

# HALL OF REMARKS

BY HERREL HALLMARK

IF EARLY Sunday morning was an example of how the "tornado season" is going to be like this year, I am certainly going to dread it. High winds, rain and some hail hit the Cisco area around 3 a.m. Sunday morning.

Eastland County was in a tornado warning until 4:30 a.m. and a tornado touched the ground at Pioneer, between Rising Star and Cross Plains. A barn was reported to have been destroyed by the twister.

We thank God no tornadoes hit Cisco during that storm.

THE IRONIC thing about Sunday morning's storm is "tornado season" was not supposed to begin until Monday. I guess the five tornadoes which touched down within 100 miles of Eastland County Sunday were mixed up on their dates.

THE ANNUAL Girl Scout banquet is scheduled for Friday night at the Corral Room in Cisco.

The Girl Scouts have recently been delivering cookies to all those persons who purchased them this year. Your money goes to a good cause and I know all the local Girl Scouts appreciate your help.

I WONDER if all the persons who attended Wednesday morning's Chamber of Commerce quarterly breakfast remembered to wear something green, since it was St. Patrick's Day.

CONSTRUCTION seems to be coming along nicely now on the new building for the First National Bank of Cisco. I am sure we are all anxious to see the finished product in the near future.

HAVE YOU ever heard of a caged parakeet laying an egg?

I know of someone here in Cisco who has several parakeets in a cage in their home. Recently, they noticed one of the birds was acting in a strange way.

On closer observation they noticed an egg in the bottom of the cage. A few days later, while they were showing off the original egg, they looked in the cage and found a second egg.

Only those two eggs were found, but it seems unusual for a captive parakeet to lay eggs.

Someone who has raised parakeets to sell for many years, once started that a parakeet will not lay an egg if it is caged. Maybe, this parakeet which layed two eggs in a cage is a first.

FOR THOSE OF you who want a pretty lawn this year, a lawn care calendar from Wheel Horse products states for the months of March and April:

When temperatures are favorable, begin planting and fertilizing. In the colder regions, this may also be a good time to roll lawn areas raised by frost.

If you missed fertilizing your lawn last Fall, do it this Spring as soon as average night time temperatures reach about 60-degrees.

You can do your lawn a big favor if it was bothered by crabgrass last Summer. Crabgrass seeds left over from last year will start to sprout when temperatures reach 65-degrees to 70-degrees for four to five consecutive days. You can stop these seeds from coming up by applying a pre-emergent herbicide before seeds germinate. Timing is important. If you plan to do any Spring seeding look for products that will not harm

germinating grass seed. Caution: When applying herbicides, always follow the directions on the label.

This is also a good time to use herbicides for broadleaf weeds. Dethatching and aeration of the lawn can be done now. This will help open up the soil providing roots with more water and air. Thatch can also harbor pests and diseases and slow the growth of lawns by insulating roots against warming spring temperatures. Your lawn will recover in the shortest time from dethatching when temperatures are above 70-degrees and the grass is growing vigorously.

## Town Hall Meeting Slated For Monday On Bond Issue

Complete information concerning the three propositions to issue revenue bonds for water and sewer improvements will be available to the general public at a Town Hall meeting at 7 p.m. Monday, March 22, at Cisco High School Auditorium.

Full information regarding the bond issue and the improvement program will be outlined and questions will be invited and answered about the matter.

Mayor Eris Ritchie and all members of the City Council will be present along with City Manager Mike Moore, the city's engineers and financial advisor for the project, officials of the State Health Department and the Farm Home Administration.

All citizens of Cisco were invited and urged to attend the meeting.

The election will be held on Saturday, April 3, at the City Hall. Absentee voting is already underway.

## Girl Scout Banquet Set Friday At 7

The Cisco Girl Scouts and their families will hold their annual banquet Friday, March 19, at 7:00 p.m. at the Corral Room. This will be as always a family style covered dish dinner. Drinks and bread will be provided. Paper plates, napkins, cups and plastic utensils will be provided by each troop.

There will be a talent show put on by the girls for entertainment. Some special awards and recognitions made.

They will be celebrating 70 years of Girl Scouting in America 1912-1982. Going and Growing is the theme for this year.

All Cisco Girl Scouts and their families are urged to attend. Let's make this the best banquet ever. Please let daughter's leader know that family plans to attend and how many there will be in family so ample seating can be prepared.

Sunday, March 21, the Girl Scouts have been invited to attend church services at the First Methodist Church. Services start at 10:50 a.m. Please be a little early so can arrange seating and sit together if possible.

Families are also invited to attend church with their girl. Girl Scouts are asked to wear their uniform if they have one.

## 1st Industrial Arts Club Will Hold Regular Meet

The First Industrial Arts Club will hold its regular meeting Thursday, March 18, at 2 p.m. at the Federated Women's Club House. Mrs. W.W. Wallace will present an interesting program on "One Phase of Our Texas Heritage."

All members are urged to be present.

## Cruse Family Gospel Concert Set For April 8

The Cruse Family gospel concert will be held Thursday, April 8, at 7:00 p.m. at the Taylor County Coliseum in Abilene. Tickets are \$7.00 for main floor and \$6.00 for balcony. There will be \$1.00 off on groups of 25 or more. Tickets may be purchased at Songs & Psalms Bible Bookstore, 116 West 8th, Cisco.

## Country Club Sets Family Night

Family night will be held Thursday, March 18, at 7:00 p.m. at the Cisco Country Club. All Country Club members are urged to bring their family's covered dish and their favorite table game.

Guests are welcome to join the fun and fellowship.

## AARP To Have Regular Supper Thursday At 6

The Cisco Chapter of the AARP will hold its regular monthly covered dish supper at 6:00 p.m. Thursday, March 18, at the Corral Room.

# Kelli Whatley Wins 3 Championships At Annual Cisco Livestock Show Sat.

Kelli Whatley, 10-year-old daughter of Mr. and Mrs. Ricky Whatley of Cisco, won three championships and one second place ribbon Saturday at the annual Cisco Community Livestock Show.

She took top spot in the female finewool breeding sheep competition, the Southdown lambs contest, the finewool Mutton lambs competition, and a second place in the Mutton lambs division.

More than 65 exhibitors took part in the two-day event that concluded Saturday at the Eastland County Equipment Barn on south Avenue D. Most of the participants will compete now in the Eastland County Livestock Show this weekend.

Kelli prepares her sheep at the Whatley's farm northwest of Cisco. She is a fourth grader at Cisco Intermediate School and in her second year of showing animals. At the Cisco show last year she won two lamb championships and placed fifth at the county show. She also shows rabbits at the county show and will return to Eastland this weekend to defend her grand championship title.

The Whatleys purchased the lambs last July to begin preparation for the livestock show season. All of Kelli's lambs were bred by Calvin Helm of Winters.

Robert Gorr was awarded the showmanship trophy for the sheep class and his animal also won the Southdown division of the market lamb competition.

Mike Woolley, a senior at Cisco High School and son of Mr. and Mrs. Dick Woolley, took home the championship in the market steer competition. He also earned the showmanship trophy.

## Midland College Defeats CJC 83-81

Midland College is in Hutchinson, Kans., this week. They used the Cisco Junior College Wranglers as the last stepping stone.

Sophomore Charles Houston scored 33 points in the finale of the Region V tournament in Big Spring March 6, but it wasn't enough as his last second shot bounced away at the buzzer and the Chaparrals began packing their bags after the 83-81 victory.

The Wranglers had been doing some stepping of their

own and had eliminated three teams to make the finals. All this came with victories over Howard College, McLennan Community College and Amarillo College.

Two of those teams are in the Western Junior College Athletic Conference—a conference which the Wranglers

## Glenn Golf Team Wins Scramble

The Ralph Glenn team had a birdie on the first extra hole to win the monthly scramble golf tournament at the Cisco Country Club last Saturday afternoon. The Glenn and Bob Bennie teams finished 18 holes with identical scores of 58-ten under par.

