## HALL OF REMARKS

BY HERREL HALLMARK

**AREN'T YOU** enjoying the nice weather we are experiencing this week. Warmer temperatures and bright, sunny skies help to put one in a good mood during the course of the days.

Let's just hope the good weather will last for a while.

**IF YOU ARE** a member of Cisco's Gun Club, make plans now to attend its officers-election meeting scheduled for January 17. Club treasurer Ira Strawn said the turnout is usually pretty poor and as many members as possible are needed for the meeting when they will elect 1983's officers.

**THERE SEEMS** to be an awful lot of folks who are sick this month. Seems just about everyone has some type of flu bug or nasty cold.

There is only one thing worse than having a cold during the winter, and that is having a cold in the summer.

**DON'T FORGET** to call the Chamber of Commerce office and reserve your tickets for the annual Chamber banquet scheduled for January 20th. The affair is always a wonderful event and if you are interested in Cisco you will certainly enjoy the banquet.

Also, if you like good barbecue, you will enjoy the meal which is catered by Oscar's Barbeque.

**WITH THE** month of January seemingly flying by, a lot of thoughts are turning towards the filing of income tax returns. Most employees will be receiving their W-2 forms this month and then trying to figure out how they can pay as little as possible to the IRS.

Doesn't it seem awful to have to think about income

tax so close after the beginning of the new year? But, come to think of it, it seems awful to have to think about income taxes any time of the year.

**SPEAKING OF** income taxes, did you hear about the newest tax return form? It has a place for your name and address, plus your social security number. Then it has only two questions to answer: 1) How much money did you earn last year? and 2) Send it in.

If you'd like the confidence and ability to take photos like this consider enrolling in a photography workshop.

## Report Made By Police

A total of 63 citations for traffic law violations were written by members of the Cisco Police Department during the month of December, according to the monthly report submitted by Acting Chief Rains to the city manager.

The department made 12

arrests during the month, including two for auto theft, two for public intoxication, two for burglary of a habitation, two for issuance of bad checks, and one each for disorderly conduct, possession of a controlled substance, probation violation and investigation for

burglary. The Criminal Investigation Division handled 23 cases during December. Nine police escorts were provided for funerals. Officer Larry Jernigan recovered an automobile stolen by a Vietnamese juvenile in Arlington.

## School Board Begins Its Search For Head Coach

### Extends Contract For Superintendent Couch

The board of trustees of the Cisco Independent School District began considering applicants for the Lobo coaching vacancy, extended for two years the contract of Superintendent James Couch, hired two teachers and ordered an election at the regular monthly meeting Monday night.

The board decided to begin considering the some 20 applications for the position of athletic director and head

football coach that has been vacant since the resignation last month of Jim Puryear. Supt. Couch said the board would select a number of the applicants for interviews.

Mr. Puryear will continue as athletic director until his successor is named, Mr. Couch said. Mr. Puryear was assigned duties as junior high school principal when he was relieved as head football coach.

The contract of Mr. Couch

was extended for two years for a total of three years. He has been superintendent of schools for six years and in the local systems 21 years. He has a total of 29 years in the profession. He is a native of Levelland and holds degrees from H-SU and Howard Payne University.

Mrs. Jo Anne Moore, 28, wife of a Moran area rancher, was employed as an English teacher for Cisco High School. She replaces

Mrs. Billy Joe Taylor, who retired at the end of the first semester. Mrs. Moore has taught four years and is a graduate of Baylor University.

Mrs. Irene Hunt, previously a member of the faculty for five years, was employed as a part-time bilingual teacher. Mr. Couch reported.

The board ordered an election for April 2nd to fill three places on the board of trustees. Those whose terms expire are: Donald Gorr, place 1, Charles Humphries, Place 2, and Shirley Smothers, Place 3. Candidates for the places must file a month previous to the election.

Bids for the purchase of two pickup trucks for the Ag Department will be opened at the board's next meeting, it was decided.

Reports on routine activities were given to the board.

## Cisco Gun Club Will Meet Mon.

The Cisco Gun Club will meet Monday, January 17, at 7 p.m., at the Range House to elect new officers for 1983. Everyone is urged to attend this important meeting.

## Auction Set For Abandoned Cars

Two automobiles, a panel truck, a pickup truck and a motorcycle will be sold at public auction at Ted's and Rex's One Stop on North Highway 6 at 10 a.m. Saturday, Jan. 15, according to a notice published this week by the City of Cisco.

The vehicles were abandoned in the city and were moved to the storage lot. Auctioneer will be Alfred Green of Cisco.

The vehicles will be sold to the highest bidders on an "as is" basis, the announcement said. The vehicles may be inspected at the One Stop storage lot.

**COMMITTEE MEETS**  
 The Chamber of Commerce membership committee held a meeting last Thursday night to make plans for a drive to enroll new members. Co-Chairman Fred Wheeler and Shirley Hargrave directed the meeting. Announcement of plans for the drive will be made soon.

**FIREMEN CALLED OUT**  
 The Cisco Volunteer Fire Department sent two trucks to the John Denison place in the Mitchell Community, southwest of Cisco, at 3 p.m. Monday to put out a blazing haystack. Damage was slight.

**Lobo & J.R.'s (Family Hair Care)**  
 Full service family hair care center.

**CISCO KID CAR WASH**  
 3rd St. and Ave. E  
 Where Most People Wash. Wash your venetian blinds, throw rugs, motor.

will be honored at a reception at the First National Bank's community room

## Webelo Den Will Meet On Thursdays

Cub Scout Webelo Den, will be meeting every Thursday, at 5:00 o'clock at the First Presbyterian Church.

Boys who are 10 years old, or who have completed 4th grade, are invited to attend. Harold Davies is Den leader.

## 20th Century Club Sets Its Business Meet

The annual business meeting for the 20th Century Club has been scheduled Friday, Jan. 14, at the Public Library, at 1:00 p.m.

All members are asked to refer to page 31 of their 1982-83 year book for details. All members are urged to attend.

## 1st Industrial Arts Club Meets Jan. 6

Mrs. Gardenhire was hostess for the meeting of the First Industrial Art Club Thursday, January 6, at the club house. Mrs. Pirtle, President, called the meeting to order. Mrs. Allee Cole led the members in the Collect and allegiance to the flags. Odesa Collins introduced the speaker, Mike Moore, City Manager, who brought a very informative and interesting program on the progress and future goals for the city.

Mr. Moore said this year's goals are mainly to make our water pure, proper disposal of garbage, and improve city streets. He said he was pleased with the progress being made on the first two goals, due to the passage of the bonds last year. The street development goal will take longer as there is so much to do and the expense is great; however, progress has been made in the paving of 13th street and Avenue N. Also, Front Street is being paved. This is a vital artery of the city as it leads to the cemetery, gym and football stadium. He mentioned avenues the City Council and Administration are studying that may speed up road improvement and make the city a more comfortable place to live. The Club appreciated Mr. Moore talking with them and explaining the work being attempted. We feel that we have a capable and hard-working City Manager.

The business meeting followed led by Mrs. Pirtle. A "Thank You" note was read from Mrs. Allie Terrell thanking the club for the Memorial Resolutions to her sister, Mrs. Josephine Clements. After a letter was read from G.F.W.C. Headquarters, Washington, D.C. requesting our club make a donation to help restore a Historical and Research center, the club voted to send \$25.00. Meeting adjourned.

# Fingerless

## Roy Thackerson

Volume 3 Stereo

## Performs On 'That's Incredible'

Friends and relatives of Roy Thackerson were pleased as they watched the segment of ABC-TV's "That's Incredible" showing his fiddling ability Monday night.

The segment was filmed earlier featuring Thackerson playing with the Johnnie High Country Music Review in Fort Worth.

The TV show became interested in Thackerson last June when he visited

Nashville and judged his fourth Grand Masters Fiddlers Contest. Thackerson said his musical ability caught the attention of an ABC reporter who was surprised to see the Ranger musician performing at all.

At age 6, a dynamite cap tore the thumb and four fingers from his left hand and blinded his left eye, leaving only three stubs on his fretting hand.

Thackerson said the ABC reporter contacted the staff of "That's Incredible" and arrangements were made for the Eastland County native to be on the program.

Since the segment was filmed Thackerson has had a third "Fingerless Fiddler" album released. The new release is available at the Cisco, Eastland and Ranger offices of Southern Television Systems, where

Thackerson is chief technician, also available at Anderson's Jewelry and Madison Western Wear in Cisco.

Thackerson started playing a guitar when he was 4. He played the guitar on the TV program.

Despite the handicap, the Ranger musician said he was left with a musical gift from God that couldn't be wiped away with man-made explosives.

## The Garden Editor

**Ted Brice**

There are few places in the world where the magic of rapturous beauty is still found. One is Bellingrath Gardens, on Isle-aux-Onies River, near Mobile, Alabama.

Visitors entering this vast and lovely estate soon realize they have discovered a wonderland. Overhead, from branches of aged oaks, cascade graceful wisps of Spanish moss, and the sun-drappled, flowered-bordered paths excite the eye with loveliness. Man and Nature have harmoniously combined efforts to fashion a magnificent garden. The trail that winds so casually through the whispering pines is frequently enhanced by an artful vista that delightfully blends with the natural surroundings.

One of the charms of Bellingrath Gardens is that it is truly "The Garden for All Seasons." Mr. Bellingrath was fond of comparing his beloved "Charm Spot of the Deep South" to a lovely lady with 52 gowns, one for each week of the year. The metaphor suggest the constantly changing beauty of the Gardens, ever enchanting, never the same.

The new year greets the continuing exquisite beauty of camellias. More than 4,000 of them in hundreds of varieties; and azaleas are ablaze with color usually in February-March, with more than 250,000 plants in spectacular bloom. February also is the time when the Gardens are blanketed by more than 100,000 multi-colored tulips, hyacinths, daffodils and freesia. Roses appear in profusion from April to late October; and from April to September a variety of brilliant foliage plants and flowers, including mountain laurel, dogwood, salvia, caladium, allamanda, hydrangea and gardenia, brightly decorate the Gardens. In October-November, more than 60,000 plants of Chrysanthemum, with millions of blooms, create the world's largest outdoor display of mums. And the year is closed with brilliant poinsettias of all shades during early December. A visit to Bellingrath is a must to every gardener or camera buff.

Good Gardening Until Next Week From Your Garden Editor, Ted Brice.

## New Photo Products Unveiled

One of the advantages of not writing this column for a monthly magazine is in my being able to bring you a word **now** of the newest photographic offerings. At the massive Photo Marketing Association International trade show in Las Vegas, recently, there were a number of new photographic products which caught my eye and may also be of interest to you.

