companies that own bulk storage plants and supply and operate service stations should not be identified with

Fortune 500 companies," Bolin said. "They are struggling to provide the best service they can, at the most reasonable price, keeping alive that key element of competition in the marketplace."

The Texas Oil Marketers Association has initiated a program to explain the marketing segment to the public. Any civic or social club that would be interested in a speaker or literature can contact TOMA, 701 W. 15th St., Austin, Texas 78701 512/476-9547).

INTERNATIONAL ROYALTY & OIL CO. REPORTS FISCAL 1981 RESULTS

International Royalty & Oil Co. today reported the following audited results for Fiscal 1981 with year-earlier comparisons indicated:

Year Ended September 30
Revenues 1981 \$566,196;
1980 \$453,888.

Net Earnings 1981 \$88,234;
1980 \$147,133

Earnings Per Common Share 1981 \$.01; 1980 \$.02 (1)
Common Shares Outstanding 1981 6,580,369; 1980 6,014,863 (1)

(1) Restated to reflect a 3-for-1 stock split on June 9, 1981.

Ivan W. Webb, Vice President of International Royalty & Oil Co. in reporting results said that the net earnings for the year were impacted substantially by the windfall profits tax. That new federal tax cost International Royalty approximately \$110,000. This was in addi-

Preparing the soil for the garden by Ted Brice

We all want to grow the biggest and best whether it be vegetables or floral. The basic way to accomplish this is to provide the plants with the type of soil that fulfills all of the plants requirements. First we must learn what we have available in our soil. This is done by having the soil tested. You can do this yourself with a home soil testing kit or you can take samples of your soil to your county agent and have them test it for you.

Your basic composition of good planting medium is 1/3 sand, 1/3 compost, and 1/3 perlite or vermiculite. A good grade of peat moss may be substituted for the compost. In an article written earlier, I discussed the various types of compost listing the advantages and disadvantages of its use.

The porosity of the soil should be a slight bit less than 50%. This allows air and water to reach the roots.

At this time an application of limestone and super-phosphate should be added to the soil at the rate of five pounds to each 40 bushels or two cubic yards of planting medium.

Be careful when adding animal manure that has NOT been fully composted. Animal manure that has not been fully composted can burn your plant material and tie up the nitrogen that is in the soil.

All soil should be sterilized at least every two years. This is especially necessary in this area because at one time we had cotton planted in our soil and there can still be the disease of cotton rot left in the soil. The best way to sterilize large or small areas is through the use of Vapon.

To plant our vegetables or florals in raised beds or level beds is a debatable point depending on your wants and needs. With raised beds you can control the wetness of your bed. The raised bed allows for better drainage than the level beds that will pick up all the run-off from rains. With raised beds you can also control the medium much easier than in level beds.

By following these suggestions of sterilizing your soil you can control the weeds, diseases, and soil born insects. With the proper combinations of 1/3, 1/3, and 1/3 along with the raised beds, you should get your plants off to a good start for the best growing season possible.

GOOD GARDENING UNTIL NEXT WEEK FROM YOUR "GARDEN EDITOR" TED BRICE.

Ebb Grindstaff to speak for Lions

Everett J. "Ebb" Grindstaff of Ballinger, First Vice President of the International Association of Lions Clubs, will be principal speaker at the 60th Anniversary Meeting of Cisco, Eastland and Ranger Lions Club to be held Feb. 11th at the Corral Room in Cisco.

The banquet meeting will begin at 7 p.m. and Lions from throughout this area are being invited to attend this special event. Tickets are available from members of the clubs in Cisco, Eastland and Ranger.

"EBB" Grindstaff was elected First Vice-President of The International Association of Lions Clubs at the Association's 64th Convention held in Phoenix, Arizona, U.S.A. in June, 1981.

Vice-President Grindstaff, a practicing attorney and city attorney of Ballinger, served as an International Director of the Association from 1972-74. He was also President of his home Club, the Ballinger Noon Lions Club; a District Governor; Past President of the Texas Lions League for Crippled Children; and has chaired several committees at Lions Conventions.

For his efforts on behalf of

Bar of Texas, Past President of the Blalinger Chamber of Commerce and Past District Chairman and Past District Commissioner of the Tri-Rivers District of Concho Valley Council of Boy Scouts of America.

He and his wife, Jeannette "Jay", have two children, Jeff and Michelle.

Art Assoc.

The Eastland County Art Association will meet Thursday, February 4th with Sarah Shelton of Bangs as guest artist. The meeting will be held in the Texas Electric Ready Room beginning at 7 p.m.

Sarah, who began painting in 1972, has paintings exhibited in several art galleries in Texas and New Mexico. She has taken work shops under Laura Howell of Houston, George Covach of Stephenville and Harold Scott of Oklahoma.

Sarah will paint a Bluebonnet landscape at Thursday's meeting.

Cisco blood drive set for February 3

A Cisco Blood Drive sponsored by the Cisco Civic League will be held on Wednesday, Feb. 3, 1982, at the E.L. Graham Memorial Hospital. A team of laboratory technicians from Mary Meek Blood Center of Abilene will be present from 9:00 a.m. to 3:30 p.m.

To date, the units of blood owed to Mary Meek Blood Center have been gradually reduced, and the Cisco citizens cannot be commended enough for their outstanding support of this ever so important project.

Due to Federal Drug Administration legislation, there are no longer routinely paid donors; therefore, blood donors must be solicited on a voluntary basis.

