

## A New Grain Sorghum For Bailey County Will Crowd Martin Milo

*Mr. Muleshoe*

The reason a siren is sounded on a fire truck or ambulance is that the driver thereof is in a hurry and ordinary motorists, driving about for a breath of fresh air, are by custom long established expected to give the vehicles the right of way—but quick.

One of the fire teams practicing a vital operation Monday night was delayed because motorists did not respond to the siren. This could cause a serious accident since the driver of a fire truck expects other vehicles on the street or highway to give way at once. Firemen complained about it to this writer.

Howard Cox and Roy Dyer, who drive the ambulance for Steed Funeral Home here, have repeatedly requested the paper to remind people about the necessity of giving right of way to this mercy vehicle, which must get to its destination without unnecessary delay. Not always, but sometimes, the speed of an ambulance could decide as to life or death of a person badly injured or critically ill. It's good manners to give way to the ambulance and the fire truck, and it's a whole lot safer to do so.

Note to Mrs. Gilbert Wollard, Mr. Rufus Gilbreath, and probably many others:

Whereabouts are those stories you were to write after you had returned from your (respective) travels the past summer. File on you, for shame and other expressions of reproval. The people like to read such things. When the Bobos came back they promptly told us about their trip, so their friends and neighbors could hear about the country they saw. We have printed many others. We can still use these stories about travels over this broad country of ours, for people sure like to read about it.

Thumbnail description of the Sundown-Muleshoe football game by John Thomas Jack DeShazo: It seemed that every time Sundown got the ball they made a touchdown, and every time we got the ball, we made a touchdown. They got the ball one more time than we did.

Improvement and enlargement of Cobb's store here is an example of civic development that, even if we aren't in position to emulate, we can be proud of. This is a store of which cities like Plainview, Lubbock or Clovis might well point to with pride. It is to the credit of the owners of this store system that they saw in Muleshoe and its territory the kind of community that would support such a store.

Muleshoe ought to be proud of its fine stores, the owners of which are constantly improving, growing with the community. St. Clair's department store, for instance, recently was modernized and had its inside and outside appearance vastly improved. These people are spending lots of money to make Muleshoe stores the equal of any to be found in towns much larger, and we ought to appreciate their efforts. There is

**By J. K. ADAMS**  
Grain sorghums now being grown in Bailey county possess many desirable qualities that make them tough competition for any new variety, but every far sighted farmer is constantly on the alert to find a better variety than the kind he grows. J. K. Adams, county agent, was fortunate in procuring a small quantity of yellow milo seed from the Agricultural Experiment Station near Lubbock, which he thinks will grow rapidly in popularity and probably replace many acres of the accepted varieties.

The new milo outyielded Martin milo by 470 pounds per acre from June 1946 plantings. Charlie Prather, well known farmer living northeast of Muleshoe, scattered ten pounds of the new milo over six acres of land and was gratified to see a good promise of a ton of threshed grain per acre. Mr. Prather plans to go strong on this new milo in 1948. This new milo is known by number only, that number being 7078.

Perhaps if this vicinity could put this milo on the map, Don Jones of the Experiment Station could be induced to call it Muleshoe milo.

The county agent hopes to get out to the Prather farm in time to secure a small bundle for office display for the benefit of farmers who are too busy with cotton gathering worries to go by and see the crop under field conditions.

### Dorothy Jean Hayes Funeral Rites Conducted

Dorothy Jean Hayes, 18, a native of Bailey County, died at the local hospital Saturday morning after an illness of a few weeks.

She was born here April 15, 1929, and had lived here all her life. Dorothy Jean is survived by her father, Bill Hayes, of Muleshoe; her mother, Mrs. R. L. Ritchie, Vale, Ore.; a sister, Mrs. G. E. Troyer, Fruitland, Idaho; and a brother, R. C. Hayes, recently separated from the Navy.

Funeral services were conducted at the Muleshoe Methodist Church Sunday afternoon by Rev. T. G. Craft, pastor. Interment was in Muleshoe cemetery Tuesday, under direction of the Steed Funeral Home.

### FARWELL TO OPEN NEW HALL

The newly completed American Legion hall in Farwell is due to be opened in the near future, according to Adj. Porter of the Farwell post. No specific date was given for the opening but Porter said they hoped to have the formal opening very soon.

A number of Church of Christ members attended singing at the Church of Christ in Clovis last Sunday afternoon.

not a firm doing business in Muleshoe but that deserves every support and encouragement that we can give—and it is to our interest to give the cooperation that will ensure continued growth and development and improvement of our city.

There still is plenty of time to cut those tall weeds around our places and help the looks of Muleshoe this winter. Jimmy Alsop has volunteered the use of his hoe to any enterprising citizen who wants to clean up. This column will supply a match to set the dead weeds afire. Now, Mr. Citizen, it seems pretty much up to you.

A time or two this season the paper has credited one boy on the Yellow Jackets team with doing what another did and vice versa. Some of this is due to the fact that when the cash customers crowd onto the field the meek reporter can hardly find the right place to get and see what happens. Some of it is due to the circumstance that the numbers on our boys uniforms don't stand out plainly enough—they're white on yellow. It's bad business to give one boy credit for what another does, and we sure do apologize and hope the boys will overlook it. The Yellow Jackets are having a great season and every one of the deserves his share of the credit for it.

Dave Coulter goes about quite a bit in his work of electrifying Bailey County homes and keeps his eyes open while doing so. This week we are printing a story about the new farm home of Mr. and Mrs. Ralph Ehrhard, and this story was entirely due to old Dave's interest. And we give this public pat on the back to a man who is interested in his community and his newspaper, and has shown it through the years. And Dave, this bunch of newspaper workers up here sure do appreciate it.

# THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

TWENTY-FIFTH YEAR, NO. 44

MULESHOE — COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, OCTOBER 30, 1947

## De Luxe Pass Snatcher

DONALD BARNETT

Pictured here is that pass snatching left end of the Yellow Jackets, Don Barnett, the boy who wears the big 34 on his jersey.

Barnett has been a big factor in Muleshoe scoring all season. He has made several touchdowns, has set up many more by his uncanny pass receiving, and has added many points by kicking the ball between the uprights for extra conversion points.

Besides all this activity, Don

is one of the best ends in this district on defense. When the other side has the ball, you will see Don in their backfield most of the time.

This picture was snapped by Pierce's Studio, of Muleshoe. Sponsoring this picture is Rufus Gilbreath, of Gilbreath Feed & Seed Company, a well known Muleshoe grain firm. Rufus takes a keen interest in the fortunes of the Yellow Jackets and is one of their staunchest supporters and backers.

## Date Changed On Morton Game Here

Date for the annual Morton-Muleshoe football game has been changed from November 14 to Thursday, November 13, at Muleshoe field, Supt. W. C. Cunningham announced today.

He said the date was changed by mutual consent to permit those who desire to attend the Littlefield-Levelled game to be played at Littlefield the night of November 14. The latter game, it appears, will settle the district championship. Neither team has to date met defeat in conference play.

## D. H. Sneed, 77, Died October 20

David Harrison Sneed, 77, long time resident of Bailey County, died at Visalia, Calif., Monday, October 20. Death came at the Visalia Municipal Hospital, where he had been a patient six days.

Mr. Sneed had been there two months with the family of a daughter, Mrs. Grace Elizabeth Sawyer and family, who live in the nearby town of Linnell. He had been here with his sons for two months prior to going there.

A native of Missouri, Mr. Sneed was a member of the Baptist Church and of the Masonic Lodge. He was a retired machinist and blacksmith.

The family came to Muleshoe in 1928 from Calvin, Okla. A few years ago Mr. Sneed sold his property here and moved to Sulphur, Okla.

The body was taken to Dustin, Okla., the old home, for burial by the grave of his wife, who died January 31, 1913. Funeral services were conducted by the Baptist pastor in the Parks Funeral Chapel.

He is survived by his daughter, Mrs. Sawyer; three sons, D. H. Sneed, Jr., Carl B. Sneed and Rupert Sneed, all of Muleshoe; a brother, W. H. Sneed, Oklahoma City; and three sisters, Mrs. Pennie Cox, Tucson, Ariz.; Mrs. Ella Kit-chens, Washington, D. C.; and Mrs. Lizzie Holloway, Calvin, Okla.

Mrs. Sawyer accompanied the body to Dustin and the sons living here attended last rites.

## Rev. Jenkins Dies At Wink

Rev. L. S. Jenkins, former pastor of the First Baptist Church of Muleshoe, died unexpectedly at 3 p.m. Sunday at his home in Wink, Texas, where he was Baptist pastor. Rev. Jenkins, who was about 55, that morning had preached his farewell sermon to the church there. He was going to El Dorado, Okla., as pastor.

Rev. Jenkins was pastor here about 1935 and 1936. He was pastor at Amherst for a period of seven years. He was an uncle of Golden Benton, Muleshoe.