### Cameras

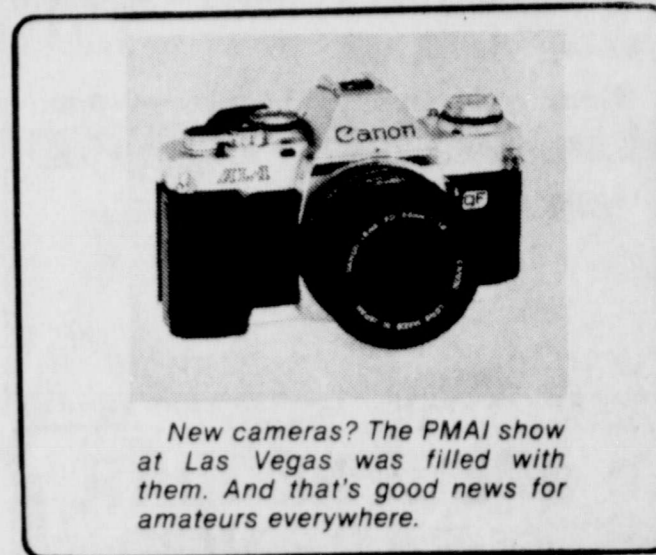

**Kodak disc camera.** Undoubtedly the most revolutionary offering, this pocketable designed-from-scratch camera utilizes electronic circuitry to analyze the scene, set the proper exposure, activate the built-in flash when necessary, take the film, advance the film, and recharge the flash...all in a split second's time.

As if that weren't enough, the new disc cameras take a new format of film—called Kodacolor HR disc film, which is, well, 15 frames of film arranged in disc configuration. It's a newer, faster, sharper color print film which slips into any of the three new model cameras, available around June of this year. Cameras' list prices, \$67.95, \$89.95, and \$149.95 for the 4000, 6000, and 8000 model outfits. Suggested list for a disc of 15 exposures, \$3.19.

**Minolta X-700.** This new programmed 35 mm SLR model is a sleek new camera designed to accept an awesome number of newly designed accessories comprising the best of system photography. It features quartz-crystal control for improved accuracy and a new system of program-flash photography. Slip the new Auto Electroflash 280 PX into the hot shoe, and the camera automatically sets the shutter speed to 1/60 second X-synch. Then it selects the appropriate aperture, up to f/8, according to the ambient light level. There's no more fiddling with f/stops.

Besides new dedicated flash, the X-700 system includes the Power Grip 2, Multi-function Back, and IR-1 Remote Control set. The Back imprints numerical data on the film, including time, month, day, and year and also serves as an intervalometer, recording images for over 100 hours. The Remote Control Set releases the camera from up to 200 feet away—a joy for nature and wildlife photographers. Suggested list for X-700 with 50 mm F/2 lens, \$473.50.

**Contax RTS II Quartz.** Devotees of the old Contax

New cameras? The PMA show at Las Vegas was filled with them. And that's good news for amateurs everywhere.

RTS will be delighted to know that the camera lives and breathes, still—but with some long-awaited refinements. This version, due to be shipped toward the fall of this year, features quartz-crystal control (pioneered by Contax in the 139 model) for greater accuracy, as well as off-the-film-plane metering of flash for more consistent exposures. A newly designed viewfinder offers coverage to 97 percent of the field. Other new features include an improved LED viewfinder data readout system with auto cutoff, built-in eyepiece shutter, AE lock capability, and a number of new, improved accessories. Suggested list not available as of press time.

**Canon AL-1 Quick Focus.** If you've always had trouble focusing sharply, you'll appreciate this new Canon model which makes focusing a problem of the past. The Quick Focus System uses a half-mirror, triple prism, three charge-coupled devices, and a Sharpness Function Processor to warn, via LED readouts in the finder, when your focusing is "right on." Exposure is automatic (aperture priority) with manual override. Suggested list not available as of press time.

**Ricoh KR-5 Super.** This new camera adds a higher top speed (1/1,000 second) and the ability to use dedicated flash to give the photographer on a budget even greater value than the older KR-5. A newly designed 50 mm XR Rikenon f/2 lens offers six-element design and improved resolution and contrast. Suggested list, \$230.

## Lone Star Gas Initiates HAP'N Project In Area

Dallas, Texas - Lone Star Gas Co. president Carol Neaves announced today that the company will initiate an assistance program designed to help persons living in Lone Star's service area who are having difficulty paying their heating bills. Lone Star has committed \$100,000 to begin a fund which has been named Heating Assistance Program for the Needy (Project HAP'N). Lone Star will invite its customers and the public in general to join in making contributions to Project HAP'N. The coordinating agency and the fund address will be publicized throughout Lone Star's 110-county service area soon. Project HAP'N assistance funds can be used for any type of heating bill.

"We at Lone Star recognize that our funding will not adequately help all who are financially in need with their heating bills," said Neaves. "But with additional funding from other sources, both public and private, this beginning effort should bring some help to more people."

"The potential is great," said Neaves. "We have long worked with various social service agencies to assist our customers; project HAP'N expands this effort." Contributions are tax deductible.

## Seeds From The Sower

Michael A. Guido

After the coronation of Edward, the 6th, a procession started for the banquet hall. In front of the ruler were three soldiers carrying swords that represented the countries of England, Scotland and Wales. "But," protested Edward, "there is one more sword which should be with them. It is the Bible, the sword of the Spirit." At his suggestion, the Bible was placed at the head of the parade. Now, at every coronation, the Bible is presented to the King with the words, "This is the most valuable thing the world affords." As you start out in the New Year, put the Bible first. It is the only thing that can combat the Devil. Submit yourself to God, quote the Word of God and the Devil will flee from you. Use the Scriptures like a sword, and you will drive temptation away. In speaking to Joshua about the Scriptures, God said, "Think about them every day and night so that you will be sure to obey all of them. For only then will you succeed."

### How Many Drinks Does It Take?

You may be surprised at how few drinks it takes to weaken your driving ability and judgment. Most people reach a BAL of .10 after only three drinks in an hour. The chart below gives some indication of the number of drinks it takes. If you weigh 120 lbs., three drinks (or three cans of beer) in two hours may be too much. A 160-lb. man may get away with five in two hours and still be able to handle a car.

wt	Drinks (Two-Hour Period) 1 1/2 ozs. 86 Liquor or 12 ozs. Beer											
	1	2	3	4	5	6	7	8	9	10	11	12
100	1	2	3	4	5	6	7	8	9	10	11	12
120	1	2	3	4	5	6	7	8	9	10	11	12
140	1	2	3	4	5	6	7	8	9	10	11	12
160	1	2	3	4	5	6	7	8	9	10	11	12
200	1	2	3	4	5	6	7	8	9	10	11	12
220	1	2	3	4	5	6	7	8	9	10	11	12
240	1	2	3	4	5	6	7	8	9	10	11	12

### Lights From The Christian World

Josephine Cleveland  
 God instructed Joshua, "March around Jericho's wall once each day. On the seventh day march around it seven times. Then shout. The wall will fall."

There does not seem to be a logical or obvious reason between the instructions God gave Joshua and his people and the tumbling down of Jericho's wall. Evidently, God was testing their obedience. The only understandable reason was that they

should obey God because God said so.

The Israelites relationship with God gave them courage and confidence. The Jerichoites relationship brought them fear and dread. What made the difference? Joshua's obedience fulfilled the condition for God's promise, so he could be courageous and confident God would favor his people.

Friend, God's power can call forth great dread or great comfort, depending on your relationship with Him. May you resolve to begin 1983 in complete obedience to Christ who can do exceedingly abundantly all that you can ask or think.

Centuries ago God spoke to Joshua and told him, "Be bold and strong! Banish fear and doubt! For remember,

the Lord your God is with you wherever you go." Remember, the Lord told him, "constantly remind the people about my principles and you yourself must think about them every day and every night. For only then will you succeed."

Joshua had been chosen to replace Moses as leader of the Israelites. He had just led them across the dry-bottomed Jordan River into the promised land.

God spoke to Joshua, "See, I have given into your hand, Jericho." Joshua 6:2-17. Yet, this fortified city with mighty men had not yet fallen. Its high wall was still intact. But God said, "See, Jericho is yours."

Joshua was told to see that which was not yet.

## H & R BLOCK UNCOMPLICATES THE NEW TAX LAW

This year there are 47 different forms and schedules for income tax filers. The so called short form is now two pages, which calls for up to 63 entries and refers you to the instructions more than 10 times. Misinterpreting the instructions could cost you money or cause an IRS inquiry.

The tax act of 1981 affects every taxpayer regardless of income. Your H & R Block tax preparer can show you how the new tax law helps you save money on your 1982 taxes, and points out changes that could affect your taxes in 1983.

Even the 1040A short form is affected by the tax changes, so no one can afford not to use H & R Block, with prices starting at \$7.50 and the average fee last year was under \$40.00.

have been thoroughly trained and brought up to date on the latest tax information for 1982 tax returns. The changes in the tax laws have been studied and analyzed to determine what effect they'll have on your tax return.

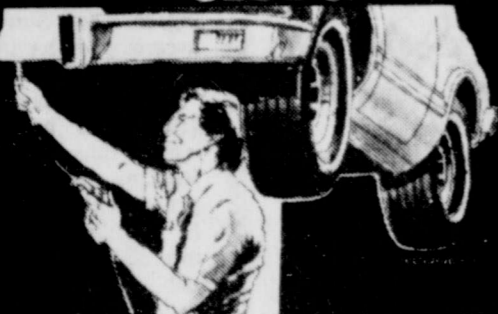

Through the personal interview that every H & R Block client gets, you can have peace-of-mind that every deduction to which you are entitled to will be uncovered.

H & R Block has 2 conveniently located offices. Call today. Appointments available.

**Putnam News**

By Mrs. R.B. Taylor

We can't complain about the weather, we have sunshine on mud and that's a beautiful sight in West Texas. The snow last week left a good season in the ground and a few warm days will really start grain, grass and weeds growing. If there is anything in the old adage, that the first twelve days of

the new year foretell the weather for the twelve months, we will have a very seasonable spring and summer. Lets hope so.

So far the prevailing epidemic of flu that has been plaguing other places has not struck Putnam. We do have some sick folks though.

Mrs. Ruby Weatherman has been puny for several days. Mrs. Ollie Burnam went to Cisco Hospital Saturday suffering from an inner ear infection. Our little neighbor Joseph Maxwell has been sick also, his

mother Judy took him to Dr. at Abilene Friday. The Party at the Golden Holiday Nursing Home given by the home and the Putnam Women's Study Club for Mrs. Laura Jobe on her 108th birthday was a gala occasion. Those of Mrs. Jobes family attending were her grandson and wife Mr. and Mrs. Benny Ross Everett of Abilene, her daughter-in-law Mrs. Loren Everett of Putnam, her nephew Mr. and Mrs. Charles Davis of Wolf City and a niece Verda Matthews of Eastland. Study Club members attending were Maise Burnam Heysler, Waddell Weatherman, Munzy Taylor King. Others were Mrs. Hulén Smith, Laverne

Rutherford and I.G. Mobley. Putnam is indebted to Mr. Milton Donaway for his recent donation of \$100 to the Putnam Park and Playground. Milton has spent both time and money on the Park. Anyone wishing to contribute to the project, leave donations at the First National Bank at Baird to the Putnam Park and Playground Fund. Mr. Dale Wirt returned home last week after spending some time with his brother at Glen Rose. Mr. and Mrs. David Isenhower have moved from Mrs. Veda Yarbroughs house north of town to Clyde. Mrs. Mary Wagley spent part of Christmas Day

visiting with her daughter, Mary and Glen Barras at La Mirado, California, by telephone. Mr. Stanley Trout of Hearst was visiting his aunt, Mrs. Eph Free at Baird Nursing Home and friends at Putnam Friday. Mr. Don Weatherman of San Antonio spent some time with his parents the Sid Weathermans. He went home last week. Mrs. R.C. Speegle went home with her son Billy of Fort Stockton last Tuesday. She will spend most of the winter visiting him and her daughters at Odessa.

