

HALL OF REMARKS

BY HERREL HALLMARK

CISCO WAS treated to a very pretty week, weather-wise, as temperatures were warm and skies were clear here. It was certainly a welcome change to cloudy and stormy skies.

SPEAKING OF weather, First 1983 Baby Is Born Jan. 12

Whitney Ann McMillan was born at 11:47 a.m. Wednesday, Jan. 12, as Cisco's first 1983 baby. She is the daughter of Lee and Angie McMillan, and she was born at E.L. Graham Memorial Hospital.

Weighing six pounds and two ounces, Whitney Ann was taken to Hendrick Memorial Hospital in Abilene later in the day and she underwent surgery there Thursday. Her condition was reported as progressing Friday.

Whitney Ann has a brother, Nathaniel, who is five years old. Her dad is employed by Ensearch Corporation at the Pueblo plant, and her mother is a registered nurse on the staff of Eastland Memorial Hospital. They live at their home of the Lake Cisco Road.

Grandparents are Mr. and Mrs. George Owens and Mr. and Mrs. Eddie McMillan.

three Ciscoans were treated to a sight of a lot of snow recently, as Joey Worley, Zack Hunt and Gary Speegle all enjoyed a three-day snow skiing trip at Ruidoso, New Mexico. They did not have too much trouble getting there, although the roads were icy near Brownsfield. They left Sunday the 2nd and returned Wednesday the 5th. The weather was very good at the top of the mountain at Sierra Blanca. They are planning to make this an annual trip.

250 Expected At C of C Banquet

Some 250 persons are expected to attend the annual banquet of the Cisco Chamber of Commerce at 7 p.m. Thursday, January 20, at the Cisco Junior College Ag Building. Reservations passed the 170-mark Thursday afternoon, CofC Manager Randy Speegle reported.

Tickets are \$6.50 and may be purchased or reserved at the CofC offices. Reservation and sales will end at 5 p.m., Tuesday, Jan. 18.

Jim Parker of Comanche, this district's new state representative, will be the speaker for the dinner. He

Blood Drive Is Organized For Jackie Hamilton

A blood drive is being organized for Mrs. Jackie Rawson Hamilton who is in Hendricks Hospital in Abilene suffering from Leukemia. Her condition is such that she requires regular transfusions.

Anyone wishing to give blood on her behalf, is asked to please call 442-2365 or 442-1265.

Jackie is the daughter of Jack Rawson, local plumber here for many years.

District Meeting Of Lions Set Here

Most of the some 60 clubs of District 2E-1 were expected to have representatives in Cisco on Saturday, Jan. 15, for the annual Mid-Winter Lions Club Conference. Between 80 and 100 Lions were expected to register for the event, which was scheduled at the Corral Room of Hotel Laguna.

E.B. (Tex) Mayer of LaGrange, past director of Lions International, was scheduled to speak at a noon luncheon that the Colony Restaurant will cater. District Governor Damon Smith of Comanche will preside.

Arrangements for the conference were in charge of Archie Chamness, member of the Cisco Evening Lions Club, who is the district lieutenant governor. He was

assisted in making plans for the meeting by Presidents Jerry Jeffcoat of the Cisco Evening Lions Club and Ivan Webb of the Cisco Noon Club and members of both clubs, including Winston Heidenheimer, a deputy district governor.

Plans called for Lions to begin registering at 8:30 a.m. at the Corral Room. Coffee and doughnuts will be served. The conference was due to open at 9:30 a.m.

Entertainment for the wives of visiting Lions was being arranged by the wives of local leaders.

CofC Selling Individual Memberships

Three individual memberships were issued to Cisco area residents in the Chamber of Commerce membership drive during the past week, chairman Fred Wheeler of the committee reported. The three new members are Truman Kirk, local attorney; Ed Bradshaw, retired business man; and John Scott, welding shop owner.

Cisco Gun Club Will Meet Mon.

The Cisco Gun Club will meet Monday, January 17, at 7 p.m., at the Range House to elect new officers for 1983. Everyone is urged to attend this important meeting.

Cisco Art Club Will Meet Mon.

The Cisco Art Club will meet Monday January 17, at the Art Dept. Cisco Junior College. The club meets to paint and sculpt any time between the hours of 3:00 and 9:00 p.m., when the art room of the Fine Arts Bldg. will remain open.

Those who come to work may use the school's easels and tables, and although no instructor is provided, the painters and sculptors do assist one another. There is no charge to those who wish to participate.

If there is no one who wishes to stay after 7:30 p.m. the room will be closed, so anyone who wants to work in the evening should come before 7:30 p.m.

Sulphur Springs Man Is Hired As Police Chief

Randy Whittle, 33, a veteran of some 12 years in police work, has been employed as police chief by the City of Cisco, City Manager Mike Moore announced Friday. Mr. Whittle is serving as assistant police chief at Sulphur Springs in East Texas.

The new chief will assume

his duties in Cisco on or about February 1. Mr. Moore said. Billy Rains, the Cisco PD's sergeant and acting chief of police, will continue to direct the department until the new chief takes over.

Mr. Whittle began work in 1971 and has been with the

Sulphur Springs department since 1974 when he started as a patrolman, working his way up to his present position. He holds an advanced police certificate and an associate degree in criminal justice from Tarrant County Junior College in Fort Worth.

The new chief is married

and he and his wife, Kathea, are the parents of one son, Randy, Jr., 3.

"Mr. Whittle comes very highly recommended," Mr. Moore said. "His experience and formal training in all phases of police work will be a definite advantage for the Cisco Police Department."

Bank Resources At All-Time High

Total resources of the First National Bank in Cisco registered a gain of nearly \$2,000,000 during the calendar year 1982, President Lee D. Woolley reported Friday. The bank's resources stood at \$33,589,769 on December 31st—an all-time high.

Mr. Woolley said the bank enjoyed a profitable year. A highlight of the year was moving into the new bank building. The statement of condition for December, 1982, showed the bank's building and fixtures as worth \$1,477,970—up from \$354,042 the previous year.

Deposits also registered a health gain—up more than \$1,400,000. The deposits stood at \$29,757,625 at the end of 1982. Loans declined more than a million dollars—from \$11,265,730 at the end of 1981 to \$10,093,844 at the end of 1982. This was interpreted as a healthy condition for the community.

"Our year end figures show again that we serve a fine community," Mr. Woolley said. "Our gain in deposits and resources are real indications that Cisco's is a center of good business health."

City Council Has Lengthy Business Agenda Tuesday

An advisory committee was appointed to assist in finding a location for a new sewage disposal plant, plans for re-paving Front Street were delayed with the hope of finding money "to do it right," and an ordinance raising rates for electric service was approved on final reading at the first 1983 meeting of the City Council last Tuesday night.

CJC Coach Talks At Lions Meeting

Ronnie Hearne, coach of the girls basketball team at Cisco Junior College, told the Cisco Lions Club that his team has a good chance to finish near the top in conference play this season in a talk last Wednesday noon at their weekly luncheon.

Mr. Hearne, presented by Program Chairman Steve Thomas, is in his first year at CJC. He came here last fall from Jacksboro where he had a winning team his first season and had a 30-4 record last year. Previously, he coached four years at

Two members of the Cisco High School Lobo Band, Matt Ritchie and Robin Ritchie, attended tryouts for the Texas All-State Band in Austin on Saturday, January 15. They were taken to the auditions by Al Young, band director.

Both Matt and Robin qualified to participate in the area auditions for all-state by placing high in the All-Region Band. Matt was first chair cornet at the regional level, and Robin was third chair in the flute section at regional. The All-Region Band consisted of top student musicians from a large area of Central Texas in all classes, A, AA, AAA, and AAAA schools.

Matt is a CHS senior and Robin is a freshman. Their parents are Mr. and Mrs. Eris Ritchie.

BRIDGE TOURNAMENT

The annual membership tournament of Lone Cedar Duplicate bridge club was held Saturday, January 8, in the community room of the First National Bank in Cisco. Eight tables were in play. Winners were: 1st, Mrs. Elois Durkee and Mrs. LaVarne Martin of Breckenridge; 2nd, Mr. and Mrs. Lloyd London of Cisco; 3rd, Mrs. Mable McCain of Eastland and Mrs. Betty Hoover of Stephenville; tied 4th and 5th, Mrs. Jackie Rez of Stephenville and Robert Grantham, Jr. of Houston, and Mr. and Mrs. Albert Cragwall of Stephenville.

Efforts to locate a 30 to 40 acre plot of ground as the site of a new sewage disposal plant that would upgrade facilities to meet state standards have been non-productive for nearly a year, City Manager Mike Moore noted. The Council named a committee composed of Councilman Bobby Ingram,

chairman, Teddy Anderson, Randy Speegle, Gari Gorr and Rena Goshen to assist in efforts to find a suitable site.

Mr. Moore said the ideal site would be within three miles east or south of town. Plans for construction work have been awaiting a site. Some engineering work has been done, Mr. Moore said. An early meeting of the committee was slated.

The Council heard Engineer Billy Jacobs report on a cost estimate for north Front Street paving. He submitted two proposals. No. 1 calls for overlaying brick surface from 8th to 6th streets at the present width, 6th to 4th streets to 23 feet wide, and 4th to 2nd streets to 18 feet wide at a cost of about \$28,500. The No. 2 plan calls for "doing it right—like South Front Street" with a full 32 foot street from 8th to 2nd (cemetery) Street at an estimated cost of \$81,258.

The out-fall sewer line project, which was finished Dec. 31st with the exception of street paving, calls for some \$23,750 to be spent on the street. The city would be able to go with Plan No 1 with little additional expense, but Plan No. 2 would require some \$53,294 additional money. Councilmen decided on action to delay for a brief time, with the hope of finding money for the permanent plan.

West Texas Utilities Co. was authorized to implement the new rate for electricity under the ordinance adopted Tuesday night. The rate was effective Jan. 7th. Electric rates will go up an average of 5.4 per cent under the new ordinance. The company had requested a rate hike of 9.8 per cent.

A report by Ettoy Bryant, city tax collector, showed ad valorem tax collections for the 4th quarter of 1982 as follows: October, \$75,201; November, \$52,511; and, December, \$19,626.

City Accountant Jean Darnell submitted a financial report for November, 1982, showing general fund revenue of \$204,340 collected during the new fiscal year. This represented some 28 percent of the budget for the year. General fund expenditures amounted to some \$101,373 in the period.

