

HALL OF REMARKS

BY HERRRI HALLMARK

ANYONE WHO has some news for next Thursday's paper is urged to turn it in at The Cisco Press office by 10 a.m. Tuesday. The Cisco Press will be closed Monday, along with several other local businesses, in observance of Memorial Day.

CONGRATULATIONS to Cisco High School's graduates. The seniors of 1982 completed their high school requirements and received their diplomas last Friday night in local graduation ceremonies.

SIXTH GRADE students at Cisco Intermediate School graduated into Junior High on Friday. An awards and graduation ceremony was held at the Intermediate School gymnasium Friday afternoon.

Numerous awards were given for various functions. A complete list of those receiving awards may be found elsewhere in this edition of The Cisco Press.

CISCO SEEMS to have

Fire Department

Releases Info

On Fire Sirens

The Cisco Fire Department has released the following for public information concerning fire sirens: one short blast 20 seconds, rural grass fire; 10 short peaks one minute, structure fire; 3 40 seconds blast, storm watch; repeat of storm watch plus continual blast at end, storm warning. The storm warning siren consists of a steady 40 second blast, off 20 seconds, another 40 second blast, off 20 seconds, and a final 40 second blast. If a storm actually strikes in the city the siren will be turned on and left on until the situation improves.

Special Note: During sirens do not call fire station or police station.

The Fire Department needs spotters around this area.

Church Youth

Hold Saturday

Car Wash Here

The youth of East Cisco Baptist Church will have a car wash from 9 a.m. to 5 p.m. Saturday, May 29, at Posey's Gulf Station on Interstate 20. If anyone would like to have their car washed but need it picked up, please call 442-9926.

The price will be \$4.50 per car.

CHS Class Of

1977 Needs Info

The Cisco High School class of 1977 will hold its five year reunion at the bank lot on the north side of Lake Cisco. The get together will take place around noon, and class members are encouraged to bring husbands or wives, children, etc.

Information is needed concerning the addresses of several class members. Anyone who knows the whereabouts of the following persons should contact Gina Davis Winnett at 442-2655: Richard Caffey, Eligio Arizmendis, Viola Steddum, Claire Mitchum, Sherry Bible, Sammy Carpenter and Williams Ivers.

In case of rain, or for other information, call Gina at the number above.

Three Buildings

Are Being Erected

Three commercial buildings, each 30x50 feet in size, are being built by Linton Batteas Builders at 205 East 8th Street, according to Linton Batteas of the firm. Construction work is underway.

Mr. Batteas said the three spaces would be rented for commercial purposes. The Batteas company has a large shop building and a beauty salon building just west of the location for the three new structures.

really been lucky so far this season as thunderstorms move through this area almost every night. Severe weather has been occurring all around us, but luckily we have not received any bad weather other than lightning and thunder.

We thank God all the really severe and damaging weather has passed us by so far. Let's continue praying for it to miss Cisco. We are thankful for the rain being received and would still like to see Lake Cisco full.

DON'T FORGET the Memorial Day services set for Monday at Cisco's Oakwood Cemetery.

FLORA MAE LEE, center above, was honored at a reception last Sunday afternoon at the First Christian Church. Pictured, left to right, are Mrs. R.W. Crews, Dr. Crews, Mrs. Lee, Ben Hubert and Olga Fay Parker. (Photo by Greg Qualls)

Tribute Is Paid To Mrs. Lee At Church

Mrs. Flora Mae Lee, who plans to move to Houston next month after residing here for more than 50 years, was honored with a farewell reception in the Fellowship Hall of the First Christian Church Sunday, May 23, from 3 to 5 p.m.

Guests were greeted at the door by Mrs. Olga Faye Parker, chairman of the church board, and by Mrs. Lee.

A bud vase of sonia roses decorated the registration table where members of the church alternated. The refreshment table was set with white linen, crystal and silver. The centerpiece was a lovely bouquet of sonia roses and baby breath. Coffee, punch, white cake squares, mints and nuts were served. The mints, punch and decorations on the cake squares blended in color with the roses.

Mrs. Parker presented Mrs. Lee with two lovely gifts—a gold chain necklace and a silver tray—from the church. The presentation was happily interrupted by the arrival of Dr. and Mrs. R.W. (Dick) Crews of Fort Worth, a former well loved minister and his wife of the church.

Ben Hubert, interim pastor, expressed his love and appreciation for Mrs. Lee, noting that she has been one of his most loyal supporters.

Mrs. Lee came to Cisco where her late father, the Rev. Stockard, was called as their church's minister. She married the late Edward Lee, a former mayor and community leader. Mrs. Lee spent some 32 years as a member of the faculty of the Cisco Public Schools and Cisco Junior College before retiring.

Over the years, Mrs. Lee has been active in the First Christian Church program and in community affairs, including community efforts that resulted in building a new high school and a community hospital. Recently, she has been a leader in a Cisco Historical Society program that promises much for the community.

Approximately 200 guests signed the register. Out-of-town visitors included Mrs. Madeline Ruppert Meals, Dallas; Mrs. Jacqueline Ruppert Berry, Fort Worth; Mr. and Mrs. Don Kincaid, Tempe, Arizona; Mr. and

Cemetery Program To Feature Memorial Day Activities Here

Memorial Day services to honor deceased military veterans at 10 a.m. Monday at Oakwood Cemetery will be a highlight of the annual holiday in the Cisco area. Most business activity will halt as local stores and offices observe the holiday.

The program will take place near the new flag pole in the center of the cemetery. Brad Kimbrough, commander of the John William Butts Post of the

Parolees Arrested In Local Burglary

Three young Abilene men who were paroled from the state penitentiary two months ago were arrested in Cisco Wednesday night and charged with burglary of motor vehicles, Police Chief Raymond Bleivins reported.

The young men are Billy Duane Lee, 19, Clifford Earl McDonald, 23, and Curtis Dale Redfeard, 23, who have been living at a half-way house in Abilene since their parole, the chief said. They were tried on in District Court and bonds were set at \$10,000 for each.

Chief Bleivins said the men were seen by a neighbor of Lara Hutt, 703 1/2 East 9th Street, in the act of removing a battery from a pickup truck parked there and a tool box from a car parked next door. Police were notified and Officers Larry Jernigan and Carl Neal arrested the three men at the scene.

ROBERT D. WEBER
Cisco Ministerial Assoc. Sponsors Counselor In Cisco

Robert D. Weber of Abilene will be in Cisco every Thursday at 800 West 6th, sponsored by the Cisco Ministerial Association. Mr. Weber is associated with the Pastoral Care and Counseling Center in Abilene.

Mr. Weber is a graduate of Howard Payne College and New Orleans Theological Baptist Seminary. He has five quarters of clinical pastoral association and two years residency pastoral psychotherapy in Dallas. He was formerly with the Pastoral Counseling and Education Center. He is a member of the American Association of Pastoral Counseling (AAPC) and American Association for Marriage and Family Therapy (AAMFT).

He has a standardized fee and will also work with individuals on an ability to pay basis according to family income. He will offer services for counseling of individuals, marital and family.

Since 1972, the Abilene center has been helping people of all ages, from all walks of life, and from varied backgrounds and circumstances, find relief and solutions to problems and to discover the enormous potential in their lives.

For an appointment in Cisco call 442-1132 starting Thursday, June 3, or the Abilene center 672-5683.

American Legion, will preside and make the opening remarks.

Ben Hubert, interim pastor of First Christian Church, will give the invocation, and Ben Streiff, music director at the First Baptist Church, will lead singing. Mayor Eris Ritchie will be the program speaker. After the benediction by the Rev. Armo Bentley, pastor of East Cisco Baptist Church, Mr. Hubert will sound "Taps" on the trumpet.

Miniature flags will be available to those who wish to place them on the graves of deceased military veterans, Mr. Kimbrough said. Arrangements for the program have been handled by a committee that included Mr. Kimbrough, E.L. Jackson and Gene Abbott.

Chairs will be available under a tent for the use of those attending the program. The public was invited to attend.

Many businesses and offices, including the Cisco Post Office, utility companies, the bank, stores and City of Cisco offices, have announced that they will be closed for Memorial Day.

Assoc. Prepares For Memorial Day

In preparation for Memorial Day services at Oakwood Cemetery, the Cemetery Association has been exerting an all-out effort toward creating the best possible appearance of the 40 acre area, despite the frequent rains that promote weed and grass growth.

More frequent mowings and better ground care is a priority aim for this fiscal year of the Association that began after observance of the sixth year of operation at the annual meeting April 29. All incumbent officers and

trustees were reelected by acclamation.

Anton White will again serve as president; Steve Clary as vice president; Mrs. Trixie Whalley, secretary and treasurer of the Operating Fund; and Miss Louise Karkalits, treasurer of the Trust and Memorial Fund. Board members are Armo Chambers, Bob Elliott, Brad Kimbrough, J.D. Yardley, J.H. Penn, and Mmes. Velma Joyner, Reba Merket and Louise Allison.

'A Distant Thunder' Will Be Shown At Bible Baptist Sun.

"A Distant Thunder," a Mark IV Pictures Incorporated production, will be presented by Bible Baptist Church on Sunday, May 30, at 7:00 p.m. at West 17th and Avenue E in Cisco.

"A Distant Thunder," a seventy-eight minute color film, is a sequel to Mark IV Pictures' 1973 release, "A Thief in the Night." It begins where "A Thief in the Night" ended.

Patty, the leading character in "A Thief in the Night," is among a large

number of people held prisoner because they have not received the Mark of the Beast. Since the day Patty awoke and found Jim, her husband, had disappeared, she has suffered grief, loneliness, hunger, and fear because of the Evil One that works for the control of the world. Patty and her two friends, Wenda and Sandy escape the attention of the authorities for a time. When Wenda and Sandy attempt to help an elderly man, they are arrested by an armed

patrol. The girls succeed in warning Patty that their hiding place has been discovered. Patty makes a daring attempt to outwit the soldiers sent to seize her. Audiences are thoroughly engrossed with her predicament.

The film answers many of the questions raised by other recent motion pictures. Events foretold in the Bible as part of the Great Tribulation are vividly portrayed in "A Distant Thunder."

FHA Loan Application Approved By Council

The City Council authorized the filing of an application for a \$250,000 loan to the Farmers Home Administration and studied details of a waste water disposal plan at the semi-monthly meeting Tuesday night at City Hall.

The FHA loan would provide additional financing for the over-all Cisco water treatment plant and system improvement program as approved by voters last April. Part of the financing has already been arranged through the Texas Water Resources Board with a low-interest rate loan.

In approving the application, which was prepared by City Manager Mike Moore and Ken Martin of Decker, Jacob and Martin, Inc., Abilene engineering firm, Councilmen noted that the city would not be obligated to accept the loan if offered in the event the money was not needed or the interest rate was too high.

