

# Fair Boosters Plan A Tour Of Territory

## Mr. Muleshoe

I surrender, I give up. I admit that I was wrong. All the time, with a secret reservation of mind, I felt that the selection of the south site for our new school was a bad selection, but I was willing to go along with the majority.

I was told by several who had studied the situation that the site finally picked was the best. But not until now have I realized what a headache I am.

And you, Mr. and Mrs. Reader, if you will take the time to go out there where they have leveled off the hills and filled up the ravines and see that level expanse of ground where our new high school will be, and see that fine crop of rye growing out there and look off to the horizon you won't fail to see that our final selection of this site was certainly no mistake.

Yes, the rye crop planted up there for a cover crop to keep down the dust is doing fine. And it is a pretty spot and will be more and more attractive as the buildings finally begin to go up on it.

Please go out there and look it over and then tell me if I am correct in this belated appraisal. Supt. Cunningham would go out there with you personally, if you see him.

There are more than 100 members of the Muleshoe Chamber of Commerce and each will get a ballot on the election of officers. This is a small thing to do—to vote on a new group of directors. Return your marked ballot—and maybe your conscience won't hurt you for not attending meetings.

Fort Worth newspaperman: You must have 2,000 persons here in Muleshoe. It's sure growing.

Even a newspaperman ought to see that Muleshoe is nearly twice that big. Two thousand people, indeed.

Jimmie Alsop: When a fellow visits in another state and tells the people here from Muleshoe they nearly always inquire if Lubbock is not in the Muleshoe territory somewhere.

And speaking of Alsops reminds me that Joe Bill Alsop is now a big time radio announcer and editor. Joe Bill does little announcing any more—he edits the news and covers personally many news beats for his station, WHEC, of Chattanooga, Tenn. Recently he had the honor of interviewing three governors simultaneously. He's all wrapped up in radio—works many extra hours just because he likes to be around. This interest and enthusiasm is bound to bring him to the top in his profession. It takes intelligence, energy, enthusiasm, and a whole heck of a lot of hard, painstaking work to get where you want to go, young man, and don't forget it.

Activity in preparation for the first annual Muleshoe Fair rose to fever heat this week as workers realized they have only two weeks left in which to make all arrangements for the two days program of educational and entertainment features.

Glenn Rocky, general chairman of the fair committee, after a hasty check-up with his lieutenants, said that plans seem to be forming very satisfactorily.

The Fair will be held Friday and Saturday, September 26 and 27, at a location just on the east side of town, on the Sudan highway, within easy walking distance from the business district.

A building belonging to Jesse Osborn, recently constructed, and facilities of the Muleshoe Livestock Auction Sales company have been tendered to the fair for housing exhibits this first year. Permanent arrangements for housing are to be made for next year if possible.

The fair will have exhibits of livestock, garden and field crops and women's department exhibits, including needlework, flowers, etc.

There will be a carnival for entertainment. Several rides have been arranged and the Lions Club will erect several booths, including a ducking board, a feature which proved popular in a carnival held here several years ago.

In addition, the Muleshoe Roping Club has arranged to hold a rodeo, including roping and bronc riding, on both days of the Fair.

Those in charge of the various departments are: J. K. Adams, livestock; Edward White, agronomy; Noel Woodley, concessions; T. C. Young, carnival; Mrs. Henry Williamson, women's department.

A trip to publicize the Fair is being arranged by a special committee composed of Howard Cox and Jimmie Alsop.

A two-day trip is projected for next week, covering every community in the trade territory.

The Journal will print a special Fair edition next Thursday, September 11, to acquaint the people with all aspects of their first Fair.

Space allotted to merchants for exhibits was going fast and those who wish space had better arrange for same soon. There will be several booths available in the Osborn building. Machinery will be displayed behind that building and livestock will be shown at the sales pens in the space between these two buildings.

### FARM SALE TODAY

The public auction sale of property of the Mrs. Anna Schroeder Estate is being held today at the farm northwest of Muleshoe. Col. W. D. Wanzor is conducting the sale of cows, hogs, chickens, household goods, farm machinery and miscellaneous items.

## 315 Pupils Enroll As Three Way School Opens; Faculty Is Announced

### New Building For Three Way School

Contract for the construction of a combination auditorium and gymnasium building at Three Way School was let this week to B. M. F. P. Construction Company, of Lubbock, Supt. H. H. Homsley said.

Cost of the new building was placed at approximately \$65,000.

Work is to begin within 15 days of the contract date and completion is expected in about 90 days. The building will be of brick and tile 82 ft by 88 ft, with a seating capacity of around 2,000. The bleacher section will seat about 800.

The floor will be of asphalt tile. The basketball court lines will be laid in contrasting color tile, one of the few courts so constructed. Gas steam radiation will be used for heating the building.

### Lane Appointed Scoutmaster Here

Eddie Lane has been named Scoutmaster in Muleshoe and Horace Edwards and Homer Pierce will be his assistant Scoutmasters. It was announced this week by Fred Johnson, chairman of the Lions Club committee charged with successful conduct of Scouting here. The Lions recently voted to continue their sponsorship of the Scouts.

Mr. Johnson told The Journal that at least one member of the committee will meet with the Scouts each meeting night. The Scouts meet Monday night of each week at the school house.

Once every two months there will

### Balloons Feature Lubbock Fair Parade

## Medals and Awards To Be Presented War II Veterans In Ceremony Oct. 2

### Bula And 3 Way Schools Tangle In 6-Man Football

The first game of six man football for Bailey County will be played Friday, September 19, when the teams of Bula and Three Way schools meet at Three Way. The contest will get underway at 1:30 p.m.

It is the first time either school has fielded a football team and excitement in the south end of the county is running high. Games will be arranged by these teams with other Plains schools this season.

### MR. PORCUPINE VISITS FARM NEAR MULESHOE

A full grown porcupine paid a visit to the Harris Bros. farm, 8 miles northeast of Muleshoe Sunday afternoon, reports Mrs. J. D. Hardt. They put a box over him to capture him, then delivered him to the Clovis zoo.

### LIGHT SHOWER FELL

Dudley and Ray Buzard, residing about 14 miles southwest of town, report only a light shower fell at their place Monday morning, not

Three Way School opened for the new term Monday morning, with an enrollment of 325 pupils. H. H. Homsley, superintendent, announced. More pupils are expected to enroll in the next few days, he said.

