

### Rejoice . . .

In the meaning and the message of the Easter story. May it inspire you to once again renew your love in Him this joyful day.

## HALL OF REMARKS

BY HERRYL HALLMARK

CONGRATULATIONS to the Cisco High School band on their superior rating at the recent U.I.L. contest in Stephenville. I know it took a lot of hard work on their part to play their music as well as they reportedly did.

If you ever get the chance to hear this fine group, be sure and do so.

**THIS YEAR** youngsters interested in playing Little League were asked to pay a small amount for the privilege, but it is feared some youth may not be playing because their family cannot afford it.

League president Jerry Jeffcoat has stressed he does not want the fee to hinder any kid's playing. He said he knows of several persons who have offered to sponsor a youth in Little League this year.

If you know of someone who is not playing because of the charge, tell them to get in contact with Mr. Jeffcoat.

A MOVING description of Easter is printed in a church hymnal book entitled *Hymns for the Family of God*. It can be found on page 300 and is entitled Easter. It reads as follows:

Some years ago a newspaper editor telephoned and asked me to tell in a few words what Easter means to me. My testimony was this: Easter means Christ to me.

It means Christ in His kingly splendor, Christ in His serene glory, Christ in His gracious condescension. This is because Easter is the return of Christ from inflicted violence, from induced death, from imprisonment in a tomb. Easter is Christ triumphant over all that sin and death and man could do to Him. Easter means Christ.

And where Christ goes, drama goes. For it is impossible to look anywhere in the Gospels and fail to find something powerful happening. This is because Christ is Himself the Gospel and He is life, abundant life, and His life means action, pilgrimage, arrival.

Easter means life. Christ defeated death in order that life in Him might always live. And it is life that we want, life in Christ. Whether we put it in words or not, our constant thought is "Life, more life, always more and

RAYMOND BLEVINS  
Chief of Police

## Blevins Is Named Chief of Police

Raymond Blevins, acting chief of the Cisco Police Department for some three months, was appointed to that position Thursday by City Manager Mike Moore. Mr. Blevins is 32 years of age and has been with the local police department since last October.

The new chief was born in Breckenridge and grew up in Throckmorton County. He finished high school at Woodson and attended Weatherford Junior College. He is a veteran of three years with the U.S. Army, including duty with the troops in Vietnam.

In law enforcement work eight years, Mr. Blevins spent four years as a chief deputy sheriff in Throckmorton County, three years as a deputy in Archer County, and a year with the sheriff's office in Baylor County at Seymour.

Before going to work in Cisco, Mr. Blevins spent 18 months with an automotive

firm in Abilene. He lives with his wife, Carrie Christine, at 1704 Avenue D. She works for Leslie Oil & Gas Co. in Eastland. They attend the Mitchell Baptist Church.

The Cisco Police Department now has five full time police officers and two part-time reserves.

With the appointment of the new chief, Policeman Lonnie Knight was named the department's sergeant. He has been on the job here since February and is a veteran of six and a half years in law enforcement work.

"We have been impressed with Mr. Blevins' work as acting chief of police and feel that he is fully qualified to handle all duties of the office," City Manager Moore said. "His ability as a supervisor and administrator plus his experience and training in law enforcement work will add stability to our police department."

## Annual City Cleanup Campaign Is Scheduled For Coming Week

The annual spring Cisco Cleanup Campaign will be held throughout the city on Monday, Tuesday and Wednesday, April 12-14, according to an announcement by City Manager Mike Moore.

Five city trucks will tour all residential areas during the three days to pick up trash, debris and tree limbs to be hauled to the city landfill, Mr. Moore said. Home owners were asked to carry their trash and debris to their street curb to facilitate handling.

Cooperation of everyone was requested to make the cleanup campaign a good success.

Mayor Eris Ritchie joined the city manager in appealing to the public to make every effort to rid residential areas of trash and debris

### Pot Hole Project

### Is Planned Soon

The street department will begin an effort to fill all pot holes in city streets on Monday, April 19, City Manager Mike Moore reported Friday.

Efforts will be made to cover all paved streets as well as the graveled streets, Mr. Moore said. The project will continue, weather permitting, until all streets are covered, he added.

during the program.

"Cleaning of our premises of unsightly tree limbs, trash and debris will contribute a very great deal toward the appearance of our city and to general health conditions," Mayor Ritchie said.

"With warm weather ap-

proaching, we must be mindful of the need for eliminating mosquito breeding places.

"The city street department is dedicating the coming week to this cleanliness project, and your cooperation is needed and will be ap-

preciated by us all."

After the three-day campaign, city trucks will be available on call Thursday and Friday, April 15 and 16, Mr. Moore said. Those with trash to be hauled on those two days were asked to telephone city hall.

## Councilmen Take Oath At City Hall Meeting

City Councilmen Loyal Lundstrom and Bobby Rains were sworn in for new three-year terms of office after results of the April 3rd city election were canvassed and certified at a special meeting of the Council last Tuesday night.

The two councilmen, who were unopposed for reelection, were given the oath of office by Mayor Eris Ritchie. They received 937 and 962 votes, respectively, in the voting.

The Council also canvassed results of the bond issue propositions and certified the approval by the voters of the three items - 692 for and 344 against issuance of \$1,450,000 for a new water filter plant and system im-

provements, 682 for and 357 against \$300,000 for a new sewer and waste water facility, and 682 for and 394 against \$175,000 for a new sewer main line system.

Mayor Ritchie reiterated a statement that the Council would proceed with caution. "We are pleased with the results of the election - the approval of this important matter by a good majority," the mayor said. "We realize fully the urgency for improvements and the need to proceed with caution. We will insist on quality work at the best prices."

Mr. Lundstrom, in a brief statement, said he was grateful for the support of Cisco citizens. Mr. Rains noted that "we have a big job ahead, and we will work hard to do it right."

The Council gave Election Judge Doug Fry, who attended the meeting and presented the returns for canvass, a vote of appreciation, noting that he has been helping with elections here for a good many years. He said a total of 1,042 votes were cast in the election.

In other action, the Council set April 27th as the date when bids will be opened on leasing the airport and landfill tracts of land for oil and gas exploration.

A reception honored the two newly elected councilmen following the meeting. Coffee, soft drinks and cake were served with Mesdames Ginger Johnson, Beth Prickett and Peggy Ingram as hostesses. All members of the council were present.

## Band Receives Superior U.I.L. Rating

Cisco High School's Lobo Band, directed by Alvin Young, received superior ratings and a special award in concert and sight-reading contest Tuesday in Stephenville. The event was the regional University Interscholastic League (U.I.L.) contest.

The Lobo band was rated superior unanimously by six different judges, three judges for concert and three for sight-reading. Cisco received the highest rating of any AA band at Tuesday's meet.

Tuesday's award was the highest U.I.L. rating received by a Cisco High School band since 1971. The 1971 high school band was directed by Lynn Low and received a Sweepstakes award, scoring superior ratings in concert, sight-reading and marching contests that year.

This year's band missed out on a sweepstakes award by receiving an excellent or II rating in marching contest earlier in the school year. However, it was the only band in Eastland County to receive a first division rating in concert and sight-reading Tuesday in Stephenville.

