

# HALL OF REMARKS

BY HERREL HALLMARK

ISN'T IT funny how the sun shines and everything is real pretty while your car is dirty and covered in mud from the past rains, but as soon as you spend an afternoon washing and waxing it the weather turns bad?

That's what happened to me this weekend. After a week of clear skies, I decided to give our car a thorough cleaning over the weekend. I washed the car and spent several hours waxing the outside of the car and vacuuming and cleaning the inside of the car.

Boy, did it look good and clean and shiny in the afternoon sun. It even stayed that way until the next morning, when the skies were cloudy and just enough rain fell during the day to make little spots in the film of dust which had settled on the car the day before.

That wasn't too bad, so Tuesday morning we woke up to find that it had been raining all night (as it continued to do all day) and our driveway looked like a mud bath. By the time we had backed the car into the street the tires and wheels were covered in mud.

As the day progressed, the looks of the car continually turned worse. But at least I can still remember how it looked one afternoon shining in the sunlight.

"VIGILANCE, Good Housekeeping Guard Against Church Fires," is the theme of this year's Texas Church Safety Week, February 13-19.

Hilton Gilliam, Texas Safety Association Vice President for church activities said today the theme of 1983 Texas Church Safety Week will be fire prevention.

"Church officials and fire department fire prevention workers all over the state will be combining efforts during the week following Valentine's Day to help guard against church fires," Gilliam said. He noted the three major causes of church fires are arson, heating systems and kitchen equipment.

"Churches are especially

vulnerable to fires because they are not occupied all the time and many churches are left open," he said. "We want to create an awareness of the need for active fire prevention, even in God's house," he said.

For more information on Texas Church Safety week, held in conjunction with the National Safety Council's National Safety Sabbath, write: Texas Safety Association, P.O. Box 9345, Austin, Texas, 78766.

NEWLY ELECTED officers for Cisco's Ministerial Association are shown in the above photograph taken last Friday morning. Rev. John Clinton (center) of the First Evangelical Methodist Church was elected as president. Rev. Armo Bentley (left) of East Cisco Baptist Church was elected as vice-president and Rev. Ronnie Shackelford (right) of Calvary Baptist Church was elected as secretary and treasurer. (staff photo)

## Park Project Is Studied As Gene Abbott Memorial

Improvements for a jogging and walking trail at the City Park are being studied as a memorial to the late Gene Abbott, longtime Cisco business man and Chamber of Commerce manager, Chairman Barbara Pope of a CofC committee reported Monday.

Mrs. Pope said that city and school officials, who own and support the park in west Cisco, have given tentative approval of the idea and final approval will come when complete plans are ready for submission. The land is owned by the school system and leased by the city for the swimming pool, baseball field and park.

The jogging trail plan calls for facilities to encourage physical fitness, Mrs. Pope said. "We are studying a half mile trail along the lines developed by a nationally known manufacturer where you can turn fitness into invigorating fun," Mrs. Pope said. "This unique outdoor recreational plan has been scientifically designed to help trim waist lines, firm up muscles and promote good health - things that Gene Abbott practiced."

Friends of the late Mr. Abbott have donated some \$700 to date for a fitting memorial. The plan we have in mind will cost considerably more, and we feel that other gifts will come in."

## Linn's Income Tax Service Opens Here

Another new business has opened in Cisco. Randy Linn, a local resident, opened a Tax Service Business called "Linn's Income Tax Service" on Jan. 15. It is located at 1009 West 8th St., Cisco.

Linn states that he will be doing personal and small business tax returns, with emphasis on personal returns. A recent graduate of National Tax Training School, he understands all types and areas of the returns, such as the 1040 Series and the new 1040EZ.

Farm Income Tax preparation is welcome, as well as that of self-employed persons. Linn will assist in all areas of the returns, and states that he will work for the benefit of the taxpayer.

He further says that inquiries about tax problems are welcome, and may be made by calling 442-2495.

Other services provided by the office will be Notary Public work, and paper copying. Charges for this, as well as for the Income Tax work, will be reasonable. Some types of returns begin at \$7.00 each.

The office is open for walk-in clients from 3:30 to 8:00 p.m. Monday through Friday. Hours on Saturday are 8:00 to 6:00 p.m. The public may call for early or late appointments.

Randy Linn is a graduate of C.J.C. with an Associate of Science Degree, and is currently attending Tarleton University.

"I look forward to meeting the public in my business," he says. "I believe it will offer a valuable service to the people of this area."

## AARP Will Hold Regular Meet Thursday

The Cisco Chapter of AARP will hold its regular meeting Thursday, January 20, in the Corral Room, beginning with the covered dish supper at 6:00 p.m.

Bill Webb, Cisco Fire Marshal, will speak on fire protection.

Members are reminded of local club dues of \$1.00 payable now, and President Walker Knowlden asks that members bring their National AARP membership cards.

Persons interested in joining this organization are welcome. Qualification for membership is age 55 and over.

Church Plans City Singing United Westley Methodist Church is having a city-wide singing, Sunday, January 30, from 2-4 p.m.

## Local Man Suffers Burns In Gas Fire

The condition of Dr. Charles M. Cleveland, Cisco optometrist who suffered burns on his legs and hands in a fire at his ranch last Sunday afternoon, was described as good at E.L. Graham Memorial Hospital Tuesday.

Dr. Cleveland had gone to his small ranch Sunday afternoon to feed his cattle. He was filling a gasoline can from a storage container when sparks, presumably from a polyester jump suit he was wearing ignited gasoline fumes.

Dr. Cleveland dropped the container when fire broke out, sloshing some of the fluid on his legs, and his jump suit burst into flames. Before he could extinguish his burning clothing, the legs had burned away from the jump suit and his polyester socks were on fire. He had to remove his boots to get the stockings off.

As soon as he could, Dr. Cleveland got into his pickup and drove the some 12 miles to his home in Cisco. Mrs. Woolley Listed On Dean's List

Jan. 7 - Audie Lee Woolley of Cisco, a student attending Angelo State University in San Angelo, is listed on the Dean's honor roll for the fall semester at the University.

Mr. Woolley, a Biology Major at ASU, is listed on the 3.50 to 4.00 honor roll.

Cleveland called a doctor and took her husband to his office. After emergency treatment, Dr. Cleveland was taken to the hospital. Attendents said he had mostly second degree burns on both legs and hands. His legs were burned from boot tops to crotch.

The fire destroyed the Cleveland Ranch barn, a 20x30 structure in which more than 100 bales of hay were stored. A tractor, a new and still uncrated portable generator, tools and other items used around the ranch were also lost. There was no insurance on the barn or contents.

Dr. Cleveland, who has practiced optometry here for 34 years, had turned management of the Cleveland Clinic over to his nephew and partner, Dr. Stewart Cleveland, last Jan. 1 with the idea of "slowing down." He plans to remain active at the Clinic but hopes to spend less time there. He was expected to be out more than a month to recover from the burns.

The Clevalands reside at 1200 Bliss Street. He has long been active in church and community affairs.

The Cisco Volunteer Fire Department was notified of the blaze by Dr. Cleveland, and two trucks were sent to the ranch. The fire was out of control when they arrived, firemen reported.

## Plans Ready For Annual CofC Banquet This Week

More than 250 persons are expected to attend the 67th annual banquet of the Chamber of Commerce at 7 p.m. Thursday, Jan. 20, at the Cisco Junior College Agriculture Building.

### Five Enroll As CofC Members

Five more individual memberships were issued by the Chamber of Commerce in the current drive for new members and supporters, Manager Randy Speegle reported Monday.

New individual members are Mrs. Letha Stafford, Mr. and Mrs. Homer Clayton Nix, Mrs. Charlotte Nix Speegle, Mrs. Reva Merket and E.L. Jackson.

Twelve new members have been enrolled this month by the membership committee headed by Fred Wheeler.

### March 7 Is Date For Variety Show

Monday night, March 7, was the date selected for a Cisco Lions Club variety show that will be held to raise money for a city park project. Secretary Jasper Cook reported this week. Some 15 club members attended a meeting at the bank community room last Friday night to make plans for the show.

Details of the show are being planned by committees of club members, Mr. Cook said. Plans call for ticket sales to begin in the near future with all advance tickets selling for \$1. Tickets will be \$1.50 at the door.

## Lions Hear Report On Club Progress

Lionism is making impressive records on both local club and the international levels in the field of community service, according to E.B. (Tex) Mayer of LaGrange, a director of Lions International, in an address at the Mid-Winter Conference of District 2E-1 Lions Clubs in Cisco last Saturday.

Mr. Mayer told more than 100 representatives of the some 60 clubs in the district that Texan Everett J. Grindstaff, the 1982-1983 president of Lions International was providing outstanding leadership, resulting in new gains for Lionism throughout the world.

"Lionism is now in 167 countries with more than 1,400,000 members," Mr. Mayer said. "Lions International has a budget of some \$20,000,000 that goes mostly for the good of mankind. We are the world's fastest growing service organization."

President Grindstaff, a Ballinger attorney, is highly regarded by world leaders, Mr. Mauer said. The president and his wife were recently invited to visit President Reagan at the White House. A visit that was scheduled to last for 30 minutes did not end until two hours later, he noted.

The Grindstaff program for the year features educational efforts to combat drug abuse. Lions heard about work on the drug abuse program in District 2E-1 from John Kendrick, Mineral Wells Lion, in a talk on the morning program. He said that all Texas Lions Clubs were participating in the program.