Utility Department (water and sewer) collections during the month totaled \$35,614 and \$77,176 for the fiscal year. Expenditures amounted to \$34,252 for November and \$41,620 for the year. The report showed that the city purchased a 91-day Certificate of Deposit amounting to \$100,000 during the month. City accounts payable during November amounted to \$166,889 from the general fund and \$57,278 from the utility fund.

City Judge Jasper Cook's quarterly report for the last three months of 1982 showed that his court took in \$3,819 in fines, including \$570 that

went to the state. He handled 133 traffic law violation cases, 23 trials for assorted other violations, and took care of 75 bad check cases.

The Council opened bids for the sale of surplus equipment. Scott Bailey was the high and successful bidder for two pickup trucks, a 1971 model for \$251 and a 1972 model for \$301. Nita Ingram's bid of \$5 for a 10-key Victor calculator was accepted. Bids for a 1978 Dodge car were rejected. There were no bids for five mobile radios.

Engineer Jacobs told the Council that he has inspected the new sewer line and that "it is working successfully." He added that congestion on the east side of town has also been relieved by the line that was designed to benefit the north and west areas. The Council approved a contract change order with Rhode Pipe Co. for the line project.

An airport zoning board of adjustment was appointed to comply with state regulations. Named to the board were Lloyd McGrew, Brad Kimbrough, Joe Wheatley, Dean Toler and Gary Harris.

A request from the Cisco Girls Softball Association for a lease on Whitley Field was considered. Mrs. Roy Cozart, speaking for the association, said they do not have a lease. The Council asked City Attorney Billy Wright to check with the Cisco Cemetery Association in preparing a lease on property used for softball in west Cisco.

CPA Joe Cooper submitted an audit of the city's books for the year ended Sept. 30, 1982. He noted that the city has not maintained a record of its general fixed assets and that doing so would comply with good accounting principles. In his report, Mr. Cooper analyzed the financial affairs of each department.

City officials agreed that a resume of the audit would be published in The Press in the near future.

City Manager Moore advised the Council that the city is eligible for an Urban Development Action Grant (UDAG) as authorized of Congress in 1977. Under UDAG cities can obtain funds for use in expanding private industry or helping new industry. The Council asked the city manager to go over the matter with the Chamber of Commerce.

Mr. Moore told the Council that final plans for water filter installation and upgrading equipment at the Lake Cisco water plant were near completion and would be discussed at an early meeting.

All members of the Council were present. The long agenda required a three-hour meeting.

it's a crime to shoplift

"I can't believe this is happening to me... honor student, cheerleader, debating club... it was just a prank! I never dreamed I'd have a criminal record! What will this do to my future? How could I have been so stupid?"

Shoplifting is a serious offense, one that could affect your chances for a good job or a college education. If you think shoplifting is a joke... think again, or you may find yourself laughing... all the way to a jail cell!

PRESENTED AS A PUBLIC SERVICE BY EASTLAND COUNTY NEWSPAPERS

MEET THE Lady Wranglers! The 1983 Cisco Junior College girls' basketball team, pictured above, scored 100 points for the first time in a game last Wednesday night. They are 11-6 for the season and 3-1 in conference play. Pictured are: 1st row—Ronnie Hearne, coach, Kim Malcom, Pat Wright, Quanna Anglin, Ruth

Hill, Sherrie Hill, Dinda Pendleton, Judy Castillo and Cathy Hohertz; back row—Cinda Grantham, Kathy Phillips, Michelle Bush, Linda Bubert, Nancy Click, Laney Oliver, Barbara Williams, Candy Lott and Pam Colbert.—CJC Photo

Lady Wranglers Rack Up 100 To Win BB Contest

Cisco Junior College's Lady Wranglers scored 100 points for the first time Wednesday night as they won an impressive 100-to-32 victory over Southwest Christian College of Terrell in conference basketball play at CJC Gym. The 100th point came via a free throw by Laney Oliver freshman from Archer City. Her second shot failed to go through the hoop or the score would have gone one point higher. There were only 20 seconds on the clock and SCC held the ball to prevent another score. Barbara Williams of Thorndale, with seven baskets and three free throws, was high for Coach Ronnie Hearne's Wranglers. Cisco's next game was scheduled for 6 p.m. Saturday Jan. 15, at CJC Gym with Grayson County JC as the opponent. On Monday, Jan. 17, the Lady Wranglers go to Weatherford and on Thursday, Jan. 20, Hill County JC comes to Cisco for a game. Box score for the Wednesday night contest follows: Cisco 100-Candy Lott 4-0-8, Dinda Pendleton 3-2-8, Sherrie Hill 7-0-14, Michelle Bush 5-0-10, Quanna Anglin 4-0-8, Barbara Williams 7-3-17, Linda Bubert 7-0-14, Nancy Click 6-1-13, Laney Oliver 2-1-5, Pat Wright 1-1-3, TOTALS: 44,8,100. SWC (32)—Mane Trice 3-0-6, Tonya Harrison 3-0-6, Debbie Dias 4-2-10, Tracy Kinnard 2-0-4, Georgia Manning 1-0-2, Ann Jones 1-0-2, Felicia Callis 0-2-2, TOTALS: 14,4,32. Halftime score: C-47, SW-9.

Free Throw Is Victory Margin For CJC Cagers

A free throw point was scored by Sophomore Terry White of Austin in the final seconds to give the Cisco Junior College Wranglers a 72-71 victory over Southwest Christian College of Terrell in North Texas Junior College conference action here last Wednesday night. The Wranglers of Coach Tom Collins were scheduled to meet the strong Grayson County JC team from Sherman at the CJC Gym at about 7:30 p.m. Saturday, Jan. 15. This game will follow a girls' contest that starts at 6 p.m. David Jones, sophomore from Des Allemands, La., sank 11 baskets plus six free throws to score 28 points as the game's top point maker. Next high was Bruce Coleman, Seagoville sophomore, with 23 points. Cliff Johnson of Beaumont was high for the Terrell team with 20 points. Box score for the contest follows: Cisco - Lincoln Jones 1-0-2, Kenneth Hill 2-0-4, Terry White 2-1-5, Bruce Coleman 9-5-23, Teddy Butler 4-2-10, David Jones 11-6-28, Total 29-14-72. 14 of 25 free throws were good. SCC - Allen Pugh 3-4-10, Greg Harris 8-0-16, Ray Key 5-0-16, Ken Perkins 0-2-2, Fred Haqes 6-1-13, Cliff Johnson 8-4-20. Total 30-11-71. 11 of 18 free throws were good. The schedule for the coming week calls for the Wranglers to play Monday night at Weatherford College and Thursday, Jan. 20, at Cisco gym with Hill County JC as the opponent.

CISCO JUNIOR College's 1983 basketball squad is pictured above. The team won a 72-71 game last Wednesday night for a season's record of 11 wins and seven losses. They are 3-1 in conference play. Pictured are: 1st row—Damison Davis, Norbert Rosendoll, Lincoln Jones, Dexter

Caesar, James Evans, Clay Hilcher, Darrin Barnett, Kenneth Hill, Mark Doremus and Ronald Bryant; back row—Coach Tommy Collins, Terry White, Ronald Winbush, Bruce Coleman, Teddy Butler, Reggie Griffen, David Jones, Frederick Huenefeld and Patrick Demetrius.—CJC Photo

Good News from Las Vegas

Among the good news from the Photo Marketing Association International trade show in Las Vegas:

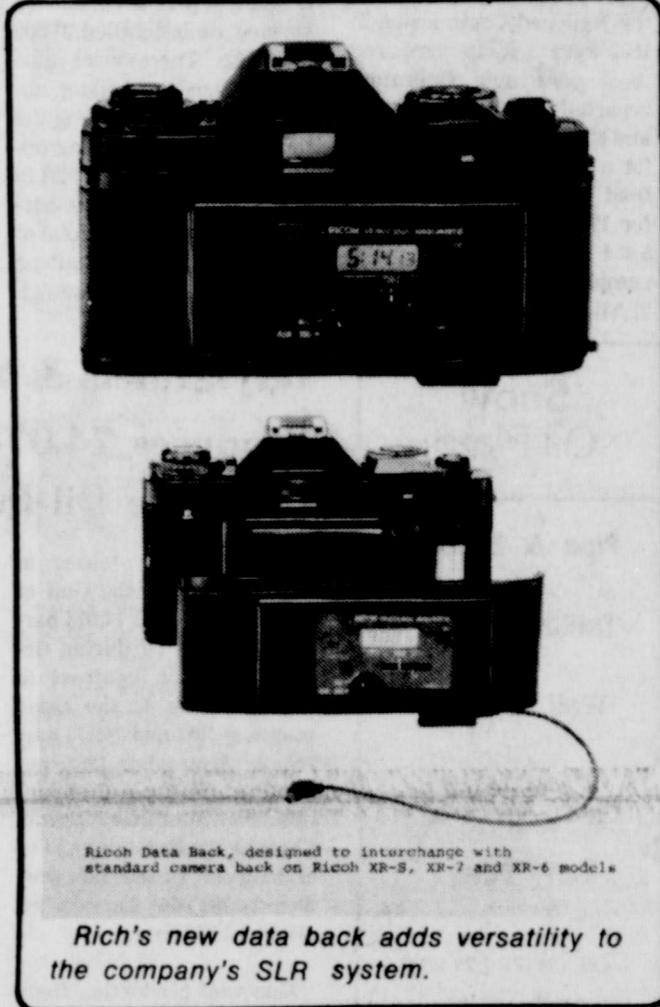

Movie Cameras
Sankyo EM-30XL and EM-20XL Silent. From this leader in Super-8 film equipment come the new "pocketable" cameras. Not much larger than a paperback book, they offer complete filming automation, superb optics, and features normally found in higher priced models. The EM-20 features 2X zoom (from 12 - 24 mm) with sharp f/1.2 lens and 220-degree shutter. The EM-30 offers 3X zoom (from 10 - 30 mm) with f/1.2 lens. The viewfinder also provides end-of-film and exposure and film-running indicators. Suggested list, \$140 (for the EM-20) and \$225 (for the EM-30).

