

HALL OF REMARKS

BY HERREL HALLMARK

DREAMS DO Come True!
At least they did for Mary Smith of Cisco. Mary and her husband, D.J. Smith, live at Sunshine Valley Mobile Home Park.

Mrs. Smith left Wednesday morning for California where she will be filmed on Channel 9's T.V. game show "Fantasy" (channel 5 on the cable). She was chosen to be on the show which airs weekdays from 2:30 p.m. to 3:30 p.m.

The show Mrs. Smith was to be on was taped Thursday and will probably be aired three weeks later. Mrs. Smith was due back home Friday.

Mrs. Smith wrote to the show with two or three fantasies, one of which was to be a model. Since she and her husband moved to Texas from Kansas City, Kansas, ten months ago, she has always wanted to be outfitted, or to look, like a Texan.

She was flown to California by the game show with all expenses paid, including the hotel and food.

A NATIONAL Award winner of the Rocky Mountain Writers Guild, Inc., Senior Writing Competition is Allye Terrell of Cisco. Her contest entry, "Educate a Woman," won an Honorable Mention in the LOOKING BACK - WITH A SMILE national writing competition for seniors sixty and over.

A total of 5,636 contestants from 50 states and 11 foreign countries entered the competition. The oldest contestant was 101, the oldest winner 97. Three national judges and 53 local judges selected 70 winning entries in each of three age categories: 60-70, 70-80, 80 and over. Eight Texas contestants placed in the Winners' Circle.

The competition is again being offered to seniors in 1983. A \$500 Grand Entry cash award has been added to this year's 212 prizes. For entry and contest rules, send a business-sized self-addressed stamped envelope to ROCKY MOUNTAIN WRITERS GUILD, INC., P.O. Box 1693, Englewood, CO. 80150.

Absentee Voting Ends March 29th

Only nine absentee votes had been cast in the April 2nd city council election Friday at City Hall, City Secretary Ginger Johnson reported. A like number was cast there in the E.L. Graham Memorial Hospital board election.

At the school system's downtown business office, Tax Collector Betty Wiggins had issued only seven absentee ballots for the trustee election that will be held the same day.

Absentee voting will end at 5 p.m. Tuesday, March 29. The regular election will be held next Saturday, April 2, at the Laguna Hotel Corral Room.

Candidates on the ballot for mayor are incumbent Eris Ritchie and W.E. McGough. Incumbents Brad

Dr. McGinness Announces For School Board

As a Dentist practicing in Cisco for the past six years, I have had the opportunity to speak to a great number of people personally concerning our school system. I feel that I understand your desires, and therefore, ask for your vote to elect me to Place 3 on The Cisco School Board.

I have two children in school, one in Junior High and one in Intermediate School. I, like all parents, want only the best for my children and only through education can this be achieved. I would like the Cisco school system to be known throughout West Texas for its excellence in education, athletics, and all extra-curricular activities. I pledge, if elected, to work diligently toward this end.

Our most important gift to the future is our children. An inquisitive mind is a precious commodity, and must be allowed to grow.

Thank you,
Dr. Allen McGinness

Jerry Stephens Is In Hendrick Medical Center

Jerry Stephens, 41, of Cisco, suffered a very bad injury in a drilling rig accident which occurred last Thursday, March 17th, according to Mrs. Stephens.

She reported Thursday of this week that Jerry has been moved to room number 7706 in Hendrick Medical Center in Abilene, following a six-day stay in the intensive care unit.

Mrs. Stephens said Jerry is doing better now, but his healing will be a long slow process.

CISCO KID CAR WASH
3rd St. and Ave. E
Where Most People Wash. Wash your venetian blinds, throw rugs, motor.

Kimbrough and Linton Batteas are unopposed for two council places.

There are three candidates for two vacancies on the hospital board - incumbents Bruce Stovall and Armo Chambers and Judy Pharr Dudley.

Candidates for the three school trustee posts are: Place 1 - Donal Gorr, incumbent, Lola Cozart and Bobby Smith; Place 2 - Steve Cozart, Howard Worley and Shirley (Gus) Smothers; and, Place 3 - Dr. Allen McGinness, Travis Starr and Gary L. Nichols.

HOWARD WORLEY JR.

Howard Worley Announces For School Board

Howard E. Worley, Jr. has announced his candidacy for Cisco Independent School District Board of Trustees place two. He made the following statement:

I like Cisco! My wife, Joy and I have five children. Trace, Donnie and Joey all graduated from Cisco High School. Hazel is a freshman and Roy is in the 4th grade.

I believe in a strong family that is well disciplined and I think our schools should be run the same way.

I believe that anyone who serves on the school board is just what the name says a "trustee". That person is a trustee of the tax payers of the Cisco Independent School District. It is their job to see that those tax dollars are best spent to the benefit of all the children enrolled in Cisco schools.

The children of Cisco should get the best education, have the best teachers, the best coaches, the best administration officials, and the best facility that our tax dollars will buy.

I do not feel like they are now getting the best for the money spent.

I believe the children can be given more for the same amount of money spent.

In other words I believe the children are being cheated.

If you like the way things are now, please do not vote for me.

I only want to be elected and serve the people of Cisco if they think our system can be improved.

Like I said in the beginning, I Like Cisco! And with your help we can make it a better Cisco.

Thank You,
Howard E. Worley, Jr.

Country Club Will Sponsor Golf Tourney

Cisco Country Club will sponsor the annual Men's City Golf Tournament on the weekend of April 16th and 17th.

There will be flights for all types of golfers and trophies and golf balls will be awarded the winners.

There will be two matches (match play) on Saturday the 16th and one match (finals) on Sunday afternoon the 17th.

Entry fee is \$5.00 for club members and \$10.00 for non-members. All Cisco area golfers are invited to participate. Qualify anytime up to 6:00 p.m. April 15th, and turn in your score to Bobby Bennie.

Gary Fink Will Minister At Local Church

Gary Fink will be ministering Sunday morning, March 27, during the normal service at the First Evangelical Methodist Church, Hwy. 80 West, Cisco.

Gary will be ministering with his gift in music.

Everyone is invited to attend.

Local Firemen Make Two Runs

A small area of wall insulation and some electric wiring had damages last Tuesday afternoon after fire broke out among packing boxes at Pierce Ford on LH-20 east access road. The Cisco Volunteer Fire Department answered an alarm.

Laddie Pierce of the Ford agency said the damage would not be extensive.

Firemen answered an alarm on IH-20 west at 8 a.m. Thursday after a station wagon caught fire and requested help. Firemen said the blaze had been put out by the time they arrived.

REV. JIM and CAROL DOROUGH

Special Workers Set For Nazarene Revival

Rev. and Mrs. James Dorough of Bethany, Oklahoma, will be special workers for Spring Revival for the local Church of the Nazarene, corner 10th and Avenue N, March 29 to April 3.

The Doroughs, better known as Jim and Carol, will have charge of the music and the special music. They are both graduates of Bethany Nazarene College

Council Approves Ordinances, Plans Annual Clean-Up Week

An ordinance regulating private clubs was passed on final reading and an ordinance providing for a taxi service franchise license was approved on first reading at the semi-monthly meeting of the City Council here last Tuesday night.

The private club ordinance requires clubs opening in the city under the state laws administered by the Texas Liquor Control Board to obtain a city permit and pay a fee, restricts location within 300 feet of schools and churches,

establishes operation hours and provides a penalty for violations.

The taxi service franchise ordinance defines terms, establishes requirements and regulations for operation of a taxi service, repeals conflicting ordinances and provides a penalty for violation. It will become effective after the final reading at the next council meeting.

City Manager Mike Moore said that Edward N. Clark of the Exxon Service Station on South Hilton Avenue has ap-

plied for a permit to operate a taxi service. Mr. Clark, present at the meeting, expressed the belief that the community needs a taxi service and he required permission to offer discount rates to senior citizens. Councilmen agreed that there is a need for a taxi service.

Mayor Eris Ritchie appointed a committee composed of Councilmen Linton Batteas, Brad Kimbrough and Bobby Rains and Mrs. W.M. Joyner to study the matter and make recom-

mendations. In other action, the Council approved minutes of the March 8th meeting. The city's financial statement for February was submitted by Accountant Jean Darnell and approved.

The financial statement showed that general fund revenues collected in February amounted to \$62,318 to bring the fiscal year's total to \$419,446 or 58 per cent of the 1982-83 budget of \$723,470. General fund expenditures were \$48,404 for

February and \$273,055 for the fiscal year - 38 per cent of the budget.

Utility fund revenue for the month was \$36,237 to bring the fiscal year's total to \$174,745 or 47 per cent of the \$370,400 expected for the year. Expenses were \$24,302 for the month and \$114,886 for the year.

The statement showed oil royalty receipts for \$993 for February to bring the collection total to \$6,779. The savings account balance amounted to \$106,246 at the end of February, and the city's working fund balance stood \$70,101.

The Council approved payment of monthly accounts - \$48,628 for the general fund and was \$29,989 for the utility fund.

Tax Collector Ettoy Bryant's report for February showed 1982 tax receipts of \$6,391 along with \$5,112 in delinquent taxes plus \$451 penalty and interest.

K.K. Kisner of Cisco was given an extension of 45 days to repair the condemned residence at 803 West 11th Street to meet city building codes or to tear it down. The Council heard Mr. Kisner and voted the time extension.

The week of April 11 through April 15 was designated as Cisco Cleanup Week. City Manager Moore said the city would run trucks all five days to pick up trash and debris, along with tree limbs, and that the city dump would be open all five days.

A special meeting of the Council was approved for April 5th at 7 p.m. to canvass returns on the April 2nd election, swear in new councilmen and elect a mayor pro tem.

In his report, City Manager Mike Moore said that sewer line repairs were being made in the area back of the old hospital building in Humboldt to relieve a congestion. He said that only nine water meters were found to be inoperative during the past month.

Mr. Moore reported that four picnic tables with shelters would be installed around Lake Cisco during the coming month. Paving of the apron for parking at the Cisco Municipal Airport will be done as soon as the weather permits, the city manager said.

Mr. Moore said he has been advised by Engineers Jacobs and Martin of Abilene that plans and specifications for repaving Front Street are expected to be ready for the city to call for bids on the project next month. No significant progress has been made in locating a waste water disposal site required in a sewer improvement program, Mr. Moore said.

Plans for the beginning of the Lake Cisco filter plant project are slowly progressing, Mr. Moore said. Trouble has been encountered in locating water lines at Lake Cisco. No blueprints of the water system there can be found, he added. He said that the city has received an extension of 180 days to complete plans and qualify for a grant and financing in the project.

Mayor Ritchie presided. Present were Councilmen Bobby Ingram, Bobby Rains, Brad Kimbrough, Ivan Webb and Linton Batteas, City Manager Moore and City Secretary Ginger Johnson. Twelve spectators were in the council room.

NEW CofC MEMBERS

ELITE BEAUTY SHOP, 509 West 2nd Street, Cisco, was being welcomed as a new member of Cisco's Chamber of Commerce when the above photo was taken Wednesday morning. The shop is still owned by Desi Covington of Cisco, but Brenda Willingham has had the shop leased for over a year now. It is open Tuesday through Saturday from 8 a.m. until 5 p.m., or whenever you have an appoint-

ment. They can be reached by phone at 442-1265. Those shown presenting the membership certificate to Mrs. Willingham are (left to right): Robert Dudley, CofC president; Charlene Lunceford, CofC member; Mrs. Willingham; Fred Wheeler, CofC membership committee drive chairman; and Randy Speegle, CofC manager. (staff photo)

Stenholm To Address Cisco Lions Meeting

Congressman Charles Stenholm will be the speaker for the Cisco Lions Club luncheon at noon Wednesday, March 30, at the Colony Restaurant, President Ivan Webb announced at the club's weekly meeting last Wednesday noon.

Mr. Webb said that guests would be welcome to attend the luncheon, which is a buffet affair. The congressman will be spending an Easter recess in the 17th district and his appearance in Cisco will be one of several in the region.