Lion Archie Chamness of Cisco, district lieutenant governor, presided at the

The program will feature an address by Jim Parker of DeLeon, member of the House of Representatives from District 65 that includes Eastland County, and the presentation of a number of special awards. Mr. Parker took over the duties of his position Jan. 1 and is currently in Austin for the session of the state legislature.

Mr. Parker has lived in the DeLeon area most of his life. He is a graduate of Tarleton State University and the University of Texas Law School. He received his license to practice law in 1977. Mr. Parker lives with his wife Martha in DeLeon where he maintains a law office. They have two sons, Shane, 19, and Kent, 17.

Mayor Eris Ritchie, who served as CofC president in 1970 and 1971, will be the master of ceremonies. The Rev. Milo Steffen, pastor of the First Christian Church, will give the invocation, followed by the introduction of guests and visitors.

Elaine Dixon, immediate past president, will report on work during the past year, and Robert Dudley, incoming president, will talk on plans of the CofC for the year ahead.

Special awards will include recognition of high school and college students for academic excellence by Mike Turner, high school principal and Clois Purvis, college dean. City Manager Mike Moore will make a special award for municipal service to a city employee.

The annual "over due" award and the 1982 community service award will be

JIM PARKER

presented by Mr. Ritchie. Mr. Parker's address will conclude the program. The dinner will be catered by

Oscar's Barbecue. Program arrangements were made by a committee headed by Dr. Norman Wallace, president of Cisco Junior College.

Officer of the CofC for 1983 are Mr. Dudley, president; Gene Gwinn, Jerry Morgan and Dan Dixon, vice presidents; Randy Speegle, manager; and the following directors: Dan Dixon, Robert Dudley, Rex Fields, Lloyd McGrew, Eddie McMillan, Jerry Morgan, Gene Gwinn, Shirley Hargrave, Ronnie Ledbet-

## Local Church Youths Attend Skating Trip

Saturday evening, January 15th, the youth from East Cisco Baptist Church went to Abilene to the First Baptist Church Family Life Center for a skating trip. After skating for two hours, they stopped and had supper at Taco Bueno before returning home.

CISCO LION E.L. Jackson, left, was recognized by E. G. (Tex) Mayer of LaGrange, and International Lions Club director, for more than 60 years as an active Lion at last Saturday's mid-winter conference here. Mr. Mayer was the luncheon speaker.

PLANS FOR the annual convention of District 2E-1 Lions Clubs in Abilene next May were being explained by James H. Wheeler, Jr. right, to Lion Bill Longley of Stamford when the above picture was made Saturday at the district conference in Cisco.

## Acknowledges Memorials

Elen Orr, Administrator of E.L. Graham Memorial Hospital, is pleased to announce a donation to the Memorial Fund in memory of Mrs. Gertrude Reinhard by Mr. and Mrs. Winston Heidenheimer and Mark.

# Muscular Dystrophy Fight Continues

The term muscular dystrophy covers a group of inherited diseases characterized by muscle deterioration. An estimated 250,000 to 300,000 Americans suffer from it, with about two-thirds between the ages of 3 and 18.

Although no cure has been found, research continues. These disorders are usually genetically caused, but the specific defects have not

been identified. When they are, treatment perhaps could involve replacing missing substances in much the same way that insulin injections control diabetes. For now, respiratory exercises and antibiotics are extending the lives of many afflicted children. Exercises to stretch tendons also can help. Affected persons should remain as active as possible.

The Texas Medical Association says the most common forms of muscular dystrophy are Duchenne's, facioscapulohumeral, limb-girdle and myotonic. Duchenne's, the most common and severe type of muscular dystrophy, is generally first noted in boys between ages 2 and 6. The child develops a waddling gait and has difficulty rising from the floor and climbing

stairs. The disease progresses rapidly, and the patient seldom lives more than 15 years after the disease strikes.

Facioscapulohumeral affects males and females equally and appears in early

adolescence or in their 20s. The most recognizable symptoms are loss of facial expression and difficulty in raising the arms over the head. This is the least threatening form of muscular dystrophy because it progresses slowly and

rarely causes an early death. But considerable disability can result. Limb-girdle can strike either sex in the first to third decades of life. Pelvic and shoulder muscles are involved, and deterioration varies from slow to rapid. Disability

varies, but early death seldom occurs. Myotonic may appear in early puberty but commonly arrives in early adulthood. Early signs include stiffness

in the limbs, particularly in cold weather; a tendency to trip or fall forward; and loss of facial expression. Patients rarely live out a normal life span.

## Accent On Health

Toothbrushing and proper dental hygiene need to begin even before a baby has teeth.

"After each feeding, a baby's mouth should be wiped with a clean washcloth, a piece of gauze, or the gums should be gently brushed with a soft toothbrush even before the teeth erupt," says dental hygienist Mrs. Dee C. Salmon.

Mrs. Salmon is with the Bureau of Dental Health of the Texas Department of Health. She said brushing is necessary to remove dental plaque. Plaque is a sticky, colorless film of bacteria that attaches to teeth and gums and causes dental disease in both.

The primary (baby) teeth start to come in at about six to 12 months and flossing should begin as soon as two teeth are side by side. By the age of three, all 20 primary teeth have usually erupted. "Many parents think primary teeth are not worth being concerned about," Mrs. Salmon said. "That is a misconception. A child's primary teeth are important for chewing, speaking, appearance, and most importantly for saving space for permanent teeth."

"A child should never be put to bed with a bottle containing anything but plain water. Liquids such as milk, juices, sodas, and formulas pool around the new teeth and cause dental decay to start," Mrs. Salmon said. "This is called nursing bottle mouth."

If the parents are living in an area with fluoridated water, they may want to buy a concentrated formula that can be mixed with the fluoridated water, instead of buying that is ready to use.

Mrs. Salmon said thumb sucking is a natural reflex that may make a child feel secure and happy. "Thumb-sucking should gradually disappear after the age of two," she said. If it doesn't, see your family dentist. But don't scold the child since this may cause increased anxiety.

She said parents may want to provide an orthodontic pacifier. "Do not buy the long, firm pacifiers, because they will influence the shape of the mouth," she said. "Instead, shop around for the shorter and broader models."

Ranger Flea Market Will Be Closed Due To Bad Weather All Winter Will Re-open The 2nd Weekend In March

## Doing More With Less

### LEARN TO LOVE THE WINTER

Jack and Neva Gow live in north central Minnesota, so they're used to seeing the thermometer drop to the -30°F range (at least!) each year... and they probably experience some of the most severe winter weather in the U.S. So we figured this couple's methods of "loving" the winter can help almost any of us drop our prejudices about the cold season.

The first step toward achieving a "reconciliation" with winter, they admit, is to improve your mental attitude toward the season. Once you've made up your mind to take advantage of all the opportunities that cold weather can offer, you'll be delighted with the first snowfall... and every one thereafter.

Of course, another important facet of enjoying winter is to be prepared for it. The Gows, for instance, make sure they have an adequate fuel supply to last the entire season. Then, once their house has been made comfortable—and their supply of cold-weather clothing inventoried—Jack and Neva say they relax with a feeling of confidence and welcome Old Man Winter.

Until the first part of January, much of their time is spent cutting firewood for the next year. In early winter, the couple also spend time outdoors hunting and fishing for cold-weather meat. And since they live on waterfront property, much of their outdoor activity involves ice-fishing and skating on the lake. They're also lucky enough to have plenty of snow for cross-country skiing or snowshoeing, and the two especially enjoy those few clear evenings around each full moon when their "backyard" forest becomes a lovely, mysterious world.

After several hours spent outdoors in the fresh cold air, the Gows head inside for hot food and comfortable chairs in front of a crackling fire. Sometimes, of course, they choose to stay indoors all day... especially when it's -40°F outside and the wind is howling around the house. At those times they play good music, read favorite books, bake bread, or make some special culinary concoction to fill the house with tempting aromas.

Those folks who live in areas that receive lots of rainy, dreary, foggy, chilly days during the winter may feel the Gows are actually lucky to have so much snow to play in. But the same positive attitude can be helpful in such "in-between" climes, too. Exercise is particularly important to chase away the cabin-fever blues of winter, so get on outdoors when there's not a downpour and take a brisk walk... or save enough money to join a club or social group that has an indoor swimming pool... or ask friends and neighbors over for a regular exercise class that gets you moving around to some zippy music.

It's all too easy to let the doldrums get us down when the days grow short. But winter can become a very special time for all of us, just as it has for the Gow family. The Minnesotans have decided to accept Mother Nature's gift of time to rest and rejuvenate, and in return they feel she has graced them with peace, quiet, solitude, and true beauty in the winter landscape.

# Landmark Highway Bill Sets Record Funding Levels

Washington, D.C.—The Surface Transportation Assistance Act of 1982, approved in the closing minutes of the lame-duck 97th Congress and signed into law on January 6, provides record levels of funding for highways and mass transportation over the next four years.

The legislation's main goals are to refurbish and complete the Interstate Highway System, repair the nation's bridges, improve major roads, and upgrade safety. The bill provides over \$55 billion in new money for these and other highway and traffic safety improvement projects through federal fiscal year 1986.

A five cent jump in federal motor fuel taxes, and adjustments in other highway users fees, will provide the

funds for the expanded federal highway and safety program. However, mass transit programs will receive one cent per gallon of the increased motor fuel taxes, for an estimated \$1.1 billion a year. These revenues are earmarked for a Mass Transit Account within the Highway Trust Fund.