The faculty was practically complete, only a commercial teacher being needed. Members of the faculty are:

- C. J. Auten, high school principal.
- L. S. Tilger, Voc. Ag.
- Mrs. LaVigne Homsley, home-making.
- Mrs. Smith, English and music.
- H. H. Homsley, superintendent and math.
- Miss Effie Farmer, elementary school principal and 7th grade.
- Mrs. Peggy Perdue, 8th grade.
- Mrs. Ruby Fulton, 6th grade.
- Mrs. Dan St. Clair, 5th grade.
- Mrs. Cynthia Penuel, 4th grade.
- Mrs. Gladys Lowe, 3rd grade.
- Mrs. Sidney Johnston, 2nd grade.
- Mrs. Katherine Sanders, 1st grade.
- J. L. Woody, building custodian.
- G. T. Garrett, bus maintenance.
- Mrs. Ethel Creamer, lunch room supervisor.

### TEEN AGE PROGRAM

A teen age spiritual program will be started the coming Monday night over radio station KVOW, Littlefield, by Envoy and Mrs. H. C. Seago of the Salvation Army Post of that city. Local teen agers are invited to sing, recite or play music on the program.

be a court of honor when honored by Scouts will be presented in a public ceremony. Mr. Johnson said it will be the aim to have parents as well as all the community who have the interests of the boys at heart to attend this court of honor.

### The American Legion Post of Muleshoe will present American Victory Medals and American Defense Medals to veterans of Bailey County and the Muleshoe territory in ceremonies here Thursday, October 2, "Chief" Jones, commander of the Muleshoe post, announced.

All veterans of this section are invited to attend and receive their medals. Parents and the general public are invited to attend the meeting and witness the presentations.

Before the awards are presented Chief said, persons applying for such awards must have their original honorable discharge papers, and letter of separation from the service. In event one is lost or not available, the other can be used. "It is intended that the general public will be invited for the occasion, but there are still some details that have not been worked out. The Legion hopes to complete the program for publication in next week's Journal," he said.

## Bartley Named Chief Of Police

Jesse Bartley has been employed by the City Commission as chief of police of the City of Muleshoe and has entered upon his duties. The commission announced Bartley's election after their meeting last Friday night.

Mr. Bartley will move his family here in the near future from Sudan, where he has recently been operating a garage he owns. In the meantime he will commute daily.

He is a son of J. I. (Uncle Shorty) Bartley who is constable in Precinct 1, Muleshoe.

The commission has in mind the appointment of another member of the force whose duties will mostly concern traffic and parking regulations.

## 4-H Boys, Girls At Big Roundup

By J. K. ADAMS

Bailey County was present with a full quota of 4-H club boys, 4-H girls and their sponsor during the big state 4-H Round-Up held on the A. & M. campus September 3 to 6. Peggy June Cummins and Katherine along with their sponsor, Mrs. Raymond Gaede, made up the female contingent while Jack Heald of Needmore, Charles Robert Brown of Progress and Fuston McCarty of the Muleshoe club filled the quota for the boys clubs.

All attending reported a most enjoyable and worthwhile trip and desire to take this means to thank the Muleshoe Chamber of Commerce for the free trip via the chartered buses that carried some eighty five delegates from this district to College Station.

The Muleshoe Chamber of Commerce has always played a big part in the development of good citizenship and good leadership among our rural youth. The program at College Station was tops along the lines of leadership training and will perhaps pay big dividends in developing leaders of the highest order in our rural communities here in Bailey County.

## Enochs Capitol League Champion

Enochs is champion of the Capitol League for 1947.

In a hard fought game played on Legion Field in Muleshoe Sunday afternoon the Enochs nine ran in a score in the last of the ninth to edge out Springlake 8 to 7. The teams had gone into the last frame tied at 7 all.

A very successful season is reported by the eight team league, which had entries from Muleshoe, Enochs, Springlake, Earth, Needmore, Sudan, Amherst and Anton.

Local baseball followers said the league probably will function again next year, although this has not been decided upon.

## Shower Monday Ends Hot Wave

People have resented the unseasonal hot weather of the first few days of September so much that they figured it was the hottest weather of the whole summer. Not so, says R. J. Klump, and he keeps the thermometer.

But it was hot, as these figures of maximum temperature show: September 2, 101; 3rd, 101; 4th, 103; 5th, 100; 9th, 99; 7th 92.

The hot wave started to recede Sunday and showers in the neighborhood Sunday afternoon and night further routed the spell.

Other hot days of the now nearly gone summer of 1947 were listed by Judge Klump: June—7th, 100; 8th, 104; 9th, 102; 10th, 100; 18th, 102; 27th, 103; 28th, 102; 29th, 102; 30th, 106.

July—5th, 100 6th, 103; 18th, 100; August—12th, 100.

It has been one of the driest summers on record and the rainfall to date is far under what is required or the normal expected.

In July only 1.50 inches of rain fell and in August the precipitation was .33 of an inch. Monday morning of this week the rain here measured .22 inch, and this brought the total for the year to 9.44 inches.

## Arson Reward Continued Here

The Muleshoe Board of Commissioners Friday night took action to continue the reward offered here for the "arrest and conviction of any person found guilty of committing the crime of Arson within the corporate limits of the City of Muleshoe, Texas."

This reward is a standing offer and will be paid out of the general fund of the city of Muleshoe.

Placards setting forth the reward offer are being printed in the shop of The Journal and will be posted in public places in the city. This is one of the requirements of the Texas State Board of Fire Commissioners, Austin.

Mr. and Mrs. C. A. Adams and son returned Monday from Rochester where they visited her parents, Mr. and Mrs. J. D. Smith.

## New City Ordinance Extends Fire Zone And Regulates Building Types

Extension of the fire zone in Muleshoe and regulations concerning the type of buildings which may be constructed in the future is contained in an ordinance being printed in the Journal this week. The ordinance was adopted at a meeting of the Muleshoe city commission Friday night. Attending the meeting were Julian Lenua, mayor; Ray Edwards and Matt Dudley, commissioners; Pat Bobo, city attorney; R. J. Klump, city secretary; W. E. Young, fire marshal, and others.

Reference is made to the ordinance, which will be found on another page of this paper.

In non-technical language the fire zone is now composed of all territory lying between the first street on the west of Main Street and the first street on the east of Main Street beginning on the north at Highway 84, and extending south to include the block in which are located the Muleshoe Locker and Arnold Morris Auto, Fry & Cox Bros. and the Postoffice.

## New School Building Plans Are Prepared

### C. of C. To Elect New Directors

New officers and directors of the Muleshoe Chamber of Commerce are to be elected in the next few days.

At a directors' meeting held Tuesday the president, Roy Holland, arranged for a nominating primary. Each member will receive a roster of members, and he will be asked to nominate 10 members for director. The five directors having the highest number of votes will be declared elected and these will organize by electing a president, vice president, secretary and treasurer.