Projectors
Sankyo P-1500 Silent. This new silent projector in Super-8 features the same 15 - 25 mm f/1.4 projection zoom lens used on Sankyo's top-of-the-line sound projectors. It's a self-threading projector with variable projection speeds of from 14 - 22 fps. The large 400-foot reel allows for up to 24 minutes of uninterrupted viewing at 18 fps and the projector operates in forward, reverse, and still modes. Movies may also be changed mid-reel. Standard accessories include power extension cord, 400-foot takeup auto-reel, and cleaning brush. Suggested list, \$185.

Camera Lenses
Takina 35 - 200 mm zoom. This new ATX fast (f/3.5 4.5) lens has the widest zooming ratio in the industry, a full 5.7X. It also features close focusing to 4.7 inches for 1:4 magnification. It has a 67 mm filter size and comes in mounts to fit Canon, Fujica, Konica, Minolta, Nikon, Olympus, Pentax, and Yashica-Contax 35 mm SLRs. Suggested list not available as of press time.

Ricoh 600 mm F/8 XR Reflex Rikenon. Here's an extremely lightweight (743 grams), compact (5" x 3.8") lens with an amazingly close minimum focus of 6.6 feet for magnifications of about 1/3 lifesize. It comes with five 22.5 mm filters which screw into a sliding filter holder behind the optic head of the lens and fits all K-type bayonet-mount SLRs (Ricoh, Pentax, Mamiya, etc.). Suggested list, \$554.

Camera Accessories
Ricoh Data Back. Owners of Ricoh XR-6, XR-7, and XR-S cameras may be interested in this versatile camera back. It substitutes for the regular

camera back, weighing only 3.2 ounces, and it provides for imprinting date, time (in hours, minutes, and seconds), and interval timing (as in sequence photography) on the lower right portion of each frame. It may also be used in the "off" mode. The "stop watch" feature permits for making fully timed sequences of up to 36 exposures, with every shot in the series accurately timed. Thus, it's ideal for coaches who want to analyze player movements, for industrial time studies, for legal photography, and for general sports and action shots. Suggested list, \$167.25.

Sima CapKeeper 3. You've seen cap holders before. They attach the lens cap to the camera barrel to prevent loss when the cap is not in use. They're also prone to get in the way of focusing, shooting, and other such things. This model from the innovative Chicago-based manufacturer attaches the cap to the camera body by means of a retractable cord. Remove the lens cap, and it automatically reels away from the lens to the base of the camera, where it's held securely out of the way. Sold in kits to fit four caps on four different lenses. Suggested list for the kit, \$4.95.

Vivitar 4600 Flash System. Flash units with interchangeable modules are not all that unusual. But this one features an interchangeable flash head, and that's a first.

The reason for the interchangeability is to allow users greater flexibility in shooting. The standard head allows for 270-degree rotation and vertical and horizontal bounce capability. The first two accessory heads available by mid-year will include a bare-bulb head for greater "natural" light and a motorized zoom head. The motorized head will zoom to offer flash coverage equivalent to using lenses from 28 - 135 mm focal lengths. The 4600 also accepts more than 25 accessories already available for previous Vivitar units. Suggested list, \$194.95.

Satellite Detects Gas Pipeline Explosion

AUSTIN—Railroad Commission investigators were sent to the scene of a gas pipeline explosion in Southeast Texas last month

even before authorities near the accident were able to notify the Gas Utilities Division's Pipeline Safety section.

The RRC's promptness was the result of a cooperative program between several governmental agencies, both federal and state, and innovations in Space Age technology.

For several years now, the "hot spot" program has put data from satellites high above the earth into the hands of National Warning Center personnel. This branch of the federal government works closely with the

North American Air Defense Command, a federal Department of Defense center with its headquarters deep inside a Colorado mountain, in analyzing data sent back to earth from satellites.

As a spinoff of this cooperation, local officials in Texas are notified of unusual "hot spots" as they were detected by infrared sensors on satellites. In the case of the recent pipeline explo-

sion, the Department of Public Safety's Division of Emergency Management (DEM) was notified Dec. 28 of an area southwest of Hallettsville that had suddenly become "hot."

DEM officials discovered that the coordinates matched those of a oil company plant and then notified the Railroad Commission and the Lavaca County Sheriff's office. The sheriff had only minutes before received news of the explosion.

Summary Of 1982 Drilling

AUSTIN—Texas operators reported 1,421 gas and 702 oil discoveries in 1982, exceeding the total reported the previous year.

In 1981, 1,279 gas and 583 oil discoveries were filed with the Railroad Commission, which regulates drilling for and production of oil and gas in the state.

Completions reported to the Railroad Commission in 1982 were also up compared to a year ago. Operators reported 16,296 oil, 6,273 gas, and 629 service completions, for a total of 23,198. Reports filed with the Commission for 1981 reflected 15,627 oil, 5,454 gas, and 460 service completions, for a total of 21,541. The 1982 completion

total includes wells which were spudded in 1981 but not completed in that year.

Total new holes drilled (including wildcats, existing field, service holes, and dry holes) in 1982 were 26,797, which represented an eight percent increase over 1981's total of 24,722.

Applications to drill, deepen, or plug back, and for service wells totalled 31,569 for 1982. There were also 9,655 amended drilling applications filed, bringing the total number of drilling applications received in 1982 to 41,224, a decrease of 14 percent compared to the total of 47,940 drilling applications received by the Commission in 1981.

Commissioner Wallace Commends Entex On Heating Aid Program

AUSTIN—Texas Railroad Commissioner Mack Wallace has commended Entex, Inc. for its leadership in establishing a heating program for elderly and disadvantaged customers in its service area.

In a letter to Entex board chairman Jackson Hinds, Wallace said "to my knowledge, your company's contribution of \$100,000 to establish a voluntary program to help needy persons pay their natural gas heating bills is 'first' for Texas."

In establishing the fund, Entex said social service

agencies would select the persons to receive financial assistance for their gas heating bills.

Wallace went on to say he hoped other gas utilities in the state would follow Entex's example and set up similar programs, including giving able ratepayers the opportunity to voluntarily overpay their bill as a tax deductible contribution to the program.

"I am told there are more than three million natural

gas ratepayers in Texas. If 95 percent contributed one dollar, that would ease the winter burden of several thousand of Texas' elderly and handicapped, as well as some special hardship cases," said the Commissioner's senior member.

Earlier this month, Wallace sent letters to chief executives of 60 privately-owned utilities in the state describing energy assistance programs established by gas utilities in

other states and asking, "Why not in Texas?"

He noted that over the last eight years, the average residential price per thousand cubic feet of gas has risen from \$1.16 to \$4.06, a 350 percent increase.

"If any such program prevents any one illness or saves any one life, its benefits to both the person, the company, and society as a whole will be immeasurable," Wallace said.

New Interim Order Issued For Wheeler County Well

AUSTIN—The Railroad Commission has issued a new interim order directing Apache Corporation to kill or control its Key No. 1 well in Wheeler County's Key (Morrow, Upper) field by Feb. 10 or show cause to the commission why it has not been able to do so.

The well blew out Oct. 4, 1981 and is now in a "controlled blow-out" condition, producing some 25 million cubic feet of gas per day.

In Aug. of 1982, the Commission had ordered Apache to control or kill the well within 60 days, the period the company estimated would be required for the effort. Subsequent mechanical malfunctions delayed the kill attempt and prompted the Commission to hold a hearing on Nov. 18 and 19. The new interim order is based upon evidence presented at that hearing.

The interim order also continues provisions of previous orders which require Palo Duro Pipeline Company to continue to take all the production from the Key No. 1 into its pipeline system and not curtail or shut-in other wells tied into the pipeline system solely

because of the volumes of gas taken from the Key No. 1.

Apache must report to the Commission weekly on its progress in killing or controlling the well. In a recent report, Apache stated that Key No. 3 "kill well" had

reached a depth of 15,452 feet, approximately 140 feet above the Morrow formation. They also said they believed they were very close to the well bore of the Key No. 1 and estimated they would be in a position to attempt to kill the well by Feb. 10.

Sun Co. Records Successful Well

Sun Exploration & Production Co., operating out of Abilene has recorded a successful developmental well in the Stephens Regular Field. It is the No. 3 J.M. Ward "D", showing potential for 27 barrels of oil per day on an open choke.

Drillsite was in a 226-acre lease in the T&P RR Co. Survey, two miles northeast of Breckenridge, Stephens County.

The well was drilled to a total 3,350 foot bottom, after entering the pay structure at 3,136 feet. It was perforated to produce from an interval 3,184 to 3,158 feet into the hole.

its No. 1 Sayre, a successful developmental well in Stephens County's Reid-McLennan Field.

Pumping oil at the rate of 39 barrels per day, the well was tested on an open choke. Flowing tubing pressure came in at 20 PSI.

Drillsite was in a 510-acre lease in the T&NO RR Co. Survey, 10 miles northwest of Breckenridge. The well was taken to a total depth of 4,595 feet after entering the pay zone at 4,461 feet. Production will be 4,461 to 4,514 feet into the wellbore.

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

CHURCH SERVICES

REDEEMER LUTHERAN CHURCH
Sunday School and Bible classes begin at 9:30 a.m. Our worship service begins at 10:30 a.m. Our guest is Dr. Carl A. Heckmann, director of the Texas District Church Extension Fund. His message is entitled "The Sign of the Cross!" based on John 3:14-16. Pot-luck dinner will be served in the Parish Hall at noon under the direction of the Lutheran Women's Missionary League executive board. Guests and members of Redeemer Lutheran are invited to share in the noon meal. At 1:30 p.m. Dr. Heckmann will present detailed information on the structure, needs, and ministry of the Church Extension Fund. In an Open Forum he will answer our special concerns and questions.

face real problems that cause anguish, confusion and grief. But happiness is not a dream. It can be found in Jesus Christ. The Rev. Wallace Schulz, associate speaker on The Lutheran Hour, speaks on the subject "Homes Can Be Happy".
New Testament History class will meet in the Parish Hall on Monday at 7:30 p.m.
The Constitution Committee will meet Tuesday in the Parish Hall, at 7:30 p.m.
The Cisco Nursing Center worship service will be on Wednesday at 10:00 a.m.
Jesus' Friends will meet Thursday at 9:30 a.m. and 2:45 p.m. in the Parish Hall.
The Parish Hall committee will meet at 7:30 p.m. Thursday.