Playing with Mr. Glenn were Kevin Winnett, Joe Sittton, K. Evatt, Eddie McMillan and Bonnie Rice. The Bennie team included Andy Taylor, Roy McCoy, Roy Gevara, John Schaal and J.C. Fletcher.

Coming in third with a score of 59-nine under par was the Bobbie Smith team that included Bubba Smith, George Owens, Bob Keyes, Flo Robinson and Roy Autrey.

The Bennie Nichols team placed 4th, the Delbert Schaefer team 5th and the Tracy Owens team 6th in 6th.

Some 35 golfers took part in the event.

had managed only two wins in seven games this season.

The win over Howard came in overtime, 98-92, as Wrangler sophomore Mark Priest pumped in 26 points and pulled down 16 rebounds. It was the first win for CJC over Howard this season.

Next step for the Wranglers was fellow Northern Texas Junior College Athletic Conference member McLennan, with whom the Wranglers had split this season.

The Wranglers managed a nine-point, 71-62 win in that second round game, much on the efforts of freshman guard Dwight Burr. Burr hit 27 points, connecting on 15 of 16 shots from the free throw line. He also tipped in a shot by Houston to tie the game at the end of regulation play and send the game into overtime.

The third game in the tournament wasn't a breeze either, as the Wranglers managed a three-point, 71-68 win over Amarillo College—a team which had beaten the Wranglers twice during the regular season.

Houston again was the hero for the Wranglers in this game, scoring 23 points. Free throws by Priest helped ice the game away and the Wranglers went into a stall offense to waste away much of the final three minutes of the game and insure the win.

Against the Chaparrals, Houston hit five of eight free throws and 14 field goals to pace the Wranglers. He was joined in double figures by Priest, who hit 20, and by Bruce Coleman with 12.

The loss closed out CJC's season with a final record of 20-15. The Wranglers were the surprise team of the tournament, and coach Tommy Collins got a special honor-awarded by Big Spring Herald Sports Editor Greg Jaklewicz—the Abe Lemons Award.

"Call time out...I've seen enough," was the quote which won the award. The statement, Jaklewicz said, came in the opening minutes of the game with McLennan and came "after his team had been playing poorly for several minutes against McLennan."

Houston's last-ditch shot bounced away and gave Midland the invitation it needed to make flight arrangements for Hutchinson. They are in action this week in the National Junior College Athletic Association tournament.

Houston and Priest earned All-tournament honors for their play, as well as a first team all-regional selection for Houston and a second team spot for Priest.

The two sophomores close out their careers as Wranglers with the closing of the tournament.

### REST OF THE GOSPEL

An Easter Puzzle—Jesus in speaking to the Pharisees in Matthew 12:40 told them that the early sign they would receive was that He would be in the heart of the earth for three days and three nights. He spoke this referring to His death and resurrection. Jesus was crucified on a Friday, the day before the Jewish sabbath day of Saturday. Mark 15:42, Luke 23:54, John 19:31, 42. We know that Jesus arose before daybreak of the first day of the week; Sunday. Matthew 28:1, Mark 16:2, Luke 24:1, John 20:1. Jesus died Friday afternoon about 3:00 p.m., so Friday is the first day, Friday night the first night, Saturday is the second day; Saturday night the second night. Jesus being risen before Sunday began, then He only lay dead two days and two nights. Why didn't Jesus fulfill His own prophecy; or did He? The Rest of the Gospel, P.O. **'ROUND AND 'ROUND SHE GOES...**

The question is, where will it stop? Many people have no idea. Life can be lived in a flurry of activity - flitting from person to person, to thing, to dream, and back again. Or it can just settle into a monotonous routine. Either way, meaninglessness has taken hold.

Lack of meaning in life has been called furious activity around an empty center. That's what a whirlpool is. Activities, meetings, schedules, parties, appointments - but no direction. The swirling pace can get to you - especially if there's a hollowness inside.

Jesus talked a lot about meaning in life. But he not only talked about it. He gives it! He came to take us out of the whirlpool and set us on course in the Life Stream.

Calvin and Elsie on the bluff which overlooks the theatre where the musical drama "TEXAS" plays. The 1000 foot drop beneath their feet makes the backdrop behind the stage. Performances are mid-June through late August. For tickets and information please write "TEXAS", Box 268, Canyon, Texas, 79015. Bill Rhee photographer.

## 'Texas' To Open June 16

"TEXAS," the musical drama of the Panhandle Plains and the Palo Duro Canyon, will open June 16, 1982 and run through August 21, Mondays through Saturdays, and Sunday, July 4th.

For the seventeenth summer season, travelers will drive across the flat plains near Amarillo and Canyon, Texas til the great gash of the Palo Duro Canyon opens at their feet.

For the seventeenth season, they will follow the paved road down into the great abyss as it leads to the theatre nestled in the curve of the cliff.

For the seventeenth summer they will prepare for the show by exploring the Canyon which is 1000 feet deep and a hundred miles long, by riding horses, seeing the formation up close from the Sad Monkey Railroad and by eating barbeque dinner at the theatre.

For the seventeenth summer they will see the story of the panhandle start in daylight with the festive overture of singing and dancing. Then as the shadows lengthen and the colors change on the magnificent cliffs surrounding the theatre, they will see the lights begin to glow and finally see the great Indian Chief, Quannah Parker, revealed on a rock high above the stage, bathed in radiance, the unexpected guest at a party.

The scenes of the conflicts and struggles between man and man and man and weather, mixed with their hopes and joys, play out against the tall background. Finally the massive lights bring it to blazing color at the end and six horses race by with the flags which have flown over Texas.

When he wrote the script of "TEXAS" in the early 1960's, the author, Paul Green, gave the Canyon a voice, and it has welcomed audiences with this voice ever since.

For tickets and information write "TEXAS," Box 268, Canyon, Texas 79015. Prices range from \$4 through \$7 and there are half price tickets for children in most sections. It is well to make reservations in advance by writing or calling 806-655-2181. Show time is 8:30 p.m.

## Elderly Homeowners Have Until April 1 For Exemption Sign-Up

Homeowners who are 65 years of age or older and failed to receive their School District Homestead Exemption in 1979 have until April 1, 1982 to still sign up. In this way, Over-65 homeowners will be able to take advantage of the tax freeze associated with the \$10,000 Homestead exemption given by the School Districts of the State.

According to House Bill

885 which was passed by the Special Session of the 67th Legislature, Over-65 homeowners who Qualified for the school homestead "Tax Freeze" in 1979, but did not apply for the limitation, may file an application with the Chief Appraiser of the County Appraisal District in which the home is located.

This application must be made with the Chief Ap-

praiser of the Eastland County Appraisal District before April 1, 1982.

To qualify for the tax limitation, on January 1, 1979 a homeowner must have satisfied these requirements:

- Be 65 years of age or older
- Own his or her home
- Use that home as his or her Principle Residence

The Chief Appraiser will consider all applications and notify each applicant before April 15, 1982. If the application is approved, the Chief Appraiser will make an entry on the appropriate school district's 1982 appraisal records.

This entry will indicate the amount of tax the Over-65 taxpayer should have paid in 1979, had he been granted the \$5,000 general homestead exemption and the \$10,000 for 1979, 1980, or 1981.

For 1982, the taxpayer's amount of homestead taxes paid may not exceed the amount of taxes the school district would have imposed on the homestead for 1979, had the taxpayer been granted his homestead exemptions. This frozen tax

### Letter To The Editor

Editor

This Eastland resident has recently returned from what might be termed a spiritual mountaintop. My wife, Kathy, and I were privileged to attend a "Congress on the Bible" in sunny San Diego. Since many Eastland county residents would identify with us as evangelical believers in Jesus Christ, I think it of benefit to report briefly on this event. Incidentally, I heartily recommend this southern California city as a vacation site. With its beautiful sea coasts, Marine World Park, countless museums and restaurants San Diego provides all one could ask to overflow a week or more of recreation.