So necessary is this blood, for life itself, every appeal for your continued support is sincerely offered and appreciated. Please be aware of the following when preparing to give blood:

1. All donors must be age 18 or older; there is no age limit, only that each donor is healthfully able to give blood.
2. Blood donors should eat normally, and are encouraged to do so before giving blood.
3. No medication should be taken 18 hours prior to donating blood.
4. No medication should be deleted without checking with the prospective donor's own doctor.
5. Any person who has been sick or had a cold within the last seven days prior to donating blood, should not donate blood.
6. Any person who has had ears pierced within the last six months at any place other than a doctor's office should not donate blood.
7. Any persons who has been in Southeast Asia in the last three years should not donate blood, due to malaria possibilities.
8. Any woman who has menstruated in the last three to four days prior to donating blood should not donate.
9. A woman who is pregnant, or suspects pregnancy, should not give blood, and should not do so until six weeks after termination of pregnancy.
10. Persons can donate blood every two to three months, with no foreseen problems, although it is hopeful to not have to call on the same donors nearly this often.

For further information call Bob Conner at 442-3951 or Ruth Heidenheimer at 442-1777.

PUBLIC NOTICE

CITY OF CISCO, TEXAS REQUEST FOR BIDS

The City of Cisco is accepting bids on the lease of approximately one (1) acre of land known as the old miniature golf course, located in the park area below Lake Cisco Dam. The lease is for a five (5) year period with an additional five (5) year option. The lease agreement is available for review in the City Secretary's office during normal working hours. Bidders are restricted to non-profit service clubs of Cisco, Texas who must renovate and operate the miniature golf course in accordance with the lease agreement, with all net profits to be designated to service club-oriented charitable projects.

Bids will be awarded by the City Council at their meeting at 7:00 p.m. on Tuesday, February 9, 1982, at City Hall. Bids must be turned in to the City Secretary prior to 5:00 p.m. of that day.

The City Council reserves the right to reject any or all bids, to accept the proposal of any bidder, and to waive any or all informalities.

City Secretary

ORDINANCE NO.
0-1982-1-28

AN AMENDMENT TO THE ORDINANCE GOVERNING AND REGULATING THE KEEPING OF DOGS IN THE CITY OF CISCO, PROVIDING FOR A TAX ON EACH DOG, PROHIBITING DOGS FROM RUNNING AT LARGE, PROVIDING FOR IMPOUNDMENT OF DOGS AND IMPONDMENT FEES, REQUIRING RABIES VACCINATION, PROVIDING FOR THE DISPOSITION OF IMPOUNDED DOGS, PRESCRIBING A PENALTY, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS:

SECTION 1. Definitions

(a) Dog shall mean either a male or female of the canine family (canis familiaris), live or dead.

(b) Owner shall mean any person or firm who owns, keeps or harbors a dog or allows the animal to remain about his premises for a period of 10 days.

(c) Harboring shall mean the act of keeping and caring for a dog or providing a premise to which the animal returns for food, shelter or care for a period of 10 days.

(d) Vicious Dog shall mean any dog which has on one previous occasion without provocation attacked or bitten any person or other animal, or any dog which local authorities have reason to believe has a dangerous disposition likely to be harmful to humans or other animals.

(e) Stray Dog shall mean any dog for which there is no reasonably identifiable owner or harboree.

(f) Running at Large shall mean not completely confined by a building, wall or fence of sufficient strength or construction to restrain the dog, except when such dog is either on a leash or held in the hands of owner, or under direct supervision of the owner within the limits of the owner's private property. Dogs within the confines of the vehicle of its owner shall not be deemed as running at large.

(g) Vaccination shall mean an injection of a vaccine, approved by the state and administered by a licensed veterinarian.

SECTION 2. Rabies Control

(a) The owner of any dog within the city limits shall be required to have such dog vaccinated for rabies at the age of three (3) months, again at the age of twelve (12) months, and annually thereafter.

(b) Upon vaccination, the veterinarian shall furnish to the owner a certificate upon a form furnished by the veterinarian. The certification shall state upon a form furnished by the veterinarian. The certification shall state the owner's name and address, description of the dog vaccinated and the date of vaccination. It shall be unlawful for any

person to use for any dog a vaccination certificate that has been issued for another dog.

(c) Concurrent with the issuance of the vaccination certificate, the owner shall cause to be attached to the collar of the vaccinated dog a metal tag, serially numbered to correspond with the vaccination certificate number, and bearing the year of issuance and the name of the issuing veterinarian and his address. The owner shall cause the collar, with the attached metal vaccination tag, to be worn by the dog at all times the dog is outside.

SECTION 3. Licenses
(a) It shall be unlawful for any person to keep or harbor any dog over the age of three (3) months within the City unless a current license has been issued for such dog.

(b) Any person desiring to keep a dog or dogs within the City limits of the City of Cisco shall, on or before the first day of April of each year, cause such dog or dogs to be vaccinated and pay to the City Secretary or her agent the sum of one dollar (\$1.00) for each dog, and upon presenting to him of satisfactory evidence that such dog or dogs have been vaccinated and upon the payment of one dollar for each dog which the owner desires to keep in the City of Cisco the City Secretary shall then issue a license for each dog for which such tax is paid and deliver such license together with a metal tag for each dog for which such tax is paid, which tag shall bear some stamp indicating that such tax has been paid. The holder shall securely fasten such metal tag to a collar which shall be worn by the dog at all times, and such license shall continue in force until the first day of April following the payment of such tax procuring such license, and the licenses for each year shall be numbered from one upward.

(c) It shall be considered unlawful for any person to willfully take from any dog not his own a collar or tag.

SECTION 4. Running at Large Prohibited

(a) It is hereby unlawful for any dog to be permitted to run at large in the City of Cisco. It shall be the duty of the Chief of Police or person duly authorized to cause any and all dogs found running at large within the city limits to be taken up and impounded.

(b) Impounded dogs shall not be released until a valid license has been provided for and impoundment fees have been paid. A daily impoundment fee of \$3.00 shall be charged for each and every dog for each day of impoundment, or fraction thereof.

(c) All dogs impounded and not claimed or redeemed within three days from the time of impoundment, shall be disposed of in an appropriate and humane manner.

(d) The Chief of Police or any policeman or duly authorized person of the City shall have the right to shoot or kill any rabid dog or dangerous dog on public property which manifests a disposition to bite or molest any person or other animal, or renders itself inaccessible to impounding.