Plans for the waste water project, which calls for acquiring some 40 acres of land that would use the treated sewage water for irrigation, was discussed. Jim Webb of Cisco appeared before the board and offered to cooperate with land he owns northeast of town. Mr. Moore said this land would be inspected along with other plots under consideration.

The city manager called attention to a letter from the Texas Water Resources

Board that suggested action within 30 days on an application for a Step 1 Federal EPA grant that has been pending since 1974.

In other action, the Council voted to accept the \$210 bid of Bob Bailey for Lot 25 on the south shore of Lake Cisco.

The resignation of O.T. Killion as municipal judge was accepted. Mr. Killion had served in that capacity for eight years. Loyal Lundstrom, mayor pro tem who presided in the absence of Mayor Eris Ritchie, spoke for the Council in saying "we sincerely appreciate the honesty, sincerity and hard work that Mr. Killion gave to the job." A successor will be named soon, it was noted.

Application of Hanvey Oil Production Co. for a second oil well drilling permit was approved. The company's No. 1 well, back of the Cisco Junior College Ag Building, was drilled to 4,100 feet with a good oil show. Officials were reported to be optimistic for a good producer. No. 2 was drilling below 2,000 feet.

The city manager's schedule for preparation of the 1982-83 budget that will go into effect next Oct. 1 was approved. This calls for work to start with department heads on June 1 and for final approval of the budget on Sept. 14. The Council will hold several hearings and special meetings before final approval.

Mr. Moore said the 1981-82 budget would need revision later since water and sewer rate adjustments were made, with expenditures for improvement work and additional income to cover same.

The city manager reported that the Eastland County Tax District office has advised him that the City of Cisco will have real property valuations of some \$42,079,306 under the new 100% appraisal program. City valuations of real and personal property was set at \$19,387,823 for the current tax year.

With the new figure, the city tax rate would be about 66 cents per \$100 valuation instead of \$1.65. Mr. Moore noted that the tax rate next year would be set to provide the same revenue that the higher rate has brought in on the lower valuation.

The city park swimming pool is ready for opening of the new season this weekend, the city manager told the Council. He said that eight of 10 old buildings that were condemned have been removed and two others are being repaired or will be soon. Seven more structures are due to be condemned soon, he added.

Present were Councilmen Lundstrom, Bobby Ingram, Bobby Rains, Brad Kimbrough and Linton Batteas, City Manager Moore, City Secretary Ginger Johnson and City Attorney Bill Wright.

One of the nicer homes in Cisco, excellent location, upkeep very good, paved street and not overpriced, you will like this place and there is no sign up in front. Your dream can come true, being offered is one of those stately, beautiful, well kept, two story dwellings. When this house is gone you may never ever have a chance to own one again. In many ways the house is priceless but you can buy it within reason. You will have the past, present and future all in one.
A very attractive stucco two bedroom dwelling, good location as to schools and priced right.
Owner has two places, one very good stucco, roomy two bedroom, with extra garage apartment, corner lot and paved street. The other is attractive frame three bedroom dwelling 1 1/2 miles out on an acre or two of land, will sell or keep either one.
Three bedroom frame, extra nice inside, you will like it, corner lot, good location and no trouble in getting it financed with a lower rate of interest and very little closing costs.
Another two story, carpeted upstairs and down, paved street, corner lot and is a steal price wise.
Small but beautiful, four room dwelling, corner lot and good location.
We have them, other houses, downtown commercial property, you name it and we will probably have it and we are selling it. We appraise all property before listing it so the price is exactly right and we know the business we are in.

Graduation and Awards Program Is Held Friday

Graduation exercises were held for some 90 sixth graders at Intermediate School at 1 p.m. Friday in the school auditorium. The group will advance to junior high school next semester. The program also included presentation of awards to numerous students.

Principal Bob Lindsey served as master of ceremonies. Citizenship awards were presented to Jill Reynolds and Brian Wagon.

Members of the Sixth Grade Class were listed as follows: Loretha Anaya, Kevin Bentley, Richard Bergeron, Shannon Berry, Sherry Bivins, Stanley Boner, Tony Boykin, Delia Brown, James Bryant, Laurie Cagle, Leigh Callarman, Kery Campbell, Kenneth Carson, James Cochran, Karen Cozart, Amy Cross, Gordon Davis, Tommy Dewbre, Curtis Dickson, Mike Dominguez, Tammi Edwards, Jim Edwards, Michele Elliott, Debra Endsley, Jerry Feiner, Deana Finley, Michele Fletcher, Ron Flood, Joe Flores, Leslie Gosch, Billy Grissom, Mary Guajardo, Lacey Harrison, Jeff Hohertz, Kathy Hutchens, Samantha Hutt, Ronnie Ingram, Jarrod Jeffcoat, Keith Johnson, Marie Joplin, Amanda Kaltenbaugh, Gina Kinser, Kevin Kirk, Robin Lamb, Tammy Lane, James Ledbetter, Rodney Ledbetter, Russell Letney, Robert Lightfoot, David McBridge, Donovan McDonald, Mark McGinness, Lisa McLeary, Debbie MacKellar, Terri Markham,

PUBLIC NOTICE

Notice to Customers of High Turbidity

Dear Customer:

The City of Cisco during the month of April, 1982, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria: (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water.

However, up to five turbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an

Cisco A's Win Over Old Pros

The Cisco A's defeated the Cisco Old Pros Saturday night. The score did not indicate the true playing ability of the Old Pros. The A's have been together for two years and the Old Pros have been together for three practices. The many fans and supporters of the Old Pros will agree they played a good ball game and need not be called the Over the Hill Gang.

All the players for the Old Pros got on base. Larry Pence hit a home run with one on. Mike Thiberville did a real good job pitching. Bobby Rains and Butch Willingham made several outstanding defensive plays. The rest of the Old Pros were Joe Flores, Elmer Escobedo, Al Rogers, Al Senterfitt, Al Heyser, Rick Armstrong, Bobby Pence, Larry Campbell, Jackie Witt, J.V. Rhyme and coached by Bruce Ferguson.

The Cisco A's Chris Mellette led the A's hitting with two homeruns and Addy Herrera went 3 for 4 at bat. The rest of the A's were Cam Webb, Ed Murphy, Buddy Ramirez, Craig Kent, Chuck Cannistraci, Ronnie Eudy, Jo Bob Moore, Kevin Carson, Cleve Tutt, Lance Allred, and Kioumars Rezaie, coached by Ralph Ramirez and Jackie Williams, managed by Charles Cannistraci.

The Cisco A's and the Old Pros would like to thank all the fans and supporters for coming out and enjoying an evening of fun and ball playing. The A's and Old Pros are looking forward to another game.

WORD OF GOD
The Way of Love
Doth not behave itself unseemly, seeketh not her own, is not easily provoked, thinketh no evil;
Rejoiceth not in iniquity, but rejoiceth in the truth;
Beareth all things, believeth all things, hopeth all things, endureth all things.
Charity never faileth: but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away.
For we know in part, and we prophesy in part.
I Corinthians 13:5-9

Partnership Golf Tourney Set Here

A low ball partnership golf tournament will be played at the Cisco Country Club on Saturday and Sunday, June 5 and 6, according to an announcement by Chairman Bennie Nichols. The event will be limited to the first 48 teams entering.

Deadline to enter the tourney is 6 p.m. Friday, June 4, the announcement said. Entry fee is \$80 per team, and prizes will be a set of Wilson Reflex Irons for flight winners, set of Wilson Reflex Woods for flight runnersup and a Wilson golf bag for third place winners.

Tea off time will be 8:30 a.m. and 2 p.m. daily. There will be prizes for the longest drive and the closest to the pin contests each tournament day. A barbecue will be held at 7 p.m. Saturday, June 5.

Entries may be turned in at the club or mailed to Chairman Nichols at P.O. Box 389, Cisco.

4-H Is Fun-Filled

Do you think 4-H is all cooking, sewing or showing livestock? If so you are mistaken. 4-H is fun-filled, educational experience for parents as well as children ages 9 to 19.

Do you have a special interest you would like to learn more about? Raise a prize winning garden, show a prize winning animal, train your dog, how about special handicrafts? 4-H also has camps that are fun for all.

For more information about the Good Times Gang 4-H Club, call Mrs. Ray at 442-1317 after 4 p.m. or Christy Gentry at 629-2222 for information about your local club.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economics level, race, color, sex, religion, or national origin.

Letters to the Editor

Dear Editor,
The Cisco Kiwanis Club would like to thank all the people and businesses for their contribution and support to our miniature golf course. The turn out of people for the opening weekend was very good.

I would like to personally thank my fellow members and their families for working so hard and never giving up on this project. It is very commendable for such a small club to take on such a large undertaking as they did. I have been a member of several organizations but never one so small, but yet so big.

Last Friday, May 21st, my wife and I had the pleasure of Miss Jackson, Mrs. Kirk and Mrs. Maxwell and their fourth grade classes for a picnic and some miniature golf. As I watched the

children laughing and having a good time, one of the girls came over to me and asked me to bend down. She put her arms around my neck and gave me a kiss then she said thank you. I was very touched and tears came to my eyes. Apparently she thought she hurt me as she said she was sorry and ran away.

Well, little girl, whenever you were you did not hurt me. The tears were tears of joy as this is what the golf course is all about. It's for the youth and their families.

Thank you little girl for your appreciation and thank you Cisco Kiwanis for allowing me to be a member of such a fine club.

Gary Rabel

BARBARA LOVE 647-1397

Judge Chuck Miller seeks Criminal Appeals Court position

In his quest for the Democratic nomination to the Texas Court of Criminal Appeals, Place 2, Judge Miller must win in the runoff election June 5.

In addition to his administrative ability, Judge Miller rates high marks for his legal knowledge and integrity as a judge. The Dallas County Criminal Bar Association rated him the best of the 26 local criminal judges in their 1982 judicial evaluation poll and the lawyers of the State Bar of Texas rated him the most qualified candidate in his present race by 2 to 1 over his opponent.

At a time when criminal appeals in Texas have produced a staggering backlog of work for the state's highest criminal appellate court, one candidate, Judge Chuck Miller, has the qualifications and experience to speed up the process and cut the backlog.

As judge of the County Criminal Court No. 7 of Dallas County, Judge Miller has balanced the need to efficiently and quickly administer the crowded docket of a busy metropolitan criminal court, with the necessity of fairness and impartiality. He has presided over the disposition of more than 20,000 criminal cases, including 250 jury and 500 non-jury criminal trials, cutting the backlog given to him when he went on the bench in 1977 by an astounding 75%.