Vacation was not the purpose for which the International Council on Biblical Inerrancy (ICBI) called this gathering of leading conservative scholars and churchmen. The council's motive was the same as stated at its very inception in 1977. Affirming and defending the Bible as the inspired, authoritative, and inerrant (free from error) Word of God in all its parts was the theme. We were joined for this three days of meetings and seminars by concerned Christians from every true denomination.

The authority and accuracy of the Bible are foundational to the Christian faith. Yet we have seen and continue to note a drift away from a strong view of scripture. The Bible itself teaches that God moved through men of God through the Holy Spirit to have set down the very words that He wanted

written. Many denominations who saw their beginnings in the great protestant Reformation held courageously to this position. How sad that many of these same groups of Christ's church now wholly deny this central stand on Biblical inerrancy.

My own view of the end point of this drift is brilliantly stated by philosopher-theologian Dr. Francis A. Schaeffer "Unless the Bible is without error, not only when it speaks of salvation matters, but also when it speaks of history and the cosmos, we have no foundation for answering questions concerning the existence of the universe with its form and uniqueness of man, nor do we have any moral absolutes or certainty of salvation, and the next generation of Christians will have nothing on which to stand". I pray and exhort my fellow Christians of Eastland to wake up and join me in affirming the foundation of historical Christianity - the Bible, God's inerrant written word.

# BILFIELD DISPATCH

**County Oil Report** Thursday, March 18, 1982

Logan & Sheets Exploration Company of Breckenridge has filed first production figures on a new oil well in the Stephens County

Regular Field. The No. 1 Ward Heirs showed potential to make 6 barrels of oil and 20,000 CF casinghead gas per day.

The operator has 68 acres leased, with drillsite in Stephens County's Lunatic Asylum Lands Survey, within the city limits of Breckenridge.

The well will produce from an interval 3,073 to 3,123 feet into the wellbore. Total drilling depth was 3,223 feet.

A 4,800-ft. developmental well is planned by Delta Oil & Gas Company of Breckenridge at a drillsite six miles northeast of Caddo, Stephens County. The location is in a 1,916-acre lease in the T&PRR County Survey. Well's designation is the No. 3D R.J. Kelly Estate "D". It is in the Stephens County Regular Field.

Lone Star Oil & Gas Company of Dallas has filed first production figures on a new oil well in the Stephens County Regular Field. The No. 12 L.S.O.C. "B" showed potential to make 21 barrels of oil and 80,000 CF casinghead gas per day.

'O Say Can You See... A Patriotic crew files the flag

The operator has 60 acres leased, with drillsite in Stephens County's SPRR County Survey, ten miles west of Caddo.

The well will produce from an interval 3,170 to 3,173 feet into the wellbore. Total drilling depth was 4,614 feet.

Jerry E. Wylie Oil Drilling Company of Abilene has filed for permit to drill the No. 3 Pratt, a 4,900-ft. wildcat five miles northwest of Crystal Falls. Location is in a 160-acre lease in Stephens County's TE&L Survey #665.

A Wichita Falls-based operator has staked location for the No. 1 Wilson "D", a developmental well to be located four miles north of Necessity. With projected total depth of 4,200 feet, the well is in a 40-acre lease in Stephens County's Stephen County Regular Field, T&PRR Survey. The operator is Shillelagh Corporation.

At a location three miles east-southeast of Brazos, Chester R. Upham Jr. of Mineral Wells has finalized a new gas wildcat producer in Palo Pinto County.

The well is designated as the No. 3H Carr Estate, producing gas at the rate of 799,000 CF per day on a .75 choke. Absolute open flow estimated at 1,045,000 CFPD. Location is in an 80-acre lease in the T&PRR Survey. Bottomed at 4,507 feet, the well will produce from perforations 3,836 to 3,862 feet into the hole.

W.G. Arnot Jr. of Breckenridge has revealed plans to drill three developmental wells.

The No. 1 Owen Lewis "A", a 3,600-ft. developmental three miles south of Grafrod. Location is in an 80-acre lease in Palo Pinto County's TE&L Survey. The Lewis well is in the Palo Pinto County Regular Field.

The No. 1 Mattye L. Carter "L", a 4,500-ft. developmental well four miles west of Palo Pinto. Location is in a 320-acre lease in Palo Pinto County's T&PRR Survey. The Carter well is in the Non-O Field.

The No. 1 Mattye L. Carter "C", a 4,400-ft. developmental well four miles west of Palo Pinto. Location is in a 320-acre lease in Palo Pinto County's T&PRR Survey. The Carter "C" well is the Nan-O Field.

Chester R. Upham Jr. of Mineral Wells has filed first production figures on a new gas well in the Newfield Field. The No. 1 Calafria Estate showed potential to make 996,000 CF of gas per day on a 1.0 choke. Absolute open flow estimated at 1,650,000 CFPD.

The operator has 2,176 acres leased, with drillsite in Palo Pinto County's Allen Williams Survey A-886, two miles southeast of Brazos.

The well will produce from an interval 3,803 to 3,815 feet into the wellbore. Total drilling depth was 4,484 feet.

Producing 1,530,000 CF gas per day, with absolute open flow estimated at 2,100,000 CFPD, the No. 1 Bean was completed successfully as a wildcat by Harken Oil and Gas Inc. of Abilene. Drillsite is six miles northeast of Santo.

It was drilled to 4,506-ft. total depth and will produce from an interval 3,790 to 3,867 feet into the wellbore. Production test were run on a 1/2-inch choke.

The location is in a 160-acre lease in Palo Pinto County's T&PRR A-976 Survey.

## John H. Chalmes Is New President For Oil Assoc.

John H. Chalmers, president of Chalmers Operating Company, Inc., was elected president of the West Central Texas Oil & Gas Association at its 49th annual meeting on March 8 in Abilene.

Other officers elected include Stacey Smyre, vice president; Gordon Gray, vice president; Russell Taylor, vice president; Allan Frizzell, vice president and Scott Dueser, treasurer.

Twenty new members of the Board of Directors were elected also.

Chalmers, 62, was born in Denton and graduated from Gainesville High School in 1937. He attended North Texas State University from 1937-40 before entering the Air Force. He served in the Air Force from 1940-45 and achieved the rank of major.

After World War II, Chalmers entered the University of Oklahoma, graduating in 1947 with a degree in petroleum geology and minor in mineralogy.

He worked for the Texas Company from 1947-49 and Lyn Oil Company from 1949-55. Since 1955 he has been an independent oil operator.

Chalmers, a former vice president of WeCTOGA, is a member of many civic and professional groups. He is a member of the Independent Petroleum Association of America, Mid-Continent Oil and Gas Association, American Association of Petroleum Geologists, Texas Independent Producers & Royalty Owners Association, Abilene Geological Society and is president of WESPAC. He is an active supporter of the West Texas Rehabilitation Center and the Abilene Girls Home. He is also active in the Central Texas Gem and Mineral Society. He is a graduate goldsmith, mineral collector and lapidarist.

Smyre is executive vice president of James E. Russell Petroleum, Inc. in Abilene. Gray is president of North American Exploration Company in Abilene. Taylor is president of Nordan Oil & Gas Corporation, and Big Country Geophysical Company, both in Abilene. Frizzell is vice president of Enrich Oil Company in Abilene. Dueser is senior vice president of the First National Bank of Abilene.

Elected Board members include:

## Consumer Votes Are Important To Farmers

So you think what you buy in the grocery store is not important to anyone else? But it's a vote - and Americans vote every day in the nation's food stores.