He is survived by Mrs. Jenkins and three children; Mrs. Opal Elms, Amherst; L. S. Jenkins, Jr., Shreveport; and Billy Wayne Jenkins, student in Howard Payne, Brownwood.

## District Court To Convene In Muleshoe Monday

District court for Bailey County will convene Monday, November 3, at the courthouse in Muleshoe with Judge C. D. Russell presiding. The grand jury will not meet until the following Monday, November 10.

Sheriff J. C. Buchanan said several cases are to be disposed, in which indictments have been returned by former grand juries. They include one case each where the charge is car theft, drunk driving, and swindling by removing mortgaged property. These may or may not require a petit jury.

## TO HAVE BARBECUE

A barbecue will be given Sunday, November 9, by the Boys' Ranch Farm, beginning at 1 o'clock. The place is the D. G. Axtell farm, 16 miles south of Dimmitt and one mile west of Sprinklake highway. A number of invited guests will take part. Mr. and Mrs. Axtell gave the farm to the boys and it has become a part of Boys' Ranch in Amarillo.

## Cotton Picking Here Is Gathering Speed

### Wheat Hope Is "Nearly Gone"

Plainview, Oct. 27—J. B. Kidd of Plainview, state assistant farm labor supervisor today voiced pessimism over the outlook for Texas' contribution to the bread baskets of the world next year. With the drought still clutching the South Plains and Panhandle wheat growing areas, the prospects for a wheat crop in 1948 are about gone, Kidd said.

The only chance now the labor supervisor added is for rains to bring up a volunteer crop from the grain that fell in the fields at this year's harvest.

All wheat lands have been plowed but farmers have waited in vain for rains they hoped would bring up the volunteer crop which would have set the stage for seeding the 1948 crop.

Customarily, volunteer wheat is destroyed before wheat land is seeded for a second crop.

It will take perfect conditions to make a crop from volunteer wheat, Kidd said. There is on record a fair wheat crop grown from volunteer in Floyd County a few years ago.

There has been rain sufficient to bring normal wheat growing conditions in the Gainesville, Denison and Dallas areas, he said, where approximately four percent of the Texas crop is grown.

The Sweetwater, Abilene area and from Wichita Falls to the Oklahoma line had rain last week which might help the next wheat crop. That's the situation in Texas, Kidd said.

The green stretches familiar to the Plains landscape at this season of the year are now absent. The occasional wheat field growing under irrigation is rare.

## 34,000 Bales Is Bailey County Cotton Estimate

Estimate of cotton production on the High Plains of Texas, as made by K. N. Clapp, area manager for Anderson, Clayton & Co., Lubbock, is 143,000 bales higher than he estimated the crop on September 1.

He predicts a harvest of 845,000 bales. The value of the crop is far in excess of any previous crop, and it is estimated at \$200,000,000. In 1937, 959,000 bales was the area yield.

The estimate for Bailey County is 34,000.

Clapp's estimate by counties follows:

County	Acreage	Prod.
Bailey	80,000	34,000
Briscoe	13,000	5,000
Cochran	84,000	24,000
Crosby	125,000	51,000
Dawson	300,000	100,000
Floyd	25,000	20,000
Gaines	22,000	7,000
Garza	70,000	23,000
Hale	55,000	41,000
Hockley	270,000	100,000
Lamb	200,000	116,000
Lubbock	350,000	153,000
Lynn	250,000	95,000
Terry-Yoakum	183,000	65,000
Castro-Farmer		
Swisher	14,000	11,000
Totals	2,041,000	845,000

## CHURCH OF THE NAZARENE IS ORGANIZED HERE

A Church of the Nazarene was organized in Muleshoe Wednesday night with eleven members. Rev. Walker, district superintendent, of Abilene, and Rev. George Eppler, Littlefield pastor, attended the meeting. Temporarily, Sunday school and preaching services will be held in the Marvin Wimberly home.

## LEGION'S ARMISTICE DAY PLANS TO BE MADE

Members of the Ben Richardson Post, American Legion, of Muleshoe are urged to attend the meeting Friday evening at 8 o'clock, when plans for the Legion's Armistice Day observance will be made. Veterans, whether members of the Legion or not, are invited to attend.

More than 1300 bales of cotton had been ginned at Muleshoe gins up to Tuesday night of this week, ginners reported. The three Muleshoe gins, Edwards Gin, Copley Gin, and Muleshoe Gin, were ready for the rush expected to start momentarily.

However, fogs prevalent each morning had prevented early morning picking and gins had been doing most of their work in the afternoon and early part of the night. Gins were remaining open at night.

Cotton gathering here has been delayed by lack of cotton pickers, but indications were that itinerant pickers would be headed this way soon. Some are already at work in the south part of the county, where cotton harvesting is farther advanced.

First of this week cotton was worth 30 to 32 cents a pound, depending upon grade. Cottonseed was selling for \$80 per ton. Cottonseed meal was said to be selling for \$100 per ton.

Dry land cotton in many places is producing a half bale or better. Some irrigated land will produce as high as a bale and a half. D. L. Morrison, who lives north of town on the old Harry Jesko place, told friends here he was gathering a ton per acre on the first picking.

There was a virtual embargo on cotton shipments this week as a congestion occurred at compresses all over West Texas. The railroads could not ship bales from local points, because compresses could not receive them, and they in turn were prevented from shipping because of the railroad car shortage.

Cotton price in big central markets broke about a dollar a bale Tuesday and about \$2.50 a bale Wednesday.

## Construction Is Underway On New Motor Inn Here

Ground has been leveled, the water well has been dug, and foundation is being run for the new motor inn to be erected on the Clovis highway just west of the townsite of Muleshoe. The site is 361.1 feet wide by 760 feet deep.

The owner, Ollie Jones, will cut off a row of residence lots on the east. A service station will go in the north end of the tract, along the highway and cabins will be located toward the south end. Mr. Jones expects to build a residence on the south end of the property, where the well and pressure pump will be located.

The tract is described as block 8, Warren's Acreage subdivision.

## Butch Bates Is Bitten By Snake

Condition of Butch Bates, 3 year old son of Mr. and Mrs. Buford Bates of Fairview community, who was bitten by a rattlesnake Wednesday noon, was reported this morning to be satisfactory at the Green Hospital & Clinic, where he is under treatment.

Butch and his mother were near the windmill when the young snake struck the child on his foot. Thinking he had a burr in his foot, she picked him up and the snake struck at her.

A tourniquet was applied on the leg above the fang marks and the child was rushed to the hospital.

## JOE COX, JR., GIVEN DISCHARGE BY NAVY

Joe Lee Cox, Jr., of the Navy was given his honorable discharge to date from October 31 at the Naval Training Center, San Diego. He had served overseas 21 months. Cox enlisted at El Paso January 31, 1945, and had served aboard the USS Dixie.

**Stormproof Cotton Proves Its Worth**

Lubbock—Superiority of storm

proof cotton varieties were graphically demonstrated on the Teyas Technological College farm during a recent severe thunderstorm, according to Dr. A. W. Young, head

of the college plant industry department.

Hard driving rain over a brief period caused heavy damage to open cotton of the ordinary varieties, but bolls grown from improved storm proof seed, developed recently by the agricultural experiment station at Lubbock, showed virtually no damage, Dr. Young stated.

Principal advantage of planting storm proof cotton is that farmers will be able to wait until all bolls in the field are open and then harvest with machines, thus saving themselves money as well as labor problems.

The Lubbock station distributed small amounts of the new improved seed last year for production of seed blocks, Dr. Young said, and interested parties can find out where to obtain seed of these varieties by contacting the experiment station.

**Chevrolet Studies Reasons For New Cars On Used Lots**

Detroit—Two factors, both of them beyond the immediate control of the industry, today were advanced by T. H. Keating, Chevrolet general sales manager, as underlying causes of the problem of profiteering on the inadequate supply of new cars produced by the auto industry.

Insufficient supply and continuing heavy demand for the industry's products, plus the willingness of the buying public to resell and rebuy legitimately obtained new cars at a bonus price are the two basic reasons for the appearance of current models on used car lots throughout the country, Mr. Keating declared.

His assertions, based upon thousands of individual investigations conducted by Chevrolet in response to complaints from all parts of the country that new models are appearing upon used car lots when dealers are still more than 14 months behind, throw light upon the present unprecedented situation within the automotive field.

"We maintain a distinct interest in the eventual use of the product we build," Mr. Keating said, "and are likewise concerned with public reaction to Chevrolet dealers' retail policies and the good name of Chevrolet itself."

**Will You Be 90 On November 7?**

Will you be 90 years old on November 7, or thereabouts, A substantial birthday surprise awaits any Texan, or Texans, now

**ALLIS-CHALMERS STARTS PRODUCTION ON WORLD'S LARGEST CRAWLER TRACTOR**

Comparison with smaller HD-5 Diesel indicates unusual size of new Allis-Chalmers HD-19.