SECTION 5. Confinement for Observation

(a) If a dog has bitten any person the Cisco Police Department shall be notified immediately. Such dog shall be confined, at the owner's expense, at a veterinary clinic for observation for ten (10) days or release is authorized by the veterinarian. No dog so held for observation shall be released from confinement without notification to and authorization of the Chief of Police.

(b) Any dog exhibiting any symptoms of rabies shall be held under observation, at the owner's expense, for a period of ten (10) days at a veterinary clinic. No such dog shall be released from observation until a licensed veterinarian certifies that said dog is not affected with rabies.

(c) Any dog suffering a bite from a known rabid animal shall be held under observation, at the owner's expense, for a period of at least sixty (60) days at a veterinary clinic. No such dog shall be released from observation

Philip Craik Speaks At Rotary Club

A lack in American education which hinders understanding in contacts abroad, is a neglect of foreign languages, Philip Craik, drama instructor at Cisco Junior College, told the Cisco Rotary Club at noon Thursday.

His comment came in the course of a talk describing his experiences, and his impressions, during a year of graduate study of the dramatic arts in a London school. The study was made possible by a Rotary International Fellowship, funded by club contributions. He was one of three Rotary Fellows, as they are called, chosen from District 579, in which Cisco is located, for study abroad, out of a large group of applicants at Abilene, his home city.

He praised the effect of the Rotary project and deplored the fact that it was not better publicized. Craik is a graduate of Hardin-Simmons University and also an alumnus of Louisiana State University where he is now approaching his PhD degree. He has also spent time in Germany in industrial employment, in Paris, France, and in other foreign countries.

His criticism does not apply to English contacts, he admitted, except perhaps for differences in pronunciation of the same language, but it is indicative of other troublesome sources of misunderstanding. In this case, he said, he profited most in speech improvement, although he won several coveted awards, including one for acting.

There are differences in emphasis on aspects of dramatic instruction, but he found that the English courses are not better, and in some respects not as good as the training available in American schools. He pointed to the superior facilities provided here, especially in the matters of space and equipment.

The smaller houses, tiny gardens and more intensive use of space in classrooms and stage areas, and the more limited means of instruction were in noticeable contrast to the American

until a licensed veterinarian certifies that said dog is not affected with rabies.

DAR Meets In The Home of Mrs. W.W. Wallace

The home of Mrs. W.W. Wallace, 1306 1/2 Royal Lane, Cisco, was the meeting place of Charles Crawford Chapter, DAR, Monday, January 25, at 2:30 p.m. Mrs. H.A. Bible was co-hostess. Mrs. Perkins, regent, opened the meeting and led the pledge to the flag of the United States; she also led in reading the first stanza of "The Star Spangled Banner."

Mrs. Perkins explained a book, written by Mollie Somerville, title, "Washington Walked Here." The book is written in commemoration of George Washington's 250th birthdate. The chapter will buy two copies of the book; one for Cisco and one for Eastland library; thus NSDAR will join the nation in celebrating Washington's birthday. It was voted that the chapter sponsor an essay contest in Cisco, Eastland and Ranger schools on this, or a related subject. A suggested title, "A Famous American Born in February." This will be a chapter project.

State Conference in March and Continental Congress in Washington, in April, were announced.

The following officers were elected; and installed by Mrs. Wallace, chapter chaplain: Mrs. Joseph Perkins, Eastland, regent; Mrs. Harold Durham, Eastland, vice regent; Mrs. N.L. Keith, Eastland, secretary; Mrs. Charles G. Pence, Cisco, treasurer; Mrs. Charles E. Terrell, Cisco, registrar; Mrs. B.C. Cromwell, Eastland, librarian; Mrs. M.F. Kiser, Eastland, curator; Mrs. P.H. Kelly, Cisco, historian; Mrs. Stanley McAnelly, Ranger, parliamentarian. Mrs. Bess Francis brought the program, "National Defense." Ten members and two guests, Mesdames Al Folsom and Homer V. Wheatley were served coffee, cake, stuffed celery and nuts.

scene. He did, however, gain valuable experience in speaking to English audiences, to one of which, an international group of 3,000 Rotarians, he was called only a short time after his arrival.

The English habit of driving on the left hand side of the highway was a custom hard to become used to, he laughed.

He found that his English friends much less interested in the similarities of American and British culture, and more in the differences. His descriptions of Texas, its physical and social distinctions, were often received with surprise if not disbelief. One fact, existing at the time, that a city of the size of Abilene was without a pub, or its equivalent, caused astonishment.

"But when I told them of Impact, it somewhat compensated."

He urged the Rotary Clubs and other organizations sponsoring cultural contacts with foreign peoples, to insist that those they send abroad are better prepared for what they must face. To be suddenly set down in a distant land, among strange characteristics and customs, can be traumatic, he explained. Students prepared for its differences do better in their studies, he said.

He appealed for a broader local support of the CJC Roper Garden Theater on top of the College Annex - formerly the Laguna Hotel. The project needs all the help it can get, he said, especially of those who can make contributions in the nature of stage properties. One need mentioned is for the help of people who can sew.

He had no time to go into the details of these needs, but he invited anyone interested in making a contribution of the nature to call or see him.

Craik was presented by Clois Purvis. His wife and small daughter were guests.

President Armo Chambers reminded the club that the Blood Donor Drive will take place on February 3. Mrs. Ruth Heidenheimer is chairman of the program.

Industrial Arts Club Meet

The Industrial Arts Club held a meeting Thursday, Jan. 21, in the Women's Federated Clubhouse with the club president, Mrs. Bernice Carter, presiding. The club collect and the pledges to the U.S. and Texas flags were given by members led by Mrs. Bessie Fields. The president named the nominating committee as follows: Mmes. Ailee Cole, Muri Guyger and Faye Gardenhire.