As farmers produce raw products, consumers busily accept or reject these foods, notes DeMarquis Gordon, County Agricultural Extension Agent.

"Consumers have power to accept or reject a commodity or service, taking into account its cost and value. Farmers are becoming more interested in consumer voting," Gordon adds.

Years ago, when one farmer fed his own and perhaps another family, the farmer quickly knew how his consumers voted. There was quick response if the butter was rancid, the milk had turned sour, or the sweet corn was not sweet. These responses came from the cash-paying customers as well as the farmer's family.

But today, one farmer produces enough food to feed 70 others - 48 here and 22 abroad, the agent says. And this is the age of specialization, so he usually has little contact with the far-away people who use his product.

"Who is this someone? He is the only one supplying the products you see in the retail stores or restaurants. He is a processor or marketer. Because these people are sensitive to how consumers vote, some farmers feel they need not be," Agent Gordon says.

Consumers have a choice - either frozen, dehydrated, canned, or combined with other foods. Consumers, strangely enough, are more and more concerned with taste and convenience than price. This includes more eating out.

These changes are responses to consumer votes

especially from working men - and spell opportunities for farmers just as for the marketers. Even when the farmers are not the innovators of new food products, efforts by others to put more convenience foods on the market puts new demands on the farmer.

"These include the need to produce new varieties, new flavors, new colors, greater uniformity, and a lot of other product features that get the vote of modern consumers," the Agent says.

"No matter how one views it, the consumer vote does count," concludes Gordon.

### Horse

Two horse training sessions plus a day-and-a-half program on the latest information in horse production and management will be featured at the annual Horse Short Course at Texas A&M University April 4-6. Training sessions with live horse demonstrations will be on preparing young horses for competing in the working cow horse class and on training the western riding horse. Discussions will include soundness and speed in race horses, broodmare performance, feeding and weaning systems, colic in horses, an update on horse research, and a look at the Texas Reined Cow Horse Association, says a horse specialist with the Texas Agricultural Extension Service, Texas A&M University System.

### THE BEAUTIFUL COLEUS

The coleus is a tender plant with colored leaves or attractive flowers. They are natives principally of Java and tropical Africa and belong to the Mint family, Labiatea. Koleos is the Greek for sheath, and refers to the arrangement of the stamens.

The modern varieties of Coleus with brightly colored leaves are descended from C. Blumei, which has bronze-colored, nettle-like leaves. The leaf coloring is very varied and ranges through yellow, pink, red, crimson and green. The flowers of the

colored-leaved kinds are comparatively inconspicuous. These plants require a minimum temperature of fifty-five degrees and must be potted in rich, well-drained soil when grown as house or greenhouse specimens. When used for outdoor summer beds and borders they thrive in any good soil. They need full sunshine.

To keep pot specimens shapely, the tips of the shoots should be pinched occasionally to promote bushiness. Plants that have filled their containers with roots should receive applications of dilute liquid fer-

tilizers at weekly intervals.

The most important flowering Coleus is C. thyrsoideus, a native of Central Africa and a perennial that grows to a height of three to four feet and bears bright blue flowers of great decorative value. An important point to remember about this plant is that if it becomes necessary to pick off faded leaves this should be done with an upward pull; if a leaf is removed with a downward pull a long piece of skin will be stripped from the stem and remain attached to the base of the leaf that is pulled off.

Another good flowering is C. shirensis, which is also a native of Central Africa. It grows about three feet tall and flowers a month or two later than C. thyrsoideus. It, too is a perennial. Its flowers are paler blue than those of C. thyrsoideus.

Coleus Fredericii, a native of Angola, is an annual or biennial kind that has richly colored deep purple flowers in the early spring. It grows to a height of three to four feet and forms well-branched bushy specimens.

The Coleus is best used in this area as border plants for our flower beds and replanted each year or as a pot plant for our homes to add color. Lets color our summer with Coleus.

GOOD GARDENING UNTIL NEXT WEEK FROM YOUR GARDEN EDITOR, TED BRICE.

### Beta Sigma Phi

President Jo Eyley called the meeting of the Texas Preceptor Epsilon Beta Chapter of Beta Sigma Phi in Ranger to order as they met in the home of Lorene Oliver with Inez Bourdeau as hostess. The 12 members present repeated the opening ritual in unison. One member was absent.

The motion was made, seconded and carried that an invitation be made to all the past Women of the Year and their husbands and all those who could attend have a special table reserved at the Chamber of Commerce banquet.

Jo Eyley turned the program over to Lorene Oliver who introduced Reba Rawls who gave a program on "Stories Behind Everyday Things". She told of the different things that abound around us and how we take them for granted, such as advertising and how it has developed through the years. Then about people and how some supported their families and gained their wealth. Then about the hamburger and how it originated. How ice cream first came about and how it was used. A very amusing and interesting program.

The champion breeding swine trophy will be given by Mauney Farm Supply. Moorman's Feeds will give a trophy for the champion market hog.

The R.D. Hart family will give the champion dairy heifer trophy.

Production Credit Association sponsors five trophies for the five lamp champions. Tom's representative, Ken Lyerla, will give a trophy to exhibitor of the best of show in the rabbit division.

The champion pen of broilers trophy is sponsored by Greer's Boot & Western Wear.

A grand champion lamp trophy will be given by Ranchman's Mohair & Wool. Six trophies will be given to exhibitors of champion ewes and champion rams in the three breeds of sheep. The donors are Rising Star F.F.A. - two trophies; Quickway Grocery of Rising Star; Quick Stop of Rising Star; Rising Star 4-H; and Farmer's Supply.

## County 4-H & FFA Members Compete For 40 Awards

Eastland County 4-H and FFA members will be competing for 40 trophies and special awards, in addition to the regular ribbons and premiums. A number of sponsors are providing the special awards.

The Eastland Auction Company will provide three Showmanship trophies - one each in the market steer division, market lamb division, and market hog division.

The Eastland County Farm Bureau sponsors five showmanship trophies in the breeding divisions including beef, dairy, sheep, goats, & swine.

Four herdsman trophies will be awarded to the 4-H clubs and FFA Chapters who do the best job of keeping stalls, pens and aisles clean. The sponsors are Gorman Milling Co. for dairy, Durwood Burgess family for beef, Brown's Feed Store for sheep, and Don Laminack family for swine.

Ferguson Time Shop will give a trophy to the most cooperative showman.

Farnsworth Angus Farm will present the Mike Fransworth Memorial Trophy to the exhibitor of the champion angus heifer while the WHK Cattle Company will give a trophy to the exhibitor of the reserve champion angus heifer. Cash awards of \$50.00 for the champion angus and \$25.00 for the reserve champion angus heifer will be given by six angus breeders - Hubbard Angus Ranch, Mrs. and Mrs. W.H. Cooper, Dr. and Mrs. Norman Wallace, Mr. and Mrs. John Kidd, Mr. and Mrs. Jack McCanlies, and Heyser Angus Ranch.

The Bill Hoffman Ranch will give trophies to the champion hereford heifer and champion hereford bull exhibitors and \$50.00 cash to each of the two exhibitors.

Tonnie White will give a trophy to the exhibitors of the reserve champion hereford heifer and Ray Richardson will sponsor a trophy for the reserve champion hereford bull.

Ralph Berry family will present a trophy to the exhibitor of the champion heifer of other breeds while K.W.K. Cattle Co. will give a trophy to the exhibitor of reserve champion bull of other breeds.

Other trophies include the champion steer trophy sponsored by Mauney Farm Supply and reserve champion steer trophy sponsored by Moorman's Feeds.

The champion breeding swine trophy will be given by Mauney Farm Supply. Moorman's Feeds will give a trophy for the champion market hog.

The R.D. Hart family will give the champion dairy heifer trophy.

Production Credit Association sponsors five trophies for the five lamp champions.