All members are urged to return their ballots just as soon as they possibly can. They will be in the mail probably by the time this is published.

## George Lindsley Rites Held Here

George T. Lindsley, 51, died at Big Spring Tuesday, September 9. He had been in ill health for some time.

Mr. Lindsley recently has made his home with the family of his daughter, Mrs. Kenneth Burton north of Muleshoe. He is survived by his three daughters: Mrs. Burton and Miss Arlene Lindsley, Muleshoe; and Mrs. Herbert Diaz, Dallas.

He was married June 22, 1921, to Myrtle B. Fowler. She preceded him in death May 12, 1933.

Funeral services were conducted at 3 o'clock Wednesday afternoon at the Main Street Baptist church by Rev. M. E. Robinson, pastor, and interment was in Muleshoe cemetery under direction of Steed Funeral Home.

Mrs. Lindsley was born February 11, 1896, in New York State.

### OUR HONOR ROLL

So many new subscriptions have been received that twice in recent weeks The Journal has had to increase the number of papers printed. New and renewal subscription payments are acknowledged as follows.

- Carroll M. Jones, Rt. 1.
- Bits Holt, Durango, Colo.
- Gale Holt, Durango, Colo.
- Leon Lewis, Rt. 1.
- Dale Moody, Rt. 1.
- Mrs. Opal Boothe, City.
- Martha Roberts, City.
- H. K. Freeman, City.
- O. K. Angeley, Star Rt. 1.
- E. D. Powell, city.
- J. H. Angeley, Star Rt. 1.
- Mrs. R. L. Jonas, Albuquerque.
- Bentley Gwyn, Hermleigh, Tex.
- Frank Foster, Lawton, Okla.
- F. B. Gaede, Lyman, Colo.
- D. J. Leedy, Route 1.

Being displayed this week are plans for the new high school building which is to be erected here by the big, newly consolidated school district. Supt. W. C. Cunningham has a copy of the architect's penciled drawing showing the floor plan, and said he will be glad for anyone interested to come by and view it.

Some changes may be made here and there but mainly the building likely will be approved as planned. It will face the east on the brow of the hill where the school board last year bought 37 acres of ground.

This ground has now been leveled off and awaits grassing and tree planting where such is planned and the actual laying of the building's foundation.

Members of the board hope that construction can begin soon.

There is provision for an auditorium seating 800; a large, modern gymnasium. The gymnasium with its dressing rooms will be at the end of the south wing, only a few yards from the players' entrance to the football stadium.

Each classroom will be an outside room. There are rooms for laboratories, storage space, offices, etc., and a large room in the center of the E shaped building will house the school lunch room, which will be modern in every respect.

On the campus will be the buildings housing the agriculture department and the homemaking department. A row of shelterbelt trees will fringe the outer edge of the school grounds and other trees will dot the campus, in the southwest corner fencing off a small, grass covered athletic field.

The eastern approach to the building will be terraced and grassed. A special road will lead from the street to the point in rear of the building where children will enter and alight from their buses.

"I fully expect that this building is going to be the most beautiful school building in all West Texas," Supt. Cunningham exclaimed after examining the plans for the building and grounds.

## Johnson - Pool Announce Montola And Thor Agencies

Johnson-Pool Tire & Appliance, the B. F. Goodrich store in Muleshoe, announce their acceptance of two new dealerships in radios and household appliances, both of them well known to the public.

They are stocking the entire line of Mantola radios, including four different models, and all equipment for possible use of FM reception. Some of these new radios are on hand and the firm has invited the public to view them.

Then the company will handle the well known Thor line of washing machines, electric irons and glad irons. The store is operated by Randy Johnson and Myron Pool II.

## Wildlife Refuge Has New Manager

Theodore R. Legler is the new manager of the Muleshoe Wildlife Refuge, succeeding Edward J. O'Neill, who has been manager here for the last three years.

Mr. Legler, his wife and their two children, Rebecca Ann and T. R. Jr., have arrived and set up residence on the refuge.

The O'Neills will be leaving soon for their new home in Brawley, Calif. Mr. O'Neill is to take over the management of the Salton Sea National Wildlife Refuge and its accompanying project, the Imperial Management Project, consisting of farm land.

The older Legler child, Rebecca Ann, has enrolled as a second grader in the Muleshoe school.

**Fire Limits Ordinance**

Be it ordained by the Board of Commissioners of the City of Muleshoe, Texas, as follows:

**SECTION 1. FIRE LIMITS:** The following shall be and are hereby declared to be the fire limits; Be-

ginning at the East Corner of Block Number Four, Original Town of Muleshoe;

Thence in a Northwesterly direction along State Highway No. 7 to the North Corner of Block Number Six;

Thence to the left at a 90 degree angle along Melsker Street to the West Corner of said Block Number Six;

Thence to the left at a 90 degree angle and along Chamberlain Avenue to the West Corner of Block Number Five;

Thence to the right at a 90 degree angle along Williams Street to the West Corner of Block Number Twenty-eight;

Thence to the left at a 90 degree angle along Charles Avenue to the South Corner of block number Twenty-Nine;

Thence to the left at a 90 degree angle along Wilterding Street to the place of beginning, containing all of Blocks Numbers Four, Five, Six, Twelve, Thirteen, Twenty, Twenty-one, Twenty-eight and Twenty-nine of the Original Town of Muleshoe, Bailey County, Texas.

**SECTION 2. PERMITS AND INSPECTIONS:** No wall, structure, building, or part thereof, shall hereafter be built, enlarged or altered until a plan of the proposed work, together with a statement of materials to be used, shall have been submitted to the City Fire Marshal, who shall, if in accordance with the provisions herein contained, issue a written permit in triplicate for the proposed work. Permits to be kept on file with the City Secretary.

Structures hereafter erected without a permit, or not in conformity with this ordinance, shall be removed.

No building shall be moved from without to within the fire limits, nor from one location to another within the fire limits until a permit shall have been issued therefor. No permit shall be issued unless such construction is in accordance with this ordinance.

The designated Building Inspector shall inspect, as often as practical, construction in progress to see that all provisions of this ordinance are being complied with. **NOTE:** all plans and specifications submitted to City Fire Marshal official shall comply with all city ordinances of the City of Muleshoe, Texas, and with Article 3271A of the Revised Civil Statutes of the State of Texas.

**SECTION 3. CONSTRUCTION REQUIRED WITHIN THE FIRE LIMITS:** No building or structure of wooden, ironclad (whether on wood or metal supports), stucco, or veneer type construction, or any building whose walls contain wood supports, shall be permitted except as indicated in Section 4. No building shall hereafter be built, enlarged, or altered, except in accordance with this ordinance.