**WHAT THE BILL WILL DO**  
The Act's big ticket items are completion and repair of the national Interstate Highway System, begun in 1956. This planned 42,500-mile network is now 96 percent complete. Approximately 1,845 miles are yet to be finished and opened to traffic. Some 2,000 miles of Interstate highways reach the end of their design life every year, and there is a backlog of over 4,000 miles

which need immediate resurfacing.

The new bill provides \$16 billion for Interstate construction, and \$10.3 billion for Interstate reconstruction, resurfacing, restoration and rehabilitation (the "4R Program") through FY 1986.

The Bridge Replacement and Rehabilitation Program will get a big influx of new funding, over \$7 billion during the next four years. This reflects Congress' concern for the serious condition of highway bridges, 45 percent of which were rated either "structurally deficient" or "functionally" obsolete last year by the U.S. Department of Transportation.

Primary road funding is in for a big hike. These highways carry a third of the

nation's traffic, and are slated to receive \$8.7 billion in graduated increases by FY 1986. The Act stipulates that at least 40 percent of this money be used for reconstruction and repair projects, the same being true for Secondary (rural) and Urban System funds.

State and community highway safety grants, safety research and development grants, and the safety construction programs — rail-highways crossing improvements and elimination of hazards — will remain at current levels.

In all, the bill increases Highway Trust Fund authorizations from \$8.5 billion in FY 1982 to a minimum of \$15 billion by

## FY 1986. MASS TRANSIT ACCOUNT ESTABLISHED

The Act establishes a Mass Transit Account within the Highway Trust Fund to bank one-ninth of motor fuel tax receipts (the penny per gallon reserved for transit). This is mass transit's first dedicated revenue source in history.

In FY 1983, about \$779 million from that account will be available in block grants for capital purposes, i.e., construction, repairs and equipment purchases. The grant formula favors urban areas of over 200,000 population.

After FY 1983, the estimated \$1.1 billion a year going into the account from

fuel taxes will be available for transit capital projects at the discretion of the U.S. Secretary of Transportation. Labor intensive project emphasizing rapid implementation will receive priority.

## PAYING FOR THE PROGRAM

Congress raised the federal motor fuel tax from four to nine cents a gallon in order to pay for the expanded transportation program — the first such increase since 1959. Some highway user charges are eliminated, while others will be increased.

Congress established a Minimum Allocation Fund to ensure that each state receives a return of at least 85 percent of the revenue it

contributes to the Highway Trust Fund. A temporary advance of federal money to help states that can't raise matching funds is made available this fiscal year.

The Act also extends the federal Highway Trust Fund and its modified taxes through September 30, 1988. The Trust Fund and its fees, which bankroll federal highway programs, were set to expire in 1984.

The nickel increase in the federal motor fuel tax, of course, received the widest attention during Congressional debates. The new tax on gasoline and diesel fuel will begin on April 1, although their effect on prices at the pump in a competitive market is uncertain. Gasohol, previously exempt from all federal motor fuel charges, will be taxed at four cents a gallon through 1992.

What this means for the average motorist is an additional \$30 in costs a year.

On January 1, 1984, federal taxes on tread rubber and inner tubes will be repealed, as will taxes on tires weighing less than 40 lbs. — including those on most passenger cars. In their place is a new tax structure on heavy tires, ranging from 15 cents a

pound to 90 cents a pound, depending on weight.

The Act immediately repeals federal charges on lubricating oil and truck parts; but increases the tax on new truck and trailer sales by 20 percent, effective April 1. The heavy vehicle use fee for trucks and trailers is converted to a graduated tax and applies only to vehicles over 33,000 lbs. It goes into effect on July 1, 1984. Increases in the rate for trucks over 55,000 lbs. GVW (gross vehicle weight) are scheduled in 1986, 1987, and 1988.

As a trade-off for these greater taxes, the Act mandates that states must accept federal truck size and weight limits and twin-trailer truck units on Interstate highways and selected Primary roads. These size limits are 48 feet for semi-trailers and 28 feet for double trailers; while the weight limit is 80,000 lbs. GVW.

The Highway Users Federation is a national, nonprofit coalition of 450 businesses, industries and associations promoting improved traffic safety and highway transportation efficiency.

## Bass Club Report

January to our county members means at least one good days catch guaranteed. That being a fine meal at our annual banquet. Friday the 17th will be the night we shall award our trophies for the 82 year. Our top 5 fishermen this year were as follows: Tommy Maynard 1st, Terry Wilson 2nd, Bobby Maynard 3rd, Will Johnson 4th and Herman Dunlow 5th. Our meal will be prepared by Oscar's Barbeque. Ceremonies shall begin at 7:30 p.m.

This month we did not hold our monthly tourney, but this doesn't mean you have to stop fishing. Bring those luner slips in at our next meeting Thursday, February the 3rd. Good Fishing.

## Stephenson Oil & Gas Files Permit To Drill Wildcat

Stephenson Oil & Gas Inc. of Eastland has filed for permit to drill a 1,450-foot wildcat two miles southwest of Romney in Eastland County's Mary Ann Clark Survey. The explorer will be known as the No. 1 Roane.

The operator has 25-acres under lease.

The No. 10 T.P. Simpson is slated to be drilled in the Hawk-Eye Field by Buck Wheat Resources Inc., operator from Eastland.

With projected total depth of 1,500 feet, it will be spudded in an 80-acre lease of the H&TC RR Survey, A-1310, 10 miles south of Cisco, in Eastland County.

A 4,050-foot oil or gas wildcat is planned by Hailey Energy Corp. of Abilene at a drillsite two miles east of Cisco, Eastland County. The location is in a 124-acre lease in the H&TC RR Co. Survey, Sec. 45, Blk. 3. Well's designation is the No. 1 Dill.

Hailey Energy Corp. has also staked location for the No. 1 Conner in Eastland County's Loyce Field. It is scheduled for 1,700 feet of hole making. The location is in a 42-acre lease in the ET RR Co. Survey, Sec. 6, Blk. 6, about one mile east of Eastland.

Blade Exploration of Ft. Worth has filed for permit to drill the No. 1 M.M. Young, a projected 4,000-foot wildcat for oil, four miles southwest of Eastland. The venture will be in a 40-acre lease in Eastland County's H&TC RR Co. Survey, Sec. 24, Blk. 3.

Location has been staked by Lance Oil of Abilene for a 1,300-foot Eastland County wildcat for oil. The explorer well will be known as the No. 1 Weathers. It is in a 2-acre lease in the H&TC RR Co. Survey, Sec. 65, Blk. 3, one mile southeast of Cisco.

Abilene-based Forum Energy Inc. has filed for permit to drill the No. 1 Hamilton No. 1, a wildcat for oil or gas to be located one mile south of Nimrod. With projected total depth of 1,500 feet, the well is in a 110-acre lease in Eastland County's H&TC RR Co. Survey, Sec. 113, Blk. 3.

A 1,500-foot wildcat is planned by Veale Land & Cattle Co. of Breckenridge at a drillsite seven miles southwest of Cisco, Eastland County. The location is in an 80-acre lease in the H&TC RR Co. Survey, Sec. 99, Blk. 3. Well's designation is the No. 1 Parks Lease.

Piper Energy Co. of Amarillo has filed for permit

to drill three wildcats in Eastland County. The No. 1-A Martin has an estimated drilling depth of 900 feet and is to be located in a 40-acre lease, about five miles south of Carbon in the George Robinson Survey, Sec. 34.

The No. 2 Martin is in a 40-acre lease of the Nugent Survey, about five miles south of Carbon. This oil or gas explorer has a projected drilling depth of 3,400 feet.

The No. 3 Martin is scheduled for 3,600 feet of hole making, five miles south of Carbon in a 40-acre lease of the R.W. Gage Survey.

Location has been staked by Pierce Western Oil of San Angelo for a 1,800-foot Eastland County wildcat. The explorer well will be known as the No. 1 Mesquite J.F. Taylor. It is in a 40-acre lease in the H&TC RR Co. Survey, A-1483, seven miles south of Cisco.

EnRe Corp. of Cisco has revealed plans to drill a 4,200-foot developmental well in the DRS Field. The operator has 640-acre leased, with drillsite in Eastland County's SPRR Survey, Sec. 493 and has designated the venture as the No. 7 Mitcham Estate "H". Drillsite is 10 miles northwest of Cisco.

Location has been staked by Nimrod Operating Co. of Cisco for a 1,500-foot developmental probe in Eastland County's Hawk-Eye Field, three miles southwest of Romney. The well is designated as the No. 4 Isenbach. Drillsite will be in a 159-acre lease in the H&TC Survey A-1999.

Leslie Oil & Gas Inc. of Columbus, Ohio has filed for permit to drill the No. 4 & 6 Powell, two projected 2,000-foot wildcats for oil or gas, eight miles south of Cisco. The ventures will be in a 40-acre lease in Eastland County's H&TC RR Co. Survey, A-1559.

Flowing at the rate of 36 barrels of oil per day, the No. 1 Fambro Land and Cattle Co. "C" has been completed in the Stephens County Regular Field by McBride Production Co., operator from Wichita Falls.

Located 11 miles southeast of Breckenridge, the well is

in an 80-acre lease block of Stephens County's Blind Asylum Survey.

The well was tested on an 8/64 choke and showed flowing tubing pressure of 250 PSI.

The well was drilled to a total depth of 4,360 feet, after entering the pay structure of 2,131 feet. It will produce from a perforated interval of 2,131 to 2,143 feet into the wellbore.

