

# HALL OF REMARKS

BY HERREL HALLMARK

THIS EDITION OF the Cisco Press is being mainly devoted to the matter of the City of Cisco's upcoming bond election on April 3. We are trying to present all the facts as we know them so you can decide which way you want to vote.

Most of the people we have talked to seem to be concerned by the higher cost of water and sewer charges if the bond issues passes, but at the same time they are concerned about the condition of their drinking water and sewer facilities.

I urge everyone to get out on April 3 and vote on the bond issue. If you do not vote, then your preference will not be known.

Personally believe we need to vote for the bond issue and get our water

## Reception To Honor Council

A reception will honor the newly elected city councilmen at the council meeting room at City Hall following the special meeting there Tuesday night, April 6, according to an announcement Friday.

The special council meeting has been called to canvass returns of the April 3rd election when two council members will be elected and the city votes on a water and sewer improvement bond issue.

Councilmen Loyal Lundstrom and Bobby Rains are unopposed for re-election on the April 3rd ballot.

facility to where it will meet health standards. There are too many people of authority who say our drinking water may possibly be unsafe, for us to ignore their suggestions and leave our water supplies just the way they are.

I hope you will read all the stories concerning the bond issue in this edition of the paper and then form your own opinion and make up your own mind.

Let's not be like the person who was asked if he knew the difference between ignorance and apathy and replied, "I don't know and I don't care."

**\$5,000 WINNER**—Dorothy L. Stephens of 1608 Ave. H was a \$5,000 winner in the "Roundup of Riches" contest at Thrift Mart in Cisco. Duane Arnold, manager, presents her with the check. Her plans for the money are to put most of it in savings. (Staff Photo)

## Council Releases Timetable For Proposed Bond Election Project

The Cisco City Council, in the interest of informing the voters as to the timetable of possible projects resulting from the bond election passage, and also to advise citizens of the possible economic impact of the approval of the three issues, has given the following information to The Cisco Press for publication at this time:

(1) The \$1,450,000 water filtration plant and system improvements...This program, if approved Saturday, will carry some "ifs." If we get the 5.6% financing from

the state for \$500,000 of the project, along with most of the remaining amount at 11%, then we could begin the preliminary work within 6 months to a year. When the bonds are sold, the increase in water bills would take effect. Water bills would go up

on an average of 90 to 95 percent when the project begins, and the bond payments would be largely paid off in 20 years. If we do NOT get the state financing, then we must turn to the federal agency, the Farm and Home Administration,

and await and hope for their approving financing for us. Their current interest rate is 12.3%, but the rate fluctuates periodically. If this funding is used, water bills would still be approximately doubled, but the bond payments would extend to 40 years due to the higher rate of interest. If the FHA will not fund us, the project will of necessity be abandoned until such time as other funding can be arranged. We foresee no other available sources of funding, however. Naturally we are hopeful of the state-funded methods which is by

far the more desirable.

(2) The \$300,000 sewer plant issue...This carries the biggest "if" of all. This proposition simply authorizes the city to proceed with its application for a federal grant through the Environmental Protection Agency, which would be a 75% federal-25% local participation program. The \$300,000 would be our share of a total project costing over a million dollars. Even if we pass this issue, we are not assured of the EPA grant. But if we do NOT pass it, then our chances of the grant are lost...and federal grants of this nature are becoming more and more scarce. If we do pass the proposition, it will be at least 1983 or 1984 before the project can begin. When and if it begins, sewer rates are scheduled to be raised approximately \$2.25 per customer per month to finance our part of the new sewer plant.

(3) The \$175,000 sewer out-fall line...This is the one issue that has no "ifs" whatsoever. Should it pass, we can begin virtually immediately on construction—certainly by summer, as all blueprints and plans are completed, and financing of the bonds has already been approved. The funding will be through the First National Bank of Cisco, at an interest rate of 11%, to be paid out over a 10 year period. When these bonds are sold, sewer rates will be increased to pay out this project in the amount of \$2.00 per customer per month.

## EDITORIALS

### Vote For Health And Progress

When the voters of the City of Cisco go to the polls on Saturday, April 3, to ballot on the proposition of issuing some \$1,925,000 in bonds to finance water and sewer improvements they could well be deciding a matter vital to the community's health and progress.

The need for water filtration at Lake Cisco has been pointed out by the State Department of Health. This agency has used water analysis results compiled over a period of years to show that the water we drink is something less than good quality and that our community is fortunate that no disease outbreak has occurred as a result of the water.

It has been common knowledge for some years that our city's sewage and waste water disposal facilities are quite inadequate—a situation that could very well affect community health conditions.

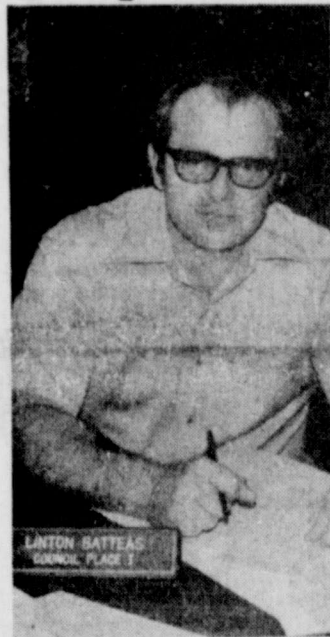

Three propositions are on the ballot in the Saturday bond ballot. Each proposition contributes in part to remedying the conditions of our water and sewer facilities. It is important that a "yes" vote be recorded for each of the propositions.

Certainly, the improvement program will be costly. The some 2,000 customers of the water and sewer systems will pay considerably more for this service after improvements are made. Hopefully, our city government will be able to obtain a considerable part of the total expense in the form of a grant. Efforts are going forward with this in mind.

The progress of our community is very definitely at stake in this important election. Our city council, reluctant to act in haste, has placed the matter before the people, feeling that Cisco has no alternative. This is a matter that cannot be delayed further—its enactment is too vital to our people's health and the community's general welfare.

This newspaper, weighing the pros and cons, endorses the bond issue and urges its support. We, as citizens of a progressive community, cannot in good conscience continue to ignore a very real problem. Let's rally behind the improvement program at the polls next Saturday

## City Council Members Speak About Bond Issue

portunity to make the decision instead of us making it for them. My personal feeling is that we have been very fortunate in the past in not having serious health problems due to the unsanitary nature of our drinking water, but now is the time for each voter to decide for themselves.

Brad Kimbrough  
Councilman  
Place II

As a City Councilman, I sincerely feel the three proposals to be voted on in the upcoming April 3 election for the upgrading of our City water and sewage facilities, are in the best interest of the City. I desire the best for our citizens, and I firmly believe the best will be in the way of these very essential improvements.

I trust that you also, the voters of Cisco, will see the need of these improvements and come out on April 3 and vote for all three proposals.

Loyal E. Lundstrom  
City Council  
Place III

I believe the people of Cisco have now the opportunity to decide for themselves the fate of our town. We of the city council have tried to put together the best and most workable plan to help alleviate the major problems with our water treatment and sewage. This is by no means a cure-all but it is a step in that direction. We realize this is an expensive undertaking and will create a heavy burden upon some in the community. However, if you weigh the positive and negative sides to the issue I believe the majority will vote yes to the bond issues and at the same time be voting yes for progress for Cisco. This is not a decision for the council but a decision for the entire community. Whatever your conscience, please vote April 3rd.

Linton Batteas  
Councilman  
Place I

drinking this water for years and haven't died yet, so they will vote the way they feel. Some will say that my sewer

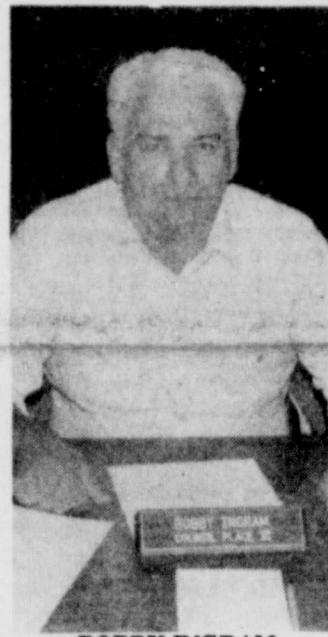

As a councilman and concerned citizen I urge all voters to attend the polls on April 3rd to vote on the three propositions. Our City has needed an upgrading in both the water and sewer facilities for some time and it is now up to the voters to decide whether we will upgrade both systems to meet the standards of the Texas Department of Health.

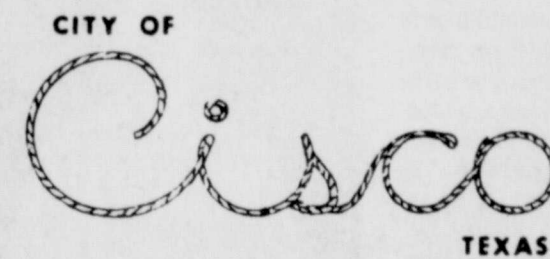

It should be noted that each proposition will be voted on independently of the other, however each is a needed improvement and all three propositions would make Cisco a healthier place to live for every citizen in Cisco.

Ivan Webb

I feel that the Bond Election is a necessity for the City of Cisco. Each of us has our own ideas as to what the City needs and what the City doesn't need, and April 3, 1982, I am sure each of us citizens will vote for the best for our City. Some of the people feel the time is not right for a big project to be started. This was also the opinion of some of our citizens 25 years ago. Some feel that they have been

Bobby R. Ingram  
Councilman  
Place VI  
Proud To Serve  
The City of Cisco

OFFICE OF THE MAYOR

March 28, 1982

Dear Fellow Ciscoans:

April 3 will mark the culmination of incalculable days and hours of work, hope, and prayer on the part of a great number of people of our fine community. It will be a day in which we as citizens can and should take part in the heavy responsibility of deciding whether or not we will come into compliance with acceptable health standards for water and wastewater treatment.

Personally, I hope that all three propositions will pass. I feel that, although their passage will present a financial burden that will be difficult for some to bear, we simply must wait no longer to take the action that these three proposals will allow.