A 30-voice choir from Cisco Junior College presented entertainment at last Wednesday's meeting.

Correction

Michelle Jobe of Cisco received an award recently with the Cisco High School band for the playing of her clarinet. She was named first clarinet, but her name was published incorrectly in the March 17 edition of The Cisco Press.

In the story concerning the band receiving high awards, Miss Jobe's name was listed as Aridelle Jobe. We apologize for this error.

The choir, directed by Chairman Wyley Peebles of the CJC Fine Arts Department, sang a number of semi-classical and religious numbers. Cyndi Yates of Dublin appeared with the group in a solo number, and a 10-voice ensemble rendered a special. Marjorie Dockery of Breckenridge was the piano accompanist.

Randy Whittle, Cisco chief of police, was introduced as a new member of the club. He will be initiated in the near future. The club

Love Fund Is Started For H.L. Reeves

A Love Fund has been started for Harris Reeves. A victim of a tractor accident. The tractor ran over him and broke some ribs, a shoulder, an arm and punctured a lung. He was taken by ambulance to Hendricks Memorial Hospital in Abilene.

The family has no insurance. Friends wishing to contribute to the fund, may do so at the First National Bank in Cisco.

discussed plans to operate a food concession at the coming Cisco Folklife Festival.

A committee composed of Jack Farleigh, Eddie McMillan and J.C. Fletcher will present nominations for 1983-84 club officers at next week's luncheon, it was announced.

President Webb read a letter of thanks from the Chamber of Commerce for the club's \$25 donation to the upcoming Christmas in May project.

Fund Set Up For Batterton Infant Here

Kory Batterton, 16 month old son of Susie Ramirez Batterton, is in serious condition and facing possible surgery in Ft. Worth Children's Hospital. Kory was born with cerebral palsy and other birth defects that require extensive and very costly medical care.

A fund has been established to aid this family with mounting hospital bills and other expenses necessary for Kory's care. Donations may be made at First National Bank.

Opinion

ON TEXAS HIGHWAYS

UT Professor's Report Sends Highway Engineers Into Shock

Most of the people seem fairly well convinced that the Texas highway system, once rated as the best in the nation, is in serious trouble.

Members of the State Highway and Public Transportation Commission...and competent engineers with the Department...have told us that the Texas highway system is deteriorating and that road improvements are lagging far behind the growth of the state. These facts have been confirmed by the Federal Highway Administration.

Even so, some critics say the problem of deteriorating roads has been overstated and that the Department has not made a convincing case for its budget.

Dr. Frank McCullough of the University of Texas has just completed a study of what is happening to 2000 miles of concrete pavement in Texas. What Dr. McCullough found has engineers with the State Department of Highways and Public Transportation in a state of shock.

Dr. McCullough presented his findings, February 23, in a lecture he called "Pavement Structure Wearout, A Crisis in Transportation System." The University thought enough of Dr. McCullough's research on the condition of the state's highways that he was presented the 1983 Joe J. King Professional Engineering Achievement Award.

Dr. McCullough says that increased traffic loads on Texas highways will result in shorter "design lives." In an example given in his paper, Dr. McCullough said a 40 percent increase in traffic will cut six years from the expected 20-year life of the pavement studied. This means that a road built in 1970 was expected to last until 1990. But, because of the rapid growth of the state with more and heavier vehicles, it will have to be rebuilt in 1984. Dr. McCullough says the load factors predicted on some Texas highways in the next twenty years are ten times greater than the load factors that existed in the 1950s and 60s when those roads were built.

DR. FRANK McCULLOUGH: IF RAPID ACTION IS NOT TAKEN TO CORRECT THESE PROBLEMS, THE WHOLE SYSTEM WILL BE IN POOR CONDITION

Dr. McCullough, who is Professor in the Department of Civil Engineering and Director of the Center for Transportation Research, says the data developed in the research will enable engineers to quantify the problem. He says the information developed by the Center in studies done for the State Department of Highways and Public Transportation is probably the most detailed long-term highway performance data in the world.

Dr. McCullough says the population of Texas could increase to about 21 million in the year 2000. He says the U.S. Department of Commerce reports the value of shipments manufactured in Texas grew from \$17 billion in 1960 to \$100 billion in 1980. The National Planning Association says that will increase another 50 percent by the year

2000. Dr. McCullough says all this means more vehicles on Texas highways, and probably larger and heavier vehicles. He says that while automobiles are getting smaller, trucks are getting bigger. The legal weight limit for trucks has steadily increased over the years...38,000 pounds in 1942...to 72,000 pounds in 1956...and 80,000 pounds today. Dr. McCullough says the Center's research shows there is a favorable cost benefit ratio to the consumer for larger trucks. He says the consumer obtains products at the market at a lower cost because of the bigger trucks. If the Legislature decides heavier truck weights are in the best interests of the public, then the engineer has to design for it. But Dr. McCullough says the benefits of heavier trucks can't be achieved without increased rehabilitation and maintenance costs.

As the number of vehicles and their loads increase, the highway user will notice that two bad things happen to his road. It gets rougher and the number of potholes increases. Roughness in the road is measured by what Dr. McCullough calls the "Servicability Index." The scale goes from zero to five. Pavements in Texas start out at 4.5 and a reading of 2.5 is considered a failure. A rule of thumb is that when you have 14 potholes (or failures) per mile, the pavement should be rehabilitated.

Dr. McCullough said the gradual deterioration of pavement was observed on Interstate 20 north of Tyler between the Kaufman and Harrison County lines. He said that in 1968, the pavement was new and in good shape. By 1974, most of it was still in good shape, but some of it slipped to fair. By 1978, many sections were in poor shape and by 1982, only two sections of 12 remained in good shape. Dr. McCullough says most pavement less than ten years old was in good shape. After ten years, it moves to the fair category. Pavement older than 16 years is usually in poor condition. He says this means that as pavement ages, the deterioration rate increases.

Dr. McCullough says that, while the Center's data covers only portland cement concrete pavement, the same condition probably exists on asphalt pavement. He concludes that "If rapid action is not taken to correct these problems, the entire system will be in poor condition."

Dr. McCullough says timely rehabilitation of highways can save substantial amounts of money. He gives the example of a two inch asphalt overlay applied at the right time to extend the life of the pavement for ten years. If the overlay is delayed for four years, it would have to be 4.5 inches thick. In this example, the state has to buy 2.5 inches of additional asphalt, plus paying for four years of expensive maintenance patching potholes.

According to Dr. McCullough, we can either pay now for fixing up the roads, or we can pay a lot more later. He says the average cost per mile of rehabilitating severely deteriorated sections of roadway increased from \$940,000 to \$1,656,000, a 75 percent increase for a four year delay.

Bill Asks 100% Exemption From School Property Tax

Calling it a "Declaration of Independence for local taxpayers," State Rep. Steve Carriker (D-Roby) filed H.B. 1776 to grant 100% residential exemptions from school property taxes.

"It was a stroke of luck that our bill was assigned the number 1776," Carriker declared. "But the spirit for our tax reform measure reflects the Spirit of 1776."

Carriker's bill and a companion constitutional amendment (HJR 77) by State Rep. Bob Barton (D-San Marcos) replace school residential and personal automobile tax revenues with a one-cent increase in the state sales tax.

"When the state legislature mandates increases in local property taxes, it is the equivalent of taxation without representation," Carriker declared. "That's what we fought our revolution about in 1776."

"Texas taxpayers are on the verge of revolt because of skyrocketing property taxes," Barton added. "These bills offer significant relief while providing school districts with more than enough funds to replace those revenues."

"Our projections show that a one-cent increase in the sales tax will more than offset the an-

anticipated loss of revenue by the school districts," Barton said.

If enacted, the legislation will mandate distribution of the additional sales tax revenues to school districts on a per-student basis.

"The beauty of this legislation is that it provides major tax relief for overburdened property taxpayers. At the same time, it protects school districts from losses in revenues," Carriker said.

If the bills are approved by the legislature, Texas voters will have the opportunity to "win liberation from a regressive property tax" by voting for a more equitable sales tax to help fund education, he added.

The two bills are the result of a statewide grassroots movement called "Proposition Zero" started by Hays County Commissioner Rafael Gonzales.

Co-sponsors of one or both bills in addition to Carriker and Barton are Billy Clemons of Pollok, Larry Don Shaw of Big Spring, Jim Crockett of Pearsall, L.B. Kubiak of Rockdale, Dick Burnett of San Angelo, Eddie Cavazos of Corpus Christi, Phyllis Robinson of Gonzales, Noel Grisham of Round Rock, Walter Martinez of San Antonio and Arves Jones of El Paso.

CJC To Offer Art Classes

Cisco Junior College will offer a community service Intermediate Art I class beginning April 13. The class will be taught by Bonnie Erwin Hill, freelance artist from Austin. Intermediate Art I will meet April 13, 14, 20, 21, 27 and 28 from 6:30 - 9:30 p.m. each night in the art room of the Fine Arts Building.

Bonnie is a graduate of Cisco Junior College and has studied art at the School of Fine Arts and Galleries with Charles Berkley Norman, at the Laguna Gloria Museum and School with Gustav Likan and at the Instituto Allende in Guanajuato, Mexico. She has taken advantage of opportunities to learn

from European artists and made frequent visits and extended study trips to Mexico.

She owns and operates her own studio in Austin where she teaches classes and gives individual instruction. She conducts painting workshops both out of town and in various places around Austin.

In her classes, still life is a basic "must." It doesn't matter what subject you

prefer, painting still life affords an excellent opportunity to study and analyze design, color and value essential to all types of painting.

Bonnie believes the best way to learn to paint is by painting. Printed material will be handed out for your reference, but your studio time will be devoted to painting. Tuition for Intermediate

Art I is \$60. You will be required to buy your own supplies. A list of supplies will be given when you register. Registration deadline for the Intermediate Art I class is April 12. To register or for more information call Mrs. Watts at (817) 442-2567, extension 113.

Be sure to watch for Ms. Hill's workshop in Wildlife painting during the summer months.

Quilt Shop To Present Program

A special program on "Seminole Patchwork Quilting" will be presented by the owners of the Prairie Star Quilt Shop in Abilene. This outstanding program is being sponsored by the Eastland County Extension Homemakers Club. The public is invited.

The program is scheduled for Thursday, April 21 from 2-3:30 p.m. at the Eastland Senior Citizen's Center. The center is located on Eastland Park Hill.

The program format includes: Quilts in Women's Lives, Designer Quilted Fashions, and Seminole Patchwork quilting demonstration.

If you would like a kit which includes fabric, etc. for a Seminole patchwork example, please pre-register by April 7 to let us know. You can pre-register by calling the Extension Service office at 629-2222. The kits will cost \$2.00.

If you do not want a kit then there is no charge for attending the program.

Mark your calendars - this will be an excellent program! Please invite others to attend.

County News Briefs

CISCO:

Congressman Charles Stenholm will be the visiting speaker for the Cisco Lion's Club at their regular noon meeting on Wed., March 30. The meeting place will be the Colony Restaurant, just off the Interstate.

The Ministerial Alliance of Cisco will have a special Easter Service Sunday night March 27 at East Cisco Baptist Church, beginning at 6:30 p.m. The service will begin with a puppet program entitled "His Fleece Was White As Snow", presented by the youth of the Church.

The Churches which participated in the Ministerial Alliance will have a combined choir for special music. This will be led by Mark Bird. The message will be brought by Brother Milo Steffen, Pastor of First Christian Church.

EASTLAND:

Members of the Cross Timbers Shrine Club will be collecting contributions for the Shrine Burn Hospital. The Shriners will be in red fez and with bright collection pails, and will be soliciting funds in Cisco, Eastland, and Ranger.

Contributions to this worthwhile project are tax deductible. All gifts go directly to the hospital.

The residents of Northview Development Center will be on the KTAB Mini-Telethon, March 26, aired on 4-7 p.m.