**Roadside Mowing To Decrease**

AUSTIN--Texas highway roadides may not be trimmed as closely this year, but a new system should trim a \$30 million annual mowing bill. The vegetation management system, being studied by the State Department of Highways and Public Transportation, will still provide for motorists' safety, protect the road surface and save money. "The department spent \$30 million last year in mowing costs," department chief landscape architect Craig

Steffens said, "but we still got some irate calls when we let our rights of way get a little shaggy." He added that savings from that \$30 million will go to safeguard the state's multibillion dollar investment in its highways. Steffens said the goal of the vegetation management system is to develop the most cost-effective, practical methods and concepts for managing roadside vegetation. "The discontinuance of mowing isn't our objective," he said. "However, the idea that a properly maintained highway needs to be mowed from right-of-way line to right-of-way line isn't necessarily correct."

The new system, to be initially instituted in one maintenance section in each of the department's districts, will be studied through 1983 for a comparison of costs and labor, Steffens said. With over a million acres of rights of way along the state's 72,000 miles of

highways, the department has a lot of neighbors - and most of them like to see the roadside as well kept as their own property. "We do plan to continue mowing to the right-of-way line adjacent to cultivated, developed and urban areas," Steffens said. "But along rangeland and untended property, we don't intend to mow except along the shoulder. "We hope Texans will understand that we are trying to save their tax dollars by establishing less costly priorities in our mowing operations," Steffens said. "We simply can't continue mowing from line to line on every highway." He said preliminary studies indicate the vegetation management system will show an excellent savings and yet benefit desirable native plant life such as wildflowers. But, Steffens cautioned, his department is not making any great promises of savings until the results of next year's study are in.

**KNOW YOUR LIMITS**

Anyone Who Can't Walk a Straight Line Can't Drive One

It's amazing how some people who can't even control their feet think they'll be able to control their cars once they get behind the wheel. Statistics show they're dead wrong. That's why we, the people who make and sell alcoholic beverages, are offering a pocket chart called "Know Your Limits."

Get one at participating restaurants, bars and liquor stores. Or write 205 San Jacinto Bldg., Austin, TX 78701. Because the worst time to find out you can't drive a straight line is when you're on the wrong side of one.

**CHART FOR RESPONSIBLE PEOPLE WHO MAY SOMETIMES DRIVE AFTER DRINKING**

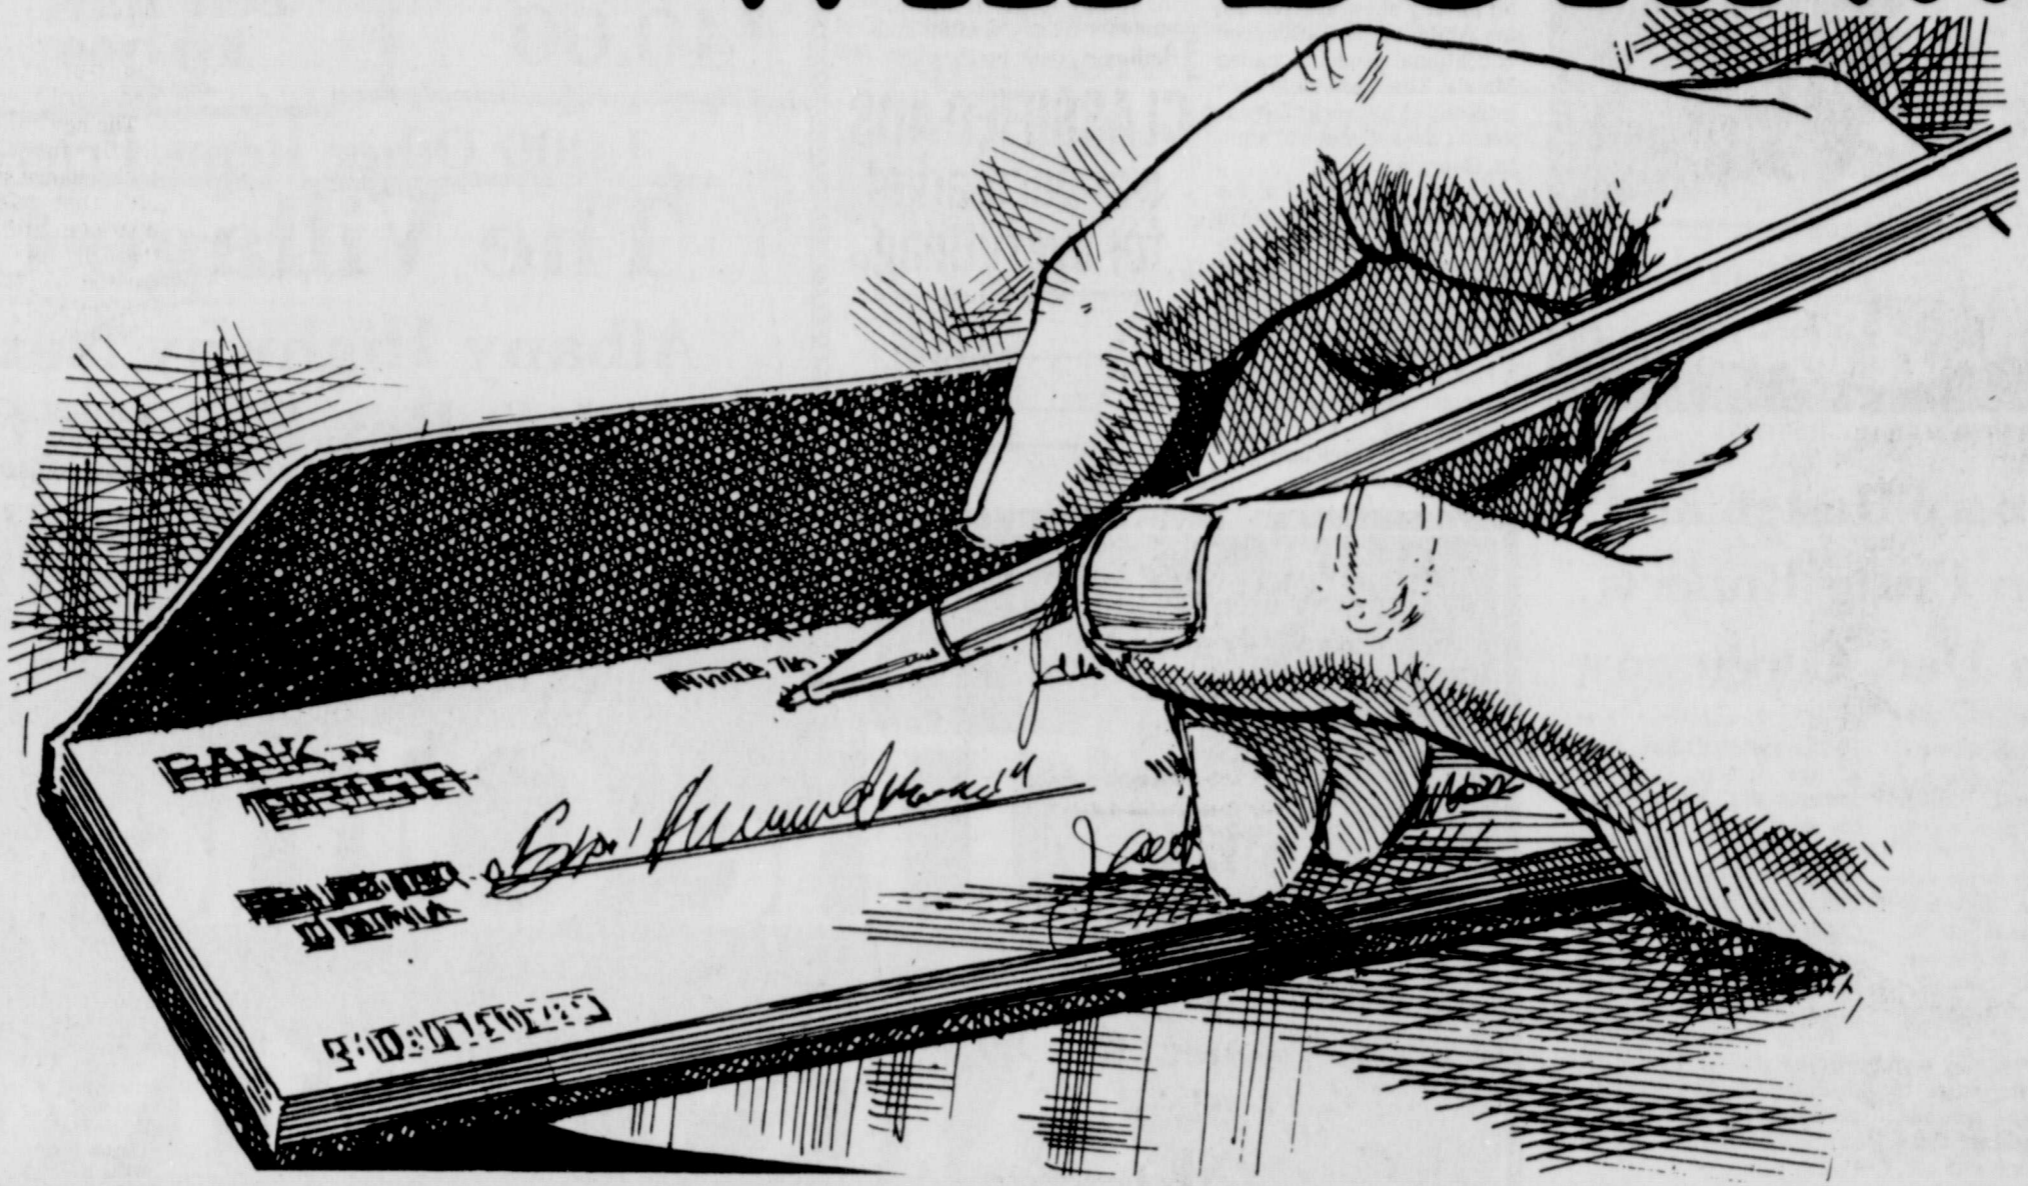

Drinks	Body Weight in Pounds					
	100	120	140	160	180	200
1	0.04	0.03	0.02	0.02	0.02	0.02
2	0.08	0.06	0.04	0.04	0.04	0.04
3	0.11	0.09	0.07	0.06	0.06	0.06
4	0.15	0.12	0.10	0.09	0.08	0.08
5	0.19	0.16	0.13	0.12	0.11	0.11
6	0.23	0.19	0.16	0.14	0.13	0.13
7	0.27	0.22	0.19	0.17	0.16	0.16
8	0.30	0.25	0.21	0.19	0.17	0.17

MRS. STEPHEN CRAIG ROBERTS

## Karla Kay Hester and Stephen Craig Roberts Wed In Dec. Ceremony

Karla Kay Hester and Stephen Craig Roberts were wed December 30, 1982, at 7 p.m., in the Faith Baptist Church during a double ring ceremony.

Parents of the bride are Bill and Lucille Hester of Cisco, and parents of the groom are Rev. Doyle and Peggy Roberts of Cisco. The groom's father officiated at the ceremony.