In order to be as well informed as possible, please do read the accompanying summary statement of the timetable and projected economic impact of the three issues to be voted on. And I also suggest that you read the various articles and Letters to the Editor appearing in this and other issues of the Cisco Press. Make no mistake about it—I, as mayor, along with the other six councilmen, want every citizen to be completely informed so that you can vote intelligently on each of the three proposals. We will accept your decision. Our consciences will be clear no matter what the outcome, as we will have presented the issues to you as citizens, and your choice will have been made.

I strongly urge each eligible voter to go to the polls on April 3 and have your say in these important matters that will affect our community for decades to come. It is my prayer that we will make the right decision—the one that is best for Cisco—whichever it might be.

Cordially,

*Erin Ritchie*

## Mr. & Mrs. Virgil M. Murphy To Be Honored On 50th Wedding Anniversary

MR. AND MRS. VIRGIL MURPHY

Mr. and Mrs. Virgil M. Murphy will be honored with a 50th wedding anniversary reception on Sunday, April 4, from 2:00 to 4:00 p.m. at their home, 405 West 9th Street, Cisco.

The occasion will be hosted by their children; their son and daughter-in-law, James and Geraldine Murphy of Burbank, California; their daughter and son-in-law, Jeanne and James Lamphere of El Centro, California. The couple has one grandchild, Michael Lamphere of El Centro, California.

Jeanne Merle Crockett and Virgil Milton Murphy were married in Lawton, Oklahoma, on April 3, 1932. They both received their education in Eastland. Murphy also attended Randolph Junior College, presently Cisco Junior College, and North Texas State Teachers College, Denton. He taught school at George Hill, near Rising Star, and at Harpersville.

They moved to California where they lived almost 35 years, moving to Cisco in July 1977. Murphy retired from Southern Pacific Railroad as chief clerk in October 1976 at El Centro, California. While living in California the couple was active in civic and fraternal work, giving special attention to the youth. They were advisors for many years with boys and girls, ages 12 through 18 years. In 1964, Mrs. Murphy was awarded the "Decoration of Chivalry" for her outstanding work with youth. This award is the highest honor bestowed upon a lady by the Patriarch Militant of the Independent Order of Odd Fellows.

Murphy is a past grand chaplain of California, Independent Order Odd Fellows, past district deputy grand patriarch, of the Grand Encampment of California. He is also a past district deputy grand master of the Odd Fellows of California and Texas. He is a

member of Eastland Odd Fellows Lodge. He is a member of Cisco Masonic Lodge #556, serving as senior warden. They are both members of the First Baptist Church, Cisco A.A.R.P., volunteer workers at the Senior Citizen Center, Good Will Rebekah Lodge, and Cisco Chapter #461 Order Eastern Star.

Mrs. Murphy is a past grand outside sentinel of Grand Ladies Encampment Auxiliary of California, also past district deputy grand patriarch of Grand Ladies Encampment Auxiliary. She is a past district deputy president of the Rebekah Assembly of California and Texas. She is now serving as conductress of Cisco Chapter Order Eastern Star.

As there will be no individual local invitations sent, all friends and relatives are invited to the celebration of this occasion. The presence of family and friends will be a gift they will always cherish. No other gifts are desired.

### WORD of GOD

Psalm 50:15-23

And call upon me in the day of trouble; I will deliver thee, and thou shalt glorify me.

But unto the wicked God saith, What hast thou to do to declare my statutes, or that thou shouldest take my covenant in thy mouth?

Seeing thou hast instructed, and castest my words behind thee.

When thou sawest a thief, then thou consentedst with him, and hast been partaker with adulterers.

Thou givest thy mouth to evil, and thy tongue frameth deceit.

Thou sittest and speakest against thy brother; thou slanderest thine own mother's son.

These things hast thou done, and I kept silence; thou thoughtest that I was altogether such a one as thyself: but I will reprove thee, and set them in order before thine eyes.

Now consider this, ye that forget God, lest I tear you in pieces, and there be none to deliver.

Whoso offereth praise glorifieth me: and to him that ordereth his conversation aright will I show the salvation of God.

Psalm 50:15-23

## Kendricks Begin 18th Year

The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1981 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, will begin its 18th year of productions with the annual Easter Sunrise Pageant at 3:30 a.m. on Easter Sunday April 11, 1982 ending at sun up.

This production is the complete LIFE OF CHRIST from the birth through the resurrection, portrayed in sixty scenes by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATIONAL, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from. Included with the cast is a grey donkey for the Mother Mary, a white donkey for the Triumphant Entry of Jesus, a camel for the wisemen, and sheep for the Shepherds in the field.

Admission is a FREEWILL OFFERING, FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hook-ups are available for a minimal fee. A concession stand and clean restrooms are available on the grounds for the convenience of those attending.

Summer productions of the pageant will begin June 17, 1982 and will be presented each Thursday and Friday night at 9 o'clock DST through August 13, 1982.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. til 5 p.m. During Easter weekend, this Diorama and Museum will be open continuous from 10 a.m. Saturday through 5 p.m. Easter Sunday with the exception of the pageant presentation time.

The Diorama is scenes from both the Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as is possible with NARRATION, also from the King James Bible, and SOFT ORGAN BACKGROUND MUSIC for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with the biblical characters. Admission to the Diorama is children 6 through 11 \$2.00 and Adults \$2.50. Each tour lasts 1-1/2 hours.

So now, plan a spirit filled trip and come to the LIFE OF CHRIST PAGEANT halfway between Cisco and Eastland, Texas on U.S. Highway 80.

For further information, contact the THE LIFE OF CHRIST PAGEANT Route 2, Box 46, Cisco, Texas 76437 or Phone 817-629-8672.

Diane Zarate and Leslie Roberson, FHA Chapter Sweetheart handed out the ribbons and trophies during the recent Cisco Livestock Show.

WINNERS at the Cisco Livestock Show recently were Robert Gorr, sheep showmanship award; Justin Kendall, hog showmanship award; Mike Woolley, beef cattle; Kathy Choate, dairy cattle.

Angie Boyd and Shelly Agnew were winners in the recent Cisco Livestock Show.

The first submarine to surface at the North Pole was the U.S.S. Skate, in 1959.

## Spring Gospel Revival Set At Church Of Christ April 4-7

The spring gospel revival meeting at the Cisco Interstate 20 Church of Christ will be held Sunday, April 4, through Wednesday, April 7. Mr. Larry Wishard of Abilene will be the evangelist. The Sunday services will be 9:30 morning sermon and 6:30 evening sermon. The weekday morning lessons will be 7:00 to 7:30. The weekday evening services will begin at 7:30.

There will be a dinner on the grounds following the Sunday morning service. For transportation needs call 442-1450 or 442-1512.

The Sunday morning class lesson will be entitled "The Christian's Attitude." The Sunday morning sermon will be entitled "What broke Jesus' Heart," and the evening sermon will be "How to Help Get Your Cousin to Heaven."

The weekday sermons will be entitled April 5, "The Need to Change Masters"; April 6, "The Need to Use Your Mouth Wisely"; and April 7, "The Need to Start Over."

Mr. Wishard has been preaching the gospel for 13 years. He has preached for

Sunday,

## Marciel G. Justice Issues Statement For District Clerk

TO THE PEOPLE OF EASTLAND COUNTY:

I would like very much to be your 91st District Court Clerk, and in this issue of the newspaper I am respectfully and hopefully, announcing my candidacy for that office; subject to the Democratic primary.

In asking your vote, I would like you to know something of my qualifications. I am presently assistant Eastland County Auditor, helping to oversee the collection and spending of many, many thousands of your tax dollars and other income each year. I have been in that position for the past seven years, and am familiar with the operation of all county and district offices, including the office I seek - an office responsible for the care of large trust funds and an annual income totalling a very large sum indeed. I would not go into that office blindly. Also, I would keep the office open during the noon hour so that the people in all parts of the county as well as local people could be better served nine hours every week day.

I came to the auditor's office with many years of experience in bookkeeping, and years spent in other business and public fields which have trained me for responsibilities such as the office of District Clerk imposes.

I am a native of Eastland County, born at Carbon, Texas, the daughter of Speck and Mabel Greer. My mother still lives at Carbon. I attended school there, graduating in 1941, and married Glenn Justice of the Flatwoods Community the following year. We moved to Dallas and I worked at Sears as a ledger clerk and correspondent.

My husband joined the Air Force in 1942. We spent three and one-half years at Majors

Field, Greenville, Texas; Biloxi, Miss.; Liberal AFB in Liberal Kansas, and Ellington Field, Houston. I received a Civil Service appointment as Clerk-typist and was employed at each air field, working in Production Control and later in Recruiting.

We returned to Eastland County in 1946 (and are in the farming and ranching business.) In 1954 I began serving as sub-mail carrier for my father. Upon his retirement I was appointed temporary carrier for about two years. In 1965 Higginbotham Bros. & Co. at Gorman employed me as bookkeeper. I worked in that position until 1975 when I came to Eastland as assistant County Auditor. As I said, I have been in the auditor's office for seven years, making a total of 17 years that I have worked as a bookkeeper.

Perhaps you would like to know something of my family life. We live on our farm near Carbon where my husband, in addition to his self-employed ranching interests, does work as an oil field pumper.

We have three children, Mrs. Lindian (Nancy) Reynolds of North Richland Hills, Mrs. Dick (Madge) Burgess of Carbon, and Harry Glenn Justice, Jr., of Ranger. We have two grandsons, Shane Burgess of Carbon and Wayne Reynolds of North Richland Hills.

I am a lifelong member of the First United Methodist Church in Carbon, and serve as its recording secretary and communion steward. For several years I was a 4-H Club leader and am now secretary-treasurer of the Carbon Cemetery Association.

I believe my experience in working with people and my many years in various employment involving record keeping, filing and the care of money, along with the knowledge of County and District affairs that I have gained while working in the County Auditor's office should qualify me to be your District Clerk. I really like working with people.

If elected, I will serve you fairly and impartially, and conduct the business of the office with prompt and courteous attention to its responsibilities and your requirements. I will greatly appreciate your support.

Thank you very much for reading this.