The thickness of walls shall be not less than as given below:

Brick walls shall be not less than 12 inches thick, except that small one-story buildings with floor areas of 750 square feet or less may have walls 8 inches thick.

Reinforced concrete walls may be three-fourths of the thickness of brick walls, but in no case less than 8 inches.

Hollow building tile may be used as filler walls provided such walls be supported on reinforced concrete beams and footings, and by adequate reinforced concrete or brick pillars or columns spaced not more than 16 feet apart; walls to be not less than 12 inches thick.

Small one-story buildings of less than 500 square feet floor area may have walls of 8-inch hollow building tile.

Solid stone walls shall be 4 inches thicker than brick walls for like construction.

All exterior walls, party walls, and division fire walls shall have parapets extending at least eight-tenths inches above the roof, and said parapets shall be at least twelve inches thick, except where eight-

inch walls are permitted as above, in which case parapets may be eight inches thick.

**SECTION 4. FRAME BUILDINGS IN FIRE LIMITS:** The following frame structures are permissible in the fire limits.

a. Temporary one-story frame buildings for the use of builders.  
b. Wooden fences not over 8 feet high without roof or cover.

**SECTION 5. ROOFS:** All buildings or structures hereafter constructed in the fire limits shall have incombustible roof coverings. No roofing on an existing roof shall be renewed or repaired to a greater extent than 10 per cent of the roof surface, except in conformity with this ordinance, and in no instance shall more than one permit be issued each existing building in any one year.

**SECTION 6. REPAIRS AND ADDITIONS:** Any existing building within the fire limits which may hereafter be damaged by fire, decay, or otherwise, to an amount greater than 50 per cent of its present value, exclusive of the foundation, shall not be repaired or rebuilt, but shall be removed.

Extensions, remodeling or additions to existing buildings shall not be considered as repairs, and shall not be permitted except when conforming with Section 3 of this ordinance.

**SECTION 7. ARBITRATION:**

Whenever an application for permit to repair any existing building already located within the fire limits is made by any person or firm, and the City Council and the applicant disagree on the extent of repairs to be made, and a permit is denied by the designated Building Inspector, then the City Council or Commission shall appoint a competent and disinterested person, and the applicant shall appoint a competent and disinterested person which said two persons so appointed shall select a third member, and those said three persons shall appraise the building, examine the plan of the proposed work, and the statement of materials and labor to be used in the repairing or rebuilding of said building, and make a signed written report of their findings to the City Council or Commission. If such report reflects clearly that said rebuilding or repairing would be a violation of this ordinance, then such application for permit shall be denied by the City Council or Commission and if such report reflects that the person seeking said permit has complied with said ordinance, and the requested rebuilding or repairing is not in violation of said ordinance, then said City Council or Commission shall issue a permit for the pro-

posed rebuilding or repairing. **SECTION 8. VALIDITY OF ORDINANCE:** If any section, paragraph, subdivision, clause, phrase or provision of this ordinance shall be adjudged invalid or held unconstitutional, the same shall not affect the validity of this ordinance, as a whole, or any part or provision thereof, other than the part so decided to be invalid or unconstitutional.  
JULIAN LENAU, Mayor.

Meat is perhaps the most important single item on your diet. As a healthful food, it furnishes energy and strength—it supplies disease-resistant vitamins and minerals. In order to have healthful, fresh meat the year round, you need a frozen food locker.

Four out of every 10 youths leave school for lack of money. Most of them want—and need—all the education they can get.

Now, Let's See . . .

**Where Shall I Go to College?**

WHERE I go to College will be my biggest problem about 15 years from now—not whether I go, but where.

You see, Daddy and Mother have already determined that I am going. They assured that with a Southwestern Life Educational Policy. It guarantees that I'll get to finish High School, as far as money is concerned, and then go on to a College of my choice.

It provides funds for my College tuition; for my College books; for my clothing, room, food, and incidental expenses, too. Every bit of that is taken care of in my Southwestern Life Educational Policy. So I don't have to worry about that. All I have to worry about is where I shall go to College . . .

College training prepares a boy or girl to think . . . equips them with the know-how they will need in business, in a profession, or in the home . . . gives them a chance in the future. Through Southwestern Life Insurance, you can guarantee your youngster a real opportunity in life. Whatever your income, there's a Southwestern Life plan to fit your needs. Start your youngster on the road to opportunity today.

## Watson - Phipps Wedding August 31

Miss Beth Phipps, daughter of Mr. and Mrs. Pete Phipps of Stegall and Mr. Delbert Watson, son of Mr. and Mrs. Tom Watson of Baileyboro were married at 11:30 a.m. Sunday, August 31, in the Assembly of God Church at Maple. Rev. Archie Beggs of Morton officiated.

The bride wore a street length dress of blue crepe. Her shoes were of black suede.

The single ring ceremony was performed between two altars and under an arch covered with fern and asters. The church was decorated with gladioli and asters.

The wedding marches were played by Miss Nathalie Watson, sister of the groom. The wedding dinner, with a two-tiered wedding cake was served at the home of the bride. The families of both bride and groom were present.

After a wedding trip to Colorado Springs and Pike's Peak the couple will be at home at Progress.

## NEWS BRIEFS

Mrs. H. D. King had as guests over the week end her mother, Mrs. A. E. McClain and brother Harold, of Spur, and her sister, Miss Mozelle McClain of Lubbock.

Mr. and Mrs. A. J. King and son, Mr. and Mrs. Charles Johns and daughter of Odessa, visited over the week end in the homes of Mr. and Mrs. Robert King and Mr. and Mrs. Harold King.

## Mrs. Anita Butler, Jimmie Alsup Wed

Mrs. Anita Butler and James L. (Jimmie) Alsup were married September 3rd in Farwell at the Hamlin Memorial Methodist Church at 6 o'clock with Rev. Harvey E. Carrell performing the double ring ceremony.

The only attendants were Mrs. Butler's father, Mr. Charles F. Bieker, and her small sister, Sue, of Farwell.

The bride wore a teal blue suit with brown accessories.

Mrs. Butler has taught music her the past three years and is also the pianist for the First Methodist Church.

Mr. Alsup is the son of Mr. and Mrs. J. L. Alsup and has resided here since his return from the Army. He served 3 years in the Army as a pharmacist aboard troop ship in the Pacific. Prior to going to the service he owned a drug store in Littlefield. He is now in business with his father, in the Alsup Insurance Agency.

Mrs. Walter Witte has returned after a ten days' visit in Hamilton Jacksonville and Fort Worth.