Whitt Operating Co. of Moran has posted first production figures for a successful gas well in Stephens County, about eight miles south of Breckenridge. The wildcat flowed at the rate of

774,000 CF of gas per day on a 1.25-inch choke. It was given a 2,000,000 CFD rating on absolute open flow.

The well bottomed at 4,261 feet and will produce from perforations 2,362 to 2,364 feet into the hole. Drillsite was in a 100-acre lease in the TE&L Survey.

VLM, operating out of Knox City, has recorded a successful developmental well in the Stephens Regular Field. It is the No. 1 O.J. Cooper, showing potential for 18 barrels of oil per day on an open choke.

Drillsite was in a 320-acre lease in the T&P Survey,

four miles north of Necessity, in Stephens County.

The well was drilled to a total 2,399 foot bottom, after entering the pay strata at 2,180 feet. It was perforated to produce from an interval 2,180 to 2,186 feet into the hole.

Union Hill Drilling Co. of Weatherford has staked location for a 1,400-ft. Palo Pinto County wildcat two miles southeast of Metcalf Gap. The explorer well will be known as the No. 1 Cox. It is aimed at either gas or oil production. The operation will be in a 200-acre lease in Palo Pinto County's T&PRR Survey.

Flowing 476,000 CF gas per day on a .375-in. choke, the No. 2 Irsfeld et al has been brought on line in Palo Pinto County as a wildcat success for the McMillan Operating Co. of Abilene.

The explorer well was rated at 520,000 CFD on absolute open flow. It was drilled to 4,040-ft. bottom. The production interval will be perforations 3,822 to 3,844 feet into the hole.

Location was in a 220-acre lease in the T&PRR Survey,

nine miles southwest of the town of Palo Pinto.

Weatherford-based RAW Energy Corp. has filed for permit to drill a 4,700-ft. Palo Pinto County wildcat for oil or gas pay, two miles southeast of Mineral Wells. It will be known as the No. 1 Sturdivant-Dunaway. It will be located in an 84-acre lease in Palo Pinto County's Richard Starr Survey.

Operating out of Fort Worth, M.O. Rife Jr. has posted initial production data for the No. 9 Florence Green, a new oil producer in the Palo Pinto Regular Field. The Green well is located one mile west of Grafrod.

It pumped at the rate of 18 barrels of oil per day from a production interval 1,360 to 1,368 feet into the wellbore. Total drilling depth was 1,418. The operation is in a 320-acre unit in the TE&L Survey.

## Changes For LP Gas Division Listed

AUSTIN--The Railroad Commission has repealed a rule that in effect required consumers with leased LP-gas storage vessels to have the tanks filled by the LP-gas dealer who owns the tank.

The rule said that "containers shall be filled only upon the authorization of the owner of the container."

In recommending that the Commission repeal the rule,

members of the RRC Liquefied Petroleum Gas Division said that repeal will remove the Commission from "matters of private contractual concern which in no way effect safety" and noted that LP-gas installations should be inspected each time they are serviced by a dealer. "Familiarity with a particular LP-gas facility does not necessarily mean that a dealer is aware of a hazard without ongoing inspection of the facility," they added.

The Commission amended another LP-gas rule to upgrade construction and labeling of LP-gas hoses. The hoses must be designed for a working pressure of 350 pounds per square inch gauge and a bursting pressure of 1,750 psig. Previously, a 125 psig working pressure and a 1,250 psig bursting pressure were required.

The change also requires that the name or marking for the manufacturer appear with the words "LP-gas" or "LPG" on the hose.

In Texas, the Railroad Commission's Liquefied Petroleum Gas Division regulates the safe handling of LP-gas.

### Many Good And Sincere Individuals

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

## Real Estate Consumer

The Real Estate Consumer is brought to you as a public service by this newspaper and the Texas Real Estate Research Center. Address inquiries to: The Real Estate Consumer, Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843.

If you are planning to sell your home, maybe you should consider these seven questions before you show it to prospective buyers.

1. What date are you planning to move?
2. Why are you selling?
3. How old is the house and who built it?
4. Have you maintained records of utility expenses, maintenance costs, and annual taxes?
5. How is the house insulated?
6. Do you plan to include draperies, appliances and other items in the sale?
7. Have you made recent improvements or additions, such as new appliances or a ceiling fan?

Prospective buyers frequently ask these questions, and any information that may be helpful to the sale should be available to them. Your broker can advise you on other methods of improving the sales potential of your home.

### NEGOTIATING THE PURCHASE PRICE

Now that you have found a house that suits your needs, your next step is to buy it at the lowest possible price.

Before you start negotiating with the seller, find out the estimated market value of the house. A professional appraiser can provide this information or a broker can provide an estimate based on a market analysis.

At this point, you can decide how much you are willing to pay for the house and begin negotiations. You will probably want to start

See M.H. Perry for SOUTHLAND LIFE INSURANCE 629-1556 or 629-1095 104 N. Lamar-Eastland

with an offer that is lower than the actual value.

If you are lucky, the owner will accept this offer, but more likely the owner will make a counter offer somewhat below the initial asking price. Hopefully, this process of offer and counter-offer will continue until a price is reached that satisfies both you and the seller.

Remember, do not let your desire to own the house lead you to a hasty decision to pay more than you have to.

### DON'T NEGLECT THE CLOSET

When you plan your home, don't neglect the closets.

Reach-in closets are more efficient than walk-in closets. According to Federal Housing and Administration standards, the minimum size for reach-in closets is two feet deep by four feet wide. Walk-in closets require two feet for each row of clothes and 26 inches of open floor space for passage.

Rods may be arranged at different heights for more efficient use of closet space. Shelves should be two to three inches above rods for hanger clearance.

The choice of doors depends on the ease of opera-

tion and door projection or swing. Louvered doors are recommended for closets on outside walls where moisture condensation is most likely to occur. Multi-fold doors make the entire width of the closet opening accessible.

Remember, by-pass sliding doors always block part of the opening, and swing doors need space to swing.

### A STATE OF URBAN DWELLERS

Texas is a state of urban and metropolitan residents.

A total of 11.3 million persons lived in 25 standard metropolitan statistical areas in 1980. SMSAs had nearly 80 percent of the state's population.

This is a slightly higher proportion than the nation as a whole. But unlike the rest of the nation, metropolitan areas in Texas still grew faster than nonmetropolitan areas in the 1970s.

While population growth still is booming in most metropolitan areas, the number of residents in urban and suburban fringes is increasing much faster than the number of central cities for which SMSAs are named.

The number of Texans living in urban areas increased by 2.4 million between 1970

and 1980 while the urban population grew by 625,000.

But the decline in rural population between 1940 and 1970 has been reversed, and rural towns are gaining population too.

### PROPERTY RIGHTS AND A FREE SOCIETY

Enforceable laws governing a person's right to own and control property serve to protect the public and form the foundation for a free society.

A legal system of private property rights protects an owner's legal claim to property and grants the owner authority over that property. When subjected to a capricious government, an

individual may find difficulty protecting private property.

A legal system which guarantees rights to individuals with a just claim to property protects the ordinary citizen from such arbitrary force. Through deed records, this system also informs other people of the owner's claim to land, a house or other property.

In a free society, a system of private property rights and laws is necessary for the development of markets and for the exchange of legal claims and authority associated with property ownership.

For commercial use only. One to five acres with I-20 frontage.

# Texas To Get New State Park

Would you like to go to a State Park only a few people have visited? Texas has a brand-new place called Caprock Canyon Park, in Briscoe County, near Quitaque.

Caprock Canyon opened for use by the public last August, but a formal opening will be held when all work in the Park has been completed.

The Park is in a little-known and not particularly visited area, where farming and ranching are generally

the way of life. Silverton is the County Seat of Briscoe County, and is larger in population than Quitaque.

Most of the County lies south of the Prairie Dog Town fork of the Red River. The 13,960 acre Park is located off State Highway 86, and is named after the rugged caprock. In that country the terrain drops down from the Panhandle-South Plains flatlands, forming a vast network of rocky canyons and arroyos.

The land for the Park was

purchased by the Texas Parks and Wildlife Department in 1975. Facilities to be available include 35 campsites, 45 picnic sites, hiking trails, swimming areas on the 100 acre lake, boat ramp, fishing pier, day-use group picnic pavilion, scenic drive and trailer dump station.

Eastland County people will be amazed at the small size of the Lake, which could be dropped in Lake Leon without making much of a splash. Officials say a boat speed limit of five mi. per hr.

will be enforced because of the limited size of the Lake.

The Park site is populated with the variety of wildlife species, with the most unusual being a large

number of exotic aoudad (Barbary) sheep.

It is also in an area once frequented by the Comanche Indian, and remains of camp sites are found where water

was available. This area should appeal to persons to enjoy a rugged sort of beauty, and want a place to visit which is far from heavily populated cities.

## Lone Star Gas

### Getting Set For Winter

DALLAS-Texas and Oklahoma residents have already gotten a taste of cold weather, but Lone Star Gas Company's residential customers can anticipate clean, reliable gas heat even on the coldest days of the

winter season. "We don't foresee an exceptionally long, cold winter this year," says Jack Cole, Lone Star's chief gas controller. "We anticipate a relatively normal winter, and we base that opinion on forecasts

from the National Weather Service."

During the spring and fall when little gas heating or air conditioning is normally required, Lone Star injects large volumes of gas into the company's nine active storage facilities located near Athens, San Angelo, Denton, Hamilton, Cisco and Wichita Falls. On cold winter days when customer demand for natural gas is high, Lone Star supplements gas coming directly from wells with the stored gas.