MILWAUKEE, Wis.—Production of the world's largest, most powerful crawler tractor, the 20 ton Allis-Chalmers HD-19 Diesel is now underway at the company's Springfield, Illinois Works. Engineered completely new throughout, this tractor has been designed and built as rugged, simple and dependable as possible.

Operating adjustments, maintenance points and major assemblies are so located and designed that the care, maintenance and repair of the tractor can be accomplished with the least possible effort and loss of time.

By means of a three stage hydraulic Torque Converter introduced into the power train of the tractor the capacity for doing more work than conventional tractors is greatly increased. Application of the liquid drive principle to crawler type tractors originated by Allis-Chalmers, permits horsepower output of the engine to be held constantly near the maximum.

Fluid Power or the Torque Converter drive is the most outstanding factor contributing to smoother operation, because it eliminates so much gear shifting common to conventional tractors. The HD-19 transmission has only two forward speeds (0 to 3.0 low gear, 0 to 7.0 high), and one reverse (0 to 5.5). Thus a minimum of gear shifting and consequently more accurate control provides not only stepped up tractor performance but increased operator efficiency.

An A-frame track stabilizer design eliminates twisting strains, 84" of track tread and 8'10" of ground contact provide the HD-19 with excellent balance and reliable traction; easy accessibility of clutches, fewer adjusting and greasing points, are all additional factors which help make the Allis-Chalmers HD-19 the largest, and one of the most dependable, economical and efficient tractors in the field today.

residing within the state and whose birth date was November 7, 1857, the date from which stems the coming 90th anniversary of establishment of Sanger Bros., in Texas.

In the event none is found whose birth date coincides with that of this fine retail Texas institution, then the November date nearest November 7 will be honored.

"Texas has become the greatest of all states because of the thrift and perseverance of hardy pioneers. Therefore, Sanger Bros., proud of the confidence long held in this store, is anxious to celebrate jointly with its twin, or twins, and out of which will come worthwhile recognition for our guest or guests," declared E. P. Simmons, president of the firm.

Because birth certificates seldom are available for such a distant date, reasonable proof should be available from a family Bible, insurance policy, or some public record.

Information should be sent immediately to Eli Sanger, Sanger Bros., Dallas 2, Texas, and must arrive not later than Saturday, November 1.

**ARMY RECRUITER TO BE IN MULESHOE**

T-Sgt. Leon A. Reynolds of U. S. Army Recruiting office at Clovis, N. M., will be in town on November 5 at the postoffice between the hours of 9 a.m. and 4:30 p.m.

The Regular Army man is seeing more of Japan today than the average tourist in peacetime. They travel free on Japanese trains and are going on private excursions or on Army-conducted tours in and around the major cities and to many shrines, parks, lakes and other points of interest throughout the islands. While on leave, they can stay at famous Japanese resorts where wealthy tourists once held sway.

Volunteers can now enlist directly for service in certain famous Army divisions in Japan and Korea. Ask for full details at the U. S. Army Recruiting station, postoffice building, Clovis, N. M.

**THIS HALFBACK'S EYES WERE Trained AT HOME**

In football, and scores of other activities, good eyesight is important. AND GOOD LIGHT IS IMPORTANT TO GOOD EYESIGHT.

School children need good light when they study more than at any other time. To protect their eyes and help them make better grades, make sure they have correct lighting.

But more than that, eyes protected in youth by good lighting, are more apt to stay bright and undimmed through the years to come. Both for today, and tomorrow it's important for you see TODAY that your children have better light for better sight.

**I'LL COME TO YOUR HOME OR PLACE OF BUSINESS**

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

**THE ZENITH**

© HOUSING PLAN SERVICE, Inc.

1810 NOV. '47

**THE ZENITH**—A thoroughbred—a true, blueblood with generations of American Colonial tradition back of it—is the best description of The Zenith. It is, moreover, a house with an eye to the future.

It offers a five room home on the first floor complete with living room, dining room, kitchen, two bedrooms and bath. You may add two more bedrooms and bath upstairs whenever you need them and

feel you can afford them. Five rooms or seven rooms: the choice is yours and the design is in no way affected by your choice.

Every room is of good livable size. Each is well proportioned. The main portion of the house is almost square which facilitates economical construction. The living room has an open fireplace, the outside brickwork of which adds to the charm of the exterior.

The garage is attached to the house by an open porch which serves as a covered way from house to garage in bad weather. The little salt box extension that adds charm to the lines of the garage serves as a convenient storage for garden tools and keeps them out of the garage proper.

The room dormers, the small paneled windows, the homey front entrance, the wide painted shingles, are all authentic items of true Colonial.

The Zenith was designed to conform to the standards of the Federal Housing Administration. Its wiring plan is approved by National Adequate Wiring Bureau.

Complete detailed architect's blueprints and specifications cost \$7.50 per set and are obtainable from Housing Plan Service—140 Nassau St., New York 7, N. Y.

**MAKING HALF BALE**

Cotton on the A. L. Gabbert place south of Muleshoe is making about a half bale to the acre without irrigation. Mr. Gabbert told The Journal this week. He has about 130 acres. Many itinerant cotton pullers have come into the Needmore - Baileyboro community the last few days.

Please call in your news or send it in. Phone 54—The Journal.

**SPOT IN STATE**

Muleshoe broke into the headlines over the state Friday but some may doubt whether the publicity was good for us. This was the coldest spot in Texas that morning, with 34 degrees. Pampa was a poor second with 40 degrees, Plainview had a 41 reading, Lubbock 43, and Amarillo 42.

Many places down state reported varying amounts of moisture the preceding day and night, but none fell here. It's still dry, or was at this writing.

### Lazbuddy News

Mrs. Laura Treider and Mrs. R. G. Treider entertained Sunday with a surprise birthday dinner in the home of Mrs. Laura Treider, honoring her son, R. G. Treider. Those attending were Mr. and Mrs. Judd Clark, Mr. and Mrs. Willie Steinbock, and Mrs. Alma Steinbock, Mr. and Mrs. Juel Treider and children, Mr. and Mrs. Tad Bewley, Mr. and Mrs. Melvin Treider, O. D. Spitzer, Jo Frank Paul, Mildred Paul, Miss Smith, and R. G. Treider, jr.

About 7:30 Saturday night the brooder house of the Tad Bewleys burned to the ground. About 75 two months old chickens escaped out of 300. The chickens were the young brood of Mr. and Mrs. Melvin Treider.

Alex Steinbock has just completed a new irrigation well on his farm. All the six Steinbock brothers have just recently had wells drilled, excepting Binny and Ed who have had theirs about a year.

Mr. and Mrs. Truman Gleason entertained their domino club Friday night. Delicious refreshments of hot dogs, angel food cake, coffee and coke were enjoyed by Mr. and

Mrs. Eulan Parham and daughter, Sharon, Mr. and Mrs. R. G. Treider, Mr. and Mrs. Willie Steinbock and Mr. and Mrs. Harold Dean Hutchinson.

Buddy Jones visited Rex and Max Steinbock Saturday.

Mrs. H. D. Hutchinson visited with Novelene Seaton in the Rink home Monday.

Those who are attending college at Canyon and visiting here Sunday are: Miss Clara Treider, Homer Paul and Bealidine Broyles.

Those attending the wedding of Mr. Tom Foster and Miss Scott at Clovis Friday were: Anita Steinbock, Agnes Jenko, Ralph Broyles, and Demp Foster. The newlyweds will live just south of the Lazbuddy store, in the C. C. Matthews rent house.

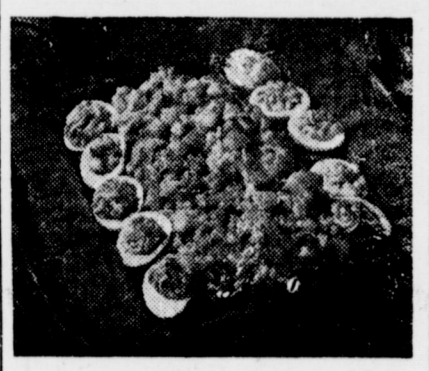

Lazbuddy school is having a carnival at the school house Friday night. Many nice gifts were donated by Muleshoe merchants and those of surrounding towns.

**Syndicate Hotel Moved To Friona**  
The old Syndicate Hotel that formerly stood about 4 miles east of the Hub, has been bought by the Friona Legion Post and has been

moved to Friona to be converted into a Legion home.  
It is a 2-story frame building about 36 by 60 feet in dimensions. The job of moving was quite a feat, and the final lap over the railroad in Friona was watched by a large crowd, we are informed by The Friona Star.

Mr. and Mrs. Arnold Morris and Miss Barbara Mae Morris and Buddy Blackman returned Tuesday from a visit in Tucson, Ariz., with Mr. Morris' mother, Mrs. Laura Morris, and sister, Mrs. Ivan B. Mardis and Mr. Mardis. They were joined Sunday by his sister, Mrs. Harold Neff, of Los Angeles, who flew down to be with them.

