

# HALL OF REMARKS

BY HERREL HALLMARK

I HEARD OF an unusual dog-bite one day this week. Ted Fields told me about a young college student, Chuck Durning, who works for him at Ted's and Rex's One Stop. Chuck is the nephew of Jerry Hastings of Cisco.

It seems that Chuck was inside his mobile home at Everett's Motor Park when a recent thunderstorm came up and he heard his dog outside. It was raining, so Chuck went to the door to let his pet in the house. He opened the door and stepped out on the step of his home and leaned over to pick up his dog while holding onto the doorknob.

However, Chuck's mobile home was connected up wrong to electricity and the outside of his home was charged. It wasn't any problem unless the ground was wet, as it was that night.

When Chuck touched his dog, it completed a ground for the electricity; he was shocked by the mobile home and in turn he shocked his dog. The dog then bit a "big

bunk" out of Chuck's foot. Ted said normally the dog is real gentle. He said Chuck is using crutches for a while now, until his foot heals.

And according to Ted Fields, that is the story of the "Electric Dog-Bite."

HAVE YOU noticed the large flags on the front of Ted's and Rex's One Stop? They have an American flag and a Texas flag made out of wood and nailed to the top portion of the store.

They said they were having too much trouble trying to fly the real things, so they had the wooden ones made and painted.

They look real nice and with the 4th of July weekend coming up, they seem to show patriotism also.

REMEMBER to be especially careful this weekend with fireworks and also if you are planning to be on the highway traveling during the holiday weekend.

MANY BUSINESSES will be closed next Monday in observance of the July 4th holiday which falls on Sunday this year. The Cisco Press plans to be closed Monday and I would like to encourage everyone wishing to have something printed in next Thursday's paper, to be sure and turn it in to our office early Tuesday morning.

A promotion for one employee and the hiring of three part-time workers was announced Thursday by the Cisco Post Office.

Mr. Wende, a native of Cisco, has held most of the positions in the post office during his seven years of employment. He is a veteran of the Vietnam Conflict. He is married and is the father of two sons. The Wendes own their home at 1103 West 14th Street.

Rev. Ronnie Shackelford of Glen Rose is the new pastor at the Calvary Baptist Church in Cisco.

each week. He and his family were able to move into the parsonage at 104 East 18th last week.

His wife, Celia, is an LVN and was employed as a director of a Senior Citizens Center for five years in Glen Rose. The couple has two children, Wade, 14, who will be a sophomore at Cisco High School this year, and Philip, 11, who will be a sixth grader.

## New City Budget Won't Require Added Revenue

A city budget providing for approximately the same tax revenues and expenditures next fiscal year, including a seven and a half per cent cost of living salary increase for employees, was tentatively approved by the City Council at a budget work session last Tuesday night.

The new budget will be completed at work sessions before its final adoption before the beginning of the 1982-83 fiscal year on Oct. 1, City Manager Mike Moore reported. The Council spent three hours studying department figures at the first session.

Mr. Moore noted that the City of Cisco is typical of small town in that its population is relatively static with an annual population gain of about three per cent and without significant developments in taxable residential and shopping buildings.

The Council will set a tax rate in the area of 86 cents per \$100 valuation to generate the same revenue under the reassessed valuations as the \$1.35 tax rate provided for the 1981-82 fiscal year, Mr. Moore said.

Although a good many people have reported that the new appraisals have raised their tax bill, the over-all tax revenue will be unchanged, the city manager said. The reappraisal has, in some cases, redistributed the tax burden, he added.

The cost of living pay hike for city employees will be accomplished without layoffs or staff reductions, Mr. Moore said. "We will be able to cut a few corners here and there in order to raise salaries without increasing the over-all budget requirements," he said.

Preliminary figures indicate that the new budget will call for expenditures of \$706,675 in general fund money plus \$380,500 for the utility fund.

The 1982-83 revenue sharing budget will call for spending \$54,244 and the city manager said that a second hearing on this matter will be held July 13. Anyone with suggestions will be welcome at the meeting, he said.

Present for the meeting were Mayor Eris Ritchie, Councilman Brad Kim-

brough, Bobby Ingram, Loyal Lundstrom, Bobby Rains and Ivan Webb along with the city manager.

## Financing Assured For Airport Work

Paving of the area around the administration building and hangars and an automobile parking lot at the Cisco Municipal Airport will be accomplished without cost to the city if the Texas Aeronautics Commission approves the project, City Manager Mike Moore reported Thursday.

The city airport board met Tuesday afternoon with Mayor Eris Ritchie and the city manager at City Hall and board members agreed to underwrite the some \$1,400 needed to complete the city's share of the \$18,275 project.

The city has applied for a \$15,200 grant, leaving \$3,075

# GORDON SPOT

By DeMarquis Gordon

With the abundant rains we have had in Eastland Co. in May and June, everything is green and growing fast. This includes weeds in crops and lawns.

Home lawn weed control can be very frustrating. Following a good maintenance program will help a lot in building a dense turf that will discourage the invasion of weeds. On the other hand, a weak, thin turf will allow weed seed germination and establishment.

Once a weed is established, it can either be removed physically by digging or it can be removed chemically. Physical digging is fine if the weeds are few and if they do not have underground reproduction organs. The dallisgrass plant is a good example of just such a plant. You can dig it up but the chances are it will just regrow from the underground parts that you don't get.

When considering chemical weed control, it might be well to remember that you are trying to remove an undesirable plant that is growing among desirable plants and many times it is not an easy task.

Generally, lawn weeds may be divided into two groups, those that have broad leaves such as chickweed, henbit, spurge, etc. and those that have grassy type leaves such as dallisgrass, crabgrass, goosegrass, etc.

Grassy type weeds may be controlled in bermuda grass lawns with either MSMA

(Monosodium methanearsonate) or DSMA (disodium methanearsonate). Several applications may be necessary and the bermuda may turn yellow, but it should recover. Grassy type weeds cannot be selectively controlled in a St. Augustine lawn. They may be removed by spot treating just the individual weed with either of the above chemicals or with glyphosate (trade name—Roundup or Kleenup).