"Delays in administering the criminal justice system benefit no one. Both society and the accused are entitled to swift, but fair, adjudication," Miller said.

NBC NEWS/MUSIC FM 97
RADIO ★ 24 HOURS

In addition to his duties on the bench, Judge Miller teaches law as an Adjunct Professor in Criminal Trial Evidence at Southern Methodist University Law School and is presently the Chairman of the 1,300 member Criminal Law Section of the State Bar. Miller's legal qualifications also include being one of only 13 judges statewide who have been certified by the Texas Board of Legal Specialization as a Board Certified Specialist in Criminal Law.

Born in Washington D.C. during World War II, Judge

Miller was raised in Texas and is a graduate of SMU and SMU Law School. His legal education was interrupted by four years of distinguished military service during the Vietnam war when he rose in rank from NCO to officer, finishing his tour of duty as a General's Aide-de-camp.

Norma Ferguson retires after 25 years with Bell

Norma Ferguson, Southwestern Bell service representative, will soon retire with 25 years of service with the company.

During her career she has been an operator, service assistant and equipment clerk. She has worked for the company in Wichita Falls, Odessa, Ranger and Cisco.

Bob Cox, local manager, said, "We are going to miss Norma for sure. She's been an asset to the company and an excellent employee."

Judge O.T. Killion submits resignation at meeting

Judge O.T. Killion of Cisco submitted his resignation as Municipal Court Judge at the City Council meeting Tuesday, May 25th. Judge Killion was appointed by the late W.B. Wright, Sr. on June 8, 1974.

The Judge is a Charter Member of the Texas Municipal Court Association, and is also Chaplain of the Eastland County Law Association. He holds Current membership in the National Association of Chief's of Police, the International Academy of Criminology, and the Sheriff's Association of Texas.

Judge Killion is a pastor of the First Assembly of God in Cisco. He has pastored various other churches in Texas for a number of years, and has served in many church District offices. During World War II he was a contact chaplain at Camp Maxey, near Paris, Texas. He holds the office of Honorary Presbyterian of the

North Texas District of the Assemblies of God.

"During his 8 years at Cisco Judge Killion has been on call 24 hrs. per day, and has reportedly worked many hours of overtime.

"When I was appointed to this office," he says, "I stated that I would deal fairly and without partiality in the trials, seeking to help people with their problems when possible.

"I have appreciated the honor of serving Cisco in this capacity. I hope I have made a contribution toward a better community for all."

Gaylon Nelms new Calvary pastor

Gaylon Nelms has been called as pastor of Calvary Baptist Church, 205 N. Oak, Eastland, Texas.

The Fundamental Baptist Church was organized in 1954 and celebrated its 28th anniversary on March 28, 1982. Rev. Harl Williams was the founding pastor and served as pastor until his death in 1972. Floyd Osborne, L.C. Williams, M.H. Jones and David Strother have also pastored the church.

Bro. Nelms, recalling the important events in his life, lists most of them as taking place at Calvary. He was saved there on Dec. 31, 1961. He married the former Betty Hallmark there on April 6,

1962. On Dec. 13, 1972, he surrendered to preach the gospel and was licensed to preach by the church.

the Nelms left Calvary in 1974 when he accepted the position of associate pastor of Merriman Baptist Church, Ranger, Texas.

In 1977, they moved to Fort Worth and attended Trinity Valley Baptist Seminary. While attending seminary Bro. Nelms served as music and youth director at Community Baptist Church, Fort Worth and Southside Baptist Church, Arlington.

Bro. and Mrs. Nelms accompanied a group on a tour of the Holy Lands and Rome in March of 1977.

In August of 1980 the Nelms returned to Eastland and to Calvary, where he has served as church treasurer and music director.

Mr. Nelms is the son of Mr. and Mrs. Elvis Nelms of Temecula, California, former residents of Cisco, Texas.

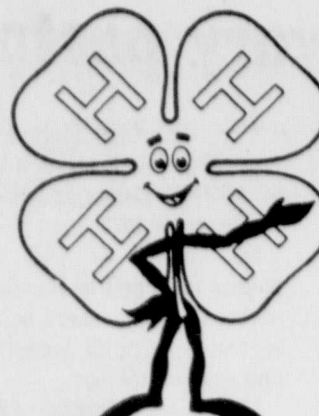

The Nelms have two children, David and Nancy, both students at Eastland High School.

Spring Fashion Fling

Everyone invited to come and join the fun:
 Tuesday, June 1, 1982
 6:30 p.m.
 Eastland High School Auditorium
 900 W. Plummer
 Eastland, Texas

The 4-H Spring Fashion Fling is being sponsored by Home Economics Christy Gentry and Janet Thomas of the Eastland County Extension Service. The theme of the program will be "Fashion Recipes for 1982" beginning with "Fashions for a Well-Balanced Wardrobe", a style show compliments of David & Quetta's and My Shoe Shoppe then moving into "Our Secret Ingredient" posture and modeling tips by Carol Goode and "Ingredients for a Prettier You" with hair care by Russell Williamson of the International Hairport.

Everyone is invited to come and join the fun.

Jewel Cemetery sets meeting

The Jewel Cemetery will hold a business meeting at 10:00 a.m. June 5. The meeting will be held at the cemetery.

Samuel Harwell, local WWI vet now resides in Burleson

The Eastland County newspapers have been gathering names of World War I Veterans who are still living in the County. It seems there are also a few

Veterans from this area who have moved away.

One of these is Samuel Hugh Harwell, who lives in Burleson, Texas. His daughter, Ella Harwell Swindle, recently wrote a letter giving details of his War service. She states that Harwell, who is from Cisco, enlisted in Clifton, Arizona, Oct. 3, 1917. He trained in California and at Camp Funston, Kansas, near Ft. Riley.

Homemakers compare mixes

The June program for Extension Homemaker Club will be "Homemade Mixes vs. Commercial Mixes". This program will be presented by club program leaders.

The training and distribution of teaching packets and handout materials will be this coming Wednesday, June 2 at 1:00 p.m. in the Eastland National Bank Community Room.

The packet will include recipes for making your own homemade mixes for convenience and saving money states Mrs. Janet Thomas, County Extension Agent.

Harwell was placed in Company G, 158th Infantry, called "The Sunshine Division". He sailed from New York to South Hampton, England, then to Cherbourg, France.

He served in France for nine months. During this time he was chosen to serve as a member of an Honor Guard for "Black Jack" Pershing, but declined the offer.

After the Armistice was declared Harwell sailed back to the States. He was discharged at El Paso May 3, 1919. Since that time he has never met even one of the men he served with. It would be interesting to locate another Veteran who served in "The Sunshine Division" with Mr. Harwell.

Rifle Club plans Sunday, June 6 meeting

The Eastland County Rifle Club will meet on Sunday, June 6th at 2:00 p.m. This meeting will be at the Eastland Rifle range. Officers will be elected for the 1982-1983 year. All interested 4-Hers need to attend this meeting. We also encourage those 4-H part time and adult leaders to get involved in this program.

Homemakers Council meets Wed.

The Eastland County Extension Homemakers Council will meet on Wednesday, June 2 in the Eastland National Bank Community Room.

Following the Council business meeting, there will be an election to elect voting delegates to the State T.E.H.A. meeting in El Paso. The state convention is to be September 14-16th. A 1983 County T.E.H.A. chairman will also be elected.

Council business will include a report and plans for a special program to dedicate the American flag which was presented to the county courthouse by Extension Homemakers and the new flag pole erected by the commissioners court. Planning the program for June 14, National Flag Day, is Muri Campbell, Betty Greer, Alberta Sims, Wynelle Brown and Frances Talley.

County Fair dates announced

The Eastland County Fair Association and representatives of the Eastland Chamber of Commerce met this week to start planning for the Eastland County Fair this fall.

The County Fair dates were set for September 30, and October 1st and 2nd.

Chamber of Commerce representatives James T. Wright, Steve Haines, and Mike Kiser presented proposed activities of the Chamber of Commerce would like to sponsor in conjunction with the County Fair activities. The activities will include a parade, oil show, and carnival.

A nominating committee was appointed for the Fair Association. The nominating committee includes Mrs. John Kidd, Mrs. Henry Parsons and Mr. and Mrs. C.B. Davis.

The next meeting of the Fair Association will be Tuesday, June 8th at 7:00 p.m. in the Eastland Chamber of Commerce conference room. Organizations in the county are urged to support the Fair and have representatives attend the meeting.

Persons attending this meeting included: Mr. and Mrs. John Kidd, Shirley and John Glenn Kidd, Mrs. Jack Phillips, Mrs. Nolan Butler, Mrs. Henry Parsons, Mr. and Mrs. C.B. Davis, Mike Kiser, Steve Haines, James T. Wright, De Gordon, Janet Thomas, Christy Gentry, and Gordon Woolam.

Pest Alert

RAINS MAY BRING MOSQUITOES

Gordon Woolam
 Mosquitoes are a problem in all parts of the state. In one way or another they affect everyone. Mosquitoes occurring in the home, about the yard and in public parks can become a nuisance disturbing man in his work and leisure.

Some species of mosquitoes readily transmit diseases such as malaria and yellow fever to man, encephalitis to man and horses and heartworms to dogs.

In extreme south Texas, mosquitoes may breed throughout the year. However, in most areas the warmer temperatures of spring, summer and fall are needed for breeding.

All mosquitoes pass through four stages of development - egg, larva (wiggler), pupa and adult. The two most encountered are wigglers and adults.

Although the habit and habitats of different kinds of mosquitoes differ greatly, they all require water to produce their young. Female mosquitoes lay their eggs on water or in areas which will later become flooded.

Pre-testing for LVN's June 14

The eggs of most species hatch in 2 to 3 days. The wigglers which hatch from the eggs feed on organic matter. The wigglers usually pupate within a week. Pupae usually become adults within 2 days. In another day or two the female adults are ready to feed. Male mosquitoes do not bite.

Because of the need for water to breed, the recent rains will play an important role in local mosquito populations. Tin cans, buckets, old tires or other such containers which may collect rain water will become breeding grounds for mosquitoes.

Effective mosquito control requires community cooperation. Homeowners should take every precaution to prevent breeding on their premises by eliminating standing water. In addition to removing water-holding containers, dripping outdoor faucets and leaky pipes should be repaired and puddles resulting from evaporative coolers or air conditioners should be properly drained.

The proper use of insecticides around the home also aids in controlling mosquitoes. Malathion or Sevin is a commonly used insecticide for mosquito control around the home. Be sure to follow all label instructions and precautions when using pesticides. For additional information contact the County Extension Office.

Prospective students must be at least 17 years of age and must be in good physical and mental health. Students must be high school graduates or have successfully taken the GED examination establishing high school equivalency.