These residents will be raising money for the special Olympics.

The residents appearing will be Karen Harris, Charles Houston and Eddie Odom.

GORMAN:

The Gorman P.T.O. has established a Library Fund in memory of Louise Rankin. Anyone wishing to make a donation in memory of a family member or friend, please mail your donation to:

Gorman P.T.O.

c/o Louise Rankin Memorial Library Fund

Gorman, Texas 76454.

Memorial donations may also be deposited in the Fund at the First National Bank, Gorman. Please leave your address, and the address where the acknowledgement is to be sent.

RANGER:

The Rev. Dr. Claus H. Rohlfis of Dallas will be preaching a series of Revival Services at the First United Methodist Church of Ranger during the week of Mar. 27-30. The Revival will open on Sunday morning at the 10:55 worship hour. There will be 7:00 p.m. preaching services Sunday through Wednesday. Music will be provided by the Chancel Choir under the direction of Bob Johnson. In addition, there will be Prayer Breakfasts each morning (Monday-Wednesday) with Dr. Rohlfis sharing leadership. On Sunday evening the Youth Group will serve supper at 5:30 p.m. Monday through Wednesday covered dish fellowship suppers are planned at 6:00 p.m.

Dr. Rohlfis is recognized around the world as a trail blazer with tremendous vision in Christian ministry. Co-pastors Ruth Huber-Rohlfis and Claus Rohlfis Jr. cordially invite the public to attend the Revival Services and all activities.

RISEING STAR:

On Tuesday, Mar. 29 the mobile unit from Central Texas Mental Health - Mental Retardation Child Development Center will be in Rising Star to conduct developmental screening for children ages 0-5. The unit will be parked at the Elementary School from 1:00 p.m. to 3:00 p.m. There is a \$10.00 fee, although no one will be refused services due to inability to pay.

Bass Club Report

Leon producers moag. What's a moag you might ask. Well it's a monster hawg black bass. Leon let loose with a 9 lb. 6 oz. fish Saturday the 19th. L.R. Martain of Snyder caught this fish Saturday morning while worm fishing. This should remove all doubt of Leon's ability to provide some fine fishing not only now, but for years to come.

tained from your favorite bass club member.

April the 7th will be our next meeting Thursday at 7:30. This meeting is quite important as our committees will be making recommendations for our Invitational and some other important issues. Our next tournament will be the following Saturday the 9th. See you all at the meeting and lets all bring a guest this month. Good Fishing.

Terry L. Wilson

We would like to remind everyone to attend our booth at the Cisco Folk Life Festival April 23 and 24. Which will also be the day of our drawing for the one man boat we are presently accepting one dollar donations a ticket for. These may be ob-

Rural Hospitals Are Needed

Texas. It's big and dusty and verdant and lush and dappled with cactus, bluebonnets, evergreens that brush the bottom of heaven, and cloudscapes that defy description.

It's vast and beautiful - a patchwork of terrain and cultures, legend and dreams.

And when it comes to providing health care for its people, no place does it better.

City cousin, country cousin: the bustling big-city medical center, where world-famous Texas hands and minds sculpt medical history; and the close, personal community hospital, where people you know are there when you need them.

You probably won't see it in a glitzy, glamorous television series. But the community hospitals have fewer than 100 patient beds, and most are in suburban or rural areas - spanking new lives into the community, resuscitating stilled hearts, extending the lives of the people they serve.

Rural hospitals are where you need them, providing a broad range of services which often in-

clude expert surgical, emergency, and intensive care.

When you work in a suburban or rural hospital, you become closely involved with the residents of the community. You may treat members of the same families many times over the years, getting to know your patients and their lifestyles, sharing the major events of their lives.

As a member of a smaller hospital team, you work even closer with the other players. Your job will have more variety and scope, and may change with the nature of the patients being served. Nurses, for example, may work in surgery, emergency, obstetrics, pediatrics, and intensive care - all in one day!

Letter To The Editor

Editor

This article is an excerpt from the 2nd edition of the Health Careers booklet (published in Austin). I though your readers in Eastland county might be interested.

As an aside, I might add that Tarleton has graduated twenty-four nurses from Eastland county in its R.N.

program. Most of these are still employed in the county. The nursing program at Tarleton was designed to meet the needs of the small rural hospitals as described in the foregoing paragraphs.

Regards
Fay Stephenson, R.N., M.S.N.
Director of Nursing Education

Junior Angus Assoc. Elects New Directors

There were 130 junior members that gathered for the Texas Junior Angus Association annual meeting and banquet in Fort Worth.

New officers and directors were elected for the coming year, and Glenda Holt of Novasota will take on the duties of president. Elected to fill the first and second vice president's spots were Robert Delk, Houston, and Steve Jones, Bluff Dale. Cindy Kelm, Houston, will serve as secretary-treasurer and Le Ann Thomas, Corsicana, was elected reporter.

The junior directors in-

clude: Judson Walker, Kress; Kevin McDaniel, Henderson; Hilary Nemir, Sweetwater; Russ Petty, Nolan; Kim Eberle, Breckenridge; Shirley Kidd, Eastland; Mary Ann Brandenberger, Clifton; Libby Williams, Lockney; and Stewart Corbin, Winona.

The 1983 Texas Angus queen was chosen at this time and she is Kim Eberle.

After elections, the group discussed plans for the Texas Junior Angus Heifer Show and Field Day, and decided to hold it August 5 and 6 at San Marcos, Texas.

Brian McCulloh, American Angus Association director of junior activities spoke to the young people about the Centennial activities taking place this year and invited them to be a part of the special events. He then spoke to them about the National Junior Recognition program and encouraged all to fill out applications to receive the special awards.

'Little Lobo' Choir Receives CJC Sweepstakes Award

Cisco Elementary "Little Lobo" choir received the "Sweepstakes Award" at the Cisco Junior College Junior Choir Festival Thursday, March 17th. The Sweepstakes Award is given to choirs receiving a first division in both sight reading and concert. Eight Junior High and Elementary Choirs participated in Thursday's contest. Cisco was the only choir that received perfect scores.

Mrs. Jeffcoat took 117 students to Solo and Ensemble Contest. This included students from fifth grade through seniors in high school. Eighty-seven of these students received Division I (Superior) ratings. Some students received Division I ratings for both Solo and Ensemble bringing the total to 119 medals.

The Evening Lion's Club has sponsored a Junior High School Choir under the direction of Mrs. Jeffcoat. These students received 31 of 119 medals.

Medals were presented at an assembly Friday morning at the Intermediate School. Mrs. Jeffcoat was presented with a dozen red roses, by Kody Wallace, president of the sixth grade choir. She also received a corsage with "I" printed on the ribbon in appreciation of the extra time she's spent to get students ready for contest.

This is the second Sweepstakes Choir from Cisco Intermediate School in the past two years. Mrs. Jeffcoat uses the Orff-Kodaly approach to music. Their philosophies are that music is taught best with movement. She is hoping to go to Austria soon and study under Carl Orff because her brother-in-law lives across the border in Germany very close to his conservatory. Mrs. Jeffcoat stated, "We are very fortunate to have a complete set of Orff Instruments in our elementary school." Students are taught

to read Treble Clef Notes in third grade and to play them on the Orff Instruments, bells or keyboard. In fifth grade, they begin the recorder, a pre-band instrument. By sixth grade, the students not only read music but "sight sing" music. Six weeks of Folk Dancing is taught in most grades to give them a good rhythmic base and classical music. Selections are studied once a week for the first semester.

Mrs. Jeffcoat said, "I've heard that Music is the single greatest influence on people today and has been throughout all time. It affects behavior, hair styles, clothing, social and private lives. It can even cross the language barrier. She says, "The biggest pay for the extra hours spent is seeing their faces when they have success!" Then she knows a base has been built that will affect their future. "You know your voice is always with you, as long as you live, rich or poor, you can always sing."

Twelve of the 15 ensembles received Division I ratings.

Division I (Superior) Ensembles were High School Lions Choir Trio, "Now Is The Month Of Maying" (Madrigal), Jana Jeffcoat, Tami Roberts, Sampty Sipe. Lions' Choir Ensemble: Oliver Medley, Stephanie Clinton, Jill Reynolds, Raiford Rattan, Kevin Bentley, Jarrod Jeffcoat, Jana Jeffcoat, Debbie Endsley, Kevin Kirk, Shelby Nixon, and John Brady.

Lions' Choir-Quartet: "Fame" Kelly Cooper, Jan Wooley, Renee Fields, and Staci Collins.

Little Lobo Choir-sixth grade: "Say Yes To The Music Or Else", John Mizell, Jeff Roark, Doug Shaw, Dusty Walton, David Burton, Steve Couch, Dale Escobedo, Jesse Benavides.

"Green, Green" Septet: Ronnie Wilcoxon, Richard Glover, Wade Cozart, David Hammond, Chris Wylie,

Phillip Shackelford, Scott Stuart.

"Bless The Beast and The Children": LaAnna Southerland, Denise Adams, Sonja Reyes, Deana Lane, Diana Lane, Vonda Hightower, Katrina Denison, Vanessa Clement, Celia Walters.

"Fame": Alice Lopez, Lori Lopez, Frances Gonzales, Teresa Gaeta, Stephanie Collins, Stephanie Kimbrough, Julia Weathers, Cheryl Dowdy, Lori Ann Speegel, Aki Kleiner, Dee Wages.

Fifth Grade: "Sing A Rainbow": Patsy Brady, Rachel Maples, Jana Yowell, Cheree Adams, Kelli Whatley, Danielle Rabel, Amy Hawkins.

"Tired Cowboy": David Zell, Jason McGlothlin, Manuel Anaya, Brandon Hanea.

"Bidin My Time": Dusty Schaefer, Joe Campbell, Ross Escobedo, Lance Moore, Kevin Ward, Kevin Dunlap.

Soloist Received Division I (Superior) Ratings: Jarrod Jeffcoat-"Miracle of Miracles"; Kevin Kirk-"There's Something About That Name"; Shelby Nixon-"Gratification"; John Brady-"The Age Of Not Beleiving"; Leigh Callarman-"Far From The Home and Love"; Kevin Bentley-"River Song"; Debbie Endsley-"Sunrise, Sunset"; Robert Wages-"How Come"; Raiford Rattan-"There Is A Balm In Gilead"; Mark McGinness-"Oklahoma"; Sampty Sipe-"My Tribute"; Tami Roberts-"Sunrise, Sunset"; Angie Bradford-"The First Primrose"; Jana Jeffcoat-"He Shall Feed His Flock"; Jill Reynolds-"My Favorite Things"; Angela Jernigan-"Where Is Love"; Rhonda Bradford; Sean Schaefer-"Rainbow Connection"; Aaron Whitley-"River Song"; Julie Dennis-"Little Flowers"; David Zell-"Erie Canal"; Leanon Soto-"O

ly Wehner, Jason McGlothlin, Division III Solos (Good) were: Scott Stuart, Jesse Benavides.

Students singing in Ensembles, receiving a Division II (Excellent) Rating were: "In His Time"-Shannon Anderson, Tracie Walton, Allison Williams, Tommy Glover, Julie Dennis, Teresa Pevey, Tami Roberts, Kathryn

Ward, Barbara Malloy. "All Through The Night"-Aaron Whitley, Sean Schaefer, and Jeff Sellers.

"Two Roses"-Kari Schuyler, Stacey Anderson, Kim Clinton, Kelly Wehner, Jana Muller, Jayna Willingham, Becky Swinney and Anna Flores.

"O Sleep Fond Fancy"-Rhonda, Belinda and Angie Bradford.

CJC Is Offering Classes Taught By Bonnie Hill

Cisco Junior College will offer a community service Intermediate Art I class beginning April 13. The class will be taught by Bonnie Hill, freelance artist from Austin. Intermediate Art I will meet April 13, 14, 20, 21, 27, and 28 from 6:30 - 9:30 p.m. each night in the art room of the Fine Arts Building.

