

HALL OF REMARKS

BY HERREL HALLMARK

ISN'T THE new First National Bank building a wonderful asset to Cisco? If you have not been inside the new building, be sure and go by and look at how beautifully laid out the building is designed.

The bank opened its doors to the public for the first time Monday morning and the parking lot seemed to be full most of the day.

Congratulations to the bank board and employees on their beautiful facility.

AN OPEN HOUSE is planned at the new bank building Sunday from 1:30 to 4 p.m.

IF YOU missed the Cisco Junior-Senior High School band concert Monday night, you missed a wonderfully delightful evening of music. The High School has a smaller band called the Jazz Band which plays more contemporary music and does a fantastic job.

I understand the group might be available for performances at various places. Al Young is the director for all the band groups of the schools.

AN INTERESTED group of citizens turned out Monday night for a meeting discussing the Hilton-Mobley project in our town. Cisco Mayor Eris Ritchie directed the group which discussed potential ideas concerning the Mobley building which might help the Hilton family to push the project ahead and get it completed sometime in the near future.

A group of four citizens are planning a trip Thursday to Dallas where they will discuss some of those ideas discussed. Let's all back them and show our support of the Mobley-Hilton project. It would be a fantastic addition to our town.

Gene Abbott Memorial Fund Is Growing

The Gene Abbott Memorial Fund is growing daily and Chamber of Commerce directors are still eyeing the plans of honoring the late Chamber manager with a brick planter and/or bench in front of the Chamber building with a memorial plaque bearing his name.

Anyone who would like to make a contribution to this fund, is asked to send it to the First National Bank in Cisco. Checks are to be made payable to the Gene Abbott Memorial Fund.

Contributors to the fund include: Mr. and Mrs. J.H. Penn, Mr. and Mrs. Ted Fields, Thelma Albright, Robert Bradshaw, Mr. and Mrs. J.W. Sitton, The Man's Store, Mr. and Mrs. W.J. Heidenheimer, Robert K. Dyer, Mr. and Mrs. Sutton Crofts, Ledbetter Insurance Agency, Mr. and Mrs. William Huffman, Cisco Funeral Home, Lloyd McGrew, Robert and Judy Dudley, Catherine Cunningham, Mr. and Mrs. Tommy Pope and Marguerite King, all of Cisco.

Out of town contributors are Mr. and Mrs. Varge Daniel of Eastland, Mrs. Lillie M. Williams of Brownwood, Mr. and Mrs. Robert L. Parker of Tulsa, Oklahoma, Ernie and Bonny Rice of Eastland, George Downie of San Antonio, Dennis and Joanne Higgs of Beaumont, Gholda A. Sissell of Rosemead, California, and John Adling of Canadian.

C&W Musical Set Saturday

The country and western musical will be in Cisco at the Corral Room on Avenue D Saturday, December 11, 1982. Everyone is invited to come.

LOCAL BUSINESSES are planning to stay open late Thursday night to provide area shoppers with the opportunity to do some shopping after they get off work. The businesses will also stay open late next Thursday night for the same reason.

Santa Claus will also be in town on those two nights.

These plans are being made to encourage shopping at home by local citizens. Be sure to take advantage of this opportunity.

FIRST NATIONAL Bank of Cisco held a ribbon-cutting ceremony Monday morning for its formal opening of the new facility at 418 Conrad Hilton Avenue. Bank president and Chairman of the Bank Board Dick Woolley, and Cisco Mayor Eris Ritchie, are cutting the ribbon which is being held by Dr. Norman Wallace (left) and Elaine Dixon. (Staff Photo)

Open House Set Sunday

1st National Bank Opens New Doors

The First National Bank in Cisco opened for business as usual at 9 a.m. Monday in its new \$1,400,000 facility at 418 Conrad Hilton Avenue after a hectic weekend when some 50 persons, including their 27 employees, moved everything from the old building three blocks south.

Except for new computers that still needed some tuning, everything was running satisfactorily in the new building, President L.D. Woolley reported Monday afternoon. And friends and customers appeared as pleased with the new facility as were the employees, he added.

L.G. (Tommy) Ball, a customer at the bank since 1926, was first in line to do business there Monday morning. The opening included a ribbon cutting ceremony in which community leaders, headed by Mayor Eris Ritchie, took part.

An open house from 1:30 to 4 p.m. Sunday, Dec. 12, will be held for the public to see the new facility. Director Al Young's Cisco High School stage band will provide music during the open house from a place in front of the bank.

Officers of the bank, assisted by Directors Kitty McCracken, Betty Fee Drumwright, Dr. E.E. Addy, Billy Wright, Jerry Morgan and Mr. Woolley, will greet visitors. The public has been invited to call and tour the bank during the open house hours. Bank employees will be on hand to assist with the event.

The bank will hold an open

house from 7 to 9 p.m. Tuesday, Dec. 14, for officials and employees of area banks to tour the new facility.

Plans call for the choirs of Cisco schools to appear in the bank lobby during Christmas week to sing carols.

The moving operation began last Thursday and activities were stepped up when the bank closed at 6 p.m. Friday for the week.

Moving vans, pickups and other vehicles were used in the work. Steve Foster of the DPS office in Eastland was employed as chief security officer for the weekend. He was assisted by Cisco policemen, members of the sheriff's staff, and other off-duty officers. The Mosler Vault Co. of Dallas moved the safe deposit boxes and the safe with the money supply Saturday morning.

Bank employees spent Saturday and much of Sunday arranging furniture and fixtures. All bank loan officers have private offices in the new building. There are seven teller's windows inside plus four motor bank slots outside. The bank has 400 more safe deposit boxes in the new facility than in the old, and they are located in a convenient room just inside the front door.

The Blue Jackets, a group of Cisco Junior College girls who assist with public meetings and events both on and off campus, were on hand Monday to instruct customers in use of motor bank facilities. They were

due back there Friday.

The bank's community conference room opens into the foyer on the right as you enter. Its location permits use without affecting bank security. The room will seat 100 or more persons. It was used for the first time Monday night when a group of community leaders met to discuss the Mobley Hilton project.

The bank flies both U.S. and Texas flags from twin flagpoles in front. The large clock that gives the time and temperature will be covered with bronze metal panels before the project is complete. A bronze sign with the bank's name still was to go up out front. Planting of trees and shrubs beside, in front of the bank and in the parking area back of the building was underway Monday and Tuesday.

Plans were started Monday to move the huge Randy Steffen Mural, a community showpiece for more than 25 years. It had been removed from a wall and was being framed in preparation for hanging over the teller's cage at the new building. Numerous other Steffen paintings were on display in new frames on the walls in bank officers rooms.

"Thanks to a lot of hard work by our employees and others, we are now at home in our new facility," President Woolley said. "We are very proud of our new home and want to extend a cordial invitation to all of our customers and friends to attend our open house next Sunday afternoon."

L.G. BALL, retired painting contractor, made the first business transaction Monday morning in First National Bank's new building at 418 Conrad Hilton Avenue. Mr. Ball went to the first teller window where Charlotte Honea waited on him. Mr. Ball has lived in Cisco since 1926 and has done his banking with First National in Cisco since that time. 100th Birthday Party Is Planned By Masons

The Cisco Masonic Lodge NO. 556 will observe its 100th birthday with an open meeting at 7:30 p.m. Saturday at the Lodge Hall at 201 West 6th Street. The evening will begin at 6:00 with a covered dish supper for members and guests.

Virgil Murphy, master of the lodge, said lodge members were urged to attend and the general public

Time & Place Changed For School Board

The meeting of the Board of Trustees for Cisco Independent School District has been moved to the high school library December 13, 1982, at 8:30 p.m.

Mayor Changes Time Of Dec. 14 Council Meeting

Mayor Richie has changed the starting time of the regular City Council meeting of December 14, 1982 from 7:00 p.m. to 7:30 p.m. to avoid conflict with the Cisco P.T.O. Christmas program.

Band Boosters Have Some Extra Pizzas

The Cisco Band Boosters have some extra pizzas they need to sell. These are the same kind of pizza that a lot of people ordered in September.

Anyone may buy one of a dozen at \$2.49 each. Please help get rid of these and help send the band to Houston. If interested call 442-3181.

Bazaar And Bake Sale Set At Church

A bazaar and bake sale will be held at the Gospel Assembly Church, 1000 Ave. A, Friday, December 10, from 8:00 a.m. to 6:00 p.m. and Saturday, Dec. 11, from 8:00 a.m. to 5:00 p.m.

There will be crafts of all kinds including crochet, dolls, aprons, pillow cases, a hand pieced and quilted quilt.

Cakes, pies, cookies and candies just in time for Christmas.

would be welcome. A large crowd is expected.

Bob Waters of Arlington, deputy grand master of the Grand Lodge of Texas, will be the program speaker. He will be introduced by Mr. Murphy.

The program will open with welcome remarks by Mr. Murphy followed by the invocation by Charlie Pence, chaplain of the lodge. Mrs. Carl Gorr, well known Ciscoan, will be presented in a solo, accompanied by the piano by Mrs. Ivan Webb.

The history of the lodge will be given by E.D. Farley, long-time member of the organization. Mr. Murphy will introduce visiting lodge members. The benediction will be given by Mr. Pence.

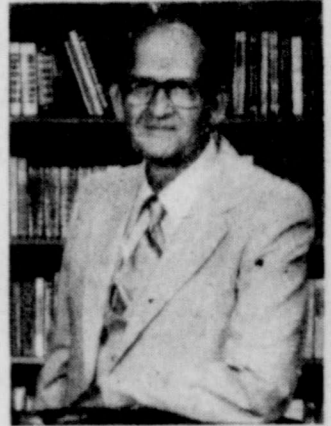

The charter for the Cisco Lodge was drafted on Dec. 16, 1882, with a total of 20 members. Each of the members signed a note for \$25 and the money was used for the first lodge hall. It was located over the old Winston Rock Building. Some time later, this building was destroyed by fire, and quarters were secured on the second floor of the Holcomb

property on Hilton Avenue at 6th Street.

The Holcomb Hall was occupied until it was destroyed by the cyclone of 1893. The original lodge charter and most of its records were lost in the storm.

A temporary meeting place was secured for a few months when a new hall was erected over the Maxwell property at Hilton Avenue and 5th Street. This hall was later sold, and the Masonic Building at Hilton Avenue and 8th Street was erected in 1906. This property, fully paid for, was owned jointly by the Blue Lodge, Royal Arch Chapter and Knights Templar.

In the late 1950s, the present lodge location was purchased for the sum of \$4,000, and in the 1960s a new building was erected. The present building of some 5,000 square feet cost about \$35,000 and it is fully paid for. An open house was held Aug. 20, 1965, in the new building. Records show that C.B. Rust and Les Threet, both deceased, were worshipful masters during the two construction years.

VIRGIL MURPHY
Worshipful Master

In 1971, the old building at 8th and Hilton Avenue, was sold to Mott's Variety Store and proceeds were placed in an investment account for the lodge's later use.

Present officers of the lodge are: Mr. Murphy, master; Cecil Cooper, senior warden; E.D. Farley, junior warden; Ted Hamilton, senior deacon; Herman Eaker, junior deacon; Eddie McMillan, tiler; Charlie Pence, chaplain; M.M. Parmer, senior steward; and R.F. Leard, junior steward.

Later Closing Hours Planned On Thursdays

Cisco business firms announced Tuesday that most stores will remain open later than usual on Thursday nights, Dec. 9 and 16, for the benefit of Christmas shoppers, the Chamber of Commerce reported.

Old Santa Claus was scheduled to be in town both nights for visits with area children. He promised to pass out candy to his youthful admirers as he strolls about on downtown streets.

The CofC retail trade committee said the Thursday later closing hour would enable people who normally work until after regular store hours to do their Christmas shopping.

Special Meeting Held To Discuss Mobley Project

Representatives of the Cisco Chamber of Commerce, Cisco Historical Society, and numerous other clubs and organizations of Cisco held a special meeting at the Community Room of

the new First National Bank building Monday evening, December 6, to discuss the status of the Mobley Restoration Project. The meeting was conducted by Mayor Eris Ritchie.