The Lutheran Hour will be aired over KRBC in Abilene at 8:00 a.m. Today families

BIRTHDAYS

Should you take a child to a funeral?

Attending a funeral is an emotional growth experience for a child. By attending, she shares her family's grieving. She learns that death is not mysterious, just natural.

Special Music & Singing All Services

People n Things

IF YOU MISSED THE THAT'S INCREDIBLE segment that featured Roy Thackerson, the fingerless fiddler, last Monday night, you can probably get a replay. Al Anderson, the jeweler, used his television recorder to tape the program and it comes in loud and clear with the flip of a switch out at the Anderson home.

The segment, which included a half minute or so with Al talking about Roy and an appearance of Roy's brother Bert, took some eight hours to produce. From Eastland County, the ABC taping crew went to Fort Worth and spent another day producing the two or three minutes that showed Roy playing with the Johnny Hill High Country Music Review.

Everybody who saw it will tell you that the Thackerson brothers and Al Anderson were properly displayed on national television. The segment was done right and proper. It showed Roy making beautiful music with his fiddle and a guitar, using his finger stubs.

Roy was interviewed and said that he lost his fingers in a dynamite explosion when he was six years old and living in Cisco. Roy was quoted by the Eastland Telegram with a statement that shows the nice person he is. He wasn't too concerned when the segment would be shown, because he'd already had his "Super Bowl" - when he played two shows a day this past summer with Roy O'Leary on the big stage of Grand Ole Opry. "I just wish my old daddy could have seen that," he said. "He would have said, 'that's my boy.' I would have liked to have given him that."

THE PEE WEE basketball program was conceived by CJC and CHS coaches as a means of doing something for the youngsters and, at the same time, giving the young boys and girls an opportunity to learn the game. They figured 50 or so junior youths would enroll.

When the first meeting was held recently, 102 juniors showed up. And the number had grown to 130 at the last meeting, according to Coach Ronnie Hearne of the CJC Lady Wranglers. The youngsters work out twice a week and will be playing games.

ENJOYED THE basketball program out at the CJC Gym last Wednesday night. Both CJC teams won conference games. The Lady Wrangler game was an hour late in starting because referees did not show up. They called Steve Thomas and Bennie Nichols, two Cisco referees, who were available and called a good game. Both are veteran basketball referees working junior college and high school games in this region.

The CJC gym floor, a plastic cover over concrete, is

still in new condition after four years. The floor came in 50 barrels of plastic that looked like a malted milk. It's one-fourth of an inch thick, and everybody likes it. They're playing a bout here Saturday night.

MR. P.M. RAY, who is looked upon as the mayor out at Scranton since Jake Morgan moved to town, told one of his grandsons that he hadn't missed a shot at a quail in several years. After thinking about it, the lad returned in an hour or so and asked his granddad how many quails he had shot in the several years. Pinned down like that, Mr. PMR had to admit that he hadn't fired a shot during the period. We're glad to report that Mr. PMR is back in the saddle again. He sustained an injury some weeks ago in a riding mishap. Several people tried to hire him to break horses after hearing about the incident.

THERE MUST be more than meets the eye in the preaching business. We saw the Rev. David Adkins, Methodist minister, trying on work gloves at the Penny store. . . . And you'd think they'd let a preacher reach his 40th milestone in peace and quiet. No so for the Rev. John Clinton, Evangelical Methodist pastor. The signboard out front at Quickway Grocery used big letters last Wednesday to proclaim for one and all to see: "Happy 40th Birthday, John Clinton."

THEY'RE A BIT torn up out at the White Elephant Restaurant as a remodeling project is in full swing. Manager Cindy Dunahoe reports that they're serving folks as best they can, using the Elephant Room full-time. They hope to finish in a few days. . . . Mr. Wyley Peebles, the CJC music prof, went over to Big D on a recent weekend in his Chevy Cavalier. And he drove 365 miles on 11 gallons of gas. Not bad, huh? . . . Mr. Carrel Smith of the automatic car wash was unhurt when his auto was totaled in an accident near Eastland the other day.

HATS OFF TO Mr. John B. Schlittler, 502 West 7th Street, Cisco, for a good job in a letter to the Abilene editor the other morning. He expressed a thought that many of us have - that they could find better things to do than search the small towns for sensational stories that actually have little meaning. . . . When the score cards were tallied at a bridge party out at the home of Mrs. Gus Smothers last Wednesday afternoon, the prize for low score had to be cut down the middle with half going to Mrs. Ed Bradshaw and the other to Mrs. Sterling Drumwright.

Mrs. Marshall Jones topped everybody to claim high prize.

MR. BILL ROBERTS, CJC prof for some five years, tells us that he resigned at the end of the first semester to get back into private business. He's a former Reporter-News sport writer and reporter and is weighing opportunities to get into the newspaper business. You'll want to join us in wishing him well. . . . The Sutton Crofts spent several days this past week down at El Rancho Crofts, near Marble Falls. . . . Bobby's Burgers, the small restaurant out on East 8th Street, is a nice place to eat. They have specials regularly and we stopped in for their shrimp plate the other night and found it to be delicious.

LET'S ALL HELP Mr. Harold Adling of 507 West 7th Street, (phone 442-1563) find his money clip. It contained between \$75 and \$100. He lost it last Tuesday. He stopped at Dixon Auto, Heidenheimer's and had coffee at Dean Drug. There wasn't any name or address on it. He'd appreciate return of same. . . . Sorry to hear that Mrs. W.E. (Dizzy) Dean of Cisco is a patient at Eastland Memorial Hospital with a super case of the flu.

WHEN WE HEARD that Mr. Neal Moore, the man with the green thumb, was in the hospital, we wondered who would make the rounds every night at Graham

Hospital to give flowers to patients. That has been something that Mr. Moore has done for years. The Moore room had flowers everywhere -- evidence that folks

remembered. Glad to hear Friday that Neal is on the mend. He is one gent who goes out of his way a good many times every day to do or say something nice for somebody.

of such proposed increase from October 12, 1982, and having considered the same at a public hearing, is of the opinion and finds that an increase in rates should be approved; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS:

Part 1: That an increase in the rates, tariffs, and charges of West Texas Utilities Company for electric power and energy sold within the City be approved in an amount such that the adjusted total system-wide operating revenues for the Company be increased \$14,966,139 per annum, or a total retail base rate increase of \$10,198,154 based on the adjusted test year ending June 30, 1982. Such Schedule of Rates, as are approved in accordance herewith, are those under which said Company shall be authorized to render electric service and to collect charges from its customers for the sale of electric power and energy within the corporate limits of the City until such time as said Rate Schedules may be changed, modified, amended, or withdrawn, with the approval of the City Council.

Part 2: That West Texas Utilities Company shall file with the City a revised Schedule of Rates and Tariffs setting forth those rates, tariffs, including the Lower Colorado River Authority wheeling charge to be collected through the fuel adjustment clause, and charges based upon an increase in total operating revenues as prescribed herein. Such Schedule of Rates and Tariffs may be modified or amended by the City Council (a) within ten (10) days from the date of filing with the City or (b) the date of final passage of this ordinance, whichever is later; otherwise, the same shall be considered approved as filed. Such Schedule of Rates and Tariffs, as the same may be modified or amended, shall apply to all power and energy used by each customer on and after January 7, 1983, or should the Public Utility Commission put the rates in effect in the rural case at a later time, said rates shall

Part 3: That the action of the City Council enacting this ordinance constitutes, on the date of its final passage, a final determination of rates for West Texas Utilities Company within the City in accordance with Section 43 (e) of the Public Utility Regulatory Act.

Part 4: Nothing in this Ordinance contained shall be construed now or hereafter as limiting or modifying, in any manner, the right and power of the City under the law to regulate the rates and charges of West Texas Utilities Company.

Part 5: If for any reason, any section, paragraph, clause, word, or provision of this Ordinance shall be held invalid or unconstitutional by final judgement of a court of competent jurisdiction, it shall not affect any section, paragraph, clause, word, or provision of this Ordinance, for it is the definite intent of this City that each of such provisions shall be given full force and intent for its purpose.

PUBLIC NOTICE

CHIEF OF POLICE CISCO POLICE DEPARTMENT CITY OF CISCO

p-5

Dear Customer: The City of Cisco during the month of November, 1982, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards," which

were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria: (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water.

However, up to five turbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an effective disinfectant agent throughout the distribution system (3) interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date.

The notification of the public is in compliance with Texas "Drinking Water Standards" and the "Safe Drinking Water Act," as a means of keeping the public informed.

Michael D. Moore City Manager.

ORDINANCE NO. 0-83-1 AN ORDINANCE APPROVING RATE SCHEDULES TO BE CHARGED BY WEST TEXAS UTILITIES COMPANY IN THE CITY OF CISCO, TEXAS, PROVIDING FOR SCHEDULES, CONDITION, SEVERABILITY; REPEAL OF CONFLICTING ORDINANCES.

Whereas, on September 13, 1982, West Texas Utilities Company filed a request for an increase in rates to be charged within the City (approximately \$27,247,576 per annum on a system-wide basis); and,

Whereas, the City, having suspended the effective date

A RIBBON-CUTTING CEREMONY at Colony Restaurant, I-20 East, Cisco, was held Thursday morning for the re-opening ceremony of the restaurant. The restaurant was gutted by fire last year and had to be completely rebuilt inside. Those present for the ceremony were (left to right) Dorothy Guenther, Shirley Hargrave, Bill and Lucille Hester (owners of the restaurant), Chamber of Commerce manager Randy Speegle, Chamber president Robert Dudley and Linda Cozart. (staff photo)

CJC Registration Will Continue Thru Friday

Cisco Junior College's registrar, Olin O. Odom, III, reminds area residents that registration will continue through Friday, January 21 at the Cisco campus and all off-campus locations. Though there will be no problem in registering as late as January 21, Mr. Odom urges those who wish to take college courses to register now in order to begin attending

classes. Classes are presently in session, and a minimum amount of missed time is beneficial to the student.

Students may register at the main campus in Cisco, at the Clyde Educational Center, or at the Abilene campus at anytime during regular office hours, 8:00 a.m. to 5:00 p.m. Monday through Thursday and 8:00 a.m. to 4:00 p.m. Friday.

The Cisco Press

Sunday, January 16, 1983

WORD of GOD

Worship the Lord!