Given in marriage by her father, the bride wore a gown of Organza, lavished with Peau d'ange lace. It had a high-rise neckline with see-through areas touched in pearls. It also had puffed sleeves featuring deep fitted cuffs. Rows of lace marked the hemline of the bouffant skirt and chapel train. Peau d'ange lace bandeau enriched with pearls held the tulle veil with a lace edge at finger-tip length. She carried a bouquet of white silk roses with white streamers.

Matron of honor was Mrs. Barbara Jessup of Cisco, friend of the bride. Bridesmaids were Miss Jaye Ann Hudson, friend of the bride, and Miss Becky Lusk, friend of the bride, both of Palestine, Tex.

The bridesmaids wore gowns of pink accented with white shawls and they carried long stem pink roses with pink streamers.

Flower girl was Crystal Hester of Duncanville, niece of the bride. Tonia Hester of Duncanville, niece of the bride, carried the bridal train.

Best man was Wade Agnew of Cisco, friend of the

groom. Groomsmen were Reu Crockett of Cisco, friend of the groom, and Jim Roberts of Cisco, brother of the groom.

Ring bearer was Justin Baugh of Houston, cousin of the groom. Scott Roberts of Cisco, brother of the groom, was an usher. Reu Crockett and Jim Roberts also served as candlelighters.

The church was decorated with two full baskets of pink and blue carnations and four candleabras. Pink and blue satin ribbons marked the family pews.

Traditional wedding music was provided by Carolyn Sipes. Gene Gwinn sang "Twelfth of Never" and Carolyn Sipes sang "God Has A Place For Us."

A dinner reception was hosted by the bride's parents at the Colony Restaurant for 150 guests. The bride's table had a three-tier, heart shaped cake with punch and nuts, on a table decorated with white lace. The groom's table contained a layered chocolate cake, with coffee in a sterling silver coffee pot, and matches with the names of the bride and groom and the date of their wedding.

The bride attended Palestine High School and Henderson County Junior College. She is employed by Otis Engineering Corp. as a production planner. The groom attended Cisco High School and Cisco Junior College. He is employed by Otis Engineering Corp. as an inspector.

The couple are at home in Cisco at 402 West 11th Street.

## Roberts Resigns As CJC Teacher

Bill Roberts, member of the faculty at Cisco Junior College since 1978, submitted his resignation at the monthly meeting of the board of regents last Monday night. The resignation was ac-

### Univ. Hairstyles Staff Attends All-Day Show

The staff of Universal Hairstyles recently attended an all day show at Kiva Inn in Abilene, on advanced educational products, called Matrix. These products were introduced by world famous artist Carole Lynden of Atlanta, Georgia.

The show consisted of the most advanced techniques in color, perms, and hair cutting. There were several door prizes awarded and Carmen Rosales at Universal Hairstyles won.

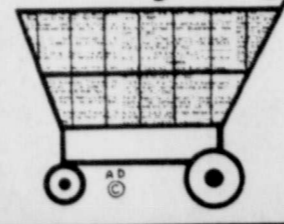

For the newest in hairstyling, color and perms come in today to Universal Hairstyles. We welcome you. 201 E. 8th. 442-2121.

cepted. Mr. Roberts had been the journalism instructor and was in charge of student publications. He plans to enter private business, it was understood.

In other action, the board opened one bid for a contract to enlarge the college cafeteria. It was taken under advisement.

The board approved the employment of Lottie Farris as instructor for the LVN Nursing program at Ballinger General Hospital. Students from Coleman and Ballinger make up the class.

# Golden Gate Bridge Ready For Golden Anniversary

Half a century ago, man's most modern equipment pulled to the shore of the Marin headlands to bridge the gap created when the Sun God stubbed his toe and fell - the Golden Gate.

Never had so long a span been attempted, never a taller tower. Never had bridge builders tackled a strait so treacherous, with its gale winds, cold gray fog and tides a mile wide and 200 feet deep.

Four years and five months later, a graceful span linked two windy promontories, the crowning achievement of the great age of American bridge building.

January 4, 1983, is the golden anniversary of the day builders began the Golden Gate Bridge. A weeklong exhibit of memorabilia and photographs, including a famed Ansel Adams print of the bridgeless strait, marked the occasion. And milestones in construction will be noted until the 50th anniversary of opening day is celebrated May 27, 1987.

The completed bridge, with its grim attraction for some 740 suicides, is 8,981 feet; the main, suspended span measures 4,200 feet. Each giant cable is 7,650 feet long and both used a total of 80,000 miles of wire.

It was surpassed in length by 60 feet when New York's Verrazano Narrows Bridge was finished in 1961.

More than 900 million vehicles have crossed the bridge since it opened, including about 37 million in 1982.

Legend has it the Golden Gate was created by divine mishap when San Francisco Bay was a fertile valley. The Sun God in his daily trek from east to west fell in love with an Indian princess and abducted her. In his flight, he stubbed his toe on Mt. Diablo. Stumbling, he dropped the maiden to her death, his arm crashed through the seaward rim of the valley and the Pacific coursed through the breach.

Geologists say the strait was once a river gorge that deepened and widened as the coastline sank and the ocean

pushed landward.

The dream of bridging the bay goes back to 1872 at least, when Charles Crocker longed to extend his Central Pacific Railroad. But the success of steam ferries scuttled the idea until automobile owners grew impatient for a speedier route across the bay.

Joseph Strauss, builder of 400 bridges in places from Washington to Leningrad, drafted his first design for the Golden Gate Bridge in 1921 and battled opponents for 12 years before work could begin.

## Moran News By Mrs. Luke Huskey

Mr. and Mrs. Harvey Rex-coat of Gordon visited with friends in Moran, last Thursday.

Mr. and Mrs. Bert Booth of Temple visited with his mother, Mrs. J.W. Booth, over the week end.

Mrs. Lucy Burton is receiving treatment in the Albany Hospital.

Mrs. W.H. Mitchell is receiving treatment in the Albany Hospital.

Mr. and Mrs. M.H. Gore of Brownwood visited with Mr. and Mrs. Thomas Holland, Melvin and Russell and with Mr. and Mrs. Ezra Weir, Sunday.

Mr. and Mrs. C.L. Miller attended the funeral for his brother-in-law, Charles Hart in Imperial, Sunday. Mrs. Hart is the former Pauline Miller.

Love thy family.  
Worship together.

A Public Service of This Newspaper & The Advertising Council

Mrs. J. W. Booth accompanied her granddaughter, Mr. and Mrs. Evans to Fort Worth and attended the graduation exercises at the Seminary, where her grandson, John Booth was one of the graduates. She returned home with her daughter, Mrs. Tony Vita, for a visit, returning home by way of Temple and visited with her son, Mr. and Mrs. Bert Booth.

Mrs. Charles Gardner has retired from nursing after 34 years service. She retired from the Army Hospital in San Antonio.

Mr. and Mrs. Ronnie Latimer of Flagstaff, Ariz. visited with his sister, Mrs. M.E. Offield and Mr. Offield, last week.

This Frigidaire Laundry Pair is tops, when it comes to washing and drying clothes the way you want - conveniently, dependably.

Frigidaire

Washer offers dependable cleaning power - even lets you conserve hot water and detergent

- No need to waste hot water. This Frigidaire Washer features a Water Level selector that lets you match the amount of water to the size of your washload.
- Depend on Frigidaire to keep lint from settling back on your clothes with the Lint Filter which snaps in and out for easy cleaning.
- New horizontal cleaning action passes clothes under the recirculating filter 8 to 14 times each cycle. The new system is equally effective for small, average or large loads.

Dryer puts big drying capacity within easy reach

- For easy loading and unloading, the big oversize door opening - one of the largest in the industry - is positioned a comfortable 18 inches off the floor.
- For efficient drying, without hot spots that can damage fabrics, Frigidaire gently pulls air through your clothes.
- For big-family wash loads this Frigidaire dryer provides gentle fabric care for up to 18 pounds of laundry.

**THANKS TO THE** First National Bank and to Mrs. Vallie Parker, the Chamber of Commerce office has a new look. The bank donated furniture from the old building for use in the CoFC lobby, and it fits very nicely. And Mrs. Parker, who has a considerable reputation as an artist, has a number of her pictures on display in the CoFC offices.

Tickets are moving pretty well for the annual CoFC banquet. The event always attracts a big crowd of people interested in community progress. See you there.

**IF WE WERE** a betting man, we'd wager you a chocolate milk shake with ice cream that Mr. O.L. (Robbie) Robinson received a musical horn for his car as a Christmas gift. Listen next time he passes you. It plays a nice tune... Mr. Jack Farleigh, the old timer, went up Michigan way the other day after being advised of the death of his sister. Understand he'll be away another week or so... Archie Chamness of Cisco, district lieutenant governor of Lions Clubs, is scheduled to speak at a Lion meeting in Mineral Wells at 7:30 p.m. Monday, January 31.

**IF THEY'RE** still there, the whiskers on Mr. Ronnie Ledbetter's face could disappear any time. That's the opinion of a friend of the local insurance man who feels that Ronnie has proved a point... that he can grow a handsome beard.

THE FOLKS AT Austin's

## OBITUARY

### Services For Agnes Miller Are Tuesday

Funeral services for Agnes Miller, 79, of Cisco, were at 10:00 a.m. Tuesday at the First Evangelical Methodist Church. Rev. John Clinton, pastor, officiated. Burial was in Oakwood Cemetery directed by Kimbrough Funeral Home.

Mrs. Miller died at 1:45 a.m. Sunday at Cisco Nursing Center.

Mrs. Agnes Miller was born November 3, 1903, at Scranton, near Cisco, she married Alvert Forrest Miller, May 16, 1925, at Scranton. He died January 29, 1970. She was a member of First Evangelical Methodist Church and a charter member of the church's women's missionary society.

She is survived by two sons, Coy L. of Lake Brownwood and Billy C. of Abilene; three sisters, Eunice Penn and Catherine McCrary, both of Cisco, and Mary Sneed of Eastland; two brothers, H.S. Slatton of Wichita Falls and Stewart Slatton of Holiday.

She is also survived by nine grandchildren; nine great-grandchildren and many nieces and nephews.

### Services For Jerry Harvey Are Tuesday

Funeral services for Jerry Harvey, 50, of Cisco, a retired Lone Star Gas Co. employee and a former Woodson resident, were at 4 p.m. Tuesday at Melton Funeral Home in Breckenridge. Byron Woody of Jeanette Street Church of Christ officiated. Burial was in Moon Cemetery.

Mr. Harvey died after a long illness at 12:15 p.m. Sunday at his lake home in Cisco.

He was born November 1, 1932, in Throckmorton County, he moved to Cisco in 1982 from Woodson. He was a member of the Church of Christ.

Survivors include a daughter, Cindy Lou Williamson of Albany; his parents, Mr. and Mrs. W.M. Harvey of Woodson; a brother, Manual D. Harvey of Corpus Christi; and a grandchild.

Palbearers were Larry Chapman, Bobby Pence, Monroe Pugh, Eddie Pugh, Stanley Beene and Royce Beene.

Furniture Company are getting organized to observe their 25th anniversary on Feb. 1st, and they're planning a party. People in these parts will tell you that the Austin's Furniture is the nicest between Abilene and Fort Worth.

There will very probably be an announcement about the anniversary event one day soon.