Mayor Ritchie, Dr. Norman Wallace, Dick Woolley and Elaine Dixon were planning to make a trip to Dallas Thursday of this week, where they will meet with officials from the University of Houston Foundation. The University Foundation is the owners of the Mobley property in Cisco.

Work Resumed On Sewer Line

Work on a sewer outfall line for the City of Cisco was resumed Monday by Rhode Pipe Co. of Silverton after being shut down for several days after a young employee lost his life in a ditch cave-in on Nov. 30th.

project is expected to be completed by the end of the year. The line is designed to relieve sewer congestion in the west and north sections of the town.

Teddy Charles Patterson, 23, employee of the Rhode company, was suffocated in the ditch cave-in. He was buried Dec. 1 in services at Floydada, his home-town.

Community support of the four representatives of Cisco was asked for by Mayor Ritchie at the Monday meeting. The approximately 34 persons in attendance expressed such support.

Mayor Ritchie stated the group of four will be going to the Dallas meeting with the hopes of speeding up progress on the restoration of the Mobley-Hilton here.

Dr. Wallace emphasized the local group will not commit Cisco to any financial agreements on the project. He stressed they are going on an "exploratory mission" to see what Cisco can do to help the project be completed.

CAR FIRE MONDAY
Cisco volunteer firemen took a truck to 1206 West 9th Street at 5:15 p.m. Monday after an automobile owned by Helen Gage caught fire. Damage to the vehicle was extensive, firemen reported. Cause of the blaze was unknown.

Annual Christmas Parade Held Saturday

Chamber Announces Winners

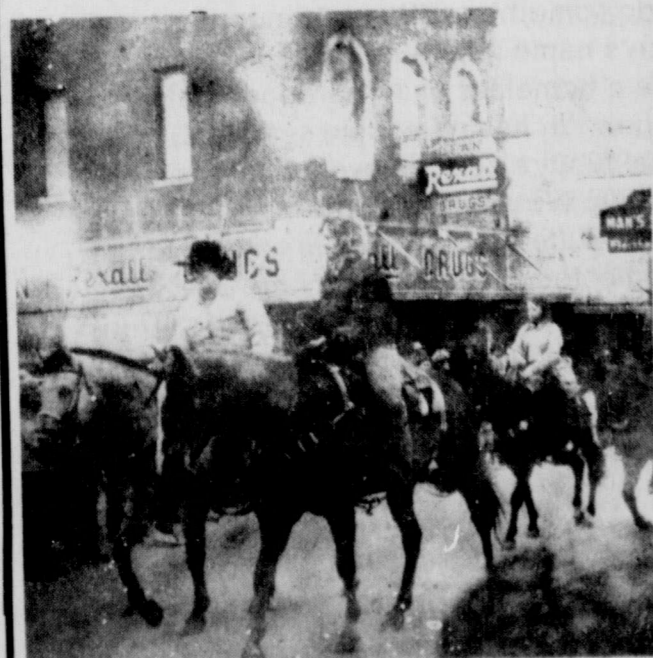

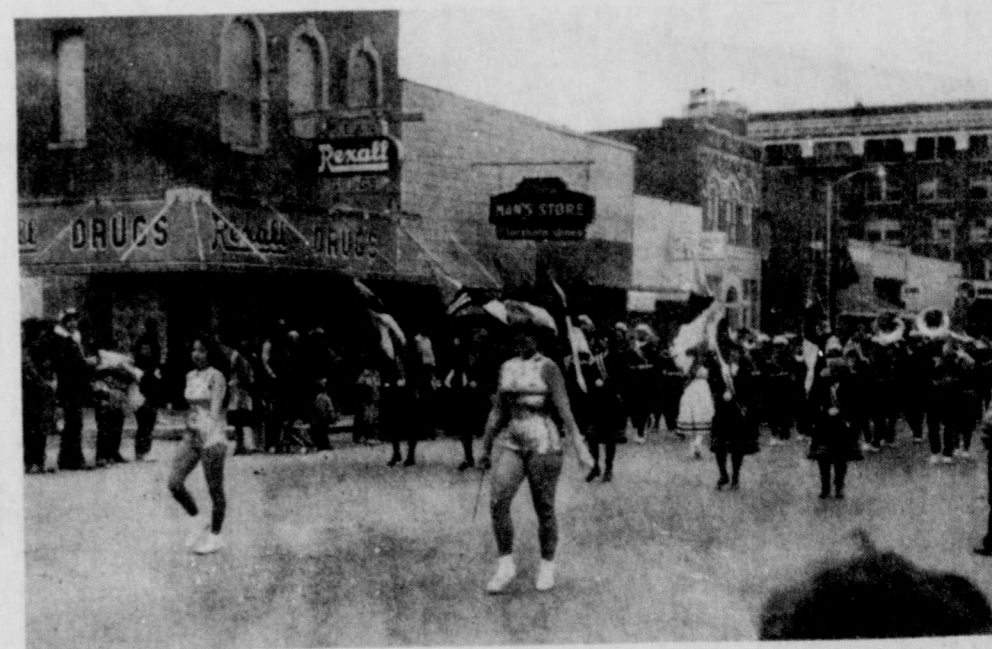

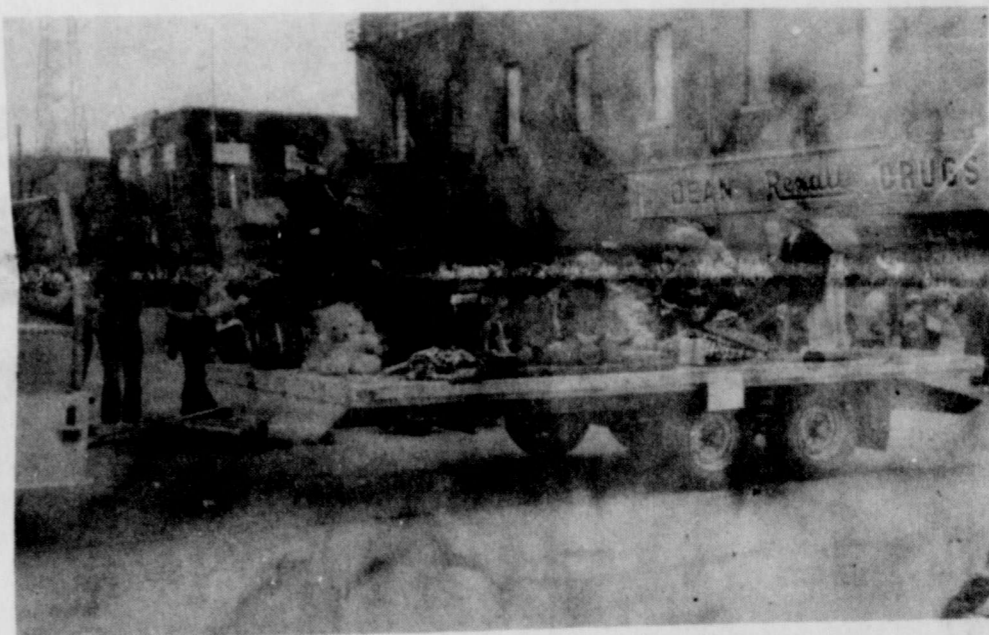

Cisco Chamber of Commerce officials announced the winners of last Saturday's annual Christmas parade here on Monday of this week.

The winners of the float division were Kingdom Kids, first place; Softball Association, second place; and Civic League, third place.

The decorated car division winners were Bandito's Corral, first place; Senior

Citizens, second place; and Hair, Etc., third place.

A spokesman for the Chamber said, "The entries in the children division were all so close, we declared all the kids as winners." Those entered in the children division were Raiford Ramirez, Holly Ritchie, Michael Ritchie, Meredith Davis, Autumn Linde, Mandy Linde, Brandi Ramsey, Allan Gary, David Gary and Scott Ray Roberts.

Popular Control Of Education Is Exercised Through Voting

Popular control of public education is one of the cornerstones of a free society. The people exercise that control through their Board of Trustees. So that you can take a more active part in its deliberations and operations, this article is intended to explain how the School Board functions.

The Board of Trustees in Cisco is composed of seven citizens elected to serve overlapping terms of three years each. At the end of the term, a Board member wishing to continue as a trustee must be reelected to an additional three-year term. State law does not limit the number of terms a member may serve. Voting for school board positions takes place on the first Saturday in April of each year.

The Board of Trustees meets regularly on the second Monday of each month in the Tax Office of the Cisco Independent School District, 610 Avenue D, at 7:30 p.m. Occasionally something occurs to alter this schedule or a special meeting may be called.

No one person, or group of persons, acts in the name of the Board. When an item of business comes before them in the form of a motion, it is necessary that the majority of the trustees favor the motion for the Board to act.

The Board of Trustees has complete and final control over local school matters subject only to limitation imposed by state law, regulations of the Texas Education Agency, and, of course, the will of local residents as expressed in district elections. The areas of Board action in-

clude: (1) exercising educational leadership and drafting policies for the operation of the local schools; (2) employing a superintendent of schools; (3) authorizing the appointment of teachers and other staff members; (4) determining educational standards and goals; (5) developing curriculum; (6) securing money for school operational needs and building programs and authorizing specific expenditures; (7) expressing and representing the views of the community in matters affecting education; (8) interpreting the educational program and needs to the community. To discharge these varied and necessary responsibilities the Board often calls on the consultative resources available in the community and in the professional staffs of the schools.

Meetings of the Board of Trustees follow a standard agenda. Following approval of minutes of the previous meeting, the Board proceeds to items of business. Normally the Board will recognize any visitors during this portion of the meeting. At this time a resident, or the spokesman for a group of residents, of the school district may be invited to make a statement regarding matters related to the school system. It should be pointed out that there is no legal requirement that the public be given this opportunity to speak at Board Meetings. It is the practice of the Board to make this time available to residents of the school district but if the pressure of business or other circumstances dictate, the

Board President may decide to curtail or rescind this practice.

Should a resident of the school district wish to make a formal appearance before the school board it is necessary to request a place on the agenda for the meeting. This can be accomplished by contacting the office of the Superintendent of Schools by the Wednesday preceding the board meeting.

The Board's function is decision making. It wants to hear the sentiments of the public to assist in making those decisions, but time spent answering routine questions or criticisms must be taken from more important Board business. If a resident has a question about the operation of the schools, he is encouraged to contact the teacher or administrator

closest to the situation. Experience has shown that this is the best procedure. The questioner gets the response he wants directly and the Board is freed to consider more substantive matters.

The remaining portion of the meeting will concern the other items on the agenda. This normally includes: (1) reports from members of the Board, the superintendent, or other staff members. These are reports on matters relevant to the operation of the schools that do not require formal Board action; (2) agenda items concerning matters that require formal Board action; (3) routine business items such as paying bills, ordering materials, etc.

WORD OF GOD

Jesus heals a deaf man:

And they bring unto him one that was deaf, and had an impediment in his speech; and they beseech him to put his hand upon him.

And he took him aside from the multitude, and put his fingers into his ears, and he spit, and touched his tongue;

And looking up to heaven, he sighed, and saith unto him, Eph'ra-tha, that is, Be opened.

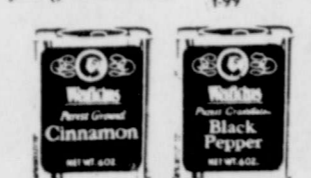

And straightway his ears were opened, and the string of his tongue was loosed, and he spake plain.

About Faking It . . .

Comment: In regard to a recent column on "faking it," I must agree. I'm used to taking photographs on the table top, and I have several photographic awards to attest to my skills. For the most part, toys set against a realistic backdrop offer a great deal of control and show what "faking it" can do. Also, the zoo offers an awesome opportunity to photograph most wild animals, as I have done many times. Shooting the elephants, etc., from close up is a good way to get good photos. Using a tripod--an extension of the camera--held high overhead and deftly triggered can also add to the "wildlife" effect. I've also experimented with a macro lens and animal toys.