Bonnie is a graduate of Cisco Junior College and has studied art at the School of Fine Arts and Galleries with Charles Berkeley Norman, at the Laguna Gloria Museum and School with Gustav Laken and at the Instituto Allende in Guanajuato, Mexico. She has taken advantage of opportunities to learn from European artists and has made frequent visits and extended study trips to Mexico.

She owns and operates her own studio in Austin where she teaches classes and gives individual instruction. She conducts painting workshops both out of town and in various places around Austin.

In her classes, still life is a basic "must". It doesn't matter what subject you prefer, painting still life affords an excellent opportunity to study and analyze design, color and value essential to all types of painting.

People n Things

THIS SATURDAY (March 26th) is work day at the Little League Baseball Park and at the City Park.

At the LL Park, volunteers will continue work on the new baseball facility just south of Rylee Field. Considerable work was done on the fence last Saturday. Volunteers will be welcome. And at City park, Cisco Lions Club members will begin work on a picnic pavillion. Plans call for Contractor Wayne Webb to be there with his tractor to dig post holes for steel pipe posts. Lions were urged to turn out.

AREA SHRINERS were due to complete work this Saturday (March 26) on raising funds for their Shrine Hospital for Crippled Children in Dallas.

THE CITY OF Cisco hopes to complete work next month on four permanent type picnic tables with shelters in the Lake Cisco area. They'll be for use of area residents on a first come basis. City Judge Jasper Cook and his misses got home Tuesday from Detroit where they visited her ailing brother. He says we were in error in reporting that they flew there. They drove and covered 3,000 miles in six days and two of the six days were spent in Detroit. We still say "they flew." Don't you agree?

THE ROY G. Hathaways, retired school folks, are getting set for a baby sitting job in Lubbock. Their daughter, Marilyn, is a sales representative for General Electric at Lubbock and she will go to Vienna, Austria, for a business and pleasure meeting April 7-16. And her husband, Mike Wragg, will go along.

The Hathaways were pleased to be invited to spend the period at the Wragg home with Carolyn and David Wragg. After that, the Hathaways plan to spend a month or so in Denver with daughter Sandra and family.

CONTRACTOR Linton Batteas tells us that he's in the process of installing equipment for a coin laundry in part of the new building he erected recently over on East 8th Street. And he plans to add a blueprint business in another part of the building before long. County residents and their guests enjoyed a nostalgia night musical program by the CJC Band at Lone Cedar Contry Club last Thursday night. Dr. and Mrs. E.E. Addy attended a medical conference in McAllen this past week.

OUR SCOUTS report that Director Philip Craik and his CJC Roof Garden Theater are busy with plans for the coming summer. Understand they'll offer a season ticket this year. You'll be hearing more about it all and soon. April will be a busy month for CJC students. Tours of area schools are planned by the Band and Belles and Choir, and they'll hold annual Ranch Day. Mr. Marston Surles, longtime Cisco resident, was admitted to Baylor Hospital in Dallas last Tuesday for a checkup and treatment.

THE FOLKS AT Kamon House received a telephone call last Tuesday from Australia, and they enjoyed a chat with Mr. Robert Kamon, who left Feb. 6th to spend some three months there on business for the oil companies that have headquarters here.

Accompanied by his wife Effie, Mr. Kamon is handling some of the geological and engineering details of a seismograph operation covering a 11,000,000 acre concession in which Kamon House companies are interested. The Kamons spent a week in Hawaii and another week in New Zealand on their way to Australia.

HATS OFF TO Chairman Fred Wheeler and Co-Chairman Shirley Hargrave and their Chamber of Commerce membership committee. They've added a goodly number of new members during a drive this year. In the past four months, a total of 52 new members, including 23 business firms, have been enrolled in the Chamber of Commerce. Very good, huh?

The CofC is everybody's business, and a large and active membership will increase that organization's ability to serve. Mr. Wheeler and his wife operate Philpott the Florist in our town, and Mrs. Hargrave operates her Hargrave Insurance Agency.

IF YOU'RE BY the CofC offices, you'll notice some very nice pictures -- photographs by Helen Wallace and paintings by Vallie Parker. CofC Manager Randy Speegle almost got in trouble. He hung one of the Parker pictures, an abstract, upside down.

The Bittle. It has a lot to offer.

HERO Club Sponsors Nursing Center Party

The Cisco HERO Club sponsored the monthly birthday party at the Cisco Nursing Center, on February 17, 1983. The HERO members prepared five cakes and punch for the residents. Before the residents were served a King and Queen Valentine were chosen. Mrs. Ola Bacon and Mr. Alton Ingram were the chosen honorees. Delia Ramirez, Mary Lou Escovedo, and Richard Jones served cake and punch to all the residents. We really enjoyed serving and visiting with the residents. Reporter, Mary Lou Escovedo.

Judy Pharr Dudley
For Cisco Hospital Board

I solicit your consideration and vote...I am a life long Cisco resident. Graduate of Cisco High School and Cisco Junior College School of Vocational Nursing. I am married to Robert Dudley. I am presently employed by Sears. I feel my experience as a LVN and as a former hospital employee will better qualify me to serve as a member of the Cisco Hospital Board.

Pol. Ad. Pd. for by Judy Pharr Dudley

Memo To Parents:
Make An Investment That Will Pay Dividends For The Rest Of Your Child's Life -- Come To Church As A Family.

I know that you are vitally concerned for your child's future. In order to help them develop, you give them what really counts in life -- a loving home, positive standards and something real to believe in.

At the First United Methodist Church of Cisco we're in the business of helping you as a parent accomplish this vital task. We provide not only religious training for your child, but an environment where you can grow personally and acquire a faith that is practical, a faith that can be applied to everyday family living.

Begin this Easter season right at 9:45 this Sunday morning by investing two hours a week in a service that will challenge and inspire you. Relax; enjoy an hour of encouragement and uplift, knowing that your children are being taken care of.

We are looking forward to having you with us at ...

Obituaries

Services For Mrs. Besselaar Are Thursday

Funeral mass services for Gertrude Ann Besselaar, 61, of Cisco, a founder of the Cisco Child Care Center, were at 2 p.m. Thursday at Holy Rosary Catholic Church. The Rev. Jim Miller officiated. Burial was at Oakwood Cemetery. Rosary was recited at 7:30 p.m. Wednesday at Kimbrough Funeral Home.

Mrs. Besselaar died at 3:30 a.m. Wednesday at E.L. Graham Memorial Hospital after a long illness.

She was born Gertrude Ann DeRoos Sept. 1, 1921, in Tiburg, Netherlands. She married Bert Besselaar in 1943 in Tiburg. He preceded her in death. A resident of Cisco for 26 years, she helped found the Cisco Child Care Center and was its director for nine years. She was a member of Holy Rosary Catholic Church.

Survivors include two sons, Frank of Jacksboro and Joe of Cisco; a daughter, Mrs. Marie Duncan of Eastland; four grandchildren, Brian and Todd Besselaar, both of Jacksboro, and Judd and Mindy Duncan, both of Eastland.

Pallbearers were Bud Clack, Walter Jett, John Torres, Burdette Hitt, Tony White and Ernest Reich.

Services For Ruth Nelms Are Monday

Funeral services for Mrs. B.A. (Ruth) Nelms, 75, were at 11:30 a.m. Monday at Wildirson Hatch Chapel. Rev. Joe Cranfill officiated. Burial was in Waco Memorial Park.

Mrs. Nelms died at 9:15 a.m. Friday in a local hospital.

Survivors include her husband, B.A. Nelms of Waco; one daughter, Mrs. O.R. Addington of San Antonio; one brother, Bill Pritchard of Waco; two grandsons, Larry and Mark; one great granddaughter, Rebecca.

Services For M.H. Carroll Are Friday

Funeral services for M.H. (Mickie) Carroll, 78, of Big Spring, formerly of Cisco, were Friday at 2:00 p.m., in Nalley Pickle Funeral, in Big Spring.

Mr. Carroll died March 24, 1983 in Big Spring, after a lengthy illness.

He was born in Oklahoma on August 31, 1904. He married Erna Lieske on March 28, 1933. M.H. Carroll graduated from Cisco High School and was member of the football team here.

Survivors include his wife, Erna Lieske Carroll; one daughter, China Long, two granddaughters, Leslie and Lisa, all of Big Spring.

City Ordinances

ORDINANCE NO. 0-83-6 AN ORDINANCE REGULATING PRIVATE CLUBS IN THE CITY OF CISCO, TEXAS; DEFINING TERMS; PROVIDING FOR A PERMIT AND FEE; ESTABLISHING AN EFFECTIVE DATE AND APPLICABILITY; RESTRICTING LOCATION; ESTABLISHING HOURS OF OPERATION; ESTABLISHING UNLAWFUL CONDUCT; PROCEDURE FOR TRANSFERRING PERMIT; PROVIDING A PENALTY; AND SEVERABILITY.

WHEREAS, the serving and sale of alcoholic beverages and the regulation of private clubs is primarily pre-empted by the Alcoholic Beverages Code of the State of Texas; and

WHEREAS, the City of Cisco does not currently have local regulatory ordinances regarding private clubs and the City Council believes such regulation is necessary; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS:

SECTION 1: DEFINITIONS.

a. "Private Club" shall

mean, for purpose of this ordinance, a room, suite of rooms or building available to a restricted membership composed of an association of persons, whether incorporated or unincorporated, and the purpose of any such association being for the promotion of some common object, and whose members must be passed upon and elected as individuals by a committee or board made of members of such club, said club and/or association being licensed or permitted by the Alcoholic Beverage Commission of the State of Texas, and as further defined in Article 666 of Vernon's Annotated Penal Code of the State of Texas, as presently written per as may be amended or re-written from time to time hereafter.

b. For the purpose of this ordinance, all other definitions of words, terms and phrases as set forth in the Alcoholic Beverage Code of the State of Texas, September 1, 1981, presently written or as such may be amended or re-written from time to time hereafter, are hereby adopted and made a part of this ordinance.

SECTION 2: PERMIT.

a. No private club shall open or operate or manufacture, sell, distribute or store any alcoholic beverage, or engage in any other activity

with relation to the same, for which a license or permit is required by the Alcoholic Beverage Code, within the City of Cisco without first obtaining a permit from the City of Cisco.

b. The fee for such permit shall be an amount equal to one-half (1/2) of the license or permit fee charged by the State under the Alcoholic Beverage Code (11.38, 61.36 A.B.C.)

c. No permit required under the terms of this ordinance shall be issued to any person or association until he shows that he holds a valid license or permit from the State of Texas for the operation of a private club, and until the fee required by the City for such permit shall have been paid to the City.

d. All permits issued under the terms of this ordinance shall expire at the time shown in the State license or permit as presented by the applicant. If the permit sought is issued for a period of time less than one year, only a proportionate part of the annual fee shall be exacted and collected; provided, however, a fractional part of any month shall be counted as one month in calculating the fee which is to be paid.

SECTION 3: EFFECTIVE DATE AND APPLICABILITY.

a. This ordinance shall become effective upon passage on its second and final reading.

b. Provisions of this ordinance shall apply equally to all private clubs opening and initiating operations after the effective date of this ordinance.

c. This ordinance shall not apply to any private club in

operation on the effective date of this ordinance. Except, any private club that is in operation on the effective date of this ordinance which ceases operation for any reason or changes location of operation or transfers ownership after the effective date of this ordinance, then all provisions and terms of this ordinance shall be applicable to said private club.

SECTION 4: LOCATION RESTRICTIONS. It shall be unlawful for any private club regulated under the provisions of this ordinance to conduct business, operate or otherwise be located or situated within three hundred (300) feet of any church, public school, parochial school, or hospital. The three hundred (300) foot distance shall be defined and measured by applicable State law (109.33 A.B.C.)

SECTION 5: HOURS OF CONSUMPTION. It shall be unlawful for any private club regulated under the provisions of this ordinance to cause, permit, or allow any person to consume, or to be served, any alcoholic beverage on club premises at any time on Sunday between the hours of 2:00 a.m. and 12:00 p.m. or on any other day between the hours of 2:00 a.m. and 7:00 a.m.