Part 6: That all Ordinances, Resolutions, or parts thereof, in conflict herewith are repealed to the extent of such conflict.

PASSED on first reading this 14 day of December, 1982

PASSED on second and final reading this 11th day of January, 1983.

Eris Ritchie, Mayor

ATTEST: Ginger Johnson, City Secretary

APPROVED AS TO FORM: W.B. Wright, Jr., City Attorney

And Jesus answered and said unto him, Get thee behind me, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve.

Luke 4:8

OBITUARY

Final Rites For Ray Elliott Are Friday

Graveside Masonic services for Ray Elliott, 79, of Moran, a rancher, were at 3 p.m. Friday at Moran Cemetery, directed by Godfrey Funeral Home of Albany.

Mr. Elliott died at 3:30 p.m. Wednesday at Hendrick Medical Center in Abilene after a brief illness.

He was born February 26, 1903, in Shackelford County, he and his wife Ann, were married September 13, 1960, in Breckenridge. He was a lifelong member of the Moran area. He was a member of First Christian Church.

He was a member of the Masonic Lodge for more than 50 years, was a Shriner and a member of the Cattlemen's Association and the Elks Lodge of Breckenridge.

Survivors include his wife; a sister, Mrs. Douglas Anderson of Breckenridge; and several nieces and nephews.

The family requests remembrances be made to the West Texas Rehabilitation Center.

MARY PRUITT AND TIMOTHY BINT

Announces Engagement

Mr. and Mrs. Jerry M. Pruitt of Hamlin have announced the engagement of their daughter, Mary Patricia, to Timothy Duane Bint, son of Mr. and Mrs. Gerald Bint of Cisco. The bride-elect graduated in December magna cum laude with a B.A. in psychology from Texas Tech University. The prospective bridegroom graduated from Texas Tech University summa cum laude with a B.S. in accounting. The couple will be married on February 19, at seven o'clock in the evening at the First United Methodist Church of Cisco with a reception following at 408 West 8th. All friends and family of the couple are invited. No local invitations will be sent.

CHS Sponsoring Financial Aid Information Night Here

Cisco High School is sponsoring a college and financial aid information night for juniors, seniors, and their parents on Thursday, January 27, 1983, at 7:00 p.m. in the Cisco High School Library. The program will have two main points of emphasis. The first being how to choose and apply for admission to a college. There are many options available to students after high school and many decisions to be made. It is hoped that by answering some questions now that some difficult decisions might be eased later. The second point of emphasis is on financial aid. As the cost of education after high school goes up each year, like just about everything else, many parents are wondering how to pay the bills. Even in the era of diminishing resources, there is a way to pay for college, vocational, or technical school education. There still are literally billions of dollars in federal, state, college, and private financial aid funds available to assist students this year. A person does not have to be poor to receive financial aid, but they do have to prove they need it. One is eligible for financial aid equal to the difference between college cost and the amount the family can afford to contribute toward meeting those costs. With cutbacks in aid a reality, families can improve their chances of receiving the aid they need by knowing what to do, when to do it, and how to do it right. A representative from Cisco Junior College will be on hand to discuss financial aid and answer questions. It is hoped this program will be of valuable assistance to college bound students and their parents. For further information contact Mrs. Sharon Mouser at Cisco High School (442-3051).

Births

MELISSA DE ANN MORTON
Ricky T. and Wanelda Morton would like to announce the birth of their daughter, Melissa De Ann, born on December 1, 1982 at Eastland Memorial Hospital. She weighed 9 pounds 8 ounces and was 23 1/2 inches long. Maternal grandparents are Mr. and Mrs. Freddie Blount of Plains, Texas. Paternal grandparents are Mr. and Mrs. Ralph Morton of Cisco, Texas. Great-grandmothers are Mrs. E.H. Green of Brownfield Texas and Mrs. O.C. Morton of Glen Cove.

Cisco Music Study Club Holds Meet

The Cisco Music Study Club, a member of Texas Federation of Music Study Clubs, and the National Federation of Music Study Clubs, met Wednesday morning, January 12, at 10:00 a.m. at the Federated Club house. Mrs. J.C. Dyer presided and members repeated the club collect. The program was National Founders Day. A number on the program was Contribution to our Texas Music, discussed by Mrs. Donica. A musical program with a violin solo "Come Oh Come With Me", was given by Mrs. Tavis Payne. Accompanied by Mrs. Krauskopf. Hymn of the month "Brighten the Corner of Where You Are", was presented by Mrs. Dyer. The members present were: Mrs. J.C. Dyer, Ben Krauskopf, Garland Shelton, Hal Lavery, Mrs. Milo Steffen, Travis Payne and Oria Howell.

Senior Citizens Nutrition Menu

Did it ever occur to you that every time your clock records an additional minute that somewhere in the United States a person has become 65 years old? Our country is not only becoming older as far as a Nation is concerned, but its population is getting older. Problems? Yes. Many things are changing. The nation has always been able to point to a young (in age) population but now many factors are having to be considered and it is causing our nation leaders to alter their thinking. A primary factor in this discussion is that of the status of the health of our older people. It is only natural certain things, physically, happen the older a person gets. But it brings up a problem as to how these health problems will be solved in a realistic manner when it comes to paying the costs. Another major factor, which certainly relates to the health aspect of the older person, is that of nutrition. Even in our city we must be cautious and be sure that our elderly people are receiving an adequate diet. Thus, the senior center, which serves nutritious meals each week, is all the more important. Encourage your elderly friends to become a members of the center. Nutritious meals are served, and many programs in the area of counseling are provided. The program for this past week included: James Cotton and Yvonne McFadden sang several religious songs accompanied at the piano by Larry Coats; Jo Barrett presented a musical which included the old and new songs. A.E. McNealey, and Al Sims presented the dinner music. The menus for the week are: MONDAY - Macaroni/tomato/beef, green peas, tossed salad, apple crisp, bread, butter and drink. WEDNESDAY - Steak, spinach, buttered new potatoes, fruit salad, bread, butter and drink. FRIDAY - Chicken and dumplings, peas and carrots, raw vegetable salad, bread, butter and drink.

Bible Baptist Women Meet

The Bible Baptist Women met in the Fellowship Hall of the church for their Bible study and fellowship. After Mrs. Larry Sowels gave thanks for all the good food, dinner was served buffet style which we thoroughly enjoyed feasting and visiting. The table was decorated with lighted candles and roses. A short business meeting followed conducted by Mrs. Larry Sowels. After which two women were honored or "Spot-lighted". Mrs. Elizabeth Lee and Mrs. Wanda Payne. Some lovely compliments were given for each one by Mrs. Larry Sowels also a lovely red rose was given to each lady. The speaker for the Bible Study was Mrs. Katharine Copeland on the subject of "The Two Foundations" Matt. 7:24-27, which was a very interesting lesson on what kind of foundation we build our lives on. The closing prayer was given by Faye Owings. Those in attendance were: Mrs. Sue Steddum, Katharine Copeland, Wanda Payne, Freda Hill, Faye Owings, Tammy Hood, Betty Green, Carrie Collier, Willie Langford, Elizabeth Lee, and the hostess- Mrs. Louise Sowels.

50th Anniversary

MR. AND MRS. LUCION W. BROOKS

Mr.-Mrs. Lucion Brooks Will Be Honored With Anniversary Reception

Mr. and Mrs. Lucion W. Brooks will be honored with a 50th wedding anniversary reception Sunday, January 23 from 2:00 to 4:00 p.m. at the Community Center in Moran. Friends of the couple will host the celebration. Brooks was born two miles south of Moran, the son of the late Mr. and Mrs. Terrell T. Brooks, pioneer settlers in southeast Shackelford County. Mrs. Brooks, the former Audrey Gene Parker, was born at Shaw Bend Community in San Saba County. She is a fifth generation Texan and the only daughter of the late Mr. and Mrs. Joe M. Parker. The Brookses met in Goldthwaite where they were married January 21, 1933. They lived in Goldthwaite until November 1935 when they returned to Mr. Brooks' birthplace. Brooks is engaged in livestock farming on the place where he was born. He is a long-time member of the Moran School Board and is serving his ninth year as a member of the Shackelford County ASC Committee. He is a member of the board of directors for the Moran Grain Cooperative and is also a director for the Moran Cemetery Association. Mrs. Brooks is Parliamentarian General for the Daughters of the Republic of Texas, State Chaplain for the Colonial Dames XVII Century, member of Daughters of the American Revolution, Federated Club, and Shackelford County Historical Commission. She and her husband are curators for the Moran Historical Museum. Mr. and Mrs. Brooks are members of the Church of Christ.

WORD OF GOD

Warning - Promise
He that is not with me is against me; and he that gathereth not with me scattereth.
When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest; and finding none, he saith, I will return unto my house whence I came out.
And when he cometh, he findeth it swept and garnished.
Then goeth he, and taketh to him seven other spirits more wicked than himself; and they enter in, and dwell there: and the last state of that man is worse than the first.

Luke 11:24-26

A PARTY AT Cisco High School cafeteria honored Mrs. Louise Taylor, center above, on January 7th on the occasion of her retirement as a member of the high school faculty. Shown in the picture, left to right, are Rex Taylor, husband Billy Joe Taylor, and Mr. and Mrs. Randy Taylor. The young men at left and right are sons of the Billy Joe Taylors. Some 60 persons attended the affair. Mrs. Taylor was presented farewell gifts and a plaque.-Photo by Gene Kinser

Ruthie Kinnard and Jennifer waiting to go home Thursday
Jennifer Renee Kinnard was the first baby born in 1983 at Ranger General Hospital. She was born at 5:06 a.m. Jan. 11 and weighed 7 pounds 3/4 ounces. She was 20 inches long. Jennifer is the daughter of Ruthie and David Kinnard of Cisco. Maternal grandparents are Mr. and Mrs. Ed Hammer of Cisco. Great-grandmother is Pauline Love of Eastland. Paternal grandparents are Helen Gage of Cisco and Delbert Kinnard of Abilene. Mother and baby went home from the hospital Thursday, Jan. 13.