For full information, interested persons (male or female) may contact Vocational Dean, Gerald Birt or Program instructor, Mrs. Wanda Wheatley in the Vocational-Technical Building on the campus or by telephoning (817) 442-2567.

Eastland County Rains Exceed Average; Threaten Peanut Crop Planting, Watershed

The latest Eastland County rains have brought totals above average in some localities, according to DeMarquis Gordon, County Agent, and other weather observers. The extra moisture has been beneficial in some situations, and damaging in others.

The towns of Eastland, Cisco, and Ranger, as well as the community of Morton Valley, have received lower totals than outlying areas to the north and south. Storm damage has not been heavy, although lightning started a fire in an oil storage tank on the Robert Kincaid property N.W. of Eastland during a thunderstorm Tuesday night. There was also a Texas Electric power outage in the Eastland area during this storm, and it lasted about 30 minutes.

"The Tuesday night rains added .8 on the Eastland gauges," says Gordon. "Several small rains during the week totaled 1.5 inches,

which brings the May total in Eastland up to 6.7 inches. The Eastland total for the year is 12.14 inches."

Anton White, weather observer at Cisco, caught .6 in his gauge during the late Tuesday night rain, marking the third night of rain. He has a 5.8 May total for Cisco, making a 10.5 total for the year.

The Ranger totals, following this pattern, are estimated as .75 on Tuesday night, and about 10 inches for the year. There has been much more rain at Strawn.

Morton Valley remained low on rainfall until Tuesday night, when it received almost an inch. But rains in Rising Star, Carbon, Gorman and Desdemona are reported to be running above other places. Gorman had over 5 inches during the first three days of the week, and Desdemona chalked up over 2 inches in one rain alone.

John Lee of Rising Star recorded 1.02 inches on Sunday.

Youth Rally & Service Held in Ft. Worth, 30th-2nd

FT. WORTH--An afternoon youth rally at the Tarrant County Convention Center and an evening worship service at First United Methodist Church here open the four-day meeting of the Central Texas Annual Conference scheduled for May 30-June 2.

Youth from a 24-county area of Central Texas representing 366 local churches gather at the downtown Convention Center at 3:00 o'clock Sunday afternoon for a religious music concert. Held under the auspices of the Central Texas Conference Council on Youth Ministries, the rally features Rick Bonfim and Lindsey Williams from Athens, Ga.

Bishop John W. Russell, resident bishop of the Dallas-Fort Worth Area, convenes the annual conference at 8:00 o'clock Sunday evening at First United Methodist Church, 800 West Fifth Street. A symphony concert has been scheduled at 7:00 o'clock in the sanctuary for conference members.

Dr. Fred Craddock, professor of Preaching and New Testament Studies at Candler School of Theology, Atlanta, Ga., is the conference preacher. The popular preacher delivers the first of three sermons Sunday evening.

The host church has scheduled a garden recep-

tion for Bishop and Mrs. Russell, and Dr. and Mrs. Craddock following the evening worship service.

The Monday morning session opens in the downtown Americana Hotel at 9:00 o'clock with a roll call of clergy and lay members of the one hundred sixteenth session of the annual meeting by the secretary, Dr. William M. Greenwaldt. All business sessions are scheduled for the hotel with evening worship services held in First United Methodist Church.

The 24-county regional body is expected to vote on reports that call for the bishop and the cabinet to consider the appointment of a woman as district superintendent "within the next eight years (by 1990)," a Texas and New Mexico "Bishops' Call to Evangelism" Rally scheduled for Ft. Worth in November, adoption of new bylaws for Harris Hospital-Methodist, "A New Thrust in Evangelism and Church Growth; and a 1983 budget of \$3,372,113 for beyond the local church ministries or a 5.6% increase over the 1982 budget.

Bishop Russell reads the pastoral appointments for the 1982-83 conference year at the closing session of the annual conference scheduled for noon Wednesday (June 2).

Lights from the Christian World

By: Josephine Cleveland

A boy had a dog called, Chet. One evening the boy took a big piece of meat from the refrigerator. He went to look for his dog. "Here Chet, here Chet," he called.

Chet usually came quickly when he was called. This time he didn't come. While looking in the yard of his home the boy heard a sound behind the garage. He investigated and found Chet gnawing on a large bone.

"I won't take the bone away from Chet," the boy thought. "If I do my dog might become angry and bite me. Let him keep the bone." The boy threw the

meat to the ground and started to walk away. Immediately the dog dropped his bone and began to eat the meat. He exchanged the bone for something better.

Today there are many people feeding on the bones of the world. They will never know something better if you, friend, do not offer them love, the Word, and you witness as you walk in His precepts. "Let your light so shine before men that they may see your good works; and glorify your Father which is in heaven."--Matthew 5:16.

Tomato Troubles

Birds are really not a big garden problem until tomatoes start to ripen. Then they become a real nuisance.

Often birds find your ripe tomatoes about a day before you do. And they eat holes in every tomato they can find about the time it turns red. These holes or damaged spots often become infested by various types of insects and rot-type diseases. The result is obvious--fewer tomatoes for the dinner table.

Gardeners have used many methods--scarecrows, aluminum pie plates, strings of brightly colored ribbons, various noisemakers--to try to prevent bird damage. These methods are usually short-lived, though.

One method that does work well involves using old stockings or panty hose. Cut the nylon stocking or panty hose into 15 to 20 inch lengths. Then tie one end shut. Next, slip the resulting tube cover over a cluster of tomatoes and close the open end with a twist tie or short piece of string. The elastic nature of the panty hose or stocking allows fruit to

enlarge. Tomatoes can be easily harvested by untying the closed end and removing the fruit.

It's important to place the hose or stocking tube over the cluster of tomatoes well before tomatoes start to turn red. If you don't, the birds will get there before you do.

Another method of protecting your tomatoes from bird damage is to harvest them when they are just pink rather than full red. Believe it or not, a tomato picked at the pink stage and ripened at room temperature has the same taste and flavor as one ripened on the vine.

Rising Star Teen Given Prison Term
Gary Dean Allen, 19, of Rising Star was sentenced to three years in prison by 91st District Judge Jim Wright Thursday after a jury convicted him of felony criminal mischief.

He was charged with damaging a city-owned truck Oct. 5 in Rising Star. The estimated \$500 in damages included a broken windshield, side mirrors, headlights, reflectors and sidelights.

Cisco attorney Truman Kirk was Allen's court-appointed lawyer. District Attorney Emory Walton prosecuted the case.

Dedication of 1929 Court House Most Impressive Memorial Day Service By Far

There have been a number of Memorial Day programs in Eastland County during the last 53 years. Probably none has been more impressive than the one of May 30, 1929, when the present Courthouse was dedicated at its site on the Square.

The County World War I dead were honored at the same time, so references to them occupied a leading place in the ceremonies. Prominent citizens of the area and the state took place in a program lasting from 10:00 a.m. to around 5:00 p.m. on this Saturday.

Construction on the imposing barge and gray building had begun on Jan. 1, 1928, and was completed Dec. 1 of the same year. The three-story Courthouse was built of stone and brick, and decorated with ornate carvings of state and national symbols.

Courthouse officials moved into their offices on Dec. 20, 1928. Mrs. Charles Terrell of Eastland then Miss Bess Chastain, Court Reporter for the 91st District Court, remembers how delighted she was to move into her new office. All the occupants ad-

mired the lavish use of marble and granite on steps, walls and floors. Fine oak paneling and attractive furnishings completed the decor.

The building was described in Dedication Program booklets as "A magnificent structure...erected at a cost of \$312,000...replacing one which was built in 1897 and razed to make way for its new and modern successor." The booklet further stated that the structure was "elegantly furnished...including a law library consisting of 5,000 volumes. At night the building is illuminated by 14 flood lights," the public was informed further. "The total is 7,000 candlepower, presenting an imposing spectacle for miles around."

Claude Maynard of Eastland was down at the Courthouse Square on the day of May 30th. He was a young man - a salesman for Bohning Motor Co., the Eastland Ford Dealers.

"It was an exciting time," he says. "A cool, hazy day, but no rain. A big crowd of people were in town, waiting for the program to begin."

At 9:00 a.m. the Parade, which was the first event, began to form at the corner of Moss and Lamar Sts. There were various bands, the Gold Star Father and Mothers and Wives, the American Legion, Boy Scouts, a number of schools, the Chamber of Commerce, Women's Clubs, Men's Clubs and Lodges, the Fire Department, Industrial Floats, the Ranger National Guard Band, and Miscellaneous Entries.

Claude Maynard was particularly interested in one of those Miscellaneous Entries, a 1929 Ford car his company had sold to W.K. Jackson of Prairie Oil and Gas. Mr.

Jackson had loaned this magnificent car for the celebration.

The whole Parade, in fact, was as motorized as possible. No cowboys rode along with the group. In those days most people seemed to be trying to get away from horses, not back on them!

At 10:00 a.m. the Parade swung around the front of the Courthouse. There was a Band Concert, then a large picnic lunch down on Whiteway Park. (Just south of the T. and P. Passenger Station). You can be certain that few people turned that down!

There was an Open House back at the Courthouse at 1:30 p.m. A large crowd toured the high-ceilinged rooms, pausing to admire various features. The Memorial Tablet on the north corridor of the ground floor was of special interest. It was made of bronze, about 10x6 ft. in size, and contained the names of the 762 men who went to World War I from Eastland County. Stars were placed beside the name of 30 of those who did not return.

"To them a solemn memory is ever due," stated the Memorial. "For those who are among the living of the land may there be everlasting gratitude and honor."

At 2:30 p.m. the main part of the program - which consisted of quite a bit of speaking - began at the southwest corner of the Square. Cyrus B. Frost (Senior) was presiding, and he led out by introducing all the guests. A Welcome Address was given by Arch Spruill. (Few people now remember this program, but he is thought to have been an Oil Company Executive)

Cyrus B. Frost then introduced the County Judge,

Clyde L. Garrett. Judge Garrett introduced the past and present Commissioner's Courts. Ed S. Pritchard was in charge of the "Presentation of the Court House", and the American Legion followed with an impressive Memorial Service.

A number of citizens spoke on "What Our Court House Means To Eastland County". Next on the program was something listed simply as a "Reading" by Lexie Dean Robertson, of Rising Star. This was an original composition by Robertson, who later became the Poet Laureate of Texas.

A stirring address by Rufus B. Scott, Commander of the American Legion, Dept. of Texas, concluded the speeches. Since there was no "daylight savings time" in that era, the sun was probably dropping straight into the west by the time this was over.

But Eastland County had its new Courthouse! And the citizens could not foresee any time when such an impressive building would be

outmoded.