E.L. GRAHAM Memorial Hospital Auxiliary members were taking a break Thursday morning when the above photo was taken in the hospital's cafeteria from a workshop seminar. Mary Ace, Health Care Financing Administrator

of Dallas (second from right), was conducting the seminar to provide Medicare and Medicaid information concerning hospital patients. The local volunteers are planning to adopt a program to help patients understand the complex programs of Medicare and Medicaid. (Staff Photo)

MEMBERS OF THE First Industrial Arts Club of Cisco presented a check for \$50 to the Cisco Intermediate School Thursday morning for use in their library. The check was being presented to Intermediate School principal Robert Lindsey by club president Bernice

Carter, while club members Faye Gardenhire, Helen Hounshell, Bessie Fields, Reba Merket, and Lessie Lee Greer observe. The sponsoring of the library is helped each year by the First Industrial Arts Club of Cisco which took on the project about seven years ago as a Community Improvement Project. (Staff Photo)

# Expansion Program Continuing For Lake Cisco Church Camp

The Churches of Christ of this region have an expansion program underway for their Lake Cisco Christian Camp that will increase the facility's value to some \$250,000 and provide recreational and religious training opportunities for hundreds of young people each year, according to information released here.

The local church purchased the camp some three years ago and it now operates as a region-wide camp under the management of a council of 30 men of area churches headed by Carroll Scott of Cisco.

During the past year, work was completed on a \$100,000 building that includes a cafeteria with seating for 150 people, a new kitchen, infirmary, rest rooms and seating for some 330 at meetings. Roy Cozart, local contractor, built the structure.

The new building is ready for the new camping season, officials said. There will be nine week-long camps this summer for area young people. Virtually every weekend during the year has been reserved for a religious oriented gathering at the camp. All camp activities

The new all-purpose building at the Lake Cisco Christian Camp is shown above. It was erected at the camp at a cost of about \$100,000. It will seat up to 330 people for meetings and houses a cafeteria, kitchen, infirmary, rest rooms and other facilities. (Staff Photo)

must be church sponsored.

During the past few months, the camp council has purchased an adjoining 25 acres of land from Jim Webb to give them near 50 acres. Plans call for a new caretaker's home, a swimming pool, tennis courts, playground facilities, and a travel trailer park that will accommodate 18 vehicles with hookups.

Churches and members

#### Texas Has 2,000,000 AARP Members

There are 2,000,000 members of AARP in Texas. That was one bit of information reported by Anton White to the Cisco Chapter of AARP at its March meeting in the Corral Room. Mr. and Mrs. White represented the Cisco Chapter at a recent regional meeting of Legislative Committee members in Abilene. His report included 1983 legislation at state and national levels in which AARP is interested, and will lobby.

Walter Knowlden, president, opened the meeting with pledges to the flags. Rev. O.T. Killion gave the invocation. Table decorations featured the clover and the "green" in observance of St. Patrick's Day. The program included group singing and accordion music by Morrie Jenner, a high school student, who brought as her guest, Julia Stewart of San Angelo. Other guests present

were Mr. Knowlden's brother and wife, Mr. and Mrs. Norman Knowlden of Mendham, New Jersey.

Mrs. Gertrude Besselaar exhibited caps being made for chemotherapy patients at M.D. Anderson Center - a project in which the chapter is involved. She also had available letters of protest to a movement by Madelyn O'Hair to ban religious programs from communication airways. Miss O'Hair has been granted a hearing before the Federal Communications Commission in Washington, Mrs. Besselaar said, and interested persons may address their opinions by letter to the Commission, 1919 M. Street NW, Washington, D.C. 20036, with letter identification "Re: Petition RM2493."

Mrs. Lela Lloyd announced plans for a bus trip to attend the play, "Bats in the Belfrey" in Granbury at the Opera House on May 8. Mrs. M.D. Allison, public relations chairman, reported on a recent meeting of the Council of Government's Regional Alcohol Abuse Advisory Committee in Abilene. Its program includes Eastland among its 19 counties, and might be of interest as a project for AARP in distributing information, arranging talks and other assistance.

Rev. Bill Weeks of the First Presbyterian Church is scheduled as speaker for the April meeting.

AT CAMP GATE (Staff Photo)

of real pride and appreciation to us all."

The camp was built in the early days of Lake Cisco by Presbyterian Churches of this region and it was operated by youth of those churches for more than 25 years. The Church of Christ purchased it from Truman Kirk, local attorney.

## OBITUARY

### Services For Samuel Hittson Held Friday

Funeral services for Samuel Ernest Hittson, 92, of Cisco, were at 2 p.m. Friday at Kimbrough Funeral Home Chapel. The Rev. William Weeks of First Presbyterian Church officiated, assisted by the Rev. Armo Bentley of East Cisco Baptist Church. Burial was in Oakwood Cemetery.

Mr. Hittson died at 6:25 a.m. Thursday at his home after a long illness. He was born January 6, 1890, in Cisco. He married Britton Yeager in 1911 in Cisco. She died in 1955. He married Winifred Fisher in 1957 in Abilene. She died in 1980. He had worked for Cisco Banking Co. and later ranched in Eastland County. He served on the city commission during the building of Lake Cisco dam. He had been a member of the Cisco Rotary Club since 1925 and served as president in 1942-43. He had been the Rotary Club's songleader for 40 years. He also was active in Boy Scouts and other civic projects.

He was a deacon at First Presbyterian Church, where he taught a Sunday school class and had been choir director for 40 years.

Two infant daughters preceded him in death.

Survivors include a brother, Richard A. of Tulsa, Okla.; a sister-in-law, Mrs. N.A. Hagan of Cisco; and several nieces and nephews including a niece, Jessie Lee

Hittson Kinser of Fort Worth.

Pallbearers were Johnny Penn, Herschel Penn, Nute Hagan, Al Anderson, Billy Wright and Scott Bailey. Honorary pallbearers were A.E. McNeely, Anton White, Harry Donica, Homer Bible, Charlie Graham and Lewis Starr.

### Funeral Services For Kyle Ford Rich Are Held Friday

Funeral services for Kyle Ford Rich, 79, of the Long Branch community in Eastland County, were at 4 p.m. Friday in Kimbrough Funeral Home Chapel. Dr. Leon Woods of Pleasant Hill Baptist Church officiated. Burial was in Romney Cemetery.

Mrs. Rich died Thursday morning at her home after a sudden illness.

She was born May 17, 1902, in Calhoun, Ga. She was a retired representative for Stanley Products. She married Rufus Rich in 1960 at Cisco. He preceded her in death. She was a member of the Order of Eastern Star in Atlanta, Ga.

Survivors include a son, John Hambright of Cisco; four stepsons, John Rich, Glenn Rich, Keith Rich and H. Miller, all of Zion, Ill.; a stepdaughter, Joyce Rich of Zion, Ill.; two grandchildren; and a great-grandchild.

Pallbearers were Robert Rich, Emmett Rich, Zoie Rich, Weldon Lamb, Robert Lamb and Virgil Simpson.

trips south of the border, it is the considered opinion of Mr. Sutton Crofts of our town that Mexico folks aren't very good cooks of Mexican food as we gringos like it. He doesn't plan to say anything out loud in Mexico. But who ever heard of Mexican food without chili con carne and just try to get a bowl of it down south, say Sut.

THEY DON'T have chili on their menu but you get good Mexican food over at Ramona's Restaurant adjacent to Rueben's Gulf Station on IH-20 access road near Eastland.

The restaurant will observe its 2nd anniversary next June. It was named for Ramona Gaeta, wife of the station operator. It is a family affair with Ramona and her two sisters, Maggie and Mary Jimenez, helping their mother, Micaela Jimenez, run the place.

The restaurant operates Mondays through Fridays, open in the evenings. The family members work elsewhere and come in to help at night. Maggie, the head waitress, works at Russell Newman Mfg. Co. in Cisco.

The food is consistently good, as folks who go there often will tell you. They've never advertised. Word gets around and they arrive for quality. Maggie knows most of the patrons and is a favorite.

Guess we'll have to give them a good chili recipe.

OUT AT LAKE Cisco's north shore, John McGuire and Gid Bowers have a pet duck — a real drake from up north. He came in a couple of years or so ago, had an accident and was too lame to fly away when time came for ducks to go back north.

John and/or Gid fed him bread or other goodies from time to time. And the drake decided he had a good thing and stayed on another year. Often, the duck will appear in early morning at the lakeside door of the McGuire or Bowers home and sound off until he gets something to eat.

John and Gid and the duck are pretty good friends. The duck enjoys associating with other ducks that fly in. But he likes Cisco and Texas.

YOU CAN SAY "Hello, Grandmother" next time you run into Mrs. Louise Cooper, local legal secretary. Steve and Donna (Cooper) Jean became the parents of a four-pound daughter at Baylor Hospital in Big D last Sunday. The little lady was named Denice Ann.

Grandmother Cooper headed out late Thursday for Big D and a weekend of visiting the three Jeans.

THE JIM Grahams are planning to drive out to Weatherford this Sunday to attend an open house at son Randy's brand new home. Randy and family have lived over there sometime and he runs a service station . . . Jim Graham, by the way, made news with his golf clubs again the other day. His second shot to the No. 3 green from about 80 yards out rolled into the cup for an eagle two! . . . Carrel Smith, one of the local golf course's most consistent players, fired a 68 last Wednesday. This is even par . . . Golf Course Manager Bob Bennie spent much of the past week giving the greens their annual cultivating and fertilizing job. And they're looking good.

IF YOU KNOW a handicapped or diabetic child who might be interested in a free summer camp, the Cisco Lions Club has the answer — their state camp for children at Kerrville. Lion O.L. Stamey has application blanks and complete information . . . Tax Man Steve Thomas's little book shows that he refereed 100 basketball games during the season just ended. He's a former Lobo coach . . . The old clock that stood in front of the bank for many years, faithfully recording the time of day for all who passed, will get a new life when the Mobley Hilton is restored. It'll be in the patio garden back of the hotel . . . Mrs. Robert (Lisa) Miller and children of Plainview have been visiting in the home of her parents, the Ed Bradshaws, for several days . . . Mark Heidenheimer, who graduates in a couple of months from law school over at SMU in Big D, spent last

weekend with home folks.