Another point which may be of interest: **Modern Photography** is an excellent reference magazine. It offers plenty of cameras and prices. I sent out 20 postcards and asked for camera brochures from the manufacturers and then decided which electronic camera to buy. I did the same thing with lenses and strobes. Within a few short months, I had plenty of material to study and was able to analyze what the new equipment was all about. Manufacturers of anything will send out colorful brochures on their products.

A. R., Oak Creek, WI

A: Thanks for some very good points.

Q: I have an older model 35 mm SLR--a Minolta SR-T 200. I would like to get a camera with a motor wind unit so that I can shoot fast action scenes, like sporting events. Do I have to buy a camera specifically made to accept a motor wind unit, or will any camera accept one? Is there a motor wind unit which will fit my Minolta so that I don't have to switch systems? I'll appreciate any help you can give me.

B. D., Elgin, IL

A: First, the bad news: Your Minolta SR-T 200 was not designed to accept a motor wind or drive unit. Thus, if you want the capacity to advance film and cock the shutter automatically, you'll have to buy a camera designed to accept a winder or driver.

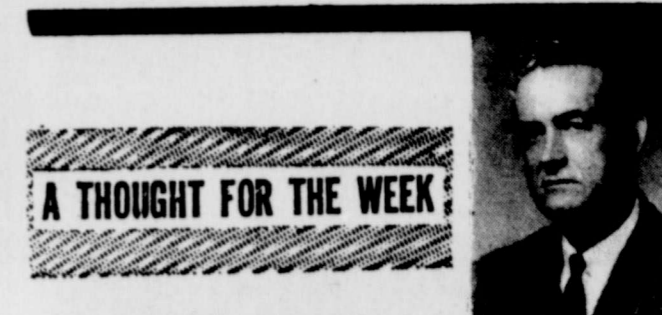

Now the good news: You don't necessarily have to change complete systems to get what you're

looking for. Minolta makes cameras designed to accept either a motor wind or a motor drive unit. By sticking with that brand, you'll be able to use the lenses you've accumulated over the years, since Minolta's bayonet mount hasn't changed with their newer cameras.

A word of caution is in order, however: While all major camera manufacturers now produce cameras which accept either motor winders or drivers, these winders and drivers are not interchangeable. You can't shop around for a Yashica winder, for example, to use on your Minolta XD-11 camera. You must use a winder designed for the XD-11.

And even sticking to the same brand name doesn't guarantee camera-and-winder compatibility. Nikon, for example, makes a winder for their petite EM model camera which will not fit any other Nikon camera, even though other Nikons accept winders (but different model winders). So, to be on the safe side, ask your photo dealer for information on which cameras accept winders and drivers--and which model winders and drivers!

By the way, if you're serious about fast action photography, consider spending a little more money and buy a motor drive unit rather than a winder. Motor drive units are generally more rugged and faster operating--many working at speeds of from 4 - 9 frames per second--whereas most winders function at from 1 - 2 frames per second. Check out all the specifications before buying.

A THOUGHT FOR THE WEEK

Did you ever stop to think that the very first Christmas Carol was sung by the angels in heaven? Yes, on that holy and blessed night when Christ was born they sang, "Gloria in Excelsis Deo"--"Glory to God in the Highest, and on earth peace, good will toward men".

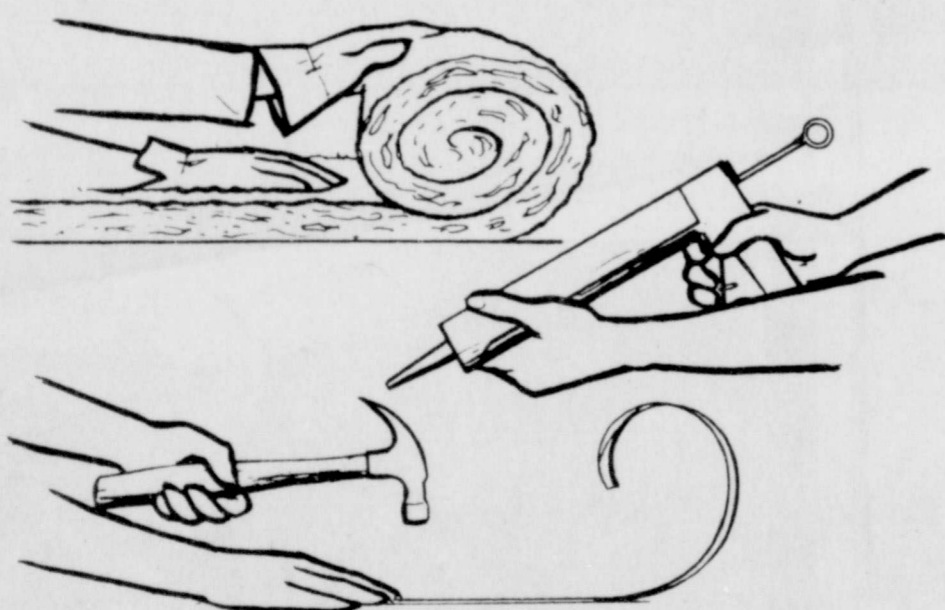

Over one hundred years ago a young man lay severely wounded as our country lay under the cloud of war. The boy's father longed for peace. "Peace on earth, good will to men", he kept repeating as he thought of the angels on that first Christmas night. Those words echoed in the father's heart--over and over again. Since the boy's father was a poet he seemed compelled to write these words on paper and it was at this time that Henry Wadsworth Longfellow wrote the lovely song "Christmas Bells"--sometimes known as "I Heard the Bells on Christmas Day." As you probably know, the last line of each stanza ends with the words "Peace on earth, good will to men."

One of the dearly beloved Christmas hymns, perhaps the one most stirring of all, was translated into English from the Latin language in 1841. No one is really sure who wrote it as it has been accredited to several authors, but it is said to have been the favorite of President Theodore Roosevelt. The Christmas hymn so loved by so many does not rhyme. Yet few persons have realized this. -- "Adeste Fideles"--"Oh Come All Ye Faithful."

Putnam News

By Mrs. R.B. Taylor

Thanksgiving has come and gone and we here at Putnam surely have a lot to be thankful for. First the wonderful rain, we had Wednesday, Thursday and Friday. Just a good old slow soaking rain. We had nearly three inches in all. We were also thankful that the temperature moderated and we did not have icy conditions on the roads. We had two wrecks here on the railroad overpass on I-20 Wednesday evening. Fortunately no one was seriously injured.

Most everyone had family and friends to eat Thanksgiving turkey, and we are thankful for family and friends.

Andy Maxwell celebrated his 10th birthday Monday. His parents honored him with a party at their home. About 30 friends and relatives came to help him eat the beautifully decorated cake and ice cream and to help him open his gifts. Many more happy birthdays Andy.

Mrs. Naomi Heyser, Mrs. Bonnie Farmer and Mrs. Lorene Fuller of Baird visited Mrs. R.B. Taylor Saturday afternoon. Mrs. Heyser and Mrs. Taylor went to Scranton to the anniversary party honoring Mr. and Mrs. Glover Johnson on their 43rd anniversary.

Mr. and Mrs. Joe Hill of Baird visited her sister, Mrs. Edith Ivie last week.

Mrs. Maggie Cook of Baird attended the funeral services for her brother-in-law, Malcom Hayes at Abilene last Tuesday. Mr. Hayes was the husband of the former Edith Cook who grew up at Putnam.

Mrs. Marie Maxwell and Mr. Bill Lewis of Dallas spent last weekend at Putnam.

We hear that Mrs. Bess Herring who formerly lived at Putnam but has been at Stanton for sometime has gone to Lampasas to a rest home. Her son lives there.

Mr. and Mrs. James Burson of Tomball near Houston spent the Thanksgiving weekend with her mother, Mrs. Maxie Solomon and Jack Ramsey.

Mr. and Mrs. Tom Lemmons of Abilene ate Thanksgiving dinner with her grandmother, Mrs. Taylor. Cheryl is the daughter of Mrs. Bobbie and the late Pete Taylor of Snyder.

Visiting the Milton Donaways this week have been their son Hubert and family Diane and Dwane of Odessa, Jay Elliott from Bergstrom Air Base at Austin, David Donaway of San Angelo, Mrs. Lucille Shorties of Midland, Mrs. L.C. Donaway and family of Albany, Mr. and Mrs. Warren Donaway and daughter of Brownwood and Mrs. R.C. Speegle of Putnam.

Visiting Mrs. Ollie Burnam the holiday weekend have been Mr. and Mrs. Bill son Nevin daughter Carla of Fort Worth, James and Gayle Isenhower and family of Coleman, Mr. and Mrs. Sam Heidelberg and son of Breckenridge.

The Hulen Smiths had their son Carrol, his wife and son David, his wife and

daughter, Mr. and Mrs. John Mulder and two children, all of Grand Prairie.

Mr. Harry Gourney of Abilene visited Maxie Solomon Friday. Mr. Gourney is a cousin of Maxies.

Mr. and Mrs. R.D. Weeks and family of Eastland had Thanksgiving dinner with his parents the George Weeks.

We have had very nice weather at Putnam this week. We had another shower, about half an inch. I notice the grain is beginning to look green. No snow here yet. It would be nice if we could have a white Christmas. I can only remember about two times when we did have a white Christmas. I'm sure everyone is frantically getting ready for the big day. I hope it will be a big one for me with most of the family, I hope.

No one that I know of at Putnam is on the sick list. But Mrs. Veda Yarbrough, who is at Moran now, is in Eastland hospital, and Mrs. Roddy Reynolds of Elmdale has had surgery at Hendrick Hospital at Abilene. Mrs. Reynolds is the former Elaine Isenhower, daughter of the John D. Isenhowers.

Mrs. Taylor spent Monday night with the I.G. Mobleys at Baird in their new home and visited with Mrs. Naomi Heyser, Mrs. Bonnie Farmer and Mrs. Maggie Cook.

Mr. and Mrs. Eugene Sunderman of Canyon visited their aunt, Mrs. Ruie Sunderman at the Golden Holiday Home at Baird and friends at Putnam Tuesday.

Mrs. Jewel Webster of Clyde and Mrs. Glover Johnson of the Scranton community visited Jack Ramsey and Marie Solomon Wednesday.

Mrs. Clarice Sprawls and Mrs. Jobie Jobe of Fort Worth spent Friday and Saturday with Mrs. R.B. Taylor. They also visited with their sister, the Wallace McCarvers at Cisco the weekend.

Miss Laverne Rutherford visited Mrs. Helen Walker and shopped at Cross Plains Saturday.

Mrs. Dianne Liles at the Putnam Supply would like to install a circulating library at Putnam. Anyone having books that they would like to share with others contact Mrs. Liles. She will catalogue the books and return them to the owner if desired. This will be a good way to share our books with our neighbor so please contact Mrs. Liles.

The Ken Cavanohs are opening a used car lot at their home here. We are always glad for any new business to come to our town.

About 35 people enjoyed the pot luck dinner sponsored by the Church of Christ of Putnam Sunday at the Community Center. They plan to make this a once a month affair and everyone is welcome and urged to come. The pastor is Arnis Pate of A.C.U. It is a good way to enjoy the fellowship of our friends and also enjoy a lot of good food. The next meeting will be the first Sunday in January.

Jewel Mobley and Naomi Heyser visited friends and ate lunch at the Community Center Friday.

Rev. and Mrs. Hendrick Townsley, pastor of Methodist Church at Baird,

visited the Sid Weathermons and Mrs. Taylor Saturday.

Wedding bells have rung in our community. Mrs. Marie Maxwell and Mr. Bill Lewis of Dallas were united in marriage on Thanksgiving Day at the home of her daughter, Mr. and Mrs. Alton White at Gonzales. The Lewises will live at Dallas, but will spend some time at her home here. Best wishes for a long happy life Bill and Marie!

Moran News

By Mrs. Luke Huskey

Ruthie King and sons of Denton spent the weekend with her father, Robert Thompson and Mrs. Thompson.