Broadleaf weeds are usually controlled with products containing 2,4-D MCPP and dicamba. These chemicals are not safe for every lawn or for every situation. The only way to be sure is to check the label on the container. Be sure the chemical will control the weed you are after, is safe to use on the type of lawn you have and will not injure nearby ornamental plants.

For best results, apply the herbicide only when the weeds are actively growing. The hardest time to kill a weed is when it is hot and dry and the weed is under moisture stress. Try to pick a cooler day with little wind movement and when soil moisture levels are fairly high.

Always follow the directions on the label.

# Homemaking Hints

By Janet Thomas

Examine the many aspects of today's new microwave-convection oven combinations on the market before making a buying decision.

Microwave-convection ovens are getting a lot of attention right now, as, ideally, they combine the speed and efficiency of microwave cooking with browning and crisping qualities of the convection oven.

**HOW OVEN WORKS:** Microwave-convection ovens allow you to cook with microwave OR convection (circulating hot air) OR a combination of both methods.

These ovens have both power levels and temperature settings.

Some will heat up to 450 degrees F., while others will heat no higher than 300 degrees F.

Convection cooking allows food to be cooked at lower temperatures than you would normally need for conventional cooking.

**CHECK FOR ROOMINESS:** Combination ovens look very much like microwave ovens, except they're larger and they must be vented for release of hot air. This requires substantial counter space.

Check the inside cavity in each case to see that it's large enough to cook your largest items, such as large

roasts, turkeys and other bulky items.

**RECIPE FOR THE WEEK:**

Going by the telephone calls, coming into my office the last few weeks, quite a lot of canning and freezing is going on in Eastland County. Remember, we have free food preservation bulletins that are available. Just call me at 629-2222 or stop by the Extension Service Office which is located on the basement floor of the Eastland Co. Courthouse.

**DILLED OKRA**  
3 pounds young okra, uncut  
celery leaves  
cloves of garlic  
large heads and stems of dill  
1 quart water  
1 pint vinegar  
1/2 cup salt

Pack scrubbed okra into hot pint jars with a few celery leaves, 1 clove garlic and 1 head and stem dill for each jar.

Make brine of water, vinegar and salt; heat to boiling. Pour over okra; adjust lids at once. Process in boiling water bath 5 minutes. Let stand 3 to 4 weeks before eating. Makes 6 pints.

This recipe was acquired from Dr. Al Wagner, Jr. who is an Extension Food Technologist for Texas A&M University.

# 4-H'ers Preserve What They Grow

Growing a garden can be fun and productive whether you live in the country or city. One of the most adaptable plants for growing in a large garden, a small plot or a window box is the tomato. It has great potential not only as a fresh vegetable but for preserve as well.

4-H members in the 4-H gardening and food preservation programs are discovering this versatility.

If your plot is small or is just a window box or barrel, choose cherry or pear tomatoes rather than the larger varieties.

4-H members in the national 4-H gardening program, sponsored by the Or-

tho Consumer Products Division, Chevron Chemical Co., have learned that an apartment terrace or backyard garden needs plenty of sun. Use aluminum foil, chrome reflectors or mirrors to make sure that your crop gets the equivalent of six hours of sun a day, whether direct or reflected. If possible, put your crop on wheels and roll it to the sun as it moves.

Once tomatoes are ripe, 4-H members in the food preservation program, have lots of ideas for using them effectively. Soup, pickles, preserves, sauces and relish are a few favorites.

For more information on the 4-H gardening and food preservation program, contact the county Extension office, 629-2222 or 629-1093.

**Public Notice**  
Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.  
It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.  
A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.  
Notice to El Paso Area Customers  
Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.  
Notice to Customers of Other Telephone Companies  
The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

**Aviso Público**  
Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.  
Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.  
Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.  
Aviso a Clientes en la Región de El Paso  
Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.  
Aviso a los Clientes de Otras Compañías de Teléfono  
El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

# Bro. & Mrs. Jones Tell Of Raising Their Family In the Lord

The children of Bro. and Mrs. M.H. Jones would like to invite all family and friends to join them in a reception given in honor of Bro. and Mrs. Jones at the Eastland Community Bank room on East Main in Eastland at four in the evening on July 3.

Murland Har (M.H.) Jones and Thelma Loucille (Lou) Foller met in September of 1956 at Key City Baptist Tabernacle in Abilene, Texas. The L.C. Jones family had just moved to Abilene from Anson, Texas.

Through the coming months the W.R. Foller and the L.C. Jones families worshipped and fellowshiped together regularly.

A July 4th wedding was planned at the church with

many family members involved. Bro. Doug O. Shelley, now pastor in Victoria, Texas, performed this, his first wedding. His wife Joyce and a close friend, Rita Davis, sang. Best man was William Havner, a cousin of the groom. Their ushers were the oldest brothers of the bride and groom, Huston Jones and Bobby Foller.

The candlelighters were the youngest brothers of the bride and groom, Doyle Jones and Jimmy Foller.

Bro. & Mrs. M.H. Jones

The maid of honor was Leola Helm a cousin of the bride. The flower girl was Debbie Barone, and the ring bearer was Dee Rounsaville, nephew of the groom.

The wedding gown was a traditional gown used by family members. The colors of the wedding were the colors of the rainbow. The bridesmaids were Edna Ruth Jones sister of the groom and Betty Rains cousin of the bride. Their dresses were waltz length.

It was hard to tell who was the most nervous, the groom who had to go back for the ring; the bride who's flower girl had to be replaced because of the measles; or the preacher who was overheard stating after the "I pronounce you's" "are they married yet?" Well they were and they are!

Church work has always been the activity and Christ the center of their marriage. The fellowship Baptist Church had it's original meeting in their home with Bro. Dan Royall in 1960.