**SPEAKING OF** parties, there was a nice one out at the Cisco High School cafeteria one night last week. Sixty or more folks gathered to honor Mrs. Billy Joe (Louise) Taylor, who retired at the end of the first semester after 15 years as a member of the CHS faculty.

The school system presented Mrs. Taylor a plaque of appreciation, and faculty members had a couple of nice gifts for her. Guess she will now help husband Billy Joe full time - he's a retired postal worker.

**DR. AND MRS.** Renaldo Petrini of the University of Houston were weekend guests of Dr. and Mrs. Chief Brown. They came last Friday and went back home to Houston Sunday afternoon. While here, Dr. Petrini inspected the Mobley Hotel and conferred informally with a number of civic leaders in our town.

Dr. Brown, by the way, is doing some remodeling work on the wing of his sanitorium

building. That area will be available if and when another medical doctor moves to Cisco.

**FAITH IN HIS** fellow man got a boost for City Judge Jasper Cook last week. He administers a welfare fund that benefits folks down on their luck, and a young couple en route from out west to Tulsa had a break down here recently.

The young couple had jobs in Tulsa and only enough money to get there. And having to stop overnight and pay a mechanic was too much. So Mr. Cook helped them out to the extent of about \$25. A letter came last Thursday with a check for \$40 in it-paying back the advance with interest.

The welfare fund that Judge Cook looks after got a boost with a \$25 gift from the Cisco Lions Club and another gift from a First United Methodist Church Sunday School Class last week.

**IF YOU LOOKED** in on the Abilene television show Saturday night that raised nearly \$600,000 for the West Texas Rehabilitation Center, you saw a lot of Cisco names as lists of donors flashed across the screen. And you may have seen two Cisco ladies, Mrs. Tom Merti and Mrs. Leak Lane, on stage presenting a money gift.

The two Ciscoans were representing the Cisco AARP Chapter and they turned over \$135 that members placed on their Christmas party tree for the Rehab Center. The Rehab Director, Mr. Shelly Smith,

introduced them and expressed thanks for the gift.

**MARY CAREY**, former Ciscoan who now lives in Alaska, has been visiting home folks and in Houston. Her 4th book, Green Gold, is off the press. It is fiction but it tells Mary's own experiences as a homesteader in Alaska.

Mary and a friend are writing a series of children's books on Alaska and other states. They will illustrate them with pictures made in the states-pictures that appeal to children.

The new Mary Carey book will be reviewed by Mary at a meeting of the Cisco Writer's Club on January 29th at the Texas Room of Maner Library, Cisco Junior College... She came here from Africa where she went with members of her Alaska Gem Club. They mined for diamonds during a brief stay in South Africa. They came home via the Nile River and Egypt.

**MAYOR ERIS** Ritchie spent last week in Jacksonville, Florida, attending a Florida Music Education Association conference in the interest of his Southwest Enterprises... Sorry to read about the death in Abilene of Randy C. Rogers, 34, the young tennis pro who was critically injured in an auto mishap on icy pavement here Dec. 26th.

1977 - Honda - XL-100 Motorcycle, VIN #1305326, no license plates. Stowing and storage charges on above vehicle: \$1,285.00

All vehicles are to be sold

on an "as-is" basis. Vehicles can be inspected during normal working hours at Ted's and Rex's One Stop, located at North Hwy. 6 in Cisco, Texas.

CHIEF OF POLICE  
CISCO POLICE DEPARTMENT  
CITY OF CISCO  
p-5

Dear Customer:

The City of Cisco during the month of November, 1982, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria: (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water.

However, up to five turbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an

effective disinfectant agent throughout the distribution system (3) interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date.

The notification of the public is in compliance with Texas "Drinking Water Standards" and the "Safe Drinking Water Act," as a means of keeping the public informed.

Michael D. Moore  
City Manager.

## WORD OF GOD

### Jesus said Repent!

As many as I love, I rebuke and chasten: be zealous therefore, and repent.

Revelations 3:19

## SCHOOL MENU

The breakfast and lunch menus for the Cisco Primary and Intermediate Schools during the week of January 11-15 are as follows:

# Texans To Celebrate Inauguration

AUSTIN--Governor-elect Mark White and Lieutenant Governor Bill Hobby will be honored with "A Texas Celebration" marking their inauguration Tuesday, January 18, 1983.

White and Hobby will be sworn into office at high noon at the south entrance to the

Capitol. Immediately following the swearing-in, White will go to the Governor's Mansion where he will cut locks from the door, symbolically opening the governor's mansion to the people of Texas. The public will then be invited inside the mansion. A luncheon at the Capitol will also follow the ceremony.

Highlighting the celebration will be two formal in-

augural balls as well as an informal gala Tuesday night. Two formal celebrations are planned to allow the fullest access to all Texans participating in the inaugural ceremony.

The two formal balls will begin at 8 p.m.: the northern region of the state (including Austin, Dallas, Ft. Worth, East and West Texas will celebrate at Palmer Auditorium and the southern

region (including Houston, San Antonio, the Gulf Coast and the Rio Grande Valley) will celebrate at the Frank Erwin Center.

The Bluebonnet Ball, an informal gala at the Austin Opera House, will begin the evening's festivities at 7 p.m.

Gov. and Mrs. White and Lt. Gov. and Mrs. Hobby will lead the Grand March of state officials to each of the

three celebrations over the course of the evening.

Also participating in the festivities will be more than a dozen college and high school bands and precision military units marching in the inaugural parade on Congress Avenue Tuesday afternoon.

Prior to the swearing in, Governor-elect and Mrs. White and Lt. Gov. and Mrs. Hobby will host a breakfast

at the Hyatt Regency hotel to honor campaign volunteers.

Following the volunteers' breakfast, ministers and laymen of all faiths will conduct a nondenominational service at the Hyde Park Baptist Church.

To recognize the achievements of the Democratic party in Texas and to honor all elected state officials, the State Executive Committee is sponsoring a

victory dinner Monday, January 17. Charley Pride will provide the entertainment for the evening.

Tickets for the various events, except the Bluebonnet Ball, may be purchased no later than Wednesday, January 12. Tickets for the Bluebonnet Ball may be purchased at the door. The Inaugural Committee at 512/576-4000 can answer any questions regarding tickets.

## Texas & The Legislature

Senator Bob Glasgow

A funny thing happened on the way to the 68th Texas Legislature. Texas joined the twentieth century. Not in the sense that we have not always been dignified, sophisticated and able to hold our own against eastern football teams, but rather that Texas is now subject to many of the same problems that plague the rest of the Nation.

For the first time Texas' economy is subject to the recessions and fluctuations that affect our nation as a whole. Rather than having primarily a regional economy, we now have a true national economy. Problems in Peoria are now problems in Fort Worth.

Our State government has always been able to point with pride to the black ink that always prevails at the end of its biennium budget period. In fact, Texas last year was one of only five states that managed to stay out of the red. And our total surplus was more than the surplus of the other four states combined.

Aside from the claim of fiscal responsibility that we state officials often make, the primary reasons have been a rapidly growing populace that spends and fills our sales tax coffers and the fact that the good Lord chose to store his oil underneath our soil.

As the state population increased, so did the amount of sales tax collected, as there were simply more sales. The recession of 1973-4 hardly put a dent in the rate of increased collections. This year we expect to collect over three billion dollars in sales taxes - still increasing in amount but more slowly.

From our severance tax our state can expect to collect 2.5 billion dollars this year (this does not reflect the amounts paid to local school districts and counties for property tax on minerals). Our total state tax collection this year is expected to be roughly 11 - 12 billion dollars. Thus, severance taxes finance about one-fourth of your state government.

With its 72,000 miles of highways, Texas has the largest highway system of any state and more miles than most nations. Our wide open spaces also helped to make us the largest purchasers of gasoline per capita in the nation (with its attendant motor fuels tax).

Events of recent months have begun to make everyone less optimistic than we have been before. We are beginning to realize that we must be more judicious in our spending and budgeting than ever before.

For the first time since the depression, Texas has been affected almost to the same degree as the rest of the country by these economic hard-times. Sales have slowed which means that sales tax collection increases have slowed. We may not collect as much from our sales tax as we at one time projected.

We are in the process of finding out that the severance tax on a 32 dollar barrel of oil is not as much as that collected on a 40 dollar barrel. If these prices continue, you can look to at least a 25% reduction in severance tax collection. Also to be taken into account is the fact that oil production has declined each year since 1973.

With more fuel efficient cars getting more miles per gallon and our other conservation efforts, our motor fuels tax revenue is lagging far behind our actual use of our highways (meaning our users tax does not keep up with the use). In past sessions we have already had to transfer monies from the general fund just to get to a minimal necessary level of repair and reconstruction. The Texas Highway Department estimates a need of 6 billion dollars over the next two years in order to reverse the decline to total about 2 1/4 billion dollars over the next two years (the federal government's motor fuels tax increase is expected to return an additional 750 million dollars to Texas).

I am not meaning to sound pessimistic with these figures. In fact I am very optimistic about our state and its ability to solve its problems and make it through difficult times.

Despite persistent and annoying problems, our tax system is probably the best in the nation. We have no personal income tax, no corporate income tax, one of the lowest franchise taxes, one of the lowest sales taxes, the lowest motor fuels tax and no value-added taxes.

This favorable tax climate has contributed to the growth of our state. Businesses have been attracted to Texas because of this which in turn has created jobs for our people.

"IDEAS ARE BORN OF NECESSITY"  
by Jim Alexander

American ingenuity will get the job done.  
If ever we need something new,  
I'm sure if it weren't for the morning,  
We would of already invented dew.  
We needed a way to travel,  
So we came up with the train.  
When we had to travel faster and further,  
We constructed the airplane.

Through over 200 years,  
We've completely perfected the home.  
And when it got to cold to watch our teams play,  
We moved them into a dome.  
When something new is needed,  
And things just aren't our cup of tea,  
The world knows that we'll do it,  
'Cause ideas are born of necessity.

If it has to be done,  
We won't run of our gas.  
We'll just build a car that runs on water,  
That will go just as fast.  
So all you politicians listen,  
And I'm sure you'll all agree.  
If we're pushed to our limits, we'll still get the job done,  
American's ideas are born of necessity.

THURSDAY, JANUARY 13, 1983

## Wallace Elected Chairman Of Railroad Commission

AUSTIN—Mack Wallace was elected to serve a two year term as chairman of the Texas Railroad Commission today.

Outgoing chairman James E. (Jim) Nugent made the nomination, which was supported by Commissioner Buddy Temple, at the beginning of the Commission's regular Monday conference. Nugent had served as chairman since January of 1981.

Wallace, who is the Commission's senior member, was appointed to the Commission by Governor Dolph Briscoe in September, 1973, to succeed Byron Tunnell. He was then elected to serve the remainder of the term for which he was appointed; and in 1978, was elected to serve a full six-year term.

This is Wallace's second term as Railroad Commission chairman. He previously

served as chairman from January of 1977 to December of 1978.

Wallace, 53, is a graduate of Baylor University School of Law. After four years in private law practice, he was elected Henderson County Attorney in 1957. From 1962 until 1973, Wallace served as District Attorney for the Third Judicial District of Texas.

In January of 1973, Wallace was appointed Legal Counsel to the Governor. In April of that year, he was appointed Executive

Director of the Governor's Criminal Justice Council, where he served until his appointment to the Railroad Commission.