KNOW YOUR LIMITS

Anyone Who Can't Walk a Straight Line Can't Drive One
It's amazing how some people who can't even control their feet think they'll be able to control their cars once they get behind the wheel. Statistics show they're dead wrong. That's why we, the people who make and sell alcoholic beverages, are offering a pocket chart called "Know Your Limits."
Get one at participating restaurants, bars and liquor stores. Or write 205 San Jacinto Bldg. Austin, TX 78701. Because the worst time to find out you can't drive a straight line is when you're on the wrong side of one.

Spotlights And Sidelights

Julia Worthy

We haven't been here long enough for me to check out all the opportunities available for the county's senior citizens, but a remark here and there gives me the idea that some of my peers don't have the same attitude I hold toward Senior Centers.

While I agree, "There ain't no such thing as a free lunch," I cannot go along with the idea that "charity" is involved. Tax dollars pay for the Centers, and I do not know how anyone can escape paying taxes, either directly or indirectly. If the donation suggested is your hang-up, take what you guesstimate

the price to be and drop it in the box.

Ordinarily, I shy away from "don't's", but I have a "don't" for you—a pretty big "don't" in my book.

Don't cut yourself off from the companionship of your contemporaries because you can't change your viewpoint.

Aging today is well on the way to being big business. Our numbers increase steadily. We are being courted as influential voters because we have established an appreciable percentage record for showing up at the polls.

Senior Centers represent affirmative action on the

part of society in coping with a problem it did not have when the majority of elderly people did not manage to get quite so "elderly."

In this month's "Recreation News" from the Waco PARD is a statement of "The Senior Center Philosophy," and while I usually feel quoting at length is akin to cheating, I don't know what to leave out. So...please read, won't you?

A senior center seeks to create an atmosphere that acknowledges the value of human life, individually and collectively, and affirms the dignity and self-worth of the older adult. This atmosphere provides for the reaffirmation of creative potential, the power of decision making, the skills of coping and defending, the warmth of caring, sharing, giving and supporting. The uniqueness of the senior center stems from its total concern for older people and its concern for the total older person. In an atmosphere of wellness, it develops strengths and encourages independence, while building interdependence and supporting unavoidable dependencies. It works with older persons, not for them, enabling and facilitating their decisions and their actions, and in so doing creates and supports a sense of community which further enables older

persons to continue their involvement with and contribution to the larger community.

The philosophy of the senior center movement is based on the premises that aging is a normal developmental process; that human beings need peers with whom they can interact and who are available as a source of encouragement and support, and that adults have the right to have a voice in determining matters in which they have a vital interest.

In accordance with these premises and on the basis of experience, the senior center field adheres to the following beliefs:

- Older people are individuals and adults with ambitions, capabilities and creative capacities.

- They are capable of continued growth and development.

- They, like all people, have certain basic needs, including opportunities for relationships and to experience a sense of achievement.

- They, like all people, need both access to sources of information and help for personal and family problems and the opportunity to learn from individuals cop-

ing with similar experiences.

- They have a right to make choices and to be part of decision-making processes.

- Senior center staffs are obliged to create and maintain a climate of respect,

trust and support, and to provide opportunities for older people to exercise their skills and to develop their potential within the context of the whole community which they belong and to which they bring their wisdom, experience and insight.

Wade Seals Presents F Stop Perception

"Did You Miss It?"

The enlightening program on "F Stops" perception and cropping presented by Wade Seals, Mr. Seals', who resides in Cisco, presentation was delivered with sparks of humor to the Eastland County Photographic Association on Sunday, Jan. 9, at Eastland Best Western Inn. Eastland County is forming a camera club. Open invitation is extended to the public. You are urged to join.

Election of officers was held. Ron Mouser was elected president. Mouser is girl's basketball coach at Cisco High School. Neil Raney is vice president. Susie Oates is secretary-treasurer. Ruth Sheets is public relations and sergeant at arms. Wade Seals is program chairman.

Announcements of various

chairmanships will follow the next scheduled meeting February 10. The association meets 2nd Sunday of each month at Eastland Best Western Inn. Space available.

Don't sit back and watch progress, come and be a part of it.

Breckenridge Camera Club has invited Eastland Photographic Association members to be their guests Jan. 20 at 7:30 p.m. at Texas American Bank Tower to share and enjoy their program.

The program will be on Mountaineering. Speaker will be Bill Hitchcock. Anyone interested and wishing to carpool transportation contact Susie Oates 647-3286, Neil Raney 629-2798 or Ron Mouser.

Competition breeds success.

DIALOGUE...

(ED. NOTE: The following letter, written by the Rev. Jim Hooten, pastor First Baptist Church, Eastland, asks some serious questions about the drug problem in Eastland County. Persons interested in joining the County Courtwatchers Committee which is keeping track of drug charges filed and the disposition of cases as they move through the courts, are invited to offer their names by writing Courtwatchers, P.O. Box 29, Eastland, TX. 76448)

Did you know that marijuana distribution has become our nation's third-largest grossing industry?

- That one marijuana cigarette is equivalent to 112 tobacco cigarettes in lung damage effects?

- That marijuana residue never totally leaves the body and that, clinically speaking, a regular marijuana user is stoned at all times?

I didn't know these things so I was totally unprepared for what confronted me recently on a normal, pastoral visit to some homes in our fair city of Eastland.

When I knocked and the door was opened, there stood a young man of about 18-20 years of age. Hair disheveled at 2 p.m., eyes so blood-shot they reminded me of road maps, dressed in a pair of ragged jeans, no shoes and no shirt. When I greeted him and told him who I was, he mumbled something about not hearing me well. About that time a young lady appeared who seemed at first to be more coherent than the lad. But the longer I talked, the wilder and more absurd her statements became, until I finally realized that she was on another level of thought and that there was no way I could communicate with her.

As I walked away from the house I thought, "Do you suppose that's what our Eastland Committee to combat drugs has been trying to tell us? Could it be that we have people in Eastland greedy enough to sell their souls for a mess of dope? Is it possible that there are people who are degenerate to the point of pushing a product which destroys and maims and kills and hurts?"

When I mention these things to some folks they say, "Preacher, please let it drop! I just don't want to get involved." Well, I'm sorry. The jails, the funeral homes, the cemeteries, the weeping parents of seduced young people, the desperate look of a frightened teenager will not allow me to let it drop!! It disturbs me to hear Federal Narcotics people say that we need stronger laws.

Why don't we have them? It disturbs me to be told by narcotics experts that bail is set so low in most cases, and drug pushers have access to such large sums of money that they can often buy their freedom with pocket change.

It disturbs me to hear that more than half of the convicted marijuana traffickers serve no time behind bars.

It disturbs me to hear Senator Sam Nunn of Georgia say, "It seems the judicial odds favor the dope dealer."

I, for one, do not accept that it has to be that way. How about you?

DON'T THROW ANYTHING AWAY

Do you have the responsibility of selling someone's personal property? Don't throw anything away before you talk to me.

In just a few minutes I can look at the items in the home and help you find the saleable items that many people overlook, or even throw away. Be safe instead of sorry and call me now.

There's no obligation on your part. It's just part of the complete service that I can provide for you.

My experience helps me spot the "sleepers" that you might miss. Once common items are now avidly sought by collectors and dealers. They might not have been worth much a few years ago but they can be worth a lot of dollars now.

Old timers used to say "don't throw out the baby with the wash water" and I say "don't throw out the dollars with the trash." And remember, when it comes to buying or selling AUCTION'S BEST

County Real Estate

SUNDAY, JANUARY 16, 1983

Real Estate Consumer

If you are considering investing in undeveloped land, there are four characteristics of the property you should consider.

These are physical, economic, governmental and sociological.

Physical forces include the size and shape of the parcel, topography, vegetation, soil and subsoil conditions.

The economic factors include those at the national, regional, state and local levels. These include employment, economic base, income and price levels, interest rates and inflation.

Governmental factors you should evaluate include utilities, services, taxes, building codes and environmental regulations.

Sociological considerations include demographics, attitudes and tastes.

As you can see, investing in undeveloped land requires the buyer to have access to a wide range of data. Unless you have considerable time and expertise, you will need expert assistance.

THE ENERGY EFFICIENT MANUFACTURED HOME

Manufactured homes today are not all what they used to be. They are much better.

In terms of materials, construction standards and

safety requirements, today's manufactured homes compare more favorably with site-built homes. Rapidly increasing numbers of Texans are finding manufactured homes attractive.

In 1980, manufactured and modular homes represented some 28 percent of the new housing market in Texas. In rural Texas, the percentage of manufactured and modular houses is much higher.

These figures show that the manufactured housing industry plays an important role in housing Texans, and it should come as no surprise to know that more manufactured homes are built in Texas than in any other state.

WHY USE A REAL ESTATE AGENT?

Selling your home can be a complicated, emotional task. Often by using a professional real estate broker you can actually save money, prevent frustration and possibly avoid future legal repercussions.

For instance, it takes time to make arrangements to show your home, and sometimes the for-sale sign only attracts curiosity seekers. A broker can screen prospective purchasers and work full time selling your home so you can go about

your normal pursuits.

Additionally the broker can make follow-up calls more easily. A broker has training and expertise in areas an owner is not typically prepared to handle.

As an experienced third party, the broker is qualified to negotiate a contract and sales terms. The broker has knowledge of various financing alternatives and real estate law.

A broker can help smooth the pat to a successful sale.

LESSONS FROM HAWAII

If you think housing prices are high in the Lone Star State, trying buying that little grass shack in Hawaii.

During the first half of 1981, the average price of single-family houses in Texas was slightly more than \$66,000. The average price in Hawaii was almost \$168,000.

In 1980, less than 10 percent of all houses sold in Hawaii were priced less than \$100,000. And these figures understate the true price of real estate in Hawaii because many residences are building on leased land.

Honolulu's reported average prices were more than twice those in the greater Houston area. Although Dallas reported an average price of more than \$75,000, Honolulu's was two and a half times that of the

Evaluating Undeveloped Land

Dallas-Fort Worth metroplex. And the Hawaiian capitol's average house price was about three times greater than house prices in San Antonio and El Paso.

NO-FRILLS HOMES
The no-frills home is a rediscovered concept in homebuying. Many prospective

homebuyers in Texas are investigating and purchasing these homes. Consumers are learning they can purchase no-frills homes at various stages of completion—from a shell to 90 percent complete.

Since the owner is responsible for completing the new house, the builder can offer a lower selling price. No-frills houses in Texas typically have a price tag below

\$40,000. Sometimes the price for shell is as low as \$8,000.