The only band in the region which scored higher than Cisco was Brownwood High School which had three first division ratings (one in concert, sight-reading and marching contests). Other bands to score first division ratings at Tuesday's contest were Stephenville Junior High and Stephenville High School.

Superintendent James Couch attended the Tuesday performance and said, "They sounded terrific. They played perfectly. It was just great." Carolyn Sipe of Cisco also attended

the performance and was quoted as saying, "It was a stirring performance and I got cold chills listening to (the band)."

Cisco Mayor Eris Ritchie sent a letter of congratulations to Director Young and the Lobo band. He congratulated them on winning their Superior ratings and said he knows of the effort involved. He also commended them on their performance, stating, "The band is a year around representative of the school and community."

Some of the comments made by the judges of the concert contest were as follows: James Streit of Quanah said, "You have a

fine band. You and your director are to be congratulated on a fine performance." Gerald Smith of Panhandle stated, "Band gets some very good ensemble sounds. Good training and teaching going on here. Congratulations!"

Comments from sight-reading judges were: "A most enjoyable performance. I enjoyed hearing you. A lot of good teaching and learning is taking place. Keep up the good work and good luck in the future. Congratulations!" -Greg Miller of Iowa Park.

"It was nice to hear an aggressive sight reading by people who were not afraid

of the notes. Nice job. Congrats!" -Norman Deisher of Mineral Wells.

"This band plays very musically - good phrasing, good intonation for the most part. Some minor problems as sight-reading always presents, but over all a very fine job. Congratulations to a fine group of young people. You did good!" -Don Theode of Highland Park High School in Dallas.

Bands participating in the contest are rated on their performance and may be awarded any of five division ratings. Those possible ratings are Superior (I), Excellent (II), Average (III), Below Average (IV), and

Poor (V).

Other area bands and their ratings in Tuesday's concert and sight-reading contests were: Eastland, one in concert and two in sight-reading; Ranger, three in concert and two in sight-reading; Rising Star, three in concert and four in sight-reading; DeLeon, two in concert and two in sight-reading; Dublin, two in concert and one in sight-reading; and Goldthwaite, one in concert and two in sight-reading.

## New Landfill Area Inspected By SHD

The city's new landfill area, which was opened for use by sanitation crews and the public last Monday, has been inspected by the State Department of Health and approved, according to City Manager Mike Moore.

State inspectors were pleased with the landfill project, noting that it complies fully with state laws, Mr. Moore said. The new landfill was provided for by a city ordinance adopted by City

Council recently.

Mr. Moore said there had been a few cases of people refusing to abide by provisions of the landfill ordinance, dumping trash and debris outside the area.

"We will make every effort to learn the identity of violators of the ordinance and will prosecute them," Mr. Moore said. Under the ordinance, violators are subject to paying a fine.

## Ivan Webb Elected Lions Club Prexy

Ivan Webb, local oil company official, was elected president of the Cisco Lions Club for the year beginning next July 1 at the club's weekly luncheon last Wednesday noon at White Elephant Restaurant. He will succeed Jack Farleigh.

Other officers elected for the 1982-83 club year were as follows: C.B. Dill, Bobby Smith and Robert Dudley, vice presidents; J.W. Cook, secretary and treasurer; Willard Johnson, tail twister; Walter Knowlden, lion tamer; Wyley Peebles, song leader; and Ken Hammes, Robert Connor and Loyal Lundstrom, directors.

The nominating committee was composed of J.C. Fletcher, Truman Kirk and Archie Channess.

The club voted to contribute \$100 to the Lions Camp for Crippled Children as a life membership for Lion S. Lopez.

Secretary Ken Parker reported on the monthly meeting of the club's board

of directors. He said the light bulbs and brooms for the booth the club will operate at the Folk Life Festival have been ordered. The board discussed plans for the Stark Memorial Building, approved life memberships in the camp for retiring presidents, and approved a financial statement that showed balances of \$400 in the administrative account and \$2,145 in the activities fund.

Lion Ivan Webb, chairman of a committee on the Stark Memorial Building, reported that the group was recommending the sale of the building, formerly used as a church, with proceeds to be used to erect a covered shelter or a suitable building at the new city park as a memorial to the late Tom B. Stark, long-time member of the club.

The club voted approval of the recommendation and authorized the committee to proceed with the plan.

Reginald Henley of Lake Granbury was a guest.

**REST OF THE GOSPEL**  
In writing these articles I have been accused of deceiving the innocent and doing Satan's work. I did not make up Luke 23:43 and John 20:17 which shows that Jesus did not take the thief to heaven but to another place where the dead go. I did not make up I Peter 3:19, 4:6 that Jesus preached His gospel to the dead. I did not make up John 9:1-2, John 3:13, Jeremiah 1:4-5 or other verses that show we existed before we came to this earth. I did not make up Ephesians 2:20 upon which only the true church can stand; or Ephesians 4:11-13 for who Jesus gave to lead His church. I did not make up the fact that what Jesus did and said is forever, thus these things must be forever. If you read the Bible and say these things are not in it, then you deceive yourself about the fullness of the gospel. I will always speak for the full truth. The Rest of the Gospel, P.O. **Pest Alert reported by Gordon Woolom**

**SUBTERRANEAN TERMITES**

Spring is the time of year when homeowners are most likely to encounter termites. Subterranean or ground-nesting are by far the most important destructive insect pests of wood.

Termites are found throughout the United States, but are most active and destructive in the temperature parts of the country. Termite damage results in millions of dollars

spent on control measures and repairs each year.

Subterranean termites are social insects that live in colonies or nests in the ground. Each colony is composed of three forms - reproductives, workers and soldiers.

It is the reproductive or winged forms which are most commonly encountered by the homeowner. This is often the first indication of a termite colony. Flights or swarms of the winged termites occur most frequently after the first warm days of

spring, often following a warm rain. However, they may occur at any time during the spring or summer.

These winged reproductives are formed in well developed colonies. The winged forms mate and return to the soil to find a suitable site for establishing a new colony. Most of these perish, but some pairs do survive to begin new colonies.

Most termite infestations in buildings occur because wood touches or is close to the ground, particularly porches steps or terraces. Cracks or voids in foundations and concrete floors make it easy for termites to reach wood that does not actually touch the soil.

The primary form of control is prevention. Prevention begins at the building site. All stumps and wood debris should be removed before and during construction. Burying such material will only contribute to termite infestation. Other preventative control measures include chemical soil treatment prior to construction, proper construction techniques to avoid contact of wooden materials with the soil and proper ventilation beneath buildings.

However, for most homeowners it is too late for pre-construction prevention. Ridding existing structures of termite infestations is a major problem in termite control. The major principle of preventing termite infestation in existing structures is the same as that in pre-construction - eliminate conditions which permit the passage of termites from soil to woodwork of the building.

Buildings should be periodically inspected for evidence of termite attack. This is a good practice and should be done regardless of how completely preventive measures were employed during construction. Sanitation practices such as removal of all wooden materials from underneath and adjacent to buildings and filling cracks and expansion joints in concrete with cement grout.

There are a limited number of chemicals available to the homeowner for controlling termites. However, because of the complexity of application and need for thorough application, it is advisable to obtain the services of a commercial applicator. It is important to hire a reputable applicator, who offers a warranty with his service. For additional information, contact the County Extension Office.