During the coldest weather of the winter, gas service to certain large industrial and electric generation customers is expected to be curtailed according to contracts under which they receive the service.

Cole explains, "This is because the Lone Star pipeline network is designed to carry less than a peak-day load. Designing the system to meet the maximum peak day load, which only occurs a few days per year, would be like building a church large enough to handle the Easter Sunday congregation. The cost would be too high and would cause rates to increase."

"Industrial gas users and electric generation plants sign a contract with Lone Star which states that their fuel may be cut back on a predetermined schedule during high customer demand periods," Cole says. "By cutting back gas to those customers, Lone Star's curtailment program protects our human-needs customers."

Many industrial and electric generation customers have an alternate fuel supply available for use during curtailment periods.

The utility's curtailment procedures were approved by the Railroad Commission of Texas in 1973, and are essentially the same as used to provided dependable service to high priority customers for well over 35 years.

See M.H. Perry for EDUCATIONAL INSURANCE 629-1556 or 629-1095 104 N. Lamar-Eastland

### Ready For Winter

Lone Star Gas Company's gas control center in Dallas monitors pipeline pressures and natural gas consumption throughout the company's service area in Texas and southern Oklahoma. Gas controllers, who staff the center twenty-four hours a day, constantly read the system to insure a proper balance of gas supply with customer demand. Here, senior gas controller Winston Burks is checking main line pressure on the telemeter board in the center. The telemeters tell the controller the main line pressure levels and indicate if sufficient pressure is on-line to supply the system with the gas necessary to meet current demand.

## Making Use of Personal Time

COLLEGE STATION--Many working women with families find the responsibilities of job and family leave them very little time to relax.

"Consequently, these women risk physical and emotional well-being and problems at home and work," says Diane Welch, family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Studies show that women working outside the home sacrifice about 14 hours of leisure time each week. So how does a working mother balance responsibilities and still have free time?

Here are some suggestions from Welch which should allow for free time and help one to maintain an equilibrium between responsibilities and leisure.

"Develop time management skills to increase free time," she suggests. "Analyze routines and better organize days by setting reasonable goals, jotting down appointment times and making lists to help remember details."

Use a "family calendar" and post notices to help remind others of responsibilities and decisions related to household tasks.

"Plan for shopping needs in advance, buy in quantity when possible, utilize mail orders when financially advantageous and concentrate on shopping in areas convenient to home and/or work," Welch suggests.

Schedule family, personal and health care services in advance, she says, then place them on the family calendar. This allows for cancellation and rescheduling if necessary.

"Plan time for exercise and recreation and do each consistently," she continues. "Such activity can also involve family and friends."

Use resources and experiences to help develop management skills, she says. Concentrate on topics such as time and/or money management, food preparation, interpersonal com-

munication and record-keeping.

"Encourage other family members to plan their extracurricular activities together to avoid 'family overload' and more obligations than family members can successfully handle," Welch comments.

Learn to recognize personal signs of stress and use stress reducers to relieve tension, she adds.

Find a brief period each day to "get away from it all" as a technique for reducing daily stress. Whether it's reading, listening to music, meditating, enjoying nature or just being alone, each person's physical, emotional, intellectual and spiritual energies can be recharged, Welch notes.

"With many demand for both work and family, fin-

ding 'personal time' isn't always easy, but in the long run being happy and relaxed will benefit everyone," Welch adds.

## Carbon School Enters Spelling Bee

Carbon School, in 1983 just as in 1982, is the only Eastland County School participating in the National Spelling Bee Program for Grade School children. Mrs. Jenoise Allison, a Carbon teacher, will be Director of the local students.

The National Spelling Bee Program is sponsored nationally by the Scripps-Howard Newspapers and locally by the Ft. Worth Star Telegram. Jim Gambrell of the Star Telegram will direct the Program in this area.

In 1982 11 yr. old Shannon Bond, in the 6th grade at Carbon, was one of the finalists at the Star Telegram Bee in Ft. Worth. He found it so interesting that he is working hard for the competition again this year.

Last year Carbon had five students in the competition, and this year there will be about twice that many, according to Jenoise Allison.

Jim Gambrell will be in Carbon before Mar. 12 to supervise the Bee which determines the winning students from this area. The winner will compete in a Championship Spelling Bee at the Hilton Hotel, Ft. Worth on April 5. The winner in the Championship Bee will attend the National Spelling Bee, which is held in Washington, D.C. on June 6, 1983.

The purpose for this contest, according to the Star Telegram are to help students improve their spelling ability, increase their vocabulary, and develop correct English usage.

Many prizes are awarded to encourage the students to enter: Special inscribed "Champion" pens and certificates for School Bee Winners, and plaques for the Area Winners. Winners in Ft. Worth will receive trophies, cash, dictionaries, T shirts, sets of the Encyclopedia Britannica, and other awards. The first place winner will receive an all-expense paid trip (with one parent) to the National Spelling Bee in June.

In Washington there will be a number of awards: \$1,000 cash, other cash prizes reaching as high as \$500.00, a Loving Cup, and assorted valuable things.

"This is the most interesting competition," states Mrs. Allison. "Even those who do not get one of the valuable prizes learn so much from this contest that they are bound to benefit. So you can say there are no losers in this - only winners."

Shannon Bond  
6th Grade

# Insurance Official Calls Self-Insurance A Gamble

"A farmer's decision to 'self-insure' against possible crop losses can have tragic financial results," according to Ardell M. Kalmbach, District Director of Federal Crop Insurance Corporation. "Some farmers feel that if they've survived in the past without insurance on their crops, they can survive in the future without it. They neglect to take into account that a crop loss today is likely to have far more serious economic consequences than a similar loss as recently as four or five years ago."

"There's also a tendency to think that it's possible to come out even or perhaps ahead over the long run by not paying an annual insurance premium. The fact,

however, is that farmers who carry insurance are far better protected than those who, in effect, 'self-insure,'" Kalmbach says. The insurance official gives five major reasons:

First, Federal Crop Insurance policies provide continuing protection; "self-insurance" doesn't. Once personal savings earmarked for a poor crop year have been spent, the farmer is left without protection against the possibility of subsequent losses.

Second, crop losses not covered by insurance represent a permanent loss of investment capital which could otherwise be employed to produce income during future good crop years.

Third, a farmer's ability to borrow money can be significantly weakened when a loss of crop investment capital results in a reduction in his net worth. This can become a major problem if additional debt incurred to

pay past expenses reduces his ability to borrow for future production expenses. In contrast, if crop losses are covered by insurance, his net worth and ability to borrow should remain unchanged.

Fourth, when a farmer "self-insures," the financial impact of crop loss inevitably occurs in a year when he can least afford it. Federal Crop Insurance premiums, on the other hand, are spread over the larger number of good years and can be paid out of crop proceeds. As a result, farmers who manage their

risk by carrying insurance can do a better job of long-range financial planning.

Fifth, Federal Crop Insurance is less expensive. The Federal Government currently pays up to 30 percent of the premium cost. Kalmbach reports that, for 1983, Federal Crop Insurance policies are available in Eastland County on corn, peanuts, cotton, and grain sorghum. The insurance is sold and serviced by private agents who have qualified for FCIC Certification. A list of local agents is available by calling 1-800-447-4709.

## Lt. Governor Appoints Glasgow To Committees

AUSTIN--Lieutenant Governor Bill Hobby announced at the opening of the

68th Legislative Session that he is appointing State Senator Bob Glasgow as vice chairman of the Economic Development Committee, and as a member of the Finance Committee and the Jurisprudence Committee.

"I am pleased to be able to call on Senator Glasgow's experience and knowledge in this session of the Legislature to help on these important committees," Hobby said of the appointments.

Glasgow, from Stephenville, served as a member of the Economic Development Committee, the Human Resources Committee and the Jurisprudence Committee in the 67th Legislative Session.

## H & R BLOCK HAS 1040A's INSTANTLY PROCESSED PRICES START AT \$7.50

H & R BLOCK fights inflation. Again this year, short form (1040A) prices are starting at only \$7.50 which includes the full Block guarantee. In addition the 1040A form will be instantly processed, so you will only have one visit to H & R Block. All you will need to do is sign and mail it, to get your refund.

Block has never charged on the basis of income or the size of the refund, but solely upon the return's complexity. THE AVERAGE CHARGE last year for all returns in the Dallas area was less than \$40.00. Skilled preparers conduct personal interviews to be certain that every legal deduction to which the

customer is entitled will be uncovered. Often taxpayers are short changed when they simply file the form they received in the mail from the government.

All types of tax returns are done by H & R Block. This includes the Federal 1040A, 1040, state returns, complex corporations and foreign tax income and preparation.

H & R Block has 2 conveniently located offices to serve you.