People who already have the skills and those who make the effort to acquire the skills to finish their homes find they can pare thousands of dollars off the price of the new house by doing much the work themselves.

The no-frills concept and sweat equity enable consumers to become homeowners. The finishing and expanding of the house may be delayed until time and money become available.

Homes-Eastland & Ranger

In Eastland, one of our better locations: This large 3 bedroom older home on oversized lot. 2 car detached garage, storm cellar, and lots of trees. \$38,000.

Located close to downtown, a 2 bedroom, 1 bath home with fenced yard and attached garage. Priced at only \$28,500.

Just been remodeled on inside. A 2 bedroom, 1 bath, home within walking distance to town and doctors. \$24,000.

Just like new, this very nice 3 bed, 1½ bath brick home. Located near all schools. Carpeted, built-ins, central heat and air. New lawn or assume old one. \$59,900.

A large 2 bed, 1 bath home that is carpeted. Large double carport and also garage. Owner will carry second on day payment. \$29,500.

Close in! A 3 bed, 2 bath older home that has been remodeled. Fully carpeted, ceiling fan, fenced back yard. \$29,500.

Located in Carbon! A 2 bedroom home on one acre. Just like living in the country and only \$16,000.

Magnificent can only begin to describe the den area in this 3 bedroom, 2 bath home. Excellent location. 2400 sq. ft. of living area, and many other features. \$85,000.

Located in Ranger! A 3000 sq. ft. home on over an acre of land. 3 bedrooms, 2 baths, den, playroom dining area. A fantastic home priced to sell at only \$79,500. Extra bonus! An assumable loan.

This 2500 sq. ft. home has 4 bedrooms, 3 baths, living room, and den. This is a very neat and attractive place with a fenced yard, double carport and storage. Assumable loan. Total price \$48,800.

8 lots located in the northwest part of Eastland. \$25,000.

In Oakhollow, a 103.44 x 105 foot lot. Good location. \$5500.

On corner lot, a 3 bedroom, 1½ bath home. Carpeted, beautiful fireplace in den. This home has 2000 sq. ft. and priced at only \$39,500.

Want a new home? We have large lots available in exclusive area. City water, sewer, and paved streets. This area is restricted to brick home only. Reasonable priced from \$4500 to \$4800.

4 Lots add to the attraction of this 2 or 3 bedroom, 1½ bath frame home. Beautiful garden spot with both fruit and pecan trees makes this home a good buy at \$32,500. Owner will finance.

Cisco Homes

An assumable 9¾% loan on this one! A 3 bedroom, 1½ bath, brick home. Separate den, utility room and large closets.

Spacious rooms in this 3 bedroom frame home. Carpeted with large carport, pecan and fruit trees. Two lots go with this one with a good garden spot. Reduced to \$20,000.

A 2 bedroom, 1 bath older home with separate dining and utility rooms. Partially carpeted, assumable loan. \$22,500.

A large 2 bedroom home with carpeting, screened in porch, fenced yard and a small office building for a business.

Large 3 bedroom, 1 bath older home. Has large rooms, separate dining room. Bathroom and kitchen have been remodeled. Also has separate garage and storage. \$21,000.

New vinyl siding on this 3 bedroom, 1 bath

home. Large rooms, carpeted, storage building, combination garage and shop and fenced backyard.

A large 2 story with 5 bedrooms, 2 baths, den, separate dining and breakfast rooms, located on corner lot. Has apartment attached. A very scenic yard with lots of trees.

A nice 3 bedroom, 1½ bath home on corner lot. Central air and heat, new carpet, modern kitchen and built-in dishwasher. Also, a garage and storage area. \$25,000.

Three bedroom, 1½ bath, brick home with carpet. Fenced back yard, fruit trees, double garage, \$3,000 and assume loan.

2 bed, 1 bath frame home. 1½ lots. Pretty yard-lots of trees. Garage. Separate breakfast area. Master bedroom very large. \$24,500.

You can combine your home and business with this one. Four bedrooms plus, 2 baths, central heat and air, approximately 3000 sq. ft. Also an office building, and a 1500 sq. ft. shop area, all on approximately 4 lots. Only \$53,500.

Small Acreage With Homes

Located in Ranger! A 4 bedroom, 1 bath frame home on 5 acres. There is an old motel on this property that could be possibly restored. Home is in good condition with plenty of highway frontage. All this for only \$55,000.

40 acres approximately 3 miles south of Cisco with a 3 bedroom frame home. 4 tanks, city water, and mostly cleared. Tractor and equipment will stay. \$51,000.

2½ acres near Lake Leon with water well, tool house and pecan trees. Only \$7,000.

30 acres near Cisco with I-20 frontage. A very versatile place. Would be a good location for a business or home. \$45,000.

A very nice 3 bedroom, 1½ bath stone and brick home on 4.38 acres. Carpeted, central heat and air, fireplace, bookshelves, screened porch, and many other extras in this 2150 sq. ft. home. \$88,500.

A 3 bedroom, 1½ bath home on 2 acres. Carpeted, some paneling. Has approximately 28 pecan and 12 fruit trees. Located in Olden. \$45,000. Terms can be arranged.

A 3 bedroom, 1 bath home on 40 acres located near Gorman. Has a 24 x 40 building, plus barn and other sheds. The land is all cleared and has been in cultivation. \$68,000 and owner will carry a note.

Located near Cisco, A nice 2 or 3 bed stone home on 1.15 acres. Fully carpeted, built-ins, extra large master bedroom. Workshop, storage buildings and fruit orchard. Only \$42,500.

Near Cisco: Do you want something special? This very nice 3 bedroom, 2½ bath brick home on approximately 3 acres. Swimming pool, airplane hangers and runway.

Farms & Ranches

Beautiful can only be used to describe this property. 70 acres on I-20 with lots of nice trees, four tanks, 1 spring fed and 1 extra large. Good fences, ¼ minerals with leasing rights. Not leased, but does have two old oil wells on it. Also a camping cabin included. \$98,000. Make an offer!

We have other home, land and commercial listings.

I.R.S. Training Underway For Elderly Tax Counseling

There's I.R.S. help on the way - at least for the elderly.

That's the word regarding an up-coming training program which will teach volunteers how to do tax counseling for the elderly.

Volunteers are already signed up from every town in Eastland County, and a number are coming from surrounding towns.

The four instructors will conduct the training workshop on Jan. 24-28 at the Laguna Hotel in Cisco, according to Roy V. Cartee,

who is coordinator for the program.

The program is sponsored by the A.A.R.P. (nation-wide) under the guidance of IRS, to provide help to the elderly on the tax forms, since the IRS is no longer providing such assistance. Approximately 20 people are signed up to receive the training so that

they can help assist others.

Students are signed up from Cisco, Eastland, Ranger, Gorman, Rising Star, Albany, Stamford, Abilene, Cross Plains and Breckenridge.

The Cisco Senior Center office is in the same building and may be reached by dialing 817 442-2263.

Clement's Aide Now Working With Oil & Gas Association

Herbert L. Butrum, former Deputy Director of the Governor Clement's Committee, has been appointed as Membership

Director of the 5,400 member Texas Independent Producers and Royalty Owners Association.

Butrum, a 1971 graduate of Abilene Christian University, has also served as a Special Assistant on the staff of Senator John Tower. He stated that he looks forward to the new challenges offered in an "organization that is not involved in partisan politics", and which is concerned with important issues that cut across all political boundaries.

Word Of God

Doing MORE...With LESS!

by the staff of
THE MOTHER EARTH NEWS

START A FIREWOOD BUSINESS IN THE CITY OR THE COUNTRY!

One reader of THE MOTHER EARTH NEWS, David Markson, started his own thriving part-time business by becoming an urban lumberjack. Even though his home is in the heart of suburban New Jersey, only 30 minutes from downtown Manhattan, Dave was able to keep his own woodpile stacked high—at no cost—and to earn a steady income by selling the surplus.

David says that great quantities of good cordwood go to waste in the cities and suburbs every year. Scrap wood from urban building projects is—he points out—just as often discarded as it is recycled, and streets in many older residential neighborhoods are lined with massive oaks and maples that are regularly trimmed. So anyone with a little free time, a few tools, and some elementary knowledge of woodcutting can help him- or herself to a bonanza of free-for-the-hauling firewood.

The lumberjack reminds us, though, that while the business is relatively easy to break into, woodcutting isn't an ideal line of work for everyone. Although the initial investment in equipment doesn't have to be large, you will have to spend many hours cutting, splitting, and stacking firewood. But if you like the idea of being your own boss, and if working up a good honest sweat appeals to you, then read on.

The word "windfall" takes on a new meaning to the urban lumberjack. In fact, you can sometimes gather a whole year's inventory of wood after just one major wind or ice storm. To save time, since city maintenance teams clear the streets rather quickly, simply saw such fallen trunks and large branches into the longest pieces you can fit into your vehicle (after obtaining permission to do so, of course) . . . then drop them off at home before heading back to the streets for another load. You can cut the logs into proper lengths later on.

When there hasn't been a storm for months, and all your other usual sources of free wood are exhausted, pay a visit to the town or county landfill. Either one might prove to be a good source of free fuel . . . provided that dump scavenging is legal in your area.

Yet another way to round up fireplace wood is to trim unwanted trees from people's yards. Naturally, you'll have to be careful not to tackle jobs that really do need a professional's attention . . . but a suburban homeowner who wants to get rid of a 15-foot apple tree that's no longer bearing fruit would be a perfect customer for your services.

The amount and kind of cutting you plan to do will determine the size and weight of saw that best suits your needs. For his medium-sized business, David has found a 3.2-horsepower gasoline-powered machine with a 16-inch blade to be very satisfactory. In addition, your beginning woodcutter's tool kit should include a six- or eight-pound splitting maul, a sledge of the same weight, and a couple of wedges.

Once your firewood is well seasoned (you'll want to let it "cure" for at least nine months), you should have little trouble selling any surplus, as long as you charge a fair price and give an honest measure.

For FREE additional information on home businesses and on THE MOTHER EARTH NEWS magazine, send your name and address and ask for Reprint No. 1031: "Insulate for Income." Write to Doing MORE...With LESS!, 105 Stony Mountain Road, Hendersonville, N.C. 28791, or in care of this paper. Copyright 1983 THE MOTHER EARTH NEWS, Inc.