The theme for the program was "Our National Parks." This was a most interesting program presented in color slides by Mrs. Bernice Carter. She had visited the Yellowstone National Park, the Yosemite and the Glacier National Park. But due to limited time she showed mostly slides from the Glacier Park. She said there were fifty lakes in the park area and water flows in three directions. The slides were beautiful and everyone seemed to enjoy them.

The club adjourned to meet again February 4, with a guest speaker, J.W. Cook, presenting the program. He is a world traveler and an outstanding speaker. All members are urged to be present and to bring guests.

The Industrial Arts Club held a meeting January 21 in the Federated Women's Clubhouse with Faye Gardenhire as hostess.

The president, Mrs. Bernice Carter, presided during the business session. Nineteen members answered roll call and Mrs. Elsie Jackson led the group in repeating pledges to the U.S. and Texas flags.

Mrs. Evelyn Fry, leader for the Americanism program, introduced the speaker, Mrs. Ina Stamey. Mrs. Stamey brought a very interesting discussion on "What We Say, We Stand For In America." It is easy to talk about how much we love America, but when we are brought face to face with serious problems, what stand will we really take?

Mrs. Stamey related some interesting facts concerning several great Americans who contributed much to the country and helped to make it great. In closing Mrs. Stamey asked Mrs. Ruby Lee Pirtle to read the Peter Marshall Prayer.

News From The Center

By Mae Green

On Thursday, January 21st, at 2:30 p.m. the residents monthly birthday party was held in the activity room of the Center. The birthday party was hosted by the Pleasant Hill Homemakers Club. The residents were served home baked cookies and punch. Our birthday honorees were Mary Smith, Herschel Bassett, Ralph Green and Charlie Hibbert.

Our newest addition to the Center are Floyd Rains and Charles F. Coats. We are so happy to have them, and we will try to make them feel as much at home as possible.

We look forward to seeing their friends come for a visit. It means so much to each resident to have a friendly visit from anyone. We are always interested in anyone, desiring to share some of your leisure time and talent to a worthwhile cause. You may feel that you don't have anything to offer, but you do. A friendly smile, a warm handshake, or a pat on the back can mean so much.

If you have a lot of leisure time on hand, and don't know what to do with it. Share it with someone who needs you.

Try being a volunteer! I bet you'll like it.

Ranger Junior Rodeo Assoc. To Hold Meet

The Ranger Junior Rodeo Association will hold a meeting, Monday, February 1, 1982 at 7:00 at the Ranger First State Bank Community Room. All members and anyone interested are welcome to attend.

Industrial Arts Club Meet

The Industrial Arts Club held a meeting Thursday, Jan. 21, in the Women's Federated Clubhouse with the club president, Mrs. Bernice Carter, presiding. The club collect and the pledges to the U.S. and Texas flags were given by members led by Mrs. Bessie Fields.

HOW TO LOWER UTILITY BILLS? This was the main topic at an energy auditor training session held January 18-21 in Waco. Emma Jo Phillips of Cisco and Mae Isabell of Ranger were among 40 Green Thumb workers trained to inspect rural homes for energy waste. Karen Barlow of Green Thumb is at right. The training was funded by the National Council of Senior Citizens and conducted by the Association of Texas Electric Cooperatives.

Home Utility Bill Becomes Fastest Growing Expense

The home utility bill has become the fastest growing expense for the average family and especially for the senior citizen living on a fixed income.

Since 1973 there has been a 16.3 percent annual rate of increase in utility costs. The era of cheap energy has ended. However, the amount of energy use and the cost of monthly utility bills can be controlled to some degree.

The National Council of Senior Citizens (NCSC) is helping older Texans do just that by providing funds for a training program held last week in Waco. Forty senior citizens were selected from central Texas by the Farmers Union Green Thumb program to not only learn how to combat energy loss in their own homes but to provide energy audit services to persons in their home communities.

"NCSC wants every elderly citizen to be able to afford adequate heating and cooling for their homes," said Michael Sandifer, director

of NCSC's Project EnergyCare, which is a national outreach program to inform the elderly and disabled about available energy assistance and conservation activities.

Through local EnergyCare agencies, NCSC has helped the elderly survive the heat of summer and cold of winter. "We contacted over 400,000 people in the past year," said Sandifer. "We know this Green Thumb project will bring even more public attention to energy efficiency," he added.

The Texas Electric Cooperative Association was recruited by Farmers Union Green Thumb to provide the actual training. Eager to equip Texas consumers with energy conservation know-how, the Co-op Association joined the project in order to translate their technical knowledge into layman terms to assist the general public.

"We welcomed this opportunity to bring utility company representatives and

their consumers together not only to learn about the energy crisis but to gather information they can take back to their own communities," said Dennis Engelke, Director of Rural Development for the Association. He added, "I commend Texas Farmers Union Green Thumb for taking the initiative to train senior citizens in Texas to learn more about energy conservation and to help their fellow citizens in the energy crisis."

According to Diane Parrish, Green Thumb state director, the trainees selected for the energy audit training represent over 25 rural communities and various community agencies desiring to help. Some of the trainees are already working for community agencies in outreach services and weatherization. Others will assist local energy cooperatives in providing energy audit services, and some will be placed in energy-related jobs in the private sector of their communities.

The trainees selected were either current Green Thumb workers or eligible for the program. They are seniors who want to work and have an interest in helping their neighbors in making homes more comfortable and less costly to maintain.

Two rural electric cooperatives provided the instructors for the training, Member Service Advisors Ed Sipes of Wise County Electric Cooperative and Jim Chisum of Denton County Electric Cooperative.

Texas Farmers Union Green Thumb is sponsored by Texas Farmers Union and funded through Title V of the Older Americans Act. The program provides part-time work opportunities for rural persons over 55 years of age who meet income guidelines established by the Department of Labor. Green Thumb strives to revitalize rural communities by using the talent, enthusiasm and accumulated wisdom of its older citizens. Texas Farmers Union Green Thumb is an equal employment opportunity, affirmative action employer.