# The Begotten Son

Through centuries recorded, the strength and the weakness of humanity has been oft-tested.

In an era when great minds see a clear pathway to the moon and stars, men still seek to repair broken bridges along the road to world peace and brotherhood.

In jungle or desert, in the seats of power, or about the conference tables of the world, the greatest hope lies yet within the eternal shadow of one great human sacrifice.

And, peace may come when mankind need no longer be reminded that ... "God so loved the world, He gave His only begotten Son."

## Artist Jan Herring Featured at ENB

Henry Herring. Her husband is a dairy farmer and they are the parents of three adult children. They also have four young granddaughters.

Mrs. Herring's time is divided between home responsibilities, painting and teaching. Mrs. Herring received her education at North State Teachers' College in South Dakota, the University of Texas at El Paso, and completed special studies at the El Paso Museum of Art, presents art workshops throughout the Southwest, and lectures extensively throughout this area. She teaches annually also in her own studios in Cloudcroft, New Mexico, Destin, Florida, and in her home studio in Clint.

Mrs. Herring's remarkable glazing techniques have brought her national recognition both as professional painter and as a teacher. An expert on composition, she has authored the very successful "The Painter's Composition Handbook" in which her original ideas give the student a practical as well as creative approach to the designing process. Her latest book, "The Painter's Complete Portrait and Figure Handbook", is uniquely designed for the artist enabling him to master the difficult head and figure with natural artistic symbols.

Among the major awards and recognitions Mrs. Herring has received are included the following: American Artist's Gold Medal; New York City Center prize for oils; New York Allied Artists Heydenrick Award; El Paso Sun Carnival, first oils; Nomination, Ford Foundation Grant; Roswell Museum, sculpture; Member, Board of Election, Ford Foundation; New York Knickerbocker Exhibition; New York Allied Artists, Grumbacher Award; New York One Man Show Award, Burr Galleries; Fort Worth Art Center, Purchase Show, and International Designer Craftman, El Paso.

Included in Mrs. Herring's two hundred eighty one-man shows have been: New York Burr Galleries; New York Petite Gallery; Tulsa Art Center; University of Idaho; Sand Hills Museum, El Paso

Born in Montana, Jan Herring now lives in a one hundred-eleven year old house in Clint, Texas. In private life she is Mrs.

Museum of Art; Fort Worth Art Center; University of New Mexico; Lubbock Museum; Roswell Museum; Brigham Young University and the Santa Fe Art Museum.

The artist has public collections in the Grumbacher Collection, New York; Lubbock Art Center, Lubbock, Texas; Roswell Art Museum, Roswell, New Mexico; Lubbock Art Museum, Lubbock, Texas; First National Bank Building, Lamesa, Texas, and the University of Idaho, Pocatello, Idaho.

Galleries where Mrs. Herring's paintings are displayed include: Jim Galleries, El Paso, Texas; Framery Gallery, Houston, Texas; Galleries, San Angelo, Texas; Prichard Gallery, San Antonio, Texas; L&L Gallery, Longview, Texas; Herring Studio & Gallery, Cloudcroft, New Mexico and Clint, Texas; Dos Pajaros, El Paso, Texas, and Spellman, Ft. Walton Beach, Florida.

Mrs. Herring has been featured in reviews and reproductions of her art have appeared in such periodicals as Art News; American Artist; La revue modern; House Beautiful; House and Garden; International Platform Association, and Who's Who in American Art.

As a technician, painter, sculptor, enamelist teacher and author, Jan Herring is totally engaged in art. While living in a way she finds deeply fulfilling, she is also bringing pleasure to many others—to art lovers who own her paintings or enjoy them in galleries and museums all over the country and to hundreds of students, many of whom have found in her dedicated teaching a key to the effective use of their own talents.

In extending the public an invitation to visit the exhibit, a bank spokesman stated, "We eagerly anticipate Mrs. Herring's annual visits here, and consider it a privilege to present to art lovers of Eastland County and area this outstanding display of paintings created by one who is considered by many to be one of the best qualified art instructors in the United States today."

During a telephone interview last week, Mrs. Herring said that she considers the Eastland workshop-exhibition as one of the highlights of her year, and she looks forward to seeing her many friends in this area during the next two weeks.

## Lights from the Christian World

By: Josephine Cleveland

### RESURRECTION HOPE

A small band of disciples stood at the foot of Golgotha Hill and watched their Lord die. They saw His pierced body taken from the cross. One of them betrayed Him for 30 pieces of gold. Another of the number had cursed and sworn that he never knew Him. Many turned and ran for their lives, forsaking Him.

When Jesus was placed in the tomb and the huge stone rolled against it the disciples were certain that this was the end of all their hopes and dreams. But Calvary did not tell the whole story. Easter came and their despair turned into a glorious morning.

Friend, Jesus Christ not only died for our sins, but the Word says, "He was raised again for our justification."

As we gaze at the world today, we cannot help but be disturbed as we see what is happening. Even as men cursed and taunted Jesus as they nailed Him to the cross so men are doing the same today.

But Jesus arose and tells every believer that we need not panic. True, we are con-

cerned. We will pray and hold fast to His promises but we will not cry in terror as others do.

The day before John Huss was to be burned at the stake he wrote, "I write this in prison and in chains, expecting tomorrow to receive the sentence of death but full of hope in God that I shall not swerve from the truth."

The cross and Jesus' resurrection made this possible for all. Christ is alive! And because He is alive, that makes all the difference in the world. In Jesus' resurrection evil has been defeated, love has conquered hate, death has lost its sting, Satan has been defeated, and all creation bursts forth into a new day.

## Retired Teachers schedule important meeting

### Sheriff Johnny Morren special speaker

The Eastland County Unit of Texas Retired Teachers will meet at Eastland in the Fellowship Hall of the First United Methodist Church at 2:30 p.m. Monday, April 12, 1982. Mr. Garrett, president, states that this is a very im-

portant meeting where some major decisions are going to have to be made about the on going of the Unit. It is time for the election of officers and to make plans for the coming year. All retired teachers in the county are urged to attend this meeting.

Retired Teachers, sponsored by the National Retired Teachers Association, to be held in Abilene later this month.

Plans will be finalized for officers to attend the annual Drive-In Workshop for

All retired teachers are urged to attend this meeting.

### A Poem For Easter: In Honor Of Our Lord DELIVERANCE

He Came to Earth from the Father,  
A Shining Son,  
A beautiful extension of the Great  
And Mighty One.

He came to show us love and give  
Us hope.  
He came to share the care of our  
Kind and merciful God.

So gentle and strong,  
So great and good.  
He fought the ugliness of  
Hypocrisy,  
The stain of selfishness.  
That our souls might be clean.

Betrayed and led up that hill to  
Calvary.  
He became sin to save all men  
Who would believe and follow Him.

So why do we reject Him?  
Why give way to the destroyer?  
Why debate?  
Why be deceived?  
When He promises Love  
And DELIVERANCE!

-Ann Cagle

# Paintings Needed For Festival Show

Paintings are needed on consignment for sale at the Cisco Civic League's art show and sale at their Blue Depot Club House on East 8th Street in Cisco during the annual Folklife Festival April 24 and 25, according to an announcement.