Tom's representative, Ken Lyerla, will give a trophy to exhibitor of the best of show in the rabbit division.

The champion pen of broilers trophy is sponsored by Greer's Boot & Western Wear.

## This Calf Auctioned During Champion Of Champion Sale

This calf is to be auctioned off at the champion of champions sale March 20 at the new Eastland County Livestock Show Barn. The money will help pay on the show barn. The calf weighed 980 pounds the week before the show and has been on feed approximately 8 months and should grade prime.

Rust Processing has donated

the processing of the calf and the buyer or buyers can call Mrs. Rust and tell her how they want the calf cut up and packaged and get the pick up date. The calf should produce 425 lbs. of "take home" meat. The calf is being donated by the Harts. If you want to bid on the calf and can't be at the auction call Moylan Construction Co. 629-2244.

## Governor Sets "Texas Lost Battalion Assoc. Day"

Texas Governor Clements recently designated March 8, 1982 as "Texas Lost Battalion Association Day." Nineteen survivors of the battalion reside in our surrounding area including Arlee Wetsel of Eastland, and John Lee of Rising Star.

The group was sent to Java in January of 1942 to assist the Dutch government defending what was then the Dutch East Indies. They were captured by the Japanese in Java on March 8, 1942 and spent the rest of World War II in POW camps.

Most of the group wound up in Burma in early 1943 where they worked for one year building 265 miles of railroad through virgin jungles, (the book, "Bridge Over The River Kwai" was based on these experiences).

Officially liberated on September 2, 1945 after World War II ended, the survivors returned home. Approximately 30 percent of the group died during the 42 months in POW Camps from

various causes, including overwork, undernourishment and tropical diseases.

These men are drawn together by a deep bond as they stood shoulder to shoulder in combat and walked side by side from prison camp to prison camp, in the heat and rain.

Since that time the men have continued to keep in close contact. They recently gathered in the home of Joe and Gertrude Holder at Patosi, Texas for a fellowship dinner.

# TEXAS AGRICULTURE DAY MARCH 18, 1982

Our county has a long tradition of agricultural production. Though much of the labor of farmers and ranchers has gone unrecognized, we realize that their contribution to this nation's food and fiber supply is vital to the health of our citizens and of our economy. The farmers and ranchers of Texas have made this state a leader in national agricultural production.

Today agriculture is the only industry that is experiencing increased productivity. In the 1930's a farmer fed only ten people; now he grows enough food for seventy-eight others. Two out of every five acres support crops and livestock for export. This great productivity now comes from only three percent of the nation's population, when a half century ago, fifty percent of America's working force was engaged in farming and ranching.

Agriculture truly is the heartbeat of Texas. And farm families sustain that heartbeat. Therefore, we hereby declare March 18, 1982 as

TEXAS AGRICULTURE DAY in Eastland County and encourage all citizens to join in observances of appreciation for our farmers and ranchers, their families, and the many institutions and industries which contribute to the food and fiber production of this county.

Cotton was a big money crop in Eastland County in pioneer days, before the boll weevil hit around 1918. The weevil, which has probably been hiding out for many years in oak bark and other suitable surroundings, has been nipping at some of these recent plantings. But the Agricultural Department has more potent stuff to fight him with now.

Sheep and wool with \$30,000 and goats and mohair with \$70,000 concluded the main bulk of agricultural products in this county for 1981. But hunting leases and horses were related income, and they brought about \$525,000 to the County last year.

The total of all these products - \$37,135,000 - is second in receipts only to the sale of oil and gas in the county - an estimated \$43 to \$44 million annually. And the list on agriculture doesn't attempt to cover the value of food raised for home use, which must be a sizable amount. DeMarquis Gordon estimates that each local family which raises a garden saves around \$450.00 annually in food costs.

"It all adds up to a large contribution to the wealth and well-being of our County, State, and Nation," the Agent says. "Agriculture will continue to help balance our trade deficits and furnish quality food to American consumers."

It should be noted that the processing and distributing and marketing of food has accounted for the recent rise in prices, rather than what the farmer receives for his products. The prices for agricultural commodities is actually down from last year, while the cost of production is sharply up.

"Agriculture is this nation's leading employer, exporter, and the No. 1 industry in the U.S.," Gordon points out. "Today, one U.S. worker produces enough food for about 48 people at home, another 22 overseas. At the turn of the century, the American farmer could feed only 7 people."

Mr. Gordon's office furnished a lot of other information about National, State and local agricultural. In Texas, it seems, only one out of every 25 persons is a farmer or rancher, yet about 30 per cent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products.

The percentage of actual farmers and ranchers is undoubtedly higher in Eastland County than the state average. This county, with a 1980 population of 19,480 persons, had 12,891 listed as living in the towns of Eastland,

Cisco, Ranger, Rising Star and Carbon - with 6,590 living in rural areas. All the rural residents may not derive their income from farming, but some of the residents in town depend on farms or ranches for a large part of their income.

In Eastland County beef cattle led the agricultural sales in 1981, with estimated receipts of \$18,400,000. Peanuts were second, furnishing \$11,580,400 worth of products. Eastland County has the second largest peanut acreage in the state, just behind Comanche County.

Hay was the third largest crop in gross receipts, totaling \$1,500,000 in sales. Considering that some of the crop is fed to livestock rather than sold, it is apparent what a really large hay crops this area raises.

Hogs came in next, with a whopping \$1,400,000 in sales. Turkeys have a big \$870,000 in receipts. Milk is slightly under that, coming in at \$820,000. Remember that this is not all profit for the dairyman - these are gross receipts. Eastland County has only 7 or 8 commercial dairy farms, while Erath County, beside us, is 2nd in the state in dairying.

Wheat and sorghum were fairly close in sales here, with wheat 691,600 and sorghum 622,500. And Eastland County pecans, which are really tops in appearance and flavor, furnished 400,000 to the economy. Lesser amounts, although still substantial were derived from oats - \$220,000, peaches - noted for their taste \$212,500, and cotton at \$168,000. Cotton is trying to make a comeback, with a gin now located in Rising Star.

## Consumers Have Big Stake In Agriculture

"Although some big-city American consumers get no closer to a farm than a supermarket, they still have a real stake in keeping the U.S. a leader in agriculture," says DeMarquis Gordon, Eastland County Agent.

Gordon notes that farm and urban people depend on each other for products and services that are essential to modern business and living. "This is especially true in Eastland County," he says, "where the towns are closely involved with the family-type farms and ranches we have here. One group can't prosper without the other. And it is estimated that this county had a \$37 million plus gross agricultural income in

1981, in spite of the low prices paid for products."

Gordon, along with fellow agricultural workers and most political figures, believes that a basic ingredient for the economic, political and social success of a country is a highly productive agricultural base. This gives a nation the capacity to feed its own people and to export for economic gain as well as humanitarian purposes.

"According to nationwide figures," he says, "Americans are spending about 19 percent of their after-tax income for food and beverages. In most countries of the world, workers must spend far more, up to 60 per cent.

### Ten From County On Texas Tech Honor Rolls

More than 2,200 students at the Texas Tech University qualified for the dean's

honor rolls in the university's six colleges during the 1981 fall semester. Ten of those students are from the Eastland County area.

Ronald D. Butler of Ranger is one of the students on the honor roll.

There are six students from Cisco who made the list. They are Timothy D.

Bint, Mark A. Burkett, Betty W. Donham, Cheryl S. Endelbrock, David L. Hageman, and Cheryl A. Ward.

The three students from Eastland on the honor roll are Daniel C. Baker, Claudia D. Bulgerin and Keith E. Bulgerin.

A student must have a grade point average of 3.5 or more on a 4.0 scale and must have taken 12 hours or more of work to qualify for a dean's honor roll.

Texas Tech has an enrollment of almost 23,000 students in six colleges:

Daniel Baker is the son of Mr. and Mrs. Jack Baker. Claudia and Keith Bulgerin are the children of Dr. and Mrs. H.J. Bulgerin.