**Mustard Potato Salad A Hit for Club Lunches**  
An attractive platter of potato salad, cold cuts and deviled eggs will make a real hit at that next club luncheon, advises the Rural Home editor of Capper's Farmer, one of the best known farm magazines.  
For added zest, make the potato salad with mustard cream dressing.

she writes. You can give it an extra tang, too, with diced raw cucumbers or crumbled fried bacon.

**MUSTARD CREAM POTATO SALAD**  
6 medium potatoes  
1/2 c. prepared mustard  
1/2 c. evaporated milk  
1/2 c. sugar  
1/2 c. vinegar  
1/2 tsp. salt  
1/2 c. onions, chopped  
1/2 c. celery, diced  
1 tsp. celery salt  
Cook potatoes in their jackets until tender. When cold, skin and dice. For dressing combine sugar, mustard, milk, vinegar and salt; beat thoroughly. Toss together lightly potatoes, onion, celery, celery salt and salad dressing to moisten. Chill before serving. Add hard-cooked egg if desired. Serves 6.

### How to Defrost and Clean Your Home Freezer

HOME freezers can be easily defrosted and cleaned if a few simple rules are followed, points out the Country Home editor of Capper's Farmer, one of the best known farm magazines.  
Here are some of her suggestions:  
For a complete cleaning, remove foods and place them in a cardboard container, or wrap them in newspapers. Scrape the frost from strips and liner walls with a spatula or piece of hard wood. Do not use an ice pick or any other pointed sharp instrument.  
Clean the exterior regularly with a mild soap and water or a liquid wax which adds luster and protects the surface. Once a year—perhaps in the late spring—clean the surface of the condenser with a stiff brush or vacuum cleaner attachment.  
To shut down a home freezer, turn it off. Remove the contents. Defrost and clean the interior, mopping water from the bottom. Leave the lid open so air circulates inside.

**Lounge Drapes**

### SKYSTREAKS TO RECORD

The Navy captured the world's speed record in August, 1947, and, five days later, broke it with the jet-propelled "Skystreak," shown above. Piloted by Comdr. Turner E. Caldwell, Jr., USN, the plane flew 640.7 miles per hour in the first test at Muroc Field, Calif. Within a week Maj. Marion Carl, USMC, set a new mark of 650.6 miles per hour in the same plane. (Official U. S. Navy Photograph)

### Ethridges In New Home At Longview

Mr. and Mrs. R. E. Ethridge have recently moved into a new home on their farm in the Longview community. The house is modern in every detail, has a unique floor plan and is one of the few houses in the county that has two floor furnaces. Much of the furniture in the home is new.  
After living on their farm three years, Mr. and Mrs. Ethridge decided to hunt greener pastures. The first of 1947 they rented their land and moved to California, but after spending several months prospecting they bought a one way ticket to Muleshoe and state that they may spend the remainder of their days here.  
Said Mr. Ethridge: "I figure our experience cost \$7,000 and we are back on the spot from which we started." Ralph and Mrs. Ethridge are active workers in the Longview Baptist Church and are an asset to the community, as well as the coun-

ty. Friends and relatives are mighty glad they prefer old Bailey County, Texas, to California.

**MONROE FAMILY ARE NEW CITIZENS BAILEY COUNTY**  
Mr. and Mrs. E. C. Monroe and children have moved here to live, having bought the Dair Baldrige farm north of town. The farm has 160 acres. The family comes here from Amber, Okla. The deal was made through the R. L. Brown agency.  
Mr. Monroe told The Journal he has one boy who ought to make a good athlete for Muleshoe high school. The boy, 17, will try out for the basketball squad.  
**BACK FROM PHEASANT HUNT**  
Mr. and Mrs. Fred Johnson and Mr. and Mrs. Irvin St. Clair returned Sunday from a pheasant hunt in South Dakota. They visited in Sioux Falls with Mr. Johnson's sister, Mrs. Olive Freidhoff, and in Pukwana with Mr. and Mrs. Iden Myers, cousins of Mrs. Johnson.

They drove to Highmore, S. D., saying that the fire was started where the recent forest fire started by a cigarette thrown on the high- and destroyed 2,000,000 square acres of vegetation. Mr. Johnson said there was a huge sign at this place where the Black Hills and viewed the scenery in all its autumn colors.

### TERRACING—A Good Water Saving Strategy

Of the various practices a Plains farmer may take in water saving strategy for cropland, terracing may be considered as one of utmost importance on soils adapted to their use. For the farmer who has a rolling, hard type of soil in an area of low annual rainfall, terracing for moisture conservation becomes a very important MUST if he is to expect a fair to good crop each year.

Terraces have proved their worth by increased production on practically all of the cultivated land adaptable to their use on the Plains with the possible exception of the deep sandy types of soils. Their use in helping to store moisture in the soil for winter wheat has been abundantly proved.\*

\* This information was furnished by the Blackwater Valley Soil Conservation District.

## Train Featuring Soil Conservation To Be In Lubbock On November 13th

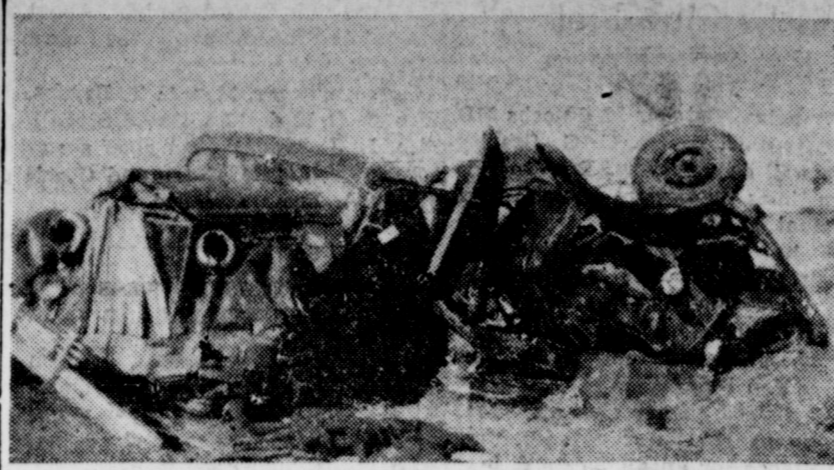

Lubbock, October 22—Over 100 of the nation's leading business men will visit Lubbock, November 13, on a special train which will make a week's tour of Texas promoting soil conservation. The train, which is sponsored by the Second National Bank of Houston and the Burlington Railroad, will leave

Houston November 9, and will make all day stops at Corsicana, Fort Worth, Amarillo, Wichita Falls and Abilene in addition to Lubbock.

Plans provide for the train to arrive in Lubbock at 7:30 A.M. and to leave at 10:30 P.M. A committee of Lubbock citizens will meet the Group and take them on a tour of selected farms and other agricultural facilities in which the party is particularly interested.

The special train is to consist of Pullmans, dining cars, and office cars, also some specially built soil conservation exhibits in baggage cars, to be prepared jointly by Texas A & M College Extension Service and the U. S. Soil Conservation Service. Local exhibits demonstrating conservation methods peculiar to certain types of local soils will be shown in each stop-over point.

**Bromfield to Lecture**  
It is anticipated that 150 or more executives and industrial leaders of the nation, who are interested in preserving the natural agricultural wealth of Texas, will make this trip and join in the effort of preaching the gospel of saving Texas' topsoil. The entire November effort, however, will be built around the nationally famous author and lecturer, Louis

Pictured above are two automobiles which collided north of Earth, Wednesday, October 16. The accident resulted in the death of Mrs. Jack Shrum of Earth, and injured four others.

Bromfield, who will deliver lectures on soil conservation and agricultural developments at the afternoon and evening meetings in each of the six towns in which programs will be held.

Mr. Bromfield's latest books deal largely with economics and the preservation of our dwindling natural resources and real wealth. He is one of the most consistent exponents of the new agricultural revolution and the importance of an increasingly abundant food supply and better national and world wide distributions of food, raw materials and manufactured products.

Lubbock is making extensive plans to accommodate large audiences composed of rural people and town folk as well, so that it may be brought home to everyone just what the saving of Texas' topsoil means to him individually. The lecture will be free to the general public and is scheduled to take place in the High School auditorium at 7:30 P. M.

### DALLAS STATE FAIR ATTENDANCE SET RECORD

Dallas—Texans have something new to brag about this week, as their State Fair set a new all time high attendance record. When the gates swung shut Sunday midnight on the 62nd anniversary show, count showed that 1,763,921 persons had been to the Fair during its 16-day run.

This is 123,935 more visitors than attended the 1946 Fair which itself broke all previous records.

The new record upholds Texas' claim to having the world's biggest state fair. Biggest single day was the middle Sunday, Oct. 12, when 221,320 visitors swarmed over the 187-acre grounds and through the mammoth exhibit halls. Attendance went past the 100,000 mark on eight out of the 16 days of the Fair.