Serving as the governor's representative, Wallace chaired the Interstate Mining Compact Commission from January 1 to December 31, 1980, and is presently serving as chairman of the Compact's Legal Committee. He is also co-chairman of the Legal Committee of the Interstate Oil Compact Commission, chairman of the Texas Mining Council,

chairman of the Texas Solar Advisory Committee, and a member of the Texas Energy and Natural Resources Advisory Council.

Wallace also presently serves as a member of the National Academy of Sciences committee to study the emergency productive capacity of the nation's oil and gas fields.

While a member of the Texas Energy Advisory Council, Wallace chaired the Emergency Energy Preparedness Committee and the Advisory Committee

on Lignite Research, Development, and Demonstration, and served as a member of the Advisory Committee on Nuclear Energy.

Until January of 1979, Wallace also served as a member of the Texas-Louisiana Steering Committee for the development of geopressed geothermal energy. On October 2, 1981, Wallace was appointed to serve a three-year term on the Advisory Committee of the Center for Energy Studies of The University of Texas at Austin.

Wallace recently served as chairman of a special committee designated by the governor and lieutenant governor to develop a report reflecting the Texas position

on federal natural gas policy. The report was delivered to the Federal Energy Regulatory Commission and members of Congress in August, 1982.

## Texas Operators Report December Discoveries

AUSTIN—Railroad Commission Chairman Mack Wallace announced that Texas operators reported 114 gas and 91 oil discoveries in December 1982.

One year ago, 116 gas and 47 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the last month of the year included 32 in deep South Texas, 29 in the Refugio area, 19 in Southeast Texas, 11 in West Central Texas, seven in the

Panhandle, four each in North Texas and the San Angelo area, two each in East Texas, East Central Texas, and the Midland area, and one each in the Lubbock and San Antonio areas.

Oil discoveries included 54 in West Central Texas, nine in the Refugio area, five each in Southeast Texas and the Lubbock area, four each in North Texas and East Texas, three in the San Angelo area, two each in the Panhandle and Midland and San Antonio areas, and one in deep South Texas.

In 1982 there were 1,421 gas and 702 oil discoveries throughout the state. For 1981 there were 1,279 gas and 583 oil discoveries.

In December, operators reported 344 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 2,528 in December compared with 3,382 in the same period of 1981.

Applications to drill, deepen, plus back and for service wells in December amounted to 2,836 against 3,636 a year earlier.

Operators filed 618 amended applications to drill. A year earlier they submitted 795 amended requests.

## Early Man Files To Drill County Wildcat

Thomas C. Melton of Early has filed for permit to drill a 2,900-foot wildcat for oil or gas, one mile northwest of Pioneer in Eastland County's ET RR Co. Survey, No. 21. The explorer will be known as the No. 1 K.D. Brooks. The operator has 80-acres under lease.

The No. 3B Charles G. Pence is slated to be drilled in the P. Cameron Field by Chase-Mann Petroleum Inc., operator from Ft. Worth. With projected total depth of 4,000 feet, it will be spudded in a 280-acre lease of the H&TC RR Co. Survey, Sec. 42, Blk. 4, four miles northwest of Eastland, in Eastland County.

The No. 3 thru 10 Wilson, seven developmental wells in Eastland County's Waldrop Field, are scheduled to be drilled three miles northwest of Rising Star. Petro-Mack Inc. of Dallas is listed as the operator. Locations are in a 74-acre lease in the ET RR Co. Survey, Sec. 25, Blk. 2. Projected total depths are 1,150 feet per well.

Bush Oil Co. of Abilene has revealed plans to drill a 1,700-foot developmental well in the Scranton Field. The operator has 92-acres leased, with drillsite in Eastland County's H&TC Survey, A-820 and has designated the venture as the No. 1 Louis L. Morgan. Drillsite is nine miles southwest of Cisco.

Bill Herod of Ranger has

filed for permit to drill the No. 1-A Masseegee, a 1,000-foot developmental well in the Eastland Regular Field, 12 miles east of Ranger. The operation will be in a 442-acre lease in Eastland County's William Flint Survey, A-131.

Location has been staked by Eaton Petroleum Inc. of Graham for a 2,000-foot developmental probe in the Eastland Regular Field, 10 miles southeast of Cisco. The well is designated as the No. 4 J. Dudley. Drillsite will be in a 132-acre lease in Eastland County's H&TC RR Co. Survey, A-1242.

Pumping at the rate of 49 barrels of crude oil per day on an open choke, the No. 8 McCall was completed in the Hawk-Eye Field by Nimrod Operating Co. of Cisco.

Drillsite is in a 30-acre lease in Eastland County's G.A. McCall Survey, two miles southwest of Romney. After entering the pay strata at 1,108 feet, the well went to 1,154 foot bottomhole. It was perforated to produce from an interval 1,111 to 1,122 feet into the hole.

At a location six miles southeast of Eastland, M.H.M. Oil Inc. of Crowley has completed the No. 1, 2, and 3 Oma Mae, three new oilers in the Eastland Regular Field.

Drillsites were in a 40-acre lease in Eastland County's H&TC Survey, A-311.

The No. 1 well showed daily potential for 18 barrels of oil on an open choke, the No. 2 well is pumping at the rate of 21 barrels of crude oil per day on an open choke. The No. 3 well is the largest of the three and is pumping at the rate of 32 barrels of crude oil per day and was also tested on an open choke.

Total drilling depths were 1,150 feet, 1,122 feet, and 1,120 feet, respectively. Production will range from 1,043 feet to 1,054 feet, with top of pay being logged between 1,043 and 1,049 feet.

Ridgeway Oil Exploration & Development Inc. of

Houston has revealed plans to drill a 2,000-foot developmental probe in the Hawk-Eye Field, one mile west of Romney. The well will be located in a 120-acre lease in Eastland County's H&TC Survey, Sec. 57, Blk. 3 and is to be designated as the No. 29 Delbert Tarver "A".

A new oil producer in the Hawk-Eye Field has been finalized by Nimrod Operating Co. of Cisco. Designated as the No. 3 Isenbach, the well indicated capacity to produce 39 barrels of oil per day on an open choke.

The location is three miles southwest of Romney, in a 159-acre lease in the H&TC Survey, A-1999, Eastland County.

Bottomed at 1,223 feet, the well will produce from an interval of perforations 1,174 to 1,177 feet into the hole. The pay formation was first encountered at 1,164 feet.

Ridgeway Oil Exploration & Development Inc. of Houston has posted initial production figures for the No. 8 Schaefer, new oiler in the East Nimrod Field, two miles northwest of Romney.

The well indicated potential for 25 barrels of oil on an open choke. With drillsite in a 45-acre lease in Eastland County's H&TC Survey, A-254, the well had total drilling depth of 1,275 feet. It entered the pay horizon at 1,195 feet and will produce from a set of perforations 1,199 to 1,200 feet into the wellbore.

Pumping at the rate of 5 barrels of oil per day, the No. 7 Neely has been completed in the Scranton Field by Ft. Worth-based, Parker Operating Inc.

Located one mile south of Scranton, the well is in a 160-acre lease block of Eastland County's H&TC RR Survey, A-191.

It was drilled to a total depth of 1,750 feet, after

See M.H. Perry for GROUP INSURANCE 629-1556 or 629-1095 104 N. Lamar-Eastland

entering the pay zone at 1,644 feet. It will produce from a perforated interval of 1,680 to 1,684 feet into the hole.

The No. 1 & 2 Stroebel, two developmental tries in the Eastland Regular Field, are scheduled to be spudded four miles south of Cisco. With projected total depths of 2,000 feet, the wells will be in a 160-acre lease in Eastland County's H&TC RR Co. Survey, Sec. 63, Blk. 3. Enstar Energy Inc. of Dallas is listed as the operator.

Todd & Sanders Inc. of Wichita Falls has staked location for the No. 1 Hatched in Stephens County's McLennan-Reid Field. It is scheduled for 4,1000 feet of hole making. The location is in a 160-acre lease in the O.A.S. Survey, about one mile south of Eolian.

Wes-Mor Drilling Inc. of Graham has revealed plans to drill a 4,900-foot developmental probe in the Stephens Regular Field, five miles east of Ivan. The well will be located in a 320-acre lease in Stephens County's TE&L Co. Survey and is to be designated as the No. 1 Mor.

## United Parcel Service Hearings To Resume

AUSTIN—Hearings on the application of United Parcel Service for authority to transport packages from point within Texas will resume Jan. 18 at the Bradford hotel here.

UPS presentations have been scheduled for the following dates: Jan. 18-21, Jan. 25-28, Feb. 1-4, Feb. 15-18, Feb. 22-25, Mar. 1-4, April 5-8, April 12-15, April 19-22, May 10-13, May 17-20, and May 24-27.

Truck and bus companies

who oppose the UPS application will present their evidence after UPS concludes its portion of the case.

UPS testimony began Sept. 21 of last year in Austin. The hearings then moved to Dallas Oct. 26 and continued there through December when they were recessed.

## DON'T THROW ANYTHING AWAY

Do you have the responsibility of selling someone's personal property? Don't throw anything away before you talk to me.

In just a few minutes I can look at the items in the home and help you find the saleable items that many people overlook, or even throw away. Be safe instead of sorry and call me now.

There's no obligation on your part. It's just part of the complete service that I can provide for you.

My experience helps me spot the "sleepers" that you might miss. Once common items are now avidly sought by collectors and dealers. They might not have been worth much a few years ago but they can be worth a lot of dollars now.

Old timers used to say "don't throw out the baby with the wash water" and I say "don't throw out the dollars with the trash." And remember, when it comes to buying or selling AUCTION'S BEST

**STATE CAPITAL HIGHLIGHTS**

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN — The Sunset Advisory Commission pulled the big surprise of this year new year last week when it voted to recommend that the Legislature abolish the Public Utility Commission.

The commission voted to abolish the PUC after proposed reforms for utility regulation were defeated through a parliamentary maneuver by Texarkana Sen. Ed Howard, who chairs the sunset panel.

The PUC which sets rates for electric, telephone and other utilities, has come in for harsh criticism from many lawmakers and Gov.-elect Mark White for handing out large rate increases on nearly an annual basis.

White also has criticized the PUC's rules allowing utilities to pass through to customers any increases in fuel costs without prior commission approval.

Few Capitol observers expect the Legislature to go along with the Sunset Commission recommendation, partly because the utility companies — who argued against the creation of the PUC in 1975—want to keep the agency now.

As one utility company attorney put it, "We haven't always gotten everything we've wanted from them, but we want to keep them around." If the PUC were abolished, the utilities would have to return to each local community for approval of their rates.

The Sunset Commission action is seen more as a warning shot to let the utility lobbyists know the reformers are serious about winning some pro-consumer changes.

However, at least one senator has indicated he'd just as soon do away with the PUC as see it continue in its present form.

### Fuel Adjustment

And as the Sunset Commission was debating the PUC's future, the PUC was considering measures to partly address Gov.-elect White's criticism of the fuel adjustment clause.

The three-member PUC is debating new rules that would eliminate the automatic fuel cost pass through and require prior commission approval before those costs are added to customers' bills.

The proposed rules also would require companies to set their fuel adjustments on a quarterly basis, which means utilities that underestimate their fuel costs would not be able to make up that undercollection for three months.