# Peanut Farming Is Becoming Less 'Typical'

COLLEGE STATION--With changing economic conditions, peanut production is likely to become less "typical" as the "belt-tightening" process continues for farmers. Peanut producers, in striving to realize profits, will identify and adopt new least-cost production systems which will probably include various crop rotations. Now that inflation has been curbed considerably,

farmers can count on more stable input prices. However, they must still put emphasis on reducing production costs, say Dr. Ashley Lovell of Stephenville and Jose Pena of Uvalde, economists with the Texas Agricultural Extension Service, Texas A&M University System. "Farmers need to continue to work toward keeping yields up at less cost," note the economists. "This means

selecting cost-efficient combinations of labor, machinery, fertilizer and pesticides. In addition, farmers must realize that the most profitable yields are usually not the highest." Lovell expects 1983 peanut production costs to change little from 1982 for the traditional peanut production system. "The odds are good that the 1983 breakeven price per pound required to cover all costs will be below last

year's actual breakeven price," he notes. For dryland production in the Texas Cross Timbers regions, Lovell estimates the breakeven price per pound for Spanish peanuts at 24 cents (with a yield of 1,200

pounds per acre) and for runner peanuts at 18 cents (with a yield of 1,566 pound per acre). Total costs are estimated at \$281 per acre for the Spanish peanuts and \$283 for the runner type. For irrigated production in

that region, the breakeven price per pound is estimated at 22 cents for Spanish types (with a yield of 2,250 pounds per acre) and at 19 cents for the runners (with a yield of 2,727 pounds per acre). Total costs should be about \$504

per acre for the Spanish peanuts and \$526 for the runners. For the Edwards Aquifer region, Pena's estimates show a breakeven price per pound for irrigated Spanish

peanuts at 21 cents (with a yield of 2,750 pounds) and for dryland Spanish types at 28 cents (with a yield of 1,250 pounds). Total costs are projected at \$581 per acre for irrigated production and at \$355 for the dryland crop.

## Stenholm Calls PIK The Only Game In Town

WASHINGTON, D.C.—Congressman Charles W. Stenholm (D-Texas) called the recently-announced Payment In Kind (PIK) program "the only game in town" and said it offers a chance to reduce surplus commodities while cutting government costs.

"I have, however, several questions about whether or not the program contains sufficient incentive to get the necessary participation," Stenholm, a member of the House Agriculture Committee, commented.

"Farmers themselves will determine the success or failure of the PIK program," Stenholm said. "And that's as it should be. Each individual farmer needs to put pencil to paper and see how PIK fits his operation. But if we do get high participation,

I believe the program could be helpful."

Stenholm said a successful PIK program could not only help farmers by reducing the surplus, but also reduce federal outlays for farm price and income support programs.

"We have a problem of oversupply in agriculture," he continued, "and we have a budget problem. Now, how do we deal with those two problems?"

"Our options are limited," he said. "Yes, all of us have somewhat different ideas about what the best course for farm policy should be—I certainly do. But we must do something for the 1983 crop and for the moment, PIK is all that is available. I want to stress that it isn't long-term answer; it treats a symptom rather than the disease. But if we don't treat those symptoms, I question whether the patient will survive."

Basically, the PIK program provides that farmers who are already participating in the 1983 reduced

acreage program (RAP) may set aside up to 30 percent of their base acreage. In return, farmers would be compensated "in kind" with government- or farmer-held stocks of the commodity they raise.

The compensation would

be at a certain percentage of the program yield for that farm. This payment rate is 80 percent for corn, sorghum, rice and upland cotton, and 95 percent for wheat. The USDA has said the higher rate for what is necessary because of the higher costs already in-

vested in winter wheat. Farmers who have questions about the PIK program may want to call a toll-free number, 800/368-5942, which USDA has set up to answer producers' inquiries. The number is open for calls between 7 a.m. and 7 p.m. CST.

## Oil & Gas Division Reports On Texas Refinery Operations

refinery operations. Inputs of crude oil and blends totaled 131,596,343 barrels in August 1982.

Texas refineries ran 100,335,516 barrels of crude oil in September compared to 90,238,353 barrels in September 1981 and 100,753,083 barrels in August 1982.

Products manufactured in September 1982 totaled 131,592,361 barrels, up from 125,136,046 barrels in the same month the previous year, and down from the

134,105,497 barrels in August 1982.

September 1982 manufacture of motor gasoline totaled 55,308,718 barrels, compared to 53,800,566 barrels in the year-earlier month and 58,783,592 barrels in August of 1982.

Texas refineries manufactured 9,724,156 barrels of home heating oil in September 1982—an increase of 2,552,018 barrels from the year-earlier volume. August 1982 output was 7,842,197 barrels.

**DON'T THROW ANYTHING AWAY**

Do you have the responsibility of selling someone's personal property? Don't throw anything away before you talk to me. In just a few minutes I can look at the items in the home and help you find the saleable items that many people overlook, or even throw away. Be safe instead of sorry and call me now. There's no obligation on your part. It's just part of the complete service that I can provide for you.

My experience helps me spot the "sleepers" that you might miss. Once common items are now avidly sought by collectors and dealers. They might not have been worth much a few years ago but they can be worth a lot of dollars now.

Old timers used to say "don't throw out the baby with the wash water" and I say "don't throw out the dollars with the trash." And remember, when it comes to buying or selling AUCTION'S BEST

State Capital Highlights

# Lame Duck Appointments, State Revenues

AUSTIN—Amid the hail-fellow-well-met busting of opening day legislative ceremonies last week, House members almost unanimously voted Gib Lewis as speaker — and Texas senators pondered in back rooms whether to honor or reject Gov. Bill Clements' lame duck appointments.

And taking advantage of the waves of television crews that swarmed the Capitol, Comptroller Bob Bullock said state revenue estimates weren't up to snuff before announcing he would run for governor in four years.

Bullock's announcement, which came a week before Gov.-elect Mark White's inauguration, puts White between a rock and a hard place. One week before taking his oath, the conservative Democrat White found himself pressured by Clements' Republican forces from the right, and Bullock's

liberal Democrats from the left.

White did not have an easy week.

Clements had taunted him by naming several anti-White politicians to positions of power, including strong bosses John Connally and Billy Clayton and members of Clements' own staff, and then daring White to come up with the votes to bust them in the Senate.

**Bloody Fighting**

A handful of Democratic senators were maneuvering for the 16 necessary votes to reject all of Clements' appointees, so that White could replace them with his Democrats. Only 11 senators were needed to block any given appointment, and they claimed the votes were there, but a blanket rejection would avoid perhaps two weeks of bloody floor-fighting that could scar the Senate for months to come.

Meanwhile, Clements was saying the votes weren't there, that he would whip White on this issue, even as he departed the Governor's Mansion. White maintained silence publicly, but lobbied hard for the magic votes.

**New Beginning**

For his part, Lewis said he gets along very well with White, and then promised the House will investigate alleged expense voucher abuses by Houston Rep. Ron Wilson.

Even though the Travis County district attorney said his office found no basis for prosecuting Wilson, the new speaker said the House will continue the probe into the case.

Wilson's committee budget was overspent by some \$9,000 last year, largely because of some \$17,000 in expenses claimed by Wilson. Phone records revealed that

D-Dallas, who opposed Lewis for the speakership, criticized the action as weakening the limited seniority system that was enacted following the Sharpstown Scandals to weaken the power of the speaker.

**No Competition**

In the House, members elected Gib Lewis, D-Fort Worth, as the new speaker by a vote of 144-2. The almost unanimous election was the highest vote total in anyone's memory, and left Lewis as the first urban speaker in more than 30 years.

House members immediately voted to give Lewis broader powers, including handpicking all members of the Appropriations Committee and the prerogative of firing committee chairmen and vice chairmen.

State Rep. Carlyle Smith,

while Wilson was claiming travel expenses to Austin, his telephone credit card was used to charge calls from other cities.

Although he represents a Houston district, Wilson lives in Austin, where he attends law school.

**Ten Face Gramm**

The controversial Bryan Congressman Phil Gramm, who switched political parties and resigned his seat to deliberately set up a special election to his advantage, now finds himself facing nine Democrats and a Libertarian in what was supposed to be an easy battle.

State Democratic Party Chairman Bob Slagle, meanwhile, may have really hampered Gramm's plan for a short election by focusing on a legal technicality that might extend the election's duration, giving Gramm's opponents more time to raise money against his already-filled war chest.

# Southwestern Exposition And Fat Stock Show Set

Fort Worth - A record purse of \$11,400 will be available for the Invitational Ranch Girls Barrel Race held during the 87th annual Southwestern Exposition and Fat Stock Show Rodeo, January 26 through February 6 at the Will Rogers Coliseum.

This year's barrel race, a part of the exposition's Horse Show Department, will feature 104 top cowgirls from around the country. The riders will compete in two go-rounds with the best progressing to a championship finals.

Candy Hale of Ranger, who is being sponsored by

**Moran News**  
By  
**Mrs. Luke Huskey**

Mr. and Mrs. W.W. Moore accompanied Mr. and Mrs. C.D. Moore of Breckenridge to Oklahoma, last Tuesday where they visited Mr. and Mrs. D.T. Moore. D.T. Moore is a brother of W.W. Moore and a cousin of C.D. Moore.

Visiting Mr. and Mrs. L.C. Kays last week were his sisters and husbands, Mr. and Mrs. Pete Page of Moorewood, Okla., Mrs. Nell Sutton of Clinton, Okla., and Mr. and Mrs. Earl McFarlin of Homer, Nebraska.

Mrs. Kenneth McKinney is visiting their children, Mr. and Mrs. Kenny McKinney in Fort Worth and Pat McKinney in Dallas this week.

Mrs. Carroll Loudder is receiving treatment in the Albany Hospital, after being involved in a car-truck wreck Friday afternoon. She did not receive any broken bones.

Mrs. Rollin Fuller is receiving treatment in the Albany Hospital.

Miss Margie English is receiving treatment in the Albany Hospital, after having slipped on some gravel and fell. She did not receive any broken bones, just bruises.