SECTION 6: TRANSFER OF PERMIT.

a. The local permit provided by this ordinance is non-transferable due to a change or transfer or ownership of a private club regulated by this ordinance. Any new owner shall be required to re-apply for a local permit as provided in Section 2 of this ordinance.

b. Any private club desiring to change its location

shall make application to the City indicating the new location. Such application shall be accompanied by a twenty-five dollar (\$25.00) administrative fee. Approval of the local permit transfer shall be subject to and based on license transfer approval by the Alcoholic Beverage Commission of the State of Texas.

SECTION 7: PENALTY. Any person violating any provision of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction, shall be subject to a fine of at least ten dollars (\$10.00) but not more than two hundred dollars (\$200.00), and each day each violation continues shall constitute a separate offense (11.38 A.B.C.)

SECTION 8: SEVERABILITY. It is hereby declared to be the intention of the City Council that the sections, paragraphs, sentences, clauses and phrases are separable, and, if any section of this ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining sections, paragraphs, sentences, clauses, or phrases of this ordinance, since the same would have been enacted by the City Council without the incorporation in the ordinance of unconstitutional or invalid sections, paragraphs, sentences, clauses, or phrases.

SECTION 9: SUPERCEDES, REPEALS. That all ordinances, or parts thereof, in conflict with this ordinance are hereby superceded and repealed.

PASSED AND APPROVED on first reading this 8th day of March, 1983.

PASSED AND APPROVED on second reading this 22nd day of March, 1983.

Annual Easter Egg Hunt Is Planned At Nursing Center

The Cisco Nursing Home Volunteer Council will again sponsor the annual Easter Egg Hunt for the children of the Cisco Day Care Center. The hunt will be held on the grounds of the Cisco Nursing Center on Wednesday

afternoon, March 30, at 2:30 p.m.

In case of extremely cold or wet weather, the hunt will be held in the back lobby of the Nursing Center.

According to Activity Director Mae Green, the

residents involved in arts and crafts will decorate the eggs for the occasion.

"This gives the residents the opportunity of sharing the joy of Easter with Cisco children," Mae Green observed.

Easter Is April 3--

When you're making Easter baskets this year, add some Funny Bunny Cookies for the finishing touch. These cheerful fellows are easy to make, shape and decorate.

Who can you count on to lend a helping hand?

You can count on us. We help when disaster strikes. During fires, floods, hurricanes and tornadoes. We help with food, clothing, health care and a place to stay. We help when folks need blood. We help the elderly. We help expectant parents prepare for their baby. We help veterans receive all their benefits. We'll teach you how to check blood pressure. We'll teach you CPR, swimming and first aid. We're the American Red Cross. People helping people. Everyone working together to improve things in your community. That's what Red Cross exists for. Join Red Cross. We'll help. Will you?

We'll Help. Will You?

Senior Citizens Nutrition Menu

The Senior Centers in Eastland County are very fortunate to have an expert in regard to the field of nutrition. It is Janet Thomas of the Extension office.

Recently she spoke to the group of members in regard to the subject of "cooking for one or two." She stated more and more families have only one or two members. Meals planning, food buying and meal preparations pose unique problems for singles and couples. These problems prompt many small families to settle for convenience foods and snack, leading to monotonous meals and poor nutrition.

We had another unusual program this past week presented by Walt Knowlden, president of AARP. The program was entitled "How To Spot A Con Artist."

The presentation by Mr. Knowlden showed that the Con Artist is a good actor and is able to disarm his victims with an affable 'nice guy' approach.

Both Mrs. Thomas and Mr. Knowlden left brochures at the senior center. These materials clearly assist the average senior citizen, and for younger people as well. If you would like to have one of the brochures please call the

registrar 442-1557 and have the material set aside for you.

The programs for the past week included: A program by AARP President Walt Knowlden presenting a film entitled "How To Spot A Con Artist." A nutrition program was presented by Janet Thomas entitled "Cooking For One Or Two." Also, a program by Kathryn Cawley of Lone Star Gas was presented entitled "What Makes Your Meter Reader Run."

The menus for the week are:

Monday--Oven fried chicken, glazed carrots, potatoes, fruited gelatin, bread, butter and drink.

Wednesday--Cheese meat loaf, corn, peas, tossed salad with carrots and dressing, bread, butter and drink.

Friday--Meat balls, pinto beans, buttered squash, fruit salad, cornbread muffins, butter and drink.

School lunch menu

The breakfast and lunch menus for the Cisco Intermediate School during the week of March 28-30 are as follows:

Monday: breakfast--rolled wheat, bacon, orange juice and milk; lunch--pizza with cheese, tossed salad, mixed fruit, brownie and milk.

Tuesday: breakfast--cinnamon rolls, apple juice, and milk; lunch--charburgers-buns, french fries, lettuce, pickles, pudding and milk.

Wednesday: breakfast--toast and jelly, cranberry juice and milk; lunch--taco casserole, refried beans, corn, half orange and milk.

No School Thursday and Friday.

local news in brief

Guests in the home of Mrs. M.D. Bailey recently were Mrs. Jesse R. Himmelsback and daughters Heather and Jennifer and son-in-law Ted Etter, Baker, Oregon, Mrs. Elizabeth Lee of Cisco, Mrs. R.J. Edwards of San Antonio, Mr. and Mrs. Hollis Adams of Denton, Mr. and Mrs. Robert Carley of Cosicana, Mrs. Ralph Berry of Cisco, Terry Bakler of Odessa, Col. and Mrs. Gayle Bailey of San Antonio, Judge and Mrs. Scott Bailey and children, John Melvin and Melissa of Cisco and Mrs. Ted Hale of Cisco.

church services ...

REDEEMER LUTHERAN CHURCH
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled "Shastened But Never Destroyed!" based on Deuteronomy 32:36-39.

When Jesus died, the temple curtain in Jerusalem tore from top to bottom. This event has a message for you. Rev. Wallace Schulz, associate speaker on The Lutheran Hour, explains the importance of "The Darkest Friday in History!" Listen to radio station KERC in Eastland at 12:30 p.m. Sunday.

The New Testament History class will meet in the Parish Hall Monday at 7:30 p.m.

The Cisco Nursing Center worship service will be on Wednesday at 10:00 a.m.

The Maundy Thursday Communion Service will begin at 7:30 p.m. Pastor Crockett's message is entitled "Soul Adorn Thyself With Gladness!" based on Mat-

thew 26:26-28. Good Friday worship service will be at 7:30 p.m. Pastor Crockett's message is entitled "O Sacred Head Now Wounded!" based on Isaiah 50:6.

Our Easter "Sunrise" Service begins at 7:00 a.m. Breakfast will be served in the Parish Hall at 8:30 a.m. All guests and visitors are most welcome. The Sunday School Film, "Dawn of Victory" will be shown to all departments at 9:30 a.m. in the Parish Hall. Our Communion Service begins at 10:30 a.m. Pastor Crockett's message is entitled "A Hymn of Glory Let Us Sing!" based on Exodus 15:1-11.

Don't be ashamed to cry at a funeral

It is natural to cry when you are hurt. It is an emotional outlet valve that is opened and working, naturally. It is not unmanly for men to cry. It is a grief release for us all.

Three DE Students Do Well In Contest

Three Cisco High School Distributive Education students placed well at the Area I Distributive Education contest which was held at Angelo State University on March 4-5. Bryan Lorraine, a second year D.E. student at CHS, won a second in the Apparel and Accessories contest. Paula Potter, a first year D.E. student, won a third in the Food Marketing contest. Tommy Elrod, a first year D.E. student, won a fourth in the Petroleum Marketing contest.

Cisco High School DE students, who won trophies at Area I Distributive Education Contest at Angelo State University, are (left to right) Tommy Elrod, Paula Potter and Bryan Lorraine.

The students were entered against about 70 other students from Area I, which extends from Mineral Wells to El Paso and Del Rio to Hamlin. All size schools in the area compete against each other, which means Cisco is one of the smaller schools since it competes

against many 5-A schools. Cisco High school is very proud of these students and how well they did at the contest.

Rick Whitley, Cisco High Distributive Education teacher accompanied the students to San Angelo for the contest.

Cisco Church Of Christ Revival Set For Sunday

John C. Whitley, an evangelist from Houston, will be conducting a gospel revival meeting at the I-20 Church of Christ beginning Sunday, March 27 and concluding Thursday, March 31. Whitley is currently serving as minister for the Kashmere Garden Church of Christ and has been there since March, 1982. He is a graduate of Southwestern Christian College in Terrell

and of Pepperdine University. "The Lord Is My Shepherd" will be the topic for the opening sermon of the meeting. Services begin Sunday with 9:30 a.m. Bible classes and 10:30 worship. Whitley will teach a combined adult, college, high school and junior high class in the auditorium. Sunday evening's topic will be "A Courageous

Stand." Other sermon topics for the week include "Godly Deliverance," "God's Way - Organizational Structure of the Church," "Just Saying, 'Lord, Lord' Is Not Enough" and "Youth."

In addition, there will be a 7 a.m. service each morning of the series. Whitley is formerly a minister in Abilene, where he served as the first Black minister for the Central Church of Christ and was also the first Black instructor of Bible at Abilene Christian University, from 1970-73.

He has also served as minister for congregations in Fort Worth, Waco and Cleveland, Ohio.

Whitley is the author of one book, *Precious Lord Lead Me On*, and is founder and president of Janniko's Book Service.

A daily five-minute program called *Pleasant Moments* on Houston radio station KCOH is also a part of Whitley's routine, as is serving as director of the Houston Crusade for Christ which is hosted by Houston area churches of Christ and will be held at the Sheraton-Houston Hotel and Sam Houston Coliseum July 10-14.

The elders, deacons and members of the I-20 Church of Christ take this opportunity to invite everyone in Cisco to come hear this fine evangelist.

Dr. Rathbun Will Present Recital

Dr. Ronald Rathbun will present a piano recital at Cisco Junior College on Wednesday, March 30 at 10:00 a.m. The recital will be in the Auditorium of the Harrell Fine Arts Building.

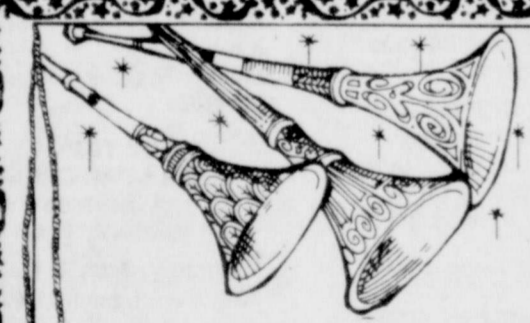

Dr. Rathbun is chairman of the piano division at Abilene Christian University. He holds a bachelors degree from Southwest Missouri State University and a masters degree from Indiana University. He earned a doctors degree in piano performance and pedagogy from the University of Iowa. He has held teaching positions at Angelo State University, Concord College in West

Virginia, the University of Iowa, and in the Missouri public schools.

Dr. Rathbun's program will be chosen from the following: Schubert's Impromptu in A-flat Major, Beethoven's Waldstein Sonata, Schumann's Scenes from Childhood, and Liszt's Obermann's Valley.

This will be the fifth recital that Dr. Rathbun has played at CJC. The recital has been scheduled during the daytime this year to allow a maximum number of students to attend, and the fine arts department invites all interested persons in the community to attend also.

The Cisco Press Sunday, March 27, 1983

Eastland County Residents

You Are Cordially Invited To Attend the

GREATER MOUNTAIN TOP PENTECOSTAL CHURCH

(U.P.C.)

From the Pastor...

I invite you to join us in worship this year. Join the multitudes of people who come through our doors week after week finding peace, joy, and the answer to the problems that life presents. A church that believes in miracles, divine healing, the baptism of the Holy Spirit, and exalts JESUS AS THE MIGHTY GOD.