WANT A PUPPY? Mrs. Rodney Reynolds, the former Diana Clark, can help if you're in the market. A month or so ago, Mrs. RR resigned her job as secretary at the county agent's office to become the right hand lady to the veterinarian over at Ranger. The other morning when

she went to work, Mrs. RR found a box full of puppies on the doorstep. An envelope contained \$2 and nothing else. The puppies were only two or three days old.

Mrs. RR took the puppies in charge and has been bottle feeding them. And they're available as gifts to the first callers. She lives in Eastland and is the daughter of the Charles Clarks.

## PUBLIC NOTICE

NOTICE TO WATER CUSTOMERS OF HIGH TURBIDITY

Dear Customer:

The City of Cisco during the month of January 1982, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria: (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water.

However, up to five turbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an effective disinfectant agent throughout the distribution system, (3) interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date.

The notification of the public is in compliance with Texas "Drinking Water Standards" and the "Safe Drinking Water Act," as a means of keeping the public informed.

Michael D. Moore  
City Manager

ORDINANCE NO.  
1982-3-23

AN ORDINANCE OF THE CITY OF CISCO, TEXAS

ESTABLISHING THE HOURS OF OPERATION OF THE CITY SANITARY LANDFILL; ESTABLISHING USER FEES FOR THE LANDFILL; PROHIBITING SCAVENGING; ESTABLISHING A PENALTY; AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, the City of Cisco, Texas, has provided an approved facility for the collection and disposal of garbage and refuse to promote the health, safety and convenience of its citizens and for the safeguard of necessary and required health standards in accordance with state law; and

WHEREAS, the City of Cisco is not financially capable of underwriting a garbage disposal operation such as the sanitary landfill without charging appropriate fees; now

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS THAT:

Section 1 - Hours of Operation

1. The City's sanitary landfill normal hours of operation shall be established, amended and maintained by the City Manager. The sanitary landfill will be open and available to the general public during the following hours:

Monday 8:30 a.m.-4:30 p.m.  
Thursday 8:30 a.m.-4:30 p.m.

Saturday 8:30 a.m.-4:30 p.m.  
2. The City Manager shall be authorized to revise the hours that the sanitary landfill is open to the public to accommodate a later hours usage of the landfill during Daylight Savings Time.

3. The landfill may be closed by direction of the City Manager due to unsafe con-

ditions resulting from inclement weather or other conditions that may create a hazardous or unacceptable situation; and during normal City holidays.

Section 2 - Landfill Rates  
1. Any citizen of Cisco or City sanitation customer may use the landfill free of charge during the hours the landfill is open to the public by the presentation to the gatekeeper the water bill stub from the previous month indicating a sanitation charge and a valid driver's license.

2. Any water customer of the City of Cisco who is not a resident of the City of Cisco and is not paying a monthly sanitation charge and any individual who is leasing or renting City property for residential purposes, may utilize the landfill in the same manner as City sanitation customers as indicated in paragraph 1. of this section upon the payment of a charge of \$10.00 per month. All such customers shall be billed quarterly, and the minimum payment shall be for said three months. All such payments shall be prorated on the quarterly basis and shall be non-refundable.

3. Except for the users established in the above paragraph, the following schedule of fees and rates shall be charged users of the sanitary landfill:

a. Passenger car or any vehicle smaller than a pickup truck—Charge each load—\$2.00

b. Pickup truck, up to and including ¾ ton, with standard bed; single axle trailer; van or panel truck; or passenger vehicle with interior space and/or trunk space equivalent to a pickup truck—Charge each load—\$5.00

c. Pickup truck or single axle trailer with extended bed; trucks up to and including one (1) ton—Charge each load—\$8.00

d. Trucks, one (1) to two and one-half (2½) tons; two (2) axle trailer—Charge each load—\$10.00

e. Trucks, two and one-half (2½) tons or larger; two (2) axle trailers with extended bed—Charge each load—\$12.00

f. Trucks, semi-trailer; eighteen (18) wheel vehicle—Charge each load—\$25.00

g. Compactor trucks, 29 cubic yards or less—Charge each load—\$30.00

h. Compactor trucks, between 30 and 39 cubic yards—Charge each load—\$35.00

i. Compactor trucks, 40 cubic yards or larger—Charge each load—\$50.00

j. Charges for vehicles not specifically indicated above will be at a rate as set by the City Manager.

4. The amounts prescribed herein as landfill rates shall be charged and collected per load from vehicles not owned and operated by the City of Cisco or the State of Texas for dumping refuse at the City's sanitary landfill, and such afore prescribed charges shall be paid in legal tender prior to the dumping of such refuse unless otherwise directed by the City Manager.

5. a. It shall be unlawful for any person to scavenge or carry off waste, garbage, refuse, rubbish, or any other item or materials from the City's sanitary landfill so as to violate regulations and rules of the Texas Department of Health. Permission to do so must first be obtained in writing from the City Manager.

b. It shall be unlawful for any person to loiter at the City's sanitary landfill unless unloading garbage or refuse.

6. Violation of any provision of this article shall be deemed a misdemeanor and upon conviction punishable by a fine not to exceed two hundred dollars (\$200.00) for each violation.

7. Upon approval, this ordinance shall come into effect and be enforceable on April 1, 1982.

PASSED AND APPROVED on first reading this 9th day of March, 1982.

PASSED AND APPROVED on second reading this 23rd day of March, 1982.

# Letters From Health Department

## Texas Department of Health

Robert Bernstein, M.D., F.A.C.P.  
Commissioner

1100 West 49th Street  
Austin, Texas 78756  
(512) 458-7111

Robert A. MacLean, M.D.  
Deputy Commissioner

Dear Mayor

On August 5, 1980, our representative, Mr. Jim Soper, R.S., contacted Mr. Frank Young, Superintendent of Public Utilities, and discussed a complaint of burning at the City of Cisco landfill and of no water and/or low water pressure in the distribution. On August 7, 1980, our representative, Mrs. Judy M. Willingham, R.S., contacted you, the Acting City Manager, Ms. Marilyn Smith, and Mr. Young to further investigate the report of low water pressure.

It is understood that the City has engaged Yeatts and Decker, Engineering Firm, Abilene, Texas, to update the previous study prepared on the water system and prepare plans for improvement of the system. We are pleased to note preparation of long term plans for improvements, but it is necessary to provide more immediate corrections or action to maintain the safest water supply possible under the circumstances.

Low water pressure is of public health significance since inadequate water pressure in the lines can allow a back-flow of contaminated water into the potable water line. In cases where water lines and sewer lines are located in the same ditch or very close, as has been found in Cisco, the potential of disease transmission becomes much greater.

Until such time that permanent corrections can be made to improve the water quality, production, and distribution, the following immediate actions should be considered:

1. A thorough check should be made of the system to determine that there are no valves closed which would restrict the flow of water in the system.
2. During times of high water use and pressure problems, water usage by high volume consumers should be restricted. This should include a decrease in watering of parks, cemeteries, football fields, golf courses, or other such activities.
3. Rationing of residential customers as necessary may be indicated to prevent the occurrence of low or no pressure.

At the time of the inspection, low water pressure could not be confirmed; however, reports from various sources indicate that the problem is erratic and seems to occur most often after 5:00 P.M. Any difficulties of which the City is aware should be corrected as soon as possible, or if such that immediate correction is not possible, these should be brought to the attention of the City's consulting engineers for inclusion in the study of the water system.

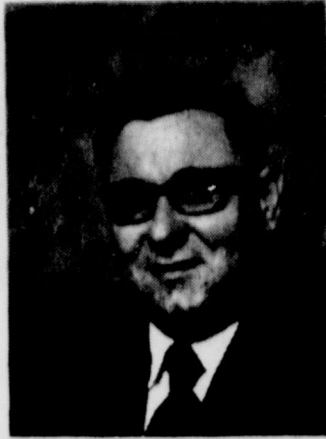

If clarification of the above items or other assistance is needed, please contact Stanley W. Thompson, P.E., Regional Director, Environmental and Consumer Health Protection, Public Health Region 4, Second Floor, Old Courthouse, P. O. Box 2648, Abilene, Texas, 79604, area code 915/673-5231.

Sincerely,

*Ruben A. Alvarado*  
Ruben A. Alvarado, P.E., Chief  
Surveillance and Technical Assistance Branch  
Division of Water Hygiene

EMMETT RICH

### Emmett Rich Announces For School Board

Emmett Rich, incumbent, has announced his candidacy for trustee place VII in the Cisco Independent School District Trustee Election to be held Saturday, April 3.

Mr. Rich is a lifelong resident of the school district, and a graduate of the school system. He and his wife Martha own and operate their own business at West 16th and Avenue N. They also own and operate a farm southwest of town. They have two daughters, Mrs. Mary Bates and Treacia Rich, a sophomore at Cisco High School.

"I have enjoyed serving on the board for the last six years and have tried to be fair and impartial to everyone," said Mr. Rich. "If re-elected I pledge to give fair and impartial consideration to students, taxpayers, parents, teachers and administration." "Thank you for your support. Your vote will be appreciated," said Mr. Rich.

### Election Day Dinner Set At First Christian

An election day dinner will be held at the First Christian Church fellowship hall on Saturday, April 3, from 11 a.m. to 3 p.m. The noon menu will include beans, ham, cornbread, coffee, ice tea, pie or cake. There will also be a bake sale with pies, cakes, etc.

# City Council Sets Date For Canvassing of Election Results

The Cisco City Council set a date for a special called meeting to canvass the results of the upcoming election of April 3rd, which will have the places of two council members on the ballots along with a water and sewer improvement bond issue. The council set Tuesday, April 6, at 7 p.m. for the canvassing.

A discussion of proposed new water and sewer rates resulting from the Waterworks and Sewer System Improvements Bond Issue were discussed at the regular meeting of the city council Tuesday night. Cisco Mayor Eris Ritchie said the discussion was added to the agenda following a town hall type meeting Monday in the Cisco High School auditorium.