PAT MAYNARD REAL ESTATE

INT. 20 E. NORTH SIDE
629-8568 EASTLAND
442-1880 Cisco

A 2 bedroom, 1 bath home with a small apartment in back that is rented out. It needs some work, but is priced to sell at \$16,500.

A large two story home. 5 bedrooms, large living and dining area. Some carpet. \$25,000.

A nice 3 bedroom, 1 bath home close in. Fully carpeted, dishwasher, disposal, drapes and an attic fan. These are just some of the extras. Priced to sell. \$26,500.

In Gorman, a 3 bedroom, 1 bath home on two lots. Some carpet and paneling. Included also, are 2 ceiling fans. \$21,500.

A 2 bedroom, 1 bath mobil home on a large deeded lot at Lake Leon. Included are 2 storage buildings. \$31,000.

An older 3 bedroom frame home on corner lot. Needs some work done on it. Terms can be arranged. \$17,000.

A large 2 bedroom, 1 bath home with permanent siding. Carpeted, some paneling, carport and detached garage. Owner will consider second on part of down payment. \$29,900.

Want a new home? We have large lots available in exclusive area. City water, sewer and paved streets. This area is restricted to brick homes, only. Reasonably priced at \$4500 each.

We have owner financed lots and others at Lake Leon.

CISCO HOMES

New vinyl siding on this 3 bedroom, 1 bath home. Large rooms, carpeted, storage building, combination garage and shop, and fenced back yard.

A nice 3 bedroom, 1 1/2 brick home on nice sized lot. Central heat and air, large closets, covered patio, 2 car garage, plus storage building. Price reduced to \$41,000.

2 bedroom, 1 bath, could be three, with separate den and living room. Has been remodeled, with central heat and air added. Also, a 24 x 24 garage and shop area.

2 bedroom, 1 bath stone home on 2 1/2 lots. Lots of pecan, fruit and oak trees. Owner will consider terms. \$17,500.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1 1/2 bath on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area.

A large 3 bedroom, 1 1/2 bath, 2 story carpeted home. Large game room and, also, a study which could be a 4th bedroom. As a bonus, two rent houses go with property, which are fully furnished. 2 large corner lots with several fruit and other trees.

FARMS & RANCHES

Near Lake Leon, a 10 acre tract of land, all in cultivation. \$15,000, owner will finance.

62 acres near Union Center. Approx. 25 acres in cultivation. Good fences, 1/2 minerals. \$800 per acre.

150 acres South of Carbon, 60 acres in cultivation. Good hunting area for deer, turkey and quail. Has house that is good for hunters to stay in. Tanks are stocked with fish. \$500 per acre.

20 acres with a large 3 bedroom, 2 bath home. Extras include: carpet, wood paneling, dishwasher, 2 hot water heaters. Built-in desk and typing table, lots of cabinets and closets, two car garage, barn and other outbuildings. There are 12 acres of coastal that yields 1,300 bales off two cuttings. See to appreciate. \$75,000.

Home plus rental! We have 3 mobil homes on 7 lots in Cisco. Hookups for two more. All are rented right now. Priced to sell. \$23,000.

Approx. 4 acres on highway towards Lake Leon. City water guaranteed. Would make a good building site or mobil home site, either. \$9500.

We have other home, land, and commercial listings.

We appreciate your listings and business!

CISCO-Excellent property for office with plenty of parking space. 150 x 150; lot with 1500 sq. ft. building. Owner financing with 25% down at 11% interest. Located on a main thoroughfare. CP-10

EASTLAND-Small motel with good income. This is an excellent investment only 25% down and owner financing at 12% interest. This is a good buy. CP-9

Homemaking Hints

By Janet Thomas

Quilts are very popular in home decorating and use. The older quilts that are antiques need special care.

Here are some special hints on the care of quilts:

BLEACHING - If the quilt has some discoloration, it may need to be bleached. Use an oxygen bleach, not a chlorine bleach. Add the quilt to the solution. Remove the quilt when desired or after several hours. Rinse thoroughly to remove any residue.

STAINS - The washing and bleaching procedures will remove most stains. However, there may still be some remaining that may or may not be removed.

RUST - Rust stains can usually be removed by treating the area with an oxalic acid (available at drug stores) solution. Mix 1 oz. oxalic acid crystals with 5 oz. water. Stir until dissolved. Apply the solution to dry fabric. Can leave overnight if needed. Rinse all of the solution out as residue can weaken the fabric. Rust may also be removed by using citric and tartaric acid or commercial rust removers.

MILDEW - If the mildew is fresh, put a 3% peroxide on the stain. Put it in the sun for a short period of time. If the mildew is old, use a paste of powdered chalk and lay it in the sun. Don't leave it longer than needed as the sun deteriorates quilts. (May want to cover the area not being treated).

DRYING - After cleaning the quilt, carefully squeeze out as much water as possible. Gently lift it out of the tub. Support it as evenly as possible. Don't put it up by one end as its weight can break stitches or tear fabric.

Lay the quilt on clean towels or a clean mattress pad. Use other towels or pads to press more moisture from the quilt. You shouldn't machine dry good quality quilts. Spread the quilt on a clean sheet in a warm, dry place with good air circulation. This can be outside under a carport or in the shade. Don't hang the quilt on a single clothesline as it won't be supported and may sag and tear. You might hang it on three or four parallel clotheslines. Don't put the quilt in the sun. Sunlight fades colors and increases fiber decay. Increase drying by using a hand hair dryer or an electric fan.

CONTAINERS - Quilts should not be in direct contact with wood or wood products. Wood is acidic and acid destroys cotton and linen. Store quilts in unbleached muslin or a cotton pillow case that has been washed several times. The quilt can also be wrapped in acid-free tissue paper. If the wrapping is in contact with wood, remember to wash the fabric or change the paper about twice a year. Avoid plastic bags as they hold moisture and increase the change for mildew to form. If a plastic bag is used, leave an open end. Quilts need a constant source of fresh air.