Mrs. Fred Bankston is visiting her son, Jim Bankston and family in Everman.

Mr. and Mrs. Gary Moore of Winters were greeting friends in Moran last Thursday. Mr. Moore is a former manager of West Texas Utilities in Moran.

BIRTHDAY CLUB PARTY
The Moran Birthday Club met for the December meeting on Thursday night, Dec. 2, at the Moran Coffee Shop. The traditional Christmas theme was used

in the decorations.

Those celebrating birthdays were Mrs. Lynn Williams, Wayne Hitt, Ray Smoot, and George Mark. Mr. and Mrs. Ray Smoot were celebrating their wedding anniversary. The "happy birthday song" was sung and gifts were exchanged.

Those helping with the celebrations were Mr. and Mrs. Ezra Weir, Mr. and Mrs. Lucion Brooks, Mr. and Mrs. Lynn Williams, Mr. and Mrs. Hubert Brewster, Mr. and Mrs. Morris Ledbetter, Mr. and Mrs. Robert Thompson, Mr. and Mrs. Wayne Hitt, Elma May Huskey, Mildred Smith, Dorothy Boyd, Vay Turnbull, Mr. and Mrs. Dick Cockrell, Mr. and Mrs. Ray Smoot, Georgiana Freeman, Mae Delle Jones and Frances Green.

Recent visitors of Mr. and Mrs. Jack Moore were Mr. and Mrs. Alvin Fenn of Temple, Bryan Fenn of Abilene, and Susan Horstman and children of Dallas.

Nell Nichols of San Angelo and Joy Allen of Monahans spent the holidays with their mother, Mrs. Delphia Cook.

A BABY SON
Mr. and Mrs. Mike Blue are the proud parents of a baby son, born November 22,

in the Eastland hospital. The baby named Christopher Michael, weighed eight pounds and was 20 inches long.

Grandparents are Mr. and Mrs. Burt Blue of Breckenridge and Mr. and Mrs. I.G. Redden of Moran. Mrs. Ellen Dennington of Moran is the maternal great-grandmother.

Mr. and Mrs. Fred Wylie are receiving treatment in the Eastland hospital.

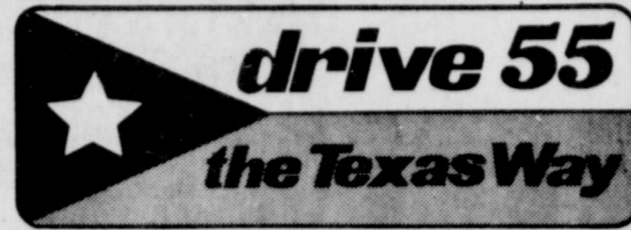

Mrs. Cecil Harper is receiving treatment in the Albany hospital.

CHRISTMAS DECORATIONS

The Young Homemakers have the Christmas lights and decorations up in Moran, making the Yuletide season very pretty. The lights have been put up along the buildings on the north side of town, with Christmas wreaths on doors of the business houses.

GOD'S PROMISE

I'll lend to you for a little while,
 A child of mine, He said,
 For you to love while she lives,
 And mourn for when she's dead.
 It may be six or seven years,
 Or twenty-two or three;
 But will you, till I call for her,
 Take care of her for me?
 She'll bring you charm to gladden you,
 And should her stay be brief,

You'll have her lovely memories,
 As solace for your grief,
 I cannot promise she will stay,
 Since all from earth return,
 But there are lessons taught down there,
 I want this child to learn.
 I've looked this wide world over,
 In search of teachers true,
 And from the throngs that crowd life's land,
 I have selected you.
 Now will you give her all your love,

Nor think your labor vain,
 Nor hate me when I come to call,
 To take her back again?
 I fancied that I heard them say:
 "Dear Lord Thy will be done,
 For all the joy this child shall bring,
 The rash of grief shall run,
 We'll shelter her with tenderness,
 We'll love her while we may,
 And for all the happiness we've known,
 Forever grateful stay."

Recalling Big Win

THANK YOU—Words cannot say what is in our hearts to say for the love and friendship given to our family during the tragic loss of our daughter and sister, Brenda.
 We can only say that God has richly blessed us by choosing us as her family and friends, for seventeen precious years.
 Her life was filled with love and happiness which she has shared with each of us.
GOD BLESS EACH OF YOU,
Don, Ruby and Becky Hull
James, Lonnie and Matt Doyle

Interest is naturally keen in Eastland County these days concerning the Maverick Football Team of Eastland Hi. Several times during the history of the county there have been Championship ball teams.
 Two old friends, Oren Speegle of Cisco and Otis Neill of Slaton, met recently in Cisco and discussed one of these times. For both played on the noted Scranton Academy Basketball Team of 1915, which won all 30

games played. With Clinton Adams as Coach, they defeated all the teams in Eastland and Callahan County.
 Speegle and Neill, both 86, are the only survivors of the twelve young men on this team. Speegle remembers the names of the team as:

 "After his one year as a

Coach at Scranton," Oren Speegle says, "Coach Adams went on to a Medical School, and later became a prominent Doctor in Abilene."
 Coach Adams was a graduate of Hardin Simmons, and reportedly tried to match Scranton with the College Basketball team during the 1915 season. Hardin Simmons officials are

alleged to have declined, saying they didn't want to be defeated by a little country school!
 When asked what was the most difficult team played by Scranton during that year of 1915, Oren Speegle smiles. "The Nimrod team was the very hardest to beat. Those farm boys from over there were really tough!"
 After his education at the

Academy, Oren Speegle farmed and ranched for a number of years near Cisco. Otis Neill moved away, and now farms and is in the Real Estate business in Slaton. The long-time friends try to get together three or four times each year.
 "Otis and I roomed together for several months while at Scranton, and not a cross word between us,"

says Oren Speegle. He chuckles. "But of course, Otis knew was boss!"

SHERIFF'S SALE

THE STATE OF TEXAS COUNTY OF EASTLAND

By virtue of an Order of Sale issued out of the Honorable 91st Judicial District Court of Eastland County on the 19 day of October, A.D., 1982, by the Clerk thereof, in the case of the CITY OF CISCO VS. MARGARET HELEN DAWSON, ET AL, Cause No. 1201-A, and to me as Sheriff, directed and delivered, I will proceed to sell, at 9 o'clock a.m., on the FIRST TUESDAY in January, A.D., 1983, it being the 4 day of said month before the Eastland Courthouse door of said Eastland County in the City of Eastland, Texas, the following described property, to-wit:

Being that certain Lot 8, Block 6, City of Cisco, Eastland County, Texas, and being that same lot as described in that deed of record in Volume 387, Page 597, Deed Records of Eastland County, Texas.

THE STATE OF TEXAS

TO ANY SHERIFF OR CONSTABLE OF ANY COUNTY OF THE STATE OF TEXAS, GREETING:

WHEREAS, on the 19th day of October, A.D., 1982, in the 91st District Court, Eastland County, Texas, in Cause No. 1201-A, CITY OF CISCO vs MARGARET HELEN DAWSON, ET AL the following named Plaintiff, Impleaded Party Defendant, and Intervenor, to-wit: CITY OF CISCO and the CISCO INDEPENDENT SCHOOL DISTRICT STATE OF TEXAS AND EASTLAND COUNTY recovered a judgment against the following Defendant, to-wit:

MARGARET HELEN DAWSON, if living, or in the event she be deceased then the unknown heirs, executors, administrators and legal representatives of the Estate of Margaret Helen Dawson, Deceased; W.E. MORRIS, if living, or in the event he be deceased then the unknown heirs, executors, administrators and legal representatives of the Estate of W.E. Morris, Deceased; for taxes, penalty, interest and court costs for the years hereinafter shown upon the following property:

Being that certain Lot 8, Block 6, City of Cisco, Eastland County, Texas, and being that same lot as described in that deed of record in Volume 387, Page 597, Deed Records of Eastland County, Texas.

The respective amount of the taxes, penalty, and interest recovered by each of said parties with interest thereon from the date of said judgment, against each of said tracts and the respective amount of court costs recovered by each of said parties against each of said tracts is as follows:

Name of Taxing Unit-CITY OF CISCO; Years 1955, 1957 thru 1981; Amount \$39.09.

Name of Taxing Unit-CISCO INDEPENDENT SCHOOL DISTRICT; Years 1957 thru 1981; Amount \$686.21.

Name of Taxing Unit-STATE OF TEXAS, EASTLAND CO.; Years 1948 thru 1981; Amount \$163.77. Total \$889.07.

AND, WHEREAS, said

judgment directs the foreclosure of the liens created, established and continued on and against each of the above tracts by reason of the levying and assessment of taxes on and against the same and the delinquency thereof, and said taxes remaining unpaid and due to the parties named in this suit as said liens now existing and at any time heretofore existing by reason of such levying, assessment, and delinquency, for and on the dates and for the years above shown, all of which is of record and fully shown by said judgment on file in said cause.

NOW, THEREFORE, YOU ARE HEREBY COMMANDED to seize, levy upon and advertise the sale as under execution each of said above described tract or tracts and sell each of same to the highest bidder for cash for each as under execution, provided, however, that none of said tracts shall be sold to the owner of said tract directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said tract or the aggregate amount of the judgments against said tract in said cause, whichever is lower; the said adjudged value or reasonable fair value of each of said tracts as set by this Court in accordance with the provisions of law is as follows:

If the Defendant, or Attorney shall at any time before the sale file with the Sheriff, or other officer in whose hands this Order of Sale shall be placed, a written request that the property described therein shall be divided and sold in less tracts than the whole, together with a description of said subdivisions, then such officer shall sell the land in such subdivisions as the Defendant may request, and in such case shall only sell as many subdivisions as near as may be to satisfy this judgment, interest and costs; and it is further ordered by the Court that the net proceeds of any sale of such property made hereunder to any party other than a taxing unit who is a party to this suit shall belong to and be distributed to all such taxing units which have been found to have tax liens against such property, pro rata and in proportion to the amounts of their respective tax liens as hereinbefore established, but any excess in the proceeds of sale over and above the amount necessary to pay the taxes due, defray the costs of suit and sale and other expenses chargeable against said property, shall be paid to the Clerk of this Court and retained and disposed of by said Clerk in accordance with the terms and provisions of Article 7345b, Section 8.

And it is further Ordered, Adjudged, and Decreed that the owner of such property, or anyone having an interest therein, or their heirs, assigns, or legal representatives, may, within two (2) years from the date of the filing for record of the purchaser's deed and not thereafter, have the right to redeem said property as provided for by law.

The officer executing this Order of Sale shall make proper conveyance to the purchaser of said land, under and by virtue of said sale, upon compliance with the terms of said sale within the time and in the manner provided for by law, and shall execute this writ according to its terms and the requirements of law.

HEREIN FAIL NOT, under penalty of law, and due return make of this writ, within 90 days from date hereof, with your endorsement thereon, showing how you have executed the same.

Issued and given under my hand and seal of said Court, at office in the County of Eastland, this 22 day of November, A.D., 1982.

THE STATE OF TEXAS

TO ANY SHERIFF OR CONSTABLE OF ANY COUNTY OF THE STATE OF TEXAS, GREETINGS:

WHEREAS, on the 19th day of October, A.D., 1982, in the 91st District Court, Eastland County, Texas, in Cause No. 1176-A, CITY OF CISCO vs. ROBERT G. McCOY the following named Plaintiff, Impleaded Party Defendant, and Intervenor, to-wit: CITY OF CISCO and the CISCO INDEPENDENT SCHOOL DISTRICT STATE OF TEXAS AND EASTLAND COUNTY recovered a judgment against the following Defendant, to-wit:

ROBERT McCOY for taxes, penalty, interest and court costs for the years hereinafter shown upon the following property:

Being a part of Lots 4 and 5, Block 33, City of Cisco, Texas, and being more fully described in that deed to Robert McCoy, of record in Volume 625, Page 398, Deed Records, Eastland County, Texas.