They also were builders in 1959 in the Central Baptist Church of Abilene's Northside. They helped begin the Bible Baptist Church with Bro. R.O. Sims in 1969. Bro. Jones became a deacon of East Side Baptist Church in 1965.

After accepting the ministry call in 1974 they moved to near Bay City, Texas. The family now consisted of four sons, William Terrell (Terry) born July 15, 1958; Murland Timothy (Tim) born February 17, 1960; Jeffery Thomas (Tommy) born June 26, 1961; and Stephen Tracy (Tracy) born January 30, 1968.

The family conducted a weekly television program with singing and preaching. Bro. Jones also helped in the building of the First Baptist Church of Matagorda, Texas.

After a year of traveling and preaching and various churches, they moved to Albany, Texas and to the Northside Baptist Church as pastor. The family enjoyed meeting each Saturday night at the Rest Home for the three years they were there.

The oldest son Terry, went off to Trinity Valley Baptist Seminary in Kennedale, Texas, and Tim graduated from High School in Albany in 1978.

On Mother's Day of 1978 the family moved to Eastland and Calvary Baptist Church to pastor. Tommy graduated in 1979 from Eastland High School. Terry married Loyce Scott, daughter of Bro. and Mrs. C.N. Scott of Eastland.

On February 2, 1979, Tim married Belinda Morris daughter of Wesley Morris of Clyde and Mrs. Glen Irvin of Abilene on August 4, 1979.

The first grandchild Penny Diann, daughter of Terry and Loyce was born on September 25, 1980.

Tommy married Toni Brewer, daughter of Bro. and Mrs. Estell Brewer of Putnam on December 27, 1980.

Bro. and Mrs. Jones along with the R.O. Sims family began meeting in a mobile home, now the parsonage of the Maranatha Baptist Church in January of 1981 with the Independent Baptist Mission. When the church was organized in April of 1981, Bro. Jones was called as pastor.

Bro. Jones' variety of secular occupations has helped him in working with many people. He is now employed at B.C. Construction Company in Ranger.

Lou Jones worked at the original Headstart Program in Abilene. She has had a Bible Class for over three years at Northview Development Center in Eastland. She has also taught a special Honor Class in regular Church services.

Mrs. Jones enjoys sewing and music. Their whole family is involved in music. Bro. Jones plays the guitar and Lou plays the piano and has written several songs. There is not even one of the family that doesn't sing, and some have other talents. They have raised their family in the service of the Lord.

Both Bro. Jones and Lou were raised to accept responsibility and according to Bro. Jones, "You only get out of something what you put into it!" The Jones' comes from a family of "stickers." The M.H. Jones' now married twenty five years. The L.C. Jones married fifty three years. The W.R. Follers married forty eight years and grandparents the Jim E. Follers married seventy three years.

"The blessings will come down as the prayers go up."

Select Artist

Peggy Hooten

Displays Paintings

Select artist representing Eastland County Art Association in July is Peggy Hooten. Her work can be viewed at Eastland National Bank.

Mrs. Hooten is married to Rev. Jim Hooten, Pastor of the First Baptist Church of Eastland.

Peggy graduated from North Dallas High School and North Texas State University with a degree in Business Administration.

She began painting in 1968 while living in Uganda, Africa, as a Baptist Missionary. A small group of American and British women met weekly to paint African subjects and to encourage each other. While in Uganda, Peggy had an opportunity to learn Batik and tie and dye. During her 18 years of work in Africa, while living in the countries of Uganda and Kenya, she enjoyed painting the people and animals. She had one watercolor course while in Africa.

Peggy and her husband returned to the States because of illness and they lived in New Jersey a short time. Mrs. Hooten had some instruction in oil painting while there.

Since returning to Texas and Eastland, this artist has had workshops with Roger Iker, Betty Ritchie and Bill Huffaker.

Peggy is a member of Eastland County Art Association and she won First Place in the Association's 1982 Art Show - Amateur Miscellaneous Category.

In 1981-1982, Mrs. Hooten taught the Cambodian students English in the Eastland Public Schools.

## RJC Student Nurses Take On Challenge

This semester the student nurses from Ranger Junior College took on a new challenge not normally a part of their curriculum. They put in extra hours outside of class time, to become ECA's (Emergency Care Attendants).

This course is not as involved or as long as an EMT course, but it does teach the student more than the basic first aid required by the state for student nurses.

The students were re-

quired to learn CPR, basic bandaging and splinting, oxygen therapy, suctioning and how to apply a Thomas half ring a form of traction sometimes used to immobilize a leg.

At the end of the course each student was required to take a written examination and a practical exam given by the EMT state testers.

We are proud to say that each of the nursing students passed their exam and are now certified ECA's.

# Roof Garden Dinner Theatre Will Present Musical Comedy

The Roof Garden Dinner Theatre, operated by the Fine Art Department of Cisco Junior College, will present "A Funny Thing Happened on the Way to the Forum," by Burt Shevelove and Larry Gelbart with music by Stephen Sondheim, July 8-10 and 15-17.

Philip Craik, theatre director, is combining the talents of the theatre's Artists-in-Residence with those of the student apprentices and a couple of townspeople for the presentation of the first large-scale musical in the Roof Garden.

This show is a zany musical comedy that combines a hilarious blending of Latin comedy with vaudeville, and it deals with the connivings of Pseudolus, a slave, played by Guest Artist Clay Freeman. Pseudolus attempts to obtain his freedom from Hero, his young master, played by student apprentice Jackson

Boen. Hero promises freedom provided Pseudolus can obtain for him the beautiful girl, Philia, played by student apprentice Mary McGrew.

Deliciously unsavory characters, parents, neighbors, and even strangers are involved in the mounting confusion as the side-splitting comedy unfolds.

The dinner will consist of Italian fare in keeping with the Roman flavor of the play.