FOLDING - Over the years, quilts can weaken along fold lines. It is best to roll them on cardboard (cover with muslin or acid-free paper) or plastic pipe. However, if this isn't possible loosely fold it. Put crumpled acid-free tissue paper between the folds so the quilt doesn't crease. Air and re-fold the quilt every few months.

LOCATION - Store quilts in a clean, dark place away from sunlight. Light causes fading and fabric deterioration. It should have a stable temperature of 60 - 70 degrees and be well ventilated with a humidity of about 50%. Thus, avoid hot attics and damp basements. Heat accelerates the deterioration of cotton and linen. Dry heat causes all fibers to become dry and brittle. Mold and mildew form when the humidity is high. When the temperature and humidity fluctuate, fibers expand and contract causing unnecessary stress to a quilt.

INSECTS - This shouldn't be a problem if quilts are properly stored. However, if there is a possibility of moths damaging a quilt, put some moth balls in a fabric bag in the storage area.

RECIPE FOR THE WEEK

During the holidays, I enjoyed making peanut brittle in the microwave. The brittle is very good, and best of all, quickly made.

- Munching Peanut Brittle
1 cup peanuts
1 cup sugar
1/2 cup white corn syrup
1/8 teaspoon salt
1 teaspoon butter or margarine
1 teaspoon vanilla
1 teaspoon soda

Stir together peanuts, sugar, syrup and salt in a 1 1/2 quart casserole. Place in microwave and cook 7-8 minutes, stirring well after 4 minutes. Add butter or margarine and vanilla and stir well. Return to oven and cook additional 1-2 minutes. Peanuts will be lightly browned and syrup very hot. Add baking soda and gently stir until light and foamy. Pour mixture onto lightly greased baking sheet. Allow to cool 1/2-1 hour.

Note: If roasted salted peanuts are used, omit salt and add peanuts after first 4 minutes of cooking.

Extension Service is offering a free microwave course

The Eastland County Extension Service will be sponsoring a mail-out microwave correspondence course to interested persons on microwave cookery. There are eight lessons being offered free.

The eight lessons are on:

- 1. How Your Microwave Oven Works - Cooking Utensils - Cleaning and Maintenance.
2. Techniques That Influence Length of Cooking Time, Reheating, and Defrosting.
3. Microwave Management, Planning Microwave Menus, Recipe Conversion, and Microwave Oven Extras.

- 4. Microwave Cooking - Bread and Cereals
5. Microwave Cooking - Eggs, Cheese, and Milk
6. Microwave Cooking - Vegetables and Fruits
7. Microwave Cooking - Meats

- 8. Microwave Cooking - Jams, Jellies, and Candies
Deadline for enrolling in the free microwave correspondence course is February 15th.

To enroll, notify Mrs. Janet Thomas, County Extension Agent, at 629-2222 or P.O. Box 189, Eastland, Texas, 76448. Persons interested must pre-register! The mailout series will begin in March.

County 4-H News

Adult leaders held Jan. 26 meeting

The Eastland County 4-H Adult Leaders met Tuesday, January 26th at 7:00 p.m. in the meeting room of the Production Credit Association building. There were 17 members present for the covered dish and ice cream supper.

A committee was elected to help plan the concession stand for the County Livestock Show coming up March 18-20. This committee consists of Pam White, Jo Ann Brown, Vonda Anderson and Betty Hart.

A report on the 4-H rifle project was given by John Blair, County Extension Agent. It was decided to have a training session for the adult leaders on Sunday afternoon at 2:00 p.m. on February 21st.

It was announced that 4-H County Round-Up has been set for April 1st at 7:00 p.m. in the Corral Room in Cisco.

Christy Gentry, County Extension Agent, announced changes in the 4-H Clothing program for 1982. The change of most interest seemed to be the one which states that a recordbook will no longer be required on clothing projects before a 4-H member can enter the fashion show at the district Fashion Revue.

To end the meeting, Vonda Anderson on behalf of the 4-H Adult Leaders, formally welcomed Christy Gentry, the new Assistant County Extension Agent, to Eastland County.

13 enter Ft. Worth show

There are 13 Eastland County 4-Hers entered in the Fort Worth Stock Show. In the breeding heifer class, there is Sam Scott from Rising Star and Jim Moylan from Eastland. Showing Steers are Thad Chambers from Rising Star, Jackie Harris from Rising Star, Ronnie Cagle from Carbon, Jim Moylan from Eastland, Truet Hart from Eastland, Charla Little from Gorman, and Angela Burgess from Gorman. These 4-Hers showing Dairy Cattle are Cindy and Kathy Choate from Cisco. Also showing market lambs at Fort Worth are Darla Cagle from Carbon, Diane Butler from Eastland and Doug Webb from Eastland. We would like to wish each of these 4-Hers good luck.

Beef Short Course is slated to begin February 4

An Eastland County beef cattle short course will begin Thursday night, February 4, according to County Extension Agent DeMarquis Gordon. Improved pasture and forage management will be the topic of the program which will be held at the Cisco Junior College Agriculture building. The program begins at 7:30 p.m.

Dr. George Alston, Extension Agronomist from Stephenville, will be the speaker. Gordon says Dr. Alston will discuss adapted grasses and legumes, weed control, utilization of forages, fertility, and hay production.

Two more sessions of the short course will be held on February 15 and 22. Topics to be discussed at those sessions will be beef cattle breeding and marketing. The short course is being

Lone Cedar

People n Things

ALAMO, Texas—During several decades as a country editor and newspaperman, we've experienced a good many incidents that we've come to call "magic moments." One of them occurred the other night during the final program of the travel trailer rally that brought us to the Rio Grande Valley of Texas.

The master of ceremonies for the evening's program announced that the some 1,200 people would be entertained by a young lady named Ruth Ann Harmon of Kerrville, Texas. He noted that she was a vocalist and guitarist whose singing ability began when she was a child because the near perfect pitch of her voice was discovered. Her vocal training, he added, had prepared her for everything from country and western, popular songs, semi-classics and opera.