# Plans Are Being Made To Film Santa Claus Bank Robbery Story

By David Ingram  
Anyone who has lived in Eastland county for any length of time, knows the story of the Santa Claus Bank Robbery. It is a violent tale. But it is a part of this county's heritage and history. As a child, this reporter remembers his grandparents taking him to see a reenactment of the robbery, staged by the City of Cisco.

In a recent interview, Executive Producer Buddy Boren, of Santa Claus Productions, Dallas, stated that during the past year, preparations have been made to film A.C. Green's "The Great Santa Claus Bank Robbery". The screenplay was written by Greene and rewritten by the film's Director, Stuart Margolin, better known for his role as Angel, in the television series, "The Rockford Files". Asked to comment on the film's intent, Boren said,

"I've been to Eastland and Cisco many times, I really fell I'm a part of that." "But then that's the way I am. Everything I've ever been involved in, I've become so emotionally involved that I feel I become a part of it." "There is a message to this film. I know a lot of people out there when I've talked to who have said just forget about it. This is something that happened 54 years ago. It was a bad part of our history. Let's forget it."

"I'm not out to make a violent film. I'm out to tell a story. I deal in characters and the people who surrounded those characters. That's what I want to tell in the Santa Claus Bank Robbery." "I want to tell who our bank robbers were, why they did what they did and how the people reacted to the events. We're not trying to make heroes out of these guys." "This is not a 'Bonny and Clyde'." "My intention is to make a film that will show people the relationship between 1927 and 1982. Hopefully, by the result of this film, people will say I am not going to get myself in that situation. I think this is a very important historical element in our times. That's why I want to make the film."

According to Boren, location filming will begin in September or October and will take approximately ten weeks. It is a distinct possibility that many of the extras used in the location shots will be local citizens.

There will be approximately four months of pre-production planning, during which representatives of the company will meet with city officials and council in each town where filming will be done.

Boren was apprehensive to mention any of the cast members. As contracts are still under negotiation. However, he did go as far as to say that it would be a major cast. (Ed. Note: This Saga to be continued).

## Program On Low Calorie Cooking Presented To Morton Valley Club

Morton Valley Ext. Homemakers Club met at the club house on March 10th. Ora Roberts led the opening exercises. Ten members answered roll call with: "An old friend I'll always remember."

Estelle Leach and Dorothy Underwood proved that low calorie cooking can be delicious.

At least five members plan to go to Lampasas on April 7th for District 8 meeting and in support of our candidate for District Director, Dorothy Underwood.

President Edith Wilson had her hands full at this meeting as the only guest was her 2 year old grandson, Cory. He was a very good little boy and answered all questions with a prompt, "Yes Sir."

After a brief business meeting a slide program of Low Calorie Cooking was presented by Dorothy Underwood. Refreshments of various crisps vegetable sticks with low calorie dips, bread sticks and pineapple orange creme prepared by

## Eastland County Jail Rated Tops In Texas

Sheriff Johnnie W. Morren reported that the Eastland county Jail received an outstanding rating and was presented another Certificate of Compliance from Robert O. Viterna, Executive Director of the Texas Commission On Jail Stan-

dards, after its annual inspection by Inspector Robert Dearing of Austin.

The Texas Commission On Jail Standards began its function in 1977 to insure that all county jail facilities in the State conform to certain minimum standards of construction, maintenance, and operation. Some of the areas in which the Eastland County Jail received an excellent rating were: cleanliness, cooking, record keeping, and availability of fire-fighting and emergency equipment. Mr. Dearing also noted that all the jailers in the Eastland County Jail are certified through The Texas Commission on Officer Standards and Education.

When Inspector Dearing presented Sheriff Johnnie Morren with the Certificate Of Compliance from the Jail Commission, he remarked that the Eastland County Jail is rated number one in the State of Texas. Commissioner Richard Robinson of precinct one and Commissioner Clarence B. Dill of precinct four were present during the inspection and presentation of the Certificate of Compliance from the Jail Commission.

MRS. S.O. BARNHILL

### Mrs. Barnhill Is Honored On Her 91st Birthday At Friday Luncheon

Mrs. S.O. (Mary) Barnhill was honored on her 91st birthday at the luncheon of area senior citizens last Friday noon at the Laguna Hotel Corral Room. Mrs. Barnhill is pictured above with the attractive cake that was presented to her.

Three of Mrs. Barnhill's children were present for the occasion. They included Idella Taylor of Cisco, N.W. Barnhill and Carroll Barnhill of Fort Worth and their wives.

The birthday party was arranged by Ruth Cartee and Annie Rendall, and Lela Lloyd served as master of ceremonies. Dinner music was provided by the Star Brite Band, a group of some 25 musicians from Rising Star with Edith Bostick as director.

Mrs. Barnhill was born four miles west of Cisco at the home of her grandmother, Mrs. Farmer. She grew up in Stephens County and married a Cisco native, S.O. Barnhill. He passed away eight years ago. Also deceased is one son, Wayne Barnhill, who lost his life in WWII in Germany. The birthday party was a

big surprise for Mrs. Barnhill. Her two Fort Worth sons and their wives came to Cisco the day before and took her to the luncheon. The celebration continued through the weekend as March 14th was really her birthday.

Mrs. Barnhill, who lives alone, enjoys good health and is a regular at Church of Christ services.

A total of 167 persons attended the Friday birthday luncheon.

### Bridal Shower Held Saturday For Carol Weir

A come and go bridal shower was held Saturday, March 13, in the home of Carla Blackwell, honoring Carol Weir, bride-elect of Lanny Strickland.

The honoree's chosen colors of red and white were carried out in the decorations.

Hostesses were Kathy High of Eastland and Joan Strickland and Carla Blackwell, both of Cisco.

There were approximately 20 who attended or sent gifts.

GEORGE PRESTREDGE

Among those enjoying the three-times-a-week luncheons for senior citizens at the Laguna Corral Room is George Prestredge, pictured above. He is 91 years of age and has lived in Eastland County all of his life. Mr. Prestredge, a retired farmer, lived in the Rising Star area for 60 years, at Eastland for about 30 years and has lived in his travel trailer parked in the yard of his daughter, Lerlene Prange, on Avenue A in Cisco. His wife is deceased. He enjoys good health, likes to attend the luncheons, and is very alert and active for his age. (Staff Photo)

### Mr. & Mrs. Fred Stovall To Be Honored On Anniversary

Mr. and Mrs. Fred Stovall, Jr., of Moran, will be honored on their 25th wedding anniversary on Saturday, March 20, from 2:00 to 5:00 p.m. at their home in Moran. The occasion will be hosted by their children and spouses, Mr. and Mrs. Clarence Stovall of Cisco, Mark Stovall of Ada, Okla., Mr. and Mrs. Rickey Rucker

of Cisco and Dennis Stovall of Moran.

Mr. Stovall is the son of Fred Stovall, Sr., of Moran. Mrs. Stovall is the daughter of Mrs. Emma Powell of Habeson, Delaware.

The couple has one granddaughter.

The public is cordially invited to attend.

### March 14-21 Is 'Older Worker Week'

To recognize the importance of meaningful employment for senior Americans, the U.S. Department of Labor has announced March 14-21 as "Older Worker Week." Texas Farmers Union Green Thumb, a rural senior employment program, is encouraging both public and private employers to join them in honoring older employees during this week.

Older Worker Week is an annual event designed to

spotlight the valuable qualities of the mature worker. Green Thumb employs about 1,000 senior Texans in 107 counties. Sponsored by Texas Farmers Union, the program provides part-time work opportunities for people over 55 who are "loaned" to non-profit organizations to provide needed services in rural communities.