The A. P. Lambert family last week end had a number of guests. They were his brother, Aubrey Lambert and family, of Akron, Ohio; his sisters, Mrs. Jewell Gay and family, of Bonham, Mrs. Fred Deaton and family and Mrs. Sylvan Vankirk and family, all of Denison.

## Coming Events

**Monday, Sept. 15—**  
Rainbow Girls to have practice meeting immediately after school at Masonic Hall.  
Girl Scouts to meet at 4 p. m. in grade school.

**Thursday, Sept. 11—**  
Muleshoe Study Club meets at 7:30 p.m. with Mrs. E. R. Hart.

**Friday, Sept. 12—**  
As You Like It Club with Mrs. Morris Childers, 2:30.

**Thursday, Sept. 18—**  
Rainbow Girls public installation of officers, Masonic Hall, 8 p.m.

## Needmore Rebekahs Practice Initiation

The Needmore Rebekahs met September 9 at the IOOF Hall for their regular meeting. After the business was taken care of, Noble Grand Jean Moore turned the meeting over to the team captain, Raymond Gage, who practiced the team on their degree work.

After a very successful practice, Lodge was closed. However, before going home, the members enjoyed a big watermelon feast.

Remember, Rebekahs, next Tuesday night we will initiate a new member into our Lodge. We'd like to have everyone present.

Mrs. John Border of Los Angeles, Calif., is here visiting in the homes of Mr. and Mrs. Robert Precure and Mr. and Mrs. Raymond Precure of the Lazbuddy community.

## Worsted Suit

Tightly woven light wool suit, shown above as pictured in the September issue of Good Housekeeping magazine holds its shape, takes hard wear, and is suitable for all day-time occasions.

## Stevenson Reunion Was Held Sunday

Mr. and Mrs. Ed Stevenson had a reunion in their home Saturday Sept. 6. Their seven children and their families were together for the first time in 15 years.

Present were: Two sons, George E. Stevenson and Elton Stevenson of Borger; five daughters: Mrs. J. R. Wright, Saugus, Calif., Mrs. J. H. Puckett, Mrs. Lester Walker, Mrs. W. L. Shafer and Miss Joyce Stevenson, all of Muleshoe.

## Who Said Muleshoe Wasn't Growing

HERE COMES OLD CLAY BEAVERS . . .

announcing the opening of a new real estate office, located in the Howard Elliott building across from the Bank, consisting of himself in one corner and old Henry Hanover in the other, with two chairs and fifteen desks. That's right! All we want you to do is furnish us with plenty of listings and stand back out of the way and watch the real estate fly, (this Spring). We now have a few for you to look over.

—One new four-room and bath, well located, \$5,500. One four-room stuccoed house (with another small room out in the corner of the yard) with built-in features such as a bench and a Sears Roebuck catalogue, which makes this house partially modern. All this for only \$3,500. It is on a 70x150 lot close to town. You will have a hard time beating it.

—One 6-rm modern house on 3 lots well located, with other outbuildings for only \$6,750 for quick sale. Let us show you this nice home.

—160 acres good level land with plenty of Johnson grass. 35 acres alfalfa, rest onewayed for wheat. Good irrigation well, new Buick motor, 5-room stucco house, pressure pump, lots of outbuildings, R. E. A., butane, Farm-to-Market Road, only 7 miles out. One of the best stock farms in Giles county, for only \$125 per acre. Land all around it is \$200.

—40 acres on Plainview road, 4 miles out. No improvements. Possession this fall. \$90.00.

—80 acres 4 miles N. W. town. Good, red, sandy land. No improvements. Possession this Fall. \$100.00.

—160 acres three miles north Progress, 1 mile west. No improvements. Makes a crop every year. Possession this fall on part of it. \$60.00.

—547 acres eight miles south of town. 200 acres in cultivation, rest in grass. Windmill and fenced pasture. \$20.00.

—531 acres 12 miles southwest of Muleshoe, good 5-room house. Farm-to-Market Road, 385 in cultivation, rest pasture. School bus, mail route, REA, water in house, other good outbuildings. Only \$52.50 per acre with possession this fall.

Come in and talk your listings over with us and we'll sell 'em while you talk. If you want to buy, tell us.

**WELL PLANT WHEAT**

Royce Garth said enough rain fell at his place in Ballyboro community Sunday afternoon to make wheat planting possible. The com-

munity had received a shower about a week earlier. Mr. Garth said about an inch of rain fell at his place.

Please watch out for engineers' stakes along farm to market roads.

**Letters To The Editor**

Creswell, Oregon.

Dear Mr. Editor:  
Please change my mailing address from Muleshoe, Texas, Rt. 1, to Creswell, Oregon, Rt. 1.

Tell those Muleshoe guys, Pool brothers, etc., that I have finally landed in Oregon.

Plenty of work—in fact too much work looks like. If any of them come by, will put them up for the night and furnish a good sharp ax to pay for their breakfast as I have bought 70 acres of tall Douglas Fir. I am 1 mile west, 2 south and 1/4 west of Creswell. Be glad for anyone to come by.

Yours truly,  
S. H. Pierce.

Mr. and Mrs. Henry Cox of Omak, Wash., have as their guests, Mrs. Leola Wilterding and sons, Jack and Jim, of Muleshoe, and Mr. and Mrs. Elmer Wilterding of Amarillo. The Wilterdings are planning to make Omak their home.

About a quarter of an inch of rain fell at Littlefield Sunday afternoon, visitors here reported.

Miss Wilma Florence Courtney of Plainview spent the weekend with Miss Elizabeth Bailey.

**New Product Keeps Potato Sproutless**

**Problem of Storage Now Aided by New Methods**

The sprouting, shriveling and sog-giness of potatoes when kept at room temperatures now can be prevented with use of barsprout. The treated potatoes remain firm, practically farm-fresh, and not only cook but also taste better. The product is equally effective on certain other root crops such as beets, carrots, turnips and rutabagas.

The active ingredient is methyl ester of naphthaleneacetic acid. When applied to the potatoes as a dust, it vaporizes and literally "gets into their eyes," keeping them from sprouting. Feeding tests

Potatoes at right treated with barsprout, left, untreated potatoes; both held under the same conditions.

have shown that the chemical imparts no harmful effect. Tests have been conducted for the past five years at leading agricultural experiment stations.

By this treatment the potatoes may be kept at ordinary room temperatures without sprouting and without formation of reducing sugar. Ordinarily potatoes are held below 45 degrees and shrink 5 per cent in weight, developing reducing sugars which affect color and taste.