The summer program with its use of semi-professional actors has received favorable reviews since its beginning four seasons ago. Only this year the West Texas Chamber of Commerce at its annual meeting singled out the Roof Garden for its "outstanding contribution," and presented it with the Cultural Achievement Award.

Wyley Peebles, chairper-

son of the CJC Fine Arts Department, said, "If our first show of the summer is any indication, we will have sold out audiences for this one." According to Peebles, requests for the previous show had to be turned down because it sold out.

Early reservations insure the best seats, and CJC personnel report that they have already received reservations for all six performances of "A Funny Thing." All seats are reserved, and reservations should be made by noon the day of a performance. Tickets are \$11 for dinner and show. Reservations may be made by calling (817) 442-2567 during business hours or 442-2589 after hours and weekends.

## Debates On Tax Energy Taxation

An advertisement - complete with a border and picture of insects - appeared recently in a Shopping Paper from the Abilene area. It said:

"Three 'Boll Weevils' Gramm-Leath-Stenholm voted against a bill to grant the Papp Indians water from Federal Lakes and set up a 15 million Trust Fund to identify them for water rights stolen from them.

"The 'Boll Weevils' have joined the 'Gypsy Moths' 'Yellow Jackets' 'Republicans' to tip off people they are supposed to represent.

"We need a good insect spray (Voters) to rid Texas of these pests!"

What the ad did not say was that these Congressmen - along with Texas Senator Lloyd Bentsen and several others - have been in the forefront of a fight to keep new taxes off national energy resources.

This battle, which is shaping up in Washington as a continuing fight between a northeast-midwest Congressional coalition and representatives from oil-producing states, will have far-reaching effects.

Oil industry officials warned that moves by Congress to boost taxation on their products will cause a continued U.S. recession and an inability to compete overseas. Increased energy taxation, they said, should not be used to balance the Federal budget.

On the other side of the battle, Rep. Howard Wolpe, D. Mich. said that such a tax - preferably a 30 per cent tax on domestic crude oil - should be enacted to replace the so-called windfall profits tax.

"It should be noted that one of the Treasury's largest sources of energy-related revenue, the windfall profits tax, will, for the first time,

raise less revenue in 1983 than in the previous year," said Wolpe.

"Our nation's energy resources should be viewed as American resources," he said. "Their benefits should be enjoyed by all of America, not just by the oil industry or a few states, who by geological chance find these resources within their borders..."

Under Wolpe's proposal, 75 percent of the tax would go directly to the government to reduce deficits. The remaining 25 per cent would be split between conservation efforts and block grants to revitalize state economies.

The House Energy and Commerce Committee conducting the hearing on the crude oil tax is also considering an oil import fee, a tax on gasoline and a tax on the British thermal units of energy used. A similar hearing was conducted by a Senate panel two weeks ago.

Charles DiBona, President of the American Petroleum Institute, said any new taxes could stunt growing efforts by U.S. oil firms to find domestic sources of oil.

DiBona also sought to halt ideas that huge Federal deficits should be reduced by taxing energy production. "It is critically important," he said, "that the formulation of a tax policy under current 'budgetary constraints not jeopardize the energy capability or the industrial capacity of the nation."

As this discussion heats up it is very important for citizens to write their Congressman - whether these are call 'Boll Weevil' or not - giving views, and/or support. The outcome will have a direct bearing on our economic future, and our survival as a nation.

# An Eastland County Independence Day Family Remembers Their Historical Past

By Viola Payne

During the Fourth of July Holidays Ed Posey Jr. of Cisco will pump gas as usual at his large Gulf Station south of the Interstate. A number of tourists pulling down the access road to Highway 183 will stop, and notice his friendly manner and attention to their needs.

They will probably not realize that Posey has some other things on his mind this Independence Day - subjects which add quite a dimension to his life. Things like the American Revolution, and the part his ancestors played in it.

Of course this is a long way in time and place from Cisco, yet it has some bearing on the present too. The present is actually a good time for Posey and his wife, Jean. They have a home, the Gulf business, six children, and five grandsons. And Posey is involved in current as well as historical things - his fine pecan trees, local happenings, the Eastside Baptist Church, and the Cisco High School Football Team. (And speaking of the Lobo Team, how many other people have had a son and two grandsons who played on a football team at the same time? This happened to the Poseys in 1982.)

But when the Poseys have enough time for a trip, they are quickly drawn to museums and historical places.

"I like old things," Posey explains. "Antiques, old documents. Even old deeds and tax receipts really interest me."

Recently Ed Posey Jr. obtained an interesting book about the Posey family in America. This volume was compiled by Lloyd Franklin Posey, an Asst. Professor of

Education at the University of Southern Mississippi, and his wife, Betty Sue Posey, a Librarian at the same school. Until Ed Posey read this book, most of his family information began with happenings in Red River County, Texas, where the family settled in 1846.

Research by the University Professors led them to conclude that the name 'Posey' was not originally Anglo-Saxon, as one might think, but was derived from the French name 'Poschet'. There are not a large number of persons in America with the name of Posey, and they are probably all related to each other. Some of the families had a well-documented life in Virginia, where a Capt. John Posey was a friend and neighbor of George Washington.

Around 1750 Capt. John owned a plantation called "Rover's Delight", which joined Mt. Vernon and touched the Potomac River on the east. Posey operated a ferry, fishery, and fish-drying business in addition to the plantation.

Capt. John first distinguished himself in the 2nd Virginia Regiment during the French and Indian wars. He later fought in the Revolutionary war. Washington referred to him in diaries as "Mr. Posey".

Capt. John's operation of the Ferry probably accounted for his connections over in Maryland, and he began to make some purchases for George Washington.

The first entry in Washington's Diary is dated "Tuesday, Jan. 1, 1760." In this entry he states: "I called for Mr. Posey's on my way home, and desired him to engaged me 100 barrels of

corn upon the best terms he could in Maryland."