**TO OUR VALUED CUSTOMER:
IF THE FEDERAL GOVERNMENT HAS ITS
WAY, 10% OF YOUR INTEREST AND
DIVIDEND INCOME WILL BE WITHHELD
FROM YOU NEXT YEAR!!**

This rule is wrong for the following reasons:

- 1) Withholding will cut the amount of cash you have available during the year from your interest income.
- 2) The amount withheld may not be correct for your tax bracket. If overwithholding occurs, you will have to file for a tax refund to get back your own money.
- 3) Your total interest earnings will be reduced because of less income from reinvestment and compounding.
- 4) Elderly persons and low income individuals (including children) will have to file an exemption certificate for each and every account they have in order to avoid withholding. If the exemption is not filed in time, a tax return must be filed the next year — or the withheld money will be forfeited to the government.

Unless Congress acts to stop the withholding rule, it will go into effect on July 1, 1983. We are working to do away with the rule, but we need your help. IT'S YOUR MONEY.

Please detach the message that follows, and mail it to your Congressman. Send a copy to your U.S. Senators. Give us a call if you have any questions or need information. Let's put a stop to withholding before it begins.

TO: Congressman _____
House of Representatives
Washington, DC 20515

Please support legislation to repeal withholding on interest and dividends!! It's harmful because it takes away from the income that I count on during the year; it's unfair to those of us who have always paid our share of taxes on interest; and, it's a burden to the elderly and low income persons, including children. It will discourage savings in this country, and that's bad news for the economy.

May I count on your support to repeal this rule before it goes into effect on July 1, 1983?

Your constituent,

(City)

Pest Alert

Gordon Woolam

Rats have lived with man for so long, they have also developed the sense to come in out of the rain - or snow - or heat. Extreme weather will send rats and mice scampering for the nearest shelter. And that shelter is usually someone's home or business.

The best control for rodents is prevention. Prevention is making certain there is no food, water or shelter available to rats. Homes and businesses can be made rodent proof by sealing all holes with gnaw-proof materials.

However, these dangerous and costly pests have a way of getting into even the most rodent-proof buildings. Once inside, there are two basic control methods: traps and toxicants.

Traps are best used when the infestation is light or there is danger to children or pets from toxicants. The most readily available type of trap is the old-fashioned wood base snap trap. Some of the best baits are bread, oatmeal, bacon, candy, pecans or peanut butter. Make sure baits are securely attached to the trigger.

Use plenty of traps (at least a half dozen for the home) and keep them set. Dispose of all dead rodents as soon as possible and avoid touching them with bare hands. Always place traps along walls in out of the way places where rodents prefer to run.

For large infestations, toxicants should be used. The

least hazardous toxicant available is the anticoagulant. Anticoagulants are available under such chemical names as Warfarin, Fumacin, Diphacin, Pival, or Prokin. (These are not trade names).

Anticoagulants affects the clotting ability of the blood and cause the rodent to bleed to death internally. They are multi-dose toxicants. That is they have to be taken in repeated doses to be effective. Therefore, they pose less danger to children or pets accidentally eating enough to harm them.

Ready mix baits can be obtained and placed in out of the way places which the rodents frequent. Water

baits (anticoagulants dissolved in water) placed nearby will increase the effectiveness of the dry baits.

Because the anticoagulants require repeated feedings to be effective, the baits should be left out for at least 15 consecutive days. The amount of bait to use will depend on the level of infestation, but it is better to use too much than too little.

Once all the rodents have been eliminated, a few bait stations should be maintained permanently to help prevent reinfestations.

For more information on this or other subjects contact your County Extension Office.

**Dr. Pat O'Brien
To Be Honored
On January 24**

The friends and co-workers of Dr. Mayme Lee "Pat" O'Brien is planning a banquet in her honor at 6:30 p.m. on Monday, Jan. 24, at the Del City First Southern Baptist Church.

Dr. O'Brien is the daughter of the late Mr. and Mrs. Fred O'Brien of Eastland County and Lamesa, and the sister of Harl O'Brien of Eastland.

Thirty-four years of Dr. O'Brien's life has been given to Christian education, the last ten have been spent at Christian Heritage Academy in Oklahoma City, Okla.

The church is located at 4335 S.E. 28th St., Del City, Ok.

Bass Club Report

1983 is your year to win. How? By becoming a member of our 1983 Eastland County Bass Club. Why? Not just for fishing, but to learn more about fishing, make new friends, and become a voice in the growing numbers of concerned sportsmen and women for our natural resources. We invite you the public to come and join us this year a year of promise.

lake shall be drawn at our meeting the morning of the tournament. As you can see changes are being made. if you have ideas on improvements for this year, it's your club but it won't happen unless you the members voice your opinions. Next meeting February 3rd. Good Fishing.

Terry L. Wilson

H & R BLOCK UNCOMPLICATES THE NEW TAX LAW

This year there are 47 different forms and schedules for income tax filers. The so called short form is now two pages, which calls for up to 63 entries and refers you to the instructions more than 10 times. Misinterpreting the instructions could cost you money or cause an IRS inquiry.

have been thoroughly trained and brought up to date on the latest tax information for 1982 tax returns. The changes in the tax laws have been studied and analyzed to determine what effect they'll have on your tax return.

The tax act of 1981 affects every taxpayer regardless of income. Your H & R Block tax preparer can show you how the new tax law helps you save money on your 1982 taxes, and points out changes that could affect your taxes in 1983.

Through the personal interview that every H & R Block client gets, you can have peace-of-mind that every deduction to which you are entitled to will be uncovered.

Even the 1040A short form is affected by the tax changes, so no one can afford not to use H & R Block, with prices starting at \$7.50 and the average fee last year was under \$40.00.

H & R Block has 2 conveniently located offices. Call today. Appointments available.

HOUSTON—Texas artist Robert Summers recently unveiled his nine-foot bronze statue of John Wayne at the Orange County, California Airport. The Wayne family, many of Wayne's fellow actors and several local officials attended the event and spoke almost as highly of Summers' rendering as they did of the Duke himself.

The large crowd responded with applause and tears as they stood and listened to a recording of John Wayne reciting the Pledge of Allegiance. A full dress military band added to the spirit of the occasion, playing some of "Big John's" favorite songs, such as "Red River Valley," "This Is My Country," and "God Bless America."

Bruce Nott, founder of the John Wayne Memorial Associates, stated in his address to the audience that the reason for commissioning the statue, "was pretty simple. Heros are few and far between, and we've got one here."

Two of the most poignant comments on the bronze came from those very close to John Wayne. Chuck Roberson, John's stand-in and stuntman for most of Wayne's career remarked, "I've tried to imitate that walk for 40 years, but Bob, you caught it in a snap." Ethan Wayne, the youngest Wayne son, was even more direct when he said, "This is the first time I've seen my Dad since he passed away."

Robert Summers was born in Glen Rose, Texas in 1940 and continues to make his home there. He took his first art lesson at age nine and since that time has become a nationally known painter and sculptor. He is a founding member of the Texas Association of Professional artists and won the Association's Best of Show and First Prize/Oils. In 1976, he was named Bicentennial Artist of Texas by the Governor and State Legislature. He has also been awarded the gold medal by the Franklin Mint as well as numerous other national and regional honors. His limited edition prints are sold out in advance of printing and thousands of line up for a glimpse of his originals at shows and exhibitions.

County Farm Bureau President Among Texans Attending Federation Meeting

Eastland County Farm Bureau President Ernest Reich, Mrs. Reich, and State Director Roy Johnson were among the 200 Texans attending the 64th annual meeting of the American Farm Bureau Federation Jan. 9-13 in Dallas.

Roy Johnson of Desdemona, district director of Region 7, attended the AFBF convention as a voting delegate. Delegates from across the nation adopted national policies to guide the general farm organization in 1983.

Conference topics included a national farm program, immigration reform, federal spending and taxes, farm credit and agricultural exports.

Main convention speakers included President Ronald Reagan; U.S. Sen. David Boren of Oklahoma; Sir Henry Plumb of England, a member of the European Parliament; U.S. Ambassador Bill Brock, a former Tennessee congressman and the new U.S. trade representative; and AFBF President Robert Delano.

"Highlight of the meeting for my wife and I was President Reagan's address to the convention," commented Ernest Reich.

"The Dallas police are to be complimented for enforcing tight security," he added. "Reagan's speech did not leave all AFBF members totally satisfied, but there was applause for his remarks on the program entitled "Payment in Kind," in effort to repay farmers for releasing acreage in ex-

change for surplus commodities," he added.

"I was impressed with the behavior of the 6000-plus

members and guests who received the president with respect and honor," Mr. Reich concluded.

DPS Enforcing Insurance Liability Law

AUSTIN--The Texas Department of Public Safety will continue to enforce the current mandatory liability insurance law as enacted by the last session of the Texas Legislature. A recent Attorney General's opinion stated that failure to carry, produce or provide proof of insurance is not an offense. However, the opinion does not require DPS policy to be changed. The offense contained in the law is "failure

to maintain financial responsibility," i.e., failure to maintain liability insurance.

Colonel Jim Adams, DPS director, said "the statute requires motorists to furnish information concerning evidence of insurance to a police officer upon request. Failure to provide satisfactory information creates a rebuttable presumption under the statute that the motorist failed to maintain liability insurance. This

presumption may be rebutted by presenting evidence to the judge that the motorist did in fact have insurance the judge may dismiss the charge."

If the officer is not satisfied with the information provided, he can issue a citation. Adams said troopers will continue to issue citations when drivers are unable to furnish satisfactory information.

The Department of Public

Safety issued rules when the law went into effect detailing examples of information which would be accepted as evidence of financial responsibility. The items include the insurance policy, insurance identification card, or other information which confirms to the satisfaction of the officer that the operator is in compliance with the law.

"If a person is unable to furnish the information requested by the officer, the officer may issue a citation even though the individual claims to have the required insurance," Adams said.

Colonel Adams said the law has produced positive results, and has resulted in an increase in the number of Texans who presently carry liability insurance. "Before the law was passed, 74 per cent of the Texas motorists involved in vehicle accidents did have insurance. However, 1982 accident reports indicate that 91 per cent of the drivers involved in vehicle accidents have obtained insurance," he said.