Then, the curtains parted and an attractive young woman in her mid-twenties stood before a microphone with a guitar. After polite applause, she began strumming the guitar and singing a tune number. Prior to each number, she told something of the next piece she planned to sing — interesting and informative in a nice conversational voice.

After an hour or so, Miss Harmon introduced and sang her finale. The audience gave her an enthusiastic round of applause. After a time, the curtains parted again and she played and sang "The Lord's Prayer."

While the audience was still applauding, a dog with hand harness — a seeing-eye dog — came into view and trotted to the young lady. She was blind!

That was the first inking anyone had of her blindness. The moment was electric and we all hoped that she could know that every woman and man in the audience was standing as their ovation reached a new peak — an outstanding tribute to a fine musician.

An organist (a man) who played and sang to open each day's program (and who does an outstanding job), soon came on stage with Miss Harmon holding his arm. They would sing a duet number from "The Sound of Music," he said. And they did as he accompanied on the organ.

Although it was their first time to meet or sing together, the beautiful song

was presented in an outstanding manner as two fine voices mingled in perfect harmony — softly at the right places and good volume to give their voices authority when needed.

The program, of course, was the four-day meeting's highlight and a fitting climax. And it left us all feeling something special as we made our way to our travel trailers for the night.

ANOTHER PROGRAM feature on another night was pretty outstanding. The printed program said "Sandy Rings, ventriloquist." Senior citizens, who are not the easiest people to entertain, were soon applauding after Miss Rings, a Miss America finalist in the early 1970s, began presenting the type of program that won her the talent contest that year.

Miss Rings' program included an audience participation number that delighted folks. She sang a number of popular and semi-classical songs to the accompaniment of recorded music. An apprehensive audience gave her an outstanding ovation for a program well done.

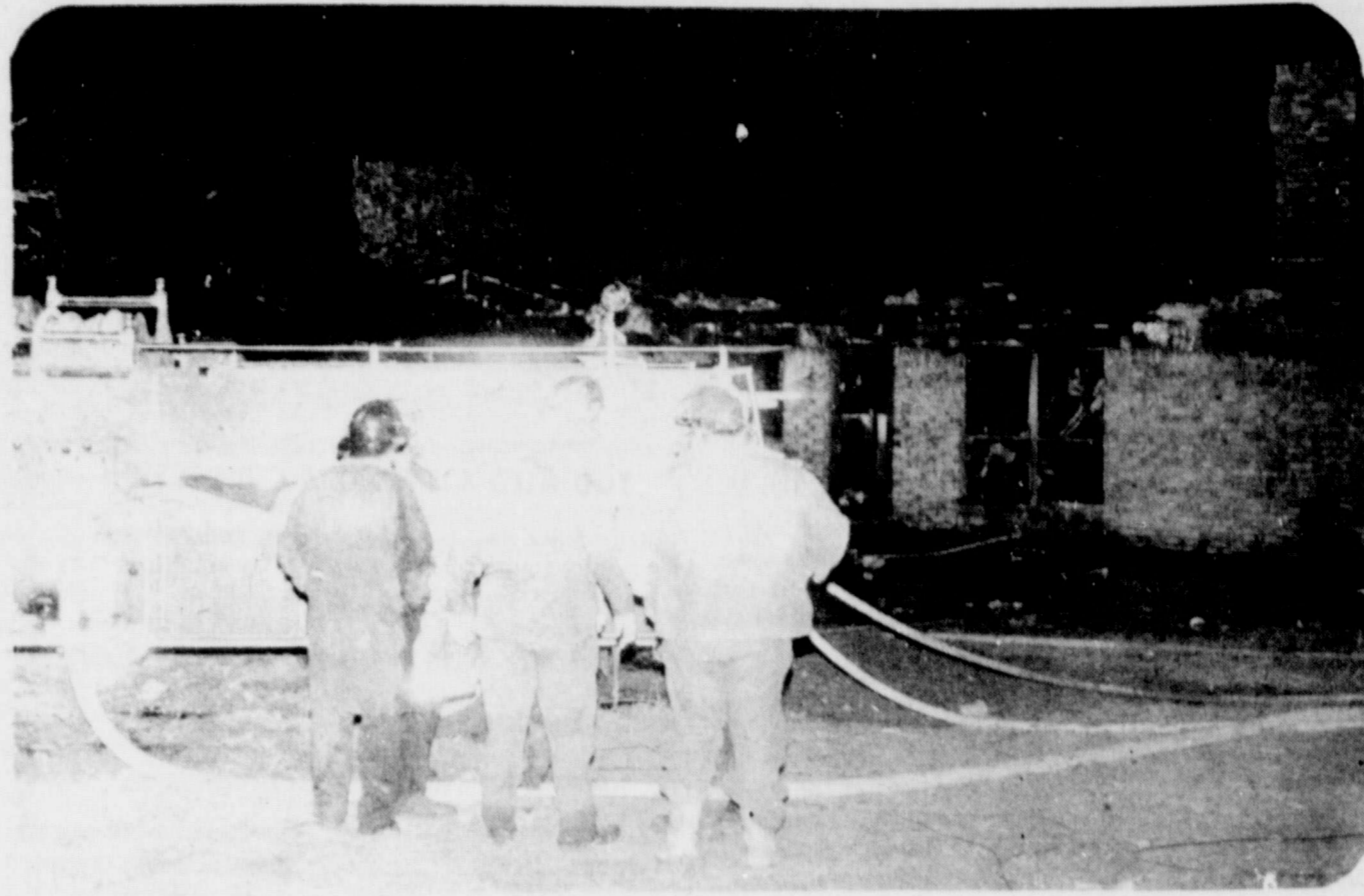

A third program that was roundly applauded was a Ballet Fiesta Mexicana. It was presented by a valley-wide organization of some 100 young people trained by a man of Mexican heritage to perform folklorico music and dancing native to Mexico.