The depot will be open from 10 a.m. to 5 p.m. during the festival. The public has been invited to inspect the paintings and, if they desire, to purchase one or more.

Mrs. Joe Wheatley, chairman of the art show and sale, said that any media will be accepted for sale. The sponsors charge a 20 per cent commission on sales.

"Please bring priced paintings and other items to the depot on Friday, April 23, from 9 a.m. to 12 noon," Mrs. Wheatley said. She invited anyone desiring information to call her at 442-3338 in Cisco.

Levine Stubblefield of Carbon, well known area artist

and teacher, will be at the depot to demonstrate her artistic ability again this year, Mrs. Wheatley said.

## Lela Latch Lloyd Enters Hospital

Lela Latch Lloyd, author and teacher from Cisco, entered Graham Memorial Hospital for treatment on Saturday, April 3. Mrs. Lloyd indicates that the dust storm the day before probably didn't do her any good! Her condition is improving and she hopes to be home within a few days. She has several projects waiting, including the possible reprinting of her book "If the Chief Van House Could Speak".

Mrs. Lloyd expresses her appreciation for the flowers, gifts and cards which have come to her at the hospital, as well as the visitors who have stopped by to wish her well.

## Crime Not Limited

Christy Gentry  
Crime is not limited to the big cities. Rural residents - who are often more trusting than their city friends - are being victimized more and more by thieves and burglars. The old saying "It won't happen to me", is simply not true anymore. Crime is increasing at a much faster rate in rural areas than in the metropolitan areas.

Crime Prevention is a matter of concern to most of us these days and this will be the main topic of discussion at several 4-H clubs this month. The program will be presented by John Blair, County Extension Agent - Ag.; and Christy Gentry, County Extension Agent - H.E.

The Extension Crime Prevention Program has already been presented to the Nimrod 4-H club and the showed a lot of interest in the subject. John and Christy will also be presenting the program to the Cisco Good Times Gang on April 15th at 7:00 p.m. in the church. Any 4-H clubs that would like to have a program on crime prevention presented at their next meeting needs to contact Christy Gentry (629-2222), or John Blair (629-1093) in the Eastland County Extension Office.

# WW I Veterans Live In County

By Viola Payne  
It was April, 1918, during World War I. The battlefields of Europe made a strange contrast to the beauty of springtime.

America, too, was at war. In Eastland County 762 young men enlisted, planning to serve their country through any hardships.

When many of them, along with thousands of other American troops, poured across England on their way "to make the world safe for Democracy", King George of England wrote a letter to be delivered to these soldiers. The text read:

WINDSOR CASTLE

"Soldiers of the United States, the people of the British Isles welcome you on your way to take your stand beside the armies of many nations now

fighting in the Old World the great battle for human freedom.

The Allies will gain new heart and spirit in your company.

I wish that I could shake the hand of each one of you and bid you God speed on your mission."

George R.I.  
April, 1918

Thirty of the men from Eastland County never returned. For them it was the supreme sacrifice, the most any human can give. But fortunately a number of the others returned to Eastland County and were joined by veterans who moved to this area after the war.

There are few World War I Veterans still living among us. All are outstanding citizens, and have great stories to tell.

The newspaper staff has made an effort to locate all these Veterans. If you served in World War I but have not been contacted, please notify one of the County

newspapers or Judge Scott Bailey, so that you may be properly recognized.

Cisco, according to information available, has seven WWI veterans, more than any locality in the county. One of these is Luke Pippin, who was a gunner on the U.S.S. Benham, a Navy Destroyer. Part of the job of this ship was to help convoy troopships across the Atlantic. Pippin was on the American Flagship at the surrender of the German Submarine fleet.

W.L. (Roy) Pippin was the famous 36th Division, Company C., 111th Engineers. This group saw a lot of action in France.

Homer Bible was with another group of Engineers, the 106th Engineers, 31st Division, Company C. He helped build hospitals and storage buildings in France. He says they could hardly build the hospitals fast enough for the casualties.

E.F. (Chief) Bender of Cisco was stationed at Camp Bowie in a Truck Division. The Armistice was signed Nov. 11, 1918, before he could be sent overseas.

Crigrar Pascal served as a Military Policeman with the 90th Division during the war. He was stationed in

France, then in Germany after the Armistice.

Gordon Murray was with the 7th Division, 5th U.S. Engineers, Company F. He served overseas, mostly in France.

John Green of Cisco was with the 28th Infantry in France. This group saw some very hard action on the battlefields.

In Eastland there are only two surviving World War I veterans. One of these is Carl Timmons, who enlisted in the Montana National Guard and was placed in the 163rd Montana Regiment when war was declared. Timmons played the trombone for General Pershing's Army Band, but also served in a Casualty Unit in France. He was very happy to play for the ticker-tape Victory March in New York City when the war was over.

During World War I Willie Speaker of Eastland enlisted in the Infantry, and was put in training at Newport News, Va. preparatory to going overseas. Fortunately the Armistice was signed before his departure.

Ranger also has two WWI veterans, and one of them is George R. Pate. He served in Battery E, 64th Coast artillery. After his stateside training he was sent to France.

Thomas Browning of Ranger was a member of the 36th Division, 111th Ammunition Train, Company F. After training at San Antonio and Camp Bowie, he also was sent to France.

Over in Rising Star there are two more veterans: O.E. (Dutch) Shults, and James R. Hogan. Shults says he had just three months training in Boot Camp when the Armistice was declared and he was discharged.

James Hogan went into service in 1917, and was placed in the 4th Division of the Infantry. He trained in Calvary Drill in N. Carolina and was sent to France. After the Armistice he was stationed in Germany.

Apparently Gorman has only one surviving WWI veteran, George Bennett. Bennett was a Quartermaster Baker at Ft. Sill, Oklahoma, during the war. He was attached to the 35th Division. This veteran is presently known in Eastland County as a writer for the Gorman Progress.

This makes a total of 14 Eastland County veterans, 62 years that 1918 springtime in Europe. Our gratitude and high regard is extended to these brave men, who remind us that "Eternal vigilance is the price of liberty".

## H & R BLOCK HAS 1040A'S INSTANTLY PROCESSED

With Prices Starting At \$7.50

H&R Block fights inflation again for the "short form filer". PRICES ARE STARTING AT \$7.50, which includes the full BLOCK guarantee. In addition, the 1040A form will be instantly processed, so you will only have one visit to H&R Block. All you will need to do is sign and mail it, to get your refund. (Some H&R Block offices are independently owned and prices may vary in outlying cities.) Block has never charged on the basis of income or the size of the refund, but solely upon the return's complexity. Skilled preparers conduct personal interviews to be certain that every legal deduction to which the customer is entitled will be uncovered. Often taxpayers are short changed when they simply file the form they received in the mail from the government. All types of tax returns are done by H&R Block. This includes the Federal 1040A, 1040, State returns, complex corporations and foreign tax income and preparation.

## Testimony on injection program given

The Environmental Protection Agency heard public testimony on the merits of the Railroad Commission's Underground Injection Control Program in a hearing conducted in Dallas recently.

A number of independent oil producers expressed opinions concerning various provisions. These include regulations on public notice, a requirement that operators review a quarter-

mile radius for improperly plugged wells of record, and a Jan. 1, 1984 deadline for equipping all disposal wells with tubing and packer.