Mayor Ritchie stated that after more investigation, the proposed water rates (if the bond issue passes) may be higher than hoped. The newly proposed rates would have a \$6.50 increase in the minimum water bill, from \$5.50 a month to \$12.00.

Council Member Brad Kimbrough stressed that the rates could still "fluctuate either way due to interest rates." He said a change in the standard rate of interest on loans between now and the time the bonds are sold could change the rates, either higher or lower.

City manager Michael Moore agreed the proposal rates are based upon current applications using the existing interest rates.

Mayor Ritchie stressed that he hopes for a good turnout of voters on April 3rd to let the council members know what the citizens want for their town. He also said citizens will be able to vote on the three items separately and if they were to pass, the new rates will not come into effect until the bonds are sold.

In other action at the meeting, recommendations by the city manager for the administrative operations and procedures of the municipal swimming pool were approved. Council member Linton Batteas made the motion to accept the recommendations and council member Kimbrough seconded the motion. Council members Batteas, Kimbrough and Ivan Webb voted for the motion, while Bobby Ingram voted against and Robert Rains and Loyal Lundstrom abstained. Mayor Ritchie cast the deciding vote in favor of the motion.

### Granbury Couple Makes Cisco Home

Mr. and Mrs. W.C. Henry are happy that they have purchased the fine five room dwelling located at 1001 West 7th Street. Mr. and Mrs. Henry come from Granbury and have moved in. A brother, C.W. Henry and wife have lived in Cisco a long time and are well known.

The Garl D. Gorr Real Estate Brokerage made the transaction.

### Who Is The Best Shot In Eastland County?

"Who is the Best Shot in Eastland County?" The Eastland Rifle and Pistol Club will attempt to settle this dispute once and for all, with an open invitation to all shooters in Eastland, and surrounding Counties. Liars, cheaters, and braggers are encouraged to come too.

If you think you might be lucky, bring your .22 Cal. Rifle (no peep sights or scopes will be allowed), your shells and come to the Rifle Range in Eastland on March 28th, starting at 1:00 P.M. Trophies will be given for 1st place in Men's, Women's, and Children's Classes. SEE YOU THERE!!

Sunday,  
March 28, 1982

Under the city manager's recommendations, the pool will open on the Saturday of the Memorial Day weekend and close for the season on Labor Day. The normal hours of operation will be from 1:00 p.m. to 7:00 p.m., Tuesday through Sunday. The pool will be closed on Mondays.

The admission rates to the pool will be \$1.00 per person, with seasonal family passes available for sell through the Water Billing Office in City Hall. Upon purchase, a seasonal family pass will be issued listing the name of each family member covered by the pass. Rates for the passes will be as follows: one member--\$45.00, two members--\$50.00, three members--\$55.00, four members--\$60.00, five members--\$65.00, six members--\$70.00, and a charge of \$5.00 per person over six members.

Private parties may be held with approval by the city manager, but they will be restricted from 8:00 p.m. to 10:00 p.m., with no more than 20 guests. The rates for private parties will be as follows: one to ten guests--\$25.00 per hour; 11 to 20 guests--\$35.00 per hour.

City manager Moore also said Shirley Darr of Cisco has been named as the pool manager for the summer of 1982.

The council approved a motion to allow Stanson Oil Company to purchase a drilling permit for a well located inside the city limits. Ruby Pirtle was present for Stanson Oil and stated when the well was staked, they thought it was out of the city limits. She had a check for \$125 which she paid to the city manager at the meeting for the permit. Council member Lundstrom made the motion to approve the permit and Ingram seconded the motion. All members voted in favor.

City manager Moore also asked the council for permission to get together with City Attorney Billy Wright and amend the present oil and

gas ordinance of the city and bring it up to present standards. Mayor Ritchie gave Mr. Moore permission to "go ahead and proceed."

The council unanimously accepted the second reading of an ordinance "establishing the hours of operation of the city sanitary landfill; establishing user fees for the landfill; prohibiting scavenging; establishing a penalty; and establishing an effective date."

City manager Moore said the ordinance would go into effect with the opening of the new landfill around the first of April. The hours of operation for the landfill to be open to the general public will be from 8:30 a.m. to 4:30 p.m., Monday, Thursday and Saturday. The ordinance also states the city manager will be authorized to revise the hours the landfill is open to the public to accommodate a later hours usage of the landfill during Daylight Savings Time.

The ordinance states, "Any citizen of Cisco or City sanitation customer may use the landfill free of charge during the hours the landfill is open to the public by the presentation to the gatekeeper the water bill stub from the previous month indicating a sanitation charge and a valid driver's license."

A discussion of the proposed widening of Avenue D from 12th Street to Interstate-20 was tabled by the council since the State Highway Department's representative was unable to attend Tuesday's meeting.

Billy Reynolds presented a petition to the council signed by more than 50 property owners who live along Avenue D in the area for discussion. The petition stated the owners were opposed to the widening of the street due to the closeness to their homes and businesses for safety and also for the intolerable noise which will decrease property values.

The discussion will be placed back on the agenda for April 13th.

City manager Moore gave a financial report to the council in which he stated the city had completed 42 percent of its fiscal year at the end of February and he stated the total expenditures thus far are "not too bad." Mayor Ritchie commended the city staff and city manager on the efficiency of the financial report.

In his city manager's report, Mr. Moore said he plans to buy asphalt and put city crews to work patching potholes in city streets when the weather is cooperative.

Mayor Ritchie and all council members were present for the regular meeting.

P.O. Box 110  
Cisco, Texas 76437

Subject: Public Drinking Water Supply  
City of Cisco - I.D. #0670001  
Eastland County, Texas

Dear Mr. Moore:

Your letter of November 9, 1981 addressed to Stanley Thompson, P.E., our Regional Engineer in Abilene has been referred to this office for reply. We are very pleased that the City of Cisco has decided to actively seek funds for upgrading its water supply facilities. Please be assured of our support in this endeavor.

In response to your questions, the City of Cisco's water treatment facilities are grossly inadequate. As you are aware, at the present time the Cisco Water Treatment Plant consists only of a sedimentation basin with pre and post chlorination. This makes the City of Cisco the only municipal supply in the state which provides unfiltered surface water to its customers. This is, as you know, a direct violation of Article 4477-1 of the Texas Civil Statutes. This has also resulted in the City consistently violating the turbidity standard established by the Department's Drinking Water Standards. While there are other systems of comparable size in your immediate area which have major problems with their water treatment facilities, they are all capable of filtering their surface water supplies.

The City of Cisco has been fortunate that no incidence of water borne disease has been noted in the City, because while chlorination is most effective in reducing bacteriological contamination, it is ineffective for cyst removal.

Were it not for the limited financial ability of the City of Cisco, this Department would have instituted legal action to force the City of Cisco to comply with the law.

If you have any further questions in this regard, please let us know.

Sincerely,

*Ruben A. Alvarado*

# Letters to the Editor

Dear Editor:

May I please take this opportunity to express to the citizens of Cisco my one hundred percent endorsement of the three propositions to be before the voters in the April 3 election.

I am especially glad to see a completely united City Council working for the betterment of Cisco. For too long our city government has been divided to the point of inaction on important matters such as we are faced with in this election. My hats off to these men who are showing the courage to attack the matters of our terribly deficient water and sewer treatment facilities, and for offering the voters the chance to do something about it.

I feel that everyone with true pride in our community and in the health and well-being of the children and grandchildren coming after us will want to go to the polls on April 3 and check the "For" column on all three issues.

Respectfully,  
H. Chief Brown,  
Former Mayor  
of Cisco

I consider it a privilege to express my views at this time, for the endorsement of the bond issue to be voted on April 3rd.

These three issues are of utmost importance to our city, and we should take advantage of pretty much a last chance for state or federal aid which we have some possibility of receiving if we pass these propositions now.

The sewer system, built in the 1920's, has been outdated and worn out for many

years. The system was not treating up to standards 10 years ago.

In 1971 or '72 the people of Cisco voted about 8 to 1 for a sewer bond. The City Commission employed Corlett, Gray, and Probst engineering firm from Wichita Falls to study and make recommendations to upgrade the sewer plant. Due to a change in administration, nothing was done or has been done since.

The sewer lines are grossly overloaded, especially the main line down 8th street causing flooded sewer water to be in people's yards and houses, causing untold damage and creating health hazards.

I will not take time or space to comment on the water system, as it has been discussed to the point that everyone knows it needs to be upgraded the same as the sewer plant and lines.

Douglas Fry  
Former Mayor  
of Cisco

Letter to the Editor:  
The citizens of Cisco are to be commended for their objectivity, as expressed both publicly and privately, toward the upcoming Bond Election (03 April 1982) relative to our community's need for a new water filtration plant at Lake Cisco, a new sewage treatment plant, and installation of main lines as necessary to relieve sewage back-up problems in various quadrants of the city of Cisco. Objectivity is significant to wholesome decision-making processes, imperative for appropriate voting in our precious freedom at the polls, and crucial for any kind of com-

munity endeavor.

We are especially counseled in our hearts and minds by the concerned endorsement of our various service societies and civic groups, by the expertise of our medical personnel to safeguard the physical health of all our citizens, and by the professional stature of our City Council in matters of government and community improvement. Our family agrees without reservation to the objective need of our April 3 Bond Election to be passed by our eligible voters. The voters in our family are determined to support this Bond Election to the glory of our dear Lord Christ and for the betterment of Cisco's quality of living. We consider it our unique privilege to be members of the Cisco community, an honor to have so many friends and acquaintances here, and a duty to do our part in fostering the greater welfare of Cisco. We encourage every voter to cast his or her ballot for a healthier and more gracious Cisco. Thank you for the freedom to express our joy in being progressive Ciscoans.  
Pastor and Mrs.  
Dell J. Crockett

Dear Editor:

We are proud to be a part of this community. Cisco is a lovely town with the many advantages of country living. Many of the benefits we all enjoy are the result of planning and cooperation of others in years past. We would like to be able to contribute to the future of Cisco by supporting the bond election April 3rd. The cost is a concern of all responsible citizens. This concern, we believe, is outweighed by the potential health hazard posed by our present water and sewage systems. It is our hope that this proposed project will be given serious consideration by the voters before going to the polls April 3rd.  
Vernon and Helen Orr

## Creative Arts Club Holds Award Show

The Creative Arts Club of Abilene had their annual citation award show Sunday, March 20, at the Creative Arts Club building, 798 S. Mockingbird in Abilene.