Time has ebbed around the Courthouse Square since the day of that Dedication program. Other wars have come and gone. Few people are left who remember the big ceremony.

The building was proved the value of good workmanship. For it is probably as sturdy as the day it was built - and still decorative. It would be difficult to say what the building would cost to replace, for a lot of its material would be hard to duplicate.

So those who think about it hope the Courthouse will stand for many Memorial Days to come - making its own statement for self-employment and the sacrifices for it.

R.J.C. Offers

Course

in Construction,

Cabinet Making

The Construction Trades Department of Ranger Junior College will be offering a four hour course this summer that will aid the student in performing his or her own home repairs.

Course CT 141 - A study of the basic principles and techniques of construction. The course presents the student a working knowledge of tools and terminology of the building trades, materials of construction, and the sequence in which the tasks of construction most often occur. All aspects of construction will be considered in this course. Credit 4 semester hours.

This course will cover all general carpentry repairs that the home owner will likely need with a few helpful hints and ideas on plumbing and electrical repairs.

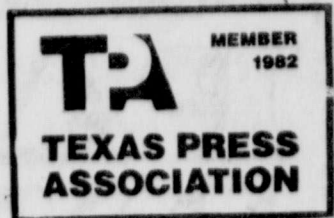

There will also be a few sessions covering cabinet making with the student being assisted in building such cabinets that time will allow.

The class will meet on Tuesday and Thursday nights for six weeks. Classes begin at 7 p.m. Students may register from 8 a.m. to 4 p.m. May 31 or at 7 p.m. June 1. For further information contact the Registrar (817) 647-3234.

HOMES

A nice 3 bedroom home with two large lots. Carpeted, paneled, fireplace, double garage with storage. \$47,500

4 lots with this 2 or 3 bedroom, 1 3/4 bath home. This place is in real good repair. Has carport, large storage area, pecan and fruit trees. \$38,000

On corner lot, a 3 bedroom, 1 3/4 bath home. Carpeted, beautiful fireplace in den. This home has 2,000 sq. ft. and priced at \$55,000.

A beautiful 2 story home on 2 1/2 lots. 4 bedrooms, 1 1/2 baths, formal dining room, study, carpet, central heat and air, thermostatically controlled attic fan upstairs. This home has approx. 3,000 sq. ft. and has been completely remodeled. \$93,500.

2,200 sq. ft. in this 4 bedroom, (could be 5), 1 3/4 bath brick home. Carpet, built-ins and a 400 sq. ft. master bedroom. Fenced back yard, large patio with bar b-q grill. All on a corner lot. \$79,500.

Under construction now! A 3 bedroom, 2 bath brick home, 1834 sq. ft. plus garage. It will be carpeted, a fireplace in a 30 x 24 den and dining area, snack bar and many other extras. Pick your own colors for this one.

Located close to downtown, a large 3 bedroom, 1 bath home that has been remodeled. Priced to sell at \$28,500.

Extra nice 2 bedroom, 1 bath home. Carpeted, central heat and air. This place has been completely remodeled, just like a new home. \$34,500.

A large 2 bedroom, 1 bath home. Living room with fireplace, formal dining room, carpeted and paneled. \$25,000.

A 2 bedroom, 1 bath within walking distance to post office, hospital and doctors' offices. Priced to sell at \$18,000.

If you are single or just a couple, this 1 bedroom, 1 bath home will be perfect. Just had a complete plumbing job, too. Only \$15,500.

An older 3 bedroom frame home on corner lot. Needs some work done on it. Terms can be arranged. \$16,000.

Want a new home? We have large lots available in exclusive area. City water, sewer and paved streets. This area is restricted to brick homes, only. Reasonably priced from \$4500 to \$4800.

CISCO HOMES

Nice 5 bedroom, 3 1/2 bath brick home with fireplace and living room, separate den, carpet, built-ins, central heat and air and fenced back yard. Present loan can be assumed.

Large 3 bedroom, 1 bath older home. Has large rooms, separate dining room. Bathroom and kitchen have been remodeled. Also, separate garage and storage. \$21,000.

A nice 2 bedroom, 1 bath mobile home on 2 large lots. Central heat and air, large rooms, fenced back yard. You'll have country equipment, but still in city limits. Priced to sell at \$11,500.

Home plus rental! We have 3 mobile homes on 7 lots in Cisco. Hookups for two more. Priced to sell at \$23,000. \$375 monthly income now.

New vinyl siding on this 3 bedroom, 1 bath home. Large rooms, carpeted, storage building, combination garage and shop, and fenced back yard.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1 3/4 bath home on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area.

Enjoy summer in your own swimming pool in privacy fenced yard. This large 3 bedroom, 1 3/4 bath, 2 story stone home also has large game room and a study, which could be a 4th bedroom. As a bonus, a fully furnished rent house goes with this property. 2 large corner lots. Only \$40,000.

SMALL ACREAGE WITH HOMES

A 3 bedroom, 1 1/2 bath home on 2 acres. Carpeted, some paneling. Has approx. 28 pecan and 12 fruit trees. Located in Olden. \$49,500.

Located approx. 2 miles north of Eastland, a 4 bedroom, 1 3/4 bath home on 5 acres. This home has approx. 2,000 sq. ft. and is fully carpeted. Insulated real well, and the utilities are small. Lots of oak and fruit trees. \$60,000.

2 houses and small apartment on approx. 2 acres. Located just outside city limits of Eastland. \$33,000.

20 acres located south of Eastland, with a nice 3,400 sq. ft. home on it. Carpeted, fireplace, central heat and air and lots of cabinets, bookcases and storage. \$125,000.

Located in Carbon, a 3 bedroom, 1 bath home on 10 acres. Extra large den with wood burning stove, carpeted, central heat and air, outbuildings, several wells and city water. Only \$49,500.

A 3 bedroom, 1 bath home on 40 acres located near Gorman. Has a 24 x 40 building, plus barn and other sheds. This land is all cleared and has been in cultivation. \$75,000 and owner will carry a note.

5 acres. A new 2 bedroom home that is carpeted, wood burning heater, heat pump and other extras. Also, on property is an old house that could be used for a barn. \$48,000.

FARMS & RANCHES

We have 2-4 acre tracts of land near Lake Leon. Water meter included with lease. Owners will consider selling a large or smaller tract. Priced at \$8500 each.

74 acres located on highway 2526 out of Carbon. 35 acres of cultivation and 1/4 minerals. \$53,500.

12 acres located near Lake Leon on highway. Good hunting land, none of it has been cleared. \$16,500.

Near Lake Leon, a 20 acre tract of land. Some cultivation and good hunting area. \$30,000, owner will finance.

62 acres near Union Center. Approx. 25 acres in cultivation. Good fences, 1/2 minerals. \$800 per acre.

17 1/2 acres near Gorman off Desdemona highway. Water well, natural gas available. 1/2 minerals. \$25,000.

52 acres located north of Eastland on Wayland highway. All in cultivation, four tanks, 2 water wells, barn & pens, and good fences. \$52,000.

147 acres near Carbon with approx. 80 acres cleared. Fair to good fences, with road frontage on three sides and some minerals. \$500 per acre with terms.

25 acres south of Eastland near Lake Leon. Road frontage, new stock tank, 20% down, owner financed. \$35,000.

500 acres north of Eastland on highway. Kline and native. An older 2 bedroom, 1 bath home with fireplace. Barn and other outbuildings. \$530 per acre.

320 acres located between Carbon and Gorman. Some cultivation, but mostly wooded. Good fences and hunting, some minerals included. \$500 per acre. Owner financed at 9% interest.

10 acres near Eastland. 120 frontage. \$5000 per acre. Terms can be arranged.

Approx. 55 acres in Ranger. Ideal location for subdivision. Utilities available. \$1500 per acre.

A good place, this 85 acres between Carbon and Kokomo. 60 acres cultivation, the rest in pasture. Road frontage on two sides, 2 stock tanks, some minerals. \$600 per acre.

120 acres with a 3 bedroom home and out buildings. 80 acres has been in peanuts, the rest in coastal and kline. There are six irrigation wells with pumps, storage tank for water and two extra long wheel moves. \$128,000 with a 5 1/2% assumable loan.

COMMERCIAL

In Ranger, a large two story brick building with good size fenced yard. Located near railroad tracks, with spur. Will sell or lease.

Located near downtown! A two story brick building, 4 lots and a house. All this for \$40,000.

A good investment! We have a quick stop grocery doing a good business. All fixtures, shelves, and stock are included. Also, a trailer park with spaces for 21 trailers. There are assumable notes with good interest. \$105,000 for all.

Ideal location for business. A 4,400 sq. ft. building on large, paved corner lot. Close in. \$60,000.

2 acres on I20 Olden Ramp East. Ideal location for a business. \$20,000.

Approx. a 6 acre tract off highway 80 E. Ideal location for a business. \$25,000.

Valuable I20 property! Approx. 4,600 sq. ft. Building, very versatile. Easy accessibility. \$87,500.

In Cisco! A nice brick building with 5,000 sq. ft. in prime downtown location. \$60,000.

1.3 acre joining railroad tracks with spur. 3 buildings, one has office and bath, and a 2,000 gallon underground gas tank. \$65,000.

In Ranger! 4 1/2 acres on highway 80 W. 1,300 sq. ft. office, 24,000 sq. ft. shop building, 2,400 sq. ft. warehouse, other buildings and commercial antenna. Owner will consider terms. \$170,000.

Lot on Interstate 20 East, approx. 1/2 acre located near Best Western. Perfect for offices or business. \$16,000.

If you need I20 exposure for a business, we have 5 acres on the south side. \$27,000. Make Offer.

Homemaking Hints

By Janet Thomas

Do you have someone in your family who has special diet needs? It is possible to can without the added sugar and salt because they do not affect the keeping quality of the fruits and vegetables. Also when you cut down on calories and the cost of food you preserve for your family.

CANNING FRUIT WITHOUT SUGAR

Fruit may be canned without sugar in its own juice, in juice extracted from other fruits, or in water. For example, you could can peaches or pears in unsweetened citrus or pineapple juice. Use the same processing times recommended for canning fruits with sugar.

To can WITHOUT SUGAR, use fully ripe but not soft-ripe fruit. Prepare the fruit as you would for regular canning. Then, add a small amount of water and simmer the fruit until it is hot. Pack hot fruit into clean, hot canning jars. Add hot juice and/or boiling water to

within one-half inch of the top of the jar. Adjust lids according to type and process in a water bath canner for the recommended time for the specific fruit being canned.

Natural or artificial sweeteners may be added to the fruit when you serve it. Follow doctor's recommendations for those on a special diet.

CANNING FRUIT WITH LESS SUGAR

To keep calories low, cut down on amount of sugar by using a lighter syrup for canning fruit. For extra light syrup, use about one cup sugar to four cups water. For light syrup, use one cup sugar to three cups water. For medium syrup, use one cup sugar to two cups water.