## Helps Save Daily Slice of Bread

American housewives can take a conservation tip from Gloria Whalen, popular Walter Thornbury pin-up model, who carefully recloses the waxed paper wrapper on a loaf of bread immediately after preparing her "between exercise" snack. Reclosing protects the freshness of the loaf, prevents waste, and lends support to President Truman's "Save Food for Europe" program. One slice of bread saved by each housewife, says the U. S. Department of Agriculture, means a national saving of one million pounds of bread daily.

Mr. and Mrs. Bill Booth and daughter LaNelle, returned home Thursday from Dallas, where they attended the Fair and visited with relatives.

### STARKEY PLACE HERE IS SOLD TO JOHN GAMMON

Sale of the John Starkey homestead here to John Gammon of near Larduddy, the well known cattle breeder, has been announced here. The house and 40 acres were included in the deal. The rest of the farm had been sold previously.

The Starkeys formerly operated the Starkey Packing Company plant here, now operate at Clovis, where they make their home.

Mr. and Mrs. Arnold Morris and Barara Mae left Saturday for a few days stay at Tucson, Ariz.

Mr. and Mrs. J. E. Perkins and Mrs. Albert Perkins have returned home after spending several days at Hot Springs, N. M.

## Muleshoe Club Tacky Party Nov. 13

Muleshoe H. D. Club met in the home of Mrs. H. E. Farr October 23. Mrs. Tom Zimmer gave a report on the council meeting. The council has set November 22 as the date for the style show.

Every member is urged to have something to enter in the show. Mrs. S. E. Caldwell gave a talk on Family Relations in the Successful Family.

A round table discussion, What do you want on labels?, was led by M. A. Kenneth Briscoe. New officers for the coming year were elected as follows:

President, Mrs. S. E. Caldwell, vice president, Mrs. J. E. Day, secretary, Mrs. A. W. Copley, assistant, Mrs. Kenneth Briscoe.

Date for the tacky party was changed from October 29 to November 4.

Please be there for lots of fun. Please bring report of this year's work, canning, sewing and produce sold to next meeting or mail it to the president before that date. Club will meet with Mrs. W. H. Awtrey, November 13.

Refreshments were served to one visitor, Mrs. Bruce Burson and the following members:

Mesdames J. E. Day, Kenneth Briscoe, C. E. Briscoe, Ray Carney, Tom Zimmer, S. E. Caldwell, Ernest Holland, the co-hostess, Mrs. Copley and hostess, Mrs. Farr.

## Rainbow Girls Party Was Given Tuesday Evening

Mrs. Vance Wagoner, Mrs. Howard Elliott, Mrs. Eddie Lane, Mrs. Irvin St. Clair and Mrs. Dudley Malone were hostesses at a Rainbow Girls party held in the gym Tuesday evening. Refreshments of sandwiches, donuts and cakes were served at the conclusion of the games.

Attending were: Dixie Jennings, J. Ann Weyer, Shirley Evans, Patsy Lane, Thelma Truelock, Eva Truelock, Doris Gatlin, Edith Henry, Billie Faye Graves, Kay Malone, Pat English, Louise Ford, Betsy Willis, Gay Sanders, Peggy Jo Robinson, Marion Davis, Bette Guthrie, Dorothy Wagoner, Joyce Nichols, Janice Jordan, Sandra Wagoner, Helen Lambert, Wilma Jennings, Quinell and Roberta Elliott; Eddie Wayne Nickols, Benny Ray Douglas, Howard Tate, Carter Taylor, Curtiss Goss, Don Mickey Sanders, Richard Willie, Weldon McCarty, Bobby Wallace, Elmer Kersey, Richard Barnett, Donald Pre-cure.

## West Camp Club Met In Roark Home

The West Camp Club met Oct. 22 in the home of Louise Roark, with Esther Cummins, president of the club, presiding.

Our council delegate, Mrs. Beulah Williams, gave the council report.

We were very happy that council won the \$10 at the Lubbock fair and that our food booth netted us such nice returns—\$93.26 to be exact. Our delegate also announced that our county wide style show will be held on November 22 in Muleshoe and urged all ladies to have at least one entry.

Our main business for the afternoon was election of officers for the coming year. The following were elected:

Mrs. Esther Cummins, president; Mrs. Sylvia Couch, vice president; Mrs. Naomi Austin, secretary-treasurer; Mrs. Wilma Austin, assistant secretary-treasurer; Mrs. Bert McClarty, county delegate; Mrs. Hazel Willingham, alternate council delegate; Mrs. Sylvia Couch, reporter; Mrs. Grace Snider, reporter; Mrs. Beulah Williams, parliamentarian.

It was suggested that in order to improve our report to the paper that each lady bring one news item from each meeting. Mrs. Hazel Willingham received the hostess gift, which brought the club 79c. Our next meeting will be with Mrs. Joy Jones on November 12, at which time Naomi Austin will bring us a talk on "Joy of Thanksgiving." Also our agent, Mrs. Williamson, will be present.

We still need all the ladies in our community in the club. So make us you are very welcome. At the close of the meeting Mrs. Clark served delicious cream cheese sandwiches and lemonade to the following members:

Joy Jones, Ethel Harding, Naomi Austin, Esther Cummins, Wilma Austin, Vola Dutton, Bert McClarty, Hazel Willingham, Sylvia Couch, Doris Huckabay and Grace Snider.

## \*\*\* Fashions \*\*\*

There is nothing so head-turning as black velveteen suit, simplified with pique collar, cuffs, shown above as pictured in the October issue of Good Housekeeping magazine.

## Rebekahs Held Halloween Party

Needmore, Oct. 23—The Needmore IOOF Hall was really very attractively decorated for Halloween with lots of black witches, cats and bats; the lights were beautifully decorated with black and orange crepe paper and lighted jack-o-lanterns were sitting around.

Noble Grand Jean Moore closed lodge, after a very short business session and the Halloween fun began. Estelle Heald and committee planned the entertainment consisting of: blindfolded person stepping over potatoes—yes, we had some high stepping to get over those little old potatoes (which weren't even there)! A punch board game which covered everything from a story told by Martille Gabbert with her mouth full of food, to a very nice make up demonstration, which Tommy Sanders performed by putting powder, rouge and lipstick on Mrs. Ted Hubbard.

Very delicious refreshments were served by Lois Witherspoon and committee, which carried out the Halloween colors of orange and black by serving sandwiches and coffee, orange jello and chocolate cake. The plate favors were all different kinds of Halloween noise makers. Everyone really had a good time.

## Surprise Shower Honors Newlyweds

A surprise wedding shower was given for Mr. and Mrs. Kelley Joe Barnett in their home last Saturday night, October 25. Mrs. Barnett is the former Florence Mae Martin.

A large number of guests were present and many nice gifts were given. Many people sent gifts who were unable to attend.

Some of the guests brought candy and cookies, which were served. A very nice time was reported by everyone.

## POLLY JO BRISCOE CELEBRATES BIRTHDAY

Polly Jo Briscoe celebrated her seventh birthday Sunday afternoon with a birthday party. Games were played on the lawn until refreshments, carrying out the Halloween outfit, were served.

Cakes for the afternoon were Mary Beth Jeter, Mary Jo Holt, Nancy and Ronald Julian, Arthur Charles and Kenneth Splawn, Dale Wise, Jimmy Marrs, Donna Kay and Ronald Burns, Sandra Briscoe and he honoree.

## Enochs Club Met In Seagler Home

Thursday, October 23, Enoch's HD Club met with Mrs. C. G. Seagler for an all day meeting. Due to such busy times there were not as many as usual in attendance.

In the afternoon our business meeting opened with ten members and one visitor present. Mrs. Laurette Williamson made an interesting talk on "Know Materials You Buy."

We worked on our club quilt too. November 13, we meet with Mrs. L. J. Jones for an all day meeting. Each member is urged to be present as we elect officers for the coming year. Bring a covered dish with you.

Refreshments were served to the following: Mesdames T. W. Autry, Bill Dick, E. N. McCall, R. P. McCall, C. G. Seagler, Chas. Stiles, J. B. Vanlandingham, C. W. Vanlandingham, Dutch Cash, Woodie Vanlandingham and Miss Dona Autry.

## Beginners Held Halloween Party

The Beginner Department of the First Baptist Church, which includes children of four and five years of age, were entertained with a Halloween Party Tuesday afternoon, October 28, on the church lawn, by their teachers, Mrs. B. H. Black and Mrs. A. W. Blaine. The children wore Halloween faces and costumes and after a parade of noise making, games were played.

Refreshments of orange pop, chocolate cookies and orange suckers were served to the following:

Barbara Morgan, Goldialu Goucher, Dixon Ray, Doris Ann Gilbreath, Richene Moore, Everett McAdams, Frosty Jones, Gary King, Clifford White, Gwyndolyn Roberts, Patty White, Ronnie Angeley, Donna Redwine, Laquinn Stone, Linda Wimberley, Quinton Knight, Mike Barron, Alfred Blaine and Karen Knight.