Posey procured land for Washington in Pennsylvania, some from as far away as Florida, and land to add to the Mt. Vernon plantation. Capt. John was also a frequent companion on hunts with Washington, and his wife and children were frequent guests in the Washington home. Milly Posey, Capt. John's only daughter, spent a lot of time as a guest and companion of Martha Washington's daughter, Patsy Custis. Milly stayed in Mt. Vernon after Patsy's death and the death of her own mother. Washington paid for part of Milly's education.

After the death of his wife Capt. John recovered enough to write George Washington an amusing note saying that he was "hunting for a rich widow". He found another wife, but apparently there was no great riches. Times were hard, and eventually George Washington came into possession of the Posey estate. Although this is not verified. The Posey silverware is thought to be part of the display at Mt. Vernon now.

One of the next generation of Poseys was General Thomas Posey, son of Capt. John. Thomas Posey, now just a handsome image on a page of the Professor's book, embodied the spirit of his times and the push to the western frontier.

He became a Captain in the Revolutionary War at age 19, distinguishing himself in a number of battles. He spent the terrible winter of 1777 at Valley Forge, but also shared in the glory of the British surrender. Gen. Thomas was present at the surrender of Cornwallis at Yorktown, and he personally received the pistols of the British Commanding Officer.

Several years after the war General Posey served a term as U.S. Senator of the Louisiana Territory. He became Lt. Gov. of Kentucky, Gov. of Indiana Territory, and Gov. of the Illinois Territory. He also served as an Indian Agent, and led out in the war of 1812. He became a Major General in this conflict.

In 1846 Texas became a part of the United States, and another generation of Poseys headed for the frontier. Leaiden Posey and family arrived in newly created Red River County, N.E. Texas, one of the first three families to settle there. The Poseys acquired farm and ranch land, and became involved in various enterprises. Clarksville became the County Seat of this area.

Leeaiden Posey had a son named Enos Posey, and then

down the line came Eri McNab Posey, Eri McNab, the Grandfather of Ed Posey Jr., was an outstanding citizen in a number of ways. He fought in the 32nd Texas Cavalry during the Civil War, and upon his return became a lawyer and Judge. He ran for the same Judgeship for 28 years, and got the office each time.

Ed Jr.'s father was named Edwin Drue. He remembers that his people were farmers and ranchers, with comfortable homes in Red River County.

Edwin Posey also worked for the Texas and Pacific Railroad, and continued in this type of work when the Depression hit in 1929-30. Times were very hard for the persons of his family in agriculture.

In 1932 Edwin Posey moved his family to Cisco, and that was the first time a small boy named Ed Jr. saw the place. Edwin Posey continued to work in various T P Depots, and at one time went into the trucking business.

Ed Jr. attended Cisco schools, and played on the Lobo Football team. But he

soon found out that the Poseys weren't through going to war! World War II began when he was 18 years old, and he enlisted soon afterward.

He was sent to Europe, where he served in the 274th Infantry Regiment. This was a combat team fighting along the Metz highway - a German supply route into France. Casualties were high.

"People don't understand what war is really like," Posey says. "Unless they have been there - they don't know. My best buddy was killed right beside me."

Posey was awarded the Bronze Star, the Combat Infantry Badge, and what he refers to as "several other things" during this severe fighting.

The end of the war meant coming home - and studies at Cisco Junior College. Ed Jr. completed a Business Course, then went to work as a bookkeeper for J.M. Radford of Co. Cisco, wholesale grocers.

About 20 years ago he went into the service station business, and acquired the Gulf Station in 1979. He deals

in tires and some car repairs as well as petroleum products.

In 1945 Ed Posey married Jean Bailey of Scranton, daughter of pioneer family of that community. The Posey children are: Brenda (Posey) Reed, who lives in Irving, Andrea (Posey) Seabourn of Cisco, Carla (Posey) Munoz, Eastland, Robby Posey, Houston, (All-District on the Lobos), Curt Posey, Cisco (Honorable Mention All-District, Lobos) and Shane Posey, Cisco (All-District on the Lobos). Shane was the last Posey son to graduate from Cisco High School (1982). He helps his father with the Station business. Frank and David Seabourn are the Posey grandsons who play on the Lobo team.

So that's the picture of an All-American family - with an All-American beginning. So no one should object of Ed Posey Jr. takes a little time to reflect on things while pumping gas during the Fourth of July. After all - if there hand't been some people like the Poseys around, things would be considerably different. There probably wouldn't be an Independence Day at all.

# Lone Star Gas Company Applies For Increase In City Gate Rate

Dallas—Stating that the economic vitality of the utility's service area depends on an assured gas supply, Lone Star Gas Co. Senior Vice President Douglas W. Williams announced the utility applied to the Texas Railroad Commission today for an increase in its city gate rate. The company's application requests \$90 million increased revenues for its Transmission Division, including 100 percent recovery of the increased cost of gas purchases. Using a monthly average consumption of six thousand cubic feet (Mcf) per month, a Texas residential customer's bill would increase about \$4 per month.

The city gate rate is the amount that the company's Transmission Division is permitted to charge the Distribution divisions for gas delivered for sale to residential and commercial customers and for Distribution company-used and unaccounted-for gas. The Transmission Division buys

gas from producers and transports it to 536 cities and towns served in Texas by Lone Star Gas Co. The point at which city distribution systems purchase the gas from the Transmission Division for customer consumption is the city gate.

Since February 1980, the Texas Railroad Commission has allowed the company to recover only 95 percent of its increased cost of gas. This partial recovery has resulted in Lone Star being unable to recover \$13.5 million in gas costs through April 1982 and unable to earn the return granted by the Commission in 1980. For the same period, the average cost of purchased gas increased from \$1.85 per Mcf to \$3.38 in April of this year, an 83 percent increase.