CANNING VEGETABLES WITHOUT SALT

Prepare vegetables for canning as you would for regular canning. Do not add any salt. Process for the recommended time for the specific vegetable being canned. Use boiling water bath

canner for tomatoes; pressure canner for all other vegetables.

FREEZING FOR SPECIAL DIETS

Freezing is an easy way to preserve fruits and vegetables to meet special diet needs. Freezing preserves flavor, color, texture and nutritive value.

Vegetables are frozen without salt or sugar, so there is no problem for someone on a special diet.

Fruits are usually frozen with sugar or syrup to sweeten fresh fruit. The sugar or syrup also provides a coating for the fruit to help prevent exposure to the air which may cause oxidation, darkening and loss of flavor during storage in the freezer. However, you can freeze fruits without adding sugar for someone who is on a special diet.

FREEZING WITHOUT SUGAR

When you freeze unsweetened fruit for special diets, you can add crushed fruit, puree or juice to provide the coating for fruit in place of sugar. For example, whole strawberries could be frozen in crushed berries, sliced peaches in unsweetened citrus juice instead of the usual syrup, and melon balls in melon puree.

To free UNSWEETENED berries, select fully ripe,

juice berries (blackberries, raspberries, currants, cranberries, blueberries, strawberries, or gooseberries). Sort and wash berries carefully in cold water. Drain thoroughly. Remove hulls or stems. Pack whole berries into freezer containers, seal and freeze.

Freeze crushed, unsweetened berries by placing prepared berries in liquid-tight containers, leaving one-half inch head space for pints. You may also freeze whole berries in crushed berries. (Strawberries are especially good frozen this way.) The crushed berries provide a coating for the whole berries to prevent exposure to air and loss of quality.

Special care needs to be used in preparing fruits which tend to darken, such as peaches and nectarines. To freeze UNSWEETENED peaches or nectarines, select firm ripe fruit. Sort, wash, pit and peel. Ripe peaches may be peeled without a boiling water dip. Slice fruit into freezer containers. Add unsweetened orange or grapefruit juice to cover. The ascorbic acid (vitamin C) in the juice will help prevent darkening and add pleasing flavor. Ascorbic acid in crystalline or powdered form may also be used to prevent darkening. Dissolve one-fourth teaspoon crystalline ascorbic acid in one-fourth cup water and sprinkle over fruit. Stir to coat fruit.

Press fruit down into juice with a small piece of crumpled waxed paper to avoid surface darkening. Allow headspace. Seal, label and freeze.

CUTTING DOWN ON SUGAR

To cut down on calories, you can cut down on the amount of sugar and still allow for a film of syrup to prevent exposure to air. Just use enough sugar or syrup to lightly coat the fruit. This means you might cut the amount of sugar to about half the usual amount. Be sure to use a shallow pan. Sprinkle sugar over fruit and stir to insure even coating. Pour sugar-coated fruit into freezer containers. Seal, and freeze.

RECIPE FOR THE WEEK:

Summertime is a busy time. If you need a quick dessert, here is one you might like to try. This recipe is from the new Texas Extension Homemakers Association state cookbook.

OFFICIAL PROGRAM

Dedication of Eastland County's

New Court House

—AND—

MEMORIAL SERVICES

With a sacred memory of those who made the supreme sacrifice, and a special note of honor to all the Nation's gallant sons.

—AT—

Eastland, Texas

May, 30, 1929

An occasion of two-fold interest, conducted by the general public, with the hearty co-operation of the American Legion of Eastland County.

June to be busy month for Eastland County 4-Hers

During the month of June Eastland County 4-Hers will be involved in many different programs, events and camps. To start off the month there will be about 50 Eastland County 4-Hers involved in our County camp. The camp will be held at the state 4-H center on June 4-5. Then on June 8-11 there will be 7 Eastland County 4-Hers involved in the state 4-H Round-Up and Congress. These 4-Hers are: Ronnie Cagle, Darla Cagle, Noble Laminack, Shannon Caraway, Phil Osborne, Robin White, and Leanne Brown. The following week (June 14-16) is the 4-H Leadership Lab at the state 4-H center in Brownwood.

There will be 7 Eastland County 4-Hers attending this event also. They are: Truet Hart, Leanne Brown, Noble Laminack, Phil Osborne, Jami Long, Beverly Underwood and Stephen Slampa. At the end of the month on June 30 the District 8 4-H horse show will be held at Waco. Eastland County will be well represented at this event also.

These young people are learning important things that will help them through the rest of their lives. 4-H is a non-profit, educational service which serves people of all ages regardless of socioeconomic level, color, race, sex, religion or national origin. If you would like to be involved in 4-H and the events that they conduct just contact the County Extension Office at 629-2222 or 629-1093.

CRAZY CAKE

2 cups all purpose flour
2 cups sugar
2 tsp. soada
1/4 tsp. salt
2 eggs
1 (20 Oz.) can crushed pineapple
1 cup chopped pecans
Mix all ingredients and bake in sheet cake pan which has been lightly greased and floured. Bake at 350° for 35-40 minutes. Glaze while hot if desired.

results you want? you want classifieds!

Water safety officials warn about possible diving hazards

There are lots of good swimming holes in Texas, and many of them offer man-made or natural structures from which the stout-hearted can dive from considerable heights.

Diving from a 50-foot cliff can be a crowd-pleaser, but it also could be an invitation to disaster.

During 1981, water safety officials of the Texas Parks and Wildlife Department said 13 young men died after such daredevil maneuvers.

A factor in some of the diving fatalities was the lack of

strong swimmers to pull the stunned or injured diver from the water. Inexperienced divers often hit the water at an angle or with legs and arms extended out from them, which increases the chances of injury, officials noted.

Lack of sufficient water depth, or submerged objects such as rocks and stumps also are hazards for the unwary diver.

Also, alcohol consumed to brace up the diver's courage can be a definite minus factor upon hitting the water.

GORDON SPOT

by DeMarquis Gordon

Its pecan nut casebearer spray time for Eastland County.

Pecan nut casebearers have started laying eggs on pecans in Eastland County. This means that pecan producers and homeowners should check their trees closely for egg deposits and nutlet damage by newly emerged larvae and begin a spray program if necessary. Cool nighttime temperatures during the past 3 weeks have resulted in erratic moth activity. Eggs are deposited on

the tip of the developing nutlet.

Field inspections made in Eastland County indicate the best time for spray application is May 28 through May 31.

Insecticide applications should begin soon after the first nutlet damage is observed. It is best to have 1% entries before sprays are applied. However, if it takes you several days to spray your orchard or if you have your trees sprayed by someone other than yourself, you cannot wait until you see 1% entry. In this case you should begin your spraying about 6 days after the first casebearer eggs are found.

A second application may be required 7 to 10 days after the first application.

OILFIELD DISPATCH

Sunday, May 30, 1982

Oil Report

RAW Energy Corp. of Weatherford has filed first production figures on a new gas well in the Brad Field. The No. 2 Texaco showed potential to make 160,000 CF of gas per day on a 16-64 choke. Absolute open flow was estimated at 220,000 CFPD.

The operator has 320 acres leased, with drillsite in Palo Pinto County's T&PRR Survey, three miles east of Brad.

The well will produce from an interval 4,147 to 4,574 feet into the well bore. Total drilling depth was 4,646 feet.

A 5,000-ft. developmental well is planned by Universal Royalties Inc. of Grapevine at a drillsite eight miles southeast of Santo, Palo Pinto County. The location is in a 248-acre lease in the Rees A. Porter Survey. Well's designation is the No. 1 Geneva White. It is in the North Branson Field.

Pumping 107 barrels of oil per day, along with 210,000 CFD casinghead gas, the No. 1 Searight-Harrell was completed successfully as a wildcat by Snow Oil Company of Fort Worth.

Drillsite is two miles northeast of Eastland. It was drilled to 3,730-ft. total depth in only 13 days and will produce from an interval 3,688 to 3,699 feet into

the wellbore. Production tests were run on an open choke.

The location is in a 140-acre lease in Eastland County's Mary Fury Survey.

At a location one mile west of Romney, Ridgeway Oil Exploration of Fort Worth has finished a new oil producer in Eastland County's Hawkeye (Adams Branch) Field.

The well is designated as the No. 1 Delbert Tarver, pumping oil at the rate of 105 barrels per day on an open choke.

Location is in a 160-acre lease in the H&TCRR Survey. Bottomed at 1,180 feet, the well will produce from perforations 1,107 to 1,109 feet into the hole.

Two 1,750-ft. developmental wells are planned by Firebaugh Oil of Cameron at a drillsite nine miles southwest of Cisco, Eastland County. The locations are in a 10-acre lease in the H&TCRR Survey. Well designations are the Nos. 1 and 2 DeWitt Newton. They are in the Scranton Field.

Under Corlee Dresser Atlas Opens Eastland Office

On April 1, Dresser Atlas Industries officially opened an office in Eastland at the former City Garage location.

The office is headed by Dan Corlee, station manager out of the Abilene district. He works with ten other employees, two of which are local residents, the other were transferred from Abilene.

Dresser Atlas began on March 19, 1932 by Bill Lane and Walt Wells as a perforating business.

Their first perforating gun, which Bill Lane called a "string of coconuts," was first tested on Union Oil's Merced No. 17, which had gone dry in the Montibello field in California.

On December 29, 1954, Lane-Wells agreed to a merger, becoming a division of Dresser Industries, Inc. In the mid-60's, as Dresser Industries began to con-

solidate and redefine its corporate groups, Don Hartmart took charge of Dresser's Magobar operations and Hammond Helms became president of Lane-Wells.

On July 1, 1968, Pan Geo Atlas Corporation and Lane-Wells combined to create Dresser Atlas. By the time, the final transition was completed, no one had room to complain.

The Atlas Oilfield Services group had a unique distinction in 1981, no other company provided the same full range of open hole logging and mechaical services, cased hole exploration services, perforating, corrosion detection or production logging services.

A dream, fifty years in the making was finally a reality. The small company which had its beginning in a Vernore, California, shop on

Santa Fe Avenue, had finally consolidated its base from which every facet of its destiny could be controlled.

Dan Corlee states he is very glad to be in Eastland. He went on to say "Dresser Atlas Industries plans on staying Eastland, business has been very good."

Texas Oil & Gas . . .

Price Decontrol Boosts Stripper Oil Production

By Avery Rush, Jr., Chairman, Texas Mid-Continent Oil & Gas Association

One very positive effect of the accelerated decontrol of crude oil prices last year was the best-ever year for drilling, nationally as well as in Texas. A less-publicized, but also very positive effect, was a tremendous increase in stripper well production.