Green Thumb State Director Diane Parrish says "Older workers value job security while younger workers tend to change jobs frequently. The fact that older Americans lived through the Great Depression while younger workers grew up in affluent age perhaps affects the way each sees the need for security. Consequently, there seems to be less job dissatisfaction among older workers."

The increasing number of retirees returning to the workforce and employers' favorable receptiveness to their return is evidence of a changing trend in American society. Only a few years ago, 65 was considered to be the traditional retirement age. Mandatory retirement policies were accepted without question and complied with automatically by almost everyone. But today, 79% of workers age 55-64 and 73% of those over 65 say that they prefer at least part-time employment to total retirement according to a National Council on Aging survey.

Sen. Richard Lugar (Ind.), says "For most Americans, work means everything. It's a definition of our lives, the way in which we serve others. To be cut off arbitrarily by law or regulation is devastating."

Surveys have shown that maximum intellectual function is achieved between the ages of 40 and 65. Older employees can evaluate tasks and project outcomes more accurately than can young workers. The wisdom gathered through experience would appear to account for this. Recognizing this fact, many employers are taking a second look at the mature worker when openings are available in their companies. John Deere (farm equipment manufacturer) hires retirees to guide 14,000 tourists that come to the plant yearly. Union Carbide, Connecticut General Life Insurance and Bankers Life and Casualty Company are among the growing number of businesses who are actively recruiting older employees.

"Hiring the experienced is good business," says Green Thumb Director Parrish. "Green Thumb helps locate jobs for older workers in the private job market," she says, "and when looking for openings, we find that the ticking off of birthdays is the least important measure of a person's true value to an employer."

Texas Farmers Union Green Thumb is an equal employment opportunity, affirmative action employer with a state office in Waco. For more information, con-

### Announces Engagement

Carol Weir and Lanny Strickland would like to announce their engagement and approaching marriage April 1, 1982, at 7:30 p.m. in the Bible Baptist Church.

Carol is the daughter of Mr. and Mrs. Norman Weir of Route 1, Rio Vista. She attended Cisco High School and is employed at the B&J

Cafe. Lanny is the son of Mrs. Neoma Ingram, 304 West 18th, Cisco. He attended Cisco High School and is employed by Rambis Electric and G.W. Rebel and Son Construction.

All relatives and friends are urged to attend the wedding and reception following.

### Putnam News

By Mrs. R.B. Taylor

We are very thankful for the nice rain we had Sunday a.m. We recorded nearly an inch here, and just a little hail. We are also thankful that we missed the tornadoes. I suppose we can expect a tornado alert everytime we have a cloud for the next three months. We just hope they all miss us and everyone else. This writer has been lucky, but have seen the damage and destruction from quite a few during my lifetime. The rain will really be a boost to the grain which is beginning to look real pretty.

The Women's Study Club of Putnam met at the Community Center Monday afternoon at 2 o'clock. Thirteen members and nine guests answered roll call.

Mrs. Tim Massingale of Abilene, the former Laura Isenhower, brought slides and gave a very interesting account of their visit to India. She was dressed in a beautiful native silk sari and brought several articles which are used in India. Mrs. Ruby Weathermon presided at a business meeting after the program. She reported that a sump pump has been installed in the basement of the building to pump out the water that collects there.

Mrs. Adolph Muzny and Mrs. Joe Whitehead were hostesses. Among the guests was Mrs. R.W. Reynolds of Elmdale. Mrs. Reynolds was a long time member of the club. We are always happy to see her.

Mr. and Mrs. Frank Guidrey of Lubbock spent most of the week with their aunt, Mrs. Ollie Burnam. Also visiting Mrs. Burnam were Mrs. Fay Woods of Cisco and Mrs. Bilbrook of Fort Worth. The Bilbrooks pastored the Baptist church at Putnam several years ago.

Mr. Arnold Pruet spent last weekend at Las Vegas, Nev. He reports that he came back nearly as well off

fact Green Thumb, P.O. Box 7898, Waco, Texas, 76714 (phone 817-776-4700).

Miss Kathryn Ivie of Rock Spring is spending her spring break with her mother, Mrs. Clinton Ivie. Mrs. Lucretia Alexander of Houston visited her mother last week.

Mr. and Mrs. Hall Green made a trip to Colorado last week.

The Blayne Buchanans are doing extensive remodeling at their house in the south part of town.

Mrs. Betty Speegle of Cisco and her daughter, Mr. and Mrs. Lester Fields and daughter went to Fort McAllen, Ala., last week to the graduation of their son and brother from an Army school.

Miss Laverne Rutherford visited her uncle, Mr. Raymond Clark at Shady Oaks Nursing Home at Abilene last week. Mr. Clark lived in and near Putnam for a long time.

Mrs. Clarice Sprawls and Mr. Jobie Jobe of Fort Worth spent Saturday night with Mrs. R.B. Taylor. They visited their sister's family, the Wallace McCarvers at Cisco during the weekend.

Warren and Cindy Donaway of Brownwood and daughter visited his parents, the Milton Donaways Sunday.

Mr. Billy Speegle of Fort Stockton brought his mother, Mrs. R.C. Speegle home this week. Mrs. Speegle has spent several weeks with her daughter, Mrs. Babe Donaway at Odessa. Welcome back home, Mrs. Speegle.

### WORD of GOD

New Testament

And Simon Peter answered and said, Thou art the Christ, the Son of the living God.

And Jesus answered and said unto him, Blessed art thou, Simon Bar-jona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven.

And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.

# People n Things

**THE BOARD OF Trustees of the Cisco Public Schools didn't get a spring break last week. They held their regular monthly meeting, and the brief agenda included approving new contracts for all members of the faculty, reports Supt. James Couch.**

Principals and coaches had been hired previously. Other routine matters were taken care of.

**CHS OFFICIALS** are working on plans to host a district or regional junior track and field meet so Ciscoans can turn out to see the brand new athletic plant out back of the high school building. The new track is a quarter mile cinder oval with facilities for field events in the center area.

Bleacher seats have been erected so several hundred fans can watch in comfort.

**NOBODY HAD** cast an absentee vote at City Hall as of 5 p.m. Monday, reports City Secretary Ginger Johnson. You can vote absentee in the city and hospital elections there and in the public school and college elections at the School Board Office. Returning recently from a Florida vacation, the Bill Ashes stopped in Louisiana to visit their son Clifford and family. And Bill and Cliff went over to Toledo Bend Lake for a bit of fishing. Cliff caught an eight-pound bass that he is having mounted. Bill saw an eagle, the first he ever saw in Texas, perched on a dead tree on a small island in the lake. Bill works out at the Russell Newman Company plant here.

**MR. WM. E. (Bill) Austin,** the furniture man, bid and made two slams (one a grand) in bridge the other night. Mrs. Austin went out their back door over on 5th Street the other morning and found an empty dog food can and a spoon on the back step. Guess some hungry dog was giving them a message. John McGuire, the IDS man, has made that company's million dollar sales club for

10 consecutive years. Cisco Country Club members are having a family night supper this Thursday night.

**HAPPY ST. Patrick's Day** to you this Wednesday (March 17). This is the day that Frank Barrett of Thornton Feed Mill and Josephine Salter of Big D are scheduled to be joined in matrimony at 6:30 p.m. at the home of the Rev. Buddy Sipe, First Baptist Church pastor. A Wyoming family moved in the other day at Happy Valley Mobile Home Park out west of town. The park was built and is being operated by Ralph and Leona Morton. Mrs. Steve Clary's daughter, Carol Kay, and husband and two children of Vernon spent last weekend here with the Clarys and the Steve Thomases.