The Texas Independent Producers and Royalty Owners Association issued a statement supporting the EPA approval of the program, in spite of portions of its listed as "drawbacks".

"Regulation at the state level is better than federal regulation," a spokesman for the Association said.

The EPA was requested to agree that inspections, especially those concerning records, would generally take place only during business hours.

The final Underground Injection Control rules become effective April 1st.

## Oil Report

Flowing 115 barrels of oil per day, along with 290,000 CFD casinghead gas, the No. 1 RR was completed successfully in the Cisco Field by Snow Oil Company of Fort Worth.  
Drillsite is two miles east of Cisco.  
It was drilled to 3,687-ft. total depth and will produce from an interval 3,601 to 3,604 feet into the wellbore. Production tests were run on a 16/64 choke, and tubing pressure registered 450 PSI.  
The location is in a 40-acre lease in Eastland County's H&TCRR Survey, A-765.  
At a location four miles northwest of Ranger, Robert L. Bradford of Ranger has finalized a new oil producer in

the Eastland County Regular Field.  
The well is designated as the No. 9 C.E. Terrell, pumping oil at the rate of 38 barrels per day on an open choke. The well also showed potential for 70,000 cubic feet of casinghead gas per day.  
Location is in a 107-acre lease in the Henry Rogers Survey, A-426. Bottomed at 3,853 feet, the well will produce from perforations 3,360 to 3,380 feet into the hole.

tion figures on a new gas well in the Dosde Field. The No. 1 Jim Shugart "B" showed potential to make 150,000 CF of gas per day on a 5/16 choke. Absolute open flow estimated at 220,000 CFPD.  
The operator has 50 acres leased, with drillsite in Eastland County's McClennan League, five miles north of Gorman.  
The well will produce from an interval 2,985 to 2,995 feet into the wellbore. Total drilling depth was 3,000 feet.

A 3,450-ft. developmental well is planned by Ridge Oil Company of Breckenridge at a drillsite one mile north of Ranger, Eastland County. The location is in a 43-acre lease in the B.B. Ester Survey, A-1128. Well's designation is the No. 1 Tibbels. It is in the Northwest Ranger Field.

Joseph D. Kennedy of Dublin has filed first produc-

At a location six miles north of Gorman, Show Petroleum, Inc. of Breckenridge has finalized a new oil well in Eastland County's North Desdemona Field.  
The well is designated as the No. 1 I. Hunt, pumping oil at the rate of 5 barrels per day on an open choke.  
Location is in a 60-acre lease in the McClenna CSL League. Bottomed at 3,265

feet, the well will produce from perforations 3,082 to 3,091 and 3,217 to 3,231 feet into the hole.

Any amount you contribute will be appreciated.

**GOLDEN WEDDING ANNIVERSARY**

Mr. and Mrs. George Henry will celebrate their golden wedding anniversary Sunday, April 25, at the Moran Community Center from 2 to 4 p.m. Hosts will be their children and spouses, Mr. and Mrs. Lionell Henry of Albany, Mr. and Mrs. Marvin Henry of Abilene, Mr. and Mrs. Danny Henry of Breckenridge and George Lee Henry of Moran. The couple has five grandchildren.

Mrs. Henry was the former Willie Mae Herring of Harpersville. Mr. Henry is a native of Moran.

All friends and relatives are invited to attend the occasion.

**Civic League Finalizes Plans For Annual Folklife Festival**

The Cisco Civic League met April 8 at the First National Bank Community Room. The primary purpose of this monthly meeting was to finalize plans for the 9th Cisco Folklife Festival.

The Festival is to be held April 24 and 25 at the CJC Agricultural Building.

The chairpersons gave individual reports on their progress:

Arlene Fry—food chairperson reported that she will be ready to serve hamburgers and chulupas as soon as the food tent is set up on Friday. Other food booths under the tent will serve hotdogs and sausages-on-the-stick. Barbara Pope will be in charge of making homemade bread. The Mental Health and Retardation Center located in Eastland will have homemade pies, cakes and doughnuts.

There is a variety of entertainment scheduled for the two-day festival. Square dancing, ballet, stand-up comedy, Pat Owens with a selection of vocal melodies (she is a local favorite), Randal Treadwell from Eastland, style show by the Gazebo with local models and much more. Watch this newspaper for a schedule of the entertainment.

Dean Baird and Yvonne McMillan have worked hard to put together a continuous entertainment schedule. Their next responsibility is setting up the entertainment tent with stage, piano, and lots of chairs.

The demonstrations chairperson—Bettye McGinness is busily gathering up the supplies needed for the many folk-life demonstrations that will be presented by the Civic League members. Basket weaving, candle making, weaving, quilting, corn grinding, tortilla making, peanut butter making, hoe cake cooking, etc. (Have you ever seen a cake cooked on a hoe over an open fire?)

Sauerkraut will be made the old-fashioned way (walking on it) in a big crock by Wesley and Rachel Valek.

The Texas Agricultural Department will have an exhibit (sometimes they have peanuts to sample).

Also the Abilene Chapter of Model Train collectors will have an exhibit of model trains. This should be an interesting exhibit for young and old alike.

General chairpersons Vallie Parker and Pat Isbell have been taking reservations of artisans who will display, demonstrate, and sell their arts and crafts. Approximately 40 booths of craftsmen will be in the Agricultural Building.

Advance admission ticket sales have gone very well. Vernetta Pierce and her committee have contacted most businesses in Cisco. Each business that bought ten admission tickets was given a round wooden plaque hand-painted by Virginia Wheatley. She painted 120 plaques and if you have seen them in the businesses of Cisco and would like one for yourself, a few will be for sale at the Festival.

Ruth Heidenheimer is in charge of admissions and food ticket sales at the festival. She has completed her work schedule and a copy was given to each member at the meeting. Each Civic League member will be expected to work a minimum of eight hours the weekend of April 24 and 25.

The after-festival hamburger party for Civic League members and families will be held at the home of club president, Jo Ann Cermin.

The Civic League would

like to express their appreciation to all the businesses who supported the advance admission ticket sales.

Other business transacted at the meeting was the election of officers for the 1982-83 club year. These new officers will be installed at the

May monthly meeting.

The Civic League appreciated the Cisco Junior College letting them use the Agricultural Building for the Folklife Festival and a big thanks to Jibby Donovan for getting his building ready to turn over to the women for a weekend.

**Key Club Formed At High School**

The Cisco High School Key Club held its first and organizational meeting at 7:30 p.m. Thursday, April 8, at the high school auditorium. The club consists of 37 high school students who have at least a "B" average scholastically and who have a desire to be of service to their school, church and community.

Sponsored by the Cisco

**Skywarn Program**

**Set For Monday In Rising Star**

Mr. Allan Moller from the National Weather Service, Fort Worth will present a skywarn program on Monday, April 12 from 7:00 p.m. to 10:00 p.m. at the Methodist Church, two (2) blocks west of the red light, in Rising Star.

The program will consist of movies and slides showing the conditions for the formation of severe thunderstorms and tornados, what to look for as an indication of possible tornados and the safety precautions to be taken in the event of a tornado.