The show was composed of 56 paintings, representing 32 area artists. The show was judged by Sherwood Suter, chairman of the art department at McMurry College.

Vallie Parker, Cisco, won a citation and Polly Pitzer won from Breckenridge. Abilene artist winners of citations were Mary Hogsett, Boyd Graham, Esme Glenn, Noja Holland, Sarabeth Clevenger, Ginger Womack, Suzanne Davis, Kitty Benson, Alda Passel, Bo Bennett and L.E. Davis.

## Civic Clubs and Organizations Will Support Bond Issue

Several civic clubs and organizations of Cisco have gone on record as supporting the three bond issues to be voted on in the April 3 balloting.

The Cisco Chamber of Commerce, by unanimous vote of its board of directors, was the first organization to come out publicly in support of the water and sewer issues. The board voted during its January meeting to send a letter of full-fledged support to the city council.

The Cisco Lions Club also voted unanimously to back the bond proposals at a recent luncheon meeting. The Kiwanis Club of Cisco did likewise at one of their regularly scheduled breakfast meetings in February.

Two women's civic clubs—the Cisco Civic League and the Cisco Service Club—have also elected to lend their support and influence in urging the citizens of Cisco to pass the three proposals for upgrading the town's water and sewer treatment facilities.

A newly-formed organization, the Clean Water Association, was recently formed to actively inform the public regarding the community's water and sewer needs, and to work for the passage of the bond issues.

Mayor Eris Ritchie has appeared before most of the civic organizations in Cisco to explain the various factors regarding the bond election.

## Only 10 Absentee Ballots Are Cast

Only ten absentee votes had been cast in the April 3rd city election Friday morning at City Hall, according to a report by City Secretary Ginger Johnson. Absentee voting will continue until 5 p.m. Wednesday, March 31.

Ballots for the city council and water and sewer bond issue elections are available at the city secretary's office. Absentee votes for the junior

## Computer Course For Small Businesses Is Offered Here

"Mini Computers for Small Businesses" will be offered by Cisco Junior College in Cisco on April 5, 12, 19, 26, May 3 and 10, from 6:30 to 9:30 p.m. in Room 220, Fine Arts Building, C.J.C. "Mini Computers for Small Business" is a course designed to prepare the student to use mini and micro-computers in a business environment. It is structured as a first course in computer data processing and assumes no previous exposure to computer related concepts. The first three weeks will focus on mini-computer hardware and the last three weeks will focus on computer software.

## Campaign Set

The annual citywide cleanup campaign will be held April 12, 13 and 14, according to an announcement Friday by City Manager Mike Moore.

During the three-day event, city trucks will pick up and haul off without charges tree limbs and boxed debris, Mr. Moore said. He said that tree limbs should not be longer than six feet.

Citizens of Cisco were urged to begin getting ready for the cleanup campaign.

# Mayor Gives Details About Economic Impact Of Issues

Mayor Eris Ritchie, in a statement to The Press this week, gave updated details regarding the economic impact that passage of the water and sewer issues on April 3 would have on Cisco's citizens. He gave The Press a copy of proposed rates, which may be seen in today's publication.

The figures the mayor released are rates that will be stipulated in applications to the Texas Department of Water Resources and the Farm and Home Administration, in which the council is seeking funding for the projects.

The proposed rate schedules show that customers' water bills would approximately double if the water proposition is approved, and that sewer rates would be increased some 50% if the new sewer line project is approved.

Mayor Ritchie stated, "After meeting at some length with our city engineers and financial consultant on Monday, and after hearing from the Farm and Home Administration regarding interest rates just recently increased, I'm afraid that we must state that our applications to the Texas Department of Water Resources and the FHA will of necessity stipulate proposed rates of a \$6.50 increase in the minimum water bill, which will be higher than the

90% figure that we have been using in our previous estimates. A \$6.50 increase would more than double the current \$5.50 minimum. An average water bill for approximately 7000 gallons per month would be around 90 to 95 percent higher than current water rates."

He continued, "It would certainly not be inaccurate to state that we may very likely be looking at water bills doubling, or coming

very close to doubling. People may consult the schedule for the exact figures that are on our applications. But I do not want to modify previous statements that other councilmen and I have made in which we've held out the hope of something like a 75% increase in the average bill. I'm just afraid that unless we get some grant assistance from the FHA—which appears unlikely at this time—average water

bills will likely be higher by as much as 90 to 95 percent, as painful as this may be."

"In regard to sewer increases, we are now anticipating a 50% increase in the rate per customer—from \$4.00 to \$6.00 per month per tap. We also anticipate continuing to allow citizens over 65 a slight discount on sewer bills, so their new rate would be \$4.50 per tap. This would provide the revenue for the new sewer outfall line. If the \$300,000 issue for our part of a 75% federal-25% local EPA (Environmental Protection Agency) grant program is approved, then when and if the federal government funds the program—which could be no earlier than 1983 or 1984—sewer rates would at the time the project begins again be increased by about \$2.25 per tap to cover our 25% of the total project. But any chance of our getting EPA grant funds for the new sewer plant would be pretty well voided unless the sewer plant issue passes."

"We are doing our best to present the situation as accurately as we can, so that our citizens can know what to expect if these propositions pass on April 3. Any underestimates we have made previously were made honestly at the time according to the best figures we had available to us then. But the proposed increases that you now see in black and white are those that are going on our applications to the TDWR and FHA, and we want everyone to be fully aware of them. The figures simply represent the best projections that can be made by our engineers and financial consultant."

Mayor Ritchie concluded, "We have people who are good civic-minded citizens who are opposed to the programs, including two former mayors, and we certainly will have no falling out with them because of their opinions. They honestly feel that our citizens cannot afford these kinds of increases in their personal budgets. Our differing view with them is that we feel that we simply can't afford NOT to do it now, before any more time elapses, or before legal action is instituted against us by governmental agencies. But we most definitely want all opinions heard, and we hope the matters will be discussed thoroughly—both pro and con—between now and April 3, so that the voters can render their decision after being as fully informed as possible."

"I urge every eligible voter to study these issues and be sure to go to the polls on April 3. We hope that this election will have the largest turnout of voters for a local election in Cisco's history, so that we can get a true measurement of what our citizens want."

## Former Mayors Are Divided About Issues

Two of Cisco's former mayors have announced support of the three bond issue proposals on the April 3 election ballot, and two have made public statements in opposition to the proposals.

Douglas Fry and H. Chief Brown are supporting the propositions enthusiastically, while John H. Webb and Roy Cartee have called for voters to defeat the issues.

Former mayors Fry and Brown have expressed support of the current City Council in their endeavors to promote the upgrading of the city's water and sewer treatment facilities, and they have urged citizens to vote for all of the propositions. They have listed reasons such as health factors, possible availability of state and federal assistance, and community pride as some of their considerations. They've also stated that we cannot afford to wait any longer to upgrade the city's utility facilities.

Ex mayors Webb and Cartee have expressed deep concern as to whether or not

Cisco's citizens can handle the economic burden that the increased rates will mean to local families' already strained finances as a major factor in their opposition. Mr. Webb also feels that the proposed systems are too large and costly, and Mr. Cartee has asked the City Council to offer other alternatives, and to wait until after the May revelations of the city's property re-evaluations before asking voters to approve long-range indebtedness.

Current mayor Eris Ritchie has been very active during the past few weeks in making speaking appearances and public statements in support of the proposals. Mayor Ritchie, however, has stated that he simply wants the people of Cisco to let the City Council know what their desires are regarding the three issues, and he says that the council will accept the decision of the voters. But he has urged a large turn-out on election day so that the true wishes of the majority of citizens will be known.

## Local Doctors and Health Service Professionals Endorse Bond Issue

Cisco's two doctors as well as all the other major health service professionals of the city are unanimously endorsing the three bond issue propositions to be voted on at the April 3 election.

Doctors Ayres Cermin and E.E. Addy, Jr., were among several of the members of the Eastland County Medical Society submitting a prepared statement urging Cisco citizens to vote for all three propositions. Their endorsement appeared in a recent Cisco Press. The doctors cited the health problems of Cisco's water and wastewater treatment systems as reasons for their unqualified support.

Helen Orr, administrator of the E.L. Graham Memorial Hospital, is publicly backing the three propositions, as is the hospital's Director of Nursing, Kay Mosley, R.N. Mrs.

Orr's letter of support appears in the Letters to the Editor section of today's Press.

Suzette Hendry, administrator of the Cisco Nursing Center, has announced her support of all issues in the election, and her Director of Nursing, Donna Campbell, has done so likewise.

All four of Cisco's pharmacists have revealed their support of the bond election proposals. They include Lloyd and Betty McGrew of Dean Drug and Gary Harris and Toni Little of City Drug.

Dr. H. Chief Brown, chiropractor and owner of Brown's Sanitorium, has announced his full support of all three propositions. His public statement is in the Letters to the Editor section of this issue of the Press. Dr. Brown is a former mayor of Cisco.

## Schedule Of Existing & Proposed Water Rates

CITY OF CISCO, TEXAS

MARCH 22, 1982

## Stockshow showmanship trophies awarded

The Eastland Auction Company and the Eastland County Farm Bureau sponsored showmanship trophies for each division in the stockshow. The winners of these trophies were:

Dairy Cattle Kathy Choate, Cisco 4-H  
Breeding Swine Dane Gressett, Gorman FFA  
Goats Charla Little, Gorman 4-H  
Breeding Sheep Jim Moylan, Eastland 4-H  
Steers Jackie Harris, Rising Star 4-H  
Lambs Jami Long, Gorman 4-H

Rising Star 4-H Market Hogs Joe Stewart, Ranger FFA  
Four trophies were given to 4-H clubs and FFA chapters who did the best job as herdsman -- keeping stalls, pen and aisles clean and attractive.  
Gorman Milling gave the dairy herdsman trophy to the Cisco 4-H. Brown's Feed Store sheep trophy was awarded to the Cisco FFA. The Don Laminack family sponsored the swine herdsman trophy and it went to Gorman 4-H.