The respective amount of the taxes, penalty, and interest recovered by each of said parties with interest thereon from the date of said judgment, against each of said tracts and the respective amount of court costs recovered by each of said parties against each of said tracts is as follows:

Name of Taxing Unit-CITY OF CISCO; Years 1979; Amount \$434.26.

Name of Taxing Unit-CISCO INDEPENDENT SCHOOL DISTRICT; Years 1976, 1978, 1979; Amount \$180.76.

Name of Taxing Unit-STATE OF TEXAS AND EASTLAND COUNTY; Years 1976, 1978, 1979; Amount \$35.10. Total: \$650.12.

AND, WHEREAS, said judgment directs the foreclosure of the liens created, established and continued on and against each of the above tracts by reason of the levying and assessment of taxes on and against the same and the delinquency thereof, and said taxes remaining unpaid and due to the parties named in this suit as said liens now existing and at any time heretofore existing by reason of such levying, assessment, and delinquency, for and on the dates and for the years above shown, all of which is of record and fully shown by said judgment on file in said cause.

NOW, THEREFORE, YOU ARE HEREBY COMMANDED to seize, levy upon and advertise the sale as under execution each of said above described tract or tracts and sell each of same to the highest bidder for cash for each as under execution, provided, however, that none of said tracts shall be sold to the owner of said

tract directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said tract or the aggregate amount of the judgments against said tract in said cause, whichever is lower; the said adjudged value or reasonable fair value of each of said tracts as set by this Court in accordance with the provisions of law is as follows: \$36,036.00.

If the Defendant or his Attorney shall at any time before the sale file with the Sheriff, or other officer in whose hands this Order of Sale shall be placed, a written request that the property described therein shall be divided and sold in less tracts than the whole, together with a description of said subdivisions, then such officer shall sell the land in such subdivisions as the Defendant may request, and in such case shall only sell as many subdivisions as near as may be to satisfy this judgment, interest and costs; and it is further ordered by the Court that the net proceeds of any sale of such property made hereunder to any party other than a taxing unit who is a party to this suit shall belong to and be distributed to all such taxing units which have been found to have tax liens against such property, pro rata and in proportion to the amounts of their respective tax liens as hereinbefore established, but any excess in the proceeds of sale over and above the amount necessary to pay the taxes due, defray the costs of suit and sale and other expenses chargeable against said property, shall be paid to the Clerk of this Court and retained and disposed of by said Clerk in accordance with the terms and provisions of Article 7345b, Section 8.

And it is further Ordered, Adjudged, and Decreed that the owner of such property, or anyone having an interest therein, or their heirs, assigns, or legal representatives, may, within two (2) years from the date of the filing for record of the purchaser's deed and not thereafter, have the right to redeem said property as provided for by law.

The officer executing this Order of Sale shall make proper conveyance to the purchaser of said land, under and by virtue of said sale, upon his compliance with the terms of said sale within the time and in the manner provided for by law, and shall execute this writ according to its terms and the requirements of law.

HEREIN FAIL NOT, under penalty of law, and due return make of this writ, within 90 days from date hereof, with your endorsement thereon, showing how you have executed the same.

Issued and given under my hand and seal of said Court, at office in the County of Eastland, this 22 day of November, A.D., 1982.

CJC Defeats Both Teams In Ranger

By Bill Roberts

If football is a game of "inches," then basketball must be a game of "seconds..." or "feet..." or "miles..."

Ranger Junior College understands what that means, even if nobody else does since both its basketball teams dropped Northern Texas Junior College Athletic Conference games to Cisco Junior College Monday in the RJC Gym-20 "miles" from Cisco.

Reserves played a big part in the men's victory as the Wranglers jumped out quickly to an early lead and never lost it in posting an 81-76 win. Earlier, the Lady Wranglers had little trouble with the Rangeannes, taking an 88-50 win to even their conference record at 1-1.

Freshman guard Lincoln Jones and reserve forward Teddy Butler filled two of the starting spots for the Wranglers usually held by sophomores James Evans and Kenneth Hill. Hill got in about 35 seconds of playing time while Evans got to stand up during time outs.

Jones responded with 18 points while Butler contributed 14, filling a void that had existed for the Wranglers in the scoring from those two spots for the last two games.

A 6-0 freshman from Houston Sam Houston, Jones hit five field goals from outside and on driving layups and gave the Wranglers a big boost at the free throw line, hitting eight of nine as the "seconds" ticked away. Butler was unsuccessful from the line, but hit from the corner of the lane seven times for his 14 points.

Meanwhile, the team's leading scorer, freshman David Jones, pushed in 17 points and Bruce Coleman added 16, although both were off somewhat on their field goal accuracy. Jones, hitting .490 for the season, hit only .390, while Coleman, at .596, hit .440.

The Rangers pulled to within four during the last four minutes, and looked like they might rally for their first conference win, but free throws kept the Wranglers a few "feet" away.

Four Rangers scored in double figures with Mike Bell and Kevin Phillips each hitting 16 and Larry Scott and Jerry Thomas each getting 14—all this with Ranger football players chanting "10-to-6..." "10-to-6..." (the score by which Ranger won this year's football match-up).

RJC outshot the Wranglers from the floor, hitting 34 field goals, but it was at the free throw line that the difference came. Trailing in the game, the Rangers were forced to try "catch-up" tactics and the result was that the Wranglers got more chances for "charity." They connected on 19 of 30 attempts for 64.3 percent to provide the difference in the game.

Coach Ronnie Hearne's Lady Wranglers pulled ahead of the Rangeannes with less than four minutes gone in the contest and were never really threatened.

CJC pulled out to a 40-26 halftime lead as it went to 9-6 for the season.

Four Lady Wranglers were double-digit performers, with Linda Bubert's 18 points leading the way. Guard Sherrie Hill hit 16, Barbara Williams got 12, Sherrie Hill 13 and Michelle Bush 10 in the victory. with Bush hitting five of six from the floor.

Stacey Raven was the only Rangeanne in double figures, with 13 points. The CJC teams go on the road Thursday as they travel to Waco to battle Texas State

Technical Institute. The women play at 6 p.m. while the men battle at 8 p.m. Ranger hosts the Weatherford College men and women Thursday.

Members Meet

Members of the Cisco Service Club met Thursday evening, November 18, for their regular monthly meeting at the First National Bank Community Room.

With club president, Sandra Woolley, presiding, the main topics of discussion were the events of last month. The Halloween Carnival was reported to have been a real success, with the club extending thanks to many Cisco citizens, outside the club, who gave of their time and effort for the Halloween Carnival. Those individuals include Donnie and Linda Worley, Janie Givens, Rick and Kay Roark, Ronnie Webb, Ed Murphy, Terri Mason, Kim and Montie Toler, Leslie Winnett, John Hagan, Jerry Choate, Yolanda Anderson, Heather Parker, Arlene Fry, Kelly Cooper, Janice Woolley, Ken Parker, Brad Kimbrough, Renee Dillard, Stacy Willingham, Stephanie Clinton, Shelly Schaefer, Arlie Whitley, Dick Woolley, Stephanie Kimbrough, Amy Whitley, Ted Fields, Delbert Schaefer, Jimmy Yowell, Aaron Whitley, Dusty Schaefer, Steve Cozart, Cisco Civic League, Cisco Intermediate School and Bob Lindsey, Cisco P-TO, Wood Shed, First Baptist Church, First Methodist Church and Nimrod Pipe and Supply.

Outstanding recognition should be given to Joe and Jan Cooper. Mrs. Cooper served as Halloween Carnival chairman. Due to the large "work force" some names have been overlooked, with apologies extended, but with the club's sincere thank you for your efforts. Costume winners for the 1982 carnival were: Kerstin Stroebel, Misti and Marci Senterfitt, Jessica Gaeta, Jimmy Burke, Carrie Roark, Jeff Roark, Brack Dempsey and Kelly Singleton.

The October Blood Drive held at Cisco Junior College was reported to have been an outstanding success, with Cisco Junior College students commended for their tremendous response. Seventy-six units of blood were collected at the drive. Mary Meek Blood Bank of Abilene were very pleased with the results. Club member Joyce Schaefer is chairman for the club project.

Cisco Service Club members planned a "Christmas Outing" for December 7—with plans for dinner in Abilene.

Faith Baptist Church

Holds Christmas Dinner

The annual Christmas dinner for Faith Baptist Church, 700 West 18th, was held last Saturday night at the American Legion Hall. The menu was planned by Vergie Prickett and Rita Fee and each dish prepared by the ladies of the church. The hall was decorated with Christmas decorations and a very festive Christmas at-

mosphere prevailed.

The ladies did an outstanding job in the food preparations and decorating of the tables. Following the meal, a Bible quiz was given to all ages present. After the quiz a time of fellowship was enjoyed by all. There were approximately 60 to 65 in attendance.

Mrs. Lora Ford Entertains

Group Of Her Friends

Friday November 23rd, Mrs. Lora Ford entertained a group of her friends. This was in honor of Mrs. Virginia McKenney, of Honolulu, Hawaii, who is spending some time with her mother.

After chit-chatting for awhile, Mrs. Ford served cookies and ice cream to the

group, which was 14 in number.

Mrs. Virginia McKenney was glad to get to meet a number of Mrs. Ford's friends. She stated "She enjoyed the afternoon and hoped we could get together again some time."

Industrial Arts Club Holds Party

The holiday season theme was emphasized in decorations and refreshments at the First Industrial Arts Club Christmas party last Thursday at the Federated Women's Clubhouse.

The president, Ruby Lee Pirtle, called the meeting to order and extended a warm welcome to members and guests. A brief memorial service was observed for Mrs. Josephine Clements, an honorary member of the club. The club collect and pledge to the flags were given by members led by Muri Guyger.

Hostesses were Mesdames Lessie Lee Greer, Velma Williams and Helen Hounshell.

The table of handmade

members was a very interesting display and enjoyed by all. The display included such items as crochet tablecloth, unique design quilts, crewel embroidery, pictures, place mats and napkins to match crocheted doll clothes and many others.

The guest speaker, Mona Cluck, was introduced by Helen Hounshell. She said that Mrs. Cluck was a retired school teacher after having taught for 23 years. She taught for 12 years in San Angelo before she moved back to Cisco where she now resides.

Mrs. Cluck gave a beautiful Christmas story and presented it in a very interesting and impressive

Ranch Country Introduces Fast Fence Fixer

Once you get the hang of it, 30 seconds is all it takes to remove slack from barbed wire fence, electrical fence, horse fence and net wire fence with the new "Texas Fence Fixer" from Ranch Country Products, Inc. Ingeniously simple and with a lifetime guarantee, the device can be used at any point along the fence line and requires only a short length of new wire and fencing rollers to make repairs. There is no need to remove staples or tie wires since repairs can be made so quickly. It is especially useful on watergaps and short runs such as corral fences and turning wings. The tool is made of strong metal handles and yokes with a chain attached. It will take up slack and create a loop which is wrapped around the new wire and secured in a matter of seconds. There's no faster, safer way to tighten a fence and it will stay tight because it can't unravel as with other methods. Developed by a ranch manager, the Texas Fence Fixer has been proven and field tested under rugged farm and ranch working conditions. For literature or to order contact: Ranch Country Products, Inc., P.O. Box 1136, Temple, TX 76703. Or call toll free: in Texas 1-800-792-3213; outside Texas 1-800-433-3308.

Ranch Country Products is a company dedicated to identifying and supplying products that help increase productivity and profitability for farmers and ranchers.

Emphasizing high quality and dependability, the company plans to introduce new American made products on a continuing basis.

Hale Center Owls Next For Mavericks

The Eastland Mavericks will be attempting to go to the state final game as they take on the Hale Center Owls Friday night in Sweetwater.

The winner will advance to the state final to face the winner of Groveton (Region 3) and East Bernard (Region 4).

The Owls will bring a 12-0-2 record to Sweetwater Friday night. The two ties were against New Deal (14-14) and Hamlin (15-15).