It is "old fashioned religion" in all modern facilities! Gospel singing is featured each week. With our two preaching services on Sunday, Bible Study on Wednesday night, and Friday Family Night, your family will be blessed.

(10 Miles So. of Cisco on Hwy. 183)

817/442-2673 Cisco, Texas P.O. Box 269

Disney Channel Shuffling FM Stations

by Gary Slade Staff Writer

John Nevill, manager of Southern Television Systems in Eastland County, has announced that a new cable channel is now available to Eastland County subscribers.

That new channel is the Disney Channel, which will go on the air April 18, 1983 and will have a 16 hour a day format signing on at 7:00 a.m. and signing off at 11:00 p.m.

The Disney Channel will come to Eastland County by way of satellite transmission to the receiving station. From there it is sent to the home through the cable and is brought into the subscribers home through a converter box.

When the box is installed channel selections will be made from the box (remote control is also available) instead of from the television selector. The box will have more channels (30 to 54) available than a regular television set has. This will be for adding more channels in the future as needed.

Even though the new channel has not gone on the air yet it has already started some controversy throughout the county.

Since preparations have already started on getting the new channel, residents who have their stereo FM receivers tied into the cable for better reception have found that they are now receiving under a half a dozen stations.

When asked what was causing the problem John Nevill said, "To put in the Disney Channel we had to kill out our FM Band since our new equipment keys on the FM Band. We can't use the whole spectrum like we

use to. We will be able to select two or three stations and kept on the band so we are not wiping out FM reception totally."

Nevill also said that one station has already been left on the band and that was KOAX 105 in Dallas which plays easy listening music. Eastland County residents will have to tune to 89.9 on their receivers to receive the station if tied to the cable.

"At this time we don't know what the other stations will be that we will put on the FM Band. We will try to make them different formats so Eastland County residents will have a variety in listening music." Nevill said.

The Disney Channel will be offered to subscribers at an additional cost of \$10.95 per month and \$3.00 more if the remote control is ordered for the box.

Nevill also said that the Disney Channel will be reaching more than a million people when it signs on through the Tele-Communications Inc. (TCI) system on April 18. In Eastland 15 to 20 percent of the cable's viewers are expected to take the Disney Channel.

Before the April 18 viewing Southern Television Systems will be sending out representatives who will be going door to door trying to sell the channel and installing the box to those who want the channel. Representatives will also go over the operation of the box at that time.

The Disney Channel will be carried over all of the TCI Cable systems which has cable offices nationwide. The TCI company is still the only cable company which is owned by an individual, Bob Magness,

RAZOR MAGIC was being performed by Jim Roberts, owner of Lobo & J R's Hair Care Center, on Brad Hawari, Cisco High School student, when the above photo was taken Wednesday afternoon. Jim said he gave Brad a razor cut created for a school play in which Brad portrays a military personnel. The cut is shown here as a dried, finished style, but the Lobo will jell the hairstyle for the play, giving it a wet look. (staff photo)

Two Wrangler Women Named All-Conference

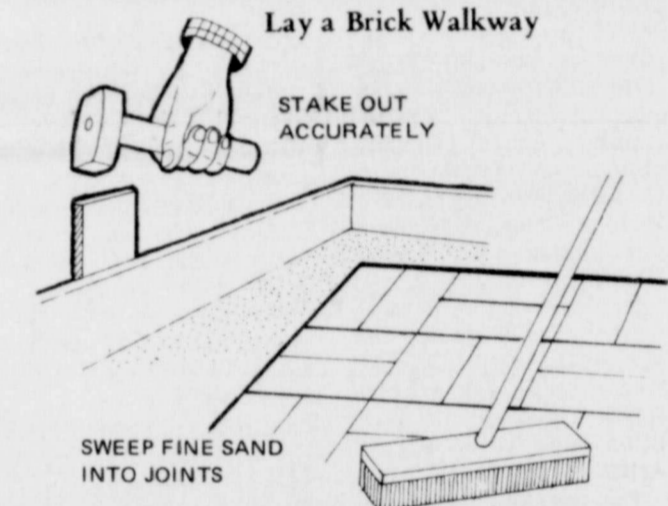

Cisco Junior College Wrangler women Sherrie Hill and Candy Lott have been voted to the All-Conference team of the Northern Texas Junior College Athletic Conference. Both Hill and Lott were starting sophomores for Cisco this season and helped bring their team to a 22-8 season record and a second place finish in conference play.

Miss Hill, who was also named to the Region V All-Regional team, is a fantastic outside shooter. She scored a total of 382 points this season due to her deadly 20 foot set shot plus shooting 77% from the charity stripe. Hill is also an outstanding passer leading the Wranglers in assists for the year. Most of

all she is a player who never gives up and gives the team that extra push when the score gets close. Miss Lott is a super tough defensive player and one of the leading scorers for this season's team, bucketing 311 points. She is an impressive rebounder for her height, grabbing a total of 200 for the season, making her the team's second rebounder. Lott is an explosive player often coming through with the "big play" to fire up a team to bring in a victory. Both Hill and Lott have been selected to play in the

Texas Junior College All-Star game to be held in Waco on April 8 at 4:00 p.m. Freshmen post girls Linda Bubert and Barbara Williams were named honorable mention All-Conference. Bubert scored 375 points for CJC this season shooting 51% from the field while she brought in 195 rebounds. Williams, the number one scorer and rebounder for the Wrangler women, averaged 14.4 points per game contributing a total of 433 points and commanded 270 rebounds for Cisco this season.

How To... Lay a Brick Walkway

There's nothing quite so attractive as a well-laid brick walkway. Building it yourself is not as complicated as it may seem. A few simple tips can help assure a good-looking job with relative ease.

The "dry-mortar" method described by *Mechanix Illustrated* magazine is the best way to proceed. Here's what to do. First determine the width and length of the walkway. Divide these dimensions by the dimensions of the bricks you plan to use to determine how many bricks to buy. Making a sketch of the project is helpful. Next, using a mason's line and stakes, lay out the walkway. Check measurements as you go to make sure the lines don't wander. Then dig out all sod to a depth of a few inches from shifting.

If Mother Nature leaves well-enough alone, lightning will strike 59 times in the same place this summer. Sound like a site to avoid? Not at all - because the location of the all those thunderstorms is Palo Duro Canyon's Pioneer Amphitheatre, home of the "Texas" Musical Drama.

All that rumbling sound and exploding light is just one of the carefully perfected special effects in Paul Green's story of grit and determination shown in the settling of the Texas Panhandle. The show which has played to 1,408,083 people in previous summers, will open its eighteenth season on June 15 and run through August 20, 1983.

The storm, of course, is not real, but all that crashing and rolling against the canyon's gullies and cliffs often startles unsuspecting campers settled farther down the canyon and sends them scurrying for their cars. People in the audience have been known to open their umbrellas, much to the dismay of those seated behind them.

Maybe better than any part of the show, the storm demonstrates the harshness and severity of the elements that faced Panhandle pioneers of the 1880's. Life is so much easier for travelers to Palo Duro Canyon today; paved roads lead directly to the theatre where many conveniences are available. Barbeque dinner is served every night, and well-stocked souvenir shop has just the right gifts for those left at home.

Even though flash floods have occurred in the Canyon, visitors to the theatre have never been in danger from rising water since it is located well above the water line. In seventeen years, and more than 976 performances, only 24 have been lost to rain.

Palo Duro Canyon is located near Canyon and Amarillo, Texas. It is only 25 miles off I-40 on Texas 217.

For reservations or information call 806-655-2181 or write "Texas", box 268, Canyon, Texas 79015.

The Oil Belt News

SUNDAY, MARCH 27, 1983

Operating Company Fields First Production Figures

Operating out of Dallas, Petro-Mack Inc. has filed first production figures for 12 new oil producers in Eastland County's Waldrop Field about three miles northwest of Rising Star.

The wells showed potential to yield 239 barrels of oil per day. Total depths ranged between 1,120 and 1,160 feet into the hole. Production intervals will range from 1,076 to 1,112 feet into the wellbore.

The operation is in the Brawner, Wilson, and Elliott Surveys of Eastland County.

B&B Energy Co. of Dallas has filed for permit to drill eight Eastland County wildcats.

The explorer wells include the Nos. 1 through 3 Schaffer, all three slated for 3,000-ft. TD, four miles west of Nimrod, and the Nos. 1A through 5A Schaffer, all slated for 1,500-ft. TD, also four miles west of Nimrod.

The operation will be in a 96-acre lease in Eastland County's H&TCRR Survey.

Operating out of Ranger, Grover Chenoweth has staked

location for a 1,500-ft. Eastland County wildcat five miles south of Cisco. The well is designated as the No. 1 Ziehr. It is in a 10-acre lease in the H&TCRR Survey.

Pumping a combined 46 barrels of oil daily on open choke, two new wells have been brought on line in Eastland County's Hawk Eye Field. Nimrod Operating of Cisco is the operator.

The two new producers are designated as the No. 4 Isenbach, located in a 159-acre

lease in the H&TCRR Survey, three miles southwest of Romney, and the No. 12 Maxwell, situated in an 80-acre lease in the same survey, 10 miles south of Cisco.

The Isenbach well showed potential for 18 barrels of oil daily from perforations 1,180 to 1,183 feet into the hole. It bottomed at 1,230 feet. The Maxwell indicated ability to produce at the rate of 28 barrels of oil daily. It bottomed at 1,122 feet and will produce from an interval of perforations 1,078 to 1,084 feet.

production zone, 3,724 to 3,729 feet into the wellbore. The other new producer went to total depth of 4,100 feet and will produce from perforations 3,480 to 3,511 feet into the hole.

Pumping 45 barrels of oil per day on open choke, the No. 15 W.N. Hall "A" has been brought on line in the Nimrod Field, two miles southeast of the town of Nimrod. AMV Operating Inc. of Lawton, Ok, is the operator.

The well went to total depth of 1,330 feet. It will produce from a perforated interval in the Cross Cut Formation, 1,302 to 1,303 feet into the wellbore.

Drillsite was in a 40-acre unit in Eastland County's H&TCRR Survey.

Comanche Investments of Cisco has posted first production figures for the No. 1 Big Mike "B", a new gas well in Eastland County's Davenport Field three miles northeast of Ranger.

The well indicated capacity to make 273,000 CF gas per day on a .75-in. choke. On absolute open flow, it was rated at 900,000 CFD.

Comanche took the hole to 3,830-ft. bottom and perforated for production 3,346 to 3,356 feet into the wellbore. The operation is in a 20-acre lease in the Andrew Bradley Survey.

Flowing 45 barrels of crude per day on a 12/64 choke, the No. 82-L Holt has been completed in Eastland County's Dead Horse Creek Field by SRG Oil Corp. of Abilene. It showed flowing tubing pressure of 50 PSI.

The well went to total depth of 870 feet and will produce from perforated interval 820 to 822 feet into the wellbore. The location is in an 80-acre drilling unit in the H&TCRR Survey, 10 miles south of Eastland.

Mercury Exploration of Fort Worth has brought a new oiler on line in Eastland

County's Hawk Eye Field one mile northwest of Romney. Designated as the No. 14 V.P. Simpson, the well showed capacity to yield 49 barrels of oil and 48,000 CFD casinghead gas per day.

Located in a 243-acre lease block in the H&TCRR Survey, the well bottomed at 1,190 feet. It will produce from a set of perforations in the Adams Branch Formation, 1,117 to 1,120 feet into the wellbore.

Eastland-based Buck Wheat Resources has posted first production figures for a pumping oiler in Eastland County's Midkiff Field, nine miles north-northwest of Rising Star.

Designated as the No. 2 Williams, the well showed capacity for 21 barrels of oil per day on open choke. The production interval will be perforations in the Adams Branch Formation, 1,175 to 1,180 feet into the hole.

Location was in an 80-acre unit, Maryann Clark Survey, A-51.