**MUSICAL**  
Remember the Moran Country Musical, Friday night, Jan. 28, 1983. This is the first musical for the new year. All area musicians are invited to attend. A concession stand will be open. Come and enjoy an evening of music, fellowship and entertainment.

Rocking H Ranch in Merriam, is among those who will participate in the race.

Since 1955, the show's invitational policy calls for only the outstanding ranch girls to be involved in the barrel race. The show's Barrel Race Committee meets

## Blackwood Brothers Crusade Is Set Jan. 20 In Weatherford

A Blackwood Brothers Crusade will be held at the Church of God Tabernacle at their State Campus at Weatherford, Texas on January 20, 1983 at 7:00 p.m.

A Blackwood Brothers Crusade provides a unique and enjoyable experience in the Spirit of the Lord. For years, the Blackwood

each summer to determine who will be invited. Invitations are mailed and the first 104 returned are chosen.

During each Stock Show Rodeo performance, entrants run their horses in a given cloverleaf pattern around three barrels set in

the Coliseum arena. Low times, in hundredths of a second, decide the winners.

Contestants are sponsored by a local chamber of commerce, civic group or working ranch. The ladies wear colorful western clothing which adds to the excitement

and color of the race. The Stock Show Rodeo ticket office in the Coliseum lobby is open daily, including Sunday, from 9 a.m. until 5 p.m. Mail orders are being

taken at P.O. Box 150, Fort Worth, Texas 76101. Tickets are \$8 each for night and weekend performances and \$6 for Monday through Friday 2 p.m. matinees. Mail

orders should include \$1 extra per order for return postage and handling. Special rodeo entertainer at this year's Rodeo will be Jerry Clower of the Grand

Ole Opry, who tells humorous stories that appeal to the entire family. He says the tales relate "what happened or almost happened" to him.

The Cisco Press Thursday, January 20, 1983

## Let's talk.

Information about your changing telephone service from Bob Cox, Community Relations Manager.

### Changes in Telecommunications — Today

The new year brings with it the first signs of changes in the way we do business with you.

These changes are the result of a ruling by the Federal Communications Commission to introduce more competition into our industry. The ruling went into effect January 1.

For most customers, the changes will have little impact. In fact, you probably won't be affected immediately unless you move, disconnect or change your service in some way.

If you plan to alter your phone service, here are some areas of change you should know about.

#### Bell PhoneCenters

Bell PhoneCenters are no longer a part of Southwestern Bell. Now the Southwestern Bell business office is the place to call for starting, stopping, moving or changing your service. The number is listed in the front of your phone directory.

#### Telephones

Southwestern Bell will continue to lease phones to our customers. However, during this year, we will not be permitted to add new phones to our inventory.

When you order phones from us, we will direct you to the nearest

Southwestern Bell Service Center to pick up your telephones. If you cannot go to the Center, we will deliver the phones. There will be a charge for this service.

Business customers with a single line or two lines with non-key equipment can pick up telephones from these Centers, too.

#### Repair Service

We will continue to repair Southwestern Bell phones as always. If you have trouble with your phone, you still should call the repair service number listed in the front of your phone book. If the problem is in your Southwestern Bell set, we'll direct you to a Service Center where you can pick up a replacement.

For more information about the changes, write me for a copy of our booklet, "Telecommunications in Transition." Address requests to: Transition Booklet, Southwestern Bell, P.O. Box 225265, Dallas, Texas 75265.

If you have any questions or comments to pass along, don't hesitate to contact me at the address below:

Bob Cox  
Southwestern Bell  
200 NE 1st Ave.  
Mineral Wells, Texas 76067

Southwestern Bell

The Cisco Press Thursday, January 20, 1983

## YOU MAY BE LOSING ENERGY DOLLARS UP YOUR CHIMNEY!

### How many times a year do you open and close your Fireplace damper?

Many people leave it open all the time — so it's always ready when they build a fire in the fireplace. A fireplace damper that's always open is allowing winter heat and summer air conditioning to leave through the chimney in a continuous flowing stream. And with that loss of conditioned air goes higher electric bills. Be sure to close your fireplace damper when not in use.

A fireplace screen can help to save a lot of Energy too! With your damper closed, when not in use, and with an air-tight glass screen in front of your fireplace you can keep ENERGY DOLLARS from escaping up the chimney.

Remember REDDY Supplies the energy — but only YOU can use it wisely!

# Open an IRA at Olney Savings and make a brilliant deduction.

This year, when you open or add to your Olney Savings Individual Retirement Account, you can receive a \$2000 deduction on your 1982 income tax return. We think that's brilliant. And we think you deserve it.

Whether you're a rancher, farmer, small business owner, doctor, lawyer or whatever, you can benefit from an IRA. Even if you already have a retirement plan where you work, you're still eligible for an IRA.

And you won't have to pay income taxes on the money you invest or on the interest it earns until you retire (when you'll be in a much lower tax bracket). So, come see us soon. Or call and we'll come see you. We'll answer all your brilliant questions about an IRA.

**Putnam News**

By Mrs. R.B. Taylor

We are still having ideal weather. The only bad thing about it is that the fruit trees may start to bud out. However it was below freezing yesterday. We will have more winter yet- maybe in March and April. Laverne Rutherford would

like to announce that the committee for the Putnam Homecoming will meet at the Putnam Community Center, on Saturday morning Jan. 22, at 9:30 a.m. They urge every one who is interested in the homecoming to be present at this meeting as topics of great interest must be discussed.

The present officers of the association are Butch Petty, president, Mari Lewis, vice-president, and Laverne Rutherford, secretary-

treasurer. Please come to the meeting.

We are sorry to learn that Mrs. Ollie Burnam is still a patient at Cisco Hospital. Hopefully she will be able to come home in a few days. Also Mr. Neal Moore of Cisco has been very ill at Cisco Hospital. Mr. Moore grew up at Putnam.

Mr. Travis Crutchfield of Cisco filled the pulpit at the Putnam Baptist Church last Sunday. This Sunday was the last Sunday for the pastor Rev. Henry Rhymes to be here. He has accepted the pastorage at Blackwell. We are sorry indeed to lose the Rhymes-but our loss is Blackwell's gain. We wish

them God speed in their new undertaking.

Mr. Bud Fleming and Mrs. Annie Mae Dunaway both celebrated birthdays this week. Some youngsters and friends of Annie Mae honored her with a weiner roast and a birthday cake at the City Park, Saturday afternoon. About 25 enjoyed the occasion with Annie Mae and Melton.

Mrs. Annie Merle McGowen of Sherman spent this week with her sister, Mrs. Maggie Cook, and her aunts, Mrs. Naomi Heysler and Mrs. Bonnie Farmer of Baird.

Mr. Jobie Jobe and Mr. Earl Sunderman of Fort

Worth were visiting friends in Putnam Monday.

James and Estelle Clark of Fort Worth visited Mrs. Mary Wagley and other friends at Putnam Friday.

Michelle Rish and friend of Abilene visited Billy Wayley, Thursday.

Mrs. Bill Anderson of Midland visited her mother Mrs. Free at the Nursing Home at Baird Sunday. Mrs. Anderson was the former Lena Free.

The Womans Study Club of Putnam met at the community Center Monday, January 10. Nine members were present. Mrs. Melton Donaway was a guest. Mary King gave an interesting article on the sewing machine. Mrs. Ida Mae Waddle, president, presided at a business meeting. Hostesses were Mrs. Taylor, Mrs. Waddell and Mrs. Fred Heysler. Others present were Mrs. John Petty, Ivie Clinton Weathermon and Isenhower King.

Mr. and Mrs. John Petty of Brownwood were visiting friends at Putnam Monday.

**Weddings**

MRS. WILLIAM JAMES ELROD JR.

victorian neckline and long puffed sleeves. The skirt extended to a full length chapel train with point 'di esprit lace. The bride wore an old-fashioned hat covered in point 'di esprit lace with a knee length veil. She presented each mother with a long stem pink rose. She carried a cascade of pink roses and white carnations.

Miss Rhonda Elrod, sister of the groom, served as maid of honor. She wore a pink pastel mesh blouse trimmed in lace with a long flowing pink satin skirt. She carried a bouquet of pink and burgandy carnations. Miss Kelly Mouser, friend of the bride, served as flower girl. She wore a long pink pastel mesh dress. She carried a basket of pink carnations with baby's breath.

Anthony Elrod, brother of the groom, served as ring bearer. He wore a burgundy tuxedo with pink ruffled shirt. Mike Sherman, friend of the groom, served as best man.

During the ceremony Debra Hitt sang "With This Ring I Thee Wed."

Robert Sherman and Tommy Elrod served as ushers.

The reception hosted by the bride's parents was held in the fellowship hall of the church immediately following the ceremony.

Sandra Nichols, friend of the bride, served as registrar. Cookie Sellers, sister-in-law, of the bride and Connie Lopez, cousin of bride, served at the bride's table. Dea Weeks, friend of the bride, served at the groom's table.

After a weekend trip to Dallas, the couple now resides at 400 West 6th in Cisco.

**Patricia Marie Sellers & William James Elrod Jr. Wed In Jan. 8 Ceremony**

Miss Patricia Marie (Patty) Sellers became the bride of William James (Jimmy) Elrod Jr. January 8th, 1983, in a double ring ceremony at the First Baptist Church in Cisco. Rev. Buddy Sipe officiated.

They wore gowns of pink taffeta.

Given in marriage by her father the bride wore a victorian style gown trimmed in point 'di esprit lace with a

**Pee Wee Basketball League Opens Season**

The highly organized Cisco Pee Wee Basketball League opened their season last Saturday with seven games being played at the gymnasium on the High School campus.