New Deal's Joe Davis (35) is the top player on the squad and is currently the most sought after back in the state by the college scouts. Kurt Ashmore (10) is the quarterback for Hale Center and is a good passer and often likes to hit Vincent Johnson (80) for a big play.

Another outstanding player for Hale Center is their other running back J. R. Compton (36) who weighs 195 pounds and is also quick. All total the Owls have four players who weigh over 200 pounds thus resulting in a big team.

According to Maverick head coach Rod Hess the Owls are a ball control team which runs out of the veer on offense and runs a split four on defense.

Coach Hess said, "We are expecting it to be another close one. They are a good ball club or they wouldn't be here. I don't know if it will be a high scoring game or not but when you play a team this far in the playoffs it does get hard to keep them out of the endzone all night."

When asked about playing on grass this week after having played on AstroTurf the last three weeks Hess replied, "If we have dry or good weather I don't think there will be much of a difference between us but if the weather turns bad I think they will have a slight advantage because they have played in the mud and slop the last three weeks."

Hess commented on their starters by saying, "Experience wise they have played a lot. They are star-

MR. DOUG FRY, local rancher and a former Cisco mayor, reports that he and his missus have been to two meetings lately in Kansas City. Last month, they attended a banquet of the national Polled Hereford Breeders Association when his father, the late M.E. (Dude) Fry, was honored as a pioneer of Polled Herefords in Texas and the USofA. His photo and a hat he wore went into the association's Hall of Fame.

The Frys got home last week after the second trip to KC. They went to attend a national meeting of farm cooperatives. He is a member and director of a coop over in Callahan County.

open. "Let that be a lesson," we suggested.

"I should consider it a lesson," she replied with a smile. "This is the third time I've done this." And the car looked nearly new.

LOOKED IN AT the Eastland County Pecan Show last Friday afternoon. It was a real credit to the county and the pecan growers. Their displays were real good. And the bake sale had a lot of beautiful cakes and pies and cookies and candy.

Pecan men told us that this year's crop has been real short due to the dry summer.

CISCO CHAMBER OF Commerce is being operated these days by Mrs. Willis (Vallie) Parker with the help of President Elaine Dixon and others of the board and membership. Bill Austin, Jr., headed up the group that saw that Christmas lights and decorations were up, we understand.

Last Saturday's parade and Christmas season opening event was a good success. Old Santa Claus (Bruce Smith) was real pleased with it all, Mrs. Parker reports. He stayed around in front of the CoC for quite a while to greet youngsters and give them some candy.

Santa is due back in town Thursday, Dec. 9, and Thursday, Dec. 16, to visit with youngsters. You'll hear more about it.

CISCO'S LADY policeman is doing a good job, our scouts report. She is Risa Juan Livingston who came here from Gorman. She has two children and has been on the job since Sept. 17th. There's still some good and some bad in Mr. John McGuire's leg - the one he broke in the boating mishap. It's still a bit stiff and it's hard to walk without a limp. The good is that he can now tell when the weather is going to change. The leg aches to herald a change in the weather.

MEMBERS OF the First United Methodist Church will gather over there next Sunday afternoon to decorate the sanctuary in a special worship service known as the "hanging of the greens." Members were asked to bring an ornament or decorative items.

Purpose of it all, of course, is to turn the sanctuary into a warm, friendly, home-like Christmas place. Church members are again subscribing \$4.50 to buy poinsettias for the sanctuary. The Christmas flowers will be memorials in honor of folks designated by donors.

Rick started welding when he was age 13 and has been in the business for some 15 years. His wife will answer the telephone and handle the office chores.

WTU Rates Will Increase

West Texas Utilities Co. rates will increase early next year by an average of 4.7 per cent as result of a settlement agreement reached this past week.

WTU and all parties involved, including the Public Utility Commission staff and the Texas Municipal League, agreed on a retail revenue increase of \$10.2 million annually. WTU had proposed an increase of \$20.4 million.

WTU officials said the Company agreed to the settlement because it was in line with recommendations of the PUC staff, and that the Commission usually does not deviate far from the staff's recommendations. The main difference between WTU's request and the amount allowed is the rate of return on common equity. WTU had sought 18 per cent and received 16.25 per cent, which is about the same percentage granted in WTU's last rate settlement last February.

"It is obvious that as a result of this settlement we'll have to ask for another increase sooner than we had hoped," said Jack Kennedy, WTU local manager.

He said WTU management has indicated that a new rate case may be filed as early as April of 1983. The new rates are scheduled to go into effect Jan. 7 unless the PUC changes the date.

Effect on monthly residential bills, including both the base rate and estimated fuel cost charges, would be as follows:

For 600 kilowatt-hours-\$45.76 at 7.63 cents per kilowatt-hour, compared to \$43.39 at 7.23 cents per KWH under the present rates.

For 1,000 kilowatt-hours-\$71.98 at 7.20 cents per kilowatt-hour, compared to \$68.30 at 6.83 cents per KWH under the present rates.

Residential rates vary, depending on whether the home has electric water heating, electric heating, or a combination of both, but the average increase for the

residential customer classes will be 4.96 per cent. The increase for commercial customers will average 5.55 per cent and the increase for large power customers would average 2.95 per cent.

Births

Lee and Lisa Tucker are pleased to announce the arrival of the precious Russell Lee "Rusty" Tucker.

Little Rusty was born into this world in the eleventh hour of November 6, 1982. He boasted a healthy six pounds and nine ounces with a length of nineteen inches from the top of his cute, little head to the tips of his little, big feet.

He is a very cute and considerate little child. He only cries when he is wet, hungry, or awake.

Critics say he has his father's nose. It is plain he has his mother's good looks and disposition.

His cute mannerisms and happy little eyes bring joy to the lives of those around him. God has blessed little Rusty's home! He resides at 809 Roaming Road, Allen, Texas.

Maternal Grandparents are Mrs. Jim Erwin, and Mr. Jack Wilkinson of Dallas, Texas. Paternal Grandparents are Mr. and Mrs. Joe P. Tucker of Cisco.

Senior Citizens Present Gift

With the characterization of "She is an Angel, for the work she does for the Senior Citizen Centers", Janet

Thomas, County Agent (Home Economics), was presented a ceramic Angel following her Dec. 6 program in the Laguna Hotel, Cisco.

Ruth Cartee, Director of the Center, made the presentation for the Senior Citizens attending the noon luncheon. The iridescent piece had been produced in the craft room of the hotel.

Mrs. Thomas, in stating her appreciation for the gift, said, "I particularly enjoy

bringing these programs on nutrition to the Centers. The reception is tremendous - the audience is a joy to work with."

Janet Thomas brings Nutrition Education programs on a monthly basis to the Cisco, Eastland, Ranger and Gorman Centers. She reaches around 450 persons who attend these luncheons and programs. Her discussions include the latest information and nutritional needs, food purchasing and meal preparation.

NORMALCY

What is normal?
It could be that our economy is about at that stage now. Since World War II we have pumped billions of dollars into our economy. That made it abnormal.
When employment lagged a little the democratic controlled congress would pass another huge spending bill and that added to the deficit, which kept the economy buzzing. This was not a real economy.
We didn't have to produce to keep people working and we fell into a false economy that can not keep on going forever. In 1980 we voted to become more conservative and when the money was not available for millions of jobs, we fell into a recession.
Then the 1982 election said lets make some jobs available by the old method of creating them with deficit spending.
It certainly will be interesting to see just what the election of 1984 will bring us.
With the deficit we now have, it is doubtful if we could go back to the old method of spending our way into prosperity. Then we would have to go back to producing at a level that would be competitive with Japan, Germany and other producing countries.
People will have to go back to work and produce more for the dollar they earn.
Our standard of living might have to come down to the countries that we compete with.
So our economy could be about normal now.

Violin Award Continues

The annual J.C. Dyer Memorial Violin Award will be presented in May, 1983, at the State Junior Music Festival, according to information received from the Texas Federation of Music Clubs.

The late J.C. Dyer, a rancher from north of Cisco, loved music very much - especially violin music. He

and his wife, Wilda, assisted Music Clubs on a local and State basis. After his death his family and friends set up a Memorial Fund which would encourage young musicians.

High School students will compete for this coveted Violin Award, which will include a cash prize. The com-

petition will be administered by officials from the Texas State Federation.

Wilda Dyer continues to promote music on a local and State level. She is the 1983 President of the Cisco Music Club, President of District 3 Music Clubs, and Historian of the State Federation.

Sweetwater Drilling Plans To Drill In Eastland

Sweetwater Drilling Inc. of Sweetwater has revealed plans to drill a 1,500-foot developmental well in the Eastland Regular Field. The operator has 124-acres leased, with drillsite in Eastland County's HTC RR Co. Survey, A-254 and has designated the venture as the No. 1 Barrett. Drillsite is two miles northwest of Romney.

Flowing at the rate of 153 barrels of crude oil and 289,000 CF casinghead gas per day on a 11/64 choke, the No. 1 Roy Pippen was completed in the SP RR Survey, Sec. 502 by EnRe Corp. of San Antonio.

The wildcat showed flowing tubing pressure of 540 PSI.

Drillsite is in a 640-acre lease in Eastland County, nine miles northwest of Cisco.

After entering the pay zone at 3,860 feet, the well went to 3,992 foot bottomhole. It was perforated to produce from an interval 3,866 to 3,874 feet into the wellbore.

Trinity Exploration Co. of Ft. Worth has added a new natural gas producer in the T.E.C. Field. It is the No. 2

James A. Cox, located in a 190-acre lease in Eastland County's Mary Ann Clark Survey, eight miles northwest of Rising Star.

The well flowed at the rate of 1,802,000 CF per day on a .50-inch choke. The absolute open flow came in at 15,000,000 CFD.

Drilling went to 2,750 foot bottom after the production zone was entered at 2,630 feet. The production interval will be perforations 2,636 to 2,647 feet.

At a location four miles southwest of Romney, Snow Oil Co. of Ft. Worth has completed the No. 2 B.F. Dudley, new oil well in the Green Show Field.

Drillsite was in a 146-acre lease in Eastland County's Mary Ann Clark Survey, A-51.

The well showed daily potential for 9 barrels of oil per day on an open choke. Production will be from an interval 2,655 to 2,668 feet. Well's total depth was 3,200 feet, with top of pay logged at 2,655 feet.

At a location two miles southeast of Mineral Wells, Reed Operating of Fort Worth has filed for permit to drill a 4,000-ft. developmen-

tal probe in the Tomerlin Gas Field. The well will be known as the No. 2-A Tomerlin "A." It is in a 160-acre lease block in the TPRR Survey, Palo Pinto County.

Blair Properties of Fort Worth is planning to spud a re-entry venture in Palo Pinto Regular Field, five miles north of the Brown Community. The well is designated as the No. 1 Betty Graham. With projected total depth of 4,400 feet, it is in a 633-acre lease block in the T&PRR Survey.

A new gas producer has been brought on line in Parker County's Douglass Field by Inwood Exploration Inc. of Dallas. The well is designated as the No. 2 Jackson, located nine miles southwest of Millsap.

Tested on a 5/16 choke, the well flowed at the rate of 689,000 CF gas per day and was rated at 840,000 CFD on open flow.

The well is in a unit in the James S. Martin Survey. It was drilled to 4,205-ft. bottomhole and will produce from a set of perforations in the Strawn Formation, 3,002 to 3,012 feet into the wellbore.

Hexagon Oil and Gas of Fort Worth has filed first production figures for the No. 1 Wright et al, a suc-

cessful developmental probe in the Mineral Wells Field. The well indicated ability to flow 372,000 CFD gas on a 1-in. choke and was given a 500,000 CFD rating on absolute open flow.

It was taken to total depth of 4,650 feet, was plugged back and will produce from an interval of perforations in the Upper Strawn Formation, 2,535 to 2,641 feet into the hole.

Drillsite was in a 158-acre lease in Palo Pinto County's M.E. Miller Survey.

A 4,600-ft. Stephens County wildcat for oil or gas is scheduled to be drilled one mile west of Crystal Falls.