**KNOW YOUR BREED**  
Percheron

The Percheron horse originated in La Perche, a province near Normandy, France, and was imported into this country in 1839. Readily gaining in popularity in America, it is still the most widely used draft breed in the country.

The Percheron is an unusually active horse, but never-the-less is

an easy keeper. He is clean-legged, black or dapple-grey and of marked tractability and intelligence.

**Michigan Designs New Bug and Weed Killer**

To meet the need for a light-weight sprayer to apply 2.4-D to lawns, pastures, cornfields and garden patches, this relatively inexpensive and easily operated appa-

Sprayer mounted on cultivator as designed by Michigan State college.

ratus has been constructed at Michigan State college.

The spray boom is made of one-eighth inch pipe, connected to the tank by a length of rubber hose. An automobile gasoline filter removes particles of dirt which might clog the nozzles.

**Hot-Weather Care of Poultry Is Essential**

Hot weather always brings problems of poultry management, but good practices will solve most of them successfully. Feed your flocks freely to keep up high egg production and to keep pullets growing rapidly. Have plenty of fresh water available for them at all times. Provide plenty of shade. Make use of good pastures, where possible, to help keep feed costs down.

**Claude T. Painter Rites Conducted**

Claude T. Painter passed away in Amherst hospital on Tuesday evening August 25. Mr. Painter had lived in Muleshoe one year. He and his wife came here from Quail, Collingsworth county where they had lived for a number of years.

Mr. Painter leaves to mourn his loss his wife, one daughter, Mrs. Fred O'Hair, and these brothers: C. H. Painter, St. Joseph, Mo., Fred Painter, Springfield, Mo., and O. T. Painter, Seymour, Mo., and a host of friends.

He was born in Springfield, Mo., September 8, 1873. At the time of his death he was 73 years, 11 months and 19 days old. He was a kind, loving husband, a sweet dad and was loved by all who knew him. He had a good word and a smile for everyone. He was a devoted Christian. He loved to read the Bible and talk to his family and friends about Jesus.

Funeral services for Mr. Painter were conducted at 4 o'clock Friday afternoon at Main Street Baptist church by the pastor, Rev. E. M. Robinson, assisted by Rev. V. A. Hansard, of Amarillo, and Rev. Clyde Coffman, pastor of Hick's Chapel church, Goodland.

Interment was in Muleshoe cemetery under direction of Steed Funeral Home. Pallbearers were Releford Jones, Cecil Jones, Virgil Now-

ell, Jim Claunch, Harvey Grigsby and Glenn Phipps. Flower girls were Sylvia Coffman, Mrs. Wilton Vaughn, Mrs. Glenn Phipps, Mrs. Hazel Cherry, Mrs. Katherine Nowell,

Mrs. Releford Jones and Mrs. Claunch. Hymns sung were: "Hallelujah, We Shall Rise," "He Whispered Sweet Peace To Me," "Nearer My God To Thee," and "Rock of Ages."

Copyright 1947, Continental Oil Company

When the first gusher started the Panhandle's oil boom just 26 years ago, the area we serve became one of the most productive of crude oil in the world!

But... greater days are yet to come! We have more than one fifth of this nation's reserve... still underground! Oil is destined to become even more important to folks in this area in the years to come.

We have so much faith in the oil industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone.

### Ginner Building A Dream Plant

Littlefield—Sept. 10—V. S. Cassel, who has been in the ginning business for a half century, is building his "dream plant" on a 20-acre plot of land on the eastern outskirts of this bustling Lamb county metropolis.

The gin, resembling a night club or an apartment house more than it does a gin, is to be one of the finest and most modern gins in the Southwest. When completed it will represent an investment of approximately \$75,000.

With the exception of rafters in the three-story high roof, which is

covered by aluminum sheeting, the gin is practically fireproof. It is equipped with Murray gin machinery and press with Mitchell super units.

The plan will be powered by a 220 horsepower natural gas Waukesha engine.

Constructed of concrete and red brick, the front of the presroom is built in a semi-circle and a panel of glass brick about midway of the circular wall provides plenty of light.

The gin is equipped with steel casement windows throughout.

A three-story office on the west side of the gin will house the office, a storage room and an 8-bed dormitory space for workers.

Construction work is nearly completed and the plant is expected to be in operation within two weeks time, Cassel says.

The gin is capable of turning out an average of five bales an hour and from the looks of the Lamb county crop, which is expected to total more than 100,000 bales, the plant is due for 24-hour operation within a short time after the season opens.

Cassel, who as a boy in his teens, assisted his father in the operation of an old horse-powered gin in East Texas, formerly operated gins at Wimsboro, east of Dallas. He came to the South Plains in 1929 and operated gins at Tahoka and Lubbock before moving to Littlefield eleven years ago.

An old plant, which had become crowded nearer town, was torn down and some of the materials used in the new plant. Two large storage houses, one for cotton and the other for seed are at the rear of the new plant, which fronts on Highway 54 running into Littlefield. Highways 84 and 51 are easily accessible.

### BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

Tom Drinkard, tenant for U. L. Childers, was assisted last week by Soil Conservation Service technicians in laying out borders for watering alfalfa.

W. W. Couch, tenant on the B. K. Griffiths farm which is located near the West Camp community, is watering improved pasture. He was assisted in laying out irrigation ditches.

T. C. Moseley is using irrigation ditches and borders for watering wheat land.

T. C. Young is using borders in watering improved pasture.

J. A. Deering, tenant for E. R. Hart, is irrigating wheat land.

J. T. Huckaby was assisted last week in laying out borders for watering alfalfa.

Complete plans of conservation operations have been worked out with Allison Cassidy and W. C. Langham.

### NEWS BRIEFS

Mr. and Mrs. Dudley Malone and children visited Sunday with her mother Mrs. Buck Slaughter in Shamrock.

Mr. and Mrs. Roy Holland went to Post Sunday to spend the day with her father and step-mother.

John S. and Edwin V. Williams are flood irrigating wheat land.

Wylie Baker has been assisted in running lines for irrigation ditches and borders for watering alfalfa and improved pasture.

Mr. and Mrs. J. F. Maxey. They found Mr. Maxey, who is 80, leading the singing at the church.

and spent Sunday with the family here.

Mr. and Mrs. Julian Lenau were in Amarillo on business Saturday.

## Fair Boosters Here Next Week

Lubbock, Sept. 8—A preview of the giant balloon parade which will open the 30th Annual Panhandle South Plains Fair in Lubbock, Sept. 29, will be a feature of this year's good will tours of the South Plains by a large group of Lubbock businessmen. The delegation traveling by chartered bus, will reach Muleshoe at 11:40 a. m., Sept. 18. They will present a program at the school, giving the high lights of the

1947 "Show Window of the South Plains."