## SOPHOMORE CLASS ENJOYS WEINER ROAST

Members of the high school sophomore class enjoyed a wiener roast and party at horse shoe bend in

the sand hills Saturday night. About thirty five members of the class were present.

Room mothers, Mrs. E. T. Bryant, Mrs. O. C. Kirk, Mrs. David Stovall, Mrs. L. J. Sanders and class sponsors, Miss Margie Moore and Coach James A. Beam attended.

## MRS. ROCKEY IS HOSTESS TO HALF CENTURY CLUB

With an all day get together on October 23, there were thirty members present and four new members with us. They were Mr. West, Mr. Weyer, John Thomas and Glenn and O'Neal Rockey. Everyone enjoyed the fine dinner and we always enjoy having visitors.

After lunch we had a business session and sang several old time songs. Everybody thanked Mrs. Rockey for the day of pleasure. The meeting then adjourned and will

meet on November 6 with Susie Mardis.

## Picnic Supper At C. E. Briscoe Home

A lovely impromptu picnic supper was enjoyed by all in the C. E. Briscoe home Sunday evening. Guests were Mr. and Mrs. Jack Julian and family, Mr. and Mrs. Fred Bruns, Mr. and Mrs. Robert Prather, Elwin Julian, Jack Bruns, W. J. Coffman, Mr. and Mrs. Howard Splawn and family, Mr. and Mrs. Don Bruns and family, Mr. and Mrs. Kenneth Briscoe and family, Mr. and Mrs. Merriman Vise and Dale, Mr. and Mrs. Earl Marrs and Jimmy and Mr. and Mrs. Bob Hardy.

Bud Dyer visited his sister and husband, Mr. and Mrs. Leo Baker at Levelland over the week end.

Sam Aldrige, Farwell attorney, was here on business Tuesday of this week.

E. T. Bryant, hauling cotton to Muleshoe Wednesday, said his crop, on non-irrigated land, is producing satisfactorily this year, but lack of hands is holding back harvest.

Mrs. Charles Harris of Sudan spent Sunday afternoon with Mr. and Mrs. Will Harper.

## WELCOME

Welcome to the Church of Christ meeting in the Legion Hall, west of the courthouse. Services, 10:30 a.m. each Sunday. Rev. C. W. Sorgan of Clovis, N. M., to preach the

Mr. and Mrs. Volney Dewees of Oklahoma City spent a brief visit in the W. H. Clements home Sunday. Mr. Dewees and Mrs. Clements are cousins.

## Remodelling Erases Years From Old House

THIS cheerful, modern-equipped black, white and red kitchen with inlaid linoleum covering chromium-edged counter surface, is an example of what can be done to erase years from an old house by a smart remodeling job.

The Elmer Klever family did just that when Mr. Klever bought a farm in Scott county, Iowa, four years ago. Betty Lindsay points out in an article in Capper's Farmer, a leading farm magazine, The old-fashioned house was gloomy and run down. It had few conveniences.

So mother and dad and the three children, Marilyn, Joan and Al made plans for modernizing the house. Soon carpenters were at work. The kitchen is just one instance of what was done inside and out, Miss Lindsay tells the readers of the

farm magazine that reaches 1,300,000 farm families. Off came three unused porches. White asbestos shingles masked the age of the exterior. Gray red shutters gave a streamline effect. By adding a dormer, wasted space over the living room was made into a bedroom. A hallway was built upstairs to save going through one room to get to another. Some windows were changed.

There was electricity in the house. So Klever installed a water system with a softener, making possible a new kitchen sink and a bathroom. A new furnace with stoker and blower was added. Modern materials pepped up the aged interior. The Klevers slipcovered and refinished old furniture so it would look better in new surroundings.

WANTED TO BUY—Bundle feed with light grain. Last year's feed preferred. Humphrey's Dairy, Phone 092R1, Route 1, Clovis, N. M., 2 mi. east on 7th. St. 44-3tp

## Cut Winter Drafts with Venetian Blinds

A properly dressed window will contribute to the winter coziness of your home, keep it warmer and reduce expenditures for fuel by blocking drafts from the outside and loss of heat from the inside.

The ideal window dress pictured here is a snug-fitting Venetian blind with full-hung draperies of light-weight wool. A simple valance adds a decorative touch and prevents drafts and heat loss at the top of the windows.

Tests by the Armour Research Foundation of Chicago show that the blinds can save enough in fuel costs to pay for themselves during their long term of usefulness. An air space is formed between closed slats of the blind and window glass that prevents drafts from entering the room and interior heat from escaping.

Windows, are naturally, not the only factors to be considered in insulating your home, but they can do their part gracefully and effectively with the proper treatment.

## Hospital News

Bill Thomas underwent a tonsillectomy. He has gone home.

J. R. Moore is a medical patient. He is resting well.

Would appreciate your listings on any kind of property, so please bring us your listings.

—We have one three bedroom house, and three lots, ideal location, \$6,000.00. You will have to hurry if you beat this one.

## DDT Is Not Always Harmful to Animals

Absorption or Licking Toxicity Overplayed

When DDT fly sprays first became available for farm buildings and livestock, there was considerable talk about sprayed animals being poisoned from absorption through the skin, or from licking one another, or licking the walls of buildings to which DDT had been applied.

Evidence, however, indicates the danger of toxicity to animals has been overplayed. For instance, in Missouri last summer, a cow drank half a tubful of DDT barn spray

while the farmer was tinkering with his sprayer and getting ready to spray his barn. The cow suffered no bad effects.

At West Virginia university last year the dairy department threw caution to the wind and put 32 pounds of 50 per cent DDT powder in 100 gallons of water — then sprayed cows with it. That figures out about 16 per cent for DDT. Most recommendations to date have been under 1 per cent for DDT water sprays on animals. "There were absolutely no harmful results" the head of the dairy department reported. The DDT controlled flies, too. The spray was put on in May, and there were no flies on the cows until the middle of August.

## Dehorning Instruments Spread Common Disease

A cattle disease known as anaplasmosis has gained a serious foothold in the United States and is more prevalent than most folks realize.

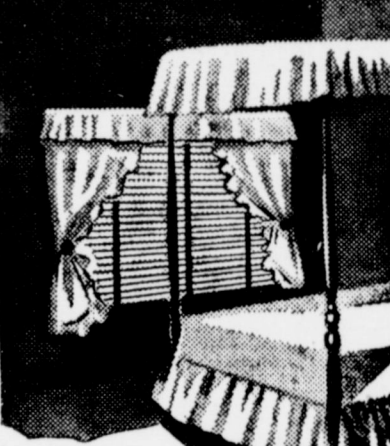

It is a febrile, infectious, protozoan disease that may be chronic or acute. It attacks older animals mostly. Average mortality ranges from 30 to 50 per cent of animals affected. Clinical symptoms are similar to tick fever.

Treatment is still in the experimental stage. The disease probably is spread by insect bites. Many cases coming to the attention of bureau of animal industry investigators have followed mechanical dehorning when too little or no attention had been given to disinfecting instruments.

If calves have horn buttons removed when young, by means of chemical dehorning fluid, the danger of spreading the disease by dehorning tools is eliminated.

## Lone Star Trading Post in Muleshoe Has For Sale

1 Two Room and Bath, very nice apartment with venetian blinds and built-ins; to be moved at once. This is a bargain and for a few days only. EXCLUSIVE.

1 good section wheat land, smooth, red mixed land, located one mile from pavement and four miles from school. All plowed and ready to plant. A clean place with nice improvements. Priced at \$75.00 with about 1-3rd cash, balance in easy installments.

15 acres, very close in with irrigation well and the start of a fine house. On the highway. Priced at \$6,000.00 and with about \$2,000.00 cash. Balance easy terms.

FOR RENT — For cash, about 90 acres good irrigated land close in. No house goes with it, but it is close in and renter could live in town. If you are not a farmer do not apply for this. Priced at \$700.00.

We are badly in need of listings on good 160 acre tracts especially. Could use lots of listings on just anything you want to sell. Come in and see us for a fair deal.

**Be Patient About Your Baby's Growth**

IF YOU'RE concerned about how your baby is growing, just give him the best possible care and be patient, advises Beulah France in an article in Capper's Farmer, one of the leading farm magazines. He will develop only as rapidly as nature intends.

"How fast your baby grows depends on 2 things," she writes in the magazine read by 1,300,000 farm families. "One is heredity—traits he inherited from both sides of the family. The other is environment—baby's surroundings—which include the food he eats and the treatment he receives."

In the early months, once a week is often enough to weigh your baby, she says. Later, once a month will be sufficient. Baby usually doubles his birth weight in 6 months. At one year he should weigh about 3 times his birth weight.

Your baby may begin to sit alone for a moment or two at a time when he is 7 months old. But he must not be propped and left that way. He will sit without support

and walk alone when his bones, nerves and muscles are ready for the effort. Between 12 and 18 months he will try to walk. By a year and a half he may be toddling. Between the ages of 2 and 3 he'll become an accomplished walker.