According to preliminary figures from the National Stripper Well Association, output from wells which produce 10 barrels or less of oil per day totaled about 420-million barrels. That represents an increase of some 10-million barrels (4.7-percent) over 1980 production from stripper wells.

In Texas, the increase was even more dramatic. Last year's production of 156.9 million barrels, a 15-million barrel jump over the 1980 level, represented a 10.6-percent increase.

Also increasing dramatically was the number of stripper wells active last year in the state: 114,788 wells. That number is up 11,194 from the 1980 total of 103,594 and represents a 10.8-percent increase.

Those figures are good news for the petroleum industry in Texas. Last year, the state witnessed the phenomenon of many drilling projects which were specifically designed to bring stripper wells into production. More wells drilled and more wells producing means additional work for service and supply companies, further strengthening the state economy.

The value of this production — using a preliminary statewide average figure of approximately \$34.58 per barrel for crude oil and condensate — amounted to more than \$5.4-billion. Additionally, the severance tax paid to state government — at the rate of 4.6-percent of wellhead value — was more than \$249.6-million from these producers, often referred to as marginal wells.

Obviously, the benefits for Texas from a healthy petroleum industry are widespread. Decontrol of crude oil has allowed stripper well production to play an even more significant part in the industry's continuing contribution to economic well-being here.

These figures also mean that Texas — the nation's No. 1 crude oil and condensate producing state last year with 928,710,351 barrels — realized 16.9-percent of its production from wells averaging 3.7-barrels per day. Certainly the search must go on for big reservoirs all the way up to major fields with ultimate recoverable reserves of 100-million barrels or more. But, it is no time for this country to take actions that would discourage the recovery of oil from marginal wells.

An end to the so-called windfall profit tax on stripper well oil would be one way by which to prevent a downturn in this vital area of domestic petroleum production.

EQUAL HOUSING OPPORTUNITIES

REAL LOOK—ALIKES....

Grandparents: Mr. and Mrs. Luther Reeves, 1901

Great-Granddaughter: Melody Trout, 1982

Watching The Weather ... 80 Years Ago

By Maybelle Trout
Each day she wrote of her loneliness and about frontier hardships. She was dismayed that a week passed before she could get her letter to the post office.

"You will probably get tired of reading this and will burn it before finishing," she wrote her sister, Dora Cole in Wayland, Texas.

Eighty years ago, a twenty year old woman--my grandmother--wrote this letter about life in Indian Territory, Oklahoma. Because Dora Cole missed her sister, Nona Rogers Reeves, she kept this letter--and others--for many years. My grandmother often mentioned her husband, Luther Bell Reeves, and father "Pa" W.G. Rogers.

Six weeks after writing this letter, Nona Reeves gave birth to Emmie Reeves Swinson, my mother. She is now living in Eastland.

The following are excerpts from the ten page letter written this time of year--April 9, 1902, Marlow, Indian Territory, Oklahoma.

Wednesday, April 9, Dear Sister,
Lots of rain and look like spring. Altho its cool, we had our first onions from the garden Sunday for dinner the garden is pretty but cut worms are working on my onions and English peas. The garden fleas ate my mustard greens, radishes and lettuce. Luther's corn is coming up pretty. Luther has gone to haul wood. It will take him until 12:00 o'clock for it is two or three miles to where it is. He has all his ground broke and ready to plant--except for about two hours work.

"Pa is planting corn this week Henry (half-brother) is helping--he broke all the ground for Pa and is such a help. I don't have any chickens yet.

Dora, excuse this writing. I am so nervous this morning. I can hardly hold this pen.

I live about two miles from Aunt Mary's. (Her uncle and aunt "Jap" and Mary Rogers). She has seven boys. One of the boys, John is going back to Coleman County this summer to get married. Aunt Mary wants to go too, for she doesn't like it here. Corn has come down to sixty-five cents a bushel, Dora.

I see Indians every once in a while. They dress like white people only they go awfully dirty. The women wear shawls on their heads instead of bonnets. Up in Comanche country they have a style of their own to dress after and they aren't nearly as civilized. I will rest awhile for it will be Saturday before I get to send this to the post office.

Later--Well, I will write a little more this evening.

Dora, I have thirteen quilts ready to quilt. Won't I have a picnic quilting them? Well, Dora, I will send one of our pictures. We had them taken in Cisco last summer and I thought I'd just bring you one, but because we didn't get to visit you, I'll mail it. (Cisco is about fifteen miles from Wayland) It look like its going to start raining again. Luther is at a neighbor's--sharpening a saw. I can see six neighbors houses from our house. Thursday, April 10th

It is nearly night. I'll try to finish my letter. It came a big cloud about three this evening and we went to the cellar. When we came out it had blown nearly all the dobbing out of the northeast corner of the house. (Mortar between logs) The floors were wet nearly all over and the roof had leaked on the bed. Water is still standing everywhere and its still sprinkling. It looks like it may rain all night.

Howard, thank you for your letter. I could read nearly all of it and Uncle Luther said you did fine. (Howard Cole, little nephew, was six years old. He is now living in Cisco.)

I will close and get supper. Friday, April 11.

Well, it rained again last night. Luther is dobbing the house. We are expecting Pa today for it is too wet to plow. He will go to town and will take this to the post office. My garden looks pretty. Kiss little Nellie for me. (Niece Nellie Cole) Sunday, April 13.

Well, it does not like like I will get to send your letter off at all. It came up a close Friday night and I never heard such rain and hail in my life. It washed and beat everything to the ground. The corn may come back up, but I guess my garden is ruined. It rained all day yesterday (Saturday), last night and is still raining.

Dora, do you remember Pa's Uncle Sam Rogers, our great uncle? Well, his daughter married De Allen. They live about three quarters of a mile from me--about thirty yards from a little creek. That water spout we had put the creek up and the water got in their house. They all had to wade and get in the wagon and sit until daylight. I went down yesterday evening and saw where water had been over a foot deep in the house. Mattie had four hens and four frying chickens washed off. It only left her two hens and eleven little chickens. It ran another family out of their house a little farther down the creek and drowned two of their pigs. Hail yesterday afternoon was still two or three feet deep. I will quit and cook dinner. Tuesday, April 15.

Well, I am by myself and am so nesome so I will write a little more. It still rain. Luther has gone to see Pa. Well, Dora, if you don't believe it hailed you should be here to see. The men said it was still drifted eleven feet deep yesterday and the storm came Friday night! Our corn is coming out again, and my garden doesn't look bad. Thursday, April 17

I guess I will get to mail your letter this morning for it is a beautiful day and Pa is sure to come. It cleared off yesterday and I washed yesterday evening.

I guess I'd better close and wash breakfast dishes and clean up the house. You will probably get tired reading and burn this before you finish.

I will be by myself all day. How I wish you could come stay all day with me. I do not feel well. Much love to all. Your sister. Nona Reeves

Several years passed. My grandparents were in Albany when their son, Horner Lee was born. (He spent his adult life in Abilene and is buried in Cedar Hill Cemetery). They lived in Cisco when Vera Dorothy joined the family and had moved to Aspermont where another letter was written to Dora.

December 27, 1909--Aspermont, Texas

Dear sisiter, we are all able to be up still. We had a dull old Christmas. Were by ourselves all day but had a house full of company yesterday. Pa and the children came, Lee Rogers and family and Uncle Jap and a neighbor.

Luther is picking cotton. It looks like we will never get our cotton out. It has been so bad and we can't get any help. I have four turkeys but haven't decided whether to keep or sell them. The wolves are so bad here. I will close by wishing you all a happy new year.

Love to all Nona Reeves

A penny post card dated January 10, 1910 bore tragic news to Dora Cole.

Dear daughter, sad news tonight. Nona died tonight about 8:30. She left a pretty baby girl born the last of December. (Nona Faye). Write you sad old daddy. Pa Grandmother was buried on a cold January day in Aspermont. Her grave, as far as we know, is unmarked. My grandfather took his young children and Pa--his father-in-law--to Cisco so that relatives could help him care for them. Later, he married a young lady, Susan Annettee Elizabeth Wilson in Cisco. She took his motherless children into her heart and raised them as her own.

Senior Citizens Nutrition Menu

Memorial Day is traditionally recognized on the 30th day of May, however, by action on part of Congress it will be celebrated on Monday, May 31.

One of the first observances of Memorial Day occurred in Columbus, Miss., in 1866, when a group of women visited the cemetery to decorate the graves of confederate soldiers who had fallen at Shiloh. Nearby were the graves of some 100 union soldiers, neglected because they were the enemy. Disturbed by the sight of these bare graves,

the women took part of their flowers and placed them on the graves of every union soldier.

That is what Memorial Day really is—a day for forgetting differences; a day for forgetting whether or not another man's views conform to ours; a day for forgetting that perhaps another man had been an enemy. That is the spirit in which it started.

Traditionally we decorate the graves of all of our loved ones. This year let us plan to go to the cemetery and remember our loved ones by placing a wreath at the head of the grave. Anton White, and his fine crew, will have the cemetery in fine condition, awaiting for you and for

all to visit the graves of their loved ones.

Programs for the week were: Janet Thomas presented a program on "Food Preservation" and checked pressure cooker gauges, in preparation for the upcoming canning season; Cliff Andrews entertained with his guitar; Carol and Tom Patterson explained the ambulance membership and answered questions, in regard, to the membership drive for July; Lloyd London presented an enjoyable musical program; birthdays and anniversaries for the month of May were celebrated; Cisco was host to Eastland for a covered dish luncheon and games, using the theme, the "Good Old Days," Marguerite King played many old song on the piano. Everyone enjoyed the good music. Dinner music was presented by Vida Killion, Leah Brown, Billie Wood, Anna Dytzel, A.E. McNeely and the Senior Citizen Choir.

The menu for the week are:

Monday, May 31—Center will be closed for Memorial Day.

Wednesday, June 2—hamburger w/lettuce, tomato, pickle, onions, pinto beans, apple, carrot, celery salad, banana pudding, drink, milk, tea or coffee.

Friday, June 4—oven fried chicken, glazed carrots, whipped potatoes, fruit gelatin, bread, butter and drink.

Ruth Cartee, Director

A THOUGHT FOR THE WEEK

Whether the weather is sombre and stormy, or sunny and spring-like, traditional parades, speeches, bugler sounded taps and neighborhood wreath-laying observances are seen everywhere on Memorial Day. American flags fly nearly everywhere in the world in memory of all our heroic dead who served their country in time of need. Guns, bombs, mines, ships, maps and uniforms are remembered. Though years may have gone by, memories live on in the hearts and minds of those who survived. They think about their buddies of "only yesterday."