The well is in the No. 1 T.P. Robertson-Metcalf. It is situated in a 240-acre lease block in the J. Metcalf Survey. Seely Oil Co. of Fort Worth is the operator.

Wichita Industries Inc. of Denver has staked drillsite for a 1,095-ft. Stephens County wildcat 14 miles east-southeast of Breckenridge.

Location is in a 1,095-acre lease in the Orphan Asylum Survey. The well is designated as the No. 57 Peter Swenson.

The No. 13 and No. 14 Charles Branch, a pair of 3,500-ft. developmental wells, are scheduled to be

spudded in the Stephens Regular Field, three miles southwest of Breckenridge.

With Sun Exploration and Production of Abilene operator, the well is in a 160-acre drilling unit in the Lunatic Asylum Survey.

Pumping oil at the rate of 11 barrels per day on open choke, the No. 1 Hittson has been finished in Stephens County's Moon Field by Burk Royalty Co. of Wichita Falls.

Location is in a 320-acre

lease in the TE&L Survey, three miles east-northeast of Breckenridge. The well was drilled to 4,024-ft. bottomhole. It will produce from a perforated interval in the Marble Falls Formation, 3,862 to 3,874 feet.

Delta Oil and Gas of Breckenridge has filed for permit to drill a 5,000-ft. wildcat re-entry two miles west of the Caddo townsite. The well is designated as the No. 1 Jeffreys-Slemmons. It is in a 311-acre lease in the

Stephens County's T&PRR Survey. The well will test the producing zone of the Stephens County Regular Field in addition to wildcat territory.

October Discoveries Reported

AUSTIN—Railroad Commission Chairman Jim Nugent announced that Texas operators reported 89 gas and 57 oil discoveries in October 1982.

One year ago, 103 gas and 48 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the tenth month of the year included 22 in the Refugio area, 20 in deep South Texas, 16 in Southeast Texas, 11 in West Central Texas, six in East Central Texas, five in the Panhandle, three in the San Antonio area, and two

each in East Texas, North Texas, and the San Angelo area.

Oil discoveries included 15 in North Texas, 10 each in Southeast Texas and the Midland area, nine in the San Angelo area, four each in East Central Texas and the Refugio area, three in West Central Texas, and one each in the Lubbock area and deep South Texas.

Through the first ten months of this year, there have been 1,210 gas and 544 oil discoveries throughout the state. For the same period

last year, there were 1,060 gas and 505 oil discoveries.

In October, operator reported 412 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 2,598 in October compared with 3,146 in the same period of 1981.

Applications to drill, deepen, plug back and for service wells in October amounted to 2,910 against 3,442 a year earlier.

Operators filed 722 amended applications to drill. A year earlier they submitted 869 amended requests.

Generally speaking the culture of the "less spiny" epiphytic cacti... Thanksgiving, Christmas and Easter cacti, rhipsalis, chiapora, cryptocereus, nopalxochia bloom during the spring. Rhipsalis blooms off-and-on through the year. Thanksgiving and Christmas cacti will bloom during the holiday season if raised where the amount of light they receive corresponds to the actual daylight hours during each season of the year. That is, they will bloom on schedule and of their own accord if raised outdoors or in a greenhouse. But if they are raised indoors where they receive additional artificial light at night (i.e., in your living room) you must take appropriate measures to insure that they will bloom. It is particularly important for Thanksgiving and Christmas cacti to experience a rest period at the appropriate time in order to come into flower during the holiday season. Starting around Labor Day situate your Thanksgiving/Christmas cacti in an evenly cool place where they

will receive a minimum of 12 hours of darkness out of every 24 hours.

Reduce the amount of water given during this time, but don't allow the plants to dry out completely and withhold the fertilizer. After the plants finish blooming, increase the amount of light to sixteen hours. Continue to water lightly until their spring growth commences, at which time their fertilization schedule can also be resumed. The spiny-er epiphytic cacti deamia, harrisia, heliocereus, hyllocereus and selenicereus bloom during the late spring and on up into early summer. And one-half volume washed builder's sand to either commercially packaged mix or basic epiphyllum mix. They prefer stronger light than epiphyllums. Their own cultural requirements are basically the same as for the

LA-Z-BOY

Just the gift for the most important person in your world — the La-Z-Boy that's a handsome chair, a luxurious recliner and — when you want — a relaxing rocker. It's more fashionable than any chair with all these features has a right to be. But, beneath its good looks are all the features that have made La-Z-Boy famous — lean-back action, full recline comfort, independently operated foot rest. All this and savings too, in time to give, to own, to enjoy, Christmas after Christmas. Come early, quantities limited.

\$279.00
The most comfortable part of her day is when she gets to sit in her La-Z-Boy Reclina-rocker. She loves that head-to-toe comfort available only in a La-Z-Boy. It's the recliner that has styles and sizes for everyone!

EXAMINE TERMS BEFORE ASSUMING LOAN

In these days of tight money and high interest rates for housing, taking over somebody else's mortgage may be the least expensive way for you to become a homeowner.

Assuming the payments on an existing low-interest home loan could prove less expensive than paying for a new loan at current market rates. When evaluating an existing loan, in comparison with obtaining new financing, consider these things. Does the existing mortgage allow for an assumption?

And if it does, can the lender change the terms of the loan or charge significant assumption fees? What would be your liability under the loan assumption?

In some transfers, the seller remains solely liable for the mortgage note, even though the buyer takes over the payments. In other assumptions, the buyer takes over liability along with the payments.

WATCH OUT FOR HOME REPAIRS RIPOFFS

Sensible home repairs and improvements can protect and enhance your home investment. Unfortunately,

Americans are bilked out of millions of dollars annually by dishonest repairmen.

Prudence can protect you from this type of loss. Before starting any project, have several bids prepared by local contractors with good references. Never rely on verbal agreements.

A contract should be prepared listing a complete description of the job to be done. Before you sign any contract, make sure that you understand it or have it checked by an attorney. Finally, never deal with anyone who shows up at your door uninvited and offers you a "special deal" or leftover materials or offer to perform a free inspection of anything in your home.

ALL-SAVERS CERTIFICATES OFFER TAX BENEFITS

The tax reductions act

passed by Congress includes a provision designed to allow banks and savings and loans to compete with money market mutual funds.

The provisions authorize federally regulated lending institutions to offer special savings certificates called all-savers certificates. These certificates pay an interest at a rate equal to 70 percent of the current yield on one-year treasury bills.

Interest payments are exempt from federal income taxes up to a maximum of \$1,000 on an individual return or \$2,000 on a joint return. Therefore, an investor in a tax bracket higher than 30 percent could achieve a higher after-tax return by purchasing a certificate than by investing in treasury bills.

Lending institutions hope this incentive will help them win back deposits lost to higher yielding investments in recent years.

EXAMINE OIL AND GAS LEASE BEFORE SIGNING

Landowners, there are some important facts you should know before leasing your property for oil and gas exploration.

Most leases begin with the granting clause. This clause outlines the substances which can be explored for and produced. The granting clause may pose problems if the owner of the land is not the same party who owns the mineral rights to the land. If the substances being sought are near the surface, the substances may belong to the landowner rather than the mineral owner.

And what about substances other than oil or gas? Who owns them? As you can see, the granting clause may permit a much wider range of activities than the landowner anticipates, but the clause can be amended to satisfy the parties concerned.

Before you grant a lease, be sure you get a sound legal advice.

The average sales price of a single-family Texas home in early 1980 was \$54,000. When compounded annually, that's a yearly appreciation of more than 12 percent since 1976. The National Association of Homebuilders estimates the median price of an existing home sold in the United States in 1989 will be \$136,000.

Experts attribute these increases to several factors, including increased demand and continuing inflation. In short, ownership of a home should continue to be a successful hedge against inflation.

HOME PRICES IN 1990
What will your home be worth in 1990? Projections for home prices at the end of the decade are that the average home will cost more than twice its 1980 price.

Film On Classroom Discipline Will Be Shown Church

A new film featuring Dr. James C. Dobson will be presented by Greater Mountain Top Church, on Wednesday, December 8th, at 7:30. One of the nation's leading psychologists, Dr. Dobson rejects a harsh and rigid authoritarianism as he addresses what he considers the central problem for classroom teachers: a lack of firm but loving control.

Entitled "Discipline in the Christian Classroom," the 42 minute teacher training film provides fast paced interviews and dramatic vignettes as Dr. Dobson presents various leadership styles and encourages positive methods of teaching.

Dr. Dobson's previous film series, "Focus on the Family," has been viewed by over 4 million individuals since its release two years ago and more than 15,000 churches have presented the seven-part series.

Best-selling author of seven books including his latest, STRAIGHT TALK TO MEN AND THEIR WIVES, Dr. Dobson is associated clinical professor of pediatrics at the University of Southern California School of Medicine and a member of the attending staff of Children's Hospital of Los Angeles in the division of medical genetics. His radio program, also entitled, "Focus on the Family," is heard in almost every part of the United States through syndication to 200 stations.

The Pastor, John C. Jones, invites classroom teachers of area Sunday Schools to attend this informative film. Mrs. Ruth Stewart, the church's counselor to the teaching staff, will present the film and direct the activities of the session. The church is located in the Romney Community, 10 miles south of Cisco on Highway 183.

Lights From The Christian World
Josephine Cleveland

THE LIGHTS OF CHRISTMAS

God's first creative act was, "Let there be light. And there was light. And God saw that the light was good; and God separated the light from the darkness." Genesis 1:3.

Men have examined the wavelengths and parts of light itself. Now they bring its brilliance into homes and offices and to other places where men need to see.

There is a light more powerful and penetrating than the strongest man made beam. This Light is able to invade every area of life, every corner of creation, and every moment of history.

Christmas is the season we celebrate the birth that Eternal Light. "That was the true Light," wrote John the Apostle, "which lightest every man that cometh into the world...In him was life; and the life was the light of men." John 1:9; 4:5.

May the Eternal Light of this season invade the hearts of men; for it is as man's minds are illuminated by this Light that lives are changed and men stumble no longer in sin. You make the decision of choosing to walk in the light rather than in darkness. What will your choice be?

Three Pecan Growers Share Honors At 30th Annual Eastland County Show

Three pecan growers shared honors at the 30th Annual Eastland County Pecan Show at the courthouse. Dan Childress of Cottonwood exhibited the in-shell champion pecan, an entry of Mohawk that shelled 60 percent kernels and were very large, 29.2 pecans per pound. Childress also showed the reserve champion in-shell pecan, an entry of Meremiac.

The champion shelling pecans were an entry of Westerns shown by Lin Boch of Ranger. They shelled out 58.6 percent kernels. Childress exhibited the reserve champion shelling pecans, an entry of Sioux. The champion native plaque was won by James Alexander of Pioneer. B.R. Little of Eastland exhibited the reserve champion natives. Judges for the show were Sammy Helmers, area extension horticulturist, and Dr. Thomas Lee, area extension plant pathologist. The event was sponsored by the Eastland County Pecan Growers Association and the Eastland Chamber of Commerce.

County extension agent DeMarquis Gordon said the show was small this year, about 125 entries, because of the shortage of pecans. Pecan trees set a small crop due to last year's heavy crop and the drought this summer and fall, Gordon said. The first-place entries in each class will compete in the Central Texas regional pecan show in Arlington next week.

The following growers won ribbons:

NAWHSL Promotes National Drunk & Drugged Driving Week

Mrs. Hazel McKee, Houston, Texas, President, National Association of Women Highway Safety Leaders, Inc. (NAWHSL) with headquarters based in Upper Marlboro, Maryland announced today her Association's plans to promote NATIONAL DRUNK AND DRUGGED DRIVING AWARENESS WEEK proclaimed by President Reagan for December 12 through December 18.

In announcing her plans McKee stated "The efforts of everyone will bring an end to such needless killings. Although the special events programs of our Association are designed to call attention to this most important week, our Association has and will continue its educational and priority programs throughout the year."

"Our programs designed specifically for the week include the following activities: FLYING THE AMERICAN FLAG - Each member will display the American Flag not only for love of country but also in memory of the thousands of people whose lives were lost in vain on our highways. It will also serve to remind the motoring public that such deaths and injuries need not have happened. Businesses will also be invited to join with us."