Fergusons time Shop of Cisco gave a trophy to the most cooperative showman in the stockshow. This was given to Truet Hart of Eastland.

## Lights From The Christian World

By: Josephine Cleveland

St. Paul could not accept the failure and rejection of his own people as final. He remained hopeful that someday his people would accept the Good News of Jesus Christ.

St. Paul first preached the gospel to the Jews. After he had failed to find a positive response he told them, "Take notice that this salvation of God has been sent to the Gentiles; the Gentiles will hear it."--Acts 28:23-28.

Paul faced the reality that his people had not accepted the gospel; but God's purposes could be seen even in that apparent disobedience. Through his rejection of Christ by Paul's people the bringing of the gospel to the Gentiles had been made possible.

Friend, are you as Paul being troubled by rejection? Be brave of heart! Let your purposes of good encompass all your own disappointments. When you grieve for those you love may you entrust them to God and rejoice that it will bring good where now you see only loss: through Christ our Lord.

## WORD of GOD

To Stand Against The Devil:

Finally, my brethren, be strong in the Lord, and in the power of his might.

Put on the whole armor of God, that ye may be able to stand against the wiles of the devil.

For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

Ephesians 6:10-12

# OILFIELD DISPATCH

## County Oil Report Sunday, March 28, 1982

Flowing 490 barrels of oil per day, along with 510,000 CF of casinghead gas, the No. 2 RR was completed successfully in the Cisco Field by Snow Oil Company of Fort Worth.

Drillsite is two miles east of Cisco. It was drilled to 3,640-ft. total depth and will produce from an interval 3,597 to 3,602 feet into the wellbore. Production tests were run on

an 11/64 choke, and tubing pressure registered 750 PSI. The location is in a 40-acre lease in Eastland County's H&TCRR Survey, A-765.

At a location three miles southeast of Eastland, McMurrey Gathering System Inc. of Kilgore has finished a new oil producer in Eastland County's Squiers Field.

The well is designated as the No. 5 J. Squiers, pumping oil at the rate of 46 barrels per day. The well also showed potential for 18,000 CF of casinghead gas per day.

Location is in a 394-acre lease in the ETRR County Survey. Bottomed at 1,635 feet, the well will produce from perforations 1,451 to 1,483 feet into the hole.

A 3,800-ft. developmental well is planned by Oil & Gas Logistics of Eastland at a drillsite three miles southwest of Nimrod, Eastland County. The location is in a 73-acre lease in the Abraham Winfrey Survey, A-548. Well's designation is the No. 1 Pearson. It is in the Eastland County Regular Field.

Three Way Energy Inc. of Arlington has filed first production figures on a new oil well in the Eastland County Regular Field. The No. 1 Harbin showed potential to make 30 barrels of oil and 150,000 CF casinghead gas per day on a 16/64 choke. Tubing pressure came in at 270 PSI.

The operator has 62 acres leased, with drillsite in Eastland County's S.J. Robinson Survey, A-423, one half mile south of Olden.

The well will produce from an interval 3,596 to 3,616 feet into the wellbore. Total drilling depth was 3,669 feet.

Located two miles southwest of Gorman, U.S. Exploration Corp. of Fort Worth has finished a new gas well in Eastland County.

The wildcat is designated as the No. 1 Hollifield, producing gas at the rate of 15,000 CF per day on a 3/16-inch choke. Absolute open flow estimated at 16,000 CFPD.

Location is in a 40-acre lease in the Deaf & Dumb Asylum Land Survey. Bottomed at 3,143 feet, the well will produce from perforation: 2,790 to 2,794 feet into the hole.

Joko Oil of Texas Inc. of Denton has filed for permit

to drill the No. 1 Nichols, a 2,000-ft. wildcat seven miles southwest of Cisco. Location is in a 160-acre lease in Eastland County's H&TCRR Survey.

At a location five miles northwest of Desdemona, Sundance Energy Corp. of Enid, Okla. has finished a new oil producer in Eastland County's Eastland County Regular Field.

The well is designated as the No. 1 Watson, flowing oil at the rate of 3 barrels per day on a 10/64 choke. Tubing pressure was 100 PSI. The well also showed potential for 26,000 cubic feet of casinghead gas per day.

Location is in a 94-acre lease in the D.S. Richardson Survey. Bottomed at 3,388 feet, the well will produce from perforations 3,114 to 3,119 feet into the hole.

McMurrey Gathering System Inc. of Kilgore has filed first production figures on a new oil well in the Squiers Field. The No. 7 J. Squiers showed potential to make 27 barrels of oil and 14,000 CF casinghead gas per day.

The operator has 394 acres leased, with drillsite in Eastland County's ETRR County Survey, three miles southeast of Eastland.

The well will produce from an interval 1,451 to 1,483 feet into the wellbore. Total drilling depth was 1,630 feet.

A Grand Prairie-based operator has staked location for the No. 2 W.W. Crabb, a developmental well to be located five miles northwest of Ranger. With projected total depth of 4,000 feet, the well is in a 102-acre lease in Eastland County's Northwest Ranger Field, Mary Fury Survey. The operator is North Ridge Corp.

Ridge Oil Company of Breckenridge has revealed plans to drill a 3,700-ft. developmental well in the Northwest Ranger Field. The operator has 62 acres leased, with drillsite in Eastland County's Guadalupe College Survey, A-143 and has designated the venture as the No. 1 King. Drillsite is three miles northwest of Ranger.

A 4,000-ft. developmental well is planned by Snow Oil Company of Fort Worth at a drillsite two miles east of Cisco, Eastland County. The location is in a 40-acre lease in the H&TCRR Survey, A-765. Well's designation is the No. 1 RR. It is in the Cisco Field.

and 4,058 feet, the wells will produce from perforations 3,508 to 3,513 and 3,384 to 3,388 feet into the hole.

Western Oil & Minerals Inc. of Eastland has filed first production figures on a new gas well in the Eastland County Regular Field. The No. 4 Lowrance showed potential to make 466,000 CF of gas per day on a 5/16 choke. Absolute open flow estimated at 850,000 CFPD.

The operator has 160 acres leased, with drillsite in Eastland County's Harvey Kendrick Survey, A-340, eight miles southwest of Eastland.

The well will produce from an interval 956 to 959 feet into the wellbore. Total drilling depth was 2,400 feet.

Jako Oil of Texas Inc. of Denton has revealed plans to drill a 2,000-ft. wildcat. The operator has 160 acres leased, with drillsite in Eastland County's H&TC Survey and has designated the venture as the No. 3 J.M. Nichols. Drillsite is seven miles southwest of Cisco.

The No. 9 J. Squiers was finished by McMurrey Gathering System Inc. of Kilgore.

It is a developmental well in the Squiers Field, three miles southeast of Eastland. Drillsite is in a 394-acre lease in Eastland County's ETRR County Survey.

Daily potential of 55 barrels of oil and 16,000 CF casinghead gas was posted with the Railroad Commission. The well went to a 1,620-ft. bottom, and top of pay zone logged at 1,415 feet. Production will be from perforations 1,420 to 1,452 feet into the wellbore.

A 4,200-ft. developmental well is planned by Ridge Oil Company of Breckenridge at a drillsite six miles north of Strawn, Eastland County. The location is in an 840-acre lease in the T&PRR County Survey. Well's designation is the No. 3 T.D. Williams. It is in the North Strawn Field.

Sentinel Petroleum Corp. of Hurst has filed for permit to drill the No. 3 W.E. Williams, a 1,100-ft. developmental well six miles southeast of Cisco. Location is in a 201-acre lease in Eastland County's H&TCRR Survey. The Williams well is in the Dead Horse Creek Field.

AMV Operating Company of Lawton, Okla. has filed for permit to drill the No. 2 Ingram, a 2,000-ft. developmental well one and one half miles northwest of Nimrod. Location is in a 172-acre lease in Eastland County's H&TCRR Survey. The Ingram well is in the Madewell Field.

An Eastland-based operator has staked location for the No. 1 Lee Starr, a developmental well to be located five miles west of Cisco. With projected total depth of 3,800 feet, the well is in an 80-acre lease in Eastland County's Eastland County Regular Field, BBB&CRR Survey. The operator is Oil & Gas Logistics.

At a location four miles northeast of Cisco, G.E.M. & Associates Inc. of Dallas has finished two new oil producers in Eastland County's Eastland County Regular Field.

The wells are designated as the Nos. 1 and 2 David Gaines, pumping oil at the rate of 19 and 5 barrels. The wells also showed potential for a small amount of casinghead gas per day.

Location is in a 50-acre lease in the H&TCRR Survey. Bottomed at 4,045

**Mrs. Joseph Perkins hosted March 22 DAR meeting**

Charles Crawford Chapter, DAR, met in the home of Regent, Mrs. Joseph Perkins, 1021 S. Seaman, Eastland, Monday, March 22, at 2:30 p.m. Mrs. B.C. Cromwell and Mrs. C.E. Terrell, Eastland, were co-hostesses. The program, following opening, was "The Interrelationship of DAR and American Red Cross." Mrs. Perkins gave a brief history of the general work this 100-year old organization has done around the world in times of disaster, need and suffering. There was emphasis on the local work of the Red Cross during World War II, in Eastland County. Mrs. W.W. Wallace told of hours of knitting and rolling bandages to be sent to

war areas. Recognition and awards were given to winners in the American History Essay contest, from Eastland High School and Cisco Junior High School. Charles Crawford Chapter sponsored the contest. Judge Charles A. Loreto, retired, from New York Supreme Court, complimented the quality of the essays which he had read. He said all were good and most of them had supreme merit and all were inspiring. First place winner, Eastland, Lance Bailey, a junior in high school; honorable mention, Eastland, Patri Spurlin, Bonnie Williamson. Mrs. Don Griffin, history teacher, Eastland High School, sponsored the essayists.