The boosters will have Fair souvenirs for distribution, in addition to much printed information.

Their stay, a yearly event, also includes a brief period of visiting and renewing old acquaintances on the downtown streets.

With the big Buck Steiner rodeo, the Bill Hames shows and midget auto racing lined up for entertainment at the Fair, and with good agriculture and livestock exhibits assured, Fair officials expect record-breaking crowds to jam the 300 acre grounds.

Four trips in all will be made

Dick Taylor and Joe Mack Wagon this week enrolled at John Tarleton College, Stephenville. They were accompanied there by their mothers, Mrs. J. Clyde Taylor and Mrs. W. B. Wagon.

Read The Journal Want Ads.

by the boosters. First trip is Sept. 16. Other trips are Sept. 18, 23, and 25. Next week's jaunts will stop at Slaton, Southland, Post, Tahoka, Lamesa, O'Donnell, Seminole, Seagraves, Brownfield, Meadow, Ropesville, Shallowater, Anton, Littlefield, Amherst Sudan, Muleshoe, Farwell, Texico Clovis and Portales.

## FIXING UP the HOME By Diane Greeter

Now You Can Move to the Country

LP-GAS, which most readers know as "bottled" or "tank" gas, is making it possible for many families to move out of cities and into the new suburban areas where they can have more space, trafficless streets for their children to play in and lots of fresh air, untainted with the smoke and dirt of a big city.

They can have all this and yet retain the conveniences and advantages of modern living by "taking the city utilities with them." A good well and an automatic electric water pump will provide running water if water mains have not been put in. A septic system, properly installed, will replace the sewer

system. And gas for cooking, water heating, refrigeration and space heating can be drawn from your own gas system, right on the property.

This gas is butane and propane, a product of the petroleum wells. Both gases are known technically as liquefied petroleum gas, but the industry has shortened the term to LP-Gas. Rich in heat values, reasonable in price, clean, and delivered often by local service companies, LP-Gas provides the finest of kitchen fuels anywhere you might want it.

The appliances used with this gas are the same as those manufactured for use with city gas.

Mr. and Mrs. Les Lambert and Mr. and Mrs. Burl Redwine were fishing at Buffalo Lake last week end.

## CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 23,730 miles of Grading, Drainage Structures, Flexible Base & Double Asphalt Surface Treatment from Muleshoe North 5 miles from 4 miles S. of Hub to Friona from U. S. 84, 2.8 Mi. S.E. of Farwell to Oklahoma Lane School on Highway No. FM 299 & FM 690, covered by S 11(1) & (2) & S 474(1), in Bailey, Parmer & Parmer County, will be received at the Highway Department, Austin, until 9:00 A.M., September 24, 1947, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Act.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of W. H. Garrett, Resident Engineer Dimmitt, Texas, and Texas Highway Department, Austin. Usual rights reserved. 37-2tc

## GUESTS IN LAMBERT HOME

Mr. and Mrs. A. P. Lambert have had as guests the past week his sisters, Mrs. A. P. Deaton, Mr. and Mrs. H. S. Vankirk and daughter Pat, of Dennison, Mr. and Mrs. Jewell Gay and sons Eddie, Jerry and Barry of Bonham, and his brother, Aubrey Lambert, and Mrs. Lambert and son Rodney of Akron, Ohio.

Jim Cox, of Fry & Cox Bros., was in Lubbock Wednesday to attend a meeting of the Lubbock block M-M dealers.

Mr. and Mrs. Carroll Goss have spent the last week in Ruidoso, and report it's very cool there these days.

## A HOPE FOR THE FUTURE

At the present time there are being cultivated about 3.7 billion acres of land throughout the world. It is possible to increase this to about 4 billion acres, or about 8 per cent of the world's entire land area.

It is a startling fact that farm lands of the earth are so limited in the face of a phenomenal increase in population and its enlarging demands. Yet the best lands of the world are now in use. The outstanding fact indicates that greater increases in production will come as increased yields from lands already under cultivation than from increases in area.

In view of the vast areas of land that have been damaged, depleted, and destroyed for further farming, we begin to sense how real is the crisis in land use round the world and to realize the necessity of its conservation with use if we are to build a world safe from war.—Based on a paper prepared by Walter C. Lowdermilk, Asst. Chief, Soil Conservation Service.

 J. M. FORBES . . . . . Publisher

**Wheat King Of Texas Is Sought**  
 Members of both the Future Farmers of America and the 4-H Club in Texas will have a chance to be crowned king starting with wheat planting time in a few weeks, according to an announcement received today from Keats Soder, director of the Texas-Oklahoma Wheat Improvement Program, Oklahoma City.  
 County winners in both contests will receive gold medals but must

quality by starting with certified seed, having a minimum acreage, keeping their seed pure and managing the plot personally. Local shows will be judged on the boys' production record as well as on the grain that he shows at the fair.  
 The state contest to be held in connection with the State Wheat Show at Amarillo in the fall of 1948 will include milling and baking tests of the top grain samples. The winning FFA boy and the winning 4-H boy will be given trophies, a \$100 cash award and the title FFA or 4-H Wheat King of Texas. In addition to the top four winners in each contest and their adult leaders or teachers will be awarded all-expense trips to a major terminal market to study wheat handling, marketing and processing as guests of Texas and Oklahoma millers.  
 "Boys interested in competing should get their copy of the regulations from the county agent or vocational agriculture teacher, locate their seed, and select their field as soon as possible," advises Mr. Soder. "Every boy in the contest will be a winner because he will get pure seed at a reduced price, learn a lot about seed production and have valuable seed for next fall," according to Soder.

**FLYING Farmers**  
 by JACK REESE

IF YOU'RE NOT a Flying Farmer but would like to get some friendly information about how easy it is to start flying, write your State "Ag" College, or stop by the nearest airport. The fellows there will be pleased to talk over this business of flying.  
 CLIFF COFFMAN, president of the Ohio Flying Farmers says: "I use my plane to call on my hybrid seed corn dealers and customers, whenever possible."  
 "Last Fall we arranged an airplane tour of the county for the soil conservation district supervisors to study the progress of and the need for more soil conservation practice. The tour was a great success. I also use my plane to take my farmer customers for rides over their farms. This proves very educational to these men."  
 FOUR CALUMET COUNTY (Wisconsin) Flying Farmers have an interesting cooperative arrangement for flying. Henry Steiner provides the Farmport and two of his neighbors, Henry Horst and Marvin Paulson, keep their planes at the port, which boasts a 2400-foot east-west and 1600-foot north-south landing strips. Steiner is a member of the Calumet County Board and recently borrowed one of the planes to be the first member to fly to a Board meeting.