Americanism at its finest is seen in the scene of homage on the holiday. In the solemn tribute to our military dead, in recognition of their lives, dreams and hopes cut short, let us hope our prayers are heard for deliverance from the horrors of future wars. With God's help, each living generation must avoid situations of our young men ever again being cannon fodder.

Firemen Put Out

Lightning Blaze

Firemen from Cisco, Eastland and Ranger answered an alarm early Tuesday morning when lightning set fire to an oil tank on the Robert Kincaid place nine miles north of Cisco. A thunderstorm moved through the region with heavy rain and lightning.

Fire Chief C.W. Guthrie of Cisco said the 210-barrel oil tank appeared to be about half full of oil and the tank was damaged and some oil was burned and spilled. Firemen stood by for several hours.

Each of the city fire departments sent two trucks to the scene.

Each of the city fire departments sent two trucks to the scene.

Each of the city fire departments sent two trucks to the scene.

ADAM COOPER POWELL. Mr. and Mrs. Don Powell of 1010 Evergreen Hill, Dallas, Texas 75208, are pleased to announce the arrival of their son, Adam Cooper Powell, born May 25 at Baylor Hospital in Dallas. Adam weighed seven pounds and 13 ounces.

Mrs. Powell is the former Terry Cooper. Maternal grandparents are Louise Cooper and the late Kenneth Cooper; maternal great-grandparents are Mr. and Mrs. B.E. Cooper of Olney. Paternal grandparents are Mr. and Mrs. Richard Powell of Waco.

People n Things

TROTLINE FISHING has been pretty good out Lake Cisco way lately. As evidence, we submit a 22-pound yellow catfish that Mr. Delbert Schaefer, local teacher, took off his trotline Thursday afternoon. He was using perch for bait.

Let's not go out of our way to mention the Schaefer catch to his fishing buddy, Coach Jim Puryear.

THOSE WHO LIKE trotline fishing are obligated to obey the state laws that require the fisherman's name and address on a metal tag attached to his line. What is more, you're required by law to run your trotline every 24 hours or take it out of the water.

Lake Cisco Patrolman C.H. (Cats) Ingram reported to City Manager Mike Moore the other day that he had found two trotlines in the lake with dead fish on them. One line had dead catfish, one weighing 25 pounds and another 13 pounds, plus a smaller one that was still alive. There was no name tag on either line.

Unattended trotlines cause

pollution of the water and patrolmen will take them up and confiscate any lines without name tags, the city manager ordered.

ON THE SUBJECT of fishing, Patrolman Ingram tells us that the real secret of catching fish is to go fishing. You're always hearing folks say that can't catch fish, he says. If you'll question them, you'll probably learn that they seldom go fishing.

The fishermen who makes two or three trips to the fishing water every week will have plenty of fish filets in his freezer, Cats says.

THEY'VE GOT A new delivery truck over at the Sears Order Office, Manager Elaine Dixon and two of her helpers, Dickie Sides and Greg Qualls, went up to Pampa last Sunday and drove the truck to Cisco. Previously, the Sears folks had borrowed Auto Store Man Dan Dixon's pickup... The Rev. Dell Crockett, Lutheran minister, does a good job as a Little League baseball umpire... Mrs. J.D. Collier is back home

from Haynesville, La., where funeral services were held last Saturday for her mother.

THE RALPH Glens got home the other night after a vacation visit in Germany and Switzerland with their daughters Doris Lee and Marcia. He's business manager out at CJC... CJC Prof R.B. (Dick) Spencer plans to enroll this coming week for a graduate study at North Texas State University. His wife Dorothy is back home from Georgia where she spent a couple of weeks or so while her dad recovered from heart surgery.

MR. CHARLIE Moad, former city commissioner, will serve as acting city judge until a successor to Mr. O.T. Killion is named by the City Council... Mrs. Jack Ledbetter, who got home last weekend from Baylor Hospital in Dallas where she underwent surgery, is doing nicely... There will be no garbage pickup Monday as city employees observe Memorial Day as a holiday. The landfill will be open as usual.

FIRE CHIEF C.W. Guthrie needs some volunteers to help with storm warning work in the west and north areas of Eastland County. He is the civil defense coordinator as far as storm warnings go for the quadrant of the county that includes Cisco and the areas west and north.

If you live in the rural area west or north of Cisco and would like to volunteer, call Mr. Guthrie or the Cisco Fire Station (442-3078). Your help is needed to observe and track storms and to warn folks if one looms.

CISCO FIREMEN, by the way, would like to say thanks to some more folks -

Mr. Raymond Whitley for paint and Poor Boy's Garage for a horn. Both donations were for the rebuilt fire truck that will serve rural Cisco areas.

Mr. Guthrie, David Gill, Bill Webb and others have rebuilt the truck largely with donated items and money. It's about ready to run... Glad to see Raymond Whitley back in town after a sojourn on the gulf coast. Understand he's back at Cisco Paint and Body Shop.

MORE THAN AN inch of rain fell hereabouts early Tuesday as a cold front thunderstorm moved through. The month's total in Cisco amounted to about five inches. The rainfall has been heavier to the south and west. Gardens and lawns never looked better. Area stock tanks are full.

The rainfall, never more than an inch at the time, hasn't put much water in Lake Cisco. The gain out there probably won't exceed six inches, we were told. Lake Bernie is in excellent condition.

PRELIMINARY figures give an indication that property values will sound pretty high when the state-wide re-assessment program goes into effect with the next taxing year. At the Cisco City Council meeting last Tuesday night, it was reported that city valuations will increase from \$19,287,823 to \$42,079,306.

As property values are pegged at 100% of actual value, of course, the tax rate will come down. Cisco's \$1.65 rate (for the current year) would drop to about 66 cents per \$100 valuation next year.

Haven't seen school district figures yet, but they will doubtless be up substantially as much oil activity has taken place.

SPEAKING OF the City Council, the meetings

haven't attracted very many spectators the past few months. Among those we saw in the audience last Tuesday night were Rev. John Clinton, Mrs. Loyal Lundstrom, Gene Abbott, C.W. Guthrie, David Gill, Mary Ellen Wood, Louise Allison, John Webb, O.T. Killion, Jim Webb and maybe another person or two... The meetings are all business with virtually no discord... Mrs. Allison, a former Council member, often offers helpful background data on items being discussed and studied.

MR. AND MRS. Loyal Lundstrom of Cisco Kid Motel, the Bus Station and Cisco Monument Works, were the first paying customers when the Kiwanis Miniature Golf Course opened last Saturday... The partnership golf team of Tracy Owens and Dorothy Farnsworth won the couple's golf title at Lone Cedar Country Club last year and they are due to defend their title in this year's tourney... An Aerobic Fitness Class will meet Monday, May 31, at 6:30 p.m. in Fellowship Hall at First United Methodist Church. It will run for eight sessions and cost \$15. Same will be taught by Lena Winge of FUMC. It's open to the public. Call the church or show up there Monday night.

THE THUNDERSTORM last Tuesday morning (1:30 a.m.) knocked out electric power for some 200 folks in the Putnam area. West Texas Utilities folks from Cisco went over to help restore power... Gorman lost power for an hour or more the same night. Texas Electric Service Company serves that area.

Graduation day at Texas Lutheran College was not only a celebration for Jon Cermin of Cisco, but also a homecoming for his parents, Dr. Ayres and Mrs. JoAnn Cermin, 1957 and 1956 graduates of TLC. Jon's brother, Jeff, also graduated from TLC in 1980. 1982 Commencement exercises were held on the campus May 14.

L.V.N. Pre-Testing Set June 14 At College

Pre-testing for the Cisco Junior College August, 1982 Licensed Vocational Nursing program in Cisco will be held Monday, June 14 at 8:00 a.m. in the LVN classroom in the Vocational-Technical Building. Fee for the test is \$17.50.

Prospective students must be at least 17 years of age and must be in good physical and mental health. Students must be high school graduates or have successfully taken the GED examination establishing high school equivalency.

For full information, interested persons (male or female) may contact Vocational Dean, Gerald Birt or Program instructor, Mrs. Wanda Wheatley in the Vocational-Technical Building on the campus or by telephoning (817) 442-2567.

OBITUARY

Funeral Services For Ethel Speed Held Saturday

Funeral services for Ethel Mayhall Speed, 68, of Cisco, were at 2 p.m. Saturday at Kimbrough Funeral Home. The Rev. David Adkins of First United Methodist Church officiated. Burial was in Bullock Cemetery north of Ranger.

Mrs. Speed died at 9:30 p.m. Wednesday at E.L. Graham Memorial Hospital after a long illness.

She was born September 16, 1913, in Stephens County. She married Neal Charles Hodges on February 5, 1928, in Oklahoma. He died in 1958. She was a member of First United Methodist Church and the Rebekah Lodge.

Survivors include a daughter, Joyce Marie Boyd of Moran; a son, Richard Charles Hodges of Delta Junction, Alaska; six brothers, Edward Lester of Houston, Raymond Lester, Andrew Lester and Hugh Lester, all of Lubbock, Donald Ray Lester of Hobbs, N.M. and Carlee Lester of Fort Worth; three sisters, Lula Mae Eggeton of Big Spring, Jane Watson of Breckenridge and Alta Lester of Fort Worth; eight grandchildren and four great-grandchildren.

Services For Rachael Smith Held Saturday

Funeral services for Rachael Smith, 67, of Cisco, were at 4:30 p.m. Saturday at Cisco Funeral Home Chapel. The Rev. David Adkins, pastor of First United Methodist Church, officiated. Burial was in Oakwood Cemetery.

Mrs. Smith died at 10 p.m. Thursday in West Texas Medical Center after a lengthy illness.

She was born June 26, 1915, at Brideport, Indiana. She married Carrel Smith on March 15, 1935, in Cisco. She was a member of First United Methodist Church.

Survivors include her husband; her mother, Mrs. C.C. Clarkson of Dublin; two daughters, Beth Prickett and Mary Ann Perry, both of Cisco; three sisters, Helen Spruill of Dublin, Leta Glazner of Bedford and Merita Wright of Stephenville; nine grandchildren.

The family has requested that memorials be given to the First United Methodist Church Building Fund in Cisco.

Funeral Services For Warren Babb Held Thursday

Word has been received that funeral services were held Thursday for J. Warren Babb, former resident of Cisco. He died May 25 in Ocean Spring, Miss., after a long illness. He and his wife

were visitors here at the 1976 C.H.S. reunion. Mrs. Babb died in 1979 and Mr. Babb returned here alone for the 1981 Folklife Festival and school reunion. He was a 1920 graduate of C.H.S. and enjoyed these visits with old classmates. A sister, Thelma Ewell, formerly lived in Cisco for many years. Sympathy is extended to her and other family members.