"To compete successfully for new gas supplies, we must recover the increased costs of buying and providing to our customers this premium fuel," said Williams. "Only with full cost recovery can we pay

these increasing prices and hope to meet successfully the intense competitive pressures that now exist to secure additional supplies which our customers rightfully expect. I am certain," Williams added, "that the Railroad Commission fully recognizes the complexities in today's natural gas market."

The requested increase seeks to recover the higher cost of gas, inflation-related increases in operating expenses and a reasonable return on increased amounts of property used to serve the gas utility's 1.2 million customers.

## News From The Center

The month of June was a fun filled and inspiring month at Cisco Nursing Center. Vacation Bible School for five days was hosted by Rev. Armo Bentley and East Cisco Baptist Church at the Center. The residents were very excited because they had never had anything like this since they were children. This Vacation Bible School brought back pleasant memories. We thank Rev. Bentley and the ladies that worked so faithful with the residents, with Bible study, also arts and crafts. The residents are so proud of the crafts they made. Also the ventriquist, Lela Mayfield left a lasting impression on the residents. Many that hadn't been getting out to activities are now getting out to activities more. Even though Bible School is over we are still reaping the harvest.

On June 28th at 2:30 p.m. the birthday party was hosted by the faithful Pleasant Hill Homemakers Club. The residents were served homebaked cookies and punch. Birthday honorees were Iva Coats, Mary Baynes, Lydia Ziehr, Neta Gunn, Edith Terry, and Olga Bacon. We appreciate this club so much. We are always grateful to the church groups that remember to send cards to residents on their birthdays. For some of them this is the only mail they get.

On June 11th a Father's Day party was hosted by the Volunteer Council. Everyone was served cake and punch. A program of songs was presented by a group of the Kingdom Kids. We thank this group and their directors.

On Monday, June 21st a

special Father's Day party was hosted by the W.M.L. Women of the Redeemer Lutheran Church. Everyone was served cake and punch. At this party the father of the year was chosen. And a congratulation goes to Emory Hallmark who got a chance to wear the big hat and the world's largest neck tie.

On Wednesday 24th a group of children from the Lutheran Vacation Bible School came and sang songs to the residents. After which the regular Wednesday worship service was held. We appreciate the minister that volunteered for services. On June 18th Bro. Doyle Roberts of Faith Baptist Church. On Sunday 27th Bro. Clyde Evtatt brought the message. Juanita Mauldin lead singing and Patti Gorr, pianist. All of these activities meant so much to all of us at the Center. We appreciate you for taking time from your busy schedule to care and share. God bless all of you.

## Mrs. Owens Sings At Lions Meeting

Mrs. George Owens, director of the Wrangler Belles at Cisco Junior College, played the piano and sang a program of popular songs as the entertainment feature at the weekly luncheon of the Cisco Lions Club last Wednesday noon.

Lion Bob Conner was program chairman.

President Jack Farleigh read a letter from Governor Clements that expressed appreciation to the club for help in publicizing the Teenage Runaway Hot-line program in Texas. The club distributed literature and stickers regarding the program recently.

Guests included Mr. and Mrs. R.I. Greer, Mrs. Walter Knowlden and Ronnie Webb, all of Cisco.

Each production lasts two hours and admission is \$3.00 per person six years and above.

Also located on the pageant grounds is Texas' only all religious diorama and museum which is open every day of the year from 10:00 a.m. until 5:00 p.m.

This diorama and museum is scenes from both the Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as is possible, with narration from the King James Bible, and soft organ background music for each scene.

"As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with the biblical characters," related Mr. Kendrick.

Admission for children six years through 11 years is \$2.00 and adult admission is \$2.50. Each tour lasts 1 1/2 hours.

Mr. Kendrick also stated that in the future several new scenes from the Old Testament will be added. These include the parting of the Red Sea and a full size replica of the ark.

## Tax Relief For Two-Paycheck Families

If you and your spouse both bring home paycheck, you may be able to deduct up to \$1500 on next year's tax return. Differing rate schedules for single and married taxpayers give rise to the so-called "marriage tax penalty" when two wage earners of relatively equal income are married.

The Economic Tax Recovery Tax Act of 1981 will bring some relief to working couples who have been subject to the marriage tax penalty. The deduction from gross income is 5% of the qualified earned income of the spouse with the lower qualified earned income, or

### Lights from the Christian World

By: Josephine Cleveland

Man at this moment is stationed on planet earth. In spite of the earth swinging in an unchanging orbit of 66,000 miles per hour, man is held to it by a power called gravity. The centrifugal force exerted between the earth and the sun has been set by the British Astronomical Society to be the equivalent of 300 million tons. That is the same as the breaking strain of a steel rod three thousand miles in diameter. Yet, through the air where those

mighty forces are exerted, a bird can fly with ease. What holds it together?

Scientists cannot tell us but the Word gives us the reason, "and by Him all things consist."

Friend, Jesus' power holds everything together in an ordered whole. This power lives within each of His children. It is His Life in you living; His Love in you loving; His mind in you thinking; How exciting and thrilling to have this Christ in you. Listen to what Jesus says, "At that day ye shall know that I am in my father, and ye in me, and I in you."—John 14:20.

Today, Christian, you can look to Christ and be confident that all is well. You are of God and can overcome all things because "greater is He that is in you than He that is in the world."—1 John 4:4.

### Guest Slot

By HVO

NASHVILLE, TENN., is a magnet to Baptists and country music fans.

IT'S EASY to see what makes Nashville Mecca for every aspiring fiddler and guitar picker; with a beautiful old state capitol, it's the capital for country music.

We did the Parthenon and the Hermitage our first day as well as driving the town, looking at old churches, Baptist buildings, etc. The Parthenon is a recreation of the one in ruins in Athens and was erected in Nashville as part of their Centennial Celebration several years back.

The Hermitage is the plantation home of Andrew Jackson. It's a beautiful treat and as you looked at the carriage he used to make the 28-day trip to Washington, you're respect goes up.