Some babies repeat a word or two as early as 10 months. But they generally don't know what they are saying. By a year, your child may call several things by name, including his father and mother. But do not expect a child to use phrases before he is 18 months old. Even babies of 2 years may not speak clearly.

"Don't use baby talk with your child," Miss France cautions. "Speak slowly, correctly, as you want him to speak when he grows up. It's unfair to teach a child a language he must later discard."

**—Farm Notes—**

**WINTER GRAZING**

College Station—It's going to take plenty of winter and spring grazing to fall in line with the government program of saving feed grain.

E. A. Miller, Extension agronomist of Texas A. & M. College, offers a few pointers on planting winter grain crops. He says that as soon as there is enough moisture in the ground, forage crops can go into the soil. If the land is not too hard, it's safe to go ahead and plant in dry soil. The seed will germinate when it finally rains.

Grain planted for grazing can be planted a lot thicker to provide more forage. Oats, wheat, barley, rye and Italian rye grass are good winter grazing crops. A mixture of oats, wheat and barley makes a good combination for grazing when no harvesting is planned. In this mixture, barley provides more grazing in the fall and early winter, while the oats and wheat will usually offer good grazing in the spring. Rye, especially abuzzi and balbo are good crops on the sandy soils of East Texas and the West Cross Timbers area.

Vetch or other winter legumes can be planted, with grain to improve the grazing. Over a large area of Texas, hairy vetch is planted with rye or other grain crops for seed production and soil improvement as well as grazing.

In the southern half of Texas, when enough moisture is in the soil, hubam and annual yellow blossom sweet clover are first rate crops, good for grazing, seed and soil im-

provement. Mr. Miller says that winter and spring grazing not only will help to save badly needed grain, but will also cut down on the cost of livestock production.

**SOIL CONSERVATION DISTRICT NEWS**

The Soil Conservation District assisted Conrad Williams, Lester Howard and Paul Bros. Ranch with cross sections on the terraces constructed on the various farms this year.

A topographic map was made on Childers' 40 acres joining the 120 acres formerly owned by T. L. Mounts.

The Soil Conservation District also assisted Sadler and Childress with litches and borders on 116 acres of improved pastures.

They also assisted Mr. Woodward with ditches for watering 50 acres of wheat.

**AN "ADOPTED" FAMILY**

College Station—There have been many stories of the adoption of destitute European families by Americans. But here is a story of the adoption of a Texas family by a Texas group.

When a tornado hit the little town of Higgins last spring, the destruction was equal to any "blitz." Assistance for the stricken town poured in from all over the country.

Members of the Rehm Home Demonstration Club in Hartley county knew that it would take time for family life to recover from the loss of home and property. So they decided to "adopt" a Higgins family. The ladies of the club met to-

gether last month and canned 100 quarts of corn and 30 quarts of green beans to be delivered to their adopted family, a concrete example of the project has been very popular with every one in the community, Norma Lee Lantz, county home demonstration agent, says, and other clubs in the county are adopting families, too.

**VACCINATE DOGS AGAINST RABIES, COX ADVISES**

Austin—Contrary to popular belief, rabies is more prevalent in winter than in the so-called "dog-days" of the hot summer months.

In a statement released this week by Dr. George W. Cox, State Health Officer, it was disclosed that of all animal brains submitted for examination by the State Laboratory in January, 1947, 33 per cent tested

positive for rabies, while in the mid-summer month of July, 25 per cent were positive.

"If all stray dogs were and all pets vaccinated, it would go far toward eradicating this justly feared, and producing fatal disease," Dr. Cox said.

**O. E. LUMSDEN McADOO SCHOOL SUPERINTENDENT**

Mr. and Mrs. O. E. Lumsden are moving to McAdoo, where he has accepted the position of superintendent of schools. Mrs. Lumsden will teach in the sixth grade.

The Lumsdens have been in Bailey County school work since 1939. They taught four years at Y. L., and the last two years have taught at Progress. A daughter, Doris, who is a senior this year, will remain here and graduate with her class at Muleshoe high school.

### At These Sale Yet Held Territory

The largest farm sales in this territory is scheduled for Tuesday, October 21, beginning at 10 o'clock in the morning. A list of items to be sold will be found on another page of this paper.

Mr. Matthiesen has sold his farm, but is not leaving the Muleshoe country. He will move to a small acreage he has bought near town.

The sale list includes 28 head of Milking Shorthorn and Holstein dairy cattle, cows, heifers, bulls and steers. Ninety three head of purebred Duroc-Jersey hogs will be offered.

The list also includes a big group of farm machinery, including tractor, mowers, etc., many miscellaneous items, household goods, and feed.

Col. W. D. Wanzor of Muleshoe will cry the sale and Hugh Freeman, the regular clerk, will be joined for this big sale by Pat R. Bobo. Lunch will be served at noon and there will be free coffee for everyone. Col. Wanzor said this will be the biggest sale he has ever conducted.

The Matthiesen place is reached from Muleshoe by driving 3 miles east on Plainview highway, then 3 north and 2 east; or from Y. L. school house by driving 2 miles east.

**LOCAL ODD FELLOWS AT GRAND LODGE ENCAMPMENT**  
A number of local Odd Fellows and auxiliary members attended the annual grand encampment of the I. O. O. F. Grand Lodge of Texas, held Sunday through Tuesday at Gainesville. Among them were: Dee Loran, H. L. McDaniel, Shorty Holmes, Arlie Thomas, Mr. and Mrs. Neil Rockey, Mrs. Royce Garth, Bill Maddox, Mrs. Sam Sims, Raymond Gage and Vernice Snyder.

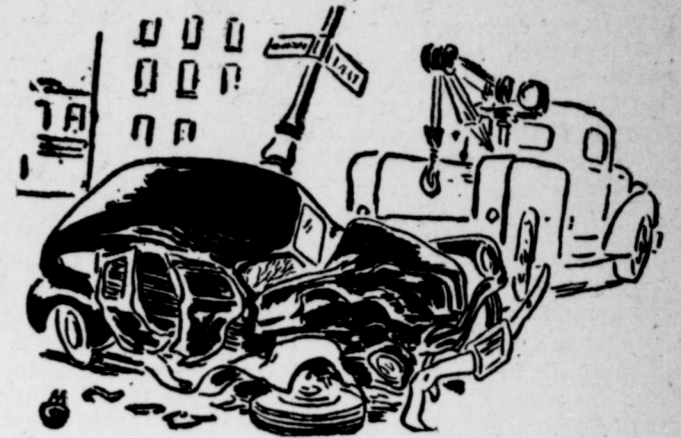

### SCHOOL DAYS By DWIG

### Glass Bricks, Chrome Modernize Bathroom

GLASS bricks, black and white tileboard and shiny chrome trimmings can help modernize rooms in even the oldest farm house, points out the Rural Home Editor of Capper's Farmer, one of the best known farm magazines.

Here a glass brick wall separates the bathroom from a small powder room adjoining. Plastic curtains repeat the green in the wallpaper.

Both bathroom and powder room were part of a remodeling job that

transformed an old-fashioned farm home into an up-to-the-minute residence, giving the family the most modern conveniences.

### Lengthening Skirts

If hem creases are a problem when you lengthen skirts this fall, try steam-pressing, advises the Rural Home editor of nationally circulated Capper's Farmer. Press lightweight wool on the wrong side; a thick wool on the right side, she tells the readers of the farm magazine reaching 1,300,000 families.

### Specialist Gives Suggestions On Meat Substitutes

Homemakers are as anxious as anyone else to help out in the government's food conservation program, but when it comes right down to planning menus for meatless days, the questions that are hard to answer are "What will take the place of meat? Will the family like it?"

Louise Mason, food preparation specialist of the Texas A. & M. College Extension Service, says that meatless Tuesdays may develop into more of a problem in the home than poultryless Thursdays, because most families plan two and sometimes three meals a day around

meat. Take the meat away and the gap that is left in the menu is mighty hard to fill.

Wholesome menus for meatless days are not impossible, however, and to prove her point, Miss Mason has several suggestions. Irish potato pancakes can be substituted at the breakfast table for the usual main dish... they are delicious with either honey or syrup, and take the place of toast, flour pancakes, or bacon- or ham-and-eggs. For a noon-day meal, there's macaroni ring with creamed salmon. The 8-oz. can of salmon will serve six, which is an important thing to remember in these days of high prices. For supper, few people can resist the sight of a fluffy, piping hot cheese omelet.

### WITCH OF THE WAVES

DAYTONA BEACH, FLA. — Gorgeous, blonde-haired Johnette Kirkpatrick, one of the world's ace women water skiers, poses for a camera "shot" on the beach near her home here. Her most recent conquest was in the recent eastern championship meet at Baltimore, Maryland.

### DAIRY TALES

The PRICELESS VITAMINS of pure milk such as MALONE'S are necessary to perfectly balanced diets.

### Cautious Credit Buying Is Urged By Retail Ass'n.

Cautious credit buying was urged today by L. S. Barron, Muleshoe Retail Merchants Ass'n., on the eve of the removal of government credit controls.