**Local People In Washington Reunion**  
 Omak, Wash., was the scene of a happy reunion over Labor Day end for five sisters.  
 Mrs. Leota Wilterding of Muleshoe, Mrs. Cecil Robinson of Spokane, Mrs. Ernest Myers of Okanogan, Wash., Mrs. Henry Cox and Mrs. Richard Rockey of Omak and their father Hiram Bearden of Tacoma Wash. held a reunion.  
 Those present were Mrs. Leota Wilterding and sons, Jack and Jim, Mr. and Mrs. Elmer Wilterding, Mr. and Mrs. Cecil Robinson and Lilla, Mr. and Mrs. Dameron Crouch (Coy May Robinson) and daughter, Linville, Mr. and Mrs. Ernest Myers and children, Boone, Earl, Nyla and Ann, Mr. and Mrs. Henry Cox and sons, Gerald, Frank and Lynn, Mr. and group and men may enlist for them

**NAVY RECRUITER TO BE IN MULESHOE**  
 A Navy recruiter, Donald E. Friend, CBM, of the Clovis Navy Recruiting Station, will be in Muleshoe the 17th and 18th of September. A number of excellent ratings are now open, such as aircrewman candidate, electronic technician hospital corpsmen and Navy musicians for men who can pass the required tests.  
 The above ratings are a special General, Frank and Lynn, Mr. and group and men may enlist for them

**WAR DEPARTMENT GETS PERMIT ON LOCAL PORT**  
 The City Commission in its Friday night meeting gave its formal permission to the War Department to use the Muleshoe airport and field for military aircraft if and when needed.  
 The local field has extra long runways, one a mile long, and will accommodate some of the larger military aircraft it is believed.

**NEW BOOKS PLACED ON LIBRARY SHELVES**  
 New books at the Muleshoe Library include: "The Last Days of Hitler," H. R. Trevor-Roper; "Vespers In Vienna," Bruce Marshall; "Inside U. S. A.," John Gunther, according to Mrs. E. R. Wright, librarian.  
 Mr. and Mrs. Pat Bobo were off Saturday for a vacation trip through the northwest and California, expecting to be gone about two weeks.

## Enrollment Here Reaches 1,110

Enrollment at Muleshoe schools this week went to 1,110, Supt. W. C. Cunningham reports.

He said the scholastic census totals 1,168 and said the ratio of actual enrollment to the census is unusually high, 80 per cent being considered an average.

An indicated school children population in the district of 1,385 is gained by applying the 80 per cent formula to the enrollment.

The schools are crowded throughout the system, but mostly in the grades, Mr. Cunningham said.

When the present grade school and the present high school are both turned to the grades, there will still be a crowded condition. Nearly twice as much grade school space still will be required to house the pupils.

Besides the high school building, which will probably go up in the next few months, Muleshoe will need an additional grade school building.

Enrollment in the school last year was 740 at the peak. Since then the districts of Progress, Baileyboro, Longview and Y. L. have joined the original Muleshoe district by consolidation.

## LETTERS TO THE EDITOR

A.T.C.  
Corpus Christi, Tex.  
Muleshoe Journal  
Muleshoe, Texas  
Dear Forbes:

Here we are at Corpus and we are enjoying everything. The flowers are beautiful. Opal has already been plucking gardenias.

The way that things are shaping up it looks as though A.T.C. will be the second largest Baptist School in Texas.

By the way, we drove over to Austin from San Antonio to visit the Windsors. Mr. Windsor will go on the staff of the University of Texas as a full time instructor this fall. Muleshoe students who had

the opportunity of having Mr. Windsor as a teacher can be proud of the fact that they were under such a capable teacher.

Enclosed is a check for a subscription to The Journal.

Don't drink all the coffee and I'll have a cup with you Christmas.

Sincerely,  
Gerald Moore

Mr. and Mrs. M. O. Night and son are vacationing in California.

Mr. and Mrs. W. W. Glascock and children and Mrs. Ila May Lawler were shopping in Plainview Tuesday and attended the Ringling Bros. Barnum and Bailey Circus.

Miss Jackie Lawler spent the weekend in Muleshoe, visiting

homefolks.

Mr. and Mrs. T. L. Glascock, Mrs. L. C. Gilbreath and Sanford visited her daughter and sister in Artesia, N. M., Sunday.

Mr. and Mrs. C. A. Bergstrom of Kansas City are to arrive this week end for a visit with her daughters, Misses Lois and Naomi West.

## Mostly Static --

By BERRY

Howdy Folks: A scientist has postponed the end of the world two billion years.

Now, maybe some of the folks can finish their houses after all.

But then home wasn't built in a day. (Thum Pun).

Home is where the mortgage is.

The American home is a sound institution. The radio has made it that.

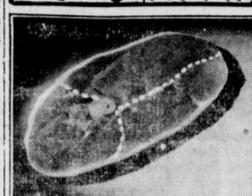

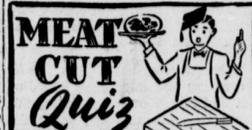

We heard of a wife who had "Gone Home" inscribed on her husband's tombstone because it was the last place he thought about going.

And then there was the party on the other side of town who said he was building rubber ceilings into his home because his wife hit the ceiling so often.

Seriously, there's no place like home just as there's no other Range like our Admiral Electric Range.

Q. What is the name of this cut of meat?

A. This is a veal round steak. The dotted lines indicate where the steak may be cut into veal cutlets.

Q. Where does the cut come from and how is it identified?

A. Veal round steak comes from the round or leg, and may be cut further to form cutlets. It has the same muscle structure and also the same small round bone. However, as in all veal, the cut is 1/3 to 1/2 the size of the beef cut.

Q. How should this cut be prepared?

A. Both the round steak or the cutlets are prepared by the moist-heat method of braising. The meat is first browned slowly in a heavy frying-pan or Dutch oven in hot lard or drippings. Then a small amount of liquid is added, the pan is covered tightly, and the meat is simmered slowly until tender. The veal flavor is a delicate one that is often enhanced by other flavors. These flavors are frequently introduced in the liquid used in braising. Suggested liquids, in addition to water, are sour cream, tomato juice, fruit juice or sirup, or liquid in which dried prunes or apricots are soaked (use cooked fruit as garnish.)

## It Didn't Happen Here

Short Short Story

Some items from the personal account book of a grainman—one who would prefer not to be identified.

Dec. 1—Adv. for girl steno	.35
Dec. 2—Violets for new steno	.80