The PUC staff, which proposed the rule, says it will force utilities to exercise more scrutiny over their fuel costs and allow customers to know what their fuel charges will be each quarter.

The utilities companies, however, argued that the

proposed changes will create more red tape and negatively impact their company cash flow.

The PUC has delayed final action on the matter until Feb. 2.

**Governor's Attorney**  
Gov.-elect White has named a black woman as his general counsel—a move that will put Myra McDaniel in the history books as the highest-ranking black appointee in the history of Texas government.

McDaniel, a native of Philadelphia who is a former assistant attorney general and Railroad Commission lawyer, is giving up a position with a Midland law firm to take the general counsel's post.

McDaniel, 50, didn't realize she was making history when she accepted the post. She is taking a cut in pay to return to government service, but says people should be willing to sacrifice if they are "willing to be involved in making government work."

White also says he was unaware of the historical significance of McDaniel's appointment.

"I made this appointment because she's talented," White says. "She also happens to be black and she happens to be a woman."

**Special Election**  
U.S. Congressman Phil Gramm made good on his threat to leave the Democratic Party and even went so far as to resign his seat in Congress to allow voters from his Central Texas district to decide if he should return to Washington, D.C. as a Republican.

Gov. Bill Clements already has set a special election for Feb. 12 to fill the seat vacated by Gramm, the former Texas A&M University professor who angered Democrats by supporting President Ronald Reagan's budget proposals.

Gramm's resignation and switch to the Republican Party followed his ouster from the powerful House Budget Committee.

Gramm will now seek reelection as a Republican, but he is already facing Democratic opposition for that post.

Former State Rep. Dan Kubiak of Rockdale is the most likely Democrat to face Gramm, although humorist John Henry Faulk was considering the race.

Kubiak, who was unsuccessful in a bid for land commissioner in 1982, was attempting to drum up support for his race only hours after Clements announced the election date.

GOP leaders welcomed Gramm into their party with open arms, praising him for his courage in switching parties.

**TO OUR VALUED CUSTOMER:**

**IF THE FEDERAL GOVERNMENT HAS ITS WAY, 10% OF YOUR INTEREST AND DIVIDEND INCOME WILL BE WITHHELD FROM YOU NEXT YEAR!!**

This rule is wrong for the following reasons:

- 1) Withholding will cut the amount of cash you have available during the year from your interest income.
- 2) The amount withheld may not be correct for your tax bracket. If overwithholding occurs, you will have to file for a tax refund to get back your own money.
- 3) Your total interest earnings will be reduced because of less income from reinvestment and compounding.
- 4) Elderly persons and low income individuals (including children) will have to file an exemption certificate for each and every account they have in order to avoid withholding. If the exemption is not filed in time, a tax return must be filed the next year — or the withheld money will be forfeited to the government.

**Unless Congress acts to stop the withholding rule, it will go into effect on July 1, 1983. We are working to do away with the rule, but we need your help. IT'S YOUR MONEY.**

Please detach the message that follows, and mail it to your Congressman. Send a copy to your U.S. Senators. Give us a call if you have any questions or need information. Let's put a stop to withholding before it begins.

TO: Congressman \_\_\_\_\_  
House of Representatives  
Washington, DC 20515

Please support legislation to repeal withholding on interest and dividends!! It's harmful because it takes away from the income that I count on during the year; it's unfair to those of us who have always paid our share of taxes on interest; and, it's a burden to the elderly and low income persons, including children. It will discourage savings in this country, and that's bad news for the economy.

May I count on your support to repeal this rule before it goes into effect on July 1, 1983?

Your constituent,  
\_\_\_\_\_

# County Real Estate

THURSDAY, JANUARY 13, 1983

## Real Estate Consumer

Nineteen seventy-six was an important year for manufactured housing because it marked the beginning of a new era in manufacturing and inspection standards nationwide.

Effective June 15, 1976, all manufactured homes were required by federal law to be constructed to stringent standards set by the U.S. Department of Housing and Urban Development. These standards are stated in the National Mobile Home Construction and Safety Standards Act of 1974.

Before a manufactured home can be sold, its manufacturer must obtain approval of its plans, engineering specifications and plant quality control programs. During construction, each mobile home must be inspected at least once to assure compliance with the code.

Finally, the manufacturer must attach a label to each transportable section stating the unit complies with the HUD code as the date of manufacture.

### LOCATION OF GARAGE DESERVES ATTENTION

If you buy an existing house, you will not have any say about the location of the garage. However, if you are planning to build a home, here are some things to consider about the garage.

If possible, locate the garage on the side of the

house most exposed to winter wind or summer heat. Avoid blocking prevailing breezes.

A two-car garage should have a 16-foot-wide door as a minimum; 18 feet is preferable. The garage floor should slope one to two inches toward the door so water will not stand.

If the laundry area is in the garage, it should be elevated for proper drainage. If you do not need a garage for storage, you may wish to consider a carport instead. In moderate climates, carport provides adequate shelter for the car.

Slope the driveway toward the street a minimum of one-eighth inch per foot of paving. Remember, the design of your garage can complement the design of your house.

### SMALL HOMES GAINING POPULARITY

Rising costs, combined with today's trend toward smaller households spell smaller homes in the decades to come.

### Adding a room, upgrading window treatments and floors, and landscaping generally will add more to the value of the house than the project costs.

Reasons for remodeling and the extent of the improvement should be considered very carefully. A swimming pool, for example, may be a good investment.

Great rooms are replacing the living room, dining room

and family room. Sunspaces and skylights are opening up the home to the outside. Rooms are being laid out on diagonals to give the eye some longer lines to follow. Smaller homes do have some advantages; they cost less to maintain and operate than larger homes. Owners of small homes can save substantially on fuel costs.

Additionally, smaller homes are normally situated on smaller lots, thus these owners can spend less time and money working on their lawns.

### WATCH CONFORMITY WHEN REMODELING

Are you considering remodeling your home?

If investment aspects of home ownership are important to you, the physical conformity is the best remodeling rule to follow. If the house conforms to the physical standards of other houses in the immediate neighborhood, generally the owner can recover the remodeling investment at resale time.

Adding a room, upgrading window treatments and floors, and landscaping generally will add more to the value of the house than the project costs.

Reasons for remodeling and the extent of the improvement should be considered very carefully. A swimming pool, for example, may be a good investment.

## Building Codes For Mobile Homes

ment, if your neighborhood is already dotted with pools.

However, improvements that do not conform to your neighborhood may only serve to satisfy your own taste. Remember, the full cost of extravagant remodeling jobs and overimprovements are seldom recovered.

### HOMEBUYING RULES

Many American families dream of owning their own home. It's a tradition passed down for generations. Some are finding it more difficult to fulfill their dreams and others are finding it impossible to buy a house.

According to Jim Christian, chief economist for the U.S. Savings and Loan League, the general rules that used to apply to home buying are changing.

With the present economic

conditions, the new rules will allow more families to qualify for home loans. Lending institutions used to accept 25 percent of the husband's income toward mortgage interest and principal. Now the salaries of both spouses will be considered by institutions.

Lenders will consider as much as one-third of the couple's combined income and some will allow a couple to

allocate to house payments as much as 40 percent of their monthly income.

### Homes-Eastland & Ranger

In Eastland, one of our better locations: This large 3 bedroom older home on oversized lot. 2 car detached garage, storm cellar, and lots of trees. \$38,000.

Located close to downtown, a 2 bedroom, 1 bath home with fenced yard and attached garage. Priced at only \$28,500.

Just been remodeled on inside. A 2 bedroom, 1 bath, home within walking distance to town and doctors. \$24,000.

Just like new, this very nice 3 bed, 1½ bath brick home. Located near all schools. Carpeted, built-ins, central heat and air. New lawn or assume old one. \$59,900.

A large 2 bed, 1 bath home that is carpeted. Large double carport and also garage. Owner will carry second on day payment. \$29,500.

Close in! A 3 bed, 2 bath older home that has been remodeled. Fully carpeted, ceiling fan, fenced back yard. \$29,500.

Located in Carbon! A 2 bedroom home on one acre. Just like living in the country and only \$16,000.

Magnificent can only begin to describe the den area in this 3 bedroom, 2 bath home. Excellent location. 2400 sq. ft. of living area, and many other features. \$85,000.

Located in Ranger! A 3000 sq. ft. home on over an acre of land. 3 bedrooms, 2 baths, den, playroom dining area. A fantastic home priced to sell at only \$79,500. Extra bonus! An assumable loan.

This 2500 sq. ft. home has 4 bedrooms, 3 baths, living room, and den. This is a very neat and attractive place with a fenced yard, double carport and storage. Assumable loan. Total price \$48,800.

8 lots located in the northwest part of Eastland. \$25,000.

In Oakhollow, a 103.44 x 105 foot lot. Good location. \$5500.

On corner lot, a 3 bedroom, 1¾ bath home. Carpeted, beautiful fireplace in den. This home has 2000 sq. ft. and priced at only \$39,500.

Want a new home? We have large lots available in exclusive area. City water, sewer, and paved streets. This area is restricted to brick home only. Reasonable priced from \$4500 to \$4800.

4 Lots add to the attraction of this 2 or 3 bedroom, 1¾ bath frame home. Beautiful garden spot with both fruit and pecan trees makes this home a good buy at \$32,500. Owner will finance.

### Cisco Homes

An assumable 9¾% loan on this one! A 3 bedroom, 1½ bath, brick home. Separate den, utility room and large closets.

Spacious rooms in this 3 bedroom frame home. Carpeted with large carport, pecan and fruit trees. Two lots go with this one with a good garden spot. Reduced to \$20,000.

A 2 bedroom, 1 bath older home with separate dining and utility rooms. Partially carpeted, assumable loan. \$22,500.

A large 2 bedroom home with carpeting, screened in porch, fenced yard and a small office building for a business.

Large 3 bedroom, 1 bath older home. Has large rooms, separate dining room. Bathroom and kitchen have been remodeled. Also has separate garage and storage. \$21,000.

New vinyl siding on this 3 bedroom, 1 bath

home. Large rooms, carpeted, storage building, combination garage and shop and fenced backyard.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1¾ bath home on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area. \$25,000.

Three bedroom, 1½ bath, brick home with carpet. Fenced back yard, fruit trees, double garage, \$3,000 and assume loan.

2 bed, 1 bath frame home. 1½ lots. Pretty yard-lots of trees. Garage. Separate breakfast area. Master bedroom very large. \$24,500.

You can combine your home and business with this one. Four bedrooms plus, 2 baths, central heat and air, approximately 3000 sq. ft. Also an office building, and a 1500 sq. ft. shop area, all on approximately 4 lots. Only \$53,500.

### Small Acreage With Homes

Located in Ranger! A 4 bedroom, 1 bath frame home on 5 acres. There is an old motel on this property that could be possibly restored. Home is in good condition with plenty of highway frontage. All this for only \$55,000.

40 acres approximately 3 miles south of Cisco with a 3 bedroom frame home. 4 tanks, city water, and mostly cleared. Tractor and equipment will stay. \$51,000.

2½ acres near Lake Leon with water well, tool house and pecan trees. Only \$7,000.

30 acres near Cisco with I-20 frontage. A very versatile place. Would be a good location for a business or home. \$45,000.