MANY OF THE large travel trailer parks have regular Sunday morning religious services. The Alamo Palms RV Park, where we're staying, is a good example. They have a retired minister, who lives in a travel trailer in another park, conducts the services for our park.

His sermon last Sunday began with the question "Do you like preachers who tell the truth — irregardless?" After a good many folks responded in the affirmative, he noted that "I'm glad I took that poll" and launched into a sermon based on the ten commandments.

The minister took each commandment and discussed it, noting how people in this day and age might act to comply with those ten biblical rules. His presentation was effective and, we felt, sincerely appreciated.

The services in our park

3 Cities Respond To Eastland Fire Tuesday

By Richard Kurklin

What is it that makes a man leave his job, his source of livelihood; a warm bed at any hour of a cold night as he arouses from sleep; or maybe his family as they start to eat a meal, at the sound of a siren to drive through his city, or maybe to a neighboring city or rural location to endure heat, smoke, danger, and sometimes cold winds and icy water?

In Eastland County such men belong to the local volunteer fire departments. They fight a common, dreaded enemy which is usually fire, but may be any disaster or tragedy that strikes the area or its people. Sometimes they also perform such public services as directing traffic at ballgames or other major attractions.

Tuesday night just such a siren sounded as a nice, big, new brick home at 2106 West Plummer in Eastland became engulfed in flames.

Eastland firemen quickly found that they didn't have enough water volume and pressure at the site to effectively fight the fire. Cisco and Ranger firemen with pumper trucks came to help and laid hoses for blocks down the only en-

are attended by some 300 folks each Sunday, we learned. They take an offering each week and it goes to some charity. Last Sunday's went to the American Cancer Society and this Sunday's went to a radio bible hour.

The routine of the Alamo park, which is owned by several Canadians, is well organized. They have an ice cream social every Sunday at 5:30 p.m. Each week day begins with supervised exercise program. They have bridge games, square and round dancing programs and classes, dominoes and pool, shuffle board, swimming pool, and so forth. They have a pancake breakfast each Saturday morning at the large recreation hall.

Needless to say, we're enjoying our winter vacation.

Funeral Services For Lydia Tutt Held Friday

Lydia Kathryn Tutt, 60, of Abilene, was found dead Thursday morning in her bedroom with a .22 caliber revolver next to her body. Abilene Officer Greg Garner reported. She was pronounced dead by Justice of the Peace Clarence Collins, who will rule on cause of death. There was no evidence of foul play, Garner said.

Sharon Garner, Mrs. Tutt's niece, found her about 9:30 a.m. Thursday on her bedroom floor with the gun nearby, Garner said. The officer said she apparently had a single gunshot wound to her head.

Ms. Corbin told police her aunt had been released from Baird Hospital Wednesday, the officer reported.

Funeral services for Lydia Kathryn Tutt were held at 2:30 p.m. Friday at Redeemer Lutheran Church in Cisco. The Rev. Dell J. Crockett, pastor, officiated. Burial was in Oakwood Cemetery in Cisco, directed by Elliott-Hamil Funeral Home, 542 Hickory, Abilene.

She was born December 2, 1921, in May. She was reared in Abilene by an aunt, Mrs. E.G. Butler, and attended schools in Abilene. She married Walton G. Tutt on August 12, 1939, in Abilene. The couple owned and operated the North American Coffee Service, which she had managed since he died June 26, 1960.

Survivors include a son, Jim Tutt of Tuscola; a daughter, Jerry Choate of

Services For Cate T. Quinn Held Saturday

Funeral services for Cate T. Quinn, 68, of Cisco, a retired aircraft mechanic, were at 2 p.m. Saturday at Edwards Funeral Home in Ranger. Burial was in Evergreen Cemetery.

Mr. Quinn died at 11:55 p.m. Wednesday at Eastland Memorial Hospital.

He was born May 18, 1913, in the Chaney community south of Ranger. He married Ida McCauley on May 11, 1940, in Ranger. He lived in Sierra Vista, Ariz., for 20 years and worked for Hawthorne Aviation in that state. He was a former resident of Haltom City, where he was a member of Masonic Lodge 1331. He moved to Cisco in 1981. He was a member of the Church of Christ.

Two sons, Bobby Don and Martin Errol, preceded him in death.

Survivors include his wife; a daughter, Sonja Lea Bennett of Springdale, Ark.; a daughter-in-law, Shirley Quinn of Sierra Vista, Ariz.; three brothers, Roten of San Angelo, Russell and Billy, both of Dallas; three sisters, Dorothy Tidwell of Big Spring, Hazel Keener and Merle Kesner, both of Dallas and four grandchildren.

Masons were pallbearers.

NOTICE OF MEETING OF THE GOVERNING BODY OF CITY OF CISCO

Notice is hereby given that a special called (work session) meeting of the governing body of the City of Cisco will be held on the 2nd day of February, 1982, at 6:00 p.m. in the Council Chambers at which time the following subjects will be discussed, to wit:

1, The undersigned authority, do hereby certify that the above Notice of Meeting of the governing body of the City of Cisco is a true and correct copy of said Notice and that I posted said Notice on the bulletin board in the City Hall of Cisco, and said Notice was posted on January 29, 1982, at 10:00 a.m. and remained so posted continuously for at least three days immediately proceeding the date of said meeting.

Dated this, the 29th day of January 1982.

Charles LeFlore Indicted For Murder

Charles Allen LeFlore, 20, of Cisco, was indicted Tuesday by a 91st District Court grand jury for murder in the death of Debra Garcia of Cisco.

Mrs. Garcia, who was on duty at Quickway Grocery in Cisco, disappeared on November 29th from work and was found shot to death two days later, December 1, about six miles west of

Cisco. District Attorney Emory Walton was to have set bond for LeFlore on Wednesday. The district attorney was not in his office Friday for a comment on the amount of the bond.

The grand jury also indicted Charles R. Gunter, 23, of Cisco, for burglary in the January 14 break-in of a cabin on Lake Cisco.