First place winner, Cisco Junior High School, Robin Ritchie, eighth grade. Mrs. Brenda Land and Mr. Danny Kent, Cisco Junior High School history teachers, gave extra time in directing the contest. The chapter wishes to thank Mrs. Perkins for her time and interest in planning and promoting the contest which was of local origin, however, a program approved by State and National DAR. Sandwiches, cake, punch, coffee and gingerbread, made from a recipe "descended" from the family of George Washington, were served to ten members and six guests, Judge and Mrs. Loreto, Mrs. Griffin, Lance Bailey, Patri Spurlin and Robin Ritchie.

**Homemakers**

**committee to meet**

The recreation committee of the Extension Homemakers Council will meet this coming Tuesday, March 30th, at 10:00 a.m. in the County Extension Service office.

Purpose of the committee meeting is to plan the annual Extension Homemakers fun day tours and programs.

Committee members are Mrs. Dorothy Barton, Chairman from Cisco; Mrs. Ora Roberts of Ranger; Mrs. Wynelle Brown of Kokomo; Mrs. Twila Lee and Mrs. Alberta Sims, both from Cisco.

# The A.B. Medlen Scholarship awarded to Marvin Payne

STEPHENVILLE-- Marvin A. Payne, Tarleton State University senior from Cisco, has been awarded the A.B. Medlen Memorial Scholarship to TSU for the current semester. The award was made by Suzanne Medlen of Odessa, daughter of the late Tarleton professor for whom the scholarship is named.

Payne is a biology major and is a previous recipient of a Dick Smith Scholarship. He is vice president of Beta Beta Beta, and a member of the Chemistry Club and Alpha Chi, national honor society.

Payne is the son of Mrs. Viola Payne, Route 2, Cisco. Dr. Medlen was head of the Tarleton Department of Biological Sciences until his retirement in 1974.

Marvin A. Payne, Cisco, receives the A.B. Medlen Memorial Scholarship to Tarleton State University from the daughter of the late TSU professor, Suzanne Medlen of Odessa. Payne is a senior biology major at Tarleton. In the background is an oil portrait of Dr. A.B. Medlen.

# CAPITOL UPDATE

*John Tower*  
U.S. SENATOR for TEXAS  
142 RUSSELL OFFICE BUILDING  
WASHINGTON, D.C. 20510

Americans are by nature an open people. This trait is reflected in the way we conduct our national business. Our national policies -- even regarding the military -- are openly pronounced and vigorously debated.

Yet, there are obvious areas in which our national security depends on secrecy. One of these is covert intelligence activities. If we could depend on every nation in the world to act honorably and in the open in every circumstance, we would not need intelligence agents. But we do not live in that sort of world. We must guard against covert actions by potential adversaries which would threaten our interests throughout the world.

In order to insure our ability to protect ourselves from these potential threats, we depend on courageous Americans who go abroad to perform dangerous information-gathering tasks. The ability to do this without detection not only is essential if they are to be effective, but also is necessary to protect their lives.

In 1975, Richard Welch, then the CIA's station chief in Athens, was assassinated within a month of the disclosure of his covert function in the Greek press. That information came directly from former CIA agent Philip Agee's "Counterspy" Magazine. Agee and others who engage in revealing agents' names are trying to undermine our intelligence system. To say they are behaving in an unpatriotic fashion is a gross understatement.

In another case, 15 CIA agents in Jamaica were publicly identified. The residence of one was attacked with

submachine guns and explosives. Fortunately, no lives were lost in this case, but several agents and their families had to be evacuated.

The Intelligence Identities Protection Act, now before the Congress, would provide legal remedy against those in the ghoulish business of endangering our agent's lives and jeopardizing our national security.

As amended in the House, the bill would allow prosecution in cases in which there is a "pattern of activities" intended to identify and expose covert agents, with "reason to believe" that such activities would impair or impede the foreign intelligence activities of the United States.

This standard insures that only those individuals who deliberately set out to identify our covert agents could be prosecuted. There is no danger to the First Amendment right to a free press, a right which we all cherish.

Nothing in this legislation inhibits the revelation of intelligence abuses or calls for reform. In fact, in 1975, a Senate Committee conducted an exhaustive investigation of CIA activities without ever identifying a single agent.

It is incomprehensible to me, and to our agents abroad, that these brave individuals' lives and the lives of their families should be jeopardized by other Americans who remain safe from prosecution.

If we are willing to tolerate casual or malicious interference with our intelligence services, we will be admitting that we are helpless to conduct an effective foreign intelligence system in this dangerous world. We cannot afford to drop this responsibility. Thus, we must enact this necessary legislation.

## R.S. sophomores plan style show

The Sophomore Class of Rising Star High School is sponsoring a "SPRING STYLE SHOW" on Thursday, April 1, 1982, beginning at 7:00 p.m. in the Rising Star High School gym. Fashions will be pro-

vided by local merchants and will be modeled by students. Admission is \$2.00 for adults and \$1.00 for students.

Homemade ice cream will be served. Everyone is invited.

### BIRTHDAYS

We salute the following Ciscoans who have birthdays during the week:

March 29—Mrs. K.B. Riffe, Janie Kuykendall, Barbara Mosley, Paula Mosley, Mrs. O.O. Odom, Calvin Melton and Weldon Carroll.

March 30—Glennis Boyd and Dianne Mahan.

March 31—Mrs. Anna Notgrass, H.O. Anderson, Mrs. Kelly Coats and Lark Penn.

April 1—Mary Latch Carey, Mrs. Runa Warren, A.W. White, Elizabeth

Mims, Eugene Rueben Ziehr, John Adling and John Webb.

April 2—Franklin Leach, Mrs. W.C. Simmons, Mrs. Jack Rawson, Mrs. Harvey Johnson, Betty Jones, Bobby McCoy and Glenn Lee Deitker.

April 3—Jerro P. Westfall, Walter Lenz, Mrs. Millie Penn, Dee Allen Whitehead, Gene Darr, Oscar Turner, Roy Maynard, Mrs. V.C. Estes, Brenda Willingham and E.E. Wende.

April 4—Vera Hale, Mrs. O.G. Lawson, Larry Harris, Mrs. Paul Booth, Mrs. Martin Weiser and Gaylon Nelms.

Couples celebrating wedding anniversaries during

the week include Mr. and Mrs. David Cunningham, April 1; Mr. and Mrs. Stanley Pirtle, April 2; Mr. and Mrs. Virgil Murphy and Mr. and Mrs. D.H. Honea, April 3.

### Senior Citizens Nutrition Menu

Last week we discussed the need for the human body to receive sufficient calcium, a mineral that is used by the body in many ways.

This week we will mention the benefits of the requirements of protein for the body.

The body requires protein to build and maintain muscle tissue. All adults need about the same amount of protein-rich foods; two servings a day.

An individual might include the following to suffice the adult requirements of protein: 2-3 ounces of red meat, chicken or fish; two eggs; 1 cup of cooked dry beans; 4 tablespoons of peanut butter; or ½ cup of nuts.

Dairy products also contain protein and can be used to increase the value of other protein sources such as cereals, beans and nuts.

The programs for the past week included: Janet Thomas, extension service, discussed the matter of minerals and vitamins. Her subject was entitled "Macrominerals"; Oren Speegle and his group of singers sang many old hymns; game day was conducted with Eastland; and recognition of those having birthdays and anniversaries during the month of March.

Many people of Cisco should make inquiry in regard to the Senior Center program by calling 442-2263.

### A THOUGHT FOR THE WEEK

Sociologists predict that within two decades, millions of psychologically "normal" people will face an abrupt collision with the future. This will predictably occur unless they learn to adapt to vast social and cultural changes.

How will we adapt to future changes? Will our attitude toward change be determined by political affiliations, economic status, friendships—or a temperament endowed to us by God? Will our faith in God help us to resist—or welcome the changes?

God gives each of us a lifetime to resist or welcome changes. The lifetime varies of course. Some grow old, some don't. The question that will be asked eventually is "What did you do with your lifetime?" Was it well spent in good deeds or was it frittered away in foolish non-essentials; deeds to be proud of or to be ashamed of? Should it not be realized that it is unimportant how long we live but what we did with the time given us - changes in time and customs notwithstanding?

## Cisco Funeral Home

442-1503 203 West 7th Cisco

### 'ROUND AND 'ROUND SHE GOES...

The question is, where will it stop? Many people have no idea. Life can be lived in a flurry of activity — fitting from person to person, to thing, to dream, and back again. Or it can just settle into a monotonous routine. Either way, meaningfulness has taken hold.

Lack of meaning in life has been called "furious activity around an empty center." That's what a whirlpool is. Activities, meetings, schedules, parties, appointments — but no direction. The swirling pace can get to you — especially if there's a holiness inside.

Jesus talked a lot about meaning in life. But he not only talked about it. He gives it! He came to take us out of the whirlpool and set us on course in the Life Stream.

## CHURCH SERVICES

Sunday, March 28, 1982

**FIRST CHRISTIAN CHURCH**  
Church School begins at 9:40 a.m. and morning worship at 10:50. The JYF will meet at 4 p.m.  
The choir will meet at 7:00 p.m. Tuesday.

**REDEEMER LUTHERAN CHURCH**  
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled "The Lord Of Our Love!" based on Jeremiah 31:31-34. The Lutheran Hour will be aired over KERC at 12:30 p.m. Pastor Wallace Schulz reminds everyone in his sermon "Satisfaction For the Weary!" that real help for the weary comes from God through His Son, Jesus Christ, not from vitamins, pep pills, or tonics. Family night begins at 6:00 p.m. with pot-luck lunch. The

Lutheran Youth fellowship will meet in the Parish Hall for topic study and business matters at 7:00 p.m.

The Cisco Nursing Center worship service will be on Wednesday at 10:00 a.m. Catechism class will meet in the Parish Hall at 3:45 p.m. The last Wednesday evening Lenten worship service begins at 7:30 p.m. Pastor Crockett's message is entitled "The Hour of Choice!" based on John 19:14.

Jesus' Friends will meet on Thursday in the Parish Hall at 9:30 a.m. for ages three through five and in the afternoon at 2:45 p.m. for kindergarten through grade five.