A very nice 3 bedroom, 1¾ bath stone and brick home on 4.38 acres. Carpeted, central heat and air, fireplace, bookshelves, screened porch, and many other extras in this 2150 sq. ft. home. \$88,500.

A 3 bedroom, 1½ bath home on 2 acres. Carpeted, some paneling. Has approximately 28 pecan and 12 fruit trees. Located in Olden. \$45,000. Terms can be arranged.

A 3 bedroom, 1 bath home on 40 acres located near Gorman. Has a 24 x 40 building, plus barn and other sheds. The land is all cleared and has been in cultivation. \$68,000 and owner will carry a note.

Located near Cisco, A nice 2 or 3 bed stone home on 1.15 acres. Fully carpeted, built-ins, extra large master bedroom. Workshop, storage buildings and fruit orchard. Only \$42,500.

Near Cisco: Do you want something special? This very nice 3 bedroom, 2½ bath brick home on approximately 3 acres. Swimming pool, airplane hangers and runway.

### Farms & Ranches

Beautiful can only be used to describe this property. 70 acres on I-20 with lots of nice trees, four tanks, 1 spring fed and 1 extra large. Good fences, ¼ minerals with leasing rights. Not leased, but does have two old oil wells on it. Also a camping cabin included. \$98,000. Make an offer!

We have other home, land and commercial listings.

# Eastland County Bowlers Win In Special Olympics

Members of the Eastland County MHRM Center and Workshop have another first to their credit - for the first time they participated and won in the Bowling Tournaments of the Special Olympics program.

Mary Ward, Louise Lassiter and Dale McCune won ribbons at the area meet in Abilene, which qualified them to participate at the state meet. Dale McCune went on to the state Tournament, and won 2nd place in the 21-25 age group. He was awarded a silver medal for his accomplishment.

Mrs. Idella Taylor, Director of the Workshop, has carried her group to various Track and Field meets during

the past eight years, and they have won honors at all levels of these events.

Last September they decided to enter in Bowling, and began regular practice periods. There were nine members at the Center, and four actually participated. The other five went along to encourage their friends and enjoy watching.

In mid-October the Eastland members competed in a Local Meet at the Bowling Lanes in Brownwood. This competition included persons from Centers in Comanche, McCullough, Eastland, Coleman, and Brown Counties.

Next came the Area Tournament in Abilene on Oct. 29.

Excitement was high, for each participant to win a First or Second Place in order to participate in the State Tournament. Three of the Eastland bowlers qualified.

The State Tournament was held in Irving, Tex. on Dec. 3, 4, and 5. Dale McCune ran into some really stiff competition at this meet, for the very best from all the areas were there. He displayed considerable skill, and was awarded his silver medal after the event.

On Dec. 17 the Bowling Lanes in Brownwood closed the season by awarding beautiful trophies to all participants in the Tournaments. Director Idella

Taylor and other Center leaders were also presented trophies for their assistance to the program.

Mrs. Taylor states that she regards the Special Olympics program as having a lot of value for the clients at the Center.

"It helps develop skills in so many ways - mental and social as well as physical. The members enjoy the trips, and meeting other participants. They are so thrilled at winning.

"There will be the usual Track and Field events in the early spring. And the members are looking forward to participating in the Bowling Tournaments again next fall."

## Special Olympics Winners

Dale McCune (l) holds a trophy and a silver medal for second place in the special olympics state bowling competition. Lana Hood (m), area winner, holds her trophy and Louise Lassiter (r),

area winner holds her trophy. Not pictured is Mary Ward, area winner.

# Census Cooperation Encouraged

Officials of Eastland County issued a proclamation today encouraging cooperation with the 1982 Census of Agriculture now being conducted by the U.S. Department of Commerce's Census Bureau.

The proclamation points out that "many business decision affecting the county's farmers in today's economy, depend heavily upon accurate data from the Census of Agriculture."

Officials urged the county's farm and ranch operators to complete the census questionnaires accurately and return them promptly to the Census Bureau. Similar proclamations are being issued by officials of other counties and state governors in support of the census, the 22nd in a series that began in 1840.

The current census will update the findings of the most recent farm census conducted for 1978 operators. Census figures are used in

many national state programs affecting agriculture which are designed or allocated on the basis of this data. These include funds for extension work, soil conservation, research, and other services. The more dependent a county is on agricultural income, the more vital census information becomes, local officials point out.

Private industry uses census statistics to provide a more effective production and distribution system for the benefit of the farm community. Companies have used the data to locate feed mills and tractor dealerships in order to provide better service and competitive prices for farmers.

While surveys are made regularly by the U.S. Department of Agriculture, the agriculture census conducted by the Commerce Department's Census Bureau provides the necessary benchmark or check point on which to develop other data.

The same law which requires farmers and ranchers to complete the census forms also protects the confidentiality and privacy of their individual forms. Only

sworn Census Bureau employees are permitted to see the forms, and they are subject to 5 years imprisonment and \$5,000 fine for unauthorized disclosure of information. Individual forms cannot be seen by officials of other government agencies nor shown to news reporters using the Freedom of Information Act.

Since the first census was conducted in 1840, the census has been the only source of uniform data at the county level on agricultural production and inventories.

## Beta Upsilon Chapter Holds Meeting In Cisco

Beta Upsilon Chapter of Delta Kappa Gamma International met Saturday, January 8, 1983, in Cisco at the Woman's Federated Club.

President Ethel Sparks presided over the business meeting. After the group sang the Delta Kappa Gamma song and said the Collect, Evelyn Kirk, second vice president, gave a report on a survey of members made to determine legislative priorities.

1. Providing cost of living increases in retirement pay  
2. Increasing teacher salary

3. Requiring a demonstration of proficiency in certain subjects by students as prerequisite for promotion or graduation.

4. Establishing a group health insurance program for school employees.  
5. Providing duty free lunch period for all teachers

Mrs. Kirk further stated that those who voted on leaving curriculum revision up to individual school districts voted "Yes."

The group voted to participate in the T.E.F.T., a scholarship fund to replace the Golden Scholarship.

Lois Marshall, program chairman, presented Mrs.

Originally taken every 10 years, farm census data have been collected every five years since 1920. The present census is the first to be conducted with the Census Bureau's other economic censuses.

Because a successful farm census depends upon farmers and ranchers completing their report forms accurately and quickly, the Census Bureau is seeking the cooperation of each county's agriculture and business leaders and local officials.

Josephine Cleveland who spoke on "Students and Their World." Mrs. Cleveland a world traveler, told of her first hand impression of China and Taiwan. She gave a brief history of the area and then presented her hopes of what America can take to the people of Red China.

The serving table was beautifully decorated with flowers and a large varieties of delicious refreshments served by the hostesses Ruby Lee Pirtle, Louise Taylor, Muri Guyger, Ella White, Bernice Carter, and Betty Odum.

## Spotlights And Sidelights

Julia Worthy

### HAPPY BIRTHDAY, BEN!

Benjamin Franklin has fascinated me every since I read about his walking down a Philadelphia street with a roll of bread under each arm.

I do hope the bread was wrapped, though my early imagination never had it so. I rather leaned toward the unwrapped French loaf type as the dinner rolls my mother made would have been lost beneath his arms-wrapped or unwrapped.

Franklin's career always come to mind when President Reagan's critics have been very outspoken-though if you'll forgive the remark, I don't recall when Reagan's critics have been out spoken by anyone!

My interest in politics has ranged from "indifferent" to "lukewarm" to "academic." Somewherein there, I should include "depressing." I used to feel England's "Statesmen" were superior to our "Politicians" but they've racked up some aromatic scandals, too.

Good ol' Ben wasn't exactly a lily-white moralist when you get right down to the facts in the case, but he made a pretty good tract record on national interests. It's when you begin not letting business interfere with pleasure that trouble can start. Ben didn't operate that way despite his taste for the fleshpots. When business was at hand, Franklin was there to sign on the dotted line. And many times his was the brainpower that led to the dotted line's existence.

Franklin's schooling lasted two years. His education took him all his life: As the tenth child of his father and his father's second wife, Benjamin didn't rate a great deal of special attention, but

he managed to take care of himself all right. His reading tastes, or his curiosity, ranged from John Locke's "Essay on Human Understanding" to Cotton Mather's "Essay to Do Good."

A half-brother, who founded one of the earliest American newspapers, gave young Benjamin his first taste of printer's ink, and when he went to Philadelphia in 1723, it was as a printer that Ben found work.

By 1730 Franklin had his own printing business and was publishing "The Pennsylvania Gazette." The reading, studying, reasoning and writing Franklin did appears as more than adequate preparation for his senior citizen role as one of the guiding lights of the colonies-became-states turmoil commonly known as the American Revolution.

Franklin practiced for his national-founding father role by poking up the civic pride of Philadelphia. He established the city police and pushed for cleaning, lighting and paving the streets.

The Philadelphia Free Library was Ben's baby as was the American Philosophical Society. He planned a scientific academy that developed into the University of Pennsylvania. Though Franklin published the second monthly magazine issued in America and his "Poor Richard's Almanac" hung in thousands of American kitchens, his scientific investigations first made him famous.

The bifocal lenses in our spectacles (which bother a good many of us elders) are the product of Franklin's fertile fancy. So is the Franklin

stove to which Ben referred as the "Pennsylvania Fire Place." Both these aids to better living promise to be around indefinitely. The sale of bifocals has been steady, and the energy crises has jumped the sales chart on the Franklin stoves.

Among the things Franklin did NOT do is "invent" electricity. What he did with that kite in that storm was to establish the identity of lightning with electricity.

His Philadelphia activities led to his becoming clerk of Pennsylvania's General Assembly. By 1737 he was a member of the legislative body, and by 1754 he was urging an intercolonial union. He helped organize the frontier defense for Pennsylvania, and he was sent to London on the matter of taxation. Franklin did much of the work that led to the

repeal of the Stamp Act.

For eighteen years Franklin was the coloness leading representative abroad, and he came home in 1775 only when convinced war was inevitable. He helped draft the Declaration of Independence, then was sent to France to represent the colonies as a diplomat. So, at seventy Franklin entered another very active political period which included international loans and treaties.

One encycloedia account of Ben's doings identifies him as, "U.S. patriot, diplomat, printer, publisher, author, philosopher, scientific investigator, philanthropist, and first great embodiment of the American ideal of the 'practical man'."

Oh, Wow! Happy Birthday, Ben, and thanks for my bifocals.

## Letter To The Editor

Editor

I appreciated H.V.O.'s article in the Sunday edition (1-9-83) of the Cisco Press "Cliches."

He quoted a verans newman's lament over some writers using so many, and he was planning to initiate a campaign to as he said "Nip this cliché invasion in the bud."

As I am what I suppose you'd call a crossword puzzle kook I sometimes run into one of these - maybe a whole line across a puzzle. I'll admit I don't really have the patience of job, so after mulling over the thing awhile I sort of want to blow my top. Tho it does give me the Heebie Geebies if I can't figure it out.

But if I finally do it makes me want to strut like a turkey. Yes, even crow like a rooster. There have been a few I've solved, that really put me on cloud nine! I'd really feel as tall as the moon for some of those puzzle authors are as stubborn as a Missouri mule and will burn midnight oil to come up with one that will throw one for a loop or as the saying goes "make you flip your wig". (Pardon that cliché)

Thank you, HVO  
C.L. Allen