The next day we did Opryland (Six Flags with music) and the Grande Ole Opry. As we did at many places we found that we were "a little early" in the season; schools weren't out, and a lot of events and schedules weren't up to the full summer timing. The Opryland amusement park was open only until 6 p.m.

which didn't really allow us enough time to do the ten musical shows and 17 rides. "We saw "America Sings" the longest running show of the park, which purports to tell the history of the country in music, and the Bluegrass Show, which was good, but not great.

We opted for the late (9:30 p.m.) edition of the Opry, and as we joined the throng of people waiting to get it, we saw at a great distance, Pat and Oneta Moseley of Eastland County, but didn't get close enough to holler at them at the Friday night show.

What a theater is the new Opry House — quite an improvement over the downtown original site, and the fact that the show we saw was being broadcast over the radio, we got the full dose of commercials and "brought to you by..." etc.

Naturally we saw Roy Acuff, apparently the great-granddaddy of the Opry, Porter Wagoner, Del Reeves, Del Wood (remember "Down Younder," and "South" of piano magic), and a bunch more we'd never heard of.

We got the impression that Roy Acuff must have a big interest in Opryland because he sure plugged it. The

Grand Ole Opry, Opryland and the Opryland Hotel are all located out of town in what is developing into a major entertainment complex.

While the kids rode rides at Opryland, we met and visited with a tobacco farmer from Bowling Green, N.C., who told us a lot more than we wanted to know about that product. He was equally interested in the peanut industry.

Grand Ole Opry plays Fridays and Saturdays, with matinees also on those days and on Sunday during the summer. Reserved seats at \$8 and general admission \$7.

The State capitol, completed in 1855, is beautiful and on the grounds are tombs of President James Polk and statues of Andrew Jackson, Sgt. Alvin York and Sam Davis, boy hero of the confederacy.

Among the numerous other attractions at Nashville which we did not visit, but which might be of

interest to many, were: Country Music Hall of Fame and Museum; Country Music Wax Museum; Car Collectors Hall of Fame; Music Row Attractions; Printers Alley; Twitty (Conway) City; Jim Reeves Museum; House of Cash (Johnny); and Music Valley Wax Museum and many others.

The Hermitage and Tulip Grove are the restored homes of Andrew Jackson and Andrew Jackson Donelson, National Historic Landmarks with beautiful landscaping and gardens, which also includes the Old Hermitage Church, still used, Presbyterian.

The Parthenon in Centennial Park is the world's only replica of the famous Athenian temple.

With determination we continue East, and bound for the World's Fair at Knoxville.

(Next: a summation of the Fair, and guess who we visited there with from Eastland County?)

### A THOUGHT FOR THE WEEK

We all know July 4th is a special date in history. It is a date that means many things to many people. Would it not seem proper on this July 4th to look back and review our progress; a progress unmatched in history by any country in any time or era? Would it not seem especially proper to recall the words of John Adams on our first July 4th? His words were: "This is our day of deliverance. With solemn acts of devotion to God we ought to commemorate it, from this time forward forevermore."  
Traditional flag waving, fireworks, and political speeches are fine. An excellent idea. They have always and probably always will arouse emotional patriotism. But is it not sad that through the years, the words of John Adams for "solemn acts of devotion to God" seem to have lost impact or significance? Can any one dispute that indifference to our religious heritage COULD be a major cause for our fears, frustrations and failures?

### Wedding Shower Set In Honor Of Begley & Fleming

There will be a wedding shower in honor of Miss Carla Beley and Mr. Ricky Fleming at the Gospel Assembly dining hall Tuesday, July 6, 1982, at 7:00 p.m. All friends and relatives of the couple are invited.

### Senior Citizens Nutrition Menu

The Fourth of July is a time when we like to be with our friends and family.  
The holiday is on Sunday, but since many members of the Center will be busy also on Monday the 5th the Center will be closed.  
Members of the Center have experienced all kinds of celebrations during their lives, but the Fourth of July has always meant getting together (always fried chicken and potato salad, galore!) hearing patriotic speeches and someone always had horse shoes and you could hear the ring of the shoes as they struck the peg.

We wish all the members of the Senior Center a happy holiday and hope if they are traveling it is a safe trip.  
The Center will be open for full activities Wednesday, July 7, so please call the registrar 442-1557 and make reservations for lunch Wednesday and Friday.  
Programs for the week are as follows: Janet Thomas, County Extension Agent, gave a brief talk and introduced Patri Spurlen. Miss Spurlen spoke on her work in 4-H and her experiences in the field of nutrition. The nutrition programs that are presented each month are most helpful and we appreciate Mrs. Thomas' interest and concern for the senior citizens of Eastland County. Roy Hathaway presented an interesting "Independence Day" program. Everyone enjoyed the presentation. A nice group of senior citizens met in the Eastland courthouse to welcome Congressman Stenholm, listen to an informative talk and ask questions.

The menus for the week are as follows:  
Monday, July 5--Holiday. Center will be closed.  
Wednesday, July 7--Beef patties, pinto beans, apple, carrot, celery salad, banana pudding, bread, butter and drink.  
Friday, July 9--Oven fried chicken, glazed carrots, whipped potatoes, fruit jello, bread, butter and drink.

Director

"The Rural Church Where The City Folks Attend"

# People n Things

A GROUP OF Cisco Intermediate School Cloggers will take part in the Cowboy Reunion program in Stamford Saturday, according to Mrs. Jerry Jeffcoat, their teacher and sponsor during the past school year.

The group will be clogging and folk dancing at the Old Fiddler's Contest at the Roundup Hall at 9:30 a.m. Saturday. The group includes Robert Wages, Jarrod Jeffcoat, Doug Shaw, Chris Wylie, Dee Wages, Aki Kleiner, Julie Weathers and Chelsie Pittman.

Mrs. Jeffcoat's father, Davis Jones of Stamford, is secretary of the Old Timers Association. He was interviewed on CBS News last year. Mrs. Jeffcoat grew up

in the Rule area and her parents moved to Stamford some years ago. The Jeffcoats were in Houston early in the week.