The program is free and open to the public, everyone is invited to attend. For more information contact the Eastland County Cooperative Dispatch at 629-1728.

Bob Mercer  
Eastland County Dispatch

Kiwanis Club, the guests included Ricky Long, lieutenant governor of District 35, and a group from the Clyde Key Club. Cisco Kiwanis Club members present were Stanley Pirtle, president, Mark Chamness and Joe Wheatley.

Gene Kinser, the faculty sponsor, said the objects of the Key Club are: to develop initiative and leadership, to provide experience in living and working together, to serve the school and community, to cooperate with the school principal, to prepare for useful citizenship, to accept and promote ideals that stress primacy to human and spiritual rather than to the material values of life, and to encourage daily living by the Golden Rule in all relationships.

The club elected officers as follows: Joey Worley, president; Zack Hunt, vice president; Greg Sipe, secretary; Mike Woolley, treasurer; and Larry Adams, reporter.

**Cisco Music**

**Study Club Will Meet Wednesday**

**Girl Scouts Camp Out By Lake**

Troop 203 camped out last weekend at the Girl Scout camp by Lake Brownwood.

The Girl Scouts enjoyed a masquerade ball Saturday night with everyone dressing up and a contest was held for the best dressed. Planned activities for everyone were in categories of Photography, Boaters,

Foods Galore (where they learned to build a campfire) and Wildlife. A Killdeer bird's habitat on the campground was roped off where the eggs were protected and the bird could be observed.

Evelyn Valek, Sissy Shimp, and Beth Prickett stayed with the Scouts on the camp out.

Adults driving the Scouts to and from the camp were, Mr. & Mrs. Kaltenbaugh, Mr. & Mrs. Clinton, Mr. & Mrs. Hallmark, Mrs. Valek, Mrs. Shimp, and Mrs. Prickett.

**CHS Senior Is Named First Place Essayist**

A Cisco High School senior was named first place winner Thursday in the Abilene Civitan Club's Citizenship Essay Contest.

Becky Chamness won \$100 for her efforts and received her award at the club's luncheon meeting.

Honored with her were the second and third place winners, Kim Kainer of Stamford High School, and Greg Cermin, also of Cisco High. Miss Kainer received \$75, while Cermin won \$50.

Topic of the contest was "Influence by Government: Are your rights as a private citizen being violated by special interest groups?"

Miss Chamness' winning essay will go on to the state contest in Waco.

Chairman and judge of the

contest was Dr. Clyde T. Jetton, retired professor of psychology from Hardin-Simmons University.

Miss Chamness is the daughter of Mr. and Mrs. Archie Chamness of Cisco. She recently received the Cisco Chamber of Commerce Academic Excellence Award.

Miss Kainer is the daughter of Mr. and Mrs. J.C. Kainer of Stamford. She is a member of her student council.

Cermin, son of Dr. and Mrs. Ayres R. Cermin of Cisco, also has received the Chamber's Academic Award. He aspires to a degree in computer science and electrical engineering.

**CJC Student Writes Winning College Essay**

Arieta Thomas, an eighteen year old, secondary education major at Cisco Junior College, has written the winning essay in competition at this year's Texas Junior College Student Government Association convention. Her essay discussed the role of the Student Government Association in student involvement at CJC's Cisco campus.

An honor graduate of Hamlin High School, Miss Thomas is on the Dean's List at CJC, and she also plays flute in the Wrangler Band. As a senior at Hamlin High, she was a member of National Honor Society, and she participated in regional UIL Ready Writing competition. Arieta is the daughter of Mr. and Mrs. Ned Thomas of Hamlin.

# Sunrise Easter Service Set Sunday

A special sunrise Easter service will be held at 6:30 a.m. Sunday at the First Evangelical Methodist Church, located on east Highway 80. Rev. John Clinton, pastor, will bring the message. A time of fellowship will be held afterwards with refreshments served.

Rev. John Clinton stated, "I would like to extend an invitation to everyone to come out and celebrate the resurrection of Jesus Christ with fellow Christians. Easter is an occasion for everyone to

## \$150 Is Taken In Church Break-In

Some \$150 in cash was missing from offices at the First United Methodist Church in Cisco after a break-in there Wednesday night, according to Police Chief Raymond Blevins.

The building was entered through a broken window in the basement, the chief said. Police were investigating the case.

## Old Fashioned Revival Set In Cross Plains

An old fashioned Holy Ghost revival will begin Friday, April 16, at the Rock Church (formerly the Old Time Gospel Mission) in Cross Plains. An ending date has been set for these special meetings. Services will begin at 7:30 each evening. The evangelist will be Rev. E.J. Hierholzer from Kilgore, who has held many meetings in the Cross Plains area over the years.

The 81 year old Rev. Hierholzer says that he will be preaching on "Riding the Range" in this last round-up for Jesus before the coming of the Lord. Rev. Hierholzer says that time is running out as the soon coming of Christ is at the door.

Rev. Hierholzer and his wife, Grace Eakin Hierholzer, formerly of Rising Star, urge all to attend and share with them in these special meetings. They ask that all believers join together to pray that the mighty power of God will fall in these meetings.

All who believe in the old time, full gospel ministry are invited to attend these divine healing services. All who need healing of the body, deliverance or renewing of the Spirit in their lives are invited to attend these share meetings.

Pastors and saints of all faiths are invited to attend and share their testimonies of what God has done for them.

celebrate as it shows the power of God in that as Jesus lives we can live eternally also. We want everyone to feel free to come dressed in work clothes or any other type of clothing for this informal service."

## City To Contract For Removal Of Condemned Bldgs.

The City of Cisco will advertise for bids for a contractor to demolish and clear debris from the sites of ten houses or structures condemned under an ordinance recently, City Manager Mike Moore reported Friday. The advertisement will be published soon.

Of the ten condemned structures, six will be cleared away under contracts. The other four are being torn down by the property owners, Mr. Moore said.

Interested bidders were asked to contact the city manager. The contractors will be paid by the city upon completion of the work, and the charges plus interest will become a lien against the property, Mr. Moore said.

## AARP Will Hold Regular Meet

The Cisco Chapter AARP will hold its regular monthly meeting at 6 p.m., Thursday, April 15.

There will be a covered dish supper. Members are asked to wear their "Easter bonnets".

## Woman Has Minor Injuries In Mishap

Mrs. George (Loretta Faye) Hogue, 25, of Route 3, Cisco, sustained minor injuries in a one-car accident at 9:45 p.m. Tuesday on IH-20 some nine miles west of Cisco. She was released after being examined at E.L. Graham Memorial Hospital.

A Department of Public Safety dispatcher said Mrs. Hogue lost control of her car in the eastbound lane about a mile west of the Eastland-Callahan County line. The car was damaged extensively, the report said.

A Pafford ambulance picked up Mrs. Hogue and took her to the hospital. The damaged car was picked up by a Baird wrecker service.

## Cross Plains Is Tourney Winner

The Cross Plains High School golf team won first place in a district tournament played Wednesday at the Cisco Country Club. Coming in second was the Gorman team. Other teams participating were Carbon, Blanket and Eula.

Ken Norris, superintendent of the Carbon School, was in charge of the tournament. Twenty-seven players from the five competing schools took part in the event.