Barron said all government restrictions on credit in the purchase of durable goods would be lifted after Saturday (November 1), and that consumers would be free again to work out payment schedules with merchants.

"The lifting of controls should not be the signal for wild spending," Barron said. "Credit buying is a fine old American custom, but the use of this privilege to extremes always results in disaster."

"The merchants here and other sections of the State expect a big demand for credit beginning next week, especially with increasing stocks of merchandise fast becoming available and Christmas shopping in the not too distant future."

"However, it is to the benefit of the consumer, the merchant, the community and the state that sound judgment be used in buying on credit."

Barron said that any rules laid down for consumers to follow in credit buying must be flexible, but he set some general principles of sound family financing which he urged the public to study:

1. Buy only on credit what you can pay for in a reasonable length of time, and pay all bills on due date.

**PROUDEST BOY IN TEXAS** this week is Stuart Henderson of Hyman, Mitchell County, shown here with his Hereford steer which was judged Grand Champion of the Junior Livestock Show at the State Fair of Texas. More than 40,000 4-H Club boys and girls, Future Farmers and Future Homemakers were on hand for opening day events, biggest gathering of its kind ever held in the Southwest.

placed just above the drain board is handy to put the dishes away after they have drained.

Baking dishes, Mrs. Williamson says, cuts down on the amount of dirty utensils; in the containers, food can be cooked, served, and put away in the refrigerator without the use of other dishes. "This will probably shock most grandmothers," Mrs. Williamson says, "but there might be just one dish-washing period a day. Of course the supply of dishes, size of the kitchen, and the kind of draining surface used will determine this."

Mrs. Williamson believes that a great amount of fatigue from dish-washing is due to improper heights

of sinks. A sink too high makes it necessary for the housewife to stretch her muscles to the point of tiring and a sink placed too low, causes her to stoop. A wooden rack can be placed under the dishpan, if a sink is too low. If the sink is too high, a platform to stand upon should be handy.

date.

2. In buying on credit, remember it is to your interest to keep your family on a sound financial basis.

3. A high credit rating is a mark of good citizenship. Keep your credit rating unblemished and you and this community will prosper.

"We are certain the citizens of Muleshoe will cooperate," Barron said. "Every family knows the pitfalls of reckless spending on credit, and I feel sure our people will use good judgment in their use of deferred payments."

W. E. Young is on a deer hunt in Arizona with a group of several men.

#### DISHWASHING CAN BE A SIMPLE OPERATION

That ever-present task of washing dishes can be a simple, fast operation, according to Mrs. Laurette A. Williamson, county home demonstration agent of Bailey County. She offers a few short cuts along the line. She says that while dishes are drying, wipe the glasses and silverware that have been rinsed in hot water, preferably boiling. A spray attached to the faucet is an easy method of rinsing, or if a pan of boiling water is used, vegetable tongs can be used to take the dishes out to drain. A cupboard

**MENOMONIE, WIS.**—The art of personal letter writing will never be lost if young people away from home write to their parents once a day says Lydia Prok, above, as she invites everybody to take pen in hand and observe letter writing week. Beginning with this event in October and continuing through the holidays if every person wrote only 10 letters to friends and relatives, more than a billion and a half letters would be mailed. Lydia, visiting the Parker Pen Company ink plant in Menomonie sees the ink start to flow to meet the huge holiday demand, which will run into thousands of gallons.

**KITCHEN MEMO** BY JEAN CLARKE

Every housewife these days is constantly looking for low-cost meat dishes that are eye-appealing enough for the most jaded appetites. Here's plain old Hamburger which can be shaped to look like a steak. Mix well 1 lb. ground chuck beef, with 1/2 cup milk or water, 1 cup wholewheat cereal flakes, 1 tsp. salt, 1/4 tsp. pepper and 2 tbsp. minced onions. Put in a 10" metal pie plate shaping like a steak to about 1" thickness. Broil 8 to 12 mins. underneath medium high flame turning once with tongs. 5 servings.

A good way to save gas is to bake eggs under the broiler rack in bacon drippings while the bacon is broiling. Use medium flame.

If you find your broiler and oven being heavily spattered with grease try putting a shallow dish filled with ammonia in each compartment, close the doors and leave for a while. The ammonia fumes help loosen the grease making the final cleansing that much easier.

High prices today call for lower-cost use of cheaper meats. Frankfurters can be teamed with cold cuts. Try wrapping a piece of bologna around a frankfurter, fasten with a toothpick, brown under medium flame in your broiler.

mile south and 5 1-2 east of Friona. A list of stock offered will be found in this paper.

There are some cows, heifers, some steers, a good bull included in the sale. Besides cattle, the only other thing to be sold is a Poland China sow with a litter of three weeks old pigs.

Mr. Strickland long has been not-

### Walls Can Make Room Cozy or Cold

Wall board of several colors was used to turn unfinished attic into an attractive room for a child. Scalloped border was cut from the board.

WALLS can change the whole appearance of a room. As a background they play up or detract from the furnishings—make them look cozy or cold, writes Tharen Petersen in nationally-circulated Capper's Farmer.

"Choose colors, textures and patterns that will do the most for your home," she advises homemaker readers of the well known farm magazine.

"For a warm, cheery atmosphere, you'll like walls covered with wood. If you hanker for modern, plywood is a possibility. For bathrooms or kitchen walls, take a look at plastic-coated wall paneling.

"Composition wall boards, usually made of wood fiber, come in various

colors and sizes of panels. You can arrange them so the joints make vertical or horizontal lines, block or geometric designs. For a novel effect, use 2 colors together. Many of the wallboards insulate as well as decorate.

"For that clean, polished look in bathroom or kitchen, there's tile or tile-patterned board, in several colors.

"Wall linoleum is made with a tile pattern as well as in plain and variegated colors. Thinner than floor linoleum, it shapes to curved surfaces easily. It may be put on any sound, dry wall, around the tub and lavatory in the bathroom, and between the floor and wall cabinets in the kitchen."

hose at the school in 8 minutes, 27 seconds after receiving the fire alarm at the station.

Another team, composed of Dan Winn, Jr., Houston Hart, Pinky Barbour, J. M. Forbes, Roy Bayless, and Ira Robinson, established the three lines at the same place in 2 minutes and 38 seconds. Earl Ladd, in-

structor, and Bill Boothe, fire chief, said this was good time in anybody's fire department.

The contest that counts will come next meeting night, the second Monday night in November. The losers in the contest that night will buy the eats for the other side.

### WILDCATS PROVE TOO FOR WOLVERINES; SC

The Wolverines were cotton to the powerful Littlefield his crop, Friday night, October 19, producing of 49 to 12.

The game was broadcast on KVOW at Littlefield morning at 10:15.

Springlake journeys to Le. Mr. tonight to play the Levelland bos. They are expecting stiff competition, as Levelland, according to the dopsters, has one of the strongest teams in the district.

Please call in your news or comments in. Phone 54—The Journal.

### Mostly Static --

By BERRY

Howdy Folks: We wonder what the women do with all the time they used to spend shopping when everything was rationed. And without a ceiling, what do they hit when they see the present prices?

We mentioned this to one of the local produce dealers and he said not to worry about the women, they were still right in there pinching.

There's one thing sure; if you forget your change, now days, you don't lose nearly as much as you used to.

One of our customers says that a dime is a dollar with all the various taxes deducted.

Well, we shouldn't worry too much about money. Money doesn't always bring happiness. Of course it doesn't exactly scare happiness away, either.

Lots of folks are saving money by buying our

### Firemen Showed Speed To Burn

Speed to burn was displayed by two teams of the Muleshoe fire department Monday night in regular practice.

A seven man team composed of L. S. Barron, Skinny Winn, Julian Lenau, Woody Lambert, Lloyd Robinson, Homer Sanders, Jr., and Tye Young connected three lines of

ed for the quality of dairy animals he kept. This will be a dispersal sale, and should anyone need one or more good milk cows, this would be a fine opportunity to get them. Col. W. D. Wanzor will conduct the sale, which begins at 11 a.m. Lunch will be served at noon and there will be free coffee.

Mr. and Mrs. Joe Crowley of Amarillo were week end visitors with her parents, Mr. and Mrs. Will Harper.

### TWO COURSES FOR VETS

Registration was held last Monday night for two courses in electric and acetylene welding and radio repair which is being offered Lamb county veterans by the Lamb County Vocational School. The courses are open to all veterans of World War II. They will be conducted 12 1-2 hours each week, at night. Hand tools will be furnished and subsistence paid.

### BROADCAST BRINGS PICKERS

Several broadcasts over stations in San Antonio and Brady, sponsored by the Littlefield Chamber of Commerce, are responsible for an influx of Mexico laborers to the county. The broadcasts told of the cotton harvest conditions in Lamb county and emphasized the size of the crop ready to be harvested and the demand for harvest hands. Numerous laborers who arrived recently said that they heard the broadcasts.