The highly competitive contests were enjoyed by all the participants as well as a supportive group of fans.

- League results were:
- 3rd-4th Girls: Rainbows 7, Fillies 2
  - 3rd-4th Boys: Rockets 4, Hawks 2; Nuggets 3, Kings 1
  - 5th-6th Girls: Diamonds 22, Stars 20; Queens 18, Angels 2
  - 5th-6th Boys: Lakers 5, Celtics 4; Knicks 16, 76'ers 8
- Games will continue for the next five consecutive Saturdays with the final round being played on February 19. Games scheduled for next Saturday, January 22, are:
- 3rd-4th Girls: 9:00 a.m. Fillies vs. Powder Puffs.
  - 3rd-4th Boys: 10:00 a.m. Rockets vs. Nuggets; 11:00 a.m. Hawks vs. Kings.
  - 5th-6th Girls: 12:00 p.m. Diamonds vs. Queens; 1:00 p.m. Stars vs. Angels.
  - 5th-6th Boys: 2:00 p.m. Celtics vs. Knicks; 3:00 p.m. Lakers vs. 76'ers.

**WORD of GOD**

**Parable of Jesus**

How think ye? if a man have a hundred sheep, and one of them be gone astray, doth he not leave the ninety and nine, and goeth into the mountains, and seeketh that which is gone astray?

And if so be that he find it, verily I say unto you, he rejoiceth more of that sheep, than of the ninety and nine which went not astray.

Even so it is not the will of your Father which is in heaven, that one of these little ones should perish.

**DON'T YOU** sometimes get a little frustrated with all the letters that come in the mail this time of the year that tell you that you may have won \$250,000 or a vacation home in Colorado or a Cadillac automobile or a trip to Hawaii?

You look through the envelope full of material. All you have to do is paste some stickers here and there. They tell you that you don't have to buy a magazine subscription to win but you wonder if they'll even read your entry if you don't.

If you throw the whole lot in the waste basket, you'll never know whether or not you won a prize. So, can you in good conscience discard your opportunity?

**MET UP WITH** former Ciscoan Tim Cassie of Jacksboro at the District 2E-1 Lions Club convention in Cisco last Saturday. Tim is the son of the Rev. and Mrs. Jesse Cassie of Abilene, formerly of the First Baptist Church in our town. Tim grew up here and is a graduate of CHS.

Tim is now a bank vice president at Jacksboro. He is very active in Lions Club and other civic work there. He and his wife Donna are the parents of a 7-year old boy and a 4-year old girl.

Another former Ciscoan at the convention was Charlotte Patterson of Knox City. Her husband James is the district chaplain. Mrs. CP was the wife of the late Ross Griffith when she lived here a number of years ago.

While the Lions were busy with their business meeting, the wives of a number of visiting delegates were entertained by the wives of local Lions. CofC Manager Randy Speegle talked to them, telling them about our town. Mayor Ernie Ritchie made a nice talk to welcome the visiting Lions of Cisco.

E.B. (Tex) Mayer of LaGrange, an International Lions director, and his wife were overnight guests last Friday night at the home of the Winston Heidenheimers in Cisco. He told Lions that they stayed at the Heidenheimer Hilton. Mr. Mayer, who is with a large company at LaGrange, observed in his talk that his company had not always been the most famous business at LaGrange. This was an indirect reference to the infamous chicken ranch that was closed down there a few years ago. Lions smiled. Mr. Mayer paid a fine tribute to the late James P. McCracken and to Mr. O.L. Stamey, past district governors.

**THE IDEA BACK** of the Pee Wee Basketball program in our town belongs to Pat Wallace, Rick and Kay Roark and Jackie and Linda Witt, according to Coach Ronnie Hearne of the CJC Lady Wranglers. The CJC and CHS basketball coaches conducted a clinic for the 120 youngsters and the five persons named above are guiding the program, Coach Hearne tells us.

It is a fine program that is contributing to the physical fitness of our young people and will result in better basketball players in the years to come.

## OBITUARY

### Services For Lee Connor Are Tuesday

Graveside services for Lee Ollie Connor, 87, of Abilene, a retired oil field worker and former Cisco resident, were at 2 p.m. Tuesday at Oakwood Cemetery in Cisco, directed by Kimbrough Funeral Home. Leroy Stockard of Fourth Street Church of Christ officiated.

Mr. Connor died Monday at Shady Oaks Nursing Home in Abilene.

He was born Jan. 11, 1896, in Kaufman, and he married Surulla White in 1978 in Cisco. An Army veteran of World War I, he was a member of Fourth Street Church of Christ in Cisco.

Survivors include his wife; a son, Lee Jr. of Phoenix, Ariz.; and a stepdaughter, Charlie May Grisson of Jacksonville, Fla.

**DRIVING IN** the car the other day, we were listening to a Dallas radio station. They interviewed a police official of Big D who reported that a total of 850 DWIs were arrested there in a recent 15-day period. And they plan to continue their efforts to eliminate DWIs from the streets and highways.

Highway patrol and city and county officers are also alert for DWIs. Chief Billy Rains tells us that Cisco police arrested a man for a traffic violation Sunday night and they charged him with DWI when it was obvious that he was drunk.

**SUPT. JAMES** Couch of the Cisco Public Schools reports that enrollment for the second semester is about the same as last semester and for the second semester last year. Four new students enrolled at CHS on Monday of this week. Mr. Couch added that there are now about 25 applicants for the CHS coaching vacancy. He thinks the board of trustees will be in position to make a decision by next meeting date—Feb. 7th. Police arrested a young fellow here Sunday night after he beat up his girl friend. She had broken ribs along with black and blue places. The man was taken to the county jail.

**THEY'VE MADE** provisions for the handicapped at the First National Bank building. A north door permits entrance without steps. Plans call for hand rails to be added to the front steps very soon, according to President Dick Woolley. The bank's Banker 24 computer will be ready for use in a matter of days, Mr. Woolley reports. Wiring experts are running the final lines this week and testing will be ready to start.

**WHAT WAS ALL** the sawing and hammering about at the First Christian Church recently? That's a question we asked and we learned that they covered all outside wood—places that need painting from time to time—with aluminum. Men of the

Grover Hastings enjoyed his 90th birthday January 13, 1983 at home with his family and friends. He has been married 71 years and now lives at 1012 West 6th Street, Cisco.

Pictured are (l to r) Grover Hastings, his wife, Bessie Hastings, his son, Buster Hastings of Cisco, his daughter, Virgie Gregg of Cisco, daughter, Minnie Lee Scarlett of Cisco and another son, Almus Hastings of Long Branch.

### Notice Of Meeting Of Cisco Hospital District's Board Of Directors

The regular monthly meeting of the Cisco Hospital District's Board of Directors will be at 7:30 p.m., Monday, January 24, 1983, in the E.L. Graham Memorial Hospital Conference Room.

- ORDER OF BUSINESS:**
1. Meeting called to order.
  2. Approval of minutes of previous meeting.
  3. Report of Chief of Staff.
  4. Report of Administrator.
  5. Unfinished business.
  6. New business.
  - A. Call for hospital district directors election.
  7. Executive Session.
  8. Adjournment.
- Helen Orr  
Administrator

FCC held their annual breakfast meeting last Saturday morning and they saw a picture slide presentation of Ecuador.

### CHS Sponsoring Financial Aid Information Night

Cisco High School is sponsoring a college and financial aid information night for juniors, seniors, and their parents on Thursday, January 27, 1983, at 7:00 p.m. in the Cisco High School Library.

The program will have two main points of emphasis. The first being how to choose and apply for admission to a college. There are many options available to students after high school and many decisions to be made. It is hoped that by answering some questions now that some difficult decisions might be eased later.

The second point of emphasis is on financial aid. As the cost of education after high school goes up each year, like just about everything else, many parents are wondering how to pay the bills. Even in the era of diminishing resources, there is a way to pay for college, vocational, or technical school education. There still are literally billions of dollars in federal,

state, college, and private financial aid funds available to assist students this year. A person does not have to be poor to receive financial aid, but they do have to prove they need it. One is eligible for financial aid equal to the difference between college cost and the amount the family can afford to contribute toward meeting those costs.

With cutbacks in aid a reality, families can improve their chances of receiving the aid they need by knowing what to do, when to do it, and how to do it right. A representative from Cisco Junior College will be on hand to discuss financial aid and answer questions. It is hoped this program will be of valuable

## PUBLIC NOTICE

Dear Customer:  
The City of Cisco during the month of November, 1982, supplied water that ex-

ceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria; (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity or cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the turbidity level to exceed the standard may present a risk to the health of persons drinking the water. However, up to five turbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an effective disinfectant agent throughout the distribution system (3) interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date.

The notification of the public is in compliance with Texas "Drinking Water Standards" and the "Safe Drinking Water Act," as a means of keeping the public informed.

Michael D. Moore  
City Manager.

### EMW Meets

#### January 10

The EMW of the First Evangelical Methodist Church met Monday, January 10, at the Church. Ramona Nichols, president presided over a short business meeting. Discussions were held on the goals and projects for the year.

Wanda Hallmark, vice-president and program chairman, gave a scripture reading from Matthew 25:31-46. An offering was taken.

The meeting was closed with prayer. Those attending were Evelyn Clinton, Ramona Nichols, Wanda Hallmark, Margaret Hallmark and Dollie Cooper.