At a location six miles southwest of Ranger, Sun Exploration of Abilene has completed the No. 2 State of Texas "J" in the Eastland Regular Field. Pumping on open choke, the well showed it can make 13 barrels of oil per day.

The location is in a 21-acre lease in Eastland County's E.A. Birand and E.W. Fry Surveys. Bottomed at 3,750 feet, and the well will produce from a set of perforations 3,287 to 3,309 feet into the hole.

Pumping crude oil at the rate of 42 barrels per day, a

new producer has been completed in Eastland County's Scranton Field two miles south of the Scranton townsite. TLC Development of Fort Worth is the operator.

The well is in a 102-acre lease in the W.J. Morgan Survey A-272. It bottomed at 1,737 feet and will produce from a perforated interval 1,636 to 1,640 feet.

Well's designation is No. 2 State.

Brown Operating of Eastland has filed initial potential figures for a newly completed well in the

LAND OWNERS we are needing shallow drilling prospects (2000 feet or less). If you have acreage offsetting good shallow productions, we can probably drill immediately. Send details and plat of acreage to: PLATCO Box 147 Centalla, MO. 65240

Eastland Regular Field, seven miles north of Desdemona.

It is the No. 1 Watson, pumping at the rate of five barrels of oil per day on open choke. The location is in a 67-acre lease in the David Richardson Survey. The well bottomed at 3,392 feet and will produce from perforations 3,151 to 3,161 feet.

Pipeline Permit Summary

AUSTIN—Railroad Commission Chairman Mack Wallace has announced that 12 permits to operate new

pipelines in Texas were granted by the RRC in February. In February 1982, the Commission issued eight permits to operate new lines.

Nine of the permits in February were for gathering pipelines, one was for a trunk transmission line, and two were for multi-purpose and other lines. Gathering lines bring oil and gas production leases, while a trunk

transmission line is a larger diameter line into which smaller lines connect.

Eleven of the newly-permitted lines will transport gas, and one will carry products. Private pipelines accounted for all the permits last month.

In February, five permits were granted to operate pipelines in West Central Texas, three in Southeast Texas, and one each in South Texas and the Lubbock and Panhandle areas. One was granted for an offshore line.

Gathering lines approved: Rust Oil Co., Fort Worth, gas, Haskell County; B&L Operating Co., Abilene, gas, Shackelford County; Lako Pipeline Inc., Hurst, gas, Brown County; Mid Plains Pipeline Co., Midland, gas, Garza County; Miranda Co., Poteet, gas, Jim Hogg County; Copet Inc., Dallas, gas, Brown County; Houston Pipe Line Co., Houston, gas, offshore; Wellhead Ventures Corp., Kingwood, gas, Grimes County; Denaco Inc., Abilene, gas, Jones County.

Trunk lines approved: Esperanza Transmission Co., Corpus Christi, gas, Wharton County. Multi-purpose and other lines approved: Adobe Gas Co., Midland, gas, Schleicher County; Martin Gas Sales Inc., Kilgore, products, Chambers County.

Many Good And Sincere Individuals

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

Children Screening Set Tuesday

On Tuesday, March 29, the mobile unit from Central Texas Mental Health Mental Retardation Child Development Center will be in Eastland from 9:00 a.m. to 11:30 a.m. at the Mental Health Mental Retardation office to conduct developmental screenings for children ages 0-5.

The screen, which takes about 20 minutes to complete, tests a young child in

four areas: personal/social skills, (playing, eating, dressing etc.), fine motor skills (ability to manipulate small objects) gross motor skills (running, jumping, etc.) and language development (speech, following instructions, etc.). If a child is found to have two or more delays in one area, there is further testing available to the child, parents and teachers.

The purpose of Early

Childhood Intervention is to identify and correct as many problems as possible for young children. Early detection of young children's delays have proven beneficial to the child, parents, and teachers.

For further information please feel free to call 915-646-9574, Ext. 29, or come to the screening site. There is a \$10.00 fee, although no one will be refused services due to the inability to pay.

WITH THE TAX CHANGES H & R BLOCK FOR SURE

The Tax Law Changes, commonly known as the Economic Recovery Tax Act of 1981, affects every taxpayer. Changes that could save you money or cost you money, if you aren't aware of all the changes that will affect your return.

Call H & R Block today. It could be the smartest financial move you'll make this year.

Even the 1040A short form is af-

fectured by the tax changes, so no one can afford not to use H & R Block. Prices starts at \$7.50 and the average fee last year in dollars was under \$40.00.

What do you get when H & R Block prepares your taxes? A complete interview by a person specially trained in the new tax laws and return that is double checked for accuracy.

H & R Block has 2 conveniently located offices to serve you. Call today, appointment available.

Real Estate Consumer

David S. Jones

THE REAL ESTATE CONSUMER is provided as a public service by this newspaper and the Texas Real Estate Research Center. Address inquiries to: The Real Estate Consumer, Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843.

If you are in the market for a new home, be suspicious of offers for a quick-fix means of qualifying for a loan.

Numerous hazards and pitfalls await unwary buyers and sellers in today's real estate market. In most situations, buyers will pay a premium for below-market financing. The resultant rising or balloon payments may cause default and foreclosure of the loan.

Both buyers and sellers need to recognize and be prepared to cope with the hazards of their financing terms. Otherwise they are likely to lose their money, their property or both.

So-called creative financing does offer a variety of ways to avoid high-cost financing offered by lenders. But new ideas rarely come without costs. Be as informed as you can about pros and cons of any financing techniques before entering an agreement.

LOCATION AFFECTS PRICE

If your home is situated in a small town in Central Texas, it will sell for a substantially lower price than that same home would command in Houston or Dallas.

In a perfectly competitive market, goods can be moved to a place where they can receive the highest price. Unfortunately, such move-

ment is not possible with land and improvements.

The fixed nature of real property makes location one of the primary determinants of market value. For instance, a site at a distance of 10 miles from a city can only compete with a comparable site nearer to the city by selling at a lower price. In most cases, the extra travel cost incurred from the remote site to the city causes potential buyers to offer less for the remote site than the one nearby.

In purchasing real property, be sure to consider all the features of its location. These features form the permanent environment of the real estate.

TANGIBLE INVESTMENTS AND INFLATION

The dollar in 1982 was worth only 35 cents compared to its purchasing power in 1967. Consequently, tangibles—notably real estate—were the high investment performers of the 1970's. Fixed-income investments—notably bonds—performed poorly.

The main cause of these performance records is inflation. When a high inflation rate is expected, wise investors acquire tangibles, also called hard assets, in-

stead of investments that are redeemable with dollars. They believe the value of desirable tangibles, in terms of purchasing power, will remain constant.

Tangibles such as real estate do tend to command more dollars as the value of the dollar depreciates. The scramble to acquire tangibles in the 1970's forced prices of hard assets to a record high level. Prices of desirable tangibles have cooled since 1980 because the rate of inflation has slowed.

If inflation begins to accelerate again, you can expect the price of investment real estate to begin rising again.

OBTAINING ZONING CHANGES

Zoning has been the subject of many disagreements at city hall.

Not everyone who seeks a zoning change is successful. Those who are usually have done their homework.

The success of any attempt to change zoning depends on several factors: the property, knowledge of the ordinance, the fairness of the request, diplomacy in dealing with city officials and attitudes of area residents.

Persons seeking a zoning change should be able to answer such questions as: How will living conditions in the neighborhood be in-

fluenced? Will the change increase traffic congestion? Will the change reduce sunlight and air in adjoining areas?

Will the change affect property values? Will the change affect neighborhood restoration efforts? Will the change increase the burden on public facilities?

Remember, the burden of proof is on you, you must show how the change will affect the public welfare.

DOUBLING-UP IN DWELLINGS

The current high unemployment rate has caused many people to "double-up".

This term describes a situation where parties who would have been housed separately, share the same dwelling. For example, a person who becomes

unemployed might move back with his or her parents. A family supporting an elderly parent in an apartment might ask that parent to join them in their home.

Doubling-up was commonplace during the great depression of the 1930's. If the breadwinner lost his job, the home mortgage was likely to be foreclosed because there was no other source of income.

Since so many who are currently unemployed come from a two-paycheck household and the family is still receiving one paycheck plus unemployment compensation, temporary unemployment does not mean loss of a residence. Still, there is a significant amount of doubling-up as evidenced by a rising apartment vacancy rate in many cities.

Contest Announced

"You'd like living in Eastland County because ... (in 50 words or less)"

That's the phrase to complete for cash prizes by Eastland County school students.

A total of \$500 will be awarded - and the fringe benefits might even be greater.

It'll be an opportunity for each county student from kindergarten to Jr. College student to put on paper the word, words, or phrase that might influence a person to locate a manufacturing plant in Eastland County which could result in J - O - B - S for now and the future.

The entries will be judged by an independent agency and all entries will be subject to be included in the County Special Publication which will be sent around the nation in an effort to attract new jobs to this county.

There will be a winner in each town (Carbon, Cisco, Eastland, Gorman, Ranger and Rising Star) with the top prize winner awarded a \$50 bill. The top winner from both Cisco Junior College and Ranger Junior College will also win a \$50 bill.

These eight winners then will be judged for grand prize winner which will be awarded a \$100 bill. So the grand prize winner could win a total of \$150 for his or her effort.

Entries may be sent immediately to CONTEST, P.O. Box 29, Eastland, TX 76448.

It is hoped that school officials from throughout the county will encourage students to participate in the event in an effort to capture the best thoughts from those who live here about the good quality of life in Eastland County.

Deadline for entries is Wednesday, March 30 and all entries must be on a 3x5 inch piece of paper, which also lists the students name, grade, and school. Judging will be based on originality, sincerity and aptness of thought. No entry will be returned, and all become the property of the contest sponsor.

Time and thought are the essence: students should think about what makes this county great, and then put it into their own words - 50 or less - and get the entries into the mail. More than one entry per person is welcome, but each entry must comply with the rules.

Evaluate Agricultural Land For Tax Relief Purposes

Is the land you own being used for agricultural purposes? If it is, then you may be eligible for tax relief on that property.

According to information provided, by the Eastland County Appraisal District, landowners have the option of applying either for agricultural-use valuation or for open-space land valuation of their property.

Applications must be by May 2 this year to property to receive agricultural-use valuation or for open-space land valuation on property that did not receive that type of appraisal in 1982.

Two constitutional amendments permit taxation of land on its agricultural-use, or productivity, value. "This means that taxes would be assessed against the productive value of the land instead of what the land would sell for in the open market."

The legal basis for special land appraisal is found in the Texas Constitution in Art. VIII, Secs. 1-d and 1-d-1. The two types of land and valuation are commonly called "ag-use" or "1-d" and "open-space" or "1-d-1".

The requirements for application and for qualification of both the land and the owner are different.

For 1-d ag-use valuation, the owner must file an application with the chief appraiser each year. Some other requirements under this provision are that the land must be owned by "a natural person," not a corporation, partnership, agency or organization; the land must have been devoted ex-

clusively to agricultural use for at least three years before the year application is first made, and the agricultural business conducted on the land must be the owner's primary occupation and source of income.

Also, the chief appraiser must determine that the landowner qualifies and must approve the application, and the owner has to file a sworn statement each year he applies, attesting to the land's agricultural use.

For the other type of land valuation, 1-d-1 open-space, the land may be owned by a corporation or partnership and so on, and the agricultural business need not be the principle business of the owner. Agricultural and timber lands and ecological laboratories are eligible for 1-d-1 appraisal.

However, the land must be involved in a qualifying agricultural use to the degree of intensity generally accepted in the area; it must have been devoted principally to a qualifying use for at least five of the past seven years, and, again, the chief appraiser must approve the application.

Once an application for 1-d-1 valuation is filed with the chief appraiser and approved, a landowner is not required to submit another application as long as the land qualifies, unless the chief appraiser requests another application to confirm current qualification.