**SAW JOE AND AL Heysler** playing golf at the local course last Sunday. Bob Bennie, manager of the golf course, chipped in for an eagle two on the No. 6 hole out there one day last week. His drive was a dandy that ended near the green. Jesse Simmons, local plumber, tried his hand at golf a few years ago. He had watched and decided that anybody ought to be able to hit a golf ball. So he bought three new balls and went out to the Number One tee. The first swing did no damage for he missed the ball. He hit the ball the next time, but it went out to the right into the canyon. Ditto for the third swing. The third ball is now at home on the Simmons mantle with a sign that says: "Jesse Simmons Can't Play Golf."

**THE DAVID Callarmans** enjoyed spring break week out at Ruidoso, New Mexico and everybody had a good time, they report. They met up with a former Ciscoan - Mrs. Dean Andrews, the former Lorlei Lipsey, of Plains, Texas, where her husband is superintendent of schools. Mrs. Andrews reported that her parents

recently moved to Longview and that brother Benjy now lives in Houston and brother Charles is the football coach at Mason. The snow was good, the weather was nice, and spring break was just dandy was the Callarman report.

**THE GROUP OF Ciscoans** who visited last weekend down in Mexico are home and we're anxious to see Mrs. Sutton Crofts' report on the trip. Understand she was among those who enjoyed a parachute ride behind a boat. She promised to give us a full report on the outing. The martins, those nice birds that earn their keep by eating mosquitoes, are moving in, reports Bill Reynolds of Gardenhire Oil Co. They started coming two or three weeks ago after the earlier appearance of their scouts. Bill has six pairs already living at his martin house, a 36-apartment affair. Saw several pairs resting on a utility line near the martin house at the Wesley Smith home out on the Lake Road.

**WHEN THE tornadoes** struck this region last Sunday around 4 a.m., a nice rain fell in our area. Local rain gauges measured from half to an inch. Hear that the wind, which was pretty high, blew part of the roof off the garage at the Wesley Valek home at 1001 West 10th Street.

**OCCASIONALLY,** we read something that makes the blood boil - like a newspaper article the other day with a report on U.S. Government officials who lease \$1,000 per hour jets and stay in \$350 per day hotel suites at taxpayer expense.

And a cabinet officer chartered a Learjet to fly from DC to Tucson and back at a cost of \$11,243. Another cabinet member took several fellow workers and their wives on a trip from DC to Los Angeles and back via Mexico City at a cost of \$31,246 to the taxpayers.

Then, a Monday article recounted the work of Congress who recently enacted a law that virtually eliminates the income tax on salaries of members of the house and senate and exempts them from paying social security tax although their pension plans are the best of all. Even Senator Harrison Williams, who resigned the other day to avoid expulsion, will draw a pension of some \$45,000 per year.

There ought to be somebody somewhere sometime who could and would take the bull by the horns - absolutely, positively and irrefragably!

## Rep. Joe Hanna Won't Represent Eastland County

State Rep. Joe Hanna announced today that, under the new redistricting plan, he will not be representing Eastland County in Austin next year.

"It is with deep regret that Eastland County will no longer be in my legislative district," Rep. Hanna of Breckenridge said.

Hanna's new district excludes Montague, Jack, and Eastland Counties, while gaining Young, Shackelford, Callahan, Hood and Haskell and retaining Stephens and

## Glen Lawless Watercolor Art On Exhibit At Loan Production Office

Watercolor art of Glen Lawless will be on exhibit at the Cisco Loan Production Office, 202 West 8th Street, through the month of April.

Mr. Lawless was born and raised in a rural environment at a time when the one cent cedar pencil was the common writing instrument, and he wore out many of these contrary tools on cheap tablet paper sketching everything caught his insatiable interest.

As the adult years approached, many factors combined to influence his decision to follow an engineering profession. His formal education at Texas A&M prepared him for the many subsequent years spent as a design and development engineer. His interest in art was woven into his personal life through time spent sketching, studying and viewing art. It was during those early and busy years of becoming a successful working engineer

GLEN LAWLESS Watercolor Artist

that he saw his first original watercolor painting. The past interest in sketching and the fascination of watercolor art combined to create a determination to become an accomplished watercolorist, and many evenings during those busy years were spent becoming acquainted with the watercolor medium.

## CHS Boys Track Team Opens Season With Win

The Cisco High School boys track team, the defending District 10-AA champions, opened their season Saturday by winning Division II of the Optimist Jacket-Honeybee Relays in Stephenville.

Eastland, the team which finished second behind Cisco in district last year, ended up third in Division II. Breckenridge and Clyde tied for fifth and DeLeon was eighth.

The Cisco girls were third in Division I. Clyde was fifth and Eastland finished seventh in Division I.

Larry Adams of Cisco won the Long Jump in Division II with a 20-4 leap. He ran the last lap of his heat of the 800 meters virtually alone to win by 40 meters in 2:01.7 and establish a new meet record.

The Cisco team got one other first place finish Saturday, with Adams' running a leg on the 400-meter relay team which won in 44.15. Joe Perry, Randall Rattan and Jason Potter combined with Adams to form the relay team.

Gary Speegle of Cisco, who finished second at last year's state with a jump of 6-6, cleared 6-4 for second place.

Eastland had three first-place finishers with Jimmy Humphrey winning the 3,200 meters in 10:40.12, Larry Blackwell taking the 300-meter hurdles in 42.0 and Leonard Garces winning the 1,600 meters in 4:51.22.

become the preferred art medium in the future. It is for this reason that he has not consciously strived to develop a recognizable, or personalized style, or tended to limit his subject matter. Every painting presents a special set of problems that can only be solved correctly through the knowledgeable use of the medium, and only in this way can an individual fully develop his talents as a watercolor artist. The general public is welcome to view these paintings.

## OBITUARY

### Joint Services Are Planned For Cole Brothers

Joint funeral services will be held for two brothers, Alfred B. Cole and Robert A. Cole, who died within 15 hours of each other in Cisco this week.

The services will be conducted at 10 a.m. Wednesday at the Cisco Funeral Home Chapel with the Rev. Bill Weeks, Presbyterian minister, and the Rev. David Adkins, Methodist minister, officiating. Interment will be in the Wayland Cemetery near Breckenridge.

Alfred B. Cole, 69, died at 10:20 p.m. Sunday at the E.L. Graham Memorial Hospital after a long illness. He was born December 9, 1912, in Stephens County and had lived in Cisco for some 20 years. He was a retired Civil Service worker, having been employed by the Internal Revenue Service. He was a WWII Navy veteran. Mr. Cole married Kathryn Kilpatrick on August 2, 1938, in Odessa. He lived at 504 Avenue I. He was a Presbyterian.

Robert A. Cole, 78, 800 West 7th Street, died at 12:30 p.m. Monday at the family home of an apparent heart attack. He was born October 16, 1903, at Crystal City and had lived in Cisco since May, 1971. Robert Cole retired in 1971 after a career with the U.S. Customs Service. He was married March 5, 1971, to Jewel Sturrock in Port Arthur. He was a Methodist.

Surviving Alfred Cole are his wife of the home; two sons, Robert Wayne of Saratonia and Charles of Cisco; one daughter, Mrs. Darrell Holt of Lockhart; and four grandchildren.

Surviving Robert Cole are his wife of the home; a step-daughter, Mrs. Hal Stark of Houston; a step-son, Thomas Power of New Hope, Pa.; and one grandchild.

Both are survived by two brothers, Howard Cole of Cisco and W.R. Cole of Lubbock; and one sister, Mrs. Paul Wagley of Wayland.

### Funeral Services For James; Mason Held Tuesday

Funeral services for James J. Mason, 87, of Cisco, were at 3 p.m. Tuesday at Greater St. Mark's Church, directed by Cisco Funeral Home. The Rev. J.C. Mills of Fort Worth officiated. Burial was in Oakwood Cemetery.

Mr. Mas on died at 10:25 p.m. Saturday at Eastland Memorial Hospital after a long illness.

He was born April 3, 1892, in Louisiana. He was a porter at the Laguna Hotel for a number of years.