THE CHS CLASS of 1962 is expecting a crowd of some 200 for their big 20th anniversary reunion Saturday, reports President Olin Odom. They're meeting out at the Best Western Motel's White Elephant Inn recreation room. They'll eat Oscar's Barbecue at noon and spend the afternoon visiting.

Jimmie Jeffcoat, a member of the class, will travel the longest distance to attend the reunion. He lives at Berchtesgaden, Germany, where he is director

of outdoor education and teaches for the Department of Defense school.

Jimmie is the son of Mrs. Johnnie Jeffcoat and a brother of Jerry Jeffcoat. His wife Resi will be with Jimmie.

A U-HAUL TRUCK backed up to the residence at 1010 West 7th Street - the house that the John McGuire's purchased recently from the Martha Graves Estate - and unloaded the household of Randy and Jan Angel on June 30th. The Angels moved their household and three children here from Copperas Cove.

Randy will join the coaching staff at CHS and will work primarily with the Lobo offense. His wife Jan will be the new CHS homemaking teacher when classes fire up in late August for the new school year.

The three Angel youngsters are Tani, a senior girl; Lance, a 7th grade boy; and Traci, a sophomore girl. Both Mr. and Mrs. Angel are graduates of the University of Oklahoma. They've been in teaching seven or eight years and are Baptists. They've leased the house from the McGuire's.

Welcome to town!

CofC MANAGER Gene Abbott looked real western in his cowboy boots, western shirt with bolo tie, western hat and the like Tuesday. But he dressed for an event a day early. It was not until Wednesday that he was to meet a bus loaded with some 46 Girl Scouts and their parents and leaders from Georgia. The group had gone to California on a special bus and en route home had planned a noon stop in Cisco.

The bus arrived as scheduled on Wednesday and Abbott, still in his western outfit, met them at the Colony Restaurant, made a talk of welcome, gave them some Cisco literature and ate lunch with them.

Golfer Abbott got into a tricky situation out at the Cisco Country Club the other afternoon. He drove his golf cart over near the No. 8 green and hit practice balls for a time. Then, he packed up and started to leave. He needed to back the cart up to turn around.

In the backing process, the

Abbott golf clubs fell off the car and the clubs, bag and all got tangled up under the cart. It was dark before he was able to get things in order and go home.

GOLF COURSE Manager Bob Bennie tells us that vandals broke into the pro shop at the CCC last Tuesday night. Missing was all of the shop's stock of candy. The sheriff's office sent investigators who were able to get some good finger prints.

Let's hope the vandals are caught. They broke a window to enter the shop. The CCC has taken the pro shop over from the John Schaal's who had operated it for several months. Anyone interested in running the shop should contact Robbie Robinson or Bob Bennie for details.

HOME FROM A week or ten days in Arkansas are the E.L. Jackson of our town. They drove first to Hot Springs where daughter Eugenia met them for a visit. Last Thursday, Mr. ELJ was a special guest of the Mena Lions Club of which he is the last surviving charter member.

The Mena Lions honored the Ciscoan who joined others in organizing the club there in 1923. The Jacksons enjoyed their Arkansas stay and saw sons Eddie and Robert and families in Garland and Fort Worth during their trip east. And they're glad to get home.

MR. ERNIE RICE, Eastland oil man, had an experience like Pro Golfer Bob Gilder enjoyed on national television last Sunday - he holed out a shot from way off the green the other day. If you watched the television golf, you saw the Gilder ball roll into the cup from 250 yards out.

There was a slight dif-

ference in the two experiences. Gilder's hole-out was for a double eagle two. Rice's was for a par four - on the No. 9 green at the Cisco Country Club.

LAKE CISCO Patrolman C.H. (Cats) Ingram reports that several strippers (bass) have been caught this year at the local lake. Biggest he saw weighed three or four pounds. As you know the lake was stocked with strippers a couple of years ago. Ace Prescott, CJC athletic director, has hooked several nice bass lately at the lake. Kyle Anderson, No. 2 son of the Al Andersons, was wearing a bull whip around one shoulder when we saw him the other day. Do you suppose he herds bulls?

JOE HEYSER, son of the J.V. Heysers, was due home from Lubbock and Texas Tech summer classes this weekend. Miss Janice Justice, Lubbock school counselor, is visiting her mother, Mrs. Ellen Justice, in Cisco. Wilson Smith probably has the biggest lawn to mow in town. By the time he gets around, it's time to start again, he says.

Ed Farley, the retired pipeliner, thought something was wrong with his lawn mower. Sure enough, he had put the blade on backwards after taking it off for sharpening. Mrs. Trixie Whitley of the Credit Bureau did something for the very first time in her life the other afternoon. She mowed her lawn!

VISITING IN Cisco for a few days are the Rev. David Wende and family who live up north. They're in town to visit home folks, the Ed Wendes, and to attend the CHS Class of 1962 reunion on Saturday. Overheard a lady who has ERA tendencies observe: "God never intended that women should play NFL football or be combat soldiers." So there!

KIWANIS CLUB members tell us that they've completed work on their new electronic game room out at the Lake Cisco Park Miniature Golf Course. They'll be open for business - games and golf - during the July 3-5 weekend. The La Cantina Club at the CCC will celebrate the 4th with a free barbecue for members and guests at 7 p.m. that day. The menu will feature beef, chicken and pork ribs with all the trimmings.

THE BIG July 5th program at City Park (details on the front page) promises to be interesting for everyone. The Lions Club will have their dunking machine in operation. Understand they've invited Mayor Eris Ritchie, CofC Prexy Elaine Dixon, Police Chief Raymond Blevins, and others to sit in the hot seat while folks buy balls to chunk at the dunking trigger. They'll have a barbecue for your noon meal Monday at the Lions Concession Stand. And the fireworks display Monday night will be bigger and better, promises Chairman Bruce Smith.