## Fifth & Sixth Grades Participate In Contest

On Thursday, March 25, and Friday, March 26, 116 fifth and sixth graders of Cisco Intermediate School participated in a three-hour Jump Rope for Heart event. The event was the highlight of the activities which started with the students going out and collecting sponsors for each minute their teams jumped.

There were 19 teams participating and all 19 teams jumped the full three hours by rotating turns at jumping.

Fifth and sixth grade teachers monitored the jumping and even participated by jumping rope themselves!

The Jump Rope event was part of the educational program of the American Heart Association to stress to young students the importance of learning and developing a sound exercise program to strengthen cardiovascular endurance and strength and maintain good physical fitness, while at the same time raising money to benefit the millions of Americans who suffer from heart disease and stroke.

The fifth and sixth graders, after jumping in the event, went out and collected their pledges and turned them in to the school coordinator of the event, JoAnn Rust. The total amount collected and submitted to the

Heart Association was \$4,582.92. Members of the #1 team which collected the most money were: Jarrod Jeffcoat, Kevin Bentley, Tim Rains, Kristi Skiles, Terri Markham, and Amy Cross. They will receive warm-up suits for their efforts.

Members of the #2 team were: Donovan McDonald, Mary Guajardo, Ginger Williamson, Ronnie Ingram, Jerry Finer, Debbie Endsley and Misty Wood. Members of the #3 team were: Gary Byars, Katrina Denison, Malcolm Williamson, Michelle Husband, David

Hammon and Diana Lane. All three teams raised over \$300.00 for the event. High individual collectors were: Jarrod Jeffcoat \$208.36, Akiko Kleiner \$167.40, Ginger Williamson \$138.60, Malcolm Williamson \$126.00, Cathy Schueren \$123.35, Julie Weathers \$121.80, Stephanie Kimbrough \$113.60, Denise Adams \$104.40, Mark McGinness \$100.80, and Debbie Endsley \$100.00. All these will be receiving windbreakers from the American Heart Association for the special efforts.

Ninety-six of the 116 participants will receive American Heart Association t-shirts for collecting and turning in their pledges by the due date. All participants in the event will receive certificates for their work and efforts.

Coordinator's comments: "At a time when we hear so much about vandalism and juvenile delinquency, it makes me feel good to realize that Cisco does have many, many young kids who care and are concerned about someone other than themselves. These young students got out and worked very hard at getting sponsors and collecting money for the American Heart Association because they know people close to them who have suffered from heart attacks and strokes and want to do as much as they possibly can to help fight this number-one killer of America's people. In their small way, they did the most they could to help others and to show that they truly are responsible and concerned young adults of their community. We would like to thank the residents of Cisco and its surrounding areas for their contributions and support for this event."

According to Jack Pettit, the association's president who accompanied the group, main business activities were held April 1 with reports from FICB President J.A. Rogers of Houston, Farm Credit Banks of Texas Board Chairman Dr. W. Clyde Ikins of Bandera and Wm. Dale Nix, Sr., Federal Farm Credit Board chairman of Dallas.

Friday evening's entertainment included the Buddy Brock Big Band with Vickie Brazel.

Stephenville PCA provides agricultural loan funds to farmers, ranchers and producers in 10 Texas counties and has loans outstanding totaling more than \$38.4 million.

Prizes will be awarded at the end of the ride and parade for the "outstanding riding club", the "youngest" and "oldest" rider, and the "largest immediate family" in the trailride and parade.

As a service to the community, Cisco Junior College and the Big Country Safety Association will offer a Defensive Driving course. The eight hour course will meet April 19 and 21 from 6:30 p.m. to 9:30 p.m. and April 22 from 6:30 p.m. to 8:30 p.m. at the CJC campus, 1650 Sherman, Abilene.

The class teaches motorists how to avoid collisions, how to gauge following distances, and how to handle tailgaters, drunk drivers, pedestrians, and other highway problems.

Tuition and fees for the course are \$15 per person. For more information call CJC at (915) 698-2212.

## CJC to Offer Geology Course On CJC Campus

Cisco Junior College will offer 'Petroleum Geology' in Cisco on April 15, 20, 22, and 27, 1982, from 6:30 to 9:30 p.m. in the Science Hall lecture room on the CJC campus.

'Petroleum Geology' is a basic geology course for non-geologists as it pertains to the petroleum industry. Instructor for the course is Jeff Jones. Jones has been Petroleum Exploration Geologist for the Jones Company in Albany since 1978. He has a B.S. degree in Geology from West Texas State University.

Fee for the 12 hour course is \$60. This is an adult education course and all attending will receive a certificate of completion with continuing education units.

Registration deadline is April 14. To register or for more information call Mrs. Watts at 817-442-2567, extension 113.

The World's Shortest Trailride, will be held again this year, sponsored by Cisco Junior College. The Trailride will be held Saturday, April 24, and Gerald Birt, coordinator for the Trailride, invites anyone interested in participating to contact him ahead of time at

(817) 442-2567, extension 151. Breakfast will be served to participants from 7:00-9:00 a.m. Trailriders will leave at 9:00 a.m. to join the downtown Cisco Frontier Jubilee Parade which begins at 10:00 a.m. It is not imperative that you ride in the trailride to enjoy the breakfast and fellowship.

Prizes will be awarded at the end of the ride and parade for the "outstanding riding club", the "youngest" and "oldest" rider, and the "largest immediate family" in the trailride and parade.

## PCA Officials Meet In Houston

Stephenville Production Credit Association (PCA) officials were among 500 Texas agricultural leaders meeting in Houston last week. The occasion was the 26th annual stockholders' meeting of the Federal Intermediate Credit Bank of Texas. Directors from Texas' 30 PCAs and officials of various other financing institutions convened at the Westin Galleria Hotel in Houston's Galleria.

Keynoting the annual event was U.S. Representative Charles Stenholm, member of the U.S. House Agriculture Committee. Directors representing Stephenville PCA included Fred Klutts, Tommy Bacon, Jackie Laughlin and Jackie Clark. Bill Evans served as the PCA's official voting delegate.

According to Jack Pettit, the association's president who accompanied the group, main business activities were held April 1 with reports from FICB President J.A. Rogers of Houston, Farm Credit Banks of Texas Board Chairman Dr. W. Clyde Ikins of Bandera and Wm. Dale Nix, Sr., Federal Farm Credit Board chairman of Dallas.

Friday evening's entertainment included the Buddy Brock Big Band with Vickie Brazel.

Stephenville PCA provides agricultural loan funds to farmers, ranchers and producers in 10 Texas counties and has loans outstanding totaling more than \$38.4 million.

## Eight More Suits Filed To Collect Delinquent Taxes

Eight more delinquent tax suits were filed in district and justice of the peace courts during the past week to bring the total filed to date to 38, according to a report Friday by City Manager Mike Moore.

The eight cases, six of which were filed in 91st District Court, seek to collect some \$4,500 in delinquent taxes. A number of those previously filed have been settled, the city manager reported. Other filings will be made next week, he added.

In the suits, the city seeks to collect delinquent taxes plus penalty and interest, plus 15% attorney's fees and plus court cost that amounts to as much as \$55 in each case.