"Phase Two" continued McKee will be SPEAK OUT FOR SAFETY. "At 10:30 a.m. on Sunday, December 12, each state association representative will place the first in a series of five telephone calls to friends and relatives explaining the importance of the week, urging them to be CARING HOSTS AND HOSTESSES during the holidays, and promoting the use of safety belts

and car safety seats. The recipients of each call will be asked to call five friends with similar messages, forming a chain of telephone calls throughout the nation for safety. Churches will be asked to ring the church bells at precisely 10:30 a.m. on December 12."

"Phase Three is rather unique," continued McKee, "it is a NAWHSL GUEST PARTY FAVORS PROGRAMS. All members (and their friends) are asked to be Caring Hosts and Hostess by not allowing guests to drive home drunk or under drugs. Our program includes doing your guests favors by accepting responsibility for their lives through TIMING OF DRINKS, SERVING PRO-

Sidelights & Spotlights

Would you like to celebrate the twenty-fifth of Amazonius for Christmas? No? Well, the Romans didn't think much of the idea, either.

On the whole, the Romans charged into calendar changing with a right good will. They added two months to the year and were generous with adding days to most of the various months—except February.

But they didn't take kindly to name changes, and they firmly rejected the Emperor Commodus' suggestion that December become known as "Amazonius" in honor of his mistress just because she had been painted as an Amazon.

It wasn't because Christians celebrated Jesus' birth in December. At that time the Christians had a very low profile in Rome. It isn't clear to me just why Romans were so set on keeping "decem" (tenth) for what had become the twelfth month of the year, but there is no doubt that they kept it.

The seventeenth of December, whether the tenth or the twelfth month, began the celebration of Saturnalia. This festival was one of the most important to the Romans as it honored Saturn, their god of seed-sowing who reigned during the "Golden Age."

Our Saxon forebearer's

great feast, observed at the winter solstice, was in honor of Thor, god of thunder. They called it "Gul," meaning "ale" which they drank in quantities at all seasons! Gul finally change to "Yule." Then they changed Yule when they converted to Christianity. December was designated "Heiligh moanth" (holy month) in honor of Christ's birthday.

In many regions December was a time of hard frosts and heavy snowstorms, so it is no wonder people welcomed the chance to whoop it up in Saturnalian excesses in Rome and later the Twelve Days of Christmas in England.

Things went right on happening in December whether the weather was good or bad. Westminster Abbey was dedicated in 1065. Our Bill of Rights was adopted in 1791, and the Louisiana Territory was bought from France in 1803.

Things military happened, too. It was a heck of a time for a boat ride, but Washington crossed the Delaware in 1776...standing up, according to the artist

Calendar Changed With Good Will

(Shock?) At the same time it preserves the fidelity of friends, protects the wearer from bodily harm, and is a love charm.

The stone is porous, so don't dunk it as water will change its chemical composition. Your valuable blue stone may gradually become green if you wash it along with your hands.

Artificial zircons, December's alternate birthstone, are so beautifully brilliant these days that the fact that the zircon occurs naturally is often ignored. It has not been appreciated properly as a gemstone, but the zircon has held its place for years as an important factor in making steel and abrasives.

You may choose the narcissus or the holly for your birthmonth flower, but the holly plant has a happier story history than the narcissus.

Both plants have pagan histories, and the holly is supposed to have been used to make Christ's crown of thorns. That is why its berries turn red. For centuries before the Christian era, holly was used to decorate homes and temples as symbolic of friendship and goodwill.

As Christ's message was of peace and goodwill, the holly blends pagan and Christian beliefs, so hang a holly wreath on your door and keep Christmas in your heart all year!

PADD; MADD Join Forces To Help Lawmen

Several hundred Eastland Countians were told that drug abuse and drunk driving is a "people problem" and that law enforcement agencies "can't do it all," during a Rally held Saturday evening in Eastland County.

Sponsored by the Eastland County War on Drugs Committee, the program featured the current film, "Epidemic". Cisco Mayor Eris Ritchie was master of Ceremonies and Dr. Tim Tannich gave the invocation. The film was introduced by the Rev. Jim Hooten, who encouraged citizens:

"Don't ever become discouraged, when you sometimes think that 'no one cares'. Working together, things can be accomplished. You're attacking the problems because it's right to be doing it, and 'right will out'."

The film, produced by TANE (Texas Alcohol Narcotics Education) vividly explained the problem that faces the nation and the world today.

County Sheriff John Morren told the audience that "If we've got one kid on drugs, or if we've got one pusher - then we've got a drug problem."

He and other law enforcement officers appealed for help from the public, and District Attorney Emory Walton said "I'm glad there's a P.A.D.D. (Parents Against Dangerous Drugs) Committee of Citizens willing to get involved and help."

Betty Prude, president of the Abilene Chapter of MADD (Mothers Against Drunk Drivers) spoke, telling a number of incidents in which drunk drivers have killed innocent people and not been punished or stopped from driving.

A number of citizens volunteered to get involved and help.

Mrs. Prude said in part in her talk:

It was a quiet family lake party at Texoma Easter weekend. Three families drove to Denison for dinner. There were nine of them, including six children, in a van. After dinner, they started down Highway 75 to a movie in Sherman.

A drunk driver, going too fast and in the wrong lane of traffic, rammed into the van. One of the men and two of the children, ages nine and fourteen, were killed. One woman woke up in intensive care with several broken bones.

She lay in traction for six weeks, and now has to use a cane to walk. One child who survived lost the use of one eye and was partially paralyzed in the face. Another of the men in the van received spinal cord injuries.

The drunk driver ran from the scene. This was his sixth accident. He had been charged with driving while intoxicated four times in the past. Three of those charges had been reduced to reckless driving.

A 51 year-old woman was driving 20 miles north of Midland on a clear autumn night. A drunk driver, driving on the wrong side of the highway with no lights, plowed into her car and killed her. The driver was arrested and jumped bail. A few years later, the charges against him were dropped. He is now a free man.

After refereeing a basketball game in Sweetwater, a young man was returning to Abilene. He was 26 years old and a leader in his community. A car crossed the median on the freeway and crashed head on into the young man's car. The young man died instantly.

A 50 year-old man stood in a Dallas courtroom, accused of driving while intoxicated.

He was convicted - for the tenth time.

A 26 year-old man was standing in front of his pickup which was disabled and parked eight feet off the highway. A drunk driver, driving well over the speed limit, left the highway, striking the pickup and the young man. When the pickup came to rest, it was 150 feet from the impact and the young man was under it. The young man died instantly.

Four out of the five accounts of accidents that I read were among the 1,083 deaths that drunk drivers caused in this state last year. The drunk driver also caused 27,751 injuries.

The 26 year-old man that was killed while standing in front of his pickup was my son. He was killed February 4, 1981. I had a healthy, ambitious, determined young man for a son. Now he is dead because of a drunk driver. When we received the telephone call telling us that Eddie was dead, I just couldn't believe it. Eddie did not drink, he was a good driver, and I could not believe he was involved in a wreck with a drunk.

Later, I learned about the facts of the accident. Eddie was returning to San Marcos from Seguin, which is a 20 mile trip. About ten miles out of Seguin, Eddie realized he was running out of gasoline. He had just passed a community bowling alley on the left hand side of the road. He made a U-turn on the highway and had hoped to park on the parking lot of the bowling alley. He didn't make it to the parking lot, but he did park eight feet off of the highway in the ditch. He went to a nearby house, and asked if he could use the telephone. He called a friend to ask that he bring some gasoline "out" to him. The friend brought the gasoline,

and after putting some in the gas tank, Eddie raised the hood of his pickup to pour some gasoline in the carburetor. When he raised the hood, his friend got back in his car. About that time, Eddie's friend noticed an oncoming car driving at a high rate of speed and all the way over on the left hand side of the highway. Then, the car started coming back to the right side of the highway. The driver never did slow down or straighten up. He just drove into the ditch, hit the left rear fender of the pickup, and then hit the door area. When they found Eddie, he was under the pickup, dead.

The driver of the car was taken to a hospital; he suffered only minor cuts and bruises. A blood test was made at the hospital. The driver had a blood alcohol content of .20%, double the legal limit. A week later, he was charged with involuntary manslaughter. Six months later, he was sentenced. He received a three year probated sentence and a \$2,000 fine.

Eddie's death was no accident, it was a crime - a crime that has been neglected for too long by our system. If you are drinking and commit an assault or a robbery, you cannot use your drinking as your defense. So, why should anyone be able to use their drinking as a defense when they kill someone when they are drinking and driving?

According to statistics last year, in Texas there were 36,774 accidents caused by drunk drivers. That's a rate of over 100 accidents per day. It has been estimated that one out of 50 drivers on any week day is legally intoxicated, and one out of ten on the weekend. In the past ten years, 19,000 people in Texas were killed because of DWI's. Last year, there were

26,000 deaths in this country caused by drunk drivers and 750,000 people suffered injuries from alcohol related automobile crashes. If this continues, 50% of Americans born today will be involved in a crash caused by a drunk driver.

Are you startled or alarmed at these figures? I hope you are, but I haven't finished yet. The combination of alcohol and automobiles is killing our youth at an alarming rate. Drunk driving is the No. 1 killer of young men and women in their teens and twenties. Nearly 8,000 were killed last year and over 40,000 were crippled or disfigured for life.

Texas should be outraged at the senseless destruction caused by drunk drivers. Our society has permitted innocent people to be killed on our streets and highways because it is easier to ignore the DWI problem than to face it. People have been led to believe the DWI is not really a crime and the drunk drivers is really not a criminal. But, this just isn't true.

Something has to be done to reduce the number of deaths and injuries caused by drunk drivers. How are we going to do this? To accomplish the goal of making our highways safer, it is necessary for us to all work together to bring pressure on the system so that changes will take place. It is an absolute must that everyone get involved. Let your state senator and representative know how you feel about this epidemic of senseless deaths and injuries caused by drunk drivers.

There will be a number of DWI bills introduced during the 1983 Texas legislature. Some will have mandatory punishment for the first offense and others will be more lenient. Again, talk to your representatives. Find

out how they feel and let them know how you feel. Representative Gary Thompson of Abilene will be introducing a bill to raise the state drinking age to 21. Other states that have raised the legal age back to 21 have shown a decrease in the number of deaths and injuries among young people. With a higher drinking age, young drivers have more difficulty getting alcohol. They drink less, do less driving under the influence, and are involved in fewer alcohol-related accidents. Michigan had a 28% decline in death and injury accidents involving young people after restoring the drinking age from 18 to 21. Texas could expect a drop of about 28% in night-time fatal accidents among 19 and 21 year-old drivers if it raised the drinking age.

There is another problem that we must address: the common sight of drivers speeding down the road while consuming alcoholic beverages. Texas does not have an "open container law," and it attempts are made to reduce accidents and deaths, then we need to put an end to the practice of drinking while driving. We need an open container law.

M.A.D.D. operates three major goals: public awareness, victim assistance, and strengthening the laws of the state. M.A.D.D. is not a temperance union. We work to promote awareness of the drinking and riving problem in America.

M.A.D.D. is a non-profit organization composed of victims and concerned people from all walks of life. We need your support financially as well as your physical support. At the beginning of my speech, I told you about victims who have become involved. The Women who was in traction for six weeks is

now president of the Dallas area chapter of M.A.D.D. The daughter of the 51 year-old woman killed near Midland is now president of the San Antonio area chapter of M.A.D.D. The 26 year-old man killed near Seguin was my son. I am now president of the Abilene area chapter of M.A.D.D.

As victims of the senseless deaths caused by drunk drivers, we have chosen to become involved. We are

working to try to stop some of these tragedies. I hope each one of you will become a force in changing the drunk driving habit that exists in America today.

I know that there are people in this community who have experienced the same grief, mental anguish and loneliness that my family has experienced. My heart, my prayers, and my sympathies go out to them.