The possibility for a "rollback tax" exists under either form of special land valuation. This liability for additional tax is created under 1-d valuation by either a change in ownership or a change in use of the land, and it extends back three years before the year of the change.

Under 1-d-1, a rollback is triggered by change in use to a nonagricultural purpose that would not qualify for productivity valuation. Taxes are recaptured for five years before the year of the change.

The additional tax is

BE A WINNER. I'm looking for top achievers who want big commissions and rapid management growth for part time effort. Opportunity is knocking to earn while you learn. A little hard work pays off in a big way. Call Penny 442-1707.

measured by the difference between taxes paid under productivity valuation provisions and the taxes which would have been paid if the land had been put on the tax roll at market value.

More information and application forms are available from the local appraisal office. Personnel there will be

able to assist landowners with the information necessary for determining if their property qualifies for the program. The Eastland County Appraisal District office is located on the second floor of the Eastland County Courthouse and the telephone number is 629-8597.

Liveoaks Available...

Jack Hallmark and son James of Hallmark Garden Center on Mulberry St. in Eastland display the first shipment of choice hybrid liveoak trees which the firm will feature along with its other lawn and garden plants and supplies. First trees went to the Siebert Elementary School through the Eastland Parent-Teacher Organization, Mr. Hallmark reported.

Gordon Spot

County Extension Agent

DeMarquis Gordon

Keep your fingers crossed, but most of the fruit in Eastland County appears to be alright three days after a hard freeze.

According to Roland Bailey, Eastland Weather Bureau observer, the temperature dropped to 23 degrees early Monday morning and was below 28 degrees for several hours. On Tuesday morning the temperature dropped to 24 degrees, but for a shorter period of time.

Considering those fact I would conclude that there was no way the fruit crop, which was in the bloom stage, could survive. But, on Thursday morning the young fruit and the blossoms did not show much damage.

There were two factors that may have helped save the fruit. The wind was high both nights preventing a frost and the humidity was high. There is always less freeze damage when good moisture is available.

We can't be sure at this time that the fruit did survive. The cool, cloudy weather the past week may be preventing the freeze symptoms from appearing. If it had been warm and sunny following the freeze, the damage would appear very quickly. In a week or so we will know for sure about this year's crop.

Oak bud poisoning can be a serious spring problem in livestock, and this spring the potential is especially great. Drought, high summer temperatures, early frost

and winter moisture have lead to a situation of little or no high quality range forage in certain areas of Texas. Oaks, particularly shin oaks, in these areas present a poisoning problem in late March and April.

Oakbuds when eaten by livestock, especially cattle, cause poisoning. Toxic substances of oaks are thought to be tannins. These are more toxic when oaks are budding and leafing. When more than 50 percent of the diet is oak, animals become sick. More than 75 percent diet of oak usually causes death.

Signs of poisoning are gaunt, tucked up appearance; constipation, frequently followed by profuse diarrhea; weakness; tendency to remain near water; reluctance to follow the herd; emaciation; mucus in droppings; dark-colored urine; and collapse.

Move animals showing symptoms to an oak-free pasture and put them on adequate feed and water. Feeding a supplemental feed containing 10 percent calcium hydroxide may help reduce losses.

Prevention is a better cure. Control oak in a pasture and save the pasture as a reserve for the oak-bud season. Use moderate stocking and a deferred-rotation grazing program to improve range forage production.

Consult a veterinarian if you are unsure of the cause of livestock poisoning and losses.

The Garden Editor

Ted Brice

PLANT LOCATIONS IN THE HOME

By Ted Brice, "The Garden Editor"

Plants both indoor and outdoor thrive best in natural sun light. We move inside each winter a lot of plants that would not live outside in the winter months. We must duplicate the outside environment as closely as possible. The main environment factor that we must consider is the sunlight. There are two ways to remedy this problem - one way is by the addition of glow lights and the second way is by placing the plants on window sills where they would receive the sunlight from out doors.

But if you are like the average gardener (indoor or outdoor or both) you do not have enough window sills for all the plants you have to care for inside during the winter months. Then you will end up with dirty window sills that are wet as well as the drapes, blinds and carpet.

Recently, I found a walnut-grained window tray that is adjustable for use with blinds or drapes that will also keep the window sill clean as well as the carpet. This adjustable window sill tray will adjust to almost any size window sill and provide your plants with the necessary sun light to keep your plants healthy while they are inside. This is a life saver for not only your plants but for your drapes, blinds and your carpets.

The same company that makes these window sill trays also make a mini-greenhouse that can sit very nicely on a table in your home and is very beautiful with plants growing and blooming inside. This mini-greenhouse can be used for rooting cuttings or for the germinating of seed. The humidity can be very easily controlled with this mini-greenhouse. This mini-greenhouse has a walnut-grained based to protect the furniture. This mini-greenhouse can sit on your dining room table with beautiful petunias or pansies blooming in it and it will lighten up the whole room. There are many uses for this mini-greenhouse.

Both the window sill trays and the mini-greenhouses can be found under the "Plant Haven" trademark.

If you would like addition information on the window sill trays and the mini-greenhouse write "The Garden Editor" c/o this newspaper.

Good Gardening until next week from your Garden Editor, Ted Brice.

Homemaking Hints

County Extension Agent

Janet Thomas

Something exciting will be available to you and your families next month. The Extension Service and Eastland National Bank will be sponsoring a free, computer prepared budget for you. "Dollar Watch" is the name of the computer budget program.

Our computer will prepare you with a personalized budget for your family in just a few minutes.

Sounds great doesn't it! The computer "Dollar Watch" terminal will be set up in the Eastland National Bank. The computer terminal will be available Monday, April 4; Friday, April 8; Monday, April 11; and Tuesday, April 12. Come by the bank on any of these days between 9 a.m. and 2:30 p.m. and have a personalized budget analyzed for you by our computer. On Friday,

April 8 the computer terminal will be operated until 5:30 p.m.

For faster service, have the following information when you come:

Monthly estimates on amount your family spends for:

- Food eaten at home and away from home
- Cary payments
- Rent or mortgage
- Utilities (heat, electricity, phone, water, etc.)
- Installment debts paid monthly
- Childcare, household help, college expenses, etc.

Also you will need to have the following information:

- Number of people in your family
- Number of cars in your family
- Number of pay periods
- Available take home pay each pay period.

Your computer prepared

budget will be done free. There will also be available free financial management information.

Also during this time there will be a Financial Management Seminar sponsored on April 11 and 12.

RECIPE FOR THE WEEK:

Recently I received a cookbook entitled *The Potato Lover's Diet Cookbook*. The recipes are interesting and

sound good.

TURKEY AND POTATO BAKE

- 2 medium potatoes, peeled and thinly sliced
- 2 cups cooked diced turkey (or substitute ham or chicken)
- 1 medium onion sliced
- 1 can condensed cream of celery soup
- 1/2 cup skim milk
- In a non-stick 8" square

baking pan, arrange in layers as follows: potatoes, turkey, onion slices.

In small bowl, blend soup and milk; pour over casserole.

Cover and bake at 375 degrees for 45 minutes. Uncover and bake 15 minutes longer.

Makes 4 servings, about 250 calories each serving.

Auction's Best

by Fred Tucker

1981 Auction Marketing Network

UNDERSTANDING AUCTIONEERS

Some novice auction fans worry about being able to understand what the auctioneer is saying.

In order to better understand what's going on just remember that the auctioneer only calls two numbers. He first calls the bid he has received then he asks for the next increase in bidding he would like to get.

He says "I have \$10 will you give \$15?" He calls what he's got and asks for what he wants. The words he says in between the numbers are called "action words" or "filler words" and they are used to add an exciting rhythm to the auctioneer's chant.

Just pay attention to the numbers when he calls the "haves" and "asks," it's as simple as that. And, if the price is right, join the bidding and a bargain may be yours. Remember, when it comes to buying or selling AUCTION'S BEST (sm).

March Is 'Women's History Month'

The Charles Crawford Chapter, Daughters of the American Revolution, would like to call attention to March being Women's History Month.

You might call them "Daughters of Liberty" or simply "patriotic women" for them were women who from 1775 to 1781 were responsible for providing essential goods and services that fueled a revolution.

These women of the American Revolution occasionally took up arms against the British, but for the most part they were expected to flaunt their patriotism in more domestic ways. These women revealed their pro-American sentiments by refusing to buy English-made goods after the initiation of the Stamp Act in 1765. Instead, they saved and stitched all of the family's clothing at home. As war came reality, they saved rags to make bandages and paper and turned lead weights from windows to be melted into bullets. In 1770 Boston women signed an agreement not to buy British tea until the repeal of the hated tea tax. Women took to the fields to collect brewable herbs or began to serve coffee.

Some women followed their husbands and became nurses or cooks in the colonial armies. At least one woman actually disguised herself as a man, fought regularly, and collected soldier's pay.

"Molly Pitcher", the most famous female Revolutionary War Hero, was actually a composite person. One "Molly" was Mary Ludwig Hays, who followed her husband into battle and one day when he fell, loaded his cannon, "missing not a single round". Like other "Mollies" Hays earned the nickname carrying pitchers of water to exhausted soldiers.

It is certainly fitting to remember the important role that these patriotic women played in freedom that we so enjoy today.

Charles Crawford Chapter, Daughters of the American Revolution will not meet Monday, March 28, 1983. The next meeting will be April 25, 1983 at the home of Mrs. Charles E. Terrell in Cisco.

Women's Bowling Assoc. To Organize April 11

A meeting will be held April the 11th at 7 p.m. at the Texas Electric Reddy Room in Eastland for the purpose of organizing a women's bowling association for the Eastland County Bowling Center which plans to open on or about May 15th. All women interested in bowling

are invited to attend this meeting.

On April 14th at 7 p.m. at the Texas Electric Reddy Room the men will have their meeting to form their association.

All men interested in bowling are invited to attend this meeting.

Piano Recital Scheduled At Cisco Junior College

Dr. Ronald Rathbun will present a piano recital at Cisco Junior College on Wednesday, March 30 at 10:00 a.m. The recital will be

in the auditorium of the Harrell Fine Arts Building.

Dr. Rathbun is chairman of the piano division at Abilene Christian University. He holds a bachelor's degree from Southwest Missouri State University and a masters degree from Indiana University. He earned a doctors degree in piano performance and pedagogy from the University of Iowa. He has held teaching positions at Angelo State University, Concord College in West Virginia, the University of Iowa, and in the Missouri public schools.

Dr. Rathbun's program will be chosen from the following: Schubert's Impromptu in A-flat Major, Beethoven's Waldstein Sonata, Schumann's Scenes from Childhood, and Liszt's Obermann's Valley.

This will be the fifth recital that Dr. Rathbun has played at CJC. The recital has been scheduled during the daytime this year to allow a maximum number of students to attend, and the fine arts department invites all interested persons in the community to attend also.

Calvary Baptist Church Celebrated 29th Anniv.

Calvary Baptist Church, 205 North Oak, Eastland, Texas, will be celebrating its 29th anniversary and homecoming day on Sunday, March 27, 1983.

Services will begin at 10:00 a.m. with a combined Sunday School recognizing the charter members, former members, present members and special guests.

Rev. Floyd Osborne, former pastor, will preach the homecoming message at 11:00 a.m.

Following a noon meal in the church fellowship hall, an afternoon of singing and testimonies is planned.

All friends and former members of Calvary Baptist are invited to come as "Special Guests" for this day of worship and fellowship.

Motorola 2-Way Radio SPRING SAVINGS SALE

FM Mobile Radios AS LOW AS \$275.00

Since 1972, vehicle operating costs have jumped 174%. And now—for a limited time only—Motorola has reduced two-way radio to less than 1972 prices! New VHF and UHF models. Savings start on lowest priced units. Full factory warranty—direct from Motorola to you.

We rolled back prices! You roll back inflation! To take advantage of this \$275 offer or similar offers on selected mobile and portable models, ACT NOW! Call your local Motorola office at: 915-646-8003 OR dial 1-800-FM-RADIO, operator 5