## Mellette Pickup In Accident Here

Dell Mellette of 1308 West 13th Street, Cisco, suffered broken ribs and cuts and bruises in a one-vehicle accident a mile south of Cisco around 3:30 a.m. Thursday. He was examined and treated at E.L. Graham Memorial Hospital and released.

Department of Public Service Trooper Kenneth Rose and Cisco City Policeman Bill Webb investigated the mishap. Mr. Mellette was returning home from his job at the Odessa Natural Gas Plant near Carbon where his 1982 model pickup turned over.

Damage to the new pickup was extensive, authorities reported. A Ted's and Rex's Wrecker brought the damaged pickup to town.

**'ROUND AND 'ROUND SHE GOES...**

The question is, where will it stop? Many people have no idea. Life can be lived in a flurry of activity — flitting from person to thing, to dream, and back again. Or it can just settle into a monotonous routine. Either way, meaninglessness has taken hold.

Lack of meaning in life has been called "furious activity around an empty center." That's what a whirlpool is. Activities, meetings, schedules, parties, appointments — but no direction. The swirling pace can get to you — especially if there's a holiness inside.

Jesus talked a lot about meaning in life. But he not only talked about it. **He gives it! He came to take us out of the whirlpool and set us on course in the Life Stream.**

**Senior Citizens Nutrition Menu**

The many studies of the needs of nutrition for the elderly indicate the great needs for fiber.

The refining process removes fiber from foods and one of the important sources of fiber in the diet is bran. Although the role of fiber is not fully known, it can help in avoiding constipation. Too much bran, however, can prevent the body from absorbing some minerals. Therefore, eating whole grain breads and cereals and plenty of vegetables and fruits is a better way to add fiber to the diet than adding bran to cereal or other foods.

Scientists supported by the National Institute on Aging are studying nutrient intake and requirements in the elderly, changes in taste and smell with aging, behavioral aspects of dietary habits, and the influence of nutrition on health in old age. Through such research we hope to gain a better understanding of how diet and the aging process affect one another.

We will pass along other information that the National Institute on Aging might provide us.

# People n Things

**THE SPACE** shuttle Columbia, the big plane that landed out in New Mexico last week after a record of circling the earth, flew over Cisco last Tuesday morning. We have Mr. Paul Blaine's word for it. He was in the back yard out at his house when he saw a strange object high in the sky over to the north.

Paul had been in the yard with his binoculars to have a close look at some birds that had stopped in. He turned the glasses toward the object in the sky. Sure enough, it was the Columbia atop a Boeing 747 winging its way back to Florida.

**THE LITTLE** League baseball season is due to open during the coming week, our scouts report. And they have a fine bunch of boys ready for the new season.

Understand they need some more adult coaches. You can volunteer by calling Jerry Jeffcoat, the league president. Hope they appoint a publicity director to help keep everybody informed about the teams and their activities during the year.

**THOSE WHO** write in names on ballots at elections usually do it as a joke. But it's not funny to those whose job it is to hold the election, count the votes and make a report on it all. That's the word from Mr. Doug Fry, who presided at the city election last April 3rd.

Every name that is written in must be recorded on the final tally sheets, Mr. Fry said. This slows down vote counting and delays completing the reports on the election.

**SPRING TURKEY** hunting season opens April 17th and you can hunt them until May 2nd. Prof. Dick Spencer of CJC drove his wife Dorothy over to DFW airport last Wednesday afternoon so she could fly off to Mobile, Alabama, where her dad was due to have heart surgery Thursday. You'll want to join us in wishing him well. Doug and Jammie Fry and Ed Farley had pretty good luck hunting rattlesnakes over south of Putnam the other day. They got one that was as big around as your arm.

**AMERICAN** Legion Post Commander Brad Kimbrough tells us that they're already making plans for the annual May 30th Decoration Day program at Oakwood Cemetery and that there's a real good possibility that a new flag pole will be up by then. Ken Parker of Smith, Verett and Parker CPA Company runs that firm's new Eastland offices. The telephone company's old business office area is filling up with new equipment needed to update the system that serves a wide area. Miss Charlotte McGuire, a daughter of the John McGuires, is expected to spend the coming week in Cisco. She lives up in Colorado and has been on a tour in behalf of national nurses association that she heads.

**WHEN** PHOTOGRAPHER James Cotton agreed to teach a course in photography out at Cisco Junior College in the night school, he wasn't really prepared for what happened. Some 40 students enrolled! They're from all around -- Breckenridge, Clyde, Baird, Ranger, Abilene and Cisco.

The class meets one night each week for two hours. Students are folks interested in photography and who want to learn how to operate 35mm cameras, how to make good pictures, and the like. Mr. Cotton is real enthusiastic about his big class.

**WEST** 13th Street and Avenue N beyond 14th Street are nearly ready for paving work. They've been cleared, packed with sand and gravel and treated with oil. And the new Oaks Addition's 14 lots have been cleared off and streets and utilities are going in preparatory to the beginning of house building. Mr. Gid Bowers of Lake Cisco enjoyed a camping trip out Big Bend Park way last week.

**AFTER** FOUR OR five times of landing gear trouble, including two or three belly landings, Dr. Chief Brown of our town gave up on his airplane the other day. He sold it!

The airplane's landing gear, which had been worked on by mechanics numerous times, acted up when he went into an airport over at Abilene. And he sold out right there. He's already looking at another airplane and the veteran pilot will very probably be back in the air before long.

**THEY** HAD FINISHED moving everything from Walton Electric Company's old location at 511 Avenue D to their new location at 105 West 9th Street when we checked up Thursday -- everything except the office and Nina Jo Anderson, the bookkeeper. Chances are they moved Nina Jo on Friday as she didn't plan to go to the old building and stay by herself long enough to write payroll checks.

The new quarters are much bigger and the Walton folks are happy there. Teddy and Nina Jo Anderson took over the Walton company a couple of years or so ago. It had been in her family for many years. The late J. Frank Walton operated from the Avenue D location for 35 years or so before his passing. Nina Jo recalls that the family lived upstairs there back in the early 40s. The future of the old Walton building, a Cisco landmark, has not been determined, we were told.

**IF YOU** DRIVE out the Lake Road the next few days, you'll want to notice the profusion of Bluebonnets in the Wesley Smith yard -- on the left just before you turn toward the airport. They're absolutely and positively beautiful. Dr. E.E. Addy can give you the

Band Officers Accept Trophy From Director Alvin Young.

## May 1 Selected As Workday For 'Christmas In May' Project

Saturday, May 1, has been selected as the workday for Cisco's "Christmas in May." "Christmas in May" donations have now reached almost \$2500. The directors and the Cisco Chamber of Commerce, which is backing the project, say that another \$1500 is needed to do the job the project is designed to do. Small donations (\$1, \$5, etc.) are appreciated. Donations may be left at the Chamber office.

The latest donations of labor have come from Tommy Lee, Tommy Lee Plumbing; and Larry Rambis, Rambis Electric. Volunteers wanting to aid in the repair are asked to register (or call) the Chamber office.

Donations of fixtures, lumber or any other building materials, new or used, are needed. Anyone having items to donate needs to contact the Chamber office.

Donations of cash, labor or materials so far have been made by the following: D.D. Williams, CJC Women's Club, Cisco Service Club, Civic League, Stanson Oil, Cisco Lumber and Supply.
